THIS IMMIGRANT WAS SURE A FIGHTER

Could Not Understand English and Was Afraid Interpreter and Station Officials Were Calling Him Names, So Used His Fists a Little Too Freely.

The legend that a foreigner can fight only with pistol or rapier was disproved last night, when Alex. Shipnoff, a Russian immigrant, who is a regular Gollath in stature, laid out two officials at the Toronto Union Station with his fists.

A trainload of several hundred foreign immigrants had pulled into the station only a short time when Shipnoff was met by John W. Hann, an official of the International Employment Co. of 139 West Front street. Hann wanted the Russian, together with a number of fellow-countrymen, to go on a northern contracting job, but he was unable to properly make them understand when the question of terms arose, and he secured the services of a station interpreter.

"This seemed to aggravate the Russian more. Especially was this the case with Shipnoff, who, after an interchange of words with the interpreter, suddenly landed him a punch on the jaw" that nearly stunned the man. The interpreter immediately took to his heels, and running into the street outside the station entrance, ran into the arms of the station police constable.

"A foreigner tried to murder me," cried the interpreter to the constable, and the two proceeded back to the scene of the conflict, and met with a further surprise. After knocking out the interpreter Shipnoff had called in to the employment official himself, and but for the timely arrival of the policeman might have inflicted serious injury. As it was Hann was rendered nearly blind by having both his eyes blackened.

Shipnoff was at once hustled off to Court street police station, where he now awaits the result of a charge of assault, which has been preferred against him by Hann.

SHOWERED SOOT ON STRUGGLING SUFFS.

Joint Demonstration With Tax Resistors Not Glittering Success.

HASTINGS, ENG., May 14.—(Can. Press).—A joint demonstration of the tax resistors' league and militant suffragettes, held here today as a protest against the sale of the belongings of those who refuse to pay taxes, was broken up by a mob. The women were roughly handled and half smothered with soot. Their banners were smashed.

The police finally succeeded in getting the women into a blacksmith shop, where they held the mob at bay until the arrival of reinforcements. The women were then escorted to a railway station.

TO DANCE OR PRAY AND DANCING LOST

High School Pupils Will Attend Prayer Meetings in Future, Perhaps.

Special to The Toronto World.

MALDEN, MASS., May 14.—(Special).—To dance or to pray—that was the question in Malden. It was up to the juniors in Malden high school to decide which it should be, and they chose prayer.

The vote came as a result of a protest made by Malden ministers against the dances the juniors give on Friday nights. These are prayer meeting nights.

"You ought to be praying instead of dancing on Friday nights," the clergymen told the pupils.

The juniors then decided the ministers were eminently correct.

BEWARE OF SLIM MEN THEY'RE ALL CRANKS

So Says a Boston Married Nurse, Whose Husband Must Be Thin.

Special to The Toronto World.

BOSTON, May 14.—"Beware of slim men, for they're cranky ninety-nine times out of a hundred," is the warning given by Mrs. Blanche Mae Chaudier of Revere, the professional nurse, who yesterday said that earning one's own living was a far easier task than being a wife. Mrs. Chandler is being sued for divorce.

"Never marry," she said, "until you are certain that the man you intend choosing has perfect poise, both mentally and physically. Stout women should never marry slim men. Couples engaging in marriage should understand each other and be fortified with a knowledge of the classics, politics, etc., so that they may hold intelligent discussion on topics of the day."

THROWN FROM CAR SALESMAN MAY DIE

J. E. Bennett Was Still Unconscious at an Early Hour This Morning.

J. E. Bennett, a salesman who is employed by the Rudd Manufacturing Co., and lives at 24 Conduit street, was seriously injured about 9.30 last night, when he was thrown from a King street car near Roncesvalles and Queen street. Bennett was picked up unconscious and rushed to the Western Hospital in the police ambulance. On examination it was found that one of his arms was broken in two places. At an early hour this morning he was still unconscious.

TO CROSS OCEAN BY AIRSHIP PERHAPS DURING NEXT YEAR

Dr. Alexander Graham Bell Says Journey Will Be Made in Less Than Twenty-Four Hours as Soon as Powerful Engines Are Perfected.

Special to The Toronto World.

WASHINGTON, May 14.—"Trans-oceanic flying is coming just as sure as the sun rises and sets," said Dr. Alexander Graham Bell, noted inventor and scientist, to The Toronto World correspondent today. "Flying from ocean to ocean will be accomplished just as soon as an engine can be perfected with sufficient persistence to make the journey.

"We have flying machines now that have covered 100 miles and more in an hour's time, and with an engine that can be depended upon, the trip across the ocean will be made in less than twenty-four hours. I don't anticipate that this ocean journey in a flying machine will be undertaken tomorrow or next day, or perhaps during next year. But it is bound to come sooner or later, and I look for such a feat in aeronautics at no distant day.

"The first trip across the ocean will be undertaken from this side. Atmospheric conditions are better suited for a trip from America to Europe. An engine with a capacity of driving an airship 75 to 100 miles an hour will be helped along by the advantageous air currents which blow from America to Europe."

TEAMSTERS MAY STRIKE AGAIN

Will Form a Union and Demand Recognition or Leave Work for Second Time.

Another strike of the freight teamsters is possible. The World was informed yesterday that a meeting of the freight teamsters of the city is called for next Tuesday night at the Labor Temple when in the neighborhood of eight hundred men will be present. The chief purpose of this meeting is to form a union of the teamsters engaged in freight handling and will be followed by a demand that the new union be recognized, the alternative being another strike.

TORNADO STRUCK NEBRASKA TOWN

Nine Dead and Many Injured at Seward—Further Destruction Is Reported.

LINCOLN, Neb., May 14.—(Can. Press).—A tornado struck the Town of Seward, 30 miles west of Lincoln, to-night about 6 o'clock. Nine are dead and many injured. Three of the dead are Mrs. B. L. Wasserman, Mrs. Edwards and Mrs. David P. Hooper.

Communication with Seward is difficult, as wires are down.

It is reported damage was done at the Town of Lushton, farther west, but its extent is not known.

YOU'RE MARRIED SAID TELEGRAM

And He Was by Proxy, and Will Be Again When Bride Reaches Toronto.

"You are married."

This was the wording of a cable which Benjamin Van Hesse, 307 High Park avenue, Toronto, who on Wednesday night was married by proxy to a young woman in Amsterdam, Holland, received yesterday. This means that the Toronto man and Diana Sarious of Amsterdam are now man and wife, and that his friend, Capt. Leefman of that city, faithfully performed his part in carrying out the proxy marriage.

The contention raised by Rev. Dr. T. Albert Moore of Toronto, that the British law does not recognize a proxy marriage, has not worried Van Hesse in the least. He stated last night that he was well aware that such an objection might be raised, as it was the first time such a case had occurred in this country, but he gave the smiling assurance that he will re-marry his wife on her arrival on Canadian soil if such is necessary under the British law.

RIFT IN RANKS OF DEMOCRATS

Anti-Free Sugar Faction Give Party Regulates an Uncomfortable Time in the Senate.

WASHINGTON, May 14.—(Can. Press.)—Being an "original Wilson man" from Michigan with a fluent pen for an oracle, the anti-free sugar Democrats, led by Senator Randell of Louisiana, assailed the Underwood sugar schedule in the senate today, despite strenuous efforts of Senator Simmons and other Democrats to stop the flow of the attack.

Republicans enjoy the efforts of the Democratic leaders to prevent the reading of a long letter submitted by Senator Randell, written by Lewis C. Rowley of Lansing, Mich., in which free sugar advocates were characterized as "accursed, unrepentant apostates of Democratic faith." And the free sugar schedule as a "homerang" to knock out the Democratic party. With Republican Senator Randell was aided in getting the long epistle before the senate as a part of the argument against the proposed sugar tariff. It precipitated lively discussions between the Louisianian and Senator James Myers, Simmons and other Democratic leaders. In his plea from Michigan President Wilson's attitude on the president's campaign pledges not to hurt any legitimate industry, were recalled, the writer declaring "there is almost imminent danger than in his almost hilarious enthusiasm for the Democratic ideal, the president will try to do too much."

Democrats also were forced to hear from this same trenchant Michigan protestant that the statesman or party leader who, in formulating important legislative measures, "does not take into consideration the psychological effect, as well as the ultimate practical results of those measures is a raw hand at the business." He said he did not believe President Wilson "was that kind of an immature leader."

NOW IT'S CONDUCTORS WHO THREATEN STRIKE

DETROIT, Mich., May 14.—(Can. Press).—Conductors on 48 railroads will present their demands for an increase in wages from 15 to 20 per cent July 1, and if the roads refuse to arbitrate a strike will be ordered within a fortnight following, said F. S. Thomas, general chairman of the eastern association, today. He is here attending the biennial convention of the Order of Railway Conductors. Both Mr. Thomas and A. B. Garretson, president of the O. R. C. insisted that it had been agreed that no action on the matter would be taken at this meeting or at the convention of trainmen in San Francisco, May 18.

CROP CONDITIONS SHOW MARKED ADVANCE

Official Bulletin Points to Greatly Improved Outlook in Comparison With Last Year, Particularly in Ontario's Fall Wheat—Spring Seeding Well Under Way.

OTTAWA, May 14.—(Can. Press).—A bulletin issued today by the censor and statistician's office records the condition of crops and live stock on April 30 as reported by agricultural correspondents thruout Canada.

It is estimated that in Ontario about 18 per cent, and in Alberta about 43.5 per cent of the areas sown to wheat last fall have been winter killed. These percentages represent a deduction of 261,000 acres from the total area sown to fall wheat, viz.: 1,086,800 acres, so that the area remaining to be harvested is now 825,800 acres.

The condition of fall wheat on April 30 was in Ontario 83.4 per cent, and in Alberta 78 per cent, of a standard representing the promise of a full crop, the corresponding percentages on the same date last year being 71.2 for Ontario and 76.8 for Alberta. For all Canada the condition on April 30 of this year was 82 per cent, of the standard, representing the promise of a full crop, or 101 per cent of the average yield of the past four years. Last year at the same date the corresponding figures were only 72.5 per cent, of the full crop standard and 87 per cent, of the average of the three previous years.

Good Progress in Seeding.

Spring seeding has made good progress thruout the greater part of Canada and was much further advanced at the end of April than it was on the same date last year. In the maritime provinces seeding does not begin until May, but the weather was favorable and the indications were for an early spring. In Quebec there was also the prospect of an early season and about 12 per cent, of the total seeding was completed. In Manitoba and Saskatchewan over 50 per cent, and in Alberta about 75 per cent, of spring wheat had been sown during the favorable weather in April. In Saskatchewan there is an apparent tendency to sow less wheat and devote more attention to dairying and mixed farming.

Flattering Comparison.

For Quebec, Ontario and the three Northwest provinces the proportion of seeding completed on April 30 was for wheat 45 per cent, for oats 20.5 per cent, for barley 13.7 per cent, and for all crops 34.7 per cent.

About 22 per cent, of the area in hay and clover meadows is reported to have been winter-killed; but the average condition of these crops at the end of April was 89.6 per cent, as compared with 74.6 per cent, last year.

The condition of live stock remains generally satisfactory, being for all Canada over 90 per cent, of a standard representing a healthy and thrifty condition.

EMPIRE MUST SINK OR SWIM

Dominions Cannot Invoke Principle of Limited Liability, Says Rev. Dr. Lawrence.

LONDON, May 15.—(C. A. P.).—The first of a course of lectures on colonial problems, organized by the University of London, was delivered yesterday afternoon at King's College, the subject of the opening lecture being the Colonies in International Law, and the lecturer Rev. Dr. T. J. Lawrence, formerly deputy professor of international law in the University of Cambridge.

Dr. Lawrence in the course of the lecture said the position of the colonies in international law was full of difficulties and even of danger in the future and was likely to impose a heavy tax on the wisdom and goodwill of both rulers and people.

In connection with the question of neutrality, he laid it down that the great self-governing colonies could not invoke the principle of limited liability in war. All parts of the empire must sink or swim together.

M'KENNA AFRAID OF LABOR PARTY

So Say Suffragettes Concerning Modified Attitude Toward Official Organ of Cause.

LONDON, May 14.—(Can. Press).—The home office has issued a statement explaining that the government's attitude with respect to the Suffragette has been misunderstood. The suppression of the paper has not been ordered, and it is open to the Women's Social and Political Union or anybody to publish it without incurring the risk of prosecution, provided that no incitement to crime is printed.

The militants declare that the statement of the home office is a complete turnaround for the Rt. Hon. Reginald McKenna, the home secretary, who, they assert, is afraid to tackle the Labor party, which has undertaken as a matter of principle to back the publication of the militant organ.

GLAD NEWS FOR TELEPHONE GIRLS

Thousands of Italian Maidens Now Free to Enter Wedlock.

Special Cable to The World.

ROME, May 14.—Thru the kindly influence of Queen Elena and Dowager Queen Margherita, Italy's thousands of telephone girls have been freed of the bondage of spinsterhood. Cupid, who was summarily "cut off" by parliament's decree, has been put back on the wire after holding the receiver for seven consecutive years. And those stern statesmen who decreed that "love is extremely detrimental to the state telephone service" have been properly rebuked.

The law of 1906 providing that telephone girls in the government's service must not marry between the ages of eighteen and twenty-five has been repealed, to take effect Saturday.

EVIDENCE ON FREIGHT RATES

WINNIPEG, May 14.—(Can. Press).—While the discussion of the freight rates reduction by the railway commission will not, the members say, formally commence until early in June, when they return to Ottawa from the tour over the western lines, evidence is now being collected by an expert, who is visiting all the railway companies to obtain information as to various conditions of freight service.

HOUSE ADVANCES GOVERNMENT MEASURES

Attack on Member of Grain Commission by Neely of Humboldt Is Satisfactorily Answered by Acting Minister of Trade and Commerce—Annuitants Bill Passed.

OTTAWA, May 14.—(Special).—The house of commons devoted itself today to advancing government legislation. The bill to increase government annuities to a maximum amount of \$1000 was passed after some discussion respecting the contract for lithographs to be used in advertising the system. It was objected that the contract for this work, involving more than \$5000, should have been let by tender, and some suggested that newspaper advertising would be more efficacious.

Mr. Perley's bill to amend the Canada Grain Act went thru committee. During the discussion upon it Mr. Perley announced that the government was prepared to establish some interior elevator, and if these provided a success, to extend the system.

The criticism from the opposition was mainly directed to the slow progress being made toward acquiring and operating the terminal elevators at Port William and Port Arthur.

Attacked Grain Commissioner.

Mr. Neely (Humboldt) charged that Mr. Jones, recently appointed a member of the Dominion Board of Grain Commissioners, had been convicted of mixing grades in his elevator at Port Arthur. The grain commission, he said, had been established mainly for the purpose of preventing the mixing of grain, yet the government had appointed to it a man who had been guilty of this very offence.

Mr. Perley said, in reply, that the company of which Mr. Jones was manager, had been convicted of mixing grades, but that Mr. Jones personally was not implicated, and the evidence showed he had not been a party to the infraction of the law.

Praise for Drayton.

Mr. Cochrane's bill to amend the Railway Act was also passed. The first section increases the salary of Chairman Drayton of the railway commission from \$10,000 to \$12,500. Mr. Graham said that the chairman had done good work, as had the entire commission and deprecated any attacks being made upon the commission. Mr. Rogers said in reply that he did not know whether Mr. Drayton was a Liberal or a Conservative. The government had sincerely endeavored to find a man worthy of succeeding the late Judge Mabey and he believed that it had been successful.

The second section of the bill provides compensation for railway employees where a terminal or a divisional point is changed by the company and reads as follows: "The company shall not remove or abandon any station, terminal divisional point or other portion of its railway without leave of the board; and where a change is made in the location of a terminal or divisional point the company shall compensate its employees as the board deems proper for any financial loss caused to them by change of residence necessitated thereby."

Both Sides Approve.

The bill was commended by members on both sides of the house, including Mr. Sexsmith (Peterboro) and Mr. Webster (Brookville).

The bill extending the South African Volunteers' Bounty Act until Oct. 31 was then put thru committee. Mr. Crothers intimated that assignees of warrants who had surrendered their claims to the government would be allowed to locate homesteads upon returning the money to the government.

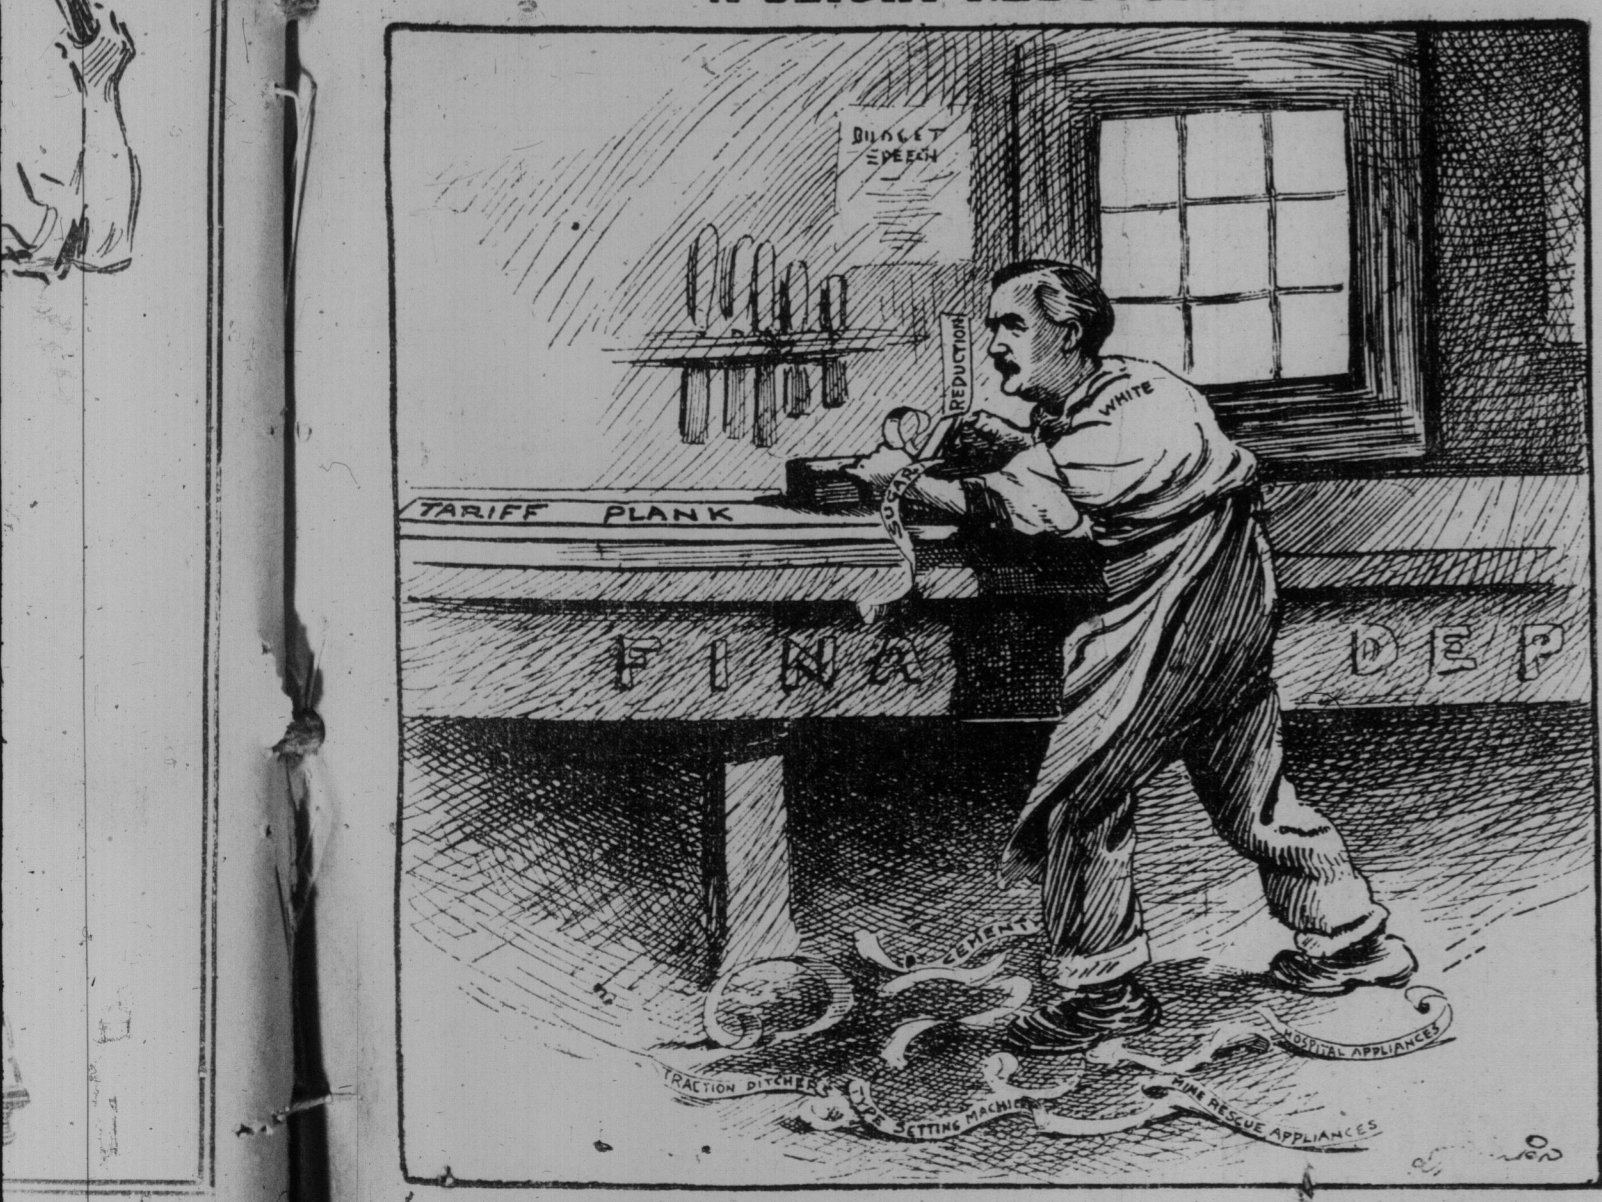

The third reading of the naval bill will be moved tomorrow. Several amendments will be offered by the opposition, but it is understood they will be disposed of and the bill passed before the house adjourns tomorrow night.

MISS PERCY HASWELL RETURNS TO TORONTO

Will Open Her Season of Summer Stock a Week From Monday.

ATTRACTIONS NEXT WEEK

Carlotta Nilsson in New Play at Princess—Gertrude Hoffmann at the Alexandra.

Miss Percy Haswell is home again. She arrived in Toronto yesterday, accompanied by her manager, Lee Grove, and several members of her company, who will open their season's summer stock engagement at the Alexandra in two weeks. To Miss Haswell Toronto is home, and she was delighted to return here. "When I walk up or down the streets in Toronto," she said to "The World" yesterday, "I seem to see people I know, and the people I really do know are glad to see me, I think, and that is why I call Toronto my home."

Miss Haswell has secured practically a new company for her summer season, although some of the old favorites will return when their seasons close. Miss Haswell herself just closed an engagement in Baltimore, where she was in vaudeville. The Baltimore Press Club gave her a benefit, and Miss Haswell sang for them, as she is as great a favorite there as she is in Toronto.

Her company will consist of sixteen players, and the repertoire of plays already arranged for includes "Miss Dot," by which the season will be opened on May 26; "Man and Superman," "The Runaway," "The Glad Eye," "Green Stockings," "The Road to Yesterday," "Romeo and Juliet," and many other plays.

Robert Cairn will be Miss Haswell's leading man, while the light comedy roles will be played by Pittsford Pinto. Others in the company are Miss Jean Hanchett, J. T. Galloway, Edna Heberd and many other notable actors.

New Play at the Princess.

Seats go on sale this morning at the Princess Theatre for the engagement of Miss Carlotta Nilsson in W. Legrand-Hodg's new play, "Deborah," which has its initial performance next Tuesday evening. The play is based upon the greatest love known to humanity, the craving of a woman for children, and Mr. Howland, working upon advanced lines of thought, has brought forth a dramatic story which is destined to create interest and deep thought. Miss Nilsson in the title role has been given what she deems her greatest opportunity, and her return here will signal her return to the American stage after an absence of two years spent in travel and study. A sumptuous production has been provided, the scenes showing modern life, and the supporting cast with income such as Irving Pichel, Frank Gilmore, Isabelle Lee, Elliott Dexter, Myra Brooke, Maud Sinclair, Marie Day, Helen Mellington and Florence Windhor. The usual Wednesday and Saturday matinees will be given during the engagement.

Gertrude Hoffmann and her large company of entertainers will be in attraction at the Alexandra Theatre next week, when the Winter Garden

"I desire to testify to the wonderful wearing qualities under most trying conditions of Traction Tread Great Road."—HANEY.

"It was simply wonderful to see how the tires held the car to the road under the very worst weather conditions and to find the sense of fear disappearing when motoring over narrow ledges, overhanging precipices and on 25 to 30 per cent grades."—WILBY.

DYNAMITE KILLS THREE.

CUMBERLAND, Md., May 14.—(Can. Press.)—Seventeen hundred pounds of dynamite and 70 kegs of powder in a magazine of a coal company at Bokhart, exploded today, killing three men and doing damage to houses in the community estimated at thousands of dollars.

Company offers Miss Hoffmann in "Broadway to Paris," a modernized musical comedy built along spectacular lines. The organization comes to this city fresh from its successful engagement at the Winter Garden, the home of musical successes.

"Broadway to Paris" is a city cousin to "The Passing Show of 1912," and in many respects is bigger, for there are two acts and twelve scenes. The no-star rule which is in force at the Winter Garden had to be abandoned for the time being in order to allow Miss Hoffmann to twinkle, and now she is going on tour with fresh laurels to her credit. One finds that the book and lyrics are by George Bronson Howard and Harold Atteridge, and the music by Max Hoffman. Mr. Ned Wayburn is the producer, while Morris Gest directs the tour. There will be matinees on Tuesday, Thursday and Saturday.

"The Third Degree"

"The Third Degree" process of ex-tortoring confessions dates back to long before the Christian era; was practised during the Caesar regime; it was instituted in Spain by Ferdinand and Isabella when Columbus was promoting his first voyage, and since then has been used by the police departments of every large city in the world. This attack by Charles Klein is the first blow ever struck at the process, and the recent ruling of the supreme court of the United States fully demonstrates the convincing power of the remarkable drama, "The Third Degree." Since this play was launched, a little over a year ago, sweating and abusing of prisoners has been restricted in several states, and Commissioner Bingham of the New York police was forced to resign on account of the publicity given his brutal methods. Chief of Police Kohler of Cleveland, after witnessing a performance at the Euclid Avenue Theatre in that city, announced that no more prisoners would be questioned until counsel had been appointed. "The Third Degree," with a strong company, will be the attraction at the Grand next week.

"The Man From Home"

"The Man From Home," a comedy drama in four acts by Booth Tarkington and Harry Leon Wilson, and William Hodges' greatest success, will be presented by the Bonstelle Players at the Princess Theatre next week, under the direction of Mr. Bortram Harrison, the noted Canadian manager-producer, with Mr. Edward H. Robins in the title role.

Filled with tense dramatic situations, relieved by sparkling wit and clever satire, the Hooster lawyer so pervades the entire play with his whimsical philosophy, his robust infectious character, his sharp insight into human nature, that the audience cannot help but go home refreshed, inspired, and feeling that the world is filled with sunshine in spite of everything.

Associated with Miss Kathleen Macdonnell and Mr. Edward H. Robins, who will appear in the leading roles, are Miss Jane Wheatley, Mr. Fuller Mellett and other Toronto favorites. The usual matinees will be given on Tuesday, Thursday and Saturday, for which seats can be reserved. Seats may now be booked.

Star Stock Company

An all-star bill has been arranged for Miss Blanche Baird and her English Folly Burlesque Stock Company for next week at the Star Theatre. PALESTINE IN TORONTO VISITED BY CHILDREN

Nine Hundred Pupils from Public Schools Saw Instructive Exhibit.

Nine hundred of the high and public school children visited as guests of the management this great exhibition on Tuesday morning and again on Wednesday. Street car after street car packed with boys and girls all glowing with excitement arrived at the grounds, all hurried from the street railway company, to roam at will over the vast transportation building, and under the attentive care of Mr. Yarnell they had the wonderful and instructive stories of the far east explained and witnessed the remarkable panoramas, models and inductions of this vast presentation. The school board were very wise to accept this most generous offer of the Rev. S. Schor, for a more striking educational trip could not be given the young people of our city. Literally thousands are now pouring into the grounds daily.

ELABORATE PLANS NEARLY COMPLETE

Borden Meeting on Monday Will Be "Finished" in All Respects.

SLIGHT CHANGES MADE

Flood of Applications For Tickets From All Over Ontario.

Elaborate preparations for the demonstration and mass meeting in the Mutual Street Arena, next Monday are being made by the several Conservative associations and clubs of the city. Each will be represented by a large delegation in the procession, which will escort the Right Hon. Mr. Borden and his cabinet associates from the Queen's Hotel to the Arena, and after the meeting in torchlight parade to the North Toronto Station.

The executive of the Ward Six Association have decided upon a large float, emblematic of the Borden naval policy, to be drawn by a team of industrial horses at the head of their procession in the line. The Robert Simpson Co. are now preparing a design which will be submitted for approval at noon today. There is no little rivalry between the various organizations in the matter of decorations and imposing array.

The Ward Three Association has not definitely formulated its plans, but President Thomas Hook states that the association will participate "in all its altitudes will be represented." Many nationalities will be represented. The program of the Centre and South Conservative Club calls for a 20-foot streamer emblazoned with three dreadnoughts and appropriate mottoes. At the head of the club's representation will be carried the banner used on the memorable night of Sept. 21, 1911. The other associations will not be behind those mentioned above in their contributions to the success and striking character of the procession.

Plans Changed.

Several changes in plans have been found necessary by the committee in charge of arrangements on account of

the flood of applications for accommodation at the Arena. Ticket-holders will be admitted at 7 o'clock and at 7:30 the doors will be thrown open to the general public. The procession will enter from the Mutual street side of the hall and occupy the entire floor of the auditorium. It has become abundantly plain that all who would wish to march with the procession cannot be admitted, and it is said that the representatives from wards one and two would fill the entire space available. Ward Six Association have considered the matter carefully and the men have agreed that success of the meeting is the first consideration, and that if necessary they will stay outside after marching to the Arena with the other delegations. Ward One Association offered to change places with their fellow-Conservatives from the west end, but the offer was declined although appreciated as evidence of the harmonious spirit in which the various organizations are co-operating.

Everyone Will Hear.

The executive committee visited the Arena and practically completed the hall arrangements. The platform will be constructed in the Wilson avenue end of the hall, sufficiently large to seat seven persons comfortably. A sounding board six feet in diameter is under construction, and is expected to secure easy hearing of the prime ministers' address from any part of the vast auditorium. Provision has been made for some 60 press representatives immediately in front of the speaker's platform. The executive is considering a novel feature in the form of a large dreadnought, outlined in electric lights, hung immediately over the platform. The lights will be turned on by a button when the premier rises to make his speech, and is expected to add much to the effectiveness of his appearance, indicating as it will, in tangible form, the policy of the Borden administration.

MR. LOCKE TO SPEAK.

An invitation has been received by Mr. George H. Locke, chief librarian of the Public Library Association, asking him to deliver an address at the annual meeting to be held this year at Eastbourne. The invitation mentions the work of the Toronto Public Library as an educational institution of a municipality affording educational opportunities entirely apart and different from the work of schools and universities. The Toronto Public Library, in its reference department, is peculiarly that kind of an institution, as in it are used each year almost as many books as are circulated as fiction throughout the library system. The other phase, in which British friends are interested, is the great advance made in the municipal reference library in the city hall.

SUIT OVER INSURANCE.

Gustavus Hamilton, who died at the Western Hospital some time ago, bequeathed his insurance to his sister-in-law, Matilda Kemney, 97 Shaw street, to whom the policy was assigned. Hamilton's brother, John, sought to have the assignment made void in the non-jury assize court yesterday, on the ground that his brother was delirious when his signature was made.

The evidence of Mr. and Mrs. William Fuller, with whom Gustavus Hamilton had resided, resulted in Mr. Justice Latchford dismissing the action on the premises that no evidence had been submitted to show that the decedent was mentally weak when he assigned the policy.

Neuralgic Condition Of the Nerves

In this age of nervous disorders neuralgia is fearfully common. The first thought is of neuralgia in the head or splitting headache, but neuralgia may affect any part of the body in which there are sensitive nerves. The teeth are often blamed and extracted in error, when the cause of the trouble is in the impoverished condition of the blood and the starved nervous system. While neuralgic pains are usually sharp and shooting, and consequently difficult to locate, the seat of trouble is usually sore and tender under pressure. Neuralgia is pain, and as such is the symptom of a disease—nervous exhaustion. The nerves must be re-built.

MUSICIANS WITH STAGE HANDS?

Present Convention May Result in Amalgamation of Two Unions.

RE-ELECT PRES. WEBER

Chicago Likely to Be Next Meeting Place of the Federation.

One of the most important steps in the interests of organized labor that have been taken during the past few years in which the American Federation of Musicians has been in existence will in all probability be taken at today's session in the Labor Temple.

Speaking to the World last night President Weber of the American Federation of Musicians stated that the Stage Hands' International Union will address the convention today as fraternal delegates, and that every effort will be made by them to ratify the desired agreement between that union and the seventy thousand musicians of the two countries.

Should an agreement be arrived at it will mean that in case of a grievance both bodies should be treated as the musicians of a certain theatre or of the theatres of a city go to strike the stage hands would, according to the agreement, go to work with the musicians who would adopt the same course in case of a strike or threatened strike of the stage hands.

An Important Question. President Weber stated that another very important question to come before the convention today would be the proposition that the American Federation of Musicians establish publishing houses of their own for the publication of music.

Several of the leading producers and theatre managers of the continent will address the convention on a number of changes which they will suggest in the agreement they entered into with the musicians some months ago.

The American Federation of Musicians will hold their 1913 convention in San Francisco, Cal., and take in the great Panama Exposition to be held there.

Several of the leading producers and theatre managers of the continent will address the convention on a number of changes which they will suggest in the agreement they entered into with the musicians some months ago.

Toronto was the first city in Canada to secure a convention of the federation, but it will not be the last.

Two men are being considered for the position as representative of the new district on the international board. They are J. Tallman, of Winnipeg, and Captain Bagley.

Create New Office. A number of important matters were dealt with by the convention yesterday.

Webster Re-Elected. Joseph Weber of New York, the man who has held the position of president for the past 13 years, was re-elected president by acclamation.

SENATE DISTRUSTS AGRICULTURE BILL

Liberal Members Approve the Principle But Quibble Over the Details.

OTTAWA, May 14.—(Can. Press.)—The senate today began discussion on the agriculture bill, but a difference of opinion as to the effect of the provisions.

Hon. Mr. Loughheed advanced through committee a government bill amending the law relating to the standard for turpentine and arsenate of lead.

Stock Breeders Protest. Senator A. Wilson, on behalf of the stockbreeders, protested against regulations which had prevented the shipping of live stock to British Columbia.

Hon. Mr. Loughheed said this was clearly a money bill. Senator Cloran declared that a money bill was one which imposed a tax upon the people.

Not Opposed to Principle. Sir George Ross said that there was no objection to the principle of the bill, but that all members of the senate thought that there could not be too much done in aid of agriculture.

SOCIETY HOUSEKEEPING

SOCIETY

Mrs. Andrew Borden, mother of the prime minister, and Miss Borden, who have been spending the winter at the Roxborough Apartments, Ottawa, are leaving next week for their home at Grand Fre, N.S.

Lady Gibson receives at Government House this afternoon from 4.30 to 6 o'clock for the last time this season.

The marriage took place very quietly at St. George's Church, John street, at 11 o'clock yesterday morning of Dorothy, daughter of Mr. Alfred O. Beardmore, to Mr. Gordon Mackenzie, son of Mrs. Hector Mackenzie, Montreal. The church was decorated with Easter lilies, palms and ferns, and Rev. Dean Cayley performed the ceremony.

The bride wore a gown of white tulle and lace, and the bridegroom a suit of black and white. The bridesmaids wore white and black, and the groomsmen black and white. The bride's bouquet was of white lilies, and the groom's of white and pink roses.

The guests included Mrs. Mackenzie, mother of the groom, in black and white, and Mrs. Mackenzie, mother of the bride, in black and white. The bride's attendants were Miss Marthe Allen, in blue and white, and Miss Albert Macdonald, in black and white.

Mrs. Hamilton Merritt received at the King Edward yesterday afternoon when she was looking exceedingly pretty in a pale pink gown over satin, with diamond ornaments, and was assisted by Miss Adele Harman. The room was beautifully decorated with enclanchest carnations and ferns.

Mrs. Rolleston Tate is in town from Lakefield. Captain and Mrs. John Trethewey of Spadina road returned on Friday from St. Petersburg, Florida, where they spent the past six months.

Mr. and Mrs. T. Gilmore, St. George street, are starting this week for England. Captain and Mrs. Douglas Young are in Ottawa for the Horse Show.

Mr. and Mrs. S. H. Cott of Sunningdale, England, are spending the week at Rideau Cottage, the guests of Lieut.-Col. H. C. Lowther. Major Baker-Carr of London, England, is also staying with Col. Lowther for a day or two on his way to Calgary.

HANDSOME BLACK CLOTH SUIT. The brilliant oriental trimmings have made black suits possible that have none of the sombre effect of those of former seasons. The model sketched here is in the form of a three-piece suit, having a skirt attached to a fancy waist that shows a front of bright-figured moire.

The coat closes with black silk buttons and cords and has a collar of the figured moire, edged with black satin. The cuffs are of the same materials and a band of the same trims the skirt drapery and faces the front of the coat. Ivory buttons are used.

The May meeting of the Heliconian Club will be held at the Margaret Eaton Studio, Wednesday, May 21, at 8.30. The results of the spring sales will be announced, and important business transacted, owing to the resignation of the president.

Mr. and Mrs. Ely, Beatty avenue, have moved to their new home, 322 1/2 St. Roxborough street. The regular meeting of the Bassoon Union, W.C.T.U., will be held in the King Street Methodist Church, corner King and Bright streets, this evening, at 8 o'clock.

Mr. and Mrs. Charles B. Parks, Hay Bay, announce the engagement of their younger daughter, Zella Lee, to Mr. John Reid Robertson of Edmonton, youngest son of the late Dr. Hugh Robertson and Mrs. Robertson, Toronto. The marriage will take place quietly this month.

What Children Should Eat. Eggs should be given jellied, or poached; and children over three may eat hard boiled eggs. Before the age of five it is best to give an egg only every other day.

Milk must continue the standby. Children should be allowed all they care for, but never to the exclusion of other food. Mothers often overestimate the value of milk, and think if their children drink a great quantity, they are well fed.

Butter must be given moderately, and cream should be substituted whenever possible. Fat is very essential in a perfect dietary, and cream is the most easily digested form, and always better than butter for the young child.

Fruit is another important item used with discretion. Stewed and baked apples, stewed prunes, and stewed fruits not sweetened after cooking are all good. Cut fruits and berries of all kinds, cooked or raw make good desserts for older children.

THE HOUSE TYRANT. The House Tyrant is about the most disgusting object known. Of all the things who make us want to fight, burn, and generally rampage, the man who has established a rule of fear in his home is the first and foremost.

Activities of Women

There are over 616,000 women dress-makers in England. Of the 160,000 teachers in Germany, only 29,000 are women. Women in Cleveland are being asked to join an anti-Mormon crusade.

Geraldine Farrar, the opera singer, earned \$35,000 during the past season. Mayor Rushlight, of Portland, Ore., has named a woman as his private secretary.

In the United States there are 2,193 women journalists and 7395 women clergymen. All but one of the women who ran for office at the recent election in Colorado were elected.

The highest average salary paid women teachers is in California, where they receive \$213 a year. In England there are more women workers in proportion to population than in any other country in the world.

Of a total population of over a million and a half in Philadelphia, there are over 150,000 women employed. Women spend ninety per cent. of ten billion dollars annually in the United States for food, clothing and shelter.

In France boards of education are not permitted to refuse leave of absence to teachers who want to bear children. It is figured that the average woman spends 242 days gazing into the mirror between the ages of 15 and 70.

The city commissioner of Topeka, Kan., will soon appoint two women as members of the police force in that city. Legal protection is thrown around the working woman who bears a child in 20 countries or parts of countries in Europe.

The number of women and girls engaged in prostitution in America at the present time is estimated at less than 600,000.

"Yes," Dr. Gilman hesitated a moment. "In a matter of this sort," he went on, "where a haphazard word might be mischievous, one ought to be careful in expressing oneself. But I think I can say that the naturalness of the position of the body was somewhat overdone. It had a sort of stage effect. A man of immense resolution might have kept himself unmoved on the little seat provided in the cockpit of the cutter, notwithstanding the frightful spasms induced by the preliminary effects of an irritant poison. But I should doubt it. In ordinary conditions, I would expect to find him doubled up with contortions that he had died instantly from heart disease; on the other hand, if he was murdered and put in that boat by those who killed him, they aimed at achieving the same result."

Miss Mary Minty Appointed Police Officer by Commissioners.

ATTENDANT AT MERCER

Board Will Make Second Appointment at Next Meeting.

Miss Mary Minty, one of the attendants at the Mercer Reformatory, was appointed the first police woman for Toronto at a meeting of the police commissioners yesterday afternoon. For the past three weeks there has been considerable speculation as to who would receive the appointment, but it was generally conceded that Miss Minty would stand in high favor with the commissioners.

The appointment is a very popular one, particularly with the representative women of the city. When the recommendation for the appointment of two women constables was made some time ago, the Local Council of Women expressed their approval of the proposal, and the officers then began to look about for a suitable person to recommend to the board of police commissioners. Miss Minty appeared before the local council and created such a favorable impression, that they decided to give her their support.

BOMB IS SENT TO MAGISTRATE

Was Delivered Thru Mails to Bow Street Police Court.

LONDON, May 14.—(Can. Press.)—A business-like bomb addressed to Henry Curtis Bennett, the police magistrate who is hearing the charges against the suffragette leaders, was delivered by a letter carrier at Bow Street police court today. The package was marked "immediate" but disliking the look of it the cautious court officer took it outside and plunged it in a ball of water.

When the package was opened it was found to contain a tin tobacco box bound with wire and filled with gunpowder, shot and cartridge. Attached to the end of the cartridge was a nail, which if it had been struck, would have fired the bomb and exploded its contents.

OUTRAGES INJURE CAUSE OF WOMEN

Circulation of Paper Slumped Hourly After Postal Box Raids.

LONDON, May 14.—(Can. Press.)—Striking evidence as to the extensive operations of the suffragettes engaged in the militant campaign, and of the bad effect on the women's cause of the outrages committed by them, was given during today's resumed hearing at Bow street police court of the charges against the suffragette leaders of infringement of the Malignous Damage to Property Act.

Those who occupied the prisoners' enclosure were Miss Harriet Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barrett, Mrs. Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox, and the analytical chemist, Clayton. The case against "General" Mrs. Flora Drummond was postponed until July, owing to her illness.

Testimony was given by letter carriers and post office officials as to the great damage done to the mails by chemicals and other fluids being poured into the public letter boxes. The former business manager of The Suffragette gave evidence as to the responsibility of the various prisoners for the different departments of that newspaper. The witness explained that his services were dispensed with by the militant society, as Mrs. Emmeline Pankhurst thought it was better that only women should conduct the paper.

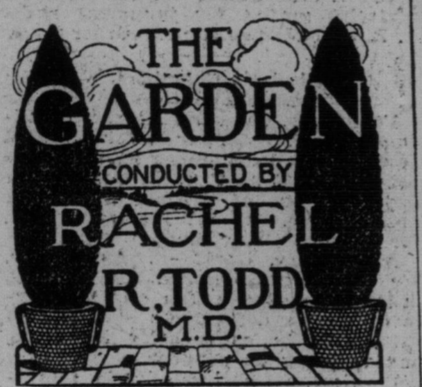

The witness's evidence as to the loss of circulation by The Suffragette after militant acts had been committed was somewhat surprising. He said that at first 20,000 copies had been printed, but the sales were only 17,000. The circulation had dropped to 7,000, but 3,000 copies were circulated in other ways. Just before last Christmas he told Mrs. Pankhurst that this falling off was due to the letter box raids, but the suffragette leader shrugged her shoulders and said that could not be possible, because when the women were most militant they were most successful.

THE POPULARITY

Of The World's coupon plan is being emphatically emphasized since Thursday, as the pennants now being distributed from The World Office, 40 Richmond street West, Toronto, and 15 Main street east, Hamilton, are going out in such numbers that the quantity allotted will be exhausted in a very short time.

When growing sweet Williams, one cannot but be struck with the exceeding fineness of the thread-like root. It is very important that this root be well covered with earth.

N.B.—There is still plenty of time to start one's window boxes, also one may not depend on their own seedlings, if not yet planted. Many lovely potted plants can be bought at the florists, sufficient for the needs of anyone.

SWEET WILLIAM (Dianthus Bar)

The old fashioned sweet William belongs to the pink family, although many people are not aware of this fact. It is called the bunch pink, probably from the manner in which the small florets are arranged in a close cyme or head, borne at the top of the stem.

Each tiny flower, is composed of five petals, toothed, nicked, fringed or rounded. The colorings run riot from every shade of red, white, pinks, yellows, every shade and tint of the rainbow showing somewhere. The grand range of colorings must be seen to be appreciated. A head of sweet William is a very gorgeous affair indeed.

The leaves are oblong, from an inch to five in length, from a fraction of an inch to an inch in width. The leaves are not at all remarkable for beauty either of form or color, and the least lack of moisture will cause a sickly yellowish tint to appear.

Sweet William is a perennial, which means that seed must be sown one year. The plants blossoming the following year. No matter how early in the season the seeds may be planted the first season, no bloom will result, until the next year. Also, no matter how late in the season, the seeds may be sown, the bloom will follow, just as surely the following year.

Protect well with a thick mulching of straw and manure, to save the plants from the severity of the winter. One more word of advice; divide your roots frequently.

Daily World Pattern Service.

A CHIC AND BECOMING MODEL.

Figured voile in blue and white was used for this design, with ecru lace and insertion, piped with green satin, for trimming. The design is made with a yoke having shoulder extensions that join the sleeves. The skirt is a two-piece model. It may be slashed at the sides. The model is simple to make, and will develop nicely in repp, linen, linene, corduroy, eponge, ratinge, serge, cashmere, satin, crepe, or silk.

The pattern is cut in 5 sizes: 14, 15, 16, 17 and 18 years. It requires 4 5-8 yards of 40-inch material for a 16-year size.

A pattern of this illustration mailed to any address on receipt of 15c in silver or stamps.

TAXES AND SALARIES.
A tax rate of 1 1/2 mills is about ten per cent. lower than would be required to clean up all the arrears and overdue bills of the year.

There has been a wild howl about salaries; howls, indeed, pro and con. It is difficult to say whether the pros or the cons howl the louder.

There is another side to the question. It is the problem of efficiency. Public service must be efficient or it becomes very costly to the tax payer.

ART FOR THE PEOPLE.
A step of a quite unusual nature has been taken by the Canadian Art Club, and it means so much for the popularization of the highest forms of art that the widest publicity should be given to it.

Word comes from Ottawa that the National Gallery is likely to be opened on Sunday. Toronto ought to be civilized enough for such a step, but as long as the generation of the morality inspector survives such a boon for the working people is hardly to be anticipated.

CITY TEAMSTERS TO GET MORE PAY

Board of Control Unanimous in Recommending a General Increase.

MORE REVENUE NEEDED

Mayor and Controller McCarty Are Going to Get Pointers.

Cost of horses, wagons, fodder and blacksmithing has so advanced that the teamsters employed by the city appealed to the board of control to increase their pay from 60 to 67 cents per hour. The board is unanimous for the increase and will recommend it to the council next Monday.

Mayor Hocken and Controller McCarty will within the next few days take a run over to a few of the American cities for pointers on producing the extra \$100,000 promised in the estimated receipts for the first half of this year. There are many forms of revenue production yet unapplied in Toronto.

SHOULD POLITICS INFLUENCE NEWS?

Canadian Press Association Will Discuss This at June Convention.

ADVERTISING POINTERS

Motion Will Be Made For a Stricter Censorship of Patent Medicine Ads.

Many questions in which the public are equally interested with the newspapers will be discussed by the editors and publishers of Canada when they meet in Toronto on June 3 and 4, at the 55th annual convention of the Canadian Press Association.

Several of these questions have to do with the attitude of the press of Canada on political questions and toward political parties. There will be interesting discussions on the broad subject of "The relations between newspapers and political parties," and on the more specific allied question of whether consultations between leaders of political parties and the newspapers are to the advantage or disadvantage of the public. Another question that is given considerable prominence on the program is, "Should the politics of a newspaper influence its news reports?"

Other topics along this line are: "Is the Canadian press sufficiently independent?" "What should be the treatment by newspapers of matter supplied by political parties?" and "The value of a vigorous independent editorial policy."

The question of how letters to the editor should be treated is another subject of discussion in which the general public is interested. There is some difference of opinion among newspapers regarding the advisability of encouraging their readers to write letters to the editor, and a greater difference on the question of what censorship should be exercised over such letters. These and other points affecting this question will be thoroughly discussed.

Misleading Ads.
 The sincere desire of the newspapers of Canada to exclude from their advertising columns all deceptive or misleading statements is reflected in the inclusion in the program of several topics affecting this question. One member will submit a proposal that the Canadian Press Association ask for legislation making it an offence for an advertiser to use in his advertisements any statements that are deceptive or misleading. Another member will propose a more strict censorship of patent medicine advertising copy. His proposal will be followed by a discussion of the advisability of the Canadian Press Association preparing a standard for the guidance of its members in the censorship of advertising of this nature. Several other topics deal with the treatment of certain forms of advertising, and are designed by the advertiser in such a way as to lead many readers to think they are editorial departments of the paper.

Much of the time at the convention will be taken up with discussion of technical questions—matters affecting the mechanical production of a newspaper, its management, the development of advertising, etc. The annual meeting of the Canadian Press Association is recognized by the newspaper publishers of Canada as the forum in which they interchange ideas on questions relating to the production and management of a newspaper. This is the only meeting of its kind in Canada, and is more necessary, in view of the rapidity with which the cost of publishing a newspaper is increasing. One of its results is a gradual improvement in the appearance of the newspapers throughout Canada and the quality of their news and editorial matter.

Membership Doubled.
 The reports of the various officers and committees will show that the convention year now closing has been much the best in the history of the association. Since the last annual meeting the work of the association has been materially broadened and its membership largely extended. Its membership is now almost 800—more than double what it was two years ago—and it is thoroughly representative of every province of Canada. Because of this large increase in membership and the importance of the questions to be discussed at this year's convention it is expected that the attendance will break all past records and that this meeting will be the largest gathering of newspaper editors and publishers ever held in Canada.

COMMITTED SUICIDE.
 After buying twenty-five cents worth of bug poison at Sheers's drug store, Brockville and Queen streets, Mrs. Mary White walked to her home at 59 Sydney street, and ate the whole dose after she had persuaded her husband, Charles White, to go out to a restaurant for his supper. When he returned, he found his wife lying on the floor unconscious. He then phoned for the police ambulance, and on its arrival Mrs. White was taken to the General Hospital.

She died at 11:30.

SUIT FOLLOWS ACCIDENT.

An action for \$500 damages brought by John C. Wright against George T. Reumont is the aftermath of an automobile and motorcycle collision which took place at the junction of Alcorn avenue and Avenue road on Nov. 29.

Wright claims that the accident was the result of Reumont's negligence, as the latter was driving on the wrong side of the road.

Reumont contends that there was contributory negligence on the part of the plaintiff.

The case is now proceeding before Judge Denton.

SEAGRAM HAS ROYAL CHANCE IN RACE FOR THE KING'S PLATE

Voivode and Maid of Frome Cover the Distance Impressively - Fine Trial Also Shown by Gold Bud at Woodbine Park.

A number of prospective starters for the King's Plate had an outing yesterday morning at the Woodbine track, and now the race looks to be more open than it did a week ago, when Hearts of Oak and Mausolus were considered to have it between them.

The Davies four-year-old filly, Gold Maid, also made the critics take notice in 2:14.4, which, next to the performance of Hearts of Oak, Tuesday afternoon, is the best any of the King's Plates has shown to date.

The Davies filly was accompanied by her stable-mate, Meter, also in the plate, and First Sight, and she ran the first mile in 1:14.5, a back seven, to the lengths at the finish. First Sight ran out at the paddock turn, but made up the lost ground and finished with Gold Maid on the strength of this work, Gold Maid also jumps into the limelight, so now the O.J.C. patrons may expect to see a capital race for the guinea this year.

The Normal stable's staker candidate, Rostington, ran six furlongs in 1:15.2.5, galloping out the next quarter in 2:19, but this exit was not asked to, best at any stage.

China, Resentful at British Opium Traffic, Leans to United States.

GENERAL CHANG'S VIEW

President of Opium Prohibition Commission Says British Influence Is Waning.

LONDON, May 14.—Gen. Chang, president of the Chinese National Opium Prohibition Commission, has arrived in England. He is delegated to place before the British people the plain facts of the opium-suppression movement and to appeal, on behalf of the men of all parties and provinces in China, for a complete release from the obligations imposed by existing treaties in respect to the Indian traffic.

Gen. Chang, discussing the British policy in an interview in The Daily News, referred to the effect of the opium traffic on Anglo-Chinese commercial relations, saying: "Now that the Chinese people generally have realized the evil that opium is doing to the country, they find it hard to forgive England for insisting on its importation. The poorer people are learning to read, and many of the new vernacular newspapers are very bitter."

"It would be going too far to say that there is a definite boycott against British goods, but certainly the tendency is not to buy them when something else will do as well."

"From many points of view British influence in China is decreasing, solely on account of the resentment against the opium traffic. As long as your Shanghai stocks keep coming in these strained relations will, I am afraid, continue."

"How far this tendency has penetrated you will see from an amusing conversation I had recently with one of my servants. He had been sent to buy some kerosene oil, and came back with an unusual brand. Questioned why he had chosen this, he explained that one kind had a trade mark which he thought British and the other was American, and he unhesitatingly chose the American."

"You see," the general concluded, "America gave us back her share of the Boxer indemnity, and she has given us recognition. Great Britain has given us opium. Can you wonder that America gains in our developing markets what Great Britain loses?"

MARRIAGE LAW TO DRAW COLOR LINE

Prosecuting Attorney Thinks Johnson's Conviction Points the Way.

CHICAGO, May 14.—(Can. Press.)—That the conviction of Jack Johnson, negro prize fighter, last night, for violation of the Mann White Slave Act against trafficking in women, is the forerunner of laws forbidding miscegenation, was the assertion today of assistant United States District Attorney Harry Parkin, who conducted the case for the government.

VEILED ATTACK ON KINGSTON CITIZENS

Paper Refers to "Civic Hypocrites," But Omits to Give Names.

KINGSTON, May 14.—(Special.)—Quite a breeze has been stirred up over an editorial in The Standard, which criticizes certain citizens. No names are mentioned, but allusion is made to civic hypocrites looking out solely for their own interests and representing themselves to be both self-denying and public-spirited.

The British Whig follows up this editorial and says that if The Standard knows any of the wrong-doers it should call for an investigation, stating that unless names are mentioned members of all public organizations are open to misrepresentation.

POLICE HORSES GO AUTOS COME IN

Commissioners Will Motorize Department in Next Few Months.

THAT ISLAND STATION Board Want Residence For Officers Attached to Proposed Structure.

If the recommendation of the board of police commissioners is acted upon, a police station with a residence attached for the accommodation of the officers in summer and in winter will be built on the island. Last year the council voted \$3000 for the building of an island police station, but when the matter came up for discussion a little later in the year there was some objection taken to the proposal to build an officers' residence beside the station. The commissioners then decided that there would be little use in building a station if a residence were not put up, so nothing was done. The board has again requested that a station with accommodation be erected.

A deputation from the Team Owners' Association waited upon the board to protest against the heavy loading of wagons by the city. The board decided that two cubic yards of earth was too big a load to be drawn up a dump, and regulations fixing the load at a yard and a half, and the maximum price at 5c, were passed.

Require Certificate. From now on before any restaurant license is granted by the board, a certificate from the city medical health officer, showing that the place is in a sanitary condition will be required.

As the estimates providing for the purchase of motor ambulances and motor patrol wagons have been passed by the city council, the board decided to immediately get up steam in the purchasing department. It is expected that within a few months the horses will be let loose and the drivers will be qualifying as chauffeurs.

Gets Merit Mark. P.C. Silverthorne of the Ossington avenue police station was given a merit mark for his recent good work in reviving a woman who had become unconscious thru gas poisoning.

The application of P.C. Black, 181, asking that he should be pensioned, was refused, as he has only been on the force 25 years, and is still in possession of good health.

Applications for licenses for moving picture theatres are coming before the board faster than ever. At yesterday's meeting no less than eleven applications were considered.

More Movie Licenses. It is understood that the city is going to increase the yearly license fee, and this will probably keep the number of licenses within reasonable bounds. Five licenses were granted yesterday, the theatres to be located at the following places: Corner of Redwood and East Gerrard, 174 East Queen street, Ken-cesvalles and West Queen street, 670-2 West Bloor street, and 344-6 College street.

Were Disappointed. The moralists, headed by Rev. John Coburn, secretary of the citizens' committee, received a disappointing surprise when they were informed that the recent bill passed by the legislature, granting the police commissioners the power of cancelling a theatre license would not be made law until July 1. The clause was put in the bill when it came up for its third reading.

BABE JOINS MOTHER Month-Old Wilson Infant Dies From Effect of Gas Poisoning.

The month-old baby of Mrs. Maud Wilson, the woman who committed suicide two weeks ago by turning on the gas at her rooming house on Duchess street, died in the Sick Children's Hospital yesterday. When the mother and her two children were found the babe was the only one that showed any signs of life. The mother died in St. Michael's Hospital five days after being found. The eight-year-old girl recovered and was recently adopted by a Toronto family. The father of the little girl is still alive, but as the mother's dying wish was that the children should be kept from him no effort will be made to locate him.

WILLIAM NOT TO MEET ALFONSO. MADRID, May 14.—(Can. Press.)—The Spanish premier, Count Alvaro de Romanos, denied today the report that King Alfonso and the German emperor are to meet the coming summer.

Such a meeting was considered significant because of a possible Franco-Spanish military alliance, to which the German emperor is opposed.

"MINED" BASEMENT FOR TALL BUILDING

Foundation Work Went on While Old Buildings Stood—Six-Storey Warehouse.

In connection with the erection of a six-storey building for Medland Bros. at King and Francis streets, a most unusual building operation has been going on for two months.

Under the street floor of the Medland building a ten-foot excavation, with deeper footings for pillars, has been made without disturbing the present building in any way. No cellar existed before, and an area almost an acre in extent was mined out while business went on overhead.

Two bids made for synod property

One of these came from a Western Concern—Rectors Meet Next Week.

Two bids were received by the synod for the Danforth avenue acreage which it offered for public tender.

A meeting of the fifty-four rectors of the Toronto diocese, to whom the proceeds of the sale will come, is to be held on the 24th of the next week.

The synod did not bind itself to accept tenders, and the rectors may make arrangements to retail the unleased land themselves.

The greater part of the property offered for sale is covered by a leasehold by one of the local realty firms, with a year and a half of its term to run.

It was the existence of this lease that had most to do with deterring real estate firms from bidding, but there were other important points, one being that the synod asked that the land be sold in accordance with the plan.

One of the bids received came, it is said, from a western company, the other from a local holding corporation.

None of the operating firms most expected to put in bids took a chance at the property, due to some extent to a general reluctance to buying "in the dark."

BRAZILIAN SHARES ACCORDED SUPPORT

London Buying Carries the Stock Up a Point in Toronto Market.

TRADING MORE ACTIVE

But Dulness Is Still in Effect—Undertone Is Slightly Firmer.

While speculation was not what would be called active in the Toronto Stock Exchange yesterday, the trading movement showed more vivacity than it had in several previous sessions.

The buying of Brazilian was again reported to be for London account, and it was hinted that it actually represented supporting orders which had been put in by the pool working in the stock.

Gradual Improvement. The buying of Brazilian was again reported to be for London account, and it was hinted that it actually represented supporting orders which had been put in by the pool working in the stock.

Some Irregularity Shown. In the general list some irregularity was apparent, but on the whole the undertone was firm.

AVALANCHE OF NEW ISSUES IN LONDON

Despite Cool Response, New Financing Continues to Overwhelm Market.

NEW YORK STOCKS DRIFT AIMLESSLY

On Light Offerings Gains of Tuesday Were Wiped Out.

C. P. R. UNDER PRESSURE

Selling of Stock Attributed Largely to Montreal—Wabash Weak.

NEW YORK, May 14.—The ground gained by yesterday's advance in stocks was lost today. There was no severe pressure on the market, and trading was dull throughout the session, but the demand was so small that even the light offerings were made sufficient to depress the list materially.

UPS AND DOWNS IN N. Y. MARKET

The averages in the New York market showed a small decline yesterday, reducing the rally to within a fraction of the low for the year to date, and the industrial rally to within a shade over a point.

DECLINE IN C. P. R. DISTURBS WALL ST.

The action of Canadian Pacific was followed with a good deal of interest yesterday, since it was one of the most active issues in the New York list, with 100,000 shares changing hands.

C. P. R. IS OFFERED BY BERLIN AGAIN

And Price Drops in London Market—Speculative Issues Inclined to Sag.

LONDON, May 14.—Money was in increased demand and discount rates were a shade harder today. There was only a small account open at the commencement of the session on the stock exchange, and it was arranged at about unchanged rates.

ECHOES OF LOSS OF THE TITANIC

Oceanic Navigation Cuts Its Dividend in Half—Half Million Written Off.

LONDON, May 14.—Owing to the loss of the steamer Titanic, the laying up of the steamer Olympic for repairs, and because of labor disturbances, the annual dividend of the Oceanic Steam Navigation Co. owners of the White Star Line, is only 30 per cent. of one-half that paid last year.

GENERAL LIST FIRMER

And Half a Dozen Issues Improve Their Position—Cochrane Down Again.

The incoming of substantial buying orders which rumor had it were for the account either of insiders or those in close touch with the affairs of the company, carried Dome Lake shares up to a new high record for the month and, incidentally inspired a measure of enthusiasm in the mining exchanges yesterday.

Power, which in the morning showed a loss of only 1/2, rose to 2 1/2, and closed at the low. Richelleu was weak around 113, showing a net loss of 1/2. Textile closed at 85 1/2, a loss of 1/4. Iron fell back 1/4 to 48 1/2. Cement, 3/4 to 29 1/2, with a subsequent rally of 1/4. Cottons, preferred, 1 1/2 to 78; 18, 42 1/2 to 53; Spanish, 1/2 to 60 1/2, and Iron, preferred, 1/2 to 98 1/2. Winnipeg Railway, heavy, 20 1/4 to 20 1/2. Brazilian showed a gain of 1/4 on the day, and Detroit showed a gain of 1/4.

BREAK IN WHEAT DUE TO RAINFALL

Despite Brisk Covering by Bears, Market Closed Decidedly Weak.

CHICAGO, May 14.—Beneficial rains in both the spring and winter belts knocked the crops from under wheat today. Texas requests for bids on new shipments in July accelerated the smash, and the market closed heavy with a net loss of 3/4 to 1/2 c.

Decided loosening up of offerings by country owners weakened corn. Rains were said to have given the crop a good start.

The wheat may prove too much also for the bulls in oats. Provisions worked higher, influenced by an advance at the yards.

Receipts of wheat at northwest ports, with usual comparisons, follow:
