The Farrah Way of doing Business

Always a Square Deal for the
Customer

Confidence is the very life blood of the business. Neither man nor institution can long survive when once integrity is questioned. For twenty-nine years the name of "Farrah" has stood for fair dealing in every transaction, for honesty of purpose and a deep-rooted desire to merit the faith of thousands.

Truth In Advertising

We desire to be modest in our advertising claims. The simple truth is powerful enough without drawing on imagination. Preferring accuracy to fine language understatement rather than exaggeration. We believe that you need only learn the truth about the goods we sell.

You Are The Judge

You have the right to expect full and satisfactory service from every article purchased from us, and should a question ever arise in your mind regarding the worth of merchandise secured here, we will welcome the opportunity of making a satisfactory adjustment. In our every business relation the judgement of the customer is always treated with the fullest respect.

You can get the best at Farrah's—and usually for less.

A. D. Farrah & Co.

"ADVANCE HOUSE of the NORTH SHORE"

LUMBERMEN DISCUSS NEW SCALING METHODS

At the meeting of the New Brunswick Lumbermen's Association held in the Board Room of the Brunswick Hotel Tuesday afternoon, a petition which had been previously drawn up by the Association and presented to the Provincial Government some time ago, was under discussion. The petition suggested certain changes in the methods of scaling lumber which the lumbermen thought would be more economical both for the province and the lumbermen. It was to discuss this petition and also to discuss lumber conditions generally that the meeting was held with Hon. C. W. Robinson, Minister of Lands and Mines.

It was in the nature of a round table talk and the matter will be discussed with the government later, it was stated after the meeting.

In the evening in the Brunswick there was held a regular meeting of the advisory board in connection with the department of Lands and Mines.

Queen of the Winter Carnival

MISS HAZEL TOMKINS
Candidate for Queen of the Winter Carnival of the Canadian Pacific Railway employees, and selected for the position by a very popular vote.

QUEBEC THE LIVELY CITY OF WINTER

The Ancient Capital Revels in Winter Sports With a Continuous Carnival.

Quebec is the lively city of winter. Kees, frosts, exhilarating and health giving, and a continuous carnival of winter sports is the medium that is attracting many visitors to the ancient capital. Snowshoe parades, tobogganing, skiing, curling, skating, and hockey are the pastimes of the Quebec people and hundreds of American visitors from less favored climates are being initiated into the real delights of an ideal Canadian winter.

From all Maritime Province points the Canadian National Railways offer the finest of train service to Quebec via the "Maritime Express" and "Ocean Limited."

For further information apply to the Ticket Office of the Canadian National Railways.

The Sensation of the Age
Norman A. Falkner, the world renowned one legged skater will be at the Newcastle Rink Tuesday, evening, Feb. 14th. A marvelous performance and one you'll be sorry to miss.

BATHURST WINS McLELLAN CUP

The curling championship of the Maritime Provinces was clinched by the Bathurst Club Wednesday night when they defeated Fredericton by the handsome margin of seventeen points in 56 to 39 score for the custody of the McLellan Cup.

Fredericton winners of the Blair trophy, made a great fight for the title for more than half the distance, but once the Bathurst curlers secured the edge they settled down to a spell of magnificent play and piled up a score that the visitors could not rival. Accompanied by their mascot, a jack rabbit, which occupied the place of honor on the board between the two centre sheets of ice, the Fredericton curlers started out in great style, going up to the eleventh end the game.

Up to the eleventh end the game was a thriller. Fredericton started off with the lead, and kept it for a period that rendered the supporters of the Bathurst club silent and uncomfortable. Their lead ranged from four to seven, with Mackay and Stout on the short ends of the score boards against Belmore and Judge Limerick. Thibodeau on the other hand, kept ahead of Mr. Hatt and the club supporters began to pin their hopes upon him establishing a majority large enough to offset the deficits which seemed to be the portion of his fellow skips. In the eleventh, however, the tide turned, Stout and Mackay recording three-enders. Stout and Thibodeau were now leaving their opponents and Mackay was well within halving distance of Mr. Belmore.

From the half distance the issue was practically settled. Thibodeau, playing a grand game, forged steadily ahead against a great aggregation of curlers; and Stout, after a brilliant four in the eighth which shot him out in front for the first time, started after a long tally which ended in him defeating Judge Limerick by 23 to twelve. Mr. Mackay trailed Mr. Belmore for a long time in a terrific struggle, the points in which, for the most part, came in solitary units. Yet, at the seventeenth, he found himself in the lead by 16 to 15 and hopes ran high that a three rink triumph would result. It was not to be however, for on the last end his opponent came back and registered two winning a great contest by the odd shot, 17 to 16.

Much of Stout's margin was won on the last end where he laid five stones. Before he threw his last stone he had four in the circle, and he experienced no trouble in adding another.

Rink and Scores
Scores and rinks follow:

Bathurst	Fredericton
F. H. McLaughlin	S. A. Limerick
E. R. Shirley	J. H. Ramsay
J. Connolly	C. R. Barry
N. Thibodeau	F. P. Hatt
Skip 17	skip 10
Alex. Stout	G. W. Birmingham
D. Connolly	W. Walker
Dr. R. G. Dracan	H. B. Colwell
E. P. Mackay	T. A. Belmore
Skip 16	skip 17
W. Dick	E. Staples
Fred Gatain	E. J. Miles
Geo. Gammon	W. A. McLellan
J. G. Stout	Judge Limerick
Skip 23	skip 12

Upon the conclusion of hostilities the players together with a number of friends, were entertained at supper by the local Club. Several interesting speeches were made. In reply to one by Judge Limerick of Fredericton.

PARLIAMENT WILL BE CALLED TO MEET MARCH 8

Ottawa, Feb. 3.—Parliament will be summoned to meet on Wednesday, March 8. It was announced following this afternoon's meeting of cabinet council, which lasted until after 7 o'clock in the evening. The first day's business will be limited to the election of a speaker, while the formal opening, with the delivery of the Speech from the Throne will take place on Thursday, the following day.

The choice of Wednesday and Thursday as the opening days of the session is understood to have been made because of the fact that there are so many new members coming into the House this year. A very large number will be strangers to Ottawa and also to the parliament buildings, and it was felt that by meeting on Wednesday and adjourning, probably Thursday night until the following Monday before the debate on the address in reply to the Speech from the Throne is begun these new members would be given a chance to get settled in lodgings and also to become acquainted with their locations in and around the parliament buildings. Monday, two days earlier, had been favored by some members of the cabinet as the opening day.

The names of the mover and seconder of the address have not yet been announced. The new Speaker of the Commons will be Hon. Rodolphe Lemieux, member for Gaspé as announced by the Prime Minister some time ago. There will also be a new Speaker of the Senate, but it is understood that no selection has been made for that position yet.

Mr. J. G. Stout took occasion to point out that Bathurst curlers were undisputed champions—until next week, when Amherst will have to with a challenge for the coveted trophy. Mr. Stout also spoke upon the value of the trophy to the curling game and elicited hearty applause by pointing out that the custody of the McLellan Cup had done much towards placing the town of Bathurst on the map. In a curling sense Bathurst was the real "hub" of the Maritime provinces, he said and it was a good thing to know and to realize that their curling friends and opponents throughout the country took full cognizance of the fact also.

MIRAMICHI HOSPITAL
A meeting of the Miramichi Hospital Board was held in the Board Room yesterday afternoon at 3 o'clock.

CAMPBELLTON WINS BONSPIEL

With a total score of 229 for the two days' play the Campbellton Curlers won the North Shore Bonspiel on the North Shore Bonspiel Cup. Bathurst, which won their first hold on the trophy last year, was second this year, with a total score of 214. Newcastle was third with 204; Chatham, fourth with 193, and Dalhousie last with 153. The trophy was put up for competition for the first time last year and, according to the terms of presentation, it is to become the permanent property of the club winning it three times.

The clubs stood in the same order at the end of the first day's play as they did at the conclusion of the bonspiel. The standing on Thursday was Campbellton, 120; Bathurst, 110; Newcastle, 101; Chatham, 83; and Dalhousie, 59.

The skips on the winning Campbellton club were: Thomas Wran, R. J. Shives, M. M. Mowat and H. J. Milligan. The other skips were as follows: Bathurst: E. V. MacKay, C. H. Ellis, N. Thibodeau and J. G. Stout; Newcastle: E. Dalton, J. R. McKnight, P. Brown and J. Stewart; Chatham: W. H. Snowball, R. A. Snowball, J. E. Michaud and M. M. Jardine; Dalhousie: J. B. MacKay, J. B. Troy, J. Barbour and F. Barty.

A pleasant time was enjoyed by all those in attendance at the bonspiel. A banquet was held on Thursday evening and at the conclusion of play a dance was held in the Dalhousie curling rink.

MORAN SCHOOL REPORT FOR JAN.

Owing to the inclemency of the weather during the past month, and the majority of pupils having so far to go to school, the attendance has not been very large.

A test for the months studies has been given.

The averages are as follows:

- Grade V.—Helen M. Bowes 80; Greta E. Weaver 76; F. Viola Gunter 74; Freddie L. Gunter 59; Mae S. Weaver 55.
 - Grade IV.—Nora L. Bowes 67.
 - Grade III.—Mary A. I. Hennessy Leo H. Bowes 64.
 - Grade II.—Jennie E. Weaver 77
 - Grade I.—Eldon S. Weaver 79; Cecil C. Bowes 78.
- Perfect attendance—Helen M. Bowes, Mae S. Weaver, Mary A. I. Hennessy.

WANTS HEADQUARTERS OF INTERCOLONIAL AT MONCTON

Liberal Members from Maritime Provinces Express Views Regarding Railway Situation

Ottawa, Feb. 1.—Premier King Wednesday afternoon heard the voice of the Maritime provinces on the tangled railway situation. A deputation headed by Hance J. Logan, M. P. elect for Cumberland, and E. M. Mac Donald, M. P. elect for Pictou, placed strongly held views on the Intercolonial before the head of the cabinet, Hon. George P. Graham, acting minister of railways, and Hon. A. B. Copp, secretary of state. Briefly they want the control of the Intercolonial taken away from Toronto and centred in Moncton. They are utterly opposed to any continuation of this road in the present Canadian National system, but it was made clear that they are not opposed to any amalgamation of the government owned systems provided the Intercolonial is managed as an entity, though under some sort of government supervision, perhaps by a commission.

The protest of the deputation was centred on an order-in-council passed in 1918 by which the directors of the Canadian Northern system were given the management of the Intercolonial and all control was taken from Moncton and given to Toronto, nearly 800 miles away. A carefully prepared brief was presented to the Premier showing in one instance where the freight rates on coal from the maritime provinces had been increased 150 per cent in recent years. It was also pointed out that not a ton of coal had been shipped west to the other provinces by rail in the last three years. It was argued that these new freight rates had practically killed the coal industry down by the sea.

REVIEW OF SITUATION

They pointed out that the federal railway commission had no control over the freight rates as on other roads, that they had to go to Toronto for redress and that their only appeal was to the minister of railways. The premier was given a review of the road since confederation. It was also argued that it was a great inconvenience to take every little difficulty to Toronto where as in years past all these had been settled quickly and satisfactorily in Moncton.

Probably the view of the delegation which will excite most comment in the discussion of the railway problem is that they claim the Intercolonial is being killed by centralization. In other words, they demand local control in any broad scheme of railway amalgamation. In the east the Intercolonial is still the great live issue. It was so during the campaign while the tariff was touched upon but lightly. The maritime Liberals are determined upon their policy. They point out that from the thirty-one members elected from those provinces twenty-five are Liberals. The majorities of these Liberals average around 2,000; thus they feel that they have a mandate such as seldom has been accorded any portion of the party.

NO PATRONAGE SYSTEM

These Liberals are emphatic in their declarations that they want no return to the patronage system for their railway. They say patronage is impossible because the labor unions control all appointments and they are happy to leave it so and be free from the responsibility for appointments. On the other hand they still advance the plea that the Intercolonial can never be run as a purely commercial proposition. Their argument is still that it is still needed to link the lower provinces with those further west. In addition no attempt is made to conceal their antagonism to Toronto management.

While the attitude of the Maritime provinces is not conducive to the smooth working out of the scheme of amalgamation of all government railways political observers here point out that it has by no means thrown the great plan up in the air.

At the present time the country is finding two government railway systems with two separate managements an intolerable burden. The Grand Trunk is costing the government more than \$1,000,000 a month while the deficits of the Canadian National after fixed charges are paid are more than that. These two roads, all admit here, can do better under one business-like management and with co-ordination. In view of this the proposition from the maritime provinces for separate management complicates the problem facing this government. Mr. King promised every consideration and the matter will be taken up so soon as Hon. Mr. Kennedy, the minister of railways, returns from his inspection trip of a portion of the people's roads. It is admitted that the pressure and influence of twenty-five members cut a big slice in the Liberal following now. The cause of the delegation here Wednesday is sure to be taken up eagerly and sympathetically by those interests which oppose the amalgamation plan and hope for delay.

The deputation consisted of H. J. Logan, of Cumberland; E. M. MacDonald, of Pictou; H. Putnam, of Colchester; A. T. Legere, of Kent; Onesiphore Turgeon, of Gloucester, and Colin McIsaac, of Antigonish—Telegraph.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON

New ROCHESTER, P.Q.
"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me. "In the spring of 1920, I started taking "Fruit-a-tives" and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about "Fruit-a-tives" for I know how they must suffer. Some thought the Asthma would come back on me as winter came on but it has not, thanks to "Fruit-a-tives". Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

RACING PLANS FOR THE COMING SEASON

FREDERICTON, Jan. 31.—Directors of the Fredericton Park Association, at a meeting, last night, decided to invite representatives of various tracks in New Brunswick to attend a conference in Fredericton next month to discuss racing plans for the coming season.

Advocates of a provincial or a Maritime circuit will thus have an opportunity to show what there is in sight in the way of real material for such a circuit, and to clear the way for making plans for the 1922 racing season. So far there has not been a call for a meeting of the Maine and New Brunswick Circuit to organize for the 1922 season.

The following officers were elected for the Fredericton Association, last evening:

P. S. Weston, president; Harry Crotty, vice-president; T. V. Monahan, treasurer; and G. E. Howie, secretary.

R. B. BENNETT HAS FILED PROTEST IN WEST CALGARY

Calgary, Jan. 31.—R. B. Bennett has filed an election protest in West Calgary federal elections. Jos. T. Shaw, Independent Labor was elected. Bennett was declared defeated after a recount, by 16 votes.

Mr. Bennett said that the result of the recount by the District Court Judge was to disfranchise a number of voters for the following reasons:

Marking ballots with pen and ink and pencils other than the black one supplied in the polling booth and because some marked their ballots with the figure "1" instead of with an "I" following the rules of proportional representation as in force in municipal elections in Calgary.

Denies Authorship Of Meighen Article

LONDON, Jan. 25.—Lord Beaverbrook, who is the chief stockholder in the London Daily Express, gives the following statement to the Canadian Press:

"I see considerable criticism and controversy has been aroused in Canadian newspapers by an article in the Daily Express commenting on the character and ability of the Rt. Hon. Arthur Meighen in connection with the recent general election in Canada.

"Many newspapers intimated the belief that I was the author of the article or the views expressed in it. This is not the case. I read the article on the day following its publication like any other reader. It was written by an eminent young Canadian journalist on our staff who has an intimate knowledge of politics in Canada. His comment did not then, and does not now, strike me as in any way offensive or lacking in good taste. He adheres to his view, and, though that view is not my own, I am not prepared to declare that I must be right and that he must be wrong, or, in a word, to crush down all liberty of opinion or expression in two great papers, The Daily Express and The Sunday Express, in which I am the principal shareholder. When I write an article I sign it."

OLIVEINE EMULSION

A Grand Medicine for Coughs and Heavy Colds

If you have a heavy cold on your chest, with a stubborn cough that has hung on for several months, start in NOW to take OLIVEINE EMULSION, and you will quickly appreciate what a grand medicine it is. A bottle or two will put you on your feet again—and not only take away every trace of cough—but also make good, red blood, tone up the digestion, and strengthen and invigorate the whole system.

Get a bottle NOW and start to get well. Be sure to insist on having OLIVEINE EMULSION.

Success in Retailing

Be Loyal To Your Own Community

An essential factor in achieving success in a retail business is ADVERTISING—telling the buyers of your community what you have for them.

One doesn't need to be exceptionally clever or a genius to be a success, but one must have an aim, and pursue it resolutely and intelligently.

The businesses that are prospering and expanding are those that purposefully seek out new customers and place before both old and new customers the news of their service, in the form of Newspaper Advertising.

A WORD TO THE PUBLIC

Who serve you best—busy or half-busy men? busy or half-busy shops? Where is your custom most desired and appreciated? Is it not at those shops which stretch out the hand of welcome and invitation—in the form of advertisements in THE UNION ADVOCATE?

Shop Where You Are Invited to Shop

say **Aspirin**

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

NEWCASTLE CURLERS WON HIGHLAND CUP

Newcastle Curlers Won Highland Cup Defeating Chatham Rinks 114-104--First time in Six Years Shiretown Curlers Have Taken Historic Cup.

For the first time in the past six years Newcastle defeated the Chatham curlers in their annual competition for the Highland Cup. The game took place on Monday each club putting eight rinks into the fray, four each of which were "bonspiel" rinks, that is rinks made up to play in the big bonspiel which takes place in Dalhousie this year on Thursday and Friday, Feb. 2nd and 3rd.

The game on Monday ended in a Newcastle victory by a total of 114 points to 104 points.

Newcastle won out on both ices, their big victories in the evening on Chatham ice overcoming the lead that skip John E. Nicol had built up in the afternoon, while on their home ice Newcastle got a big lead in the afternoon, but Skips W. H. Snowball and Joe Tweedle reduced this by 2 in the evening play.

The rinks and scores were as follows:

Chatham Ice		Newcastle Ice	
Afternoon			
Harold Watling	Roy Dickison	C. Nevins	H. P. Zinck

Winter Recreations in Canadian Pacific Rockies

You cannot play golf at Banff in the winter time. Neither can you explore the Lake Louise region on a saddle pony when the last grey goose has honked good-bye and the narmot and the Elk are far underground and fast asleep. For six long months these forest filled valleys and star high peaks are mantled in a matchless robe of spotless white. There are many outdoor winter sports and recreations which are only made possible by deep snows and keen frosts. These pastimes are luring more people to the Canadian Rockies every winter. At this time of the year tourists are travelling to and from the Orient and the great islands of the southern seas and a large number of them, attracted by the witchery of winter in the Rockies, are enjoying a novel and delightful holiday in this highland country where winter is a sparkling present.

There is no snow in the lands from whence these pilgrims come, yet were you to travel there, you would find many a pair of snow shoes which have been carried across the Pacific as souvenirs from Canada's winter wonderland.

Banff Winter Carnival allures many visitors to the beautiful mountain resort. In 1922 it will be held from January 28th to February 4th. The carnival will feature—curling, art skating, figure skating, skating races, hockey matches for ladies and men, snowshoe races, toboggan races, dog races, snowshoe tramps, bob-sledding, trap shooting, swimming in the hot sulphur springs, ski jumping, sleighing, dancing. There will be an illuminated ice palace and fireworks. On the opening day there will be ski jumping by professionals and a ladies' hockey match.

Snow shoe "hikes" on moonlit nights are gladsome events. To take part in a picnic in the pine woods at such a time is a never to be forgotten experience. There is a primitive urge which compels you to build a roaring firewood fire. Hot coffee and toasted bacon turn your picnic into a paradise.

Of the many thousands of tourists who visit lovely Lake Louise in summer, few there be who do not ask about this district in winter time. Is it very cold here? And is the snow very deep? It is not excessively cold in winter. There are no high winds and no blizzards. No mid-winter thaws to spoil your furs and your sports. The average depth of snow is about five feet. It is very beautiful here in a great outdoor world. You cannot if spring will ever come again.

Do not forget to bring your camera because there is no close season for the person who hangs with a kodak.

(1) Chateau Lake Louise in winter.
(2) A snowshoe party at Banff.
(3) These two girls are experts in winter sports.

You will have ample opportunity to make entries in your nature book and to picture not only the scenic beauties of this winter wonderland but also the wild life which is so plentiful and so accessible in the mountain region traversed by the Canadian Pacific Railway.

—P. H. McCowan.

IS SUCCESS A CRIME?

In the eyes of a great many people business success is a near crime. The Canadian Pacific Railway is a success, therefore its men who operate it are ever under the suspicion of putting something over the public. If a milling company earns anything over its bare dividend requirements, there is a howl that the public is being robbed, though if one took the pains to enquire it could be ascertained that the average net profit, per barrel of flour, was not over twenty-five cents with the large milling companies and in some cases as low as fifteen cents. Take the case of the Bell Telephone Company. At the Ottawa hearing in respect to the advisability of allowing the company an increase in rates, certain lawyers present more than intimated that the company was in the hands of a gang of high binders, while such newspapers as the "Toronto Globe" come out with mealy mouthed editorials, intimating that the stock holders in the company should either do without dividends or have them reduced, all because it has been able over a period of forty years to pay a dividend.

A reader writes in protesting against the dividends some of our banks are paying to shareholders, but no one ever writes in commenting upon the banks that never paid anything to anybody, and went the way of all mismanaged business.

Capital has its rights as well as labor, and one right is a decent investment return, and that without the suspicion being ever thrust forward that somebody is being robbed in the process. It is by just such means that capital is being frightened out of industry, a process which is going on right before our eyes. In proof of which one has but to turn to the daily transactions in Government, Provincial, city and other public issues, to the exclusion of industrial securities, the man with money reasoning that he will take no chances. And how can he when a seven per cent return is looked upon as a crime.

MARTINS BATTLE SPARROWS.

St. Mary's and Dundas Boast Bird That Does No Harm.

Shall the purple martins or the sparrows hold the mastery of the air in Ontario? Everybody knows how the sparrow drives away the birds that would destroy insects. It is not so well known that the purple martin exercises control over noxious insect life wherever they go. And, what is more important, they can battle the sparrows.

Two Ontario towns, St. Mary's and Dundas, have five colonies of purple martins, mainly because of the fact that for generations residents have provided good nesting places for the splendid birds. In Dundas a Mr. Isaac Latahew, coming from Pennsylvania in 1835, set up a many-chambered bird house on a pole. Perhaps the birds followed him across the border. They have been coming, every year since. When they came, one spring the house was gone, but another nesting place was hastily rigged up, and they have stayed.

In St. Mary's there are convenient holes in the wooden trimmings of the stone buildings along Water street, and here every spring the purple martins come. Perhaps it may have been accidental that apertures were left by careless builders at certain houses and store fronts and that the birds have taken advantage of this circumstance. May soon a golden-throated purple martin twitter and chortle for him all his work days, and may a late lark sing for him at the sunset of life, writes A. C. Wood.

In St. Mary's they do battle with the English sparrows and drive them away. The people realize that the martin lives on flies and gnats, and is a blessing, simply ignoring berries and grains. The bird is said to winter in the far southern states.

When will other towns encourage the better bird and discourage the pecky sparrow?

Vancouver Saw Virgin Seas.

George Vancouver, who was born in 1758, entered the British navy at the early age of 13 and later accompanied Captain Cook on his second and third voyages of discovery. After serving several years in the West Indies, Vancouver was given the command of an expedition to the north-west coast of America, the objects of which were to take over from the Spaniards territory they had seized in that region; to explore the coast; to search for an eastern passage to the Great Lakes; and to ascertain the true character of Juan de Fuca Straits.

The expedition consisted of two ships, the "Discovery," of which Vancouver was in command, and the "Chatham," under the command of Lieutenant Broughton. They sailed from Falmouth on April 1, 1781, to Australia, via the Cape of Good Hope, and thence to New Zealand, Tahiti and the Hawaiian Islands. Vancouver was the first properly to explore the coasts of New Zealand.

It was not until April 18, 1792, that Vancouver first sighted the west coast of North America. He carefully surveyed the coast and inlets of what is now known as British Columbia, and circumnavigated Vancouver Island, which was named after him. Vancouver was not, however, the actual discoverer of the island, it having been discovered in 1592 by Juan de Fuca.

Vancouver again visited the Pacific coast in 1791 and again in 1794, when he sailed as far north as Cook's Inlet, Alaska. After this voyage, Vancouver returned to England via Cape Horn and arrived in the Thames on October 30th, 1795.

Immediately on his return he commenced a narrative of his voyages and although he worked on it until within a few weeks of his death, he was not able to complete it. He died at Petersham in 1798 at the early age of 40. His brother John, assisted by Captain Puget (who sailed with Vancouver on his expedition), completed the record, which was published in 1798.

Tomato Wastes.

Tomato pulp, for catsups, pastes and soups, is obtained in the requisite pure state by putting the tomatoes into what is called a "cyclone machine," the material being forced through small holes in a metal screen to get rid of the skins and seeds.

No fewer than 225,000 tons of tomatoes are pulped annually in this country, the skins and seeds being thrown away. It is a lamentable waste, inasmuch as the seeds yield an excellent salad oil, which is also first-rate for paints and varnishes, being a quick drier. The residue from the oil press, mixed with the skins, makes a highly nutritious stock feed.

Canada's Example.

The keynote of the Canadian program of settling soldiers on the land, says an editorial in a recent issue of Leslie's, is self-help—"the provision of opportunities by which the Canadian soldier, or his widow, can become as useful and honored a citizen in peace as in war, an asset instead of a liability. It is a program that already has stood the test of time, as compared with our own, which, so far as it exists at all, is still in a tentative stage. It is one which we, with greater singleness of purpose and less politics, might have adopted in its essentials with equal success."

New Canned Food.

A newly patented kind of food, put up ready for the housewife's instant use, is prepared by mixing fine-chopped meat with milk and a little flour. The paste thus formed is filled into molds and exposed to heat, whereby the contents undergo slight shrinkage and acquire a sort of "skin." The molded masses are thus easily dropped out, to be thereupon put into cans, which are sterilized and sealed.

Beware Infectious COUGHS

Do you realise the risk you run riding in a crowded train or street-car without a Peps tablet in your mouth? Every sneeze, every cough, fills the air you breathe with countless disease-germs that immediately make for any weak spot in your throat and chest. Be wise, always carry Peps, and occasionally let one of these germ-killing tablets dissolve in your mouth to ward off the infection. Then you will not be "full of cold" on the morrow, with the possibility of influenza, pleurisy or pneumonia supervening.

Just as you breathe in the germs that cause infectious throat and lung ailments, etc., so you must breathe in the soothing germicidal Peps medicine to rout out the germs before they can cause serious trouble. Free from harmful drugs, Peps are the safest and best remedy for sudden colds and chills, grippe, sore throat, laryngitis, night-cough, hoarseness, wheeziness, bronchitis and chest weakness in old and young.

Of all Chemists and Dealers, or the Peps Co., Dupont Street, Toronto. 25c. box, \$ for \$1.25. Inhalations are worthless.

TUESDAY, FEBRUARY 7, 1922

THE INTERCOLONIAL

Liberal members of parliament from the Maritime Provinces have acted wisely in promptly placing before Premier King and members his government their views on the relation of the Intercolonial to the Canadian National System.

the true welfare of the Country, the Government will find in him, when occasion requires, not an opponent, but a helpful and reasonable advisor, in perfect keeping with the character of efficient and wise Opposition.

In the House, he will still maintain the policy, he so ably defended during his recent great electoral Campaign. There is no sound reason for any other course and we venture to say, that the Government will be the safer, the nearer it is in its treatment of the Tariff and Railway questions to the policy of the last Government, and the plans proposed by Mr. Meighen, to be carried out, had he been returned to power.

OPPOSITION LEADER

A meeting for the purpose of considering the advisability of holding a Provincial Convention to select a leader of the Local Opposition Party in the Province, also the matter of selecting a House Leader in the Legislative Assembly for the coming session, will be held in St. John, at the Seaman's Institute, on Thursday, February 9th, 1922 at 8 o'clock p. m.

Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years. Read about it in this letter. Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

MR. MEIGHEN

Now that Mr. Meighen, has been elected, the Conservative Opposition in the House of Commons, Canada, and the Government, will be benefited; by his presence, and his Leadership of the Opposition.

Do You Feel Weak And Run Down?

In This Condition a Tonic Medicine is Needed.

The condition of being "run down" is one that doctors do not recognize as a disease. But those who are run down in health know that it is not a fancied affliction.

The expression "run down" applied to health means a condition in which the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are impoverished, the complexion becomes pale and waxy, there is no animation, but rather worry and mental depression. Fatigue is a constant symptom. No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system.

When you want to rent your house a tenant will be quickly obtained by using the classified columns of The Advocate. Everybody reads this paper. That's why it's so popular.

GLOBE TROTTERS ENJOY WINTER SPORTS

Some of the Circumnavigators and their wives on Dufferin Terrace, Quebec. Left to right (standing): Hon. Frank Carrel, Dr. T. A. Buckley, Mr. W. F. Smith, Mr. R. W. Orcutt, Mrs. Orcutt, Mr. Tyrre Stevens, Mr. N. A. Hubert, Mrs. Hubert, Mrs. Buckley, Governor Newton W. Gilbert. Left to right (kneeling): Mr. Robert F. Hand, Mrs. Gilbert, Mrs. Stevens, Mrs. Smith.

The New York visitors to the Chateau Frontenac, Quebec, the other day included a large party from the Circumnavigators' Club, under the leadership of Newton W. Gilbert, ex-governor of the Fall Islands, and W. Tyrre Stevens. All members of this club have circled the globe, and this year decided on a "outing" celebration in view of the important part played by French Canadian explorers in opening up a new route around the world. As a dinner was given in their honor by Hon. Frank Carrel, a Canadian member of the club, and member of the Quebec Legislative Council, old French chansons of the days of Jacques Cartier were sung by a quartette from the Montreal Sazerette Club, in co-operation with the Chateau Frontenac, which presented each member with a book representing the world and its wonders. During the evening the Circumnavigators related out to the historic stories of their Alms de St. Augustin and on their return were initiated into the mysteries of curling at the Garrison Club. Governor Gilbert stated: "It would be difficult adequately to express my appreciation of the quaintness and grandeur which characterize this delightful old city. I have visited many quaint quarters of the world in my travels, but none which combine quaintness with beauty as Quebec City does."

FEWER ARRESTS AT THE NORTH SHORE

Chief Inspector Hawthorne Has Just Returned

FREDERICTON, Feb. 6.—Chief Inspector Hawthorne, who returned Saturday from a trip to the North Shore, said that at Campbellton, Newcastle and other places he found no complaints to justify statements made alleging non-enforcement of the prohibition act.

Everything points to more sobriety at the places which I visited than had been the case, declared the Chief Inspector—St. John Globe. While in Newcastle on Saturday Chief Inspector Hawthorne gave a five minute interview to a temperance committee.

WHEN A BODY DIES

Recent study has led physiologists to the conclusion that the brain may live for twenty minutes or half an hour after a person has apparently "given up the ghost."

The heart taken out of the body, will continue to beat for twenty-four hours if a stream of oxygenated blood be kept flowing through it. Death from loss of blood is attended by no pain. The ancients, appreciating this fact, commonly had resort to "opening the veins" when they sought to commit suicide.

The heart taken out of the body, will continue to beat for twenty-four hours if a stream of oxygenated blood be kept flowing through it. Death from loss of blood is attended by no pain. The ancients, appreciating this fact, commonly had resort to "opening the veins" when they sought to commit suicide.

In the "dying hour" the sense of smell fails first; then taste, sight, touch and finally hearing. The "death struggle" or "death agony" is an imaginary phenomenon. Convulsive movements usually occur toward the last, but they are mere nervous reactions of which the dying person is unconscious.

PERSONALS.

Mr. J. R. Lawlor, who has been ill for some time, is improving.

Mr. H. M. Ferguson of Rexton, N. B. spent the week-end in town.

Mr. James Holmes of Doaktown was a visitor to town last Saturday.

Mrs. A. R. Melrose of St. John is visiting her son Mr. Robert. Melrose

Inspector Hawthorne was in town last Saturday on official business.

A decided improvement in the condition of Father Dixon's health is noticed each day.

Mr. Elkin Delano was severely cut in the foot last Saturday while engaged cutting wood.

Friends of Mr. P. B. Wheeler are glad to see him about again after his illness.

Mr. W. W. Cole of The Wm. Hamilton Co., Peterborough, Ont. spent the week-end in town.

Personals 78908 ETAO ETI ESAOAO Mrs. C. C. Hayward of Moncton was a visitor to friends in town last week.

Blair McLean, of the Bank of Nova Scotia staff, Halifax is spending a two month leave of absence at his home here.

Mr. Henry Arsenault, Manager of the Singer Sewing Machine Co., was in Chatham last week inspecting the branches' account.

Rev. V. M. Purdy of the Maritime School for Girls, Truro, N. S. occupied the pulpit of St. James' Church on Sunday morning.

Friends of Captain J. A. Goodwin of the local Salvation Army Corps will be pleased to hear that he is improving from his recent illness.

Messrs C. M. Dickson and B. A. McCurdy went to Bathurst on Wednesday to witness the McLellan Cup Curling Match between Fredericton and Bathurst.

OBITUARY

ROBERT A. MURDOCH

The funeral of Mr. Robert A. Murdoch took place on Wednesday morning from his late residence, St. John St. to the cathedral where Requiem Mass was celebrated by his brother Father Murdoch of Renous River assisted by Father Saindon, as Deacon and Father Verlet, as sub-Deacon. The following priests were on the sanctuary, Fr. Ben Murdoch, Monsignor O'Keefe, Monsignor Varrily, Father Pickett of St. Thomas College, Father Duffy of Barnaby River, Father Wallace of Nelson and Father Hawkes of Bartibogue. The funeral was very largely attended and interment took place in St. Michael's cemetery. A large number from out of town attended the funeral.

The pallbearers were David Sadler, M. F. Haley, Dr. Sprout, Chas. Re'n sborough, James Hackett, Thomas Gower.

HEAVY SNOWFALL

A heavy snowfall occurred yesterday which lasted through the afternoon and well on into the night. About 10 inches of snow fell and residents had some job this morning shovelling their walks out.

APPRECIATION OF SERVICES

At a meeting of St. Andrew's Lodge No. 1, F. and A. M. at Halifax, this evening, a bronze medal will be presented the New Brunswick Grand Master, J. D. B. F. MacKenzie as an appreciation of his services to Masonry. Similar medals are to be given several members of the Halifax lodge for their work for the craft.

other organ, is liable to wear out. As a matter of fact the brain, in these persons, wore out before their bodies.

TERRIBLE POISON GAS.

A Dozen Lewisite Bombs Would Destroy Whole.

Since the war all the great powers have been hard at work on the gas problem. For it seems to be fully recognized that in future international conflicts poison gas will be the chief killer.

To the every-day peaceable citizen this idea is particularly interesting, inasmuch as it is expected that cities and towns will be systematically deluged with gas, dropped in bombs from airplanes. Whole populations—men, women and children—will be wiped out. The rule against killing non-combatants no longer holds.

Gas operations during the recent war were crude and hardly more than experimental. Next time they will be conducted on a huge scale, scientifically, and with chemicals incomparably more destructive to human life.

Soon after this new and frightful weapon came into use, it was realized that what was really needed was a gas that would be invisible and odorless, so as to give no warning of its presence in the atmosphere. It must, of course, be heavier than air, so as to sink into dugouts and cellars, where refuge might be sought, and there remain, as it were, in pools. In addition, to be wholly satisfactory, it must poison the human system by mere contact with the skin, so that gas-masks would furnish no protection.

The Allies chemical warfare services was working hard on this problem during the war, and solved it. A gas called "Lewisite" was developed which met all of the above-mentioned requirements, and great quantities of it were being manufactured for use in the expected campaign of 1919, when suddenly the armistice came.

A gas bomb is a mere container; its walls only thick enough to hold the fluid chemical; hence nearly all of its weight is represented by its contents. A single such gravity projectile may carry 500 or 1,000 pounds of the lethal stuff, and if dropped upon a town it cannot miss the target. It is estimated that a dozen Lewisite bombs of large size might, with a favoring breeze, destroy the entire population of a big city.

It is understood that since the armistice the chemical warfare service has produced a gas that is even more effective than Lewisite, inasmuch as its spread is far greater relatively to the quantity of chemical used. A mere capsule of it in a small grenade can generate acres of death.

Facts such as these cannot be made too widely known or impressed too strongly upon people's minds in order that the fear and horror of war may become so great that nations will no longer undertake that criminal method of settling their quarrels.

Japan Covets Siberia.

Everybody seems to imagine that Japan wants to gobble China. Not so, writes Chase S. Osborn, Jr., in the Fresno Republican. Siberia is the objective. While the world is encouraged to believe that Shantung is just the beginning of an effort to seize the major portion of China, Japan is turning elsewhere. True or not, it would seem good strategy, in search of minerals and food, thus to provide opportunity for industrial expansion, Nippon eyes Siberia, says Mr. Osborn, going on to say: "While Japan has gone as far as she can in a territorial way in China, Siberia, alone and unprotected, and so far without being claimed by any foreign power, offers an attractive plum that makes the Japanese eye shine with an eager desire."

"Siberia, with its untold wealth, iron, coal, timber, tin, gold, fisheries, agriculture—everything and anything in quantities that have defied the science of man to measure—Siberia, a vast storehouse, untouched and unclaimed except by pirates, defenceless but for a defiant will—Siberia, that is but a few hours away from Tokio—and Osaka—Siberia, the land that offers a solution for a vexing problem—that is the great prize. Japan is striving to get it with all of her tremendous energy and cunning."

Manna Harvested in Desert.

Manna is found now in the regions of upper Mesopotamia and Kurdistan and along the Persian frontier. It falls, says an official in Jerusalem, in the form of dew during September, October, and November, and lodges upon the leaves of oak trees. It immediately hardens and assumes the form of a grain. Early in the morning before the heat of the day it is gathered by spreading sheets beneath the trees, which are shaken, and the manna is then collected and stored for winter to be used as a food or shipped to Bagdad for sale in the bazaar. The manna falls on other vegetation, including grass, but all of it is lost except that which is gathered from the oak leaves. The manna is sweet and is eaten by the natives as a substitute for sugar or honey.

Love in Mid-Air.

The first recorded marriage proposed in mid-air was announced recently. Marriages in the clouds have become as common as those in a lion's cage, and there was a recent case in Galveston where a wedding party of twelve went up in a Handley-Page machine and had the ceremony conducted at a height of 8,000 feet.

While flying in an airplane at half this height, George Hauser, head of the production department of the Curtiss airplane plant, found courage to propose to Miss Mildred Armstrong, a school teacher. He was accepted.

SOME HOT SHOT FOR KING AND HIS LABOR MATTERS

Glace Bay, Jan. 31.—"Corporation tools," agents of the Huns of Canada, and other endearing epithets were showered upon Premier King, Hon. James Murdock and U. E. Gillen, of Toronto, by the miners of Mechanics' Local, United Mine Workers of Glace Bay, in a resolution which prevails in the Cape Breton coal fields as a result of unemployment and recent wage reductions; a situation which it is feared may ultimately result in a strike disastrous alike to the community and the miners.

The resolution sets forth among other things that "whereas, the Hon. W. L. MacKenzie King, in Sydney, declared that the British Empire Steel Corporation has nothing to fear from him; and whereas, the British Empire Steel Corporation has instituted a policy of merciless oppression and whereas, the Premier in pursuance of his policy of befriending stock gamblers who are desperately striving to wring dividends out of miners who are reduced below the hunger line, has placed James Murdock in the position of Minister of Labor; and whereas James Murdock in his hostility to the great mass of laboring people of Canada has placed U. E. Gillen, a corporation tool, on a board of conciliation for the purpose of grinding the faces of the poor; and whereas U. E. Gillen to befriend the Huns of Canada has signed an unjust and starvation wage award therefore Mechanics' Local 4522, United Mine Workers, hereby declare Hon. W. L. MacKenzie King, Hon. James Murdock and U. E. Gillen are the agents of the Huns of Canada and the enemies of the people of Canada."

Nadruco Syrup of Tar with Cod Liver Oil Compound is also excellent for Bronchitis and Whooping Cough.

Prepared by NATIONAL DRUG AND CHEMICAL COMPANY OF CANADA LIMITED

Railway News in Brief

Vancouver, B.C.—Madame Clara Butt, the famous English contralto, accompanied by Kennerley Burford, her husband, a celebrated baritone, will start from Vancouver on February 11th, travelling over the C. P. R. in the private car "Montmorency" on a concert tour which will extend across Canada to Halifax.

After completing the tour of Canada, Madame Butt will visit the United States, giving concerts at New York, Boston, and other Eastern cities. The company recently completed a tour of Australia.

Winnipeg, Man.—Canadian Pacific Officers at Winnipeg tendered a complimentary luncheon to W. C. Bowles, formerly general freight agent of Western lines, but who has been promoted to be assistant freight traffic manager of Western lines with headquarters in Montreal. The luncheon was presided over by D. C. Coleman, Vice-President, and attended by nearly one hundred officers.

William Campbell Bowles, who is to be assistant to Mr. W. B. Lanigan, freight traffic manager, with offices at Windsor Street Station, Montreal, has ascended the long ladder to succeed the late Mr. W. B. Lanigan in the service of the C. P. R. on December 1st, 1891, as junior clerk in the office of the general freight agent, Montreal. He continued with the following promotions: September, 1892, stenographer, same office; January, 1893, rate clerk, same office; July, 1896, correspondence clerk, same office; October, 1897, correspondence clerk, freight department, Winnipeg; June, 1900, general freight agent, Vancouver; November, 1901, general freight agent, Nelson; March, 1905, assistant general freight agent, Vancouver; November, 1907, general freight agent, Nelson; March, 1908, general freight agent, Winnipeg; June, 1909, general freight agent, Vancouver; June, 1911, again general freight agent, Winnipeg; January 1st, 1922, promoted to be assistant freight traffic manager, Eastern lines.

Winnipeg, Man.—On his return from Montreal recently, D. C. Coleman, Vice-President of the C. P. R. has issued the following official statement regarding conditions and improvements of the company's lines west of Fort William:

"Commercial conditions as they exist at the moment have imposed on the C. P. R. as on all other business organizations, a policy of caution with respect to embarking on large expenditures on capital account. It has been decided therefore, to announce a beginning on such works only as are of an urgent character. Consideration of further expenditure including that for the construction of a steady revival in railway traffic will be more definitely apparent."

"The most important work to be undertaken at once is the building of a large ocean pier at Vancouver. This is justified by the constant increase of ocean traffic through Canadian Pacific ports. It will take approximately eighteen months to complete the work. The filling and dredging for the site has already been completed. The pier will be eight hundred feet long (with provision made for further extension later), three hundred and twenty-eight feet wide, and will carry four railway tracks. It will be handled expeditiously between ship and cars. It will be equipped with the most modern facilities for handling passengers and freight."

"With the construction of this pier following on the reinforcement of the ocean fleet by the great steamships, the 'Empress of Canada' and the 'Empress of Australia', the company is confident that it will hold for Canada for many years the blue ribbon of supremacy on the Pacific. To assist in the prompt movement of traffic, mechanical coaling plants of an improved type will be erected at Eagle River, Ont., La Riviere, Man., Estevan, Sask., Swift Current, Sask., and Medicine Hat, Alta."

"The growth of the fruit traffic on Okanagan Lake justifies the building of an additional ice storage building at Okanagan Landing, B.C., and this will be undertaken at once. Automatic protection signals will be installed at Sidney, Man., and Ruby Creek, B.C."

"Water supplies at the following plants will be improved with a view to meeting the demands of increased traffic which may be expected: Rathwell, MacGregor and Wheatlands in Manitoba, Bredenbury, Hirsch, Frys, Weyburn, Macoun, Elbow, Parkbeg, Fauna, Outlook and Gull Lake in Saskatchewan, Bow Island and Lundbreck in Alberta, and Elk and Creston in British Columbia."

"The new office building at Moose Jaw and the important extension to the island coal dock at Fort William will be pressed to conclusion and a considerable amount of work will be carried on in the replacement and standardization of bridges on the line."

MARITIME RELIGIOUS EDUCATION COUNCIL

At a meeting of the Executive of the Maritime Religious Education Council which is the Maritime Sunday School Association reorganized, an ambitious program was planned for the coming year. Under the auspices of the Council and in accordance with its plan of denominational co-operation the Denominational Secretaries, Frank M. Milligan, Presbyterian, H. S. B. Strothard, Methodist and Waldo C. Machum, Baptist, will unite their efforts with the Secretaries of the Council, A. M. Gregg, Boys' Work, Miss Mary R. Allison, Girls' Work and Miss Alice M. Harrison, Children's Division, to hold some 225 district conventions during the year, covering the entire Maritime territory.

During the past year the Council has taken over from the Y. M. C. A. the responsibility for the promotion of organized Boys' work and the Canadian Standard Efficiency Training Program in the Churches and Sunday Schools and now provides the Boys' Work Secretary, Mr. A. M. Gregg. In a similar way the promotion of the Canadian Girls in Training Program has been taken over from the Y. W. C. A. and Miss Mary R. Allison, the Girls' Work Secretary

added to the staff.

For some time there has been a demand for an Elementary Secretary to give special help to workers with children. This has been met by the appointment of Miss Alice M. Harrison who is doing most efficient work.

The Officers of the General Board of the Council for the year are: Chairman, L. W. Simms, St. John N. B. Vice-Chairman, Geo. D. Wallace, Halifax, N. S. Secretary, Rev. F. M. Milligan, Halifax, N. S. Treasurer, Robert Reid, St. John, N. B. Headquarters have recently been removed from Moncton and are now located at 94 Prince, William St., St. John with Miss Kate R. Abrams as the efficient Office Secretary.

Team of Huskies for Quebec Visitors

One of the chief innovations at the Chateau Frontenac, Quebec, in connection with the winter sports programme is the introduction of a husky dog team. In order to secure the animal a representative visited the North Country to select dogs suitable for this purpose. Previous to the journey telegrams were sent to all important fur posts, north of the Great Lakes, and west of the "frettes up" and poor traveling conditions, Indian trappers were still far in the interior with their dogs, and were not expected until the New Year. Another factor repelled that strange sickness, the symptoms of which resembled distemper, was affecting most of the dogs in his vicinity, and that he would not advise their purchase. Another wire that fish was so scarce, the dogs were extremely thin and wickered, and weaker members had been sacrificed to provide food for the larger and more useful dogs. The value of husky dogs in the Canadian northern expanse is very high and prices reach surprising proportions in the fall when each man sets out to secure a string for his winter's work. Due to the heavy expense incurred in equipping and maintaining a team, the purse for the race has been raised this year to attract the most exciting trailers. Last year pups were selling for \$200 for a string of five, whilst animals fully grown and trained brought from \$75 to \$100 each.

The husky dog has been a valuable servant to the men of the Canadian North, and his part in Northern development has been no small one. His services are still of inestimable worth in the transport over snow-cleared areas where no other means of travel exist, where the pioneers of civilization and progress are blazing trails, and securing the first fruits of a wealth which only time and the introduction of railroads will fully reveal for exploitation. The mounted police, trappers, miners, prospectors, all men of the snow-shoe trail, gallantly pay their tributes to the part the husky dog plays in their daily work.

The district north and west of Nipigon promised success in securing huskies, as just before Christmas the Indians bring their fall catch into the posts, where they trade them for fresh supplies, beads, firearms, and other articles which they may require. The representative of the Chateau on arrival found some 15 to 20 dog teams, but they were a motley assortment, only a few running true to type.

Teams were constantly coming and going, and finally with a burst of speed, a fast young outfit approached the Hudson's Bay Post, and at the command of "Ho" from the Indian musher suddenly slowed up and came to a stop. The leader was a particularly young brown wolf-like animal, and was named "Nipmainingten," which translated means "Nipigon Wolf," and after various tests was selected as one of the proposed team. Finally the other four were purchased, as they proved to be one of the fastest teams in that part of the country. Exceptional care was exercised in the selection as they were to be used in the vicinity of the Chateau Frontenac, at Quebec, and naturally were bound to be handled and petted to a certain extent by the guests and spectators. Not having been trained together, considerable trouble was experienced at first. The Indian who assisted in breaking them in said, "Take away the harness and let them make friends." No sooner was this done than a regular pandemonium ensued, over snow-cleared areas where no other means of travel exist, where the tumble fight, and it was with great difficulty they were separated. The Indian merely grinned and said, "They are all friends now," which seemed to be the case, because after a certain amount of sniffing and licking they were again tested and pulled much better. Ten to fifteen miles a day were made by the team without any individual loafing, and so fast were they that the Indian challenged a number of the other teams around to a series of races, and not once was the new team defeated. At last the animals were shipped by the Canadian Pacific to Quebec City, and arrived in excellent trim. The names of the dogs are somewhat interesting, being all Indian, and are as follows with the English translation:

Nipmainingten, Nipigon Wolf
Wabusa The Rabbit
Wabaska Whitey
Keego Fish
Mck From "Nakwa" meaning bear.

At the age of nine months or one year the education of the Husky begins in earnest. He is broken to harness learning, with older dogs to pull his share of the load. After four years he has attained his full growth and strength, a stalwart wolf-build, half-wild, disdainful, powerful, perfectly proportioned, beautifully coated.

The harness is made of one long, continuous side-trace connected with a saddle, and belly-band around the middles, and to lead-collars which rest on fore-shoulders and receive each dog's pulling weight.

The Indians save particular care in which to guide or incite the dog teams: "Makak, Toyfay, Takok," to coax them into a gallop. Then "Ah Peesu," as some dog slackens in his traces. "Ho, Corni" (leader). If the lead-dog is wanted to turn to the right, or "Chak, Corni, Chak" if to the left.

REDMAC

Redmac has become a household name—you cannot go out to spend the evening without hearing the name Redmac. People of society and those of humble life are to-day placed on the same plan, they are both human, both subject to the ills of life, Redmac heals them alike, and at the same price. No man or woman is too poor or too wealthy for Redmac. Sold by Dickison & Troy, The Rexall Store.

DAUGHTER WAS
WEAK AND
NERVOUS

Mother Gave Her Lydia E.
Pinkham's Vegetable Compound with Happy Results

Cobourg, Ontario.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly.—Mrs. J. J. Toss, Ball St., Cobourg, Ontario.

Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a trial. It is prepared from roots and herbs, and can be taken in safety by young or old. It has been used nearly fifty years, and many, many women owe their good health today to the timely use of Lydia E. Pinkham's Vegetable Compound.

VIOLENT EARTH
SHOCK FELT IN
UNITED STATES

New York, Jan. 31.—The earth, in its dizzying whirl through space, got off centre for a few moments today and shifted its "poles" or axis to fit the new centre of rotation.

Then in order that it might not be travelling on a "flat wheel," so to speak, a few million tons of solid rock, somewhere off the western coast of the United States, in the bed of the Pacific Ocean, "slipped" a hundred feet or so to even things up.

This is the manner in which geologists and seismographic observers account for the violent earth vibrations which demoralized instruments in observers throughout this country today. Thus far the exact location of the huge "slip" has not been determined, although observers from Washington to Berkeley, California, agree that it probably was a few hundred miles off the south of the Columbia River.

The absence of a recorded disruption of the visible surface of the earth or of the huge tidal waves which usually radiate from the scene of an earthquake, leads the observers to believe the "slip" occurred miles below the bed of the ocean. Its violence was attested by the quavering seismographs, which in some instances were thrown from the recording rolls while a "strong" machine at Berkeley was set in motion for the first time in many years.

FLU NOT AS FATAL
IN NEW YORK
AS IN 1918-19

New York, Jan. 31.—Influenza cases in this city have reached epidemic proportions. Health Commissioner Copeland announced tonight in making public a report showing that 812 cases of the disease and 283 cases of pneumonia had been reported during the past 24 hours. There were 43 deaths from the two causes.

Dr. Copeland pointed out that the epidemic this year was much milder than the one of 1918-19.

The comparisons, he explained, show that the disease this year is not as infectious as fatal as it was two years ago.

SUNNY CORNER NOTES.

Sunny Corner, Jan. 30.—Mr. Dunn (our mail driver, is suffering with a severe cold. Mr. Dunn is one of the most obliging drivers we have ever had on the route and we hope he shall soon be able to be around again.

Miss I. E. Mullin was the guest of Miss M. Hubbard on the evening of the 18th.

Mrs. Hubert Matchett who has been up river for the past two months was brought home seriously ill. Dr. Bell is in attendance.

Miss Lauretta Young and Della Taylor were the guests of Mrs. McDonald on Wednesday evening.

Mrs. Margaret Sherrard was calling on friends in Boom Road on Tuesday.

Mr. Teddy Matchett has gone to Lytleton to work with Mr. Elvin Tozer.

Very many are sick in Sunny Corner at present. The flu seems to be the prevailing disease.

PROCEEDINGS TO
BE TAKEN AGAINST
COUNTY OF KENT

Fredericton, Jan. 23.—Another public health assessment case went against the municipality which had not been made the assessment for purposes of public health which its sub-district board of health had deemed necessary. Mr. Justice Barry handed down judgment today in chambers, the hearing having taken place on Friday last, the crown, representing the department of health, having P. J. Hughes, of Fredericton, as counsel and the municipality of Queens having J. H. McFadgen, of Sussex, as counsel.

The judgment of Mr. Justice Barry was that the municipality of Queens must pay the sum of 1,427.05, which was the balance of the 1921 public health assessment which was not paid by the county. An order for the payment was issued. Judge Barry took the ground that there was nothing in the objection that a second request for payment should have been made.

Papers in a similar action against the municipality of Kent have been issued. As the sheriff of that county is ill, papers have not been served yet. Other counties which have refused to pass public health assessments may be prepared to face similar action, as the department is determined not to have its operation interfered with by recalcitrant municipalities with by recalcitrant municipalities councils.

Naming the Montclare

At the Naming Ceremony of the New Canadian Pacific Steamer "Montclare" by Lady McLaren Brown
From left to right: Sir Thomas Fisher, Sir Charles Ellis, Lady McLaren Brown, Lady Gracies, Sir George McLaren Brown, Mr. Kenneth MacKenzie, Sir Thomas Bell and Captain Morris.

The new Canadian Pacific Steamer "Montclare," 16,200 tons, as she appeared before launching at the Yards of Messrs. John Brown & Co., Clydebank, Scotland. The speaker was the wife of Sir Lady Brown, a Canadian, was George McLaren Brown, the both eloquent and witty and she European Manager of the C. P. was warmly congratulated on R., who, with a distinguished her contribution to the post-prandial oratory, to Liverpool for the launch.

WINTER ECZEMA
CHAPS & COLD-SORES
KEEN wintry weather brings a host of skin troubles. Cold-sores, chapped hands, unsightly face-sores and blotches, become a source of discomfort and annoyance. To end the trouble and make your skin clear, healthy and flexible, give the face, arms and hands, a nightly dressing with pure herbal Zam-Buk.
Zam-Buk instantly soothes the smarting irritation, kills disease germs, and quickly heals all soreness, roughness and chafing which, neglected, often develops into eczema or other chronic skin disease. Use also Zam-Buk Medicinal Soap and enjoy real skin health.
This was an obstinate case.
Mrs. Henry Amey, 42, Lyall Avenue Toronto, says:—"My daughter's face and neck were a mass of eczema. Her doctor prescribed treatment for over two months, but to little avail. I was about to call in a skin specialist when I heard of Zam-Buk treatment rescuing other sufferers from this dread disease. So I got a box of Zam-Buk and a tablet of Zam-Buk Medicinal Soap. In a few days these wrought a decided improvement. Day by day the sores gradually healed, and within a month my daughter's skin was thoroughly cleared of the terrible disease."
SEND SAMPLE BOXES of this great skin remedy to: Send to: Stang (for return address) give name and date of issue, and address Zam-Buk Co., Dupont St., Toronto. 50c. box, all dealers.

TO ADDRESS MEETING
Hon. Dr. Roberts, minister of health will address a Public Meeting in Chatham on Wednesday evening 8th inst at 8 o'clock.

BUTTER STILL DROPPING
Good dairy butter was sold in Moncton last week for 38 and 40 cents a pound and there was no scarcity of choice articles at those prices.

CHATHAM AND CAMPBELLTON WON IN NORTHERN SECTION
Campbellton trimmed Bathurst in the Northern Section of the N. B. and P. E. I. A. H. A. at Bathurst Wednesday night by the score of 3-4. At Shediac in the Northern Section of the N. B. and P. E. I. A. H. A., Chatham defeated Shediac by the close score of 6-5.

HOUSE MEETS IN MARCH
The provincial government has appointed W. A. B. McLellan as police commissioner for Fredericton in succession to the late William McKay. Mr. McLellan is an official of the Palmer McLellan Shoe Pack Company. The appointment is a popular one.

With regard to the late of the opening of the legislature, Premier Foster said that as usual the date depended upon the public accounts and departmental reports. Either March 2 or 9 would be the date with the earlier date if possible.

THE CANADIAN RED CROSS
The first number of the new publication "Canadian Red Cross" has been received and each member of the society in the dominion will receive a copy in due time, sent direct from the dominion headquarters in Toronto. The work of the society in every part of the dominion is described in "Canadian Red Cross," and New Brunswick receives most complimentary mention. The new magazine will be issued monthly and is intended to keep all members in touch with the general work of the society throughout the dominion.

WILL RETURN TO TRURO
Rev. J. A. McLean, who has been supplying in Blackville congregation since September last, during the absence of the regular pastor, Rev. G. A. Grant is slowly recovering after a serious attack of pneumonia. The news of his recovery will be heard with delight by his many friends. Mr. McLean will remove to Truro, (N. S.) as soon as his health permits, and will there make his future home. Rev. Mr. Grant, who has been in New York, taking post graduate studies, has returned to Blackville and, conducted the regular services in his congregation last Sunday.

CATHOLIC LADIES' CLUB
At the meeting of the Catholic Ladies' Club held on Tuesday evening the following officers were appointed for 1922—
President—Mrs. T. H. Whelan
Vice-president—Mrs. W. J. Dunn
Secretary—Mrs. P. J. McEvoy
Treasurer—Miss M. Hennessy.
A vote of thanks was tendered the retiring officers on the good work they accomplished during the year.
The treasurer gave her report which was a splendid one, and showed the club to be in a good financial condition. Plans were prepared for the work of the coming year, and it is the hope of the Catholic Ladies' Club to see the Parish hall started in the spring.

CANDLEMAS DAY
Candlemas Day, was cloudy and snow fell during a greater portion of the day, so that the ground hog did not see his shadow" and according to tradition there should be but 'one winter this year."

POPE ELECTED
Cardinal Achille Ratti, Archbishop of Milan, was proclaimed elected Pope, in succession to the late Benedict XV., Monday morning. He has taken the name of Pius XI.

DROP IN MILK
Moncton milkmen have notified their customers that after March 1st the price of milk will be 11 cents a quart, or 6 cents a pint. The price during the winter has been 14 cents a quart.

LOCAL BOYS WIN
In one of the best, if not the best Hockey games played this season on the local rink, the Newcastle C. S. E. T. defeated the Campbellton C. S. E. T. The game was fast and clean throughout and was enjoyed by a large gathering. The score stood 4-3 in favor of Newcastle.

BUSINESS CONDITIONS IMPROVING
Mr. C. G. Coudsi, of the firm of Messrs. A. D. Farrah & Co. returned last week from a visit to Upper Canadian cities. Speaking of business conditions in Upper Canada, Mr. Coudsi, said the opinion in business circles was that conditions were improving.

COMMISSIONER SOWTON
Commissioner and Mrs. Sowton of the Salvation Army is expected to pass through Newcastle on today's Limited going west. The Commissioner will deliver a short address on the station platform and a number of the residents expect to be on hand to welcome them on the arrival of the train.

CHARITY DANCE
The Charity Dance given last evening in the Town Hall by the Catholic Women's League was a decided success. Considering the inclemency of the weather a large attendance was present and a most enjoyable evening was spent. Carter's Orchestra furnished the music, which was of a high standard and many favorable comments were made regarding it. The proceeds of the dance will be used in aid of the poor in Newcastle.

TEA, FOOD AND FANCY SALE
The Junior Girls of St. James' Church are holding a Valentine Tea, Food and Fancy Sale in the Kirk Hall on Saturday 11th inst from 4 to 7 p. m. All arrangements have been completed to make this one of the important events of the winter season and the patronage of the public is solicited. Many beautiful fancy articles will be on sale and the tables will be laden with all the good things that could be desired. Patronize this event and enjoy the hospitality of the Junior Girls.

Always bears the Signature of *Chas. H. Hitchcock*

MEETING OF RELIEF COMMITTEE
A General Meeting of the Advisory Committees of the different churches and Central Committee is called for Thursday afternoon at 4 o'clock in Town Hall.

HOCKEY NOTES
The Newcastle Seniors will play the Moncton C. N. R. team in the local rink on Saturday evening 11th. On Monday evening 13th inst the Newcastle C.S.E.T. team will cross sticks with the Millerton Seniors. Both aggregations are well matched and some good fast hockey on both nights is assured.

THE "WHOOOPER"
The "Whooper" is still giving a tri-weekly service between Newcastle and Fredericton, and runs to Moncton the other three days in the week. Presumably this is the service Mr. Morrissy meant, when his paper the North Shore Leader said that he (Mr. Morrissy) would have the "Whooper" made a daily train as expediently as possible. We wonder how the residents of the up-river parishes appreciate this Daily Train service?

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are changeable—one bright, the next one cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ANOTHER FEDERAL ELECTION PROBABLE?

Address of W. F. MacLean M. P. elect, South York
TORONTO, Feb. 6—The veteran member of the house of commons, W. F. MacLean, of South York, speaking in his constituency, Saturday evening, said another federal election at an early date was by no means improbable and he urged an early calling of a general convention of the Conservative party to redraft the platform. Hon. George S. Henry, M. L. A. said he believed Premier Drury had found in hyro radicals the issue he had been seeking on which to fight the next provincial election.

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.
All druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

COUN. SUTHERLAND DEAD AT RED BANK

Aged About 65 Years—Was Postmaster for Years

Councillor Murdock Sutherland, Red Bank, died Sunday, aged about 65 years. For years he was postmaster at Red Bank, where he conducted a general store. The deceased is survived by six sons, Jeremiah, Nelson, Mark, Blackville; Melbourne, Red Bank; Jack, Miller and Norman, at home, also four daughters, Mrs. Lawrence Mather, Newcastle; Mrs. Melbourne Carter, Millerton; Misses Annie and Irene, at home.

ST. VALENTINE'S NIGHT
The way to enjoy St. Valentine's night is by attending the Bean Supper and Sing-Song, to be given in St. James' Hall, by the Miramichi Hospital Aid. Supper will be served from 5 to 7 p. m. and admission is only 50 cents. The Sing-Song will be rendered while you eat, thus making it doubly enjoyable. Another reason why you should attend is because it is for a worthy institution that is doing a fine work in our community.

It's an Art!

The selection of the Blue Bird blend is a severe test of skill. Making the most of it is the cup also calls for skill. It's skill that is easily acquired, however, if you follow the simple directions. And it's wonderfully worth while, for then.

Blue Bird Tea
"Brings Happiness!"

SUNNY CORNER

W. J. Murphy and Laura Sheagreen were the guests of Mrs. James Hyland last week. We are glad to hear that Mrs. Hyland is improving in health.
Miss M. E. McDonald has returned from Newcastle where she has been spending the past three weeks.
Misses B. Keating and R. Foran were visitors here on the 29th.
Mr. Richard Gulliver of Douglastown is visiting his niece Mrs. Emma Campbell.
Mrs. Agnes Murphy and Miss Edith Toser were in Whitneyville on Tuesday.
Miss Ida Mullin left for Lincoln, Me. on Thursday.
Miss D. Taylor, L. Young and the Misses Hyland were the guests of Miss Janie Toser one evening last week.
Mr. Fred Leach who has been working in Strathadam for the past two months has returned home.
Miss Ruby Matchett was the guest of her sister in Sillikers last week.
Mr. James Murphy of Derby spent part of last week his cousin here.
