COAST LASHED BY FURIOUS SNOWSTORM WITH LOSS OF LIFE

Four Fishermen Lost Off Long Island When Schooner M. J. Beale Sinks—Some of Crew Are Rescued Later

14 VESSELS HELPLESS IN ST. LAWRENCE

Schooners Atlanta and W. C. Smith Wrecked Off Nova Scotia Shore—Ocean Osprey Is Total Loss—Tug Unable to Find Drifting Steamer

WASHINGTON, D. C., Dec. 6.—The weather bureau today issued the following storm warnings: Warnings changed to northwest, 10 a. m., Sandy Hook, N. J., to Eastport, Maine, disturbance of considerable intensity south of Nova Scotia, moving northeastward, will cause strong northwest and north winds this afternoon and tonight, diminishing on Tuesday.

HALIFAX, N. S., Dec. 6.—Winter swooped down over the Maritime Provinces with a sudden intensity yesterday and today, bringing snow and gales, accompanied by sub-zero weather, which is general throughout the country. A blizzard has raged continuously off the coast since last Thursday night, resulting in several marine mishaps.

Only floating debris scattered over a turbulent sea, remains of the coastal schooner W. C. Smith, formerly of the Lunenburg fishing fleet, wrecked in the storm early last night, at Port Hebert, 20 miles west of Liverpool, but Captain J. M. Pettipas of Halifax, master, and owner of the schooner, and his crew, five, are safe.

CREW SAVED

The captain and crew managed to reach shore with their bodies, but no shelter was available. In an effort to protect themselves from wind and cold, the men huddled them selves and crowded beneath the overturned boats. The night was bitterly cold, and the men were wet to the skin. Seeing that they would all perish if they remained out in the zero weather, the captain urged the combined effort of keeping moving, and the little company set out through the snowstorm to seek shelter.

SHIPPING TOLL

Vessels wrecked in the storm off Nova Scotia and New Brunswick last night: Three-masted schooner South-head, in ballast from St. Pierre from Halifax, a total loss at the entrance to Herby Cove, Halifax county.

Schooner W. C. Smith, lumber laden for New York, a total loss at Quoddy, Halifax county.

Schooner Corau, lumber laden for New York, a total loss at Quoddy, Halifax county.

Fishing schooner E. L. MacKenzie, ashore at Lockport, Shelburne county.

Unknown schooner ashore at Gull Cove, Grand Manan, N. B.

Schooner Atlanta laden with potatoes, a total loss at Low Point, Cape Breton.

In addition the ocean-going tug Ocean Osprey, which had gone on the rocks near Cape Sable, was broken in two during the gale, and disappeared. But the run-rigging tug eastern which was standing by the tug Ocean Osprey, which was broken in two during the gale, and disappeared. But the run-rigging tug eastern which was standing by the tug Ocean Osprey, which was broken in two during the gale, and disappeared.

The tug Ocean Eagle, which left St. John's, Nfld., yesterday to assist the steamer Hillcroft, helpless about 40 miles due east of Cape Spear, with her coal supply exhausted, and all her woodwork burned as fuel, returned here at midnight after failing to locate the steamer. A message received here this morning, stated that the steamer Hillcroft was standing by the tug Ocean Eagle, which was broken in two during the gale, and disappeared.

Three deaths were reported from Buffalo, N. Y., and hundreds of upstate motors were stalled from frozen radiators, and stuck in snowbanks. More than 100 boats were caught in the ice on the Erie and Champlain divisions of the New York State Barge Canal. New England was recovering from the snowstorms which caused six deaths in that area, delayed railway and trolley service and tied up shipping.

Quebec, Dec. 6.—At least 14 steamers, most of them outward bound, are being made comfortable at the home of Stephen Harding. Captain Pettipas stated this morning that last night's storm was the worst he ever encountered.

Nearly 70 Bills From Last Session Await New Parliament BALDWIN IS LIKELY TO VISIT CANADA

Germany Takes Firm Stand Before League of Nations On End of Military Control

Canadian Press GERMANY, Dec. 6.—Germany will make a determined effort before her delegates leave Geneva to secure a definite agreement upon an early date for cessation of the inter-allied military control. This declaration was made to the Associated Press today by a member of the German delegation at the end of the first meeting of the 43rd session of the League of Nations Council. Bitterness among the German people over the inter-allied control is steadily growing, the spokesman continued, and the question must be reckoned with as even more important than that of reducing the

IS INVITED TO TAKE PART IN JUBILEE FETE

Would Accompany Prince of Wales for Celebration

BEACON FIRES

Observation of Canada's Birthday Next Year Will be National in Scope

OTTAWA, Dec. 6.—His Royal Highness the Prince of Wales and Right Hon. Stanley Baldwin, Prime Minister of Great Britain, have been invited to Canada to participate in the diamond jubilee celebration of Confederation, it was learned today on very high authority. It is understood, too, that both the Prince and Premier Baldwin have accepted the invitations. Although both His Royal Highness and the Prime Minister of Great Britain are unable to make definite engagements so far ahead, both, it is said, have expressed the hope that circumstances will permit their taking part in Canada's birthday celebration on July 1, 1927.

NATIONAL IN SCOPE

The jubilee celebration will be Dominion-wide in character, and will be marked by patriotic festivities in all communities. There will be a non-day salute fired from Ottawa, which will reach across the country and beacon fires at night from the Atlantic to the Pacific. During the day, there will be sports and national games. It is hoped that the Prince of Wales will officiate at the opening of the new international bridge between Fort Erie and Buffalo.

EDINBURGH STAYS WET.

In a local option vote held here, all six wards in the city voted for continuation of the sale of liquor.

BEATY TWITTED

Admiral's Wife Pokes Fun at Him, Directing Fire Fighters

BRIGATE, England, Dec. 6.—Admiral Earl Beatty was the object of a little fun on the roof of his residence, Regate Priory, directing fire fighters in quenching a blaze. Standing amid a group of dinner guests, who had rushed out of the house, when the fire was discovered, on the roof, Lady Beatty twitted the admiral about being the boy who stood on the burning roof, and with his inability to resist the opportunity for taking command.

RECLUSE FOUND DEAD

NEW GLASGOW, N. S., Dec. 6.—When police broke into the residence of James Winn, 65, who had lived the life of a hermit for several years, they discovered the recluse lying dead on his kitchen floor.

Operation On Ferdinand Is Successful

Move Awaited by Chang Tso Lin as Head of New Allied Movement

BUCHAREST, Rumania, Dec. 6.—King Ferdinand today underwrote an operation shortly after the return of Queen Marie from a tour of Canada and the United States. His physicians announced that the operation was most successful.

NEW CARDINALS

Turin Archbishop and Nuncio to Poland Named

ROME, Dec. 6.—Monsignor Giuseppe Gamba, Archbishop of Turin, and Monsignor Lorenzo Lauri, Nuncio to Poland, will be created cardinals at a consistory to be held December 20. This announcement was made officially at the Vatican today.

DEBATE CONTROL

Manitoba "Wet" and "Dry" Leaders on Public Platform

WINNIPEG, Man., Dec. 6.—The views of Manitoba's opposing factions in regard to matters of temperance enforcement will be aired on a public platform. Professor F. W. Kerr, of Knox United Church, has accepted a challenge to meet F. W. Russell, president of the Moderation League. Statements made by Professor Kerr regarding enforcement of the law under the present government sale and control law led to the challenge.

CLUB IS BURNED

Catholic Sailors' Home, Montreal, Destroyed

MONTREAL, Dec. 6.—Two persons had a narrow escape from death and damage estimated at \$80,000, partly covered by insurance, was done by a fire that destroyed the concert hall of the Catholic Sailors' Club here yesterday. P. S. Fitzgerald, the care taker, and his wife, who lived on the third floor, were unable to make their way downstairs owing to the dense smoke. They were rescued by firemen after some difficulty.

Community Giving Urged To Boost Fund To Bring Christmas Cheer To Kiddies

THE Empty Stocking Fund appeal is hardly meeting with the response which its objects deserve. Although many have given, and given generously, this year, the total received to date, amounting to \$479, is still only a fraction of what will be required to guarantee that every kiddie in the city will have something to mark Christmas Day from all the other days of the year.

Last year the fund was swelled to a great extent by contributions of a collective nature from the employees of city firms, the members of church and other societies, etc. This is an ideal form of contribution, as it allows many to participate, whose donations in aggregate amount to a considerable sum,

though they may in themselves be very moderate.

The mail reaching this office daily is filled with pathetic appeals from kiddies who fear that they will have nothing for Christmas. These youngsters are looking forward to a gift from the Empty Stocking Fund. Are they to be disappointed?

THE FUND TO DATE.

The fund now stands as follows: Previously acknowledged... \$423.00 J. R. K... 1.00 Ann... 2.00 Mrs. J. H. Allingham... 5.00 Friend... 2.00 M. E. L... 1.00 Little Mary DeWolfe... 2.00 A Friend... 5.00 Total... \$479.00

A package of warm clothing, including sweaters, undershirts, toques and mitts, also has been received, a gift from F. S. Thomas, Main street.

Read these appeals: "PLEASE send me and my brother and sister a stocking. My father has been laid up sick, and we don't expect much for Christmas."

"WE don't expect to get anything for Christmas, as our father is in the hospital, and mamma isn't very well and can't go out to work for us."

"I HAVE no daddy, he got killed, and my mother says she is not able to get anything for me for Christmas, and I would like to

have something from Santa to keep me warm."

"WILL you please send us a stocking. We had none last year, and we are very poor. Our papa is dead, and our mother has to work, and it is very hard. There are three of us, ages six, four and two."

"PLEASE, will you bring me and brother a pair of woollen stockings, as we have just come out of hospital, where we were with the scarlet fever, and we have only cotton stockings."

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

have something from Santa to keep me warm."

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

"PLEASE don't forget us this Christmas, for daddy don't send mamma any money, and she has to work for us"

Are Healthiest

YOU'll wait a long time to find two healthier young people than the two shown here. They won first places in a national health contest for farm youths at the International Live Stock Exposition, Chicago. Miss Mary Livingston, of Sully, N. C., who is 13, is being weighed by Aubrey Dill, 19, of Morehead, Miss. Both were champions of their respective States.

ITALIAN BREAKS SEAL ON JUGO-SLAV MAIL

Search For Stranger In Olson Murder

PRAIRIE DU CHIEN, Wis., Dec. 6.—A mysterious stranger entered the Olson murder case today. On the eve of the inquest into the death of Clara Olson, Norse farmer's daughter, whose body was found in a shallow grave on a lonely hill-top near her sweetheart's home, district attorney Earl obtained statements indicating the participation of an unknown individual in the evening of the night of September 9, when the girl disappeared.

AGED PASTOR DIES.

LONDON, Dec. 6.—The Rev. Henry Woods Peris, 87, prominent Unitarian minister, died here Saturday. He represented English churches at the great Boston Unitarian conference and was a friend of Walt Whitman, Oliver Wendell Holmes, Henry Wadsworth Longfellow, John Greenleaf Whittier and Will Carleton.

Despatches from Belgrade to Paris last week, said competent circles in Belgrade regarded the recent signing by Italy and Albania of a pact of friendship and security, an event of the utmost gravity to Jugo-Slavia. It was asserted that the pact was considered as meaning nothing less than the establishment of an Italian protectorate over Albania, and that the step was of a nature to compromise the friendly relations between Italy and Jugo-Slavia.

COLD AT CAPITAL.

FREDERICTON, N. B., Dec. 6.—The lowest temperature of the season was recorded Sunday morning when a minimum of six degrees below was registered. The entire day was cold but was followed by the first heavy snowstorm of the winter, which set in early this morning. Snow will greatly benefit the country roads and will make travelling easier.

CRANBROOK WANTS BEER.

VRANBROOK, B. C., Dec. 6.—By a majority of 167, voters of Cranbrook by means of referendum, authorized the British Columbia Government, expressed themselves in favor of the establishment of the city of licensed premises for the dispensing of beer, by the glass. The vote was: For, 571; against, 404.

DEPUTY SPEAKER TALK.

OTTAWA, Dec. 6.—While the re-appointment of Hon. Rudolph Lemieux to the chair of the House of Commons appears to be certain, there is no definite indication so far as to who will be deputy speaker. It is expected that the choice will lie between J. Fred Johnston (Liberal, Long Lake, Ont.), John E. Sinclair (Liberal, Queson, P. E. I.) and A. E. MacLean (Liberal, Prince, P. E. I.) Mr. Johnston was spoken of last session as a likely appointment. Mr. Sinclair was formerly a minister without portfolio in the Liberal cabinet. Mr. MacLean is one of the senior members of the House and would be an equally popular deputy speaker. The appointment, it is rumored, may not be made until the House re-assembles after the holiday.

MILTON, N. S., SCHOOL BURNS.

MILTON, N. S., Dec. 6.—The school house here was totally destroyed by fire of unknown origin this afternoon. The building was valued at \$16,000, and insured for half that.

THE WEATHER

SYNOPSIS—A disturbance which developed in the Lower Mississippi Valley has passed south of the Great Lakes to the Atlantic coast, causing gales and snow from Ontario eastward. In the west the weather has been fair with a tendency towards higher temperature.

Gales and Snow

FORECASTS: MARITIME—Northeast gales with snow. Tuesday, fresh northerly to westerly winds, fair weather.

NEW ENGLAND—Fair, continued cold tonight; Tuesday, increasing cloudiness, not so cold; strong northwest winds this afternoon and tonight diminishing Tuesday.

STORM TAKES TOLL OF SHIPS ALONG COAST

Continued from Page 1
at present in difficulties on the St. Lawrence due to ice conditions, which took a turn for the worse during the week end. Several of the ships have been carried back and forth by the ice for hours at a stretch, unable to put into any harbor or remain stationary, on account of dragging anchors. This morning, as far as the eye could see the river was covered with a coat of ice, about six inches thick. The steamship Valerius was driven at Middle Ground, opposite the Roch traverse on Saturday afternoon but succeeded in freeing herself at three o'clock yesterday afternoon. She is proceeding to sea, not having been seriously damaged by her mishap, and was reported passing Cape Salmon early this morning.

FLOODED WITH APPEALS
The local signal service office is flooded with wireless appeals for assistance from icebound vessels below this port, notwithstanding that the ice breaker Montcalm has been on the move continually below St. Roch traverse during the last three days. She assisted the freighters Hesteria, Ceuta, Daguid and Florida through the ice at that point up to an early hour this morning.

GREAT LAKES ICE JAM.
SAULT STE MARIE, Mich., Dec. 6.—Moderating temperatures today lent a helping hand to the ice-breakers and car ferries attempting to dislodge the ice jam which has choked the outlets of St. Mary's River and imprisoned a fleet of lake carriers. A steady rise in temperature last night had made some inroads into the ice, and led steamboat officials to take a more optimistic view of the situation. Three or four days of moderate weather, they said, might assist the breakers enough to permit clearance of the channel. Colder weather at this time, however, they indicated, would result in a repetition of attempts to move the ships this winter. In that event, they would suffer severe loss. In addition to the possible loss of cargoes, steam would have to be maintained and at least a half crew kept aboard throughout the period of imprisonment. After freeing five of the vessels, in the upper outlet yesterday, the Sainte Marie giant car ferry, today transferred operations to the lower outlet. The ice clog caused by the down drift of huge cakes, has assumed menacing proportions there, and the Sainte Marie will endeavor to crash a lane through which barrier for the twofold purpose of giving an outlet to the ice drift and releasing some of the down-bound boats in that section of the channel.

IN ONTARIO.
TORONTO, Ont., Dec. 6.—Ontario had its first real taste of winter over the week-end when a snow and wind storm, driving in from northern Michigan, swept the province from Windsor to Ottawa, leaving a blanket of snow nine inches high in most places. It was the heaviest early December snow fall southern Ontario has experienced in some years, and with came temperatures that registered zero and below in some places and just a few points above in others.

FISHERMEN DROWNED.
PHILADELPHIA, Pa., Dec. 6.—Four fishermen were drowned off Long Island last Wednesday when heavy seas capsized the dory in which they had put off from the fishing schooner M. J. Beale, sunk 12 hours previously. Captain Wm. Parks, part owner of the schooner, and the two remaining members of his crew were rescued from another drifting dory 10 miles east of Fire Island.

123 FREIGHTERS HELD
The ice drift, broken loose by the manoeuvring of the tugs and lighters, has wedged at the lower outlet and solidified into a mountainous formation. If the Sainte Marie is successful in carving a lane through this formation, it is planned to keep lighters working through the path to prevent new freezing while tugs attempt to pull the boats free. There are 86 freighters imprisoned in the lower channel and 87 strung out along the upper reaches of the river.

ANOTHER VESSEL ASHORE
HALIFAX, Dec. 6.—The three-masted schooner Southeast bound from St. Pierre, Miquelon, to Halifax in ballast, ran ashore at six o'clock, this morning at Battery Point, at the entrance to Herring Cove, about 11 miles from here. The crew reached shore safely, although the captain and another man were injured.

USES RAT TRAPS.
SAULT STE MARIE, Ont., Dec. 6.—Robert Murray, of Laird Township, came to the Sault Saturday to arrange for the bounty on his ninth wolf of the season, all taken with rat traps. Murray sets the small traps in a bluster and the wolf, getting nipped in one, struggles, and is eventually held by others.

TWO-THIRDS OF WORK IS OVER IN MEDUCTIC TEST

Engineer Weston Speaks of Survey and Why it is Made

The survey of the Meductic power site, authorized by the provincial government...

DAM CONSTRUCTION

The only way to develop a power plant in this stretch of the river is to build a dam...

SHOGMOC RIVER

Another report made shortly after was on behalf of some local parties who made application to the legislature for a charter to develop the site.

REALLY VERY SPORTY

Boys are taking the term "sport clothes" literally in regard to hats, as demonstrated by the chapeaux here shown.

Shogmoc River. Between this position and the lowest point the commission are now surveying there is a drop of eight feet in the river...

At Meductic and the cost of developing same. The information to hand was so meagre that the estimate of power and the cost of developing were little more than guess work...

TELLS OF WORK

The work we are now doing at Meductic includes complete topographical survey from the Pokok Bridge to a mile above Woodstock, covering a 25 mile reach of the Saint John River.

GRANITE LEDGE

It is also necessary to select the most economical site for building a dam across the river, and the power house which would, as a matter of course, be adjacent thereto.

RUN OFF RECORDS

For the past six or seven years the Dominion Water Powers Branch has maintained a gauging station at Hawkeshaw and for this comparatively short period run off records are available for the river.

In a projected work of this magnitude the engineers of the commission would feel the necessity of having the whole proposition carefully checked up

C. N. R. ENDS BONUS SYSTEM; INCREASES PAY

Uniform Rate Throughout Workshops Is Established

MONTREAL, Dec. 5.—Abolition of the bonus or premium system in all shops of the Canadian National Railways was announced by Dec. 8, of an increase of two cents per hour to employes thus affected.

### Dorothy Dix

Will a Girl Who Likes Amusement Be Happy Wedded to Mr. Stick-by-the-Fire?—The Wife Who Owns an Extinct Species—The Too-Loving Husband—How to Change a Yellow Streak to Backbone.

DEAR MISS DIX—I am engaged to a young man who is a very good fellow, but there is one thing we quarrel over continually, and that is that he will not take me out anywhere. I would be satisfied if he would take me once a week, but he won't do it and says I shouldn't ask him to go out to places of amusement when I know that he doesn't want to go.

DOROTHY DIX

I feel that if he really loved me that he would put himself out for my sake. And he thinks that if I really loved him I would be willing to stay at home for him. So there you are. What do you think? PUZZLED.

ANSWER: I think that two people who have such diametrically opposite tastes are taking a great risk in getting married, and that if they do the weather prognostications will be for continuous stormy weather.

The thing that makes happiness in marriage and for a peaceful home is congeniality. It is the husbands and wives who have the same tastes, who enjoy the same things, who grow into real comradeship that make marriage the most satisfying relationship on earth. But when the husband wants to do one thing and the wife wants to do another thing, when one enjoys the other hates, when one or the other is a perpetual goat, it makes matrimony just one fight after another.

The husband who is a stick-by-the-fire, who will never go out in the evening or take his wife to any place of amusement and who seems to think that just being married to him is all the amusement that any woman could crave, is a very common figure, but he generally evolves after marriage.

Before marriage he has usually been willing enough to step out and show the girl he was courting a good time, and always too tired to take wife out the day-after-home complex and is always too tired to take wife out.

You are at least fortunate in that your man has shown you what to expect before you are tied up with him for keeps. He has served notice on you that he is perfectly selfish and utterly inconsiderate of you and that he will sacrifice you to his pleasure and convenience. So you can take him or leave him—and the result is on your own head.

But one thing I warn you, and that is if you marry this man, knowing what to expect, be a good enough sport to accept him as he is. Make up your mind that you will either stay at home with him without protest or that you will take your pleasures on the side without trying to force him to go with you.

Don't try to make him over. Don't nag him. And don't make your house a perpetual battleground where you fight every night the question of whether to go to the movies or stay at home. You don't have to marry this man, but you do have to abide by the results if you do marry him.

DEAR MISS DIX—I want to know what to do with a lovesick husband. He is so devoted to me that he hangs around me all the time; never wants me to read, sew or do anything but pet him when he is about. Doesn't even want me to make anything over our two darling little girls. Isn't willing for me to go away from home even to spend the day.

Now I love my husband and don't, but don't you think one can get sickened by over-loving sometimes? MRS. X.

ANSWER: Why, Mrs. X., the proper thing to do with a husband like that is to put him in a museum in a glass case. In these days of wandering, indifferent husbands, he would be regarded as a rare specimen of an almost extinct species and multitudes of women would travel thousands of miles to gaze with awe and wonder on such a curiosity.

You must be a proud and happy woman to have in your possession what Mrs. Partington used to call "an object of virtue," but it is easy to understand why familiarity with it has "bled it of some of its charms." Too much sweet cloy on the palate. So does too much overmaking, and the affection that endures either a man or a woman soon comes to be a tyranny of which they tire.

Sentiment should be used only to spice the cake of life. It gives us an awful nausea if we make it the basis of the cake itself.

Certainly no woman wants her husband under foot all the time. Nor does she want him to hold one hand while she is trying to make the biscuit with the other. She has her affairs to see to, her work to do, her other interests and amusements. She wants to bid him an affectionate farewell in the morning, and she is ready with an equally affectionate welcome in the evening; but she wants to be rid of him during the interval.

And she loves him all the better because of the little absence, and because he comes back new and fresh and because she hasn't been bored all day listening to lovey-dovey talk and trying to live up to it.

Too much love is just as bad as too little. You can die of over-eating just as surely as you can of starvation. The value of a thing depends upon the rarity of it. A single kiss may thrill us to the depths of our being, but it merely sickens us to be slobbered over.

Many women kill their husbands' love by overloving and making their love a burden. One of the most promising marriages I ever knew was wrecked by a silly little bride who called her husband a dozen times a day over the telephone to tell him how she adored him.

Not many men weary their wives' ears by their protests of affection, but the husband who hangs on to his wife's apron strings and never lets her out of his sight has taken the surest way in the world to make her yearn to cut them.

DEAR MISS DIX—How can a young man take the yellow streak out of him? How can he change his backbone from narrow to broad? SPUNKLESS.

ANSWER: By forcing yourself to do the thing you are afraid to do. You can conquer fear if you are determined enough to do so. And you can develop a backbone by exercising it. The more you shrink from a disagreeable task the more you want to force yourself to carry on.

If you are tempted to loaf, work the harder. When everything in you urges you to give up a task, set your teeth and stick to it like grim death. When your own personal devil asks: "What's the use?" his back: "I'll show you."

And remember this for your comfort, that you can harden the muscles of your soul just as you can the muscles of your body and that every time you force yourself to do the thing that is hard to do it becomes easier for you. DOROTHY DIX.

### Milady Scents Romance In Folds of Silken Shawl

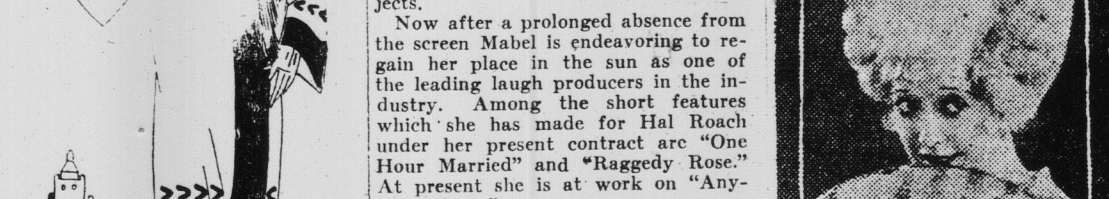

By MME. LISBETH  
WHERE is the woman who can draw one of the lovely embroidered shawls about her and not feel a thrill of romance from its long silk fringe as she is shown to advantage. They are being worn at opera or party wraps.

These shawls seen in many a parade of fashionable make a color array rivaling the flower shops. There are not only those imported from Spain with their heavy embroidery, or other striking importations from China and Japan, but others from gorgeous weaves in brilliant cloths or woven with designs in metallics. Some of these shawls dazzle the eye with the play of light on their encrustments of crystal or metal designs.

### Fashion Fancies

GREEN CLOTH AND VELVET ARE COMBINED IN THIS WINTER COAT

By GILBERT PACKARD  
WHEN Mabel Normand left the screen some years ago she was at the peak of her career as a comedienne. She had just branched out into feature length productions but in bridging the gap from two-reelers to hour and a half attractions lost some of the spontaneity which characterized her work in the short subjects.

Now after a prolonged absence from the screen Mabel is endeavoring to regain her place in the sun as one of the leading laugh producers in the industry. Among the short features which she has made for Hal Roach under her present contract are "One Hour Married" and "Raggy Rose." At present she is at work on "Anything Once."

Keep up the work, Mabel. The good fan knows how scarce are the comedies that can honestly be called funny. Since the days when Mabel Normand, Marie Prevost, Flynne Haver and Bebe Daniels romped around the comedy lots there have been very few actresses who have achieved outstanding recognition in this field. Nowadays after an actress plays in one or two pictures of this type the dramatic producers dangle a contract before her and she promptly accepts it.

Back in the Biograph days Mabel was a model until her friend Alice Joyce suggested that she ask D. W. Griffith for a job. She reached stardom when Mack Sennet made her a member of his Keystone Comedy unit.

Famous Players evidently still are considering making use of their \$200,000 screen rights to "An American Tragedy." Mal St. Clair, who has been assigned to direct it, announces he won't have a star play the role of Clyde Griffiths. He plans to test unknowns until he finds the right type.

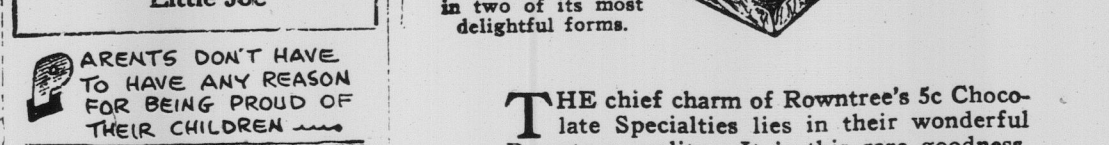

### Flapper Fanny Says

Offering to help with the dishes is the easiest way to get into hot water.

### Little Joe

PARENTS DON'T HAVE TO HAVE ANY REASON FOR BEING PROUD OF THEIR CHILDREN

LITTLE BOY BLUE COME BLOW

### SMART WRAPS

Black broadcloth coats trimmed with light furs such as summer, ermine, natural beaver and light colored foxes are the very smartest wraps you can effect.

### See-Sawing On Broadway

SKY-WRITING no longer is confined solely to trick airplanes. New York skyscrapers are beginning to print messages close to the heads through huge electric signs on the tops of their structures.

On Fifty-seventh street one of the 30-story trust companies keeps a crowd with necks strained to breaking point each evening while its electric sky-writer tells the story of its resources.

PERHAPS one of the saddest reflections on Manhattan's hypercity may be found by one who watches the crowds that flow in and out of the "Garden" upon such occasions as the Rooftop and the more recent horse show.

Here one beholds tens of thousands of folk "ah-ing" and "oh-ing" over the beautiful specimens of horse flesh. But glance aside and only a vast line of motors greets the eye.

During the horse show an optimistic cab driver decided that this contact with horse flesh would bring about the sentimental desire to be conveyed by genuine horsepower. He parked his rig in a place convenient to the crowd, but every last one shouted for taxis or private cars. Sadly he drove back to Broadway, where cab horses and old-fashioned hacks are toys of the bibulous in the late hours.

I AM told that thousands of stunning vicarinas stand in cobwebbed spare rooms of barns about Manhattan, slowly rotting. Many of the generation that used them still live, but hesitate to go forth in them except, perhaps, on some occasion favorable to fashion's dictates.

A few—a very few—may be seen from time to time on the avenue, but even the old folk feel that it is best to appear in their new French model cars. Some days, perhaps, they will sit, and one will refuse to be seen publicly unless riding in the last word in Italian planes.

NEXT spring, a card informs me, the oldest jewelry store on Manhattan Island will disappear.

One Jacob Dreicer was its founder and he started with beads way back in the days when these gems were referred to as "tears."

He became known through the land as the shrewdest gem expert in these parts. It was said he could stand before any collection, cast his eye over it, and pick out the best pieces.

But his romantic fame hinged upon his memory of gems. It was said he never forgot a single jewel upon which he had once gazed. And so, the story went, two fine pearls were ever brought to him for sale. He took a glance at them and recognized them as romans from a string he had sold several years before to a rich society woman.

Investigation proved him correct and a gem robbery was revealed. GILBERT SWAN.

### HEALTH SERVICE

#### Milk Valuable Item In Diet of Growing Boy

By DR. MAURICE FISHBEL

THE addition of one pint of milk a day to a diet which satisfied the appetite of growing boys converted an average gain of weight of 3.85 pounds per boy into one of 6.98 pounds and produced an average annual increase in height from 1.48 inches to 2.63 inches.

This betterment in nutrition, by actual experiment was proved to be due, not to the relatively small increase in the fuel value of the diet, nor to the extra protein supplied in the milk, but to the specific qualities of milk as a food.

The experiments were undertaken under the auspices of the Medical Research Council of Great Britain as a part of an extensive series of studies of the child. The experiments were controlled, since they covered the observation of five or six hundred boys living in a colony near London.

An analysis was first made of the amount of food which these boys were receiving under the standard diet and the average rate of growth. The diets were then modified, by the addition of milk and butter in specific amounts. Housing conditions were standard

and did not vary. During four years records were made of the diet actually consumed at the table by weighing sample amounts of the food daily for each of the three meals, and deducting the waste.

It was found that these boys were taking from 1679 to 2164 calories per day, averaging 1916 calories, of which 13 per cent were protein, 18 per cent fat and 68 per cent carbohydrates.

The diets were modified for groups of boys varying from 20 to 60 in a group by the addition of milk to the basic diet, of castor sugar, of butter, of vegetable margarine, of casein, and of water.

It was found that almost invariably there was no growth during summer, and usually more gain in weight at that season.

The group to whom cow's milk was given as an addition to the diet gained far more in both weight and height than did any of the others.

This may be taken as another striking demonstration of the importance of milk as a complete food and of the necessity that it form the basic substance in the diet of all growing children.

### MENUS For the Family

People will have holidays in December right around Christmas when time is at a premium and everyone's money planned for Christmas gifts. And it is really quite a tragedy and not at all the birthday one's fault, you know. Let us take time from our Christmas plans to give them a happy birthday and a special cake, not make the fruit cake do. Young people especially like chocolate cake. Here is a recipe that is reliable and makes a delicious cake. And following is a simple but good menu that ought to satisfy the appetite and dignity of the "birthday child" whether young or old.

It is planned to make as many party work as possible but still be a "party."

Halved Grape Fruit with Cherry Pork Chops with Rice and Tomato Hot Rolls

Lettuce with Thousand Island Dressing Devil's Food Cake Coffee

Ice Cream

TODAY'S RECIPE

Grape Fruit—Prepare several hours before serving. Cut them in half, remove core and seeds, loosen sections, and "steal" another from the cake recipe.

### The Rhyming Optimist

By Aline Michaels

Oh, I have journeyed far by land and sea, have watched the Arctic snows, the tropic night, have held all beauty as my spirit's fee, more dear than worldly men's most prized delight; have seen far countries where Earth's self grew strange, so different from all that I had known, until it seemed I too, had suffered change, knew thoughts and fancies that were not my own. But through all vast mutations that I met, there ran one changeless note, one constant theme, and yet in every scene, love's thread, a golden gleam. In every scene the Weaver had been ever to run his thread, till what had else been dark glowed with a glory never to endure, love's thread that weaves through all its shining gleam.

### A Christmas gift that entertains—always

When in London you'll very likely hear much of the beauty of Miss Sylvia Sipprearis.

New York Society Girl Weds Baron Against Father's Will; Leaves Him At Wedding Feast

NEW YORK, Dec. 6.—Florence Marjorie Clendenin, daughter of Mr. and Mrs. Joseph Clendenin of 22 East Sixty-fourth street, who eloped last Wednesday with the Baron George Torow, a former colonel in the Imperial Russian Army, left her husband during the wedding dinner at the Waldorf, a few hours after her marriage, and returned to the home of her parents, it has become known.

Mrs. B. Hayward Chosen Chief By Pythian Sisters of Monston

MONCTON, Dec. 5.—At the regular meeting of Tidal Wave Temple Pythian Sisters, the following officers have been nominated and duly elected for the ensuing term.

Search Parties Out For English Novelist

LONDON, Dec. 6.—A hundred policemen were searching today for Mrs. Agatha Christie, novelist, who left her home at Sunningdale, Berkshire, last Friday and has not been seen since.

ARTIST PASSES

PARIS, Dec. 6.—Claude Monet, famous impressionistic painter, is dead at his home in the village of Giverny, near Vernon. Former Premier Georges Clemenceau, his old friend when death came to the 86-year-old artist.

WILL CONDUCT TEA

The tea, which will be conducted by the Saint John Red Cross in connection with the sale of the work of soldier patients in the Red Cross office in King street this week, will be the first entertainment on a large scale that the society has planned for in its new rooms.

ON SAD MISSION

Mrs. H. W. Crocker, Amherst; Mrs. J. V. Ames, Sherbrooke, Que., and William J. Warrell, Augusta, Me., who were called to Saint John by the death of their father, Alexander Warrell, are the guests of their sister, Mrs. W. W. Carvell, 28 Wellington Row.

McCarroll-Gilchrist

A quiet wedding was solemnized at the parsonage of the Methodist Episcopal church, York, Maine, recently, when Rev. Joseph Griffiths united in marriage Miss Pearl Gilchrist, daughter of Mr. and Mrs. George Gilchrist, of York Village, Me., and Earle W. McCarroll, of Saint John, N. B.

McCarroll-Gilchrist

A quiet wedding was solemnized at the parsonage of the Methodist Episcopal church, York, Maine, recently, when Rev. Joseph Griffiths united in marriage Miss Pearl Gilchrist, daughter of Mr. and Mrs. George Gilchrist, of York Village, Me., and Earle W. McCarroll, of Saint John, N. B.

FATHER ON SEARCH

Meanwhile Mr. Clendenin was trying to find his daughter. An anonymous telephone call early in the evening announced that she was being married at the Hotel Barclay at 111 West Forty-eighth street, Mr. Clendenin immediately telephoned other members of his family, hurried to the hotel and went at once to the dining room.

OCEAN OSPREY IS TOTAL LOSS; CREW ESCAPE

Saint John Tug Split in Two in Storm Near Canso Point

CANSO, N. S., Dec. 5.—The Saint John Drydock Company's tug Ocean Osprey, which ran on a ledge near the northern entrance to the harbor late Friday afternoon, became a total loss last night.

The crew which had remained on board while efforts at salvaging were being made by the steamer Robert G. Cann, was forced to leave hurriedly as the vessel suddenly broke practically in two and filled.

Capt. Livingstone and the members of the crew will leave for their homes in Saint John tomorrow morning. The tug was one of the most powerful in the Maritime service, and had a busy season booked ahead in and around Nova Scotia ports. She ran on the ledge at high tide but hopes were entertained that she might be hoisted, and attempts were to be renewed last night when the vessel broke and filled just before the peak of the tide.

Besides Captain Livingstone, the following are the crew who escaped: Sprague, first mate; Lee Sprague, first engineer; Bates, second engineer and C. McCumber, deck hand. In addition there is a Nova Scotian named Perry, who is cook and two firemen.

SCHOONER PILES UP

SYDNEY, N. S., Dec. 5.—The potato-laden schooner Atlanta, Captain "Gus" Ford, piled up on the ledge at Low Point, at the entrance to Sydney harbor, last evening at midnight during the storm, and was abandoned a total wreck by the crew of five, who all landed safely.

The large two-master left North Sydney last night for Channel, N.B., where she was bound with the produce cargo from Charlottetown, P. E. I., but had not cleared the harbor mouth.

DO YOU GET HOT FLASHES?

Is that old liver of yours kicking up? Get hot flashes—spots in front of your eyes, or dizzy spells? Beat them in the world for a day live in 25 to 30 drops of Seig's Syrup in a glass of water. Try it and see for yourself!

HORATIO ALGER WAS RIGHT

Here are Milton C. Holden, once a grocery boy, and his fiancée, Mrs. Josephine Pancoast Widener Laidy, otherwise "Fifi" Laidy. After persistent denials of their engagement "Fifi's" wealthy parents have admitted that they are to be married in Philadelphia. John Fell, who introduced Holden to society, is to be best man.

making slow progress through the heavy northwest blizzard, when it was thought advisable to return to port.

CREW TAKES TO DORIES

The schooner was coming about in the heavy gale, when she was driven ashore at Low Point, and piled high on the reefs, where the pounding of the seas threatened destruction at any moment. The crew of five quickly took to the dories, and began a 3-mile row to North Sydney. To make a landing on the storm-swept coast where their schooner was fast being battered to pieces was impossible and two hours later the weary sailors reached port, little the worse for their experience in open dories through the white-capped waters in freezing weather.

SIX PUT OFF MARIES TRAIN

VINKOVICI, Jugo Slavia, Dec. 5.—Six newspaper correspondents and motion picture operators were put off Queen Marie's train when it reached the Rumanian frontier town of Zim-bolla last night.

So extensive has become railroad development in India that a locomotive factory is proposed for Bombay.

BIBLE STUDENT HEARD BY MANY AT IMPERIAL

H. L. Stewart of Winnipeg Gives Sunday Evening Lecture

Under the auspices of the International Bible Students' Association, H. L. Stewart, of Winnipeg, lectured at the Imperial Theatre last evening to a large and interested audience.

Mr. Stewart said in part: "This subject should be of interest to every creature living on the earth, as well as to about 20,000,000,000 of people who have departed from this earth. Especially should this be so in view of the conditions prevailing, particularly since the year 1914. From that date onward we have had conditions which have never had a parallel since the creation just such conditions were foretold by our Lord and the holy prophets as marking the end of the world. The word used as used in the scriptures means the peoples of earth, organized into forms of government under the supervision and control of an invisible overlord. It is sometimes called a heaven and an earth. (2 Peter, 3, 6, 7, 13). The world began to end in 1914, and has been followed in rapid succession by famines, pestilences and earthquakes, as Jesus foretold. (Matt. 24:8-7).

"In corroboration of Jesus' words, Daniel stated (Dan. 12:4): 'In the time of the end many would run to and fro, and knowledge would be increased.' Who can doubt or dispute the fact that we are today seeing the fulfillment of this prophecy? It has often been stated, and well stated, that the world is on wheels, people running to and fro as never before, by automobile, railway, electric cars, steamships and by aeroplane. These have all come into

use in a comparatively short period of time, and in the time known in the scriptures as the time of the end. When we remember that time itself would in confidence look for the restitution (or restoration) of all things, (Acts 3:21-22) Jesus' coming back and to save that which was lost. In the beginning, man lost an earthly home, a perfect human body and harmony and favor with his Creator. Man was tested in the Garden of Eden; he fell under the test. In due time Jesus came to earth to redeem man. (Romans 6:12).

GOSPEL AGE

"During the gospel age, Jehovah had been selecting the bride of Christ. In the end of the age Jesus returned for His bride, and then after this people has been taken away in the first resurrection, He will restore and bless the residue of mankind. (Acts 15:14-18). Since the evidence is overwhelming that we are living in the dawn of that blessed day now we can confidently proclaim to the peoples of earth that millions of people now living will never die, but will, upon conditions of obedience, be brought through the great time of trouble and will be given an opportunity to walk up the Highway of Holiness. (Isa. 35:8), to everlasting life on this earth. Then, restoration blessings will begin with them (Isa. 35:10) and finally at the end of the thousand year reign of Christ (which is in reality the world's judgment day) all mankind will be lifted up out of death, the church with her Lord in Heaven enjoying the Divine nature and the world of mankind restored to perfect earthly conditions, and as the scriptures state, every creature in heaven and on earth singing praises to God."

COLLIER RE-FLOATED

SYDNEY, N. S., Dec. 5.—Aided by the heavy northwest gale of last night the British collier Hindustan, which went aground on the Westpoint shore of the harbor early Friday morning, succeeded in working herself loose and backed off into deep water at high tide this morning, without any assistance from the tug Cruiser, which has made several ineffectual attempts to free the stranded ship.

RANEY'S MAJORITY IS 45

PICTON, Ont., Dec. 5.—Compilation of the vote in the election in Prince Edward shows that W. E. Raney, Progressive leader, secured a majority of 45 over H. S. Collier, Conservative.

**The St. John Starr**  
VOLUME 1 SAINT JOHN, MONDAY, DECEMBER 6, 1926 NUMBER 5

**6,000,000 STARR SKATES**

**STARR SKATES FOR STAR PLAYERS**  
THE 1926 models of Starr Hockey Skates are so far ahead of anything hitherto on the market that it can conservatively be said that improved hockey can be played on them.  
So much is this so, that this has been the greatest year for sales Starr Hockey Skates have ever enjoyed. More than 100,000 pairs of hockey models alone have been sold.  
Take the Starr Expert Tube Hockey Aeroplane lightness, speed and strength distinguish it. The radius of the runner is just right to give grip and flying get-away. Moreover—a unique Starr feature—the radius of the tube is the same as the radius of the runner so the skate can be kept in play even when ground right down.  
Runners of ordinary hockey skates get out of true with the tubes the moment they are ground. But the Starr Expert Tube is not an ordinary hockey skate. Remember this when selecting your skates!

**STARR WORLD MEDALS**  
Above are illustrated some of the world medals awarded to Starrs and bringing renown to Canada through one of its favorite products.

**WHAT THE SKATE GRINDER FOUND**  
THE man who grinds skates gets to know the material that goes into them. Ask veteran grinders what they think of Starr Skates. They will answer in the words of Joe Daisell, Saint John (whose fishing rod broke the world's long distance casting record at Chicago):  
"After grinding skates of all kinds and nationalities I find the best material to be in Starr Skates. I've sharpened over 500 pairs this season and can tell a Starr Skate on the stone without seeing it, just amateur users the world over by listening to the ring."

**Starr Regal Hockey**  
For pleasure skating and hockey on artificial ice, or on natural ice where the temperature is too low to produce a hard, keen surface, the Starr Regal Hockey is the world's best skate. Long a favorite with leading hockey players, this year's model has been further improved with Lynite tops (light as aluminum, far stronger) \$5.50

The Turning Point in Fred Bickley's Career

**T**HE secret of Fred Bickley's success has been an unwavering confidence in himself that has helped him master difficult jobs and shoulder big responsibilities. He has outstripped scores of chaps who had equal opportunities.

Yet at the outset Fred Bickley lacked the very quality which had so much to do with his later success. Married, totally dependent on a small salary, his greatest handicap was a lack of initiative. He feared that if he were outspoken in his convictions he might imperil his slow but sure advancement. His added family responsibilities gave him a haunting fear of poverty in old age. Fred Bickley, in plain words, was "afraid of his job."

Then one day, in the course of events, he decided to insure. He selected a North American Life Endowment at 65 Policy. This marked the turning point in his career.

His own financial future secure, and his family protected, he experienced a new sense of independence. Before long he developed an assured personality and a keen initiative that quickly lifted him "from the ranks."

No man who carries a haunting dread of the future can succeed in business. Fear saps self-confidence, destroying the quality most vital to success. A North American Life Policy will be your solid foundation for future success and lifelong happiness, just as it has been for many other men.

SCHOONER WRECKED, TRAFFIC LAMED AND SEA TIED UP BY STORM

VESSEL GROUNDS AT WHITE HEAD; EFFORTS AT RESCUE PLANNED

Two-Master in Distress in Harbor Towed to Slip, Streets Blocked by Heavy Snowfall as Wind Whips Drifts

ALL traffic on land and sea along the Atlantic seaboard, and for many miles inland, was badly disorganized, and the lives of many seamen placed in danger by a heavy snow storm which came suddenly out of the northeast during the night, lashed by a spasmodic gale, which averaged 32 miles an hour up to noon, and which at times seemed to reach almost double that velocity.

The storm followed a period of bitter cold weather when for more than 24 hours the thermometer hung around the zero mark, reaching its lowest point on Sunday when it registered several degrees below the zero.

FAIR WEATHER COMING More cheerful prospects are held out for tomorrow, the forecast given on this afternoon being for fair and slightly colder weather.

Volunteer life savers are trying desperately to rescue the crew of an unknown schooner which ran ashore at Gull Cove, White Head, Grand Manan, early this morning, according to a message received at the local office of the Department of Marine and Fisheries from Lewis Franklin, keeper of the Gull Cove Light.

There is no life saving crew at Gull Cove, the nearest being at Little White Island, some distance away. Efforts, however, were being made to organize a volunteer crew to stand by in the event of there being danger of the vessel breaking up or sinking.

Owing to the heavy storm the C. P. R. Bay Steamer Express did not call this morning for Digby, but is expected to leave tomorrow as usual.

SCHOONER RESCUED The schooner Charlotte S. of Greyville, N. S., loaded with pulpwood was towed into the market slip this afternoon by tug Joseph and the Saint John Dry Dock Co. after seven hours bucking the gale off Negro Point breakwater.

The ship was left by the harbor early this morning the vessel had her foremast carried away and the forestay badly torn.

The ship under the command of Captain A. W. McCully and the crew is composed of J. Dwyer and T. E. McCully. The ship left Greyville in company with the A. F. Davidson, Captain Morrisey, a schooner of about 600 tons.

When informed that an unknown schooner had run ashore at Gull Island Captain McCully was of the opinion that it was the Davidson.

The Charlotte anchored about 3 o'clock this morning and flew a distress signal until the tug Joseph came to her rescue about 11.30. The signal was first seen by a Grandon.

BIRTHS STUTTS—At the Evangelical Maternity Hospital, the residence of Mrs. M. Stutts, Hampstead, a son, Gordon Blair.

DEATHS STANLEY—In Hyde Park, Mass., Dec. 2, Elizabeth (nee Brown), widow of Joseph Stanley, in her 90th year.

IN MEMORIAM SULLIVAN—In sad and loving memory of our dear husband and father, James G. Sullivan, died Dec. 4, 1925.

CARD OF THANKS The family of the late Alexander Warren wish to thank the many friends who assisted them in their recent and bereavement, also those who sent floral tributes.

Cut City Appropriations To Keep Dozen Tax Rate, Says Mayor

Local News

ONE THIS MORNING. On a drunkenness charge one man was fined \$8 or two months in jail in Police Court this morning.

HORSE IS SHOT. At the request of the owner, Joseph Walsh, Policemen Lobb and Quinn shot a horse in a barn of St. Patrick street on Saturday.

WILL PRESENT MEDAL. Mayor White this morning received an invitation to attend the High School Christmas closing and present to Donald Fraser the Corporation Gold Medal. He has accepted.

PAY DAY. Today was the semi-monthly pay day at City Hall. The sum of \$12,338 was paid out as follows: Officers, \$2,441.78; sundry, \$1,723.92; market, \$298.12; ferry, \$1,465; fire, \$2,988.33; police, \$3,590.90.

WILL ATTEND. The Mayor and members of the Common Council this morning accepted an invitation from C. Gordon Lawrence, rector of Trinity church, to attend the service to be held on December 12, at 11 o'clock in memory of the sailors of the Valerian.

FORTY HOURS. The Forty Hours Devotion opened in St. Peter's Church, yesterday with solemn High mass at 10.30. Fr. James A. Cloran, C. S. S. R., rector, presided. These exercises will be brought to a close on Tuesday evening with pontifical Vespers.

BOY IS WARNED. Daniel Morrel, Cranston Ave., made a complaint to Police Headquarters on Saturday. He stated that his son had been beaten and robbed at school by another lad, living on Avon street. Policeman Irvine investigated and gave the offender a warning with pontifical Vespers.

DEATH AT BROOKVILLE. Yesterday, at his home, Brookville, Thomas W. Sutherland, 10, was found after illness of four years. He is survived by his wife, four daughters and two sons. The funeral will be held tomorrow afternoon from his late home, service at 8 o'clock.

REPAIRS MADE. No. 1 salvages crew was called to the establishment of J. and A. McMillan today to make repairs to the harbor and roundabout the rigids surrounding Saint John, the sweep of the gale was absolutely stalling in its force accompanied by a steady swirl of snow not usually experienced as an introduction to winter. The battle waged between the street railway track-clearing crews and Commissioner Frink's men today was a desperate one.

IS FINED \$200. Patrick Mahoney, of Prince Edward street, pleaded guilty to having intoxicated a woman in the street and was fined \$200 in the Police Court this morning. He was arrested last Friday by Armstrong, Pike and McGrath. Several searches had been made previous to this but were not successful.

CALLED TO VESSEL. The Police were called to the S. S. Canadian Voyagers. Donnell took wharf at midnight, Capt. W. J. Gallip stating that the men refused to sail, saying they had grievances. B. S. Purdy, shipping master, was called and found that the men refused to go until they were paid. He persuaded them to sail, promising to see that they would get their money when they arrived in Sydney, C. B.

ORPHAN OF THE STORM. A black and white spaniel wearing a collar bearing the name Geo. O. Barker, and license tag 1091, became lost in the blizzard this forenoon and sought the name Geo. O. Barker, a strong arm of support for stormy occasions. In an early issue of an electrical journal the newly invented car and its capabilities will be explained. Last year's first big storm took place on December 21.

CHIEF DIFFICULTY. The chief difficulty in handling today's storm was of course the velocity of the wind which carried the great weight of snow over the city, and in fact the street railway people started about the middle of the night but it was daylight before they got into the swing of their struggle. Salt and sand cars were also rotating the service in all sections of the city, which is an achievement of the local shops. This first practical test met all the expectations of its inventor, Mr. Harris, and the men who helped him build it.

THE NEW INVENTION. This new piece of equipment is a 20-ton car fitted with extra heavy steel wings, weight one ton each, is also capable of spreading sand and salt and having what is technically known as tremendous "tractive effort," that is it rides heavily on the rails and scoops everything before it is a wide swath. It is powerfully motorized and though not equipped with rotary beams like the sweepers, clears the tracks so the wheeled cars, the broom

Sir A. Currie and J. F. B. Livesay Send Byng Boys Club Mementos of Armistice Day Celebration

The Byng Boys Club of this city has received a fine autographed portrait of General Sir Arthur Currie, K. C. B., K. C. M. G., former commander of the Canadian Corps and now president of McGill University. In a letter accompanying the picture, General Currie sends his best wishes and thanks to the members of the club for their hospitality in entertaining him at their bungalow at Pleasant Point on the occasion of his visit to the city on Armistice Day.

Another echo of the Armistice Day celebration here is the receipt, by the Byng Boys of an autographed copy of J. F. B. Livesay's story of "Canada's Hundred Days," a volume containing a tale of the achievement of the Canadian Corps in France from the beginning of last year to the end of hostilities on November 11. Mr. Livesay, who is now general manager of The Canadian Press, in sending the presentation volume, also expressed his thanks for being included amongst the guests at the Byng Boys' reception for General Currie.

Mr. Livesay was formerly war correspondent with the Canadian Corps and accompanied it through the engagements which he describes in his book.

Services Held At Y. M. C. A. Building

About 40 members of the Y.M.C.A. attended a sing-song there last evening. A. M. Gregg, secretary of the institution, gave an interesting address on "Good Sportsmanship." Vocal selections were given by C. R. Meserve, accompanied by Mrs. Meserve. Messrs. J. H. Crocker, national director of physical education of the Y. M. C. A. of Canada, and the driver to the General Public Hospital and the driver to the street car.

4 STEAMSHIPS HELD OUTSIDE AS STORM RAGES

Metagama, Damphire, Canadian Mariner and Letitia. Talk With Letter. Delayed by the storm four steamers due here today are expected to dock during the night.

The steamer Damphire from Galveston via Norfolk, Va., was expected last night about 8 o'clock. The latest word received regarding her is that she is out of the harbor and the side of the harbor waiting for the storm to clear. The Canadian Mariner, from Cardiff and Swansea due at 9 o'clock this morning was also reported steaming back and forth.

The Letitia of the Anchor-Donaldson line was expected here early this morning from Glasgow via Halifax, but is out of the harbor and the side of the harbor waiting for the storm to clear. The Canadian Mariner, from Cardiff and Swansea due at 9 o'clock this morning was also reported steaming back and forth.

GROSS CRUELTY IS COMMENT OF COURT

Louis Worden Fined For Driving Horse Minus Two Shoes. "A gross piece of cruelty," said Magistrate Henderson in sentencing today when he fined Louis Worden, of Baywater \$10 for ill-treating his horse. Worden was driving the horse Friday in Millville road, with the front shoes on the horse, he said, was lodged in an old shed on Ann street, unit for a stable. Musty had been before the court on a similar charge, not long ago. The Magistrate said that in his interview with the Hon. Robert Forke, Federal branch of this service promised to co-operate heartily with the New Brunswick effort to bring desirable overseas settlers here. Mr. Murray is greatly encouraged as a result of his official conference in the Dominion capital.

IS WELL PLEASED

Hon. J. A. Murray, of Sussex, director of Immigration in the local government service, who reached the city on the noon Canadian Pacific express, confirmed despatches from Ottawa which stated that in his interview with the Hon. Robert Forke, Federal branch of this service promised to co-operate heartily with the New Brunswick effort to bring desirable overseas settlers here. Mr. Murray is greatly encouraged as a result of his official conference in the Dominion capital.

Extra Help For Postal Rush At Christmas Here to be At Work Beginning on Dec. 17

Postmaster Alexander Thompson reports, that on December 17 he will have three extra men on duty at the post office to assist with the anticipated Christmas rush. On December 18 an additional two men will be on duty in the Post Office in work where they may be most needed. On December 20 the balance of help required will be taken on, making a total of 20 extra during the Christmas season.

Returned men, especially those married, are given preference.

The mails are increasing in volume daily and a large parcel post is expected from Halifax, being part of the consignment of 4,000 bags delivered there on Saturday from overseas. It is expected that the Metagama will also be coming from Manchester with a general cargo. The steamer Manchester Brigade is expected in port Thursday with a general cargo. S. S. Chignecto is scheduled to sail from Bermuda next Saturday, for this port with mails, passengers and general cargo.

DR. BRITAIN COMES TO CITY WITH REPORT

Gives Out Nothing Until Document Presented to Mayor

RECOMMENDATIONS AFTER CITY SURVEY

May be Made Public at Common Council Meeting Tuesday

The report on Saint John's fiscal affairs, as seen in the light of the recent survey made under the supervision of Dr. H. L. Brittain, director of the Citizens' Research Institute of Canada, is in town. It arrived today with Dr. Brittain himself, who came from Toronto.

What the eagerly-awaited document contains is yet unknown to any but the Mayor and commissioners. Dr. Brittain, who assembled his staff and dictated it in its general and detailed details.

Asked by a Times-Star reporter for some information concerning his findings and recommendations, Dr. Brittain smiled and shook his head. "The copies I have of my report here are for the Mayor and commissioners. I have no authority to disclose any of my findings. That information will naturally have to come from City Hall."

TWO INJURED WHEN CAR AND TAXI CLASH

Collision Occurs in Princess Street During Storm This Afternoon

One of Donahue's taxis, driven by C. J. Cusick, 62 Richmond street, was in collision with a street car between Carmaith and Wentworth streets at 1:25 this afternoon. The driver was cut about the head and left arm while a passenger, Watson Dunlop, proprietor of Dunlop's Pharmacies suffered cuts on the head. Both were treated by Dr. D. P. Mahoney, 299 Prince street.

Mr. Dunlop was later taken to the General Public Hospital and the driver to his home. The taxi was badly damaged, the left side being practically demolished.

The taxi services in town made an heroic effort to keep functioning today. All suffered stalls and temporary tie-ups. Some Roxbury residents noted to town before the storm grew real bad. One car was held up in a drift on the cemetery street and not until the snow melted out of the machine did it offer to "turn over" again, speaking mechanically.

BOY IS OVERCOME ON WAY TO SCHOOL

Six Year Old Gerald Fenwick Rescued From Snow Drift

Gerald Fenwick, aged six, was overcome by the storm while on his way to the St. John Baptist school, in Brittain street, this morning. He was struggling against the wind when he became exhausted and sank into a drift in Queen square. Fortunately, Leo Blizard, a public works department workman, was in the square at the time. He got the youngster out of the snow and revived him, later assisting him in his home, where he was reported rapidly recovering from the effects of his exposure.

DIES IN MATTAPAN

The death of Mrs. Annie McDonald, daughter of the late Peter and Bridget Dean, of this city, occurred on Saturday at her home in Mattapan, Mass. She is survived by two sons and two daughters. Interment will be at Mattapan.

First of South Africa Vessels of Season Expected Tuesday

The steamer New Texas, consigned to J. T. Knight and Co., is expected in port tomorrow morning from Montreal via Sydney and will dock at berth No. 15, Sand Point, to load a general cargo for South Africa. This will be the first South Africa sailing from this port this season.

The steamer Manchester Brigade is expected in port Thursday with a general cargo. S. S. Chignecto is scheduled to sail from Bermuda next Saturday, for this port with mails, passengers and general cargo.

Here Tomorrow

PRINCE GEORGE Prince George, youngest son of the King and Queen of England, expected in Saint John tomorrow on his way to England.

S. S. BOTHWELL IN VOYAGE OF 16 DAYS

Second C. P. Freighter of Season is Docked at Sand Point

After 16 days on the water, with bad weather all the way the C. P. S. Bothwell, the second C. P. S. freighter of the winter season, arrived in port at 7 o'clock Saturday night from London and docked at berth No. 16 at Sand Point. Although the ship encountered bad weather Captain Bothwell said he had often seen much worse.

The ship passed several other vessels on the way across and some of them were having considerable trouble in getting along. Captain Bothwell said he has no authority to disclose any of my findings. That information will naturally have to come from City Hall."

INSURANCE CARRIED ON OCEAN OSPREY

Wrecked Dry Dock Tug Osprey Covered For \$15,000 to \$20,000

The tug Ocean Osprey, owned by the Saint John Dry Dock Company, which ran ashore off Canso harbor Friday night and broke up last night was insured for \$15,000 and \$20,000, Frank G. Wilson, manager of the company here, said today. The vessel is now in the hands of a representative of the Salvage Association which is representing the various underwriters. A representative of the association was present at the time the vessel broke up and said of the ledger.

Although the vessel itself will be a total loss an effort will probably be made to salvage some of the machinery and gear comprising her equipment.

HALIFAX BOWLERS TO BE INVITED HERE

Martell and O'Brien to be Asked to Meet Harrington and Jenkins

The Y. M. C. I. members held their monthly meeting in their rooms, Cliff street, yesterday afternoon at 4 o'clock, with the present, Warren L. Gray, in the chair. It was decided to send an invitation to Martell and O'Brien, star bowlers of Halifax, to meet Joe Harrington and Noel Jenkins, of the Y. M. C. I. A strong committee will be formed to conduct the Christmas tour for the orphans at Silver Falls. This work has been done by the Y. M. C. I. for some years and this year it is planned to do it on even a bigger scale.

WATER DEPARTMENT

Just before the Council adjourned, the Mayor remarked to Commissioner Wigmore that the Council was looking to him for a dividend this year. The commissioner replied that his department had already given the city a \$50,000 dividend by paying that amount out on accounts which had never been charged to it. There had also been \$50,000 dividend by paying that amount out on accounts which had never been charged to it.

WATER DEPARTMENT

Commissioner Frink said the proposition for an overhead crossing had submerged the widening of the street idea.

ADVISES THAT COMMISSIONERS SLASH 20 P. C.

Suggests Elimination of Everything That Can Be Done Without

PROBLEM OF MILL STREET DISCUSSED

Widening and Overhead Bridge Subjects—Some Talk Over Ferry

THE tax rate for 1927 and a possible reduction of 20 per cent in the appropriations in all departments to keep it down, also the widening of Mill street, were informally discussed by the members of the Common Council this morning, sitting in committee of the whole.

Mayor White suggested that in order to keep down the tax rate for next year all departments make a cut of 20 per cent. In their appropriations and let the services be run accordingly. Cut out everything that could possibly be done without and make no repairs unless it was a case where no repair would mean destruction of the article.

FERRY MATTER Commissioner Frink reported that the ferry steamer Governor Carleton would be ready to go on the route in a day or two and said he expected there would be criticism of the department for placing her at work in place of the Ludlow, as the latter was larger and more comfortable. The Carleton, however, was more economical, and consumed between four and five tons of coal a day less than the Ludlow.

The Mayor remarked that this was a case of the city losing \$175 a day on the ferry service with the Carleton running, or \$180 a day with the Carleton running.

MILL STREET TRAFFIC Commissioner Harding called attention to the traffic conditions in Mill street, near the depot, and asked if the plans of the new station and overhead crossing had been forwarded to the council by the C. N. R. authorities.

The following mail contracts have been awarded and will take effect on dates as stated below:

Harcourt Railway Station and Richmond, to Jas. W. Campbell of Bass River, N. B., dated Dec. 16, 1926.

Bale du Vin and Bathurst service to Daniel Cripps of Chatham, N. B., dated next of January, 1927.

A new Post Office will be opened at Lower Barnaby River on December 15 inst., under the supervision of John E. Mahoney.

Customs Collector Away To Ottawa

C. B. Lockhart, collector of customs, left yesterday for Ottawa on business pertaining to the department. W. C. Acker, collector of customs at Halifax is also reported as having left for Ottawa. Mr. Hoyt and Assistant Inspector Robert Thornton have been in Halifax since November 1, inspecting the port and also looking after the duties of Arthur Lovett, Inspector of customs at Halifax, who is absent on two months sick leave. Mr. Thornton returned to Saint John, but will leave for Halifax tonight to act as inspector until Mr. Hoyt returns from Ottawa. S. W. Wilkins is attending to the duties of collector here in the absence of Mr. Lockhart.

Mayor White was of the opinion that an overhead crossing would obviate the necessity for widening Mill street, and said that any widening of the street would be a fairly expensive proposition. He said the city could not afford to enter into any expenditure just now that was not absolutely necessary.

Commissioner Frink said the proposition for an overhead crossing had submerged the widening of the street idea.

16 SHOPPING DAYS TILL CHRISTMAS

There is a man in our town And he is wondrous wise. He's done his shopping early. Say, Are you one of those guys?

### CHIEF SPY FOR BRITISH WAS LILLE WOMAN

Monument to Louise de Bettignies is Proposed Now

LONDON, Dec. 6.—A wiry little woman, with a glorious head of chestnut hair and large, dominating eyes, probably did as much for British soldiers as anyone in the Great War. Her name is Louise de Bettignies. Today her vivid experiences as the woman who organized the British Intelligence Service behind the German lines on the northern sector of the British Western Front are revealed. Her story is amazingly dramatic, even in the tense atmosphere of war. A fund for a statue to her memory in her native town of Lille has been opened.

**FOUND AT FOLKESTONE**  
She was first "found" by English officers at Folkestone, during the great

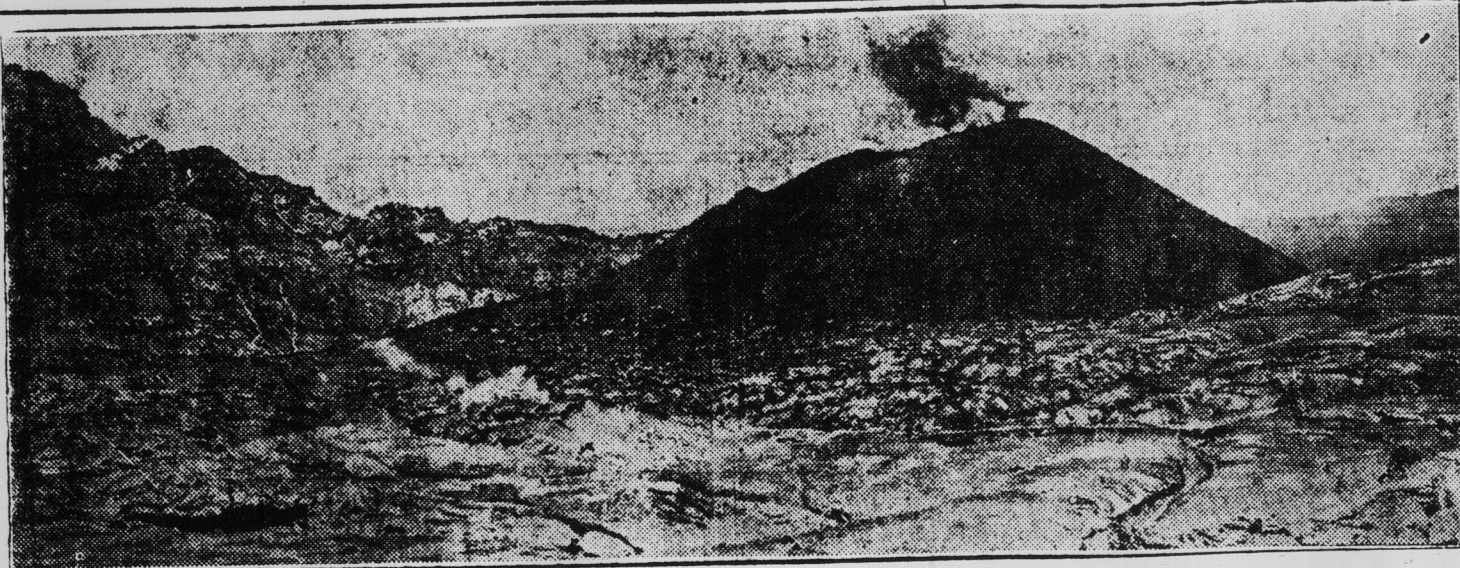

### Cough Caused Constant Coughing

Mrs. D. M. Nolan, Douglastown, N.B., writes: "Two years ago I had a terrible cold which settled in my bronchial tubes and caused constant coughing, and I could not sleep day or night. I read about

**Dr. Wood's Norway Pine Syrup**

and thought I would give it a trial. After taking three bottles I was completely rid of my cough, and have never had a cold since."  
"Dr. Wood's" has been on the market for the past 38 years, and its timely use may save you from suffering from some serious bronchial or lung trouble.  
Price 35c. a bottle, large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### VESUVIUS AGAIN ACTIVE THREATENS SURROUNDING DISTRICT

Belching smoke and flame, Mount Vesuvius has awakened after 16 years of comparative quiet. A stream of molten lava is flowing from the central crater, destroying everything in its path. This view shows the central cone of the volcano surrounded by the desolate stretches of lava hurled out in former eruptions, and beyond the rim of the main crater.

rush of refugees in August 1914, and her personality, knowledge and her linguistic abilities—she could speak English, French, German and Italian—convincing our Secret Service that she was just the right woman to organize intelligence on the other side.

**VALUABLE TO FOCH**  
During April, 1918, through her agency we learned the exact number and contents of trains of wounded sent back by Germans from Mount Kemmel, and it was of great value to Foch.

Each evening, while the trains passed, two French eyes were glued to the window of a certain little brick house, near the railway line. In the room adjoining, well curtained so that the light could not be seen from outside, a woman or child made a stroke on paper each time the observer tapped the window.

Twice a week her informers came to Lille to report to the busy little woman—battery positions, munition supplies, officers' remarks—all of which was sent off by this master woman spy.

It was written on thin sheets of Japanese paper by the most skillful calligrapher with fine mapping pens and Chinese ink. These manuscripts could be read only through a magnifying glass. By the end of the war it had been reduced to a fine art, and 3,000 words could be written on a pebble no larger than an eyeglass.

### WHEAT TAMPERING IN CHICAGO CHARGED

Canadian Press Despatch.

EDMONTON, Alta., Dec. 5.—Charges that there had been tampering with Canadian wheat at the Chicago International Hay and Grain Show, were confirmed by Herman Treile, newly-crowned wheat king of North America, of Wembley, Peace River, Alta., who arrived here Saturday.

Mr. Treile is inclined, however, to deplore the extensive publicity which has been given a statement he made in a Chicago interview to the effect that an organized effort was made by a number of other exhibitors to contaminate Canadian samples of grain before they had been seen by the judges.

### CHINESE KILL DETECTIVES

AMOY, Dec. 6.—Several detectives of the defeated Northern regime in Foo Chow were captured and killed Saturday by students who had been convicted of radical activities and imprisoned. The number slain is not known here. The students had been released only recently and had started out on a campaign of revenge. The radical student element is gaining control of the Foo Chow city government and the situation is reported tense.

### CHURCHILL IN BIG OFFER

Said to Have Authorized Plan to Loan Up to £10,000,000 in Defensive War

Canadian Press Despatch.  
LONDON, Dec. 5.—Winston Churchill, Chancellor of the Exchequer, the Sunday Express asserts, has authorized the British members of the League of Nations Finance Committee to consider the granting of war credits, possibly up to £10,000,000 to any member of the League which becomes a victim of aggression.

### SUBMARINE RE-CAPTURED

ST. ALBANS, Vt., Dec. 5.—A beer running submarine, seized on Lake Champlain three weeks ago, and released on payment of a fine, has been captured again by customs officers.

### Constipation comes from a weak stomach

Remedy the cause and enjoy health

If your stomach and liver are weak, your food is not digested. Sour, undigested food stays in your body, and causes bad breath, gas pains and constipation. For 54 years, people have sensibly corrected constipation with Chamberlain's Tablets for the Stomach and Liver. They not only relieve constipation but remedy the cause—a weak stomach. Get them at your druggist's, or send 25c to Chamberlain Medicine Co., Ltd., Toronto, Canada.

### ALBERTA SCHOOL CASE UP TO COURT

Submitted to Dominion's Supreme Tribunal at Ottawa

OTTAWA, Dec. 5.—The Alberta school lands question has been definitely submitted to the Supreme Court of Canada. The Federal Government has submitted a reference case to the court and argument in the case probably will be heard at the February term of the court.

The point of reference hinges on the constitutionality of Section 17 of the Alberta Act, which provides against any discrimination against the separate schools in any negotiations as to lands or monies. The Supreme Court is asked: Is this section ultra vires of the Parliament of Canada?

The order goes on to state that during the negotiations for the transfer of the Alberta natural resources to provincial jurisdiction, a question had

been raised as to the constitutionality of Section 17 of the Alberta Act and the Government desired this point settled before it proceeded further in the negotiations with the province.

### MAN TAKEN ILL

Detective Biddiscombe and Constable Thomas were called to the Victoria bowling alleys at 6:45 o'clock Saturday evening, and conveyed Leslie Singer, who had taken ill, to his quarters in the Salvation Army Home in St. James street.

A plan to construct a road exclusively for automobiles between Mannheim and Heidelberg, Germany, is under way.

### How Folks Grow Thin

Folks do grow thin, as you know. Excess fat is not one-tenth so common as it was. But so many do it by abnormal exercise and diet.

The modern way is Marmola Prescription Tablets, based on many years of scientific research, here and abroad. They act to correct the cause. People have used them for 19 years, and reported the results to others. You see the results in every circle. Almost everyone has friends who can tell them.

The use of Marmola requires no abnormal exercise or diet. One simply takes four tablets daily until the weight comes down to normal. The results are enduring, and many other benefits accrue. You should learn this fact, as millions have done before you. Watch the reduction, watch the gain in vitality. You will be amazed and delighted.

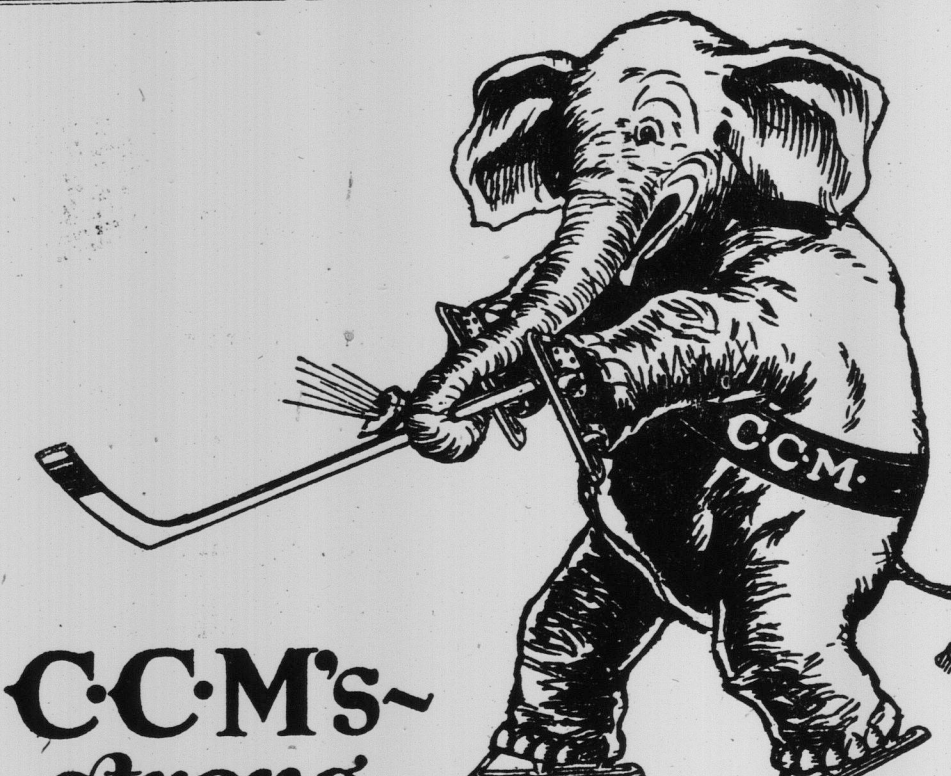

Do this now, for your own sake. Excess weight is unnecessary. It is a blight. Learn how easily you can overcome it, and how the reduction lasts. Go try Marmola now.

Marmola prescription tablets are sold by all druggists at \$1 per box. Send this coupon for our latest book, a 25-cent sample free, and our guarantee. Clip it now.

MEMORIAL GIFT PRESENTED AT STONE CHURCH

Dedicated in Tribute to Late Mrs. John A. McAvity

Three powerful electric lights which, shining through the beautiful east window of St. John's (Stone) church, make its coloring and design clearly seen in the inside of the church at night, were last night turned on for the first time and were dedicated to the memory of Mrs. John A. McAvity.

MR. FLEMING HEARD

Mr. Fleming, in speaking of the memorial and the one whom it commemorates, said: "Tonight the church has been presented with a unique memorial in memory of one whose name will not soon be forgotten by those who were privileged to know her."

Princess Tarhata Kiram, daughter of the Sultan of Sarawak and a graduate of the University of Chicago, has just been presented with a unique memorial in memory of her late husband, Mr. John A. McAvity.

NEW ORGANIST HEARD AT CENTENARY CHURCH

E. A. Collins, the new organist of Centenary church, at his first appearance for Sunday services, yesterday greatly increased and pleased the congregation both with his fine interpretation of the hymns and by his rendering of organ voluntaries.

What to Eat in December

Good nourishing food is required - food which will strengthen and build up tissues and energy. This is especially true of growing children.

Enters Harem

Princess Tarhata Kiram, daughter of the Sultan of Sarawak and a graduate of the University of Chicago, has just been presented with a unique memorial in memory of her late husband, Mr. John A. McAvity.

SPECIAL MEETINGS BROUGHT TO CLOSE

Special meetings in the Coburg street church, which have been conducted during the last two weeks, came to a close last night and Rev. Eugene C. Stiff, the special preacher, delivered an impressive sermon on the subject, "The Wilderness Trail."

OTTAWA LEADS NATIONAL HOCKEY LEAGUE WITH 5 STRAIGHT WINS

SENATORS TRIM THE HABITANTS IN FAST GAME

Finnegan and Denny Injured in Auto Smash

MONTREAL, Dec. 6.—Ottawa are sitting well on top of the National Hockey League today, with 11 points. Next to them in the Canadian section is New York Americans, with seven points.

MEN INJURED.

The Senator's team received a bad blow after the game when Frank Finnegan and Cy Denny were hurled through the windshield of a car in which they were driving.

NEW YORK WINS

After two slow seasons New York Americans and St. Pats made a desperate effort in the third in the Queen City and Simpson scored a lone winning goal for the Cobhamites.

CANADIAN DIVISION

Table with 5 columns: Team, W, L, D, P, A. Rows include Ottawa, Americans, Montreal, Canadiens, Patricks.

UNITED STATES DIVISION

Table with 5 columns: Team, W, L, D, P, A. Rows include Rangers, Detroit, Chicago, Boston, Pittsburgh.

NEW ZEALAND DEFEATED

PONTIAC, Mich., Dec. 5.—The New Zealand All-Blacks, the touring team now playing Old Country clubs under the Northern Union Rugby club.

U. S. RUGBY RESULTS

United States Rugby, Notre Dame 13; University of California, 12.

Manager Asks Commission To Restore Title To Flowers

CHICAGO, Ill., Dec. 6.—An official reconsideration of the referee's decision which took away Tiger Flowers' middleweight title and gave it to Mickey Walker was sought today from the Illinois Boxing Commission by Walk Miller, Flowers' manager.

Intermediate Schedule

Table with 2 columns: Date and Game. Lists various basketball games between Dec 8 and Dec 23.

BOWLING N. B. BASKETBALL LEAGUE TO MEET

The Telegraph-Journal won all four points from the Times-Star and the Victoria alleys Saturday afternoon.

The Standard Dairies took three points from the Post Office team in the Commercial League game on Black's alleys on Saturday night.

Both Mr. Taylor, of Moncton, president, and W. J. Crocker, of Mount Allison, secretary-treasurer, have announced their withdrawal from office.

It is hoped that J. H. Crocker, national representative of the Y. M. C. A., and H. P. Blakney, New Brunswick representative of the M. P. B., will be present in addition to the following members of the executive:

It is quite likely that Saturday's meeting will complete all arrangements for play-offs, and make it possible for the province to find necessary competition to enable them to get into the semi-finals for the provincial championship in both senior and intermediate classes.

The Cardinals and the Yankees will roll in the Nova Scotia Community League game tonight on Black's alleys.

Three Points Separate First and Seventh Teams—Newcastle Leads

LONDON, Dec. 5.—With three points only separating the first from the seventh team in the standings of the first division, English Soccer League, the race for the championship, which is nearing the halfway mark, has assumed a tenseness more characteristic of the end of the season than of mid-season.

Saturday's games saw Sunderland topped from their place as league leaders and the crown passed for the first time in years to Newcastle United. This upset came about by the defeat of the Wanderers at Derby, an unexpected reverse in view of Derby's poor mediocrity form as contrasted with the recent brilliancy of Sunderland. A victory by Newcastle United over West Ham gave the Tynesiders two points necessary to draw alongside Sunderland as far as aggregates are concerned, but a vastly better goal average put Newcastle ahead.

The second division saw Swansea down lose their place as leaders when Hull City gained full points at the expense of Portsmouth, while the Welshmen were dividing the issue at Southampton.

SAN FRANCISCO, Dec. 6.—Eddie Roberts, sensational welterweight of Tacoma, Wash., Saturday scored a technical knockout over Joe Dundee of Baltimore, rated as one of the greatest 147 pounders in the country.

CANADIAN RUGBY RESULTS

At Toronto, eastern Canada senior championship—Ottawa 10, Toronto Varsity 7.

At Kingston, eastern Canada intermediate championship—Montreal Westwards 7, Royal Military College, Kingston, 11.

At St. Thomas, eastern Canada junior championship—St. Thomas 16, Montreal Amateur Athletic Association 5.

Jack Delaney Meets Gorman December 20

NEW YORK, N. Y., Dec. 6.—Jack Delaney, light heavyweight champion, has been matched by Humbert Fugazy to meet Bud Gorman, of Wisconsin, in a 10-round bout in Jersey City for the New York American Christmas fund, December 20.

INTER-SOCIETY BASKETBALL LEAGUE OPENS

Y. M. C. I. and St. John Baptists Are Winners Saturday

The Inter-Society Basketball League was officially opened Saturday evening at the Y. M. C. I. when the St. Peters met the Y. M. C. I. in the opening game.

The second game between the St. Peter's and St. John The Baptist resulted in a win for the latter, score 42 to 22.

The scores follow:

Table with 2 columns: Team and Score. Rows include St. Peter's vs St. John Baptist, McManus vs Kirk, etc.

Y. M. C. I. vs St. Peter's

Robbinston vs Hanson

Annas, sub

BESENYIANS WIN.

The fourth game of the City Basketball play-off series was played on the Y. M. C. I. floor on Saturday night when the Besenyians and the Dumfries played.

MONTREAL HOCKEY.

MONTREAL, Dec. 5.—Results of games played in the Mount Royal Intermediate Hockey League today follow: Beauvillages, 3; Etrepas, 1; Chambray, 1; C. P. Verdun, 0; St. Anthony, 1; Tacoma, 0.

DIDN'T LOSE GAME

Southern Methodist University football team didn't lose a game in 1926. It won six and tied one.

CHICAGO BEATS ST. PAUL

CHICAGO, Ill., Dec. 5.—The Chicago Cardinals rallied in two overtime periods last night to defeat the St. Paul Saints, 4 to 2, in an American League hockey game.

LEAGUE HOCKEY

Canadian-American League hockey: At Boston—Boston 3, New Haven 1.

Local Men In First Standard Target Test

The D. C. R. A. Standard Target Test makes high scoring much more difficult, with the bull's eye ring cut from half an inch to five sixteenths of an inch, also with no sighting shot allowed.

NATIONALS WIN FROM "Y" TEAM IN CITY LEAGUE

High School and Trinity Win Intermediate Games

Nationals jumped into second place in the City Basketball League Saturday night when they trimmed the Y. M. C. A. quintette by the narrow margin of four points, nosing them out by a 28 to 22 score.

National supporters were given a severe setback during the first period when the Y team unleashed some classy teamwork.

The line-ups follow:

Table with 2 columns: Team and Player. Rows include Nationals, Forward, Y. M. C. A., etc.

Wittrien, Forward; Patterson, Forward; Boyce, Centre; Urquhart, Guard; Yeomans, Centre; Rockwell, Forward; Froat, Guard.

Poland, Forward; Robertson, Guard; McKean, Forward; Grant, Forward; Wiltren, Forward; Boyce, Forward; Yeomans, Forward; Kirk, Forward; Patterson, Forward; Urquhart, Forward; Rockwell, Forward; Froat, Forward; Referee, Donald Shaw.

High School vs South End.

Patterson, Forward; Davidson, Forward; Rivers, Forward; Ward, Forward; Johnston, Forward; Centre.

Lawlor, Forward; F. Curran, Forward; Spears, Forward; Garland, Forward; Shennan, Forward; P. Curran, Forward; Patterson, Forward; L. Curran, Forward; L. Curran, Forward; Lewis, Forward; Toole, Forward; Bishop, Forward; Toole, Forward; Irving, Forward; Carrick, Forward.

Scores: McManus, 10; Kirk, 2; Geary, 2; Chandler, 10; O'Toole, 6; Stevens, 4; McManus, 1; agar, 2; Roche, 1; Enlow.

Y. M. C. I. vs St. Peter's

Wall, 9; Maxwell, 14; Kennedy, 6; McGourty, 12; Britt, 10; Flood, 8; Robbinston, 3; Hanson, 1; Dolan, 1; Littlejohn, sub; O'Brien, 3.

BESENYIANS WIN.

The fourth game of the City Basketball play-off series was played on the Y. M. C. I. floor on Saturday night when the Besenyians and the Dumfries played.

MONTREAL HOCKEY.

MONTREAL, Dec. 5.—Results of games played in the Mount Royal Intermediate Hockey League today follow: Beauvillages, 3; Etrepas, 1; Chambray, 1; C. P. Verdun, 0; St. Anthony, 1; Tacoma, 0.

YES—IT'S SUZANNE

This isn't the sport that made her famous—but Suzanne Lenglen, famous professional tennis player, likes to play golf to help keep in trim. She's shown on the Mission Hills course at Kansas City.

THE NUT CRACKER by JOE WILLIAMS

NEWS despatches from Pasadena, Cal., tell how belligerent bumble bees are stinging quiet, home-loving gold fish to death in privacy of piscatorial boudoirs.

SOCIETY FOR PREVENTION OF CRUELTY TO GOLD FISH has taken robust steps to end these homicidal outbursts at all costs, and the cheaper the better.

POLICE have issued orders to bring in all suspicious looking bees who are unable to show books, marriage certificates and correct meaning of phrase, "The bees' knees."

FEDERAL authorization to invade private homes of bees of superior social standing has been demanded on very silly ground that you never can tell.

THE suspicion that a long-war is in progress between the Oologs, as represented by the bees, and the Buid-ids, as represented by the gold fish, on the other, is something you can take or leave in order named.

MR. O'GOOFTY, in refusing to head an Inquisition Council of Public-Spirited Citizens, commented somewhat acidly that affair was nothing to get steamed up about.

"SOMEBODY'S just got the bees," he insists.

NEVERTHELESS a city ordinance that has been proposed demanding that—

- (1) All bees shall be muzzled. (2) All bees parking without lights shall be turned in. (3) All bees buzzing around in tenor tones shall be shot at sunrise. (4) All bees shall be kept away from gold fish, except on Fridays.

French Tennis Star Collapses After Game

PORTLAND, Oregon, Dec. 6.—Suzanne Lenglen, World's tennis champion, who collapsed after a stiff match with Miss Mary K. Browne, here last night, was sufficiently recovered from her fatigue today to board a train with other members of the C. C. Pyle professional tennis party here today.

FORCED to play 20 games of tennis before being able to down Miss Browne, the champion reeled from the courts and collapsed in her dressing room.

Pyle announced she was suffering from a severe cold.

PLAYERS INJURED

OTTAWA Dec. 5.—Frank Finnegan and "Cy" Denny of the Ottawa National Hockey League team were seriously injured in an automobile smash-up early this morning which resulted in Denny being out of the game for several days and Finnegan probably not be out of the hospital for three weeks or a month.

DELEGATES ARE TOLE TO OPPOSE JACKSON RULE

Mixing of Simonpures and Pros Tried Once Before

MONTREAL, Dec. 6.—The chief topic of discussion at the meeting of the Quebec Branch of the A. A. U. held Friday at the M. A. A. was the proposal coming from Judge Jackson, of Lethbridge, Alberta, which would allow amateur athletes to compete on the same teams and against professionals, but after lengthy debate the provincial body declared itself strongly against the measure.

The officers present, when amateur and professional lacrosse players were allowed to mingle. The branch is sending a strong representative body to the meeting of the A. A. U. of C. to be held in Saint John, N. B. the middle of next week, with strict instructions to vote against the amendment.

Another important issue from the meeting was the affiliation of the Quebec Amateur Hockey Association with the A. A. U. of C. Henceforth, the hockey association will be a full-fledged member of the union, and will take part in the discussing and deliberations. The Montefiore Football Club and the Bedding-Corcelli Club were also admitted to membership.

A committee was also delegated to petition the city and provincial authorities for the exemption of athletic contests from amusement taxes in the future.

Sanction was granted to the Central Y. M. C. A. to hold the provincial wrestling championship which is to be decided upon later and to the National A. A. A. to hold a boxing tournament on the 17th of this month.

HOCKEY TEAM TO WORK OUT TONIGHT

Large Squad Expected at Arena Tonight—First Ice of Season

The men who are trying for the Saint John senior hockey team will be expected to learn that there is now ice in the arena and a practice will be held this evening at 7.30.

Judging by the interest shown by both players and fans this year the locals are in for a good season as enthusiasm is a very great part of any sport. The player who goes on the ice check full of enthusiasm is going to play the game for all that is in him and then some.

After one or two practices a committee composed of ex-players will select the team so it is up to all who intend to try for the team to show up regularly at all practices. The selection of a hockey team is no easy task for in addition to a player's ability is the question as to how he fits in with the other players. Team work can only be developed with men who will work for the team rather than their own personal glory. Past reputations should not weigh in any extent in the selection as a player who was good last year may be away off this year and vice-versa.

LEAPS ON LINER AS IT LEAVES

Woman Passenger Refuses to be Left at Pier and Jumps on Boat

Arriving at Pier 4, East Boston, as the gangway on the Leyland liner steamer Winifredian was being drawn away, Miss Dorothy Buttell of New Bedford, rushing to the bedside of her father, who is dangerously sick in London, rushed up the walk, despite efforts to halt her, and nimbly leaped the space of two feet intervening between the deck and head of the gangway, so determined was she not to miss the ship.

LOSES HER WAY. Miss Buttell received word a few days ago of the illness of her parent and hastily made preparations to go abroad. The Winifredian was the first ship leaving and she booked passage. Yesterday afternoon on her way to the pier she became confused in East Boston and it was nearly 8 o'clock when she arrived there. The liner had been held half an hour past sailing time to accommodate Miss Buttell, but preparations were made to get under way when she rushed up the gangway, just as it had been hoisted clear of the ship. Willing hands helped her as she landed on deck.

Movie Sidelights

SOAP, the enemy of dirt in real life, is dirt's best counterfeiter in the movies. Washing powder flies as dust before the camera. It was explained at the Metro-Goldwyn-Mayer studio that when a dusty cloth is shaken before the camera, the dust is never seen. But rubbing polished furniture with soap gives a real effect of dirt. Scattering washing powder on a white cloth from which dust is to be shaken gives a white cloud which films and settles as dust.

THE extremes of costumes: One of the Russian uniforms worn by Rod LaRocque in "Reconstruction" weighs 98 pounds. Dolores Del Rio, playing Katusha Maslova in the same piece, wears a peasant costume weighing exactly one pound.

TWO of the latest movie recruits come from musical comedy. Charlie Chaplin and his wife visited a Los Angeles theatre, where they saw Mrs. Chaplin's friend, 17-year-old Norma Kennedy, in a musical comedy "All For You" and Charlie signed her to a contract as his leading lady in "The Circus."

Gloria Swanson saw John Bowles in a musical comedy, "Kitty's Kisses," in New York, and he was signed as leading man in "Sunya," Miss Swanson's first independent venture.

THE bears of Yellowstone National Park made Tom Mix one of their pals while he was filming scenes for his next picture. Attracted by the scent of food, they became daily visitors, making friends with the company.

Donovan's Reply

Saint John, N. B., December 6, 1926. Sporting Editor, The Evening Times-Star.

Dear Sir,—In reply to the communication addressed to the Sport's Editor of The Telegraph-Journal, which appeared in issue of December 4, by Mr. Nedder Healey, who claims Red McDonald of Halifax, N. S., as the real Maritime featherweight champion, I might state that in a recent issue of The Times-Star Mr. Healey had challenged me on behalf of Red McDonald, which I accepted through the press, and the challenge was also accepted by mail and long distance telephone by my father on the following conditions:

That I would box Red McDonald at Saint John, N. B., at 125 pounds and both to weigh in at the ringside, and also place a deposit of \$100.00 that we both make the weight of 126 pounds, now if Mr. Healey is willing to accept these terms, we will talk business, if not, we do not wish any more press notices on this matter, as I do not only claim the title but stand ready at all times to defend it on the same terms against any boy in the Maritime Provinces.

I won the 118 pounds championship at Halifax, N. S., in 1923, when I defeated Willie Cavanaugh of New Glasgow, N. S., also Billie Gooley of Halifax, N. S. At this amateur championship meet, Red McDonald lost to Art Totten of Saint John in the 126 pound class. Totten lost to Joe Veno also of Saint John. I won the 126 pounds championship in Halifax in 1924 when I defeated Kelly, Cole and Ike Holt all of Halifax, N. S. Now as to young Crawley, whom Mr. Healey claims Red McDonald won the featherweight title from, Mr. Crawley was stated to come here on April 12, 1924, in the 126 pounds class against Bruce Winchester, Eric Snow and myself, but failed to come as he could not make the weight. Raymond (Nixey) Kennedy stated that Young Crawley was a lightweight, as you could not make the weight. Raymond Kennedy stated that Young Crawley was a lightweight, as you could not make the weight. Raymond Kennedy stated that Young Crawley was a lightweight, as you could not make the weight.

APPEAL TO MEN FOR CHURCH INTEREST

West Side Anglican Clergymen Make Exchange of Pulpits Sunday

The three West Side Anglican clergymen exchanged pulpits last evening and gave a special address to the men of the congregations making an appeal for an increased membership and interest in the church. They each spoke from the same text, John XII, 41, "Sir, we would see Jesus." Rev. F. J. Lefroy of the Church of The Good Shepherd, Fairville, addressed the congregation of St. Jude's Church while Rev. John Unsworth spoke in the Church of the Good Shepherd and Rev. J. H. A. Holmes, St. Jude's, addressed St. George's congregation. Questions relating to church doctrines from the question box in each church were answered by the officiating clergymen. This series of campaign services, which began in October and will be concluded next Sunday when each minister will address his own congregation at evening service from the text, "What Think ye of Jesus?"

GET SAME NUMBER. Babe Ruth and Harry Heilmann each potted out the same number of safeties in the 1926 chase—184. Heilmann, however, was at bat seven times more than Ruth, though playing 11 less games.

A boy of seventeen was recently fined in Edinburgh, Scotland, for selling bets on horse races.

Mr. Nedder Healey also carried his title of Maritime welterweight champion from the amateurs to the professionals. Thanking you for your valuable space, I remain, Yours truly, LOUIS J. DONOVAN, Maritime Featherweight Champion, Saint John, N. B.

### MARITIMES NOT TOLD OF ENOUGH IN OLD COUNTRY

Salvation Army Emigration Official, Here Today, Emphasizes Need

Ensign Herbert Hill, Salvation Army emigration official, of London, Eng., who arrived in the city Saturday from Western Canada, emphasized, in an interview with a Times-Star reporter, the need of more advertising of the Maritimes in the British Isles. While he has made previous trips to this country, this is his first visit to the Maritimes and he expressed great surprise at the lack of propaganda regarding this territory in the Old Country. The average emigrant, he said, hears very little of this part of the Dominion but is fairly well versed in matters pertaining to Western Canada, New Zealand and Australia. Naturally the tendency was to seek employment in the West when coming to Canada.

Ensign Hill is registered at the Clifton House. Regarding his work in Canada, he remarked he was very much pleased with a recent survey made in connection with previous settlement of people brought to the Dominion for employment. The majority of these were giving entire satisfaction and were very well pleased with the country and their work. A group brought out from the Old Country, on the Montclair a few weeks ago, consisted of 111, 80 of whom were domestics for employment throughout Ontario, the balance, members of families coming to Canada to rejoin husbands and fathers brought here, on previous occasions through this department. Other groups will follow in the early spring and throughout the summer. Approximately 180 boys are now in training at Hadleigh, Essex, work in Canada.

Mr. Hill will sail for England Tuesday on the S.S. Montroyal.

### Passes Suddenly

### PETER CLINCH DIES SUDDENLY IN AUTOMOBILE

Succumbs While on Way to City From Acamac Cottage

PETER CLINCH.

### WAS CONSECRATED HERE 14 YEARS AGO

Bishop LeBlanc to Celebrate Anniversary of Elevation Next Friday

Next Friday will be the 14th anniversary of the consecration of Right Rev. E. A. LeBlanc, head of the Roman Catholic diocese of Saint John, as bishop. It was announced in the Cathedral yesterday that His Lordship would celebrate the 8 o'clock mass on that morning and that there would be Benediction of the Most Blessed Sacrament in the evening.

The consecration of His Lordship took place on Dec. 10, 1912. His Excellency, Mgr. Stagni, apostolic delegate to Canada, officiated in the presence of a vast congregation. The sermon was preached by Rt. Rev. James Morrison, D.D., Bishop of Antigonish. Bishop LeBlanc is the fifth prelate to preside over this diocese.

The collection taken up in the Cathedral on Sunday, Nov. 28, for the work of St. Vincent de Paul Society among the poor of the Cathedral parish amounted to \$10,082.

Next Wednesday will be the Feast of the Immaculate Conception, the patronal festival of the Cathedral, and a holy day of obligation. The masses at the Cathedral will be at 6, 7, 8, 10, 9:15 and 10:30 o'clock, the latter a high mass.

### PETER CLINCH DIES SUDDENLY IN AUTOMOBILE

Succumbs While on Way to City From Acamac Cottage

On all sides this morning were heard expressions of keen regret at the death of Peter Clinch, which occurred suddenly yesterday while he was returning to the city by automobile with two friends after visiting his summer cottage at Acamac. It was announced today that the funeral would be held tomorrow afternoon from St. John's (Stone) church, where service will be conducted at 2:30 o'clock by the rector, Rev. A. L. Fleming. In the meantime the body will rest at Brennan's, 111 Paradise Row.

Mr. Clinch was one of the most widely known and most highly esteemed residents of the city. Only recently, after nearly 47 years service, he retired as secretary of the New Brunswick Board of Fire Underwriters. He was a keen follower of sport, a horseman of great skill in the first ranks among amateurs in boxing, rowing, baseball, and athletics generally and a courteous gentleman.

### IN SEVENTH SECOND YEAR.

Mr. Clinch was in his 72nd year. He was born in St. George, Charlotte county, a son of the late Peter and Josephine Clinch and was of United Empire Loyalist descent. For the greater part of his life he resided in Saint John. When he started in the insurance business he was associated with the late Louis J. Almon. For 32 years he held the local agency of the Northern Fire Insurance Company. He was for a few years secretary of the Saint John Board of Trade.

From his earliest boyhood he took a keen interest in athletics and achieved special fame as an oarsman. As an amateur oarsman he was single scull champion of the Neptune Rowing Club of this city for five years, 1876 to 1879, inclusive. In 1895 he and Harry Gilbert won the double scull championship in a race in the harbor, defeating Cameron, double scull champion of America, and Walter Brown, of Carleton.

As an amateur rider, Mr. Clinch took part in steeplechase, hurdle and flat races to the number of 48, of which he won 28. He took part in meets in New York, Boston, Montreal, Halifax and other cities.

### GREAT ACHIEVEMENT.

Probably one of his greatest achievements in the pony class at Penikese, N. Y., in 1887, when he won the Pony Cup. At that time he had six months and won them all. He judged hunters and saddle horses at the Montreal Horse Show about 1902. He won 1906 the role for the Amateur Cup at Belmont Park, New York, but was not placed.

He has officiated at many meets in Upper Canada as a steward and presiding judge, and in this connection his valuable services have been much appreciated on all occasions.

Mr. Clinch had participated in several amateur horse shows and always took keen interest in the many art. For several years he was chairman of the Saint John City Bow-ling Commission and he always took a kindly interest in the "coming champions," being ever ready to help and encourage the young people entering in the various athletic fields.

### GOOD CITIZEN.

In the sudden death of Mr. Clinch Saint John and New Brunswick lost one who was in every sense a good citizen, interested and active alike in all movements for clean sport and for community welfare. He was noted for his generosity and hospitality.

Although art trouble for some years, Mr. Clinch had appeared to be in good health yesterday morning. Only a few weeks ago he had returned from New York, where he had been feeling in better health than he had enjoyed for some time.

There is only one brother, D. C. Clinch, of this city, surviving.

The arrangements for the funeral had not been completed last night.

### SERIOUS BLAZE IN NEW CATTLE SHEDS

Quick Action Saves Structures After Quantity of Hay Destroyed

Fire in the new cattle sheds in West Saint John yesterday shortly after midnight assumed so alarming proportions that a second alarm was rung in and the West Side fire department had a desperate fight for one hour before the flames were subdued and the menacing fire had been quenched.

William Ring, engineer of the government works, rang in the alarm from box 14 at 12:45, when he discovered the fire in the hay in the sheds. Immediately on his arrival on the scene, District Chief Charles Clark had the second alarm rung in because of the threatening aspect of the blaze and the highly dangerous surroundings. The fire department responded very promptly and a 7 o'clock engine soon had two streams of hose playing on the flames.

The government stationary engine was put to good use in pumping more water and in a little more than an hour the fire was extinguished. A considerable quantity of hay was destroyed by fire, smoke and water and a large area of the woodwork of the ceiling, floor and supports was charred.

The fire department that saved the situation. With so much highly inflammable material and a high wind blowing, there was grave danger of the rapid spread of the fire, which was fortunately checked.

### WAS PIONEER IN AUTO TRADE HERE

John A. Pugsley Buried Today in Family Lot at Fernhill

William G. Pugsley arrived in the city yesterday from Ottawa, called here by the death of his brother John A. Pugsley, which occurred on Friday night. The funeral was held this afternoon at 2 o'clock in the St. John's (Stone) church, conducted by Rev. A. L. Fleming, rector, assisted by Rev. R. T. McKim. Burial was made in the family lot at Fernhill cemetery.

Speaking of his brother's death here on Friday, Mr. Pugsley told a Times-Star reporter that he died in a little room in the County Hospital overlooking Courtenay Bay, the development, in which his late father, Hon. William Pugsley, had taken such an interest. He said that it was about 28 years since his brother John, as a small boy, became interested in the boat engines and was practically the pioneer in auto business in Saint John, starting with a small garage in the rear of the Pugsley home in Chipman Hill. Later he moved to Canterbury street, where he conducted a garage business, where now stands the new post office.

The late John Pugsley, who was 37 years of age, was also interested in the manufacture of cars and was the first to start assembling of parts in eastern Canada at Glen Falls for the Maritime Motor Company. The industry failed mostly for the reason of the difficulty encountered in bringing in parts from the various and distant points in United States, which industry afterwards greatly developed along the Canadian frontier, mostly in Windsor and Ford in Ontario.

Late in the late Mr. Pugsley was successful in interesting the Ford Company in taking over the plant at Glen Falls for assembling purposes and for port business. He became interested in real estate, particularly at Glen Falls, where he developed along the shore of a water system installed. His more recent activities were devoted to improvement and extension of the house and still later to a power development which his late father proposed to install on the old Scoville brook on the Golden Grove road, where a dam was constructed and a series of lakes thus created.

Of recent years he had suffered a great deal from ill-health and after failing in the Maritime Sanitarium for several months he was removed to the County Hospital, where he died. Another brother, Thomas Parks Pugsley, died in 1903.

### Two Sunday Night Calls for Firemen

A slight fire in some packing around a frozen water pipe under the ground floor of a house occupied by Joseph Collier, 81 sheriff street, was the cause of calling the firemen out to Box 133 about 10 o'clock last night. The fire was extinguished without any damage. Shortly after last midnight the firemen were called out by an alarm from Box 37 for a chimney fire in the house occupied by M. L. Bassen, 89 Elliott row. There was no damage.

### As Hiram Sees It

"Whose ghost is that?" says I to the town fellow, pointing to a crafty grin across the patch of moonlight on Long Reach.

"That," says he, "is the ghost of Benjamin Glasier, a young brother of Captain Beamsley Glasier. He confided in the man on a shipwreck in 1774. He went up six miles above Fredrickton in 1782 and bought a thousand acres of land for \$200 and settled down there. His descendants are there yet. He was the father of Senator John Glasier—that was known as the man John Glasier. They say an Irish cook named Pat McGarrigle gave him that title—and it spread all over America. He was a big lumberman in them times—but he lived to be a Senator of Canada—and he died in Ottawa. You used to see the Glasier tugs on the river. Old Benjamin he was an officer in the Massachusetts infantry afore he come this way. That was his ghost we just seen in the moonlight on the river."

### FOR WINTER SERVICE

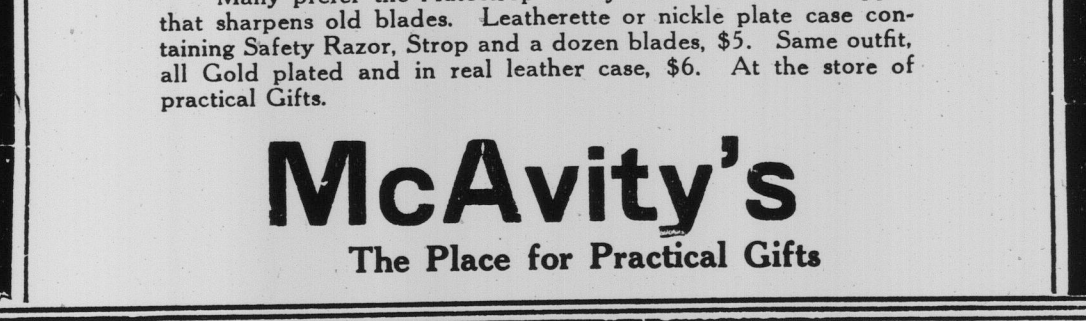

The firemen at Nos. 8 and 7 Fire Stations in West Saint John were busy today preparing for the winter. Sleds were being put under all the fire apparatus.

### He Covets These New Model Razors
