CASEMENT FOUND GUILTY AND WAS SENTENCED TO DEATH

Jury Out an Hour, and Found That Evidence Was Strongly Against Him—Bailey, His Accomplice, is Discharged.

By Special Wire to the Courier.
LONDON, June 29.—(4.35 p.m.)—Sir Roger Casement was sentenced to death.

LONDON, June 29.—Sir Roger Casement was found guilty to-day of high treason. The ending of the historic trial came shortly before 4 o'clock this afternoon, when the jury, which had been out less than an hour, brought in its verdict against the Irish knight.

To-day's session of the court was given over to arguments of counsel and the charge to the jury. Sir Roger's chief counsel, Alexander Sullivan, who collapsed in court yesterday, was unable to appear to-day, and his argument was taken up by Artemus Jones, assistant counsel for the defence. The attorney-general, Sir Frederick Smith, summed up the case for the prosecution, after which the Lord Chief Justice delivered his charge. After Sir Roger had been sentenced, Daniel J. Bailey, the private soldier, who had been directed the jury to return a verdict of not guilty, and Bailey was discharged.

It was announced later that the crown had withdrawn the charge against Bailey.

Sir Roger received the sentence with the utmost composure, smiling at friends in the court-room. His statement, which occupied a half hour, was a plea for the right to be tried by Irishmen, and for Irish nationality.

TENSION MUCH LESSENED BY RELEASE OF MEN

But Chances of War Are Not Yet Altogether Gone.

By Special Wire to the Courier.
Washington, June 29.—Release of the American troopers captured at Carrizal has removed one dangerous element in the Mexican situation, but it was apparent to-day that it had only somewhat relieved and not removed the grave menace to continuance of friendly relations between the United States and the Mexican de facto government. By freeing the prisoners, General Carranza met only one demand made by President Wilson. The other, that Carranza declare his future attitude toward the American forces in Mexico remains unanswered until the latest communication arrives from Mexico. It was expected to-day.

On the contingency that the Carranza government may maintain its policy of attacking American forces moving in any direction except north, activities looking toward speedy transportation of the national guardmen to the border, showed no relaxation to-day.

No Hostilities Just Yet

There were two hopeful factors in the situation, however. First, what General Carranza's answer may be, it probably will require further diplomatic conversations, and thus hostilities may be averted, at least temporarily. Second, many observers were inclined to believe the yielding on the part of the Mexican government in the case of the prisoners indicates a tendency which may be reflected in further dealings. The United States Government had refused to consider mediation, also is removed with the freeing of the troopers. Minister Carranza of Bolivia had an agreement with Secretary Lansing to-day to discuss the Latin-American offers to assist in arbitrating the dispute.

South American Intervenor.

It is believed considerable influence must have been exerted on General Carranza by South American governments and Mexican labor leaders, who conferred with President Campers of the American Federation of Labor here yesterday. Carranza sent a message to Carranza personally appealing for action to prevent a break. President Wilson considered the situation sufficiently relieved to-day to plan a trip to Philadelphia, where he was to address the Associated Advertising Clubs of the world this afternoon.

AIR RAIDS AND TORPEDO ATTACKS

Austrian Official Statement Tells of These in Great Detail.

By Special Wire to the Courier.
Berlin, June 29.—(By wireless to Sayville) The following report issued by the Austrian admiralty on June 24th, says: "Austro-Hungarian torpedo boats on the morning of June 23, shelled a ferry and freight train in motion near Gullianov, on the Italian east coast. The locomotive blew up, four freight cars were set on fire and several others were damaged. Our warships returned without molestation by the enemy.

"On the evening of June 23, the Battleship Lieutenant Bahnheld shot down eight minutes, after it rose high over the water, a hydroplane which was advancing in order to attack Trieste. The Italian observer was killed, and the French pilot was captured. The aeroplane was named 'F.B.A. 121'. It was taken to Trieste.

"On the morning of June 24, an Austro-Hungarian air squadron successfully bombarded the railroad bridges and stations at Pont di Piaz and Porto Grado. A bridge was hit four times. All our aeroplanes returned unharmed, notwithstanding a violent fire which was directed against them. An hour later a French aeroplane of the F.B.A. type was shot down by the Battleship Lieutenant Bahnheld in the Gulf of Trieste. It fell into the ocean at a point four kilometers from Porto Grado. An armored motor boat of the enemy under protection of the enemy's batteries, succeeded in rescuing the aeroplane, both occupants of which probably were wounded badly."

Rounding up Enemy Subs

By Special Wire to the Courier.
New York, June 29.—A dispatch from Montevideo to-day to a news agency says: "Up to May 1, the British navy had destroyed and captured eighty-one German submarines. This information was received here to-day from a source close to British admiralty. Nets dragged between two trawlers were the most effective weapons against the submarines. High explosives trailed a great depth behind ships engaged in submarine hunting, accounted for several U-boats."

AMBASSADOR DEAD
By Special Wire to the Courier.
London, June 29.—Vincente J. Dominguez, Argentine minister to Great Britain, died here last night.

OBJECTS COME ASHORE LABELED

Trying to Guess Names of Ships Destroyed in Great Battle.

By Special Wire to the Courier.
Berlin, June 29.—It is reported from Copenhagen that in the last few days objects from warships which participated in the Skagerak battle have drifted ashore on the Jutland coast. According to this information there have been identified articles from the British battleships Warspite and Marlborough, the British destroyer Nestor, the German battleship Pommern, and the German cruiser Wiesbaden.

AUSTRIAN SUB. SANK CRUISER

Vienna Announces Success Admitted Some Days Ago.

Berlin, June 29.—(By wireless to Sayville) The Austrian admiralty reports under date of June 25: "On the morning of June 23, an Austro-Hungarian submarine sank an auxiliary cruiser of the Principe Umberto type in the Strait of Otranto. The auxiliary was accompanied by a destroyer of the Fourche type. The destroyer pursued the submarine, firing shells, and then returned to the place at which the auxiliary was sunk. It was then sunk by the submarine."

The French ministry of marine announced on June 25 that the Italian auxiliary cruiser Citra di Messina and the French torpedo boat destroyer Poursuive had been torpedoed in the Strait of Otranto.

Getting Their Breath
"Our army is now in new and stronger positions. It is wholly intact, is resisting the enemy and is fully able to fight. Therefore during the last three or four days the Russian offensive has halted and we have repulsed enemy attacks with heavy losses."

"To-day in Volhynia our counter-offensive is progressing in Bukovina and we have re-conquered an important section of the ground occupied by the Russians. In Bukovina this change has not been effected so quickly. Owing to the superior strength of the enemy, our army has been obliged to continue its retreat. This, unfortunately, has caused some important positions in Bukovina to fall into the hands of the enemy, but the retreat has been carried out in complete order."

MINIMIZES THE LOSSES.
Replying to a question regarding the safety of Transylvania, Premier Tisza declared that the Austrian army was ready to give battle in a strong position and would have the advantage of numbers.

Questioned about the Austrian losses, the premier said that he could assert with justice that in all probability the losses of the enemy greatly exceeded those of the Austrians.

Russians Win Great Victory

Petrograd, June 29, via London—Russian troops fighting in Volhynia and Galicia yesterday took prisoners 221 officers and 10,285 men, says the official statement issued to-day by the Russian War Department.

42 MEN WANTED

Young men of Brantford, I would like to draw your attention to the fact that we will be leaving for Camp in a very short time, and we are in need of forty-two men to fill the ranks of the 125th Battalion.

I make this appeal to you, knowing that the people of Brantford have never failed to complete, and make a success of anything they have undertaken. This being the first Brant County Battalion, I am sure you will not fail to support me in my going into Camp with complete establishment.

PREMIER TISZA GLOSSES OVER GREAT DISASTER

Austrians Recovering, He Says, and Russian Drive Now Stopped.

TRANSYLVANIA IN NO DANGER

Assures Hungarian Deputies That All is Well With Their Cause.

By Special Wire to the Courier.
Budapest, via London, June 29.—Premier Tisza, speaking in the lower house, assured the members that the Russian offensive has been arrested, and that there is no danger of the enemy over-running Transylvania. The premier frankly admitted the loss of important places in Bukovina, but praised the manner in which the Austrian retreat had been conducted, and asserted that the tide of battle was now shifting in favor of the Teutons.

German Reinforcements. Rushed reinforcements, sent to the Russian front, "At the last sitting," said the premier, "I said measures had been adopted to meet the Russian offensive which would soon make themselves perceptible, and that the unfavorable events which had taken place were only a passing episode. My hope has been realized to its fullest extent on the Volhynian battlefront. The reinforcements which our German ally swiftly sent to the endangered points proved effective."

Still Losing in Bukovina
"To-day our offensive is progressing, and we have re-conquered an important section of the ground occupied by the Russians. In Bukovina this change has not been effected so quickly. Owing to the superior strength of the enemy, our army has been obliged to continue its retreat. This, unfortunately, has caused some important positions in Bukovina to fall into the hands of the enemy, but the retreat has been carried out in complete order."

German Assault on Thiamont Repulsed Yesterday by French.

FINE ADVANCE IN CHAMPAGNE

First Line, and in Some Cases Second Line, Trenches Were Taken.

By Special Wire to the Courier.
Paris, June 29.—After a violent bombardment, which lasted the entire day, the Germans attacked the French positions northwest of Thiamont, in the Verdun sector, but were repulsed with heavy losses, according to an official statement issued by the war office to-day. The French machine gun and certain fire is declared to have devastated the attackers.

The text of the statement follows: "In the Champagne district, in the vicinity of Tournay, and at a point to the west of Butte de Meunil, a successful surprise attack made it possible for us to clean up certain trenches of the enemy on the first line, and to penetrate at several places as

Gas and Smoke Used to Cover the Raids—Germans Suffer Much in Ypres Sallies With Ease

BY SPECIAL WIRE TO THE COURIER.

BRITISH HEADQUARTERS IN FRANCE, Wednesday, June 28.—(via London, June 29, 12.30 p.m.)—Unusually heavy artillery firing, with numbers of trench raids, have continued all along the British front during the last 24 hours. Here and there were intense outbursts from artillery concentrations on both sides.

The British used both gas and smoke to cover their trench raids. In the Ypres salient were found the bodies of Germans killed by gas in their trench. The Germans retaliated by bombardment of the Canadian positions at Observatory ridge and Sorrel hill.

The ease with which raiding parties, under cover of bombardment, can rush a trench of the enemy, inflict losses and bring back prisoners is such that it has become systematic nightly business along the whole front in the last few days on a scale not attempted before.

BERLIN TONING IT DOWN.

BERLIN, June 29.—(via London)—The fighting on the western front attained proportions of considerable violence yesterday and last night, the war office announced to-day, but attacks of the British and French were repulsed everywhere.

"In the western war theatre," the statement says, "the same conditions prevail along the British front and the north wing of the French front as have existed during the last few days. Attacks by enemy patrols and strong infantry detachments, as well as gas attacks, have become more numerous. Everywhere the enemy was repulsed. Waves of gas have given no results. Artillery fighting attained great intensity at certain points."

What the Kodak Said

Brant Soldier and Small Boy Friend Snapped at Big Hamilton Review.

An interesting communication was received yesterday, by Lt.-Col. Cutcliffe, in the form of a photograph and a letter from a lady in Hamilton. The photo was that of a man and a boy in uniform, while the letter explained that the picture had been taken at the time of the military review in Hamilton a few months ago. As the lady had reason to believe that the soldier was a member of the 125th Battalion, she sent a copy of the picture here as an interesting memento of the occasion. Her surmise proved correct, the soldier being identified as Pte. T. Hickey, of the 125th, a former employee of the firm of Turnbull and Cutcliffe. The lad with him, whose appearance in khaki had so interested the Hamilton woman, was Master John Muir, a young friend of Pte. Hickey's.

Rheims Cathedral Will Not be Repaired For Years

France Will Leave It as It is so People Who Visit It After the War Can See Damage Done.

By Special Wire to the Courier.
Paris, June 29.—Rheims Cathedral will not be repaired for several years after the war closes, according to the plans of the French Government, as outlined by The Petit Journal. This decision has been reached in order that Frenchmen and foreigners may have an opportunity to see how the cathedral has suffered from German gunfire.

The famous structure is reported to be suffering serious deterioration from wind and weather. The administration of the cathedral decided to erect a temporary shelter about this edifice and reconstruct the roof, but these plans have been abandoned in deference to the wishes of the government.

PREPARATIONS FOR BIG DAY ON SATURDAY

Simcoe Expecting Big Crowds for the Games July First.

Simcoe, June 29.—The Battalion pioneers are erecting a bleacher extension to the grand stand to accommodate the attendance expected on Saturday for the games, and the half-constructed third-of-a-mile speedway at exhibition park is being trimmed up and fenced off.

Diversity of Opinion.
The merchants of the town are divided on the question of closing for Saturday. A leading establishment has announced its intention to keep open on Dominion day and close on Monday following, and allow the employees all of the next Thursday as a holiday instead of the usual Thursday afternoon. Others have announced through the press their intention to close for the day.

Visited County Home.
Warden McDowell and members of some committees of the County Council were in town to-day conferring on county business and went out to see the new concrete silo, now in course of construction at the county home.

Two Deaths at Home.
Two deaths are recorded at the County Industrial home this week. Deborah Ann Smith, aged 98, and Wm. Thomas Langlois, 74.

The Women's Emergency League have arrangements about completed to supply 1,200 pairs of Sox monthly to the 133rd as soon as the unit leaves camp for overseas.

The marriage of Miss Retta Darling of Durham, took place this morning, at the residence of Mr. and Mrs. Alex. Forsyth, Victoria street.

Events Clash.
Considerable regret is expressed that the Battalion field day clashes with Dover's annual celebration, as many will be prevented from patronizing both. The Port Dover boys in the 133rd are prevented from attending what they had long looked forward to as a final holiday at home, and it is understood that a committee of leading citizens from the Port were in town to-day to ascertain if any arrangement could be made that would give the boys from the south an opportunity of joining their families in the re-union on Saturday.

Fruit Prices.
A few lots of very good strawberries sold to-day at five cents a box. The prevailing prices have been three or four boxes for 25c., according to quality. Cherries will not be a heavy yield in this district.

OLD WORLD NOTES

A woman's sacrifice to aid a hospital, although herself in reduced circumstances is cited in the instance of Mrs. Golden who kept intact the sum of \$5,000, being the savings of her husband, formerly a clerk in a Windsor banking house. Mr. P. J. de Paravincini, chairman of the King Edward VII. Hospital at Windsor, stated that the money is now invested in the War Loan as part of the permanent fund of the hospital. Mr. Paravincini said that Mrs. Golden lived in small apartments, deprived herself of coal in the winter, and had barely the necessities of life. He thought it was a glorious instance of self-sacrifice.

A lesson from Germany might be taken to ourselves in the opinion of Lord Mersey. In speaking at Knightsbridge on National Effort to Win the War, Lord Mersey stated that Germany's soldiers fought without pay. Mercenary motives did not move them; love of their land was sufficient to induce them to take the field, with all its hardships, in forego the pleasures and luxuries. "Do not let it be said that we are doing less—that we sell our patriotism at so much per man—but let it be known that we too love our land, our children, and our king, and are ready to sacrifice all for our cause."

YOUNG MEN OF THE P. A. SUNDAY SCHOOL AND CHORUS IS HONORED BEFORE LEAVING FOR OVERSEAS

Members of the P. A. Sunday School and Chorus present Departing Members With Mementoes of the Occasion—Returned Nurse Tells of Work at the Front—Two Soldiers Wounded

Paris, June 29.—At the close of service last evening at St. James Church, the members of the A. Y. P. A. Sunday School teachers and choir adjourned to the Paris Hotel, where several presentations were made to a number of young men from the church who had enlisted recently. The pastor, Rev. R. J. Seton Adams, was in the chair and gave a short speech. He wished the boys God speed, and assuring them that they would always be remembered by the congregation.

Gave Signet Ring.
He then presented to Sgt. Harold Moller, a handsome signet ring from the members of the A. Y. P. A. and Sunday school teachers. Coney Island Picnic.
The annual Coney Island picnic was held last evening, and with the ideal weather, it was a great success. On this occasion, an innovation was made by the "Islanders," and during the evening several of the resident "Coneyites" who have donated the khaki, were made the recipients of presents, consisting of money belts and writing cases to each one. They are: Lieut. Lester Broomfield, Sgt. Herriott, Corp. Oldham, Corp. Jones Chapman, Pte. D. Peel, Pte. C. Ainger, Pte. Thos. Mills. Dickret, Mrs. Herriott, Mrs. Emmerson, Chester Smith and Mrs. Broomfield.

Women's Institute.
The monthly meeting of the Paris Branch of the North Brant Women's Institute was held in the A.O.F. hall on Tuesday afternoon. There was a good attendance and Miss E. J. Gunt of Toronto, Women's Delegate, gave a very interesting and instructive address on, "Mother—Her Duty to Herself, the Home and the Community." A capital instrumental and vocal programme was also rendered by several of the members.

Organ Recital.
Last evening there was a good attendance at the Methodist church, when the organist, Mr. K. N. Ireland, gave a very pleasing organ recital. He was assisted by Mr. E. Kinsey, tenor. Miss Florence Nichol, who has been nursing in France since the outbreak of the war, spoke briefly on the work of the Red Cross, as also the excellent attention and care the sick and wounded received. Regarding red cross supplies, which much had been done along that line,

there was still need for more, and the felt that the good people of Paris and vicinity who have done so much, would still exert themselves on behalf of the Red Cross. The sum of \$50 was realized at the recital, which will be devoted to red cross work.

Corp. Foley Wounded.
Word was received in town yesterday that Corp. Allan Foley had been wounded in the recent fighting. Corp. Foley has been in the West for a number of years, and enlisted with the 81st Battalion at Calgary, going overseas in May, 1915. He is the only son of Mrs. Foley, River-view Terrace.

Pte. Chas. McKay, who was wounded during the recent fighting, is well known to many in town, having worked on the Paris Review before enlisting, and he was also a great baseball player. Pte. McKay went overseas last Fall with the 76th Battalion, and he is in the front line of the Paris Review before enlisting, and he was also a great baseball player. Pte. TWO KILLED AND ONE MISSING IS TOLL OF MEN FOR TO-DAY

Two Men in Addition are Reported Wounded - Pte. Frank Betts and Albert Sage Make Supreme Sacrifice... Two Prisoners, Two Missing and One Wounded From Paris.

The toll of casualties in to-day is very heavy, and the number killed is the regrettable feature. Pte. Frank Betts, Pte. Albert Sage are killed, Pte. Albert Victor Stuart is missing, Pte. John Bearfoot and Pte. Roy Carter are wounded.

PTE. FRANK BETTS. Killed in action.

action, according to word received by his mother, Mrs. Margaret Betts, 41 Ontario St. The date of his death was June 13th. A sad feature of his case is that only three months ago a brother of his, Pte. Wm. Betts, also was killed "somewhere in France."

With First Contingent Pte. Frank Betts left with the first contingent, and was wounded at the battle of Langemarck, April, 1915. He returned to the front on March 25th of this year, the day his brother was killed. He was 30 years of age, and single. Before enlisting, he was employed at the Adams' Wagon Works.

A few days ago, the last letter he will ever write, was received here by his brother. It runs in part as follows:

June 7th. "Just a few lines to let you know I am still alive. I guess you have heard about the doings out here by now. I am going into battle to-night so I am taking this chance of writing you, perhaps, it will be my last. If I go to the happy hunting grounds, please do not feel bad as my troubles

and worries will be over. It is going to be bloody work. It is just a year ago since I arrived at Shorncliffe (wounded after Langemarck). Wonder if I'll ever see it again. This is all now. I'll close before a shell lands and does it for me. Well, goodbye, all. Hoping I am spared to write again."

Pte. Sage. Word was received this morning that Pte. Albert N. Sage, 183 Elgin street, was killed in action, on June 16th. His mother, Mrs. Minnie Sage, had the telegram, conveying the news placed in her hands this morning.

Pte. Sage was a single man, only 20 years of age, who went overseas with the 36th Battalion, and was afterwards drafted. He worked at Ham and Notis. He has a brother, Ernest, in the 13th battery. He was an Englishman, coming to Canada five years ago.

He has two brothers-in-law in khaki, Gunner Arthur Fisher at the front and Pte. James Meids of the 21st. His parents, one brother at home, one at the front, and three sisters survive him. They are Mrs. Meids and Mrs. Arthur Fisher of the front and Mrs. Edward Parker, of Niagara Falls.

A. V. Stuart Missing. Word was received this morning by Mrs. Thomas Stuart, 142 Alfred street, that her son, Albert Victor Stuart, of the C.M.R., was "missing" since June 2nd. Prior to enlistment he was a coremaker at Good, Shapley and Muir's.

Pte. Bearfoot. This morning's official casualty list contains the name of Pte. John Bearfoot, wounded. Pte. Bearfoot is a member of the Six Nations Indians, having enlisted in September, 1914, and gone overseas with the second contingent. He is a married man with a family, and resides near the Reserve. He is a descendant of Chief Joseph Brant.

Pte. Roy Carter. Mrs. Carter, 189 Eagle Avenue, received a telegram that her son, Roy, was wounded on the 13th, in the field, and admitted to No. 3 General Hospital, Boulogne. He left with the 36th Battery, and left England on the 6th of June. When he enlisted he was employed at the Brandon Shoe Company.

The List From Paris. (From our own correspondent.) Paris, June 29.—Robert, Mullender, C.M.R., previously reported missing now officially reported prisoner. He enlisted with the 26th Dragoon. Harold Joseph Smith, formerly with Penmans, Limited, is also a prisoner. His wife sailed for England last week. Chas. Ball, of Upper Town, has been missing since June 2nd, according to a message received here this morning. P. S. Taylor, whose parents live at Canning, is also reported missing.

THE SITUATION.
The Italians continue to report successes and the tide of battle has manifestly changed on that front. Both the Huns and the Austrians claim that Russian troops have been checked, but there is nothing definite to show that such is the case.

Matters still remain quiet at Ver-run, in all probability before the final rush. During the entire length of the British front, the work of testing out the German positions continues. This is, of course, preliminary to a general offensive at what particular point, or points, the enemy is kept busy guessing.

AS PUT BY A LEADING LIBERAL PAPER.

The Winnipeg Free Press is the leading Liberal paper of the West. It has never failed to denounce the sinister attempts of Quebec to dictate to Ontario with regard to school matters, and it was equally severe in criticizing Laurier for his mischievous attempt to bring up the bi-lingual issue in the Dominion House. In fact the Free Press frankly declared that the time had come for a new leader.

Dealing with Rule 17, the Winnipeg paper trenchantly says:

"Regulation 17 is intended not to check the teaching of French, but to assure the teaching of English. It applies to schools in which in the past English has been insufficiently taught. It must be borne in mind that the great majority of the schools which come under Regulation 17 are not made up exclusively of French pupils. These schools are in mixed communities, with a minority of English-speaking children. It was the failure of these schools to give the minority of English-speaking children a suitable education in their own tongue which led first to agitation, then to investigation, and finally to the remedial action taken by the Ontario Department of Education.

"It is also to be remembered that in most cases the English-speaking children who were thus discriminated against are Catholic children. This is, for the most part, a separate school problem. Irish, Scotch and English Catholic parents object to their children in attendance at an English-French bi-lingual school being given incomplete instruction in English. There is reason to believe that in the majority of these cases the defective teaching in English was deliberate, for the purpose of driving the English-speaking people out of the community and thus facilitating the French conquest of Eastern Ontario. It is because this carefully-worked-out plan to achieve racial ambitions by a refusal to teach English adequately is being successfully blocked by the application of Regulation 17 that there has been this outburst of Nationalist fury and this daring attempt to co-erce Ontario."

Yet Hon. Mr. Graham, with the approval of Sir Wilfrid Laurier, went to Quebec and patted the agitators on the back.

BENEFITTING FARMERS.

That the policy of the Borden Government in providing a subsidy of ten million dollars, spread over a period of ten years, towards furthering agricultural education in the different provinces, is bearing good fruit, is abundantly proven by the second annual report of the Commissioner of Agriculture.

This report is for the year ending March 31st, 1915, and tells in detail how the money has been applied. It shows that while much remains to be done before the work is perfected in rural schools a great deal has been achieved. Teachers have had to be trained and for this purpose, short courses have been held in connection with all the agricultural colleges, generally in the summer vacation, and the attendance has everywhere been satisfactory. Funds for this purpose came out of grants made by the Dominion under the Act. New buildings have been erected, old buildings enlarged, schools better equipped, higher salaries and more experienced instructors engaged, teachers specially trained, college extension work greatly extended, boys' and girls' competitions encouraged, the district representative system widened and developed, demonstration methods increased in number and improved in scope and character, and women's work at home and abroad aided institutionally and otherwise.

In short, there is not a branch of agricultural education or of home economies in any of the provinces that has not been beneficially influenced by the operation of the Act in providing more funds than would otherwise have been available for these activities.

The provinces having been left free to use the grants (which have increased from \$700,000 in 1914 to \$900,000 in 1915, and will be \$1,000,000 each of the succeeding six years), as they thought fit within the purposes intended, the applications have not always been identical, but in the report every item in detail is set forth. The story of every province is told, furnishing interesting reading for every well-wisher of the agricultural industry and every member of the farming community. A letter to the Publications Branch of the Department of Agriculture, Ottawa, will bring the report free of all charges.

Wedding Bells

Ramsay—Wright. Azelma R. L. Wright and Ross Byron Ramsay were quietly married last evening at the First Baptist parsonage, 104 West street, by Rev. Lievelly Brown. Both are deservedly popular in the city, and will be followed by the well-wishes of a large circle of friends. Mr. Wright is now in Hamilton where they will reside after their wedding trip. The bride was accompanied by her sister, Doris, while Mr. John Devereux was best man.

Field—Farlow. A very pretty but quiet wedding took place yesterday at the First Baptist parsonage, 104 West street, when Miss Farlow of Brantford became the wife of J. W. Field, of Burch. The bride looked very sweet in a beautiful wedding gown and carried a bouquet of white roses. She has many friends in Brantford and about Mt. Pleasant where she has lived for some time. A few friends accompanied the bridal party, including Mr. and Mrs. Albert Meisner, prosperous farmer at Burch, where they will make their home upon their return from a short honeymoon.

Robertson-Schultz. The home of Mr. and Mrs. George Schultz, Paris road, was the scene of a very pretty quiet wedding yesterday afternoon, when at 4 p.m. their youngest daughter, Gladys Georgina became the bride of Mr. Charles Robertson of Peterboro. Only the immediate relatives were present, the ceremony being performed by Rev. Mr. Harvey of St. Thomas.

The bride was charmingly gowned in satin Georgette crepe with a veil, with an old rose hat. Her going away dress was of navy blue taffeta. The bridesmaid, Miss de Guerre of Orillia, was becomingly attired in green taffeta with hat to match. A profusion of flowers throughout the room where the marriage was solemnized made the scene one of beauty and picturesqueness, while the bridal party passed beneath an aisle of ribbon held by six of the bride's young lady friends. The bride was given away by her father, as the wedding march was admirably rendered by Major H. K. Jordan of the 125th. A violin solo was beautifully given by Miss Marjorie Jones during the signing of the register. The best man was Mr. Gilbert Robertson of Wallaceburg, and the flower girl, little Miss Margaret Thornton.

Following the ceremony a buffet luncheon was served and the happy couple left on the six o'clock train for points east. They will take up their residence in Peterboro.

DELAY IN COMPLETION OF BELL MEMORIAL

Scarcely Can be Ready in Time for Duke of Connaught to Unveil it

At a meeting of the Board of Directors of the Bell Telephone Memorial Association held in the Secretary's Office, recently, the Secretary submitted a report of progress made during the past year, together with the financial statement covering the period from the organization of the Association to the present time, and estimates and receipts and expenditures required to complete the work.

Correspondence was submitted regarding the progress made by the sculptor. Mrs. A. J. Wilkes, W. F. Cook-shutt and others reported having visited Mr. Allward, the sculptor, at various times, and having found the work progressing satisfactorily. Considerable delay was occasioned by the non-arrival of a panel which forms part of the monument. The latest communication, quoted Mr. Allward's opinion that the memorial would scarcely reach Brantford in time to be unveiled by the Duke of Connaught, if he is to leave Canada early in October. The scarcity of a certain grade of French sand needed in the casting, and other uncertainties render progress difficult.

OLD COUNTRY NOTES

A war relief fund has been started by the Royal Horticultural Society to enable our Allies, when the war is over, to restart their horticultural industries, and an appeal has been made for contributions. Belgium, the commercial garden of Europe, has its nurseries and gardens laid waste, the means of livelihood of thousands of industrious men and women being destroyed, and the state of Northern France, Serbia—a great fruit-growing country—and Poland, is, it is pointed out, hardly less cruel. The King, who is one of the patrons of the fund, has given £100 (\$500) and all those interested in gardening are asked to send something to the president of the ladies' committee (Lady Northcote), care of Royal Horticultural Society, Vincent Square, Westminster.

Louise William Cecil's son recently appeared in the role of a sleuth when he discovered an alleged burglar in the house, and William Thomas Gibbs, a sapper in the Royal Engineers, was charged with burglary before the Lewes Police Court. Captain the Hon. Thomas James Amnerst Cecil, of the King's Royal Rifles said that hearing a noise downstairs shortly after midnight, he got up, and on turning on an electric flashlight he carried, he found the prisoner standing in the middle of the drawing room. A policeman arrived shortly afterwards and said he had seen a man get into a window which had been left unfastened. Prisoner was committed for trial.

Mr. Sidney R. Harrington of Goad, Shapley & Muir Co., Ltd., recently severed his connection with that firm, and was the recipient of a wrist watch from his fellow employees. The letter of presentation was as follows.

Brantford, June 28, 1916. To Mr. Sidney R. Harrington, Dear Sid.—It is with regret that we have learned of your resignation as day foreman of the Munition Section of Goad Shapley and Muir Co., Limited, and we feel we cannot let the occasion pass without showing in a small way our appreciation of kindly interest you have always shown, and the goodly feeling that has always existed between us, and we ask you to accept this wrist watch, not for its value, but that it will always remind you of your association with us. With best wishes. Signed on behalf of the employees of the Day Section on Munitions of Messrs. Goad, Shapley and Muir Co., Limited: A. J. Robertson, G. H. Cleator, R. Moss, F. Ashby, Robert Beattie.

CHURCH ADVERTISING

"I believe," says Dr. Talcott-Williams, "that if churches spent as much for advertising as they do for music, they would have larger congregations and better worship."

"If great causes were to spend more money in the public press instead of depending on begging

for their support, they would, undoubtedly, come much nearer to success."

Thought is moving in this direction. The churches are using more and better advertising, while many public movements have been successfully carried on through the advertising columns of the daily newspapers.

A Sale Without a Parallel in Value Giving!

HUNDREDS of Customers took advantage of the unusual savings yesterday, and the enthusiasm on every hand promises even greater crowds to-morrow. Rarely indeed does such an opportunity come—but when it does prompt action is necessary. Never again—so long as the war lasts and present scarcity of merchandise prevails—can such compelling values be offered. If you would save—

Our Advice to You is---BUY NOW---and as Liberally as You Can For Present and Future Needs. Store Opens Each Day at 9 o'Clock

PLEASE NOTE:

We have omitted quoting comparative prices, such as "Worth so much" now, "So much." This custom has been known to lead to exaggeration in order to convey the idea that extraordinary bargains are being given. We prefer, however, to let the merchandise offered stand on its own merits, both as to quality and value, knowing that the discriminating buyer is quite competent to judge the worth of the goods.

Helpful Hints For Housekeepers

SUMMER SALADS.

Letuce Salad. Separate the leaves of two French lettuces; wash, drain and shake in a clean cloth, then leave them to dry for quite two hours; in France a salad basket made of wire is always used for this purpose, and these can now be bought in England, but failing that, place the lettuces in a large sieve or on a cloth till dry. Break the leaves across, but do not shred them with a knife, rub the salad bowl with a cut bead of garlic, add the lettuce and dress in the following way: Into a tablespoon put a salt-spoonful of salt and half one of pap- per, fill the spoon with a good salad oil and mix well with a fork, pour in the bowl, and another tablespoonful of oil, then in the same spoon put a salt-spoonful of made mustard and half a teaspoonful of caster sugar, fill with vinegar, mix well and pour on the salad, then toss and turn this thoroughly for quite a minute. If the lettuces are large, use more dressing in the same proportions; it is a good plan to mix the dressing in a large pastry basin and then place neatly in a clean salad bowl or glass dish.

French Salad. Prepare two French lettuces as in the preceding recipe. Cut a thin slice from an onion (not the "spring" kind) and chop it to a pulp; add to it three times its quantity of chopped parsley. Have ready and pour on the lettuces a dressing made of oil and vinegar mixed with the oil and vinegar and forms a very delicious dressing. File up in a glass dish or bowl and serve; no lettuce salad should be mixed with a dressing until actually required.

Cucumber Salad. The secret of this recipe is to make it several hours before required, the prolonged soaking greatly improving it.

Cut up a cucumber into slices no thicker than thin paper, add one or two spring onions very finely sliced and place all in a glass dish. Take three tablespoonfuls each of oil and vinegar and place in a glass dish with salt, pepper, a dash of cayenne, a salt-spoonful of mustard and a tea-spoonful of caster sugar, stir rapidly with a spoon for a minute and then pour over the cucumber; mix well and allow to stand covered until required.

Salad Dressing. Sometimes a more elaborate dressing than oil and vinegar is preferred; the following is simple and will keep. Rub the yolk of a hard-boiled egg through a sieve, place in a basin and add gradually two tablespoonfuls of salad oil, two of vinegar, and two of cream; mix thoroughly and season to taste with salt, pepper, mustard and sugar. The dressing should be as thick as cream. Use the white of egg as a garnish.

Junket. Crush one junket tablet (to be had from the grocer or druggist) and dissolve in one tablespoon of cold water. Heat two cups of milk to make it just lukewarm, add one-third cup sugar, one-eighth teaspoon

salt, one teaspoon vanilla, and the dissolved junket tablet. Mix well, turn into a dish and let stand in a warm place until set, then chill.—Miss D., Newfoundland.

Strawberry Charlotte. Make a boiled custard of one quart of milk, yolks of six eggs, and three-quarters of a cup of sugar, flavored to taste. Line a glass dish with slices of sponge cake dipped in sweet cream, lay on them ripe strawberries as before. When the custard is cold, pour over the whole. Then beat the whites of the eggs to a stiff froth, add a little sugar, and put over the top. Decorate with some ripe berries.—Mrs. D., Sask.

A Summer Soup. Thick Potato Soup—First cut up in small pieces three thin slices of bacon, slice very fine one medium sized onion and cook in the bacon fat. Do not let it brown very much. Pare and cut up into dice four or five medium sized potatoes, and place the bacon together with the onion and fat and the potatoes in a kettle and add one quart of boiling water. Let this cook very gently until the potato is thoroughly done. Add a pint of milk. Cream together two level tablespoonfuls of butter and two level tablespoonfuls of flour and add to the kettle of soup. This will make the contents of the kettle rich and creamy. Served with well-buttered croutons, and sprinkle with

the finely chopped tender yellow leaves of celery.—Inquirer, Man. Savory Macaroni. Boil a quarter of a pound of macaroni—broken in short lengths—in boiling salted water until tender and then strain. Chop a slice of fat bacon and put it into a saucepan and fry in it a chopped onion. When well drained, cover the pot tightly, wrap it in newspapers and set it in a moderately cool oven. The potatoes will keep steaming hot for an hour or longer. Other vegetables can be treated in the same way successfully.

Old-Fashioned Preserves. Progress may snap its fingers at the old-time way of making fruit preserves, but there is yet to be found the man, woman or child who does not like them, especially if they are made, as they should be, with three liberal pounds of sugar to two pounds of fruit, with extra savourings of mace, ginger, lemon peel, or lemon juice. So to the housekeeper who is not dismayed by the advanced price of sugar the following directions will be useful: Materials need not be costly. From a peck of green tomatoes, costing about 20 or 30 cents, may be made a gallon of delicious conserve, using eight pounds of sugar, two lemons, and a little ginger for flavoring. The sirup is like honey in color and consistency; in flavor, like nothing but itself. Preparation and cooking take about four hours, as the cooking must be slow enough to avoid scorching. Housewives' Fruit Buying Chart

Nearly every good housewife knows almost as well as the gardener who raises the fruits, just at what time the different fruits are due to arrive on the local market, and many of these same housekeepers know also the best varieties for eating and preserving. In publishing this chart The Courier has in view the young housewife who heretofore had many other things to think of, and now finds herself faced with the problem of making her first selection of preserving fruits for the coming winter. The list here compiled was prepared under the advice of the Niagara Peninsula Publicity Association, and the fruits specified were selected entirely on their merits as shown. During the ensuing season The Courier will run, once a week, many recipes which will undoubtedly be of much benefit. Watch for this page. Cut out this chart and keep it where you can refer to it.

Details of Scheme For Standardized Ship-Building

Several Large Companies Are Stockholders in the New Organization.

By Special Wire to the Courier. London, June 29.—Details of the scheme for the building of standardized ships at Chepstow are announced. The enterprise will have an initial capital of £1,000,000 sterling, which has already been subscribed. The stockholders are all large shipping companies, including the Peninsular and Oriental; the New Zealand shipping company, the Orient Steam Navigation, the Furness, Withy, the White Line and Federal Steam Navigation Company. No public issue of stock is contemplated. The head of the enterprise is James Caird, president of Turnbull, Martin and Company, and director in numerous shipping and allied companies. A site has been obtained on the River Wye, and the plans provide for a plant capable of building ten large ships at the same time, all to be self-sealing, of a total tonnage of 8,500 tons. All the parts of the hulls and engines will be standardized.

It will yield ten quarts of citron to a sealing an epicure. The whole cost, outside of time and trouble, is scarcely more than a dollar. Preserves of this sort require no sealing, not even with paraffine. Glass jars keep them excellently, but they can be kept equally well in crocks or any vessel that is deep, sound, and well glazed. Thus the expense of cans is made optional—a saving not to be despised. Glass jars which are not self-sealing, saved from things bought in them, are useful and cost nothing. Such a jar, filled two seasons ago with these rich preserves, is as sound as ever, the only change being a slight graining of the sirup around the edges. Any sort of sound fruit—peaches, pears, quinces, grapes, crab apples, the whole tribe of plums and all manner of berries, make excellent preserves. In the making, the oven is a great help. Put your kettle inside it at half heat, with a grate or trivet underneath, so that there shall be no scorching or boiling over. Close the door and let the fruit cook slowly and thoroughly until it is sugared through and through and the sirup is rich and thick. Keeping Vegetables Hot. A simple way of keeping potatoes hot, when the dinner is delayed, is to drain them, cover the pot tightly, wrap it in newspapers and set it in a moderately cool oven. The potatoes will keep steaming hot for an hour or longer. Other vegetables can be treated in the same way successfully.

By Special Wire to the Courier. Rome, June 28.—Via Paris, June 29.—Premier Boselli to-day asked the chamber of deputies to vote provisional credits until December 31. Signor Boselli in his address said that the aim of the cabinet was chiefly to bring a happy issue to a great enterprise which would give the nation the right of international credit. "To this object," said the premier, "we shall continue daily to work with our allies until there is a definite triumph, resolutely following the same foreign policy which several times has been approved by a large majority of the parliament and the country. We shall work strenuously to strengthen and co-ordinate the military operations on the various European fronts. We have a perfect understanding with our allies with regard to their action for economic defence against our enemies."

The Hague, via London, June 29.—The municipality of Berlin has decided to keep open indefinitely the municipal poor kitchens, which in previous years were open only during the winter months, closing at the end of March. This year the closing has been postponed month after month under pressure of the needs of the poor people, and it has now been finally decided to keep the kitchens open for an indefinite period. The Verwaerts says the kitchens are crowded as in mid-winter, and that there are many complaints regarding the insufficiency of the rations served.

THE TAGEBLATT BROKE POLITICAL TRUCE IN GERMANY

Criticized Certain Organizations Behind the Annexation Movement.

By Special Wire to the Courier. Berlin, June 23.—Via London, June 29.—The suppression of the Tageblatt, one of Berlin's leading newspapers by order of the military command, yesterday, was due to an article printed Monday discussing the demand for the publication of a memorial of six associations representing big business and agricultural institutions for sweeping annexations, when it declared was inspired by selfish interests because a continuance of the war was profitable for the members of the association. The newspaper thereby gave currency to a charge for which it had earlier rebuked the Socialists for advancing in the Reichstag.

As the Deutsche Tages-Zeitung and other organs advocating annexation had been repeatedly published for breaking the political truce in the other direction, the authorities found it necessary to apply the same treatment to the Tageblatt. The suppression of the newspaper probably will continue for several days. The memorial in question was presented to the chancellor a year ago. One provincial paper then succeeded in publishing it.

WHAT IT MEANS WHEN "MISSING" IN CASUALTY LIST

Letter Describing Uncertain Fate of Lt. Harold Matthews at the Front.

The following extract from a letter written by Major D. O. White of the Canadian Artillery in France, relating to Lieutenant Harold Matthews, Peterboro, and nephew of Mr. C. S. Matthews, city, gives a little insight into what the term "missing" means when applied to soldiers at the front. This letter was written to Mr. White's brother, who lives in Ottawa:

"Please get in touch with Mr. T. F. Matthews of Peterborough, and let him know about his son, Harold, who was with us. We are changing from 18 prs. to 4.5" howitzers, and on June 1st had two officers and 14 other ranks with an English howitzer battery for instruction. The forward observing officer of that battery was killed on June 1st, and as they were very short, and F.O.O. work was part of the instruction, Matthews was sent out as F.O.O.

Nothing heard of them.

On the morning of June 2nd, the Huns began an attack that is still going on; Matthews and Chapman (a sub. of our 3rd Bty) and Bruce Hill (a sub. of our 4th Bty) were together in the front trench. Our trenches were practically obliterated by shell fire, but Hill made a dash and got out O.K. Nothing has been seen or heard of Matthews or Chapman or of young Butcher of Peterborough, who was Matthews' servant and was with him, or of the telephoneists that were with them.

Hoped They Were Safe.

The Huns first attacked about 1 p.m., and later on an officer observing with a telescope, saw Germans taking two British officers from near where Matthews and Chapman had been, back into the German lines, so as this is the best we can hope for we hope these two were Matthews and Chapman, who were probably in a deep dug-out. At the time of writing

Increased wages are asked by the operative dyers in Scotland, Lancashire, Yorkshire and Cheshire, who number between 60,000 and 70,000. Last year they were given a war bonus varying from 1s. (25 cents) to 3s. (75 cents) per week, which later with certain modifications, was transferred into a war wage. The application for a further advance is based on the increased cost of commodities and such an advance is asked for as will place the operatives as good a position as on the outbreak of war.

Sending a threatening letter was the charge laid against a Greek named Constantine Logios, at the Glasgow Sheriff Court. Logios was convicted of having sent the letter to the head of a firm of merchants for the purpose of extorting money. Sheriff Lyle said the law of Scotland regarded that as a most detestable crime, and he passed sentence of 3 months' imprisonment with hard labor. A previous conviction was libeled against the accused.

A German boycott on the purchases of meat stuffs has been declared by the Edinburgh Meat Market Company, who have decided to have no further dealings with the Germans, and the following notice has been posted at the market as follows:—"No German, naturalized or otherwise, or any persons acting for such, are allowed to make purchases from this market, and no consignments will be received from them." The majority of the German butchers in Edinburgh deal in pork.

The Huns are still holding our trench at that point, and we can't find anyone who got back from there, so I am afraid this is all the information I can give at present.

KING CONSTANTINE
PHOTO BY RUSSELL A. SCHWAB

Reports from London state that Greece has yielded to all the demands of the Allies and has agreed to complete the demobilization of the army, dissolution of the Chamber and a general election. This is taken to portend the return of Mr. Venizelos to power, the suppression of German propaganda in Greece and the adoption of a policy more favorable to the Allies. According to an Athens correspondent, Mr. Zaimis, to whom the formation of a new Cabinet was entrusted, went to the French Legation during a conference there of the Entente Ministers and announced in the name of King

reconstruction of the gendarmerie and the holding of new elections. Mr. Zaimis is a neutralist, with a leaning, it is said, toward the Entente Allies. The view is held in allied circles that his age and temperament make it doubtful whether he will be strong enough to counteract the pro-German influence, and it is expected that it will not be long before Mr. Venizelos is again in power.

MUST HAVE BONES FOR PATRICK

The Mascot of the 216th is Not Overlooked When Dispensing Rations.

BANDSMEN NEEDED FOR THE BANTAMS

The Little Fellows Are Making Ready to Go to Camp.

The call for bandmen for the Bantam Battalion has now gone forth, as the 216th is rather short (no pun intended) of good musicians. In common with the other recruiting officers of the battalion, Lt. McKissock of the local office has received instructions to put forth efforts to obtain bandmen in this district. The Bantam battalion is not limited in height for bandmen; that is, it may accept fit bandmen who are over 5 feet 2 inches. The players required are ten in number, as follows: 1 solo cornet, 3b flat clarinets, 1e flat clarinet; 1 euphonium solo; 2 saxophones; 1 piccolo and flute, 1bb flat bass.

Getting Ready to Go.

As the 216th, in common with the majority of the other battalions in this division, expects to go to camp very shortly, all preparations are being made for an early departure. Instruction was received this morning by Lt. McKissock, who has returned from Galt, to have the local detail prepared to move on a day's notice. This, of course, may not preclude an immediate departure, as the 216th may not leave for a few days yet.

Mascot Is a Favorite.

The new mascot of the local Bantam detail is Patrick, Lt. McKissock's bull pup, who is thriving splendidly and winning immense popularity with everyone, being a great favorite with all the men of the squad. Orders issued recently contain the information that it is the duty of the orderly of the day to provide a few bones for Patrick. And that the bones are always forthcoming, no one need doubt.

215TH NOT FOR CAMP JUST YET

Will Get Their 600 Men Before Leaving the City, It is Very Likely.

In connection with the brigading of the 215th into the 3rd Brigade, it was also stated in the morning papers to-day that the 215th Battalion would also go to camp as a unit in the same brigade. This was related by Lt.-Col. Cockburn this morning, when he stated that the 215th did not expect to go to camp for some time yet, probably not until the 600 mark was attained at least.

Four recruits were obtained yesterday by the 215th, one man being rejected. The battalion band will go to Paris to-night, to attend a garden party at the Presbyterian church there. Requests have also been received from Kelvin, Burford and Harley for its attendance at similar festivals in those places in the near future. The fame of the 215th band is spreading far and wide.

AT THE GRAND

"Nobody Home", by Guy Bolton, Paul Rubens and Jerome Kern, is the title of the musical comedy which will be the attraction at the Grand Opera House, Thursday evening, July 13th.

The cast to be seen at the Grand is headed by Charles McNaughton, who created the leading role in the London production and will be remembered for his clever work in the original "Spring Maid". "The Rose Maid", "Little Miss Fizzle", "You're My Heart and Soul" and "Sweetheart". Other prominent names include Zoe Barnett, Harry MacDonough, Mabel Withee Roydon and Keith Della Niven. Lew Christie, John Paulton Helen Jost and Roy Torrey.

The story of "Nobody Home" concerns Freddy Poppo, of Appleton, England, who takes his first trip to New York to meet his brother Vernon Poppo, a professional dancer, at the hotel Blitz, through some misunderstanding arrives ahead of time; cannot get accommodations at the hotel owing to the crowds and the popularity of the place, and is in a quandary over the situation when Tony Miller, prima donna at the Winter Garden, sees him, takes a liking to him, and hearing he is Vernon's brother, offers to lend him her apartment, which she has never seen; but has to give up because her company is going on tour. Freddy's embarrassment at an unconventional invitation is delightfully refreshing. It is a very difficult role, handled in a most capable manner by Mr. McNaughton. From the time he takes the apartment, the plot thickens and Freddy gets more than he bargained for. The situations are so funny that there is one long, unbroken laugh from the rise to the fall of the curtain, intermingled with more song hits than you usually hear in one musical comedy. Among them are "Why Take a Sandwich to a Banquet", "Any Old Night", "The Magic Melody", "San Francisco Fair", "Bed, Bed, Beautiful Bed", "You Know I Know", "Keep Movin'" and many others.

To the Grave

Mrs. W. Smith.

The funeral of the late Mrs. W. Smith, wife of Chief Smith of the Six Nations, took place yesterday from the residence of the deceased, interment being at the Sour Springs cemetery, the funeral services conducted by Rev. J. L. Strong of St. Paul's church. The attendance was exceedingly large, testifying to the esteem in which the deceased was held by all who knew her, and the pallbearers were three sons, George, James and Fred, two grandsons, Norman and Wilfred, and Mr. H. M. Hill, of the Indian office here. Mrs. Hill is also a grandchild of the late Mrs. Smith.

215TH TEAM DEFEATED CUBS IN FIRST TWILIGHT GAME OF SEASON

Good Fast Baseball Staged at City League Encounter at Agricultural Park Last Night, When Soldiers Overcame Early Lead and Won Out by Three Runs.

In the first twilight baseball game of the season the 215th last evening defeated the Cubs by a score of 10-7, in an encounter which was comparatively fast played and decidedly thrilling to all, the Cubs taking the lead by scoring four runs in the first inning, which score was not tied by the soldiers until the fourth, from which time the latter team held the lead throughout, scoring at least once in every remaining inning of the game. The pitching of Secord, who had 10 strikeouts, featured the game, other notable incidents being Johnson's triple, Tom Slattery's two-bagger and a neat double play, O'Heron to Armitage.

In an effort to change their ill luck on the Polo grounds this season, the Giants vacated the bench they have used for years and moved to the bench formerly occupied by visiting teams.

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial. This little village is looking fine just now, with its pretty flowers and neatly kept lawns.
Mr. John Elms, Governor's Road, is on the sick list. His many friends wish him a speedy recovery.
It is reported that the heat has been so very depressing in the Southern States that some of the farmers have lost their mules. They have died from being overheated in the field. The government thermometer, maintained at Columbus, Ga., shows the mercury registered at 100° for a few days. There has been many incidents of the death of live stock.
There are a few cases of measles in the vicinity.
The Etoua church was not well attended on Sunday owing to sickness in the district. The pastor, Rev. Mr. Volck, preached a stirring sermon on the mercy of God. He said it was the only true source of salvation, and the only regeneration of the human race.
Special services will be held in the Princeton Methodist church on Sunday and a garden party on Monday evening, the 3rd inst. A splendid program is being prepared.
Miss Eva and Master Geo. Elms, Governor's Road, who has had an attack of measles, are on the mend.
Mr. Jacob Wallace of Etoua found three of his fine young cattle dead in the field on Saturday, from being struck with lightning during an electric storm that raged here on Saturday afternoon.
Canning was quite lively on Sunday with so many cars running through. The village seems to be a favorite resort.

UNITED STATES SEEKS APOLOGY FROM AUSTRIA

Attack Upon an American Steamer "Deliberate Insult to Flag of U.S."

Washington, June 29.—The American minister to Austria regarding the Austrian submarine attack on the American steamer Petrolite, made public yesterday by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of American citizens," and requests a prompt apology, punishment of the submarine commander and payment of indemnity.

In vigorous language the communication to Austria regarding the Austrian submarine attack makes it clear that the United States government believes the facts of the case entirely different from what the Austrian submarine commander reported them to be and that immediate amends are expected.

Tissue of Falsehoods
The Austrian claim that the Petrolite's captain voluntarily gave up supplies taken from the steamer by the submarine commander is flatly contradicted, as are the claims that warning shots were fired across the Petrolite's bow before she was shelled and that her appearance was such as to justify the submarine commander in mistaking her for a cruiser.

The attack on the Petrolite, a Standard Oil tanker, occurred in the Mediterranean, Dec. 5. A protest sent soon afterward on preliminary reports from the steamer's captain and crew, brought the Austrian communication to which the new American note replies.

ERAMOSIA

(From our own correspondence.)
On Sunday morning, June 18, a reception service was held in connection with the Stone Church, Eramosia, when a number of young men and several young women were received as members of the Methodist church. A number of members were also received by letter from other churches, where they had formerly attended before moving to this community.

On Sunday, June 25th, Rev. Mr. Evans preached his farewell sermon. The service opened at 7.30 p.m. and a large congregation including representatives of adjoining churches assembled to attend the last service. For three years Mr. Evans has been the pastor of this circuit, and during that time he has been a faithful worker and a most kind and benevolent friend to everyone. Mr. Evans and his family will leave this week for Troy, the future circuit for our present pastor. We wish them every success, and true happiness in their new home.

On Tuesday evening, June 20th, a social evening was held under the auspices of the Stone Church Epworth League. A notable feature of the evening was the presence of Mrs. Evans of a party of gold and an address which read as follows:
Dear Mrs. Evans:
On learning of your intended departure from our midst, we, your friends and acquaintances have met together to spend another social evening with you as a partaker of the pleasure.

During the interval you have been with us you have been an ever-inspiring and faithful co-worker. Owing to your sterling character and most cheerful disposition you have at all times been an inspiration for good and happiness. Many times you have transformed difficulties into pleasures, and at all times your most candid opinion and sane judgment has been a guide to any who have sought your counsel.

We shall not only miss you as a friend, but also as a co-worker in our midst. In every sphere of work in connection with the church you have labored to the best of your ability.

On behalf of the Ladies' Aid we are greatly indebted to you not only as president, but as organizer of the first institution of the kind in connection with this church, and we shall miss you not as a leader alone but also as a co-operator in the many phases of the work amalgamated in the society.

In connection with the Epworth League you have always been a most able and willing worker and both your musical and literary talent has been tested to a high degree, while you have borne with us in our weekly programmes since our organization.

Regarding your assistance in connection with the Sunday School and church your aid has been almost inestimable. We have most thoroughly appreciated your kindness and willingness in assisting as organist during the past and the choir of which you have been the leader for some time regret that such a vacancy is to be made. But what is our loss will be Troy's gain.

Before dispersing this evening in this our farewell meeting we wish to express our appreciation of your capability and congeniality among us by asking you to accept this purse of gold, not for its intrinsic value, but as a slight token of remembrance of your short stay with us.

We trust and pray that you may have many happy and prosperous years to follow and that whenever you may be stationed in the future that the all-wise Providence may have an ever watchful and far-reaching guidance over you and your family.

Signed on behalf of the members and adherents of the Stone Church, Elsie Walker, Mrs. A. Croft, Mr. Wm. Gamble, Mr. R. Thatcher.
In a few well chosen words Mrs. Evans made an appropriate reply thanking the people for their kindness in remembering her in such an impressive manner.

Discontinues Enforcement

By Special Wire to the Courier.
London, June 28, 3.50 p.m.—Lord Robert Cecil, minister of war trade, told the House of Commons that as the result of conferences in Paris the French and British Governments had decided to discontinue partial enforcement of the Declaration of London governing maritime trade and that he hoped the other allied governments would concur. An order-in-council, he said, would be issued withdrawing the successive orders enforcing the Declaration of London and a statement would be given out setting forth the reasons for this step.

EIGHTEEN-INNING BATTLE WON BY PITTSBURG

Chicago, June 29.—Art Wilson's drive into the left field bleachers gave Pittsburg the winning run over Chicago in the National League's longest game of the season yesterday, an eighteen-inning affair. The score was 3 to 2, the same by which the Pirates won the first section of the double-header. McConnell, the Cubs' pitcher, worked through the entire first seventeen innings, and was taken out in the eighteenth only after Wilson's home run, it being one of three made during the game.

Pittsburg used four pitchers. Miller started and gave way to Schultz, a pinch hitter, after pitching a splendid game for seven innings. Harmon worked for two innings, and also quit to let in a batter.

Jacobs was the slab in the 11th when Zimmermann, running for Knabe, scored the tying run, and was taken out in the 13th when it looked as though he were wavering. Cooper finished the game in great form.

"KITCHENER" CHOICE OF BERLIN VOTERS

Berlin, Ont., June 29.—The name Kitchener was the choice of the electors for a new designation for this city, although only a very small vote was polled during the four days the poll was open. Brock was a close second, being only eleven behind for first place, while the other four names "also ran." A total of 729 votes were counted as good as follows: Kitchener, 346; Brock, 325; Adams, 23; Denton, 15; Corona, 7, and Kowansa, 3.

There was no demonstration last night, as the citizens evidently are waiting for the official christening, which will take place about a month later. The next move of the city council will take place next Monday when they will pass in council the by-law formally giving the name to the municipality.

BAN ON VODKA PARTIAL REMEDY

However, Bill Providing for Permanent Prohibition Will Probably Carry.

Petrograd, via London, June 29.—The bill providing for the permanent prohibition of vodka came up in the Douma yesterday for the first time and the session was given over to a discussion of the effectiveness of the present regulations forbidding the sale of liquor and the advisability of perpetuating the advantages of the increased prosperity evidenced throughout the country since the imperial decree at the beginning of the war.

The present prohibition has been prescribed by the government, and no option given to the people except in the matter of light wines and beer which had been left in the hands of the municipal councils in various parts of the empire. But judging from the preliminary debate the representatives of the people will support their approval of the prohibition by abolishing forever the sale of vodka.

In fact the general sentiment expressed by the members of the Douma was dissatisfaction with the laxity in the enforcement of the present regulations.

Drunkness Not Abolished.
Quoting the figures covering eleven months in 1915, in which, despite the prohibitory regulations, nearly 4,000,000 vedros—a vedro equaling three and one-quarter gallons—of government liquor had been sold, one speaker asserted that drunkenness was becoming as prevalent as before the war, and declared that measures should be taken to strengthen the laws now in operation.

Drunkness, continued the speaker, also had been increased by the limitation of large quantities of furniture polish, eau de cologne and other substitutes for liquor, consumed by the peasant population. The measure making the prohibition permanent will probably be passed in a short time.

Attack Upon an American Steamer "Deliberate Insult to Flag of U.S."

Washington, June 29.—The American minister to Austria regarding the Austrian submarine attack on the American steamer Petrolite, made public yesterday by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of American citizens," and requests a prompt apology, punishment and payment of indemnity.

In vigorous language the communication sent a week ago to-day makes it clear that the United States government believes the facts of the case entirely different from what the Austrian submarine commander reported to be and that immediate amends are expected.

Tissue of Falsehoods
The Austrian claim that the Petrolite's captain voluntarily gave up supplies taken from the steamer by the submarine commander is flatly contradicted, as are the claims that warning shots were fired across the Petrolite's bow by the submarine commander in mistaking her for a cruiser.

The attack on the Petrolite, a Standard Oil tanker, occurred in the Mediterranean, Dec. 5. A protest sent soon afterward on preliminary reports from the tanker's captain and crew, brought the Austrian communication to which the new American note replies.

ERAMOSIA

(From our own correspondence.)

On Sunday morning, June 18, a reception service was held in connection with the Stone Church, Eramosia, when a number of young men and several young women were received as members of the Methodist church. A number of members were also received from other churches, where they had formerly attended before moving to this community.

On Sunday, June 25th, Rev. Mr. Evans preached his farewell sermon. The service opened at 7.30 p.m. and a large congregation including representatives of adjoining churches assembled to attend the last service. For three years Mr. Evans has been the pastor of this circuit, and during that time he has been a faithful worker and a most kind and benevolent friend to everyone. Mr. Evans and his family will leave this week for Troy, the future circuit for our present pastor. We wish them every success, and true happiness in their new home.

On Tuesday evening, June 20th, a social evening was held under the auspices of the Stone Church Epworth League. A notable feature of the evening was the presentation to Mrs. Evans of a purse of gold and an address which read as follows:

Dear Mrs. Evans: On learning of your intended departure from our midst, we, your friends and acquaintances have met together to spend another social evening with you as a partaker of the pleasure.

During the interval you have been with us you have been an ever-inspiring and faithful co-worker. Owing to your sterling character and most cheerful disposition you have at all times been an inspiration for good and happiness. Many times you have transformed difficulties into pleasures, and at all times your candid opinion and sane judgment has been a guide to any who have sought your counsel.

We shall not only miss you as a friend, but also as a co-worker in our midst, in every sphere of work in connection with the church you have labored to the best of your ability.

On behalf of the Ladies' Aid we are greatly indebted to you not only as president, but as organizer of the first institution of the kind in connection with this church, and we shall miss you not only as a leader, but also as a co-operator in the many phases of the work amalgamated in the society.

In connection with the Epworth League you have always been a most able and willing worker and both your musical and literary talent has been tested to a high degree, while you have borne with us in our weekly programmes since our organization. Regarding your assistance in connection with the Sunday School and church your aid has been almost inestimable. We have most thoroughly appreciated your kindness and willingness in assisting as organist during the past and the choir of which you have been the leader for some time regret that such a vacancy is to be made. But what is our loss will be Troy's gain.

Before dispersing this evening in this our farewell meeting we wish to express our appreciation of your capability and especially among us by asking you to accept this purse of gold, not for its intrinsic value, but as a slight token of remembrance of your short stay with us. We trust and pray that you may have many happy and prosperous years to follow and wherever you may be stationed in the future that the all-wise Providence may have an ever watchful and far-reaching guidance over you and your family.

Signed on behalf of the members and adherents of the Stone Church, Elsie Walker, Mrs. A. Croft, Mr. Wm. Gamble, Mr. R. Thatcher. In a few well chosen words Mrs. Evans made an appropriate reply thanking the people for the kindness in remembering her in such an impressive manner.

Discontinues Enforcement

By Special Wire to the Courier.
London, June 28, 2.59 p.m.—Lord Robert Cecil, minister of war trade, told the House of Commons that as the result of conferences in Paris the French and British Governments had decided to discontinue partial enforcement of the Declaration of London governing maritime trade and that he hoped the other allied governments would concur. An order-in-council, he said, would be issued withdrawing the successive orders made under the Declaration of London and a statement would be given out setting forth the reasons for this step.

EIGHTEEN-INNING BATTLE WON BY PITTSBURG.

Chicago, June 29.—Art Wilson's drive into the left field bleachers gave Pittsburgh the winning run over Chicago in the National League's longest game of the season yesterday, an eighteen-inning affair. The score was 3 to 2, the same by which the Pirates won the first section of the season. The Cubs' pitcher, worked through the entire first seventeen innings, and was taken out in the eighteenth only after Wilson's home run, it being one of three made during the game.

Pittsburg used four pitchers. Miller started and gave way to Schultz, a pinch hitter, after pitching a splendid game for seven innings. Harmon did game for two innings, and also quit to let in a batter.

Jacobs was on the slab in the 11th when Zimmerman, running for Knabe, scored the tying run, and was taken out in the 13th when it looked as though he were wavering. Cooper finished the game in great form. Scores: R. H. E. Pittsburgh . . . 000002100—3 10 0 Chicago . . . 000020000—2 6 2 Mannaux and Gibson; Lavender, Vaughn and Fischer. R. H. E. NINE STOLEN BASES HELP HIGHLANDERS TO THE TOP

Philadelphia, June 29.—Base-stealing played a big part in the game which New York won from Philadelphia here yesterday, 9 to 7. The visitors had nine stolen bases. Gillette, Struck led in the hitting with a triple and three singles in four times at bat. New York now lead the league. Score:— R. H. E. New York . . . 300050100—9 8 2 Philadelphia . . . 100100500—7 12 4 Keating, Russell and Nunamaker; Myers and Meyer. R. H. E. BISON'S THREE-RUN LEAD DEFEATS PROVIDENCE

Providence, June 29.—Buffalo's three runs scored in the first inning, when they landed consecutively on Tincup, were enough to win from Providence by 3 to 2. Score:— R. H. E. Buffalo . . . 300000000—3 11 2 Providence . . . 000020000—2 5 4 Tyson and Haley; Tincup and Blackburne.

HIT WITH BASES FULL. WINS FOR JEFF PFEFFER

Boston, June 29.—Pfeffer won his own game yesterday when he singled with the bases full during the fifth inning, driving in two runs and giving Brooklyn a 3 to 2 lead, which they held to the finish. Score:— R. H. E. Brooklyn . . . 100020000—3 5 0 Boston . . . 010100000—2 7 0 Pfeffer and Mays; Tyler and Tragesator, Gowdy.

"KITCHENER" CHOICE OF BERLIN VOTERS

Berlin, Ont., June 29.—The name Kitchener was the choice of the electors for a new designation for this city, although only a very small vote was polled during the four days the poll was open. Brock was a close second, being only eleven behind for first place, while the other four names "also ran." A total of 729 votes were counted as good as follows: Kitchener, 346; Brock, 335; Adanae, 23; Benton, 15; Corona, 7, and Keowana, 3.

"Brock" Ran Close Second as New Name of Berlin, Ontario.

There was no demonstration last night, as the citizens evidently are waiting for the official christening, which will take place about a month later. The next move of the city council will take place next Monday when they will pass in council the by-law formally giving the name to the municipality.

BAN ON VODKA PARTIAL REMEDY

However, Bill Providing for Permanent Prohibition Will Probably Carry.

Petrograd, via London, June 29.—The bill providing for the permanent prohibition of vodka came up in the Douma yesterday for the first time and the session was given over to a discussion of the effectiveness of the present regulations forbidding the sale of liquor and the advisability of perpetuating the advantages of the increased prosperity evidenced throughout the country since the imperial decree at the beginning of the war.

The present prohibition has been prescribed by the government, and no option given to the people except in the matter of light wines and beer which had been left in the hands of the municipal councils in various parts of the empire. But judging from the preliminary debate the representatives of the people will support the government and will signify their approval of the prohibition by abolishing forever the sale of vodka.

In fact the general sentiment expressed by the members of the Douma was dissatisfaction with the laxity in the enforcement of the present regulations. Drunkenness Not Abolished. Quoting the figures covering eleven months in 1915, in which, despite the prohibitory regulations, nearly 4,000,000 vedros—a vedro equalling three and one-quarter gallons—of government liquor had been sold, one speaker asserted that drunkenness was becoming as prevalent as before the war, and declared that measures should be taken to strengthen the laws now in operation.

Drunkenness, continued the speaker, also had been increased by the importation of large quantities of furniture polish, eau de cologne and other substitutes for liquor, consumed by the peasant population. The measure making the prohibition permanent will probably be passed in a short time.

SHELLING OF WHOLE HUN LINE NEVER CEASES

Severe Damage is Inflicted, and Patrol Parties Bring in Prisoners.

500 SHELLS IN HALF AN HOUR

One Place in the Enemy's Positions Received This Amount of Attention.

London, June 29.—The War Office communication issued last night says: "During last night's operations, the raids, and patrols entered enemy trenches at several points, bombing the enemy and inflicting casualties. Near Angrie, one of our raiding parties found the enemy trenches badly damaged by shell fire. The enemy apparently had suffered from gas we had successfully discharged from our trenches, and a particularly successful raid was carried out by the Highland Light Infantry near the Vermelles-La Bassee road, where forty-six prisoners and two enemy mortar were captured and two enemy main shafts were destroyed with the loss of only two men.

Very Destructive Bombardment. The Chronicle has the following from Philip Glass, with the British armies in France. "The steady shelling of the German line along the whole length of our front from Ypres to the Somme will continue, and beyond doubt the work of the guns is inflicting severe damage upon the enemy, apart from the numerous raids in which our troops have penetrated their trenches and brought back prisoners. The object of this artillery fire is a simple and terrible one. It is to kill German soldiers and destroy their own man-power as well as possible; it is to destroy the enemy's batteries, to break up his defensive works; to destroy his machine gun positions, to bind the lines, to bring down his observation balloons, to reach his men in and beyond their communication trenches, in their billets, and rest camps, on their railways and generally to cause destruction to his offensive powers over a wide area.

British Gunners Successful. I know from various sources that our gunners have been successful in many of those objects. At various points on the line from Neuveville to Vaast southwards to the Somme our batteries have carried out concentrated bombardments with great effect; the work of the enemy which have looked down upon us from his kite balloons has been silenced; many of his batteries have been silenced; the zone of our shells has been very effective in shattering, and large numbers of important positions have been searched by our high explosives and shrapnel. Without moving a foot we have struck our enemy severely. That is all I know from information received in the northern as well as the southern sectors of our front.

500 Shells in Half an Hour. From personal observation I know that the work of our guns has been very destructive. To-day I went to part of the line not far from Albert. The German lines stretched out before me, marked by well-known woods and landmarks, from Thiepval to La Boisselle and away to Tricourt. "I am glad I'm not in Thiepval," said an officer by my side, as we were looking across to the woods. There shells were bursting above them continuously, with the impression of a central flash of bursting shells through the woods. In less than half an hour I reckoned that 500 shells had fallen over Thiepval, but that was only one place. All along the German line our shells were bursting. La Boisselle was being slashed with fire. Above Tricourt there was a continual flash of bursting shells through the smoke which shrouded it. The enemy's reply was feeble, and only a few shells answered our batteries. It was our work on the British artillery and it was doing great damage to the enemy's lines. The infantry on both sides was invisible.

Munitions Output at Best. Gabriel Macaux, former French Foreign Minister says. "The allies' production of munitions is at last in full swing. The French output surpasses all expectations. The British is going ahead without a hitch, while one of my friends, who has returned from Petrograd tells me that the Poutiloff factories give the impression of being ten times bigger than the Creusot works. This production goes on simultaneously so that an iron torrent may deluge the besieged Central Empires. The Russian battle has scarcely begun. Italy is reaping the reward of her energetic resistance and Cadorna's management strategy. She knows that Austria has no more reserves to feed the Trentino front.

In Macedonia Bulgaria is now thrown on her own resources. The allies' army is in perfect condition and will play its role in the Balkan Peninsula, which Austria has abandoned, perhaps forever. The greatest of all combats. The civilization of the world will be at stake there. We must hold on at all

Five great battles are now under way. Verdun—which was the first of the series—must render victorious the other four. The Berlin claim. To-day's German official statement says: "From La Bassee Canal to the region south of the Somme the enemy made reconnoitering attacks, in conjunction with intense artillery fire and mine explosions and under the protection of smoke and gas clouds. The attacks were repulsed easily."

EDITOR ON STAND IN BOMB TRIAL

John Devoy Sent Telegram to Lawyer in Buffalo to Please Von Igel.

New York, June 29.—John Devoy, editor of the Gaelic-American, was placed on the stand yesterday at the trial of Von Igel and others, former German army officer, charged with complicity in the alleged plot to blow up the Welland canal in September, 1914. He was asked why he had sent a telegram to John T. Ryan, a Buffalo lawyer, requesting Ryan to identify Horst Von Der Goltz, the man upon whose confession, Fauscher, Wolf Von Igel and others were indicted. Ryan, it had been previously brought out, turned over funds, alleged to have been used in the plot, to Von Der Goltz. "Von Igel asked me to recommend someone in Buffalo who would identify a friend of his," said Devoy. "I told him of John T. Ryan, a lawyer there whom I knew when he was a boy. I sent Ryan a telegram and that was the end of it." When asked why he was willing to be responsible for a man whom he did not know, Devoy replied: "Von Igel told me he was all right and it was only a case of identification." As he left the stand, Devoy turned to Judge Hand and said: "I want to contradict the villainous misstatement made against me by that man who calls himself Von Der Goltz." The court warned him that his words were "irregular."

Old World Notes

Female labor is still not much in favor with the farmers, in spite of the Government's appeal, and the Board of Agriculture, to remove prejudice, have been driven to issue a leaflet containing examples of women's achievements. The new type of self-sufficient, enterprising farmer, is not common, and the old type still cherishes the belief that he is expected to turn women on to heavy work such as ploughing, for which he well knows they are unsuited. A collection of bottles has been produced to turn women on to heavy work such as ploughing. Over 1,000,000 bottles and jars were collected. They were washed by voluntary workers and sold to doctors, chemists and firms at a trifle more than wholesale cost when new. War fortunes have been amassed by shipping clerks at Cardiff who carrying £3 (\$15.00) per week at the beginning of the war, saw their opportunity and invested in the purchase of steamers. As a result of their enterprise they have become
