EDITION

THE ADVERTISER

PUBLISHED
TWICE A WEEK

VOL XXXVII

KENTVILLE, FRIDAY APRIL 27, 1917.

To Our Customers and those who should Be:
We wish to announce that all our Cash Customers Will now Share in our Profits by receiving Valuable Premiums Free

Our plan is to greatly increase the amount of our cash business and in order to do it we have decided to divide a portion of our profits with our customers. We have, therefore adopted what is known as the New Cash Sales Profit-Sharing Plan. This system is very simple indeed. Every Cash Customer spending a Dollar at our store will receive a premium. The more dollars spent the larger the premium. There are no strings to it, no red tape to go through, no obligation whatever on your part. All you have to do is to buy your goods from us and take home the premiums. You will receive a Profit-Sharing Card worth five cents, or more with every dollar's worth of goods purchased, which are redeemable at any time in our PREMIUM DEPARTMENT.

Through this Profit-Sharing Plan we hope to greatly increase our business and the greater the increase the greater the Profits we will be able to share with our customers. You will also find our prices are the lowest obtainable with quality and service considered that can be purchased anywhere.

Drop into our store at any time and we will only be too pleased to explain further our PROFIT SHARING PLAN and at the same time show you the beautiful Premiums we are giving away FREE.

Yours very truly,

IN MEMORIAM

Captain John W. King Swanson

On last Wednesday morning news was received which spread like wild fire, startling and thrilling the whole town and neighborhood, that among the gallant Canadian dead and wounded that strewn the slopes of the fatal Vimy Ridge in Northern France on that terrible but glorious Easter Monday was Captain J. W. King Swanson, youngest son of our esteemed fellow-citizen Mr. George Swanson. Owing to some conflicting statements in telegrams received, some hope was entertained for a time that there might be some mistake, two officers named Swanson having somehow been transposed. This faint hope had to be abandoned by the receipt of the following telegram from Sir George E. Foster, Acting Premier of Canada:

"Ottawa, April 19th.
"George Swanson, Kentville, N. S.
"My colleagues and I send our deepest sympathy for the great bereavement you have sustained in the death of your gallant son."
"George E. Foster,
"Acting Premier

The following is a record, in more or less of the brief and brilliant life of this gallant young officer.

Mr. and Mrs. George Swanson and their family, with one exception, Miss Margaret, comes from Scotland to Nova Scotia, early in September, 1889, and settling in Kentville he entered the service of the Railway at first in the Freight Department, and later as General Storekeeper, from which position he retired a few years ago on a well-earned pension. His young son and child, John Warren King Swanson was born at Kentville on 11th March, 1890, and was named for Mr. J. W. King, an old friend of the family, and a former Mayor of the Town.

The late Capt Swanson received his early education at Kentville high school. He was remarkably quick and apt with his lessons and passed through all the lower grades so rapidly that at the early age of 13 in the provincial examination for B certificate he led his class with a record average of marks. Mr. Burns, then manager of the Bank of Nova Scotia here, who was on the look out for bright young lads recommended him to join the staff here. Accordingly he passed the Bank examination and entered the service at the Kentville agency, retiring voluntarily after four years service, while holding the position of accountant, in order to enter as a student at Dalhousie University. At first he took the Arts course and after a very successful career, he passed all examinations with honor and graduated with the degree of B.A. Deciding in favor of the legal profession he then entered for the Dalhousie Law Course, and was articulated with Barclay Webster, Esq., K. C., in whose office he studied when in attendance at Halifax. After a distinguished career he graduated with the degree of L.L.B.

His education being now completed it was in contemplation that he should enter upon the practice of his profession with Barclay Webster Esq., K. C., at Kentville, Mr. Webster, with whom he was a great favorite, and who had a high opinion of his ability and attainments, had decided to relinquish to him a large part of his valuable practice.

But the gravity of war situation grew more and more intense, the young man's patriotic ardor was aroused, the Norse blood of far away ancestors stirred in his veins, and the call of his country was to him as the call of God. He decided to enlist, and it was agreed between Mr. Webster and himself that the partnership arrangements should remain in obedience pending his return.

Accordingly he went to Windsor and enlisted as a private in the 112th Battalion then being raised by Lt. Col. Tremaine. He was almost immediately promoted to the rank of Corporal and shortly afterward Colonel Tremaine was as favorably impressed by his ability and soldierly qualities that he strongly urged him to go to Halifax, and take a course qualifying for a lieutenant's commission. This he did, qualifying rapidly and with great credit; and soon returned to Windsor, with the rank of lieutenant. He was immediately detailed for duty to assist in training and drilling a large contingent of recruits stationed at Bridgewater. He remained at Bridgewater until the mobilization of the battalion for service overseas. Before leaving for England he paid a brief visit to Kentville to take farewell of his father and family and bid good bye to his numerous friends. He was in excellent spirits, confident and cheerful as usual, conscious of the risks he ran, but rejoicing in the reflection that whatever happened he at least had done his duty, and this was the last our saw of this young hero.

On 23rd July, 1916, the 112th Battalion shipped at Halifax on the S.S. Olympic for overseas, and arrived in England on 1st August. After being 9 days in Bramshol Camp, a call came for 40 men and 6 officers as reinforcement for the front in France. Among the first to volunteer was Lieutenant Swanson, who on reaching the front was attached to the 4th Canadian Infantry (Sask). He was cordially received by his brother officers and men of this Battalion among whom were many Scotsmen with whom he saw service at Ypres and on the Somme. He participated in the long struggle and hard fighting which marked the British advance along the Ancre to flank Baupanne, and for brilliant service in the field at the storming of the formidable Regina Trench, his Commanding Officer recommended him for captaincy, and anticipating the delays of routine, placed him at once in command of a Company.

The late Captain Swanson was of pure Scottish descent the blood of notable Norse and Highland ancestors being in his veins. He was a tall, well-knit and handsome young man, alert of movement soldierly of bearing and was only 27 years of age when he went to his death, gallantly leading his men to victory up the slopes of Vimy Ridge.

To the tender care and loving solicitude of his mother, a most estimable and christian lady, who died 11 years ago, and whose memory remains green in the hearts of all who were privileged to know her,—he owed much of the amiable and lovable qualities which were in charm of his home circle which endeared him to his intimate friends, and gave him a foremost place in the esteem of the community.

His disposition was singularly bright and cheerful with a strong tendency to make light of difficulties and look on

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and health restorer. My husband says I would have been in my grave ere this if it had not been for my Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 708 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to bring up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

the brighter side of things, which tendency, flavored with a genial sense of humor, he took with him into the sodden trenches, dugouts and shell holes of the battle-scarred front.

His demeanor was uniformly courteous affable and gentlemanly, and his temperament, while inclined to be sanguine was kept well under control.

His intelligence was of a high order, his general information was extensive and select, he was well read in most branches of English literature, and he kept well abreast of the political and social events, occurrences and tendencies of the time in all parts of the world.

In religion he was a Presbyterian, in politics a Conservative.

His was a pure unblemished, unclouded, happy and honorable life; he was also a glorious and honorable death, for no man can die a better, a nobler or more honorable death than on the battlefield in defence of the just and righteous cause of his country and of humanity.

When Britain, in her perilous need, called all her children to her side To stem the onrushing German tide, He heard the call, and, answering, gave His fair, young, blameless life,—and died,— The good, the beautiful, the brave.

REVIEW OF THE WEEK

Halifax, April 23.—The past week has been a record of continual successes, both on the part of the English and French troops. Altogether, counting the splendid victory by General Maude's command in Mesopotamia, over 35,000 prisoners of war have been taken, and, if we can trust the accounts of the war correspondents, several times this many have been killed and wounded. This splendid victory, together with the internal dissensions reported concerning Germany, are giving heart to the Allies, and some persons, who jump quickly to conclusions, are predicting an early peace. The early peace, however, is unfortunately not likely to come, for with Peace may probably come the downfall of the German Emperor, and that will be put off as long as possible. Among the splendid stories of heroism comes many concerning the brilliant feats of the Canadians at Vimy Ridge. These are the days when one is especially proud of being a Canadian. Unfortunately it is impossible to obtain victories without paying the price, and at least 12,000 Canadians have been killed or wounded.

From the casualty list it appears that our Nova Scotia Battalions were in the thick of the fight, and would undoubtedly give an account of themselves such as we would expect and they would accomplish. We cannot read the casualty lists, however sad they may be, without feeling the insistent call for more men. If these brave fellows have fallen, other brave fellows must take their places, and that means that Nova Scotia, which has never yet fallen back or failed to do her part, shall provide a substitute for every man who is not able to carry on his work at the front.

Below the illustration, the text reads: 'NEPONSET TWIN SHINGLES'. Further down, it states: 'THE crushed slate surface of Neponset Twin Shingles—dull Red, or dark Green, gives the handsome appearance of best slate to the roof—increases the fire-resistance and adds extra years to the long life of the shingle. In the one year since they were introduced into Canada they have been used on some of the finest homes from coast to coast.' At the bottom, it lists 'Neponset Dealer, Kentville, T. P. CALKIN & CO.'

NINETEEN THOUSAND GERMANS CAPTURED BY THE FRENCH

PARIS, April 26—Hard fighting continue between the French and the Germans all along the southern front. The French War Office, in its latest communique, issued this evening, records further progress for the forces of General Nivelle north of the Aisne, in Champagne, and in the Argonne forests. More than 19000 Germans was made prisoner, and guns in excess of 100 have been captured by the French since the offensive began last Monday.

AMERICANS TAKE OVER PATROL

New York, April 19—An Associated Press despatch from Washington today says:
It became officially known today that the American navy is rapidly taking over the patrol which the British and French vessels established on the American coast. This action followed the conferences last week between Vice Admiral Browning, of

FIFTH CANADIAN DIVISION FOR THE FRONT

The 185th Nova Scotia Battalion, Commanded by Colonel Day, in the Division.

OTTAWA, April 26—Major General Garnet Hughes, commandant of the Fifth Division, has completed the organization of his force. They are now training as a division in England and will shortly leave for France to join the forces under General Byng. In the Fifth Division are two Montreal regiments, the Irish Rangers, commanded by Colonel O'Donahue, and a French-Canadian regiment commanded by Colonel Barrie, who saw service with the First Division.

In this division is the 185th Battalion Colonel Day, and the 104th Battalion, Colonel Ing, P.-E. Islanders.

HUGE MUNITIONS BUSINESS

Mr. J. W. Flavelle, Chairman of the Imperial Munitions Board, has furnished the Minister of Finance with a statement showing the extent of the business in munitions which has been built up in Canada with the financial assistance of the Dominion Government. The figures are very striking as evidencing both the industrial power of Canada and the extent to which the present favorable financial and commercial conditions have been created by this gigantic business. The total value of orders received by the Board is \$850,000,000, which is equal to the entire international trade of Canada (imports and exports) of 1912. The value of munitions shipped to April 30th was \$470,000,000, the total disbursements of April 30th being \$543,000,000. The number of employees is divided as follows:—Headquarters staff, 800; inspection, 4,000; workers, direct and indirect, 250,000 to 300,000. Six hundred and thirty factories, chemical and loading plants are in operation in carrying out the orders of the Board. The products covered by these orders include shells, and their component parts, which represent as tonnage of steel, brass, copper, lead, etc. They include propellants and fuses, also ships, locomotives and cars. An idea of the financial magnitude of the business is obtained from the fact that the cash disbursements for March were \$41,000,000 and will be for April \$43,000,000.

Towards the financing of this immense business which means so much to the Empire from the standpoint of the successful prosecution of the war and to our troops at the front as well as to the prosperity of Canada, the Dominion Government has contributed \$200,000,000 as a loan to the Imperial Treasury and arranged with the Canadian banks for advances aggregating \$100,000,000. Of the co-operation of the Finance Department in providing these huge sums Mr. Flavelle says:—"The advances made were not only of great value in themselves in assisting the Treasury to meet the ever present problem of exchange but they gave evidence of so earnest a desire on the part of the Government and people of Canada to co-operate and assist in bearing the burdens of the war that to an increasing extent those who had the control of the placing of this business turned to Canada first because they desired to give as much business to us as possible and second because they knew they would receive immediate and tangible assistance in paying for the products ordered. Before orders are placed by the Ministry of Munitions the Treasury's approval of the transaction has to be secured; you can understand, therefore, what a powerful ally we had in securing the business in the knowledge which the Treasury possessed that they would secure sustained support from the Government of Canada in rendering assistance in providing funds to meet these added obligations."

"SOLD BY W. W. ROCKWELL"

Another Furness-Withy Steamer Sunk.

Halifax, April 24—Word was received in Halifax yesterday of the sinking of the Furness-Withy steamer Annapolis, by a German submarine, on April 19th. No particulars were given regarding the fate of the crew. The Annapolis was laden with general cargo and carried on her deck three thousand barrels of Nova Scotia apples, the last shipment of fruit from this port.

Enquiries regarding the captain and crew were cabled to London yesterday, but up to a late hour last night no reply had been received.

Little Nicky came home one day sniffling.

"You got licked!" cried his mother with conviction.

"Naw, I didn't either, naw," Nicky retorted. "But the doctor was at our school to-day try'n' to find out if there was anything the matter with any of us an' he says I got ad'noids."

"Ad'noids? What's them?" his mother demanded.

"They're things in your head maw, what hasto be took out," said Nicky in a doctul tone.

"He's a liar," said his mother hotly, "an' it's me that isn't afraid to tell 'im so. I fine-comb your head every Sunday night an' its never a ad'noid can I find!"

Baby's Own Tablets Cure Constipation

Childhood constipation can be promptly cured by Baby's Own Tablets. These Tablets never fail to regulate the bowels and stomach thus curing constipation, colic, indigestion and the many other minor ills of little ones. Concerning them Mrs. Louis Nicole, St. Paul du Buton, Que., writes:—"My baby suffered from constipation but thanks to Baby's Own Tablets he is a fine healthy boy today. It gives me much pleasure in recommending the Tablets to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Sydney Trades and labor Council has recommended to the Municipality of Cape Breton a tax of \$10 on dogs and \$15 on bitches. This will do away with the moulch curs and the well-bred dogs will not kill sheep.

Dr. Arsene Pare, of Brockton, Mass., has returned from New York, where, he declares, Russian Government representatives have offered to buy his newly invented war machine at his own price. Dr. Pare, while unwilling to describe his invention, admits it is a propelled auto which is indestructible, capable of fording any river and battering it way through any building or fort and will belch forth liquid fire bombs and other destructibles all at the same time. The machine, he says, weighs 22 tons and could destroy a city within 5 minutes.

A Bill has been introduced into the Legislature to appoint a Board of Commissioners to inquire into the coal industry in Nova Scotia and to deal with all phases of the coal question.

UNION WITH WEST INDIES

That, if fair and reasonable terms can be arrived at the people of the West India Islands would welcome the opportunity to become a part of the Dominion of Canada was the statement made by His Honor Judge J. G. Forbes at St. John, Tuesday on his return from a six months' tour to the West Indies. Judge Forbes said that the feeling was becoming more general that the islands should become a part of this Dominion and that only lately a meeting of the Boards of Trade from the different islands had been held at Trinidad when the matter was discussed from the most favorable viewpoint. He looks forward to the union and predicts increased trade developments as a result.

When You Paint Your Home

BE sure to buy a paint that measures up to highest standard in Appearance, Durability and Covering Capacity. If it lacks these qualities, you'll be disappointed in the job and soon will have to do it over again.

Run no risk. Be certain of the result before spending your money. Use

B-H "ENGLISH" PAINT

It contains 70% Brandram Genuine BB White Lead and 30% Pure White Zinc, mixed in pure Linseed Oil and ground to exceeding fineness in our modern plants. Science and extended tests have proved that this combination produces a paint of great Covering Capacity and Durability,—one that will protect your home against the destructive weather of Canada's changeable climate.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

LATEST WAR HAPPENINGS

IN TABLOID FORM

China has voted to enter the war
with the Allies. Their parliament is al-
most unanimous but the President coun-
sels delay.
Germany has taken a heavy toll dur-
ing the last week reported, in sinking
neutral and allied shipping. The pinch
of vessel shortage is being felt to a
terrible degree.

The British and French have been
most successful in use of aeroplanes dur-
ing the past week. The German losses
in machines is very heavy and they are
driven far back of the front lines.

A great thrust in Macedonia has now
started and the Bulgarians are now
suffering a terrific bombardment from the
Allies and are being driven back.

The first gun of the war for the Am-
ericans was fired when their ship Mon-
golian fired on and sunk a German sub-
marine April 19th.

TOWN PLANTING

Active progress is being made by the
Kentville Patriotic Planting Club.
Sufficient land to furnish a plot for
all who wish to make a garden, but
have not the available room at home,
has been offered, fertilizer has been
purchased, and arrangements made for
ploughing.

If there are any persons in the town
who require their garden ploughed and
and have not yet been able to secure
the necessary labor, they should advise
the Secretary of the Club.

There are many that have a small
piece of land to be ploughed, and for
which it is not practical to hire a man
and team for a day. The Club has ar-
ranged to take care of such conditions
by employing a man by the day to do
a number of properties the individual
being charged only for the actual time
consumed in ploughing his plot.

The Club has procured a number of
copies of a very interesting pamphlet
on the Home Vegetable Garden from the
Department of Agriculture at Ot-
tawa, giving list of best vegetables,
points for growing potatoes, sowing
seed and arrangement of the garden.
Every person planting a garden should
have a copy, which may be secured gratis
on application to the secretary.

ODDFELLOWS EXCURSION

The Oddfellows Excursion to Halifax
on Tuesday last was a great success.
About 80 members of Hiawatha Lodge
including Hiawatha Band visited the
city and took part in degree work in the
City on Tuesday evening. There were
in all about 600 excursionists visited
the city and with a fine day they had
an excellent time. The special train did
not leave the city until after midnight.
Conductor William Clarke did most ef-
fective work in advertising and laboring
for the excursion.

SORROW IN WOLFVILLE FOR DEAD AND WOUNDED

In the list of wounded will be found
the name of Frank Porter, son of Rev.
J. W. and Mrs. Porter of Wolfville.
Wednesday evening brought the sad
news to the parents that their brave
boy died from wounds received. The in-
valid father, and the mother will have
deepest sympathy in this their hour of
great grief.

Mrs. W. T. Stackhouse received a tel-
egram this week from Dr. Stackhouse
in New York stating that their
son, Wesley Eugene Stackhouse was ill
from a gunshot wound in the left leg.
He was placed in the Australian Hos-
pital at Bologna.

Mrs. Stackhouse received a cable on
Friday last from Captain Ralston, M.
Adjutant of the Regiment stating
that Eugene had done splendid work
previous to being wounded. He had been
engaged as a runner, and the carrying
of messages places the bearer in most
dangerous positions. The average time
for a runner before being caught by a
German sharpshooter is but a few days.
It is hoped that later news may bring

good news of the recovery of such a
noble young defender of his country.
The death of Fred Manning of St.
John is heard with sorrow here. He
graduated last year at Acadia and was
one of the speakers at the closing. It
is sad that a career of such promise is
ended on this earth.

The Lazy and SLUGGISH LIVER

It may interest you to know that we have observed that people do not rely so much on headache remedies as formerly. Most headaches arise from sluggishness of the liver.

The proper thing, then, is to stimulate the liver and remove the cause of the headache. A teaspoonful of our Liver Saline, dissolved in a half glass of water and taken while sparkling, is most effective.

A Harley Davidson Surprise the New "Master 17"

For 1917 the twin cylinder Harley-Davidson models have a NEW MOTOR. We want you to see this new motor PERFORM.

A giant in power, this motor has the "jump," "punch," "getaway" and that extra burst of speed that will make it THE TALK OF THE TRADE.

"Pep" is the one word which best describes its performance. Such SNAP has never been built into a motor before. Slowed down on a hill it will pull, AND KEEP ON PULLING.

We believe this motor will out-thrust and outpull any other stock motor. We make this statement because the Harley-Davidson has won every big race of the past season and each one of these contests taught the Harley-Davidson engineers something new about motor performance, and all of this experience has been built into the 1917 twin motor.

MUSICAL STUDY CLUB

A large number of music lovers met at the spacious home of Mrs. John Tully, Main Street East, on Tuesday evening. There seems to be a growing interest in this society which shows the anticipated pleasure on each occasion has been more than realized.

The study subject for the last evening was "Italian Composers" and much valuable information was presented in biographies, current events, etc. Those who took part in the programme were: Mrs. Tully, Mrs. Spidell, Mrs. Cross, Mrs. Clark, Mrs. Parker, Misses Knowles, Spidell and Reeves, Dr. Donohoe, Rev. T. C. Mellor, Messrs Morash, Oyley, also Miss Gay and Miss Bailey (instructors in piano and voice) of Acadia Seminary. The assistance of these young ladies was most highly appreciated and added much to a delightful programme.

The last meeting of the Club will be held at the residence of J. D. Clark Tuesday evening, May 8th.

ST. STEPHEN'S CHURCH ANNIVERSARY SERVICE

Last Sunday the 21st anniversary services were held in St. Stephen's Methodist Church. The preacher was the Rev. F. J. Armitage, of Wolfville. In the morning his subject was the hymn "Nearer, My God, To Thee." In the evening, "Is good likely to result from the present war?" At the afternoon service the Wolfville Methodist choir gave an excellent rendering of the cantata "Life Everlasting." There was special music at the morning and evening services the soloists being Miss Murray of Wolfville, Miss Myrtle Neary, Mrs. Best, Mrs. Smith, and the Rev. P. Pollitt. At the evening service an Honor Roll was unveiled. Good congregations attended all the services. The Church had been tastefully decorated by the ladies. A beautiful Heintzman piano, very kindly lent by Phinney's, added considerably to the musical part of the services. Altogether, the Methodists had a good day and are looking forward to a successful year. The Rev. Dr. Borden, now of Canning, will be the resident minister during the term beginning in July. The Rev. P. Pollitt is transferring to the Montreal conference in June.

Shaving Single Handed in a Military Hospital

Only those who have been there can realize what the Gillette Safety Razor is doing for the wounded!

Clean shaving on the firing line, possible only with the Gillette, has saved endless trouble in dressing face wounds. In the hands of orderly or nurse it shortens by precious minutes the preparations for operating. Later, in the hands of the patients, it is a blessing indeed!

As soon as their strength begins to return, they get the Gillette into action, and fairly revel in the finishing touch which it gives to the welcome cleanliness of hospital life. For though he can use but one hand—and that one shaky—a man can shave himself safely and comfortably with a Gillette Safety Razor.

It may seem a little thing to you to send a Gillette to that lad you know Overseas, but to him it will mean so much! It will bring a touch of home comfort to his life on active service, and he will be more appreciated if he gets "Blighty". 240

NERVOUS DISEASES IN THE SPRING

Cured by Toning the Blood and Strengthening the Nerves

It is the opinion of the best medical authorities, after long observation, that nervous diseases are more common and more serious in the spring than at any other time of the year. Vital changes in the system, after long winter months, may cause much more trouble than the familiar spring weakness and weariness from which most people suffer as the result of indoor life, in poorly ventilated and often overheated buildings. Official records prove that in April and May neuralgia, St. Vitus dance, epilepsy and other forms of nerve troubles are at their worst, and that then, more than any other time, a blood-making, nerve-restoring tonic is needed.

The antiquated custom of taking purgatives in the spring is useless, for the system really needs strengthening, while purgatives only gallop through the bowels, leaving you weaker. Dr. Williams' Pink Pills are the best medicine, for they actually make the new, rich, red blood that feeds the starved nerves, and thus cure the many forms of nervous disorders. They cure also such other forms of spring troubles as headaches, poor appetite, weakness in the limbs, as well as remove unsightly pimples and eruptions. In fact they unfailingly bring new health and strength to worn, tired and depressed men, women and children.

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

AN EXAMPLE WORTHY OF FOLLOWING

The benefit of the split-log drag has been repeatedly made known to the people of this County. Used on roads that are soft they make an excellent roadbed at little cost. An example of what can be done by little effort is seen by about two miles of road between Welsford and Grafton, A little while ago this was a mire hole. Mr. Rufus Power put a split log drag over it and it is now one of the best pieces of roadbed in the County and a credit to the

Oleomargarine

The atrocious price of butter is bound to force the Government to remove the prohibition of the importation of Oleomargarine. One thing is certain, and that is, that those who are opposed to the repeal of this law must give up their stupid misrepresentation of the article in question. Years ago, when the making of Oleomargarine was more for the purpose of utilizing waste and rancid beef fats than of supplying a real article of food, logical and just objections might be made. But these objections do not hold good at the present time, the product being now a perfectly unobjectionable article of food. At first, Oleomargarine was made from beef fats and was not as palatable as it is today, its present constituents being Oleo oil, lard, cotton seed oil, various other vegetable oils, butter, milk or cream, casein, water and salt. All these are perfectly edible and easily digestible. Oleo oil is expressed from suet, neutral oil from leaf lard.

High grade Oleomargarine generally contains Oleo oil 28 per cent lard 37, butter 26, cotton oil being used where no butter is put into the mixture. It must be remembered that this article is extensively used in England, where it has to pass most rigid tests before being permitted to be placed on the market.—Acadian Recorder.

BILLY SUNDAY NO FLATTERER.

Says He Won't Take a Cent From New York—Give it to War Funds.

Billy Sunday scored a home run last week in the first inning of the biggest game he ever played on "God's nine"—his fight to win New York. The ringing cheers of sixty thousand welcoming voices today resounded through the glittering cranny of the Great White Way.

It was a smashing initial victory and as the stocky evangelist reached his hands heavenward and yelled defiance to Broadway and the devil, the enemy was perturbed. First off, he stole the foe's thunder by an announcement that not one cent of New York's gold would he take for himself.

"Every penny, whether I get five thousand or five hundred thousand," said Sunday, "I will give to the American Red Cross and the Y.M.C.A. work among the troops."

It was a knockout. "That's my answer to the shunks who say I'm out for money," he yelled. The crowd went wild. Clad in a serge suit, blue bow tie, white "tango" shirt and patent leather shoes, Sunday leaped into the arena, and after the manner of Napoleon, led surprise attack after attack. Twice the great throngs, amid the pinshavings and sawdust trails of the great tabernacle, jumped to their feet and howled with inspired emotion. Then came the climax.

Leaning far back and cupping his hands as he hurled his rasping voice directly into the mammoth sounding board that threw his words into the farthest reaches of the tabernacle Sunday issued his deft: "Come on, God forsaken degenerates; come on, you forces of iniquity in New York that have made the church a cuspidor and a door mat to wipe your dirty feet on; come on you traducers; come on you assassins of character; come on, you spongers of harlotry; come on, you defamers of God and enemies of the church; come on you bull-necked, beetle-browed, hog-jowled, peanut brained, weasled-eyed four flushers, false alarms and excess baggage."

"In the name of God I challenge and defy you. It's mighty easy to lie about a man when he isn't on the job. I'm here now, come on!"

Then, whirling to patriotism, Sunday again brought the crowd to its feet with his plea for the flag.

"You ghastly, hideous infamous Prussian militarism," he shrieked, "stand up! The women and children you have murdered cry for help. And I say to you people, that the Germans would be pounding at your door if it hadn't been for the answer made by the men of England and France and Italy."

"German Imperialism is doomed; and the guns of the United States are going to help dig its grave."

He waved the flag; and the crowd howled.

MARRIAGE WILL NOT SAVE AMERICANS FROM COMPULSION IN ARMY

Washington, April 19—Men of military age who have married since a state of war against Germany was declared will not escape their obligations of military service under a war department policy formerly announced today. The department's statement follows:

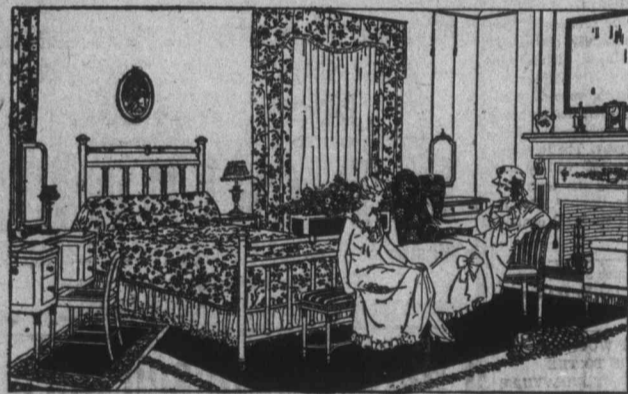

"The war department announces that all men married since the outbreak of the war will be treated upon the same basis as unmarried men, insofar as their military obligations are concerned."

"It is desired that the utmost publicity be given by the press to this announcement."

CANADA'S TITLE TO FAME

(Detroit Journal)

Canada's part in the war is one of the most brilliant chapters in the world history. In two years and a half a nation of 8,000,000, trained in the arts of peace, indifferent to the manoeuvrings of war, has become a big factor on the battlefield and in the financial operations on which military success is based. This peaceful energetic neighbor of our decided to raise an army of 50,000, increased it to 400,000 and is now aiming at 500,000, with certainty of success. A year before the war Canada's trade balance was \$432,000,000 on the wrong side; its exports for the present year exceed its imports by \$245,000,000. Though not fully developed industrially, the Dominion has been able to provide fully for its armies, to manufacture munitions for its allies and finance the payments, to raise millions for war relief and to participate in British loans. Starting out with a loan from the Mother Country, Canada soon found, as the result of interior reforms forced by the war, that she could pay her own way, and this she is doing ungrudgingly.

TWO HUN DESTROYERS SUNK AND TWO OTHERS SERIOUSLY DAMAGED IN FIGHT OFF DOVER

AMSTERDAM, April 23, via London—

The Mandag Oehlensblad learns that both of the German destroyers, which were sunk in the battle off Dover, sailed from Zeebrugge and were of the newest type, with four funnels apiece. Two other destroyers were heavily damaged and numerous wounded sailors were brought to Bruges on Saturday. A squadron of eight vessels is said to have left Zeebrugge about 7 o'clock on Friday night. The greatest activity was apparent along the Belgian base yesterday and today searchlights were being worked vigorously and rockets were going up frequent intervals.

DELEGATION GONE TO INTERVIEW GOVERNMENT

The Nova Scotia Fruit Growers Association has taken time by the forelock in their endeavors to arrange for shipment of fruit to Great Britain next year. The embargo on transhipment of fruit will hit the fruit growers hard if it continues throughout the next shipping season. However it is considered most probable that fruit will be wanted in England next fall and war conditions will likely be so solved that a way will be found to get the fruit there.

To make export of fruit more certain the fruit growers of Nova Scotia are moving energetically in the matter. A delegation recently appointed has gone to Ottawa to interview Sir George Foster and other members of the Government and Commons.

Those who left on the mission were Mr. A. E. McMahon, President of the United Fruit Companies, Mr. W. H. Chase a very heavy exporter of Wolfville, Mr. F. H. Johnston, Bridgetown, and Mr. George E. Graham, Manager of the D. A. B.

The English markets, which have been cut off by the fruit embargo of the British authorities, take ordinarily ninety per cent of the crop and it is hoped that ways and means may be found at this conference to re-open in part, these markets next autumn.
