WHEN YOU CAME TO CANADA

You did so because you had heard that this was a good country to live in and to work in.

You know that it is a good country. You know now that the opportunities for men and women are such as cannot be enjoyed elsewhere.

You know now that, in the fullest sense of the word, Canada is "a land of hope for all who toil - a land of liberty".

Knowing this, then, and knowing Canada - your adopted land --- is raising a Victory Loan to finish paying for her part in the War of Liberty, you are urged to lend your money to Canada, by buying Victory Bonds. And Canada expects that you will show by the number and amount of Victory Bonds that you buy, just how thoroughly you appreciate the benefits you enjoy by living in this great Democracy.

Remember also, when you buy Victory Bonds you make an absolutely safe investment. The security of the whole resources of the Dominion is behind it.

Canada will pay you 5½% interest for the loan of your money and will repay it in full in five or fifteen years. as you wish.

Show your appreciation what Canada has done for you.

Buy Victory Bonds to the very limit of your ability.
