

The Union Advocate.

Established 1857.
NEWCASTLE, MIRAMICHI, N. B.
WEDNESDAY, MARCH 23, 1892.

Editorial Notes.

The correspondence relating to the recent visit of members of the Dominion government to Washington has been laid upon the table of the House of Commons by Sir John Thompson. The correspondence opens with a despatch from Mr. Blair to the British Minister at Washington asking that the date fixed by him for a meeting to resume the discussion be postponed to a later date, and other letters up to 1st February, when the 10th February was appointed for the meeting. The meeting was held upon the date mentioned, and although matters of importance were discussed, yet the delegation refused to give an "information" on the subject discussed, but stating that they had been very courteously received.

The following information is now given as to Canada's proposals for the settlement of several international questions in dispute.

In reference to the Alaska Boundary—it is proposed that a reference to some impartial authority be made by Great Britain and the United States for the purpose of ascertaining and deciding finally the true boundary, regard being had to the transit of the subject, and likewise to the case which may be presented by either Government and to the testimony which may be adduced as to the physical features and conditions of the country.

Also that a Commission of four persons be appointed jointly to report to the Governments of Great Britain and the United States as to the best and most convenient mode of delimiting the boundary as established by the awards to be made under the foregoing article: the Commission to have authority to recommend, as satisfactory, the adoption of a conventional boundary, if they, or any of them, find a conventional boundary likely to avoid serious inconvenience in the delimitation, and otherwise compatible with the interests of both countries.

PROTECTION OF FISH.—It is proposed that a Commission of two persons shall be appointed, one by the Government of Great Britain and one by the Government of the United States to consider in the United States and Canada, respectively, and also in waters outside the territorial limits of either country.

2nd. The prevention of other destructive modes of fishing in inland waters contiguous to the United States and Canada.

3rd. The prevention of the polluting and obstructing of such contiguous waters, to the detriment of the fisheries and navigation.

4th. The close seasons which should be enforced and observed in such contiguous waters by the inhabitants of both countries; and

5th. On the subject of re-stocking and replenishing such waters with fish, and the means by which fish life may be thereby preserved and increased.

RECIPROCITY IN WRECKING.—It is proposed that United States vessels and wrecking appliances may render aid and assistance to American and other vessels and property wrecked or disabled in or distressed in the waters of Canada contiguous to the United States; and that Canadian vessels and wrecking appliances may render aid and assistance to Canadian and other vessels and property wrecked, disabled or in distress in the waters of the United States contiguous to the Dominion of Canada.

Also the aid and assistance shall include all necessary towing, and that nothing in the foregoing shall apply to vessels and wrecking appliances actually employed in rendering such aid and assistance in a manner which would restrict the sailing operations of such vessels and appliances.

THE ATLANTIC FISHERIES.—It is proposed that in the United States and Canada all duties shall be removed from fish of all kinds (except fish preserved in oil) and from all whale oil, seal oil and other products of fish, being the product of fisheries carried on by the fishermen of the United States and Canada, as well as from the catches, barrels, legs, cans and other articles and necessary coverings containing all or any of the products above mentioned; and that the duties on such articles are allowed to be brought into the United States without duty by British subjects, the privilege of entering the ports, bays and harbours of the coast of Canada shall be accorded to United States fishing vessels on licenses, free of charge, for the following purpose:—

1st. The purchase of provisions, bait, ice, seines, lines and all other supplies and outfit.

2nd. Transshipment of catch for transport by any means of conveyance.

3rd. Shipping of crews.

The like privileges to be given to fishing vessels of Canada on the Atlantic coast of the United States, while the aforesaid articles are allowed to be brought into Canada without duty by American citizens.

THE AGREEMENT.—The replies of the United States Secretary of State to the foregoing propositions were received a few days later. With but one exception only they substantially accepted the Canadian proposition and therefore constitute the agreement arrived at upon the points mentioned with the exception of that in regard to the Atlantic fisheries. Mr. Blair declining the Canadian offer of the privileges now granted to United States fishermen under the modest stipend, in return for the free admission of Canadian fish into American markets.

The question of a legislative union of the provinces of New Brunswick, Nova Scotia and Prince Edward Island has been brought before the New Brunswick legislature by Mr. Burdell, the motion being seconded by Mr. McKeown. Both gentlemen in their speeches endeavored to show up the wisdom of adopting such a union, by the saving it would effect in the various expenditures when all were united.

The resolution was carried without a division of the house, evidence was should think that the members did not consider the question a practical one and hence did not wish to waste time in discussing it.

A motion has been made in the House of Assembly for increased representation for the counties of Kent, Gloucester and Carleton. The motion was voted down. Decreased representation is what the people want and thus lessen the expenses of legislation.

St. Patrick's Day Entertainment.

As advertised in The Advocate, the people of St. Mary's Congregation, assisted by members of the Church choir, closed the St. Patrick's Day celebration by a concert in the Masonic hall, in the local house by the present extravagant government.

On Saturday night last the finest custom house building in St. John, erected after the great fire there at a cost of over \$300,000 was destroyed by fire, only a portion of the walls remaining. The fire broke out at 11.15 o'clock on Saturday night, during a heavy westerly gale and was not extinguished until four o'clock on Sunday afternoon. It is not known how the fire started. The building was supposed to be fire proof. It was completed in 1881. Its front was 200 feet, the centre being 50 feet deep, the two wings were 90 feet deep.

There were several other fires during the night, and much alarm was felt for fear of the fire spreading. It is considered fortunate that the lot was vacant opposite the burning building as this was a help to the firemen in preventing the spread of the fire.

Many valuable records and papers were destroyed, while those stored in safes and the vaults were supposed to be intact. No insurance.

Departmental Reports.—We have been favored with copies of the following departmental reports and reports which have been laid before the local legislature of New Brunswick:—Crown Lands, Public Works, Auditor General, Provincial Lands, Agriculture, Provincial Board of Health, and the report of the Chief Commissioner of Public Works presents the following table of expenditures for the past year:—

Great roads and bridges, \$255,573.30
Legislative and other pub. buildings, 12,992.30
Lunatic asylum, 1,498.55
Sanitary navigation, 2,901.75
Departmental expenses, 1,122.97
Miscellaneous accounts, 1,495.63
Amalgamated accounts, 503.33
New departmental buildings, 585.75
Public court rooms, St. John, 35.00
Sewer, Normal school, 54.40
Sanitary system, Normal school, 3,165.19
Expenses of 1891, 784.42
Government stable, 4.00

Expenditure for the previous year was \$145,838.40, the increase for the past year amounting to \$109,735.35.

In the foregoing amount great roads and bridges the proportion charged to the annually appointed supervisors is subdivided as follows:—

New bridges, \$3,270.75
Repairs of bridges, 10,193.85
Roads and commissions, 45,419.45

Total, \$58,884.05
Bridges. The expenditure on these works, under the charge of the supervisors, amounts to \$13,466.48, for the year ending Dec. 31st, 1891, exclusive of commission. Of this sum \$9,000 has been applied to erecting 11 new bridges, and the balance, \$10,466.48, in repairing 206 others.

LEGISLATIVE AND OTHER BUILDINGS.—The expenditure on legislative buildings and public offices for the past year amounts to \$9,383.27

On Normal School (ordinary), 2,557.70
On the same (extraordinary), 1,458.55
The expenditure on government house for the past year amounts to \$651.33, and is classified as follows:—

Caretaking, etc., \$75.00
Household and coal, 1,100.00
Fuel for conservatory, 38.00
Insect powder for carpet, 5.00
Water rates, as per old agreement with city, 60.00
Flags, 12.50

Total, \$651.33
The expenditure for bridges under special supervision in the Northern Counties was as follows:—Kent, \$21,914.32; Northumberland, \$2,092.25; Gloucester, \$6,781.05; Restigouche, \$2,262.25. The expenditure of the 1891-92 session is set down at \$74,424; the Dalhousie steam ferry received \$8,000; the Miramichi Steam Navigation, \$1,000.

The expenditure on Great Roads in the County of Kent amounted to \$1,299.03, Northumberland and \$1,734.45; Gloucester, \$1,882.25; Restigouche, \$7,723.35.

Following is a comparative statement of receipts from Crown Lands, as shown by the Provincial General's report:—

1890, \$1,456,550 \$2,262,400
Land sales, 1,156,550 \$2,262,400
Labor fund, 30 148.80
Furniture, 322 119.25
Sales of timber licenses, 1,889.00 2,894.50
Revenue of the Province, 1,156,550 1,156,550
Net stampage, 110,897.08 81,728.84
Miscellaneous, 8,055.61 8,231.51

Total, \$1,456,550 \$2,262,400
The receipts for 1891 were \$2,262,400 less than those of 1890, the deficit being on stamps. "The Province," says the Surveyor General, "by the lessened lumber operations of last winter, the depression of the lumber trade of the province, made due to the sluggish demand and low prices ruling in British and continental markets, as well as to the increasing Baltic competition had a discouraging effect upon our operations last season, but even the reduced cut for which their preparations were made was materially lessened by the unusually heavy fall of snow which took place in the latter part of the lumbering season and practically compelled them to discontinue their operations. The present season has so far been favorable to lumber operations and I have reason to anticipate an average cut which should be marketed to better advantage than last winter's stock. The slight falling off in receipts for renewals of licenses is compensated for by the increase of those from the sale of new licenses, while the miscellaneous receipts have also slightly increased."

THE LUNATIC ASYLUM.—In his report of the lunatic asylum, Dr. Steves said: On the 1st of January, 1891, there were upon our register 445 patients—84 males and 363 females, 19 of whom were reckoned curable and 436 incurable—not a very hopeful presentation it must be admitted. The reckoning, however, is subject to contingencies and limitations: many of the persons composing this great majority, and who have failed to secure a complete recovery are very good citizens, and it should be observed that these are the accumulation of many years.

At the close of the year 1891 the number of patients with which to begin the year 1892 was 466—233 males and 233 females. The number probably curable of these is estimated to be 25—11 males and 14 females, leaving a residue of 441—222 males and 219 females—not likely to ever fully recover.

It will be noticed that the whole number of patients in 1892 exceeds that of 1891 by 11 persons; which is an average ratio of increase covering several years.

A motion has been made in the House of Assembly for increased representation for the counties of Kent, Gloucester and Carleton. The motion was voted down. Decreased representation is what the people want and thus lessen the expenses of legislation.

The Northumberland Circuit Court.

His Honor Hon. Geo. E. King Junior Presiding.

Court met yesterday, 22nd March, the following Grand Jury were called and sworn:—E. Lee Street, foreman, Thos. Gilmann, Jas. H. Plimley, Jno. G. Keith, Jno. Robinson, Jno. Sadler, Jas. Brown, Thos. Russell, Michael S. Harkin, Jno. D. Creighton, Jno. McDonald, Michael Bannan, E. A. Strong, Wm. Jones, Francis O. Patterson, Geo. Stables, Michael F. Noonan, George Burdell, Jno. M. Radcliff, John Buckley, Theophilus DesBrisay.

His Honor in addressing the Grand Jury informed them that there were two cases on the calendar, a private prosecution on a charge of perjury brought against a man named McLean. The prosecution arose out of the enforcement of the Canada Temperance Act in the County of Carleton Place.

There was a prosecution instituted by John Menzies, Canada Temperance Act Inspector against Mr. Henry Murray for alleged violation of the second part of the C. T. A. for selling intoxicating liquors in the county, the matter was heard before Mr. McQuay, Justice Magistrate of Chatham, and related to the office which took place on the 30th of January. That in this proceeding witness McLean was called and denied he was in bar in Murray's house and had any intoxicating liquor to drink there. That he said one St. John or Travis was there, and as he was the only testimony in evidence was sworn to the jury the nature of the case of perjury and the law bearing on the case.

The jury retired to the jury room, and after an absence of about an hour and a half returned into Court finding "No bill."

There is only one Civil Suit pending for trial, viz. The Merchants' Bank of Montreal v. The Bank of Montreal, C. C. for Bill and R. A. Lawlor, Esq., for Del.

Personal.—Mr. H. S. Miller, of Chatham, was on Wednesday evening last presented with three addresses and a gold beaded cane, one by the Methodist Sabbath School, of which he was superintendent, one by the congregation of St. Luke's church of which he was one of the most energetic members, and the third from the Epworth League in connection with the same church. Suitable replies were made to the addresses. The ladies provided ice cream and cake for the occasion. Mr. Miller left on Friday for London where he is to attend the annual meeting of the British Association.

At a meeting held at Newcastle on the 8th inst., there were present Rev. J. D. Murray, Moderator, N. McKay, Wm. Alken, A. F. Carr, Wm. Hamilton, A. F. Thompson, W. J. Fowler, Wm. McLeod and J. A. Green, leas, ministers, and Mr. Wm. Robertson, elder.

Deputations of Presbytery were appointed to visit supplemented charges in the interior of the province. The fund, as follows: Rev. Wm. Alken and the clerk to visit Black River; Rev. W. Hamilton and Rev. A. F. Thompson to visit Blackville and Derby; and Rev. Joseph McCoy and the Moderator to visit Tatamagouche and Black Church.

Rev. G. Fisher was appointed to visit Carleton and endeavor to secure arrears due to Mr. George. He was also empowered to moderate in a call there where he holds the field ready.

Installation was received from the Presbytery of St. John that Rev. G. F. Kenner has accepted the call of the New Richmond congregation, and the 11th May at 10 o'clock a. m. Reports of Committees on Sabbath Observance, State of Religion, Temperance, Sabbath Schools, Systematic Giving, and Statistics were submitted by the several conveners. In connection with the Temperance report the following points were specially emphasized. (1) That Session, and members of the Church who are to office as School Trustees, make an earnest appeal to the people of the province to have the Temperance text-book introduced into all the public schools; (2) That, in communities where licenses are granted, our people be enjoined not to sign petitions to grant licenses.

Rev. E. Thompson, Wm. McLeod, Joseph McCoy, and A. F. Carr were appointed commissioners to the General Assembly. Mr. McLeod submitted a very interesting report of his two weeks' operations among the lumber camps. The report was ordered an abstract of the report to be prepared for publication, thanked Mr. McLeod for his diligence and congratulated him on the success of his mission. After attending to a variety of matters of routine the Presbytery adjourned to meet at Dalhousie on May 10th at 10 o'clock standard time.

Up in Bridgeport.—DALHOUSIE, March 16.—Business in this county is somewhat dull. There is the usual lull which precedes the opening of spring. There is, however, a pretty steady shipment of shingles and railroad ties from several points on the I. C. R. The coming summer promises to be a busy one for the first named industry: some new mills will be at work and others enlarged. A. E. Alexander will have a fine one at work just above Campbellton; A. G. Wallace at Dalhousie. The steam logjams works of Reid & Son are being removed from Upper Charlo to the new site just above the town of Dalhousie and are to be very much enlarged so as to do savings of all description, including shingles.

The new steam mill of G. Moffat & Co., at Dalhousie, is rapidly bearing completion. It is understood that it will be started to test new machinery, etc., in about three weeks. It is confidently expected this mill will turn out a larger quantity than usual of deals this coming season.

In anticipation of an early opening of navigation the steamer Adair, which wintered at Dalhousie, is being overhauled and put in readiness for the summer's work.

The Loch-Arness Hotel, it is understood, will not open during this season. This will be somewhat of a drawback to our pretty settlement, as the tourists added considerably to the gaiety of the place.

The new jail is finished; is a fine looking building, and it is understood is a very substantial building.

AS ODE TO D. D.

Twinkle, shine, ye lovely days,
Bright as stars in twilight skies;
Ye are all of gorgeous hue,
Bright and fast, so clear and true.

Ye are diamonds rare and clear,
Jewels made the heart to cheer;
Home without your light to see,
Ye can make the longing free.

Diamonds pure—your glorious rays
Bring to us such happy days;
Days so full of sweet content,
Home without your light to see.

Glim'ring, brilliant, fadeless, strong,
To our people ye belong;
Ye go in at every door,
From the fields of rich and poor.

Onward! Forward! Never cease
In your work of love and peace;
Show to eager, watching eyes,
Your great power as Diamond Days.

By Telegraph.—Frederick, March 22nd, 1892. Poiret introduced bill to authorize Gloucester municipality to issue debentures for the erection of a Jail and Court House.

Blair committed bill authorizing the acceptance of policies in guarantee companies as security for certain public officers. Palmer in the Chair. Agreed to with amendments.

Following bills were introduced by Blair, bill to authorize trust building and loan companies incorporated by parliament of Canada or Legislature of another province to do business in this province; bill amending New Brunswick Joint stock companies letters patent act; by Rourke—bill to amend New Brunswick elections act of 89; by McQueen—bill to authorize city of Moncton to exempt sugar refinery from taxation; bill to amend Income Tax act of city of Moncton; by Poiret bill to alter time of holding annual meeting of Gloucester county council.

Blair on behalf of committee to control standing or select committees reported that in accordance with requirements of new rules they have added following names to committees named:—Municipalities—Mitchell, Ryan, Lablache, Stockton, Alward, Lewis, Russell, Harrison, Smith, Wilson, Puley and Leeger, Corporations: Tweedie, Turner, Phinney, Atkinson, Threlkeld, Taylor, Hetherington, Murray, Ketchum, McQueen, Anderson and Burdell. A. J. Russell.

McLachlan & Riddell. Official Reporters.

Recent Publications.—The Pastor for April is an excellent number. There are interesting and very suggestive of the Easter season it heralds. Its leading stories, by Parry and Margaret Sidney, are of interest enough to themselves this month. The book is a charming little story, and the American History article, and English Literature paper, not to mention the Old World anecdote, and Missionary news furnish a range of topics which meets the needs of the family entire, and makes this magazine an invaluable help whatever it goes.

Price \$1.00 per copy to a number. D. Lothrop Company, Publishers, Boston.

The "Myr's Navy" brand of smoking tobacco has stood the test for over twenty years, and during that time it has lost no friends and gained scores of thousands. This long-continued experience shows that it is no mere passing fashion which has gained the approval of the public, but its superiority in the essential qualities which make a first-class tobacco.

At Chatham, March 14, to the wife of W. R. Gould, J. P., a daughter.

At the residence of the bride's mother, Chatham, March 14, by Rev. Geo. McCoy, M. A., David Cassey, Jr., of Chatham, and Helen R., daughter of the late Alex. Stewart.

At Black Brook, March 11, DANIEL DOTY, son of John Doty, aged 27.

At Northport, on 22nd March EMBERRA McKAY, aged 77 years.

Funeral on Thursday 1 o'clock.

Scott Act Cases.—Nora Welch, of this town, was cited to appear before Col. McQuay on complaint for violation of the Scott Act on Wednesday last. She was convicted, and fined fifty dollars and costs.

The World says it is supposed to have been intended for Inspector Menzies.

At the residence of the bride's mother, Chatham, March 14, by Rev. Geo. McCoy, M. A., David Cassey, Jr., of Chatham, and Helen R., daughter of the late Alex. Stewart.

At Black Brook, March 11, DANIEL DOTY, son of John Doty, aged 27.

At Northport, on 22nd March EMBERRA McKAY, aged 77 years.

Funeral on Thursday 1 o'clock.

Local Legislature.

(Continued from last page.)

Nays—Mr. Speaker, Messrs. Blair, Mitchell, Puley, Tweedie, Lablache, Collier, Russell, Thierall, Taylor, Palmer, Hetherington, Murray, Ketchum, Douglas, McQueen, Leeger, Anderson, O'Brien, etc.

Mr. Burdell moved, seconded by Mr. McKeown, the following:

Resolved, That it is the opinion of this house that a legislative union of the provinces of New Brunswick, Nova Scotia and Prince Edward Island is desirable and would be in the public interest.

Mr. Burdell in his address, traced the history of previous movements for union and claimed that the union would be in the interests of economy; that the representation could be decreased and need not be greater than the present representation at Ottawa from these provinces of the three provinces were closely identified, and that their union would greatly increase their prestige at Ottawa.

Mr. McKeown, who followed, dealt with the financial aspect of the question, claiming that on the item of legislative expenses of all kinds, a saving of \$100,000 could be effected by the union, and that such a saving would promote a national sentiment. The interests of the maritime provinces in many respects were different from the other provinces of Canada and they should be in a position to promote and defend those interests with their united influence.

Threlkeld passed without division. Mr. Alward made his motion, seconded by Mr. Smith, for particulars of the expenditure of \$284, referred to in the annual report of the Lunatic Asylum commissioner. He said the expenditure of the asylum had increased from \$38,238 in 1882 to \$60,666 in 1891.

Mr. Mitchell said the information asked for would be given.

Mr. Phinney made his motion, seconded by Mr. Alward, for a statement of the expenditure of the Lunatic Asylum for the year ending March 31st, 1892. He said the expenditure of the asylum had increased from \$38,238 in 1882 to \$60,666 in 1891.

Mr. Mitchell said the information asked for would be given.

Mr. Phinney made his motion, seconded by Mr. Alward, for a statement of the expenditure of the Lunatic Asylum for the year ending March 31st, 1892. He said the expenditure of the asylum had increased from \$38,238 in 1882 to \$60,666 in 1891.

The maximum and minimum columns show the highest and lowest temperature in the 24 hours.

The minus sign shows at the left and the plus sign at the right, its absence denotes above zero.

Miscellaneous.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Whooping Cough.

Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it.

Price 10c, 50c, and \$1. You lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by E. Lee Street.

Man - What are you reading?

Woman - A Man Without a Country.

Man - Looking directly up and down the back of a man is as painful as a country without a man.

The trouble with most cough medicine is that they spoil the appetite, weaken digestion, and create bile.

Ayer's Cherry Pectoral, on the contrary, while it gives immediate relief, assists rather than impairs the assimilative process.

"Make yourself at home," said the girl.

"Thanks, I will," he replied turning out the gas.

Dandruff is an exudation from the pores of the scalp that spreads and dries, forming scurf and causing the hair to fall out.

Hall's Hair Renewer cures it.

"It is true, Mr. Smith," he said, "that there are just two things a woman will jump at - a conclusion and a mouse."

"No," she answered. "That is a third, Mr. Smith."

After thinking the matter over a few moments he treated himself to a mouse.

He was not the right man.

Dr. E. T. Miller, of Cross Plains, Wis. has expressed the opinion that, for obstinate cases of syphilis and scrofula, Ayer's Sarsaparilla is unquestionably the most effective remedy known to pharmacy.

Wonderful cures have resulted from its use.

Debtor - I can't pay you anything this month.

Collector - That's what you told me last month.

Debtor - Well, I kept my word, didn't I?

Collector - Yes, but you didn't pay me.

Debtor - Well, I kept my word, didn't I?

Collector - Yes, but you didn't pay me.

Debtor - Well, I kept my word, didn't I?

Collector - Yes, but you didn't pay me.

Collector - Yes, but you didn't pay me.

Oh, What a Cough.

Will you heed the warning. The sign of a cough is the sure approach of that terrible disease Consumption. Ask yourselves if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back, side or chest use Shiloh's Porous Plaster. Sold by E. Lee Street.

The flux has to be broken before its strength can be known.

Dr. T. A. SLOCUM'S OXYGENATED EMULSION OF Pure Cod Liver Oil. They who use it - Live. For sale by all druggists.

You can never be happy without asking God to tell you how.
