## CANADIANS SHARE IN HAIG'S VICTORY

### ADVANCE OF HALF A MILE BY THE DOMINION FORCES

#### WAVES OF CANADIAN TROOPS IN AN ADVANCE AT DAYBREAK SWEEP FORWARD TO VICTORY

Fresh From Destroying the Enemy Forces Cooped Up in Lens, Dominion Troops Smash Forward for Half a Mile in Passchendaele Region, Braving the Mud and Slime of Flanders.

By W. A. Willson  
Canadian Headquarters in France, via London, Oct. 26.—Back again in the bloody salient, smashing forward towards the Passchendaele Ridge, the Canadians, fresh from destroying the enemy forces, cooped up in Lens, advanced at daybreak this morning on the front extending roughly from Passchendaele, on the Zonnebeke road to Wattenmen. They have many strong points in front of them, such as Wolfe Copse, Bellevue, Spur, Augustus Wood, Heine House, Hillside Farm, and the higher land to the northwest, but the Canadian troops, avoiding the impassable swampy area known as a marsh south of the north of the marsh, they launched the brunt of their attack against Bellevue, while the second wave, to the south, advanced against Augustus Wood, Heine House and Hillside Farm.

While not a major operation, this morning's attack will rank as one of the most historic incidents in the war in the history of the Dominion, for the battalions engaged advanced from practically the identical trenches held by Canada's veteran division on April 22, two and a half years ago, when the Germans, launching their gas attack, captured St. Julien, and might have stormed thru to the coast but for the desperately gallant fighting of the battered battalions of the Dominion. Today those trenches are ours again, and Canada, in an advanced area, has wrested from the Hun the only bit of the Dominion's trenches he has succeeded in holding in this war.

The Canadians advanced over half a mile, capturing many fortified places. The formidable German position at Deck Wood is dominated by our battalions, who are holding the surrounding higher levels, and away to the north our troops have advanced beyond the enemy's stronghold at Bellevue Copse, and have carried this position. There was sharp hand-to-hand fighting at Laankeek-Bellevue, but an attack of our battalions on the southern ridge, to the right of the marsh bottom, found the enemy largely demoralized. We engaged him at close quarters with grenades and forced him steadily back beyond Decline Copse.

Thru Slime and Mud.  
Preceded by over two hours of concentrated artillery barrage, the advancing force to the north plunged forward thru slime and mud to the German advance positions before Bellevue Copse, where the scene of desperate fighting on October 12, and has extensive wire entanglements, with many five-foot-thick concrete "pillboxes."

During the last ten days our artillery, moved up with the greatest difficulty thru seas of Flanders mud, has been giving Bellevue Hill the daily effort of our fire, having been demoralized early in the two-hour barrage which demoralized the German prisoners wandered into the Canadian lines utterly dazed from the effects of our fire on their concrete shelter. To the south of the marshy ravine our outposts for the last week have been constantly encroaching on the German positions Augustus Wood, Heine House and Hillside Farm. That the Canadian attack was a minor one is shown in the allied advance on, roughly, a ten-mile front from Ghetuvelt, in the north, to Ghetuvelt. Today, at the time of filing this despatch, the engagement is progressing favorably to the south, with stubborn fighting to the north.

Among the battalions engaged are those of Manitoba, Saskatchewan and Central Ontario.  
At 5.40 this morning the whole salient on the ten-mile front from Houthulst Wood to Ghetuvelt awoke to the noise of thousands of guns smashing the German line in our battalions were marked by one long line of continuously bursting shells, while our back areas were marked by the persistent flashes of fire and roar of the guns from the advanced artillery positions, to miles back, where the heavy howitzer batteries rained great shells on the enemy lines. In the Canadian front line our battalions were waiting on ground, which a light drizzle had turned largely into slime. Wallowing forward with a spirit which nothing could dampen, the infantry passed steadily on, meeting with the strongest opposition at Dnd Farm and Bellevue. Our artillery, raking the enemy's position, largely demoralized his defensive, while our counter-battery work equalled anything in the history of the Canadian front. For a time the German artillery maintained their barrage over our forward area, but as the fire of our guns increased the fire gave sure signs of disorganization. The only severe shelling our infantry received was from the enemy position to the south. While our own guns poured lead into the Hun position, he largely failed to retaliate upon our batteries, only stray shots falling in the rear of our forward area. By noon over 100 prisoners had been cap-

#### Drop Six Tons of Bombs On Enemy Burbach Works

London, Oct. 26.—Six tons of bombs were dropped by British aviators on the Burbach works, west of Saarbrücken, Rhenish Prussia, Wednesday night, says a British official aviation communication issued tonight. The communication adds that four hostile airdromes also were attacked, 46 heavy bombs having been dropped, and that direct hits were obtained on a group of hangars.

The communication adds that four hostile airdromes also were attacked, 46 heavy bombs having been dropped, and that direct hits were obtained on a group of hangars.

#### Through Flooded Fields

London, Oct. 26.—Via Reuter's Ottawa agency.—Reuter's correspondent at British headquarters in France telegraphed today: "Today's battle has been fought on flooded fields, in a driving rain, pitiless in its intensity, although the meteorological experts overnight regarded it as a marvel that the troops have accomplished so much. The sum total of the day's results is a series of most important tactical gains, although we should have done much more under more favorable heavens. 'In the region of Poelcapelle, the advance was a dash of performance. The place was a regimental headquarters which garrisoned 400 men, and was captured by our troops. 'At mid-day enemy airmen discerned our troops upon the spur, and were much fighting previously. If this spur is finally held the day will be well marked by at least one conspicuous gain. Other places on the battlefield are impassable, and the floods are reported to be holding up the advance. The enemy is pretty densely massed all along the front. 'By an attack on the left front the French carried a number of concrete defences with exceedingly light casualties, owing probably to the erratic nature of the enemy barrage in part. The enemy was aware of the approaching heavy attack, because his planes were flying low over our positions half an hour before the attack was launched and five minutes before it was augmented. 'To the south, the situation of the Italians admittedly is precarious. Even the Italian year office announces that the evacuation of the Bainsizza-Hellengstein Plateau is necessary—a retirement which will render null in a great measure the brilliant advance of the Italians in the summer campaign. 'The combined German and Austro-Hungarian forces up to the present are declared by the Berlin war office to have captured in excess of 30,000 prisoners and more than 800 guns, and it is stated that these figures hourly are being augmented. 'Claim 30,000 Prisoners. Berlin, via London, Oct. 26.—(British admiralty, per Wireless Press).—The text of the official communication follows: 'Under our pressure the Italians also have begun to evacuate the Bainsizza-Hellengstein Plateau. 'We already are fighting at many places on Italian territory. The number of prisoners taken has increased to more than 30,000, of which 700 are officers. The booty amounts to more than 800 guns, including many heavy ones. 'Yesterday the clear autumn weather favored the fighting operations."

#### Official Report of Gains

London, Oct. 26.—The text of today's official communication follows: "Operations with limited objectives were undertaken by the British and French armies early this morning on the Ypres battlefield. After a fine day yesterday, with a fine drying wind which gave promise of improved fighting conditions, the weather changed suddenly during the night and a heavy rain has fallen almost without a break since a very early hour this morning. "Notwithstanding the great difficulties with which the allied troops had to contend considerable progress has been made and valuable positions have been won on the greater part of the fronts attacked. "The main operation was carried out by English and Canadian regiments on our front north of the Ypres-Roulers railway. Canadian battalions moved forward along the main ridge in the direction of Passchendaele and, passing beyond their ob-

#### TACTICAL BRITISH GAINS MADE IN THE YPRES REGION

Progress Would Have Been Greater, But the Weather Was Unfavorable.

London, Oct. 26.—Reuter's correspondent at British headquarters in France and Belgium says the sum total of today's attack in the Ypres sector is a series of important tactical gains. "It is only because we know we should have done much more had the heavens favored the operations," the correspondent adds, "that one cannot regard the collective success with complete satisfaction."

#### Considerable Progress Made By British

London, Oct. 26.—Operations with limited objectives were undertaken by the British and French armies in Flanders early this morning, and notwithstanding great difficulties caused by weather and bad ground considerable progress was made and valuable positions taken on the greater part of the front attacked, says the official communication issued tonight.

#### New Positions Won Give Allies Great Tactical Advantages.

By the Associated Press.  
With the French Armies in France, Oct. 26.—However great may be the praise bestowed on the French troops for the brilliance of their victory over the Germans north of the Aisne this week, it is too small an appreciation of their herculean efforts in the face of one of the most difficult tasks of the war. Fronting them were the finest divisions of the German crown prince's army, occupying positions that were strongly fortified and having the keenest appreciation of their value. Notwithstanding this, the French not only succeeded in obtaining every objective, but exceeded the hopes of the most sanguine and advanced beyond the appointed places. More than 11,000 prisoners already have been counted, and many in the rear, and others are still coming in. Front Along Canal.

#### Italy's Forces Now Battle on Own Territory

London, Oct. 26.—The Austro-German armies on the Isonzo front are fast developing their offensive against General Cadorna's forces. Already the Italians on the northern wing of the 25-mile front have been forced to give ground, and at several places are back across the Isonzo north and south of Tolmino, where the battle is waging on Italian territory. To the south, the situation of the Italians admittedly is precarious. Even the Italian year office announces that the evacuation of the Bainsizza-Hellengstein Plateau is necessary—a retirement which will render null in a great measure the brilliant advance of the Italians in the summer campaign. ## ACUTE SHORTAGE OF FOOD FACES PEOPLE OF CANADA

### Hon. W. J. Hanna Declares Allies Must Be Supplied at All Costs—Increased Production Campaign Launched.

Kingston, Oct. 26.—Hon. W. J. Hanna, food controller, addressing the Women's Canadian Club in the town hall here tonight, said that if the call to save wheat, beef and bacon, issued to the housekeeper of Canada when he took office three months ago, was insisted, then it was louder now by far. "During the last three weeks I have discussed the situation with Mr. Hoover's organization at Washington and with the British mission at New York, and I learned of the facts from the inside. I cannot state the facts in public. But with the help of the United States, the foodstuffs demanded will be forthcoming." Mr. Hanna insisted that our own supplies at the end of eight months will be short, and at the end of a year shorter still. "But we must be prepared to carry the war on for two years if necessary. Europe is stripped of foodstuffs. We have plenty, but these people are our allies. We are all in this war to a finish, and until we have won from the Germans a victorious peace, we must be prepared to carry the war on for months until we in this country are in a very awkward position." Mr. Hanna states that under the auspices of the food controller's office a campaign for increased production of foodstuffs in Canada has now been organized to meet this situation, with particular emphasis upon an increased production of hogs.

Since the war there had been a decrease of 35,000,000 hogs in Europe and 10 per cent. in the United States. A hog production campaign inaugurated in the United States aims to turn the decrease into an increase of 15 per cent. "Hon. Mr. T. A. Crerar, the newly appointed minister of agriculture, has given us the full resources of the branch of his department to assist us in the Canadian campaign for an increased production of food animals. "Mr. Hanna announced that the campaign must be under way within the next three weeks. If anything is to be accomplished within the next six months. "If it is necessary," Mr. Hanna declared, "I am prepared to fix prices. But I am not prepared to fix freak prices, despite the advice of certain well-meaning newspapers. It would be an easy matter to take a blackboard and a piece of chalk and mark eggs at 18 cents a dozen, which looks high compared to 8 cents. I remember years ago butter at 20 cents, which looks big compared to 12 cents. "But that is not the end of it. I regard it as my primary duty to see that the men at the front fighting our battles are not allowed to go hungry. (Applause.) In fixing prices we have got to be careful that we do not dry up the sources of supply. Referring to potatoes, Mr. Hanna said it was impossible to fix prices this year. "The average crop of potatoes in this country is 100 bushels to the acre. The seed alone cost the

## French Troops Continue Their Pressure Toward Laon and German Defence is Sorely Tried—Flinn Village Captured and Enemy Forced to Retire.

London, Oct. 27.—With the important railroad junction of Laon their objective, the French troops are continuing their pressure against the forces of the German crown prince north of the Aisne River. In another attack on the right the village of Flinn has been captured, a footing has been gained on the plateau north of Epine de Chevreigny, and the enemy has been forced to give ground north of Lohapelle Saint Berthe. These successes, while not as great in importance as those of previous days on the centre and west flank of the attacking lines, serve materially to bring the right wing into alignment with the remainder of the front and place the entire line in a better position for another smash northward toward Laon. That the attack may not be necessary, however, is foreseen by the military expert of The Berlin Tagblatt, who, while belittling the chances of the ultimate success of the French operations, asserts that it is not outside the German rules of warfare voluntarily to abandon a military not essential to Germany's great tactical plan, in order that losses may be reduced.

## French Success Continues

Paris, Oct. 26.—The French troops are continuing their successful drive on the Flanders front. The war office statement issued tonight. The number of guns captured since the 23rd instant totals 150, and 200 more prisoners were taken this morning. In the Champagne enemy surprise attacks broke down and the French succeeded in entering the German lines at one point and brought back prisoners. The text of the statement follows: "The enemy refrained from any attempt against our new positions. The number of prisoners that were captured during this morning's operation exceeds 200. "On the north of the Aisne our troops, continuing their successful drive to the right, have captured the village of Flinn as far as the reservoir. Further to the east we reached the brink of the plateau to the north of Epine de Chevreigny. On the rest of the front the situation remained unchanged. "The number of guns captured by us since the 23rd instant totals 150, and several mortars of 210 millimetre calibre and many heavy guns. "In the Champagne front, after a spirited bombardment of our trenches at Maisons de Champagne, attempted two surprise attacks, which broke down under our fire. On our part we succeeded in entering the German lines in the sector of Mont Carillet and brought back about ten prisoners. "On the right bank of the Meuse (Verdun front) the artillery fighting continued to the north of the front of Saumont and Bezonvaux. The fire was particularly violent on the front of Bois de Chaume. An enemy attempt against our line in the sector of Bezonvaux failed. At the Ban de Sapt there were some patrol encounters. "On the east, the enemy's artillery was rather active in the region of the Vardar and the Dobropolje. "On the Struma, British troops successfully carried out a raid on the village of Saimah, to the south of Seres, and brought back fifty Bulgarian prisoners. In the region of the Greek advance our fighting is reported. Our troops captured 120 Austrian soldiers."

### FUEL CONTROLLER CUTS COAL PROFIT

Government Passes Order-in-Council to License Importers. MAXIMUM PRICES In Emergency Cases, Supplies May Be Requisitioned—Hoarding Forbidden.

Ottawa, Oct. 26.—An order-in-council has been passed by the Dominion Government authorizing regulations issued by the fuel controller for Canada respecting the importation and sale of coal, which go into effect November 1.

Provision is made for the licensing of all importers and dealers in coal now doing business in Canada.

Under the regulations, every mine operator in Canada must forthwith enter into an agreement with the fuel controller fixing the maximum output per ton he may charge for the output of his mine.

The most far-reaching provisions of the new regulations are those dealing with dealers' commissions and profits. Brokers are allowed a maximum of 36 cents per ton for their services.

### WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE British and French carried out an attack on a front of eleven to twelve miles in Belgium, the offensive being on the Meuse road yesterday. Heavy rain began falling soon after the battle was joined, so after carrying their objectives the troops rested on their arms.

The fighting was principally for the remainder of the high ground about Poeschendale and also south of the Meuse road and about Gheluyt.

This fighting was notable from the Canadian standpoint, for the Canadian army corps, quitting the Lens region, had arrived in the Ypres salient, and joined in the attack. They made an advance of half a mile. Their artillery had come up ten days previously and had prepared a spur, known as Bellevue Hill, for capture.

The enemy, suspecting an attack towards Lille, had concentrated a vast force of artillery south of the Meuse road, behind some ridges, to resist any movement ultimately designed to seize the crossings at Menin. The accurate photography of the British airmen at last gave the British staff information on the exact position of the German batteries, on that before launching this attack the British artillery was able to silence these guns, relieving the troops of one source of annoyance.

The French have further successfully exploited their advantage in the region north of the Aisne and northeast of Soissons. Their recent advances have cut a breach thru the original German line as far as the Aisne-Oise Canal. They then turned their arms against the projection of the German line remaining on their right, and threw the enemy back to the north of La Chapelle and Saint Berthe to a reserve serving as a shield. Further to the east their troops, in the charge, reached the brink of the plateau

In working out this part of the regulations, the mayor, reeve, warden or overseer of any municipality may be made the agent of the fuel controller. A provision of the regulations is that no charge shall be laid against any coal dealer or broker without first submitting the facts to the fuel controller and obtaining his consent in writing. This is to avoid frivolous complaints and to enable the fuel controller to consider complaints in the light of information as to costs, etc., in his possession, or to enable him to get further evidence so as to limit the prosecution to cases without there being reasonable grounds for such action.

(Continued from Page 1) extraordinary exertions had not extinguished their good humor and willingness. Notwithstanding privations and suffering from weather conditions, with icy cold rainstorms drenching them at intervals, they worked with pick and shovel as energetically as they had done with rifle and grenade during the furious battle.

The French guns now are able to enfilade the German positions in three directions, namely, toward Brancourt, northwestward of Anzely-le-Chateau, and along the valley to Leons and the Ailette Valley, menacing the German lines in the Chemin des Dames region. Falling a distance of one thousand feet in a flying machine, one mile west of Wexford Postoffice, at 4 o'clock yesterday afternoon, Cadet Thomas X. Murphy, of the Royal Flying Corps training camp at Leaside, was fatally injured. The machine landed on Fred Holden's farm, which is situated on the west half of lot 7, concession 4, east of Yonge street. The cause of the accident could not be ascertained last night, but soldiers in camp at Armour Heights stated that engine trouble was responsible for the machine plunging to the ground.

Under the auspices of the Greater Toronto Labor Party, a new branch for the Silverthorn district was inaugurated in McCormick's Hall, Silverthorn avenue, last evening. President William Jarvis of the Oakwood branch occupied the chair.

### WIDOW FINALLY RECEIVES SON'S BACK PAY FROM GOVERNMENT

Deputy Reeve F. H. Miller, York Township Council, has been successful in securing from the Dominion Government, after a lengthy correspondence, a check for \$24,000 to the back pay for Mrs. Beck, corner of Vaughan road and Elmwood street, a widow, who has had her son killed in action recently and another returned wounded. Mr. Miller was successful in the matter. In the meantime over the heads of the postoffice officials to secure relief. In the meantime Mrs. Beck looked after by the York Township Council.

### ON SUGAR RATIONS

North Toronto is on sugar rations and will continue so until the situation improves. Most of the grocers in the district have a limited supply of sugar, and are selling in small quantities only. The majority of grocers are limiting their sales to five pounds.

### STRUCK IN EYE

John Pulton, aged 38, of 41 Bartlett avenue, was struck in the eye by a bolt at the new C.P.R. Summerville bridge, North Toronto, yesterday, and was removed to the Western Hospital.

### BUILDING ACTIVE IN NORTH

Oakwood and Wychwood districts are both exceptionally active in building for the season of the year. Two fine new residences are going up on Springmount avenue, Oakwood, as well as the huge upturn motion picture house, "The Oakwood," which is on the corner of St. Clair and Oakwood avenues, and will be completed the first week in November. This will be the largest motion picture theatre in the district. The Canadian Bank of Commerce is erecting a new branch building in the Wychwood district.

Rev. Peter Bryce, pastor of Central Methodist Church, Earlscourt, and Rev. Archer Wallace, who has been ill for many months, will leave the city within the next few days for a two weeks' stay at Clifton Springs and New York.

### DARK CORNER ON ROAD

"That dark corner would be a fine place for an accident," said a resident of East Toronto while speaking of the faulty lighting system at the corner of Kingston road and Main street yesterday. "The traffic is very heavy at times, and a man driving a car down the hill at night would not be able to see a vehicle driving along Kingston road, and an accident would be the result. A large arc light in the centre of the road at the corner would be the right thing."

### LEE AVENUE WORK DELAYED

Owing to the scarcity of labor it is not likely that work will start on the new road on Lee avenue next week. The contractor who has charge of the work stated that he could not get men anywhere, and the work, which was to have started the first of the week, will likely be postponed.

### BRING QUILT OUT AGAIN

It is almost a year since the East Toronto Women's Institute was selling squares for names on an autograph quilt. About \$20 was realized and the money used for maintaining a cot in a military convalescent hospital. The quilt was never finished, but has recently been brought out, and at their meeting next Wednesday the women expect to finish it and use it as a covering for their cot.

ONTARIO LIBERALS TRY CO-OPERATION MEET IN HAMILTON ON UNIONIST LINES

On November Second Organize to Support Unionist Candidates.

LEADERS TO SPEAK GET FARTHER APART

Call Has Been Issued to All Supporters of the Movement. Latter Says it Will Bring Out Unionist Candidate of Its Own.

On September 24 seventy representatives of the Ontario Liberal Party met to discuss the advisability of calling a convention of Liberals who support the Military Service Act and its immediate enforcement...

There is misunderstanding down in Ward One—in that portion of it which is in the north riding of East York. Mr. Thomas Scott, president of the Riverdale Unionist Association, addressed a letter to the president of the Riverdale Liberal-Conservative Association...

Toronto, Oct. 15. W. D. Kennedy, president, Riverdale Liberal-Conservative Association: Dear Sir: After studying the new union government, I must admit that Premier Sir Robert Borden has laid the foundation and stepping-stone to Canada's future prosperity...

Now, I do not wish to take any advantage of your association. I may state, that if an agreement can be made whereby the two associations can unite, I would be quite willing to dispense with all offices of both associations and a meeting be held at the inaugural meeting of the two associations.

Letter Filed Away. This letter was taken up by the executive of the Riverdale Liberal-Conservative Association on Thursday night, October 25. The world is informed that all the executive did was to file the letter and take no further action in the matter until after the election.

The Riverdale Unionist Association have now decided to take no further steps to bring about a union between the two organizations, but to go on with the organization and insist on being given a full representation in the convention, which is to be called at an early date to select a candidate for East York for the house of commons; and in order to accomplish that end they intend to appeal to the Conservative Association of Ward One, and if remain here, higher up, to the Central Conservative Association of the city.

They even say if they fall at this point they will bring out a candidate of their own pledged to support the Borden unionist government.

Calder Proceeds West to Organize Country. Hon. Arthur Meighen Attends Important Conference at Winnipeg.

Winnipeg, Oct. 26.—Hon. James A. Calder, who had been in Winnipeg for two days conferring with Hon. Arthur Meighen and Hon. T. A. Crerar, left last night for Regina. He is busy organizing the unionist forces for the coming federal election.

Hon. Arthur Meighen left town yesterday for Portage la Prairie and will likely be back in Winnipeg tonight. He will remain here a short time and then proceed to Ottawa.

Calder at Regina. Regina, Oct. 26.—Hon. J. A. Calder and Donald MacLean, who will succeed Mr. Willoughby as leader of the Liberal party in the provincial legislature, are in the city today. They held a conference regarding the basis of representation in the province, but they declined to give out anything for publication.

Mr. Calder had no statement to make as to the constituency in which he would run.

Probable Seat for Crerar. Winnipeg, Oct. 26.—Hon. T. A. Crerar, minister of agriculture in the union government, announced today, says the Winnipeg Tribune, that he would accept the federal nomination in Marquette's constituency if it was offered him.

Hon. J. D. Reid announces that the union government will carry 80 out of the 82 seats in Ontario. Presumably the two black sheep are Prescott and Russell, where there is a heavy French vote. The Liberals, however, hope to carry at least one seat in Ottawa, one of the Renfrews, and several seats in western Ontario.

There will be a hard fight in St. Ann's division, Montreal, where the Liberals have nominated Dr. J. J. Guerin against Hon. C. J. Doherty. There is both a large Irish and French vote in the riding, but Dan Gallery, ex-M.P., may run as an independent Liberal and draw some votes from Dr. Guerin.

The union government is confident of re-electing the cabinet ministers in Quebec, of carrying one or two seats in Montreal, possibly one in the City, and several in the Eastern area.

to choose a union candidate at the last meeting. A Kitchener despatch to The Toronto Telegram says: There is a possibility that a candidate may not be chosen at the union convention in Waterloo Saturday (today), and in the event of a deadlock, the name of E. W. B. Snider is suggested.

Federal Conservatives of Saltcoats, Sask., appointed a committee to meet the Liberals and arrange for a union convention. After a decision to discontinue as a party organization a resolution was passed endorsing the union government.

LIBERAL CONVENTION. That of East York to Be Called Next Month. At a meeting of Ward One Liberal Association held last night, it was decided to call a convention for November 9 to elect a candidate for the federal constituency of East York. The meeting also recommended to the Dominion government that owing to the enormous increase in the cost of living since the war, the pay of soldiers on active service be increased sufficiently to allow their dependents to live in reasonable comfort.

is a rumor, however, that Hon. B. F. Smith, his old antagonist, may run as an old line Conservative against Hon. F. B. Carvell in Carleton-Victoria.

In its editorial column of Oct. 24 The St. Catharines Evening Journal comes out strongly against any "saw off" whereby Capt. Lovelace would be dropped as a candidate in Lincoln.

An Ottawa despatch to The Toronto Telegram says: It is definitely announced that now that Hon. W. S. Fielding has come out for union government and Hon. A. K. Maclean has come aboard, Dr. Fuglesy, Geo. Washington Kite and E. M. Macdonald are out as unionists.

Two resolutions were passed at a general meeting of the Liberal Association, Port Arthur, one to meet a suggestion from union government supporters to appoint 15 delegates to meet 15 Conservatives in an effort to agree upon a candidate, and the other inviting Sir Wilfrid Laurier to speak there when on his western campaign.

The mayors of Brandon, Virden, Souris, Wawanesa and the Reeves of Elton and Cornwallia are considering taking the initiative in calling for the selection of delegates to another convention in Brandon, owing to failure

to choose a union candidate at the last meeting. A Kitchener despatch to The Toronto Telegram says: There is a possibility that a candidate may not be chosen at the union convention in Waterloo Saturday (today), and in the event of a deadlock, the name of E. W. B. Snider is suggested.

Federal Conservatives of Saltcoats, Sask., appointed a committee to meet the Liberals and arrange for a union convention. After a decision to discontinue as a party organization a resolution was passed endorsing the union government.

LIBERAL CONVENTION. That of East York to Be Called Next Month. At a meeting of Ward One Liberal Association held last night, it was decided to call a convention for November 9 to elect a candidate for the federal constituency of East York. The meeting also recommended to the Dominion government that owing to the enormous increase in the cost of living since the war, the pay of soldiers on active service be increased sufficiently to allow their dependents to live in reasonable comfort.

The task was to take a short strip of territory west of Duesenberg. They did it quickly and with small losses, due to the efficiency of their artillery preparation, which had reduced numerous pill-boxes with which the territory was fitted.

The northern offensive, which extended from the St. Jansbeek River eastward thru the southern fringe of the Houthulst Forest, and thence southward across the Paschendale Ridge, was really in two sections, for there was a considerable stretch of the line held by the British on the right of the French.

News from this region, however, is arriving slowly. London, Oct. 27.—The new gains of the British and French in Flanders were obtained in another swift and decisive offensive, launched in the early hours of the morning over the front that is the southern edge of the Houthulst Wood and the region of Gheluvelt.

Shortly before 7 o'clock this morning British forces which began an offensive on the Ypres front were seen entering German pill-boxes upon Bellevue spur, and shortly afterwards reports came that the British had carried Poelkerhoek chateau, which had been strongly fortified by the Germans.

### U.T.S. VICTORS IN FIRST JUNIOR GAME

#### Defeat De La Salle, Eighteen to Six, in Good Exhibition of Fall Game.

University Schools defeated De La Salle 18 to 6 in the first of the home-and-home games, for the right to enter the Junior O. R. F. U. semi-final at Varsity Stadium yesterday afternoon. The winners displayed some excellent work by the back division and it was this department that turned the victory.

Both lines were strong and not much ground was gained via the bucking route. Munro, of hockey fame, was the bright shining light for the winners. He showed good boxing ability and pulled off some beautiful runs. He has a pretty style of warding off the tacklers.

Irwin was another big ground-gainer for U. T. S., and went over for the first two tries by clever dodging runs.

De La Salle showed a good tight line and an excellent kicker in McCurry. U. T. S. showed more polish.

There were many minor injuries and several disputes on the side-lines that delayed the contest. The players showed earnestness in their tackling, and this resulted in the injuries. Referee Hewitson had a busy session keeping the players within the rules.

U. T. S. lost possession several times early in the game by interference. Once they settled away they showed a nice exhibition.

No score resulted in the first quarter. At half-time U. T. S. led, 6 to 0, and it stood 18 to 6 for the winners at the three-quarter pole. The final was 18 to 6.

It was even in the first quarter, with both sides showing a nice open game. McCurry booted over, but Munro kicked it out in nice fashion. Irwin and Munro came stunt for De La Salle.

In the second quarter De La Salle went over for a try in the first few minutes. Rooden took a pass and went round the end 25 yards before placing the ball between the posts. It was not converted.

### PARKDALE TURN IN OVERTIME VICTORY

#### Defeat HumberSide and Tie Up Western Senior High School Group.

The High School games yesterday resulted as follows:

Senior—  
Parkdale.....Western Division..... 2  
.....Eastern Division..... 4  
Technical.....14  
Junior—  
Special Division—  
Malvern.....N. Toronto..... 6  
.....Western Division..... 6  
Parkdale.....HumberSide..... 0  
Technical.....28 Jarvis..... 0  
Commerce.....25 Jarvis..... 10

The High School Rugby finals set for next Friday may get a setback. Technical qualified for the senior final by putting away Jarvis, 18 to 4, in the eastern section, but the western section was far from declaring a winner. Parkdale sprung a surprise by downing HumberSide in overtime, and this now leaves these two teams tied. There is another angle to the meet and with the result of the HumberSide-Parkdale clash a win for Oakwood would make it a three-cornered tie. Oakwood and HumberSide postponed their fixture, claiming that the Oakwood grounds were unavailable. The league has been called and the matter will be threshed out. This may result in two more games being necessary before a winner of this division can be declared.

HumberSide's defeat by Parkdale provided one of the most thrilling games of the year. Parkdale went into overtime to get the win, and it was a red-hot contest from the drop of the hat.

Both lines were a-tight and the scores were all made one point at a time. HumberSide led 10 to 0 in the first quarter. Each team scored a point in the third quarter. Parkdale forced a rouge in from fourty yards to tie it up and kicked to the dead line in the first five minutes of overtime to win the game. Excellent passing and running by both back divisions featured the game and the catching was brilliant. The overtime period HumberSide put Parkdale into position to score the point. HumberSide lost possession for interference, and then Parkdale booted over for the winning point.

Technical and Jarvis provided an interesting tussle in the other senior game played. Technical led 18 to 13 to 4 and earned the right to enter the final. They were evenly matched as far as weight went, but the excellent booting and running by the Tech halves turned the tide. Bannister, centre half for the winners, was the star of the game. He did some grand kicking, and the catching was brilliant. Bannister went over for a try and kicked a drop goal. Everett was the pick of the losers' backs. He did some nice running.

The Jarvis halves were outkicked. Jarvis had the wind in the first quarter and booted four points here. It stood 18 to 4 for Tech at half-time, and the final was 18 to 13.

Parkdale Juniors qualified for the Junior final by downing HumberSide, 5 to 0. They secured a try in the third quarter for this total. Victors at quarter-time had the star of the game. Both lines were good.

Malvern and Technical were Junior winners and met in the semi-final. Malvern defeated North Toronto 7 to 6 after a snubborn battle.

The O. R. F. U. series was technical, the latter winning, 25 to 0. Lyons, at centre, was the star of the game. Lyons, at centre, was the star of the game. Lyons, at centre, was the star of the game. Lyons, at centre, was the star of the game.

### RUGBY GAMES

The Rugby games scheduled for today are as follows:

O. R. F. U.—  
Hamilton Technical v. Capitals, at Scarborough Beach, at 3 p.m.  
Parkdale C. C. v. HumberSide Tigers, at Little Big Four.  
Ridley College at St. Andrew's College, at 11 a.m.  
Upper Canada v. Trinity School, at Fort Hope.

City League—  
Junior—  
Riversides at Excelsior.  
—12-Found Class—  
North Toronto at Wellingtons.  
Beaches at Parkdale.

This afternoon at the Scarborough Beach Athletic Field the Capitals will clash with Technicals of Hamilton, and one of the finest games of the season is expected to be the result of this clash. Both teams will put an all-star aggregation on the field, and are both confident of carrying off a victory.

Neither team had much chance to practice this week owing to rain. Almost every man on both teams was out to practice last night, according to the management, and indulged in signal practice and tackling. The fact that the Capitals defeated Parkdale last Saturday in the opening game of the Intermediate O. R. F. U. series proves that they are a strong aggregation.

Jimmy Singer, who played on the half-line for Argos in 1916 and Capitals in 1914, and who was expected to turn out with Parkdale this season, has decided to don the blue and white uniform. He was out to practice last night, and the net in condition as yet, he may get in the game against Technical today. He is a light-class back player, and, with Muckle McLean as a side-partner, the Techs will be kept busy.

Manager Little of the Technicals has succeeded in getting Caffery and Clarence Fickley to do a uniform with Gordon Fickley, who played rover for the Alerts and the Rowing Club, has been approached, and, although "G" has given no promise to play, it is understood that he will be out one week from Saturday. Lorne McDougall, who played rover for Tech last week, is a neat tackler, with plenty of speed, and if he had a man like Fickley to work with, the school boys would make things interesting for any other team in the league.

Capable officials have been secured, and the game will start promptly at 3 p.m. The net proceeds of the game will be given to the Sportsmen's Patriotic Fund, and a large crowd should attend this game to help this worthy cause along.

### Soccer Notes

One of the finest games of the season should be the result of the meeting of Old Country and Wychwood at Varsity Stadium in the final of the Dunlop Shield competition, emblematic of the championship of the city. This competition created great interest last season, and the teams who play for the possession of the handsome trophy today have won their way to the final after some hard games. The "Woods" are out to avenge a defeat by the Old Country boys in the final of the Robertson Cup, and are putting out their strongest line-up. That they have regained their mid-season form was evidenced by the great game they gave the league champions (Dunlop) last week when they only lost by the odd goal in five. Old Country are just as confident that they can land the double event, and this team has shown excellent form of

## Racing in France Shows Great Strength

The French turf paper, "Le Jockey," Paris, of October 3 publishes terms of stallions in service for 1918, which serves to show the value of high-class war-horses of the truck is still fully recognized. The premiums France Palestine and Sundridge are at private terms, but J. D. Colin's grand young horse Reddy is to enter his first year of stud service at a fee of \$2000. The king of Spain's crack Antivar has also gone into similar retirement and stands at a fee of \$1200. The fees of the sires at Mrs. H. R. Duryen's Haras du Gazon are respectively: Durbar, \$1000; Sweeper, \$400; Shannon, \$200 and Clairat, \$200. Along with Reddy, at Haras du Gazon, are Mon Pedro, at \$400, and The Irishman, at \$100. The latter is practically American-bred, being a young horse by Irish Lad, Minberia. The famous horse, Prestige, stands at \$700. Sires with progeny racing in this country are Holcon, San Antonio and Mordant, each at \$240.  
At Chantilly, October 1, W. K. Vanderbilt's two-year-old Maestry, by Maitland-on-Maskette, proved himself a good one when he won the Prix D'Or at three-quarters of a mile in 1:12 2/5. He carried 123 pounds, won by three lengths and defeated eighteen of the best of the year. T. P. Thorne's L'Errant finished second. It was a lucky afternoon for Mr. Vanderbilt, for just previous to

Maestry's victory his good three-year-old Sammy Sande, by Sea Sick-Bat's delight, had won the Prix Vermeil at a mile and a half, and with 133 pounds in the saddle, ran the distance in 2:36 3/5, to win by two lengths from Baron M. de Rothschild's Point de Vue.  
PARIS CURLING CLUB.  
Brantford, Oct. 26.—Paris curlers have elected the following officers: President, Geo. Gourlay; vice-president, Robt. Inkster; secretary, H. W. Wilson; treasurer, D. Brookhand; auditors, H. C. O'Brien and J. Sinclair; representative members to O.C.A., J. B. Inkster and R. Thomson; Tankard skips, Geo. Tait and Dave Cavan; District skips, Geo. Gourlay and J. J. Flahiff.

**Old Budweiser Racing On Jockey Club Tracks**  
The aged gelding, Budweiser, concerning whose identity an enquiry was made last summer, with the result that his further entry was refused on the Canadian circuit, is racing on the Maryland tracks under New York Jockey Club rules. Nothing, apparently, of a conclusive nature developed during the Canadian enquiry, and the evidence that the horse was not Budweiser was not sufficient to upset his identification by men who formerly owned and trained him, and who had no doubt he was the same horse. It is said that the principal witness, G. W. Scott, was as positive in one statement identifying the horse as he was in another which cast doubt on old Bud. At any rate, it is clear that

REGULAR AUCTION SALES EVERY WEDNESDAY AT 11 A.M.

### The Great Red Cross Horse Sale

which was postponed from Oct. 26th, WILL BE HELD ON TUESDAY, NOVEMBER 13th

And the following Wednesday, November 14th OUR SPECIAL COMBINATION SALE OF UNRESERVED CONSIGNMENTS

### THE RED CROSS SALE, TUESDAY, NOV. 13th

Entries of Horses, Vehicles, Harness, Etc., which are donated to the Red Cross Society, will be received up to Saturday, Nov. 10th. All those having horses which they do not require, and horses to sell on the market, will prefer to contribute them to this worthy cause, as the entire proceeds will go direct to the Head Office of the Red Cross Society of Canada. No commission will be charged by the Union Stock Yards Company for conducting this sale, which will be under the direction of Col. Noel Marshall, Chairman of the Society.

### Combination Sale of Unreserved Consignments Wednesday, November 14th

This will be one of the best opportunities this year to dispose of your entire stable outfit, or any surplus horses. No entries will be received unless for absolute, unreserved sale, and consignors may rest assured that they will receive the very best possible cash price in this way. No auction sale can be a great success unless it is conducted in this way. It will not be confined to any particular class of horses. Heavy Draft and General Purpose Mares and Geldings, Family Carriage Horses, Saddle Horses, Ponies, Drivers, Brood Mares, Foals, Yearlings, two, three and four-year-olds, as well as the very best matured horses will find ready purchase at this great sale. The one and only condition is that your entries will be unreserved. Owing to the large amount being spent in advertising this sale no owner need hesitate to take advantage of this special Combination Sale of Unreserved Consignments. Extra good heavy horses will bring high prices, and every animal offered will bring as good a price as you will be able to get in Canada at the present time. Make your entries now, as the number of horses will be limited to only as many lots as we can sell in one day. Don't wait, enter now, as our sale is limited. A splendid consignment from one of the best known, high-class breeding farms in Ontario, and other smaller lots have already been entered without reserve. Our charges are \$5.00 per head commission, and 50c per day for feeding while here; also 10c for each horse to cover fire insurance while in our stables.

### CANADIAN HORSES IN FEATURE OF SHOW

Lady Beck Has Entered Three in New York in Hunters' Teams.

New York, Oct. 26.—Ranking with such American sporting classics as the world's series in baseball, the Davis Cup matches in tennis, the open golf championship in the "twilight and ancient" games, and other events that attract international attention, the thirty-second annual national horse show will open on November 12, at Madison Square Garden, and continue until late fall horse shows are held in all parts of the United States, and the champions of their respective districts are finally brought together on this gala occasion to compete for the highest honors of the horse world.

Champions in harness, under saddle and over the jump from the north, south, east and west will vie for the blue ribbon and cash prizes of the championship of the United States. While there has been a noticeable dearth of high-class competitors in most branches of sport throughout the country due to the present war conditions, it is not to be so with the horse show this year, for on the contrary it is expected to eclipse any of its predecessors.

At the first meeting of the directors of the association this year, when it was planned to continue the event in spite of the war it was also decided to the American Red Cross, and this has largely been responsible for the increase in the number of exhibitors. The donors of many special prizes for the show this year.

The most valuable prize of the show is the \$100,000 Vanderbilt Memorial Gold Cup, which is given by Mrs. Vanderbilt for road four-hand teams. Wealthy amateur teams have purchased the country and are putting together teams that may win this coveted trophy, which is sold for \$100,000. Among the probable competitors will be the team of J. Campbell Thompson, A. W. Atkinson, James Cox Brady and Mrs. Froyd, who was the champion of Kansas City.

Others who have donated prizes are Lord and Mrs. Sir Adam Beck, James McLean, the new president of the National Horse Show Association, President of the Hunt and Sports Club, J. J. R. Campbell, Charles E. Cox, I. J. R. Murrill, Rufus Patterson, Louis Sherry, Udo M. Fleischman, George E. Holmes, the Newport Horse Show Association and the American Saddle Horse Society.

Altogether the vogue of the automobile has hit the harness horse a hard blow for everyday use he still leads in the show ring. Of the 165 classes in this year's prize list 26 are for harness horses, not to mention 11 more for harness ponies. Hunter and jumpers come next in order with 30 classes; saddle horses will be seen in 32 classes; hackneys in 20 and trotters in 11, with nine classes for military horses.

A competition of teams of three hunters, ridden by prominent society women, promises to be the spectacular feature of the exhibition. The fashionable Meadowbrook Club, on Long Island, is to represent three teams, in one of which the riders will be Mrs. Adolf Ladenburg, Mrs. Charles R. Rumsby, and Mrs. Mary Harriman, the daughter of the late T. H. Harriman. In the other Meadowbrook team Mrs. Thomas Hitchcock will ride with her daughters, Miss Helen and Miss Julia Peabody, all of whom ride astride. Lady Beck, who is the master of hounds, ten teams have been entered for this interesting competition.

MR. HANNA NOT PRESENT. Hon. W. J. Hanna, food controller for Canada, who was to have addressed the Executive Club at luncheon yesterday, was unable to be present. The secretary, Allan Sullivan, was the speaker in his place.

FIFTH RACE—McAdoo, Lady Rotha, Bac. SIXTH RACE—Cudgel, Hollister, Mad. SEVENTH RACE—Miss Fannie, Alert, Turco.

### The World's Selections BY CENTAUR

LAUREL. FIRST RACE—May W. Brother Jonathan, Sam Slick. SECOND RACE—Farr entry, Ross entry, The Brook.

THIRD RACE—Westy Hogan, Tippity Wilmet, Strathgairn. FOURTH RACE—Jack Hare, Jr., Re-count, Hallenbach entry.

FIFTH RACE—Sport, Tocket, Hauberik. SIXTH RACE—Spectre, The Busybody, Duke.

SEVENTH RACE—Graphic, Holiday, Amalgamator. LATONIA. FIRST RACE—Jack Stuart, Tanacl, Betcha Millen.

SECOND RACE—Sostus, Dimtri, First Ball. THIRD RACE—Jovial, Lucille P, Clara. FOURTH RACE—Boniface, Camden-Woodford entry, Free Cutter.

## The Employer's Course

The Proclamation issued under the Military Service Act calls Class One men—bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th Oct., 1917, and whose 34th birthday did not occur before Jan. 1st, 1917.

The claim for exemption may be made by the man himself, by his employer or by a near relative. So far as practicable, not more than one claim should be made in respect of any man. For reasons stated in the next paragraph, the claim is often best made by the employer.

When Employer Should Make Claim for Exemption. Where claim for exemption is based on the assumption that it is in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged, it is usually preferable that the claim be made by the EMPLOYER, inasmuch as the decision of the claim will involve amongst other things, a consideration of the nature of the business, the number of men employed, etc.

Medical Examination. It will simplify the employer's problem if all Class One men in his employ present themselves for Medical Examination at the nearest Medical Board Centre.

Upon examination they will be placed in Medical Categories—A, B, C, or E. Class One men placed in Categories B, C, or E satisfy immediate requirements if they attach the medical report they will receive to their claim for exemption.

Where an employer claims exemption for an employee on the ground that it is expedient in the national interest that the man should continue in the work in which he is habitually engaged, he should attach to the claim for exemption a statement and a schedule as follows:

The Employer's Statement. Total number of employees, grouping them according to their respective occupations and qualifications, and stating the number in each group. Indicate the possibility or otherwise of replacing the labor of Class One men with the labor of those not in the statutory class called up, or of women; also the extent to which the withdrawal of men in the statutory class would affect the business, the reason for considering that the carrying on of the business is in the national interest, and such other facts and circumstances as may appear to be relevant.

The Employer's Schedule. This should state the names, ages and occupations of all Class One men employed, noting against each name whether or not claim for exemption is being made, and whether in the employer's opinion, exemption, if granted, should be conditional on the man's continuing his present occupation, or whether it would suffice if exemption were granted for one, two, or more months, as the case may be.

Forms for Exemption. These forms may be obtained on request from any Postmaster who will transmit the forms, when filled in, to the Registrar.

### Weekly Sport Letter

By Frank G. Menke. "What is the shine ball?" Eddie Cicotte grinned, winked and then murmured, softly:

"Sh!" Dave Danforth was near. "What is the shine ball?" Dave answered: "Me no speaks da English."

"How about this here shine ball—is it or ain't it?" Clarence pondered and then "enlightened" with:

"Gosh, will you ever forget how Heinie, the Zim, chased Eddie Collins into the White Sox?"

So we turned to another baseballing bloke, not associated with the White Sox. "What is the shine ball?"

"It's a misonome—that's what it is," he answered.

"Go right on with your story," we coaxed. "Wed, a shine ball is made up of ten parts saliva, two parts ball tobacco and one part sand."

"Keep on continuing to proceed." "There's two parts to a baseball cover, ain't there? Yeh! There is! Well, the pitcher jams a wad of tobacco into his mouth just before the game starts and when the ball sounds he has the chew in nice working order. At the very first opportunity the pitcher takes a spitball and promptly sprays enough juice on the cover to darken one section of it. Then he sprinkles a little juice into a portion of the seam and sifts a little sand into it."

"And that's the shine ball?" "Yeh—that's what they call it, but they shouldn't name it the 'chew ter-bacco' before he can throw it."

"Nope—leoric'll do as well as tobacco."

anything! do that'll discolour one-half of the ball so it'll have a whirling black and white effect when it shoots up to the batter."

"What's the idea of the manded seamer?" "That gives the ball a little more weight on one side than on the other and makes some weird twist—possible as the ball shoots over the plate."

"And so that's the shine ball?" "Yeh. And if you don't believe it, ask Eddie Cicotte."

So we turned again to Eddie, who was watching us in our feeble efforts to make a pair of queues stand up under a duo peso raise:

"What is the shine ball?" "Oh, well, if you insist upon insisting, I'll tell you. The shine ball is a myth."

What is the shine ball? Why Connie is Sad! Cornelius McGillicuddy, whose name has been shortened to Connie Mack owing to the scarcity of white paper, has come to realize that:

like Eddie Collins, Eddie Plank, Chief Bender, Jack Barry, Frank Baker, John McInnis etc., can be secured for the price of a baby Liberty bond—or less.

When the 1914 season ended, Connie kicked to pieces a rather elegant baseball machine.

"On you foolah boy!" uttered his friends.

"Phooie! Phooie!" responded Connie. "I busted up a pretty good team back along in 1906 and built up a greater one, didn't I? Now watch me do ditto. And remember, I wear no false whiskers to deceive you and do not employ clairvoyance."

Have you been watching? The Case of Marquard. The success of an athlete's fortunes depends upon the way he's handled, as the following may prove:

"Rube" Marquard didn't amount to much until Wilbert Robinson went to the Giants as coach. John McGraw hadn't been able to get results from the \$11,000 southerner. Robinson, aided and abetted by his binary tactics, took "Rube" under his wing, and soon "Rube" developed into a remarkable performer.

He remained such until Wilbert was sentenced to serve a few terms as manager of the Dodgers. Then he started to go altogether flooie. So punk did "Rube's" work become in 1915 that McGraw ended "Rube's" thru," declared the Giant chief.

"Right!" chorused six other major National League managers as they passed up "Rube."

"You're wrong—all of you," Rube's as good as ever, exclaimed Wilbert Robinson, whereupon he secured "Rube" for the waiver price of \$1500.

Robinson was right—the other folks wrong. Back under the guidance of the man who understands his peculiar temperament—which McGraw didn't—"Rube" has achieved quite a conspicuous "come-back" in 1916 he has pitched materially in the Dodgers' successful pennant battle, turning in 13 victories in 19 starts for an average of 884 in 1917 he worked in 31 contests and won 19 for an average of 615, with a seventh place club behind him.

The Great Trio. "Who" asks a reader, "had the best

pitching average for three consecutive years—Alexander, Johnson or Matthewson?"

The answer is—"Matty" by the barest possible margin, with Alexander a very close second.

The records show that Matty's three best years embraced the period from 1903 to 1905, during which Matty had two pennant winning clubs behind him; Alexander's best consecutive work was in 1915-1916 and 1917, with a pennant winner supporting him in 1915. Johnson's three greatest years were 1911-1912-1913—without a champion club as a "prop."

Here are the figures that show the best three years of each of the great right-handed trio:

Year	Games Won	Lost	Pct.
1903	48	30	.616
1904	48	32	.600
1905	45	31	.594

### GREAT AUSTRALIAN FIELD RESPONSIBLE FOR ACCIDENT

An accident of unusual proportions is reported from the Canterbury provinces of the worst that has happened there since the eight horses for in the Hobbish cup in 1914. It occurred in the maiden handicap, a five-eighths sprint for two-year-olds, for which there were twenty runners. When going up the hill of the race, the ambulance was quickly mounted, Eaststone, from closing on Black Thistle, which, in dropping back, had done and fell. It was impossible for the horses immediately behind him to get clear, and in quick succession Charles (C. Barden), Queen Carmen (W. Crockett), Black Shot (J. Maxwell), the acre King (N. Wood), Jacques (O'Brien), Downy (L. Bregg) and Max Ballantyne (E. Wilkinson) were also down on the spot, and it was apparent soon after the race that Barden received a very serious concussion of the brain, with a depressed fracture of the frontal bone and concussion; Wood, a broken collar bone, and Maxwell a fractured hand and injury to one of his legs. The steward subsequently held an inquiry, in which it was found that the accident was due to any fault of the track, but to the "greenness" of a competitor, who happened to get into a leading position.

CALL FOR DELIVERY TURN HAIR DARK IN MAY OR JUNE WITH SAGE TEA

City Does Not Appear to Intend Hurrying on Viaduct.

READY THIS MORNING

Contractors Will Hand Over the Don Section Today.

Despite the fact that assurances have been given by Mayor Church and the controllers that the city's portion of the work on the Don section of the viaduct would be rushed to completion as soon as the bridge was turned over to the city, such is apparently not the case.

On good authority it was learned yesterday that the city has asked for tenders for track spikes and ties for this work, the deliveries on which are not asked for until next May or the first and next June on the spikes.

From the delivery dates placed on these materials it would seem that the city, despite the assurances of the mayor and controllers, does not intend to rush this work to completion this fall, nor yet to make an early start next spring.

It was also stated by one who claimed to know that no attempt to commence the city work would be made until such time as bad weather will make completion of the work this year an impossibility.

Works Commissioner Harris is still on his vacation, but when a reporter for The World got him on the phone last night and asked about the delivery of spikes and ties for the big viaduct the only statement he would make was:

"I have nothing to say in regard to the floor street viaduct. Anything I have to say will be said to the board of control."

City Engineer Powell was also asked about the delivery date named on these supplies and said:

"I am not in touch with that matter. It may be so. It may be not."

"Could you say anything about the city work on the Don section of the floor street viaduct?" he was asked. "No, I could not," said Mr. Powell.

Ready on Saturday. Also the contractors' engineers on the job recently said that the work on the Don section would be completed by yesterday, the past two days bad weather somewhat delayed the forecast.

Mr. Black, the engineer, however, said yesterday that providing good weather returns everything would be absolutely finished today. The city will then be notified, and it will remain for the civic authorities to take over the bridge and do their portion of the work in order that the viaduct can be used by citizens. So far there is no sign of any start being made by the city on the Don section.

The Rosedale section, however, is faring much better, and yesterday the city's men were busy putting the finishing touches on the wood paving, which it is understood will be completed today, when this section will be open to wheel traffic. Yesterday the hydro was stringing its light wires along the centre, on poles that will eventually carry the trolley wires.

SOLICIT PREMIER'S HELP.

Premier Sir William Hearst received a deputation of representatives from the Canadian Navy League yesterday morning, and he was requested to allow his name to be placed on letters being distributed throughout the country, advising the formation of local branches of the league in various municipalities. Heading the deputation were Commodore Aemilins Jarvis, Sir Robert Falconer, Commander Law, R.N., H. H. Dewar and Col. Cecil B. Williams.

REFERRED TO CABINET.

The following telegram was received by Mayor Church yesterday from Sir Robert Borden in reply to his of the previous day:

"Your telegram with reference to Hydro-Electric power received. Have referred it to special committee of cabinet which is dealing with the subject, and I have asked them to give your representations most immediate and attentive consideration."

DECLINES APPOINTMENT.

Mr. Justice Middleton, recently appointed to conduct the investigation into the building department of the board of education, has declined to conduct the enquiry on the ground that he did not have the time to give to the investigation, and has written to Hon. Dr. R. A. Pyne, minister of education, to this effect. The minister is now considering the appointment of another judge.

AT ROTARY CLUB LUNCHEON.

At yesterday's luncheon of the Rotary Club of Toronto, held at the Carls-Rite Hotel, R. W. Stone delivered an address on the theme of "Opportunities at Vocational Meetings in a Businessman's Convention." Secretary Eldrid was present and reported upon the session of the first annual conference of the association held in Chicago during the last week of September this year.

VISITORS FROM CHINA.

Mrs. and Miss Walshaw of Tientsin, China, left the Carls-Rite Hotel yesterday for Brindale. Mrs. Walshaw has lived in China for some years, and came over to Toronto for the purpose of placing her daughter at Haver-gal College.

GOVERNMENT FISH ARRIVES.

A consignment of seventy-five boxes of government fish reached Toronto last night, and twenty-eight boxes were reshipped to Stouffville, St. Thomas, Windsor and London. The remaining forty-seven boxes will be on sale by Toronto merchants this morning. The City of Port Arthur also received a supply of fish yesterday.

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it, and draw this through your hair, taking one or two small strands at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

SOME DISPUTED POINTS ALREADY CLEARED UP

Street Commissioner and Scavenger Leaders Get Them Smoothed Over.

A general attitude of reciprocal conciliation between Street Commissioner Wilson and the men of his department has been brought about thru the efforts of the board of arbitration appointed to investigate the alleged grievances of the men. At yesterday's session of the board both the commissioner and the representatives of the men, acting upon the suggestion of the chairman of the board, decided to deliberate upon all the grievances and questions in dispute, and to report back their adjustments. The board undertook to settle any points which the deliberators would find difficult to adjust.

W. J. Kennedy stated last night that the representatives of the men had in conference with Commissioner Wilson, solved a few of the lesser grievances, but that a number of the outstanding questions still remained unsolved. At the conclusion of the afternoon conference with Mr. Wilson it had been decided that the committee approach the men directly affected in the cases touched upon in the list of grievances presented by the street cleaners with a view to getting their opinion as to the feasibility of leaving the solution of all the grievances to the deliberations of the men's representatives and the commissioner.

"I will take time to look these men up," Mr. Kennedy said. "If they agree to the plan the arbitration board will be relieved of much responsibility in the matter, and it will be up to us to thrash matters out ourselves with Mr. Wilson. As nothing further can be done until we have had the consent or dissent of these men to this suggestion it may be several days before we get any nearer a solution."

TO INCREASE POTATO YIELD.

Departmental Representatives Will Meet Growers Here Next Week.

Officials of the provincial and federal departments of agriculture, who are interested in potato production, and representative vegetable growers and farmers will meet in convention in the parliament buildings on Tuesday and Wednesday next to discuss means by which the potato-growing industry of the province might be placed on a more efficient basis. Among the questions which will be discussed are the following: Standardization of varieties and control of diseases with particular reference to leaf curl and mosaic. The source of supply of the best seed will be ascertained and means adopted of demonstrating to growers the advantages of special varieties. Arrangements will also be made for the distribution of seed.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach. Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull aching head, heavy furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Canada Needs More Money to Carry on the War

HERE, in a sentence, is the reason why the Dominion Government will ask you in November to buy Canada's Victory Bonds. But why does Canada need more money to carry on the war?

WATERLOO is remembered as one of the great battles of the world's history, but Canada has already sent overseas to the plains of France and Flanders more than twice as many men as were engaged on both sides of that great battle.

THIS army of Canada's splendid sons who, by their heroism are helping to protect us—every man, woman and child of us—from sharing the horrible fate of the Belgians, must be fed, clothed, equipped and maintained with every weapon needed in the fight.

For this purpose alone Canada requires over One Million Dollars a Day

And this expenditure is constantly increasing.

burden on production at home, and in assisting our Allies, that she can now buy only on credit on this side of the Atlantic.

This is one reason—a reason that will convince you, and every other patriotic citizen, that if Canada needs this money, she must have it.

Therefore Canada proposes to extend to Great Britain the credit she must have by borrowing money from the people of Canada through the sale of Canada's Victory Bonds.

Moreover, Great Britain has been expending in Canada, hundreds of millions of dollars for foodstuffs, and the various munitions of war.

Thus Great Britain will be enabled to continue buying her supplies in Canada and to pay cash for them to the Canadian producers. This, in turn, will result in a continuance of that business activity so essential to the well-being of all the Canadian people.

This has resulted in keeping our farmers, miners, lumbermen, fishermen and the workers in every branch of manufacturing industry fully employed.

So every man and woman in Canada should prepare to buy Canada's Victory Bonds to the very limit of his or her ability, when they are offered in November.

Should this condition now be disturbed, every man, woman and child in the Dominion would undoubtedly be adversely affected.

Great Britain is anxious to continue buying supplies in Canada. But Britain is bearing so tremendous a financial

PROPOSAL TO WIDEN PART OF KINGSTON ROAD

Works Committee Recommends Improvement in Spite of Council's Avoiced Policy of Economy.

In the face of the city council's decision against local improvements until the financial situation improves, the works committee yesterday sent on to the council a recommendation that Kingston road, between Balsam and Silverbirch avenues, be widened at a cost of \$3,000.

By extending the street as a local improvement some \$20,000 would be paid by the property owners.

Richard Disette appeared before the Court of Revision yesterday to ask for a reduction in the assessment on the Empress Hotel at the corner of Yonge and Gould streets.

Empress Hotel Among Properties on Which Figures Were Lowered.

Richard Disette appeared before the Court of Revision yesterday to ask for a reduction in the assessment on the Empress Hotel at the corner of Yonge and Gould streets.

He said that the rental of it had been reduced from \$10,000 a year to \$3,000. The taxes amount to \$2,700. The building assessment was reduced from \$15,100 to \$13,900, and the land assessment on the front 17 feet six inches was reduced from \$1,450 to \$1,300 a foot.

W. B. Becker was given a reduction of \$400 on the building which he owns at 468 Yonge street from the assessment of \$2,200.

The assessment department recommended that the assessment of

United Empire Women Hear Sir Sam Hughes

At yesterday afternoon's gathering of the women of the United Empire Loyalist Association, held at the Prince Arthur avenue, Sir Sam Hughes, former minister of militia, expressed himself as strongly in favor of suffrage for women, commending the splendid efforts of Canada's womanhood during the war, and E. W. J. Owens, M. L. A., who was to have delivered an address, regretted his absence, also expressing himself strongly in favor of woman suffrage, favoring specifically the extension of the franchise to the wives of all men entitled to vote at the ensuing federal elections. Mr. Owens is sending the U. E. L. committee a substantial cheque today.

The meeting, which was largely attended, was enlivened with classic vocal selections by Miss Elsie Keefer and Miss Gladys Ayre, and by equally fine violin selections at the hands of Miss Margaret Reid.

Mrs. Norman Allen is the president of the association in Toronto, which has done unusually fine work for the cause of the wounded and the men in the trenches.

Graduate Nurses Meet

At the gathering of the graduate nurses in their club, Sherbourne street, Mrs. L. A. Gurnett gave an address on "Food Conservation."

I Know a Woman's Sufferings

What I have suffered is a far better guide than any MAN'S experience could be. And the treatment I have had, and strength, new interest in life, I want to pass on to you, that you may enjoy the precious boon of health.

Write and tell me how you feel, and I will send you ten days' FREE trial of a home treatment to meet your individual needs, together with references to women in Canada who have passed through your troubles and regained health; or you may secure this FREE treatment for your daughter, sister or mother.

If you suffer from pain in the head, back, or bowels, feeling of weight and dragging down sensations, feeling of displacement, internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides regularly or irregularly, bloating, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weariness, shallow complexion, with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I invite you to send to-day for my complete ten days' treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely overcome at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you have been benefited, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all—young or old.

MRS. M. SUMMERS, Box 65 Windsor, Ontario

Read My FREE Offer!

To Mothers of Daughters, I will explain a simple home treatment which speedily and effectively dispels green-sickness (chlorosis), irregularities, headaches and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs nothing to give my method of home treatment a complete ten days' trial, and if you wish to continue, it costs only a few cents a week to do so, and it does not interfere with one's daily work. It is healthy, safe, and sure. Write for the free treatment, and when you have been benefited, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all—young or old.

MRS. M. SUMMERS, Box 65 Windsor, Ontario

FRUIT-PICKERS TO MEET

As an outcome of a meeting held by a small group of girl fruit-pickers in the physics building of the university in the near future for the purpose of discussing hours of work, etc. An exhibition of the work as shown by moving pictures will be given later.

MRS. CUMMINGS CHOSEN

Mrs. Willoughby Cummings has been elected by the minister of finance, Sir Thomas White, to act on the Toronto honorary war loan committee, of which Sir Edmund Osler is chairman.

FOR PATRIOTIC PURPOSES

The proceeds of the bridge, \$100, held at the home of Mrs. George Heintzman, Avenue road, will go for patriotic purposes.

WILLIAMS EMBARGO TO STOP CORN SPECULATION

President John G. Kent of the board of trade has received the following communication from the food controller regarding the embargo recently placed on the exportation of corn from the United States into Canada: The embargo recently placed upon the exportation of corn from the United States into Canada is intended to prevent speculation in corn by the community. The co-operation of your board is kindly requested by communicating this information and distributing the necessary application forms to prospective importers of corn in your district. We have received the assurance of the United States food administration that every effort will be put forth to expedite the application of the embargo to the United States food administration for a similar export license. Yours faithfully, W. Per T. B. L.

CORN RECEIPTS DEPRESS PRICES
Heavy Movement of New Crop Offsets Effect of Bad Weather. Chicago, Oct. 26.—Enlarged movement of new corn from producers in the west tonight, being absorbed by the market, has offset the bullish influence of corn receipts, and has caused a sharp decline in prices. The market is now in a state of uncertainty, and prices are expected to be further depressed.

THREE WEEKS' CANVASS

War Loan May Be Divided Into Long and Short-Term Issues.

Preparations are briskly under way for the war loan campaign which is expected to make Canada's fourth war loan a greater popular success than any of its predecessors.

Only one share of C.P.R. was dealt in the price being 144, or a point below Thursday's figure.

It is possible that there will be two series of the new bonds, one falling considerably below the other.

Small denomination bonds will be a feature designed to appeal to the investor of modest resources.

The general public has probably little idea of the extent to which bond dealers have set aside private interest for the purpose of making the war loan a success.

The bond houses have sunk their identities and merged into one great effort to assure the success of the war loan.
