PRICE—TWO CENTS.

GERMAN DELEGATES ARE EXPECTED TO REACH VERSAILLES ON FRIDAY TO SIGN THE PEACE TREATY

Herr Mueller, Foreign Minister Will be Chief Plenipotentiary—Bauer Still Shows Much Wrath—Plan Investigation Into Sinking of Ships.

Friday afternoon probably will witness at Versailles the signing by Germany of the peace treaty by the Allied and associated powers. The German plenipotentiaries armed with authority to affix their signature to the document which is, in a measure to rehabilitate Germany in the eyes of the greater part of the world as no longer an enemy power are due to arrive in Versailles on Friday morning.

HOPE IT RECOILS
Herr Mueller, foreign minister in the new cabinet of Herr Bauer, is expected to be the chief German plenipotentiary; Dr. Haniel von Haimhausen, who was to have signed the treaty for Germany, having resigned from the peace delegation, not desiring to have the burden of sealing the compact, to the terms of which he and other high members of the government object, fall on his shoulders.

Even the new premier in Germany continues to express indignation over Germany being compelled to meet the Allied terms. In his latest address before the national assembly at Weimar, Bauer is quoted as having said: "Let us sign, but it is our hope that to the last breath, this attempt against our honor may one day recoil against its authors."

The new Italian delegation to the peace conference, made necessary by the resignation of the cabinet of Signor Orlando, also is expected to reach Versailles on Friday. It will be headed by Signor Tittoni, foreign minister.

INVESTIGATION OF SINKING
The sinking of the German fleet in the Scapa Flow by skeleton crews of Germans aboard them is to be investigated by order of the council of three, composed of Premier Clemenceau, David Lloyd George and President Wilson. The idea of the investigation is to see if the armistice terms were violated by the Germans. The French minister of marine says that France will require complete reparation from Germany.

The council has resumed its work on the provisions of the Austrian treaty which were not included in that part of the document recently handed the Austrian delegation at Saint Germain. It is expected that the treaty now will be speedily concluded.

The Turkish delegation has sent to the council of ten a detailed memorandum of the requests recently made orally in behalf of Turkey. Turkey's willingness to recognize the independence of Armenia and a suggestion to grant a sort of autonomous government to Palestine and Arab lands under Turkish governors were made known in the memorandum.

Belgium is to have priority in reparation to be paid by Germany to the extent of 2,500,000,000 francs. Formal approval has been given this decision.

SUMMER ATTIRE
Temperatures hit 90. White Millady wears furs.

The continued excessive heat, which has prevailed for weeks, has had a most stimulating effect on trade in certain lines. The soft drink manufacturers, working overtime and at full capacity, have reported that they are unable to fill many orders. The ice cream business is thriving as it has not done in years, and dealers in cooling devices are doing a rushing business. A large increase in the ice patronage has also been a feature of the warm spell.

But the most cheerful feature of the whole situation—at least dozens of people chorused over it the other day on James street—is the fillip given to the fashion of wearing summer furs. Strange as it may seem, the weather has just attained the right temperature to wear these appendages of the smart costume.

Yesterday afternoon, when old Sol was making a very successful attempt to burn up the asphalt, and when loiterers on James street were languidly attempting to reach their destinations, a brave little lady, wearing one of the latest reveal-all-the-nothing varieties of waists, proudly bore across her shoulders a long-looking door-mat style of "summer" fur. As a suitable foil, hubby lagged along beside her, hatless and collarless, and panting with heat and the exertion of merely moving.

And yet they say women are not brave!

ALIENS RUSHING HOME
Over 3,000 Apply for Permits in One Day at New York.

NEW YORK, June 25.—New records are being made daily in the number of aliens seeking passports here to return to their native countries. More than 3,000 mostly Italians and Greeks, applied yesterday at the Customs House and today an equal number was expected as thousands were still in line last night when the passport bureau office was closed.

EXPERTS WILL SOLVE SHIP SINKING PUZZLE
Council of Three Refers Matters to Special Commission.

PARIS, June 25.—The Council of Three has referred the question relative to the sinking of the German fleet in Scapa Flow to a commission of experts which will determine whether the armistice conditions were violated.

JEWELS STOLEN FROM NEW YORK HOTEL
\$300,000 Worth of Valuables Apparently Stolen from a Safe Deposit Vault at the Biltmore Hotel here is in progress, it was announced yesterday. The valuables are the property of Mrs. Clarence Millhiser, of Richmond, Va.

Counsel for the Biltmore hotel stated that Mrs. Millhiser and her husband, who died here on May 20th had registered on that day at the hotel and engaged one of the safe deposit vaults in which valuables are in storage. Into the vault, Mrs. Millhiser claimed she placed property of considerable value. It is understood that this property was worth \$350,000. Early in June, when Mrs. Millhiser opened the vault, according to her complaint to the hotel authorities, \$300,000 worth was missing, including a pearl necklace worth more than \$200,000.

LIFELESS BODY FOUND HANGING FROM A TREE

North Pelham Shocked by Untimely Death of Bruce Beckett Recently Returned From Overseas.

MIND THOUGHT WEAK
On Monday morning Bruce Beckett, a young man residing at his home in North Pelham left his house about 10 o'clock, not saying where he was going but just walked out as usual.

On not returning at noon his mother became alarmed and asked some friends to go and see if they could find him.

They searched all afternoon in a nearby bush in which he was seen to go but to no avail and early Tuesday a party of about a dozen men started searching the woods and about 7 o'clock discovered his lifeless body hung in a tree by one of the lines which he had taken from the single harness in his barn.

The deceased had just returned from overseas two weeks ago but had not been in the fighting line. He was of a very quiet disposition and was a friend to all with whom he came in contact.

No conclusion can be arrived at why he should commit the sad act. Corner Parks of Marshville was called but deemed an inquest unnecessary.

The funeral will be held Thursday afternoon at 2 o'clock from his home to North Pelham cemetery.

OLD PLAYERS ARE COMING BACK

Baseball Taking on New Life With Return of Former Sportsmen to the Game—Meeting for Organization.

A meeting will be held on Thursday night of this week for the purpose of organizing McKinnons Baseball team and electing officers for the coming season.

Now that the war is over nearly all the old time favorites have returned to the city and local fans are assured some good fast ball games this season.

The Latest Arrivals
The latest arrivals are Charlie Butler and W. Fred McAvoy, two of the best players on the line up, who arrived home yesterday from overseas after serving with the Cobourg Heavy Battery. They will receive a hearty welcome home and will be seen again on the line up of McKinnons on Saturday afternoon on the Lacrosse grounds when that team meets the crack team from Tonawanda.

The visiting team has only lost one game this season out of eight or nine, so the local team will have to put up a good strong game in order to win.

Try Out New Battery
The new battery Allen and Goyer will be tried out Saturday for a good account of themselves.

Fans who enjoy a good ball game will be given splendid opportunities this year of witnessing some good fast games and should turn out to support the clubs and help put this branch of sport back in the position it was in pre-war days when good classy ball was played every Saturday.

WHEN FOCH HEARD NEWS
What His Feelings Were, One Must Conjecture

COBLENZ, June 25.—Marshal Foch he allied commander in chief, heard the news of the vote passed by the German National Assembly on Sunday in favor of accepting the peace treaty at his advanced headquarters at Kriemhild in the French area of occupation. The Marshal visited Mayence on Sunday and conferred with his general regarding final plans for the march into Germany.

The generalissimo returned to Kreuznach to keep an appointment with several newspaper correspondents with whom he was to discuss the proposed activities of the allied armies in the event the Germans would not accept. The Marshal got the Weimar report from Paris by telephone at seven o'clock Sunday night. What his impression was is not known as he cancelled his appointment with the correspondents and did not give out a statement.

HUNS BURN FLAGS TAKEN FROM FRENCH
COBLENZ, June 25.—Fifteen flags which were to be returned after signing of the peace treaty, were taken from a museum in Berlin by a crowd of German officers and soldiers, and publicly burned near the statue of Frederick the Great, a Berlin dispatch reported yesterday. As the flags burned a great crowd sang "Deutschland Über Alles."

BIGGEST TASK TO COME SPECIAL SESSION OF THE HOUSE

French Editors Express Hope for Future and Relief at Peace Treaty if it is Signed.

PARIS, June 25.—In such headlines as "Really peace at last," does the press of Paris express its relief at the formal end of the great war.

None of the writers are exactly jubilant. There is an underlying feeling that the task which lies ahead is almost equal to that of winning the war.

The task, says Alfred Capus, in the Figaro, "is not above the strength of this nation, which comes out of the war with a prestige which remains only to be converted into prosperity."

\$60,000 PAID YESTERDAY TO CITY TREASURER
Largest Daily Business Ever Done by Civic Department.

The City Treasurer's Department was fairly rolling in wealth last night. During the hours that the office was open the handsome sum of \$60,000 was taken in from taxpayers, making a total up to that time for this year's taxes of over \$242,000.

The payments yesterday amounted to the largest sum that the treasury has ever had for any one day. This is accounted for to some extent by the fact that fifty per cent. of the total year's taxes were required to be paid in the first installment.

CLEMENCEAU TO QUIT WHEN PEACE RATIFIED
Feels that his Task Will be Accomplished Then.

PARIS, June 25.—Premier Clemenceau has expressed his intention to resign from office as soon as the treaty is promulgated, feeling that he has accomplished the task for which he assumed the Premiership, says Marcel Roin in the Echo de Paris. It is expected that Parliament would ratify the treaty late in July.

UNSPEAKABLE TURK TRIES TO SAVE HEAD
He Would Even Recognize Independence of Armenia.

PARIS, June 25.—The Turkish delegation which appeared before the Council of Ten, on June 17, sent the Council a detailed memorandum which it promised at that time to draft. This memorandum gave at length the plea for the continuance of the old Turkish Empire, which was made orally before the Council at the hearing last week. The memorandum states that the Turkish Government is prepared to recognize the independence of Armenia and to grant some form of autonomous government to Palestine and Arabia, under Turkish Governors.

QUITS RATHER THAN PUT NAME TO TREATY
WEIMAR, June 25.—Dr. Haniel von Haimhausen, who was on Sunday designated as the German representative to sign the treaty of peace, has telegraphed his resignation from Versailles rather than attach his name to the instrument.

IRELAND WANTS REPUBLIC
NEW YORK, June 25.—Edward de Valera, "president of the Republic of Ireland," who arrived secretly in the United States from Ireland, met a group of newspaper reporters again and issued a lengthy statement in which he set forth Ireland's grievances against England.

He declared that Ireland had been unjustly taxed during the last century and that she had been kept in subjection by an autocratic military power. Ireland, he said, is ready to have a plebiscite on the question of establishing a republic and predicted that 80 per cent. of the people of Ireland would vote in favor of it.

MILITARISTS SAY KAISER INNOCENT
Must be Placed on Trial Only in Neutral Court.

WEIMAR, June 25.—Among the wild rumors of what happened when it became known that the National Assembly had voted to accept the peace terms unconditionally that gained currency here was that all the officers of the German army would resign if the Government did not refuse to surrender German leaders, especially Field Marshal von Hindenburg and General Ludendorff and defy the allies to seize the former Emperor.

In military and semi-military circles there is a strong insistence that the former Emperor is innocent and that under no circumstances must he be placed on trial except in a neutral court.

At the present time about thirty carpenters are urgently required on different jobs by the Ontario Labor Bureau.

LOOKS LIKE FRIDAY

It is now pretty certain that the Peace Treaty will not be signed till Friday afternoon. The ceremony, which will be a somewhat lengthy and extremely formal affair will take place at Versailles where the German delegates are expected to arrive in the forenoon.

On account of the difference in time of four hours between that at Versailles and here the news that the signatures have been affixed should reach about 10 or 11 o'clock in the forenoon.

J.W.V.A. TO EJECT DISLOYAL MEMBERS
Winnipeg Association Pledges Itself to Help Authorities.

WINNIPEG, June 25.—At a special meeting of the executive of the Winnipeg branch of the Great War Veterans' Association, last evening, a resolution was unanimously passed warning all members that any who are found guilty of disloyal utterances or acts, who have taken part in riots and inciting to riot, will be expelled from the association. The resolution points out that the "association is pledged to assist and co-operate with our constituted authorities and comrades in arms, in maintaining law and order and in upholding Canadian ideals."

PRIZE DAY HELD AT RIDLEY COLLEGE
Ridley College held its prize distribution yesterday, in the gymnasium hall. Bishop Clark of Niagara presented the prizes, and Rev. Dr. Renison of Hamilton and Rev. Dr. J. O. Miller, Headmaster, spoke briefly during the course of the ceremony.

The Governor-General's medal and Merritt gold medal were won by MacDonald, and the Merritt silver medal by Abbott.

The prizes for general proficiency in each grade were awarded as follows: Form I, Biggar; Form IV, Biggar; Form VI, Hansard; Form VII, A. Budd; Form VI, Turnbull; Form VII, Weatherston; Form VIII, Wynn; Form IX, Biggar; Form I, Stringer; Form II, Rogers.

MAYOR MACBRIDE'S PLAN
To Co-ordinate Civic Departments Under Two Commissioners

BRANTFORD, June 25.—Mayor MacBride announces that if the referendum on civic management changes is carried by the people on July 14 next, he proposes next January to make a move to co-ordinate all the civic departments into two departments, finance and tax, and works and labor. He would thus make six permanent civic officials as commissioners over the utilities: Hydro, Street Railway, Water works, Parks, Finance and Tax and Works and Labor Departments.

FIRST MERRITTON BOY TO ENLIST FOR WAR
Mr. W. Strong, of "The Mountain" Merritton, has received a cable from his son, W. J. Strong stating that he has arrived safely in England.

after a considerable stay in Siberia. He was the first Merritton born lad to enlist in the great war, having crossed over with the latter part of the first contingent. Shortly after his arrival overseas he went into active service where he remained for over two years when he was seriously wounded with shrapnel splinters. He was conveyed back to Whitley Camp, England, and after a considerable time spent in a military hospital at that place, he volunteered for Siberia.

DRIVE FOR SLACKERS IS STILL ON IN NEW YORK
NEW YORK, June 25.—That the search for draft "slackers" has not relaxed was shown by the arrest and immediate conviction of David Schambers, of this city, upon his return here from a two-year 3,000-mile trip afoot through Mexico and Central America.

He was sentenced in the criminal branch of the federal district court to one year's imprisonment in the Essex county (N. J. penitentiary) for failing to answer a call to military duty after filling a questionnaire.

SEE GIGANTIC WORK
NIAGARA FALLS, ONT., June 24.—The third annual convention of the Association of Municipal Electrical Engineers of Ontario, the men who operate the Hydro plants in the various Hydro municipalities, closed Saturday with an interesting trip of the delegates along the Chippewa-Queenston Hydro Power Canal. In charge of Hydro officials, the delegates, some 233 in number, motored over the route of the new power waterway, and were amazed at the splendid progress which has been made since they visited the scene a year ago.

The Merritton flemen had a call last night to the lower end of the village, but on their arrival found it to be a false alarm.

ROAD COMMISSION HEARS VIEWS OF LOCAL INTEREST

Mild Criticism Handed Out to City Council for its Failure to Levy Tax to Help Construct Highway on Ontario St.

A meeting of the Suburban Road Commission was held yesterday afternoon in the Grand Jury room to discuss plans for the construction of an improved highway on Ontario St. from Caledon Street to Port Dalrymple. The three members—Mr. Mayor Burgoyne, Mr. A. H. Trappell and Mr. D. Moyer were all present and in addition a large number of business men members of the County Council and others were present.

Surprised at Council
During the speaking expressions were made of surprise that neither the Mayor of St. Catharines nor the Chairman of the Board of Works, Mr. Smith, was present, though both had been invited. It was taken as an indication that the City Council was ignoring the important work of building these county roads. Criticism was also given for the action of the Council in not assessing the half mill required by the Act on the property of the city to help meet the cost of the construction of the improved highway or ways which the Commission desires to build. The impression seemed to be given that the Council would remain in its obligation and was evidently evading its responsibility.

Kinds of Road Discussed
During the afternoon the question of the kind of road that should be constructed was discussed at length, several business men stating that as the traffic would be heavy over this road way it would be wise to build a good substantial highway. The different kinds of pavements and their wearing values were considered.

The Commission expects to meet again next week to further consider their plans.

The Mayor called up the chairman of the Commission last night and expressed regret that in the rush of affairs he had overlooked the meeting. He had intended to go but the appointment had slipped his mind and he was sorry that it appeared as in any way a discourtesy. He will, perhaps, on Monday night make a statement as to the City Council's position, and as to why the half mill was not levied.

BENCHERS TO HONOR PRINCE
The Benchers of the Law Society of Upper Canada are planning to entertain the Prince of Wales when he comes to Toronto in August to open the Toronto exhibition. He is to be invited to take luncheon and accept the degree of barrister-at-law.

His grandfather the late King Edward, was called to the Bar at Osbourne Hall in 1880 and his signature appears on the parchment rolls to-day with those of his suite including the Duke of Newcastle, Lord St. Germans and Sir Edmund Walker Head.

THE WEATHER
TORONTO, June 25.—The chief pressure change since yesterday has been in the development of an important high area off the Atlantic coast while from the Great Lakes westward there has been little or no change. The weather is showery in western Ontario. Elsewhere, fine.

Moderate, southeast winds, mostly fair and warm today and Thursday.

Mr. W. B. Burgoyne and Henry Burgoyne were before the magistrate this morning on a charge of speeding on Queenston street on Sunday night. Police Constable Miller gave evidence that the car driven by Henry Burgoyne was going at a rate of 155 yards in 5 1/2 seconds timed by his wrist watch, and the yards paced out not measured. The case was dismissed, the evidence being favorable to the defendants.

A REMARKABLE MAN

A news despatch states that Premier Clemenceau of France intends to lay down the reins of office when the Peace Treaty is ratified. If he does withdraw from office the public career of one of the world's most remarkable men will cease. At his advanced age in life "the tiger" has performed work and inspired his bleeding country during the war as few men in any nation could do. Nature evidently reared him for a tremendous task and he has ably performed it. In the history of modern France no name will be worthy of more distinction. He is a statesman of rare talent and singular physical endurance.

LOOKING AHEAD

That the City should have a policy constantly tending toward the purchase of more grounds for sports and games for the boys and youths of the municipality is apparent. The Journal believes to all who study this side of city life. The experiences of this summer establish that there is not now suitable accommodation to meet the demands of all the clubs formed.

There are those who would argue that there are other more urgent ways in which public funds could be spent. This depends, of course, on one's point of view, but considered from the broadest standpoint, the growing boys and young men cannot be better employed than out on a field playing a game. Not only does it develop the physical side but it is a pastime which better fits those who are growing up to face and fight the problems of life. When a suitable place can be bought from time to time it is wise, we think to get it. The way is comparatively cheap today may be costly ten years from now.

Some poets are always a-musing, but not necessarily funny.

MUNICIPAL ICE PLANTS

Twenty cities in Kansas have asked the state legislature for a bill permitting cities to purchase, or build, and operate, municipal ice plants. The proposed bill has the unanimous endorsement of the League of Kansas Municipalities.

The movement receives a great deal of encouragement from the experience of the city of Weatherford, Okla. Weatherford has a municipal ice plant and, according to an official report, is producing ice at a cost of 60 cents a ton. This is delivered to the door at 25 cents a hundred pounds and the city is realizing a handsome profit. In Kansas the minimum rate for ice sold by private concerns is 40 cents a hundred pounds and in some cities consumers are paying a cent a pound.

PROTECTION SHOULD PROTECT CONSUMER AS WELL AS PRODUCER

Canadian Manufacturers' Association, plus industrial Canada and the trade papers, is the biggest load protection has to carry in this country. Protection has more to fear from the short sighted greed of professed friends inside the camp of the Canadian Manufacturers' Association than from the still more short sighted greed of the Grain Growers, United Farmers and other preachers of class hatred in Canada.

Canadian protectionists have no reason to be proud of the company they keep when they find themselves in the society of Montreal corporations and other manufacturers who have no other ambition in life than to add the high but possible percentage of the import duty to the price of products made in Canada.

Free trade would wreck the collective fortunes of Canadians without lowering prices to the individual consumers of Canada. Free trade would annihilate the factor of Canadian competition and throw the Canadian consumer into the hands of the foreign manufacturer. The United States manufacturer is no more considerate of the Canadian consumer than is the native manufacturer.

Protection may be maintained or free trade will wreck the country. But protection should be maintained with safeguards that will protect the consumer against unfair prices as truly as protection should protect the producer against unfair competition. —The Evening Telegram.

THE NEED FOR BETTER PROGRAMMES

Nothing else calms mother's nerves, relieves father's cares, sister's loneliness and brother's anxiety as music does, and it is to be hoped that our artists recognize now more than ever the necessity for better programs, better renditions, better accompanists even better gowns and betterment in all the factors which contribute to the success of a performance. First, because such improvement will be necessary to rouse audiences fagged by war time cares, and secondly, because only performances so improved are at all likely to secure for an artist the evidences of appreciation needed to make for a successful evening.

CONSTRUCTIVE CRITICISM BADLY NEEDED

Constructive criticism is so rare that many critics hardly know of it. They are hardly aware that there is any other criticism than the kind

NO MORE KIDNEY TROUBLE

Since He Commenced to Take "Fruit-a-Lives"

78 LEXA AVENUE, OTTAWA, ONT.
 "Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-Lives', I thought I would try them. The result was surprising. I have not had an hour's sickness since I commenced using 'Fruit-a-Lives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."
 WALTER J. MARRIOTT.
 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-Lives Limited, Ottawa.

they write. Some of them may be surprised to learn that there is a sort of criticism too high for them ever to reach.

Matthew Arnold is ready with some good advice however, when he says: "Judging is often spoken of as the critic's own business; and so in some senses it is; but the judgment which almost insensibly forms itself in a fair and clear mind, along with fresh knowledge, is the valuable one. And this knowledge, and even fresh knowledge, must be the critic's great concern for himself; and it is by communicating fresh knowledge, and by his own judgment pass along with it, that he will generally do most good to his readers."

The constructive critic must add to the world's stock of knowledge of ideas, he must shed light on the composer; he must help the artist to a higher development.

DON'T BUILD ORPHANAGES

An enthusiastic citizen read in the newspaper about a boy who had run away from a farm, claiming that he had been very badly treated. "If I had my way," he said, "I would not send any of these children out to homes, but I would have the country build a dozen large orphanages and educate the children until they are old enough to go out and work for themselves."

There are many who talk that way and unfortunately there are some who practice it. Encourage the retention of children in public institutions when it would be much better for them and for the community if they could be enjoying the freedom and the pleasure of ordinary family life. Children, like other plants grow strong and rugged and develop fine many qualities when they have to face the common struggle for existence and success. If tenderly reared in an institution they will be exactly like the house-plant—beautiful to contemplate and admire, but withering and dying as soon as they are exposed to the outside air. It is impossible to teach in an institution all those virtues that make for thrift and independence of character, and even the run-away boy from the institution has testified that his most valuable lessons in life were gained when he had to use his intelligence to gain a livelihood and to compete with his fellows.

No, it has been demonstrated many

GRAIN MIXTURE VALUES

Oats 34 Lbs., Barley 48 Lbs. the Best Combination.

WHAT EXCHANGES SAY

SIR HARRY LAUDER (Westminster Gazette)

For some time past it has been reported that Sir Harry Lauder is about to retire from the music hall stage; and color if not confirmation, is given to the statements by the fact that he is taking into his own hands the management of all the farms on his recently acquired Glenbranter estate in Argyllshire. The farms number at least half a dozen; so the personal superintendence of them would not leave much opportunity for visits to London and New York or even Glasgow to sing the joys of roamin' in the gloamin' and the merits of a wotch an' doonies.

"PILL BOXES" AS CAFES

A Belgian farmer who has returned to his shell shattered fields near Doelcapelle has solved his own particular housing problem by converting an undamaged "pill box" into a temporary home for himself and family.

"Pill box" was always an unfortunate and misleading term for these concrete forts. Nearly all were rectangular and contained four or more large rooms. Very little work would be necessary to turn them into comfortable and everlasting homes. Some near Boesinghe are already being fitted up as cafes, in anticipation of the tourist parties which will through the battle fields as soon as passport and travel restrictions are relaxed.

HE DIDN'T MEAN TO

(Kingston Standard)

Mr. W. R. Paton of the Paton Manufacturing Company, manufacturer of tweeds, Sherbrooke, Que., by his testimony before the High Cost of Living Commission, has done the public a real service which will not soon be forgotten—though it may be said, parenthetically that Mr. Paton didn't intend it that way. His intelligence is not of that kind. In the meantime, we salute them at the finest variety of the XXX Brand of Patriots we have yet read about. Also, in the meantime, we point this out as one glaring reason why Labor is dissatisfied today and feels it is not getting a square deal, when manufacturers can make and are permitted to make, such unholy profits, while Labor gets only a raise of a few cents per hour or day.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman half the time feeling nervous, despondent, worried; some days headachy dull and unstrung; some days really incapacitated by illness?

If we all would practice inside bathing, what a gratifying change would take place. Instead of thousands of half sick, anemic looking souls with puffy, muddy complexions we should see crowds of happy, healthy, rosy checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out else it ferments and forms poisonous like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day before the fire will burn bright and hot, so we must each morning clean the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside bath. A certain pound of limestone phosphate will not cost much at the drug store, but it is sufficient to demonstrate to anyone, its cleansing, sweetening and refreshing effect upon the system.

Starting Early Celery. The starting of early celery should be done immediately as the seed is slow in germination, requiring about four weeks before ready for the first transplanting. The seed should be sown in flats in a soil very sandy in nature. This soil is pressed down about 1/2 an inch in the box and then the celery is sown broadcast over it. The box is then watered through burlap and is left covered with burlap or brown paper until the seed germinates. When the plants are showing two or three leaves they are transplanted into flats, 2 inches each way in the soil that is sandy in nature but well-filled with good manure and commercial fertilizer, such as a nitrogenous nature. Good fertilizer is necessary at this stage so that the plants will not receive any check. The plants should be thoroughly sprayed with Bordeaux Mixture when they first break into third or true leaf, so that they will be kept free from blight, and every week after being set in the field.

Another method in use among growers is that of sowing in hot beds. The seed is planted in rows about 4 inches apart, in making 1/2 an inch wide and press it down on the soil making a furrow about 3/4 of an inch deep in which the seed is sown. It is then covered with burlap or paper as stated before.

Celery to germinate properly should be kept at a temperature of 70 degrees until the young plants are growing in good shape, when it will be lower it to 55 or 60 degrees. —E. H. McLaughlin, Ontario Vegetable Specialist.

GRAIN MIXTURE VALUES

Oats 34 Lbs., Barley 48 Lbs. the Best Combination.

By Opening Surface to Rains, Many Dollars May Be Made by Increased Crops — Full Directions Given Regarding Starting Early Celery.

(Contributed by Ontario Department of Agriculture, Toronto.)

A LARGE amount of experimental work has been conducted at the Ontario Agricultural College in testing grains both singly and in combination for the production of grain. The results of experiments indicate that there is practically no advantage in growing in combination two or more varieties of grain of the same class. Quite decided advantages, however, have been obtained from certain combinations of grain of different classes.

In an experiment which extended over a period of five years in which oats, barley, spring wheat and peas were grown separately and all the different combinations which could be obtained by having two, three and four grains in each mixture, it was found that in about ninety per cent. of the experiments the mixed grains gave a greater yield per acre than the same grains when grown separately. Of the different combinations, oats and barley came at the head of the list, giving slightly over two hundred pounds of grain per acre more than when either one was grown alone.

It is important to use in combination varieties which will grow satisfactorily together and which will mature at the same time. Such varieties as the O.A.C. No. 21 barley and the Daubeney, Alaska or O.A.C. No. 3 oats give very good results.

Of twenty-five different mixtures with different proportions of oats and barley used for five years in experimental work it was found that the greatest returns were obtained by using one bushel, by weight, of each of a mixture of 84 pounds (34 pounds of oats and 48 pounds of barley).

—Dr. C. A. Zavitz, O. A. College, Guelph.

Open Your Surface Drains.

Drainage—either surface or underground—is essential if farming is to be profitable. With the dearth of machinery, the depleted labour market and the increased cost of underdraining, progress is retarded somewhat. Everything, however, has been done which prevailing conditions permit. Yet forty per cent. (40%) of Ontario is in urgent need of drainage. The underdrainage of so much cannot be accomplished in a short period of time, hence that which renders timely service, even though only of temporary duration, must be taken advantage of.

Surface draining must be resorted to. Several lines will be necessary. Indeed, if the majority of farmers would leave all "finishing" furrows open in the "ploughed" ground and connect them by opening up cross channels through the lower-lying parts of the field—cleaning out all the furrows thus traversed—a system would be formed whereby the water could be carried to gutters quickly, efficiently and satisfactorily in the early spring.

Not alone to level fields or farms does this apply. Large areas of Ontario are quite rolling, hence naturally drained. Yet, a small open ditch or deep furrow will pay for the trouble necessary to make a channel by the greater ease with which water can escape, thus permitting quicker disposal of the same, hence hastening the drying of the land.

These surface drains should be opened at least once per year. The best time to do so is in the late autumn after the fall work is done. Labour can be obtained then with less difficulty and at less cost. The work may be done by hand or by the use of a team if water does not prevent.

Surface draining, however, is not recommended to "take the place of" tillage.—Thos. Cooper, B.S.A., O. A. College, Guelph.

Starting Early Celery. The starting of early celery should be done immediately as the seed is slow in germination, requiring about four weeks before ready for the first transplanting. The seed should be sown in flats in a soil very sandy in nature. This soil is pressed down about 1/2 an inch in the box and then the celery is sown broadcast over it. The box is then watered through burlap and is left covered with burlap or brown paper until the seed germinates. When the plants are showing two or three leaves they are transplanted into flats, 2 inches each way in the soil that is sandy in nature but well-filled with good manure and commercial fertilizer, such as a nitrogenous nature. Good fertilizer is necessary at this stage so that the plants will not receive any check. The plants should be thoroughly sprayed with Bordeaux Mixture when they first break into third or true leaf, so that they will be kept free from blight, and every week after being set in the field.

Another method in use among growers is that of sowing in hot beds. The seed is planted in rows about 4 inches apart, in making 1/2 an inch wide and press it down on the soil making a furrow about 3/4 of an inch deep in which the seed is sown. It is then covered with burlap or paper as stated before.

Celery to germinate properly should be kept at a temperature of 70 degrees until the young plants are growing in good shape, when it will be lower it to 55 or 60 degrees. —E. H. McLaughlin, Ontario Vegetable Specialist.

The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away as by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructor which acts directly and favorably upon the feminine organization and is a specific for that purpose.

RED ROSE
TEA "is good tea"

HERE'S a welcome to the returned soldier and his bride.
May their wedded life be a long and happy one.
If she is a "British Bride" she will be very fond of
tea—and good tea, at that.
She will first be attracted to Red Rose Tea by the
name which will remind her of the "Red Rose" of "Old
England".
And when she tries it she will again be reminded of the
"Homeland", for she will find Red Rose Tea the same kind
of Tea that she has used at home—a rich, full-flavored
blend, consisting chiefly of ASSAM teas grown in British-
owned plantations in northern India.
Red Rose Tea is sold always in sealed packages.

RED ROSE
TEA "is good tea"

**Your Place in
Repatriation**

All Canada's sacrifices in blood and service will have been in vain if out of the turmoil men have not come to a realization of the fact that we are every one his brother's keeper.

The old selfish attitude of "let George do it" must find no place in this new era of re-construction. There is a task for every hand to do; a vision of work for each to catch and your part in Repatriation as an individual only commences where the plans of the Government leave off.

Organizations, municipalities, the churches, employers and individuals, all working towards the one end was the ideal of the Repatriation Committee, which has been steadily urged upon platforms and through the spirit of the press during the past twelve months.

From end to end of Canada the gospel of Repatriation has been preached and it is now up to the man in the street to go out and live up to the ideal. As far as the Government is concerned its scheme of Repatriation deals with the return of our fighting men to civilian life, medical care, pensions, vocational training, the establishment of employment offices and refitting the returning man in every way after his demobilization, from pensions and artificial limbs to re-education, establishing his home, and finally finding him a job.

Over and above these tasks there are many others, which can only be carried on through the co-operation of good will, and energy of the individual—the employer, the municipality, the churches, and all organizations dealing with human factors.

Home is the central idea of Repatriation. The boys are coming home. Home is being prepared for their coming. The people saw a vision during the war and that vision is a Canada made fit for the returning men, who have achieved such resplendent glory at the front for their country and themselves.

Repatriation is an attempt to make tangible, that vision. It asks whether or not Canada is ready to receive the returning men. Is Canada able to give them the opportunities for employment commensurate with their services? Is Canada organized to make use of the energies, the courage and the ambitions of the returning men? Have the returning men grown too big for Canada, as she was, and is Canada today capable of measuring up to their needs and their ideals?

The men who went over the top faced a thousand deaths and in exaltation overcame death by the mere fact of seeing beyond it. Death has no terrors for them. But it may be that they are more fearful of the monotony of the task of living.

Thus, repatriation suggests a house cleaning on the part of the returning men. Canada has to take stock

Wash The Kidneys!
After Bad Colds or Influenza
Look to Kidneys and Bladder!

Owing to bad colds, over-eating or intemperance, or to the after effects of influenza—uric acid and toxic (poisons) are stored up in the body and cause backache, lumbago, rheumatic pains and stiff joints.

It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This means that the excretory organs—the bowels, skin and kidneys—should be excited to their best efforts. Every one should clean house—internally—and thus protect one's self from many serious diseases, by taking either of the pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, aloes and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, considerable sediment in the water, brick-dust deposit, perhaps headache in the morning, you should obtain at the drug store "Auric" (auric acid), first put up by Dr. Pierce's Golden Medical Discovery, made from wild roots and barks without alcohol, and put up in tablets or liquid.

Old things have passed away and behold all things are become new. This is what has come to pass in Canada. The dawn of a new era has come. Canada cannot go back to the old conditions, if she would, and she ought not, if she could.

Definite events mark the culmination of every struggle for some particular goal in the world's journey to proper rule. Immediately following the event comes the necessity of stabilization, in order that the goal attained be not lost. Canada must not lose the opportunity of obtaining the succeeding generations working and living conditions which will guarantee proper development for the people.

The scientific placement of men in positions, the right man in the right job, the improvement of living conditions, by establishing a standard of working men's houses; the care of those disabled by the war, which will make them self supporting; the employers' realization of their true relation to their employees; more wisdom in education; a greater brotherhood in our social relations. All these things are rendered possible because the war has set a tide running in the hearts of men, which is without parallel in history. These things are being done and the vision seen during the war will not be forgotten, and the anguish, the pain, and the death will bear fruit in the mitigation of sorrow, because they have not been in vain.

Repatriation is more than transportation. It includes the establishment in civil life of all returning men who have sacrificed their positions to go to the front. It puts upon the Government and the citizens of Canada the necessity of insuring adequate opportunities for all returning men to do better than to take up life where they left it off. Repatriation is a social and industrial task, which will never be solved until the returning men feel that the opportunities for advancement which were within their grasp when they went to the front are returned to them.

When it can be said that no citizen who took up arms lost ground in the struggle for existence; that no widow or child of a fallen soldier has been bereft of the opportunities to live in comfort, and to obtain the education that would have been certain but for the sacrifice of a soldier's life; when positions of responsibility throughout Canada, are as free to the returning men as to those who did not go overseas, then Repatriation will have been accomplished.

Repatriation is the biggest task Canada ever undertook. It is not a thing for an hour, but it is forever. It is a national task taking. The Government has prepared the machinery to receive the returning men and fit them back to civil life, but the persistent co-operation of the people of Canada is necessary if Repatriation is to be a success.

Mr. CHAMBERLAIN, what are you doing about it?

—Canadian Municipal Journal

**Dogs in The
World War**

Unnumbered dogs have now given proof of their loyalty to man in time of war as well as peace. A few have been cited and decorated for services on the battlefields that was nothing short of heroic. There is the record of Fondy Air, a setter, who went into the trenches with a French Zouave and when an exploding shell had buried his soldier-master under a great mass of earth and stones, dug frantically until he had gained light and air for his beloved hero. And there is Verdun Belle, another trench-brother setter, who adopted a young marine; followed him into the thick of the fray at Chateau-Thierry; lost him as well as her own puppies and yet was awaiting at a field hospital the ambulance that brought her shell-shocked comrade, to welcome, encourage and sustain him.

Loulou was another dog of heroic mould, only a mongrel, homeless and starving, when found, but intelligent, courageous and with a heart of gold. Scouring a surprise attack by the enemy, he was given the place of honor at the head of the advance. What happened thereafter is related as follows by G. C. Harvey, in "Famous Four-footed Friends":

"On account of Loulou's alertness, the attack was a failure, and Loulou, now barking at the top of his voice, chased the retreating troops with alacrity. Unfortunately he caught up with one of the enemy officers and set his teeth in the fleshy one's leg, whereupon the officer shot him."

The heartbroken French soldiers carried the dog's body back to their trench, and there dug a grave for Loulou as if he had been one of them. Then the quartermaster, with a voice full of emotion said, "Good-bye, dear little comrade. You were the only plain soldier in the dog's regiment, but we have all taken an oath that your name shall live as long as that of our distinguished regiment. We shall never forget you, faithful and tender little friend, who has gone to the Great Unknown without waiting for us. Deeply, we shall miss you gambols and joyous barking that brought sunshine to our darkest days. Good-bye, Loulou; we salute you!"

"This was the end of the simple ceremony but a vow was made, by the company, and was agreed to by the colonel, that at each roll call, thereafter, the dog's name should be called after the men's. And, since that time, when the sergeant-major shouts the name, 'Loulou', in his powerful voice, one of the soldiers, as a proof that Loulou's heroism has not been forgotten, answers simply, 'Died like a soldier!'

No matter what the argument animal trainers may put forth, it is elemental that wild animals do not

CITY AND DISTRICT

In connection with the visit to Toronto in August of the Prince of Wales it is interesting to recall that his grandfather the late King Edward paid a visit to the Niagara District in 1860. He also was received in other parts of the Province.

The road which is being repaired from Lincoln Avenue into the city, on the Thorold Road is already being much appreciated by the many who have occasion to motor over this point daily. Several men and teams are engaged and the work has now reached as far as the Whitman and Barnes plant. The road from Lincoln Avenue leading to Merrittion is almost completed, it being done by the new steam roller which was purchased some two weeks ago.

PERSONAL

The Misses Pettigrew, of Toledo, Ohio, are guests for a few days of their brother, Mr. Alexander Pettigrew, Dishar Street, Merrittion, they having arrived here to attend the Zimmerman - Pettigrew wedding which took place on Saturday last.

Charles Butler and Walter McAvoy, two of McKinnon's players, arrived home from overseas and will likely be seen on the line-up of the ball team in the near future.

The marriage of Miss Irene Bell and Mr. Frank A. Hall, is taking place this afternoon at the home of the bride's mother, Church Street.

The marriage of Miss Jessie Sawyer and Herbert M. Gadsby, is taking place this afternoon.

Harry Edmonstone who left the city with the 46th Battery arrived home yesterday and is receiving a hearty welcome from his many friends.

Friends will be pleased to learn that Mr. H. Gorrie, Queen Street, who underwent a serious operation in the G. and M. Hospital is improving as well as can be expected.

GARDEN PARTY AT ELMWOOD

A largely attended garden party was given last night on the grounds of Elmwood Farm, which is owned by the city, by the Memorial Methodist Church Niagara St. The evening was a delightful one in every respect. The spacious lawns surrounding the old homestead were well fitted for such an event. Refreshments, ice cream, strawberries, cake, etc. were plentifully purchased. During the evening an interesting programme was given. Rev. J. J. Liddy presided. The numbers were as follows.

Piano solo by Miss Sadler.
Vocal solo—Mr. Osborne.
Instrumental—Mr. Johnson.
Piano duet—Mrs. Liddy and Miss Wilby.
Solo—Mr. King.
Solo—Miss Hawke.
Instrumental—Miss Wiley. Mr. Halford and Mr. Holden.
Solo—Mrs. Church.
Reading—Miss Dorothy Frizell.
Male quartette number.

The chairman called on Mr. Fred Parnell, M.P.P., Ald. W. A. Hill and Mayor Elson to speak.
The Elmwood Farm is kept in splendid condition by the Manager, Mr. George Secord. The Mayor publicly congratulated him on its fine appearance and said he did not think there was a better looking farm in the district unless it was at Vineland.

In addition to the Mayor and Mrs. Elson the Council was represented by Ald. Eagle, Ald. Smith, Ald. Hill, Ald. and Mrs. Nash, Ald. and Mrs. McDowell, Ald. and Mrs. Riffer Ald. and Mrs. Dakers.

MAPLE LEAF'S BEATEN

Yale and Towne won their first game of the season in a closely contested game of baseball last night at Port Dalhousie when they defeated the Maple Leaf nine by a score of 2 to 1. Steele and Pople were the battery for Yale and Towne and May and Bowman for the Maple Leafs.

This was Bowman's first appearance since he was hit in the eye with a foul ball. About 400 spectators watched the game which was well handled by W. Storjns, umpire.

Sixty three Villa rebels were killed and many more wounded in a fight with Federal troops on Saturday.

DISTRUST IN LONDON

Fel That the Germans Cannot be Trusted.

LONDON, June 25.—Profound distrust of Germany is the predominant note in London press comments on the German government's decision to sign the treaty of peace. It is contended that Germans proved themselves treacherous throughout the

war, the latest instance being the sinking of their fleet in Scapa Flow, and, therefore, it would be premature to celebrate peace until the treaty is actually signed. Even afterwards, it is said, the Allies must be continually on guard until the last penny is paid.

The Herald, a Socialistic organ, says: "Germany cannot and will not keep the treaty, because it is based upon force, instead of justice."

LAI'D AT REST

The funeral of the late Robert Howard, son of Mr. and Mrs. Howard Stunt, was held from the family residence, 18 McChie Street, on Tuesday afternoon, at Victoria Lawn Cemetery, Rev. R. D. Hamilton, pastor of Welland Avenue Methodist Church officiated at both house and graveside. The floral tributes were many and beautiful and taken to the cemetery by automobile where they were placed upon the grave where the little fellow was tenderly laid to rest.

The British Admiralty denies collision between Berlin and the German sailors who scuttled the ships at Scapa Flow.

IT PAYS TO READ ADVERTISEMENTS

You've heard the saying, "It pays to advertise." That is true. And it also pays to read advertisements—pays *you*. If you read advertisements consistently for any length of time you will agree that this statement is also true.

It pays in money saved. There are many real bargains offered from time to time in the advertisements appearing in this paper. Watch for them.

It pays you in satisfaction. When a merchant asks you to come to his store he obligates himself to sell you quality goods "as advertised." You have a right to expect satisfaction from what you buy, and you *get it*.

It pays you in time saved. When you know exactly what you want to buy and where you want to buy it, you don't have to "look around" and waste time finding it.

Don't *you* want to save money and time? Wouldn't you like to be sure of getting satisfactory service and quality goods every time you go to a store? Then read the advertisements and patronize the stores which can serve you best.

CURLERS FOR SCOTLAND

Ontario Branch Will Send Rings Abroad in 1920-21.

DETROIT, June 25.—The executive committee of the Ontario Curling Association met here Saturday relative to accepting an invitation from the Royal Caledonian Curling Club of Scotland to send eight rinks of four members each to Scotland either during the winter of 1920 and 1921 or 1921 and 1922. It was decided to accept for the winter of 1920 and 1921.

IN FOUR LEAGUES

GAMES TODAY Boston at Philadelphia. Pittsburgh at St. Louis. Chicago at Cincinnati. New York at Brooklyn.

While the Toronto Leafs were beating Newark 5 to 4 yesterday, Buffalo were winning from the Baltimore Orioles by 11 to 2.

Herscovitz of the C.E.F. was beaten by Norton of the A.E.F. in the heavyweight boxing bout at Pershing Stadium in Paris yesterday.

Peckinpugh of the New York Americans has increased his lead over Cobb for the batting honors. The New Yorker is now leading by 22 points.

The Army, Navy and Civilian Board of Boxing Control will be consulted by the managers of Willard and Dempsey regarding the appointment of a referee, over which a deadlock has arisen.

British tennis players were again badly beaten by the United States representatives at Wimbledon, England, yesterday. Andre Gobert of France beat Lovibond of New York in the feature match.

In the Red Cross exhibition golf matches yesterday, Evans and Sawyer beat White and Kirby at the Toronto course 2 up and one to play, while at Rosedale White and Kirby were one up in an extra hole.

When a gallant man is asked to guess a woman's age, he first makes a silent guess and then knocks off one-third.

Care of the Weanling Lamb. For best results lambs should be weaned at between four and five months. It has been found that under conditions prevailing during the hot dry months of mid-summer the ewes will drop off considerably in their milk flow.

The drastic regulations set forth by the Canada Food Board lately, to replace the Allies' demands, and to remember that foremost among these stand fruits and vegetables.

Vegetables and fruits should form a large part of the diet during the winter, as well as during the summer months, and it is therefore to our advantage to see that they are canned or dried at the proper time for future use.

Compiling family trees is an industry subject to more or less graft.

BUY WAR-SAVINGS STAMPS. Cost this Month \$4.01. Next month War-Savings Stamps will cost \$4.02, and so on until December, when the price will be \$4.11. The extra cents represent the interest which is accumulating all the time. These, too, are the prices you can secure for your W.S.S. should circumstances make it necessary to realize on your investment before January 1st 1924, when the Dominion of Canada pays \$5.00 for every stamp you own.

ROADS THAT ARE STREWN WITH FLOWERS

There are many who believe that all big corporations and industrial concerns only look to the material side of things and work machine-like for the production of wealth, regardless of the winter's snow and unheeding of the summer's bloom. This is often an erroneous idea, for it is generally realized that man does not altogether live by offices and pens and papers and engines and other accoutrements of labor—he requires trees and shrubs and flowers and the loveliness of nature.

The Canadian Pacific Railway has always paid considerable attention to the development of garden plots along its lines. It is just thirty years ago since a C.P.R. employee raised a few varieties of flower seeds in his own garden, and distributed them amongst his friends in the service of the company, with the object of promoting flower gardening at the various station plots of the railway. A vast advance has been made since then; and now the company possesses a Floral Department with headquarters at Windsor street, Station, Montreal, and a Floral Committee which embraces members from the Eastern and Western lines. It is under the guidance of this department that the various station plots and other properties of the company are cleared up and beautified. Thousands of packages of flower seeds, bulbs, trees, and shrubs and large quantities of grass seeds and fertilizers have been distributed during the last few years to station agents, section foremen, caretakers of round houses, and all employees living on the property of the com-

(1) Cranbrook Station, B.C. (2) Flowers Beautify the C.P.R. at Calgary. (3) Guelph Junction, Ont. Tenance of the gardens and selection of the seeds, bulbs, and plants are supervised by Mr. B. M. Winnegar, forester of the company. The encouraging influence of flower growing on the C.P.R. during the last thirty years has in a large measure assisted in the inauguration of floral societies all over the country. There are hundreds of C.P.R. officials connected with these societies, and most of them received their first lesson in flower culture at the C.P.R. flower beds. Flowers have improved the railway stations, and inspired by the beauty of the stations, residents of the towns have planted flowers and improved the appearances of their homes. In every division of the C.P.R. prizes are given every year for the best displays, and many of these amateur railway gardeners have tried their products with success against all comers at the big Canadian and American flower exhibitions.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over—feels weak, feels nervous, irritable, gloomy—gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh—all run down. You can't understand why.

Children Love Candy Cascarets
Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again.

Children Love Candy Cascarets
TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box contains directions for children aged one year old and upwards.

THE LOST BATTALION
Twas the strangest dream, the rarest dream, that ever came to me
In all the nights we lay in mud or slept in hillside clear;
It came to me as fresh and fine as sunrise on the sea.
The dream of the lost battalion and the mystery canteen.

We were the lost battalion, and no one knew the tale
Of how we came to that quiet place or why we came at all;
Twas the stillest spot, the sweetest spot, with never rain nor gale—
Only the sun and little clouds from dawn to eventide.

There were no parades and no fatigues; the C. O. sat all day
And smoked or read a little book with covers gold and green.
And we could take our blessed ease or when we fancied play,
And always for the joy of us was the mystery canteen.

In that canteen was every kind of honest meat and drink,
And smokes that put your mind asleep, and cakes and pastry gratis,
And you never saw the paper pass or heard the coin chink.
For money wasn't needed in that lost battalion land.

But who it was that waited there I couldn't rightly tell;
I fancy 'twas a woman and it must have been a queen;
And when the time for closing came a sort of silver bell
Rang overhead and round about the mystery canteen.

We were the lost battalion, and some day I shall find
The very spot that sheltered us, the book of gold and green;
I'll see it in my dreams again, all still and warm and kind,
And stay inside the doorway of the mystery canteen.

—C. Kennet Burrow in The Westminster Gazette.

SALTS FINE FOR ACHING KIDNEYS
We eat too much meat which clogs kidneys, then the Back hurts.
Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, and thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

THE PASSING JEST
Some people are so skeptical concerning its claims that they call it "The League of Hallucinations." Boston Transcript.

There was a sound of revelry by night, for the Bloggs were giving a party.
Mr. Bloggs was singing "The Love That Makes the World Go Round" and Master William Bloggs made good the golden moment to take a turn at Mr. Bloggs' pipe in the study.

Shortly afterward it was apparent that William was not well.
"Goodness, child," cried his mother, "have you been smoking?"
"No mother," gasped her son, "but if that song is true that father's been singing I must be in love, that's all!"—London Answers.

WHAT'S BRED IN THE BONE
During his recent visit to the coast a member of a reception committee asked Secretary of War Baker if it were true that the Germans were hissing American troops doing duty in Germany. "It is true," replied the Secretary, "but don't be alarmed. The Government has decided that it's just an instance where the goose-step has gone to their heads."—San Francisco Argonaut.

INSTRUCTING GRANDPA
"I was talking to my little granddaughter over the telephone the other day," said an old man recently to a few of his friends at a hotel, "and when I ended I said, 'Here, Dorothy is a kiss for you.' She replied, 'Oh! pshaw, grandpa! Don't you know that a kiss over the telephone is like a straw hat.' I said, 'Why, no, sweet heart, how's that?' 'It's not fell grandpa,' she said.—Blighly (London).

SPELLING 'EM DOWN IN KANSAS
Menageries where sixth-hounds caracol,
Where jaguar phalanx and phlegmatic gau,
Fright ptarmigan and kestrels check by jowl,
With pewit and precocious cockatoo.

Gaunt seneschals, in crochety cockades,
With seine net trawl for porpoise in lagoons;
While scullions page erratic escapades
Of madrepores in water-logged galloons.

Flamboyant triptyche grained with gherkins green,
In reckless fracas, with coquetish beam,
Ecstatic gargoyles, with gartebag chagrin,
Garnish the gruesome nightmare of my dream!

—Capper's Weekly

SOLDIERS' SETTLEMENT BOARD HAS ACTED ON UPWARDS OF 8000 APPLICATIONS
NIAGARA FALLS, Ont., June 24.—Up to the 27th day of May, the Soldier Settlement Board of Canada has approved 7,900 applications for the benefits of the Soldiers' Settlement Act and at great many most applications were before the Qualifications Committees in the various provinces.

ARE YOUR NOSTRILS FULL OF CATARRHAL DISCHARGE?
If so, it's Time You Got Wise to Catarrhazone, the One Certain Cure.
By no other means can you get relief so quickly as from Catarrhazone. It's the most direct remedy—direct because you breathe it to the very spot that is irritated and full of catarrhal germs. Nothing rounds about in the Catarrhazone method. It acts instantly, clears the throat of phlegm, stops the hacking cough, relieves tight chest, removes bronchial irritation.

So healing all breathing Catarrhazone, so full is it of curative agencies that winter ills flee before it. Carry a Catarrhazone Inhaler in your purse in your pocket, use it to ward off your little colds before they grow big. In our outfit lasts two months, small size 50c, trial size 25c; all dealers or the Catarrhazone Co., Kingston, Canada.

31 Rodman St. Phone 1102

WHAT NAME MISTAKE
What teacher has not at some time heard a pupil say, "Oh I always make that name mistake don't I? It seems to be a perennial, never-failing, ever-recurring remark, like passing the time of day or commenting on the weather, but it should be treated with a deal less patience. It is always delivered with a cheerful confidence as if it were a pleasant little joke which the teacher should enjoy as much as the pupil does—and saddest of all—it is a refrain which is carried forth not alone by the careless but often by the good thoughtful one.

"I always make the same mistake" is the outward and visible expression of an inward and lamentable lack of care, a proof that the pupil "plays through" his study or piece without any particular goal in view, and without an earnest endeavour to "make" each playing better than the last. Wrong notes and painful tumblings soon vanish before slow painstaking practice.

Concentrate earnestly on the right performance, not on the fact that you have previously made a mistake. If a note is sharp and you have wrongly played F do not think "here is where I always play F and it's wrong" but here is where I must play F sharp, and that's right.

KEEPS CHILDREN WELL MAKES THEM ROBUST
HERE IS GOOD ADVICE FOR THE HEAD OF EVERY FAMILY.

Rapid growth, work at home and in the school-room, are sure to tax the strength of every child, and often prove the beginning of a chain of weakness that lasts through life.

Give your sons and daughters a fighting chance! Give them good home surroundings, fortify them with education—but above all else do everything possible to insure for them perfect health in years to come.

In no way can you destroy weakness and build up health so surely as with Ferrozone. It's the concentrated nourishment in Ferrozone that enables it to do so much good. It contains the very elements that are needed in building up bone and sinew, in vitalizing and strengthening the blood. The appetite Ferrozone brings will gladden any parent's heart, and when color, spirits, vim, and energy increase day by day then you know what grand work Ferrozone is doing. Because it makes and keeps you healthy, because it is pleasant, harmless and sure to do enormous good you and your children should use Ferrozone every day.

Sold by all dealers in 50c boxes, six for \$2.50, or direct by mail from the Cataarhazone Co., Kingston, Ont.

TO CLOSE N. S. FURNACES
AFTER CONTINUOUS WAR RUN Blast Furnaces to Be Relined—May Be Shut for Long Time Owing to Conditions.

SYDNEY, N.S., June 24.—It is officially announced here that the furnaces at the Nova Scotia Steel & Coal Company's plant at Sydney Mines will close down on the first of next month for an indefinite period. The tie-up is believed to be due primarily to general stagnation in the steel market.

Superintendent J. J. Brown of the plant had a conference with the men in which the impending tie-up which will affect about three or four hundred men was announced. During the time the furnaces are closed the blast furnace will be repaired and thoroughly relined. These furnaces are said to have a remarkable history, having been going continuously during the entire period of the war.

ORGANIZE FOR TEMPERANCE
WOODSTOCK, June 25.—An organization meeting of the North Oxford Temperance Workers was held here yesterday at which preparations were made for the getting out of the vote at the coming referendum on the Ontario Temperance Act. Rev. C. R. Morrow of Toronto, Provincial organizer, outlined the plans followed in organizing. The officers elected were: Pres., D. R. Ross, Embury; 1st. Vice-Pres., S. Vickert, Princeton; 2nd. Vice-Pres., A. J. McKinney, Woodstock; Sec., Jos. Richardson, Woodstock; Treas., C. W. Bodd, Woodstock.

TORONTO TO NEW YORK CITY
A through train from Toronto to New York City leaving Toronto 5.45 p.m. St. Catharines 7.50 p.m. daily via Grand Trunk Railway carries through coaches and sleeping cars and arrives at New York at the Pennsylvania Terminal 33rd Street and 7th Avenue. Also train leaving St. Catharines 6.03 p.m. daily runs through to Buffalo making direct connections at Buffalo for New York, coaches and parlor-library buffet car Toronto to Buffalo to New York and Philadelphia.

"We are Ready for Duty on the Play Line, Mother"

TO MOTHERS! Keep your little pets physically fit, smiling, feeling their best always, by giving Cascarets, the candy cathartic, occasionally. Children love to take Cascarets. They are sweet candy-like tablets, but just wonderful to correct the little white tongue, feverish breath, sour stomach and colds. Cascarets gently "work" the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels without griping or injury. Mothers who depend upon Cascarets as the children's laxative save trouble, worry and cost. Each 10 cent box of Cascarets contains directions and dose for kiddies aged one year old and upwards.

Puccini's Lion Brand Maccaroni
No Other Maccaroni Like It!
THE name of Puccini has long been identified with high-class Maccaroni. Generations of Puccini, in sunny Italy, have been engaged in its production.
In our Canadian factory, where "Lion Brand" Maccaroni is made in the Italian way, under the direct supervision of Mr. A. Puccini himself, is a Medal and Diploma of Merit, awarded by the Italian Government for the excellence of this Canadian-made Maccaroni.
Insist upon Puccini's "Lion Brand." You will never again be satisfied with any other make.

NIAGARA FALLS TO CELEBRATE
NIAGARA FALLS, Ont., June 25
—Mayor Stephenson states that in all
probability he will declare a half holi-
day as soon as news is received that
the Peace Treaty has been signed.
The City Council is also planning to
hold a general reception to the re-
turned men of this city about the
middle of July, when a public holiday
will be declared and a first class pro-
gram arranged for the entertainment
of Niagara Falls' heroes.

WANT A SWIMMING POOL
NIAGARA FALLS, Ont., June 25
—At a representative meeting of the
citizens in the Public Library Hall
here last night a strong committee
was formed to devise funds for the
erection of a public swimming pool
for this city. Although the water
the greatest chain of lakes in this
country converges at the very doors of
Niagara Falls, citizens have to jour-
ney several miles to outside points to
reach a safe place to bathe. The meet-
ing tonight, which was called by the
Chamber of Commerce, was well at-
tended and from the enthusiasm
shown the project should be a success
from the start.

EL PASO, Texas, June 25—Sixty
three Villa rebels were killed and
many more wounded on Saturday in
a fight between federal troops and
Villa forces for possession of Villa
Ahuma, according to a military dis-
patch given out here today.

According to the despatch General
Vizcra, federal cavalry commander,
attacked the Villa forces in Villa
Ahuma during the day. The fight was
kept for hours, the federal cavalry
charging the Villa positions inside the
town, until finally the rebels were
forced to retire, leaving their wound-
ed in the town, according to the dis-
patch.

Quantities of munitions and other
war elements were captured. No esti-
mate of the federal casualties was
given. Villa representatives here to-
day asserted that the Villa forces
killed sixteen federal soldiers and
track workers sent out from Juarez
yesterday to repair the Mexican Cen-
tral railroad.

JULY 1
DOMINION DAY

Canadian holidays mean a
great deal in these offices,
because so many of our
patients are Canadians, and
they so often plan to spend
the holiday here in a visit
that combines business and
pleasure.

So we reserve the day ex-
clusively for these friends.
Any Dental work that you
require will be attended to
with skill and quickness, and
the charge will please you.
Excellent plates come as
low as \$7.50.

Crown and bridge work as
low as \$5 a tooth.
Fillings 50c and up.
If you come by 9 o'clock
you can even have your ex-
tractions performed and wear
the new plate home.

You and your friends are
most cordially invited to use
our cool, attractive rest rooms
overlooking the panorama of
Main street and to accept the
hospitality of a free cup of
tea or chocolate, whether you
have any Dental work done
or not.

AWARDED THE D. F. C.
WELLAND, June 25—Capt. W.
J. McKenzie of Port Robinson has
just received the news that he has
been awarded the Distinguished Fly-
ing Cross, the highest decoration
awarded by the King for flyers. This
award was included in the King's
Birthday honor list. The official
citation reads: "Awarded the Dis-
tinguished Flying Cross for skill in
leading other pilots both in attacks
on ground targets and in aerial fights
having accounted, in the course of
his activities in the latter for eight
enemy aircraft, wounded in the battle
in which Baron von Richtofen was
killed, and after being wounded him-
self shot down an enemy plane."
Capt. McKenzie stated his flying
career under Raymond Collishaw,
the famous Canadian ace, of V an-
couver. McKenzie won his Cap-
taincy while on active service, and
was made a flight leader, being on
duty from Amiens to the coast. He
saw service on the Somme in the
spring of 1918, and was in the midst
of the push into Germany in the last
days of the war. On April 17 last he
was wounded by an explosive bullet
while up in his "camel", the bullet
passing an inch from the spine.
McKenzie is a graduate of Welland
High School, and is well known in
this city. He is the only ace, and the
only winner of the D. F. C. in the
county.

JUDGE CAMPBELL
Chairman Lincoln
County Committee

GRAND ARMY OF CANADA
MEETS HERE TOMORROW
Mr. W. J. Carmichael, Dominion
organizer of the Grand Army of Can-
ada was in the city today in connec-
tion with that organization. A public
meeting of Army members is being
held tomorrow night at the G. A. C.
headquarters, Ontario Street.
Important questions are expected to
come up for discussion such as in-
dustrial unrest and the attitude of the
G. A. C. toward it; pensions, gratui-
tity, reduction of widow's pensions,
Government stores, etc. An invitation
is extended to all returned men, irre-
spective of their field of service. These
are matters that have Dominion wide
interest.

EL PASO, Texas, June 25—Sixty
three Villa rebels were killed and
many more wounded on Saturday in
a fight between federal troops and
Villa forces for possession of Villa
Ahuma, according to a military dis-
patch given out here today.

According to the despatch General
Vizcra, federal cavalry commander,
attacked the Villa forces in Villa
Ahuma during the day. The fight was
kept for hours, the federal cavalry
charging the Villa positions inside the
town, until finally the rebels were
forced to retire, leaving their wound-
ed in the town, according to the dis-
patch.

Quantities of munitions and other
war elements were captured. No esti-
mate of the federal casualties was
given. Villa representatives here to-
day asserted that the Villa forces
killed sixteen federal soldiers and
track workers sent out from Juarez
yesterday to repair the Mexican Cen-
tral railroad.

FINANCIAL
The Standard Mining Exchange
was made fairly active and stronger.
Steel of Canada made another ad-
vance on the Toronto Stock Exchange
selling up to 73 1/2, and closing at 73.
It was announced at the annual
meeting of the Home Bank that the
dividend would be raised from five
to six per cent.

THE LAUGH LINE
Wife (on her return home): "Have
you noticed that my husband missed
me very much while I was away,
Mary?"
Maid: "Well, I didn't notice it so
much at first, but yesterday he seem-
ed to be in despair."
"Have you," asked the judge of a
recently convicted man, "anything to
offer the court before sentence is
passed?"
"No, your honor," replied the
prisoner: "my lawyer took my last
farthing!"

ADDITIONAL LOCALS
Hose thieves are again getting busy
a house on Cross Street last night
being unfortunate enough to lose
many yards of hose which were at-
tached to the water tap.

The choir of Haynes Avenue Pres-
byterian Church held a very success-
ful ice cream social on the church
grounds last night. A large number
attended and a neat sum realized
which will go towards new music for
the choir.

Mr. J. T. Romp, undertaker of
Fonthill, is spending the day in the
city on business, he having pur-
chased a motor hearse through the
agency of Mr. Frank Murphy.

CAPT. MCKENZIE
AWARDED THE D. F. C.
