Two Men Killed at Courtenay Bay; One Is Blown To Pieces

Dynamite Blasts Exploded Too Soon

SEVERAL CHARGES READY

All Went Off Without Warning—Superintendent Olsen's Body Hurled Nearly 300 Yards; Andrew Damon Literally Torn To Fragments

A terrible double fatality occurred this morning at Courtenay Bay when two of the dynamiting crew, John Olsen, the foreman, aged about twenty-nine years, and Andrew Damon, his assistant, aged twenty-five, both Swedes, were instantly killed by the premature explosion of dynamite in a set of holes on which they were working.

Damon's body was torn limb from limb and scattered about the ground, while Olsen's body was hurled by the awful force of the explosion to the shore in front of the Municipal Home, about 300 yards away. The cause of the accident is not known and possibly the reason for the dynamite going off prematurely will never be known, as Olsen and Damon were the only ones near the spot where the explosion occurred.

The accident occurred about a quarter after eight o'clock. Olsen and Damon had been at work loading a set of holes on the rocks and sand. One of Damon's legs was carried far away down towards the breaker and the rest of his body strewn about in all directions. Olsen's body was carried through the air as far as the Municipal Home. There it was found, hurled and mutilated almost beyond recognition. One of the workmen said that he had seen the body being hurled across the field and that it had struck a tree on the way.

Suburbanites Will Lay Case Before Mr. Gutelius

MEETING HELD HERE

Service Should Be Increased Rather Than Diminished—E. S. Carter Sets Forth Case in Letter To Times

What might well be termed an "indignation meeting" was held this morning in the offices of H. F. Puddington, Market Square, when suburbanites assembled and discussed the matter of the withdrawal of the I. C. R. trains. Much interest was taken in the meeting and the discussion was largely favorable to the policy which compels the withdrawal of trains which serve to make the road more popular and to all appearances more profitable.

Service Should Be Increased Rather Than Diminished—E. S. Carter Sets Forth Case in Letter To Times

These are not summer residents in the popular meaning of the word, but citizens who, induced by the convenient and popular train schedule recently in force, have built substantial dwellings at stations along the line. Now that their accommodation is to be curtailed to such an extent as to deprive them of their natural playground, they are naturally up in arms over the matter.

These claims will be placed before Mr. Gutelius, the I. C. R. manager, by a representative committee on Thursday. The committee will consist of H. F. Puddington, J. S. Gibson, J. W. V. Lawlor, E. A. Schofield and E. J. Nisbet, all pointed in behalf of the suburbanites of the various stations.

To The Editor of The Times:—Sir—I seem to find little use to express our indignation at the suburban train injustice, either in the press or to political committees or managers, for the one man power upon the Intercolonial ignores all protests and clears the road to give the right of way to the P. E. R. freight trains that pass through St. John to Halifax.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe To Darken and Beautify Faded Hair

That beautiful, even shade of dark-dusky hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur changes its appearance a hundredfold.

CANADA'S TRADE MORE THAN BILLION DOLLARS

Ottawa, Feb. 1.—According to figures issued by the trade and commerce department yesterday, the total trade of Canada for 1913, exclusive of coin and bullion, was \$1,119,578,117, an increase over 1912 of \$121,622,956. Of this increase \$28,469,290 was in imports and \$93,158,666 in exports of Canadian products.

Although the increased trade noted above is large, it does not compare so favorably with the increase of 1912 over 1911. In 1912 the total trade increased by \$200,846,019. The increase in imports during 1912 was \$182,948,466, and in exports of domestic produce it was \$22,854,066.

FATALITY OF WHOOPING COUGH

Many parents think lightly of whooping cough, and treat it as a mere ailment, not giving the child who has it any special attention. The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths in the last two months from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

So many people write to us about the relief and cure of whooping cough by the use of Dr. Chamberlain's Cough Remedy and Turpentine that we can recommend it with the greatest confidence. It loosens the cough, aids expectoration, and by its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check, and cured in a few weeks, instead of months. Look for the portrait and signature of A. W. Chamberlain, M. D., on the bottle you buy. There are many imitations.

Nothing equals or compares with Scott's Emulsion for just such conditions, but insist on SCOTT'S. At any drug store.

WHAT IS OLD AGE?

Some Younger at 65 Than Others Are at 40 Years. Old age is not marked by years, but by the stiffened frame, the hardened tissues and arteries. So many people whom you meet about the time they reach 40 begin by saying "I can't do this, and I can't do that, because I'm getting old now," they begin to act old, feel old and they are older in appearance than many who are much more advanced in years.

VETERAN STATESMAN IN ENGLAND MAKES ATTACK ON EMIGRATION SOCIETIES

(Times Special Correspondence.) London, Jan. 20.—The resignation of Jesse Collins, will remove from parliament one of its most interesting figures and one of the few men there who really know anything about the land question. Modern Beacon Fires

THE old beacon fires were the great advertising mediums of their age. Though they could not advertise merchandise, they advertised the things of most vital interest to the people.

Placed on the summits of high hills, bearing a message to thousands of "readers," they were prototypes of those modern fires of Twentieth Century commerce—the "beacon" fires of Newspaper Advertising.

When the modern manufacturer lights the Beacon Fires of Newspaper Advertising he places his message before the people in a way that will impart knowledge, beget appreciation and win preference for his goods.

Who can fail to see any day the gleaming messages of "Magic Baking Powder," "Standard Ideal Ware," "Sunlight Soap," "Gillette Safety Razors," "Penman's Underwear," "Infants' Delight Soap," and many others?

FATHER HOWLAND LAST EVENING'S LECTURER

C. M. B. A. Course Provides Eloquent Address on Life of Father Tom Burke

Rev. Miles P. Howland was the lecturer in the C. M. B. A. course last evening and his subject, Father Tom Burke. The association hall in Union street was crowded, in fact the seating accommodation was overtaxed. Louis J. McDonald, president of the branch, presided. Father Howland reviewed the life of the famous Irish Dominican friar, his birth in Galway in 1800, his sickly childhood, the early outcropping of the will that, through all his life, mingled with his deep piety. His novitiate days were told of, his ordination in 1828, and the remarkable qualities which gave him early prominence in the order.

IF CAESAR BUILT ROADS FOR PRESENT DAY CIVILIZATION, UNCLE SAM IS FURNISHING A MODEL FOR THE MILLENNIUM

One Step in Construction on Sample Road; James T. Vesell, Logan Walker Page and Vernon M. Peirce.
How to save the people's road funds by building for permanence rather than by slighting the first cost, is the lesson of a pamphlet issued by Uncle Sam's good roads department. Using the magnificent new Chevy Chase road as a text, the bureau of public highways discourses upon brick as a material for country roads, declaring the brick setting will last indefinitely.
The bulletin commends the use of gravel filler between the brick. It tells how to put down a permanent foundation, compacted two-inch sand cushion and the brick wearing surface. The proper application of gravel filler is described.
Some twenty photographs of the Chevy Chase road, showing method of construction and the road as completed, illustrate the booklet, which can be obtained by writing to Logan Walker Page, U. S. director of highways.

THEY UNITE FOR JUSTICE
(Continued from page 1)
Saturday afternoon at 1:15 the suburban is always thronged not only with the clerks, mechanics and others who have a half holiday, but with visitors who gladly avail themselves of the chance to include Saturday afternoon in their brief visit. These people will, under the new arrangements, have to remain in town until the Sussex departs.
I will not speak of the usefulness of the suburban that arrived in St. John at 8:20 p. m., and left again at 11 o'clock Young and old patronized it—the young to spend a more pleasant evening in the city, and their elders to attend local meetings, bridge parties or whatever appealed to them. They must stay at home since Mr. Guelinius has seen fit to break the agreement that induced them to forsake the city and try country life.
I wonder if the railway authorities were aware of all these things and gave them consideration before making these changes. Years ago the suburban people had to have a heart-to-heart talk with Messrs. Brady and Tibb before they gained their point. Has any attempt been made to arrange a conference upon this occasion, or is it felt that it is useless for the people living along the "People's Railway" to appeal to Mr. Guelinius.
Why should it be useless? For reasons that will be apparent to all it would be preferable for those in sympathy with the administration to make the move, but whatever is necessary, let it be done at once, for without the suburban train service country life in the communities referred to is not nearly so enjoyable, or suburban property nearly so valuable as before the change.
I am yours truly,
E. S. CARTER.

SOCIAL SERVICE

The field secretaries of the department of social service in the Methodist Church by their visit to St. John have conferred two benefits upon the community. They have, it may fairly be assumed, aroused among members of the Methodist churches a deeper personal interest in social service, and a desire to do some practical work.

SOCIAL SERVICE WORK

Rev. Hugh Dobson Tells How The Department of Temperance and Moral Reform in the Methodist Church Deals With Housing, Sanitation, Child Welfare, and Kindred Subjects

The work for social service that is being done by the Department of Temperance and Moral Reform of the Methodist Church is proving of great value, and is the more effective because there is hearty co-operation with the department of the Presbyterian Church dealing with social service, which is also admirably organized.

Rev. Hugh Dobson, who is one of the field secretaries of the department of the Methodist Church told the Times on Saturday some of the things that are being done, and they affect in the most intimate way the social welfare of the people.

Dr. Dobson spoke first of social surveys, both rural and urban, in which the department in the Methodist and Presbyterian Churches is interested, and on other subjects.

One cannot listen to Mr. Dobson without feeling that this new movement on the part of the churches is destined to have a great influence in bettering social conditions, and in the hands of the general secretary of the Methodist department, Rev. Dr. Moore, and the secretary of the department, Rev. W. J. Smith, and Rev. Hugh Dobson.

There is a Playgrounds Association in Regina, which co-operates with the school board. Through it there should be a playground within six minutes walk of every child. One very important element in this is supervision, and an appeal has been made to the normal schools in the western provinces to provide for the training of playground teachers.

As an illustration of the very practical way in which the Methodist church department is setting about its social centre work, Mr. Dobson spoke of a week he spent in Prince Albert, speaking on Sunday and every night of the week on the Christian ideal as applied to the conditions of town planning, housing, social surveys, playgrounds, the care of the children, the school system, and other subjects bearing directly on the social welfare of the people.

Mr. Dobson observed that it is in the rural districts that the increase in the use of machinery lessens the demand for the city's labor force, and there is thus rural communities a lack of social leadership, and a consequent degeneration in favor of the cities. The purpose of the rural survey is to get at the facts and thus clear the way for consideration of the remedy.

The department also co-operates with every body whose good character, improvement and the general improvement of the health of his people. It seeks especially to find out about the relation of over-crowding to tuberculosis, typhoid and infant mortality.

RECENT DEATHS

A telegram yesterday afternoon to His Lordship Bishop LeBlanc bore tidings of the death of Rev. Antoine Ouellette, a retired priest, formerly of the Cathedral, where he was rector for several years. The death took place at Edmonton, Madawaska county, at the home of his sister, Mrs. Gagnon, with whom he resided since his retirement from St. Stephen's Cathedral, Father Ouellette was a Joseph priest for years, after his departure from St. John. He was in the vicinity of eighty years of age. He will be buried at Edmonton on Thursday.

Father Ouellette was at the St. John Cathedral under Bishop Sweeney from 1888 until he went to Shediac in 1884. During the last six years he was at the Cathedral in St. Stephen on Friday. He retired from the ministry about four years ago and went to live with his sister in Edmonton. Father Ouellette was a man of great learning and was an able preacher.

Mrs. Edgar Hitchcock, who died recently at her home near Boston, was buried at St. Stephen on Friday. She is survived by her husband and three sisters.

Miss Sarah Caswell died in Boston last week and was buried on Friday from the residence of her father, William F. Caswell, Milltown. She leaves a husband, three sisters and three brothers.

In the death of Jacob V. Morrell, at 102 City Road, yesterday, the city loses one of its oldest and most highly respected citizens. Mr. Morrell was a Loyalist descent, was born Feb. 14, 1826, at Kara, Kings county, and moved with his family to St. John thirty-two years ago and lived an active life until the death of his wife in September, 1912, since which time he had been confined to his home.

He was well known about the city, in religion he was a staunch Baptist, being senior deacon of Waterloo street United Baptist church. He is survived by six sons and three daughters. The sons are: M. B. of Battle Creek (Mich.); I. V. of Egan (Ill.); A. W. of Boston; G. W. of St. John; J. O. of Montreal, and Louis, of Springfield (N. B.); Maria, of Boston, and Alice M., of St. John.

Moncton, N. B., Feb. 1.—Christopher P. Harris, for many years one of the most prominent business men in Moncton, died suddenly this morning, aged 77. He was active in promoting the gas water company, sugar refinery and cotton mill, and leaves a large estate.

Moncton, Feb. 1.—Edwin Thomson, son of the late Captain Thomson, died here Saturday night after a lengthy illness. Deceased was a retired employe with his family to St. John thirty-two years ago and lived an active life until the death of his wife in September, 1912, since which time he had been confined to his home.

After a week's illness, Mrs. Christina Duncan died yesterday at her home, 50 Paradise Row, aged seventy years. Her husband, who died about twelve years ago, was for some years in business as a grocer in Paradise Row. The late

ERRANT HUSBANDS IN CANADA (Times Special Correspondence) London, Jan. 29.—In an aggravated form, the problem of the husband in Canada, who is unwilling or unable to support his wife and family here, is being experienced this year. Boards of guardians in many parts of the country have to grant relief to maintain those left behind, and there is much grumbling. It is only within the last few years that this question has become prominent. Last year, it will be remembered, a delegation from Scotland went to Canada to trace errant husbands. It was successful in bringing several to their senses, and the consequent publicity seemed to have the effect of diminishing the number of cases in the north. Something of the kind is evidently needed elsewhere and apparently will come. A Royal Colonial Institute committee is conducting enquiries in this matter and proposes to communicate with the British and Canadian governments with the object of securing concerted action for the punishment of men guilty of desertion.

A FINE HORSE ASTRAY With but blanket and halter and almost exhausted, having apparently run a long distance, a handsome dark bay horse, weighing between 1,100 and 1,200 pounds, was found by Thomas Rathburn of Robeysay outside his barn door about eight o'clock on Saturday night. Mr. Rathburn put the horse in the barn and made him comfortable for the night and up till this morning had heard no word from the owner.

HIS BLADDER WAS TERRIBLY INFLAMED GIN PILLS Brought Relief Larder Lake, Ont., March 26th. "I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night. I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 pills to get them and I am pleased to inform you that in less than six hours, I felt relief. In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

Just like picking money out of the air at this clothing sale. Come in and see the peach of an overcoat you can pick at \$20. No cold storage fruit, but fresh from the clothing orchard picked from the regular \$25 tree. We nipped off \$5 because there was so little nip to the first of the winter. Ulsters that sold at \$13.50 to \$30 are half-price now. January was a record month for overcoat sales, but we have still a good selection.

IMPROPER DANCES
CONDEMNED FROM
CATHEDRAL PULPIT

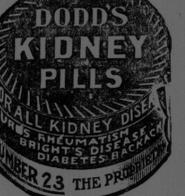

In the Cathedral yesterday morning His Lordship Bishop LeBlanc made reference to dances practiced in the east and in large cities in the United States, and pronounced condemnation of improper dances. His Lordship did not name any in particular. He spoke of dancing at entertainments held by societies and while he did not at the moment forbid all dancing, he said there should be none of these improper dances permitted at Catholic assemblies.

Wouldn't Spoil the Evening
Four old Scotchmen, the remnants of a club formed fifty years before, were seated round the club table. It was 5 a.m., and Donald looked across at Dougal, and said in a thick whisper— "Dougal, do ye no notice what an awful peculiar expression there is on Jock's face?" "Aye," said Dougal, "I noticed that he's dead. He's been dead these four hours." "What, dead? Why did ye not tell us?" "Ah, no, no, no," said Dougal. "Am no that kind of man to disturb a convivial evening."—Liverpool "Post."

Pueblo Fireman Has Been Hard One

(FROM T. S. ANDREWS)

Milwaukee, Jan. 21.—Jim Flynn, the Pueblo fireman who has been one of the toughest pieces of fighting machinery about the country for several years, must be looking for "come-back" judging from the manner in which he has been scoring knockouts of late. Recently he put Jim Driscoll, a Brooklyn strong man to sleep, and last week he added another K. O. to his record by putting Jim Logan away in two rounds. Neither victory could be classed as any better than a second rate but it shows that Jim still has the punch when he can land. Against Battling Levinsky Jim could do very little, which again demonstrates that he is not there for the clever battles any more. He depends entirely upon his ability to put over the punch. Jim has been one of the real hardy fighters, but lacking in weight when he was at his best to make headway against the heavyweights.

Battling Levinsky is either losing his speed or he is being worked too hard and often. For a time he was successful against all comers, heavyweights and middleweights, and his work was sensational, but of late he has been putting up mediocre contests; so much so that the clubs have made a kick against his work. Of course it must be considered that in his last two battles he was against heavyweights, men hard to push about when clinched, and that may have had a lot to do with his showing. When a big man works on the defensive almost entirely he can make even a clever man look very hard. What a referee should do in such cases is simply stop the bout and give the offender no part of the purse money. It would put a stop to a lot of "stalling" by boxes.

His Full Name
"What?" said a teacher to a boy with a slow memory, and he tried in vain to tell the name of the school-master. "Can't you remember your master's name?"
"No, sir."
"My name is Brown, blockhead."
"Well, now see if you can repeat it."
"What is my name?"
"Brown, blockhead, sir."

Was Confined To His Bed For Four Months With Rheumatism.
Mr. W. H. Riley, Ruddell, Sask., writes—"It is with the greatest of pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

HAD INDIGESTION.
Almost Despaired of Ever Getting Well.
When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues. No wonder then that Indigestion and Dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the debilitated system.

Doan's Kidney Pills help the kidneys to flush off the acid and poisonous impurities which have collected, and they clean out the kidneys, and dispel rheumatism from the system.
Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. Johnson Co., Limited, Toronto, Ont.
If ordering direct specify "Doan's."

LOCAL NEWS

SPECIAL TRAINS
Two special trains passed through the city this afternoon from Halifax with passengers from the west for the Steamer Scotian.

CANDLEMAS DAY.
In the Catholic church today was observed as the Feast of the Purification, with the blessing of candles. Tomorrow will be St. Blasius' Day and there will be the customary blessing of throats.

PROPERTY PURCHASE.
His Lordship Bishop LeBlanc has purchased the large wooden building in Cliff street next to the brick terrace. It was bought from the Misses Smith of Toronto.

FOOT CRUSHED.
While at work a few days ago cutting and putting ice into his ice house at his home at Westfield, LeBaron Jones of that place had his foot severely crushed when a heavy cake of ice fell upon it.

TO TAKE EFFECT TOMORROW.
S. G. Tiffin, who has been transferred from the position of division freight agent in this city to a more important post in Montreal with the L.C.R., will assume his new duties tomorrow.

HOME FOR BURIAL.
The body of Mrs. Elizabeth Brown was brought to the city on the Boston train this morning, accompanied by her son, Fred Hay. The funeral was held from the depot to Fernhill. Rev. H. A. Cody conducted the services.

DR. BURROWS MEETING.
At the evangelistic services in Victoria street Baptist church yesterday more than seventy-five persons went forward and signed the cards, thus declaring their desire and determination to live a new life. Rev. Dr. Burrows preached at three services, and many who desired to attend were unable to get into the crowded building.

DEATH OF A BOY.
After an illness of only two weeks, Arthur Thompson died yesterday at the home of his parents, 171 Water street, Carleton, in his eleventh year. He is survived by his parents, Mr. and Mrs. Arthur Thompson, and two sisters, at home. Many friends will deeply sympathize with the bereaved family.

HEAD INJURED.
Thomas Duffy is confined to his home in Sewell street through injuries sustained a few days ago while driving near Silver Falls. The coach which he was driving slid and his head struck against a tree. Swelling spread over his body and he will be confined to his home longer than at first expected.

DELEGATE TO OTTAWA.
At the meeting of Centenary Brotherhood yesterday afternoon the president, F. H. Bullock, expressed the hope that the brotherhood would send Rev. Mr. Barracough as their delegate to the great conference on social service to be held in Ottawa the first week in next month. He also expressed the hope that some other members of the brotherhood would be able to attend that conference.

NO DEVELOPMENTS.
There were no further developments this morning in the case of George Rogers, a passenger on the steamer Gramplan, who was detained on Saturday by immigration officials until he could prove his identity as a Canadian citizen. So far no reply had been received to his wife, the mayor of Port Arthur asking for the necessary information. Rogers is still in the detention building at Sand Point.

THE FISHERIES.
A change in the legislation governing the sale of fishery lots in St. John harbor is being sought by the city. Under the present law the sale is fixed for a certain date in January and if any lots remain unsold it is necessary to adjourn the sale to a date when they will again be offered. The amendment sought would give the city the authority to sell the lots whenever they wished upon the usual notice being given.

CUT HIS HEAD.
Friends of Mr. and Mrs. James B. Powers of Bridge street will regret to learn of a painful accident which befell their four-year-old son, Gerard, yesterday while he was playing about the house. In a fall which he sustained he received a severe gash on the head. Dr. C. M. Kelly was called and put several stitches into the wound. The lad, though having received a painful cut, seemed not to mind and was about as cheerful as ever today.

HE CAUGHT UP TO IT.
In connection with the story of the pursuit of the Italian burglar by St. John policemen yesterday morning, and the firing of a revolver in the hope of checking his speed, a local barber tells a good story.

Two negroes were being pursued by two policemen, and were getting away. One of the officers fired a shot, thinking they would come to a halt. Instead they went faster, and the chase had finally to be abandoned. Then one of the colored men said to the other:

"Sam, did you hear that bullet when it went past?"

"Yes," replied Sam, "I heard it twice."

"Why, how did you hear it twice?"

"I heard it first when it passed me, and then I heard it again when I passed it."

THE STEAMERS

Allan Line Steamer, from Glasgow for Portland via Halifax, was 450 miles east of Cape Race at ten o'clock last night. White Star Liner Ascania arrived at Halifax from Southampton yesterday morning at nine o'clock.

The Scotian, of the Allan Line, from Liverpool, arrived at Halifax last night at eleven o'clock.

COUNCIL TODAY

The Women and The Vote—Delegation to Wait on Commissioners

A delegation from the St. John Women's Suffrage Association will wait upon the Common Council this afternoon to urge their request that the franchise in municipal elections should be extended to married women who pay taxes. The petition was presented to the council last week and referred to the mayor, who has since said that he would report favorably upon it. In order to make sure that the other commissioners are fully informed regarding their request the ladies have asked for an audience this afternoon.

Commissioner Schofield is in the city today and may present his annual report on the ferry department at this afternoon's session.

No report has yet been received from Clarence Goldsmith, waterworks engineer, who made an investigation of the local water system and no further reply has been received from Premier Flemming since the amended police report was returned to him.

GARRISON MESS FOR ST. JOHN IS FORMED

Sergeant Major Lamb Chosen President at Meeting in The Armory

A garrison mess was formed in the city yesterday. For some time the sergeants of the city regiments have been considering the project. Yesterday afternoon representatives of the 78th N. B. Dragoons, the 8th Hussars, the 1st Regt. C. A. No. 8 Army Service Corps, 2nd Regiment St. John Fusiliers and No. 8 Section, Signalling Corps, gathered in the lecture room of the new armory and formed the garrison mess. Much enthusiasm was evidenced.

Sergeant Major Walter Lamb of the 62nd, was chosen president; Sergeant Major Edw. Sluder, 8th Hussars, 1st vice-president; Sergeant Major Paxton, 8th Dragoons, second vice-president; Sergeant Cilly, 8th Hussars, secretary; Sergeant Major A. Carless, Army Service Corps, treasurer; Color Sergeant R. Doog, 8th Hussars, sergeant-at-arms, and members of the executive, Sergt. Maj. Lamb, Sergt. Maj. I. Carless, Sergt. Maj. Sluder, Sergeant Henderson, and Q. M. S. Pitt.

The quarters of the newly formed mess will be elaborately fitted and will rank among the finest equipped in Canada, vying with even those established in Toronto and elsewhere. The executive will meet some time soon to frame a code of by-laws and arrange a constitution. It is expected that the total membership will be well above 100, through the amalgamation of the corps and regiments.

D. J. O'Neill Gives Animals Which Management Were Anxious to Get

Rockwood Park includes among its animals several specimens of the ordinary tame white Spanish rabbit, and also the Belgian hare. The management have for some time been desirous of adding the native hare, but through plentifulness in the woods throughout the province this proved difficult of accomplishment. Daniel J. O'Neill of the city management, learning of the want kindly interested himself and has at length been able to secure, and has donated to the park two pairs of these well-known New Brunswick rodents, one pair from Chance Harbor, the other from Bloomfield.

The northern or varying hare (Lepus Americanus), does not make a burrow like the rabbit, but larks in a seat or form, and is largely nocturnal in its habits. It is remarkable, as its alternative name implies, for the change of color which it undergoes without change of hair, on the approach of winter. Ordinarily it is of a bluish gray color, and becomes of a shining white, the change beginning with the feet and extending upward, terminating with the back—a provision of nature intended for its protection. These particular specimens are naturally still very timid, but no doubt will soon become accustomed to their surroundings. They can be seen for the present in a part of the pleasant enclosure, but larger and separate quarters will be provided for them in the spring.

NO FURTHER WORD OF FUGITIVE REPORTED

There is no further trace of the Italian who made such a sensational escape from the police yesterday morning after breaking and entering the jewelry store of A. Y. Paterson at 867 Main street.

After giving the fugitive a long chase the police lost the trail near the residence of William Fisher on the Adelaide road and it is supposed that he is somewhere in the woods near Millidgeville or Boon's Head. Detective Killen and Policeman Pitt were on the lookout at Millidgeville yesterday. It does not appear that any of the residents in that vicinity have seen or heard anything of the man looked for.

Mr. Paterson said that as far as he knew there are no valuables missing from his store.

IMPROVE COMMUNICATION BY WIRE WITH GRAND MANAN

The Board of Trade has been advised by the Department of Public Works that there is an item of \$9,500 in the estimates for the betterment of the service and the establishing of auxiliary telephone communication between Grand Manan, Campbellville and Eastport. This improvement will provide two lines between Grand Manan and the mainland, one of which may be used for a telegraph service, and this will prevent Grand Manan being out of communication with the mainland, such as has been during the last few months in stormy weather.
