LORD LANSDOWNE ON THE QUESTION

RECENT TRAGEDY OF MIDDLETON ISLAND Victoria, B. C., Aug. 26.—Because no wreck had occurred in the vicinity for years the British government ceased some time ago to have supplies for shipwrecked mariners at desolate Middleton Island, in the South Sea. Because such supplies were not there, as they had been led by the sailing directions to expect, the crew of the Norwegian bark Errol, formerly the Carlsbrooke Castle, experienced all the agonies of starvation during two weeks in which they had no morsel of food or drop of water. Several went insane; others, including Capt. Anderson, perished in their endeavors to make and float a seaworthy raft. Mrs. Anderson, the master's wife, sacrificed her four children and committed suicide when, after the death of the husband and father, she heard the sea-men discussing recourse to cannibalism.

Brought in by Lifer. The story of the marooning of the Errol's crew and their subsequent experiences was brought in by the Australian liner Makura yesterday. The survivors of the hapless crew had reached Sydney shortly before the sailing of the Canadian-Australian steamer. They had been rescued by the steamer Tofa after two weeks of torment on the reef, following June 18. None were in fit shape to give a clear account of their sufferings and two, if they live will remain mentally unbalanced. Patrick Palmer, able seaman, who joined the vessel before she started from Coquimbou on her ill fated voyage to Newcastle, had the best recollection of the fourteen days on the reef.

Last of Twenty-Two. "We were the last of the twenty-two," he said, "including the captain's wife and their four children. Five of us got away from the wreck on a raft. We went all over the reef in search of water, but found none, and one died on the reef. We had difficulty in building the raft and the captain and second mate both got drowned assisting. "The captain's wife stood within a few feet of him watching him drown. As she stood there wringing her hands she had her four kids, from the baby a year old to the eight-year-old girl, standing beside her. "We thought we would be able to find water on the reef, but the sailing directions lie. They say there was water there, water in a beaker in a lifeboat, and food, and there was no food. There was no food, I tell you; no food and no lifeboat. They lied, and we had no chance.

The Bloody Wars in This Age of Peace. The first is, that this is an age of peace; we must avoid militarism; war is hell. And when you have said that they expect you to just cover back WHO TOLD THEM THAT THIS IS AN AGE OF PEACE OF WAR? The first is, that this is an age of peace; we must avoid militarism; war is hell. And when you have said that they expect you to just cover back WHO TOLD THEM THAT THIS IS AN AGE OF PEACE OF WAR? The first is, that this is an age of peace; we must avoid militarism; war is hell. And when you have said that they expect you to just cover back WHO TOLD THEM THAT THIS IS AN AGE OF PEACE OF WAR?

The Nation That is Not Armed Loses Identity. War is hell. Yes, but if both nations are armed, both get a taste of it. The nation that is not armed gets it all the same, and loses its identity as well. Then they tell you this is a peace, some say deliberately planned in order to get Canada and the other colonies to contribute to the defence of the British Empire. This is absurd, yet wise men tell you that Mr. Asquith, Lord Grey, Lord Rosebery and Mr. Balfour, four of the sanest statesmen of today—maybe as able and sane statesmen as Great Britain has ever produced—have uttered the words that caused the scare. The Words of Lord Grey. May I read to you one short statement made by Sir Edward Grey on the twenty-ninth of March this year in the House of Commons: "The new situation is created by the German programme. When this is respected, Germany, a great country close to our shores, will have twenty-three Dread-

STOCK MARKET THE MONTREAL STOCK MARKET WAS STORM SWEEPED AGAIN

(By Associated Press.) New York, Aug. 26.—Another period of stress and storm was experienced by the stock market today. On very heavy liquidation prices reacted from 3 to over 7 1/2 points, the greatest losses being again made by the Harriman stocks and their affiliated issues.

The history of the day may be summarized in a series of declines which seemed to spend its energy at the strongest signs of another bear attack. Frequent attempts were made to force Union Pacific below 200 but they were unavailing to almost the end of the day.

The result of the list was in more or less disorder. General news of the day starting upon the stock market was distinctly favorable. Crop news was encouraging. There were further indications of a plethora of money in the west and southwest.

2.20 Pace Goes Over Until Today After Four Heats Had been Fought Out Yesterday Without a Winner--Collision in 2.26 Trot Smashes Sulkies and Throws Drivers to Ground.

Bangor, Aug. 26.—Two events were concluded and one left unfinished after four fighting heats on the Maplewood track today. Eight thousand people saw the races, and the 2.20 pace kept them at a high pitch of excitement. Thirteen horses started in this event, and at dark none of them had succeeded in getting more than one heat, the four paced being divided between Ouida, H. A. D., Alberta G., and Nancy S. Ouida slipped and fell shortly after passing under the wire a winner in the first heat and after that was unable to do anything. Rain fell for half an hour early in the afternoon, making the track slow and slippery.

In the 2.26 trot Attorney at Law and Miss Fannie Delmar collided on the back stretch, smashing both sulkies and throwing the drivers. Wilkes Sherwood won on his merits. The green horse race was a procession. Friday's card will consist of the unfinished 2.20 pace, the 2.40 pace combination, 2.16 trot and 2.18 pace and consolation race.

**WILL ESTABLISH HOME FOR GIRLS AT NAUWIGEWAWK**

**Mrs. Eleanor Close Leaves For England To Make Arrangements—Government Officials Visited Yesterday.**

On invitation of Mrs. Close, who established the Eleanor Home Farm at Nauwigewawk, Mr. W. W. Hubbard, Provincial Secretary of Agriculture, and Mr. A. B. Wilnot, superintendent of immigration, paid a visit to the home yesterday.

Conversing with a Standard reporter last evening Mr. Wilnot said that they had been well pleased with the work which was being done, and thought that a great deal of good was being accomplished.

The Eleanor Home Farm was established four years ago by Mrs. Close, with capital obtained from the British Government. Boys between the ages of seven and twelve are received and the idea is to give them greater advantages than they would otherwise have in the old country.

The home is governed by a local advisory board, and is in charge of two ladies, one of whom is a trained nurse. The farming arrangements are in charge of a competent farmer. The boys all attend the district school and when at the Home are taught to make themselves generally useful. There are at present fourteen boys in the Home and Mr. Wilnot says they show every sign of becoming useful and desirable citizens.

Since the home for boys has proved such a success, Mrs. Close proposes to establish another one for girls. The property on which the present home is situated consists of 150 acres, and it is her intention also to establish the new home there. Mrs. Close has been in Canada for the past two weeks, and left yesterday for England, where she will endeavor to raise money for the scheme.
