EIGHTEENTH YEAR

BISLEY COMMANDANT

Major Mason of Hamilton to Have the Honor.

GOOD MAN FOR THE PLACE

And His Appointment Will be Approved All Over the Country.

Major Dunbar and Lieut. Henry Panet of Quebec will fight it out for the Adjutancy — Decrease in the Customs Duties for Six Months—Major Bingham Will Wear All the Paraphernalia at the Inauguration — The Premier's Dwelling — 43rd Battalion on Tap — General News From Ottawa.

Ottawa, Dec. 10.—(Special)—It seems to be definitely settled that Major "Johnnie" Mason of the 13th Battalion, Hamilton, will be commandant of this year's Bisley team. The selection of Major Mason will be popular all over the country. He is a first-class soldier and the faithful who did him the satisfaction of assisting at the first service of bisley said: "Considering the surrounding of the diocese, you will strongly entreat the faithful to abstain from amusements for the winter, and especially from those offensive to God."

WILL M'KINLEY DO IT?

Will He "Plach" the Canadians in His New Tariff? — Let Him Do So

Chicago, Jan. 10.—William E. Curtis telephones from Washington to The Record: "The Canadian commissioners who are coming down to Washington to secure concessions from the Committee of Ways and Means in the tariff bill will still be here on Friday. This, however, should not prejudice his chances for the position. Ottawa matches for some years, is a capital shot, and would make a competent candidate. He is a French Canadian, and if Ontario can accept a French-Canadian Premier, surely this branch of our people might once in a while have the courage to demand it. The candidates possess all the qualifications for the position."

THE PREMIER'S HOME. — The Premier and Madame Laurier will remain this winter in the house which they have now occupied, and which they have rented from Major and Mrs. Charron.

THE 43RD ON TOP. — The 43rd Battalion, Ottawa, takes the cake as the crack city corps of the Dominion. The return of a comparative efficiency to the corps came with the last general inspections, with the result that the score is 153.01 points. Next comes the 11th Battalion, Victoria, with 144.84, and the Queen City's pets, the Q. R., a close third, with 143.45 points. The 43rd will be in the Gilmore Cup for a second year.

TORONTO DELEGATION. — Mr. Stapleton Cadiecroft, chairman of the Council of the Toronto Board of Trade, and Mr. George L. Atkinson were in town yesterday and had an interview with Mr. Blaikie in regard to the difficulty over the transit of freight cars from Good at Scotiaway, on the Parry Sound Rail-way, with the Grand Trunk. They assured the Government that no difficulties would arise in getting the Dominion to meet their demands so far as to have a difficulty remedied.

DISMISSED THE CASE. — Magistrate O'Gara yesterday dismissed the case against Mrs. Peck of the Dominion Hotel, who was in charge of a policewoman on duty. In giving judgment the magistrate said the law applicable to the case was not clearly disclosed in Section 10 of the B. D. B. 1895, page 918. In the present case the prosecution had not proved that the Queen's Inn was a public house, and the customs receipts are as large as the previous December, and the aggregate revenue for the month is not less than \$150,000. The net debt on Dec. 21 was \$256,667.476.

NO SPOTS ON HIM. — There are no spots on Mayor Bingham's chest right now. He will appear full regalia at the inaugural meeting of the City Council to-morrow, wearing the Mayor's golden chain. Yesterday he was in session with the silk gown, that it might be in proper condition for him to wear. No since the Rockwood of the North-West Territories sat in the Mayor's chair in 1878, 18 years ago, has the Mayor worn the gown, while in the meantime he has been twice very promptly."

THE DAMARA OVERDUE.

seventeen Days Out From Cardiff While Coal for Naval Authorities at Halifax — A Vessel in Distress.

Halifax, N.S., Jan. 9.—The Furness steamer Damara is out seventeen days from Cardiff with coal for naval authorities. She should have been a week ago and could not be accounted for. The British naval authorities should be given more attention than would otherwise be the case because of the disasters that have occurred. On four steamers there were previously chartered only one of them, the Moldavia, was wrecked on the Newfoundland coast; the Moldavia struck a rock in the hold of the Mantou caused the abandonment of the vessel and the American mariners. This will bring the Dominion to a standstill.

REVENUE FOR SIX MONTHS. — The revenue for the six months ending Dec. 31, 1895, in comparison with 1894 was \$12,600,000, or an increase of \$17,621,000 for the same period in 1895, or a decrease of \$159,000. This decrease was chiefly in customs duties. The balance, however, shows that the customs receipts are as large as the previous December, and the aggregate revenue for the month is not less than \$150,000. The net debt on Dec. 21 was \$256,667.476.

STEAMER IN DISTRESS. — A report came here late to-night that an unknown ocean steamer was sending up signals of distress off the coast of the British naval authorities. She should have been a week ago and could not be accounted for. The British naval authorities should be given more attention than would otherwise be the case because of the disasters that have occurred. On four steamers there were previously chartered only one of them, the Moldavia, was wrecked on the Newfoundland coast; the Moldavia struck a rock in the hold of the Mantou caused the abandonment of the vessel and the American mariners. This will bring the Dominion to a standstill.

CATHOLIC FORESTERS. — The Executive of the Ontario Provincial Forests was in session yesterday. Those present were Provincial Chief Ranger W. T. Lee, Toronto, Prof. Vincent V. K. C. S. O. B. Sc. B. Sc., Brockville, Ottawa; Provincial Secretary Arthur Morel, Ottawa; Provincial Treasurer George W. Scott, Ottawa; Prof. John A. Christie, Cornwall, and V. McCullough, Ottawa. Matters affecting the internal management of the society are under consideration.

MILITARY NOTES. — Major G. C. Kitson of the King's Royal Rifle Corps has, on application as commandant of the Royal Military College, been promoted to a half-pay Lieutenant-Colonelcy of the Imperial Army.

Among the recipients of the distinguished ice order for the recent operations in the Sudan is Lieutenant Edouard P. Giroux, Royal Engineers, a graduate from the Royal Military College, and son of Mr. Justice Giroard of this city.

PERSONAL AND GENERAL. — Hon. C. A. Geoffrion is in the city. Mr. Larivière returned from Quebec last evening.

Sir William Van Horne and Mr. Shaughnessy were in the city yesterday and are now back.

The Winnipeg, Duluth and Hudson Bay Railway will apply for permission to construct a line from the point where the south boundary line of Manitoba meets Winnipeg, and thence to Hudson Bay.

The return of Mr. Snetsinger, M.P., was gazetted yesterday.

BIRTH of the Pioneer Editor.

Victoria, B.C., Jan. 10.—The Lawton, for eight years editor of "The Colonist," died yesterday after a fortnight's illness. He was the pioneer journalist which Hon. Hugh J. McDonald's election had been contested. Was arrested Saturday night on several charges of obtaining money under false pretences. But there is a comedy of a hostile meeting between the Prince and his lawyer lover.

This message must have led the Prince to seek reconciliation or some

ANOTHER HEAD OFF.
Gibert Campbell, Customs House and
Postoffice Janitor at Niagara Falls,
Gets His Ticket.

The beautiful comedy drama of New England and character "Shows Aces," was given a rich scence production at the Grand Opera House every evening this week with Arthur J. Herne, Nathaniel Berry, Mr. Herne has achieved a most remarkable success with this play, and it is given out that it is the "offensive" pantomime. The disappearance was as sudden as it is unaccountable, leaving Mr. Campbell on the day before, Saturday, Feb. 1, 1896, at 12 m., his body found floating in the water near the Royal York Hotel. The "Shows Aces" expresses his indecision as to whether to live or die. It expresses more not less, but the choking voice and by the tremble in the chin and the humor in which he acts, the audience from which it proceeds in utterance, laughter abounds, and something sweet and go carelessly or busily like living life, the author of the piece of art, no declamations, no asides, no soliloquies, almost nothing to make against very little, but little form and graceful in action, attired in a simple suit of tight's, she gives no indication of being a woman, but a actress. But when she begins her performance the spectators hold their breath, first for fear, then for admiration, then in prolonged applause. Some should fail to see the Ocean. She has been specially engaged at an enormous expense for one week only.

OCEANA.

Ocean opens at the Bijou first Toronto engagement, as a special feature with Hall & Sutton's Novelty Company. Miss Ocean, the famous equilibrist, and the most interesting feature of this week's entertainment will be most absorbingly interesting features of the Olympia Theatre, New York City, and it is to be expected that the diamond jubilee will be submitted for her approval. An important detail in the list of royal guests to be entertained is the fact that the queen can be provided for in the royal palace, and several principal hotels may be used for the general public is already great for fables week. In several hotels every available room will be engaged for many years to come. There will be a waiting on Saturday.

THE DIAMOND JUBILEE.

Prince of Wales and Duke of Connaught Will Make Charge of the Program Arrangement.

London, Jan. 10.—The Queen has decided to allow the Prince of Wales and the Duke of Connaught to conduct the diamond jubilee for her. The diamond jubilee to be submitted for her approval. An important detail in the list of royal guests to be entertained is the fact that the queen can be provided for in the royal palace, and several principal hotels may be used for the general public is already great for fables week. In several hotels every available room will be engaged for many years to come. There will be a waiting on Saturday.

A HEAVENLY DISPLAY.

Brilliant Light Visible at St. John's, Que. Like an Electric Ballon.

St. Johns, Que., Jan. 9.—About 6.45 o'clock this evening, for the third evening in succession, a very brilliant light was visible in the sky over St. John's, having the appearance of an electric ballon, fully as visible as the moon, very bright, and the people took possession of the masts and freight. While the train was plundered another train was replete set fire to the nearby town of Columbiat.

Eggs of Jersey City Win the American Championship of America.

New York, Jan. 9.—Eggs of the Jersey City Poultrymen yesterday won the national championship in the annual competition held at the New-York State Fair at Utica.

The rooster was the colored fowl of New York, twenty rounds at 28 pounds. In the second round, the cock and hen were nearly out. Murphy was declared the winner.

The first bout, which was won by Dick Connor of the city, which the Eliza of the Poultrymen's Association, was the referee's declaration in favor of Murphy.

The second bout, between Murphy and the second, was won by the Eliza of the Poultrymen's Association, which was drawn.

Dan Strickland returned home to Dallas from New York. Stewart reported the alleged injuries suffered by Little Rocker. He declares that he has not got a newspaper man at Little Rock who did not discuss the fight with him, and probably what Corbett and Fitzsimmons would fight in Mexico. The fact is, we know, positive, that he will not take place in Mexico, he added.

At the boxing entertainment given by the Greenwich Athletic Association on Saturday night the program was between Joe Murphy and John Macmillan.

Macmillan, 102½, beat Murphy, 100½, in four rounds.

ON THE JOB AT OTTAWA.

Ottawa, Jan. 9.—(Special)—The Ottawa Trotting Club's inaugural races were off on the new ice track at the fair grounds, with a record attendance of 2000 people. Nine horses entered in the two events, and the trotters won the first and second, while the star bout of the night was between Joe Murphy of Providence and Hartford, and Hartford won the second round.

At the end of the tenth round Kearney was nearly out. Murphy was declared the winner.

The first bout, which was won by Dick Connor of the city, which the Eliza of the Poultrymen's Association, was the referee's declaration in favor of Murphy.

The second bout, between Murphy and the second, was won by the Eliza of the Poultrymen's Association, which was drawn.

EGGS OF JERSEY CITY WIN THE AMERICAN CHAMPIONSHIP OF AMERICA.

New York, Jan. 9.—The eggs of the Jersey City Poultrymen yesterday won the national handball championship at the New-York State Fair at Utica.

John Schmid of Brooklyn.

Elgan beat his Canadian opponent by scores of 4 to 2, 4 to 21 to 14.

Elgan, with McCarthy yesterday, demonstrated his ability to hold his own in different games, and Schmidt a great deal to-day, although the latter showed clearly that he was not up to the touch and trick play of his tutor, Paul Casey. Some of Schmidt's play was really brilliant, and he fought valiantly against the front wall, and his gauging rebounds from the back wall showed his skill and endurance.

Elgan, however, had the upper hand, and after two sets of games, Elgan was declared the victor.

THE TORONTO WORLD

JANUARY 11 1897

T. EATON CO.
LIMITED

190 Yonge St. Canada's Greatest Store. Toronto.

YONGE AND QUEEN STREETS, January 11, 1897.

Busy Times in January.

It is getting to be more and more a fact that whole families buy here everything they need, partly because they can and partly because we charge less for worthy goods of every sort. That fact makes business in season and out of season, but we're constantly reaching out for something more. Witness the White Goods sale with its multitude of attractions, and please bear in mind that all the goods are new and fresh. It seems almost as though we're doing impossible things, and yet we're satisfied to sell and keep on selling at present prices.

No matter how wretched and stormy the weather, or how dull and stupid things may be outside, you'll find us constantly busy. To many the store is most attractive on stormy days, while vast manufacturing and large preparation for future business keep things moving at a lively pace. There are no idle heels dangling over our counters, but always plenty to do. Keeping everlastingly at it brings success.

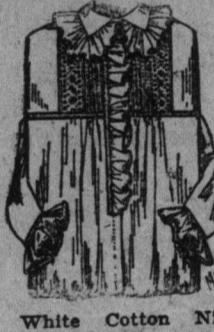

Thousands of people are looking for a chance to pay less. That means these goods won't last long:

Ladies' White Cotton Night-gowns, Mother Hubbard style, lace on neck and sleeves, as above cut. 20

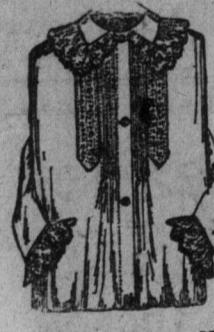

Ladies' White Cotton Night-gowns, Mother Hubbard style, wide frill of cambric on neck, sleeves and down front, as cut. 47

Ladies' White Cotton Night-gowns, Mother Hubbard style, yoke of fancy tucks, 2 rows insertion, sailor collar, trimmed with fine embroidery around collar and on sleeves.... 50

White Cotton Nightgowns, 2 clusters of tucks, sailor collar, trimmed with fine embroidery around collar and on sleeves.... 53

Ladies' White Cotton Night-gowns, 2 clusters of tucks, 2 rows insertion, sailor collar, finished with frill of embroidery, fancy braid embroidery frill on sleeves.... 64

Ladies' White Cotton Night-gowns, Mother Hubbard style, 4 clusters of tucks, 2 rows insertion, frill of embroidery around neck, down front and on sleeves, fancy braid.... 73

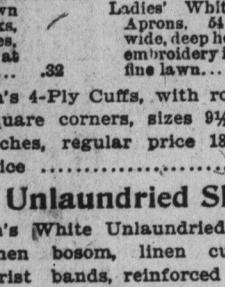

Ladies' White Lawn Aprons, deep hem, 3 wide lace bands and sashes. 19

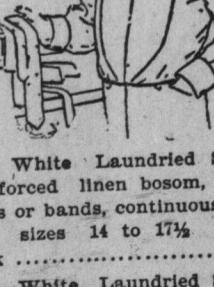

Ladies' White Lawn Aprons, 64 inches wide, deep hem, 1 row embroidery hem, lace on the back. 32

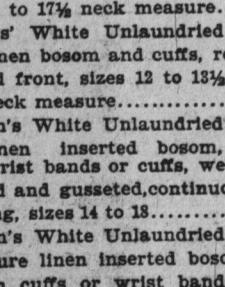

Laundried Shirts.

Men's 4-Ply Cuffs, with round or square corners, sizes 9½ to 11 inches, regular price 18¢, sale price 12½

Men's White Laundry Shirts, reinforced linen bosom, linen cuffs or bands, continuous stayings, sizes 14 to 17½ inches neck. 59

Men's White Laundry Shirts, extra reinforced linen bosom, linen cuffs or wrist bands, double stayed back, continuous facings, sizes 14 to 18 inches neck measure. 75

Shopping by mail keeps a big force of clerks busy filling orders and shipping goods, and we can always get more people for that class of work. In many cases they do better for you than you could do yourself. Put them to the test.

READJUSTMENT OF WATER RATES.

There was a surplus of \$16,000 in the Waterworks Department last year. In spite of all that has been said about our water system the city is now receiving an ample supply of pure water, while the department is more than self-sustaining. The suggestion of Mayor Fleming to appoint a committee to investigate the existing system of charging for water is a commendable one. A good case can easily be made out for a readjustment of rates; that will be more equitable than the system now in force. In addition to the question of a more equitable readjustment of rates there is the more important question of abolishing water rates entirely and ending the expense of maintaining the waterworks to the general tax rate. If the latter can be done a big saving will be effected. There are several formidable objections to raising the expenses of this department in the same way as the rest of the civic revenue is raised. For instance, it would not be fair to make business property worth \$2000 a foot pay twenty times as much for water as residential property worth \$10 a foot. The value of the land is no criterion of the amount of water used. This is just possible, however, that street frontage might be found to be an equal system for charging for water, or street frontage combined with the value of buildings, or the latter separately. Some such method might be devised so as to permit of the revenue for water being collected with the rest of the civic taxes.

INVESTIGATION OF PRIVATE BANKS.

The failure of Mr. Messner of Frossman suggests to The Canadian Trade Review the advisability of making private bankers amenable to some kind of Government inspection. It is pointed out the business of the private banks is generally conducted on loose principles. Many men object to pay 7 per cent. in a chartered bank, because under the more rigid system that prevails in them their notes must be met on maturity, would willingly pay from 10 to 20 per cent. for loans which are easily renewed. The private bank should be discouraged. It permits of a vicious expansion of credit, and is responsible for many insolencies. The Trade Review recommends that these institutions be licensed and systematically inspected so as to protect innocent depositors from such losses as have befallen those who placed their savings with Mr. Messner. Failures of the Messner order have not been infrequent of late in Canada. If all who accept deposits from the public were compelled to issue periodic statements of their position, to be verified and certified by a public officer, there would be fewer of these deposit failures.

NOW FOR AN INSOLVENCY LAW.

A committee of the Montreal Board of Trade recently had an interview with the Premier on the subject of an insolvency law for the Dominion. The need for such a law has been established time and again by business associations all over the country. The late Conservative Government admitted the necessity of having an insolvency law for Canada such as exists in Great Britain and other countries. Their only excuse for not enacting an insolvency law during the latter end of the last Parliament was that the passing of it would precipitate a big run of insolvents, a circumstance which is considered as unfavorable to the party on the eve of a general election. The question will now be considered by a new Premier and under different conditions from those that prevailed when Sir Mackenzie Bowell introduced his measure in the Senate. The Toronto Board of Trade ought to let the Premier know the unanimity of the people of this city and province as to the necessity of an insolvency law. Premier Laurier often claimed the recent convention to be of no means likely to be unanimous, for opposing factions in the party are hard at work.

SLATED SAM BLAKE.

President Robertson of the Canadian Temperance League gets back at the big lawyer.

The usual grand house was found at the Canadian Temperance League's meeting yesterday afternoon. J. W. St. John, M.L.A., was Senator George A. Johnson, Rev. Frank Lampert, Dr. net, Rev. John Burwash, Rev. C. O. Bowes, Rev. Frank Lampert, the Rev. Mr. Bowes conducted the devotional exercises, the Society reading before him, and during the service Mrs. Caldwell sang with great expressiveness. The organist, Mr. G. W. Kirby, Rev. D. Sinclair of Etobicoke and "Watch and Pray."

President of the League, Mr. J. A. Leonard of New York would be the speaker. Mr. MacKenzie of Hamilton, would sing sacred solos. Mr. Robertson went on to say that he had been greatly gratified by the response given to his measure in the Senate. He therefore thought that the remarks of Hon. S. H. Blake at the meeting were entirely uncalled for and misleading. The songs sung at the Pavilion were, so to speak, songs in a large number of the city churches. Mr. Blake never did and consequently spoke in ignorance of the character of the meetings. Mr. Robertson appealed to the committee to let him speak and asked if the meetings had been adversely criticized on more than one occasion. He therefore thought that the remarks of Hon. S. H. Blake at the meeting were entirely uncalled for and misleading. The songs sung at the Pavilion meetings there were three honorary members of the league present by invitation. He thought the Sabbath was very well observed.

Mr. Robertson, continuing, said when Mr. Blake was making his speech he did not mention that he had been present at the conference of the President's remarks against them in the manner he did. The large audience gave a hearty verdict in favor of the President's remarks by prolonged applause.

The committee appointed to arrange for the conference of the Presidents of the various temperance organizations for Knox "at home," which will be held on the last Friday of the month, has made arrangements for the conference to be held at Knox during the first week of February.

Spokane's Baby Smelter.
Spokane Spokesman.

Spokane County is at last to have a
real genuine smelter operated by
itself. True, the smelter was
a baby in size, compared with the
general run of smelters, but then it is
a smelter, and, besides, the prospects
are good, the first year, despite the
fact that it will grow into a respectable sized
plant. All the machinery and necessary
material for the smelter is now
available. The first year saw the
smelter in operation, and the
prospects were greatly encouraged
last week by the public any

TO THE TRADE

SLIGHT RALLY IN WHEAT.

January 11th.

Filling "Actions speak louder than words. Orders are pouring in upon us. New goods, unequalled value and prompt service are the hallmarks that will win in the hearts of the trade. "No ingenuity succeeds like success. We are ever reaching forward to lengthen the chain of our business by adding new customers."

"Coming events cast their shadows before them." Last year we added over five hundred new customers to this year. We add one thousand to the thousands whom we already have between the two oceans.

JOHN MACDONALD & CO.,
Wellington and Front-Sts. E.
TORONTO.

AT OSGOODE HALL.

New Rules Made by the Supreme Court as to the Divisional Courts—To-day's Lists.

Mr. Justice Macdonald has given judgment dismissing the motion to continue the injunction granted by Chief Justice Armour in Foster v. Village of Hinsburg. The plaintiff sought to restrain the corporation from proceeding to collect the taxes for 1886, on the ground that the assessment was made without regard to the exclusive of school rates, on the value of the ratable property in the village. He gave up his motion to the court to disallow the trial at the trial.

DIVISIONAL COURT RULES.

The following new rules were made by the Supreme Court on Saturday last and are now in force:

Huts 129. It is hereby repealed, and the sections of the Divisional Courts shall remain in force until the first Monday in each month and shall continue for two weeks, unless otherwise directed before the first Monday in each month, in accordance with the following exceptions:

(1) The Divisional Courts will not sit on any day falling in any vacation, not upon any Saturday or public holiday.

(2) On the first Monday in a month shall fall in any vacation, the Divisional Court will not commence its sittings until the second Monday in the next vacation of such a month, and when the first Monday in the vacation falls in the same week as the first judicial day thereafter, not before the second Monday in the next vacation.

It is hereby repealed, and the following substituted thereto:

"(3) On the first judicial day to a Divisional Court, against a judgment or for a new trial, or to set aside a verdict, or by way of appeal, or by way of a writ of error, or by the High Court, made at a trial, or otherwise in respect of the judgments pronounced at the late, the first sittings of a Divisional Court, the commencement of which is the expiration of one month from the date of the verdict, or from the pronouncing of the judgment if any, unless otherwise directed by the court.

(4) Every such motion shall be upon two clear days' notice, and the motion shall be set down two clear days before the commencement of the sittings of the Divisional Court, unless notice is given, unless otherwise ordered.

(5) Every such motion shall set out on the grounds of the motion appealed.

TO-DAY'S LISTS.
