CARS WRECKED; 4 PEOPLE HURT

Trolleys Collide Head-on in Milbury Mass.

Milbury, Mass., July 30.—Two trolley cars were wrecked in a head-on collision on the Worcester and Hadstone Valley street railway late this afternoon, and eight people were injured, four of them severely. The accident occurred at a curve two miles from Milbury Centre, and was due, it is said, to the fact that the cars were running "off time." The most severely injured, who were taken to the Worcester City Hospital, were:

Leroy H. Leggie, motorman, aged 31; right leg crushed below the knee and had scalp wound, injured leg will probably require amputation.

Max Allen, Worcester, compound fracture of right leg below knee.

Charles Ridder, Worcester, caught between car seats, bruised and cut badly.

William G. Kester, Worcester, head split and nervous shock.

Four others less severely injured went to their homes.

BIG QUEBEC MILL A PREY TO THE FIRE FIEND

Dalhousie, July 30.—The Champeaux lumber mill, opposite Campbellton, was reported to be on fire this afternoon about 4 o'clock and the latest information here is to the effect that the mill has been destroyed. Four million feet of dry lumber is piled on the wharves and it could not be determined how much if any of this had been destroyed. Eight vessels were in danger but they were warped out into the bay and escaped the fire.

The company's mill was a very fine one. It is said to have cost \$138,000. The equipment included hand saw and double log saws. The bulk of the lumber manufactured was for the South American market. The company owning the mills is said to have had headquarters in Portland (Me.).

EARTHQUAKE SHAKES CENTRAL MEXICO, MANY ARE KILLED

Mexico City, July 30.—Chilpancingo was destroyed, Acapulco partly razed and possibly many lives lost in an earthquake which shook Central Mexico from the Atlantic to the Pacific and from Queretaro on the north to Oaxaca on the south, an area of more than 1,000 square miles, at an early hour today. The shock was a special affair and was the most severely felt in the region for the last quarter of a century. In Mexico City it was quite pronounced, but fortunately worked but little destruction in the capital city.

Reports telling of the loss of life are meagre, but the official figures thus far given show at least thirteen killed and more than a score mortally injured.

Word comes from G. Foyras, an American commercial traveler at Chilpancingo, in the state of Guerrero, that that city was destroyed and that the inhabitants are living in the open, suffering from the elements. The loss of life there is probably incalculable. The shocks continue at Chilpancingo tonight with subterranean rumblings, flashes of lightning, and hail.

Acapulco, also in Guerrero, was partly razed, but the extent of the damage is not definitely known as communication with that part of the republic is not well established. According to the observatory records, the first shock of the series was felt at 4:15 this morning, the rocking oscillation being from the east to the southwest. It was severe, causing the bells of the many cathedrals of Mexico City to toll, breaking rockery and in some instances leveling walls.

The inhabitants of the capital had hard

THREE SEEK NEW U. N. B. CHAIR

Chancellor Jones Has Applications to Submit to Senate on Wednesday.

Fredrickton, N. B., July 30.—Hon. L. P. Harris, police commissioner on the Trans-continental, is in the city this evening on his way home from Perth, where he disposed of a number of cases against parties charged with selling liquor in the prohibited district.

Henry Dakins was convicted of first and second offences and was fined \$120 and costs.

Flies Basking, of Plaster Rock, was fined \$30 and costs for a first offence.

William Day, Arthur Day and Thomas Wright, charged with selling liquor, were released.

On Thursday Constable Pearson seized a quantity of liquor from one Emil Hild, who was heading for the construction camp, and the commissioner ordered it to be destroyed.

When the senate of the University of New Brunswick meets here on Wednesday next, Chancellor Jones will place before the meeting at least three applications for the new chair of English and literature at the university.

One of the applicants is a graduate of Trinity College, Dublin, where Dr. Jones taught in the old country recently attending the Darwin centennial at Cambridge University.

Another is a graduate of Harvard, and a third is an Indiana man.

An application has not been received from Rev. Frank Baird, of Sussex, whose name has been mentioned in connection with the position, but it is not unlikely that his name will be placed before the meeting.

Dr. Jones also expects to be able to place before the senate the name of a satisfactory professor to fill the chair of modern languages during the coming year, Prof. Geoghegan having been granted leave of absence for twelve months.

Dr. Jones said yesterday that he expected that Prof. Geoghegan would undoubtedly return to the university at the conclusion of the period of his leave of absence.

Although it is somewhat early to make any predictions everything points to a highly successful year at the U. N. B. and a large freshmen class is expected. The death occurred on Thursday night at her residence at Royal road, of Maud, wife of Fred. Evans, of congestion, aged twenty-two years. Deceased leaves, besides her husband, one young son to mourn the loss of a devoted wife and mother.

James Ashfield, of St. Marys, and besides her father, three brothers and four sisters were left to mourn their loss.

Frank Wry is giving up his position as operator in the local office of the Western Union Telegraph Company. He has accepted the position of operator with the C. P. R. Telegraph Company here, succeeding Whittier Fenley, who is removing to Montreal.

Charles O'Brien, the well-known marble worker, died last night, after a two weeks' illness from heart trouble. He was sixty-three years old, and leaves a widow, four sons and two daughters.

Chief Superintendent Carter had rented the Fitzpatrick house, lately occupied by T. A. Peters, and will remove his family here from St. John early in September.

G. W. Taintor, of New Brunswick, caught two salmon on the southwest Miramichi this week, weighing twenty-one and four pounds, respectively.

The strike at the shoe factory is still on, and prospects of settlement are not bright. The company's officials say they have no quarrel with the men who have gone out, and if they don't return to work it will be necessary to fill their places.

The members of the St. John river commission left for home this morning.

Mayor Chestnut and F. B. Edgecombe returned today from a fishing trip to Cain's River. They caught a large number of fish.

Dr. J. McLaughlin and daughter are negotiating for a house and will probably spend the winter here.

Earle MacNutt and Douglas Coburn left yesterday for St. John.

SEVEN YEARS AN INVALID

When She Took "Fruit-a-tives" and is Now Well.

Amprion, Ont., Nov. 27, 1908.

I was an invalid for seven years from fearful Womb Trouble. I had falling womb, with constant pain in the back and front of my body, and all down my legs. There was a heavy discharge and this made me weak, sleepless, restless and miserable. Often I was obliged to be in bed for a month at a time. I was treated by several doctors, but their treatment did me no permanent good.

A few months ago, I was persuaded to try "Fruit-a-tives." I took several boxes, and from the outset of this treatment I was better. My Constipation was cured, and the discharge lessened. I took, for the painless, several bottles of the Iron Mixture as recommended in the "Fruit-a-tives" book, but I feel that it was "Fruit-a-tives" alone that cured me.

(Mrs.) Ellen Levesque.
Take Mrs. Levesque's advice. Take "Fruit-a-tives" and cure yourself. 20c a box, 6 for \$2.00, 12 for \$3.50. At druggists or from Fruit-a-tives Limited, Ottawa.

JOHN HENRY AND THE BABY'S NAME

(New York Herald.)

His name is John Henry Appleby. Her name is Mrs. John Henry Van Rensselaer Appleby, which is some name when you come to think about it, says the Dutch News-Tribune.

John Henry's arms was a red faced, bald headed, squealing little thing which was the delight of John Henry and the proud Mrs. John Henry, &c.

"My dear," said Mrs. John, "don't you think we should call him Vanderventer, after my great-grandfather? You know, dear, he fought a Trenton, or Valley Forge, or some place—or maybe we could name him Snookums after my maternal grandfather. I remember, love, what a fine old man he is in the painting, such a lovely tie and collar he wore, too. Bless St. John's Church! Appleby, do you think, dear? Oh, then, there is my paternal grandfather. He ran the bank, you know, even if I did fail. And such a romantic name—Lochivar Byron Van Rensselaer."

"Yes," said John Henry, rubbing his improving brow with a moist palm. "I remember that your great-grandfather was a Dutch Hessian that tried to destroy the liberties of the American people, madam; that your maternal grandfather was mixed up in the Credit Mobilier or some other dastardly conspiracy; that your paternal grandfather failed in order to freeze out the small stockholders of his bank, and you didn't mention it, my dear, but the only time the newspapers ever printed anything about him was when he married."

And John Henry, Jr., it was which shows that we should be careful in selecting our ancestors.

HENRY M. PUTNEY PASSES AWAY

Manchester, N. H., July 30.—An actor who had played a prominent part in every drama enacted on the New Hampshire political stage during the past quarter of a century, passed behind the scenes late today, when Henry M. Putney, chairman of the state board of railroad commissioners, died at his home in this city.

After having been in ill health for two years, following a slight paralytic shock, Mr. Putney was seized with a serious sickness on Wednesday night last, and by four o'clock today he was stricken with apoplexy.

COLD ON THE CHEST

Had Suffered For Weeks—Used Fourteen Different Remedies Without Effect

CURED QUICKLY BY "NERVILINE"

No stronger proof of the wonderful merits of Nerviline could be produced than the letter of Miss Mosher, who for years has been a well-known resident of Windsor (N. S.).

"I want to add my unqualified testimonial to the efficacy of your wonderful medicine, "Nerviline." I consider it the best remedy for a cold, sore throat, wheezing or tightness in the chest, etc., and I can state that for years my husband never been without Nerviline. I had a dreadful attack of cold, that settled on my chest, that fourteen different remedies couldn't break up. I rubbed on Nerviline three times a day, used Nerviline as a gargle, and was completely restored. I have induced dozens of my friends to use Nerviline, and they are all delighted with its wonderful power over pain and sickness.

"You are at liberty to publish this signed letter, which I hope will show the way to health to many that need to use Nerviline.

(Signed) "LUCKY MOSHER."
All sorts of aches, pains and sufferings—internal and external—yield to Nerviline. Accept no substitutes. 25c. per bottle, or 6 for \$1.00. All druggists, or The Catarhozone Company, Kingston, Ont.
