VOL. XXXVIII.—No. 13,800 TWO CENTS

DEFEATS SPELL DISASTER FOR RETREATING GERMANS

British Advance Two Miles on 30-Mile Front, Taking Important Villages and Thousands More Prisoners—Only Two Miles From Bapaume Junction—Thiepval Ridge Threatened From the Rear—French Cross Divette and Make Gains

HAIG DOMINATES BAPAUME FRENCH MAKE GOOD GAINS

By Taking Achiet and Bihucourt British Troops Command Important Town, While French Drive Continues From the Matz River.

OVER the 50-mile battlefront from the region of Arras to the north of Soissons the German armies are meeting with defeat which apparently spells disaster. Everywhere the British and French forces have continued on the attack, and the enemy has been singularly worsted. And the end of his trials is not yet in sight.

To the British over the 30 miles of the fighting zone from the Coteul River, southeast of Arras, to Lihons, south of the Somme, numerous towns have fallen and enemy territory has been penetrated to a depth of several miles. Where the French are fighting between the Matz River and the territory north of Soissons additional goodly gains have been made in the development of Noyon and the general manoeuvre which seeks to crush or drive out the Germans from the salient between the Somme and the Ailette and to put in jeopardy the entire German line running to Rheims.

Notwithstanding the fact that the Germans brought up large numbers of fresh reinforcements in an endeavor to stay the progress of Haig's armies, their efforts were without avail. Where

they were able momentarily to hold back their oncoming foes the Germans finally were forced to cede the ground demanded. And they paid a terrible price in men killed, wounded, or made prisoner for their temerity.

The entire Arras-Albert road has been crossed by the British. The strongly held positions where the Germans saw disaster facing them if they fell were stormed and captured and the British passed them going eastward. Notable among these places were Achiet-le-Grand, where bitter fighting has been in progress for several days; Boyelles and Gomecourt, northeast of Albert. The taking of Achiet, and farther east the Town of Bihucourt, gives Haig a dominating position over Bapaume, from which the railway and highway runs eastward to Cambrai. Farther south the old fortress of Thiepval is surrounded on three sides and its capitulation must follow.

Friday night saw the British standing well to the east of Albert, and south of the Somme they were holding Chaignolles and Chaignes and had thrown out forces eastward to out-

flank Bray on the south and Chaulnes on the north.

Midway of the battleline south of the Somme around Roye there has been little fighting, the allied commander evidently reasoning that with both wings of his offensive—near Arras and Soissons—working smoothly in the movement which is likely to compel the Germans to seek refuge behind the old Hindenburg line, ground soon will have to be given here automatically in order to save large numbers of men, guns, and supplies from capture.

With the continuation of the French drive from the Matz River, around the bend in the line to the north of Soissons, however, particularly north of Soissons, the Germans still within the lower portion of the old salient apparently are on dangerous ground. The French are still busily engaged in their drive in this region. They have crossed the Divette River near Ervicourt and at several other points have forced the Ailette and the Oise and north of Soissons are standing east of Bagnoux and to the west of Crecy-au-Mont. A swift turning movement across the Oise from the latter region would be likely to hasten havoc with the Germans in this sector.

FRIDAY WAS MOST DISASTROUS DAY EVER EXPERIENCED BY THE GERMANS

British Take Five Villages Enemy Has Lost Wide Stretches of Ground on 30-Mile Front, Numerous Towns, Thousands of Men Made Prisoners and Large Quantities of Materials and Guns.

London, Aug. 23.—On a front of about six miles, from the southeast of Albert to the neighborhood of Grandcourt, east of the Ancre River, the British have pushed forward and gained ground after heavy fighting, says Field Marshal Haig's communication from headquarters tonight. South of Grandcourt a German counter-attack was repulsed.

The advance of the British was to a depth of two miles, and large numbers of Germans were killed or made prisoner. Five villages to the north of Achiet-le-Grand were captured, and the British pressed on eastward from them, says General Haig's statement.

The Town of Achiet-le-Grand has been captured by the British, and also Bihucourt, just to the southeast of Achiet-le-Grand, and about 2 1/2 miles from the railroad junction of Bapaume.

They pressed our attacks vigorously and successfully today on a front of thirty miles from Lihons to Mercatel. South of the Somme we carried the Villages of Herleville, Chaignes and Chaignolles, with the woods lying between the villages and the river.

"In the course of an advance of over two miles into German positions great numbers of Germans have been killed and prisoners taken.

"On the left of the battlefront we stormed the Villages of France today—Erville, Hamelin-court, Boyelles and Bolry-Becquerelle and made progress east of these villages.

"On our right centre we advanced against German positions on the east bank of the Ancre from southeast of Albert to the neighborhood of Grandcourt and gained ground after heavy fighting. A counter-attack was repulsed south of Grandcourt.

"We have captured Achiet-le-Grand and Bihucourt and the ridge overlooking Iries. We continued our attacks this afternoon. Several thousand prisoners were taken and heavy casualties inflicted on the enemy."

WITH the British Army in France, Aug. 23.—Victorious on a battlefront of twenty-three miles, extending from the Coteul River on the north, across the Ancre and Somme Rivers, almost to Lihons, the third and fourth British armies under Generals Byng and Rawlinson at mid-afternoon were vigorously following up their successes of today, which apparently has been one of the most disastrous days ever experienced by the Germans.

The enemy has lost wide stretches of ground, numerous towns, thousands of men made prisoner, and large quantities of materials and guns. He also again has had heavy casualties.

Crown Prince Rupprecht of Bavaria, the German commander, has thrown his men in before the advancing British armies in an effort to stave off the inevitable, but only to have them mowed down again and again by storms of metal which poured from the British guns. One entire enemy battalion was annihilated during the fighting.

Dead Germans in great numbers are scattered everywhere over the battlefield. As an example, four hundred enemy dead were observed this morning on one small piece of ground over which the battle had swept.

Confusion Hinders Enemy.

With all this fierce fighting, and notwithstanding the fact that the British at many places have fought over open ground against an enemy protected in "pot holes" and strong points of other kinds, the British losses everywhere seem to have been extraordinarily light. This probably is due to the confusion the Germans find reigning behind their lines as they are fighting a losing battle, which for them hourly grows more disastrous.

Crown Prince Rupprecht today had strengthened his line at many places, but this, instead of stopping the British, simply meant that the Germans suffered bigger losses.

During the night and this morning the front upon which the battle was being fought yesterday was widened appreciably both to the north and the south, while the ground in the middle between Albert and Bapaume—surrounded by Ancre, which heretofore had been fairly quiet, suddenly was drawn into the whirl.

From the northern edge of the battlefield to the south the situation at least reports seemed to be as follows: New attacks from the River Coteul and south carried the British across the Albert-Arras railroad embankment. The British apparently hold Bolry-Becquerelle and Boyelles and have passed beyond the Arras-Bapaume road.

On to Ervillers.

The troops just to the south, who for two days had been fighting for and afterwards from the embankment, stormed forward and reached Hamelin-court and are pushing on toward Ervillers, St. Leger and Croisilles. Airplanes reported that British tanks had crossed the road between Ervillers and St. Leger, while some infantry was reported to be less than 1000 yards west of Ervillers some hours ago. At about that time an airplane reported that the Germans had disappeared from their positions north-west of St. Leger and between that

town and Hamelin-court, and that the fighting British found time in the midst of their task to cheer heartily.

Apparently the hard pressed Germans, rather than suffer more here, where they have met with some of their heaviest losses, decided to get out. This locality was one of the places where the Germans had doubled their strength.

Began in Night.

The fighting to the south of this region began in the night, when strong British forces assailed Gomecourt just a few minutes before the Germans had anticipated launching an attack at the same place. Gomecourt was British at daylight. As it happened, the British upset all the enemy plans, and after killing many Germans and capturing 500 in the Town of Gomecourt, turned their forward movement and at last reports were pushing steadily onward.

Gomecourt, by reason of its terrain, apparently was considered the pivot of a turning movement, for, once having taken it, the British sent troops swinging down south in the direction of Bapaume. The Germans on this portion of the battlefront were badly disorganized. There were Germans all over the place, but they seemed to have no ideas of counter-attack. Some apparently did not even know exactly where they were.

Especially Severe.

The fighting south of Gomecourt today was especially severe. Incidentally this movement out in around the rear of Achiet-le-Grand. At the same time the British here, having launched another frontal attack on the enemy's stronghold, were again in hard fighting. While the battle was raging here British planes were helping the fighters on the ground by heavily bombing or using machine guns against the enemy. Among other things obtained were several direct hits on a building at the rear of which were a number of touring cars. The building apparently was a German headquarters.

South of Achiet-le-Grand the British did not start today's operations so early as farther north. The New Zealanders here stopped work to let a German counter-attack develop. They "played dead" until the advancing enemy infantry was almost on top of them. Then they put down a heavy machine gun barrage just at the rear of the Germans, who surrendered in a body rather than be killed in their tracks. This happened just north of Miramont. Many of the prisoners were non-commissioned officers and all of them appeared to be glad that they had been captured. When asked about the Austrians, the prisoners expressed the greatest contempt for their allies as soldiers, saying they were no good whatever.

Thiepval Menaced.

Slightly to the south the British have crossed the Ancre River and started back in the general direction of Courcellette. Already they are reported to be southeast of Grandcourt. This move menaces from the rear the German stronghold at Thiepval, which is an old fortress.

At Albert the British pushed forward toward Tara Hill, at the back

of that town. An airplane report of about noon said that the British troops held the entire position. About the same time German shells started breaking on Tara, while British shrapnel could be seen bursting some distance on the other side of it, showing where the enemy had been driven. Considerable numbers of prisoners were taken in this locality.

The British troops seem to be progressing well up the road from Albert to Bapaume. Welsh troops are participating in the fighting in this neighborhood.

South of Albert, Meaulte appears to be in British hands, having been captured early in the day. Thence the line extends southeasterly, with a break where the Germans, last evening managed to take Happy Valley, just northwest of Bray, by throwing in fresh troops of the 25th division, which apparently were brought up for this special purpose.

The Germans suffered severely here during the first attack. The fighting was very heavy. Since then the Germans have been constantly heavily fired upon.

Happy Valley a Shambles.

Happy Valley truly is a shambles. Its name belies it. South of the Somme the Australians were most successful in the part they played in today's battle. They easily attained all their objectives and apparently hold Chaignolles, Chaignes, and Herleville, and are pushing eastward of these villages a little distance to make sure of holding them. In this region 32 German officers and 1500 men of other ranks were made prisoner. Eleven of the captured officers were from one regiment.

The Germans offered heavy resistance at Chaignolles, but, with the assistance of tanks, the Australians hammered thru the enemy and swept on, leaving the town and its environs filled with dead Germans.

Fight for Ridge.

On the ridge south of this town there also was fierce fighting, which almost reached the hand-to-hand stage before the Australians made it clear to the Germans that they were not to be stopped and shoved over the ridge and onward.

Just now large numbers of guns are roaring away all along the line. At some places they are steadily hammering; at others it is rolling up into intense drumfire, telling where the fighting is going on. The German shells seem to be coming in from long distances. Evidently their guns have been moved backward for safety. The German artillerymen apparently have not the greatest confidence in the ability of their comrades in the infantry to ward off the blows being delivered against them.

All day long streams of wounded, principally Germans, as well as great numbers of enemy prisoners, were flowing towards the rear. The day was cooler than yesterday, and the British soldiers were refreshed by it. It was slightly cloudy, but the air was full of British airplanes. A number of German planes were shot down over the battlefront during the day, each falling bringing cheer from the British.

CHEMIN DES DAMES FRONT IS THREATENED BY MANGIN

Fate of German Troops Between the Vesle and Aisne Remains Uncertain as French Advance.

Paris, Aug. 23.—The latest advance of General Mangin's army, while not completely turning the Chemin des Dames position, menaces it seriously, and the fate of the German troops between the Vesle and the Aisne remains uncertain, according to military observers here.

It is decidedly against Noyon that the principal effort of the French armies at present is being aimed. Noyon is menaced from the northwest and northeast, and also from the south, and the enemy is reduced to fighting from its left flank, from which the guns are pouring a tremendous fire incessantly.

Along the whole of the battlefront from Albert to Coucy-le-Chateau the fighting has been waged most furiously, especially against the armies of the British Generals Rawlinson and Byng, on the extreme left wing, which is encountering the Germans' most desperate resistance. It seems that the Germans are withdrawing before the armies of Generals Debeney, Humbert and Mangin without counter-attacking, apparently being satisfied not to lose contact with the French troops while retiring.

A Great Success Byng's Attacks Succeed With Light Casualties, But Heavy Losses to Germans.

London, Aug. 23.—General Byng's attacks of the past two days are regarded here as having been a great success, although the enemy tried tactics of withdrawal in order to avoid battle. But the Germans lost more than 3000 prisoners, besides great numbers killed or wounded, and the total British casualties, according to latest reports, have been well below the number of German prisoners taken.

FRENCH CROSS OISE
EIGHT MILES OFF NOYON

Paris, Aug. 23.—French troops have crossed the Oise River and the canal at Manicamp, eight miles east of Noyon, and are in the outskirts of the village of Morlaucourt, on the north side of the Oise, a mile and a half from Noyon station, according to despatches to newspapers here.

FOCH RECEIVES BATON AS MARSHAL OF FRANCE

Distinguished Gathering Witnesses With the French Army in France, Aug. 23.—Marshal Foch received his baton as marshal of France today from President Poincare in the presence of Premier Clemenceau, Georges Leygues, minister of marine, Louis Loucheur, minister of munitions, General Petain, the members of the marshal's staff, and the representatives of the allied armies.

THE BIG DAY FOR MEN'S HATS.

What about a new Hat to wear at the Canadian National Exhibition? The Dineen Co. are today laying out plans for a specially large list of sales. Their new fall importations are all opened up, which includes the very latest from old London, as well as the latest products from New York. Christy's London Hats (soft or stiff), \$5.50, \$6.00 and \$7.00. Henry Heath's Special (soft or stiff), \$6.00. Hilgate & Co.'s Special (soft or stiff), \$5.00. Splendid line high-class Canadian-made Hats, \$3.50, \$4.00 and \$5.00. Men's Hats, like every other article of merchandise, are going up in price, and it is well to bear this in mind. The next shipment may be higher. Special Bargains in the Basement—odd sizes about half-price. Dineen's Store closes at 6.

ALLIES CAUSE DAMAGE IN RAID ON COLOGNE

Bombs Kill Five Persons, According to German Admission.

Amsterdam, Aug. 23.—Five persons were killed and two persons badly injured and considerable damage was done to private property by bombs dropped from allied airplanes on Cologne early Thursday morning, according to an official announcement in Thursday evening's Cologne Gazette, a copy of which has been received here.

The announcement says: "Cologne was attacked shortly after one o'clock this morning by several airplanes. About ten bombs were dropped. Five persons were killed and two were badly injured. Considerable damage to private property resulted, but there was no military damage."

The Best is Yet to Come

Germans Will See Many More Victories for the British, Who Are Striking as Never Before.

Paris, Aug. 23.—The newspaper correspondents at the front lay stress on the magnificent enthusiasm with which the British are attacking and overcoming the enemy. They point out that the British opposed stout resistance when the Germans counter-attacked, and, when they saw that the enemy was staggering under the shower of blows, increased the punishment without giving him time to look around.

The British are striking as never before, the correspondents say, and are wresting from the enemy, piece by piece, the villages and fields taken by him since March 21. Each of the British partial attacks has finished with victory for them. The Germans will see many more such victories, the correspondents declare, when the British have thrown themselves into a real offensive with constantly accumulated reserves, which their prudence declines to use up in small parcels.

Thiepval Menaced

Slightly to the south the British have crossed the Ancre River and started back in the general direction of Courcellette. Already they are reported to be southeast of Grandcourt. This move menaces from the rear the German stronghold at Thiepval, which is an old fortress.

ALLIES MUST IMPOSE OWN TERMS OF PEACE

Washington, Aug. 23.—An earnest warning against "insidious and poisonous" German peace propaganda and a declaration that peace must be dictated to, and not negotiated with, Germany to place her in a position where she never again can disturb the world's peace, were made in the senate today by Senator Lodge, of Massachusetts, ranking Republican, of the foreign relations committee.

Peace terms which must, and will, be forced on Germany were specifically detailed by Senator Lodge, in addressing the senate in support of the man-power bill to extend the army draft ages. They included complete restoration of Belgium, unconditional return of Alsace-Lorraine to France and of Italia Irredenta to Italy, safety for Greece, independence of the Slav peoples and freedom of Russia from Russian domination, including return of Russian territory wrested by Ger-

many in the Brest-Litovsk treaty. Furthermore, Senator Lodge declared Constantinople must be made a free port, and Palestine never restored to Turkish rule.

BUENOS AIRES UNION BOYCOTTS MANY SHIPS

Buenos Aires, Aug. 23.—The Port Workers' Union here has declared a boycott on all vessels which ordinarily should have loaded or unloaded at Montevideo, but came here because the port of Montevideo was paralyzed by the strike. As a result, seven vessels lie idle in the roads here. These include three British, two American and two Brazilian ships.

The union announces that the boycott will continue until the end of the strike at Montevideo, which, according to information received here, has not been relieved to any great extent by the action of the government in replacing the striking stevedores with soldiers.

LATE CZAR PLANNED JOURNEY TO ENGLAND

London, Aug. 23.—Nicholas Romanoff, the former emperor of Russia, planned to come to England last April according to extracts from his diary which are being published in the Russian newspaper Ivestia of Moscow and reproduced by the German newspapers Vossische Zeitung and Germania, according to a Rotterdam despatch to the Exchange Telegraph Company.

The former emperor, who was then at Tsarskoye-Selo, wrote: "I have begun to say to one side everything which I will take with me when the time comes for me to journey to England."

Entries in the diary made in March and also in July, showed the emperor to be "heavy, weariful and full of longings," but apparently happy to be with his family, particularly his mother, even if in prison.

SOME WAR EPITAPHS.

London, Aug. 23.—For the proposed national war museum here, a collection of war epitaphs is being made. Here is one from a British graveyard in France:

"When you go home 'tell them of us and say 'For your tomorrow they gave their lives today.'"

From the graves of men who went down at the battle of Coronel, the following is taken:

"If life's best prize be to end life well 'Then envy us: we died at Coronel.'"

From a war memorial in an English city:

"These in the glorious morning of their days For England's sake lost all but England's praise."

The following is an epitaph for soldiers who died in the first battle of Ypres:

"When Might in scornful millions came arrayed, Here a few English stood, and he was stayed."

THREE U. S. STEAMERS DESTROYED ABOARD

Washington, Aug. 23.—Sinking of three American vessels in foreign waters by German submarines was announced today by the navy department. The steamship Lake Edon, an army chartered provision transport was sunk on Aug. 21; the U.S.S. West Bridge, of 8,800 tons, on Aug. 16, and the U.S.S. Cubore, of 7,300 tons, on Aug. 15. Sixteen of the crew of the Lake Edon are missing, 29 having been accounted for. Three men were reported lost in the sinking of the West Bridge. There was no loss of life among the crew of the Cubore.

IS NOW DRY DOCK MANAGER.

Ottawa, Aug. 23.—A. R. Dufresne, assistant chief engineer of the department of public works since 1908, has resigned his position and accepted that of manager of the St. John

Dry Dock and Shipbuilding Company of St. John, N.B.

The St. John Dry Dock and Shipbuilding Company are under contract with the government to construct a dry dock of the largest class, also a breakwater, and to dredge an extensive channel and basin in St. John harbor.

WOODSTOCK TEACHER DEAD.

Woodstock, Aug. 23.—Louis E. Staples, for the past nine years science master at the local collegiate institute, died in the General Hospital this morning, following a paralytic stroke, sustained Tuesday evening. MAJORITY REPORT NOT SATISFACTORY

Telegraphers Refuse to Accept Findings of Conciliation Board.

TWO REPORTS GIVEN

Minority Report More Favorable to Views of Men in East.

The C.P.R. telegraphers last night decided to accept the majority report submitted by the board of conciliation appointed last July to investigate into and report upon the dispute between the company and its employees. The G.N.W. operators, while not directly affected by the report, are watching the situation very closely and are expected to hold a conference Sunday afternoon to discuss their stand upon the matter.

Two reports were submitted to the minister of labor—a majority and a minority report. The majority report advocates the acceptance of the McAdoo schedule. This schedule would increase the wages of the operators by \$2.25 a month, with a difference of \$10 in favor of the western men.

The situation at eleven o'clock last night was that Toronto and Hamilton employees of the Canadian Pacific had refused to accept the majority report, but were willing to consider the minority report.

CITY NOW REALIZES MAY BE COAL FAMINE

Mayor Church Takes Steps in Effort to Deal With Situation.

After repeated warnings, Mayor Church has awakened to the serious outlook for coal this winter. Yesterday he held a conference with heads of various civic departments to discuss the threatened scarcity and nominated the following citizens' committee to co-operate with the city authorities.

The mayor also said a coal commissioner should be appointed and a survey of the city made by the police to ascertain who have coal and how much is needed.

In a letter to the chief of police yesterday, Mayor Church says: "I appreciate your department has the exhibition on its hands, and we can secure the assistance of 200 soldiers from the exhibition, and utilize the firemen to help you out. The amount of coal needed in Toronto, and the amount each individual has received so far, in card form."

TWO LITTLE BOYS REPORTED MISSING

Lived on Same Street, But Did Not Go Away Together.

TWELVE AND FOURTEEN

Parents Think They Have Gone to Work on Farms.

Two little boys, Stanley Wilson of 91 Wood street, and Eddie Page of 11 Wood street, are causing their mothers much unhappiness. Stanley has been missing from his home for more than three months, and Eddie has been away since last Tuesday. It is believed that both boys are working on some farm, but not together. Each had evinced a desire to do so.

Eddie Page is twelve years old. He has once before gone away for a few days for the sake of adventure, but on that occasion he immediately wrote to his mother of his whereabouts. He has not done so this time. On Tuesday when he left home he was dressed in a pull-over blue cotton jersey with light khaki pants, black stockings and boots. He has an open countenance, and is very popular with everybody with whom he comes in contact. His complexion is light with blue eyes.

Stanley Wilson of 96 Wood street, has been away for more than three months. He is of a sensitive disposition, and given to depression at times. His mother stated that everything had been done to locate him. A soldier who does not know Mrs. Wilson, visited Beamsville some weeks ago. While there he was present at a picnic, at which farmers, their sons and other boys engaged in athletic sports. Among these he met a lad who told him he was from Toronto. "Say," said the lad, who was about fourteen years old, "I was about fourteen years old, and I was dressed in a blue sweater with brown trousers, black boots and stockings, and wore a blue cap with a badge."

"Sure I do," replied the soldier. "Well, my father and mother are friends of the fish dealers, and father often used to come into the parlor at the fish shop for a chat." "Mrs. Wilson pointed out that this fact might prove to be a clue which would bring her boy back to her, Stanley is also of light complexion with blue eyes. When he left home he was dressed in a blue sweater with brown trousers, black boots and stockings, and wore a blue cap with a badge.

NOT A DEFAULTER

Lieut. W. K. Greston points out that the authorities were in error in including his name in the list of M. S. A. defaulters, given out for publication in The Sunday World of Aug. 18. He states that he received his commission as a lieutenant in the Canadian Engineers of the Canadian Expeditionary Force on April 17.

GIVEN TWO YEARS FOR LEAVING FARM

For escaping from the fall farm where he was serving a sentence of sixty days for deserting from the army, Roy A. Middleton received a further sentence of two years less one day in the county court yesterday. Middleton told the court that at the farm he was told when he finished his sentence he would be sent to Niagara Camp without a chance to see his wife.

For assaulting a married woman, Mike Kosma was fined \$25 and costs. Kosma committed the offence while under the influence of liquor. Crown Scott was fined \$10 and costs or ten days for allowing his cattle to run at large in York Township. He was allowed 14 days in which to make the payment.

An auto belonging to the Imperial munitions board was clocked at going beyond the speed limit. The paymaster explained that he was on his way to pay the men at Long Branch. However, as the speeding was proved to be on the return journey the board fined \$4 and costs.

INSTRUCTOR PREVENTS FATALITY WHEN TWO FALL

Quick thinking and quick action by Flight Lieut. James Mogan of the Royal Air Force saved the lives of another airman and himself when the cadet whom he was instructing in advanced flying lost control of his airplane when sailing at the height of 2000 feet above Beamsville Camp. Cadet McGee, the pupil, was endeavoring to loop the loop when his machine started a spinning nose dive, but for the presence of mind of the other officer, would have ended in death for both of them. Lieut. Mogan, by means of the dual control system, managed to flatten the machine when within 100 feet of the ground. This greatly lessened the blow of the fall. Cadet McGee sustained a broken leg and was picked up in an unconscious condition. The lieutenant received only minor injuries.

SEVEN HUNDRED NAMES OF TORONTO MEN IN LISTS

Toronto soldiers' important part in the recent big offensives launched by the allied armies is conveyed by the announcement that since the allied drive began on July 18 almost 700 names of Torontonians have been listed in the war casualties. Of these, 70 were killed in action, 27 died of wounds, 27 both wounded and gassed, 493 wounded one presumed dead, three missing, 19 gassed, 18 ill and 11 prisoners of war.

Comrades Farron, Chadwick, Douglas, Medlock, Hawkins and Burgess, under the supervision of W. E. Leard, president of the entertainment committee of the Riverdale Branch G. W. V. A. are at present engaged in the erection of their refreshment booth in the Exhibition grounds. The proceeds of the venture will be devoted to the club house and distress funds of the Riverdale branch.

SAILORS' CAMPAIGN TO BE IMPORTANT

Col. Williams Addresses Captains Who Will Be in Charge of Work.

In the four years of war Toronto has had various campaigns, but no cross aide, has been so important as the one that will be put on during "Sailors' Week."

Such was the statement of Col. Cecil Williams in his opening address to the captains who will form the leaders in the women's section of the campaign which is to be launched in Toronto on September 3, with the object of raising \$500,000 for the sailors who form the men of the mercantile marine service. The news has come today, said the speaker, that our men are now within three miles of the old Hindenburg line, a sense of shame must come when we think that the men who have made this possible have been neglected by us all.

The supreme value of the ships of the merchant marine to the empire was emphasized throughout the address. While the value of the work of the ships is recognized, the work of the men who man them, but have received little recognition, was dwelt upon at several angles by Col. Williams. It was pointed out that casual workers in the mines of Ontario get \$3 a day, while the men on the ships get only half that amount. When they are lost at sea or in battle there is no provision made for their families, or if disabled there is no allowance made for their disabilities.

A Comparison Drawn. A soldier or a sailor of the navy when fighting is provided with good food, medical care, comforts and full pay. His family receives an allowance well supplemented by the patriotic fund, and if permanently injured there is a pension. For the sailor of the mercantile marine there are none of these things. The wife and children of these brave men may be left to starve and freeze as the ship is sunk, or the sailor may be killed.

That Toronto has grown prosperous on the war was pointed out by Col. Williams. It is claimed by some that it is the government that should take up the matter of compensation for the sailors, but the speaker pointed out that after four years of intensive campaigning the patriotic fund is not nearly so large as it should be. Toronto is now prosperous owing to the war, concluded Col. Williams, and the people of Toronto should form a living barrage and go over the top to do their "bit" by raising \$500,000 during sailors' week.

Garric Wilson on his Back. "The sailor carries the war on his back," was the statement of F. Wise, chairman of the Toronto branch of the Red Cross, who said that owing to changes brought about by the war, most of the sailors of today were recruited from the streets of London and other cities. The sailors of the empire and of France have pledged themselves to carry on German ships and to serve on German ships or with German sailors for five years after the war. To give these men a chance to see their families and to support was the note of the address.

The chairman explained that the city had divided into six districts. He spoke of the enthusiasm of the workers and made special mention of the activities in the behalf of Rev. John Burke of Newman Hall, and his wonderful body of young men. The activities in the women's section will be canvassed by Mr. Stephenson, because of the inconvenience of women canvassers going in on the night shifts.

Meeting of Captains. A meeting of the captains will be held at one o'clock at the King Edward, when arrangements will be furthered and everyone present will pay their own expenses. Subscribers to the fund are reminded that exemptions on income tax are being made by the government in connection with the campaign, which is to be Dominion-wide, under the auspices of the Navy League of Canada. Every dollar will go to the dependents of U-boat murdered seamen, sailors' homes and sailors' hospitals in Canada and Great Britain, and sailor prisoners of war.

T. G. Matheson was sentenced to six months in the Ontario Reformatory, when he appeared before Magistrate Denison in the police court yesterday morning on a charge of using seditious expressions and with exciting a crowd to riot on Sunday evening, Aug. 4. T. H. Lennox appeared as his counsel, while Crown Attorney Corley prosecuted.

FLIGHT-CADET FRIZZELL DROWNED AT BEAMSVILLE

Flight-Cadet Norman S. S. Frizzell, while flying near the Beamsville Camp, was drowned when the machine he was piloting plunged into Lake Ontario. No particulars have been received by his parents, Mr. and Mrs. A. B. Frizzell of 136 Havaleck street, as to the cause of the accident. Cadet Frizzell enlisted in November, 1917, when 18 years of age. In January he went to Texas where he contracted pneumonia and was given two months' leave. Prior to going to Beamsville he had been coming on his training at Camp Borden. He was 12 hours' leave granted his commission next Wednesday. He was an all-round athlete being prominent as a rugby and hockey player. He was a member of the men's class of Centennial Methodist Church.

EARN AND GIVE BADGES

The Toronto boys of the Y.M.C.A. "earn and give" campaign who have won their badges will be given free admission to the grounds and Grand stand of the Exhibition on the afternoon of Saturday, Aug. 31. This courtesy and mark of appreciation has been extended by the directors of the Exhibition through John G. Kent, general manager and chairman of the "earn and give" committee in Toronto. The boys will assemble on the above date at old Trinity College grounds and march from there. Their tickets of admission will be "earn and give" badges.

TO ENTERTAIN ORIGINALS.

The Originals' Club boys are to be entertained this afternoon on the grounds of Mr. and Mrs. Gourlie, Bracken avenue, Beach district. A very interesting program of sports has been arranged. Good talent has been provided, including Mr. Kelly, ventriloquist and well-known sketch artist. Band in attendance. Soldiers and their families all welcome; free. Take the King cars east to city limit. Refreshments provided.

BISHOP AT HANLAN'S POINT.

The Bishop of Toronto will preach in St. Alban's Cathedral Sunday morning at 11 o'clock, and at Emmanuel Church, Hanlan's Point, Sunday evening, in connection with the annual harvest festival service.

Man Power and the Railways. The World trusts that Sir Robert Borden will take up the question of unifying the railways of Canada from the standpoint of conserving our man power.

Man Power Problems. How to conserve man power—one of the vital problems of the war—comes home to Mayor Church and the city council. If labor has to waste its time getting to work in crowded cars we are wasting our most valuable asset.

Man Power and the Banks. There are not enough clerks to do the work of our banks. We've got too many banks, three times too many branch banks in the city, using valuable business corners for twenty-four hours in a week of seven days.

Competition in High Wages. Contractors are complaining about the difficulty of securing labor in the face of the severe competition from the munition factories which are paying, according to one authority, "all sorts of fabulous prices for labor."

The Navy League and the Merchant Service. Among all the appeals that are made from time to time, there is none that better deserves the attention of the public than the call of "The Navy League of Canada" in "Sailors' Week."

Major T. P. Grubbe Has Diverse Duties. Responsibility for the best possible co-operation being maintained between Toronto military district headquarters and the office of the M.S.A. registrar rests with Major T. P. Grubbe, who is the M.S.A. district officer for Toronto and Central Ontario.

was necessary, he would advocate a direct subsidy from the state. So radical as this are the solutions proposed in Britain. It is the belief of most of the labor men that the council's proposals would make further measures unnecessary, and many employers take the same view, as in the council of Bristol employers and labor men last year.

A Coal Inquest. Mayor Church has been seized with the fact that there is a coal situation ahead of the people who expect to live in Toronto next winter, and he has waked up with a proposal to do something. Usually the things that are done do not go at the root of the trouble or provide the coal that is wanted.

THE COLORS. Violet, and Rose, and Lily white, A nosegay make of rare delight. And speak to me Of loyalty To Faith and Honor, and the Right— Of Honor, and of Duty true, And Purity of spotless hue.

TORONTO CASUALTIES FEWER IN LAST LIST. Both the son and the son-in-law of Mrs. McGregor, 131 Highfield road have been killed in action, word of the death of the son, Pte. W. McGregor, being followed within a few hours by the news that her son-in-law, Lieut. G. Bertram Scott, had also fallen.

SAIORS' WEEK STARTS A WEEK FROM MONDAY. "Sailors' Week" which is to be held Sept. 1 to 7, is looming large in the eyes of the public. It is a tangible evidence that the event is alive, and that the 1200 workmen who are taking the campaign are determined to bring the big idea to fruition and raise the \$1,000,000 in the Province of Ontario for the dependents of merchant sailors who have been bereaved by the German submarine activities.

AMNISTY ENDS TODAY. Today is the last day of grace for the deserter, the shirker, the pacifist or any other who for reasons good or bad or for no reason has failed to fulfil the duty to his country for which he was drafted. The penalties for defaulting after today are very severe and rightly so.

MAJOR T. P. GRUBBE HAS DIVERSE DUTIES. Responsibility for the best possible co-operation being maintained between Toronto military district headquarters and the office of the M.S.A. registrar rests with Major T. P. Grubbe, who is the M.S.A. district officer for Toronto and Central Ontario.

THE WIFE By JANE PHELPS

Ruth is Told She Should Use Her Talent. CHAPTER XVIII.

Nothing loth, Ruth changed her dress and they walked to the next corner where there was a restaurant. It was an expensive place, but, as Brian explained: "A rarebit is no good in a cheap place. They just can't make them so they won't string. We won't have anything but that and a bottle of beer. We don't come often, you know."

From the Papers of the United States. New York Tribune: Ferdinand of Bulgaria is a hostage. But what would Bulgaria pay to redeem him? Probably nothing. He has brought her to the brink of ruin. To save her own skin she would leave him marooned in his German watering place, and auction off his empty throne.

FOLLIES OF THE PASSING SHOW—By Mitchell

Why do they do it? In winter their get-up is slight, Their dress and manner very light. In summer quite the other way, On go the furs and they stay.

From the Papers of the United States

Ferdinand's Throne. New York Tribune: Ferdinand of Bulgaria is a hostage. But what would Bulgaria pay to redeem him? Probably nothing. He has brought her to the brink of ruin. To save her own skin she would leave him marooned in his German watering place, and auction off his empty throne.

Flush of Money. New York Sun: Even if war wages do go in part for pianos and silk stockings there will certainly be enough left to lend Uncle Sam all he needs.

Married Teacher Bugaboo. New York World: It took a war to do it, but it begins to look as if the old married teacher bugaboo was about to be cast into the discard along with a lot of other impediments that have been fastened upon women too long.

From Canadian Papers. Cutting Out Red Taps. Winnipeg Tribune: The change in imperial policy, mentioned in dispatches, apparently means the cutting out of some red tape.

Tenacity and Optimism. London Advertiser: The dogged British bulldog tenacity, that did not know when it was beaten, that caused Richelieu to say to them: "No mongrels, boys, these are the mastiffs," has won on many a battlefield. It will not hurt that quality that sticks to it even against great odds, to add optimism.

How the Mighty Have Fallen. Hamilton Spectator: And to think that Lansdowne was once governor-general of this proud Dominion! How he has deteriorated!

Put Them Where They Belong. Edmonton Bulletin: Lenine and his outfit are enemies and should be considered as such—and treated as such when the time comes.

From Canadian Papers

But the Final Will be in Germany. New York Telegraph: Secretary Baker seems to have decided that the next world's championship will be decided in our favor in autumn, 1919, on a diamond in western France, to be announced later by Ferdinand Foch.

Moresby Was Torpedoed by Unseen German Submarine. Struck by a torpedo by an unseen U-boat, the British steamship Moresby sank within one and a half minutes and precipitated its crew into the water. The chief officer, his wife, one A. B. and 29 Chinamen were lost. The master, second mate, second and third engineers, one A. B. and seven Chinamen were saved.

RUSHING TO JOIN. Montreal, Aug. 23.—Tomorrow who have omitted to enlist under the Military Service Act, and a feature of the situation here was the rush of men to join the colors, both at the 1st Depot Battalion at the Guy street barracks, and at the 2nd Depot Battalion, at the Peel street barracks. Today it was stated that well over a thousand deserters had taken advantage of the amnesty during Thursday and Friday, and the number of men reporting shows no signs of letting up. It is expected that the rush will be intensified tomorrow.

Sunshine Furnace Efficiency

The test of furnace efficiency is the volume of heat it conserves for actual use, from the heat generated in burning your fuel.

There is a fixed volume of heat in every kind of fuel, whether it is wood, soft coal or anthracite.

The business of your furnace is to extract all the heat, which all furnaces do—and to conserve the maximum of it for use—which the Sunshine furnace does.

The Sunshine semi-steel firepot is built with straight walls—not sloping to form and hold a non-conducting deposit of ashes. A very important point in furnace efficiency.

The grates of the Sunshine furnace are placed in area to the firepot, so that fresh oxygen—without which proper combustion is impossible—flows to every part of the fire all the time.

All air passages are exactly proportioned so that neither too much nor too little air passes over the radiator—there can be no superheated air, nor any under heated air, sent to the rooms above.

The doors, drafts and dampers are machined to fit snugly and to exclude heat-wasting air currents from the outside.

Engineering Service Free.

McClary's own heating engineers are at your service when you buy a Sunshine furnace, to give you free expert advice on your home-heating requirements. Write for the nearest McClary Branch and ask for particulars about this service. A booklet, "Comfort in the Home," makes clear all the things you want to know about furnaces and it is sent free on request.

AMNESTY SECURES TWENTY-FIVE MEN

That Number Take Advantage of Special Order to Report.

Since coming into effect of the proclamation granting amnesty to military defaulters and deserters who reported to the military authorities on or before Aug. 24, today, a total of 25 defaulters in Toronto military district had up to last night, reported. In addition, about ten men, whose units are now overseas, also gave themselves up. They were deserters.

The reason for the results of the amnesty proclamation being so small in this military district is that 75 per cent of the Military Service Act absentees in Toronto military district are French-Canadians, who give their addresses at points in Northern Ontario, and who returned to the Province of Quebec almost immediately after last Christmas time or the first day of this year.

The balance of the men still listed as M.S.A. defaulters may be accounted for as men who have changed their addresses and thru ignorance of the law failed to notify the registrar and thus have not been given the amnesty orders to report. They are, therefore, not aware that they are military absentees.

The men who have taken advantage of the amnesty proclamation have reported to the depot battalions at Niagara Camp.

Mr. and Mrs. William C. Montisambert announce the engagement of their second daughter, Nursing Sister Dorothy Helen Patterson, third son of Mr. and Mrs. John Patterson, Dorchester street, Westmount, to Cadet Hugh Mackay Patterson, third son of Mr. and Mrs. John Patterson, Dorchester street, Westmount. The marriage will take place in England in October.

Mrs. Collingwood Jones is the guest of Mr. and Mrs. L. E. Jones, in Ottawa.

Central Presbyterian Church, St. Paul, Minn., was the scene of a wedding at noon on Saturday, July 27, which was the engagement of their second daughter, Elizabeth, eldest daughter of Mr. and Mrs. W. F. Grant, Toronto, grand-daughter of Mr. C. Leggat, Toronto, to Mr. Gilbert Legge, Bond Lake, Ontario, who was married to Mr. Arthur Carl Berquist, only son of Mrs. M. Berquist, Harlow, Ontario, and the late Mr. John Berquist, St. Paul, Minn. Rev. Harry Wilson performed the ceremony.

The bride looked charming in a white French flannel tailor-made and hat of white georgette crepe and orchids. She was accompanied by her mother, who wore tulle georgette crepe, point lace and a corsage bouquet of sweet peas. Little Miss Beryl Robinson, Toronto, niece of the bride, was the only attendant, and looked pretty in figured white tulle with rosebuds and carried a basket of sweet peas and orchids, on which the double rings were placed.

After the ceremony the bride and groom drove to the St. Paul Hotel, where a reception was held. Telegrams of congratulations were received from Canada and Montana. The bride's going-away costume was a frock of soldier boy blue, tulle and georgette crepe with tulle and blue. After a honeymoon which will be spent in California, Mr. and Mrs. Berquist will return to Lakewood, Montana, where they will live.

The honorary governors who will visit the Toronto General Hospital during the week commencing on August 25 are: Mrs. S. Gourlay, Esq., and John Firstbrook, Esq.

NURSES HAVE CHANGED EXHIBITION PROGRAM

In place of the usual clearing station, with which it had been the intention to introduce the demonstration before the grand stand at the Exhibition on women's day, the 400 nurses who will take part will present a living cross, entitled "Our Nurses in France" and "Our Nurses at Home Ready to Serve."

The arrangements for carrying out this change of the program are now under way.

Mrs. Ruby Hall of Simcoe will be added to the three mothers previously mentioned thru the press who will have a place of honor in the procession as the mothers who have given the greatest number of sons to the war.

Plans for the munition workers have been completed by Mrs. F. Fenton, who has this section in charge. They will have eight floats and one tractor, and in all 500 women will be represented, including 700 employed by the R.A.F., and 150 airplane workers. The V.A.D.'s, under Dr. Margaret Patterson, will be on duty on the grand stand and among the people generally.

VOCATIONAL TRAINING MEN ARE ON STRIKE

Montreal, Aug. 23.—Something new in the way of a strike was staged in Montreal today when the students at the Vocational Training School, returned soldiers who are being fitted for trades in civil life "walked out," as a protest against the government's policy in regard to the pay of returned men who are being trained in factories.

The men complain because the commission in charge of vocational training discourages manufacturers from paying soldiers who are undergoing training in their plants. During that period the men are on pay and allowances from the department. This is the policy that is being carried out all over Canada.

The men further complain that they cannot get their pay regularly as they did when overseas, where it was forthcoming once a week while here five weeks sometimes pass without there being any pay.

About 800 men are affected by the strike.

BOTH LOSE HUSBANDS

Mrs. T. Fergie and Mrs. Hugh Fergie, two sisters, who reside at 445 Morley avenue, have both had their husbands lost to them thru being killed in action. Mrs. Fergie's husband, John Fergie, was killed in action on August 1, 1918. Mrs. Hugh Fergie's husband, Hugh Fergie, was killed in action on August 1, 1918.

AN UNUSUAL WAR MEMORIAL

An unusual war memorial in the shape of a solid silver shield valued at \$2,000 is on display in the window of the Hawley Walker, 126 Yonge street. This shield was donated by Captain G. L. Watson, of British Columbia, a reserve British officer, for the best City shield in Canada, to be competed for at exhibitions in Canada. Captain Watson, as soon as war was declared, went to the front and was killed in action in Flanders in April, 1918. The shield has been taken over by the City of Toronto. A miniature of the shield, made of sterling silver, will be given to the winner. The shield is being competed for at the Canadian National Exhibition this year for the first time since Captain Watson's death.

AN AGE OF WEAK NERVES

"No heart for anything" is the cry of thousands of men and women who might be made well by the new, red blood Dr. Williams' Pink Pills actually make.

Misery day and night is the lot of hosts of men and women who are today suffering from weak nerves. Their pale, drawn faces and dejected attitude tell a sad tale, for nervous weakness means being tortured by morbid thoughts and uncountable fits of depression. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken, their limbs tremble, appetite is poor and memory often fails. This nervous exhaustion is one of the most serious evils affecting men and women of today. The only way to bring back sound, vigorous health is to feed the starved nerves which are clamoring for new, rich, red blood. This new, good blood can be had through the use of Dr. Williams' Pink Pills, which fact accounts for the thousands of cures of nervous diseases brought about by this medicine.

Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BODY OF YOUNG WOMAN FOUND BY BATHERS

Floating in four feet of water at the foot of Dowling avenue, the body of Miss Lottie Devins of Woodbridge was found by a number of people who were in bathing yesterday evening.

The young woman, who roomed at 76 Annetta street, had been out in canoe on Saturday evening, Aug. 10, with A. Brown, 1077 Keele street, just off the mouth of the Humber River, when the canoe overturned.

According to the story told by Brown at the time of the accident, the couple were about a mile from shore when Miss Devins attempted to change her position, causing the canoe to capsize. Dragging operations were commenced, and also they were continued for some time the body could not be located. The police of Cowan avenue station were notified and the body was removed to the morgue.

Nineteen-Year-Old Men Failing To Report Liable to Prison Term

Altho it was officially stated yesterday that men of the 19-year-old class Military Service Act would not be treated as guilty of a military crime if they were not announced what the punishment would be. It was stated last night that these defaulters, on summary conviction before a civil magistrate, were liable to be sentenced to a term in prison, not to exceed five years, with hard labor.

STRUCK BY MOTORCYCLE.

When he was knocked down by a motorcycle driven by Fred Eley, 149 Montrose avenue, at the corner of College and McCaul streets, at eight o'clock last night, George McBeth, 149 Montrose avenue, sustained a broken leg. After receiving medical attention he was removed to his home.

Spanking Doesn't Cure

Don't think children can be cured of bed-wetting by spanking them. The trouble is constitutional, the child cannot help it. I will send you a booklet, "The Successful Home Treatment of Bed-wetting," which will show you how to cure your child's trouble in this way. Send no money, but write me today. My treatment is highly recommended to adults troubled with urticaria by day or night. Address: Mrs. M. SUMMERS, BOX 65, WINNIPEG, Ontario.

Fairweathers August Fur Sale

Chosen by preference when seen in comparison.

Anticipating just such acute advances in prices as are the fact today, we went into the markets very early, bought largely at the most favorable prices possible, and our workrooms have been busy since early spring producing the magnificent collection of advanced styles displayed in our showrooms—Paris inspirations—presenting a most comprehensive selection of new, luxurious, practical fur coats and fur sets for our high-class trade.

The cost of the skins is going to be higher yet—The scarcity of skilled labor is going to be more serious yet—And there are other elements in the manufacture and making of fine furs which are going to force prices upward all through the season.

We repeat what we said a few days ago, when we urge that you are well advised when we suggest the August Fur Sale as a most advantageous time to choose your furs.

EVERYTHING WELL; ALLIES TO GO ON

"We Shall Continue," Marshal Foch Declares to Interviewers.

REALITIES TO COUNT

German Wave is Retiring—Praise for Allied Soldiers.

With the French Army in France, Aug. 23.—"Everything is going well. We have begun our action and we shall continue," said Marshal Foch to the war correspondents today. The marshal received the newspapermen in the spacious saloon of an old chateau, where there is more business than luxury today. The most conspicuous objects in the room were the military maps on the wall. Advancing to meet his visitors, with simple cordiality, the marshal said: "I am glad to see you, but I do not know just what I can say to you, other than that everything is going well. We have begun our action and we shall continue."

PAN-GERMANS STAY STILL ASCENDANT

Lord Robert Cecil Challenges Germany to Yield Belgium.

London, Aug. 23.—In an interview today Lord Robert Cecil, in commenting on some remarks of Dr. Solf, a German cabinet minister, on the return of Germany's colonies, announced that Britain was shortly going to publish details of the German treatment of the natives under her former jurisdiction. Lord Robert said Dr. Solf's utterances were a very remarkable "essay in psychology," which seemed to indicate that sections of German opinion were beginning to realize that the attitude taken by the pan-Germans must be disastrous to the future of Germany. He added, however, that it was not his view that the pan-Germans were done for, as by the last resort they would always dominate Germany.

Doesn't Cure

When Foreign Secretary Balfour recently said the German colonies could not be restored, he was speaking only what the conscience of mankind would have him say. Lord Robert continues to insist beyond George Morley's more recent statement ruled out the possibility that they would be restored. A League of Nations. Turning Dr. Solf's mention of a league of nations, the speaker said: "Devised as some of us are to the conception of a league of nations, we see no hope of the success of any such scheme unless preceded by victory—until it is acknowledged by Germany that her whole military system is criminal."

THE MOVIE INDUSTRY IS ESSENTIAL ONE

Washington, Aug. 23.—The motion picture industry in all its branches has been recognized as an essential industry by the war industries board. Chairman Baruch announced today that this action had been taken in line with Provost Marshal General Crowder's ruling under the work or fight regulation that the industry afforded useful occupation. Recognition of its value in affording an educational medium for the great masses of the people, as well as a wholesome and cheap means of recreation, governed the board in placing the industry upon the preferred list for priority. The extensive use of motion pictures by all war recreation agencies also was considered.

SURPLUS OF MILLION FOR NEW FISCAL YEAR

Winnipeg, Aug. 23.—The financial statement of the board of grain supervisors for Canada, from the date of its creation July, 1917, until July 31, shows that the board begins the new fiscal year with a surplus of over a million dollars. That receipts during the past year amounted to six million dollars, of which \$2,600,000 was returned to the imperial authorities owing to the fact that the four cents assessment on street wheat was not needed to cover carrying charges. Board members do not accept salaries for their services, so that deducting interest on unused balances amounting to \$45,122, the net cost of the board for the 12 months is only a little over \$800.

"The Bird of Paradise." Unless an actress stimulates the imagination of her audience to the point where they, too, are not content with the actual, declares Florence Rockwell, leading woman in the "Bird of Paradise," who will be seen at the Royal Alexandra Theatre all next week. "If the actress would give her audience complete enjoyment, she should know just how much acting she should do for them, taking care to keep them acting with her at all times. Mrs. Bernhardt practiced this to a nicety. The audience, swept along with her by her upbuilding of the effect, rushes along in the imagination and completes the climax, experiencing an enjoyment of the story that they would not feel so keenly if she had attempted to express the last polished detail. She lets the audience paint the last stroke of her picture."

IN MEMORIAM CAPTAIN FRYATT JULY 30TH 1916

The Navy League of Canada

One of its three main objects is to raise funds for the relief of dependents of the men of the Merchant Marine—a deciding factor in winning the war.

Ontario's Objective \$1,000,000 Ontario has never failed!

ATTACKED by a submarine and called upon to surrender, Capt. Fryatt, commanding the merchant vessel "Brussels," turned on the U-Boat and tried to ram it. The manoeuvre forced the submarine to dive, and the "Brussels" escaped. About a year later, Captain Fryatt was taken prisoner by another U-Boat, taken to Germany, and shot. That shot rang throughout the civilized world, commanding admiration for the force of 300,000 and more men—the Merchant Marine—a vital factor in the war—suffering the greatest hardships—facing the greatest perils—starting every voyage in the full knowledge that they might never see home and loved ones again. Fifteen thousand of them lost their lives in the service. Governments do not officially recognize this force—make no provision for its dependents—allow no pensions. Yet our men in France could not fight without the aid of the Merchant Marine, keeping them supplied with reinforcements, munitions and food. In the name of Capt. Fryatt and the 15,000 men of his service who have made the supreme sacrifice, do not let the widows and orphans and dependents live on charity. Give! Give liberally!! Let the men of the Merchant Marine "carry on", secure in the knowledge that their loved ones will not want should the worst happen.

Removes Wrinkles and Refreshes Tired Faces. As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent-tonic lotion should be used these days. Dissolve an ounce of pure powdered salicylic acid in a half pint of witch hazel. Rub the face in this and see how quickly the wrinkles and furrows will disappear—and how much younger you will look! There's nothing better for sagging cheeks or double chin, or for enlarged pores. Use this simple lotion during the heat of the day and you will find it wonderfully refreshing. You will lose that "willy, tired look." The ingredients of course are perfectly harmless. Be sure to ask the druggist for powdered salicylic acid.

RAIN SOAKS KANSAS; CORN PRICES BREAK

Immediate Increase in Movement to Market Another Bearish Factor.

Chicago, Aug. 23.—Corn prices broke sharply today on soaking rains in Kansas and on showers in Missouri and Michigan, closing at a net loss of 1 1/2c to 2 1/2c. Heavy rains were reported also in other parts of the southwest. An immediate increase in the movement to market was a prospect which served further to underlie the confidence of the bulls. A private firm issued a bullish crop report, ordinarily of influence, but it was largely disregarded. The return of Mr. Ordway from Europe was noted with interest, as he was expected to modify or eliminate the fifty-fifty rule of buying subject with wheat products. October contracts were sold at 1 1/2c under yesterday's closing at the outset on its own account, but the bearish example in the neighboring corn pit was too much, and at the close prices were 1 1/2c to 2c lower. Cash and elevator interests were sellers of the deferred contracts, presumably hedging. The sample market was off 1/2c to 1c. Provisions were dull and lower in sympathy with corn and a lower market at the stock yards. The hog and pig agriculture estimated the department of agriculture is 3 1/2c per cwt. larger than the year ago. Closing prices were 10c to 12 1/2c lower for lard; 2 1/2c for ribs, and 4 1/2c down for pork.

LOWER LIVE STOCK RATES. Washington, Aug. 23.—A new basis of live stock rates in the southwest with the low charges on stock moving out of the drought-stricken areas to the southeast, was ordered established today by the railroad administration.

FIVE THOUSAND MORE. Paris, Aug. 23.—Between the Oise and the Aisne, during the advance of Wednesday and Thursday, General Mangin's army took 5000 prisoners, according to advices reaching Paris.

PRICE OF WHEAT FIXED BY BOARD

Premium to Be Paid to Encourage Production of Ontario Winter Wheat.

Winnipeg, Aug. 23.—An order issued by the board of grain supervisors for Canada, provides that the price of wheat from Aug. 1, 1918, until Aug. 31, 1918, inclusive, shall be: No. 1 hard, \$2.24 1/2; No. 1 Manitoba northern, \$2.24 1/2; No. 2 Manitoba northern, \$2.21 1/2; No. 1 Alberta red winter, \$2.21 1/2; No. 3 Alberta red winter, \$2.17 1/2. These prices are basis in store public terminal elevators at Port William and Port Arthur. Any deviation from these prices will be considered as violation of the act.

Another order provides that the price of wheat grown in British Columbia shall be: No. 1, \$2.20; No. 2, \$2.17 1/2; No. 3, \$2.13 basis in store public terminal elevators at Port Arthur and Port Moody. Maximum allowance that the purchaser may make the seller's wheat shall be on basis of \$3 per ton; if purchaser does not require sacks they shall be returned to seller at the latter's expense.

It is stipulated that the price of Ontario wheat No. 2 grade shall be \$2.25 for standards; domestic and premium of 1 grade shall be three cents; discount on No. 1 shall be 4c per bushel; extra No. 1 shall be 4c per bushel; MAPLE LEAF SELLS AT YEAR'S HIGHEST

Canadian Locomotive and Steel Stocks Also Strong in Toronto Market.

A firm tone prevailed in the Toronto market yesterday with demonstrations of decided strength in several issues, including Maple Leaf Milling, Canadian Locomotive and the steel.

Consolidated Smelters in volume of dealings overshadowed other issues, but the outpouring of stock after a firm opening at 25 prevented any further advance, and the closing at 23 3/4 was 1-3 lower.

C.P.R.'s BEHAVIOR KEEPS WALL STREET GUESSING

Stock Makes Five-Point Rise to Highest Point Attained This Year.

C.P.R.'s five point advance in the New York market yesterday to 154 7/8, comparing with the previous high point for the year of 152 1/2, reached earlier in the week, has given rise to fresh optimism in some quarters.

JULY BANK STATEMENT SHOWS DEPOSITS ARE STILL PILING UP

Ottawa, Aug. 23.—Notice deposits in Canadian banks are still increasing. The bank statement for July, issued by the finance department today, shows a decrease in deposits of \$26,000,000.

ROCKWOOD OIL MAKES REMARKABLE SHOWING

Distribution of Profits Made Possible by Few Months' Successful Operations.

Hamilton B. Willis, dealing in his weekly market letter with the declaration of an initial dividend on Rockwood Oil and Gas Company's shares, says:

Less than three months ago Rockwood Oil and Gas purchased 100 acres in the Gloucester district of western Ontario, and today the company has six wells pumping from which it already has extracted a sufficient flow of the highest grade oil in Canada, and comparable to the best grade in the United States to permit placing this stock on a monthly dividend paying basis.

DAVIDSON MAKES THREE-POINT GAIN

Hollinger Shows Decided Scarcity—Brisk Demand for Ophir Continues.

Mining stocks as a whole were firm on the Standard Exchange yesterday, and the volume of transactions, which practically reached \$5,000,000, was relatively large.

Rockwood Oil was easier, selling off point to 23 3/4, but reaction was not unexpected as the dividend declaration had been discounted by the sharp rise of Thursday, and the issue, which has been held in small lots, is now being offered in some offerings which were well absorbed.
