DEFERRED EFFORTS TO MASS MUC POWER PLANS OF THE PEOPLE

Attempt May Be Made to Create Year's Delay by Contesting Validity of Contract Bylaws in the Courts.

EMISSARIES ARE ABROAD TO SCARE THE FARMERS

Just what the electrical companies expect to do with the government's cheap power scheme is not fully apparent, but that there is evidence of widely concerted action to hamper and obstruct, and, if possible, apparently to block the fulfilment of the scheme is clear on every hand.

The people have shown in many earnest ways their determination to have cheap power, and they have entrusted their interests to Premier Whitney and his cabinet in the assurance that they would get it. While Premier Whitney is absent in England, the enemies of the scheme are doing their utmost to make it difficult to carry out the project. The people want to know if there is no way by which their will can be done and the government plans executed, or if it be possible for litigious persons and private interests in underground ways to delay and hamper the success of the plan on which so much labor has been expended and so much of the credit of the government staked.

In the ordinary course of law and government by injunction, it is understood that legal processes may hold up the whole power scheme for a year. It is clear that emissaries of the electrical interests are counting on this possibility from the reports of writs and injunctions and other legal measures which are current.

Contract Bylaws Validated. It is assumed by the hydro-electric power commission that nothing is to be feared from legal process. The plea of the injunction seekers is that the bylaws passed are not valid, and the contract cannot therefore be signed. Sir James Whitney's government took the precaution to validate all the bylaws passed pursuant to the act, and it is not conceivable that any judge will overlook this validating act. In the case of London, the City of London Act specially provided for the validation of their bylaws.

Hamilton was in a similar case, but against the will of the people the Hamilton City Council was induced to abandon the hydro-electric power commission and tie up to the Cataract Power Company. This in itself does not matter, but it is a precedent which the power interests are anxious to have set. In the case of the Ontario Hydro-Electric Power Commission, it is resolved to re-submit. There is no doubt of result, although agents of the power interests are endeavoring to mislead the people there.

No writ has yet been issued at Berlin, and it is running prevalent that such action was intended. Galt and Brantford have been assailed in all sorts of ways by the power interests to induce them to yield the allegiance to the popular power distribution, but no one fancies for a moment that the people can be hoodwinked on this clear issue.

Who's Hand is It? Are the power companies looking after the interests of the people, or are the representatives of the people doing so? Hon. Mr. Beck has asked in this connection.

It is interesting to note that the instructions to seek an injunction in London have been traced to the same obnoxious source in Berlin, where similar action is contemplated. This is a big power combination working behind the scenes to defeat the government and the popular will, to stultify Sir James Whitney and to protect certain private interests, as clear to all acquainted with the facts.

HIGH SCORING BEATS ALL RECORDS

Never Such Shooting as at Yesterday's O. R. A. Contests—Six Tie in Mackenzie and Seven in Osler.

LONG BRANCH RIFLE RANGES, Aug. 26.—(Staff Special.)—Never was such average good scoring done on these ranges as to-day in the second day of the O. R. A. annual meet. Six "possibles" were put on in the Mackenzie match this afternoon; seven "possibles" were made in the Osler match, and three "possibles" were scored in the first stage of the Bankers' match this morning.

Things are getting to such a fine stage of excellence that a marksman cannot feel that he is in the running unless he is playing in a streak of luck that brings him nothing but successive bullseyes. Many were the disappointed sharpshooters who have been accustomed in previous matches to seeing prize money handed out for 25 and 35 out of a possible 35. To-day a score of 31 wouldn't get a man anything but dejection.

In the Mackenzie match 16 scores of 32 points had to be checked amongst the also rans, and seven tyros (those who have never won prizes in any regulation match) who scored 29 points met a like fate.

In the Osler match 22 was the lowest accomplishment that received remuneration, and there was one 32 too many for the prizes in this case. One tyro, scoring 30 points in this match, was dropped. Last year there were twenty-five 31s in the money for the Mackenzie composition.

"I never saw anything like it," said Lieut.-Col. W. Wallace, 38th Regiment, statistical officer of the association, and he has occupied this office since 1887.

Major Singer of the 7th Welland Field Battery, who has been a regular participant for fourteen years, and who has a team of ten men, including Sergeant Gilchrist, a Balesy man, says it is beyond anything he has ever seen or ever expected to see. After this, he says, he will be prepared for anything—men will be splitting hairs at 1000 yards.

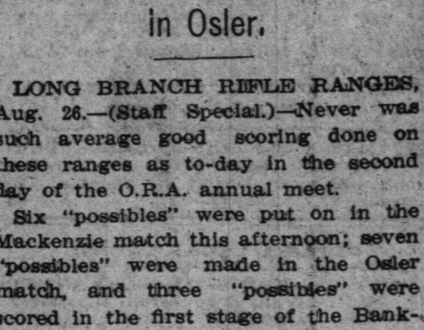

String of Five Possibles. The best string of five possibles was made in the two days in five possibilities out of seven scores by Sgt. W. A. Smith, G. F. E. G., Ottawa.

In the extra series matches, which will run until Friday, Lieut. Martin of the C.A.S.C. has made sixteen straight possibles, and Lieut. Macdonald, chairman of the executive, said the result of the Osler match pleased him exceedingly. It presaged well for the great degree of efficiency the Canadian militiamen would show.

THE CORN STOOKS? This refutes the stories being told farmers that the power transmission kills crops.

OFTEN CHASED AND THEN SHOT

RELATIVES OF MAX MAGNUS SAY BOY DECLARED THAT MULOCK USED TO FRIGHEN HIM.

"I want to get my job again when I get well."

This was the explanation which Mrs. Mary Springwood swore was given her by her nephew, Max Magnus, for saying that Walter Mulock, his fellow-employee in the West Queen-street harness shop, was only fooling when he shot him July 28.

This evidence was given at the inquest opened by Coroner S. Singer at St. Michael's Hospital last night. The woman was deeply moved.

She said she had seen the boy three days after the shooting and that he had made the statement to her that Mulock had chased him with the revolver and that he had dodged about another workman. The lad demonstrated Mulock's action with the revolver with a fan as he lay in the hospital cot.

She said that the lad had told her two weeks before that he liked his work except for Mulock chasing him with the revolver.

Going on with the story of the time of the shooting he said that he had turned his back to Mulock and felt the shot in his back. Mulock had cried out, "Max, save me and say it was an accident. You know I never meant to do it."

Mrs. Springwood said she asked him why he had said it was an accident when he knew it was not, and it was then that he had explained about wanting his position back.

ELECTIONS DUE IN NOVEMBER

May Be the 3rd, or Then Again Perhaps Not Until the End of That Month.

OTTAWA, Aug. 26.—(Special.)—In view of the approach of the general elections, R. L. Borden does not expect to be able to travel far west this fall, nor will Sir Wilfrid Laurier be able to find time for a trip west of the great lakes. He will be wanted for a number of meetings in his native province and may speak at a couple of places in the Maritime Provinces.

That the federal elections will take place some time between Oct. 27 and Thursday, Nov. 5, appears to be definitely settled. Most likely dates are Wednesday, Oct. 28, or one week later, Nov. 4.

The selection of the last week in October will depend largely upon the work of the revising judges and on the capacity of the printing bureau to turn out the lists. These are being hurried on, but it is found that it is impossible to get them ready for Nov. 4.

But the belief is generally expressed in official circles that everything will be in readiness for an early contest.

A special to The Evening Globe from Ottawa says:

There is every likelihood that the general election will be held on Wednesday, Oct. 28. If the poll is not taken on that day, it is almost certain to be taken on Thursday, the 29th, or on Tuesday, Nov. 3.

Preparations can be made for the 28th, that date will be selected. This will depend largely upon the work of the revising judges, and on the capacity of the printing bureau to turn out the lists and other necessary material.

It is found impossible to hold the election by Nov. 3, there is every likelihood that the taking of the poll will be deferred until the end of the month.

WOMAN FOUND UNCONSCIOUS WITH DEAD INFANT BESIDE HER

An unfortunate occurrence took place Tuesday night near West Toronto. A young woman named Mrs. Wilson, who resides at Fairbank, a district about one mile north of Davenport Station, had been visiting a neighbor's house and on her return was overtaken by the stork on the roadside before she could reach home.

A NATIONAL CAMPAIGN HAS BEEN MAPPED OUT FOR LAYMEN MISSIONS

Series of Meetings Will Be Held From Coast to Coast, Covering a Period of Six Weeks.

At a meeting of the Canadian Council of the Laymen's Missionary Movement, held in the city yesterday, the plans for the autumn campaign were largely settled.

The council expects to introduce the movement to all parts of the Dominion by holding a series of meetings covering a period of six weeks, and extending from Halifax to Victoria.

Meetings will be held in the following important centres: Halifax, St. John, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Regina, Moosejaw, Calgary, Edmonton, Vancouver and Victoria.

A number of other important centres have requested meetings, and so far as possible their requests will be complied with.

At most of the centres mentioned, strong local committees have already been appointed, consisting of the leading business men identified with the different churches, and preliminary arrangements are well under way, particularly in the east and west.

The meetings in the maritime provinces will be held in the week from Sept. 12 to 18; meetings in Ontario from Oct. 4 to 11; meetings in Alberta from Oct. 11 to 18; meetings in Saskatchewan and Manitoba from Oct. 18 to 25.

The general character of the meetings will be the same in each centre, and will include a laymen's dinner, a series of meetings or conferences at 25-cent meetings, and a number of lectures, introducing and spreading the work and inspiration of the laymen's missionary movement throughout the whole country.

It is expected that representatives of every congregation in the province or district in which these centres are located will be invited to be present at these meetings, and that the influence of these meetings will be as widespread as possible.

J. Campbell White, the general secretary of the movement, will devote his whole time during this campaign to attending this series of meetings. It is expected he will be accompanied during the campaign by John R. Mott or Robert E. Spear, and a number of leading laymen will go from Toronto and other points both east and west to attend these meetings.

Missionaries, leaders in their own churches, returned from the foreign field, will speak on the conditions and work in China, Japan, India and other mission fields. Missionary literature of a character to appeal to business men is being prepared, and will be extensively used throughout the campaign.

The movement, being inspirational and not administrative, does not collect missionary money or send out missionaries, and the object of these meetings is to have been arranged by the Canadian Council of the Laymen's Missionary Movement, in co-operation with the mission boards of the different churches, is to awaken the laymen of Canada to their privilege and responsibility in connection with the mission work of their own churches, both at home and abroad.

DREDGE MUSTN'T DUMP SAND IN LAKE

Possibility That Deepening of Western Channel May Have to Be Stopped By Government Engineer.

"If the depositing of sand out in the lake is not stopped I will order the dredging in the new western channel to be discontinued."

This was the emphatic statement made by J. T. Sing, Dominion Government engineer, during the special tour of inspection of the work made by a party of government and civic officials, business and marine men, yesterday afternoon, on board the trim government yacht Otomabee.

Mr. Sing is decidedly of opinion that the sand, of which 2000 cubic yards are being dredged daily, should be removed to Ashbridge's Bay. His estimate is that 830,000 cubic yards will be dredged and that deposited along the break-water south of Cherry-street, 28 acres could be reclaimed.

R. Weddell, head of the contracting firm, said that the company would not object to depositing the sand there provided the city or the government would agree to pay two cents per cubic yard of sand. When the work began in Ashbridge's Bay, the board of directors of the city, and the board of contractors should have agreed that the contractors should remove all the sand from the lake, and deposit it in a place where it would not be liable for the city or government to pay.

Controlled Spence has brought up the question of depositing the dredgings in Ashbridge's Bay, but the board of control has only toyed with the proposal thus far, and an effort is now being made to have the board of control interested itself. R. Weddell, secretary F. G. Morley, who were on yesterday's trip, favor the reclamation proposal.

After viewing the launching of one of the big sections of crib-work, about 40 of which are to be filled with stone and sunk in the new channel, to prevent drifting of sand, the public inspectors took a spin around the island.

More than 1,000,000 cubic yards of sand are to be dredged, and 5,000,000 feet of timber, 270 tons of drift bolts, screw splices and washers, 15,000 cubic yards of concrete, 125 tons of steel rods and re-bar, and 80,000 cubic yards of stone will be used in construction work.

The sand dredge will be sufficient to fill in 40 acres in Ashbridge's Bay or elsewhere. The Northern Ontario shippers, tracks and sheds have been leased by the contractors, and 1,500,000 feet of timber and 100 tons of bolts and washers are already on hand. A dredge sand pump and a dipper, each with a ten-hour capacity of 2000 yards, two dump scows, with a capacity for ten hours of 800 cubic yards, two ordinary scows with a ten-hour capacity of 400 cubic yards, floating steam derricks and crib building, two tugs, with pontoons and 2000 feet of 15-inch pipe, are being used.

The work will be completed in two years and will cost the government \$500,000.

EXPECT SERIOUS TIE-UP OF STRIKE CONTINUES

Schreiber Yards Full of Freight Trains, Which Are Awaiting Locomotives.

NORTH BAY, Aug. 26.—(Special.)—Early this morning a freight train went thru a bridge on the Nipigon section of the C.P.R. west of Schreiber, resulting in a delay of traffic of ten hours. No one was injured.

General Manager Leonard and Superintendent Brady are held up by the wreck on their return from a western trip.

Tuesday night an engine plunged into a turn-table pit at Chapleau thru a mistake of a strike-breaker, causing considerable damage and delay. Engineers and trainmen of the Lake Superior division are of one mind as regards the condition of the engines. Their remarks can be summed up in the word "rotten." A freight blockade exists at the Schreiber yards, which are full of trains waiting for power. North Bay is similarly affected, but not to the same extent.

RIVER PIRATES' CACHE FOUND IN THE HUMBER

Quantity of Goods Stolen From Along the Lake Shore Road Are Recovered.

Two gasoline launches with a quantity of jewelry, clothing, tools, money and cheques, a valuable gramophone and an awning are the proceeds of the thefts of the men whose cache was discovered Tuesday by County Constable Simpson on the Humber River.

The launch found has been identified as that stolen from William Sutton of Hamilton some three weeks ago. The city police have been called to work upon the case and yesterday Detective Murray and Guthrie and P.C. Crockett set out in a gasoline launch at 10 o'clock from Sunnyside. They scoured the lake as far as Port Credit.

About 5 o'clock in the afternoon a Mr. Pringle phoned Inspector of Detectives Duesend from the Humber River. He had seen three men in a green canoe paddling east in Humber Bay. When he came from the phone they had disappeared, but Sergeant Verry and Detective Tipton went to Sunnyside to meet him and searched the lake front until 7 o'clock, when they found the canoe in the Ritz Wharf.

Pringle phoned again that he saw the same canoe with the men in it in tow of a boat off Gibraltar Point about 7 o'clock, but as it was too late to continue the search.

Among the goods found in the launch hidden in the bushes on the Humber bank and in the back of a house near the Ritz Wharf was a gramophone with 100 records, a value of \$150. There were also a number of tools which might be used for house breaking or set on fire, and a quantity of Wychwood was sent for. He found the child stillborn, and notified Dr. C. H. Gilmour of West Toronto, who acted as coroner. Dr. Gilmour visited the scene of the happening yesterday morning, and after investigating the case thoroughly found that an inquest was unnecessary. Undertaker Speers of West Toronto has charge of the funeral arrangements.

THIRTY MINERS LOST

Ignition of Barrel of Oil Causes a Calamity.

McALESTER, Okla., Aug. 26.—Nearly 30 miners are believed to have perished in Halleyola coal mine No. 1, at Halleyville, 14 miles east of McAlester, this evening, when a fire destroyed the hoisting shaft and cut off air from the men below. It is impossible to enter the mine.

After the miners had gone down in the cage a fire broke out, occasioned by the ignition of a barrel of oil, which a miner was trying to alight. The flames spread at once to the hoisting shaft and air shaft, and all communication with the top was cut off.

HIP AND WRIST BROKEN.

Mrs. Ferguson, aged 54, living at 117 Beatrice-street, fell yesterday and fractured her hip and wrist. Dr. W. E. Gorden had her removed to F. W. Matthews' private ambulance to the Orthopedic Hospital.

IN THE SUNDAY WORLD

From a drawing by Signor Cattapani, with a grouping of some very rare views, the front page of this week's Sunday World will present the Eternal City of Rome in a new and interesting perspective. One of the views is the approach to St. Peter's and the Vatican, with a mighty concourse of people in the foreground. Others show the Roman Forum, the Pope's Guard, the Aquarium, Rome from the Pincio and Aterno in the Vatican Museum, Moses by Michael Angelo and Mars in the Museum Capitolino, Roman Types of couples. This etching will occupy the entire front page and is the most artistic effort in pictorial art ever attempted by the Sunday World.

HOME FOR INCURABLES IS FORMALLY OPENED Credit Given Where it is Due— Love Laughs at Father's Objections.

HAMILTON, Aug. 26.—(Special.)—Eric Erwood, one of the civic white wing brigade, tried this morning to place obstacles in the way of the marriage of his daughter Harriet, aged 21, to T. B. Davy, 38 years of age, a rheumatic carter. He said that his daughter had promised not to marry. All the difficulties were smoothed out this afternoon and the wedding took place. The father so far relented that he presented to Aid. A. J. Wright, chairman of the committee, a golden key of the institution. Among those who spoke were Rev. E. M. Brady, Dr. McGilvery, John Lennox, Adam Brown, ex-Mayor Morden and Aid. Clark and Peregrine. Reference was made to the good work done for the institution by John Lennox and the late C. K. Donville.

The grocers of the city held a picnic this afternoon. They went by boat to Oaklands, where they had an interesting program of sports.

The official board of First Congregational Church this evening accepted the resignation of its pastor, Rev. J. K. Unsworth, with deep regret. They had cherished hopes until this evening of being able to retain him, but he told them that his decision to resign was final. A committee was named to arrange for a pulpit supply.

Mrs. Horning, Jones street, fell off a street car at the corner of James and York streets, and was seriously injured this evening.

The fire and water committee decided this evening to ask new tenders for the motors it is proposed to install at the bench of engineers. Barrow recommended synchronous motors, and as no tenders for that style had been received for Cataract power it was necessary to ask for tenders.

James Holton, the six-months-old son of James Moodie, 332 South Caroline street, secretary-treasurer of the Eagle Knitting Company, died this evening in the City Hospital after undergoing an operation.

Mayor Stewart has not yet announced whether he will be a candidate for a third term. Other candidates are Aldermen Doherty, James G. Dickson and John Hoodless. Aid. Sweeney has announced that he will run in ward 1.

The conference of the A.M.E. Church opened this morning in the John-street Church. Bishop Shaffer, Chicago, presided, and found fault with the reports presented by some of the congregations which did not show any growth. Rev. T. H. Henderson and Rev. A. W. Hackley were appointed secretaries.

Colonel Doesn't Deny. Col. J. M. Gibson declined to be interviewed regarding the report of the World's story that he would be lieutenant-governor of Ontario as soon as he got the tangles between the city and the Cataract Company straightened out. He would not deny it, however, but remarked that it was only gossip.

A warrant was issued today for Lillie Garlow, an Indian girl, on the charge of stealing two rings and a pair of shoes from Mrs. Tommy Lee Sing, 207 St. George street. The girl was arrested by Miss Ethel, daughter of William and Mrs. Southam, to St. Clair Balfour.

The remains of Mrs. McInnes, widow of the late Hugh McInnes, will be brought here for interment. Earl Roberts has written to Hon. J. S. Hendriks expressing regret that he was unable to visit Hamilton and intimating that he might come later. The county fathers have discovered that the time for building a house of refuge has been extended to 1910.

William Agnew Marler, secretary of the Hamilton Football Club, was married this afternoon at Stratford to Winnifred Dingman. George Ballard was the best man, and the bride was Miss Marion Ferguson.

Crown-Attorney Washington and J. H. Collinson have started out on a long walking trip. At the Wilton Park Hotel, Eva, the two-year-old daughter of the land-lord, Archie C. Austin, fell in the horse trough and was a terrier when found sticking out of a few minutes after.

ONLY FIVE MORE DAYS FOR CONTEST

Canadian Army Medical Corps Jumps Up Over Fourteen Competitors—O. O. R. Still Leads.

Only five more voting days remain before the contest for The World's Military Cup closes. Next Monday night the ballots will have to be counted for the final standing and between now and then considerable excitement may be expected. The O. O. R. continues to lead by a long margin, but the fortunes of war are varied and with the determined fight some other regiments are putting up it would not be a matter of surprise if the order is reversed before midnight of next Monday comes. It does not take long for subscriptions to count. For instance, the Canadian Army Medical Corps jumped from last place to fourth by admissions of the corps. It is not impossible for any one of the contestants to yet land the handsome silver prize.

Watch each day's standing and see the changes that occur. The standing of the corps up to last night was:

SOUL-MATE WIFE RELENTS WON'T PROSECUTE EARLE

Artist Shows Great Remorse and is Watched by Guards Lest He Should Attempt Suicide.

MONROE, N.Y., Aug. 26.—The trouble between Ferdinand Pinney Earle and his "soul-mate" wife, Julia Kutner Earle, which landed the artist in jail on a charge of wife beating, gave promise to-day of an early adjustment. Both Earle and his wife are said to be desirous of a reconciliation and it is not believed Mrs. Earle will consent to appear in court to press this charge against her husband.

Earle himself, who at first appeared to be opposed to any movement having for its object his release from jail, was said to be in a different mood to-day. He passed a sleepless night in jail at Goshen and was constantly watched by guards, who feared he would attempt to end his life.

To-day he broke down completely, wept and declared that he would attempt to gain his wife's forgiveness. The trouble between the couple arose in demeanor that his wife expressed willingness to overlook the treatment which resulted in her husband's arrest. Because Earle had forbidden his wife to nurse their baby.

Application was made in Middletown to-day for bail for Earle, and County Judge Royce fixed the amount at \$1000. It is expected Earle will furnish the security required and shortly be released.

FIREMEN AT THE FAIR.

The hose section for duty at the exhibition grounds will go up to-day. Capt. Wm. Russell (aerial 2) will be in charge, with Jack See of aerial 1, Albert Steen, hose 5, and Campbell of hose 3, with him. Yonge-street chemical will go up next week.

LAWSON WAS TIRED OUT STAYED 3 DAYS IN BED

But Nobody Was Allowed to Know That the "System" Fighter Wasn't Well.

BOSTON, Aug. 26.—While Thomas W. Lawson's "National Stock" has been furnishing a large percentage of the business on the curb markets and absorbing four-fifths of the country's financial comment, while the governing committee is looking into the books of New York Stock Exchange firms to discover the source of Saturday's enormous transactions, 1,130,000 shares, credited by rumor to "National Stock," its author and sole director has been lying quietly ill in King's Hotel.

Not the faintest whisper of his illness reached Wall or State street, and the only sign that he was not at the tiller of his money-boat was the announcement that the hearing of the Boston Curb, at which Mr. Lawson was to preside, had been postponed. It was this fact, in conjunction with the knowledge that there had been unusual activity around Mr. Lawson's headquarters in Young's Hotel on Thursday night, led to further inquiry.

The only explanation vouchsafed, and that by Young's Hotel, was that Mr. Lawson is probably busy. For two weeks previous, Mr. Lawson had been reorganizing the curb, cross-examining witnesses and lawyers at many hearings, directing "National Stock" operations until the close of the market, and laying next day's plans and writing 2000 advertisements until far into every evening. To one acquainted with these facts, the explanation that "Mr. Lawson was busy" was not "news."

Mr. Lawson's residences in the Back Bay, Winchester and Dreamworld were called up in vain, his automobiles were trailed fruitlessly, and questions at his various offices brought forth only Delia's answers. It was not until last night that Mr. Lawson's secretary, E. A. McSorwey, who, during the mysterious activities of the past few weeks had been undiscoverable, was located.

"Yes," he answered at once. "Mr. Lawson has been sick, very sick. For two weeks he has been leaving Dreamworld at 5 o'clock in the morning and getting back there at 1 o'clock the next morning. Mr. Lawson, for one thing, was tired. But he has been in bed for three days now and thinks he had a pretty good rest—enough and spare to keep him abreast of his job."

"Sick," said Mr. Lawson later in the day, "of course I've been, at least I wasn't so well as usual. You see, I have to be sick three days every year, and I have just wound up my usual penance with half a day over this morning. I was not until last night I learned yet that I can't do more than 36 hours work in 24 hours. Maybe I will before I am 100. But I'll be at work again in the morning."

PRISONERS SCALE WALL

One Breaks Leg and is Caught—The Other Gets Away.

PHILADELPHIA, Pa., Aug. 26.—Two convicts working in the yard of the state penitentiary in this city this afternoon scaled the high stone wall which surrounded the prison and jumped to the sidewalk below.

One of them broke his leg in the fall and was captured after a fight by the prison guards. The other convict, John Berger, dashed away, and although pursued by a large crowd he escaped.

Both men were in prison garb and are said to have used a rope in reaching the top of the wall, which is twenty feet from the ground.

News Paper by Auction. NEW YORK, Aug. 26.—In furtherance of the program adopted in July last by the American Newspaper Publishers' Association for periodical offerings of news print paper at public auction to ascertain the open market price for paper, John Norton, the chairman of the committee on paper, announces that a public auction of fifteen carloads of news print paper, 300 tons in all, will be held in New York City Sept. 2.

IMPRESSED BY O.A.C. Visiting Scotch Tourists Say It Isn't Equaled at Home.

GUELPH, Aug. 26.—(Special.)—Twenty-two of the foremost agriculturists of Scotland, who compose a government-appointed commission that are touring Canada, the guests of the Canadian Government, spent all today visiting the Agricultural College. They arrived this morning from Toronto in two special Pullman cars.

They were particularly interested when President Creelman explained to them how, through special short courses and by holding the annual June excursions, the beneficial influences of the farm were brought within the reach of any farmer in the province.

"Our agricultural colleges in Scotland are nothing as compared with this," said the secretary of the commission to The World correspondent. "We only look with longing eyes at the beneficent influence of the work and give the support that your government here gives it."

Newark and Rochester Break Even

While Baltimore Walloped Buffalo - Orioles Here To-day.

For the benefit of those who didn't see yesterday's double-header, which was reported by Providence, it is remembered that for raw, eye-punk and bad umpiring these two officials, Black and Toft, took the cheese. They were certainly the limit. Toft giving a decision at first yesterday, that should send him back to the Edward in place of the American League. However, a note will be heard tomorrow, if the arbitrators to-day cannot see daylight between the runner and the ball.

City poor Buffalo with a 11 to 0 score against them, but think again, for those who are buzzing about the loss, and may repeat, but that's hardly likely, as Schaffy's crew are going along well. Newark and Rochester broke even, while Casey's men had an off day.

Providence 3, Toronto 2. The fate of the initial game was decided in the fourth innings, when the Grays found a hole in the Orioles' defense. They won the game, as the Leafs only tallied two in their nine, their other opportunity being snuffed by a rank decision of Toft's at first base. It was even worse than rotten.

McInley, outside of the fourth, had it of his elongated opponent, Southpaw Barry, and if the locals had got an even break it's a safe bet they would have won the game; but it's the old story of when a team get down in the ruck they always get the worst of it.

Toft started the scoring, Thielman being passed up in the second, advancing off Whitney's sacrifice, and after Vandy had popped out, two strikes were on McGinley, Thielman started the natives by making a clean steal home. Duffy was put out of the game for chewing on this play.

The fourth was unlucky for Toronto. McInley and Hoffman, in succession, were warming up, and when Toft called him out, he popped to Schaffy, but Peterson dropped a Texas leaguer over first that tallied Arndt. Peterson was out stealing, and this ended their only chance, as on the Gray got to second in the remaining five innings. Guess it wasn't tough chisel.

Umpire Toft's bad decision came in the local's half of the fourth. With two down, Thielman walked, going to third when Whitney got a line out. Toft called him out, even before the play, but Vandy hit, and Toft called the ball, Vandy kicked on the decision and when Schaffy remonstrated he was ejected. Thielman, who was on third when the ball was hit, was home, and Whitney was on second. Toft was on base, as the Leafs had a chance to add another run.

So, if Toft had seen rightly, Thielman would have scored and the locals would have tied it up in the sixth, when Vandy singled, with one out, and when Schaffy scored, this ended their only chance. Gettingman went to second on a passed ball, but Toft failed to get on.

Providence 2, Toronto 2. Dicky Rudolph evidently had not got over his birthday celebration when he went in to pitch the second game of the double-header. He pitched a ball to the Leafs, the result being the Grays found him for six hits in three innings, from which five scored. He was out of the game, as he was hit by a line drive. The visitors scored as many as the locals did in the remaining innings, they maintained this lead by hitting Toft in the fifth. Applegate relieved Rudolph in the fourth, and twirled good ball, one run in the fifth being the result of a wild throw to first by Brown, that sent the runner to third, from where he scored on a long sacrifice fly. The other happened in the seventh. With two out and Donahue on first and Phelan on third, a double-steal was attempted. Phelan scoring as Brown's short throw to Schaffy went too high for him to return to time.

Toronto's two runs came in the third. Wiedy walked and went to third on Schaffy's hit to right, Schaffy making second on the return. Gettman singled, scoring Wiedy, and then stole second, but Empire Black called him out, another pink decision, and Jake showed his disgust by doing the cowboy act riding into town. Needlen, who, Black canned him. Phle grounded to Abstein, Schaffy scoring. Cockman singled, but Thielman whiffed.

Old, reliable Bill Phle was forced to quit after this inning, as he was suffering from a splitting headache, the ball looking like a pea to him. Keenan took his place. Score:

Baltimore 11, Buffalo 0. BUFFALO, Aug. 26.—Baltimore won from Buffalo by the very same score as yesterday, 11 to 0, the hits also being secured by three pitchers. The Orioles scored in the first four innings, and the Grays were shut out for the remainder of the game. The fourth was unlucky for Toronto. McInley and Hoffman, in succession, were warming up, and when Toft called him out, he popped to Schaffy, but Peterson dropped a Texas leaguer over first that tallied Arndt. Peterson was out stealing, and this ended their only chance, as on the Gray got to second in the remaining five innings. Guess it wasn't tough chisel.

Umpire Toft's bad decision came in the local's half of the fourth. With two down, Thielman walked, going to third when Whitney got a line out. Toft called him out, even before the play, but Vandy hit, and Toft called the ball, Vandy kicked on the decision and when Schaffy remonstrated he was ejected. Thielman, who was on third when the ball was hit, was home, and Whitney was on second. Toft was on base, as the Leafs had a chance to add another run.

So, if Toft had seen rightly, Thielman would have scored and the locals would have tied it up in the sixth, when Vandy singled, with one out, and when Schaffy scored, this ended their only chance. Gettingman went to second on a passed ball, but Toft failed to get on.

GIANTS ONCE MORE WIN

Defeat Pittsburgh 4 to 3 in an Exciting Game Score.

PITTSBURGH, Aug. 26.—By a great and exciting uphill fight, New York won today's game from Pittsburgh by a score of 4 to 3. The visitors made one run in the fourth inning, and came back in the fifth with two more. In the sixth they scored three runs in the sixth innings with the wind behind them. The game was a close one, with the home team leading in account of an argument as to whether Leach had been hit by a batted ball. A weak with men on base, out was by McGinley pitched the eighth inning. The batting order was as follows:

New York: 0 0 0 0 3 0 0 0 0 0 0 0 0

NILES-COLLINS MATCH

FEATURE AT TOURNEY

Semi-Finals May Be Reached To-day—Kirkover Beat Spanner.

NIAGARA-ON-THE-LAKE, Ont., Aug. 26.—Play was continued to-day in the tournament of the International Lawn Tennis Association, which is being held on the Queen's Royal courts. The weather again to-day was ideal. Niles and Collins of Cleveland put up one of the best matches in the tournament. The semi-finals, it is expected, will be reached tomorrow. To-day's scores:

Men's Singles—
 Kirkover (Buffalo) beat Spanner (Toronto), 6-2, 6-2.
 Collins (Cleveland) beat Buckner (Welland), 1-6, 6-3, 6-3.
 Niles (Boston) beat Collins (Cleveland), 6-3, 6-4, 6-2.
 Johnston (Philadelphia) beat Smith (Toronto), 6-4, 6-1.

Men's Doubles—
 Wright (Boston) and Emerson (Cincinnati) beat Buckner (Hamilton) and Lodge (Harvard), 6-4, 7-5.

Women's Doubles—
 Miss Wagner and Kirkover beat Miss Summerhayes and McEwen, 6-4, 7-5.
 Mrs. Boutbee and Burns beat Mrs. Meadows and Beard, by default.
 Miss Fairburn and Wager beat Miss Evans and Carroll, 6-2, 6-7.

Men's Handicap—
 Niles (Boston) beat Collins (Cleveland), 6-4, 6-3.
 Kirkover (Buffalo) beat Morton (New York), 6-2, 6-2.

St. Matthews Again Win. The thirty-second contest for the Hargraft Trophy was played yesterday afternoon between the St. Matthews Club, the holders, and Balm Beach, the challengers. St. Matthews winning by the comparatively small majority of 37 shots.

Where's Jimmy Murphy? He hasn't been seen all week. Is he scouting another new world?

Two Bills—Foran and McIntyre. will be the officials in the Montreal-Toronto game Saturday at Rosedale.

No more you will hear the megaphone at Rosedale, if you don't go to Rosedale Saturday, for on that day Toronto finish the season.

Here's hoping that Aid. Foran does not resign from the Olympic team, as no more capable man could be found.

The result of the Tecumseh-Shamrock game will be announced at the Montreal-Toronto game Saturday at Rosedale.

Fergus Could Only Win by 6 to 5—Maitlands Meet Bradford

FERGUS, Aug. 26.—In an intermediate semi-final played here to-day, Fergus defeated Owen Sound by a score of 6 to 5. Fergus scored the first goal, but Owen Sound got to work and piled up three, the score at quarter-time being 3 to 1. In the second quarter Fergus got two and Owen Sound 1. In the third each got one, and in the fourth Fergus got three, but one was disallowed, as the referee blew his whistle for a foul before it was scored. Play was fairly calm, four being ruled off each side. Danny Madill of Shelburne handled the whistle to the satisfaction of all.

The return game is to be played on Monday. Fergus intend to run a special up and a good crowd is expected. The teams lined up as follows:

Owen Sound (O)— Munro, Cummings, Hare, W. Patterson, Anderson, Chesney, Armstrong, Thompson, Kemper, P. Patterson, Neving, Kelly.

Owen Sound look to have the Indian sign on Fergus, and should win the round, especially with the last game at Owen Sound.

President Thompson of the N. L. U. will have to make the appointment for the Shamrock-Tecumseh game Saturday at Montreal.

By the way, this man Chesney of Owen Sound is about one of the best defence fielders in the C.L.A.

President Kearns of the C.L.A. has ordered Bradford and Maitlands to play a sudden-death game at Newmarket Sept. 2, and the winners will meet the winners of Owen Sound-Fergus v. Galt game in the finals for the championship.

Where's Jimmy Murphy? He hasn't been seen all week. Is he scouting another new world?

Boyd and Federation Can Go So Far as Foran is Concerned

Will Not Stand for Endorsation of Protest by Boyd - P. D. Ross Speaks Strongly.

OTTAWA, Aug. 26 (Special).—The endorsement of protest put in by Leslie Boyd against Tom Longboat in the Olympic meeting at the Athletic Federation of Canada in Montreal last night has excited a remarkable situation in sporting circles in Eastern Canada, the end of which must be very serious and may result in the entire upheaval of the existing conditions.

In the first place Alderman William Foran will send his resignation as Ottawa commissioner of the Athletic Federation and also as a member of the Olympic committee. Mr. Foran when in Montreal recently had a chat with President Tom O'Connell of the Federation and expressed his opinion in no uncertain way that the federation should not endorse the action of Boyd. Boyd to take any such ill-advised action, said Mr. Foran to-day. "And just why should I endorse it is a puzzle."

"I am you are thru with the federation," replied Mr. Foran, most emphatically. "President O'Connell when spoken to by Mr. Foran was also inclined to take the stand that Mr. Boyd's action should not be endorsed. The fact that Mr. Foran was appointed to the Olympic committee as representative of the federation, naturally feels that he should resign from that body when he severs his connection with the federation."

Now the question arises, what will be done regarding the Canadian Olympic lacrosse team? The fact that Mr. Foran severs his connection with the Olympic committee also severs his connection with the lacrosse team. Mr. Foran is inclined to think that a new man will be

FIRST DAY AT DUFFERIN

The opening day of the Toronto Driving Club's meeting at the Dufferin Park track yesterday attracted the largest crowd that has attended a trotting meeting in a long time in Toronto. The day was an ideal one for racing, and the crowd enjoyed the sport. The races were all won by the straight-heat route, but the finishes were always close.

In the 2:40 class, Walter S., the good unshooter, handled him in superb style, the gelding never making a mistake in any heat.

In the 2:15 pace and 2:12 trot, Grace Pointer, the favorite, was always best, but in the third heat, at the half-mile, the gelding looked as if he had been beaten, but Johnnie Noble, who gave her a great drive got busy with the bells on the whip, and the outgamed the gelding thru in the stretch.

In the running event, the 3-to-1 gelding from London surprised the talent and won by the straight-heat route.

To-day's card is a splendid one. Fifteen horses will face the starter in the 2:30 pace and 2:17 trot, and it should be a hummer, as the horses entered are a good lot, and it is bound to be a split-heat affair.

The following are the results:
 2:40 class, pace and trot—
 Walter S. (Finlay) 1 1 1
 Wallace W. (Swartz) 2 2 2
 Olive B. (McKenzie) 7 2 3
 Maud A. (Culverwell) 4 2 2

It's Up to Baltimore. To enable Toronto to have Boston Nationals here as an attraction on Monday, and incidentally give the fans a chance of seeing Joe Kelley and his big leaguers the local club agreed to have the Monday game here transferred to Newark Sunday, but to do so the consent of the other clubs had to be obtained. Baltimore and Buffalo objected to this, but last night Baltimore, in fact, it only remains for the local club to obtain Baltimore's consent to-day.

PURITY, BRILLIANCY AND UNIFORMITY. GUINNESS'S PALE PORTER AND LAGER. The Mayor and City Treasurer Coady are in New York, but there is nothing in that circumstance which indicates an attempt to float the city's new debentures of \$5,000,000.

NOT LOOTING BONDS. Mayor Coady on Private Business and Treasurer on Unimportant Affairs. The Mayor and City Treasurer Coady are in New York, but there is nothing in that circumstance which indicates an attempt to float the city's new debentures of \$5,000,000.

ALL THE RAGE IN PARIS. First Pure White West Highland Terriers to Reach Dominion. Two interesting immigrants have just arrived from across the Atlantic of aristocratic lineage, and who are expected to attract a full share of attention during the Toronto Exhibition.

Auto Has to Go Fast. But That Didn't Save Mr. Baillie From a Fine. F. W. Baillie doubted the accuracy of P. C. Mitchell's figures as to the distance between Carlton and Bloor on Jarvis-street, but comparison with the figures of the city engineer showed that Mitchell was only two feet out.

Joe Macks. Scantling, 8-1, Won. Another one of my occasional long shot specials that has been bottled up, that is going for the big end of the purse TO-DAY. I can't tell you about this one, only that it is the best yet.

Jack Long. To-day - 10 to 1. Jack is back on the job again with two nice good things. My LONG SHOT SPECIAL will be 10 to 1 and my guaranteed special will be at the least 3 to 1. Do not let these two good things get by to-day, boys.

Domination Exhibition. Toronto, Sat. Afternoon, Sept. 12th. A large list of prizes is offered. Send in your entry by Sept. 5, if possible. No track entries will be allowed.

MR. MAYOR

What are you and your city engineer doing in the way of having the new pavement approach at the west side of the Don bridge at Queen and King-streets got ready for the fall?

The power companies will make no headway in their effort to wreck the government's plan. Now that every promise made by the hydro-electric power commission has been fully justified, and with the prospect of Niagara-generated power at a much lower cost than was originally estimated, the municipalities will certainly hold to their decision.

These are three small affairs, Mr. Mayor, but if you take them up this morning personally with the engineer something might be done before evening. Can you do it?

SECRET HISTORY OF THE RUSSO-JAPANESE WAR

In the September number of McClure's Magazine, a beginning is made with General Kuropatkin's secret history of the Russo-Japanese war. These memoirs of an able soldier, intimately acquainted with the situation in Asia, and holding advisory positions of great importance, were suppressed for reasons sufficiently apparent from the initial article by the translator, George Kennan.

These memoirs of an able soldier, intimately acquainted with the situation in Asia, and holding advisory positions of great importance, were suppressed for reasons sufficiently apparent from the initial article by the translator, George Kennan.

According to General Kuropatkin, the evil genius of the Russian Empire in the year 1903 was a certain Alexander Mikhailovitch Bezobrazoff, a Russian promoter and speculator, who had held the rank of state councillor in the czar's civil service, and who was high in favor of some of the grand dukes in St. Petersburg.

At the same time Bezobrazoff acquired extraordinary influence in the emperor's councils and secured the co-operation of various ministers of state, and probably Admiral Alexieff, upon whom the conduct of the Japanese negotiations ultimately devolved.

Russia was under obligation to evacuate Southern Manchuria, and Witte, Lamsdorff and Kuropatkin, recognizing the danger of deferring fulfillment of the promise, all advised that it ought not to be delayed.

The late wheat and oat crop will be greatly benefited by the rains of yesterday. From Lacombe, Alberta, the director of the experimental farm wires the department of agriculture as follows: "Winter wheat in this district all cut. Crops good."

scheme of the government can be defeated. At least, so much can be gathered from the applications made and threatened to procure injunctions against various cities prohibiting the councils from acting upon the bylaws.

THREE BOYS IN A BOAT MAKE A RISKY VOYAGE

Picked up by the Police Launch While Beating About on Bay Waters. For the last three months Harold Cassidy, 301 Parliament-street; Edward Ray, 44 Power-street, and John Farley of 160 Duke-street, ranging in age from 11 to 14 years, have been engaged in labor of the most arduous kind.

They were building a structure of some kind in the former's back yard. It looked at first more like a coffin than anything else, but later, when the boys were seen, it was found to be a boat.

To be sure, the sail wasn't all of one piece, some of the canvas being new and some being old, with the rest of the sail resembling Joseph's historic coat—it was of many colors. The mast, too, looked like a sapling fresh from the virgin forest, but it did good work in the duty it was assigned to.

POLITICAL INTELLIGENCE

Conventions To-Day. Dundas Liberals at Winchester Springs. Gengary Conservatives at Alexandria.

The Toronto Star has a despatch fixing election day for Nov. 3. This is what it says: From present indications it would not be at all surprising if the day appointed for the forthcoming general election was the fourth anniversary of the government's sweeping victory of 1904, that is to say, the 3rd of November.

If popular report is well founded, that the elections are to be held in the first week of November, the choice would be between the second, which is a Monday, and the two days following.

The United States presidential elections are to be held on Wednesday, Nov. 4. Mayor Carrick, M.L.A., elect of Port Arthur, who is in Toronto, makes a point about the making of the voters' lists in Northern Ontario.

Under the old system the Ontario Government gave monthly notices of the sitting of the courts in the afternoon, which is a Monday, and the two days following.

Only ten days' notice of the holding of the courts is given, instead of thirty under the old system. Only 15 days are given for appeals.

The 15 days run concurrently with the 10 days, so that instead of 45 days, only 15 days are allowed for the judges to prepare the lists.

These are the facts as stated by Mayor Carrick. He further says that the amendments in the Port Arthur riding are 13 "Grits, each of whom is an ardent partisan."

J. S. Carstairs, Conservative organizer, says a candidate will surely be put up against D. A. Gordon in East Kent. There were excellent reasons for not bringing out a man on Tuesday.

Mr. Gordon had 372 majority in 1904, but this is not one of them. Thunder Bay and Rainy River Conservatives will meet on Aug. 31 at Fort William to choose a man to oppose James Cotton in the Port Arthur riding.

A Fort William lumberman, is expected to be the choice. The Hamilton Spectator (Conservative) says the story that Wentworth Conservatives were in revolt against

Col. Ptolemy is the production of a dream artist. Glen Campbell, M.L.A., the member for Gilbert Plains, Man., and Ald. Manning of Winnipeg, were in the city yesterday. They will visit the city stock yards to-day.

Cumberland (N. S.) Liberals opened the campaign Tuesday night at Amherst when a Liberal club was organized. Hence Logan, the present member, is retiring, some say to be taken into the senate, and the standard-bearer is J. Layton Ralston, who spoke, according to a despatch, with "a ring of victory in his voice."

A special from Almonte says: Liberals of the riding of North Lanark met in convention Wednesday afternoon, 260 E. B. Deakin, present, and by acclamation nominated T. B. Caldwell, M.P., merchant of Lanark, for the coming Dominion contest. Of the four candidates nominated three resigned.

They were T. B. Caldwell, nominated by A. Carwell, and seconded by D. Findlay; A. McIntyre, nominated by John McIntosh, seconded by Robert Galbraith; W. J. Rintoul, farmer, nominated by D. Scott, seconded by A. R. McIntyre; John McIntosh, lawyer, nominated by F. J. Turner, seconded by W. A. Alkenhead.

Addresses were made by those gentlemen and by the Hon. Frank Oliver, minister of the interior. Mr. Caldwell asked for a good square fight, and in eulogizing Sir Wilfrid Laurier, said if there ever was a man who drew the difficult riddles and creeds of Canada together and brought the Dominion before Canada as it never was before, that man was the premier. A resolution of confidence in the federal government and Laurier was passed, in which the delegates pledged their support to Mr. Caldwell.

Vancouver Liberals in convention Tuesday night nominated W. W. B. McInnes as their candidate for Vancouver, Mr. MacPherson having been appointed postmaster. McInnes received a majority of only two votes in 576 ballots cast. W. W. Deh, Parris, defeated McInnes for the city in the last provincial election, received 153 votes, and Harry Senkler, K.C., 134.

Liberals of Wright County will meet in convention in Hull on Sept. 7 to nominate a candidate for the federal House of Commons. Mr. G. E. Fontaine, the present member of Hull, ex-Ald. Stenmarie, who will go before the convention.

WILL ASSESS SALARIES OF CIVIL SERVANTS

Court of Revision Establishes a Precedent—No Cut in Civic Stipend. Government officials are to be taxed upon their salaries in future. Such was the decision of the court of revision yesterday, altho Chairman Defoe did not agree with the opinion of his two colleagues.

The court based its decision on judgments of the privy council and courts in New Brunswick and Australia. It is the intention of the postoffice employees to appeal to the county court judge forthwith in order to test their legal liability for payment.

That which Controllers Harrison and Spence are engaged will not have the effect of reducing the stipends of any civic employees was stated yesterday by Controller Harrison, the acting mayor. He explained, however, that when an employee who is receiving a higher salary than the great calls for leave his city's service his successor must be content with the grade salary.

The city solicitor will represent the police in prosecutions of owners of gasoline boats which exceed the speed limit on the bay. Collier Crew Mutinies. Reserved Seat Tickets. The Grand stand reserved seat tickets will be on sale at A. F. Webster's, corner King and Yonge-streets, daily until the close of the exhibition from 9 o'clock on Saturday morning. Only a Few More Left. While the demand for the six-for-a-dollar tickets has unexpectedly slackened off during the past few days, there are yet less than 2000 worth to be disposed of out of the \$40,000 worth originally issued.

Freeman May Succeed Hall. Preston is mentioned as likely to succeed P. B. Hall as Canadian trade commissioner at Birmingham. Arbitrator O'Donoghue on the C.P.R. Strike. Company Endeavoring to Establish "a Vicious System"—Attitude of Men.

Arbitrator O'Donoghue for the Brotherhood of Locomotive Engineers and Locomotive Firemen, in the appeal just filed by that body at Ottawa, is outspoken in his opinions regarding the merits of the C. P. R. strike and the present position of the strikers.

Arbitrator O'Donoghue said to The World yesterday afternoon: "I do not believe that the two members of the board who made the majority report, fully appreciated what they were doing. Their intention was to provide a makeshift system by which superior workmen would receive extra pay, but their report ties down the best workmen to the minimum rates and places all others where they can be graded down to starvation wages. The report establishes a most vicious system. It upsets years of work in the labor movement to get just treatment, and a living minimum wage, so that if there are any different rates all others may grade up from the minimum. You may quote me as saying that, for I do not blame the men at all for refusing to accept it."

An unsettled trading market with specialized operations chiefly upward seems likely until the tangibles late in developing should have been unraveled.

Those who look upon the bear fallacy as a bullish argument evidently do not take into consideration the material weakening of the technical position.

Visitors to Toronto's Great Exhibition Rare Sable Exhibit

Rich and rare is what you can say of every Fur Skin and Fur Garment in our big Fur Exhibit. It has taken us twelve months of hard work to complete it.

We have gone to the ends of the earth to secure such Furs as will still further sustain us as "Canada's Greatest Furriers." Our own Northern Wilds have yielded some priceless Pelts in Hudson Bay Sable.

We challenge anyone but a thorough expert to detect this Hudson Bay Sable of ours from Russian Sable. In coloring it appears to us to be superior. Everything in the exhibit extravagantly made and moderately priced.

Buy if you want to, you'll not be urged. If out of town, write for Catalogue "W."

STRIKER SAID "BEWARE" AND BAIL IS REFUSED

Appeal Will Be Taken to Superior Court—Warrants Issued for Fourteen at Montreal.

MONTREAL, Aug. 26.—(Special.)—Bail was refused to-day by Judge Leet for Leon Martel, a C.P.R. railway striker, accused of having said to a workman: "Be careful, we are watching you. If you work to-day we will catch you to-night."

When the prosecution asked that he be refused, C. H. Lavelle, for the accused, said it was contrary to precedent. The crime was a minor one, and no good reason existed for depriving the accused of his liberty. As the prosecution argued that good reason existed to have the prisoner detained, inasmuch as one of the men beaten in the encounter Monday afternoon was ill at home, the court decided to refuse bail. Mr. Lavelle declared he would appeal to the superior court in the interests of his client.

Fourteen warrants were issued to-day for the apprehension of Polish strikers.

SAW BRITISH HOSPITALS.

Dr. Bruce Smith and J. N. E. Brown returned from Long Trip.

Dr. Bruce Smith, inspector of hospitals and charities, returned yesterday from an official visit of several weeks' duration to the hospitals, sanitariums and charitable institutions of Great Britain.

He was accompanied by Dr. J. N. E. Brown, superintendent of the General, who was on vacation. The two visited the principal old country hospitals, examining with some particularity the newer ones and those under construction. They met the principal hospital authorities, including two of the best-known architects, who extended them a kindly welcome and afforded them excellent facilities for carrying on their enquiries.

In the course of their visit hospitals in London, Edinburgh, Glasgow, Belfast, Birmingham and Paisley were visited.

"One of the most interesting places we visited," said Dr. Brown, "was a hospital in Belfast. There were 300 beds and the building was only one storey high. They are trying the 'Plenum' conditions of which is that all the doors and windows have to be kept absolutely shut. This system is being tried in other hospitals, but its success is not unanimously recognized."

A new idea in the treatment of tubercular patients is being tried at the hospital in Belfast. It is suggested that all patients able to do so are put to work in the garden. A favorite job is digging holes in the ground and filling them in.

All farms and pauper houses were also visited.

"BROWN OCTOBER ALE."

Its Praises Have Been Sung From Time Immemorial.

The virtues of "Brown October Ale" have been proclaimed from time immemorial.

All that has been said about this famous old English drink applies with equal force to "East Kent" ale.

"East Kent" has been brewed by two generations of the Holliday family at the old brewery in Guelph. It occupies the same position in Canada that Bass' does in the old land—the best that is brewed. T. H. George, 709 Yonge, is the agent.

LOOTERS HELD HIGH REVELRY AT THE FIRE

Local Police Force Was Totally Inadequate—Mayor Baird Has Called Meeting.

NORTH TORONTO.
Townpeople Think City Accords Only scant Ceremony.

NORTH TORONTO, Aug. 26.—Is North Toronto being deliberately side-tracked in its efforts to get in the annexation of the city into the city or is it only a case of oversight that the request of the town council to the board of control be held over to Friday evening to talk over the annexation question and prepare their side of the case to have it in readiness for discussion when the meeting is arranged for with the Toronto Board of Control.

The regular meeting of the gun club will be held on Thursday evening.

Mayor Baird has arranged for a special meeting of the board to be held on Friday evening to talk over the annexation question and prepare their side of the case to have it in readiness for discussion when the meeting is arranged for with the Toronto Board of Control.

WEST TORONTO, Aug. 26.—One of the most regrettable features of last night's fire at the Union stock yards was the pre-meditated and deliberate attempts of a gang of men to rob the houses which had been either burned or endangered by the fire. The men actually brought a wagon drawn by two horses and went from house to house and picked up articles of jewelry, furniture, clothing and in fact everything of value they could lay their hands on, while the occupants, thrown into a state of terror and confusion, were of their guard. In one case they even tried to remove a piano from the front parlor and a valuable sideboard from the dining room. This was at Wm. Lilliew's house, 13 Franklin-avenue. Lilliew, with some others, were on the roof with pails of water endeavoring to keep the roof from catching fire, and there was no one in the house. Rushing down later to refill a water pail, he found two or three men trying to haul the piano into the hall, and some others were making off with the dining room furniture. When Mr. Lilliew appeared the men made off, and he afterwards found that they had gone thru the pockets of the dressing tables, and were banging around, but luckily there was no money or valuables therein.

Mr. and Mrs. John Sullivan of 48 Argyle-avenue stated that their house was robbed of nearly everything they possessed. "We had three iron safes, money boxes in which we kept all our money, which amounted to about \$25. They took it all," said Mrs. Sullivan, "and we haven't got a cent to our name. I have lost besides, a gold watch and chain that my father gave me when I was 12 years old, and a silver watch and chain. They also took the articles of the dressing tables, and even my wedding ring."

James Dew, a striking C.P.R. steam fitter, deplored the loss of all his household pillows and bedclothes. This was the general complaint of all the residents of Argyle-road and York-street. Where the bedclothes went none seems to know, except they went with the stolen jewelry and furniture. The residents of the seven houses burned on Albany-road are being housed and cared for at the stock yards building. The furniture loss in every case is mostly covered by insurance, with the exception of Mr. Moyle, late of 28 Albany-road, who has none at all.

A constant stream of eight-seers passed thru the ruined pens all afternoon and evening.

The latest estimate of the loss incurred by the fire at the Union Stock Yards is \$30,000, with a total insurance of \$33,000.

"Everybody is loud in praise of the assistance rendered at the fire by Deputy Chief Noble and the Toronto firemen. The deputy went to work as if his life depended on it, and his great experience proved very valuable in directing the efforts of the firemen to the best advantage."

Hugh, the one-year-old child of Mr. and Mrs. Pettigrew of Gilbert-avenue, died yesterday.

Edward Charles, the eight-month-old child of Mr. and Mrs. Edward Theobald, 129 West Beaver-street, died last night. The parents' grief was accentuated from the fact that the child was born in the same house in which the fire was raging across the street and that the house in danger of demolition, while their little son was dying.

Ald. Hahn has rented his factory on York-avenue to the Anchor Screw Company.

WHERE'S A BIG ENOUGH MAN?

He Could Make Himself Famous by Ending the strike.

The World had a talk yesterday with Harvey Hall, official representative of the railway brotherhoods, on matters of legislation.

He said, in regard to the strike of the C.P.R. machinists, that both sides up to the present had demonstrated their ability to fight and stand one another off, but he questioned whether it was in the public interest if this condition of affairs should continue, and said an effort ought to be made to find a way to bring the two parties together and get a reasonable settlement.

He considered a reasonable settlement was the elimination of all the proposals on the part of the company that sought to destroy or injure in any way the spirit of unionism among the men, and that if this were conceded the men would, perhaps, be willing to make some concessions to the company on the other issues.

But he did not wish to speak in any way other than what he himself thought, and with a view of preserving the excellent relations that had before the strike been maintained between the Canadian Pacific and its employees from one ocean to the other.

As a final word, Mr. Hall said there ought to be some man in this country big enough to help about some kind of a settlement.

High School Reopens on Tuesday Next.

EAST TORONTO, Aug. 26.—The East Toronto High School will reopen on Tuesday, Sept. 1, under the principalship of Mr. J. H. Graham. The school will take the classics and senior mathematical work. Mr. Graham as a science master, Miss Campbell as moderns, and Miss Wilkinson, English and junior mathematics.

Students who failed at the promotion examinations will have an opportunity to write on the supplemental examinations on Wednesday, Sept. 2.

The success attending East Toronto students at the annual examination has been marked, and Principal French and his able staff of assistants are justly entitled to the credit of the success. The amount paid out to the men, which is about \$100,000, is a large sum, less than for the month of July.

Town Council Strikes Lower Rate Than Last Year.

WESTON, Aug. 26.—The electric light revenue of the village from the beginning of the year till August 1 was \$174,300, a decrease of \$2,000 from the date were \$176,300, including electrician's salary and all other outlays. The village is now provided with twenty-two arc lights and twenty-five incandescent lights and the lighting plant is in a flourishing condition.

The council at their last meeting struck the rate for 1908, which is 24 per cent. a year, or an increase of 2 mills in comparison with last year.

BROOKS UNLOAD OLD BUTTONS ON THE PUBLIC

One of the Interesting Incidents of the Presidential Campaign in the United States.

The police have been requested by shopkeepers in all parts of the borough to look out for so number of "button men" who are making wholesale profits on buttons that have been long out of date, left over from eight and twelve years ago, says The Brooklyn Eagle.

Several Flatbush store-keepers have been "fleece" by the wily button man, but most of the cheap sales have been made in the East New York section. It is the custom of the retailer of campaign buttons to hurriedly walk into a store and place a large number of political campaign buttons on the show case and say: "Here is the best bargain of the year. Twelve dozen buttons for a dollar, and you can make ten dollars on the box." The shop-keeper, looking for bargains, buys the buttons and learns later that he has been "stung."

The buttons that are being placed on the market by unscrupulous button men are a large assortment of Bryan-Sewall and Bryan-Stevenson buttons. These buttons have no names attached to them, and many of the ignorant shopkeepers do not know the difference between Stevenson or Sewall and Kern. That Mr. Bryan's face is familiar needs no proof, and that is the only face the shopkeeper looks upon. Then they buy, in many instances purchasers have requested Bryan and Kern buttons, only to receive a Bryan-Stevenson article. It is known by the police that all over the borough storekeepers have been made the victims of these "flimflammers," who have caught them unawares. It is estimated that more than five thousand dollars have been collected by the firm, or firms, disposing of the old-time buttons.

An industrious book agent for a well-known Manhattan publisher's firm was one of the first persons to learn of the buttons on his shoulder. "What are these buttons?" he asked the publisher. "They are the buttons of a well-known Flatbush-avenue, recently when he was accosted by a sick-looking young man who had a large bag containing buttons on his shoulder. 'What have you there?' asked the publisher. 'Oh, a few buttons I'm trying to sell to the merchants around here,' replied the button man. 'Let me see one. I might buy some,' said the book agent.

The buttons are new in appearance and look to be genuine, but to anyone who keeps up with the times the peculiarly shaped buttons are a tell tale. The buttons are of the Democratic vice-presidential candidate is a tell tale. The buttons are of the Democratic vice-presidential candidate is a tell tale. "Here, what is this?" asked the book

WHAT DETECTIVES FOUND

Unable to Confirm Mrs. Cutts' Allegations Against Husband.

Nothing was to be learned from the attorney-general's department yesterday regarding the case of Mrs. Cutts at West Toronto beyond what has already been published. The department investigated the case three weeks ago, two detectives having been detailed for the purpose. Mrs. Cutts' story was not corroborated and pending further evidence no further proceedings were taken. Mr. Cutts' father occurred in the view adopted by the department. The government detectives, after a one visit, picked these slavs in Mrs. Cutts' story.

The woman's accounts varied, it is said; she was very excitable and nervous. No direct evidence was found frequent quarrelling between the two, and the home was not a happy one, and she, it is believed, brooded over her lot.

The house filled with gas and the chloroformed cloth was the only definite charge that was made, and this was carefully investigated. This was what was reported.

Mrs. Cutts had been in the habit of going down into the cellar every night before going to bed, and turning on the gas. On the night in question she was very nervous and decided that she could not come back in the dark, and she, it is believed, brooded over her lot.
