GREAT BLOCK DESTROYED BY SINN FEINERS

Nearly One Hundred Cans of Oil Were Used in Starting Dublin Fire.

CRIME WAS WELL PLANNED IN ADVANCE

Sixty Men in Party That Burned Famous Old Customs Building.

Dublin, May 25.—The destruction of the Dublin customs house constitutes the most serious damage since the rebellion. The building of which nothing remains but the shell was erected during the Irish parliament and was one of the most beautiful in Ireland. It had little to do with the customs, but housed many of the chief administration departments, and its destruction is more disabling to the ordinary machinery of the government than if Dublin Castle had been burned.

The local government board whose function it is to control all Irish representative bodies, has its offices in the building. This board has been in constant conflict with various bodies repudiating allegiance to it, and abjuring themselves with the Daily Express and its records now are completely destroyed.

All registrations and lists of shareholders of public companies were kept in the building, which was also occupied by the stamp office and the treasury office, in addition to being the central headquarters of the inland revenue department.

Shortly before two o'clock in the morning numerous young men, heavily armed, entered the customs house and held up the staff by armed men in the vestibule under guard. Two dozen petrol bombs, each containing four tins of petrol and four bales of cotton waste, were passed into the building.

The incendiary was said to have numbered about sixty, some of them carrying two revolvers each. Three policemen came into see what was happening; they were promptly seized, deprived of their weapons and placed with the other prisoners. Petrol was poured over the most important documents and the building was set on fire in a number of places.

The fire brigade was prevented from reaching the scene by armed bands. Auxiliaries soon arrived in military lorries and the raiders fired on them from the building and eventually made a sortie. A regular battle ensued.

Reinforcements of crown forces kept arriving and, under their protection the fire brigade got to work, but their task was hopeless. Troops poured into the district; Lewis guns and machine guns from the building and levelled on the building and every effort was made to hem in and capture the incendiaries. By four o'clock about fifty men had been arrested and carried away in military lorries.

Early estimates of the casualties fixed the number of civilians at five and one auxiliary killed and many wounded. Auxiliaries rescued the employees from the building, including several women and escorted them outside the military cordon. At six o'clock this evening the customs house was still burning.

Three tenders carrying auxiliary cadets and accompanied by an armored car approached the Dublin custom house shortly after one o'clock this morning. As they approached the building a number of bombs were thrown at the tenders from the railway bridge, while revolver fire was opened on them from the windows of the custom house, which was occupied by a large force of Sinn Feiners.

The cadets dismounted under heavy fire and surrounded the custom house which was to be burning. Fire from the auxiliaries and the machine guns on the armored cars was poured into windows of the custom house from which the rebels replied vigorously and a series of desperate conflicts followed between the crown forces and seven or eight parties of rebels who rushed from different doors of the building, making dashes for liberty and firing as they ran. The first party to emerge consisted of three men, one of whom was killed and the other two wounded.

By this time smoke and flames were pouring from the building and the official staff, including many women, who had been held prisoners by the rebels came flocking out with hands above their heads, waving white handkerchiefs. While the staff was making its exit, the rebels made a last sortie, this party consisting of seven men, only one of whom escaped, the rest being killed or wounded.

Some of the auxiliaries then stormed the burning building, where many were wounded and about 111 captured.

BEAUVAIS OFFERED \$25,000 IN MOVIES

Montreal, May 25.—Fred Beauvais, cited as co-respondent by James Stillman, New York financier, in his divorce proceedings against his wife, today announced that he had been offered \$25,000 for a two weeks' engagement in vaudeville and moving pictures at a United States theatrical concern. Mr. Beauvais stated that he had refused the offer.

VESSEL OWNERS STANDING FIRM FOR WAGE CUTS

Willing to Grant Minor Concessions as to Conditions of Work.

NO MORE SIGNED AGREEMENTS MADE

"Olympic" Has No Trouble in Securing a Crew for Ocean Trip.

New York, May 25.—The wage and working rules committee of the United States Steamship Owners' Association today modified certain regulations relating to duty aboard ships which had been laid down by the operators in their negotiations with striking marine unions.

These modifications, according to Winthrop L. Marvin, general manager of the association, were made in accordance with suggestions advanced by federal mediators seeking to end the nation-wide strike.

Mr. Marvin asserted, however, that the association stood firm in its determination to cut wages 15 per cent and not to sign any more agreements with seagoing unions. The modifications will be presented to secretary of labor Davis at another conference in Washington Friday.

Owners and union leaders agreed that there was no change in the strike situation tonight, and that it was a fight to the finish.

ROME IS SILENT ON UNION ISSUE

Bishop of Niagara Declares There Can be No Union on Submission Basis.

Hamilton, Ont., May 25.—One of the most important features of the opening of the Niagara Synod today was that dealing with church union. He said that the appeal sent forth by the Lambeth conference for re-union must be dealt with by the various churches to who it was addressed. A committee appointed by the federal council of the Evangelical Free Church of England and the National Free Church of Scotland to consider the pronouncement has issued advanced proofs of its report from which the Bishop quoted the free churchmen's sympathy with the lofty conception of union.

The Church of Rome, approached on the subject, has not yet spoken. Bishop Clark said, but a leading Roman Catholic review had published a striking article declaring that it would be sinful to ignore the unique gathering at which such important matters had been discussed. Regarding the attitude of the Church of Rome Bishop Clark said:

"So long as the Church of Rome insists that union can only come through submission, so long will the road to unity in that direction be barred. Rome condemns our orders. The subject of Anglican orders has been as jealously scrutinized in England as they have been in Rome and with much more knowledge of the facts. Authorities of Rome have taught ludicrous fables about English orders."

Some of the rebels surrendered. Some of the rebels were held up at the fire station by rebels, so that the fire engines did not arrive until two o'clock. At the conclusion of the fire dead and wounded rebels lay about on all sides of the building while the ground was strewn with broken glass and empty cartridge cases.

Four auxiliaries were wounded, seven civilians were killed, eleven seven wounded and about 111 captured.

MEIGHEN HAS 97 MAJORITY ON DIVISION

By Vote of 130 to 33 Oleomargarine Amendment is Defeated.

IMPORTATION WILL BE INDEFINITE

S. W. Jacobs, Jewish M. P., Willing to Risk His Soul on Oleo.

Ottawa, May 25.—The House discussed oleomargarine today from the afternoon till late in the evening, and the debate drifted on and on, in hope of prorogation this week slipping gradually away. The debate at times was keen and cut straight through party lines. A motion to give it six months' hold was defeated by 130 to 33. Since 1917 oleomargarine was first admitted its importation and manufacture have been permitted from year to year. Today's bill, as introduced by Dr. Toombs, minister of agriculture, proposed to continue importation and manufacture indefinitely.

Dr. Toombs, in the House, Dr. Toombs early in the debate intimated his willingness to make the bill applicable again for one year only.

Hon. W. S. Fielding was sorry that the minister had changed front. It was merely putting off the day of decision. If any industry could stand on its own feet it was the dairy industry. Present difficulties were merely temporary. The real question was whether margarine was a legitimate article of commerce, and it was generally admitted to be so. In that case, why should its manufacture be interfered with at all? The question before the House was not whether there should be a duty imposed upon margarine. He would not discuss that question at present, except to say that there was as much reason for putting a duty upon margarine as upon butter. The point had been raised, and it was a duty imposed upon margarine. Present difficulties were merely temporary. Willing to Risk Soul.

S. W. Jacobs, of George Eliens Center, who is the only member of Jewish faith in the House, created a sensation yesterday by his reference to the constituents of oleomargarine. He cited as one of them, "I should be the only person in the House," he said, "to be so bold as to put my soul in jeopardy by eating oleomargarine, what business is it of any other person in Canada?" J. J. Denis, of Joliette, eventually moved the six months' hold.

INSANE PATIENT KILLED DOCTOR

Called to Bedside of Murderer Physician Was Shot Through the Head.

Togus, Me., May 25.—Dr. Melamed Ovidin, senior assistant surgeon at the National Soldiers' Home here, was shot and instantly killed by an insane patient in the insane ward.

Williams, who has a wooden leg, escaped from the ward recently, but was returned to the hospital. He was called to Williams' bed this afternoon when he drew a revolver, believed to have been concealed in the leg, and shot the surgeon through the temple.

China And Japan To Form Alliance

German Professor States They Are Uniting Against "Anglo-Saxon Danger."

Berlin, May 25.—Dr. Theodore Sternberg, a university professor in Tokio, Japan, writes in the Berliner Tageblatt, makes the surprising statement that China and Japan are about to enter an alliance against the Anglo-Saxon danger, as a result of the Chentao dispute.

Some time ago, So Professor Sternberg explains, Japanese troops entered and occupied the Chentao district, situated near the Korean border, ostensibly to restore order, but territory having been the scene of outlandish and many encounters between Chinese troops and bands of robbers. The Japanese commander got himself generally disliked, especially by Europeans and Americans residing there, and one day he accused a Chinese and English missionaries of being at the bottom of the whole trouble. The latter appealed to their governments' representatives.

DUBLIN CUSTOM HOUSE BURNED AFTER BATTLE

Magnificent Structure is Set Afire by Band of Irish Raiders.

BLOCK ATTEMPTS TO SAVE BUILDING Expected That Whole Building Will be a Total Loss from Blaze.

Dublin, May 25.—The Dublin custom house was set on fire by a large band of Sinn Feiners at 1.40 o'clock this afternoon, says a statement issued from Dublin Castle at 3 p.m.

By the time the first brigade attack had started they had taken such a fine hold that it was doubtful if much of the building could be saved, the statement adds.

A Great Structure
"The custom house, recognized as one of the finest public buildings in the United Kingdom, was set afire by a large party of Sinn Feiners with petrol at 1.40 o'clock today. The fire started in the roof and spread rapidly to reach the building were fired on. A fight followed, the details of which will be made public later.

Some Are Wounded
It is doubtful whether much of the building can be saved. It is said that four auxiliary policemen were wounded and seven Sinn Feiners killed and eleven wounded and six taken prisoners. The custom house was still burning late this afternoon.

BRANDED AS A SLACKER, SUES GOVERNMENT

George Kamminsky of Binghamton Will Make Test and Seek to Clear His Name.

CLAIMS HE NEVER WAS CALLED UP

His Case With Others to Come Before the Federal Grand Jury.

Binghamton, May 25.—George Kamminsky of Union has retained an attorney to begin a damage suit against the United States Government for putting his name on the slacker list which has now been published all over the country.

Kamminsky's lawyer said today that so far as he had been able to learn this is the first suit of the kind that has been started, and that Kamminsky will insist that his name be cleared and that he be given damages.

Never Asked To Register.
According to Kamminsky, he is 21 years old, the father of four children and never was called upon to register. He also said he was not brought in touch with the army or naval service in such a way that would warrant his name being placed on the slacker list. It also is alleged by Kamminsky's attorney that his case, together with others, was scheduled for consideration by the Federal Grand Jury next month, when warrants will be issued for all those whose names appear on the slacker lists for this section.

Kamminsky's attorney declares that he will make a test case to determine what compensation can be obtained by a person whose name is wrongfully listed as that of a slacker.

REBEL TO GET BRITISH RULE

Jerusalem, May 25.—The inhabitants of Trans-Jordan are reported to have risen in revolt against their newly-appointed ruler Prince Zeid, third son of the King of the Hedjaz, and to have defeated the prince's forces in a pitched battle, killing 180 of his men. BROKE FROM DEATH CELL AND ESCAPES

Prisoner to Hang at Woodstock, Ont., Makes Sensational Getaway.

BEATS UP PARSON WHO VISITS HIM

Death Watch Attacked, Keys Taken and Then Locked in Cell.

Woodstock, Ont., May 25.—Norman Garfield, sentenced to be hanged on June 2, for the murder on January 20 of Ben Johnson, restaurant and shopkeeper of this place, made his escape from jail at 3.35 this afternoon, and up to a late hour had not been recaptured. Garfield seized an opportunity when Guard Ball had unlocked his cell door and was rushing to the cell door totally unsuspecting of an attack. The prisoner grappled with the guard, threw him onto a table, seized his keys and locked him into the cell.

Beat Up Preacher
Garfield then ran down the corridor, descended the stairs, and after a short tussle with Rev. Mr. Gaetz, who was just leaving the jail after having paid him a visit, unlocked the main door and made his getaway. Mr. Gaetz is supposed to have been the only person to see him make his escape, although the jail cook, a trusty, heard the commotion in the corridor and rushed to investigate, but Garfield was by that time out of sight.

Crime Committed
Norman Garfield and his brother, Denton, were arrested in London, Ont., on January 21, on a charge of highway robbery. On the night before Ben Johnson had been murdered in his store by two bandits when he interfered with their attempt to rob him, and circumstances implicated the Garfields in this crime. On February 15 they were sent up for trial on this charge, and were tried on March 9 and 10. Norman was found guilty of murder and Denton of manslaughter. Denton was sentenced to twenty years in Kingston, and is now serving this term, and Norman was sentenced to be hanged on June 2.

WANT WAGE CUT TO TAKE IN ALL

Station Men Think it Should Include Everyone from President Down.

Montreal, May 25.—A meeting of the Brotherhood of Railroad Stationmen and Employees Alliance closed here this afternoon after a two days' session and resulted in a thorough thrashing out of the situation as it exists presently in relation to the attitude to be taken by their organization in their conference with the Grand Trunk Railway consequent on the lapse of the working agreement as to rates of pay now obtaining. This conference is scheduled to take place some time in June. The exact terms of the plan to be followed were not disclosed but it was stated that the idea prevailed among the majority of the members that, if a wage cut has to be met, it should be effective from the highest official of the road downward.

ADVANCE POLLS IN BY-ELECTION ARE OPEN NOW

Few Are Applying, However, for Certificates to Vote Before Saturday.

TWENTY-TWO THOUSAND TO HAVE THE BALLOT

Five Thousand Voters Alone in the City of Fredericton.

Special to The Standard. Fredericton, N. B., May 25.—Advance polls for election opened this evening in the five different districts in York-Sunbury named by the electoral officer for the holding of the poll.

Who Can Vote. The only ones entitled to vote at these polls are railway employees, commercial travellers and sailors. Any one of these classes whose name appears on the voters' list can get a certificate from the revising officer in the urban districts or from the registrar in rural districts and on presenting the certificate to the Deputy Returning Officer at the advance poll, is allowed to vote. On Saturday evening at 6 o'clock the officers at these polls attend and open the ballot boxes and count the votes.

Deputy Returning Officers. The poll for Fredericton is held at the Board of Trade rooms and R. Hubbard Simonds has been appointed as the Deputy Returning Officer. The Deputy Returning Officers selected for the other stations are: Devon, Cecil E. Lewis; McAdam, Percy Cleland; McGivney, Eldon Astles and Napadogan, Fred Bartlett.

Some of the Polls. The largest polling district in Sunbury is that of Gladstone with 560 qualified voters on the list while Barton, Lincoln, Sheffield, Northfield and Blissett have about 400 each. Geary 300 and Manserville, which seems to be the smallest poll in Sunbury, about 260.

There will be seventeen polls for Fredericton nine at or near the City Hall and eight at the Court House. At Devon there will be four polls and at Marysville, McAdam and Canterbury three each. On account of the large number of eligible voters two polls have to be established at the following places: Kingsclear, Harvey, Nashwaakias, Bart's Corner, McKeen's Corner, Southampton, Brent, Pindler, Stanley and Parker's Ridge, Cross Creek, Burton, Lincoln, Sheffield, Northfield, Blissett and Gladstone.

Atopother, including the advance polls which opened tonight there are 97 polling divisions in the electoral district 83 in York County and 14 in Sunbury.

Daughters of Canada Have National Policy

Dominion to Have Sovereign Right of Decision in Peace and War.

Toronto, May 25.—In view of the approaching imperial conference the Ontario branch of the Daughters of Canada, have signed to reaffirm the present status of Canadian autonomy as sister nation enjoying within the British Empire complete self-government. Copies of the resolution are being sent to the Prime Minister, Mr. Meighen, to the other overseas premiers, including Mr. Hughes of Australia, Mr. Smuts of South Africa and Mr. Massey of New Zealand, to Mr. Lloyd George. The Daughters of Canada place themselves on record as follows: That the government should be appointed upon the advice of Canadian ministers responsive to the Parliament and the people of Canada. That the final court of appeal in all legal cases shall be the Supreme Court of Canada. That Canada shall formulate her own foreign policy and that the Canadian Ambassador at Washington shall have full power to deal directly with the United States, unqualified by the imperialist doctrine of the diplomatic unity of the Empire and that Canada shall not be involved in the secret diplomacies of European countries and that adequate steps be taken to secure for the Canadian people the sovereign right of decision in all matters affecting the great issues of peace and war.

Aroostook Children In Patriotic Concert

Splendid Entertainment Given by Pupils of the School on Empire Day.

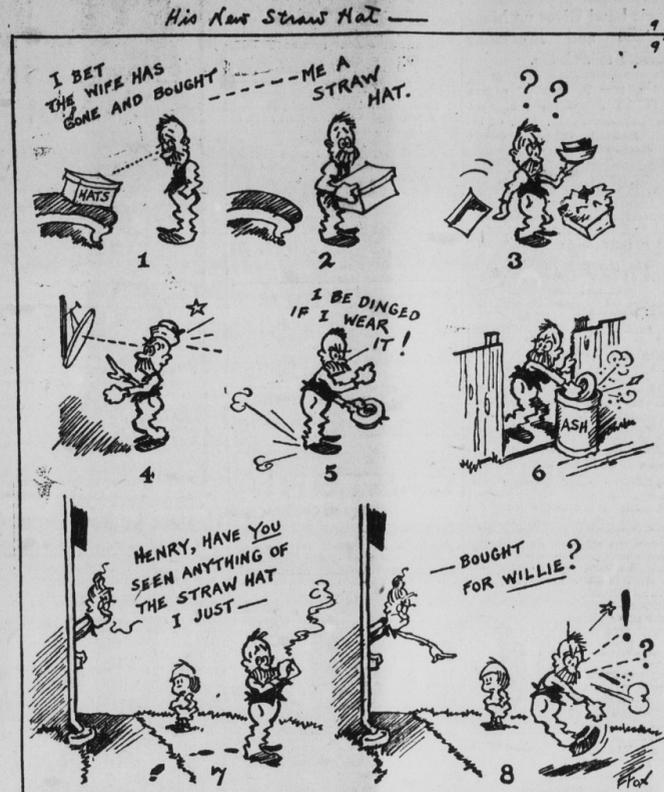

Special to The Standard. Aroostook Junction, May 25.—An entertainment in honor of Empire Day was given on May 23rd by the children of Aroostook school in the large hall and was an unqualified success, the flag drills and choruses given with clearness and precision, and of great interest to the teachers, the Misses F. W. DeLong and McCrea, who spared no efforts to make the celebration a success. A special feature was a recitation, "The Sea Is His," by Winthrop Hawkins, whose father, Lieut. K. B. Hawkins, made the great sacrifice in Flanders.

OBITUARY

J. Henry Perkins. The friends of J. Henry Perkins will learn with regret of his death which occurred Wednesday afternoon at the home for incurables, after a lingering illness. Mr. Perkins, who was a son of the late James and Caroline Perkins, was of Loyalist descent and was born in Springfield, Kings County, of which place he was for many years a highly respected resident. Later in life he spent some years in Brockton, Mass., and Somersworth, N. H., returning to New Brunswick when his health failed. He was survived by one sister, Mrs. George MacAlpine, Gagetown, with whom he resided previous to his coming to St. John. The late Mrs. Wm. Drake was also a sister. Mr. Wm. S. Perkins, of Ottawa, and Mr. Lee Perkins, of Boston, are brothers. Funeral services at the Home for Incurables will be held today, Thursday, 7 p. m. The interment will take place at Kingston, Kings county, tomorrow morning.

Mrs. Annie R. Berdan. J. E. Tighe was in receipt of a telegram yesterday announcing the death in New York of his sister, Mrs. Chas. Berdan, daughter of Mary E. and the late Patrick F. Tighe, at the age of 29 years. Mr. Tighe had only returned Tuesday from a visit by New York when he was summoned by the illness of his sister. Her sister, Miss Katherine, of this city, was with her at the end. The deceased lady is survived by her husband, two children, son, Francis, and a daughter, Mary, mother of two brothers, James B., of this city, and John F., of Boston; and two sisters, Mary and Katherine, of this city. The interment will take place at New York.

Woman's Work. "And how is your husband keeping?" "E ain't keeping; 'e's on strike, and I'm doing the keeping."

Inspector Visits River Fisheries

Fredericton, N. B., May 25.—Fishery Inspector H. E. Harrison returned last evening after inspection of the lower waters of the St. John. He visited Grand Lake, Washademoak, Belle Isle and Kennebecasis, Salmon River and smaller branch streams. This is the first season for three years in which had fishing has been allowed. As yet it is impossible to ascertain whether the number of fish has increased. Mr. Harrison reports that on the lower part of the main river the catch has not been very heavy. That includes the Kennebecasis and Belleisle. On the Washademoak the catch has been fair, while on the St. John in the vicinity of Gagetown very good results are reported.

HILLSBORO EMPIRE DAY.

Hillsboro, May 25.—Empire Day was being observed in the schools here. At the Surrey School an interesting programme was carried out, and at the close addresses were given by Rev. G. W. Tilley, Rev. A. Harwood and Mr. Wm. Blake. A good attendance of visitors were present. Following is the programme: Chorus—"May Forever," Recitation—"Country of Mine," Harold Blake. Song—"Number of girls." Excerpts—"In Flanders Fields" and "Canada's Answer," by Willis Milton and Willie Lewis. Song—"O Canada." Recitation—"Willie Lewis." Chorus—"Britannia the Pride of the Ocean." Dialogue—"The Making of Our Flag," number of girls and boys. Salutation of the Flag—School.

Two Barns Burned In Electrical Storm

Upper Gagetown is Swept by Series of Big Storms—Mrs. Robert Gill Dies.

Gagetown, N. B., May 25.—The official thunderstorm season opened auspiciously on Saturday with three storms in the evening, and two separate storms again on Sunday afternoon evening. While very heavy at times, the storms fortunately caused no loss of life, and very little damage of any consequence is reported with the exception of two barns owned by Thomas P. Burpee, of Upper Gagetown, situated on the river opposite Upper Gagetown, one of which was burned to the ground and the other partly destroyed. The loss occurred during the storm on Sunday evening.

Mrs. Robert Gillilland Dies. Much sympathy is felt for Robert Gillilland, in the death of his wife, which occurred at the home of his son, Frederick R. Gillilland, where Mr. and Mrs. Gillilland had been visiting. Mrs. Gillilland had been ill only a short time. Previous to her marriage, she was Miss Sarah Jane Howard, and was a native of Gagetown. The funeral took place from the home of her step-son, Frederick R. Gillilland, to St. John's Church, and was conducted by the pastor, Rev. H. T. Buckland, interment being made in the old part of St. John's Churchyard. Besides her husband, Mrs. Gillilland is survived by one daughter, Mrs. Frank Montfort, and two brothers, Willard and Edward Howard, of St. John.

Address on Banking. Mrs. H. B. Bridges, president of the Gagetown Women's Institute, and Miss Molly Oty, secretary-treasurer, went to Upper Gagetown to attend the fortnightly meeting of the Upper Gagetown Institute, which took place at the home of Mrs. Merrithew. Following tea, Miss Oty gave an address on banking, relating a little of the history of banks, and particularly of the Canadian branch bank system and its place in the national life. Three greatly enjoyed vocal solos were given by Mrs. Bertley Thompson and Mrs. H. Ashley Eastbrooks.

HONOR 70TH BIRTHDAY.

Oak Point, N. B., May 25.—About forty-five friends of Mrs. Eliza Paisley gathered at her home as a surprise to her, to participate with her in her seventieth birthday. The evening was spent in games, instrumental and vocal music, after which Mr. William Hamilton, of Oak Point, was called upon to give an address to Mrs. Paisley; he also made her a presentation of a beautiful hand-worked autograph quilt, which was known as the missionary quilt and made by the society of which Mrs. Paisley was a member. She was also the recipient of many other presents, which were indications of her esteem in the community. Lunch was then served.

A Sure Thing. Caller—"Victors, don't you think, always provide pleasure?" Hostess (brightening)—"Yes—if not when they come, at least when they go."

Gagetown Ladies Help Memorial

Nearly \$2,000 Ready to Assist in Erecting a War Tribute.

Gagetown, May 25.—His Honor, Mr. Justice Crockett, was here from Fredericton on Tuesday for the May sitting of the Supreme Court, Queen's Bench, in the County Court House. His Honor opened court, and no civil or criminal cases for trial by jury were brought forward by the clerk of the court, F. M. O'Neill, the court proceedings were quickly disposed of. George Appleby of Upper Hamstead, who has been detained in the Queen's County Jail for over two months, on the charge of obtaining money under false pretences, and who elected at his preliminary trial, in March, to be tried by the Speedy Trials Act before Judge Wilson, was this week released from custody. The girls of the Mission Band of the Methodist Church met last Tuesday evening at the home of their leader, Mrs. Thomas B. Williams for their last meeting of the year. An enjoyable evening was spent, the girls dressing to represent the various mission fields in which they have been working. The president, Miss Theodora Bradley of Barton, will not return next year, having nearly completed her studies at the Gagetown Grammar School. At the close of the evening, Mrs. Williams served refreshments.

Women's Institute.

The Women's Institute met at the home of the president, Mrs. H. B. Bridges, when an interesting feature of the evening was the report given by Mrs. Bridges on the meeting of the advisory board of the N. B. Women's Institutes, which met in Fredericton last month. Mrs. Bridges is one of the four N. B. women who are members of the board, and her splendid report was heard with much interest. Mrs. Bridges is also the secretary of the N. B. Women's Institutes, and since the Gagetown Institute had begun working for the Memorial Hall, they had raised \$1,824.45 of which \$624.45 had been spent in purchasing the old Grammar School buildings, and grounds; and the balance, less expenses, remained on hand, awaiting the disposal of the citizens of Gagetown, when they begin work on the Memorial Hall. The members decided to hold the annual fair during the month of September. The sum of \$5 was voted to the Dominion Expense Fund. After the business of the meeting, the members spent some time over their fancy work, and before leaving for home enjoyed ice cream and cake served by Mrs. Bridges.

Negro Chicken Chief Handy With Razor

New York, May 25.—A commotion among the chickens in the back yard of 452 Harrington street, Passaic, N. J., at 2 o'clock yesterday morning aroused Charles Cabanero, who lives with his two brothers, Anthony and Rocco. Charles called his brothers and the three went back to investigate. They found a negro in a chicken coop leisurely taking his pick. The negro pulled a razor and started slashing. The chicken chief won with ease. He sped away before the police and the neighbors could catch him. Charles suffered cuts on the left ear, the right side of the face and the temples. Anthony's left hand had a big gash and his fingers were almost severed. Rocco's head and right arm were cut. The brothers were taken to the Passaic General Hospital.

Boy Shoots Two Men Found With Mother

Webster, Mass., May 25.—George, 19 years old, became so enraged when he entered his home here today and found two men with his mother that he shot them both, according to the story the police said he had told them. He was arrested on a charge of attempted murder. According to the alleged confession of one of the two men, August Latour and Joseph Valentine, was in a room with Mrs. W. when the youth came home. The other man, he said, was in the kitchen. Mrs. W. drew a 22-calibre automatic pistol from her pocket and fired three shots, two of which struck Latour in the breast, the other penetrating Valentine's abdomen. Valentine's condition was said to be serious. Was father committed suicide about two months ago.

CREW REACHES HERE.

Newport, R. I., May 25.—Captain F. F. Reardon and his crew of two men, of the auxiliary fishing sloop John Finn Huddle were at the Newport hospital last night, suffering from exposure, after 44 hours in the dory to which they had taken when their vessel was caught by a heavy gale. All are safe, caught fire of Great Round Shoal, from Boston.

HOME DESTROYED BY FIRE.

Campbellton, N. B., May 25.—A house owned by James McMillan and occupied by E. W. Coull was destroyed by fire Thursday morning at an early hour. There was delay in summoning the firemen, a call being telephoned for the fire truck instead of an alarm being sounded. Mr. and Mrs. Coull, who were alone at the time, had a narrow escape, being forced to climb out of a window to avoid the flames and smoke.

Tries To Prevent Irish Convention

Halifax Leaders Ask Attorney General to Prohibit Irish Self-Determination Rally.

Halifax, N. S., May 25.—A delegation representative among other organizations of the British Empire Alliance, the Imperial Order of the Daughters of the Empire and headed by the Archbishop of Nova Scotia, visited upon the attorney-general of Nova Scotia, O. T. Daniels, this morning and urged that steps be taken to prevent the holding of the proposed provincial convention of the Self-Determination League of Canada, and conference of the maritime province branches in this city this summer, on the ground that such convention would be inimical to public order and the happy relationships which had hitherto existed in Nova Scotia in religious matters. The attorney general expressed his sympathy with the views of the delegation but held that he was powerless to prevent the holding of the convention. Subsequently the delegation proceeded to city hall, where arrangements were made for a further discussion of the matter with Mayor John S. Parker.

6th C. M. R. Vets Hold Reunion

Unit Had Splendid Record in Long List of Battles in France.

Amherst, N. S., May 25.—Fifty veterans of the 6th Canadian Mounted Rifles, including Col. "Bob" Ryan, the original officer in command, gathered at Amherst yesterday in the first reunion of the regiment since the war. The 6th C. M. R.'s were mobilized at Amherst in March, 1915, and subsequently proceeded to Valcartier where they were brigaded with the 4th and 5th C. M. R's. The unit was on active service in France in less than six months after mobilization. The C. M. R. brigade was re-organized on an infantry basis after two months in the Mesines area, and during the rest of the war did gallant service with the 3rd Canadian Division. The reunited units were given a hearty welcome back to Amherst, and were extended the freedom of the town by the mayor. In the evening a successful reunion and smoker was held. It is the intention of the 6th C. M. R. vets to hold annual reunions in Amherst in the future.

Change of Venue In Perry Case

Application May be Made on Ground of Local Prejudice to Secure Trial.

Halifax, N. S., May 25.—That if application were made by the defence in the case of Mrs. Clara Elizabeth Perry and Mansfield Ross growing out of the murder of Captain George Henry Perry, of Yarmouth, in February last for a change of venue, on the ground of public prejudice resulting from the publicity already given the matter, it would receive every consideration was the intimation given by the chief justice of Nova Scotia sitting in chambers here on Monday, and announced today.

The Usual Way. One of the Halifax prices is reported to have obtained job a cabinet and we are conscious of a vague fear that he may sooner or later turn up as a vaudeville actor in this country if something isn't done to prevent it.—Milwaukee Sentinel.

INHABITANTS OF GERMAN VILLAGE HAVE GONE MAD

Legend of Buried Golden City Near Tannenberg Drives People Out of Senses.

AUTHORITIES FIND THEMSELVES PUZZLED

Vast Crowds Flocking to Village—People Are Losing Reason Over Spell.

Berlin, May 25.—People in the region of the battlefields of Tannenberg in East Prussia, have been struck by an amazing form of mass madness, the authorities here are puzzled to explain. For parallel to the middle of the village of Maschaken, 20 miles south of Allenstein, and close to the Polish frontier, stands a triple peaked height called the Golden Mountain. Local legends say the mountain stands on the site of a former city of 2,000 years ago. In account of the sacrifice of a single inhabitant, the city was put under a spell by evil spirits who turned the whole place, including the people, into gold and threw the mountain over it. One hundred and ten years ago, says another legend, a shepherd lad fell into a chasm on the mountain. When the body was recovered it had been turned into gold. About 100 years ago another boy, it is related, was taken by a beautiful spirit into the mountain and shown the sleeping city of gold, houses, churches, palaces, people, and the King on his throne, all solid gold. The boy was told that to release the city from its incantation he must kiss 12 requisite reptiles. He failed at the twelfth which was a two-headed toad and the city was therefore condemned to further century of imprisonment in gold.

Troubled by Dreams.

A few weeks ago a blind old woodman of the neighboring village of Jablonkin was troubled by constant dreams in which three spirits charged him with the task of releasing the city from its spell and threatened that he would become a complete cripple if he refused to do as he was told. He was to raise the people of the neighborhood to assemble constantly on the mountain and sing and pray. The threats became more terrible till at last he went off to the mountain, eight miles away by a difficult road, and reached the mountain in a mishap. He repeated the formula given him by the spirits and immediately heard singing inside the mountain. He told the people the story of his adventures and they began to flock to the mountain. Then another man appeared on the scene, declaring he had visited the city accompanied by a beautiful golden woman who sat on his shoulders and spurred him on. He saw what the shepherd lad had seen and expressed to the people that if the spell was broken the golden king would become the king of all kings with enough money to pay the indemnity and to make everybody enormously rich. In a golden prison he had seen the golden prisoner who cursed the spell to be set on the city. He was also shown paradise, he said, which was "all music and roundabouts."

A few nights ago a wealthy lady who owns an estate nearby went out at night to dig for gold on the mountain. She heard something, fled in terror and is now in a lunatic asylum.

Many Pilgrims Coming.

The story in the meantime spread and people came from far and near to take part in the regular singing and prayer meetings on the mountain, which are held every day from eight till four. Many people stay all night. "Relics" of all sorts bring the pilgrims in thousands and the railways are overburdened. The people who endeavor to persuade the inhabitants that the whole thing is a delusion are cursed by the simple peasants of the region who wholeheartedly believe in the story. Indeed, the curious spell of the hallucination has been cast over the entire region and the authorities are wondering what to do to bring the people back to their senses.

Oyster Men Adopt Plan of Campaign

Growers and Dealers from Many States to Push Big Advertising Scheme.

New York, May 25.—Have you eaten oysters this week? If not, why not? These are not Mississippian questions, but oysterian questions, as it were, the slogan which oyster growers and dealers from Maine to Maryland, who were gathered yesterday in the Algonquin Hotel, chose at the fourteenth annual meeting of the Oyster Growers and Dealers of North America. Before and after September 1 the proposal to ask these questions until perhaps several million oysters, to the bushel, they say, were consumed in the United States last season. That is about one per cent for a season of approximately eight months, and it was 1,000,000 bushels more than disappeared during the partly pre-prohibition period of 1919-20.

According to present estimates the crop next season will fall short of the record of 1921 by 1,000,000 bushels. One large handler reports that only 75 per cent of the usual crop has been planted, and labor costs are at such a point as to force many of the smaller growers into inactivity. The officers of the association, all re-elected are: William H. Killiam, president, Baltimore; Frank W. Darling, Hampton, Va., first vice-president; W. H. Bays, South Norwalk, Conn., second vice-president; Alex. C. Frazer, New York city, third vice-president; Joseph N. Thompson, New York city, treasurer; and Eugene D. McCarthy, Washington, D. C., recording secretary.

Reduction of Staff Helps Bootleggers

Philadelphia Booze Sellers Active When Federal Enforcement Staff is Reduced.

Philadelphia, May 25.—Made bold by the reduction of the force of federal prohibition agents in this city and New Jersey, bootleggers and saloonkeepers started out to do a land of fire business over the weekend, and arrests made by the Philadelphia and Camden police indicate that they succeeded.

One hundred and forty-seven men were arrested here for drunkenness, while the Camden authorities took twenty into custody on the same charge. Of those arrested, four were sent to the hospital, while most of the others were treated by the police surgeons.

Market street from Elizabeth to Juniper streets showed the effects of the reduced force of prohibition officers. Drunken men and boys were scattered throughout the streets. Conditions were the worst in front of the Reading Terminal, with the northeast corner of Thirteenth and Market streets and the north side of Market street below Juniper running a close second and third.

The drunks acted in a boisterous manner, while passersby gazed at them. Some of those intoxicated wore sailors' uniforms. Women were accosted and insulted. The Market street ferry during the early hours of the morning rivaled the scenes along Market street. Many of the hundreds of Philadelphia who went over to Camden Saturday afternoon returned visibly drunk.

Only those were taken into custody by the police whose conditions were hopeless. In virtually every case the men arrested admitted that they had been knocked out by "bootlegging stuff."

Suffragist Leader, 96, Likes Dresses Short

New York May 25.—Rev. Antoinette Brown Blackwell, oldest living suffragist leader, celebrated her ninety-sixth birthday yesterday with a tea party at the home of her daughter, Mrs. T. F. Jones, with whom she lives at 331 Bayway, Elizabeth, N. J. Relatives from Montclair and Glen Ridge as well as many other friends, attended the celebration.

Despite her great age the votes for women pioneer is fairly active. She moves about the house, sits on the porch and chats with friends when she feels inclined to be sociable. She was married at thirty-two, and says this is young enough. She advocates large families and is proud of the six children she reared.

Dr. Blackwell, who was the first woman to be ordained a pastor in the Congregational Church, finds much that is sensible and attractive in the fashions of today. "I always approved short skirts," she commented, "they are so convenient. But I do not like the very low necked dresses worn in the evening."

KIND WORDS FOR C. N. R. DINING CARS

Cincinnati Men Appreciative of Excellent Attention and Good Menu

Writing to the superintendent of dining and sleeping car service of the Canadian National Railways, a prominent business man of Cincinnati has the following words of commendation: "During the major portion of the past two weeks I have had occasion, with two other friends, to spend approximately the most of the time in New Brunswick, Canada, and in so doing had occasion to use your service to a great extent, and I want to congratulate you upon the splendid treatment that our party received at the hands of the employees of the Canadian National Railway, and especially do we want to commend the employees of the dining car service. It was the consensus of the opinions of all of us that we have never been served in such a delightful way or received such good food for the amount of money required to purchase the same."

This party travelled to Quebec via the Canadian National Railways and from there to Fredericton via the Transcontinental line, enjoying an outing on the Cabot River.

NARROW ESCAPE WHEN SCHOONER TOPPLES OVER

"Cradle Men" Forced to Jump Into Harbor to Save Their Lives.

FOUR-MASTER TIPS OVER ON BEAM ENDS

Was Being Hauled Out for Extensive Repairs in Portland Shipyard.

Portland, Me., May 25.—Three men, Frank Harrington, Robert Abbott and Verner Thorn, employed at the Marine Railway of the Cumberland Shipbuilding Company of South Portland, narrowly escaped death while engaged in hauling out the big four-masted schooner Margaret Thomas. The vessel toppled over on her beam ends after she had been hauled out on the ways a short distance, forcing the three "cradle men" to jump into the waters of the harbor and swim clear of the schooner's overturning hull. They were rescued by fellow workmen who put out from the shore, a short distance away, in a rowboat. The three men received no bruises, but were not seriously hurt while those on board the vessel escaped uninjured, although thrown on their feet when the big four-masted schooner toppled over on her beam ends. The donkey boiler in the engine room of the schooner was loosened from its fastenings, but the damage is slight.

Was To Be Repaired.

At the time of the accident the schooner was being hauled out on the marine railway for extensive repairs and the blocks operating on sort of a slide were pulled under the vessel by the three "cradle men." It is believed that Harrington, Abbott and Thorn pulled the blocks too far under the vessel and that when the keel rounded on the ways the huge schooner rolled over on her beam ends. The railway cradle was not damaged and was lowered again back to deep water so that the schooner floated and was towed out into the deep water of the anchorage grounds of the Shipbuilding Company plant.

DOG DROPPED FROM AIR.

Ranton, Ill., May 25.—"Bing," a fox terrier, made a descent of 1500 feet in a parachute from an airplane at Chanute field today. When "Bing" landed he worked himself free from his harness, overcome another dog set to prevent his onward journey and ran to headquarters with a message carried in a pouch suspended from his neck. The performance was to show the practicability of using dogs to carry messages when an airplane is unable to land. "Bing" was dropped off of a wing of the ship by Sergeant A. G. Shoemaker.

An Easy One.

"Can a thing be so well and still not be fashionable?" asked the Old Fox, as he looked up from the newspaper he was reading.

"Why, sure!" replied the Grinch. "There's mumps, for instance."

Cross Country In House On Wheels

Waterville, Me., Man Building Unique Home in Which He Will Cross Continent.

Waterville, May 25.—A house on wheels is being built, for F. L. Sherman of this city, who within a few weeks will start on a journey with his family to Idaho or Oregon as fancy indicates after the start is made. The house will be a complete small bungalow when finished and the plans indicate that it will be thoroughly comfortable and homelike. The framework is now being mounted on a Ford chassis and when completed will not be much wider than an ordinary touring car and will weigh 1200 pounds. Mr. Sherman will stop in Glasgow, Montana, where he has business interests, and other places en route, hunting and fishing as he goes.

Mr. Sherman will have the windows of his house fitted with lace curtains, an ice box and fireless cooker will be installed and there will be other conveniences of modern homes. Folding coats will be used to allow for a maximum of room during waking hours. Mr. and Mrs. Sherman and children, Lawrence, Laura and Leslie, came to Waterville last fall from Montana in a touring car and have been with Mrs. Sherman's parents, Mr. and Mrs. R. O. Jones ever since. A son, Frank, also arrived lately. The younger children went to the Winslow schools during the year and all of them will, with the possible exception of Frank, return to the West with their parents in the portable house.

Europeans Killed In Alexandria Riots

British Troops on Scene and in Charge of City—Natives Plan General Revolution.

London, May 25.—Many persons are reported to have been killed in an outbreak in Alexandria, Egypt, where natives attacked Europeans, says a Reuters' despatch from Cairo city.

British troops have arrived and taken charge of the town. A despatch from Cairo to the Exchange Telegraph Company reports that many persons were killed in the streets of Alexandria. One report states that two Europeans were drowned with petrol and burned in the streets. On Sunday evening, it is known some benzine stores in the city were ransacked.

A band of 1500 armed Bedouins, says the Cairo message, is reported to be advancing on Bahieh, five miles northeast of Alexandria, to participate in a general revolution, which but for the presence of the British many telegraph lines have been cut.

Cairo, adds the message, is in an excited state, but no disorders have developed there.

Halifax Against Move to St. John

Protest Made by Nova Scotia to Night Against Centralization of the Work of the Maritime Settlement Board for the Maritime Provinces in St. John, N. B., where the members understand it is proposed to establish a central office.

According to a resolution sponsored by H. L. Taggart, farmer member for Colchester, the house believes that centralization of the maritime work of the board should take place in Amherst or Moncton or at some point nearer the centre of the maritime district than St. John.

Will Send Beer To Ottawa Laboratory

Wanted Arose Through Case Against Wm. Lahay—Other Cases in the Police Court.

In the police court yesterday, William J. Lahay, a licensed beer vendor of Brussels street, was charged with keeping for sale beer exceeding the percentage of alcohol allowed by law. Sub-Liquor Inspector Barrett stated he had seized two bottles of the beer sold by the accused and turned them over to the Provincial Analyst.

Mr. Barrett stated that he analyzed the contents of the bottles and found one to contain 25, and the other 31 proof spirit. As he was unable to distinguish the two bottles, J. A. Barry, for the defence, moved that they be sent to the laboratory of the Ottawa Department of Health for further analysis. His request was granted and the case postponed to next Wednesday.

Frank Armstrong was fined \$15 for speeding at the corner of Princess and Charlotte streets. He was reported by Officer Chisholm.

Five teamsters, Samuel Barton, Wm. Shaw, Cornelius O'Leary, Geo. Coleman and Philip Hackett, pleaded guilty to making the wrong turn at Scott's corner on May 20. A fine of \$10 was allowed to stand against each.

AUTOMOBILE PARTY CAUSED ANXIETY

A fishing party consisting of O. J. Fraser, general superintendent of the N. B. Telephone Co., Mrs. Fraser and child, and two young ladies, caused considerable anxiety to friends in the city Tuesday evening.

The party had set out early in the morning on a fishing trip towards St. Martins, and when they failed to return, and late evening gave way to midnight, and midnight to the early hours of the morning, and still no word or sign of the party, friends began to worry. The wires were wakened up, and the police communicated with, but no one had heard of the fishers. Sometime after 1 o'clock yesterday morning the party, who had experienced motor trouble, were in sight, and those who had been anxiously waiting heaved the sublime sigh of relief that goes with every one of these grand and glorious feelings.

VETERAN FOUND WANDERING.

Toronto, May 25.—A discharged British soldier with \$56 in his pockets, though his clothes were tattered and torn, was found in William Cullman's bush, near Woodbridge, Ont., late Monday night. His memory was gone. He was furnished and ate ravenously when given food. It is thought he was in the bush about a week. He was brought to Toronto and handed over to the D. S. C. R., and was placed in the Davidsville Military Hospital as a bed patient.

According to the papers he carried his name is John McQuade, and he is 29 years of age.

JUDGES ANNOUNCED FOR "PUT CANADA ON WHEELS" CONTEST

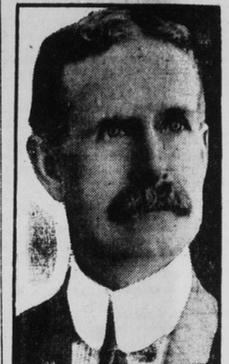

Sir John Willison and Dr. P. E. Doolittle, the Men Who Will Pass on Letters Submitted in the Overland's \$5,000 Competition.

Toronto, May 25.—Two men of national reputation are announced as the judges in the "Put Canada on Wheels" contest being conducted by Willys-Overland Limited. Sir John Willison and Dr. P. E. Doolittle. The latter works as President of the Canadian Automobile Association and Sir John Willison as chairman of the Canadian Reconstruction Association has been such as to make them cognizant of the need of more motor cars to increase Canada's efficiency.

The contest closes June 1st, but letters showing postmarks not later than that date are to be admitted. All the letters will then be turned over to these judges for their consideration and on receipt of their awards, a full announcement will be made. Both judges are eminently qualified to perform this work, which is in the nature of a public service, entries having been received from all parts of Canada.

SIR JOHN WILLISON. Chairman of Canadian Reconstruction Association, former editor Toronto Globe and Toronto News and widely known publicist, who will act as a judge in the "Put Canada on Wheels" contest.

DR. P. E. DOOLITTLE. One of Canada's first motor car owners, organizer and first president of Ontario Motor League and now President of Canadian Automobile Association, who has consented to judge letters in the Overland's \$5,000 competition.

Chemicals Kill Fish; Factory Head Fined

Allentown, Pa., May 25.—On the charge of having run chemicals into the Little Lehigh that caused the death of thousands of fish, J. D. Pharo, superintendent of a bone factory, was today fined \$100 and costs. The case is almost a duplicate of that of last December, when Lock Ridge furnace refuse caused the death of fish valued at \$30,000. Since then the state planted the stream with 50,000 fish, many of which were destroyed by the bone factory contamination. The charge was brought by Fish Warden William J. Acker, who said Pharo laughed at sportsmen, law and equity, saying it was cheaper to pay a fine than to install filters. Thousands of dead fish were raked out of the stream, the largest a trout twenty-two inches long. A boy or angler catching a fish illegally is fined \$10 for each fish, but the limit for polluting a stream and killing fish by the thousand is a fine of only \$100.

WEDDINGS.

Mason-Greenleas. At the United Baptist parsonage, Norton, on Wednesday afternoon, May 25th, Frank Hyland Mason, of St. John, and Mabel Greenleas, of Midland, Kings county, were united in marriage by Rev. L. E. Vanwart. The bride was becomingly attired in a navy blue suit with white hat and carried a bouquet of white flowers. After the ceremony the happy couple motored to Midland. Henderson-Mott. At 10.30 o'clock yesterday morning at the Main street Baptist Church parsonage, Rev. David Hutchinson, D. D., married Roy Sterling Henderson, of Henderson Settlement, Queens Co., and Miss Laura Alberta Mott, of Belvina's Cove, Queens Co. The couple were attended by Mr. and Mrs. Frank Lane of this city. The happy pair will make their home at Henderson Settlement.

West Declares It Is Beyond Price

He Wouldn't Sell the Good Tanlac Did for Any Amount, States Winnipeg Man.

"You couldn't pile up money enough around me to buy the good Tanlac I have," said Harry West, 1013 Notre Dame avenue, Winnipeg.

"I had indigestion so bad I was really afraid to eat on account of the awful pains after meals. Why, they nearly drove me double. I was so nervous that, honestly, I had about forgotten how it felt to get a good night's sleep. But my worst trouble was rheumatism, for my whole body ached from head to foot.

"I couldn't bend my knees, in fact my legs were as stiff as a board. My arms were practically useless, and my stomach in fact, my collar and tie, and I had an awful time every morning getting my clothes on. These troubles bothered me for several years, and it seems to me I tried everything in the drug store, but nothing ever helped me.

"Well, I got Tanlac, thinking it might give me an appetite and put my stomach in good shape, and it certainly did, for I have been eating like a horse ever since and have gained eight pounds in weight. I sleep like a boy, and in fact I haven't a trace of nervousness or indigestion left.

"Well, Tanlac didn't stop at that either, for it has knocked out my rheumatism completely, something I never dreamed it would do. I can bend my knees, use my arms and get around in every way as well as I ever could. It has been three months since I finished my last bottle of Tanlac, and I haven't felt a pain in all that time. In fact, the medicine has put me on my feet, feeling like a brand new man. It certainly is great."

Man And Woman Were Acquitted

Wm. Donaldson and Mrs. Mary White Were Charged With Theft.

William Donaldson and Mrs. Mary White were acquitted by His Honor Judge Armstrong in the County Court yesterday afternoon on the charge of breaking, entering and stealing from summer homes at Middleville, amongst others, that of J. Fraser Gregory, and also of receiving stolen goods, knowing them to be stolen. His Honor found that the evidence did not warrant the holding of either of the accused for trial.

The court found that the evidence warranted the conviction of Louise Richaud and Lotie Jackson on the charge of receiving stolen goods, knowing them to be stolen, and remanded the two for sentence. J. K. MacRae defended Donaldson, and W. M. Ryan conducted the prosecution for the Crown.

The grand jury adjourned until Friday morning, and the petit jury until today at 10.30, when the court will resume.

The docket was as follows:
Jury
The King vs. Nickerson, McGuire and Kennedy on a charge of theft.
Non-Jury
G and G. Limited, vs. Chaisson-L. P. D. Tilley.
Gulliford vs. Merryweather—S. A. M. Skinner.

FOR WOMEN

AMUSEMENTS

Red Cross Meeting Held At Hampton

Mrs. C. A. Kuhring, Provincial Organizer for Enrollment Campaign, Speaker.

Mrs. C. A. Kuhring, provincial organizer for the enrollment of the Red Cross, held a meeting at Hampton yesterday afternoon. The meeting was a very representative one and included the leading workers of the organization in the district and members of the Women's Institute. The chair was occupied by the Rev. R. Johnston, and Mrs. Kuhring spoke at length, explicitly pointing out the need and the progress of the campaign now in progress and also the peace time policy of the Red Cross. At the close of her address Mrs. Kuhring was tendered a vote of thanks moved by Dr. Wemore and seconded by Dr. Leithbrack. Mrs. R. G. Howland was elected organizing agent for the district and has a strong supporting committee, the members of which will visit other committees especially to make clear to the people of those districts the record of the Red Cross in the recent and in other wars, and to point out how rampant disease is in this country, and how great is the imperative need for more hygienic living conditions.

Mrs. Kuhring has received word from Miss, Queens Co., stating that the organization in that district has been perfected and is now ready for the work of the campaign, with W. B. Evans as convener.

Something Queer. The nonsensical professor smothered his wrath and went down into the cellar. "Are you the plumber?" he inquired of a grumbling person who was tinkering with the pipes. "Yes, guv'nor," he answered. "I'm in the trade long." "About a year, guv'nor," he made any mistake? "Bliss yer, no guv'nor." "Oh, then, I suppose I'm quite all right. I'm agreed you had connected up the wrong pipes for the chandelier in the dining room and a sink in a four-tain, and the bathroom tap is on fire."

Her Proxy. "Well, amint," asked her young master, "do you really believe in the Bible?" "Do you believe that the whole world was made?" "Yes, sah, I believe it 'cause the Bible says so. I'm gwine tuh ask Jonah 'bout dat jes as soon as I gets to habbin'."

Lady Tilley's Death Is Greatly Mourned

Passed Peacefully Away Yesterday Afternoon—Life Devoted to Public Benefits.

A life of great usefulness was brought to a close yesterday, when the death took place of Lady Alice Tilley at her home, Carleton House, 223 Gormala street. The news will be a great shock to a very large circle of friends in the Dominion. While not in the best of health recently, Lady Tilley came downstairs to see friends on Sunday afternoon and was deeply interested in news of the Red Cross activities—that Society which was so near her heart, and of which she was honorary Vice President. Death occurred yesterday afternoon, when she passed peacefully away.

Lady Tilley leaves to mourn one son, Lt. P. D. Tilley of St. John; two sisters, Mrs. W. H. Howland, now residing in London, England, and Mrs. Annie Toller, widow of Colonel F. Toller of Ottawa. Her eldest son, Herbert C. Tilley, one sister, Mrs. Owen Jones, and a brother, J. D. Chipman, formerly of St. Stephen, but residing in Toronto at the time of his death, preceded her. There are three grandchildren and a number of nephews and nieces surviving.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND (Copyright, 1920, by The Wheeler Syndicate, Inc.)

The modern flapper appears to know everything about love—except the vital importance of concealing that fact. Next to being called a "quint" or a "prane," the thing that a normal girl hates worst is to be called "intelligent." A woman may be proud of a highbrow husband, but it's rather hard to be married to a man who remembers the dates of all the battles in history, but forgets the date of his wedding anniversary and never knows when it's dinner time. A lot of snash up could be avoided, if a man would only realize that it takes skill and "hot-eh," rather than brute force and determination, to run an automobile—or a woman.

The honeymoon is not actually over, until the bridegroom begins looking for the old pipe and slippers he threw away, and the bride begins writing home for the old clothes she left with Mother. The worst thing we can wish for the anti-tobacco crusaders, is that every one of them may marry a non-smoking man, whose grouches come out in words, instead of going up in smoke. A man loves a woman first reverently, then madly, then tenderly, then comfortably—and last, dutifully.

The hardest task of a loyal wife is to repress that unconscious look of astonishment, when you praise her husband for his genial disposition or brilliant wit. "Morality," for a man, seems to consist in keeping out of debt, out of jail, and out of print. Sometimes, a woman won't believe a word her husband says—except when he talks in his sleep.

Projects for the good of humanity, while her home was always open to her intimate friends. She was always ready to entertain distinguished visitors passing through the city, and stood for what was highest and best in her city and province. Works for Public Benefit. The establishment of the Victoria Hospital at Fredericton, the foundation of the first Nurses' Home in connection with the General Public Hospital at St. John, the establishment of the Boys' Industrial Home, of which she has been a director from the opening, are among some of the many works by which Lady Tilley will be remembered. Another is the Chipman Memorial Hospital at St. Stephen, the gift of herself, her brother and sisters. This was the old Chipman homestead and while it was being organized as a hospital Lady Tilley took up her residence in St. Stephen, assisting actively in the establishment and furnishing of the institution.

The Red Cross. By her work in the Red Cross Society, Lady Tilley has set an example for all to follow. At the outbreak of the South African War she organized the ladies of the province and formed the Red Cross Society. In acknowledgment of the splendid work accomplished Lady Tilley was made a Lady of Order of St. John of Jerusalem. When the recent war broke out in 1914, Lady Tilley was asked by the Red Cross headquarters in Toronto to organize the Province of New Brunswick. For some time past she has been flourishing the Red Cross Society in the result of her inspiration and enthusiasm. During the war for a number of years, her home was the headquarters for the Provincial Red Cross Society of which she was president. Her interest was unflagging and she was never too tired to respond to an emergency call or to plan new activities. For some time past she had given up active work, while remaining honorary Vice President of the Provincial Division. At its last annual meeting in St. John, a little over a week ago, a note was read from Lady Tilley expressing her earnest hope for the success of the membership campaign. At the last annual meeting, held in Toronto, Lady Tilley was elected Vice President by New Brunswick by the Central Council.

Lady Tilley was one of the prominent members of the St. John Local Council of Women and took a leading part in all its undertakings, a member of St. John's (Stone) Church, where she was a faithful attendant. She will be greatly missed from that congregation. Deep sympathy will be extended the family and the many friends throughout Canada. The funeral will take place from St. John's (Stone) Church on Friday afternoon at three o'clock.

Ontario Gave "Dry" Majority of 166,835

Tangle Results Over Different Interpretation of the Statutes. Ottawa, May 26.—The final certificate of the result of the Canada Temperance Act vote in Ontario on the 18th of April last, shows 640,713 affirmative and 373,838 negative votes, a majority for the affirmative of 166,835. It was officially announced this afternoon. An important legal point has arisen in connection with the Ontario Alcoholic beverage. According to one interpretation placed on the Canada Temperance Act, although the chief electoral officer has issued his certificate, the cabinet cannot determine when complete prohibition shall come into force in Ontario till sixty days after the taking of the vote, in other words, till June 17. Another view of this interpretation of the act is correct it will then be at least thirty days later or the middle of July, before prohibition of importation in Ontario actually comes into effect. The point did not arise in connection with previous provincial elections held under the act. In these cases, owing to greater difficulties in making complete returns, more than sixty days elapsed after the vote before the chief electoral officer was able to issue his certificate. It is probable that legal opinion will be sought.

Local Red Cross Drive Has Started

Seventeen Hundred Kiddies on Parade to Imperial—Hear Addresses.

After some weeks of organization the Local Red Cross started their membership drive yesterday afternoon. About 1700 kiddies proceeed their flags at the Imperial Theatre, then lined up on King street East in a public file and marched around the square to the Imperial, where their pictures were taken as they were going in. The Programme. The programme in the theatre was started by Miss Kathleen Robinson, the Public Schools singing teacher, who led the children in "My Own Canadian Home," which was very well sung. Mrs. Harold Lawrence gave a short address on Red Cross work and explained the object of the drive and to what use the money would be put. W. H. Golding, manager of the theatre, spoke on the war and the facts regarding our physical conditions as a nation that were brought out through recent war. He said it was the duty of every young boy and girl to take an active interest in sports in order to grow up to perfect manhood and womanhood. "Well Never Let the Old Flag Fall" was next sung and then colored pencils and travel pictures were shown as well as an Edgar comedy donated by the film companies of the city. After three cheers for the Red Cross the National Anthem was sung.

For the Week. Included in the programme for the week are the following: A booth has been opened in the lobby of the Imperial for enrollment of members. A band concert was held last night in K. N. S. Square with the 62nd Band and an address was given by His Worship the Mayor, and R. T. Hayes, President of the Provincial Red Cross, describing the work of this splendid organization. There was an ambulance for the purpose of enrollment of members at the Square in charge of three nurses who were decorated overseas.

Fancy Table—Mrs. W. H. King, Mrs. J. P. Beatty, Miss Ethel Blake, Home Cooking—Miss Lucinda Beatty, Miss O'Shaughnessy. Candy—Miss Ella Beatty, Miss Catherine Blight, Miss Mary Turner, Ice Cream—Mrs. McHenry, Miss Mary Blight, Mrs. Ida Baldwin, Mrs. McAllister, Mrs. McLaughlin.

Commercial Travellers. On Saturday the Commercial Travellers will canvass the business houses for memberships. It is the duty of every person to join the Red Cross Society and help them in their work. The men raised themselves and lowered the furs, by means of pulleys and a 300-foot rope. Part of the time they clung to window ledges and once they had to cross a court bridged only by a narrow plank.

Bloomers Immodest For Women Workers

New York, May 25.—The latest evidence of blue law agitation was placed yesterday in a movement to replace the bloomers worn by the so-called "blue laws" in the State Reformatory for Women at Bedford with a garment which will not expose the girls' legs quite so far. This was the old Chipman homestead and while it was being organized as a hospital Lady Tilley took up her residence in St. Stephen, assisting actively in the establishment and furnishing of the institution.

The Cause of Sickness

Almost Always Due to Weak and Impoverished Blood. Apart from accident or illness due to infection, almost all ill-health arises from one or two reasons. The mistake that people make is in not realizing that both of these have the same cause at the root, namely poor blood. Either bloodlessness or some other trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffer from headaches, or breathlessness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always poor blood. If you have nervous headaches, neuralgia, sciatica and other nerve pains the cause is exhausted nerves. But run-down nerves are also a result of poor blood, so that the two chief causes of illness are one and the same. If your health is poor; if you are pale, nervous or dyspeptic, you should give Dr. Williams' Pink Pills a fair trial. These pills act directly on the blood, and by enriching it give new strength to worn out nerves. Men and women alike greatly benefit through the use of this medicine. If you are weak or ailing, give Dr. Williams' Pink Pills a fair trial and you will be pleased with the beneficial results that will speedily follow. If your dealer does not keep these pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brookville, Ont.

Ladies' Candy Sale Is Very Successful

Hillsboro, N. B., May 25.—The ladies of the Methodist Church held a successful sale in the Men's Hall of ice cream, candy, cooking and fancy work, from which the sum of \$73 was realized for church purposes. The various booths were in charge of the following: Fancy Table—Mrs. W. H. King, Mrs. J. P. Beatty, Miss Ethel Blake, Home Cooking—Miss Lucinda Beatty, Miss O'Shaughnessy. Candy—Miss Ella Beatty, Miss Catherine Blight, Miss Mary Turner, Ice Cream—Mrs. McHenry, Miss Mary Blight, Mrs. Ida Baldwin, Mrs. McAllister, Mrs. McLaughlin.

Ethel Clayton's Beautiful Complexion

That splendid actress now appearing under the Paramount banner is famous for her beautiful complexion. She attributes her wonderful skin to the use of a simple toilet article called Derwillo. There is nothing like it for tan, freckles, shiny nose, sallow, dark, rough skin. It takes the place of face powder, stays on better, as perspiration does not affect it, and it instantly beautifies the complexion. One application proves it. If you want a nice lily-white skin with rosy cheeks, get a bottle of Derwillo today; you will be delighted. Derwillo is sold at all up-to-date toilet counters. Be sure to read large announcements of Miss Clayton's soon to appear in this paper. It tells how to instantly have a beautiful complexion and a soft, white, velvety skin everyone "just loves to touch."

Steeplejack Thieves Get \$100,000 In Furs

New York, May 25.—Steeplejack robbers today made away with \$100,000 worth of furs from the Vogel, White & Co. Two men, working most of the night, lowered the furs from the eleventh story of the loft building and took their spoils out through another building, where a janitor held the door open for them. The men raised themselves and lowered the furs, by means of pulleys and a 300-foot rope. Part of the time they clung to window ledges and once they had to cross a court bridged only by a narrow plank.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond. But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies. Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly! Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For Fletcher's CASTORIA

The False and the True. Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit. Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies? The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare. Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little-ones. To them: to these true mothers no argument can induce them to set aside their bottle of Castoria, their old friend, that they might try even another and unknown remedy for babies. Then, would YOU think of going to YOUR OWN medicine chest to find relief for Baby's troubles? Can you not separate the false from the true? MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS Bears the Signature of *Chas. H. Fletcher*

Money Given For Unemployed Funds

Mayor Receives \$300 as Result of Electric Light Sports—Prizes Awarded.

The sum of three hundred dollars in relief of the unemployed was handed His Worship Mayor Scholten in city hall last evening by a committee composed of Messrs. Charles T. Bay of the Customs department, Mr. Treat of McAvity's and H. R. Ingram of the local post office, the trustees of the Electric Light Sports, who organized and carried out the Electric Light Sports. The Mayor expressed his appreciation of the successful conclusion of the sports.

The money was handed to His Worship by the request that he use it as he saw fit in relieving those in distress through unemployment, following upon which His Worship was called upon to present the prizes to the winners of the different events in the sports. In doing so he was assisted by C. R. Lockhart, of the Customs department, and Commissioner Thomas.

The Mayor offered his sincere thanks and congratulations to the who had promoted the sports, both the very worthy object for which they were held, and also for the success that had attended their efforts. He asked the meeting to contribute to the sports to go on as usual as to what the desired done with the money. He finally said he was not in favor of giving the money away, but rather using it to create employment, said that no man was abandoned to a job or work for money, but that he was authorized to make a special case where money was urgently needed at once, and it was more than he was authorized to do, more than the sum as he saw fit to use and use the rest at his own option to relieve the poor.

Addresses of Thanks. Commissioner Thornton and Lockhart added their thanks and appreciation to the committee for their thoughtful and very successful efforts. Mr. Lockhart expressed the opinion that the city was to be congratulated on having a mayor who was so ready to assist in the prize sports, and that he had aided in making meet a success and who was always there with a helping hand to the men and the poor. His remarks were warmly applauded.

Messrs. Tilley, Treat and Ingram were called upon, and stated that they would like to express their appreciation of the prizes, and that they had contributed to the success of the sports, among others, the St. Mary's Band, the merchants and the public. Mr. Lockhart presented the prizes to Mr. Scholten, who thought that the most successful manner they had ever witnessed in every event succeeding without a hitch and without delay.

BAPTISTS AND METHODISTS IN FAVOR OF UNION

Rev. M. F. McCutcheon Believes Time Ripe for a General Union.

REV. DR. HENDERSON HOLDS LIKE BELIEF

Feel Four Great Protestant Bodies Should Get Together to Spread Gospel.

A definite basis agreed upon by the Anglican and Presbyterian Churches of Montreal, for Union, as announced in the report of a joint committee of the two organizations which has been sitting since the past week has raised the question as to why other religious bodies in Canada were not invited to the conference.

In order to bring the feeling of other communions leading divisions in the Baptist and Methodist bodies in that city were approached and expressed themselves as favorably to such a union. The Baptist ministers are both well-known in St. John and both are natives of this province.

The Archbishop was not alone in his belief of union with the Anglican Church, as Rev. Mr. Shakespeare, a leader of Baptist thought in England recently endorsed the Anglican appeal for unity. During the present year, he thought that looked very much like their coming in on the subject of union of the churches. The best that could be done was for all the denominations to get together and thrash out the entire subject.

Rev. F. L. Orchard of the Olivet Baptist Church, thought that the union should be an easy matter as many of the churches of today were really the same and only divided by their names. He could see no reason why the union could not be made in such a manner as proposed, even if the other churches had to broaden out a little to get them in the combination. There was, in his opinion, no reason why any union could not be obtained.

Rev. Amos Thomas said the reason why the Methodists said no to a party to the Union of Churches report was because they had not been invited to the conference. The reverend gentleman believed that if all the denominations got together in such a manner as the whole subject some common ground for agreement could be found.

"At last," he added, "it is within the range of possibility that the union of the churches of today is a thing that could be done. It is a thing that could be done up to the point where we put everything into the melting pot and try and extract an united agreement for unity of action out of the whole."

Dr. James Henderson believed that the Methodist Church of today was ripe for union with the Presbyterians. He was ready for action some years ago, he said, but some of the older members of the Methodist body, remembering the Presbyterian Church in Scotland, feared history might repeat itself, and held back from any action. Today there was no reason why the union should not take place.

Both churches, declared Dr. Henderson, had the same form of government and there was nothing in the dogma or teachings of either body to keep them apart. A union of Anglicans, Presbyterians and Methodists would form such an influential body that it would pave the way for the union of all the churches.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender, which will be forfeited if the person tendering declines to carry out his bid. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

The Department does not bind itself to accept the highest or any tender.

THE WEATHER

Toronto, May 25.—Pressure is relatively high along the British Columbia and United States Pacific coasts, but on the continent generally is below the normal. Showers have occurred locally in Ontario, Quebec, Nova Scotia and in Southern Saskatchewan. In the Western Provinces the weather continues warm.

AROUND THE CITY

FALLS BRIDGE AGAIN. Hon. C. W. Robinson has notified the mayor that the government would meet here on June 2 and would be ready to receive a delegation in connection with the bridge over the falls.

ENQUIRY FROM SEATTLE. The Board of Trade yesterday received from Seattle a request for photos of waterfront and industrial activities of St. John. The request will be complied with.

SHIPPING SUGGESTIONS. Yesterday there was received at the Board of Trade copies of a bulletin on the wrapping and shipping of goods, prepared and issued by the great Traffic Association of Canada. Those interested may obtain copies from the board.

CONFIRMATION SERVICE. Confirmation took place in the St. John Church last evening, when a class of ten candidates were presented to Bishop Richardson by the Rev. Canon Khuring. The bishop made a very fitting address to the candidates at the close of the service.

LETTER OF THANKS. The Mayor has received a letter of thanks from Commander Hugh S. England, of H. M. S. Valerian, which was in part last week. The commander also asked to have the appreciation of the officers and crew extended to President Armstrong and the officials of the Navy League for the hospitality shown. The letter was dated from Halifax, May 22.

HAS BEEN SUSPENDED. As a result of a collision Tuesday between one of the city buses and a farmer's cart in Union street, James Dever, the driver of the fire wagon, was suspended yesterday morning by Commissioner Thornton pending an investigation. The commissioner said that the department has orders not to use Carmarthen street for fire vehicles.

FIGHTING SALMON. Some excellent catches of salmon have been made recently from the waters of a lake situated on the property of "Sandy" Crawford, Loch Lomond road. H. R. McNeilan and wife "whipped" the lake the first of the week and made a good catch. The salmon there are full of fight and provide plenty of fun for the fishermen.

WORK FOR STEEL MEN. Sydney, N. S., May 25.—Steady work from now until the middle of September will be provided for the workmen of the Sydney steel mills, if the reported order for forty thousand tons of rails from the Canadian National Railway to the Dominion Steel Corporation goes through. Up to noon today, however, local officials of the steel company had received no confirmation of the big order mentioned in press despatches yesterday and today. The plant has been working two and three days a week since last November.

SUGGESTS NEW ROUTE. No decision was reached at the conference held yesterday between the city commissioners, representatives of the West Side Improvement League and the New Brunswick Power Co., re the removal of the rails from Queen Square, West. B. W. Thomson asked for a couple of days to lay the matter before the directors. He also suggested a new route for the west side which would give a ten minute service from the ferry up Rodney street, along Ledlow, Tower and Lancaster streets to Dufferin row or Clifton street and then along the Lancaster avenue to the bridge. This would put the whole of the west side into one circuit instead of two as at present.

REMOVE TAX ON FLOUR, BRAN AND MIDDINGS. Packages of Less Than 49 Pounds Exempt—Tax on Lumber Raised.

The sales tax of 3 per cent, which has been up to the present, on flour, bran and middings in any quantity is removed on packages of less than 49 pounds. This will remove a lot of work and worry from the retailers who up to the present have had to make sales tax returns.

On the other hand it is understood that the tax on lumber has been raised from one per cent to three per cent, and that the manufacturer pays the tax to the government, and the three per cent is added to the price of the lumber to the subsequent dealer. Much work is thus eliminated both for the lumbermen and the consumers.

PUBLIC UTILITIES COMMISSION. The Board of Public Utilities yesterday granted the Bathurst Electric Light Co. permission to reduce its rate. Today they will meet in St. Stephen.

Work Being Done At Courtenay Bay

Operations Being Carried on—Project Will be Completed by Winter of 1922.

The excitement over the work on the Courtenay Bay development caused successive outbreaks of enthusiasm when it was commenced in 1912 and every blast of rock and every ton of earth that the citizens saw taken out gave them visions of the marvelous being done and led them to think the great work was only the task of a week and after that time St. John would come into her merited position as one of the great marine centres of the world.

Come Criticism. The numerous disturbing circumstances that co-operated to thwart the rapid completion of the accepted plans also caused the citizens to lose some interest in the matter and incidentally gave an opportunity for some to criticize certain phases of the matter and sometimes their criticism was not strictly constructive.

However the work has been steadily going on with some delays and the assurance was given yesterday that if no untoward circumstances intervened the ends of the dispositions made, and being made, the project will be completed by the winter of 1922.

Dry Dock and Breakwater

The work of excavating for the dry dock is now near completion and since the rock taken from it is being put on the break-water progress on one must be accommodated to progress on the other. Since the two are being constructed at the same time their completion will also materialize at the same time which will be in about three months. Not only is work being done in those directions but the hydraulic dredge "Tornado" commenced work on Monday and in three weeks will complete the work on the reclamation area. This area comprises about thirty-five acres and is the site of the proposed shops and the ship repair plant.

Concrete Construction

In a very short time considerable activity will be injected in the work. Preparations are being made for the actual concrete construction which will commence by the middle of the summer. With that end in view rock crushing will commence next week and gravel will have to be obtained for the concrete. No source from which to obtain the gravel has yet been decided on but several sites are being examined. The contractors propose to put in the foundation and five hundred feet of the total of six hundred feet of the north side of the dry dock this season. This work will require about 20,000 yards of concrete and will make easily possible the completion of the dock next year.

The Dredging

After the dredging of the reclamation area has been finished the dredging of the channel will be completed. About one hundred and seventy-five men are now being employed by the contracting firms and the taking on of more and the expansion and completion of the plans depend almost entirely on the estimate of one million dollars now before the House of Commons for the continuance of this scheme. If this estimate goes through there is no doubt that the intention of the contractors as outlined above will be rapidly put in process of formation. That it will go through is optimistically believed by not only those immediately connected with the work but by the public at large. If the wish to economize prevails in the councils of the legislators nothing else can happen but the closing down of the work until such time as money is more plentiful and the postponement of the plans now ready for being materialized.

Much Activity At Fair Vale

The Suburbanites Hard at Work Making Grounds Beautiful.

The suburbanites of Fair Vale have pretty nearly all been settled in that thriving little village now for the season of 1921, and great expectations are looked forward to in the line of sport, etc. Already the boys are getting their hands and arms in trim for the baseball season.

The fair sex as well as the masculine are getting down to real hard work laying out their lawns and preparing the grounds for the planting of vegetables and flowers, and a general overhauling of their bungalows, which, when the season gets a little more advanced, will make it, if not the most, at least one of the ideal suburban spots in New Brunswick.

Already the members of the Fair Vale Outing Club are beginning to make plans for summer pleasure; there is no doubt but that the customary Saturday evening dances will be held, and at the annual meeting of the club, which will be held this evening, at least a partial programme will be drawn up for the summer's pastimes.

This being the second birthday of the Fair Vale Outing Club the members while feeling justly proud of the standing the club has put their village in feel sure that the pinnacle of their exertions have not as yet been anywhere near reached, and are determined to advance it a few more rods to the fore this season.

ELECTRIC RAILWAY MEN DELIVER THEIR ULTIMATUM

Decline to Work for Company After Expiration of Their Agreement on June 14th Unless They Receive Same Rate of Wages as Now—New Schedule and Conditions.

Representatives of the Amalgamated Association of Street Railway and Electric Workers' Local called on the manager of the New Brunswick Power Company yesterday and served notice that their members declined to work further for the New Brunswick Power Co. after the expiry of their working agreement on June 14th, unless they received the same rate of wages then in getting at the present time, no One Man cars, and as Manager Thomson interprets it, an agreement leaving the control of the company's affairs more or less in the hands of the union. It was the union's ultimatum delivered with emphasis.

After receiving the ultimatum of the workers' Manager Thomson informed the union representatives that the company would from now on deal with its employees direct, and that the company is posting in their various buildings a notice to employees to the effect that after June 14th the wages will be approximately 20 per cent. less than they have been the past year; that the company intend to operate the One Man car when it considers it practicable and advisable; that the present employees will get the preference of re-employment, but, after the 10th of June, the superintendent of each department will accept anyone applying for work whom he considers capable of performing the duties required, whether the employee has previously been connected with the company or not.

Has Many Applications. General Manager Thomson states that the company has already had many applications for positions. They have come from people in the city and from other towns and cities, and he does not anticipate any difficulty in filling up the ranks as he regards the wages offered as fair and equitable. With the introduction of the One Man car the company believes it can dispense with fifty motormen or conductors and, therefore, does not anticipate any trouble in getting its cars operated.

Wage Scale and Conditions. The following are the wage scales for the various departments and conditions required:

- Motormen and Conductors. For the first six months—38c. per hour. For the second six months—41c. per hour. After the first year—42c. per hour. After the second year—44c. per hour. One Man car operation—5c. per hour extra. Snow work and training students—4c. per hour extra. For the department the day's work shall be, as nearly as practicable, eight hours, to be arranged to the best advantage in runs of not less than eight and not more than nine and a half hours, to be completed in twelve consecutive hours, except that not more than 20 per cent. of the total

runs may be completed in twelve consecutive hours, and not more than fourteen consecutive hours. The time of the day's work shall be computed by the meter ten minutes, and each man to be paid for the time he works.

- Linemen. Sub-foreman—66c. per hour. Linemen—47c. per hour. Groundmen—30c. to 36c. per hour. Trimmers—38c. to 42c. per hour. Chaufer—38c. per hour. This day's work to be nine hours.

Trackmen. Sub-foreman (when working as sub-foreman)—42c. per hour. Track and Hillmen—38c. per hour. Arc welders (when working)—50c. per hour. Laborer—At market rate. The day's work to be nine hours.

Mechanical Department. Machinists—58c. per hour. Carpenters—58c. per hour. Painters—52c. per hour. Blacksmith—52c. per hour. For this department, eight hours will constitute a day's work.

Power House Employees. First Engineer—64c. per hour. Engineers—60c. per hour. Dynamo Tenders—50c. per hour. Oilers—46c. per hour. Boilermen—50c. per hour. Firemen—46c. per hour. Repairmen—38c. to 60c. per hour. Day's work placed at nine hours.

Car Barn Employees. Day Foreman—58c. per hour. Night Foreman—46c. per hour. Pitmen—44c. per hour. Nightmen (West)—38c. per hour. Cleaners (8 hours)—37.50 per week. Cleaners (9 hours)—39c. to 35c. per hour. Nine hours for day men. Night men in West St. John will work twelve hours for a day.

Gas Works Employees. Meter Repairer—39c. per hour. Meter Setter—38c. per hour. Firemen—40c. per hour. Yard Foremen—38c. per hour. Yardmen—38c. per hour. Streetmen—38c. per hour. Stablemen—38c. per hour. Teamsters—38c. to 36c. per hour. Nine hours for a day, excepting firemen, from whom 12 hours are required.

Further Conditions. All employees are required to carry out the instructions issued from time to time by the general manager or superintendent of the department, who will have control over all employees in that department—to hire, suspend or discharge. Employees dissatisfied with the superintendent's decision may appeal to the general manager. Between date and June 10th, the superintendent will receive applications for employment in this department in runs of not less than eight and not more than nine and a half hours, to be completed in twelve consecutive hours, except that not more than 20 per cent. of the total

Fishing Season Proves Very Poor

Four Years' Prohibition on Shad Fishing Shows No Increase in Catch.

Speaking yesterday of the fishing business in the harbor, a man who has been engaged in drifting for many years informs The Standard that he never experienced such a poor season. The gasperaux catch has been the meagre in history, and he did not believe that St. John fishermen had picked one hundred barrels this season, while in other years the barrels of pickled fish numbered in the thousands. This is surely a poor paying industry this season and both weir and boat fishermen have lost a large amount of money.

When asked how the shad fishing was progressing, he said that he could see no benefit gained because shad fishing had been prohibited for the past four years, as the catches at the present time were not as large as was the case before the ban was put on, and as the special season only lasts until June 15, he does not think there will be any great increase in the number of fish caught. Very few salmon have so far made their appearance in the harbor, but it is hoped that during the next couple of months salmon will become plentiful, for, with the government hatchery in operation and the local dealers, fishermen will find ready buyers for their catch. Taking the situation as a whole, the local fishermen are not very much enthused over their chances of making money this season.

GOULD AGAINST THE RAILWAY DIRECTORS

Word was received in the city yesterday that the Supreme Court of Canada had reserved judgment in the case of Gould against the directors of the St. John and Quebec Railway Co. After J. Prasse Winslow, who appeared for Mr. Gould, had advanced his arguments, the court, while reserving judgment, expressed themselves strongly opposed to Mr. Winslow's contentions. W. P. Jones, K. C., and Peter J. Hughes, K.C., appeared for the directors. The case is being heard in appeal from the judgment of the Supreme Court of New Brunswick.

City To Purchase New Police Patrol

Vehicle Will Cost About \$4,000—Endorse Amendment to "Opium and Drugs Act."

Commissioner Thornton was authorized to purchase a new police patrol at a cost not to exceed \$4,000; Commissioner Prink was given power to deal with the asphalt tenders, and a couple of bills were ordered paid at the meeting of the Common Council held yesterday afternoon. The committee of the whole recommended that the application of the Imperial Oil Co. for a barge and pipe pile be referred to the harbor commissioner, city engineer and harbor master and that the Mayor have power to name delegates to the conference on Maritime freight rates.—Carried.

The application of R. W. Carson for permission to erect an electric sign at 509 Main street was referred to the commissioner of Public Works and city engineer for a report. The Mayor recommended that a bill for \$144.88 for extra parts for the addressograph be paid. This he explained would make the cost of the machine \$2,149.08. The motion carried.

On motion of Commissioner Thornton a bill of \$500 for the motor generator at No. 1 Hook and Ladder, used to pump air for the new ladder truck, was ordered paid.

Commissioner Thornton moved that the proposed amendments of the "Opium and Drugs Act," suggested by the Vancouver city council, be endorsed and wires to that effect be sent to the Minister of Justice and the Federal members, Hon. Mr. Wigmore and S. E. Elkin.

The action of Commissioner Bullock in returning the deposit of Mr. McGrath, because the town planning regulations would not permit of the erection of a two family house, was commended.

Commissioner Thornton called attention to the need for a new police patrol and moved that the commissioner of safety be authorized to purchase a combination patrol and ambulance at a cost not to exceed \$4,000, to be paid for by a five-year bond issue of five-year bonds. On motion of Commissioner Prink he was given authority to act in the matter of acceptance of a tender for asphalt. He said he might perhaps split the order between the two firms who made the offer as to price.
