## STUDENT EXCHANGE PROPOSED

By JOHN DREW

President Ron Manzer exercised his voting rights at the SRC meeting Wednesday concerning a deadlocked proposal to set up a committee to investigate the possibility of a UNB-Dartmouth interchange of students.

Mr. Manzer voted negative on the initial motion that opposed the formation of any such committee. A subsequent motion that an investigating committee be set up to study the feasibility of such a program, and that that committee present concrete proposals at the next SRC meeting, Wednesday, November 26, was passed.

Committee members are: SRC President, Ron Manzer; SRC Vice-President, Ted Boswell; NFCUS Chairman, Joan Young; and McGill Conference delegates Tim Arnold, Dick Steeves and Steve Fay.

### McGill Conference

Previous to this, a report had been given on the McGill Conference by the delegates. Mr. Steeves made it clear that informal discussion with American students had been the highlight of the Round Table Conference. They had concluded that a lack of education led to prejudice between Canadians and Americans.

A letter is to be forwarded to Memorial University, St. John's, supporting the idea of a Trans-Canada University radio network. The idea of this network by students, for students, about students was reported fully in the Brunswickan last week.

### Saturday Dance Postponed

Saturday night dances will not be held tomorrow and the following Saturday, owing to stage productions. The future of these dances is at present uncertain.

Other business included a decision that President Colin B. Mackay be asked to enquire into the quality of food served in the Student Centre; the rejection of a motion to send delegates to a universities' United Nations in Montreal, scheduled for Feb. 4th-7th; the general expression that a permanent school song was needed at UNB.

## UofS Surveys Text Prices

The University of Saskatchewan has undertaken a survey of text book prices at thirteen Canadian universities, including UNB.

These prices will be compared with the publisher's wholesale selling prices of the same texts. From this, Saskatchewan University

Continued on page 3

## Science Chooses Queen

Betty Rooke was chosen queen of the Science Faculty last Wednesday evening. Miss Rooke resides in Gunningsville, New Brunswick, and graduated from Moncton High School. She is a first year Arts student, and is active in the cheerleaders and Choral Society.

This completes the list of campus queens nominated in preparation for the forthcoming Winter Carnival.

## Total Student Enrolment Reaches Record 1,553

By MARG MacLELLAND

Total enrollment of students at UNB for the year '58-'59 is a record 1553. That is the story as released today by the Registrar's office. This is an increase of 172 students over last year's total of 1381. The total Engineering enrollment this year is 669, as compared to last year's 623. Arts enrollment has risen from 231 last year to 266 this year, showing an increase of 35 students. Forestry enrollment has increased to 164, an increase of 10 over last year's 154. The Science faculty has increased its student enrollment by 27, last year it was 167, this year 194. Business Administration also has shown an increase. Last year it was 103, this year it is 113. The Physical Education enrollment has doubled, from last year's 23 to this year's 47.

There are 9 students enrolled for Bachelor of Education Degree this year compared with last year's four. One Special Student was enrolled last year but this year there are seven. The Faculty of Law in Saint John listed 29 students last year, but this year, enrollment has dropped to 27. Forty-five students are enrolled for graduate studies, last year compared with 54 this year.

The largest rise in student enrollment this year is in the Engineering Faculty with an increase of 46.

## "INTERVALES" NEW TITLE

The title of the proposed Arts Society Literary Magazine will be *Intervales*, announced the co-editors of the project this week. In making the disclosure editors Carl Wallace and Ron Manzer added that the magazine will appear on the campus sometime in late February.

*Intervales* will be composed of the original short stories, essays, and poetry of the students of the University. Manuscripts should be submitted to the editors or to the associate editors John Stockdale and John Ripley. Closing date for receiving such manuscripts is January 10, 1959.

### Title Comment

In commenting upon the title which had been chosen, Mr. Wallace said: "We were interested in finding a title which would arouse interest or curiosity on the part of prospective readers, while at the same time remaining distinctively U.N.B.; or at least associated with the University in some way. We feel that in choosing *Intervales* for our title we have succeeded in accomplishing this."

### Defined

Webster's New World Dictionary defines the term "intervals" (Continued on Page Two)

## Drama Society Presents First Production Tomorrow

By PETER KENT

Tomorrow night at 8:15 p.m., the UNB Drama Society will take the wraps off their first production of the year, "The Moon is Blue", by F. Hugh Herbert.

The play will run tomorrow, Monday, and Tuesday nights in the Memorial Hall Theatre. Curtain time is at 8:15 for all performances.

The play will star Noreen Keith, Pat Blake, John Gellard, and Walt Learning. It will be directed by Alvin Shaw.

### Plot

"The Moon is Blue" tells the story of an impulsive, romantic girl's adventures on a rainy spring night in New York. The play begins by the girl provoking a likeable young man into picking her up on top of the Empire State Building, and ends there when she and the young man realize they have truly fallen in love. This, the author implies in his title, only happens once in a blue moon.

John Drew, Vice-President of the Drama Society, says that the tickets sales for the three performances are going "very well". Tickets for the play are still available from the University Bookstore, the Library, and all members of the Drama Society.

The UNB Drama Society will present two major productions this year, as well as an evening of one-act plays. The other major production will be "A View from the Bridge", and will be performed in January.

### Calvert Trophy

The Society has won the Calvert Trophy for the best play in

## Cell Social In Great Hall

In Great Hall of Arts Building, UNB Arts Society will hold first and greatest Siberian Social. Only party members and guests permitted to attend. Must show red card at door. Twenty-five capitalist cents will be charged. For evening, salt mine will be closed; Presidium at ball. Secret Police will be out of uniform, but will wear C.P. (Comrade Protectors) band on arm. Have sneaked in western records for event. No vodka, but lots of less debasing beverages.

Dress-optional. If people feel they have good costumes they may wear them. Otherwise, usual party attire in order.

For change, attendance not compulsory. If people hard at work on assignments from chiefs, stay at work. If not, party starts at 9 p.m. this evening. May wear any and all medals.

the New Brunswick Drama Festival, for the past two years.

By virtue of winning this trophy, they have also participated in the Dominion Drama Festival in the past two years.

In 1957, the festival play was "Dangerous Corner" by J. B. Priestley, and in 1958 was "Journey's End" by R. C. Sheriff.

### Cast

Miss Noreen Keith (now Mrs. Pat Blake), was seen on stage last year playing the part of The Girl in the "Seven Year Itch". For this performance, she won the award as best actress at UNB.

Pat Blake appeared in "Journey's End" last season, where he played the role of Lt. Osborne. He was runner-up in the New Brunswick Best Actor Award.

John Gellard appeared in "Journey's End" as Second Lieutenant Raleigh.

Walt Learning was Cpl Hardy in "Journey's End" and Tom MacKenzie in "Seven Year Itch".

Alvin Shaw has directed all the major productions at UNB in the past few years.

### Society Workshop

The Drama Society has constructed a workshop on campus next to the Art Centre. In it, they rehearse for their plays and prepare scenery. The building contains two offices, a workshop, and the "Green Room", which is used for rehearsals and for social events.

## Directory Meets Deadline; Sales Reach 1,100 Mark

The Canterbury Club's Student Directory Committee has met their proposed deadline of Nov. 17, with total directory sales reaching the 1100 mark.

This is the first time that the Canterbury Club has undertaken the publication, which President Hugh Griffith termed "highly successful".

Members of the committee were chairman, Hugh Griffith, Business Manager, Ted Jack, and Sales Manager, Marg Stevens.

The 85 page directory in-

cludes: the names addresses and phone numbers of all faculty and administrative members; the home and Fredericton addresses and phone numbers of all students; all campus phone numbers, student organizations and their executives; and the SRC constitution.

### Registration Method Helpful

Mr. Griffith stated that the card method initiated this year at registration cut the committee's work by 75%.

## ENGINEER INCREASE GROWS SMALLER

MONTREAL—The Engineering Institute of Canada has released the results of its annual survey of engineering registration at Canadian universities and colleges. The Tabulations were prepared from lists obtained direct from the university registrars, and they were compiled at Institute Headquarters here.

Perhaps the most important figure is the grand total of the enrolment. This now stands at 14,552 as compared with 14,247 a year ago. This increase, slightly over two per cent is the smallest rise to be reported for quite a few years. Different causes for this could be sought, but it is not considered to be too significant for the reason that new and improved university facilities on many campuses are expected to swell the total again soon.

### Fewer Frosh

Observers of trends are always interested in the statistics of new freshman intakes. This year's survey discloses a sharp drop in the number of new engineering students starting their courses this year. The total new class number 4,572, against 5,132 last year, a decrease of 11 per cent. This does not reflect a very healthy condition the EIC feels.

At least in part, the decrease must be attributed to general economic conditions this year. One effect was that engineering students had a difficult time in obtaining employment during the past summer vacation, and this would undoubtedly have an influence on the decisions of many who considered starting engineering studies this year.

The same trend is evident when one looks at the estimated number of 1959 graduates. A slight decline is expected. If students presently in their final year complete their courses, 2,104 will graduate and enter the profession next spring. This follows an estimated figure of 2,130 for 1958. If the forecast proves accurate, it will mark the first time that the size of the graduating class has fallen off since the student veterans left the scene. As mentioned above, new teaching facilities and the influence of oncoming classes should soon boost this total again.

### More Schools

On the brighter side of the picture this year, there is the ever-growing number of universities and colleges listed. There are now 30 educational institutions in Canada where some kind of an engineering course is offered, and 15 of these now grant degrees. It is interesting to watch the continued rapid growth of engineering education in Western Canada. This year's survey has disclosed that 30% of students now enrolled in engineering are taking their courses west of the Lakehead.

An examination of the results in the different faculties shows a steadily increasing interest in the study of engineering physics. Total enrolment in this branch now stands at 727 which is an increase of 12½ per cent over 1957. The Sputnik age is certainly having its effect on young minds in their choice of studies.

### "INTERVALES"

(Continued from Page 1)  
as "low, flat land between hills or along a river or stream". It is a corruption of the two words "vales" and "intervals". Thus arises its association with this province and this campus.

## CAMPUS CALENDAR

by Sheila Caughey

To prevent duplication of meeting times and places and to ensure a listing in THE BRUNSWICKAN, please report all campus events to SHEILA CAUGHEY, campus coordinator, at the Maggie Jean Chestnut House (Phone Granite 5-9061).

### TODAY THROUGH MONDAY

**BASKETBALL GAMES:** In the gym. Junior Varsity vs Fredericton High 7 p.m. Friday.

**NO ENGINEERING SMOKER:** no place available.

**ARTS SOCIETY SOCIAL:** Great Hall Arts Building, 8.30 Friday.

**ARCHERY CLUB:** Practice, Boxing Room Gym, 2 p.m. Saturday.

**DRAMA SOCIETY PRESENTATION:** "The Moon is Blue" Mem Hall 8:15 Saturday and Monday.

**PHYS ED. DANCE:** Ping Pong Room of Gym (for Phys Eds. and dates only) 10 p.m. Saturday.

**SCM OPEN HOUSE:** Student Centre, 3 p.m. Sunday. (Discussion: "The Affluence of Incohol")

**OPENING DAY OF UNB ART EXHIBIT:** Arts Centre. Sunday (paintings owned by faculty and students on display)

**CANTERBURY CLUB MEETING:** Cathedral Hall, 8:15 p.m. Sunday (Prof. W. S. MacNutt)

**NEWMAN CLUB MEETING:** St. Dunstan's Hall, 8:15 p.m. Sunday.

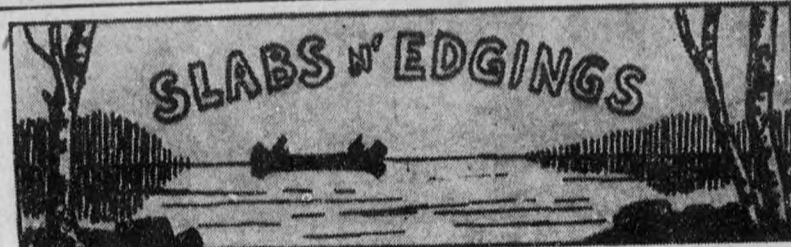

**FILM SOCIETY: (series B) "The Film and Reality"** Chem. Auditorium, 8:30 p.m. Sunday.

**CAMERA CLUB MEETING:** Oak Room, Student Centre, 7:30 p.m. Monday.

### COMING EVENTS

Red 'n' Black, Nov. 27, 28, 29.

Concert, (Combined Choir and Band — under direction of Mr. Trythall) doing "Student Prince Excerpts" and Christmas Music — December 11, Thursday.

By GARY SAUNDERS and FRED McDOUGALL

Mr. Bruce Kelly, well-known N.B. extension forester, said something uncomfortably true the other night at the Forestry Association meeting. He said, in effect, that forestry is to most laymen a question mark, a nebulous idea vaguely connected with tree-planting, forest fire fighting, and "the bush". Mr. Kelly has had wide experience with the public. He bases his statement on years of observation. That is what makes it uncomfortable.

Where does the fault lie? No doubt the nature of the profession itself accounts in part for the "un-informedness" of the public. (We are not like the doctor, whose every patient makes his profession better known.) But most of the blame is likely owing to the profession itself—for not taking enough into account the value of a well-informed public. There is a trend toward a realization of that value, however. Perhaps in ten years a conversation such as this will be seldom heard:

"Oh. Taking forestry, you say."

"Yes, ma'am — third year."

"You are! Why, that's just wonderful! You'll be graduating this year, I suppose?"

"Oh, no ma'am. I've two years to go yet."

"But I thought . . . isn't it . . . why surely it doesn't take five years to learn about cutting trees, and putting out forest fires, and the like?"

"No, ma'am. (Bristling slightly.) But you see there is much more involved. We study such subjects as Silviculture, Statistics, Dendrology, and Measurement, for example."

"Silviculture? Isn't that in

## Study In U.K. Prize For Five

The Beaverbrook Foundation has announced that five overseas post-graduate scholarships, tenable at any university in the United Kingdom, will be awarded for study overseas in 1959-60. Applications close on January 17, 1959.

The scholarships are available to students domiciled in New Brunswick, who are graduates of recognized universities in New Brunswick. Applications will be considered from men only.

The scholarships are for one year, but recipients who receive a certificate of proficiency based upon academic achievements in the first year are eligible for a further extension of one year, thus enabling the holder to obtain a degree.

The scholarship will provide for travelling expenses to Britain and return. The annual value of the scholarships will be as fixed from time to time by the trustees in England.

### Travel Allowance

An allowance for vacation travel within the United Kingdom is also provided.

Scholarships will not be awarded without the committee having first interviewed the applicant. Funds for such interviews are provided.

Information and application forms are available from R. A. Tweedie, PO Box 36, Fredericton.

Other members of the committee are: Chief Justice J. B. McNair, Chairman; Dr. B. L. Jewett, Fredericton; Ronald Stevenson, Fredericton; Miss M. L. Lynch, Saint John; Stewart Trueman, Saint John; John Burchill, South Nelson.

## 'Seven Deadly Sins' Memorable Merriment

Sunday's presentation by the Film Society, the Franco-Italian production of *The Seven Deadly Sins*, was an attempt to treat sin as both tragic and comic. Judging from the result, one would have to say that sin makes better fun than grief.

Warm and earthy, the comic passages provided some of the most memorable merriment in screen history. E.g., a doctor (albeit not a traveling salesman) is stranded in the country when his car breaks down. The only nearby shelter from the storm is a farmhouse inhabited by a barbaric rustic and his downtrodden but lovely wife. A noble soul, the doctor suggests sleeping in the barn, but his host protests: "No. We are civilized. We have only one bed, but it's big. You sleep with us." The farmer soon drops off to sleep, and the ensuing dialogue between the doctor and the farmer's wife rates as priceless: It seems as though the doctor values food over sex. Such is the terrible sin of gluttony!

### Short Stories

The presentation of the sins was a series of short films-within-the-film linked together by the narration of a carnival barker. The general level of acting was excellent and was ably directed by among others, Roberto Rossellini, Carlo Rim, Claude Autant-Larva. Yves Allegret and Georges Lacombe. Photography was imaginative; especially effective was a scene in which a miser regains his lost wallet, and the viewer sees a screenfull of money with only the owner's eye as relief.

The attempts to portray the tragedy in lust, envy the pride, though ambitious, lacked the simple humanity of the comic scenes. The symbolic scene of the 13-year-old daughter of an adultress walking off alone into the night fell flat in comparison with a bureaucratic St. Peter asking excitedly for the Chief: "Give

me the Father this time. It's important."

### Extra Sin

As a bonus, the film makers added an eighth sin to the traditional seven: the state of mind which causes people to look for evil where none exists. An apt climax, considering Sunday's assembly was the Film Society's largest so far this year.

Next Sunday, the Society's presentation will be the first of its ambitious Series B on the artistic and technical development of the motion picture. The opening attraction will be *The Film and Reality*, a documentary composed of scenes from 58 famous films. Showtime is 8 o'clock.

Memberships in Series B are still available. A single ticket for all five showings costs \$2.00. Double memberships, sold to two members of the same family, are available at \$3.50.

The next show in the general interest Series A is scheduled for Nov. 30. The attraction is *Miss Julie*, produced in Sweden in 1950.—jos.

## 'Incohol' Subject Of SCM Discussion

"The Affluence of Incohol." That's the title of the discussion which this Sunday's SCM "Open House" will feature. The session is scheduled for 3 p.m. in the Student Centre.

On Monday there will be an open meeting in Memorial Hall to discuss the possibilities of holding morning worship services on the campus. Church organizations, clergy, and students are all invited to attend this meeting. The time is 1:30 p.m.

Patronize our advertisers . . . You won't be sorry

## Death Or Drugs?

Drug addiction or suicide is often the fate of many Hong Kong students who can find no opportunity to further their education, Geoffrey Huang, graduate of Chang Chi College and Union Theological College, told a meeting of UNB students in Memorial Hall Monday.

Mr. Huang, who has taken an active part in aiding refugee students, blamed this situation on the general dislocation of population which has been a recent feature of life in Asia.

He cited Hong Kong as an example, saying that between 1945 and 1949 that colony's population had increased nearly five fold, to 2,600,000. (It is now about 3,000,000) Most of the increase resulted from people fleeing to Hong Kong as the Chinese Communists extended their rule over the mainland of China.

Chinese students in Hong Kong, who are prevented by their number from all attending the colony's one university and five colleges, are offered few scholarships in other countries. In addition, most other countries prevent the students from even immigrating.

WUS in Hong Kong donates food parcels to professors and students alike, and has also supplied two beds for students in a tuberculosis hospital, he pointed out.

At present, Mr. Huang is secretary of WUS in Hong Kong.

Mr. Huang, whose current tour of Canadian universities is sponsored by UNESCO, said: "Much of the trouble in the world today is caused by the ignorance which the people of one country have for those of another."

He felt that students in the western world should understand that the concepts of freedom and democracy mean very little to a starving people.

It is only by material aid that the ignorant can be attracted to a system embodying western ideals, he claimed.

Speaking of the work of the World University Service in Asia, Mr. Huang said that it could be a bridge between the students educated in the ways of the west and the millions of people who are trying to find a means to better their way of life.—B.T.

### U. OF S. SURVEYS

(Continued from page 1)  
 sity Engineering President, Bill Ness, says one of two conclusions will be drawn: Either students are being charged a fair price

for books or they are being overcharged. If the latter proves true, the SRC at the respective universities will be asked to carry out a concrete plan of action to bring about fair prices.

## Students At Large

By MARY JEAN McNICHOL

### EDITOR KIDNAPPED

The editor-in-chief of the University of Alberta's Student newspaper, *The Gateway*, was kidnapped by Students Society "top dogs", according to a recent report in that paper.

The kidnapping appears to have been a revenge coup executed by some engineers who were annoyed at the articles which had appeared in the paper previously.—McGill Daily.

### STUDENTS' STRIKE

A 10-day general strike by Calcutta University students over an increase in tuition fees was suspended recently, when the vice-chancellor of the school announced that increased fees would not be demanded. The State Government had provided the money required by the colleges, thus making no need for an increase in fees. All students arrested in connection with the strike action were released from jail.—McGill Daily.

### NEW-FOUND WEALTH

At the University of Alberta, a soil testing rig for the foundation of a new math-physics building discovered natural gas. The University will retain .60 per cent interest in the well, while the remainder will be sold to students.—The Manitoban

### REVUE DIRECTOR

Bill Yule, a veteran of the Vancouver Theatre under the Stars and seven years on CBC television, has been named director and choreographer of McGill's 1959 Red and White Revue. Mr. Yule is presently a choreographer on Cross Canada Hit Parade.—McGill Daily.

(Continued from page 1)  
geology? And Dendrology — that's more a pre-medical subject, isn't it? (I have a nephew taking medicine, you know.) And what about Sadistics? That doesn't come into forestry, does it? And . . ."  
"I have a class now, ma'am" our junior then says, and excuses himself — meanwhile sadistically calculating how much white pine lumber it takes to encoffin 5' 6" of uniformed public. Even if it is his own fault.

Sporting but four veterans the Red Raiders will face the University of Maine five in the opening basketball game of the season. Dave Petrie is the only guard present from last year's team; Lonnie Taylor, Don Hodgson, and Bob Porter are the forwards from last year's team who are expected to see action to-night. Three Junior Varsity players, two Fredericton High School stars plus three players who saw action in Upper Canada last year are expected to be dressed also. From last year's J.V. team Ron Belfoi, Pete Rylander and Francis McHugh will get their first Varsity team test tonight with Don Morgan and Weyman Fairweather former F.H.S. stars, Dick Usher from St. Lambert, P.Q., John Power from Cornwall and Roy Miller, past performer with McGill Redmen.

Gone from this year's edition will be familiar names and faces of Gorman, Manzer, Wightman, Kelley, Casey, Kirkpatrick, Vaughan, and Bryant, who in the past three years executed very commendable efforts in nearly wrestling the Maritime Intercollegiate Basketball championship from the almost unbeatable St. F.X. squad.

The game time for this opener of the Northeast College Conference is 8:30 p.m. In a preliminary game Junior Varsity will play Fredericton High School. UNB's next home game is Friday November 28th against Moncton Hubs.

"We're going to down the girls." Thus spoke one Gentleman (or otherwise) of England on the day the ice was laid. This week the Limeys go into strict training for their Winter Carnival frolic with the Co-Eds — though they are hampered by the lack of English beer. In spite of the fact that graduation, flunkation and inebration have taken their toll, a galaxy of stars remain. True, the Flying Dutchman, the greatest threat to the girls, will no longer be sent to the penalty box for necking. Nor will ace goal-tender Teller be seen sprawled on the ice saving the puck—or just sprawled on the ice. However, fiery Findlay and fighting Fay, graduates etc. in May, decided to return this Fall on Hockey Scholarships. Barry "Blond Bombshell" Yoell will star at centre this year and defencemen Nicholas and Drew will again hit the ice with the squad. The coach, Bill Stewart refuses to release details on the new "secret-weapon" Line, but he did announce that one new Sassenach-hater had played games with the girls before. Among other guesting Scotlanders, Sizzling Shearer will again don a skirt this year. Stewart makes his claim to coach as a direct relative of the Stuart line of Kings of England—and Scotland. As he has been of no avail in recent years, the Gentlemen will play without a goaltender this season. Certainly with an impressive two-year un-tied, un-won record behind them the Imperialists can expect similar success this year.

—John Drew

Learn-to-swim classes will commence on Wednesday, November 26th at 9:15 p.m. All non-swimmers should attend.

## SWIMMING POOL SCHEDULE

Sunday:	4.30-5.30:	Varsity Practice, Ladies and Gents. All Periods.
Monday:	4.30-5.30:	Free Swim Period, Ladies and Gents
	7.30-8.30:	Diving Instruction
	8.30-9.30:	Alumni(ae), Faculty and Staff Swim Varsity Practice, Ladies and Gents
Tuesday:	4.30-5.30:	Free Swim Period, Ladies and Gents
	7.00-8.00:	Ornamental Swim Instruction Co-eds Only
	8.00-9.00:	Varsity Practice, Ladies and Gents
Wednesday:	4.30-5.30:	Free Swim Period, Ladies and Gents
	7.15-8.15:	Varsity Practice, Ladies and Gents (All varsity Swimmers must attend)
Thursday:	4.30-5.30:	Free Swim Period, Ladies and Gents
	8.00-9.00:	Varsity Practice
Friday:	4.30-5.30:	Free Swim Period, Ladies and Gents
	8.00-9.00:	Free Swim Period, Ladies and Gents

## TOO BAD!

The Girl's Basketball Teams are still looking for more girls to turn out for the team. As it stands now, there are only sixteen girls out and at least twelve more are needed. If more interest is not shown the Jr. Varsity team will not operate and their budget will be cancelled. If this happens, it may not be renewed for two or three years. Let's give the people who spend so much time helping a little consideration and turn out for the team. The next practice will be Monday evening at 7:00.

## SKATING

There will be skating for all UNB students every Monday evening from 9:30-11:00 at the Lady Beaverbrook Rink.

## Devils Look Good

The UNB Red Devils after holding four practices are beginning to shape up and look better each and every time they take to the ice. Prior to the opening session there were only seven returnees and were considered the nucleus around which coach Pete Kelly would have to build his team but now two more veterans have donned the blades. Don Morrow who was the captain of last year's squad along with Galen Parent, a hard steady defenceman who is embarking on his third season, will add a great deal of drive and good play to the team. To date there are nine regulars from last year's team.  
Looking at the new material Kelly has a group of steady men to tend the nets. There are five new faces hoping to catch a spot this year in that department; they are Dave Inch, Stan Porter, Gordon Howse, and Jack White. The two goalies last year, John Bassett and Lyn Lynch both have left the University.  
Up forward the top new prospect is Henri Girard who played for St. X's for the past two seasons. Henri picked up three goals

last year as the Xavier men took the Maritime title from UNB by two goals. There are also twelve promising looking freshmen hoping to catch a position.  
This year the Red Devils will be operating in two circuits. The Intercollegiate loop will consist of UNB, Mount Allison, St. Dunstons and St. Thomas. They will also operate in the Central New Brunswick Senior Circuit playing against the Fredericton Capitals, Devon Tigers, and Woodstock Legionaires. The both leagues this year have adopted a variation of the International rules.  
The first test for the Devils will be on Nov. 29 when they meet College Militaire Royal from St. Jean, Quebec who are bolstering a strong team this season from all reports.  
The students and public will get their first chance to see the Red Devils in action this Saturday night as they will hold an intersquad game with the Reds playing the Whites. Game time is 7:30 and UNB students are admitted free. Following the game there will be ice skating.

## Fashion for the Young and Young at Heart

There's a touch of the Ivy League to the Rand Button down collar. Here you have a soft casual looking style that is built for comfort, yet a style that always looks neat. The button down points never curl and the spread shape adds a little extra style.
