French Attack Strong Positions; Make Gain

Numerous German Soldiers Gathered In as Prisoners Slight British Setback

Enemy Succeed in Forcing Back Troops Slightly At One Point—Americans Ready To Take Place in Line, Says Washington Report

Paris, Oct. 22.—The French war office reports: "This morning at 8.15 o'clock after artillery preparation for several hours, our troops assaulted the powerful German positions in the region of Alençon and La Malmaison, northeast of Soissons. On the whole front of attack we made good progress, and we took a number of prisoners. Northwest of Rheims there was rather heavy artillery fighting in the night. Three surprise attacks against our small posts west of Bernécourt and east of Neuville were without result. "In the Argonne an incursion into German trenches at Cheppy Wood enabled us to inflict losses on the enemy and bring back prisoners. "On the right bank of the Meuse, Verdun front, the artillery action became violent late in the night in the region north of Hill 84." The British Advance.

London, Oct. 22.—Reuter's correspondent at British headquarters in Belgium wires:—"The advance on Monday was carried out in a dense mist resembling a London fog. The ground is still terribly heavy. "Up to midday we had advanced about 1,000 yards, carrying our left wing up to the fringe of the Houtholts Forest. It is also rumoured that we occupied the Pöckelpele brewery, Minier House and Helle House. "The enemy counter-attacked in the forenoon astride the Ypres-Staden railway, but was repulsed with severe punishment. The weather cleared as the day advanced. "The operation, however, does not seem to be of major importance, like the recent battles." Slight German Success.

London, Oct. 22.—The Germans last night attacked one of the newly captured British positions in Flanders in the southern part of the Houtholts Forest and forced back a short distance the troops holding it. Elsewhere the British gains of yesterday have been maintained and consolidated. "Rain fell again last night, and the weather has been stormy and unsettled." Americans Ready.

Washington, Oct. 22.—Secretary of War Baker's weekly review of war operations discloses the potency of material and men will enable the British and French commanders to triumph over natural obstacles and continue forcing the enemy backward without waiting for spring. The review declares that the men of the American expeditionary forces in France, after three months' intensive training are in efficient fighting trim and splendid physical condition. "In dwelling upon the importance of the battle of Flanders and its effect upon the morale of the Germans, Mr. Baker declares it apparent that the German high command and the German army in the position against the Russians in the Riga district in order to bolster up morale and meet impending internal difficulties. By extending her lines in the east he adds, Germany has merely added to the length of her line of communications and increased confidence in the final allied victory."

IRISH AFFAIRS IN THE COMMONS

London, Oct. 22.—The House of Commons today occupied itself with Ireland. John E. Redmond opened a debate on a motion which he announced on October 16. It reads: "This house deplores the policy which has been pursued by the Irish executive government and the Irish military authorities at a time when the highest interests of Ireland and the empire demand the creation of an atmosphere favorable to a successful result of the deliberations of the Irish convention." There already has been much talk outside parliament as to Sinn Féin domination and Dublin Castle administration, and the questions will be thoroughly threshed out.

Five More Canadians Break Away From German Prison Camp

London, Oct. 22.—Five more Canadian prisoners have escaped from the German prison camp at Limburg, but no further news of their tidings has so far been received. The names of those who got free are: Edgar Stowe, F. W. Boyd, A. Blacklock, R. Howitt, and J. J. Freese. The following Canadians are announced as prisoners at Limburg: Angus McK. Hamilton, A. E. Olding, S. Platts, J. T. Mitchell, Murrison, E. C. Outherton, J. Birnie, T. O'Brien, A. Williams, A. Cotton, C. M. Wasson, C. Coates. At an unknown camp, R. Henry.

Germans Fail In Attempt at Second Landing On The Russian Coast

Invading Force Driven Off Is Petrograd Report

Stated That Germans Believe Allies' Fleets Will Make Attempt to Get Ships to the Aid of The Russians

Petrograd, Oct. 22.—The Germans have made an attempt at a second landing on the Estonian coast. The war office announces that they were driven away by the Russian navy. The attempt was made near Moiskull Manor, eight miles north of Weder, on the Estonian coast. The landing of German troops reported yesterday by the Russian war office was effected on the northern peninsula of Novali, in the Gulf of Riga. No naval engagement occurred in connection with the maneuver. German warships were observed off Kivi-Moos, Moon Island. The Germans have evacuated more trenches on the northern end of the battle front. They were occupied by the Russians. Trenches in the sector north of Hilsenberg Manor were taken by the Russians after an engagement. The Kaiser Heard From Again

Amsterdam, Oct. 22.—After his return from Constantinople, Emperor William telegraphed to Prince Leopold of Bavaria, commander on the northern front in Russia, his own and the fatherland's thanks for the successes achieved in the capturing of Oesel, Moon and Dago Islands in co-operation with the navy. He also sent congratulations to the chief of the admiralty staff, describing the naval operations as "fresh proof of the preparedness of my navy." Allied Fleet to Rescue?

Stockholm, Oct. 22.—The military critic of the Svenska Dagbladet, assumes that Germany is anticipating an attempt by an Entente fleet to force an entrance into the Baltic in consequence of the German successes in the Gulf of Riga. He says that never since the war has there been such a number of German destroyers and submarines being stationed in the neighborhood of the Baltic. The sounds between the islands of Denmark and the sound between Denmark and Sweden.

CAR SHORTAGE THREATENS TO CAUSE BIG FOOD LOSS

Boise, Idaho, Oct. 22.—Southern Idaho is threatened with enormous loss through freezing of apples and potatoes because of inability to secure freight cars for their transportation, according to telegrams sent today to the food administration in Washington asking that steps be taken to relieve the situation.

FIFTEEN MORE RETURNED SOLDIERS

Fifteen men applied for medical examination to the standing medical board this morning. Of this number eight were put in Class A, one in Class B, none in Class C, two in Class D, and four in Class E.

Two Navy Men Drowned Ottawa, Oct. 22.—The naval department announces that Walter Bels, the Royal Naval Canadian Volunteer Reserve, and William J. Barry, of Valcartier, Que., swam, also in the reserve, have been drowned.

ton when the new convalescent home is opened in the old government building. The local institution accommodates only 125 men while that in Fredericton will have room for 450, making the vocational work there of much greater scope. A separate building is being erected during the present phase of this work. Professor Sexton will leave tonight to return to Halifax.

DENIED THAT CONSCRIPTION PLAN WILL BE ABANDONED

Ottawa Says No Truth in Montreal Newspaper Report That Number of Exemption Applications Will Cause Giving up of Project

Ottawa, Oct. 22.—It is positively stated in official circles that there is no foundation for stories that the government will abandon conscription because of the large number of applications made for exemption. The military service board is proceeding with its work with the full expectation of carrying out its plan to have the first drafts called out for service on December 30. Exemption boards will have a big task to deal with all the applications for exemption, but there is no reason to believe that it cannot be successfully accomplished.

Montreal, Oct. 22.—The Montreal Herald today publishes under an Ottawa date line a despatch which said that conscription would be abandoned, and that the government was planning a masterly retreat. The despatch contended that even the warmest advocates of the measure have become frightened at the number of applications for exemption. It was stated that the retreat would be made strategically and that the dates of the sittings of the exemption boards would be postponed. The excuse that would be given would be that the work was too onerous for the boards to undertake during the election campaign and to finish before Christmas.

RECRUITING IN CAPITAL BETTER

Exemption Applications Many—Business And War News of Fredericton

Fredericton, N. B., Oct. 22.—Local recruiting shows a marked improvement. Seven were enlisted here yesterday. A local committee to assist in the matter of food control was appointed last night at a public meeting. The speakers were: E. A. Schofield, of St. John, and Dr. W. C. Kjerstad, of Fredericton. The committee is composed of Mrs. R. FitzRandolph, Mrs. Haystack Coy, Mrs. G. W. Hodges, Mrs. E. S. Shaw, M. Burns, and Rev. Dean Neales. It will meet soon to arrange for the distribution of pledge cards. The provincial committee on greater production and increased output in the agricultural office this afternoon, Mr. Schofield is here to attend. Fred Pond, of Devon, for some years operating manager for the York and Sunbury Milling Company, has severed his connection with that firm and has taken a position with an American firm which has large timber holdings on the Pokok. George Christie, of Maitlandville, succeeds him. The inquest into the death of Ella May Mason of Devon, was completed by Dr. B. M. Mullin last night. The verdict was death from a gunshot wound in the head, inflicted by her own hand while she was suffering mental derangement. The local tribunal under the military service act received 12 applications for exemption. Upwards of 100 others have been made at the Fredericton post office.

The Victoria Mill operated in this city by Fraser Companies, Limited, completed its season's operations yesterday.

ANOTHER STRIKE BY THE TELEGRAPHERS TALKED OF

Toronto, Oct. 22.—The discharge of several telegraph operators in Montreal by the Great Northwestern Telegraph Company is alleged by the officers of the telegraphers' union here to be a retaliatory measure against the men who were successful in forcing the company to accept the award of the board of conciliation. The telegraph department at Ottawa has been appealed to and union officials strike within the next few days.

German Losses Heavy In The Sea Fight With Russians

Petrograd, Oct. 22.—The admiralty staff says that the Russian navy fought excellently against the superiority of the Germans in the recent sea battle. "The task of our fleet," says the statement, "with the organized position of Moon Sound as a base, was to prevent the enemy attempts to seize the Gulf of Riga and Moon Sound. So long as the German fleet employed only elements of minor importance in such operations as in 1915, namely two dreadnoughts, our forces could cope with them. "In the recent operations the enemy employed the major part of his fleet and his overwhelming superiority enabled him to carry out debarcation rapidly and successfully. Our fleet only was able to do its best to hinder these efforts and to inflict maximum losses. With this object we delivered a series of attacks, using all the naval resources in our possession.

German Losses Heavy In The Sea Fight With Russians

Two Dreadnoughts, a Cruiser, Twelve Torpedo Boats and a Transport Put Out of Action

"As a result of these operations the enemy lost through mines, submarine attacks and artillery fire two dreadnoughts, one cruiser, twelve torpedo boats, one transport and numerous mine sweepers, all of which were put out of action. Their ultimate fate is unknown. We have established the actual loss of only six enemy torpedo boats, two of which were of the small type and were sunk by gunfire from our position on Moon Sound. The other torpedo boats were sunk in combats or blown up by mines. The wreck of the torpedo boat T-29 is visible on a sand bank in Kasar Bay. Further, our coast batteries sank four enemy torpedo boats. "Our losses are the ship of the line Slava and a large torpedo boat destroyer of the Grom type. The efficiency of our other ships has been maintained completely."

FORTUNATE IN GETTING MR. CARWELL INTO GOVERNMENT

Hon. Mr. Calder's Speech at Meeting In Winnipeg

CUT HEART OUT OF PATRONAGE

Speaker Will Get Out Unless This Is Done—The Position of A. K. MacLean—Two Liberal Meetings, One For Union Government, One For Laurier

Winnipeg, Oct. 22.—Speaking of the personnel of the union cabinet at a meeting in the industrial bureau last night, Hon. Mr. Calder said they had been fortunate to get in Mr. Carwell. They had almost got Premier Murray. He stood four square in support of union government, prepared to support it through thick and thin. Mr. Rowell was also a great source of strength. It was regrettable that the number of ministers appointed to the west did not permit the inclusion of Hon. A. B. Hudson, attorney-general for Manitoba, who had worked so devotedly to bring about a union. A union government, said Mr. Calder, meant better administration, more energy and less waste. He believed it would cut the very heart out of the patronage evil in Canada. "Unless these things are done," said Mr. Calder, "I will not stay in a union government. "We held out from the start for a real union, and we also insisted that we must not be held responsible for the acts of the old government. It was on that understanding we went in. I am not deserting Liberalism. I have simply consented to union for the purpose of this war. Union has only been achieved by each side agreeing to sink, for the time being, a purely domestic problem. Mr. MacLean's Position

Montreal, Oct. 22.—Hon. A. K. MacLean, Liberal member of the House of Commons, Borden government today, says an Ottawa despatch to the Gazette. He will not be assigned a particular department for some time, but will become chairman of one of the important cabinet committees forecasted in the prime minister's manifesto. It is probable that he will be in charge of a committee which will consider the domestic problems arising out of the war.

For Union Government. Regina, Oct. 22.—"We, as an executive of the Regina City Liberal Association, declare our intention of supporting the union government." Thus reads a resolution passed unanimously last evening. A second resolution unanimously adopted expressed confidence in Hon. J. A. Calder, minister of immigration and colonization, and "trusts that he will allow his name to be placed in nomination as a candidate for the federal constituency of Regina, and should he do so we pledge him our hearty support."

Confidence in Laurier. North Bay, Ont., Oct. 22.—At a meeting of Liberals representing all parts of the district of Nipissing, held here yesterday, a resolution of confidence in Sir Wilfrid Laurier and his policy, was passed. The meeting also expressed itself as strongly opposed to the union government.

At Red Deer. Red Deer, Alta., Oct. 22.—It is expected that this afternoon's convention of the "win-the-war" league at which Dr. Michael Clark will receive the nomination for the federal constituency of Red Deer, will be the largest gathering that has ever taken place in this constituency.

Soldier as Candidate. Port Arthur, Ont., Oct. 22.—Union government and the general desire of the people to avoid war time elections received enthusiastic endorsement last evening at a largely attended meeting called by the Liberal-Conservative Association, the outcome of which was the appointment of fifteen delegates to meet a similar number from the Liberal and labor parties in an effort to agree upon a win-the-war candidate. Col. J. J. Carrick, M.P., having expressed his willingness to retire if the nomination was given to such a man as C. D. M. Horgan, D.S.O., now overseas, the meeting passed a resolution endorsing the latter as their candidate.

Statement by Quebec Minister. Montreal, Oct. 22.—Discussing the coming election campaign, Hon. A. I. Taschereau, Quebec minister of public works, said today: "The Liberty party does not fear the electors, because it is behind it in the sympathy and support of the masses of this dominion. It does not count, as the coalition cabinet counts, upon the influence of the officers and millionaires for its triumph."

EVERY DOCTOR IN STATES MAY YET BE ENROLLED FOR WAR WORK

Chicago, Oct. 22.—Enrollment of every physician and surgeon in the United States, without regard to the state of his finances or dependents, for employment in some form during the war is a probability, according to discussion which preceded the opening of the eighth annual meeting of the Clinical Congress of Surgeons here today. "Our losses are the ship of the line Slava and a large torpedo boat destroyer of the Grom type. The efficiency of our other ships has been maintained completely."

HALIFAX AND EXEMPTION

Halifax, Oct. 23.—The official register reports that up to and including October 22, 2,901 men have registered under the military service act. Of this number 358 have reported for service, and 1,943 have asked for exemption. Yesterday 40 men reported for service, and 422 applied for exemption.

MATTER OF INCREASED PAY FOR LETTER CARRIERS

Ottawa, Oct. 23.—When asked today whether it would be possible for the labor department to appoint a board of conciliation to deal with the demands of the letter carriers for an increase in wages, Hon. T. W. Crothers, minister of labor, expressed the opinion that this could not be done. The labor department, he said, would not interfere in the management of any other department of the government. The question of an increase in wages for the letter carriers would, he thought, be dealt with by the authorities of the post office department and their colleagues.

WARNING TO THOSE WHO ARE HOLDING BACK

Montreal, Oct. 23.—Registrar Gotlin today issued a warning to men who come under the operations of the Military Service Act. He said that those who do not register will be drafted, and if the tribunals are too busy with the war, they will go into the army without a hearing on their exemption claims.

DIED IN CAMPBELLTON

Amherst News.—News of the death of Dr. Elmore Lowerison was received in Amherst yesterday. He was the only son of the late Captain Richard Lowerison and is survived by one daughter, also two sisters, Mrs. H. McCully of this city and Mrs. H. Fawcett of Sackville. In his early manhood Dr. Lowerison practiced his profession in Amherst for some years, afterwards going to Halifax and was recognized as one of the leading specialists of the eye, ear and throat, in that city. He had practically retired from active work during the last few years and died at Campbellton where he has been residing for the past two years.

THE GERMAN EFFORTS TO WIN OVER THE RUSSIANS

London, Sept. 30.—(Correspondence)—The manner in which the German higher command encouraged fraternization between Russian soldiers and German soldiers even before the date of the Russian revolution, and the use to which they put this fraternization, is shown in an army order recently captured on the front of General Linsingen's army. It was issued a little before Easter, and is as follows:

In view of the approaching holidays, judging from the example of former years, it is expected that Russians will come out to us with presents, and emissaries are to be well received and allowed to return to their own lines. Conversations, however, may be carried on only by officers.

KILLED AT VIMY RIDGE
Says the Victoria, B. C. Colonist—The American boy, killed on the third day of the battle of Vimy Ridge, may be claimed as a hero of the Pacific as well as of his native Atlantic province. He was born, raised and educated in the county of Antigonish, Nova Scotia, and in 1912 the degree of G. A. at the University of St. Francis Xavier, Antigonish, one of the little scholastic places where men have been trained who have made the eastern provinces noted for mental vitality. An elder brother, Father Boyle, is at present one of the faculty of the university. Soon after he was graduated Mr. Boyle came west and taught school for a time in Albert. Later on he crossed the mountains, and when the war broke out he was assistant principal of the public school at Revelstoke. Feeling, as he himself expressed it, to a friend here, that every boy should take up arms in defense of his country, he resigned his position and enlisted in Victoria with the 88th.

AMERICAN SCHOONER IS SUNK
Submarine Destroys the Jennie E. Righter—Nova Scotian on Board.

London, Oct. 23.—The American schooner Jennie E. Righter of 647 tons gross was sunk by a Teuton submarine on Tuesday off Cape Villano, Spain. Nine men of the schooner were landed today at Malja. The Jennie E. Righter hailed from New Haven, Conn.

Apparently there was no loss of life on the Jennie E. Righter as the records of the United States Shipping Commission here show that the vessel carried only nine men when she left New York on Sept. 17, for Havre, France, under command of Captain Stephen Black. The crew included five Americans—Dennis O'Neill, mate, Boston; Albert T. Young, seaman, East Boston; Charles E. Blatchford, cook, Gloucester, Mass.; and two naturalized seamen, John Grant of Nova Scotia, and Alfred J. Rowe, of England.

The schooner, owned by the Shepard & Morse Lumber Company of this city, was valued at \$60,000. She carried 6,500 barrels of lubricating oil, owned by the Vacuum Oil Company. The vessel was built at New Haven, Conn., in 1887, and was a three-master.

MARITIME PROVINCE MOVE CASE IN SUPREME COURT

Ottawa, Oct. 23.—In the supreme court today the maritime list of appeals was taken up. The first case heard was that of the Island Theatre Company vs. Reardon. Franklin leased a vacant lot from the respondent to build and operate a moving picture theatre, paying rent and ten per cent of the profit.

The respondent alleged that an agreement was made with Franklin whereby the respondent was to purchase twenty per cent of the stock of a company that was formed and which became the lessee instead of Franklin, and that the respondent had agreed to become directors of the company. Another theory of the alleged agreement was that Franklin was to receive no remuneration as manager. Franklin denied that he made such an agreement. He said that in consideration of work being done by the respondent he would sell him some stock, that the work was done and Reardon then elected to take cash instead of stock.

The trial judge accepted the respondent's statement and ordered the transfer of the stock, the appointment of Reardon and associates as directors, and appointment of a receiver. He dismissed the action against the Strand Theatre Company. The full court affirmed the judgment against Franklin and reversed the judgment as against the company.

F. Bell, K. C., appeared for the appellant. Mellish, K. C., for the respondent.

TODAY AT THE BAPTIST CONVENTION IN HALIFAX

Halifax, N.S., Oct. 23.—Great inspiration value was attached to the devotional service of the Baptist convention this morning when Rev. Bowley Green gave a compelling message on "The New Voice."

Rev. R. O. Horn called attention to the presence, in the convention as a delegate, of a man eighty-three years old who only this year made his open confession of Christ.

E. S. Mason, secretary of the Home Mission Board for Nova Scotia and Prince Edward Island, reported the engagement of Rev. and Mrs. L. F. Wallace as home missionary evangelists. Mr. Wallace is an accomplished musician.

POTATO FIGURES FROM MANY PLACES

Ottawa, Oct. 23.—Correspondents of the food controller's office telegraphed yesterday the following reports on the potato situation in Toronto, Ontario: potatoes sold at \$1.60; in Montreal, prices for Quebec, New Brunswick and Ontario potatoes were \$2.25, \$2.30 and \$2.30 respectively. In the United States, Chateaugay district received \$1.75 to \$2.20. In Quebec city, Quebec potatoes sold at \$1.90 to \$2.10 with no New Brunswick potatoes on the market. In Halifax, Nova Scotia and Prince Edward Island potatoes sold at \$1.50 to \$1.75. Western Nova Scotia farmers are receiving \$1.50, while those in eastern Nova Scotia are getting \$1.20. In St. John, New Brunswick, local potatoes sold at \$2.20 with the market bare.

Charlottetown reports that growers are receiving \$1.25 to \$1.30 for ninety pounds in bulk with about one-half of the shipping cost. In the United States, yesterday American market quotations, Boston, \$2.60 for ninety pounds; New York, \$2.75 and Buffalo, \$2.80 for ninety pounds. In the United States, Mayor Martin has written to Food Controller Hanna asking him to keep a promise he made to talk about it. He expressed his wish to put a stop to the speculation being practiced in them.

Mayor Martin says that despite all the protests in the newspapers no measure has been introduced to stop the speculation in potatoes, which are selling in Montreal for from \$2.25 to \$2.30 for eighty pounds, a higher price than was charged at this time last year.

His Worship says the speculators are actually filling their warehouses with potatoes in order to raise the price.

NELLIE, FAMOUS WAR DOG, DEAD

Washington, Oct. 23.—Nellie, a celebrated war dog, brought to this country by the Belgian mission, is dead. At the first battle of Ypres, Nellie fought along beside her British owner, a British officer, in the rain of shrapnel and high explosive shells with only the thought of being near her master. She transferred her allegiance to the British when she was picked up by Major Osterreich of the Belgian first regiment of guides, to whom she transferred her allegiance. In the trenches for many months Nellie lived with the Belgian regiment, always ready to "go over the top" with her British friends. Twice she was wounded by shrapnel.

FOOD RIOTS IN AUSTRIA

(J. M. Robinson & Sons' Private Wire Telegram)
New York, Oct. 23.—A great deal of attention is being given to reports of food riots in Austria because of the fact that the food supply of Austria-Hungary, owing to larger territory for cultivation of various kinds of food, including live stock and agricultural products, should be in a bigger volume than in Germany.

PERSONALS

A St. Stephen report this afternoon says the condition of Lieutenant-Governor Ganong is slightly improved.
Mrs. J. Leonard McGregor, of Westfield Beach, N. B., is spending a few weeks in Halifax at the Birchcliffe. Mr. McGregor will arrive in a few days for a short visit.
Lionel Northcliffe is expected to visit St. Francis Xavier College, Antigonish, within the next few weeks, and to deliver an address. His Lordship will also probably officiate at the formal opening of one or two of the new buildings which have been completed.

Mrs. Geo. English, of Brookville Station, her niece, Miss Conlon, and her friend, Miss Bull, of Kenora, Ont., have just returned to the former's home after spending a two weeks' vacation in Halifax and Annet, the guests of friends and relatives.

Thomas McAvity returned to the city on Monday from Boston.
Stanley E. Elkin was a passenger on the Boston train to the city today.
A. H. Hanington returned to the city today from Boston.

Rev. Geo. Ross, of Bathurst, is in the city today.
Dr. G. H. Coburn has returned from the west and has opened an office at Minto.

Dr. F. W. Henry of Milton, Sask., was in Fredericton on Monday, having been called east by the illness and death of his father, William Henry, of Magogaudivic. The doctor owns and operates a large farm at Milton, and has been very successful in the west. His son, Arthur Henry, graduated from Saskatchewan University last spring and is on the staff of that institution.

A Record Attendance
The number of students registered in the various departments at Mt. Allison Ladies' College this year is over 300. A great number of non-resident students are taking classes. The college has a record attendance this year, the best in the history of that institution, and students from a distance of seventy-five miles attend classes as non-resident pupils. Rev. Dr. Wigle is taking a great interest in his work.

MUST CUT SUGAR USING HALF IN NEW YORK OR FACE FAMINE

Officers Fined Millions of Pounds in Buffalo Warehouse Labeled "Flour"

New York, Oct. 23.—Consumers must curtail their supply fifty per cent to avert a sugar famine in New York city, said Henry Mookowitz, commissioner of markets, in a warning issued to wholesale and retail dealers called today to devise means of insuring an equitable distribution of the sugar available here. The commissioner ended the appointment of a committee to prepare details of the distribution scheme.

Big Supply Hidden.
Buffalo, N. Y., Oct. 23.—Federal secret service agents today reported to Washington, discovery, in a Buffalo warehouse, of millions of pounds of sugar in bags and barrels labelled "top crust flour."

Around immense piles of sacks containing sugar the federal agent said, he found a screen of other articles with some of the containers marked "top crust flour," which actually had flour sprinkled over the outside.

SAYS THIS IS WORST OF THE GERMAN CRIMES

Cowardly Sinking of the Merchants in the North Sea—Norse Papers Indignant

Christians, Oct. 23.—The Norwegian newspapers bitterly denounce the "murderous attack" of the Germans in the North Sea. The newspapers in Bergen demand the deportation from Norway of all Germans employed by the German general purchasing agency. These journals call the attention of the authorities to the danger to Norwegian trade from "this German gang," not only when many of them are common spies but also in the future.

The Christian newspaper Verdensgang says the affair was characteristic of German brutality and exceptional cowardice. The newspaper adds that the Germans, having put the British warships out of the game, acted against peaceful merchantmen like as if they were the entire British navy.

Another paper describes the incident as "the most cowardly and unscrupulous act of the war." It says that it was a cruel deed and will be unforgotten.

V. C. WINNER, WHO WAS AT MONS, VISITS CANADA

Montreal, Oct. 23.—Captain V. C. Steer, V. C., one of the original "winners" in the Canadian campaign, is in the city on a government mission. After going through the retreat from Mons, of which he has a souvenier, he was captured by the Germans, who dropped him and failed to explode, Captain Steer was captured. He has the Victoria Cross, but refused to talk about it. He escaped from a German prison at Frankfurt and made his way to Holland. Captain Steer is to go to Ottawa today.

SHIP BUILDING IN DIGBY

Paris, Oct. 23.—Official examination of the crews of the Zeppelins captured in France after a raid on England shows that the expedition consisted of thirteen airships which left singly from their three depots on the night of October 19. The raid was expected to last from twenty to twenty-five hours.

The raiders made for the English coast, which was recognized by light-houses. They were hampered considerably by the fire of British anti-aircraft guns and by numerous searchlights, which caused them to drop almost all their bombs when sailing at a height of more than 16,000 feet.

They were caught by a strong northerly wind and when they attempted to return to their bases their speed was slackened by the persistent head winds. At dawn the L-49, which fell intact into the hands of the French, dropped to a lower altitude, her commander believing he was over Holland or Westphalia. The crew waved white flags. It was not until after eight o'clock in the morning that the commander became certain he was over France, and at the same time the Zeppelin was sighted by French airplanes, which forced it to land.

A little later the L-50 passed over the L-49, which was then on the ground surrounded by French airplanes. The L-50 manoeuvred for a landing in a neighboring wood, to give the members of the crew as good an opportunity as possible to save themselves, but one car was torn off. Part of the crew escaped by means of parachutes. The car afterwards was destroyed by means of special pistols firing inflammable charges.

FRIEDRICHSHAFEN WAS HIT HARD WHEN ZEPPELINS LOST

Most of Crews Lived There—Death Blow to War Use of Aircraft of This Type

Zurich, Switzerland, Oct. 23.—Friedrichshafen is in mourning over the loss of at least four Zeppelins in the ill-fated raid on England, according to advices received here from Swiss towns on Lake Constance. The majority of the crews of the destroyed Zeppelins lived in Friedrichshafen, where they were receiving their training. The King of Wurtemberg has sent messages of condolence to the families of the men lost in the raid.

The Swiss newspapers express the opinion that the disaster in France is a death blow to aircraft of the Zeppelin type.

The newest Zeppelins, according to information received here, are 700 feet long and seventy-eight feet in diameter. They have eight engines, developing 2,000 horse power, and are able to keep in the air fifty hours with a crew of twenty men and a load of projectiles.

DON'T NEGLECT YOUR SKIN!

An eminent specialist tells us that if only one-seventh of our skin were destroyed death would follow. It is obvious, therefore, that a diseased condition of even a small portion of the body's covering has injurious effects upon the health. Hence the necessity for keeping the skin free from disease, and for this purpose there is nothing so suitable as Zam-Buk.

Immediately a Sore, a Rash or any skin trouble makes its appearance it should receive prompt treatment with Zam-Buk. This rare herbal balm destroys all germs as soon as applied and prevents the disease spreading. Then Zam-Buk grows new tissue, which replaces the diseased, and the skin is quickly restored to health.

Zam-Buk contains absolutely none of the coarse animal fat or mineral drugs found in ordinary ointments, which invariably irritate and inflame and sometimes even poison the part they are intended to soothe and heal.

Speaking of Zam-Buk, the famous English Chemist, W. Laeuchli Scott, says: "I have analysed Zam-Buk and find it exclusively of vegetable origin. I have no hesitation in certifying its purity and value for skin diseases and injuries."

Zam-Buk is found in the homes of the best people of the Dominion today, because of its unique composition, and once tried its reliability establishes itself as their household balm for all time.

Zam-Buk is unequalled for eczema, ringworm, runny sores, abscesses, ulcers, boils, bad legs, blood-poisoning, piles, cuts, burns, scalds, and skin irritations. 50c. box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send this advertisement and 1c. stamp (for postage) and free trial box will be sent you.

PREVENTED DESTRUCTION OF ZEPPELIN

(Continued from page 1.)
cried: "Kamerad, Kamerad! The men remained perfectly quiet covered by my gun until a crowd collected, when they were put under a good guard. The captain seemed furious at his fate, but the men seemed enchanted with the adventure."

General Decastellano and M. Dumais, under secretary for aviation, who visited the Zeppelin on Sunday morning, congratulated Boteux on his presence of mind, and his enterprising courage which heretofore has been justly rewarded by a fruitful source of study for French aeronautical experts. He will be given special recognition by the government. The L-49 has five motors of 250 horsepower each and four cars, the middle one of which contain two of the engines, all the levers and instruments. The small balloon has a total capacity of 25,000 cubic metres. The airship was able to make fifty or fifty-five miles an hour. The L-49 was a naval airship of the most recent type, was fitted with all the latest improvements, and was almost brand new. The airship was expected yesterday by American officers. Together with French flying men, spent many hours in gaining knowledge of the Zeppelin, which was being protected by the Germans.

The French aviator told the officers that he knew in pursuit of the Zeppelin at such an altitude that his cheeks froze. Thirteen were in raid.

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair Becomes Charming, Wavy, Lustrous and Thick in Few Moments

Every Bit of Dandruff Disappears and Hair Stops Coming Out

For a few cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also by this means a cloth with a little Danderine and some fully dry it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is straggly, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and growing at first—yes—but really new hair coming all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

AERIAL SERVICE FOR WORLD NAVIGATION
London, Oct. 28.—The Daily Express says that so soon as the war is ended, aerial navigation plans which are being drawn up by Lord Northcliffe's committee, appointed by the government, will be put in operation step by step, and the ends of the world will be brought together by long-distance airplane service.
The Express says it has information that if favorable weather conditions prevail it is likely that the Atlantic will be crossed by an airplane before the end of this year. It understands that the flight will be made by way of the Azores so that the journey may be broken.
The bridging of the Atlantic by airplane, it says, will be only the beginning of things. Plans are being laid for regular air service, not only to America, but to India, South Africa and Australia. If they are carried out, Melbourne will be brought within eight and one half days of London, India three days and Capetown, four or five. The best line to Capetown would, of course, cross the Sahara, but the winds of the desert raise obstacles to this route, and the route chosen is by way of Malis, Cairo, Khartoum and Victoria Falls.
The Express says that the machine, which will be used for these world journeys, will be of the type developed by Handley Page, will travel 200 miles an hour, will have multiple engines, to avoid the necessity for descending if one engine gives out, will carry four or five passengers, and will be able to cover about 8,000 miles in fifteen hours. Two pilots will take turns at the wheel. There will be comfortable quarters and the journey will not be more exhausting than a railway trip of similar duration.

A TENDER TRIBUTE.
Friends of the late Dr. T. Dyson Walker will read with much appreciation the following poetic tribute from the pen of Sarah Robertson Matheson (Mrs. Kenneth Matheson), of Glendevon-by-Dollar, Perthshire, Scotland.
FROM SCOTLAND, REMEMBRANCE OF DR. T. D. WALKER
The war-worn world is drearier without you,
Ye, you, yourself have drawn more
So dim your coast, its mists so thick
about you,
Only your stars were in our sky.
Only the years with some kind gift or
message,
Set down in that strong hand we
knew;
Yestreen there came the swift, ethereal
message
God's wireless worked for you.
"Better to wear than rust," your motto
ever.
"To work than grieve, and all goes
well,"
You wore your armor, knight, with
hard courage,
Yes, thin, until it fell.
White roses, royal oak boughs, Britain
kings,
Whose faithful forbear saved her
king,
"Neath the same deathless sheltering
boughs she leaves you,
O chivalrous in succoring.
St. George, St. Andrew, lay their crosses
o'er you,
One, as on Britain's flag they rest;
Nobly you bore your cross, with Christ
before,
To make the burden blest.
Even as true Canada oppose to render
Help to the foe-beguiled throne,
Soldier, your brother wounded found
you tender,
In grief the fight was not your own.
What shall I send your dear ones sad to-
gether?
Only this token to that far-off land?
Only this freshly-budding whitest
heather,
White thoughts, from Scotland's hand.
*King Charles II, who was hidden in the famous oak-tree by Penderel of Boscobel, the direct ancestor of Dr. Walker.

KEEP STRADY AND WIN

Premier Lloyd George admits that "the enemy's terrible power" will not be broken this year, but he adds the confident assurance that the Allies have only to keep steady to win. The collapse of Russia's fighting strength prevented victory this year, but the increasing failure of the submarine campaign and the coming armies of the United States are the guarantees that next year decisive victory will come.

THE PATRONAGE EVIL

"In making an earnest appeal for a purging of the patronage evil, Mr. Calder stated specifically, only on that condition would he remain a member of the union government." This sentence appears in a report of the great political meeting in Winnipeg last evening. Every patriotic citizen will endorse the attitude of Mr. Calder. Patronage too often means graft. It should be abolished. The theory that the affairs of the country cannot be conducted without an active and insistent and ever-greedy patronage committee is entirely wrong.

LABOR AND THE WAR

One remark made by Dr. Kierstead in his admirable address before the Rotary Club yesterday is worthy of very serious consideration. He pointed out that the increase in the cost of living has been far greater in proportion than the advance in wages. This condition of affairs has caused a feeling of unrest of which due account must be taken if the country is to avoid serious trouble.

HUNS LOSE 16 MORE AIRPLANES

Naval Squadrons Join in Army Operations—Australians Prove Worthy Air Fighters
London, Oct. 22.—An official statement says: "Fine weather continued on Saturday and four tons of bombs were dropped by our airplanes on airbases near Courtrai and Roulers, on a large gun position near Douai, billets east of Lens and on other targets in the battle area."

ODD PLAN OF AMELIORATING MOTOR-CAR TIRE TROUBLE

To safeguard motor-car tires against blow-outs, an inventor proposes the novel scheme of installing small reservoirs in, or on, the wheels of a machine and connecting them with the tires for the purpose of cooling the air and thereby preventing the excessive pressures that are occasionally produced by expansion resulting from heat. The reservoir would serve as a radiator through which the air of a tire would be circulated and cooled.

TALKING—ELECTRIC SIGN OF SIMPLE CONSTRUCTION

There is a noticeable absence of complicated wiring and expensive mechanism in a "talking" sign of considerable flexibility that is described in Popular Mechanics Magazine for November. Outstanding among its features, therefore, is its comparatively low cost of installation and maintenance. Particular advantages are that the style of type can be changed at will, without expense, and that the characters of any language can be reproduced without making changes in the wiring or mechanism. Designs of various patterns, and even animated cartoons, can likewise be executed with equal facility. As frequent changes of copy as desired are possible, and an office boy is as competent to make them as anyone. When the sign is in use, it does not require the attention of an operator. Details of the mechanism of the sign are given in the article, which is accompanied by excellent illustrations.

If Stomach Hurts Drink Hot Water

"If dyspepsia, sufferers from gas, wind or flatulence, stomach acidity or sourness, gastric catarrh, heartburn, etc., would take a teaspoonful of pure bicarbonate of soda dissolved in a glass of hot water immediately after eating, they would soon forget they were ever afflicted with stomach trouble, and doctors would have to look elsewhere for patients." In explanation of these words a well known New York physician stated that most forms of stomach trouble are due to stomach acidity and fermentation of the food contents of the stomach combined with an insufficient blood supply to the stomach. Hot water increases the blood supply and bisurated magnesia instantly neutralizes the excessive stomach acid and stops food fermentation, the combination of the two, therefore, being marvelously successful and decidedly preferable to the use of artificial digestants, stimulants or medicines for indigestion.

Cathedral Tea Opens in Y.M.C.I.

Elaborate Arrangements Promise Unusual Success For Annual Affair—The Committees and Those in Charge

At the opening night of the annual high tea and sale of the Cathedral parish in the Y. M. C. I. building last night over 400 supper-were served and as many more people visited the hall. The evening Bishop LeBlanc, Bishop Chaisson, Rev. Father Histard, Rev. Father Moran, Rev. A. P. Allen, Rev. Miles P. Howland and Rev. Francis Walker looked upon. The City Cornet Band rendered appropriate music and the main hall of the Y. M. C. I. was filled with festive booths of all kinds. A list of the committees in charge are as follows: The League of the Supper tables—Mrs. Reardon, convener, Mrs. McDonald, Miss Gleeson, Miss K. Maher, Miss McIlroy, Miss W. The last three named were representatives of T. H. Estabrooks Company, Ltd., who donated all the coffee used at the tea, these men preparing the coffee for the supper. Kitchen room—Mrs. J. V. Holland, Mrs. J. Daley, Mrs. Viger, Mrs. Cavanaugh, and Mrs. London. In the main hall, opposite the entrance door, one sees the "Kamrite Lin" sign. St. Monica's Society. The convener's last evening were Mrs. A. C. D. Wilson, convener, Mrs. Thomas Nagle, Mrs. William Nagle, Miss Margaret McCluskey, Mrs. Guy McKinnon, Mrs. Frank Corr, Mrs. J. H. Dooly, who is general convener for the four nights, and Mrs. D. P. Chisholm, acting president in the absence of Mrs. Dever. The domestic science table is in charge of Mrs. Frank Foster, Mrs. Warren C. Winslow, Mrs. J. A. MacNeill, Mrs. Richard O'Brien, with lotteries in connection in charge of Miss G. Dwyer and Miss Mary Chaisson. The lotteries consist of a basket of eggs, a pair of chickens, and one pound of butter. The Italian Rose Garden is a new creation in the booths. It is made like a real Italian garden with each flower attached to a lucky number. There are two prizes each evening, one for the ladies and one for the gentlemen. Those in charge are Miss Kathleen O'Neill and Miss Helen Ryan. The five hall tively is in charge of William J. Magee, Robert B. McDade and Thomas Jenkins. The expectation booth is also a new addition and proved its worth last evening. It is a real live country store, containing everything from a pound of butter to all kinds of preserves. It is under the auspices of St. Vincent's Alumnae, and attracted no little attention, as it is done in the school colors of the alumnae, navy blue and pale blue. Little blue birds, hung artistically about the booth are emblems of good luck. Those in charge last evening were Miss R. Gleeson, convener, Mrs. L. A. Conlon, Mrs. B. P. McCafferty, Miss Marie Dolan, Miss B. Carleton, Miss Mary McCarty, Miss Gertrude Lawlor, Miss Lillian Murphy. There are two lotteries, one of a barrel of flour and a \$10 gold piece. TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backachy or Have Bladder Trouble
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful, effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Too Nervous To Sleep

Nerves Wrecked by Accident Was Afraid to Go in a Crowd or to Stay Alone—Tells of His Cure. London, Oct. 21.—Much sympathy was felt in this city for Mr. Dorsey, who met with a distressing accident when his foot was smashed in an elevator. The shock to the nervous system was so great that Mr. Dorsey was in a pitiable condition for a long time. He was like a child in that he required his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep because of the weakened nerves. Detroit doctors did what they could for him, but he could not get back his strength and vigor until he fortunately heard of Dr. Chase's Nerve Food. It is no mere accident that Dr. Chase's Nerve Food proved to be exactly what is needed in so many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it cannot fail and for this reason it succeeds when ordinary medicines fail. Mr. Laurence E. Dorsey, 86 Stanley street, London, Ont., writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down town alone, or go any place where there was a crowd. Sometimes my mother would have to sit and watch over me at night, and sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out on the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people." Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be told that Dr. Chase's Nerve Food is a substitute. Imitations only disappoint.

FOES ANXIOUS ABOUT GREECE

Latter's Entry Makes Bulgaria and Turkey Demand Some Reinforcements; Purpose of Kaiser

London, Oct. 22.—The London Daily Mail's Athens correspondent says: "Turkey and Bulgaria are anxious concerning the Macedonian front and demand reinforcements from Germany in view of Greece's intervention in full force. Germany, on the contrary, is suffering heavy losses on the western front, and desires to withdraw her troops from Macedonia. This is met by Turkey and Bulgaria, who are anxious to see peace before Greece is ready. The real object of the meeting of the monarchs (the Kaiser and Ferdinand) in the Bulgarian capital would, therefore, seem to be an effort on the part of Germany and Austria to menace or cajole their allies into continuing their support."

The correspondent says that the Greek army is worth double its numbers of

western troops, owing to being acclimatized and to its ability to fight on little food. "The whole Greek force thrown into the Macedonian front," he says, "would force Bulgaria to a separate peace, cut off Turkey and oblige her to yield also."

Greece is anxious to retrieve her national honor and also to regain all the lost territory which was secured her by the treaty of Bucharest.

The marriage of Miss Charlotte May Vincent and Roy K. Dalton of this city was performed by Rev. G. F. Dawson in the Exmoor street church last Saturday afternoon. The happy pair left on an extended wedding trip and will, on return, reside at 125 Duke street.

Engagements Announced
Mrs. Mary A. Mavor of Fredericton announces the engagement of her daughter, Olga Catherine, to Murray Dewey Jackson, of Port Colborne, Ontario, the marriage to take place early in November.

Mrs. Mary Collins of Johnville announces the marriage of her daughter, Mary Agnes, to Harry Cleophas Donovan of Canterbury, to occur on Tuesday, October 30. The groom is a prosperous young merchant of Canterbury.

ARE WOMEN NATURALLY DESPONDENT

While there are women who seem always despondent and depressed and expecting misfortune, that is not woman's natural condition. Such unfortunate suffer from ill-health. An abnormal condition of the system expresses itself in nervousness, sleeplessness, backaches, headaches and despondency.

If all ailing women would make faithful use of that grand remedy for woman's ills, Lydia E. Pinkham's Vegetable Compound, there would be little occasion to ask if despondency is natural to woman.

MORE COAL FOR PARIS NOW

But it is \$43 and \$30 a Ton—Firewood Retail at 2 Cents a Pound

Paris, Oct. 22.—By administrative order supplies of coal will be allotted to buildings having a central heating apparatus, on condition that fires shall not be started before Nov. 1. This measure was made possible by the improved fuel situation. The City of Paris government has succeeded in replenishing the reserve stock of coal which became exhausted in last year's rigorous winter weather.

Anthracite sells for about 315 francs (\$38) a ton, but the city is able to supply soft coal for 150 francs (\$18) a ton. Private consumers without coal may have from 122 to 264 pounds a month, according to the size of the apartment, in buildings where there is no radiator heating apparatus. Firewood is retailing at the equivalent of two cents a pound.

Joint Operations of English and French on West Front Highly Successful

London, Oct. 22.—The British official statement issued at midnight reads:— "Highly successful minor operations were carried out by our troops in the morning on the battle front in the neighbourhood of Poelcapelle, and in conjunction with the French, south of Houtholst Forest. East of Poelcapelle battalions of Norfolk, Suffolk, Essex and Berks regiments and of the Northumberland fusiliers attacked on a front of about one and one-half miles and captured strongly fortified buildings and concrete redoubts on a hill east of the village. Rain had again fallen during the night, rendering the ground slippery and the task of assembly difficult. In spite of this, the whole of our objectives were captured after fierce fighting in which many Germans were killed.

"Our troops southeast of Poelcapelle then pressed on and carried other valuable positions beyond the line of their objectives.

"Further north, Gloucester, Cheshire and Lancashire fusiliers and the Manchester and Royal Scots battalions, in co-operation with the French, attacked on a front of more than two miles from the Ypres-Staden railway to a point north of Mangelaere. Severe fighting occurred, but the southern defences of Houtholst Forest were captured, along with a further series of fortified farms and strong points. The allied troops advanced in checking the enemy, and were able to stop them. "Two hundred prisoners were captured and heavy casualties were inflicted on the enemy. During the night the enemy raided one of our posts south of the river Scarpe (Atrive). A few of our men are missing."

German Report Berlin, Oct. 22, via London, Oct. 23.—A German war office statement says:—"The early morning attacks reported in Flanders failed with the exception of a small gain made by the enemy near Veldhoek, north of Langemark. On the Menin-Ypres road strongly British attacks broke down completely.

"Northwest of Soissons (Aisne front) the artillery battle, after a temporary lull, again increased to full intensity during the morning.

"The total booty captured on Oesel, Moon and Dago Islands amounts to more than 20,000 prisoners, more than 100 guns and great quantities of war material."

WALL STREET

NOON REPORT New York, Oct. 23.—Wall street, New York, became more uneven later on the further heaviness of utilities and the irregular trend of speculative favorites. Local transactions fell two to four points; Consolidated Gas two and a half and steel and coppers reacted to 181 1/2.

CORN MARKET WEAKER

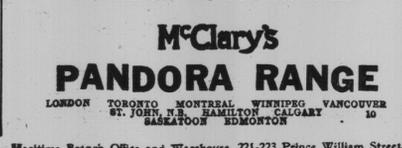

Chicago, Oct. 23.—Weakness manifested itself in the corn market today owing to prospects of new anti-high price restrictions on trading. Much selling took place, chiefly to close out contracts that required delivery of corn in December. The reason for loosening of such contracts was a belief that the board of trade directors this afternoon would formally prohibit all new business in the December option, a step toward averting sensational price optuna likely to be brought about otherwise by the temporary scarcity of corn in Chicago elevators.

NERVOUS BREAKDOWN AVERTED

No Appetite No Energy, Sleepless and Weak, but Soon Cured by Dr. Cassel's Tablets. Mr. G. C. Inman, 380 Harcourt street, Sturgeon Creek, Winnipeg, says: 'I was in a very weak, run-down condition. I ate little, frequently missed meals because I had no appetite and suffered if I forced myself to eat. My nerves were in a bad way and my sleep very disturbed. Everything pointed to nervous breakdown. Then I got Dr. Cassel's Tablets, and it was astonishing how my strength came back.' Mr. Inman is now in England as manager of A. W. Inman & Son, printers, Leeds.

WORLD'S TRADE FOR CANADIAN PAPER MILLS

Export Co's Enlarges Field To Book and Bond Papers Taking Germany's Place Sweden The Only Serious Competitor—Leads in South African Export Now—Ambitious Plans for Development

Montreal, Oct. 23.—A definite movement has been inaugurated by which Canadian paper and pulp mills will take advantage of the new opportunities that are opening up for the export of their products. In the last issue of The Financial Post an explanation was made of the conditions under which, during the war, Canadian business would be increased at the expense of Swedish trade.

RAILS STRONG IN THE EARLY MARKET

New York, Oct. 23.—Wall street—Rails were the strong feature of today's early dealings on the stock market, as they were in the previous session. A big bid was made for large fractions to more than a point on the decision of the Interstate Commerce Commission to report the hearing of the eastern roads for higher rates. Equipments, shipments and oils shared more moderately in the rise. United States Steel, however, soon gained a point. Gas issues and a few specialties were hesitant or reactionary.

IS PAINLIVE CABINET TO GO?

London, Oct. 23.—After President Poincare refused to accept the resignation of the Painleve ministry, according to a Reuter despatch from Paris, all the ministers placed the question of their resignations in the hands of the premier, who is considering the matter.

Great Plans For Increasing British Tonnage—Government Talks Over Old Plant And Will Build New One

London, Oct. 9.—In the course of the month it was announced that Beachley, near Chepstow, in South Wales, had been selected as the site of a new shipbuilding yard by the government, which has also decided to take over the yard of the Standard Shipbuilding Company at Chepstow.

Few People Know This

Large doses of pills for the liver are not as efficient as small doses. The big dose purges its way through the system fast, but does not cleanse thoroughly. The small dose (if right) acts gently on the liver, and gives it just the slight help it needs to do its own work, and do it well. Take one pill regularly, until you know you are all right.

Class A Men May Enlist Only in Fighting Units

Word was received at the New Brunswick Command yesterday that men after being examined by the medical board and categorized in class A can enlist voluntarily in any combatant unit, such as the artillery, infantry and the Royal Flying Corps. Men, however, who are placed in any of the classes of B, C and D, can enlist in any non-combatant unit, such as the A. S. C. Forestry battalions, etc. This will clear away some doubt which has existed in the minds of some of those in class A. It is clearly pointed out that when once a man goes before the medical board he can only enlist voluntarily in a combatant unit, providing he is in class A. This will mean that all placed in class A can only then go to a unit that will be utilized in the first line. No man can enlist in a non-combatant unit if he is found fit for class A, the fighting class.

Recruits

A total of 116 recruits were secured in the province during last week. The county totals follow: St. John, 89; York, 17; Carleton, 5; Charlotte, 3; Northumberland, 2; Albert, 1; Westmorland, Restigouche, Gloucester, Victoria, Madawaska, Queens and Sunbury, Kent and Kings, 0. Of the seventeen recruits shown for York county, five were secured in the United States.

Casualties

The names of fourteen New Brunswick men appear in the midnight casualty list: Killed in action, M. Richards, Buctouche; J. Dugas, Bathurst; L. C. Bishop, Hillsboro; A. E. Bass, Dohlgastown; died of wounds, J. Ferguson, Tracadie; prisoner of war, C. M. Wasson, Young's Cove; died whilst prisoner, T. A. H. Williston, Bayside; E. Bodreau, Campbellton; presumed to have died, A. T. MacDonald, Welsford; wounded, C. Sharpe, West St. John; H. L. Bonnar, Maryville; R. Lawson, St. John; Lieutenant G. W. P. Perley, Andover; died of wounds, H. W. Johnston, Coticton.

Word has been received in the city that Private Fred D. Hayes of this city, has been wounded and is still missing. Private Hayes enlisted with the 113th battalion and was sent to France last April. His wife received a letter from a comrade of his stating that he was killed on August 15. His relatives are still in doubt as to whether or not he has been killed.

No Peace Terms In Sight

London, Oct. 22—"I have scanned the horizon intently," said Premier Lloyd George today, "and can see no terms in sight which will lead to enduring peace. The only terms now possible would mean an armed truce ending in an even more frightful struggle."

The premier said he had hoped the enemy's terrible power might be broken this year, but that the temporary collapse of the Russian military power had postponed this hope. But time was on the side of the Allies, he said. Time once was neutral, but two things had changed this, namely, the advent of America and the increasing failure of the German submarine war.

The Allies were working in the greatest harmony, the premier continued. He said they were on the eve of the most important inter-allied conference ever held, at which for the first time, representatives of America and the Russian democracy would be present. He stated that the conference meant to determine the ultimate issue of the war.

Word has been received from Ottawa by John Coram to the effect that his son, Private Cecil Roy Coram, had been admitted to hospital at Aldershot, suffering from strangulation of the heart and is dangerously ill. He went overseas with the 145th Battalion. Besides his parents he leaves two sisters and three brothers.

WOOD CARGO TO SPAIN TO TAKE PLACE OF COAL

Havana, Oct. 5—(Correspondence)—The fuel shortage in Spain, brought about by the restrictions on coal exportation imposed by the United States and allied governments which formerly supplied that country's demands, has opened up a new industry for Cuba—the export of wood for fuel purposes to the Spanish peninsula. Recently a small sailing vessel was purchased by Spanish interests and is being overhauled preparatory to being placed in this new export trade. Efforts are being made to obtain other vessels for the same purpose.

Verdict For Defendant.

The case of Rilla May Smith vs. Carrie Bassen, suit for \$2,000 for alleged slander, was finally submitted to the jury yesterday afternoon. There were four specific charges, three of which were rejected by his honor on legal grounds. The fourth, however, was presented to the jury. The jury returned with a verdict in favor of the defendant and his honor gave judgement for the latter with costs. Daniel Mullin, K. C., appeared for the plaintiff and Kenneth Wilson for the defendant.

\$1,600,000,000 IN CASH WRUNG FROM BELGIUM

Washington Gets Official Total of German War Levies—Deportations Continue

Washington, Oct. 22—Germany has so far wrung about \$1,600,000,000 in cash from Belgium, exclusive of what she has gained by occupation of the country and systematic exploitation of its resources and people. Information reaching here through official channels gives this estimate and adds that the German deportations of Belgians to work in Germany under the looting of Belgian industry continue.

According to this information, Germany still takes Belgians for "forced labor on the German front in France, while the recruiting for Germany by means of false promises and moral pressure goes steadily on."

German newspapers have printed during the last year, according to this information, notices inviting German manufacturers in need of labor to apply to the German industrial bureau, the organization operating in Belgium during the violent deportations of 1916-17.

The Federation of German Metallurgists has issued a circular announcing that, at the request of the munitions department, the director of the federation has been appointed intermediary to procure for German workshops the machinery and plants taken from the occupied territories. The information also is to the effect that manufacturing secrets of Belgian trade have been violated by the Germans, including the action of Dr. Emilie Brunet, armed with a Berlin war office permit, "surprised" the manufacturing secrets of the artificial silk factory of Coburg.

Modern Economy.

In some localities, among certain classes of people, the old method of using cream of tartar and soda instead of baking powder for baking is still in vogue, without any apparent reason other than that mother used it. The use of baking powder at the present time is as much an improvement in its way as the modern swift going motor is an improvement over the team of former years, and it is hard to understand why some people will adopt modern ideas in some respects and not in others. The use of cream of tartar and soda for baking is now practically obsolete. Previous to the war cream tartar was a comparatively cheap commodity, but at the present time retails for eighty to ninety cents per pound, and baking soda from ten to twelve cents a pound, while a first class baking powder may be purchased for 95c. a pound.

IMPERIAL HAS TWO EXCELLENT ATTRACTIONS
Norma Talmadge in Poppy, a Deeply Interesting Film Story—Belgian Girls Give Musical Treat
Norma Talmadge, the popular Selznick star, is seen on the screen of the Imperial Theatre, this change, in her latest feature photodrama, Poppy. This is adapted from the play by Ben Trapp and John P. Ritter, which was taken from Cynthia Stockley's novel. The story is intensely dramatic throughout, dealing with the life of a young girl who graduates from druggery to refinement.
This Talmadge plays the part of Poppy Destin, whose life is moulded by three men, Luce Abinger the unscrupulous, Dr. Braunham the generous, and Ewen Carson the lover. These persons have become known as "the three worst men in South Africa" on account of their misdeeds. The unraveling of this original plot is one of the most fascinating of the screen stories of the year.
The director of Poppy was Edward Eves, who knows the South African country where the scenes transpire, having been for many years a resident of that fascinating country. Consequently the film is a wealth of detail and color in the incidents which make the general production absolutely true to life and dramatically convincing.
The Five Belgian Girls—refugees from Antwerp, who opened their engagement Saturday afternoon, were heard yesterday by delighted audiences. They perform artistically and with much acceptance on the violin, grand piano, harp and cello. Their cultured appearance and exquisite gowns made their pleasing numbers all the more pleasing. These business-like little ladies were among the last to leave Antwerp before the German occupation. They belong to families who before the war were stery well to do but who depend very largely upon the work of their girls in America to keep them in the necessities at this serious period. The act was formed and suggested by the Keith headquarters in answer to a query from Antwerp and has played nearly all the 168 houses affiliated with the Keith circuit. Since the people have been very hospitable to the Belgians who are stopping at the Royal.

as having come into force on the first day of April, 1917, and in this way all pensioners will be entitled to an extra check covering the difference between the pension paid since April 1 and the date on which the adjustment is made. The changes will affect the pensions of soldiers and sailors and their children, their orphan children, their widows and their younger brothers and sisters. The total increase in the amount payable by Canada for pension and allowances will be approximately forty per cent. At the present time the annual expenditure involved is about \$5,000,000 a year, with the increases now authorized, Canada's outlay for pensions will be over \$7,000,000 during the fiscal year.
"A second change made is only slightly less important. It provides that disabilities shall be divided into twenty classes instead of six classes. In the future, disabled men will be certain to receive a pension based directly on the percentage of the disability which they suffer.
"A third important change is the authorization of an annual allowance for a married, disabled pensioner. Up to the present time the unmarried man received the same pension for disability as the married man.
"The commissioners have also now been given more ample authority to provide for the maintenance of incurable and helpless soldiers and sailors such as men suffering from insanity, total paralysis, and other similar conditions. Previously, the maintenance of certain helpless men devolved upon the provinces or upon private parties. In the future these men will be maintained by the federal government, no matter whether they are being cared for in a provincial or a federal institution, or by members of their own families.

Some Details of The Pension Increases
Upon the recommendation of the minister of finance, the pension regulations applying to the members of the Canadian expeditionary forces have been amended by an order-in-council approved by His Excellency the Governor-General.
"The most important changes provide for increases in the pensions and allowances. These changes will be considered

You Can Tell The People Who Have Iron in Their Blood
Strong, Healthy, Vigorous Folks
Doctor Says Ordinary Nuxated Iron Will Make Nervous Run-down People 100 per cent Stronger in Two Weeks' Time in Many Cases.
New York, N.Y.—"One glance is enough to tell which people have iron in their blood," said Dr. E. Sauer, a Boston physician who has studied widely both in this country and in Great European medical institutions, in a recent discourse. They are the ones that do and dare. The others are in the weakling class. Sleepless nights spent worrying over supposed ailments, constant dosing with habit forming drugs and narcotics for nervous weakness, stomach, liver or kidney disease and useless attempts to brace up with strong coffee or other stimulants are what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. The moment iron is supplied the multitude of dangerous symptoms disappear. I have seen dozens of nervous, run-down people who were silling all the time, double and even triple their strength and endurance and entirely get rid of every sign of dyspepsia, liver and other trouble in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without any benefit. If you are not strong or well you owe all other druggists.

MONTREAL TO CHANGE ITS SYSTEM OF GOVERNMENT

City Council and Board of Control So Decide But What Will Come Not Known

Montreal, Oct. 22.—A change in the present system of city government is desirable, so it was decided yesterday afternoon at a meeting of the city council and board of control, but just what the change should be has not yet developed.

Notice of the Montreal bill must be published soon in order that it may come before the Quebec legislature at its next session, and it is said that for this purpose the change was agreed upon, but without any definite plan thereat.

PUNISHED VILLAGE FOR KINDNESS TO PRISONERS

Amsterdam, Oct. 23.—The Germans have punished Issegen, a thickly populated quarter of Issegen, stepping out, says the Telegram's correspondent, with head erect. The people rushed out of doors. They had little food but apples, which they gave the British. The women and girls ran to the prisoners, slipping apples into their hands. The Germans threatened the civilians with the bayonet. The people then threw the fruit from a distance. The Germans ordered the dwellers on Roulers street to do all their errands before nine in the morning, after which they must remain the whole day indoors, with windows closed. The German authorities were furious, and posted a notice on the walls forbidding the least demonstration when prisoners pass.

KILLED BY FALL INTO HOLD OF STEAMSHIP

Quebec, Oct. 23.—Joseph Stanley Lowes, twenty-three years old, of Cedar Springs, Ont., was instantly killed at Cape Rosier, Gaspe, yesterday by falling into the hold of the steamer Marquette and Bessemer No. 1. He was a sailor on board.

MORE FINES OF \$250 IN LIQUOR CASES IN POLICE COURT

The good work of Liquor Inspectors Crawford and Barrett is slowly and surely breaking up the game of the bootleggers of the city. Yesterday it was due to their good work in the management of the prisoner, named McDermott, that the evidence against Mulcahey for bootlegging was complete and this morning another one, George McCarty, was arrested in Union street by the inspectors. On being brought before Magistrate Ritchie in the police court this morning he was fined \$200 or six months in jail.

Before Magistrate Ritchie in the police court this morning William Pine was charged with being drunk on Union street and drinking in public. He was fined \$8 or two months for the first and \$200 or six months for the latter and was sent to jail.

Abelle LaPoint, a military prisoner, being held here on charge of desertion from the 168th Battalion, now overseas, was brought to the police court for trial. As his regiment was overseas he was remanded.

William Benway and John Conlin, charged with stealing \$41.81 from the restaurant of Charles Ching in Mill street, were allowed to leave the city this morning upon payment of the money and costs, a total of \$66.81. The Chinese agreed to drop the case.

WEDDINGS TODAY

An interesting ceremony took place in the Cathedral of the Immaculate Conception at half-past five o'clock this morning, when Miss Margaret Mary Carney, daughter of Mrs. Margaret Carney, of 14 Hanover street, was united in marriage to Arthur Joseph Dussault, of Montreal. Rev. William Duke officiated at nuptial mass. The bride wore a tailored suit of brown with hat to match and carried a shower bouquet of crimson roses. She was given away by her brother, Fenwick J. Carney. After the ceremony, Mr. and Mrs. Dussault left by train for Montreal, where they will make their home. The groom is a popular employee on the C. P. R. transports, and was suitably remembered by his fellow employees with a check and an address.

Gambin-Myles

A very pretty wedding took place this afternoon at 77 Simonds street, when Miss Muriel Gertrude, youngest daughter of Mr. and Mrs. Robert Myles, was united in marriage by Rev. N. J. McLaughlin, P. M., Samuel Gambin, of the Canadian Engineers. The bride was becomingly gowned in cream crepe de chine with dress of lace and pearl trimmings, and carried a bouquet of bridal roses. She was attended by her sister, Mrs. W. H. Basillan, who wore a gown of blue silk. The groom was supported by Gorham Myles, brother of the bride. After the ceremony, a dainty luncheon was served. Pte. Gambin and his bride left for Bloomfield, where they will spend two weeks at the home of the groom, Pte. and Mrs. Gambin will reside for the winter in Quebec, where his regiment is now stationed. The bride's traveling dress was of grey with hat to match.

LOCAL FOOTBALL

The first interscholastic football game of the season will be played in this city on Friday afternoon, weather permitting. A problem which confronts the members of the High school team is where the game is going to be played. The Fredericton boys are scheduled to play here on that date and at Rothesay the day following. The local team in former years played on the Shanrock grounds, but as they were leased to the Bistany Shows for the last three weeks they were not available this year; and if they were the ground is unfit for football games. An endeavor will be made to secure permission to play the league games in a field in Fairville and thus keep the league intact.

The St. John team will be chosen from the following players: Doherty, Akert, McQuade, Dawson, Kerr, Hoey, Malcolm, Moses, McRae, Kee, Day, Grant, Trafton, Gillis, Gill, Cunningham, Hutchinson, Sinclair, Shaw, Wilkes, Nator. Captain Robertson has been in poor health and is not expected to play any more this year. Edwin McQuade who is vice-captain of the team is spoken of as his successor.

THE J. FRANK SEAVEY, MASTS GONE, IS TOWED TO HALIFAX

Halifax, Oct. 23.—The three-masted American schooner J. Frank Seavey was towed into Halifax harbor today with all her masts gone. She sailed from Gaspe, Que., on last Tuesday with a full cargo of lumber. On last Sunday night she ran into a terrific gale and before the sails could be lowered the three masts snapped off and with the rigging fell over the side. Several members of the crew had a narrow escape. Before the ship could be righted the crew had to cut away the wreckage. The Seavey was picked up by the coastal steamer Margaret on Monday. She is in command of Captain Kelton, registers 413 tons gross and hauls from Maine.
