9.—Standing Committee on Standing Orders.

It is the duty of this Committee to take into consideration, without a special reference, all Petitions for Private or Local Bills that may, from time to time, be received by the House, and to report in each case whether the provisions of the Rules, with regard to the publication of Notices, have been complied with.

The Committee were Instructed (on 2nd October,) to enquire and report as to whether or not the Petitions presented during the last Session of Parliament, for Private Bills, may serve during the present Session, for the introduction of such Bills; and whether it is necessary that such Petitions be referred by the House to the Committee, or what other proceeding should be had to bring said Petitions under the notice of the Committee.

The following abstract, taken from the Private Bill Register, will convey the judgment of the Committee in reference to the various Petitions taken into their consideration, so far as regards the compliance or non-compliance with the Rules of the House affecting applications for Private Bills. The number prefixed to each entry refers to the number of the application in the Register, on examining which fuller particulars of the progress of the Committee, in investigating the same, can be obtained. The date of the Report in each case is given, where such Report was unfavourable, or was not followed up by the introduction of a Bill. But if a Bill was reported, or was subsequently introduced, reference is given to the Schedule of Bills for its full title, and the proceedings thereon, and the date of the Report of the Committee is omitted, as being superfluous and unnecessary in the present digest, which professes merely to give the final result of the several applications enumerated.
