

THE HAMILTON TIMES MONDAY, AUG. 23, 1909.

NATURAL, NOT PASTEURIZED.

A contemporary in speaking of the work of the Hamilton Milk Commission, which attracted the notice of the Provincial Commissioners on Friday, falls into the error of treating the work as one of pasteurization, describes how the milk is "pasteurized and treated," and compares the local methods with those of the Straus system in New York.

WINNIPEG PIQUED.

Professor Marshall, of Queen's University, who has been travelling in the West, is contributing a series of letters to the Kingston Standard. He naturally devotes a good deal of attention to the city of Winnipeg, and some of his expressed views have aroused the wrath of the denizens of that city.

"Winnipeg is in my opinion the most parasitic city on the continent. It exists in virtue of its power of taking toll on the incoming settler and his outgoing grain. It has no manufactures. The power to take toll depends on possessing a stand and its fortresses are inland and, therefore, to a certain extent unreachability.

"As to the future of the city I should think the estimate a liberal one which looks forward to a doubled population. If there is any gateway to the West it is Fort William, where the grain must leave the rails for vessels. As a mere distributing and financial centre, Winnipeg may easily be rivalled by half a dozen other more Western centres.

His opinions and his prophecies call forth from the Winnipeg Free Press very warm expressions of dissent. It says that "it is to be said of Professor Marshall that he has distinguished himself by demonstrating the unreliability of the dictum that prophecy is the most gratuitous form of error; he has signalled his recent visit to Winnipeg by indulging in prophecy and by committing at the same time a more gratuitous error than the most mistaken prediction could turn out to be."

CERTIFIED PATRIOTS.

The Imperial Maritime League is evidently patriotic, after a manner. The two gentlemen who are at the head of the movement evidently regard themselves as commissioned to save the British Empire from everlasting ruin. Their opinion of the millions of their countrymen does not seem to be of the most complimentary character.

solely challenge attention by this legend:

"May the League be Yet in Time to Save the Empire. 'Lord God of Hosts! Be with us yet! Judge of the Nations! Spare us yet! 'Least we Forget!'"

Hard as they are on the Germans, they are still more severe on the Non-conformists, "whose God is Lloyd-George," and whom they would have hurled into the sea. These gentle patriots thus proceed to give us a hint of the motives of their "patriotism."

A pretty state of things, isn't it? But there is more to tell. They go on to inform us that the army is a sham, that "the miserable and grievous truth is that the navy has become a sham, too."

The Ontario Government Ministers are one by one getting back from their holidays. Hon. J. W. Hanna, Provincial Secretary, has returned from Europe, and some important questions which have been awaiting consideration will probably now be taken up.

The United States ship subsidy hunters have established a headquarters in Washington, and have begun a still hunt for votes in the House of Representatives.

If, as some socialistic organs contend, it is the duty of the "governments," municipal, Provincial and Dominion, to own and operate our sources of heat, power and electric light, why not the sources of our own meat, bread and milk?

At this distance the adoption of tariff reform seems the obvious course for the British public to pursue. Moderate protection will furnish work for many of the unemployed, place a great deal of idle land under crops, give the Government a lever with which to force concessions on foreign markets, and enable it to extend a preference to the other States of the Empire.

There is no escape from the logic of this chain of economic causation. A tariff designed to cure unemployment must keep out foreign goods, not tax the foreigner; since foreign goods when they entered were ex hypothesi cheaper, their exclusion must cause a rise of prices for the entire supply in the home market.

Every tuppenny railway company has the legal right to expropriate land for its right of way without the consent of its owners. Nobody complains that this is unjust.

We have not heard of anybody objecting to the expropriation of land for the Hydro transmission line. It has been the Government's attempt to get the use of the land without buying it that has led to much difficulty.

The news of the sudden death of Robert Reid, one of the Transcontinental Railway Commissioners, will be received with deep regret by the public, especially in London, where he had spent most of his life, and where he was highly esteemed.

The statement that Attorney-General Foy admitted to Mr. Kerr or anyone else that "the Hydro act did not empower the commission to force arbitration of 'essentials' for the transmission line," is an absolute falsehood.

Mr. Hobson also says: "For simplicity of reasoning I have so far contented myself with proving that a tariff can do nothing to reduce the aggregate amount of unemployment. But in fact it is not difficult to see that a tariff, imposed so as to keep out foreign goods and thus to increase employment for home workers in these trades, must result in reducing the total quantity of employment inside the national area."

How eagerly the Hamilton Herald seizes upon every Tory rumor intended to reflect upon the Liberal party and amplifies it by its editorial suggestions and insinuations!

The Toronto Globe to-day devotes some space to criticism of the bungling of the electric power legislation of which the Whitney Government has been guilty, especially its failure to make the Public Works Act arbitration clauses apply to the acquiring of easements for the transmission line.

EDITORIAL NOTES.

No mercy to the able-bodied vagrant!

The Provincial Milk Commission has a work in hand which, if well done, may result in much benefit to the public.

One of these fine days Inspector Sturdy will learn that Indians obtain liquor under Whitney rule, and then you'll see the dust fly!

How many years will it be till the denizens of the cities will have to sneak down the alleyways and give up the streets to electric railways and automobiles?

The news of the serious illness in Toronto of City Engineer Macallum was received with much regret here. The Times joins with a multitude of friends in hoping for his early and complete recovery.

A Windsor race track man admits stealing a winning ticket from a bettor, but presents the plea that betting being illegal in Canada, he cannot be convicted of a crime in doing so.

Walter Wellman's polar balloon has burst, likewise his hopes, which for fifteen years he has cherished of being the first to reach the north pole.

Amusements

It was decidedly a third rate company that presented George B. McCutcheon's romantic play, "Graustark," to a fairly well filled house at the Grand on Saturday.

One of the greatest plays of the times and the most popular, will be the attraction at the Grand on Wednesday evening, when the Wagenhals & Kemper Co. offers Eugene Walter's "Paid in Full," with a cast that brings out in highest degree the superbly dramatic qualities, the human sympathy and the comedy that makes this the most appealing work the stage has seen.

"THE GUARDIAN," a comedy drama in four acts, will be the offering by the Summers Stock Company for all this week. This play, which was pronounced one of the cleverest comedy-dramas ever written, the blending of the different situations giving excellent opportunities for both comedy and pathos.

"THE BURGOMASTER," Seats will be placed on sale to-morrow morning for "The Burgomaster," the attraction at the Grand next Thursday and Friday evenings.

OPERATED ON BOTH EYES. London, Aug. 2.—Gen. William Booth, who returned to London from the automobile tour because of the effect on his eyes, underwent an operation this afternoon. The surgeons found one eye badly poisoned. The general bore the operation well, and is now as comfortable as could be expected.

DUEL WITH A TIGER. Three Jakuns (aborigines) and a Malay chanced to be together in the jungle in Johore when they came across a tiger. They were only armed with parangs, and the Malay, wisely deciding in favor of discretion, took to his heels.

As might have been expected, the series was necessary, and the end was not long in coming. The first man who entered the fray missed his blow and was at once struck down, and the same fate befell his two companions, all three being killed.—Singapore Free Press.

SPORTS

TWO SLOW GAMES IN INTER-CITY SATURDAY.

St. Patricks Defeated W. E. P. C. Easily, and G., S. & M. Team Walked Away From Veritys.

A crimp was put in the West End Pleasure Club's chances of heading the teams in the second series of the Inter-city League, when the St. Patricks nine moved into second position by defeating them by a score of 13-4 on Saturday afternoon at Britannia Park.

Knowing that the opposing teams had become famous for extra inning games and naturally expecting a good exhibition at the great American game, an unusually large crowd was in attendance.

As soon as the game commenced it was evident that it was going to be a slugging affair. The way the West Enders went after Moose McLaughlin's benders was a surprise to all.

While the score was unusually large, little else could be expected in view of the large number of errors. The game was not won on hits, and although the Saints had ten to their credit, the W. E. P. C. could have prevented many runs had they fielded the ball any way like their usual form.

Muir was given his position, and Bradley played shortstop. Bradley's work was a surprise to the fans, but the real find was Carey as pitcher. Carey was certainly a surprise, and his form Saturday and in a short time should develop into one of the best pitchers in these parts.

While a few of the players were off color, there were a few who deserved some credit. Ernie Buscombe, on second, played an errorless game, and had two hits, while Conkle had eight chances with only one error.

The work of the pitchers was good. McGavin had them guessing Saturday. He was effective in tight pinches, and had the Indian sign on most of the bats.

Everything was going nicely till the fourth inning, when, after being knocked all over the field, Harvey Muir, formerly of the Virginia State League, was yanked out of the box, and put out in pasture at centre field.

BOBBY KERR BANQUET AT HOTEL BRANT A GREAT SUCCESS.

Over 100 Admirers of Hamilton's Famous Sprinter Attended Dinner Held In His Honor.

Roy Moodie Made Presentation of Handsome Diamond Pin on Behalf of the Tiger Athletic Association—Fine Addresses Were Delivered by Prominent Amateur Sportsmen.

The complimentary banquet tendered Bobby Kerr at the Hotel Brant on Saturday evening was a magnificent success. Over a hundred enthusiastic admirers of the plucky little sprinter took advantage of the opportunity of doing him the honor he so richly deserves, and the presence of so many of Hamilton's best known amateur sportsmen there confirmed the fact that Bobby had not dropped in the estimation of his friends here by his failure to carry off the coveted British championship trophy.

BOBBY KERR.

for the assistance they had lent in making his last trip to the old country possible. He had tried his best to win in the old country, but he was matched against good men, and they had defeated him.

Dr. R. A. Thompson also had many kind words to say. He spoke particularly about Bobby's father, Mr. George Kerr. "Without Mr. Kerr, senior, there would not have been any Mr. Kerr, junior," he said.

Mr. George Kerr responded, and with characteristic Irish humor told a couple of stories which greatly amused the guests.

Undoubtedly the speech of the evening was made by Mr. W. H. Wardrope, K. C. He referred to the great benefit the different athletic exercises had upon the young men of our city, such as rowing, cricket, baseball, boyling, and especially football.

Mayor McLaren delivered the address of welcome. He expressed pleasure on behalf of the city corporation, the citizens of Hamilton, and himself, in greeting the honored guest of the evening. It was not so much his achievements in the old land as the unassuming personality of Bobby Kerr that made us so proud of him.

Bobby did not speak long, but to the point. He said it was the proudest moment of his life to be back with his friends gathered around him, and as long as he lived he would look back upon it as the most auspicious moment in his life.

ment made by Mr. Wardrope that the people of Toronto were as proud of Bobby Kerr as the citizens of his own city.

The musical end of the programme, under the capable direction of Chairman Dave Tope and the musical committee, was of surpassing excellence. Solos were sung by Fred Murphy, Hardy Awrey, Harry Lounsbury, Wesley Jamieson and George Robertson.

It was one of the most successful banquets held locally for some time and expressions of appreciation and delight were heard on all sides.

Mr. George C. Copley was chairman, and the programme was as follows: Toast—"The King." Chairman's address—Mr. George C. Copley. Song, Fred Murphy.

The chairman of the different committees were: Geo. C. Copley, chairman; A. G. McKinstry, vice-chairman; Dr. W. G. Thompson, reception committee; R. T. Kelley, dinner committee; Dave A. Tope, programme committee.

LEAFS SHUT OUT ROYALS AT MONTREAL YESTERDAY.

Toronto Won Two Out of Three Games Saturday and Sunday—No Games in National Sunday.

T MONTREAL yesterday Toronto won the final game of the series with Montreal, the Royals being unable to score, although they outbatted the Maple Leafs. The final score was 2 to 0, the visitors counting in the sixth and eighth innings.

THE INDIANS SCALPED BY THE TORONTOS.

Capitals Gave Shamrocks Score---Cornwall Won From Montreal by Score of 5-3.

IF THERE WAS any doubt in the minds of the lacrosse fans that Toronto is a superior team to the Tecumsehs, that doubt must surely be now laid aside after the defeat of the Indians at the hands of the blue-shirted Beavers at Toronto on Saturday by a score of 8 to 3.

Three times have these teams met this season and three times have the Torontoes put it all over the Islanders.

It was no ordinary game on Saturday. The players were worked up over the outcome to fever heat. The lacrosse lovers were attracted from all over the country. Contingents came in from every lacrosse town in Ontario, while not a few journeyed from Montreal to witness this battle of the giants.

The result sounded the deathknell of the losing team. Each had its immense following and each had thousands of dollars wagered upon its chances. Twelve thousand people were in the big grounds for the struggle and probably all that vast crowd are willing to admit that Toronto has one of the fastest aggregations that ever stepped upon a lacrosse field.

The Tecumsehs have no excuses to make over their defeat, and they took it like the men they are. The Torontoes naturally were jubilant, but who can blame them, for before the present season they have seldom had occasion to hoist their banner of victory where their red-shirted rivals were concerned.

There never could have been a better day for a lacrosse match. The sky was perfect; the weather could not have been improved upon, and a balmy breeze all afternoon helped both the players and the spectators. The enthusiasm ran high and support for the teams was about evenly divided until Toronto showed their superiority and then, of course, those who desire always to be on the winning side switched their allegiance and roared uproariously for the Blue Shirts. The final score was 8-3 favor Toronto.

CORNWALL BEAT MONTREAL. Cornwall, Aug. 23.—Cornwall came from behind in Saturday's game with Montreal and won by 5 to 3. Montreal went off with a rush, scoring the first two goals.

SHAMROCKS WON. Montreal, Aug. 23.—Capitals gave Shamrocks a mild scare in the N.L.A. match here on Saturday, leading the Irishmen in the scoring at half time by one goal, 4 to 3.

ART BURN IS IN TROUBLE. Victoria, Aug. 23.—Art Burn, the famous Calgary runner, arrived in the city on Friday, accompanied by his trainer, Mr. Moody, and will stay here for a few days before returning to Spokane.

COMMENT AND GOSSIP

The Hamilton Rowing Club's senior four, Mahoney, Sloan, Skelley and Pilgrim, has been industriously training for the regatta of the Don Rowing Club, of Toronto, which takes place on Saturday next, and the young men are now in the best of condition. It is expected that they will not have much trouble in carrying off the senior four event there.

Five seconds and two thirds. He has surprised the Spa racers with his quickness at the post and his clever judgment in handling horses in large fields, and he has received several offers to go down for the Coney Island Jockey Club's fall session.

There is a sudden uncertainty about Ketchel's proposed ten-round bout with Langford that is worrying the officials of the Fairmont A. C. not a little. Ketchel is still on the coast, and Britt, his erratic manager, says the middleweight champion is not in a hurry to leave the States.

The Fairmont Club officials, on the other hand, say they have letters and telegrams from Britt that are equivalent to signed articles of agreement and that they intend to go ahead with arranging for the Langford mill. It is the general belief, however, that if Ketchel comes east he will insist upon meeting Langford at catch weights rather than be compelled to reduce to 158 pounds a month before he hooks up with Johnson.

Davenport, a western boy, who made his first showing at Fort Erie, leads the jockeys at Stratoga, with nine winners.

ST. GEORGE'S EASILY DEFEATED GUELPH.

Cricket Game on Saturday Afternoon Had Sensational Plays.

As was expected, the cricket match on Saturday afternoon between the St. George's team and Guelph proved very interesting, some good all-round cricket being displayed, and after a close race against time, the locals pulled out with a victory. Guelph won the toss, and elected to bat, Unwin and Campbell facing the bowling of Stewart and Riebro, but runs did not come very fast for the visitors, and 5 wickets were down for less than 30 runs, when W. R. Marshall, ably supported by Burke and W. Hunt, made a splendid stand against the efforts of the local trundlers and put on an excellently played 43. Burke got 10 by steady work and the veteran Hunt showed rare form for his well-earned 25.

LACROSSE

The game scheduled to come off Saturday afternoon at Victoria Park, between the Elms of Toronto and the Tigers of this city, had to be postponed on account of the late arrival of the Toronto bunch. One of the largest crowds of spectators ever seen on the grounds was in attendance, but the Elms did not show up until nearly 5:30 o'clock, and the crowd had diminished to about a hundred by then. Manager Hatfield could not accommodate the Elms when they did arrive, as half of his team had gone home.

TENNIS

Niagara-on-the-Lake, Aug. 23.—The international tournament will start this afternoon. The oldest tournament on the continent has had many famous players, but in the twenty-three years of its history there has been no more interesting occasion than the present one. The men's events champions and ex-champions will compete, and there will be added interest in the attendance of five of the cracks from California fresh from triumphs in the east. But the outstanding feature is the presence of the world's two best tennis players, who are struggling for supremacy and give to the contest an international flavor. With two such players as Miss Sutton and Mrs. Hannam there will assuredly be many love sets in the early stages. There will be no "courtesy" games given for appearance sake. When Miss Sutton played here in 1907 with the loss of the first three rounds without the loss of a single game. Any girl who succeeds in getting a game from either of the two principal players will have earned it. There are, however, too many events on the programme. Two sets of singles and doubles for men, two sets of singles for ladies, two sets of mixed doubles, besides the handicaps, make up an unwieldy list, and some of them will have to be dropped. Miss Wagner, the holder, will not be on hand to defend her ladies' championship, and if each girl successfully through the half of the schedule it will be possible to fix the match between Miss Sutton and Mrs. Hannam for Saturday afternoon, and provision is being made to accommodate the largest number of spectators ever

GOLF

Niagara-on-the-Lake, Ont., Aug. 23.—A stiff breeze blowing from the east did a great deal in marring the driving contest Saturday morning. Mr. C. C. Harvey, of Winnipeg, took the event with three good drives. His first drive was 80 yards, second 138 and third 142, with an excellent total of 360. Mr. R. W. Sill and the winner were the only two who kept their drives in bounds. Mr. Sill's three drives were 111, 95 and 110. Mr. C. V. Black secured second place. In two drives his total was 340. This gives him second. His last drive did not bound. Only for that he would have been an easy winner. The mixed foursome handicap started Saturday morning. This contest is an 18-hole and will likely prove interesting. The two opponents, Miss Harvey and Mrs. Moncrieff, who were to have met Saturday morning in the finals of the ladies' handicap, may not meet until

The scores of this event were: Mrs. Osborne and Mrs. Moncrieff 22 103-81; Mr. and Mrs. Barnard 7 90-83; Miss Maple and Mr. Dunlop 22 109-87; Miss Fryer and C. V. Black 0 90-90; Mrs. Thompson and Mr. Phillips 9 101-82; Miss Webster and Mr. Retman 22 114-92; Mr. and Mrs. Stevenson 5 98-83; Mrs. Harvey and Mr. Burns 10 108-83; Mrs. Howell and Mr. Geate 22 115-93; Mrs. Hostetter and Mr. Drummond 21 114-93; Miss Creed and Mr. Hostetter 11 105-94; Miss McClain and Mr. Harvey 10 107-97; Mrs. McGill and Mr. Suddam 12 111-99.

CRANKSHAW MAY PLAY WITH OTTAWA RUGBY TEAM.

Ottawa, Aug. 23.—Rumor has it that "Jimmy" Crankshaw, captain and quarter back of the Montreal Grand Trunk intermediate team, last year's winners of the Interprovincial League, will play with the Ottawas this season. When seen in Montreal about the matter, Crankshaw said that he was thinking of moving to Hull to enter a law office there, and if he did so he would be a candidate for a position on the Ottawa team this year. Should Crankshaw come near enough for the locals to secure him for the Interprovincial League championship between the Ottawa and Grand Trunk last year, and was, in fact, the backbone of the team. He is very fast and tricky, a good tackler, and a player who takes advantage of every opportunity. In the final game of the Interprovincial League championship between the Ottawa and Grand Trunk last year, Crankshaw secured the second touchdown for his team with a play that deserves recording. Malcolm Lusher had just pranced over the line for five neat yards and Crankshaw, on the side for the kickoff, and Crankshaw, too, with the ball in his hands, placed himself in the centre of the Grand Trunk line. Everyone waited for the usual ground kick. Turned to Crankshaw, Crankshaw was heard to say: "May I kick a punt?" The referee looked at the Ottawa players, and, as he afterwards stated, considered their attitude one of assent. "All right," he returned, and the ball was in the air, headed straight for the never short, always up (at the refreshment booth). Ballentine was credited with making the most touches. Billy thinks so himself. He says he made many when none were looking. The Rennie brothers are no renegades in the game. They were just as much at home as in curling. Shields, Tullock and Conlan don't take the foot; they seem to have a Code to go by. Will Muir says Munroe is a wonderful player, and Bill is a judge.

Dorando Wins Bride.

The Daily Telegraph's Milan correspondent states that Dorando Pietri was married on Thursday at Carpi, to his pretty young sweetheart, Senora Teresa Dondi. The young couple will live in a villa, which Pietri built with money he earned in America. Dorando Pietri, or "Dorando," as he is better known to the Canadian public, is a famous Marathon runner, who, defeated in the Olympic games of "Johnny" Hayes, came to this country and challenged Hayes to a Marathon contest. SATURDAY WAS CLOSE OF WINDSOR MEETING.

The Mile Handicap Was Won by All Red--Eye White Ran Five and a Half Furlongs in 1.05 4-5.

THE WINDSOR Racing Association's Summer meeting of nine days' racing terminated Saturday afternoon with the largest attendance present in the history of the track. As a get-away of eight races were carded, of which the D. B. I. and Windsor Ferry Co. Handicap, at a mile, a steeplechase over the short course and a handicap for sprinters were the principal features. The racing proved interesting throughout, and the latter half of the day was successful, and this circumstance added greatly to the enjoyment of the major portion of those who witnessed the sport.

WHERE THE BLOSSOMS PLAY.

Three City Children With a Garden of Their Very Own. The children's garden, which Mr. and Mrs. Frederick W. Blossom of 281 Henry street, Brooklyn, have created for their two little girls and their still younger boy on Garden place, near their house, is a private application of the city playground idea.

Hobbies of an Autocrat.

Although living in daily terror not only for his own life but his family's as well, Nicholas II., Czar of the Russias, has still found time to adopt numerous hobbies. Music is his favorite recreation and he is himself a composer of no mean merit. He plays the violin well and is fond of an instrument called the balalaika, which is a kind of guitar with only three strings. He often sings to this instrument, for he possesses a tenor voice of excellent quality. He is more than a little proud of his vocal powers, and also, after entertaining his domestic circle with some ditties, he laughingly exclaimed: "Well, my dear friends, my enemies say many harsh things of me and accuse me of being destitute of many capacities, but I defy them to say that I cannot sing as well as the best of them!" The zarina is also musical and a celebrated violinist once said of her that "she sings and plays so well that if she were in another sphere of life and became a professional she would win great fame."

NOTES OF GAME.

President Dr. Carr of the Victorias, with his "Oh, you kid rink," did well, and the infantry are to be congratulated on the score they put up. This rink felt quite Gayfer several ends. Skip Chambers' mads ably supported the veterans. Dr. Tom Morrison played a grand game. Junior's rink fought out a grand game, Claringbowl well, while the young Shaver as second played a good game. Weese, strung up to concert pitch, delivered his bowls with the precision of a William Tell. It required the last bowl to decide, and it converted a five end in favor of Skip Junior to one in favor of Skip Allen, the Tim Flaherty of the Granites. Bob was highly complimented by his training of the Juniors, and much credit is given to Robert for his faithfulness to his rink throughout the entire season, and demonstrates what can be accomplished by continual playing together. Mr. Barnard, the genial member of the Victorias, received many praises, both from the visitors and his own club, for his untiring efforts to please all. Frank is a Coo Coo bird at entertaining. Bill Muir said it was a clothes game, but did not suit him. Skelton allowed a few bowls to slip off his hand, but Walter says when he gets his patient D handle attached to his bowls look out. Dr. Scarlett did not draw the color line, though his opponent was a dark horse. Campbell says the Granites are a fine lot of fellows—just like the chosen friends.

SCRAPS OF SPORT

A meeting of the Victoria Park Junior Soft Ball League will be held to-night at 8:30 sharp at J. W. Nelson's, James street north. It is understood that the Tigers are dropping out, as they have not played the last two games scheduled, and it is quite possible another team will take their place. There is some talk of playing three nights a week instead of two, and in that way get all the games scheduled played before the football starts. Bobby Kerr received an invitation to compete in the Galedonia athletic games at Montreal next Saturday, but as they are held under Federation sanction he was compelled to refuse.
