

CHARLOTTETOWN, P. E. I., Wednesday. — This evening at sunset the ten-year-old daughter of Geo. Carson, section foreman of Highfield was accidentally shot by her brother Albert, aged 16 while he was handling a loaded shotgun. Without warning the weapon was discharged, the entire contents entering the little girl's body, killing her almost instantly. The victim's mother is insane with grief.

## TOWN TOPICS

(From Tuesday's Graphic.)

**MARRIED.**  
At the Rectory, Dorby, Sept. 11th, by the Rev. T. H. Cuthbert, Liatock George DesBrisay to Miss Jessie McKinnon Corbett, both of Newcastle.

**CENTRAL SCORES NO MORE.**  
Central is now reported to be afflicted with insomnia. Every call in the wee small hours finds him at his post, alert and active.

(From Tuesday's Graphic.)

**SOLDIERS RETURNING.**  
No. 1 Company 4th Regiment C. A. Major Leigh commanding, passed through on the Limited from Petawawa yesterday morning. The company comprises 25 officers and men.

(From Tuesday's Graphic.)

**MORE SMALLPOX.**  
Another case of smallpox has developed at Mission Point. A special meeting of the Board of Health was held last evening and steps taken to prevent its spread to this side of the river.

(From Tuesday's Graphic.)

**AN OUTSPOKEN FARMER.**  
An upriver farmer who adds to his income by keeping boarders during the fishing season was asked if he intended taking in any this fall. "Wal if they come," was the reply, "they'll be took in all right."

(From Tuesday's Graphic.)

**LIBERAL CONVENTION.**  
A convention of all those favorable to Liberal principles is called to meet in convention at Dalhousie on Tuesday at 2 o'clock for the purpose of choosing a candidate to run in the Liberal interests. A number of speakers will be present to address the meeting.

(From Tuesday's Graphic.)

**SEASON OPENS TO-DAY.**  
The big game season opens to-day and many are preparing for the woods. Restigouche has a fine country for big game but is lacking in registered guides and camp help. The young men should wake up to this means of making money before outsiders step in and get the best of the territory.

(From Tuesday's Graphic.)

**QUILT WEDDING.**  
A very quiet wedding took place last Friday evening when Mr. L. George DesBrisay and Miss Jessie Corbett were united in marriage by Rev. T. H. Cuthbert. The young couple left by the Limited and will visit Toronto and other Canadian cities before returning to Newcastle where they will reside.

(From Tuesday's Graphic.)

**A DROP IN EGGS.**  
A delivery wagon from one of the grocery stores in town met with a mishap Saturday. It was being driven up Water St. at a smart rate of speed when it struck an obstruction. Eggs, flour and sundry vegetables flew in all directions the fruit making vivid splashes of yellow along the roadway.

(From Tuesday's Graphic.)

**ALMOST A TRAGEDY.**  
What came near being a fatal accident occurred yesterday morning when a one-armed man driving a wagon attempted to cross the railway tracks at Cedar Street in front of an incoming train. The driver pulled his horse up sharply, the animal falling back on his haunches and throwing the driver from the wagon. He was considerably bruised but was otherwise unhurt. A feature about the affair was the fact that no warning whistle was blown by the engine.

(From Tuesday's Graphic.)

**KITTY REFUSED TO DIE.**  
The old story that a cat has nine lives proved true in one case last week. A resident of Moffats long annoyed by a feline with vocal proclivities, took the animal and submerged it in a tub of water. When life was thought to be extinct he took the body and buried it in a manure pit. The following morning he was startled by hearing a reproachful obligato under his window. Looking out he espied the same old cat. The heat of the manure had evidently given it a new lease of life.

(From Tuesday's Graphic.)

**OVER 100,000 AT G. T. R. EXHIBIT.**  
The splendid exhibit which the Grand Trunk have put up at the Franco-British exhibition is attracting a great amount of attention and the English people are getting an idea of what a Canadian Railway really is. The views of the double track scenes, the heavy motive power, the splendid equipment and the beautiful reproductions of photographs from scenes along the line, together with the specimens of trophies of fish and game which are on view, are both pleasing to the eye and attractive to the mind of the visitor. The total attendance in the Grand Trunk building from May 14th (the opening day) until July 23rd, amounted to 106,697 people. Letters have been received from Canadians and others professing in their praise of this handsome building and exhibit which is a credit to the railway and a big advertisement for the Dominion.

## BEECHAM'S PILLS

**MANY MOOSE.**

Five moose were seen in a field at Charlottetown yesterday. Mrs. D. A. Stewart left today for Richibucto, Chatham and other points.

(From Wednesday's Graphic.)

**CASE DISMISSED.**

The case against the hotel keeper for violating the liquor law was dismissed yesterday, on the strength of an opinion from the Solicitor General to whom the case was submitted.

(From Wednesday's Graphic.)

**AFTER BIG GAME.**

Messrs. Harold Montgomery and Jas. McNeill left on the branch Monday for a few days' big game hunting in the vicinity of Charlottetown. They will also spend a few days hunting smaller game in the vicinity of Dalhousie.

(From Wednesday's Graphic.)

**PARTY OF TOURISTS.**

A party of tourists all the way from Paris, France, are stopping at the Hotel. They are evidently much impressed with the beauty of our scenery and seem to take a keen delight in looking up the old corners of our picturesque town.

(From Wednesday's Graphic.)

**CONVENTION 25th SEPT.**

A convention of all those favorable to Liberal principles is called to meet in convention at Dalhousie on Tuesday, Sept. 22nd, at 2 o'clock for the purpose of choosing a candidate to run in the Liberal interests. A number of speakers will be present to address the meeting.

(From Wednesday's Graphic.)

**BOY INJURED.**

A young lad named Davison was badly hurt yesterday, while driving a wagon loaded with brick along Water Street. On coming down a declivity the horse reared and one of its hoofs striking him from the chest. He was attended by Dr. Pinault and later sent to the hospital.

(From Thursday's Graphic.)

**FREIGHT TRAIN DITCHED.**

A freight train consisting of twelve cars jumped the tracks at Cacouna yesterday. The delay in clearing the road held up the Limited for several hours.

(From Thursday's Graphic.)

**TUG GOES TO BAEI VERTE.**

The tug William Aitken, Capt. Batt, which has been tending the dredge St. Lawrence, has received orders to proceed to Baie Verte, and leave for that place this morning.

(From Thursday's Graphic.)

**A UNIQUE POST CARD.**

Mr. C. W. Anslow is in receipt of a unique post card from St. John. Instead of his name being written above the address, a small photo of the addressee is placed there. The post office people could not mistake the face and delivered it without trouble.

(From Thursday's Graphic.)

**THE JUDGE'S JOKE.**

Gloucester a few years ago had a police justice who rivalled the famous Judge Duffy of New York. A prisoner was once brought before him on a charge of drunkenness. The justice listened to the evidence and then turning to the prisoner he said:

(From Wednesday's Graphic.)

**"Ten dollars, how will that suit you?"**

"That's all right," said the culprit. "I've got that in my hip pocket." "And thirty days," added the justice. "Have you got that in your hip pocket?"

(From Wednesday's Graphic.)

**MAN CAME BUT LETTER STAYED.**

A letter was mailed in St. John yesterday and although the sender has arrived in town, the letter has not as yet made its appearance.

(From Wednesday's Graphic.)

**MEETING OF LIBERAL CONSERVATIVES.**

There will be a meeting of the Liberal Conservatives of the Town of Campbellton and Parish of Addington in the committee rooms, George St. Onge Hall, Friday evening, Sept. 18th for the purpose of selecting delegates for a county convention to nominate a candidate.

(From Wednesday's Graphic.)

**St. Joseph, Lewis, July 14, 1903.**

Minard's Liniment Co., Limited. Gentlemen—I was badly kicked by my horse last May and after using several preparations on my leg nothing would do. My leg was black as jet. I was laid up in bed for a fortnight and could not walk. After using three bottles of your MINARD'S LINIMENT I was perfectly cured, so that I could start on the road.

Lame Back.

FREDERICTON, Tuesday. — What yet may prove a fatal shooting accident occurred about dusk last night on Yoho Waters, midway between Beaver Dam and Tracy, about 20 miles from this city.

Two brothers, Benjamin and Edward Smith, both well-to-do farmers, married, and sons of Israel Smith of Beaver Dam New Maryland parish, this county, to get an early start for the big game country, left home early this afternoon with team, tent and rifles, traveled six miles and camped on a barren where they observed moose tracks.

About dusk they left camp in different directions, Benjamin going to a pond some distance away, and Edward to a brook. Finding no game it occurred to them that the moose might be at a spring not far away. Both started for the spot. Benjamin was there first and was making a birch horn to call moose, when Edward approached. Seeing only the lower limbs of his brother who was crouching, and leaving the horn in the making, Edward thought he had found a moose, levelling his rifle, fired. The bullet entering Benjamin's groin, smashing a rib and passing through the abdomen.

"You have shot me," was the wounded man's cry, as his brother threw out the shell and prepared to deliver another bullet. Rushing to his brother's side he found the latter bleeding freely.

British woolen manufacturers are still protesting against statements in Canada as to the danger of wearing shoddy. They seem to think that it would be perfectly safe for a man to venture out in a strong wind clothed in that kind of fabric.

This proposed system is a compromise between the United States system of delivery at every house in some districts and the Canadian system of bringing sealed packets to post offices in country districts.

**PAIN**

Pain in the head—pain anywhere, has its cause in congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and he proves it by his little pink tablet. That tablet—Dr. Shoop's Headache Tablets—takes blood pressure away from pain centers. Its effect is charming, pleasantly delightful, gentle, though safety, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are drowsy, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the congested blood pressure away from pain centers. Rubs your finger, and doesn't get red, and swells your finger, and of course it does it's congestion, blood pressure. You'll find it where pain always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

## DR. GRAHAM GETS A FINE PRESENT

Hammond Doctor Receives Token of  
Appreciation From Dr. J. C.  
Pannenberg.

FORMERLY OF THIS TOWN

Dr. J. A. Graham, who has been attending Dr. John C. Pannenberg during his recent illness, received a beautiful token of his appreciation when Dr. Pannenberg presented him with a fine gold watch. Dr. Pannenberg has been wrestling with a stubborn case of bladder trouble and Dr. Graham has been his physician all through his trouble. The doctor made a diagnosis of the case by Dr. Pannenberg feared there might be other things wrong and so he went to Louisville, where he was examined by some of the professors in his old medical school. This diagnosis was the same as that which Dr. Graham had made, and Dr. Pannenberg returned to Hammond very much encouraged. He has been improving rapidly of late and to show his appreciation he presented Dr. Graham with the gold watch—Hammond, (Ind.) Times. The Dr. Graham referred to above is a former resident of Campbellton, being at one time a practicing physician here.

SIR WILFRID WOULD FINISH HIS WORK.

Not many years now remain to me. The snows of winter have taken place of spring; but, however, I may show the ravages of time, my heart still remains young, and I feel that I have as much strength as ever for the service of my country. In spite of my sixty years, of which so much has been spent in the service of the Dominion, I am sure that some time remains to me yet to oppose those have I a tooth for the unholy alliance sinister combinations, and especially between the Castors and the Conservatives. Our greatest work for the advancement of Canada is the construction of the Grand Trunk Pacific, which means so much for our country's future, and with which I hope my name will be chiefly associated. The more we know about this line the more we see its advantages to Canada. In fact, its advantages are already being felt, as even now it is taking its part in the transportation of the western wheat crop. Within two years we shall see this line running from Moncton to Winnipeg, opening up traffic to new empires of the north, where generations yet to come will be able to settle and make their livelihood. I tell you in all sincerity that I want to carry the coming general election in order to finish this great work, and when it is completed I shall be content to say with the prophet of old: "Lord, now let Thy servant depart in peace."—The Premier at Sorel.

## PROTECT THE FORESTS.

The Canadian public needs to wake up to the necessity of saving the valuable forests at a comparatively small expenditure, instead of losing millions by the burning of their timber and having to go to comparatively large expense to plant up areas thus denuded.

The need for forest planting is often, and rightly, urged. But there is another aspect of forestry that claims a place even in advance of this, viz., that of protection, the forest from fire.

Planting an acre of ground with forest trees costs, according to figures given by Mr. E. J. Zavitz, Forester to the Ontario Department of Agriculture, \$5.00 to \$10.00. The former was the figure when the tree could be had at a low price, and other circumstances were favorable. Taking even this figure it can easily be calculated that the cost of planting up one square mile is \$3,300.00, for planting 10 square miles the cost will be \$33,000.00, and to plant a single township 6 miles square would require an expenditure of \$115,200.00.

Instead of waiting for, and allowing, forests to burn down (and the tremendous risk to the forest from fire is little appreciated by any who have not studied the subject), it is far cheaper and easier to guard existing forests from fire. The ranging of the railway belt in British Columbia, an area of a little over 10 million acres, during the last fiscal year, April 1, 1907, to March 31, 1908, cost the Dominion Government \$14,111.64—something less than 1 1/2 mills per acre, or about 90 cents per square mile. No serious fires were reported during the year. The railway belt is exceptionally well patrolled, but even with the cost several times what it is, the expense is well worth while, considering the value of the mature timber and young growth thus saved.

The woman who lives up to the expectations of her hired girl may be reasonably sure of a harp and crown in the hereafter.

Ceylon exported 178,844,837 pounds of tea last year, and only 5,000,000 of it came to England. Most of the crop went to England.

An English watering place, thinking to increase business advertised itself in the papers as "an ideal place of pines, strictly temperance, except Sundays."

Americans visiting Canada express surprise at our progress and high standard of citizenship. It is no occasion for surprise. Nothing could be more natural. All who do not merely visit but come to stay know this.

This woman says that Lydia E. Pinkham's Vegetable Compound saved her life.

Mrs. Emma Chatel, Valleyfield, Bellefleur, Quebec, writes to Mrs. Pinkham:

"I want to tell you that without Lydia E. Pinkham's Vegetable Compound, I would not be alive. For months I suffered with painful and irregular periods and inflammation of the female organs. Doctors could do nothing for me, and said I must submit to an operation as I had a tumor. One of my cousins advised me to take Lydia E. Pinkham's Vegetable Compound as it had cured her."

"I did so and now I have no pain and am entirely cured. Your remedy is deserving of great praise."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

# "ONLY MEDICINE THAT DID ME ANY GOOD"

"Fruit-a-lives" Cured Backache After Doctors Failed Utterly.

"I have received most wonderful benefit from taking 'Fruit-a-lives.' I suffered for years from backaches and pain in the head and I consulted doctors and took every remedy obtainable without any relief. Then I began taking 'Fruit-a-lives' and this was the only medicine that ever did me any real good. I took several boxes altogether, and now I am entirely well of all my dreadful headaches and backaches. I take 'Fruit-a-lives' occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily, in order that others who suffer as I suffered may try this wonderful medicine and be cured."

Mrs. Frank Eaton, Frankville, Ont. Be wise. Profit by Mrs. Eaton's example, and start with 'Fruit-a-lives.' They will quickly relieve Pain in the Back, and stop Headaches because they keep bowels, kidneys and skin in perfect order and insure the blood being always pure and rich. 'Fruit-a-lives' is now put up in the new 25c trial size as well as the regular 50c boxes. All dealers should have both sizes. If yours does not, write Fruit-a-lives Limited, Ottawa.

## BOOM THE RESTIGOUCHE.

It is strange that no real attempt is being made to advertise the Tobique country as a big game resort. Without question we have in this part of the province the finest of our hunting grounds. While other resorts are attracting thousands of tourists yearly the Tobique which is a veritable paradise for the sportsman is comparatively neglected.

An organized effort should be made to bring the charms of this fascinating region to the attention of nature lovers and sportsmen, if we do not wish it to remain a wilderness known only to our local hunters.

## A POOR FARM NEEDED.

Instead of building an almshouse for the care of the indigent poor as proposed by Councillor McDonald the town should purchase or lease a suitable farm, which the paupers could cultivate and thus, in a measure, retain their self respect, which they would be in danger of losing should they continue to be supported in idleness. Under present conditions the paupers are kept in a state of mental and physical lethargy, with little or no opportunity to rise above their unfortunate environment. Given a chance to work in the fields they would to a certain extent become self supporting and be free of the heavy monetary which surrounds the almshouse. These poor creatures are deserving of better treatment than that which the councillor would accord them.

They are the victims of untoward circumstances, the vanquished in life's battle. Give them a chance to win back the hope and confidence which one possessed the day, instead of allowing their faculties to wither under the depressing influences of the almshouse.

## CANADA TO-DAY.

The Charlottetown Guardian takes exception to Sir Wilfrid Laurier's speech at Sorel, especially that portion of it where he refers to the proud position which Canada occupies today, compared with that of twelve years ago. The Guardian contends that Canada was great and prosperous in 1897 and any attempt on the part of the Premier to make it appear otherwise must be looked upon as self-glorification. But Sir Wilfrid does not attempt to make it appear otherwise. There are degrees of greatness and prosperity and only a hide-bound partisan will refuse to admit the truth of the Premier's statement, that Canada to-day occupies a far more commanding position than it did twelve years ago. We are no longer provincial in the sense that we were before the Liberal party came into power. Instead we have won a place among the nations and are feeling the virus of coming greatness coursing through our veins. We have discarded the swaddling clothes of adolescence and donned the shining mail of a leader among the peoples of the world.

An impetus such as we have never before experienced, has been given to all lines of industry and endeavor and Canadians today look forward with confidence to a period of prosperity greater than any nation in the world has ever enjoyed.

Sir Wilfrid Laurier by the magnetic force of his winning personality and his marvelous executive and oratorical ability, has added a lustre to the name of Canada, which only in-

ternal strike can ever diminish, and given her a standing among the nations which, if we are true to our ideals, we shall continue to enjoy for centuries to come.

Judging from the way the population is decreasing through death and flight, Russia will soon present a fine opportunity for an energetic hustling young man.

An oil well fire at Tampico, Mexico, cost three million dollars. As Standard Oil owned the well you will probably hear about it from your coal oil can.

Prince Bodotoff, a Russian, will try to cross the English channel in an aeroplane. Nihilism is no doubt, as willing that the Bureaucracy should be destroyed by aeroplanes as by bombs.

Modelled after the great Tja Mahal temple at Benares, a Hindu Church has been built and consecrated at San Francisco, being the only one so far as is known in the western world.

American finance kings are being criticized because the bulk of their wealth comes from the water in their stocks. Why, that is nothing. We know an editor up here who makes money out of water, or rather the lack of it.

New York has abolished bucket-shops. Hereafter all the gambling will be done in the stock exchange. In this respect New York is also Christopher Shy, who would get drunk only in gold Christal company.

Tikking or dry coughs will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Accept no other. Sold by A. McG. McDonald.

## SCHOOLHOME WORK.

One of the barnacles that still cling to our educational system is the custom of giving children home work. The six hours a boy or girl spends in school is usually a sufficient tax upon his or her mental capacity and the time out of school should be devoted to play or other duties than lessons. It is the teacher who should work overtime preparing his work for the next day. His business should not be to merely hear lessons but to teach in the proper sense of the term. As it stands the public school teacher is too frequently a mere monitor who directs the studies of his pupils and listens to recitations. In even the secondary schools there is too little teaching and too much dependence upon text books and the unaided effort of the scholar. With all our development in teaching methods we are still way from the ideal, especially in the handling of our primary schools.—Ex.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In most every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Chicago, Michigan, says of it:—"After using a plaster and other medicines for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by all druggists.

The United States Court at Montreal has decided that the Sultan of Dungharra must be hanged for his numerous crimes. In addition he is sentenced to pay \$500.00 to the heirs of one of his victims. Wonder what further punishment will be inflicted in case the fine is not paid.

A rather humorous item is that of Mrs. Burman, of Offenham, Eng., who is 88, being recently confirmed, in her own cottage by the Bishop of Worcester. She told him that she had been so busy all her life that she had not time to be confirmed.

## Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for many days without relief. I heartily recommend this remedy as being the best to my knowledge for bowels complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by all druggists.

LONDON, Tuesday. — The Birmingham Post expresses anxiety among Canadians here regarding the result of the forthcoming elections because the new transcontinental Railway may be impeded. The PPost fears the socialists by splitting votes may cause the defeat of some Laurier candidates though scattered unskilled laborers are difficult to organize.

## CANADA'S FAME.

The expansion of trade and industry in Canada has been a factor in diverting the stream of immigration in our direction and has furnished contemporary evidence to the stories of the many British and other Europeans who have been successful in building up homes in the Dominion. Emigration returns compiled in Britain indicate that Canada is by far the most favored country by Britishers and foreigners, despite all restrictions. During July over half the English, nearly two-thirds of the Scotch, and over three-fourths of the Irish emigrating went to the Dominion. The figures for the half year are 65,385, against 125,263 in 1907. It is not a matter of surprise that there is some friction and a certain amount of hardship in receiving and placing this great volume of new population. The wonder is that the work was accomplished so smoothly and with such little inconvenience and trouble to the new arrivals.

It is a tribute to the many openings which Canada affords that this great army has been brought in and made a part of the producing population without creating any widespread want or distress. Many of the new arrivals are unfamiliar with the needs of our climate and with some of the special methods of our productive industry. But this has not been a bar to the transformation of all the willing and industrious into useful citizens.

BIDDEFORD, Maine, Tuesday. — Fire caused loss estimated at \$300,000. It destroyed more than 15 acres of lumber yards, more than a score of tenement buildings, several factories, some railway property today on both sides of the Saco River in the cities of Saco and Biddeford. The fire started in a pile of shavings in the lumber yard of Geo. A. Crossman & Sons, on the Saco side, and was carried across the river by high wind. Forty families are rendered homeless.

NEW YORK, Tuesday. — Enraged by the announcement of his engagement to marry another girl, a woman employed at a clothing factory shot down the foreman, Francis Panza. Though married, she was so infatuated with him that on his refusal to break the engagement she decided to kill him. He was taken to the hospital in a dying condition. Mrs. Rubes, his assistant, was captured while endeavoring to escape.

OTTAWA, Tuesday. — The Governor-General will leave tomorrow night for the Canadian Northwest on a fortnight's holiday trip. As parliament is to be dissolved and as the government will recommend all its appointments and clear up all business necessary to be done before the election there is nothing to prevent the governor-general enjoying an outing. He will camp out and will be looked after by a detachment of Northwest Mounted Police.

LONDON, Ont., Tuesday. — Geo. Crowe, of Dorchester, who on September 2nd pleaded guilty before Judge Elliott in the criminal court to assaulting his wife, who afterwards died, was sentenced today to two years less one day in the Central prison, Toronto.

BATHURST, Tuesday. — Rupert Rive, Caraqueet, is intown today. Mr. Rive was the winner of the Rhodes Scholarship at St. Joseph's last year and is now on his way to England to take up his studies.

George Windsor came up from Caraqueet yesterday. The movement for a circulating library has met with the approval of the readers of our town. The first consignment of books will be on hand about October 1st. Any person who have not joined but may be desirous of doing so should subscribe at once. Full particulars may be had by applying to L. A. Palmer, Librarian.

Mrs. P. Rive and Harry Rive, Caraqueet, are at the Robertson.

A new platform is being placed in front of the White House.

Between eleven and twelve o'clock last night the building used by the Bathurst Lumber Co., as a machine shop, near their new mill was completely destroyed. The loss will not be heavy as the building was only a rough temporary affair. Being outside the fire district no alarm was sent in.

WINNIPEG, Tuesday. — The shooting of Robert Kirk, C. P. R. striker's picket, by a man said to be D. Hopper, a strike-breaker, last night, has aroused a bitter spirit among the strikers and trouble is feared by the officials. Threats of lynching Hopper have even been made. The strikers held parade this morning from Trades Hall, to C. P. R. town giving a demonstration on their strength.

"Well, that beats the d—" This was the laconic expression that fell from the lips of a startled-looking teamster as he emerged from the alleyway of a well-known hotel to find that his horse and wagon were gone. He almost ran over a man in his eagerness to find the missing team. "Guess I've been talking to the girls too long," he confessed with a blushing face and off he went westward along the line of railway in search of the missing wagon. Through lanes to the rear of houses he went, carrying his almost empty basket and inquiring from every pedestrian about the departed beast. Soon he turned a corner and was lost to view. Whether he found the horse or not before it arrived at its home is not known.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has on enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it was intended. For sale by all druggists.

WINNIPEG, Tuesday. — Miss Agnes Laut, a well known Canadian writer claims to have made a highly important discovery in the course of a long canoe trip down the Saskatchewan River. She found a reed which is the same as in use by the Chinese and Japanese in making matting. Hitherto nothing of the same fibre has been found outside of the Orient.
