TWENTY-SECOND YEAR

CANADA WILL ALSO MOURN

To-day to be Observed as a Day of General Fast and Public Mourning.

MEMORIAL SERVICES SUGGESTED

Last Sad Tribute of Respect to the Assassinated Chief Magistrate of Ontario.

Ottawa, Sept. 18.—The following proclamation was issued to-day by command of His Excellency the Governor-General: "Whereas a terrible bereavement has befallen the people of the United States by the death, at the hands of an assassin, of their Chief Magistrate; and whereas, it is eminently fitting and proper that the people of our Dominion of Canada should be afforded an opportunity of expressing a solemn and collective manner their sympathy for the untimely death of the late President, and their deep sympathy with the people of the United States in the national calamity which has suddenly fallen upon them;

"Now, therefore, we do proclaim that Thursday, Sept. 18, being the day appointed for the obsequies of the late President, shall be observed as a day for a general fast and for public mourning throughout our Dominion of Canada. And we do enjoin and exhort that, on that day, throughout our Dominion, all flags and ensigns shall remain at half-mast, and that signs and emblems of mourning shall be displayed; and that our civil and military authorities shall abstain from any public recreation or amusement, and that they do assemble in their respective places of worship for the purpose of holding memorial services.

"Given under my hand and seal of office, at Ottawa, this 18th day of September, in the year of our Lord one thousand nine hundred and one, and in the first year of His Majesty's reign. By command.

(Signed) R. W. Scott, Secretary of State.

WELLAND CONSERVATIVES.

Henry Cromwell Will Contest the Riding in Provincial Elections. St. Catharines, Sept. 18.—At a meeting of the Welland County Conservative Association this afternoon Mr. Henry Cromwell was nominated as the candidate for the riding of St. Catharines in the coming provincial campaign. The choice was made in the executive meeting on motion of Mr. J. Harrison Pow of Niagara Falls and Dr. Neil of Port Colborne. It was later ratified by a large general convention, and great enthusiasm prevailed.

Mr. Cromwell is the senior member of the firm of the Ontario Paper, Printing and Milling Co., at Port Colborne. He has a large family and large interests in the southern portion of Welland County. He is one of the oldest and best known men in the county, and his business has been entirely built by himself. He is of German descent and has a strong influence among the many Germans of the district. He is a man of broad and generous ideas, coupled with that power of success which carries him through every fight. He has represented the people in the County Council several times, and has filled the chair of the reformers who find him a hard man to beat.

MODERN SHOES.

New Conditions Which Lessen Cost of the Victor. On the ordinarily retail price of boots there are three things which make a man out of the pocket of the wearer. First, that of the manufacturer, who produces the boots, and with whom greatly rests the question of their ultimate price. Second, comes the profit of the wholesaler. His duty is the local distribution of the boots, and he is the man in demand. Third, that of the retailer, who keeps a store to display the shoes, and pays his expenses out of what he can make over the wholesaler's price to him for his stock. Each of these three—manufacturer, wholesaler and retailer—has his own expenses of rent, salaries and advertising, all of which must come out of profits over and above the immediate intrinsic cost of the shoe.

Victor shoes are not retailed in that way. The Robert Simpson Company themselves are the owners of the Victor shoe. The retailer is the manufacturer. Two profits are thus cut out of the retail price of Victor shoes at one stroke. Not only that, but both manufacturing and retailing are managed on a modern economic system, so that the original cost is lessened, the expense of distribution is lessened, and the price to the wearer is lessened, while quality, so far from being sacrificed, is improved. Victor shoes are claimed to be the equal of any five dollar man's shoes in the market, and, indeed, by their increasing popularity, the claim seems to be well sustained.

Business men's quick lunch, 11.30 to 2.30. Thompson Chop House.

The Magic Circle. A man admitted to the magic circle of contentment with the Victor shoe. "Clubb's Dollar Mixture." "Save your money by investing it in good contentment when you buy Clubb's that lasts through a long smoke, and is sweet and pure. That tobacco is 'Clubb's Dollar Mixture.' 1 lb tin, 50c; 1/2 lb tin, 25c; 1/4 lb tin, 12c. Sample package, 10c. At A. Clubb & Sons, 40 King Street.

DUKE OF YORK FINDS NO RACE CRY

MONTEAL'S LOYAL RECEPTION

Fully 250,000 People Witnessed the Day's Events—Lord Strathcona Acts as Host.

Montreal, Sept. 18.—The future King and Queen of the greatest Empire the world has ever known arrived in Montreal this afternoon, and were the recipients of the most wonderful ovation that has ever been accorded to man or woman in this great city. It is estimated that fully a quarter of a million of people lined the streets, and while men and boys cheered themselves hoarse, ladies waved banners and handkerchiefs, while the Duke and Duchess passed with the great throng of the Metropolis.

There have been "big days" before in the history of Montreal. Even the older ones of the present generation can remember the occasion of the visit of His Royal Highness the Prince of Wales, now King Edward VII., to the city forty-one years ago, and the popular rejoicings which marked the close of the Crimean war. The both of these events are now matters of history, there is still fresh in the memory of our people the "great days" when in 1857 and 1858 the affectionate loyalty of the people was evidenced in the celebration of the Jubilee of our late lamented Duke, and more recently still in the tremendous popular ovation which was given by the city to the Strathcona Horse on the eve of its battles for the Empire. These, all of them, were "big days" in the history of the city, but if the evidence seen in the streets to-day is any criterion, the welcome tendered the Duke and Duchess of Cornwall and York this afternoon surpassed them all in general rejoicing and the exhibition of enthusiastic loyalty.

Spontaneous Loyalty. It was a loyal welcome, coming spontaneously from the hearts of a free people, and, with the exception of the citizen soldiers employed to keep clear the route of the procession, devoid of the armed strength which marks the progress of royalty in the Old World. There was no military escort, which so often betrays in the persons of kings and their royal sons. There was no need of that. It was the eager manifestation of affection and loyalty for the Throne, under the rule of whose occupants the people of Canada have secured all the liberties of a free and self-governing people.

Royal Party Arrives. The Governor-General's train reached

at 2.30 p.m., while the special carrying the Dominion's royal guests

arrived in half an hour later. The royal party alighted, and, passing through the station and over Craig-street, the Duke and Duchess were received on a magnificent

decorated platform by one of the most notable assemblages of people ever gathered in Montreal. There were the Mayor, the Prime Minister of Canada, Sir Louis Davies, Hon. W. S. Fielding, the Judges of the Court of Appeal and Superior Courts, the Archbishop of the Anglican and the Catholic diocese of Montreal, the clergy of all denominations, Aldermen Cox and Oliver, Miss Scott and J.W. Moyes of Toronto were also noticed in the reception stand.

An Audience of 100,000. There were fully one hundred thousand people massed around Viger Station when Mayor Prefontaine, looking every inch the Chief Magistrate of a great Imperial city, began to read the following address:

To His Royal Highness George, Duke of Cornwall and York, K.G., K.T., K.P.C., etc., May I please Your Royal Highness.

With a full appreciation of the graciousness implied by your visit to this portion of our busy harbor as an active officer of the military and naval forces of the British Empire, and your gracious and much-beloved consort, a royal, hearty and fervent welcome to you and your family. Twice already has it been our privilege to welcome Your Royal Highness to our busy harbor as an active officer of the North American and West India squadrons, that portion of the Royal Navy, especially entrusted with the protection of Canada's Atlantic

BACK IN HIS OLD OHIO HOME AGAIN

FOR THE LAST TIME MCKINLEY LIES

Coffin Taken to the Canton Cottage at Nightfall—Impressive Scenes of Sorrow—Mrs. McKinley Will Not Be Able to Attend Church Services To-day.

Canton, O., Sept. 18.—Tenderly and reverently those who had known William McKinley best to-day received his martyred body into their arms. They had forgotten the illustrious career of the statesman in the loss of a great personal friend, and they had grown weary to him with the passing of the years. They hardly noticed the President of the United States or his cabinet or the generals or admirals in their resplendent uniforms. The beautifully draped casket, which contained the body of their friend and fellow-citizen, had all their thoughts. He had left them two weeks ago this very day in the full tide of strength of a glorious manhood, and they had brought him back dead. Anguish was in the heart of every man, woman and child.

The entire population of the little city and thousands from all over Ohio, the full strength of the National Guard of the state, eight regiments, three battalions of artillery, one battalion of engineers, 5000 men in all; Governor, Lieutenant-Governor and Justice of the Peace, and the three branches of the State government, were at the station to receive the remains. The whole town was in deep black.

McKinley Cottage. The only house in all this sorrow-stricken city, where it may be seen, without a touch of mourning drapery, was the old, familiar McKinley cottage on North Market-street, to which so many distinguished men in the country have made pilgrimages in the days that are gone. The blinds were drawn, but there was no outward token of the blow that had robbed it of its most precious possession. The flowers bloomed on the lawn as they did two weeks ago. There was not even a bow of crepe upon the door when the stricken widow was carried by Almer McKinley, father of the late President, to the darkened home, from which the light, for her, had flown forever. Only the blighting post of the curb in front of the residence had been washed in black by the citizens, in order that it might conform to the general scheme of mourning decoration that had been adopted.

Had Procession. Sad as was the procession which had borne the body to the Court House, where it lay in state this afternoon, it would not compare with the infinite sadness of the funeral which will be held here on Monday. The facilities of the little city of Canton are entirely inadequate to care for the thousands who are on the way. Al-

evening was spent quietly at the castle, M. and Mme. Loubet and the Czar and Carina dining in their respective apartments.

ARRIVAL AT DUNKIRK. Dunkirk, France, Sept. 18.—At 12.30 o'clock this afternoon the Russian imperial yacht Standart, with the Czar on board, entered the dock, and shortly afterwards the royal visitor set foot in France. The streets were crowded before 5 a.m. with troops marching in their positions. Everywhere hunting banners in welcome to the Emperor of all the Russias, and the inhabitants were to see nothing of him, as the ceremonies were to take place behind an impenetrable wall of soldiers, the enthusiasm of the public was unbounded.

Went to Meet Them. President Loubet proceeded in the torpedo gunboat Cassini to the three-mile limit, and meeting the Standart, escorted him into French waters. The two vessels returned to the quays at 10 o'clock, but the distance was too great to allow the sound of the voices to reach those on board the imperial yacht. The Emperor and Empress, accompanied by the Emperor's children, were met by a magnificent view of the fleet hiding at anchor. The flotilla of torpedo boat destroyers patrolled the lines of warships, and kept the excursion steamers from encroaching on the prohibited area. The entire squadron was dressed in hunting. President Loubet embarked on the Standart instead of the Czar and Carina, who were on the Cassini, which is a lead boat.

Distance Too Great. As the long, black hull of the Standart, with her white funnels, proceeded slowly up the line, the crowds awoke crying, "Vive le Czar" and "Vive la Republique"; but the distance was too great to allow the sound of the voices to reach those on board the imperial yacht. The Emperor and Empress, accompanied by the Emperor's children, were met by a magnificent view of the fleet hiding at anchor. The flotilla of torpedo boat destroyers patrolled the lines of warships, and kept the excursion steamers from encroaching on the prohibited area. The entire squadron was dressed in hunting. President Loubet embarked on the Standart instead of the Czar and Carina, who were on the Cassini, which is a lead boat.

TRAINING EMMA GOLDMAN

Buffalo Police Receive Some Interesting News From Authorities in Barre, Vermont.

Buffalo, Sept. 18.—By far the most interesting news in relation to Emma Goldman has been brought to Superintendent Bull since he has been investigating the recent doings of the Queen of Anarchy who was laid before him this morning by Chief Patrick Brown of the police of Barre, Vt., which, a town of no more than 10,000 inhabitants, is said to contain 800 Italian Anarchists.

A grand jury now in session in Barre is considering an indictment for sedition against Goldman.

Two years ago Emma Goldman began a series of inflammatory speeches before the Barre granite cutters. Chief Brown broke up the meeting on the third night. Goldman left town declaring that Barre had not heard the last of her, nor of the Anarchists.

Last December Chief Brown was shot in the abdomen by three men, Anarchists, and did not recover for two months. A police button saved his life.

Just about this time a Barre police officer received an anonymous communication telling of first such a plot to kill President McKinley as was carried out in Buffalo. This letter is now in the possession of Chief Bull. It was turned over this morning to him by Brown.

At the time of her last appearance in Barre, Goldman is alleged to have said: "I cannot say God bless the hand that strikes in the Maine, because I do not believe in God."

GOLDMAN UNDER HEAVY BONDS. Bail Fixed at \$20,000 for Her Release From Prison.

Chicago, Sept. 18.—Magistrate Prindiville today decided to allow Emma Goldman, the Anarchist, her freedom until her bonds should come up for hearing, under bonds of \$20,000. Her attorneys said they had secured \$10,000, and immediately left the courtroom to seek the additional money necessary to the Women's Annex at the Harrison-street Station. She was much disappointed at the amount of the bond required.

"I guess they thought they would make the bond so big I couldn't furnish it," she said, "but I have friends of the public knowing about, and I'll be out here by night."

Miss Goldman declared that she hoped to get out, if for no other reason than to see the police that she did not care for. "I am tired of this talk of protecting me," she said. "I want to walk on the streets and show them that I don't need their assistance. We were prepared to get the other \$10,000. I would like to be free for another reason, to help Mr. Isaak and the other Anarchists, who are being persecuted by the police. That is what I came to Chicago for in the first place."

Up to a late hour this afternoon the necessary bond had not been furnished.

SIX PEOPLE WERE KILLED

Express Traveling at Forty Miles an Hour Crashes into a Freight Train.

Twenty-Five Persons Injured

As the cars were instantly thrown upon their sides, many passengers fell upon each other, and the windows were blown out. The broken seats and the heavy pieces of timber pinned them down. Many were forced from the windows by the sudden shock and the overturning of the cars, and fell to the ground. Some were killed, and others were injured. The freight train was stopped by the collision, and the engine was turned off, and escaping steam added to the horror.

Mrs. Tonkin, who was killed, was 18 years of age, the daughter of John T. Tonkin of Oil City, Pa., a prominent oil magnate.

POLO PONY TIPS. The air of the drawing-rooms of the city is thick with tips on the polo pony race at Woodbine, Saturday. Of the two races, quite a downy shower of tips is being poured out. FAITH IN BRYAN.

Fusion of Democrats and Populists Elected in Nebraska.

Lincoln, Neb., Sept. 18.—Fusion between the Democrats and the Populist parties of Nebraska was effected by the State convention, after sessions held in separate halls, beginning shortly before 3 p.m. yesterday, and continuing until 2 o'clock this morning.

As the result of an agreement to fuse the Democrats were given the head of the ticket. Absolute faith in the leadership of W. J. Bryan marked the speeches and resolutions. Hostility was declared to re-organization of the party on any line of policy different from the present.

The tragedy at Buffalo tempored the speeches and resolutions in both conventions, and the feeling reference to the dead President was made by each chairman.

Something About the Stock Shown By Bastedo & Co.

Bastedo & Co., 77 East King-street, are exhibiting a fine line of Ladies' and Gents' Furs, also hats and caps.

As the season is fast approaching, a visit to this up-to-date establishment will prove very interesting. The stock is very large and complete, while the reputation for fair dealing earned by this old firm is a guarantee of satisfactory prices and quality.

Bastedo & Co. manufacture all their own furs, and are therefore qualified to speak for their genuineness. For this season, fur jackets are the most fashionable article of apparel for ladies' wear, while capes and long ruffs are in great favor. All are cut in the latest New York patterns, and are of style and guaranteed.

Some of the other fur goods shown are jackets of Alaska Seal, Persian Lamb, Beaver, Astrachan, Electric Seal, Grey Lamb and Carleton Lamb, Long, Bone, Ruffs, Muffs, Capes, Capelines, Seal, Ruffs, Bangs, Gauntlets, Storm Collars and overridding. The stock is shown from 10 to \$35,000 stock which this store carries.

FAITH IN BRYAN.

Fusion of Democrats and Populists Elected in Nebraska.

Lincoln, Neb., Sept. 18.—Fusion between the Democrats and the Populist parties of Nebraska was effected by the State convention, after sessions held in separate halls, beginning shortly before 3 p.m. yesterday, and continuing until 2 o'clock this morning.

As the result of an agreement to fuse the Democrats were given the head of the ticket. Absolute faith in the leadership of W. J. Bryan marked the speeches and resolutions. Hostility was declared to re-organization of the party on any line of policy different from the present.

The tragedy at Buffalo tempored the speeches and resolutions in both conventions, and the feeling reference to the dead President was made by each chairman.

THEIR MONEY IN OIL BEFORE ADVANCE IN PRICE 7 DAYS MORE In the Shares of THE ONTARIO and CALIFORNIA OIL CO (LIMITED.) Get Your Orders Booked In Time.

Whereas, owing to the result of recent negotiations and developments, it has been decided to advance the price of the Treasury Stock of the Ontario and California Oil Company, but owing to certain options, formerly given on portions of said stock extending to the 25th day of September next, it would be impracticable to do so until that date: RESOLVED, that the Treasury Stock of the Ontario and California Oil Company, Limited, no personal liability, at present selling at SIX cents per share, be advanced to TWENTY-FIVE cents per share—such advance to take effect after the 25th day of September next.

ONTARIO-- Contracts will be let within the next few days for the sinking of twenty additional wells on the Company's Ontario properties. CALIFORNIA-- Look out for some surprising results on the California properties, controlled under option for development agreement by the Ontario and California Oil Company. TEXAS-- The Ontario and California Oil Company have secured the option on the control of the stock of the "Blue Bonnet Oil Co." of Galveston and Beaumont, Texas, owning valuable oil lands on Spindle Top Heights, about half a mile from the famous Lucas "Gusher," which has been gushing liquid money at the rate of seventy thousand barrels per day; also three more blocks of valuable oil lands at Sour Lake, Damons Mound, and close to the Town of Beaumont—all in the very richest oil-bearing lands so far discovered in Texas. The Blue Bonnet Oil Company and its directors are highly endorsed by Walter C. Jones, Mayor of Galveston, Texas.

The above advance is gratifying to the Company's Directors and Shareholders, but is only an earnest of what may be expected in the Ontario and California Oil Company, and looks small when compared with some other oil stocks which have actually advanced from fifty cents to two hundred dollars per share. All orders for the present issue at SIX cents per share must be forwarded before the above date, accompanied by the cash or equivalent, payable to J. L. FINCH, Sec.-Treas. Ontario and California Oil Company, 21 Adelaide St. East, Toronto.

NOTE—All Orders Must Be Postmarked Before the 25th.

BAD COUGH CUR ED. It is absolutely necessary in treating lung trouble to get to the seat of the trouble. Generally speaking, lung trouble of any kind, if it hangs on is due to system weakness. Put the system right—make the body healthy and you will get rid of the disease. Powley's Liquefied Ozone makes the system healthy; forms healthy flesh and gives you an enjoyment of the food you eat. But more than that its antiseptic effect destroys the germs of disease. Mme. Cherrier suffered for years from a most obstinate cough and bronchitis. This is her story: THE OZONE COMPANY, Ltd., TORONTO, ONT. Gentlemen: I have suffered for the past four years with Bronchitis; sometimes very bad. I could not sleep at nights and my cough was very severe. I tried many remedies, but to no effect, when about the 1st of June, I procured a bottle of "Powley's Liquefied Ozone," and from the first I began to get relief. When I had taken nearly three bottles my cough was entirely cured and I was able to sleep all night. I can say I am now completely cured and feel like a new person. I take pleasure in recommending your "Ozone" to all who suffer from Bronchitis as I did. (Signed) MRS. RICHMOND CHERRIER, 61 St. James St., Montreal, P. Q. Powley's Liquefied Ozone is the greatest discovery of the age. It makes use of oxygen, Nature's most health giving element, in a new and altogether effective way. Write for Booklet, free. Write our doctors about your case. Give every detail and get advice absolutely free. Your letter is confidential. Address the Consulting Department of The Ozone Co., 225 King Street, Chicago, Ill. 50c. and \$1.00 at all Druggists. THE OZONE CO. OF TORONTO, LIMITED, Toronto and Chicago.

We say it's better, easier, quicker than soap. Saves work and clothes. Try PEARLINE on the faith of the millions who use it. You owe it to yourself to try it.
