Put One Over on Mr. Scheidenhelm

WHO GAVE HIM AN ALTERED CONTRACT TO CONSIDER?—WAS IT THE EX-MAYOR?

Progress Made Today—Current to Westfield and East St. John to be Credited Against St. John's 10,000,000 K.W.H.—Can be Distributing Some Current by April in St. John Without Power Company Lines.

With the exception of the arrangement of two technical clauses, which were referred to the electrical advisors of both parties, a tentative agreement was reached on the proposed hydro contract for the Musquash current at a conference between the members of the City Council and the New Brunswick Electric Power Commission this morning.

Mayor Fisher presided, and those present included the four city commissioners, G. G. Hare, city engineer, and Barry Wilson, city electrician; Premier Foster and Hon. Dr. E. A. Smith, chairman; C. O. Foss, chief engineer; Gordon Kribs, consulting engineer, and J. D. P. Levin, solicitor of the New Brunswick Electric Power Commission.

The common Council was assured that all the current passing through the city's sub-station, including that distributed in Westfield, Lancaster and Simonds, regardless of whether it was distributed by the city or not, would be credited against the minimum amount of 10,000,000 kilowatt hours contracted for by the city.

It was agreed to make the term of the contract for fifteen years from April 1, 1923.

Mr. Kribs said the city could distribute the power by April 1, and from that date would receive credit for any outside current which might be used.

It was agreed to make the first section read as follows: To reserve and deliver and supply to the city ten million kilowatt hours of electrical power and energy per year, and at the option of the city to increase the amount to fifteen million kilowatt hours of electrical power and energy per year.

Before discussing the contract, the Premier asked to say a few words.

Premier Foster said it was regrettable that a draft of the contract which had not been discussed at the joint board should be brought in for consideration, particularly as a copy had not been submitted to the Commission's solicitor.

Commissioner Thornton said the copies had been furnished by Ex-Mayor McLellan.

The Premier said there were clauses inserted in that draft which Mr. Scheidenhelm declared yesterday were impracticable and impossible and would not be fair to the Commission.

Commissioner Frink mentioned that a suggested amendment that payment would start on April 1 was not included in the draft now before the meeting.

To the Premier Commissioner Thornton said that it was apparently the McLellan draft on which Mr. Scheidenhelm made his report.

The Premier remarked that it was strange that he did not call the Council's attention to the clauses which he said yesterday were impracticable.

Discussing the matter of various fluctuations of voltage and frequency Mr. Kribs said that fluctuations would be only momentary and would not be noticed in lighting and power. The Commission hoped to keep the variation below five per cent up and down, but could not guarantee that for momentary fluctuations.

WHAT IS FUTURE OF LLOYD GEORGE?

One of Questions Following British Elections.

New Government Likely to Follow Policy Much Like That of Coalition—Defeat of Winston Churchill Declared Amazing Development.

(Canadian Press) London, Nov. 17.—British voters apparently refused to be influenced by tradition when they cast their ballots on Wednesday with the result that the most apparently firmly established political figures were cast into the discard.

Perhaps the most amazing development was the defeat of Winston Churchill, former colonial secretary, in Dundee, a constituency which he has held for many years.

The Bona Law majority is so large that Lloyd George can hope for little comfort even from those Conservatives who stuck by him at the Carlton Club meeting.

When a constituency which he has held for many years, the result is a situation in the light of all but a few scattering returns brings out the problem.

What can Lloyd George do to re-establish his prestige? The Bona Law government is likely to go on with a policy so close to that of the coalition government that little chance will be given Lloyd George to make attacks.

Wife Freed of MURDER CHARGE

Evidence That Former Judge Often Threatened to Beat Her.

Becley, W. Va., Nov. 17.—Mrs. Alice Anderson last night was found not guilty of the murder of her husband, John M. Anderson, former judge of the Criminal Court of Raleigh County.

The jury was comprised of eight white men and four negroes. Before the closing arguments the defendant on re-direct examination testified that she obtained a revolver from her husband and shot her husband after he had threatened to beat her.

Mrs. Anderson was tried in the court by Judge Anderson, who was her father-in-law.

Egypt Problem At Near East Conference

Real Independence; No Special Privileges for British; Troops to Leave, Are Demanded—Indian Mohammedans Protest Against Britain Interfering with Caliphate.

Lausanne, Nov. 17.—(Canadian Press Cable) For Egypt and the Sudan, with the evacuation of the British troops and no special privileges there for Great Britain, is the demand of the Egyptian people, which will be placed before the Lausanne Peace Conference, so Hassib Pasha, head of the unofficial Egyptian delegation, told the Associated Press yesterday.

His statement revealed the fact that Egypt, if the Egyptians have their way, will form one of the disputatious problems of the conference.

Lausanne, Nov. 17.—Foreign Secretary Curzon will leave for Paris today to consult Premier Poincare on the policy to be pursued by the Allies at the Lausanne conference.

If the size of the British delegation may be taken as a criterion, Lausanne will be the largest and perhaps the most important conference since Versailles. It is believed Lord Curzon will be supported by a retinue of at least fifty.

Constantinople, Nov. 17.—Much criticism is appearing in the Turkish newspapers regarding alleged propaganda in the United States against Turkey.

The Anatolian news agency, official mouthpiece of the Ankara Government, declares this campaign is being conducted by the U. S. missionaries and relief workers, who, it alleges, are attempting to bring about war between Turkey and the U. S.

Paris, Nov. 17.—A message confirming the acceptance by the U. S. of an invitation to be represented at the Lausanne conference was received at the U. S. embassy here yesterday.

Mohammedan Protest. Lausanne, Nov. 17.—Great Britain has nothing to do with the Caliphate, in the opinion of the Indian Mohammedans, and should not interfere with the Ankara Government in its handling of religious matters.

This contention is not ask, but demanded, a vote of confidence in his government, declaring that if the deputies refused, their mandates would be withdrawn.

His bitter denunciations, which had looked forward to his encounter with the experienced politicians on their own behalf, were disappointed and his friends are saying that he is the greatest leader Italy has seen since Crispi.

At today's meeting of the chamber, Prof. Tangorini, will explain the details of the government's plan for bureaucratic and fiscal reforms.

Analysis of the Figures in the British Elections—Georgians in Fourth Place

London, Nov. 17.—(Canadian Press) Approximating the probable vote for the proposed candidates at 10,000 each, which is a conservative estimate in the British elections, the following is an analysis of the "popular" parties including all acclamations and the results to date: Conservatives—5,231,848.

Liberal (Asquithians)—2,784,080. Georgians—1,501,500. Independent—239,000. Irish Nationalists—12,614. Farmers—11,466.

DEFEND JOHNSON. Moose Jaw Progressives to Raise \$6,000 for Appeal from Decision Unseating M. P.

Moose Jaw, Sask., Nov. 17.—A resolution of confidence in the integrity and uprightness of R. M. Johnson, Progressive member for Moose Jaw, and of Frank McTee, his official agent, has been adopted at a convention of Progressives of the Moose Jaw constituency.

DEATH LIST IS REDUCED, BUT STILL LENGTHY

Earthquake and Tidal Wave Victims Placed at 548—Shocks Continue.

Santiago, Nov. 17.—Revised figures place the total of those killed in last Saturday's earthquake at 548.

The number of injured only partly estimated, the total being set at 397, but those coming under this category in Valparaiso and elsewhere are described as "innumerable."

Santiago, Nov. 17.—Earth shocks in the afflicted zone still continue. Copyp reports three strong shocks which shook down some ruined walls and caused a panic among the residents.

Santiago, Nov. 17.—The Chilean authorities characterize as groundless a report regarding the disappearance of Easter Island.

LIQUOR LOST; NOT AT TRIAL. The Resale Clause. Some discussion developed on the section prohibiting the turning over by the city of power to a person or corporation for resale at a profit.

The Premier said this clause might be eliminated if the Council desired it. He said the Moncton contract, being for three years only, did not include such a clause.

Mr. Wigmore asked if the city would have permission to distribute outside the city. Should the city purchase the Power Company, could the city distribute in the area now served by the company?

The Premier replied that there would be nothing to prevent the city from making an arrangement with the Parishes of Musquash and Lancaster whereby they may distribute in these areas.

PENSIONS BOARD VIOLATED ACT

Dr. Henderson, Defending Commissioners, Says This Was Done in Favor of the Soldiers.

Ottawa, Nov. 17.—(Canadian Press) Dr. Gordon Henderson, K. C., contending the pensions commissioners, and contending the board of the act trying to make the act as regards pensions more stringent, they frequently went further than the act in interpreting its provisions so that the ex-servicemen would benefit.

Dr. Henderson said that in admitting to pensions discharged members of the force against the wording of the act, the board "took a chance," which he admitted afterwards, justified by legislation. He said frankly that in this particular case the pensions board broke the law for the benefit of the returned soldier and the returned soldier should be the last to accuse the board of unfairness.

Colonel Dubuc said that the returned soldier was the last to accuse the board of unfairness.

The argument was continued today.

CABINET OF WORK FOR THE GERMANS. Berlin, Nov. 17.—Wilhelm Cuno, newly designated German chancellor, planned to begin the work of selecting a ministry today.

He has been in Hamburg to adjust affairs in connection with his position as Director General of the Hamburg-American Line. He proposes to organize a "cabinet of work" comprising members of the Middle and Socialist parties, and was apparently reassured by his advance survey of the situation yesterday.

It is not believed the cabinet can be definitely constituted before next Monday.

HERD OF SIXTY SEALS ROMPS ON CONNECTICUT SHORE ROCKS. New London, Conn., Nov. 17.—About three-score snow seals have appeared in Long Island Sound and have been sighted along the coast to the east of Chapman's Beach and in the region of Cornfield Point, between Westbrook and Saybrook.

Fidal conditions carried them to the westward and after passing the mouth of the Connecticut River they landed on the rocks of Cornfield Point. There, husky and playful, they have been resting.

DEATH OF JOHN R. RICHARDS. John R. Richards, a well known resident of the city, died this morning after a lingering illness. He is survived by his wife and two sisters, Mrs. David McLellan, and in the region of L. Stevens, of Sydney, C. B. The funeral will be held on Sunday afternoon from his late residence, 254 Charlotte street, West End.

PAPERS PLEASED WITH RESULT OF THE ELECTIONS

Liberals Get Compensation in Return to Party Rule. Labor, Glad of Gains Made. Sees Another Election Within Year and Half—Churchill Upset by Defeat—The Woman's Vote.

(Canadian Press) London, Nov. 17.—Gratification is expressed by most of the morning newspapers as the result of the parliamentary elections. This was, of course, to be expected from the Conservative press, but some of the Liberal newspapers also find certain grounds for satisfaction, or at least compensation.

They recognize that the obvious means of return to party government and the disappearance of all they most disliked in the survival of the coalition long after they regarded its dissolution as due.

"We are glad," says the Westminster Gazette, which has made parliament contemplating. "The Daily News declares a wholesome check upon 'clean air' into our discredited parliamentary institutions," and rejoices at the establishment of a "strong effective and able opposition."

The Daily Herald, exulting over Labor's success, anticipates another election within eighteen months, and says: "If meantime we play our cards boldly and skillfully we ought to have a Labor Government without doubt."

The "Times" regards the result with deep satisfaction, and says it denotes the last argument for majority of the coalition. The newspaper found he preferred that the balance be held between the Liberals and Laborites, but believes the country has nothing to fear and much to gain from the return of the Liberal party's ideas in parliament.

Several of the newspapers derive satisfaction from the fact that the Conservative majority is not overwhelming, thus enabling the opposition to exercise a wholesome check upon the predominant party.

The size of the Conservative majority is disputed by the papers, with figures ranging from eighty to eighty-seven, and until all the returns are complete, this divergence will continue to be the subject of much discussion.

The curious situation obtains in the northeast division of Derbyshire where the Labor candidate, Frank Lee, was elected, but declared by a majority of fourteen votes. A recount being demanded, this majority was reduced to two.

There have now been six elections in all, and all have been challenged. The first time in the history of the British parliament a candidate standing as an avowed Communist was elected when J. W. Newbold was returned for the Motherwell division of Lanarkshire.

Churchill's Defeat. Another isolated new member is E. Scrymgeour, prohibitionist, who, with a Laborite, E. D. Morel, defeated Winston Churchill, and three other candidates in Dundee, a two seat constituency. These who expected Mr. Churchill's defeat little expected Scrymgeour's victory. He has been trying to enter parliament for Dundee since 1908, his candidacy hitherto being treated largely as a joke. He is an ardent prohibitionist and was one of those who brought Caric National to Great Britain years ago. The women's votes are thought to have been a large factor in his election as they outnumbered the men in this district.

BAPIST WOMEN'S MISSION WORK

Executive in Session Here—Reports from Missionaries in Far Away Lands.

The quarterly meeting of the executive of the United Baptist Women's Missionary Union was commenced last night in the German street Institute with Mrs. W. G. Clark of Fredericton, the president, in the chair.

Others present from outside the city were Mrs. Mary Smith of Amherst, Mrs. M. E. Hume of Hantsport, Mrs. F. H. Beals, editor of the Tidings; Miss Augusta Slipp of Fredericton, Mrs. W. E. Kierstead of Fredericton, Mrs. Evelyn of Sussex, Mrs. Dora Grant of Acadia Seminary, Wolfville; Mrs. J. A. Freese of Sussex and Mrs. C. C. Hayward of Moncton.

At the meeting this morning the corresponding secretary, Miss Hume read her report. A letter was read from Miss Grace Baker and Miss Bessie Lockhart, who are now at Uppala, India, reporting from the effects of the epidemic cholera and malaria fever.

Miss Clara Mason had written telling of a rebellion among the hill tribes near her station in India, which became so dangerous that she was ordered by the government to move. A letter from Mrs. Louise Wilson, now at Pemli, Hall, Bolivia, said that she would leave soon for Chile for her health.

The report said, Miss Evelyn Slipp, Nova Scotia girl and a graduate of Acadia in 1910, was on her way to Canada, studying at Moncton.

Mr. Clark had been appointed to the district educational center at Waitaiti, India. She is the only woman to be known to such a post in India, and met with a very hearty reception when she took up her duties.

The appointment of Miss Winifred Eaton to full charge of the Bible Women's Training School at Palanoda, India, was also announced.

An interesting report of the work of the Home Mission Board was read by Mrs. Grant. A grant was made by the Home Board for the Home for Colored Children in Nova Scotia. Rev. Dr. S. S. Poole, pastor of German Street Baptist Church, was at the meeting this morning as a member of the Home Mission Board.

The matter of the engagement of Mr. Gibson by the church in Minto to act as pastor and to work among both the English people and the foreigners of that district was taken up this morning. It was decided to supplement the amount given by the church and the Home Mission board for his support.

A bequest left by Mrs. Jacob S. Smith of the Waterloo street Baptist church was also discussed. It was decided to use the money for scholarships in the race with Yale, in 1896. The Duke of Montrose presided. The following were chosen: Marquis of Queensbury, the Earl of Rothes, the Earl of Morton, the Earl of Leven, Viscount Falkland, Lord Forbes, Lord Saltoun, Lord Sempill, Lord Balfour of Burleigh, Lord Fairfax of Cameron and Lord Belhaven. Lord Sinclair failed of election.

CANADA MAY HAVE A MINISTER OF IMMIGRATION SOON

Ottawa, Nov. 17.—(Canadian Press) Appointment of a separate minister of immigration is understood to form part of proposed plans for more intensive settlement in Canada. Since the present government assumed office, Hon. Charles Stewart has held the portfolio both of the interior and of acting Minister of Immigration, but if present proposals are adopted it is likely that immigration will again be handled by a separate minister.

BANK YOUTH IN THEFT TROUBLE

Passbooks Correct, but Sums Not Entered in Ledgers—Total of \$6,026.

Montreal, Nov. 17.—Aime Belanger, former twenty-year-old paying teller of a branch of the Banque Nationale here, pleaded guilty yesterday to the theft of \$6,026.

It was said that Belanger, who acted as both teller and ledger keeper, took money from the bank's customers, made up their passbooks correctly, but failed to make any entries in the books of the bank.

Belanger, who represented the crown, told the court that an example would have to be made of young Belanger. Sentence will be pronounced later.

Boston Banker Dead. Boston, Nov. 17.—Horatio Curtis, banker and merchant, died at his home here yesterday in his 70th year. He was captain and stroke of the Harvard crew in the race with Yale, in 1886. He made many gifts of art treasures to the Boston Museum of fine Arts.

ADULT GIRL WAS STRAPPED TO BED

Dorothy Gordon's Guardian Says He Didn't Ask How She Was Treated in the Asylum.

Boston, Nov. 17.—William F. Jardine, guardian of Dorothy Gordon, a girl confined in the McLean Hospital at Waverly, admitted before Master Pevey in the county court house that he knew his ward was strapped to her bed in the asylum. John Gardner, uncle of Dorothy Gordon, is trying to have Jardine removed as guardian. His attorney said he visited the asylum at night and saw Dorothy in bed. They had a sheet or canvas that went over her and was tied to the sides of the bed," he testified.

He said he called attention to the fact that his ward was under restraint, but admitted that he made no effort to find out to what extent this restraint was enforced.

I am satisfied that if she was restrained," Mr. Jardine testified, "it was for her best interests. She tried to dig her eyes out and make herself blind and pulled her hair out."

When Jardine declared that he had fulfilled his duty towards his ward, Attorney Sheehan retorted: "You haven't fulfilled your duty toward a dog."

At the close of the session Master Pevey announced that the hearing would be adjourned to November 24.

Dr. George M. Kline, Commissioner of Mental Diseases, said that his present investigation unless requested by the court or litigants to conduct an investigation. The records of the asylum are private, Dr. Kline said, as the institution is private, and the only method of inspecting the books would be to summon an official of the hospital with the records before a court or person appointed by the court to investigate.

BARGAIN BASEMENT IDEA POPULAR IN ST. JOHN

Merchandising by the Bargain Basement method has shown a steady growth in St. John since Oak Hall first inaugurated the idea a few months ago. The chief essential in such a department is rapid turnover and this necessitates unusually low prices. Goods must not accumulate and when this begins to happen they must be offered at tremendous reductions to make room for the steady stream of new goods arriving.

A Bargain Basement Sale confers a great benefit on the fortunate shopper as was shown yesterday morning at Oak Hall when several hundred dollars' worth of merchandise was offered for quick clearance. There were \$5 to \$8 Dresses at \$1.00. Shoes worth \$4 sold for \$1. Men's Pyjamas worth \$3 sold for \$1. That the people of St. John appreciate such bargains was demonstrated by the fact that these several hundred dollars' worth of merchandise was practically all sold by Oak Hall before 10 o'clock in the morning.

To avoid many such sweeping sales all goods must naturally be marked very low to start with, so a visit to

Oak Hall's Bargain Basement will well repay every shopper.

### RECORD SHIPMENT OF BLOODED HORSES ON WAY FROM FRANCE

New York, Nov. 17.—On its way to this country, to be offered to American breeders at public auction, is a shipment of blooded stock, forty-seven in number, from the Haras du Polyssy stud of A. K. Macomber of Paris and San Francisco. It is said to be the biggest single shipment of the kind ever sent to the United States from a foreign breeder. Mr. Macomber found himself in possession of 115 mares, and as, in addition, he is the owner of forty-five fillies coming on to take their places in the stud, he decided to allow for the seamen.

### STREET SALUTE IS ABOLISHED

Time Honored Custom Discontinued by Order of U. S. War Department.

(Bangor Commercial)

Local recruiting officers and military men detailed here on special duty recently received a notification from the War Department at Washington, D. C., to the effect that the military salute has been abolished by the U. S. army beyond the limits of a military post.

This important change has been hailed far and wide by army men as a distinct forward step. It means that when a private soldier or officer passes his superior on the street he will not have to salute at the usual six paces. He may merely nod greeting, speak to the officer or may ignore him entirely. The only place where the salute is required by the new ruling, is within the confines of a military post, or in cases where men are on duty, such as sentry work, etc.

### LOCAL NEWS

The U. S. Army learned a valuable lesson during the World War, that the salute is not essential. At the front lines the men were given orders not to salute as this would betray to the enemy who their leaders were. As one dead officer is worth several dead privates, being a trained leader, the armies did not wish to reveal needlessly who their leaders were.

Practically all officers and privates are agreed that the war department has acted wisely in abolishing the salute. It is a mutual recognition of respect for the United States Government, and not a mark of personal submission to a superior officer, the salute is admittedly a nuisance at times. Near army posts, a private or low grade officer is saluted so often that his arm becomes tired, to put it mildly.

American officers, and men do not believe that the morale of the army, or its efficiency, will be impaired at all by the new regulation. The salute is a time honored institution and serves many serious functions, but its time has come for it to be abolished except when the men are on actual duty.

### LOCAL NEWS

The Workmen's Circle of the Main Street Baptist Church held a very successful tea and sale yesterday in the vestry of the church. The affair was in charge of Mrs. A. Chipman, Mrs. Burpee Macdonald, Mrs. Walter Perry, Mrs. Chipman and Mrs. E. C. Cowan.

The Community Fair in the North End was well patronized last evening. The door prize was won by ticket No. 169, but it was unclaimed. The prize was a ton of soft coal. The prize winners last evening were L. T. Dow, R. Pittman and Mrs. R. Pittman.

The first of a series of dances for the benefit of the four Train Lodges was held last evening in the Odd Fellows' Hall on the west side. The dance was well attended and a fair amount was realized for the lodges. A special orchestra furnished music for the occasion.

A DECISIVE VICTORY. The Conservative Government in Britain is to have its opportunity. It has a safe majority. Labor made a valiant fight and notably strengthened its position, but did not come within two hundred of electing a cabinet.

Two features are outstanding, coalition has been smashed, and the Labor party is now more powerful than the Liberals, even if the latter were united. The struggle in the new House will be between the Conservatives and Labor.

Mr. George Younger is fully justified in his assertion, before the cabinet split which brought on the election, that the country was tired of coalition. Mr. Lloyd George goes into the new Parliament with a very meagre following, and with little prospect of influencing the course of events, although it is not anticipated that there will be any radical change from the policies he pursued.

Peace abroad and tranquility at home are the professed aims of the Bonar Law Government. It has a fair field and a working majority large enough to enable it to have fairly smooth sailing at the outset. Labor will undoubtedly adopt a militant attitude, but it will be to some extent chastened by the popular drift toward Conservatism which resulted from the last few years.

Mr. John G. Robichaud, of Shipigan, has been chosen as the Liberal candidate in Gloucester, to succeed Hon. Mr. Turgeon, now a senator. Hon. P. Veniot was naturally the first choice, but declined to retire from the provincial field at present, and Mr. Robichaud was chosen from the four men placed in nomination.

The New Brunswick Power Company seeks to influence the City Council against signing the contract for Musquash power. The people have twelve months to consider the contract, and if they were not given enough to convince the Council of its duty it would be extremely hard to convince. At every point the Power Company will fight.

Lesson No. 155. RESISTANCE COUPLING IN MULTI-STAGE AMPLIFIERS. There are three methods in general use for coupling the separate stages in amplifiers...

In the accompanying diagram, the coupling resistances are shown at (R), these resistances having a high value, for example, 100,000 to 2,000,000 ohms. A coupling resistance, at all events, must have a value in excess of the internal impedance of the tube.

RECENT WEDDINGS

WHAT AND WHERE IS HEAVEN? Sermon by NEPHI JENSEN ORANGE HALL, 521 Germain Street Sunday, Nov. 19

Wednesday afternoon, November 15, at the Victoria Street Baptist parsonage. The ceremony was conducted by Rev. George D. Hudson and bride and groom were unattended. The bride was becomingly attired in a traveling suit of navy blue serge and wore a hat of Joseph, Frank and John, of this city, and three daughters, Alice and Mary, at home, and Sister Mary Conception, of the Sisters of Charity at the Mater Misericordiae Home in this city.

Perry-Procter. At the Main street Baptist parsonage, 222 Main street, yesterday afternoon at 4 o'clock a quiet and pretty wedding took place, when W. Colby Perry, a young farmer of the parish of Johnston, Queens county, was united in marriage to Miss Mildred D. Procter, also of the parish of Johnston. The ceremony was performed by Rev. Dr. David Hutchinson, Mr. and Mrs. Perry will reside in Johnston, and have the good wishes of many friends.

Grant-Lindsay. At the residence of Mr. and Mrs. James A. T. Lindsay, of St. Stephen, yesterday, their daughter, Miss Roberta Virginia Lindsay, was united in marriage to Willard Grant of Oak Bay by Rev. William Malcolm. A buffet luncheon was served and Mr. and Mrs. Grant left on a honeymoon trip to Lake Utopia.

Fowler-McNamara. In the Methodist Church at Young's Cove on Wednesday, Rev. J. S. Crisp united in marriage Miss Lena McNamara and Isaac Fowler, both of Young's Cove Road. The groom is a returned soldier and a prosperous farmer, and both the young people were very popular in the community in which they lived. This is the first marriage that has been held in the church, although it was dedicated more than sixty years.

The following recipes are put in with the hope that they will prove of service and make this page one to be looked forward to each Friday.

- FRUIT COCKTAIL.**  
1/2 can white cherries.  
1/4 can sliced pineapple.  
1/4 cup Sun Maid Raisins.  
8 oranges.  
8 bananas.  
Cut raisins, pineapple, cherries and oranges in small slices. Slice, bananas. Mix together, pour over them juice from the pineapple and cherries. Serve cold in cocktail glasses.
- SECOND DAY CHICKEN.**  
Cut chicken into small pieces. Cut leg in two. Put in saucepan, cover with milk after putting a little water in first to keep milk from burning. Add half grated nutmeg and pepper and salt. When it has boiled cut half a fairly large Spanish onion into saucepan. Boil three-quarters of an hour. Before serving thicken with flour and butter, which should be mixed very smooth and some of the boiling milk poured into it, stirred smooth and returned to saucepan. Bring to boil and serve in hot bowl.
- QUEEN CAKES.**  
2-3 cup sugar.  
4 egg yolks.  
4 egg whites.  
2 cups flour.  
1-3 teaspoon salt.  
2-3 cup shortening.  
1 cup grated lemon rind.  
1-2 cup evaporated milk.  
2 teaspoons baking powder.  
1 cup Seedless Sun Maid Raisins.  
Work shortening to soft cream and beat in the sugar. Add egg yolks and beat until mixture is light colored and creamy. Add milk. Sift flour, salt and baking powder together. Stir half into liquid mixture. Add half stiffly beaten egg whites, then rest of flour mixed with raisins and lemon rind. When well blended fold in remainder of egg whites, pour into small greased pans and bake in hot oven (400 degrees) for fifteen minutes or until light brown.
- CHOCOLATE LAYER CAKE.**  
1-2 cup butter or shortening.  
1 cup sugar.  
1 egg.  
1 teaspoon vanilla.  
1 cup milk.  
1-4 cup flour.  
4 teaspoons baking powder.  
1-4 teaspoon salt.  
Cream butter and sugar. Add beaten egg and flavoring, half milk and mix well. Add half the flour, into which are sifted the salt and baking powder. Bake in three greased layer tins fifteen to twenty minutes.
- FILLING.**  
2 1-2 squares unsweetened chocolate.  
3 tablespoons cream.  
1 egg yolk.  
1 tablespoon cornstarch.  
3-4 cup powdered sugar.  
1-8 teaspoon salt.  
Vanilla.  
Melt chocolate, add cream and egg yolk. Mix in sugar gradually. Add cornstarch, already mixed in cold water, and cook, stirring constantly until smooth and thick. Add vanilla and salt. Spread between layers.
- FROSTING.**  
1 egg white, unbeaten.  
1 1-4 cups icing sugar.  
1 egg yolk.  
1 tablespoon cream.  
1 1-2 squares unsweetened chocolate.  
Melt chocolate. Put egg white into shallow dish. Add sugar gradually, beating with wire whip. Add butter and cream. Beat till of right consistency to spread.
- CHICKEN CROQUETTES.**  
Chop very fine any left over meat with one ring Spanish onion. Add one freshly beaten egg and a tablespoon finely rubbed bread crumbs. Roll one tablespoon at a time into another freshly beaten egg and then into bread crumbs. Fry in hot lard or dripping seven to ten minutes.

CONTRACT GRANTED FOR HOSPITAL WORK

B. Mooney & Sons Successful Tenderers—Other Matters Before Board of Commissioners.

A meeting of the board of commissioners of the General Public Hospital was held last evening. Those present were M. E. Agar, in the chair, and Commissioners Dr. J. G. R. Crawford, W. E. Emerson and J. L. O'Brien, and R. H. Gale, superintendent of the hospital. The board received notification from the Municipal Council that plans and specifications for the new out-patient department had been approved and the expenditure of about \$14,000, exclusive of architect's fees, authorized.

Mr. Agar took objection to this request as being uncalled for and gave, at some length, his reasons. Mr. and Mrs. John M. Anderson were appointed caretakers of the Epidemic Hospital. Mr. Anderson is a returned soldier who has been in military hospital here and had registered with the unemployment bureau. A letter was received from Macdonald College asking if the hospital conducted a course in dietetics. Mr. Gale submitted printed regulations to be posted in private rooms in the hospital giving the rates and general information looking towards the best care of the patients. At a conference between the hospital commissioners and Commissioner Wig-

The Music-Wood Of The Centuries

Down the years, for over four centuries, the world's most wonderful music has floated from master instruments with sounding boards of silver grain spruce. No material has ever been discovered that is so sweetly sympathetic in tonal response. The "singing throat" of the Starr Phonograph is carved from this self-same choice music-wood used by the old masters, thus producing a tone rich and pure, free from metallic harshness and unevenness. No other machine can sing with such life-like sweetness or render instrumental selections with such true perfection. You will get perfect reproduction of your favorite artists on a Starr Phonograph.

Profits, not quality, have been sacrificed to bring Starr (Grammet) records to their present low price. Only the best artists are employed and the recording is perfect. They are fully equal to any records you can buy.

A special cream for the nightly cleansing

Unless you keep your skin thoroughly clean it becomes dull looking. No matter what you do during the day, dust and fine particles of dirt bore deep into the pores. Ordinary washing cannot reach this deepest dirt. To cleanse your skin thoroughly you must use a cream with just the right amount of oil to remove every particle of dirt from the pores and work out again. The cream with just enough oil to do this is Pond's Cold Cream. This cream is neither too oily nor too stiff—just the right consistency. Creams with too much oil clog the pores and stiff creams stretch them.

An Economical Corset

Is a corset which serves you more comfortably and lasts you far longer than the cheaper corsets you have worn before.

Corsets can be made as cheap as you wish, but unless the known standards for cloth, boning, stitching, hose supporters and other details are maintained, the corset cannot last or keep its original proper shape. It is economical to buy good corsets—corsets that are guaranteed.

Warner's Rust-Proof Corsets MADE IN CANADA

are not the cheapest corsets, but we believe them to be the most economical, at whatever price you pay. They are made as low as \$1.50, and even these are guaranteed; but for maximum service, longest wear and most satisfaction we recommend styles at higher prices, up to six or seven dollars per pair.

It pays to buy better corsets. It is economical to buy Warner Corsets.

LIBERALS CHOOSE J. G. ROBICHAUD FOR GLOUCESTER

There were about 900 present last night at the Gloucester County Liberal convention at Caraquet, when John G. Robichaud, M. P. P., of Shippegan, was chosen as candidate in the by-election for the seat made vacant when Hon. Onesiphore Turgeon was appointed to the Senate. Hon. Peter J. Veniot, minister of public works for New Brunswick, was nominated by a unanimous vote, but he declined to act, saying that he could best serve the province in his present capacity. Mr. Robichaud was declared nominated by a unanimous vote after three ballots

MORNING NEWS OVER THE WIRES

In the case of P. W. Frink against Stephen E. Barton which is being heard before the appeal division of the Supreme Court in Fredericton argument was concluded yesterday and the court considers. It was expected that the case of Will trial Stonge, on trial in Montreal for the murder of a cobbler named Gabrielovitch in April, would be settled today. Yesterday Emile Trudeau, who was charged with him, was freed and immediately put on the stand as a witness against Stonge, who he deposed fired the fatal shot. Stonge frantically denies the guilt and is endeavoring to prove an alibi. He admitted yesterday that he had been in jail several times. At Dalhousie yesterday Patrick Boyle was freed by the jury on a charge of theft from the mails. The jury was out fifteen minutes. The annual meeting of the agricultural society under whose auspices the St. Stephen exhibition was held, met in annual session in St. Stephen yesterday. It was reported that very satisfactory progress had been made in reducing the society's debt until it now was not in excess of \$3,000. Officers were elected as follows: James McCallister, president; W. S. Stevens, secretary; Edgar B. Beer, treasurer.

TWO THINGS—Cuticle made smooth—Nails polished IN ONLY FIVE MINUTES

At last there are only two very simple things to do to make your nails look professionally manicured. In five minutes' time with a few swift movements of the hands you can have the shapely, beautiful nails you have always desired. For you no longer have to follow the old-fashioned method that once made manicuring so slow and dangerous an undertaking.

First, you must never cut the cuticle. For when you use knife or scissors on your cuticle you cut into the living skin which protects the delicate nail root. Once or twice a week dip the end of an orange stick, with absorbent cotton, into your bottle of Cutex and work it around the base of each nail, gently pressing back the cuticle. Rinse the fingers and when drying them push the cuticle carefully downwards. You will be delighted to see your nail rims so beautifully smooth and even. Work it underneath the nails to bleach the nail tips white and instantly remove stains.

Then for that last touch of brilliance Cutex offers you polishes in every form you like. The brilliant Cutex sets come now in four sizes, at 60c, \$1.00, \$1.50 and \$3.00. Or each preparation can be had separately at 50c. At all drug and department stores in the United States and Canada, and at chemist shops in England.

REALIZED \$1,700. The recent tea and sale held by the Church Workers of St. John (Stone) Church realized the sum of \$1,700 towards the organ debt fund. This amount is believed to be a record for an affair lasting only one afternoon

and part of an evening. This result was announced at a meeting of the Church Workers held yesterday afternoon, with Mrs. Fred Fisher presiding. Congratulations were extended to Mrs. Fisher on her husband's fine victory at the polls on Monday. Rev.

A. L. Fleming, who opened the meeting with prayer, thanked the members for their strenuous efforts and congratulated them on their success. I nine months a sum of \$2,600 has been raised to defray the cost of recent repairs to the organ.

## CHARGED WITH NEGLECTING HIS FAMILY

Agent of Children's Aid Society Takes Proceedings Against John Ellis, of Hardingville.

On October 30, Rev. George Scott, agent of the Children's Aid Society, of Hardingville, St. John County, charging him with neglecting his family on the 29th of that month. He was arrested by Constable Shortcliffe, and lodged in the county jail. It is alleged that on Monday, Oct. 23, Ellis left his home with his double team and a carcass of moseumet to sell in St. John, and until after the 26th he did not return, although at the time his wife and child were sick and unable to attend to her household duties. Stipendiary Magistrate Adams held a brief session of his court that forenoon in the Municipal House at which he accepted bail for Ellis fixing the amount at \$600. Dr. George O. Baxter in \$200 and Ellis himself \$400. The case will be again taken up next Wednesday afternoon at 8 o'clock. Burton L. Gervon appeared for the defence. On October 23, Robert Armstrong and William Rogers, who live in Kings County, just over the line from Hardingville, came to the city and complained of the condition of Mrs. Ellis and her family. They said they had discovered quite by accident how destitute they were and on the night previous had carried in supplies to them. Mrs. Ellis, they added, was very sick and had been so all summer. She had a bad cough and at times raised blood.

At noon on that day S. M. Wetmore, secretary of the Municipal Board, and Rev. George Scott left the city in two cars, intending to bring the whole family to the city and place the woman in a hospital if that seemed the most desirable thing to do. Hardingville is about thirty or thirty-five miles from St. John, but by an unfortunate mistake the wrong road was taken and it was impossible to get nearer the home than five miles.

It was decided that Mr. Wetmore should take one car and return to the city, while Mr. Scott, under the guidance of a neighboring farmer, crossed the woods and fields to the place. The house itself stands in a small clearing and is a tumble-down frame of two stories, the surrounding dirt to the extreme. Inside there are four rooms, two on each floor. On entering the kitchen part, Mrs. Ellis was found reclining rather than sitting in an old rocking chair, seeming very weak. The room seemed bare, as apart from two or three old chairs and table there was no furniture whatever, and everything was dirty and uncomfortable.

In reply to a question, Mr. Ellis pointed to a room off the kitchen as that in which she and some of the children slept. In this room was a bedstead with a thin mattress on it, and two or three ragged comforters. On being asked where the children slept she said up-stairs. The room on this upper floor was as large as the kitchen. There was a window in each end but the glass was out of them and the wind was blowing through the place. There were two bedsteads, but apparently only one of them was in use, as the other had only an old straw mattress which was covered with filth. The other bed had both the mattress and amount of ragged bedclothes as the one downstairs.

Mrs. Ellis said she had about the same amount of ragged bedclothes as the one downstairs. Mrs. Ellis said she had about the same amount of ragged bedclothes as the one downstairs. Mrs. Ellis said she had about the same amount of ragged bedclothes as the one downstairs.

All these children, with the exception of the eldest boy, who was fairly well dressed, were very dirty and ill-dressed. Mrs. Ellis excused herself for their condition on account of her sickness. She said that conditions had not changed since she was married first. Of the two boys who are working the eldest is fifteen and the other a year younger. The eldest boy was allowed to go to school till he reached the Third Book, while the other never got beyond the Primer. It is said that Ellis, the father of the family, is a blacksmith and a good tradesman. On the way back through the fields the farmer who had gone with Mr. Scott volunteered the information that last winter he with some others had been obliged practically to keep the family or they would have starved. Mr. Wetmore also says that it is not the first time the municipal authorities have had to deal with the case, at which time the family lived in Willow Grove.

## DIED IN MAINE

The death of Mrs. Della Gertrude Lynch, wife of Jere F. Lynch, a former resident of West St. John, occurred on November 8 at her home in South Gardiner, Maine. She leaves a mourn, besides her husband, an only daughter, Florence Blanche, at home, also her father and mother, Mr. and Mrs. James Miller of South Gardiner, three sisters and one brother. The sisters are Mrs. William Spear of South Gardiner and Mrs. William Aubrey of Hallowell, Maine. Another sister, Blanche, also resides in Hallowell. The brother is Fred Miller of South Gardiner. Mrs. James Hillan, a sister-in-law of Mrs. Lynch, resides at 70 Sewell street, this city, and was present at the funeral. Mr. Lynch left the city about fifteen years ago.

## REPORT ON WORK LOCAL RED CROSS

Annual Meeting of St. John Branch Today

Review of Outstanding Features of Work of Last Year by Mrs. F. S. White and Miss Alice K. Walker—Encouraging Words for the Future.

The annual meeting of the local Red Cross was held this afternoon. Features were reports from the officers.

President's Report.

Mrs. Frank S. White, president, reported to the Officers and Members of the Local Red Cross: "We meet today in an atmosphere of apparent security and peace, though not many weeks since the threatening clouds from the Near East warned us of our insecurity, and the wisdom which advocates preparedness. And what more important and necessary preparation can be made for the safeguarding of our country than the routing of disease and giving to our people the health upon which courage and conquest are so largely dependent. It has been remarked that the Red Cross is a clear exemplification of the very popular word 'overlapping.' To those who are familiar with the methods and perfection of this worldwide organization, it is a matter of surprise, as well as profound regret, that there are those who do not appreciate the nature of this 'Greatest Mother.' Decidedly the word 'overlapping' is a misnomer when applied to her whose aims are ever stretched to the limit, in an eager desire to help the world's unfortunate. But it would be a peculiar organization with its critics, and were the fate of the Red Cross put to popular vote the verdict for its continuance would be unanimous. Although but a local branch of this great organization, we must not minimize the importance of our work—the Military Hospital and hut, which have benefited by our financial contributions and interested efforts; the forty young mothers and babies cared for are dealt with in our secretary's report, which also gives a summary to which it was conceded privilege to extend brief time of stress. In connection with this relief I cannot speak too highly of the tactful, sympathetic work of Mrs. Morrissey, Mrs. Beard and their co-workers, and our unbounded regret that in some cases restrictions and lack of funds demanded caution rather than liberality. Of our patient what greater praise can we bestow upon it than to say it was worth of its director's (Mrs. A. J. Jarvis), her executive and marvelous executive ability, which presage success for all her undertakings, and we are indebted to her, the High School, St. Vincent's Alumnae and all others who took part for a pleasurable and inspiring privilege to a very successful membership drive.

I wish to acknowledge with gratitude the courtesy and helpfulness of Miss Jarvis, our provincial secretary, and her assistant, Miss Seeds, and to express my appreciation and thanks to the local executive and to all who have aided and encouraged me when hopefulness was not always present. In closing let me urge, in justice to my successor, that a more personal and practical interest be shown. The Red Cross is not a mere organization, but let us not forget it is an individual responsibility.

Secretary's Resume of Work.

Miss Alice K. Walker, secretary, reported as follows: "The past year has been a busy one for the St. John Branch of the Canadian Red Cross with responsibilities and the public, to understand the new requirements under the peace time policy. The aim was to gradually taking shape and there will be sympathy and co-operation between the various members. This, our ninth annual, finds us still trying as an organization in some measure to answer the requests for aid and to meet the needs of the various meetings of the executive with an average attendance have taken place. On last Armistice Day to help the G. W. V. members of our executive got orders from the various churches for garlands of poppies for the occasion of the laying of the poppies. As financial aid was what helped most, we contributed \$75 to help fill the Christmas stockings for soldiers in hospitals. With funds supplied by the provincial branch, two members of our executive undertook the buying and packing of Christmas parcels for fifteen families of the Soldiers Settlement Board. Miss Marven testified to the appreciation of the recipients—lonely souls scattered here and there in the more remote parts of our province. In December, by reason of the widespread unemployment, a strong relief committee, with Mrs. H. M. Beard as secretary, was formed to help the soldiers' families through the severe winter months. Our funds were augmented by grants from the provincial branch. It was June before this work could be brought to a satisfactory conclusion and almost \$2,500 had been spent. During health week in June we were privileged to entertain the visiting ladies at a prettily arranged tea at the Church institute rooms. All expressed their selves as charmed with the simple entertainment and seasonable decoration of our own spring flowers—quantities of yellow Lady Slippers. A canteen dance was held in July at the new recreation hut at the Luncheoner Hospital, with an idea of giving friends a chance of viewing this very beautiful addition to the equipment at West St. John. The weather did not favor us but those who were present enjoyed a very delightful evening. \$25 was voted towards the furnishing of the hut, \$20 towards the activities of the East St. John Circle was handed over for our work. This sum and \$10 from Knox circle showed the continued interest of these active bodies. Needlework, too, has been done as

## IS IN TROUBLE SEVENTY MILES FROM HALIFAX

Schooner Doris in Need of Aid—Fisheries Company to Send Trawler.

Halifax, N. S., Nov. 17.—A message to C. H. Harvey, agent for the Marine and Fisheries Department, by wireless from the steamer Murillo, which sailed from here yesterday with apples for Glasgow, reports the schooner Doris in need of assistance in latitude 44.35 longitude 62.10.

The message stated that the Doris, of London, had sprung her foremast and desired a tow as quickly as possible. The position given would place the Doris about twenty miles off Beaver Harbor and seventy miles from Halifax.

The North Atlantic Fisheries Co. will send one of their wireless carrying steam trawlers to her aid to-day. It is believed that the Doris hails from New London, not London, England, as the message would indicate. The Doris listed as sailing from New London was at Perth Amboy on October 20.

## F. RANKINE LEFT \$49,334 ESTATE

William Young's Will Contains Several Bequests to Public Institutions.

The last will of Frank Rankine has been proved, \$8,000 realty and \$41,334.02 personalty. The bequests were all to members of the family or relatives. H. F. Rankine, Mrs. Minnie Rankine and Mrs. Emma Chipman were appointed executors. C. F. Sanford, mother of the testator, was executor. In the matter of the estate of George Corbet, realty \$4,000 and personalty \$8,808.88, letters testamentary were issued to Dr. G. G. Corbet and Mrs. E. G. Moore. J. Willett, K. C., was appointed.

Mrs. Florence Cunningham was proved administratrix of the estate of Stephen Cunningham, realty \$5,000 and personalty \$13,000. F. Raymond was proved. The last will of William Young was proved appointing R. T. Hayes and F. J. Steel executors, \$15,000 personalty and \$1,000 realty. Public bequests in the will were as follows: \$400 to the Old Ladies' Home, \$500 to the Seaman's Mission, \$200 to the Children's Aid Society, \$200 to the supernumerary of the N. B. and P. E. I. conference, \$500 to the Canadian Branch of the British and Foreign Bible Association, \$500 to the Mount Church, the medical department in China. J. M. Trueman was proved.

HYDRO FOR SUSSEX  
Sussex Record—If the plans of the New Brunswick Power Commission materialize, Sussex will have hydro in time to light the way for Santa Claus. The Canadian General Electric have promised to have the line transformers placed by December 15, and as soon as they are installed the time will be ripe for the testing of the main line. The work of stringing the line from St. John to Moncton has been speeded up and the contractors have been instructed that December 10 will be the date on which they are expected to complete their work. Double shifts are being put on and the work of connecting Sussex and St. John will be doubled up.

NOVELTY SHOWER.  
Miss Eileen Macaulay was pleasantly surprised last evening when friends invaded the home of Mr. and Mrs. Troop Thorne, 23 High street, and tendered her a novelty shower in anticipation of her coming marriage. The evening was spent in music and games, after which refreshments were served.

GOVERNOR GRANT WELL  
START FOOTBALL GAME  
Halifax, N. S., Nov. 17.—It was announced today that Lt. Governor Grant will attend the football game between the Wanderers and Montreal tomorrow afternoon and Hamilton on Wednesday to kick-off at the start of the game.

required by various groups. We are always grateful for help of this kind. Layette is a constant demand, and Christmas will also be a time of connection. In our recent membership campaign we cannot speak too warmly of help accorded us. Miss Jarvis and her co-worker, Miss Seeds, did all possible to further our exertions. We cannot measure what Mrs. Kubling's assistance in the planning and carrying out of the effort meant. Her skill and ability of no mean order were most ungrudgingly placed at our disposal. The pageant, brought on under her supervision, received unqualified praise. In this St. Vincent's and the High School Alumnae took part. The public meeting at the Imperial on Sunday, October 22, with its forceful speeches, helped to bring the Red Cross activities before the people of St. John. We trust that many do understand the need for such work as we advocate — to band together for the mitigation of suffering in any of its phases whether from sudden devastation by fire or flood or the less rapid coming of disease in its various forms. The junior work is, we feel, the hope for the future. The training up of the younger generation loyally to stand together, stretching out a helping hand to those less fortunate than themselves. It would not be fitting to bring this report to a close without an expression of gratitude towards the provincial branch. The drop-out of its entire staff, is placed at our disposal; we are made perfectly welcome at any hour. During the entire progress of the relief work no word of complaint was ever heard. This certainly added much to the comfort of carrying on what was not an easy undertaking and in very great measure tended to strengthen our hands. May we not believe that under Divine guidance the cheerful co-operation of these various groups made possible the small measure of success that has been achieved.

Constantinople, Nov. 17.—An attempt by the Kemalists to run the intermed Turkish destroyer Akhisar, disguised as a merchantman, out of the Golden Horn, past the Allied controls, was frustrated last night.

WATER AND SEWERAGE

The concrete arch, 180 feet long, which will take care of the sewage from the Newman Brook area, was completed yesterday afternoon by the water and sewerage department, and the crews were placed on the laying of eighteen-inch sewer mains. One of these will extend across the rifle range towards Lansdowne and Dufferin avenues and the other will run towards the rear of St. Luke's Church. Both will empty into the concrete arch, as will also Newman Brook. The water department is engaged today in repairing the road near Silver Falls, which was washed out as the result of a leak which developed there on last Sunday.

FEAR ARCTIC PARTY MAY FACE FAMINE

Grave Concern for British on Wrangell Island

Americans Seek Rights—Rumor of Plan to Put Up the Stars and Stripes—Teddy Bear's Battle.

New York, Nov. 17.—Because of the failure of the relief ship Teddy Bear to reach Wrangell Island, grave fears are entertained at Nome, according to letters received here, for the party which raised the British flag on this Arctic island and sought to annex it to the British Empire.

The Teddy Bear, which arrived at Nome after a desperate fight to rescue itself, brought reports that ice about Wrangell Island was the worst in years. Varying opinions were expressed as to the chance that the members of the expedition could find game to kill and live on in the country.

Another report from Nome is that, if the Teddy Bear had arrived, it would have been a raid as well as a rescue, and that the American flag might have replaced the British. There has been some feeling at Nome after the raising of the British flag on Wrangell, which had been regarded by many as American soil. According to reports at Nome, at least one member of the crew of the Teddy Bear had confided in friends at Nome that a plot had been formed to place the American flag on the island. There is some doubt as to which flag, if any, now floats on the patch of far northern soil, as it was reported several months ago that the American flag was floating side by side with the British on Wrangell after the original party sent by Vilhjalmur Stefansson, the explorer, had landed there. The party was headed by Captain John Hanmer of the Silver Wave. As he

started back to Nome he took a last look through his glasses at Wrangell, and there saw the Stars and Stripes as well as the British flag. This story was told by George Goshaw, an Alaskan trader, who visited this city and stopped for some time at the Hotel McAlpin. In rounding Cape Prince of Wales, the Teddy Bear encountered the Sea Wolf, which was headed for Nome and gave the information that the ice was bad and all vessels in the North were in difficulties. "Captain Bernard of the Teddy Bear then decided," the account continues, "that the outside passage would be im-

practicable and accordingly called across the Straits to the Siberian coast at the East Cape station. While here the Ikum arrived from Cape North and reported ice conditions unfavorable and suggested following the Siberian coast and thereby avoiding being caught in the ice pack. "Rounding the point at East Cape, the southerly wind abated, the ice began to come in and the Teddy Bear was caught like a mouse in a trap, but escaped damage. "Those aboard the Teddy Bear, by use of anchors, chains, tackle and their engine, pulled themselves two miles through the ice pack to open water

south of the Cape, requiring about one full day to accomplish. From here they had clear sailing until they reached Cape Quinn, where the same methods were employed to get into clear water. No further trouble was encountered until they reached Cape Serge. "Beyond Cape Serge the party went ashore and discovered a lead in the ice running north and at once entered the opening. By the time it had entered the opening the young ice began to form and cuts were made in the ship's bottom just above the water line. Sheets of iron were fastened to the sides to prevent greater damage. "After working for two days through this lead and broken ice, they reached safely open water, but beyond the opening the old solid ice was found and precluded further advance. At this time they were fifty miles north of Cape Serge. "A north wind sprang up and the Teddy Bear headed back to Serge, realizing that further progress was impossible. Furthermore it was clearly impressed upon their minds that the boat was in grave danger of being crushed by the closing in upon them. Turning about, they discovered that the old leads were closed and now ice forming rapidly. Two propeller blades were bent and little progress could be made, as the engines were not furnishing sufficient power. In a few hours they were placed in a very grave situation, for the ice had smashed a hole in the side of the vessel just above the water line. Nothing daunted, the fearless mariners fastened the boat to a huge mass of ice, keeled her over and repaired the hole with iron sheeting. Finally they reached Cape Serge and slowly came down the coast in the direction of Nome. From Cape Serge to East Cape, the trip was made in eight days."

SPENT ALMOST \$1,000

Nova Scotia Man Tells of Wonderful Relief Drecto Gave Him.

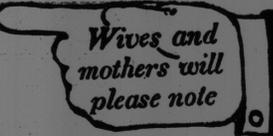

"I started to believe my case was impossible to cure, as I have spent almost \$1,000 on stomach and bladder," says Mr. John Veino, Woodside, N. S. "After talking with the Drecto expert I decided to give Drecto a trial. What a happy day that was for me. The first bottle did me more good than anything I had ever taken before. I noticed a big improvement in just a few days. The pain in my bladder is gone, it had been there for years. My case was of long standing, but Drecto seems to be just what I needed, as I feel so much better in every way. "My stomach and liver were in bad shape. Things I would eat would sour in my stomach. I had to be very careful with my food, otherwise I was troubled with terrible gas. I always had a bad taste in my mouth. I was bilious and spots would float before my eyes. I was troubled with constipation. I did not sleep well and my nerves always seemed to be on edge. "Drecto had made a new man of me. I have gained four pounds. That's why I so highly praise and recommend Drecto for anyone suffering as I did should give Drecto a trial. "Drecto, the great herbal remedy, acts on the stomach and aids it in digesting the food; stops the formation of gas; relieves constipation, strengthens the kidneys, rouses the liver and relieves biliousness, headaches, bitter taste in the mouth, heartburn, coated tongue, and purifies the blood, thereby banishing rheumatism. Go today to Ross Drug Co. and ask for Mr. Ranson, the Drecto expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Drecto will benefit you. Drecto is also sold in Moncton by Geo. O. Spencer."

Courtship Promises of Luxury Unkept, Wife Gets Damages.

Henrietta, Texas, Nov. 17.—Mrs. Emma Lee Gowin got \$1,000 actual and \$300 exemplary damages from her husband, J. C. Gowin, in what lawyers said was the first suit of its kind in the state. Mrs. Gowin sued for \$100,000, charging breach of marital contract in that Gowin told her during his courtship that he was wealthy and could build a fine home for her, take her traveling and clothe her in a manner in keeping with his scale of living. Mrs. Gowin said he failed to keep his promises. The jury was composed of men. It deliberated five hours. Notice of appeal was given. WOMAN'S WILL GIVES \$1 TO 'WORTHLESS HUSBAND' "I give and bequeath to John Klaus,

of the said town of Mount Pleasant, The testatrix, according to Surrogate Slater, left an estate valued at \$5,000, which is to be divided among her children, grandchildren, and distant relatives. Only in the one clause is her husband referred to.

Gifts in beautiful Anniversary Packages

A GIFT of 1847 Rogers Bros. Silverplate always shows good taste and good sense of value. In attractive velvet-lined gift boxes and chests, this fine silverplate makes an ideal Anniversary Gift. It is the more appropriate, because this year marks the seventy-fifth anniversary of silverware that bears the quality date—1847. Every one who receives this distinctive Anniversary Silverplate or selects it for her own use lays the foundation for a complete table service in harmony. Each new piece in the same pattern adds to the value of the others. The fancy serving pieces—berry spoon, pie knife or cold meat fork—contribute that little touch so necessary in correct table settings. Your dealer has "1847 Rogers Bros." or can get it for you.

#### HOW TO KEEP YOUR MONEY AND MAKE IT EARN MORE

"Buy only what can be quickly resold without a loss," says Herbert N. Casson, in Forbes Magazine (N. Y.). "Salability is an element of value. This is a truth that will make you more money when you sell, and save you more money when you buy. There should be a discount of at least twenty per cent. on any shares or properties that cannot be sold quickly. Practically every man with money makes this mistake at times—he buys what he cannot sell. Always, in buying, there are several facts to bear in mind: (1) You may change your mind. The house that pleases you today may displease you tomorrow, or displease your wife, which is still more likely and serious. (2) Price is made by demand, not by cost of value. Price is what somebody will give for it. Last month I saw an acre of land for \$1,000 and a postage stamp for \$5,000. (3) You mustn't spend money on a whim, and think it is an investment. Buy to please yourself—yes, but not unless you can afford to throw away the money. (4) The more unique and abnormal a property is, the less likely you are to find a purchaser. The more ordinary and commonplace a thing is the greater the chance of its being sold."

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

BUSINESS BETTER; LABOR IS SCARCE

New Tariff, Labor Bureau Finds, will Hurt Working Classes Through Higher Prices.

New York, Nov. 17.—A labor shortage is beginning to develop as a result of steadily improving industrial conditions, according to a review of business and general economic conditions made public by the Labor Bureau, Inc., a new organization designed to keep the leading labor unions in touch with the industrial situation of the country.

"The bargaining power of labor is on the increase," the review said, "and wages in more occupations have begun to move up." On the other hand, the review says, the price of grain to the farmer are almost stationary, while those of many manufactured products show a slight rise. The cost of living as a whole does not show any marked change, the report said.

The extraordinary emigration of unskilled workers from the United States to Southern European countries, which has more than offset the immigration from these countries to the United States, is cited as one of the main reasons for the present labor shortage. Restrictive immigration laws and the open shop drive have been responsible for this state of affairs, the report continued, and added: "Labor must now expect concerted attempts to open the floodgates of immigration."

As regards railroads, the review stated that the situation was rapidly approaching the same kind of congestion and breakdown which brought about the coal shortage of 1918, and necessitated the taking over of the roads of the government. Lack of transportation is cited as the reason for the loss of from 40 to 70 per cent of the possible coal output of the Virginia fields.

"The new tariff," the review said, "threatens to make the lot of labor harder. Increases in prices attributable to it have already been noticed, particularly in linen, cotton, and woolen goods, which will raise the price of clothing. Estimates as to the increase of cost of living that are likely to result from it range as high as 8 per cent, or 22 1/2 per cent for a family of four."

In conclusion, the review said that, although all authorities agree that industry will continue on the upward for some months to come, "the most serious threat to the continuance of prosperity comes from the European situation. We could get along fairly well without foreign trade if our exports were not for the fact that Europe buys a good share of our grain and other farm products."

"All during the depression the price of farm products have fallen lower than most other prices on account of the falling off of European demand and Europe's limited ability to pay. It is to labor's interest, as well as to the farmer's, to see that the European registration of Europe, which is the only way to bring about a genuine solution of the difficulty."

New York, Nov. 17.—Hornblower & Weeks says: "We are not in a period when a sustained upward movement is likely, and therefore wherever you have sold stocks remain in each position until speculation becomes safer."

Housman & Co.: "Still believe that there will be a tendency to sell stocks on the strong spots, necessarily short selling, but realising on the part of those who have held for some time and who have been disconcerted."

Hutton & Co.: "A good many stocks there are orders to sell above the market. It looks as though the rally would be moderately slow."

Clark, Childs & Co.: "In the railroad world the best news is a very substantial increase of gross earnings on lines that have shown steady decrease."

J. S. Bachs & Co.: "We see nothing wrong with the market's structure, nothing alarming business outlook and no reason to fear a bear market."

Thomson Mackinnon: "Take advantage of strong spots to sell some of your holdings."

"Staley": "The rally came on time, but was feeble in proportion to its normal possibilities. Support stocks came to market on even the slight advance recorded, and outside buying is at the minimum. It is a question of one professional trader trying to sell stock to another in a declining market lacking substantial buying. In the circumstances nothing more than minor rallies are likely and these should be utilized to sell stocks."

FOOTBALL

A Scoreless Tie. (Canadian Press Despatch.) Charlottetown, Nov. 16.—On a field ankle deep in places with mud and slush and with a soaking northeast storm, St. Francis Xavier College team from Antigonish and St. Dunstan's College rugby fifteen, fought a scoreless draw here today. St. Dunstan's had a shade the better of the first half and St. F. X., a slight margin in the second half.

Tackle With Eyeglasses. Lee Meadows, the bespectacled pitcher of the Phillies, has a rival at Columbia who has Lee backed off the boards. He is Ed Fischer, tackle on Buck O'Neill's eleven, who plays the gentle game of football with eyeglasses on. The Columbian lays claim to being the only football player in the country who wears spectacles. Fischer's vision is so poor that he can hardly see across a small-sized room. On last year's freshman team he managed to overcome the handicap and was the big star besides, but this year his eyesight became worse and desperate measures were found necessary. An

A TRUE STORY

A gentleman was looking for a neat boot for general wear that would also be suitable for evening use, and he did not want to pay more than \$5.00.

I showed him a genuine gun metal Goodyear welt single sole boot, also a half-single sole boot, Goodyear, welted; both on a recede last and only \$4.85 a pair. Said he: "I have been looking this morning at boots priced \$7.00 that are not as fine a quality, nor as neat appearing as these." He bought a pair of EACH.

Villa Gets Defeat. (Canadian Press Despatch.)

New York, Nov. 16.—Pancho Villa, Filipino, holder of the American flyweight championship, went out of his class tonight and defeated Abe Goldstein, New York bantamweight, in a fifteen-round contest at Madison Square Garden. Villa received the judges' decision after decisively outpointing and outpunching his heavier rival.

VOLLEYBALL

Old Timers Win.

The Old Timers defeated the Teachers in the Business Men's Volley-ball League last evening on the Y. M. C. A. floor, capturing two straight games. The Old Timers, who were captained by James Henderson, won the first contest 15-12 and the second one 15-11. B. Alexander captained the losing team. Both sides played good ball and play at times was exciting. B. L. Gerow acted as referee.

BILLIARDS

Willie Hoppe Wins. (Canadian Press Despatch.)

New York, Nov. 15.—William Hoppe won his second victory in the international 18 1/2 ball line championship billiard tournament tonight. His victory of 500 to 162 over Walker Cochrane was built up on two massive runs of 192 and 168. The third best run was 63. The average of the former champion was 55.6-9.

DARTMOUTH FOOTBALL

MAN IN LINE FOR RHODES SCHOLARSHIP

New York, Nov. 17.—It isn't often that a college football team presents in its regular line-up an honor student who is also a candidate for a Rhodes Scholarship, but Don Moore of Pittsburgh, Pa., who fills the pivot position in the Dartmouth line which will tackle Columbia at the Polo Grounds on Saturday, is all of this, and thereby proves something, no doubt, for President Hopkins' "artistry of brains." Moore, a senior at Dartmouth, is playing his second year of varsity football, and has won his letter on both the gridiron and the basketball court. He was a regular member last year of Dartmouth's strong basketball team. Last year, also, he was awarded one of the two

GET LIQUOR WORTH \$125,000 Chicago Bootleggers Impersonate "Dry" Agents and Take Carload.

Chicago, Nov. 17.—With "Federal" badges shining and holsters protruding, ten men entered the Chesapeake and Ohio Railroad yards, showed their "credentials" to yard officials and went to a carload of what was billed as "sweet potatoes."

As they opened the car five large trucks came alongside and bonded whiskey worth \$125,000 was loaded into them while railroad employees stood by with bulging eyes. The carload was transferred and the trucks were driven away before any one thought to send a call for help. Finally some one called Guy Ginders of the Illinois prohibition office. Investigators rushed to the scene, and found the car was billed to a well-known Water street commission merchant who, it was said, has been receiving large shipments which railroad officials have taken for granted were foodstuffs. The name of the dealer was suppressed, pending tracing of the shipment.

SMYRNA A DEAD CITY.

Little Effort to Restore It—Movements of Americans Hampered.

Smyrna, Nov. 17.—Although more than eight weeks have elapsed since the great fire swept Smyrna, little effort has been made to remove the debris or begin the work of reconstruction. The Civil Governor, Abdul Khalik Bey is making determined bids for aid from the Ankara Government, but has met with slight encouragement thus far.

Occasionally one of the shattered buildings collapses, blocking a street, but no attempt is made to clear the wreckage. The only going concern in the city is a horsecar line running along the quay. Americans here say the Turks will take fifty years to restore the town.

The city's everyday life is at a complete standstill. Once the focus for all the rich trade from Asia Minor, Smyrna is now a chaotic mass of tottering walls. The food shortage is causing prices to soar, and, unless the stocks are replenished from America or Europe, famine seems inevitable.

Americans and other foreigners are subjected to long delays in obtaining permission to enter or leave the city. All who leave are asked if they intend to return, and if they answer in the negative they are sometimes obliged to wait a week or more for permission to go.

The Turks show a more friendly attitude toward the Americans, who are mostly tobacco company men, than toward other foreigners, perhaps because they bring money to the city.

Police Chief Zia Bey has a force of 1,100 men patrolling the city, with extra guards at the waterfront to scrutinize incoming and outgoing ships. The principal object of this vigilance is believed to be the apprehension of Greeks and Armenians who fled during the reign of terror and who are now returning for their hidden treasures.

An Armenian merchant, formerly prominent here, was caught this week while digging up his family jewels from the garden behind the ruins of his home. The police confiscated the valuables and imprisoned the merchant.

CHAMPIONS CANDY HABIT.

Sir James Crichton Browne Deals That It Injures Teeth.

Sir James Crichton Browne recently criticized the efforts of persons who sought to halt the consumption of sugar on the ground that it had proved detrimental to teeth. "Food," he said, "is the happy hunting-ground of the fadist, and there is not any kind of food that has not been idiotically accused of having caused at least a dozen different diseases." The recent scare he mentioned as having occurred at the annual conference of the British Dental Association at Newcastle-on-Tyne.

A prominent member of that body denounced sugar, root and branch, and asserted that sweets, chocolates and pastry, by promoting the decay of the teeth, were injurious to the health of

the people, and were doing more harm than strong drink. With the profoundest respect for their dental brethren Sir James suggested they should leave sugar alone. Recent research had indicated that dental decay was probably attributable to the want of certain vitamins in the food in early life, and would be best prevented, not by giving up sugar, but by taking cod-liver oil. To investigate, a special committee had been appointed by the Medical Research Council, he said.

Sugar, perhaps more than any other article of food, he declared, tended to promote the flow of saliva, and it would not be denied that the free washing by the salivary fluid conducted more than anything else to the cleansing and preserving of the teeth. Sugar in moderation also promoted the flow of gastric juice, and so aided to digestion. Sir James asserted. In Jamaica, he ex-

amined teeth of the school children and found in them no trace of decay, and more perfect teeth it was impossible to imagine. Yet these children were suckers on sugar cane all day.

Sir James stated that of all the forces engaged in the great war the Australians were the finest physically, and had the best teeth. They consumed more sugar than any other race on the face of the earth. Before the war Australians consumed sugar at the rate of 100 pounds per head per year. The Danes came next with ninety-eight pounds per head per annum, then the United Kingdom with eighty-five pounds, and the United States with eighty-one pounds.

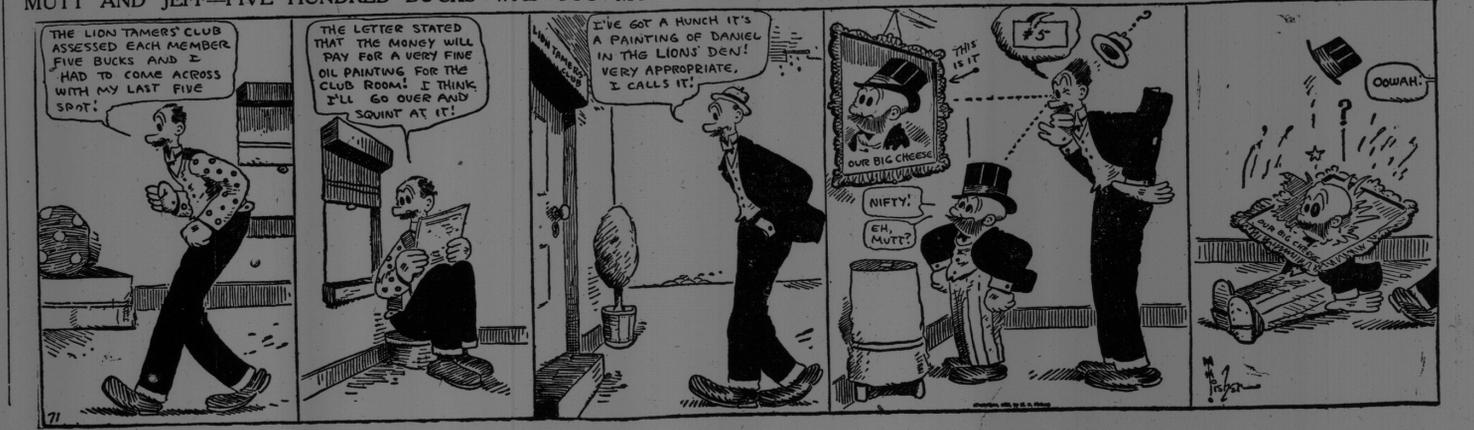

On the other hand, Spain only consumed thirteen pounds per head, and Italy ten pounds per head, and they were not so well grown as the sugar-eating peoples, he asserted.

acres who had traced cancer to tomatoes, margarine, tobacco, tartaric acid, potted shrimp, and not long since, he said, a great physician had suggested that it was due to tea and coffee. The physician had forgotten that cancer existed before tea and coffee was introduced, and that cats, dogs and mice, which did not partake of those beverages, suffered from cancer, which was rare in Japan, where they drank tea for centuries, and among Bedouin Arabs, who were addicted to coffee; but it was found in African tribes, who had never tasted either tea or coffee.

The many friends of Daniel Delery, who has been a patient in the General Public Hospital for some time and who was in a critical condition, will be pleased to know that his condition is greatly improved and he is now considered to be out of danger.

A STOUT DEFENCE OF LLOYD GEORGE

And Britain's Course in Regard to Turkey and the Near East.

To the Editor of The New York Evening Post:

Sir,—I should like to enter a protest against the attitude of the American press towards Lloyd George in the matter of his Near East policy. It is frequently stated that the trouble out there is the result of national jealousies, and particularly of Lloyd George's "bungling." This is a serious injustice to the Prime Minister of England.

In the beginning of the Turkish Nationalist movement led by Mustafa Kemal was a protest against the terms of the armistice of November 11, 1918, and the Greek opposition to this movement was in accordance with the avowed purpose of the Entente to enforce those terms.

The fighting which has been going on in Asia Minor since 1918 has been not a simple war between Greece and Turkey. It has been, on the part of the Turks, a military protest against the terms made by Western Europe after the war on the part of the Greeks up till the recall of Constantine merely a defence of those terms.

trust him nor acknowledge his sovereignty, yet in view of the abstracted justice of the quarrel she, and as a matter of fact all the Entente were pledged to support the Greek forces in their defence of the boundaries set by Western Europe for the two countries.

British subjects did help and the government permitted it. The chief muddling, however, was done by the Italians and French. Although they were both party to the armistice and to the Treaty of Sevres, Italy at first showed her anti-Greek feeling by helping the Kemalists, and France, for purposes of her own, aided the Turkish military constantly more and more.

Many people feel that the Greeks deserve all they are getting because of their dilatory treatment of Venizelos and their stupid belief in Constantine, but people who look at the matter in this way fail to take into account the condition of Greece. She is only about sixty years out from the yoke of the Turkish rule. Her people have been slowly rising from the degradation which this servitude of nearly four centuries produced.

The fact that the American press shows no sympathy with England in Greece during the war she could not

TO FORBID ALIENS BUYING REALTY

French Bill to Bar Foreigners Holding Real Estate in France.

Paris, Nov. 17.—Various foreign governments, including the United States and Great Britain, will, it is understood, make diplomatic representations to the French Government against the bill proposed by the Minister of the Interior forbidding foreigners to buy real estate in France, or to lease property for more than nine years, without Governmental approval by formal decree.

The bill passed the Chamber of Deputies unanimously without discussion on November 6 and is now pending in the Senate. It has become the subject of anxious discussion among foreign companies and foreign citizens in France, especially because the law is retroactive and provides that if Governmental permission is not granted within six months the properties may be taken over and sold at auction.

The purpose of the measure, as generally attributed, is to carry out the desire of the French Parliament to prevent Germans establishing themselves in France as before the war. Other motives are thought also in some quarters to be behind the proposition. For instance, it is commonly reported that a considerable number of foreigners have been availing themselves of the favorable rate of exchange and investing in French property with the purpose of holding on until the franc recovered its pre-war value.

PAT McDONALD PULLS A DROWNING MAN OUT

Olympic Champion Poleman Hauls Would-be Suicide and a Policeman From the River.

New York, Nov. 17.—Police sergeant Patrick McDonald turned the great strength that has made him Olympic champion hammer thrower for many years to good account when he lowered another policeman over the side of a pier to grasp a drowning man, and then, unaided, pulled the two men to safety.

Sergeant McDonald saw a man jump from Pier 48 into the river. Patrolman Green, on traffic duty, and McDonald got there while the man was struggling in the water.

Get down and give me a hold on your feet," McDonald said to Green. Green did not hesitate. McDonald, prone, lowered his companion, and the two men, one on the shoulders of the other, hauled the man up. The combined weight of the two was more than 300 pounds, but McDonald hauled them out with ease. The rescued man was taken, unconscious, to Bellevue. His name was not learned.

GOOD YEAR ALL-WEATHER TREAD TIRES

Every highway pictures their popularity.

Justice. Items of News. (Woodstock Sentinel-Review).

Two murder mysteries are prominently featured in the American papers. In each case the central figures are a minister of the gospel and another man's wife.

This is news. Two ministers of the gospel apparently strayed from the path of propriety and paid the penalty. That thousands and thousands of ministers of the gospel have not strayed from the path of propriety, but continue from day to day in the faithful discharge of their duties, living lives of piety and usefulness, is not news.

So in our own country a priest who was charged with murder and is now in an institution for the insane, has figured prominently in the newspapers. For a priest to be accused of murder is newsworthy. That thousands and thousands of priests lead exemplary lives is not news.

It is easy, perhaps, to misunderstand the importance that is given to news. It is easy to make too much of the fact that a priest or a minister goes wrong, and to overlook the fact that there are so many others who don't go wrong.
