THE HOME GARDENS.

The executive of the War Gardens Association at a meeting held in the board of trade rooms last night, considered it unwise to demobilize their garden forces this year, and deciding instead to place the association on a peace basis, changing the name of the unit to the Home Gardens Association.

A MOVING APPEAL.

"The people themselves constitute the nation's wealth—not the horses, cattle and sheep, nor yet the raw materials, but the products of agriculture, the physically healthy men and women, these increase their output when the test of battle comes, win the victory."

"I would go so far as recommending legislation to prevent under certain conditions, the erection of the tenement. They are a damnable architectural invention, and their erection should be carefully considered. Space is what we require, so that fresh air and sunlight may be enjoyed by all."

"Severe as the test and strain of the last four years have been, there are greater difficulties to be met if we are to rise to the problems of a lasting world peace—making it the first consideration of governments—man, physically, socially and intellectually, must be their first and constant care. We must maintain a high standard of national efficiency by the adoption not only of wise measures, but we must support them by substantial financial assistance, accompanied by a central state authority, to control, advise and co-ordinate. One of these measures must be sanitary homes, reasonable in cost and in healthful environments."

"The 'black spots' are the centres of tuberculosis and infantile mortality. They are the malignant tumors of social evils; there, families are huddled together in one or two rooms each, in the tenements. Neither the health visitor, the social worker nor the physician can do much material good whilst the sad conditions found there continue to exist. The united efforts of all these uplifting agencies can do very little material good, unless first man's environment are improved. Pause to consider—place a good healthy man or woman in the evil environment of these 'black spots.' Compel him or her to breathe its vitiated atmosphere, eat and sleep in its dirty and foul rooms and live day in and day out in the company of those condemned to reside therein, and then remember that, not all your social workers, sanitarians, nor the numerous array of those striving to prevent his downfall, unless at the same time, the environment itself is improved. What then shall we say of those who, from their birth, know nothing better and have breathed nothing purer, brighter or more uplifting than the air in these 'black spots'?"

"Reader, ask yourself the question—If it were my misfortune, through financial stress, to be compelled to reside in one of these 'black spots,' what would be the effect on my physical and moral condition? After considering the answer, and in view of your reply, then strive for an immediate improvement of the housing conditions in your locality or the nearest 'black spot.' If you do, then your community life will be improved and ennobled and each province will rise to a higher standard of citizenship, and, ere long, Canada will be moving forward to attain a higher standard of national efficiency, of which she will have every reason to be proud."

"These are pregnant sentences. No apology is necessary for directing public attention to them. It is true the cost of building is great, but so is the need of the people who are living in homes unfit for habitation. The citizens of St. John, having regard for the quality of the

future citizenship, cannot afford to go on without a proper housing code, or without some effort to meet the housing needs of those who are now crowded into unsanitary dwellings.

The universal tribute in Canada, the mother country and the United States to the late Sir Wilfrid Laurier reveal to us all how great and wide a reputation he had won in his long public career. To his warty loss is especially heavy, but the whole country will miss his wise counsel in the troublous times of the reconstruction period. For the present the question of a permanent successor may not be considered, but there must be a leader for the parliamentary session.

The murderous attack upon M. Clemenceau, the foremost figure in the public life of France, and one of the outstanding figures in the peace conference, is universally condemned. It is difficult to find the motive that would prompt any man to make an attempt against the life of this great statesman, but history gives many such instances of criminal folly. The people of all the Allied countries will sincerely pray for M. Clemenceau's speedy recovery.

Today's Times is much larger than usual because the enterprising merchants of the city desire to place before the people the advantage to be gained by purchasing goods on Dollar Day. A careful perusal of the announcements made in the advertising columns today will give everybody valuable suggestions about lines of goods at special prices that are not to be overlooked in these days of very high prices.

Canada is to provide foodstuffs and other materials for France and Romania to the value of \$50,000,000. It is expected Belgium also will take large quantities of necessities from Canada, and that the necessary credits will be provided. This news should greatly encourage our people and give a still greater impetus to the thrift-stamp and war-savings campaign.

The defeat of a Bolshevik army of one hundred thousand by Gen. Denikin in the region of the Caspian Sea encourages the hope that he and Admiral Kolchak may yet put the enemy to complete rout, and change the whole complexion of affairs in Russia.

The United Farmers have won the seat for North Ontario in the Ontario legislature. The farmers are a growing force in politics, especially in Ontario and the west. They will be heard from in the next federal elections.

The Free Kindergarten tag-day was a great success. Everybody believes in it and realizes the value of its work. Let us hope that work will soon be placed where it belongs—in the public schools.

With Heligoland dismantled and the forts of the Kiel Canal demolished, that waterway being opened for traffic, the German menace will be less formidable in the years to come.

Returned soldiers who join in raiding Chinese restaurants and destroying property have evidently a very slight conception of what it was they went overseas to defend.

The real but concealed burden of the Standard's complaint against Hon. P. J. Veniot is that he is improving the roads instead of fattening the grafters.

C. P. R. PRESIDENT NEW CHANCELLOR OF QUEBENS

E. W. Beatty, K. C., president of the Canadian Pacific Railway, has accepted the office of chancellor of Queen's University, Kingston, Ont., in succession to the late Dr. James Douglas.

FRANCES WILLARD DAY

The Women's Christian Temperance Union observed yesterday, Frances Willard's Day, with a special meeting held at the residence of the evangelical superintendent, Mrs. Seymour, and at it besides most interesting papers read by Mrs. Seymour and Mrs. R. D. Christie, the members had the pleasure of hearing a fine address from Miss Perry on Y. W. C. A. work.

ARBITRATION DECLINED

Paris, Feb. 18.—The Italian delegation to the peace conference, according to an official note, has informed the secretary of the conference that it cannot accept the proposal for the arbitration of Italian and Jugoslavians in Dalmatia, as urged by Jugoslavians.

GETTING GERMAN STORES

London, Feb. 18.—(British Wireless Service)—On behalf of the government, it has been announced in the house of commons, in answer to a question, that the following equipment of German armies had been surrendered to the British up to Feb. 9: Heavy guns, 2,500; field guns, 2,500; machine guns, 25,000; trench mortars, 3,000; airplanes, 1,700; locomotives, 4,000; motor trucks, 1,200. Up to Feb. 14, the Germans had surrendered to the British 126,826 freight cars.

BRITISH CROWN Assurance Corporation Limited of London, England SECURITY EXCEEDS SIXTY MILLION DOLLARS C. E. L. JARVIS & SON, GENERAL AGENTS FOR MARITIME PROVINCES

Choice of Liberal Leader Only Temporary At Present

Caucus Will be Held on Monday Morning; Permanent Choice May Await National Convention; Arrangements for Sir Wilfrid's Funeral

Ottawa, Feb. 18.—A Liberal caucus has been called by the chief whip, J. A. Robb, M. P., for Monday morning next. The main question to be considered is, of course, the temporary filling of the leadership for the session. Opposition members who are now in the capital state that the sudden passing of Sir Wilfrid and the sharp grief of his loss have for the moment superseded all other thoughts.

A similar arrangement might be made for Hon. W. L. MacKenzie King if desired. The caucus on Monday next will have these two suggestions before it, but as has been already said, the whole question is still only vaguely speculated upon by the politicians now here. The permanent filling of the leadership will be left in all probability until later on, pending further developments, and the assembling of a national Liberal convention next summer.

Like the great statesman whose mortal remains it will house, the casket in which Sir Wilfrid Laurier's body was placed typifies at once elegance and solidity. It is of solid bronze with little ornamentation save the massive pillars and beaded and decorated corners. The lining is of white quilted satin with white satin pillow. The casket was taken to Sir Wilfrid's late home this morning and the body placed within it, embalmed and prepared for the grave. The late statesman preserves the appearance of having fallen asleep. His face, always pale, does not convey the impression of death, and were it not for the funeral trappings surrounding the casket one could easily imagine that Sir Wilfrid had slept. At the graveside the casket will be encased in a steel shell, very heavy and substantial, before it is lowered into the earth.

Addresses in French and English. Ottawa, Feb. 18.—The arrangements for Sir Wilfrid Laurier's funeral, while not yet complete, are to be carried out with all the impressive pomp and ceremony of the Catholic church. Archbishop Mathieu, one of the most distinguished prelates of the church in Canada, and a personal friend of the dead statesman, will likely pronounce the funeral oration in French, while it is expected that Archbishop McNeill, of Toronto, will deliver the oration in English. The high mass of requiem will be celebrated in the Church of the Sacred Heart, where, for many years, Sir Wilfrid worshipped. The parish priest, Rev. Father Lafontaine, will be the celebrant. Government leaders and opposition representatives, high state officials and many church dignitaries will be present at the services while thousands are expected to walk in the funeral procession. Hundreds of cables and messages of condolence are arriving from all parts of the globe. One was from His Royal Highness the Duke of Connaught, who, in the course of his tenure in office, had become one of Sir Wilfrid's closest friends.

RECENT DEATHS

Mrs. Margaret Bradley, widow of Michael Bradley and for many years a well known resident of Riverside, St. John county, passed away yesterday at the home of her sister-in-law, Mrs. James O'Donnell, 382 Main street, North End. Mrs. Bradley was in the seventy-eighth year of her age. She formerly owned much valuable property in Riverside, but about two years ago she sold her holdings and has since made her home most of the time with Mrs. O'Donnell. She leaves no family. The funeral will be held tomorrow morning from Mrs. O'Donnell's home to St. Peter's church, where a high mass of requiem will be sung at 9 o'clock.

Mrs. Jennie Richey Reade. The death of Mrs. Jennie Richey Reade, widow of John Reade, occurred on February 12, at her residence in Great Shomogue after a painful illness. Mrs. Reade is survived by one son, Fred L. Reade, two daughters, Mrs. D. Constantine and Mrs. D. Constantine; three sisters, Mrs. Thomas Logan of Kings county, and Mrs. A. Craig and Miss G. Richey of this city and by one brother, S. Richey in the employ of the C. G. R.

Leonard L. White. The death occurred yesterday at the home of his son, James T. White, Cambridge, Queens county, of Leonard L. White. Mr. White was eighty-five years of age, and a highly esteemed resident of that section. He is survived by four sons, four daughters, a brother and sister. The sons are William H. of the fire department, North End; Malcolm N., of the Canadian Express Co.; Clarence L., of Glenwood, Kings county, and James T., of Cambridge.

The daughters are Mrs. Merritt Street, of Carleton Place; Mrs. Fred Wright, of Fredericton; Mrs. Murphy, of St. John, and Mrs. Ferris of Cambridge. Mrs. James Stevens, of Mill Cove, Grand Lake, is a sister, and George A. White of Connecticut, a brother.

Mrs. James A. Armstrong. The death of Mrs. James A. Armstrong occurred yesterday at her residence in Gardiner's Creek, St. John county. Mrs. Armstrong was about

Dollar Day GET THE MOST OUT OF YOUR DOLLAR

The people of St. John always look to WIEZEL'S for something extra special at extra special times-and Dollar Day is one of the times. Briefly here is what we are going to do this Dollar Day:

\$5.00 Values at \$1.00

A Lot of Women's High Heel Boots that formerly sold at \$5.00, are to celebrate Dollar Day by going at \$1.00 while they last. Sizes are mostly 1 to 4, so if your size is included, you are exceedingly fortunate.

Men's, Women's, Children's Footwear

Regular \$1.35, \$1.85, \$2.25, \$2.85, \$3.50, \$4.00, \$4.50, \$5.00 to \$13.50

Dollar Day Prices \$1.00, \$1.35, \$1.85, \$2.45, \$2.85, \$3.35 \$3.85, \$4.85, \$5.85, \$6.85, \$7.85, \$8.75

W. H. THORNE & CO., LIMITED

LOCAL NEWS

PRESENTATION There was a pleasing incident at the close of the day in the Grant & Horne shipyard yesterday when a presentation was made to Harold Dick, time-keeper, who was recently married to Miss Edith Scott.

THE CURLERS Three rinks of curlers from Yarmouth were due to arrive in the city today to play the Thistle club this evening, but they could not come. Five rinks from the Thistle club are to leave tomorrow morning for St. Stephen to play a return match with the border knights of the boom.

ARRESTED HERE Detective Sergeant Power and Detective Biddiscombe were notified by the Dominion Express Company last night that a man had passed a money order for \$80 and that his actions were peculiar.

MISS MARY S. COUGLE Many friends learned with sincere sorrow of the death, yesterday, of Miss Mary S. Cougle, daughter of John P. and Mary Cougle, of 105 St. James street, West St. John.

BURIAL OF SISTER M. ADELE The funeral of Sister Mary Adele, Mother Superior of the Mater Misericordiae Home, took place this morning following requiem high mass which was celebrated in the chapel at the home, by the chaplain, Rev. Dr. J. A. O'Reilly.

MAGISTRATE ALLINGHAM REPLIES TO STANDARD

Replying to charges made against him by the Standard in regard to the conviction and sentence of a woman who is serving a year in jail, Magistrate Allingham said to the Times this morning that he has a complete copy of the evidence at the trial, which he will be glad to show to the Standard or anyone else.

DEATH OF HENRY OSBORNE

The death of Henry Osborne occurred on Friday, Feb. 14, at Gagetown, after a painful illness. Mr. Osborne was a man of splendid character and was loved by everybody.

DEATH OF ISAAC R. PEARSON

Isaac R. Pearson, a prosperous farmer of Pearsonville, died on Saturday, Feb. 15, aged eighty-four years. He left to mourn two sons, Sgt.-Major George R. Pearson, who spent two years in France and now resides in Fredericton, and Herbert, at home; also one grandson, Angus, and one sister, Miss Ellen Pearson of Highfield.

A LETTER WELL WORTH KEEPING

Mrs. Jane Latham Receives it, Relative to One of Her Soldier Boys - Fine Family Record

It is interesting to note the method employed by the American military authorities when releasing their men to go home. It costs but little and at the same time shows to the man, to his family, and his friends, the appreciation of those for whom and under whom he labored and gave his time.

Mrs. Jane Latham, Prospect Point Road, St. John, N. B., Canada.

Dear Madam:—In a few days your soldier boy—your contribution to the cause of liberty—will be handed this letter for delivery to you, as evidence of his cheerful obedience, loyalty and duty to his regiment and country.

As his commanding officer, I am proud of him and glad of the opportunity to present him this letter with the assurance of future assistance in any way possible, and best wishes for his success upon his return home.

Mr. and Mrs. Latham are proud of their son's career. He signed on with an artillery unit at Boston. Mr. and Mrs. Latham have contributed quite well to the war, having had, in addition to this boy, two other sons, Ernest and George, aged twenty-nine and twenty-five respectively.

CHARGED WITH THEFT FROM SUMMER HOUSE

Break on Last Friday, Arrest Last Night—Other Police Court Cases

In the police court today Charles Sweett was charged with stealing from the summer house owned by George McGillivray, Sand Point road. Mr. McGillivray said that when he went out to his house on last Friday he found everything in disorder, the bolt on the door drawn, a desk broken, and a large number of articles stolen, including chisels and dresses.

James Whitcross was charged with breaking a window and stealing an overcoat from the second hand store owned by Lampert Bros. in Main street. Policeman Garnett had been summoned and took the man to the police station.

CASUALTY LIST Today's Ottawa casualty list reports T. Monrouse of St. Jacques, N. B., and A. Parker, address not stated, both ill.

FRENCH PLAN FOR TAX ON CAPITAL

Finance Minister Makes Recommendations for Getting County on Feet Again

Paris, Feb. 19.—Louis L. Klotz, minister of finance, announced today that he had completed consideration of a plan imposing a tax on capital, the payment on which would extend over a long period so that the whole burden would not fall upon the present generation.

GAVE LIVES IN HALIFAX EXPLOSION; ALBERT MEDALS AWARDED

London, Feb. 19.—(Canadian Press despatch from Reuter's Limited)—Albert Charles Mattison and Edward S. Beard, both of the Canadian navy, have been posthumously awarded the Albert medal for acts of great gallantry on the occasion of the collision of the French steamer Mont Blanca, carrying explosives, and the Norwegian steamer Ima in Halifax harbor in December, 1917.

POULTRY EXPERTS MEET

Domestic Conference—P.E. Island's Commanding Position—Trappist Brother Announces New Breed of Fowl

Ottawa, Feb. 19.—Poultry experts assembled from all over the dominion yesterday at the call of the poultry division of the department of agriculture and discussed methods of increasing the poultry production of this country and ways and means for encouraging the improvement of poultry stock, standardizing of the productions, perfection of storage facilities and transportation service, increasing home consumption and developing the opportunity now presented by the export trade.

port; the value amounted last year to \$10 a head of population in the province. Rev. Brother Wilfrid de La Trappe, Agricultural Institute at Oka, Que., announced the successful production of a new breed of fowl. It has been named "chanteclair" and has been bred to suit the peculiar conditions of the province of Quebec.

ST. JOHN LAD HOME AFTER YEARS WITH NAVY

Although not yet eighteen years of age, Charles H. Nickson, who returned to St. John this morning, has seen two years and four months of active service of the most varied type in the R. N. C. V. R. He arrived from Halifax on the early train this morning and received a joyful welcome at the home of his parents, Mr. and Mrs. T. C. Nickson, 238 City Road. Since leaving home he has served in home and foreign waters in mine sweepers, destroyers and larger craft, spending considerable time around the Irish coast and in the Mediterranean. Although he had many thrilling experiences he came through unscathed but with memories which few lads of his age will be able to look back on.

LAST EVIDENCE TODAY

The conciliation board appointed to investigate the matter at issue between members of the police force and city will meet this afternoon and it is expected that the taking of evidence will be completed at this session. Some time will be required for the preparation of the report and when this is ready it will be forwarded to the department of labor at Ottawa. A. Colby Smith is chairman of the board; A. H. Wetmore represents the city and J. L. Squire the policemen.

The regular Tuxis weekly conclave was held in the Y. M. C. A. last evening. A. R. Crookshank presiding. Captain W. H. Pierce delivered an interesting

TIME FOR TALK PAST; ACTION NOW WANTED

Paris Looking for Early Results of Movement to Speed the Peace Treaty

Paris, Feb. 19.—(By the Associated Press)—The supreme council of the great powers yesterday heard the portrayal of Serbia's claims. Some of the representatives of the council, however, remained away, feeling that the time for talk was past and that the present need was action for getting back to peace basis. This movement is taking form in the most responsible British, American, Italian and French quarters, and promises to yield results within the next few days. The first stage will be in the permanent armistice plan, which Marshal Foch will present within a fortnight, taking the place of the short term armistice announced on Monday. These permanent terms will be the preliminary steps toward peace and will be incorporated into the peace treaty to follow. This will bring a peace treaty measurably within sight.

COSTA RICAN'S THREATEN INVASION OF NICARAGUA

Washington, Feb. 19.—Eight thousand Costa Rican troops have been mobilized on the border between Costa Rica and Nicaragua and threaten invasion of the latter country. It was said in some quarters that Nicaragua would look to the United States for protection in the event that she was attacked.

AN EMERALD WEDDING.

(Halifax Record.)
Many Halifax people are deeply interested in the wedding this month of Princess Patricia of Connaught and Commander Ramsay, of the Royal Navy, which is to take place in Westminster Abbey. London is anticipating the ceremony with keen relish, for it is nearly six years since there was a wedding in the Royal family. The last event of the kind was the marriage of Prince Arthur of Connaught, only brother of Princess Patricia, and Princess Alexandra Victoria, Duchess of Fife. Although officially the coming marriage will not be a

state function, it will be an event in the Royal family which will deeply engage the sympathies of the King and Queen, with whom Princess "Pat" is a prime favorite, as, indeed, she is with all her royal relatives and the general public as well.
Born on the name day of Ireland's patron saint, and christened with the name of that august personage, Princess Patricia has insisted that none but the rarest of Irish lace shall adorn her wedding gown of white satin. Furthermore, by common consent of relatives and friends, her wedding is to be an emerald wedding. Already the fashionable jewelry shops in the west end have had their stocks of emeralds well high de-

pleted by the demand for emeralds to be presented in one form or another to the royal bride. When the wedding gifts are displayed they will form a dazzling array of tiaras, parures, brooches, rings, bracelets and pins, all set with the costly green gems suggestive of the Emerald Isle. No sooner had the announcement of Princess Patricia's engagement been made known than a number of ladies representing all parts of Ireland started a movement to present the royal bride with a veil of exquisite Carrickmacross lace. The bridesmaids, the list of which is not yet completed, will wear dresses of St. Patrick blue satin, trimmed with Irish lace, and will have wreaths of small white marguerites and shamrocks in their hair.

The First Safety Razor

Its Invention Claimed by a Large Number of Persons

As the "first safety razor" and the identity of its inventor there has been some conflicting testimony. In response to a New Jersey inquiry published several weeks ago one New Yorker says that the first safety razor was invented and patented by a German, who manufactured them at a place in East Twenty-third street, New York, twenty years ago. The writer says that he has one of these originals, which he "would not sell for its weight in radium." The blade is one inch by one and a half, is a quarter of an inch thick at the top, and is so hard that if dropped on the floor it breaks like glass. "It has not been honed in twenty years and is as keen as ever."

The description would fit the first safety razor we ever owned, except as to the test for the hardness of the blade. We never tried it on ours. But one has to wonder how often this witness dropped the blade on the floor and saw it break like glass, and how, in spite of these shattering experiences, he was able to bring it through twenty years, "as keen as ever." As we recall the circumstances, one shave was enough to destroy the edge of our blade, and after that, while proper honing might have restored its efficiency, it might have been used a few times as a can opener, but we can conceive no subsequent use for that razor except as an infant's food pusher. We have often wondered at the man to whom we fraudulently sold it for fifty cents, about a quarter of the original price, after we had badly sinned our countenance in a desperate effort to achieve a second shave with it.

A New York physician writes to his paper: "I designed the first safety razor more than twenty-five years ago and had a model made by Knauth, a Nassau street cutter. Among those to whom I exhibited my model and who could see nothing in it, I would mention a firm of razor makers then located at 171 William street, and now in the Woolworth Building. In fact, I met with so little encouragement from those supposed to know what was valuable to the shaving public that I did not get my idea patented."

A Providence man who is an authority on many of these matters of curious interest to antiquarians, declares that the first safety razor was undoubtedly the invention of the Brothers Kampf or Kempf (or some such name) and was manufactured in Brooklyn. It was about 1886 that this original safety razor "was sold for the first time in any establishment in the world in Providence, R. I."

This witness assails our supposition that the first safety razor may have been "a crude safety device to be attached to an old-fashioned razor," and declares that it was an original invention, although the blade was like a section of ordinary razor, about an inch long. The safety device, in general principle, was afterward copied in attachments designed to be put on the ordinary razor.

the old gentleman a safety to use on shipboard. He wrote about it enthusiastically in his "One Hundred Days in Europe," which first appeared serially in The Atlantic Monthly, and so the novelty got free advertising worth thousands of dollars and began to catch the popular fancy.

The boom, however, was of rather brief duration, for the new razor was soon eclipsed by better devices. As a matter of historical interest there is a

certain corroborative similarity in the three bits of testimony. It seems to be established at least, that the "first safety razor" was born in New York or Brooklyn.—F. H. Young in Providence Journal.

AGRICULTURE IN QUEBEC

Hon. Joseph E. Caron, the Quebec minister of agriculture, in his annual report to the provincial parliament, just laid on the table of the house, demonstrates how the farmers of that province co-operated in helping the Allies by relieving the food situation with increased production of such foods as were most needed.

Hon. Mr. Caron points out that, after reviewing the Allies' food situation with the delegates and discussing the means of helping them, the farmers reached the conclusion that the province of Quebec could do more, that it was necessary and urgent to concentrate efforts towards the production of the four most needed articles of food in this country and throughout the world; pork, wheat, beans and peas.

insuring local management by appointing a person to direct production in every district, to train, guide and superintend the committees; and in a word in making the seat of government a centre of all these

activities and propaganda, by adding a new branch to the department of agriculture.

To the central board was annexed an agricultural labor section, charged to recruit farm hands among youths and adults, while the horticulture division continued to supervise war-garden projects.

Forty persons were appointed to direct production, twenty of whom were agronomists, who remained in charge of their respective districts.

Eight hundred and forty-two parochial and six war-garden committees were formed.

The food Commission and Dominion Department of Agriculture, which contributed to organize this great production movement throughout the country, had set an increase of 600,000 acres of seeded area as the goal to be reached by the

Province of Quebec. Statistics show 8,741,128 acres, making an increase of 854,514 on last year's area. War gardens alone covered an area of 666 and brought in \$285,778 worth of vegetables.

Morgan's Great Retiring From Business Sale Opens Thursday Morning At 629-633 Main Street

More Loyal Than She Ever Was

War Has Remarkable Effect on Imperial Relations of India

Anarchists Checked—General and Deep Desire for Education in Eastern Empire

"Since the war started there has been a new and splendid outburst of loyalty to the British Empire in India," said Dr. J. N. Farquhar in the course of his lecture on "The Indian Empire and the War" at the Convocation Hall of the University of Toronto, the other night. "We all know India was loyal before the war," he added, "but few were prepared for such an outburst of loyalty and generosity as we witnessed on the part of the people of India. They seized the great truth that Britain was on the side of right, fighting for the best interests of the world. The Indian army was a large force before the war, but today it numbers one and a half millions. The main relation of India to the Empire has been settled once and for all. The people have shown perfectly magnificent loyalty to the Empire during the war. There have, of course, been the anarchists, who have been fighting the British government with murder and burglary for nine years before the war. For two years their activities were checked, but shortly after the war opened they began again, and fearful murders, burglaries and outrages went on for nearly two years. The government tried for two years to get the better of the conspirators by pursuing ordinary methods. That

policy proved a failure and they finally decided to intern every man whom they had good reason to believe was an anarchist or a conspirator, with the result that in a short time the outrages practically ceased.

"The second group where bitterness appeared was among the old Nationalists of India. Their leaders induced a number of Mohammedan leaders to join the National Congress with the cry, 'If some rule had been granted to India the natural and almost inevitable result would have been to make government practically impossible. It would have led to a violent collision between the legislative body and other bodies and India would not have advanced one step toward real, responsible representative government. It was simply another form of autocracy and would not have helped toward the only goal which in these modern times thinking men can look for in a great country.'

"In August, 1917, the British House of Commons made changes in the constitution of India to give the Indians a larger share in the administration of India, with a view to free, responsible government within the British Empire. The process was to be gradual. Britain has

Heart Palpitated Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weakness, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to other social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.

Mrs. Walter Greives, Apsley, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat. I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I hope this may prove good to some one who is suffering the way I did."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

deliberately decided to do all that can be done to train the people of India to govern themselves, and it is my firm belief we shall succeed.

"The home rulers of India said, 'We must have home rule.' On the other hand large numbers of the lower classes said home rule would mean Brahmin rule, and did not want it. Hon. Mr. Montague, minister for India, took the middle course, which will finally lead to free government in India.

"I believe there will be great economic progress. The government is willing to spend large sums of money on education, and many of the educated class are now clamoring for universal education. The war has shaken the people of India as well as here. The soldiers are feeling that education is most necessary. Proposals of the British government fit in with the ideas expressed in connection with the League of Nations. The duty of the advanced peoples will be to lift the backward peoples. How can we help India? By getting trustworthy knowledge of India; by giving sympathy to India; and by having a real fellowship with educated Indians and meeting them as our full brothers."

THEM WAS THE DAYS

(Lethbridge Herald.)

"Them was the days." Ever hear an old-timer spring that one? And no wonder. Listen to this from an Idaho old-timer writing about the days before bone-dryness was the fashion:

"In 1899 I was in the lobby of the senate in Boise when a member introduced a very mild measure curbing the liquor interests a small fraction ahead of 'wide open,' that Idaho had always had. There was a decided shock among the members of that body as though some tragic event was about to be sprung upon them. But the lieutenant-governor, a Silver City saloon-keeper, was equal to the occasion; with a broad grin he referred the bill to the committee on irrigation. This relieved the

THOUGHT IT WAS A BUI

Doctor Said Abscess

Mr. Gleason R. Young, Kingscroft, N. B., under date of Feb. 9th, 1918, writes us as follows: "About five months ago a lump came on my jaw-bone. I thought it was a boil and after it had been there quite a while it began to get larger. I went to a doctor and he said it was an abscess, and lanced it. He gave me a wash for it, so I went by his directions until it healed up, but it commenced coming again, and in about three weeks it broke itself. I thought it would get better, but it didn't. A neighbor advised me to get a bottle of Burdock Blood Bitters, so I sent and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or of how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing power it possesses. It takes out itching, stinging and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, abscesses and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

situation and the members breathed easier. All were sure it was sent to its final sleep. But behold what twenty years have wrought. The old philosopher was right: "The world do move."

"Opposite the Market"

"CANADIAN SONG BIRD"
WINS THE AUDIENCES
AT THE OPERA HOUSE

Miss Gladys Moffatt's Singing One of Several Good Features on the New Programme

Miss Gladys Moffatt, known on the stage as the "Canadian Song Bird," was the feature attraction in the Opera House last evening at the change of programme. The new bill is one of the most diversified and attractive presented for many weeks and was enjoyed by capacity houses. It consists of musical offerings, character dancing, a sensational wire feature, a comedy skit and other things of interest in addition to an exciting episode "The Iron Test."

When the curtain rose and Miss Moffatt's name appeared on the card the audience settled back to enjoy the treat they seemed to know was in store for them. Miss Moffatt lived up to her reputation, for her first number captivated the audience and from that on hearty applause re-echoed throughout the auditorium at the conclusion of every number, showing how the music lovers of St. John appreciated a performer of such merit. Miss Moffatt has a voice of unusual brilliancy and her rendition of many catchy airs was a feature of the entertainment. Her accompanist was a clever player and her good work was not lost on the appreciative audience.

Another good act was that of Forrest and Church. The male member is an exceptionally good banjo and xylophone player, and his partner a clever dancer. The act is bright and cleverly presented and was thoroughly enjoyed.

Bell and Gray in a sensational wire act made a decided hit. The act was above the ordinary and was greatly enjoyed. Both tight wire workers gave a clever demonstration of the art and in addition worked a little comedy which was responsible for many laughs.

Billy Barlow, with a clever comedy act, had the interest of the audience throughout and was obliged to return several times in response to encores. It took him a short time to size up his audience, but a word here and there gave him an inkling of their likes and dislikes and amid an uproar he was heard to remark "I've got them now," and he had. He had original sayings and a new line of jokes which "went big."

The Bellays are the sensation of the programme. This act is one of the greatest tributes that can be paid to the performers in the fact that the audience did not leave their seats until the curtain rang down. The female member is an acrobat of unusual merit, but her performance is not on a trapeze. That this programme will prove popular is assured, judging from the comments heard last evening.

WANTS TO BEAR NO PART OF DEBT DUE BY THE ENEMY.

Paris, Feb. 19.—In the senate yesterday Henry Cheroin urged against the formation of a league of nations which would not allow the war expenses of France, reparation for pensions, interest on loans and other expenses, which, he said, were "debts of the enemy."

"Let no one speak of getting us to bear in any form any debt of the enemy," said M. Cheroin. "The French people as a whole would rise against such scandalous injustice. And if the league of nations lends its hands to Germany it would defeat itself on its first stroke in the eyes of the people who have suffered most."

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

HALIFAX MOBS RAID CHINESE RESTAURANTS

Halifax, N. S., Feb. 18.—Six Chinese restaurants were more or less smashed up tonight by a mob of 200 or 300 returned soldiers and civilians. The trouble began at 11 o'clock in the Crown Cafe on Gottingen street in the north end, where a soldier, said to be intoxicated, got into an argument with the proprietor. A crowd gathered, glass was broken and a fight began which wrecked the interior. A rumor then started that a soldier had been struck with a bottle, but this afterwards turned out to be false. It did its work, however, and the mob started to smash up Chinese restaurants generally. The damage is estimated at \$18,000.

After a Hard Day's Work

Rub the tired muscles with a few drops of the soothing, refreshing, antiseptic liniment, Absorbine, Jr. You will find it pleasant and convenient to use and remarkably efficacious. This liniment invigorates jaded muscles, limbers the joints and prevents second day soreness and lameness after a strenuous, tiresome day of sport or work.

America's best athletes and trainers use Absorbine, Jr. to relieve strains and wrenches and also as a rub-down before vigorous exercise to prevent such conditions. Absorbine, Jr. is concentrated and therefore economical—only a few drops are required at an application. One ounce Absorbine, Jr. to a quart of water or witch hazel makes an invigorating rub-down and general purpose liniment. \$1.25 a bottle at druggists or postpaid. Send 10c for liberal trial bottle or prepare regular size from your druggist today.

W. F. Young, P. D. F., 317 Lyman Bldg., Montreal, Can.

ONE DOLLAR!
Its Increased Buying Power on
DOLLAR DAY

Thursday Feb., 20, 1919

Dollar Day does not necessarily mean that one dollar articles only are on sale. It does mean, however, that this is one day set apart by merchants when a dollar has considerably more purchasing power than at ordinary times.

During these times when thrift is one of the greatest personal national duties, it behooves everyone to take full advantage of every possible opportunity to practice thrift—and what better opportunity than right now when big reductions are offered on many lines of wearing apparel that you are going to need.

Great Volume at Minimum Profit, being our motto, our prices are always low by comparison, so that when reductions are offered on these low prices, where is there a thrifty person who can afford to pass up the opportunity?

Following is catalogued only a few of the many money-saving possibilities:

10 Per Cent. Discount on Everything in the Store Not Already Marked At Dollar Day Price

UNDERWEAR
Medium Weight Ribbed Shirts and Drawers. Regular \$2.50 per suit. Dollar Day \$1.75 per suit.
Penman's Merino Shirts and Drawers. Special for Dollar Day \$1.58 per gar.

affords definite help to those who are "fighting to win" against the inroads of weakness. Scott's, abundant in tonic-nutrient properties, builds up the body by Nature's methods. Scott & Borne, Toronto, Ont. 18-44

SMITH - McDONALD
WEDDING THIS AFTERNOON
This afternoon at 1 o'clock in St. Andrew's church Rev. F. S. Dowling united in marriage Miss Jean McDonald, daughter of Mrs. Mont McDonald of this city, to Bowyer Sidney Smith, a prominent lawyer, also of this city. The church was decorated with beautiful ferns and flowers by friends of the bride, and it presented a very pretty appearance. As the bride entered the church a wedding march was played, and while the bride and groom were in the vestry a quartette sang very effectively "The Voice That Breathed O'er Eden." Also Lohengrin's bridal chorus was rendered. The bride looked charming in a navy blue traveling suit with navy blue French hat to match, and she carried two beautiful bouquets of Ophelia roses. Mrs. Roy Lavin of Woodland, Maine, was the

Witnesses At Inquest Tell Of Fatal Accident On Ferryboat

Two of Them Thought Craft Was Going Faster Than Usual When She Struck the Floats—To Be Continued on Thursday Evening

The opening session of the inquest of the ferry boat accident, which resulted in the death of John Charters, was held in the City Hall, Carleton, last evening. Several witnesses were on the stand and considerable comment concerning the weak nature of the ferry floats and piling at the West Side was made.

Always Fearful of Accident.

John Francis Newman, of 19 Queen street, who is a stationary engineer, and who was a passenger on the ferry, said that he was watching the piling when the ferry struck them. He said that he always watched the piling at the West side as they looked very dangerous, and liable to break.

When questioned by Juror Mayes if he thought that the ferry hit the piling hard enough to break it, the witness replied that he did not know, but that the boat certainly hit it hard.

The next witness was Elsworth Jordan McBeth, of 294 Duke street, who was engineer on the ferry at the time of the accident. He said that he has been employed as engineer for about eight months.

Beth said that he did not know that any accident had occurred at the time as he did not notice that the ferry had struck the piles any harder than usual.

The last witness for the evening was Captain Andrew Norwood, of 76 Water street, West St. John, who was in charge of the Ludlow at the time of the accident.

When questioned as to whether he would notice if the ferry struck the dock harder than usual he said that he thought he would as a general rule, but at the time of the accident he did not.

When questioned by the coroner, Captain Norwood said that he did not think that the ferry came into the dock any faster than usual. After the accident occurred he said that he went down on the dock but the broken piece of piling had been thrown into the water, but he did not think that it looked as if the piling was fresh break.

FIRST AID RESULTS.

The first class in first aid to be organized this season in the city under the St. John Ambulance Association was instructed by Captain Pratt and was recently examined by Major Stewart Skinner.

Magistrate Asks Salary Increase

Police Magistrate Ritchie appeared before the common council yesterday afternoon and made a strong appeal for an increase in his salary. He also criticized the application recently submitted to the council for the institution of a separate juvenile court and he criticized, too, a report made by D. W. Simpson, former chief of police, on the progress in the magistrate's juvenile court.

The commissioners, however, after some discussion, decided to award the contract to Mr. Likely, Commissioner Thornton voting in the negative. The report of the committee of the whole was adopted, awarding contracts as follows: J. A. Gregory, spruce deals; J. A. Likely, Douglas fir; John E. Moore & Co., Ltd., hemlock; J. Roderick & Sons, birch; also authorizing Commissioner Fisher to buy from the Barkers Asphalt Co., of Philadelphia, through their agents, Estey & Co., an asphalt mixer at \$655, together with additional equipment to cost \$87, and also accepting Commissioner Fisher's scheme for the purpose of finding out the feeling of citizens regarding local improvement assessment.

ILLUSTRATED LECTURE AND MUSIC AT N. H. S.

The last illustrated lecture of the season under the auspices of the Ladies Association of the Natural History Society was held yesterday afternoon under the presidency of Mrs. J. A. McAvity, and was a fitting climax to a remarkably fine series.

Plano solo, Romance, by Schumann—Miss Dorothy Bayard. Song, Ave Maria, Gounod—Miss Jean Anderson; violin obligato, Mrs. Stetson. Piano solo, Carnival, Grieg—Miss Betty Cruickshank.

20,000 CANADIANS STILL IN HOSPITAL

Sick Rate Very High Among Men in England and France.

Toronto, Feb. 18.—A special to the Toronto Telegram from London says: "Twenty thousand Canadians are in hospital in England and France now. Five thousand were invalided from France in January, and 100 a week are being invalided now. The sick rate is very high."

"At the signing of the armistice, there were 48,000 in the hospitals in England and France, which was the maximum of the war. Westliche hospital at Folkestone has been closed.

ARMED BANDITS ROB BANK AND DEPOSITOR

Detroit, Mich., Feb. 18.—Six armed bandits shortly after noon today entered the East Side branch of the First State Bank of Detroit, held up the cashier, clerks and several patrons and escaped with a sum estimated by bank officials at \$10,000.

Ten thousand dollars, it was estimated was taken from the cashier's cage and \$300 from an intending depositor who was struck on the head by one of the bandits. The bandits escaped in an automobile.

How Teddy Lost the Bear

They say a sore corn interfered with his speed. Always apply Putnam's Corn Extractor. For fifty years it has been curing corns and warts. "Putnam's" never fails. Use no other, 25c. at all dealers.

INFANTS-DELIGHT TOILET SOAP

JELlicoe's TRIP TO OCCUPY MORE THAN 14 MONTHS

British Vice-Admiral Will Not Arrive in Canada Until October and Will Remain About Two Months.

London, Feb. 18.—(Canadian Press despatch from Reuter's Limited)—The British admiralty issues the following as the proposed itinerary of Vice-Admiral Lord Jellicoe aboard H. M. S. New Zealand, adding, however, that the dates should be regarded as purely tentative, depending mainly on whether the work in the various dominions can be accomplished in the allotted time.

The party will leave British Columbia about January 1, 1920, arrive Honolulu January 8, leaving Honolulu January 12, arrive Yokohama January 21, leave Yokohama the 28th, arrive Hong Kong February 1, leave Hong Kong February 4, arrive Singapore February 8, leave Singapore February 10, arrive Colombo February 14, leave Colombo February 15, arrive Mombasa March 1, arrive Ascension, April 29, leave same day, arrive St. Vincent May 3, leave St. Vincent May 5, arrive Plymouth, May 11.

Lord Jellicoe will probably disembark at Albany, and proceed to Melbourne and Sydney, arriving at the latter point about May 31. The ships during June or July will visit the principal ports of New Zealand, returning to Sydney to permit the admiral to re-embark about August 15. Leaving Sydney August 15, he arrives in New Zealand on the 19th, Samoa and Honolulu. He will probably disembark at San Francisco and enroute for Ottawa.

Y. W. P. A. EXECUTIVE.

The executive of the Young Women's Patriotic Association met last evening in the G. W. V. A. rooms with the acting president, Miss Alice Fairweather in the chair. Miss Reita McNeil was elected to the executive replacing Miss Nan Brock, the newly appointed resident. Miss Alice Hatch was appointed convener of the entertainment committee, Miss Helen Church treasurer of the Seamen's Institute canteen with Miss Patchell as assistant and Miss Winifred Upham was appointed convener of the telephone committee. It was reported by Miss Dodge that only four members would be needed to usher at the Imperial in future as one of the men employed by the theatre, previous to his enlistment, had returned from overseas and would take up his old work. A letter was received from Miss Helen

Sydney Smith, secretary of the New Brunswick committee of the National war savings committee, notifying the Y. W. P. A. that a luncheon will be served in the G. W. V. A. rooms for all taking part in the Thrift Day campaign. Further arrangements were made for Thrift Day at last night's meeting and in the absence of Miss DesSoyres, Miss Marion Cruikshank acted as secretary.

INQUIRY INTO BOYS DEATH

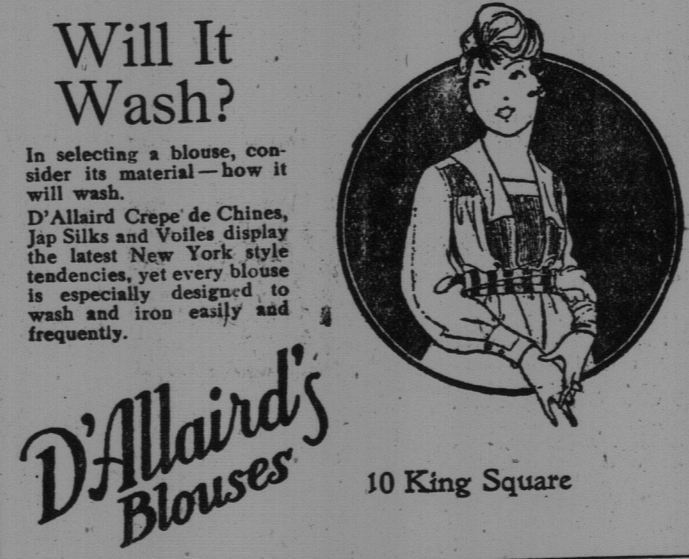

Harold Higgins, the twelve-year-old son of Reuben Higgins, Indian town, died yesterday at his home. The boy was before Magistrate Ritchie Saturday on a charge of truancy and on Monday when he went to Alexandra school he was severely punished by his teacher. Returning from school he complained of great pain and Dr. Harold S. Clark was summoned. Early yesterday morning he became delirious and yesterday afternoon passed away. Dr. Harold Clarke, who attended the boy, said he died of convulsions. A sad feature of the case is that Mrs. Higgins, mother of the lad, died three weeks ago, leaving seven children. Dr. Clarke said yesterday that the punishment received in school had nothing to do with the boy's illness and death, when an inquiry was made by Coroner Kenney at the request of the lad's father.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use gently with the finger tips.

Women Can Fortify Their Health

With constantly aching backs weary, dragging-down pains, dizzy and nervous headaches, women have a hard burden to carry. It is wise for every woman to fortify herself against those derangements which are present when extra demands are made upon the system by Nature's laws. No better remedy exists for woman's peculiar ailments than DR. HAMILTON'S PILLS, which possess tonic properties that act upon the proper organs at the proper time. To prevent headache, to overcome dragging weariness, backache, nervousness and pallor—to look well, sleep well, eat well and enjoy the manifold blessings of sound, regular health, every girl and woman should regulate her system by Dr. Hamilton's Pills, 25c. per box.

Will It Wash?

NEWS DEPARTMENT WINS

In the second match of a series between the various staffs of the Standard Ltd., the news and editorial quintette defeated the mechanical department on the Y. M. C. I. alleys yesterday by a total of 1201 to 1124.

HOCKEY.

Senators Win in Overtime.

Toronto, Feb. 18.—Ottawa increased their almost already commanding lead in the race for the second half honors of the National Hockey League, when they defeated Arena 3 to 3 in overtime tonight. The smallest crowd of the season to witness a National Hockey League fixture was on hand, there being about 1,000 paid admissions. Arena are now helplessly out of the running and the departure of Randall, who left last night for Glace Bay, has practically wrecked the team. From world's champions to last place in the league standing is a long jump backwards, but such has been the fate of the locals this season.

NEW AIRPLANE TANK SAFE FROM FIRE RISK.

London, Feb. 18.—A new petrol tank, which will neither leak nor catch fire when perforated by incendiary bullets, the Daily Mail says, has been added to the list of wonderful war inventions. These tanks were being built and fitted in British airplanes as fast as possible when the armistice was signed. Had the fighting continued British pilots would have been immune from one of the greatest causes of casualties. This invention is to be applied to commercial airplanes.

Reorganization Of Garrison Unit

Present Staff to be Replaced by Officers More Recently Returned—Other Changes

The reconstruction of the local No. 7 Canadian Garrison Regiment, according to reports, is being proceeded with most satisfactorily and, it is understood, is nearing completion. The garrison regiment has been reduced from a battalion to a detachment and necessarily with demobilization already underway many of the officers who have served with this unit, following service overseas, and who now wish to get back to private life will be given this opportunity to do so. The new personnel of the regiment is said to be as follows:

Major G. E. Barnes, M. C., Captain William Pitt, D. C. M., Captain R. J. Smith, M. C., Lieutenant P. J. Veniot, Lieutenant J. C. Reade, Lieutenant J. K. Halder, D. C. M., and Lieutenant R. H. Dean.

The present staff of officers will, it is reported, retire by the last of February and the new detail of officers will take over their duties and "carry on."

The strength of the detachment after March 1 will be about 818 men; this will be the total strength and will include the mobile and district companies.

The present staff which has carried along the work of the garrison regiment of this district will with the usual procedure of demobilization revert to civil life. They include Lieutenant-Colonel Wedderburn, Major C. J. Morgan, Captain March, Lieutenants Palmer, Cunningham and Patchell. These officers and others of the old staff have done effective work during their tenure of office and have rendered good service to the district.

An enjoyable programme was carried out in the Boys' Club last evening, G. E. McNeill, who has returned from the mission fields of the Arctic circle, gave an account of the life among the Eskimoes and of his many adventures. A musical programme was given by Francis Barry, Mrs. W. C. Good and Mrs. A. J. Mulcahy. A. M. Belding gave a short address, and the boys were treated to apples donated by Captain Mulcahy.

Urges Need For New Breakwater

City Engineer Points to Need of Extension to Island—Change of Ferry Terminals and Harbor Bridge Discussed

That the first harbor work of any magnitude to be carried out here should be the extension of the Negro Point breakwater, was the recommendation embodied in the annual report of the city engineer, George Hare, which was submitted to the common council yesterday afternoon. The annual report of the ferry superintendent, George H. Waring, also pointed out the necessity of this work, and the difficulty under present conditions of operating the ferry steamers.

The removal of the West Side ferry boats to King street is suggested by the city engineer in order to provide more accommodation for ocean going steamers. The engineer reviews the scheme of a bridge across the harbor, and favors stilling the low ground east of Ludlow street, West St. John, for railway yard space. Viaducts are suggested to span the valley from the head of the prolongation of Germain street and also from the vicinity of the General Public Hospital to provide easy access to Mount Pleasant and that area and facilitate development.

The portion of the city engineer's report which contains suggestions and recommendations, follows: Permanent Wharves. The question of permanent wharves will shortly have to be taken up. Any work undertaken should be part of a comprehensive scheme covering the whole harbor and any scheme or type of structure brought forward should be most carefully studied to obtain the most economical type of permanent structure adapted to the rather abnormal conditions in St. John harbor due to the high tide of tides.

Harbor Improvements. The matter of harbor improvements has been so widely discussed that it seems hardly necessary to mention it here. It is generally agreed that the first work of any magnitude to be carried out should be the extension of the Negro Point breakwater. This will probably take some years, and in the meantime it might be well to consider the changing of the ferry slip on the West Side to the foot of King street, so that North Rodney wharf could be removed, the site regraded and another wharf built with berths upon it, and thus two or more additional berths in quiet water could be provided for ocean steamers at a reasonably early date. Wellington and Nelson wharves could later on be treated in the same way.

We look forward to an increased business from the C. P. railway and new traffic from the Canadian National railways, and hope to see the city expand in very way.

The Canadian Pacific railway is even

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

cleanses the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold and wails, give the little stomach, liver and bowels a gentle, thorough cleansing once. When cross, peevish, listless, he doesn't sleep, eat or act naturally, breath is bad, stomach sour, give a spoonful of "California Syrup of Figs," and in a few hours all the clogging, constipated waste, sour bile and indigestible food will gently move out of the bowels, and you have a well, playful child again. If your child coughs, snuffles and has aught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given. Sick children needn't be coaxed to take his harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here; get the genuine, made by "California Fig Syrup Company."

UNIVERSAL HANGERS

In all that the word implies, the Dodge is the Universal Hanger. It is strong, has wide adjustability, and insures perfect alignment of shafting. It is easy to erect and pleasing in appearance. The castings are accurate, well-finished and sound.

They are machine-moulded from metal patterns. The Dodge Universal Hanger may be had in "drop" and "post" styles. Large stocks ready for immediate shipment are carried at our factory, branch warehouses and stockers. Phone orders carefully attended to.

SUFFERED TWO YEARS WITH PIMPLES

Child Could Not Sleep Till Cuticura Healed.

"My little brother suffered for about two years from tiny red pimples. They appeared constantly on his body but he had the greatest trouble under his ears. The skin was red and very sore and at the least touch he would give a howl of pain. After a few seconds he would have to scratch, and he was not able to sleep."

"A friend advised me to send for Cuticura Soap and Ointment. I not only changed, and I used three cakes of Cuticura Soap and four boxes of Ointment when he was healed." (Signed) Louis Frank, 746 City Hall Ave., Montreal, Que., February 2, 1918.

Keep your skin clear by using Cuticura Soap and Ointment for every-day toilet purposes. For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes. Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with the syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made, and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membrane so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

now cramped for yard room and it would appear that the idea of the bridge across the harbor at Navy Island might be revived and the low ground in Castleton, east of Ludlow street, converted into yards (the Mill Pond being filled in). The majority of the buildings in this part of Carleton are not of the most expensive type and the city now controls a considerable area of low ground. This work would probably involve a heavy cut through the rocky ridge at the south of the Mill Pond to make connection with the C. P. R. tracks and to enable any yard development in this low ground to be efficiently worked.

Housing for those citizens whose homes would be lost might be provided by developing some of the city's property in Lancaster. The city financing the building of the necessary houses or in other ways assisting the citizens to do so, after putting in an adequate water and sewerage system, jaywalking and doing such work as would be necessary to make an attractive suburb. Consideration might also be given to the development of the more or less level ground towards Millidgeville and viaducts built, one across the valley in the vicinity of the Public Hospital, and another in the vicinity of the prolongation of Germain street, to provide easy access to Mount Pleasant and this land and thus facilitate growth.

Swimming Scows. The swimming scows were placed at Rowan's wharf, Indiantown, a much better locality for the purpose than the old site on the West Side. The water is warmer, clearer and there is little rise and fall of tide, and it is about as easily accessible as the site at West St. John. More bathing houses are required as the facilities provided were very much overcrowded last year.

Lancaster Lands. Two general inspections were made of the city's houses in Lancaster this year, and some repairs were made, but all of the buildings are in need of repairs more or less heavy. A detailed and careful inspection should and will be made this spring or sooner and recommendations for repairs or improvements proposed on the basis of this inspection.

ONE OF THE 26TH.

Lieut. C. W. Cavers, a well-known newspaper man of Toronto, has been appointed director of information of the Soldiers' Settlement Board of the department of the interior. He served overseas for more than two years and was gassed in action. He was with the 26th N. B. Battalion.

ORGANIZE AGAIN FOR HOME GARDENS

The War Gardens Association was put on a peace basis last evening when the executive met in the Board of Trade rooms to hear reports of last year's work and make plans for the future.

The name of the association was changed to Home Gardens' Association. The chair was occupied by T. H. Estabrooks and those present included: F. A. Dykeman, R. Downing Paterson, W. J. Linton, H. B. Peck, G. L. Warwick, R. E. Armstrong and William MacIntosh.

The report of the treasurer showed receipts last year of \$1,274.88 and that the association came through with a cash balance of about \$24 and a Ford automobile. The treasurer was thanked for his work. Mr. MacIntosh, who was superintendent last year, reported the total number of members as 565, of whom 428 had gardens, the sizes varying from 3210 feet to farms. They were scattered over the city, West St. John, North End and Fairville. The total product last year was estimated to be worth about \$10,000. Some of the gardeners claim to have realized

from \$30 to \$50 each on their patches of ground. The association hopes to arrange with the three county fair associations—St. John, Loch Lomond and St. Martins—and join with them in holding their exhibitions next fall. The association will offer \$500 in prizes if the alliance can be brought about. It was voted to continue the membership fee at 25 cents. A committee of the association will wait on Mayor Hayes to ascertain if the

city lands will be available for tilling this year. It is proposed to add flowers to brighten up the garden patches and to offer prizes for the best floral displays. The general opinion is that last year's experiment was a successful one, awakening considerable interest in gardening on the part of the citizens and tending to make the city more beautiful besides providing healthy outdoor amusement for the people. The following officers were elected: Chairman, T. H. Estabrooks; vice-chair-

men, Mrs. Richard Hooper and W. F. Burditt; treasurer, G. L. Warwick; secretary, R. E. Armstrong; chairman of lot committee, F. A. Dykeman; superintendent East St. John, H. B. Peck; Fairville, W. J. Linton; West St. John; W. L. McDiarmid; Lancaster, J. S. Gregory. Mr. Gregory cultivated forty acres last year.

USE The Want Ad Way

Purity Itself—Above all others—baby's things must look and be absolutely clean. Sunlight Soap is the one soap to use—because of its purity—because of the ease with which it cleanses garments without rubbing. LEVER BROTHERS LIMITED TORONTO
