

FIRST CLASH BETWEEN ITALY AND FORMER ALLIES AT ANY MOMENT

AUSTRIANS WITHDRAW TROOPS FROM ITALIAN FRONTIER TOWNS; BURN BRIDGES AND DESTROY LINES OF COMMUNICATION

First Clash Near -- Believed Austro-German Army Carry Fighting Into Italian Territory and Strike First Blow -- Italian Troops Massed in Great Numbers Along Frontier -- Italian Senate Adopts Chamber's Action Granting Government Free Hand.

DAY'S DEVELOPMENTS IN ITALIAN SITUATION

Italian Senate by vote of 252 to 2, adopts bill giving government full powers in case of war.

Navigation activities in Adriatic Sea suspended.

Austrians withdraw troops and customs guards from frontier points after blowing up bridges and destroying telegraph and telephone lines.

Austrian aeroplanes reported to have flown over Italian territory.

Great demonstration in Rome where Royal Family are given ovation.

Austrians cut railway lines along frontier.

London, May 21.—A state of war now virtually exists between Italy and her former allies, Austria and Germany, although no formal declaration has yet been made.

Austrian troops have been withdrawn from some of the frontier posts and all navigation services in the Adriatic have been suspended. As indication that the clash is not far off is the fact that the Italian Senate today endorsed the action of the Chamber in granting the government extraordinary powers in the event of war, for which the whole country appears to be enthusiastic.

TEAR UP RAILS ON FRONTIER RAILROADS

Bulletin—Paris, May 21 (9.15 p.m.)—A despatch to the Havas Agency from Udine, Italy, says that the Austrian military authorities today, after returning Italian mail sacks to Italy from the Austrian frontier, cutting the telegraph communications and also removed rails from the railroad line.

Geneva, May 21, via Paris (4.50 p.m.)—Information gathered by correspondents on the eastern frontier of Switzerland shows that Austrians and German forces, with heavy artillery, have been concentrated at Trent, Bozen and Merano. Movements of considerable bodies of troops are reported from Munich.

The theory is advanced that Germany and Austria expect to break through the Italian frontier defences and carry the fighting into Italian territory. Italian troops are massed in great numbers, however, along the same front.

Brescia, Italy, May 21, via Paris (3.30 p.m.)—The Austrians evidently consider that a state of war between the dual monarchy and Italy already exists. The Austrians have withdrawn their troops and customs guard from the frontier at Ponte Caffaro and Ledro, after destroying the bridges, the telegraph and telephone lines and the electric light apparatus. Other bridges on the frontier have been mined.

From Ponte Caffaro and Ledro two roads pass over the frontier and serve for communication between Italy and Austria.

On the neighboring mountains Austrian artillery can be seen.

Paris, May 21 (10.15 p.m.)—A despatch to the Havas Agency from Rome says that the bill giving the government full powers in case of war was adopted by the Italian senate by a vote of 252 to 2.

Austrians Prevent Italians From Returning Home

Rome, May 21 (12.15 p.m.)—Advice received in Rome from Basel, Zurich and other Swiss towns in touch with Germany and Austria are to the effect that thousands of Italians are being prevented from returning home by the German and Austrian authorities. In addition it is asserted that the employers of Italians in Austria and Germany are refusing to pay the men their wages.

If these reports should be true they would be a striking contrast to the conditions existing in Italy, where Germans and Austrians are being protected and given complete freedom.

Ovation For Royal Family in Rome

Bulletin—Rome, May 21, via Paris (11.05 p.m.)—Several hundred thousand persons, led by the mayor of Rome, gathered tonight, before the Quirinal. The members of the Royal

FRENCH TAKE 'THE WHITE WAY' FROM GERMANS

Drive Enemy from Strong Hill Where Their Machine Guns Were proving Hindrance to French Advance.

Paris, May 21 (10.45 p.m.)—The official communication issued this evening says:

"Supplementing the previous reports of the importance of the defeat suffered by the Germans in their attack to the north of Ypres, during the night of May 20-21, we captured 150 prisoners and took several machine-guns. The ground was strewn with more than 500 German dead.

"The weather having improved, our troops on the slope of Notre Dame de Lorette made an attack which succeeded brilliantly. We have taken the German fortified works called 'The White Way' (La Blanche Voie), which is situated on the only one of the five southern ridges of the Lorette Hill, which was still partially in the hands of the enemy. From this point the Germans, with their quick-firers, were considerably hampering our action, as also was the case on the plateau and to the west of Souchez.

"The entire Lorette Hill and the lesser ridges, which the enemy had defended fiercely for more than six months, are therefore in our possession. In addition we have captured that section of Ablain St. Nazaire, which linked 'The White Way' works to the northern end of the village, still occupied by the enemy.

"In this fighting we captured more than 250 prisoners, several of them officers. We also took a cannon of the enemy.

"The enemy replied to our success here with a very violent bombardment. They have not, however, counter-attacked.

"The day was uneventful on the rest of the front."

Zeppelins May Use Bombs Charged With Poisonous Gases

London, May 21 (8.25 p.m.)—An indication that German Zeppelins might be used with bombs charged with poisonous gases, if they make raids on London, is contained in a notice issued by Scotland Yard tonight.

Alpine Troops Strain Leash in Desire to Attack Austrians

Udine, Italy, via Chisasso to Paris, May 21 (8.40 p.m.)—From the Alps, which are still covered with snow between the fir forests, down to the sea, where the grape-vines form miles of festoons, the whole vast region has been transformed into a huge military encampment. Everywhere are tents, gun carriages and flags, and at all points in this section there is the intense activity which makes a military camp.

The Italian army officers have great difficulty in restraining the soldiers from crossing the frontier. The troops most anxious to fight are the

SIR ROBERT BORDEN EXPECTED BACK IN OTTAWA NEXT WEEK

Hon. Mr. Hazen Gone to Adirondacks to Recuperate After Recent Operation.

Special to The Standard.

Ottawa, May 21.—Sir Robert Borden is expected back in Ottawa early next week and all the cabinet will be here except Hon. Mr. Hazen, who has gone to the Adirondacks for rest and quiet after his operation in Montreal.

It is believed that one of the first things to be dealt with by the prime minister will be the resignation of the secretary of state, and popular member for Hochelaga. It is understood that Hon. Louis Coderre is likely to succeed Mr. Justice Teller on the bench in Montreal. The latter has served for many years and is qualified to retire on full salary.

The question of the new French-Canadian member of the cabinet is uncertain. The French-Canadian members of the House of Commons will doubtless be allowed to offer suggestions on the matter after discussion among themselves.

ATTACKING TURKISH FORTS AT KOMU BURNU

Allies' Ships Hammering Away at Enemy's Strongholds and Town of Gallipoli Badly Damaged.

London, May 21 (9.27 p.m.)—"There was a lively bombardment yesterday of the Dardanelles, directed principally against Turkish camps at Komu Burnu, on the Asiatic side," says Reuters Athens correspondent. "It is stated that Chanak Kalesi has been completely destroyed and that the town of Gallipoli, on the European side of the waterway, has been badly damaged."

"CANADA" GLOWS WITH NEW MEANING BEFORE THE WORLD SINCE THE BATTLE OF YPRES

Canadian Eye-Witness' Story of Incidents in Great Fight Where Men of Canada Won Reputation by Their Gallantry -- Maj. Guthrie Sinks His Rank as Major in Order to Get Into Thick of the Fighting -- Many Heroic Acts which Historians May Miss.

(By Sir Max Aitken, Canadian eye-witness.)

London, May 21.—A wave of battle is like a wave of the sea. While it advances one is only conscious of its rush and roar, only concerned to measure how far it may advance. As it ebbs the known landmarks show again and we have leisure to gather observations of comrades who were borne backwards or forwards on the flood.

The wave that fell on us around Ypres has christened the Dominion into nationhood; the mere written word "Canada" glows now with a new meaning before all the civilized world. She has proved herself, and not unworthily; but those who survive of the men who have won our world right to pride are too busy to trouble their heads about history. That may come in days of peace.

The main outlines of the battle have been dealt with already. We know what troops took part in it and how they bore themselves, but the thousand and vivid intimate episodes seen between two blasts of gun fire or reported by men met by chance in some temporary shelter can never all be told. Yet they are too characteristic in their unconsciously to be left without an attempt at a record, so I give a little handful from a great harvest.

In the days before the battle, when the Canadians lived, for the most part, in and about Salby, whence one saw, as I have already written, the German trench flares, like Northern lights on the horizon, Hon. Captain Costigan, Calgary, was the field cashier and lived as the field cashier must, decently remote from the firing line. Then came the great attack that proved Canada, and the German flares advanced and advanced till they no longer resembled flickering auroras, but the sizzling electric arc lights of a great city. Captain Costigan locked up his pay chest, and abolished his office, with the words: "There is no paymaster."

Major Guthrie Keen to Get Into the Fight.

Next sinking his rank as Honorary Captain, he applied for work in the trenches and went off a Lieutenant of the Tenth Canadians, who needed officers; he was seen no more, until Monday morning, when he returned to search for his office, which had been moved to a cellar at the rear and was at the moment in charge of a Sergeant. But he had only returned to inveigle some officer with a gift for accounts into the paymaster's shop. This arranged he sped back to his Tenth Battalion.

He was not the only one of his department who acted as a combatant on that day. Hon. Captain McGregor, of British Columbia for example, had been paymaster for the Canadian Scottish, Sixteenth Battalion. He, too, armed with a cane and revolver, went forward at his own desire to hand-to-hand fighting in the wood, where he was killed fighting gallantly to the last.

The case of Major Guthrie, of New Brunswick, is somewhat similar. He was major of the Twelfth Battalion, still in England, but was then at the front, in some legal military capacity connected with court martials. He, like Captain Costigan, had asked for a commission in the sorely tried Tenth. There was some hesitation, since Guthrie, as a major, might quite possibly find himself in command of what was left of the Tenth, if and when he found it. "I'll go as a Lieutenant, of course," he said and as a Lieutenant he went.

Lieut.-Col. Currie, commanding the 48th Highlanders, Fifteenth Battalion, had his telephone communication with his men in the trenches cut by shrapnel. He therefore moved his headquarters into the reserve trenches and took with him there a little band of "runners" to keep him in touch with

THINKS DOMINIONS SHOULD HAVE VOICE IN NEW MINISTRY

Suggested that New Cabinet Should be Empire Coalition One With Representatives from Dominion.

London, May 21.—(Gazette Cable)—That the Overseas Dominions should not have to wait until the war is concluded in order to participate in a new form of Empire government, but should now be active advisers of the Imperial government, is the suggestion made by Sir Lawrence Gomme, former chief clerk of the London County Council. Writing to the Daily Telegraph he advocates that the coalition ministry should be an Empire coalition of organizing statesmen and specifically singles out Premier Botha of South Africa, who should work with Lord Kitchener.

The attack on Lord Kitchener by the Northcliffe group of newspapers is arousing a good deal of resentment, which is freely expressed by opposition journals. The Pall Mall Gazette declares that if the working of the constitutional machine is made more difficult we shall be near a situation which will drive democracy to demand a dictatorship.

The Globe, which has advocated a coalition government, says that when the full story of the shells supplied to the British army is told it will be found that Lord Kitchener has been improperly attacked.

LABOR MAN IN NEW GOVERNMENT

Arthur Henderson to succeed Rt. Hon. Herbert Lewis Samuel as president of local Government Board.

London, May 21.—The first authoritative announcement as to an appointment in the British national cabinet, outside of Premier Asquith and Sir Edward Grey, the foreign secretary, is that of Arthur Henderson, a Labor leader, who succeeds the Right Hon. Herbert Lewis Samuel as president of the Local Government Board. The Trade Unionists are highly pleased at the appointment.

SERBIAN ARMY REORGANIZED MARCHING TOWARD AUSTRIAN BORDER BELIEVED ON ANOTHER INVASION

LT. GOV. WOOD AT CELEBRATION IN FREDERICTON

His Honor Presides at Empire Day Programme at Capital—Rev. Dr. Campbell One of the Speakers.

Fredericton, May 21.—Lieutenant Governor Wood presided today in connection with the celebration of Empire Day. At Parliament Square the school children were lined up, and after the Fredericton Brass Band had rendered patriotic selections, the city school children and the Normal School students sang songs of a patriotic character.

His Honor delivered a stirring address, in course of which he said: "The Mother Country is today engaged in a terrible struggle; she is obliged to fight a foe composed of the fiercest and most formidable combination of a fighting force the world has ever seen. Upon the issue of this terrific struggle depends the maintenance of her prestige as a power among the nations of the earth. It also involves the securities of our liberties as Canadians and the safety of our homes. It is our duty in this crisis to aid the Empire to the fullest possible extent."

"Those whose age and physical strength fit them for it should volunteer to enlist and go as so many have already gone to face danger and death at the front. The older and the younger among us who are unfit for active service on the battle field should enter the training camps and prepare themselves to assist in home defence, or, if required in the various ways as Cadets or Boy Scouts, they can render useful services."

Rev. Dr. Campbell next spoke and gave reasons in support of the contention that the cause of the Empire in the present war is just and must prevail.

RECRUITING RALLY HELD AT NEWCASTLE

Newcastle, May 21.—Major Donald of the 55th Battalion addressed a meeting here in Town Hall last night, after a preliminary address in the afternoon. He explained that about 50 recruits were wanted at once from this county.

Of the 600 men who went to Sussex, 82 were from P. E. I., and about the same from Northumberland, 160 from the whole North Shore. But a draft of 242 men had been demanded at once for reinforcements to the army at the front. More drafts would be needed. The county districts did not realize that men were needed.

He suggested a recruiting committee for Northumberland West. The newspapers were advertising free, and the clergymen were asked to make special efforts next Sunday to get recruits.

J. D. Creighton, chairman; Mayor Stothart, Ald. McGrath, Rev. S. J. MacArthur, Rev. Fa'ner Dixon, Rev. D. Harrison, W. A. Park and others spoke.

The following central committee were chosen with power to add to their numbers from the parishes: Mayor Stothart, Ald. D. Ritchie, secretary; D. J. Buckle, E. H. Sinclair, W. A. Park, J. D. Creighton, Ald. F. C. McGrath, A. A. Davidson, W. J. Jardine and ex-Mayor C. J. Morrissey.

The western parishes will be canvassed within a week.

Lieut. H. S. Murray is local recruiting officer. He has joined the 55th himself.

Australian Troops Brilliantly Avenged Their Leader's Death

Melbourne, Australia via London, May 21 (11.30 p. m.)—General Sir Ian Hamilton, commander-in-chief of the British forces at the Dardanelles, in a cablegram today to the governor, expressing regret for the death of Brigadier-General Bridges, a commander of the Australian forces at the Dardanelles, who died as the result of a wound, says: "The irreparable loss was brilliantly avenged yesterday by his own troops who inflicted a loss of seven thousand on the enemy, our loss being under five hundred."

ENEMY'S ADVANCE BROUGHT TO HALT SOUTHEAST OF PRZEMYSL

Austria Surrounded on All Sides by Enemies Likely to Find Roumania, Greece and Bulgaria Arrayed Against Her.

London, May 21.—Simultaneously with the anticipated advent of Italy into the war, Serbia's re-constructed army has fully recovered from the campaigns which resulted in the Austrians being driven from Serbia, and well armed and equipped it is announced, has commenced a march toward the Austrian border, bent on another invasion of Austrian territory. Thus Austria is being attacked from all sides and has still another enemy, Roumania, in prospect, for it has been an open secret for a long time that Italy and Roumania have an agreement to act in concert. Roumania, however, is awaiting the conclusion of an agreement with Greece and Bulgaria, which are also expected to join the Allies before she takes up arms.

These anticipations explain the tremendous effort that Austria and Germany are making to complete the defeat of the Russians, who having been forced out of Western Galicia and the Carpathians, now are offering stubborn resistance to the further advance of the Germanic allies behind the San river and around Przemyśl. Although

the Germans have crossed the San north of Przemyśl, and the Austrians have advanced to the southeast of that town, they appear at last to have been brought to a halt, as today's report from Berlin does not claim any further progress.

Just to the north, in Poland, the Russians are carrying on a strong offensive and driving the Germans back, have at least partly exhausted the German flank in Galicia. However, after the way they have been driven back, and the heavy artillery bombardment they have had to undergo, the Russians must take some time to regain the initiative.

Since foggy weather has stopped the battles in the west the Allies have confined themselves to attempts to improve and organize the positions gained, and in this they claim to have been successful, although the Germans state that all the Allies attacks have been repulsed.

Unofficial despatches from Athens continue to report successes for the Allies, but official quarters remain silent—an attitude which meets with some criticism.

BRITISH BRING DOWN ENEMY AEROPLANE NEAR YPRES

Operations Hampered by Weather, But British Take More Ground from Enemy Near Neuve Chapelle — Infantry Shows Great Gallantry in Charge on German Positions.

London, May 21.—"Since my last communication of the 17th," says Sir John French, the British commander-in-chief, in an official communication made public tonight, "the operations have been hampered by the weather."

"But in spite of this our troops have made appreciable progress east and south of La Quingne Road (near Neuve Chapelle). The main characteristics of these operations have been numerous local fights, for strong positions behind the enemy's line. In capturing several of these points our infantry has again displayed great gallantry."

"On the remainder of the front there is nothing to report, except minor artillery engagements."

"Last night we brought down a German aeroplane in the neighborhood of Ypres."

curious to see how they took their professional manner into the field. Half the cities and towns in the Dominion might have identified their own doctors under the official uniforms, as far as they could have seen them. Although they were working at high pressure they were unmistakably the same men. Some were as polite as though each poor mangled case represented (which it might well have done), the lives and hopes of wealthy and well known families. Others employed the same little phrases of encouragement and the same tricks of tone and gesture at the beginning and end of the operations as their hospitaliers have known for years.

For some the memory of that struggle in the wood where the guns were still stand out clearest in the raw primitiveness of its fighting. Others will recall only struggles among rubbish heaps that once were villages.

Their Dear Ones. Then, as we buried our dead, the records began to be made. And the terrible cables started to work on the list of names for home.

The grief that we suffer is more new to us than to the English, who have paid the heavy tolls of Mons. The retreat, the battle of Neuve Chapelle, and the first attack on Ypres, and, like ourselves, have prepared and are preparing men to fill the gaps; but through their grief and ours runs the unbreakable pride of a race that has called itself imperial before we knew what Empire signified, or had proved itself within its own memory by loss and open-handed sacrifice.

In that pride we are full partners, and through the din and confusion of

battle Canada perceives how all that has gone before was but fit preparation for the destiny upon which she enters and the history which she opens from this hour.

Suffered Intense Pain in Her Back, Could Hardly Do Her Housework.

If a pain attacks you in the back "stop and think" what it is and what causes it. If the kidneys are at fault—and in a large majority of cases of pain in the back they are—doctor them at once, and doctor them persistently, as it is impossible to have a well strong back unless the kidneys perform their functions properly.

Doan's Kidney Pills cure all terms of kidney trouble, and cure them to stay cured.

Mrs. H. F. Jacob, Lavant Station, Ont., writes: "I take pleasure in telling you how much good your medicine has done me. I had suffered from intense pain in my back, and was so bad I could hardly do my housework. My kidneys were also bothering me a great deal. I tried several kinds of patent medicines, and was almost discouraged, and was looking for some other kind of medicine to try when I noticed your advertisement of Doan's Kidney Pills, so I thought it could not hurt to try them. I noticed a great difference when I had used one box, and to my great relief when I had used three boxes I was entirely cured, and I have not been bothered since. I will not hesitate to recommend them to all I know."

Doan's Kidney Pills are 50c a box, or 3 boxes for \$1.35, at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

EMPIRE DAY CELEBRATION AT BATHURST

Interesting Meeting—Stirring Addresses by Hon. J. B. M. Baxter, Rev. J. J. McCaskill and Other Speakers.

Bathurst, May 21.—An inspiring Empire Day celebration was held here tonight, the feature of which was the patriotic addresses by Hon. J. B. M. Baxter and Rev. J. J. McCaskill of St. John's. There was a large attendance and the speakers were heard with keen enjoyment.

Hon. Mr. Baxter in the course of his address referred to the popular conception of Great Britain as a nation of shopkeepers, but that as much as anything else contributed to British success for the honesty which found its expression in the splendid record of British business was also the underlying principle which made the British people regard treaty obligations as more than mere scraps of paper. Since the outbreak of active hostilities the British troops had demonstrated to the world what a splendid showing could be made by a peace loving nation when called upon to den the paucity of war in defence of a righteous cause.

He emphasized the importance of the present Empire Day. It found the Empire united in conflict against the foes of civilization. The Empire could only be as strong as the individual for it was the collective effort and collective thought of the individuals in the Empire which went to make up the character of the Empire as a whole. In a brilliant peroration he exhorted Canadian young manhood to bear bravely and willingly its part in the development of this Canada and of the great British Empire of which this Dominion forms so proud a part.

Rev. J. J. McCaskill spoke on "The Britain of the Future," and in the course of his address made said: "Looking is more unprofitable than an attempt to prophecy, so I am not going to undertake it. We merely hope to indicate a increase of riches? The cosmic desolation of the present world hardly be justified if our future should find another a Britain in few of the things that must follow if we are to justify the present we must give more attention to the high endeavors of the soul. CANADA DOING HER DUTY TO THE EMPIRE

Criticisms in some biased newspapers concerning recruiting are not substantiated by real facts—Government has enlisted, trained and equipped more men than originally intended.

Ottawa, May 20.—Canada at the present time has nearly sixty thousand men in France, Flanders and Great Britain. Forty thousand have been sent to the firing line. Nearly 110,000 Canadians are under arms.

It has been recently stated in various newspapers:

(1) That there is not in Canada an office open where a man who wants to enlist for the war can be taken.

(2) That thousands of men in the west have been rejected on the grounds that there are more recruits than necessary.

(3) That generally speaking recruiting is not facilitated.

(4) That there is no provision whereby anybody in Canada who wants to enlist can do so without difficulty near his home.

(5) That Canada's boast that she could send a hundred thousand men to the firing line is not being made good.

After enquiry from the most reliable and responsible militia authorities The Standard finds that the position of the government and militia department can be summarized by the following answers to criticisms:

To the first the answer is that recruiting offices have been open over practically the whole of Canada since the beginning of the war.

To the second, the answer is that the answer is that the rush of recruits for the first contingent made it impossible to accept all volunteers, but that all men offering their services are now being enlisted.

To the third, the answer is that nearly 60,000 fully trained and equipped fighting men have been sent across the water that over 40,000 men are at the front, that nearly 110,000 men are now under arms, and that the recruiting of a fourth division is now under way.

To the fourth, the answer is that

there are hundreds of recruiting offices scattered all over the country, and that recruiting sergeants visit the most remote districts enlisting men and paying their way to the nearest training station.

To the fifth the answer is that more than the boasted one hundred thousand men are already under arms; that nearly sixty thousand have already left for the front and that a continual stream of men will be sent as reinforcements.

One other criticism offered by some military men is that the policy of the department in turning down medically fit men in certain districts when the units of the particular district is recruited to full strength, is a mistake. They argue that all men offering themselves should be enlisted whether or not their services are needed to make up the immediate complement of men required, that they should be taken and put into training immediately.

This argument is met by the department, pointing out that some sort of uniform policy must be followed by the government, that to enlist an un-uniformed crowd without proper training facilities and with limited equipment would mean inevitable confusion, disorganization and unnecessary expense, as all men enlisted have to be paid.

The government, it is pointed out, has actually enlisted, trained and equipped more men than was at first decided upon.

In parliament Sir Robert Borden laid down a policy by which it was determined that 50,000 men should be kept constantly under arms. This

number is now exceeded by men who have actually left the country's shores, and there are nearly 50,000 men in training in Canada besides.

The despatch of men to the front has been carried out with the greatest secrecy and without the slightest hitch. Thirty-three thousand men sailed with the first contingent.

Eight thousand men followed in February and March, and nearly 20,000 have left during the past few weeks.

A Food That Relieves Constipation

If you suffer with constipation, or fermentation of food, ask your doctor for a food containing 25 per cent. deodorized Flaxseed, 30 per cent. Whole Berries of Wheat, 35 per cent. Whole Berries of Rye and 10 per cent. Bran wouldn't help you. This is the formula of Dr. Jackson's "Roman Meal," the most nourishing food sold, which aids digestion and positively prevents constipation.

"Roman Meal," besides making a most inviting breakfast porridge, is equally good for making pancakes, puddings and all baked products. At all grocers—25c a large package.

FINE RECRUITING MEETING HELD AT CHIPMAN

Large attendance in hall and strong appeals to men to rally to Empire's call—Meeting at Newcastle.

Special to The Standard

Chipman, Queen county, N. B., May 21.—The recruiting campaign for the 55th Battalion now being undertaken throughout the province reached Chipman Thursday noon with the arrival of staff sergeant E. G. Stairs, attached to headquarters of the 55th, from the camp at Sussex and resulted in an interesting and profitable public patriotic meeting in King's Hall this evening.

The hall was put at the disposal of the regiment's representative by Senator King, who would have presided had it been possible for him to undertake evening exertion and attendance at a night meeting, and at his suggestion Rev. Mr. Mowatt, pastor of the Presbyterian church, was chairman.

The auditorium was most tastefully decorated with the Union Jack and the flags of the Allies, and prominently displayed was a large steel engraving of His Majesty King George, appropriately draped. The general decorations had been placed for Empire Day exercises by the Chipman school pupils, which took place during the afternoon and at which Sergt. Stairs spoke, and had been generously permitted to remain for the evening meeting and were much admired.

School Superintendent Alexander and the teachers further assisted by having present somewhat over twenty selected scholars who rendered the opening selections, all most heartily joining in the singing of "O Canada," the first patriotic song rendered under the leadership of a number of musically trained ladies and gentlemen, who formed a selected chorus under the direction of Mrs. R. C. Ritchie, president of the Red Cross Association. A flag drill and the song "We'll Never Let the Old Flag Fall" by the children followed. Then appeared the Chipman troop of Boy Scouts, who number over forty in all, under Scoutmaster Hamilton in scout exercises, and all in uniform, their staffs, stretcher, drum and bugle and equipment stacked in the rear of the platform.

The Speakers

Rev. Mr. Mowatt gave an interesting talk, pointing out among other matters that it was the bounden duty of every young man who had been in training at the summer militia camps at Sussex and elsewhere to quickly and properly offer their services.

Rev. Mr. Johnston, pastor of its Baptist church, also rendered the personal favor of conscription and his thoughts bear weight and show careful and consistent reading of the English press, he being an "old countryman." Both the pastors announced tonight's meeting in last evening's weekly prayer service, which helped swell the attendance, a filled hall being present. Dr. S. T. Armstrong and other gentlemen spoke, and Manager Turner of the Bank of Nova Scotia, rendered a solo, the chorus rendering a number of patriotic selections.

Talk by Sergeant Stairs

Sergeant Stairs delivered an earnest address on the subject "Your King and Country Need You," and spoke frankly and fully and answered questions, explaining pay and separation allowances and patriotic fund grants, and gave much information.

Rev. Father E. T. Conway was in Minto, but previously expressed cordial approval and promised co-operation and indicated his intention of addressing his parishioners on Sunday along patriotic lines in accordance with the Lt. Governor's proclamation and pledged all possible assistance.

Among those present were Mr. R. C. Ritchie, Manager Forsythe and D. McLellan, and Messrs. Anderson and Ferris of the Sayre and Holly Lumber Co.; Mr. George H. King of the King Lumber Co., Mr. Charles G. Baird, Messrs. Day, Duffy, Kady, Alexander, etc. with Lieutenants Hay and Sergeant Gordon Stevens, formerly of H. Company, 76th N. S. Regiment, now residing here, and many other ladies and gentlemen.

Invaluable assistance was gladly rendered by Senator King and Mr. H. Hamilton of the King Lumber Company, the local scoutmaster, who placed two display windows at the disposal of Sergt. Stairs, who exhibited there a half dozen of the British Parliamentary Recruiting Committee's posters, recently obtained from London. One, a picture of the late Earl Roberts with the inscription: "He did his duty; will you do yours?" received much attention. Others, "Remember Scarborough," and "Halt, who goes there?" elicited comment, as did the 55th's recruiting posters and the photographs of the King, Kitchener, French, General Hughes and various patriotic views.

"We Are Fighting For Our Lives"
--LORD HALDANE

KITCHENER WANTS MORE MEN

The 55th N. B. and P. E. I. Regiment must be recruited to full strength within ten days.

Every fighting unit we can send to the front means one step nearer peace.

Who Will Enlist Today for Overseas Service?

The 55th N. B. and P. E. I. Regiment requires from six hundred to seven hundred men. We must have seventy men a day to make up the required number within the time limit.

This Regiment is commanded by Lieut. Col. J. R. Kirkpatrick of Debec Jct., N. B., with the following staff:—

Second in Command, Major H. S. Jones, Apohaqui, N. B.; Jr. Major, T. C. Donald, Chatham, N. B.; Chaplain, Capt. Rev. H. E. Thomas, St. John, N. B.; Paymaster, Capt. J. D. K. McNaughton, Miramichi, N. B.; Medical Officer, Capt. A. E. Gardiner, McAdam Jct., N. B.; Adjutant, Major S. S. Wetmore, Clifton, N. B.; Quartermaster, Lieut. Kirkpatrick, St. John, N. B.

Officers commanding double companies:—

A. Co., Major J. J. Bull, Woodstock, N. B.—Capt. C. E. Williams.

B. Co., Major Osborne—Capt. Woodbridge, Fredericton, N. B.

C. Co., Major F. H. Rowe, Moncton, N. B.—Capt. Campbell, Charlottetown, P. E. I.

D. Co., Major E. C. Weyman, St. John, N. B.—Capt. W. E. Forbes, Richibucto, N. B.

Recruiting officers will be found at all the principal points of New Brunswick. Men will on application be submitted to a preliminary medical examination and will be furnished at once with transportation to Sussex, where the 55th Regiment is now in camp. On reaching Sussex they will undergo the final medical examination and will if satisfactory be placed immediately upon the pay roll.

The conditions are as follows:—

THE VOLUNTEERS

THE PERIOD OF ENLISTMENT is for the duration of the war and for six months after termination if required.

THE RATE OF PAY is \$1.10 per day and found for seven days a week, equal to \$33 per month.

IF DISABLED, the soldier will receive a pension at such rates as may be fixed by the Government.

IF WOUNDED OR ILL, the soldier will be well cared for and sent back to his home at the proper time.

THEIR FAMILIES

SOLDIERS MAY ASSIGN any portion of their regular pay to wives or others, and such sums will be paid regularly to the persons so designated.

WIVES OF VOLUNTEERS will receive twenty dollars per month separation allowance from the Canadian Government over and above the soldiers pay.

THE PATRIOTIC FUND will supplement this with an additional allowance as described hereafter.

SHOULD ANY OF THE SOLDIERS BE KILLED their wives and children will become wards of the Canadian Government, and generous provision will be made for them.

The National Patriotic Fund Committee has decided on a basis of distribution of funds among the wives and children, and other dependents of volunteers. It is estimated that a wife on her own account requires Thirty Dollars Per Month for her maintenance. The Canadian Government provides Twenty Dollars per month of this amount and the Patriotic Fund the remaining Ten Dollars. If required. Children between ten and fifteen years of age are allowed twenty-five cents per day; from five to ten years of age, fifteen cents per day; and under five years of age, ten cents per day. Thus a wife and three children of the ages of three, seven and twelve, may receive a total monthly allowance of Forty-five Dollars, of which Twenty Dollars is payable by the Canadian Government and Twenty-five Dollars by the Patriotic Fund. This is of course in addition to the Thirty-three Dollars per month paid to the soldier, and which may be assigned by him to his family.

Besides the above, provision is made for a compassionate allowance for temporary extraordinary need, such as accident, sickness, etc. In short, the whole purpose of the Patriotic Fund is so to supplement the Government allowance as to provide all reasonable comfort for the families of men on service. Such provision, in each individual case, is subject to the report of local committees, who shall consider all the circumstances of families affected, with respect to the earnings of members of such families, amounts received from former employer of the soldiers, and other sources of income.

Every reasonable provision is thus made for dependent relatives, and volunteers need have no anxiety regarding the welfare of those left behind.

Who Will Enlist? Please Apply at Once to the Recruiting Officer Nearest Your Home.

Eczema Was Cured Twelve Years Ago

Dr. Chase's Ointment Proved to be a Permanent Cure

The old idea of eczema being a disease of the blood has been pretty well exploded by the record of cures made by Dr. Chase's Ointment.

Some doctors still advise internal treatment, but the results are slow and uncertain, and too often a lamentable failure. With Dr. Chase's Ointment it is different. You apply the ointment to the sore parts. It cleanses the sores and soon sets up the healing process. In a few days you can see with your own eyes the wonderful change that is taking place and are encouraged to keep up the treatment until the cure is complete and the sores replaced by smooth, natural skin.

It is wise to look after your general health, keep the bowels regular and the blood rich, but you can depend on Dr. Chase's Ointment to cure the eczema if you will do your part and apply it regularly.

Mr. W. H. Roberts, Charlottetown, P. E. I., writes: "I can recommend Dr. Chase's Ointment to anyone suffering from itching skin disease. I had

eczema on my legs and suffered terribly from the itching. I had a doctor treat me for four months without relief, and I was getting worse all the time. A second doctor gave some relief for a time, but made no cure. I tried several advertised treatments, but without relief until I used Dr. Chase's Ointment. This ointment cured me in a month. That was twelve years ago, and I have never had a sign of the old trouble since."

"Since then we have always kept Dr. Chase's Ointment in the house, and find it invaluable for chafes, chilblains, insect stings and burns. I would not be without it if it cost \$5 a box."

"This is to certify that I am personally acquainted with Mr. W. H. Roberts, and believe his statement regarding the use of Dr. Chase's Ointment to be true and correct."—(Signed) Alex. Horne, Justice of the Peace.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King, TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE WAR SITUATION.

Despite German claims of great successes against the Russian troops, there is evidence that the forces under command of the Grand Duke are again resuming the offensive over a considerable portion of their 800-mile battle line. Any important victory against Russia, to be won at all, must be won quickly, for the probability is that in a very short time Germany and Austria will be forced to divert troops to meet attacks from Italy and Roumania with, possibly, other Balkan States coming in. There is a danger to Austria, too, in the reports from Serbia. That devoted little nation, which has already suffered severely, has reorganized its troops and is prepared to commence an invasion of the territory of its big neighbor.

The Italian situation, while still lacking formal declaration of war, is regarded as certain to result in the clash of arms within a few hours. The Austrians are preparing for this development and have withdrawn from certain presumably unfortified frontier points. The fact that before leaving they destroyed bridges and took other precautions to delay the advance of an Italian army is clearly indicative of an Austrian expectation that the first clash will be on their own territory.

There has been little fighting during the past few days on the western battle front, while there is no report from the Dardanelles except that the Allies have made additional minor gains. Unless something entirely unexpected happens the most interesting war news of the next few days is expected to come either from the Russian lines or from Italy.

THE CANADIAN SHOE WINS

Evidence that Canadian soldiers at the front prefer the Canadian shoe to that furnished from British army stores, continues to accumulate. A Hamilton paper quotes a soldier who enlisted at Petrolia as saying that he can march half as far again in the Canadian made shoe as in the English shoe, and that among the men at the front Canadian army shoes are at a premium.

This testimony is followed by the London, Ont. Free Press, which publishes a letter from Sergt. Bert Ward of that city to his brother in which he says, "What the boys would like to know here is whether the people who are talking about graft would sooner have the boys wear out two pairs of Canadian shoes and have good feet or one pair of English shoes and ruin their feet."

It will be remembered that one complaint made by the Liberals against the Canadian shoes was that they were too light. The London soldier answers that in a single sentence, "two pairs of Canadian shoes and good feet, or one pair of English shoes with feet ruined. Major General Hughes said the Canadian shoes were better adapted for the work in the trenches and every letter coming through from the soldiers at the front endorses his opinion.

Liberal newspapers in Canada fostered and encouraged the idea that the Canadian shoes were of inferior quality and that the great Canadian shoe industry was made up of grafters and bootlers. Since the real facts commenced to come out those same newspapers have lacked the manliness to say a word in defence of their first contention but are willing to maintain a shamed and sullen silence.

THE YOUNG MAN'S DUTY.

One of the most striking recruiting sermons that could possibly be delivered is contained in a few brief sentences in a recent issue of the Daily Mail, of London, England. The Mail says "we now realize that there are hundreds of thousands of young men in this country doing women's work. It is not a young man's work in war time to reach down ribbons from shelves in a shop. It is not a young man's task to act as a policeman at such a time. Just look about you, and you will find that there are thousands of young men doing work that should be performed by older men and women."

The argument advanced by the Daily Mail applies to Canada and to

St. John, as well as to the centre of the Empire. There are young men in this city, and in this province, physically fit, unencumbered, who have not yet heeded the Empire's call to arms, who have been willing that their fighting should be done for them, while they do work that could well be done by others. If they have failed to recognize their duty in the past there is ample opportunity to make amends. There are vacancies in the 26th Battalion for able bodied men. The 55th Battalion is in course of organization and is yet several hundred men short of its establishment. Every man who desires to fight for the Empire can do so.

The Canadians who have gone to the front have contributed to write the name of Canada high on the pages of Empire history. But there are other pages to be written, and the demand is for men whose deeds will fill them. It is the duty of the young men of Canada to fight for the Empire and the flag. Have all done their duty in this regard? The question is one that every Canadian might today consider with profit.

There is a likelihood of coalition government in Britain. There can hardly be coalition government in Canada so long as the present front-benchers remain in the Liberal party, for they have denounced the Borden Government so bitterly that they could not enter into any partnership with it without admitting themselves to have been abject partisan falsifiers.

It has been reported that Australia lost a warship in the Dardanelles. And now it is in order for some Grit to propose a vote of thanks to the partisan-blinded members of the Canadian Senate who saw to it that Canada should have no warships to lose.

Some London newspapers are attacking Lord Kitchener. But it will take more than newspaper criticism to cause the British people to lose confidence in the man who has already done more than one man's share of work in the cause of Empire.

Empire Day was well observed in the public schools in the city and province yesterday. That is as it should be for there has never been a time in the life of the present generation when Empire Day held as deep significance as now.

The great success achieved by Prince Von Bulow in his diplomatic practices in Italy puts him almost in the same class with Dr. Dernburg, the German bungler in the United States.

The proposal for a coalition cabinet in Great Britain is the highest form of the political truce.

GERMANS WORSE THAN TURKS.

(New York Sun.) The hideous atrocities of the Kaiser's only friend the odorous and barbarous Turk, sink into insignificance compared to those committed by Germany in this war, and yet all this is excused and glorified by the Dernburgians. Race superiority will tell!

To them the premeditated slaughter of American sea travellers by Germany is just punishment for failure to stand by the Kaiser.

All this is, of course, intensely pleasing to Americans and accounts for their enthusiasm in support of the German cause. The way to make an inferior person love and respect you is to treat him with contempt. Lord it over him, sneer at him, twist his nose, ignore his protests and at all times be insulting and insolent. This is what the German overlords have done to their friends, and this is why the world's sentiment is against Germany. But the Dernburgians answer: "The world is an ass—especially the United States. After the Kaiser has thrashed the world it will understand that he knows best."

The Petit Parisien gives the following details regarding Professor Vincent's discovery of a new anti-cholera vaccine announced by him to the Academy of Sciences: Cultures of typhoid fever microbes are emulsified and then adapted with ether, which kills them rapidly. The superficial layer—ether—containing fatty toxic matter, is removed, and the subsequent sterile layer forms anti-typhoid vaccine.

SMOTHERED BY COAL SAILOR IS BURIED AT SEA

Captain of steamer Edda, recently in this port, holds inquest over Stowaway.

An inquest held on the high seas is rather an uncommon occurrence, but this is what happened on board the Norwegian steamer Edda, which arrived in port early in the week. Capt. P. Meddel, who is in command of the ship reported the full particulars to Vice Consul K. J. MacRae while in port, and his story is an interesting one. The captain states that the Edda was bound from Macorle to St. John via Delaware Breakwater, leaving Macorle early in the morning of May 5th. At 7.45 o'clock on the morning in question the second engineer saw the foot of a man sticking from the coal bunker door, and on investigation the decomposed body of a sailor was found almost entirely buried in the coal, only part of the head protruding. The body was dug out of the coal and it was then discovered that he was Emil Lendkvist, a native of Abo, Finland. The man was not a member of the steamer's crew but a stowaway. He had been paid off from the English bark Sunlight for being drunk and making threats against the captain.

On Sunday morning, May 2nd, the man came on board of the Edda with H. Lindholm, one of the steamer's crew, both men were intoxicated, it was said. Lindholm was placed in irons and Lendkvist was told to leave the ship. He returned to the steamer on Monday and asked permission to work his way North. His request was refused and he was again ordered ashore. It is presumed that he came on board the ship later and concealed himself in the bunker, intending to put in an appearance when the ship got well out to sea. It was while in the bunker that the coal fell on him and he died of suffocation.

When the body was brought up on deck, Captain Meddel called the crew together and held an inquest. After obtaining all the information as given above the dead sailor was sewed up in a piece of canvas. The crew was all summoned aft, the ship's flag placed at half-mast, and after the burial service had been read by the captain the body was lowered into the sea.

The steamer Edda is now at Chiverton, N. S., where she is loading plaster for New York.

EMPIRE DAY IS FITTINGLY CELEBRATED. Observance was of unusual significance on account of European War.

Empire Day celebrations in the city schools yesterday, were of more than usual significance on account of the Empire being engaged in the great European war. The speakers in the different schools referred particularly to the war and the duty of Canadians to the Motherland. At all the schools there were many visitors, in the High School the auditorium was filled with pupils and visitors. Rev. Hammond Johnston and Mayor Frink were the chief speakers. They spoke of the Empire and the need of every British subject doing his share to support the Motherland in the present crisis.

The Empire Day programmes in the schools were carried out in the afternoon in the different assembly rooms. In St. Peter's the Rev. J. A. MacKellan was present and addressed those present. Patriotic songs and recitations were given by the pupils. More than usual enthusiasm was shown by the children and all the celebrations were entirely successful. Victoria Day will be observed as a holiday in all the schools. St. John's Church. In St. John's Presbyterian Church schoolroom the day was celebrated last evening by a concert and entertainment. There was a large assembly of young people and many grown-ups were also present. The proceedings were under the auspices of the Knights of King Arthur, and satisfaction was expressed by all of the carefully arranged programme presented and the way in which it was carried out. The programme follows: Chorus by the children, "We'll Never Let the Old Flag Fall"; drill by girls of the Junior and Intermediate mission band; comedy sketch, "Using the Weed"; solo, "For King and Country," Miss E. Rubens; sketch, (two scenes) entitled "On the Trail of the Spies," by the Knights; sword dance, J. and D. Gibb; God Save the King.

Fairville Schools. A large and appreciative audience witnessed the celebration of Empire Day in the Fairville schools yesterday afternoon. The demonstration was held in the open air in front of the school house and the children of both the Fairville and Union Point schools took part. The building was prettily decorated with bunting and flags. To the left of the school door and which attracted a lot of attention was a large card on which was inscribed the names of former members of the school who had volunteered for active service. On Mr. McKelvie's name, who was lately killed in action, was hung a wreath and a Union Jack. The program consisted of drills, recitations and speeches. Councillor Bryant, secretary of the Fairville school board, was chairman. Speeches were delivered by Mr. James Bryant, Rev. Mr. Dunham, Rev. Mr. Townsend, Rev. Mr. Hayward and by J. Wilford Tait, the principal of the school. Those taking part included: Royden Nelson, Packard Campbell, Guy Fox, William Stinson, Frederick Duff, Ivan Nelson, Leonard Reed. The program: Chorus—O Canada, the school. Physical drill—Grades 7 and 8. Chorus—"We'll Never Let the Old Flag Fall," Union Point school. Flag play—Grade II. Chorus—"My Own Canadian Home, Grade VI. What Mrs. Sollen Says of Dodd's Kidney Pills. She Suffered from Kidney Disease for Many Years and Found Relief with the First Box of Dodd's Kidney Pills. Mulvihill, Man., May 21. (Special). Mrs. John Sollen, wife of a well known farmer living near here, has given a statement for publication in which she declares that Dodd's Kidney Pills are the best medicine she ever used. "I inherited kidney disease from my parents," Mrs. Sollen states, "and I have suffered from it for many years. I was always tired and nervous, my limbs were heavy and I had a dragging sensation across the loins. My joints were stiff and I suffered from headache. I had heart fluttering and my appetite was fitful. "Rheumatism was added to my troubles and I also suffered from Neuralgia and Gravel. "I was treated by a doctor and tried many other kinds of medicine but nothing seemed to do me any lasting good till I used Dodd's Kidney Pills. I found relief with the first box I used. "Every one of Mrs. Sollen's symptoms is a symptom of Kidney Disease. That's why she found such quick relief in Dodd's Kidney Pills.

BANK OF CANADA TO ASSIST IN SENDING PARCELS TO SOLDIERS.

As a result of an official organization having been created recently, insuring proper transmission through a neutral carrier, of parcels of the British prisoners in Germany, The Kakh Magazine, London, has instituted a fund to supply food and comforts, for those who have no friends or relatives to look after them, as it has been shown in many cases, that these poor fellows are not receiving a proper supply of food. The Royal Bank of Canada here, through its London manager, Mr. Botford, has interested itself in this movement, and wishes to acknowledge receipt of the following subscriptions: J. S. Kays \$2.00, H. CAMPBELL TO RECRUIT 55TH ON AN EARNEST.

Speeches by prominent men and display of posters to feature week's proceedings.

The campaign to recruit the 55th is on in earnest. Throughout the province, starting today, speeches will be given and every effort will be made to recruit the regiment which is only waiting for its full complement of men to go to the front. A programme has been mapped out that will put through during the week and it is expected by the committee who has the arrangements in charge that it will be productive of good results. In addition to the canvas that will be a part of the proceedings, the merchants will do their share toward raising the battalion to its limit by displaying appropriate decorations and signs in their shop windows. St. John will not be far behind when it comes to doing its share of the patriotic work, and when this regiment goes to the front there is sure to be a goodly number of St. John boys who will return to their homes here, covered with the glory due a soldier who fights for his country and the right. Theirs will be the glory and in after years their names will be placed on the roll of honor among those who likewise fought in this the greatest of wars.

England is Proud. Canada has already made a place for herself in the annals of history through the bravery of her sons and the mother country is proud of the spirit and bravery of the youths who participated in one of the greatest battles of the war.

Delegation for Westfield. On Friday a delegation will leave Westfield for Jerusalem and the city for Hampstead. On Saturday a delegation with two automobiles will go to St. Martins. In the city itself an effort is being made to hold an open air meeting, probably in the old grave yard with bands and soldiers in attendance. This, however, has not been definitely decided. At Campbellton a very enthusiastic meeting took place for the purpose of organizing Restigouche county and committees were appointed to hold meetings at Campbellton, Dalhousie, Athol, Flatlands, Charlo, Balmoral, Newmillis, Jacques River and Matapedia, and Restigouche will fall in line with additional recruits. At Chatham plans are in hand for a quick sharp campaign for further recruiting and it is expected that by means of advertising and speeches, Northumberland county will again uphold her reputation in the call for recruits.

Chaplain Visits St. Stephen. On Thursday Rev. Capt. H. E. Thomas visited St. Stephen with the object of encouraging recruiting for the battalion. A most successful meeting was held at 3.30 p.m., and although it had been hastily called, the citizens gathered at the council chamber in large numbers. Major P. Grimmer presided and James Yroom acted as secretary. Among the many present were, besides the mayor, Mayor Balkam of Milltown, T. G. McCollum, Dr. Lawson, Rev. E. B. Wyley, Ven. Archdeacon Mills, Coun. Toles, Ven. Archdeacon Newnam, Rev. Mr. Tomalin, Rev. T. F. Dawson, Coun. Graham, Dr. Sullivan, Maxwell Robinson, E. W. Ward, R. W. Grimmer, Rev. Dr. Huestis, Judge Richardson, Rev. D. R. Cowan, Rev. Mr. Back, Coun. Higgins, M. Laffin and Dr. Blair.

Urgent Need. Rev. Mr. Thomas spoke of the urgent need of good men for recruits, referring to the depletion that has already taken place in the rank and file of the 55th by drafts for the 26th. He pointed out that at least 600 more men will be required to bring the 55th up to strength. It was hoped, he said, that with the aid of citizens generally the appeal recently made and endorsed by the Lieutenant Governor would result in a speedy response to the call for recruits.

ITCHING BURNING OF ECZEMA INTENSE. Began on Child's Face. Spread all Over Head, Cuticura Soap and Ointment Healed.

Itching, burning of eczema intense. Began on child's face. Spread all over head. Cuticura soap and ointment healed. Lillian Russell says when she was about a week old, it began on her face and spread all over her head. It was in pimples and she would scratch and break like little buds all over her head, but were like rash on her face. The eczema was very itching and the burning was intense; it made her so restless she could scarcely sleep. "I tried Cuticura Soap and Ointment. Two cakes of Cuticura Soap and two boxes of Ointment cured her." (Signed) Mrs. A. F. Thayer, July 13, 1914. Sample Each Free by Mail. With 25-p. Skin Book on request. Address: Post-card "Cuticura, Dept. D., Boston, U. S. A." Sold throughout the world.

CHARLES MCGREGOR, DRUGGIST DIES AT AGE OF 82 YEARS.

Charles McGregor, one of the oldest druggists in the province, died yesterday afternoon at the home of his wife Mrs. James H. Frink. He was 82 years of age and had been ill for the last two years. Mr. McGregor was a native of Scotland, but came to this country when a lad and received his early education at the old Grammar school. His first business experience was with his father as a miller at Musquash and Glen Lyon. Later he studied chemistry and pharmacy and was associated with the late Dr. Livingston and W. O. Smith. From St. John he went Memphis, Tenn., where he resided for some months, returning to engage in the drug business on his own account. McGregor's drug store was a time-honored institution in St. John for the past fifty years, but about seven years ago ill health caused him to retire from active business and he was succeeded by the late R. H. Robb, one of Mr. McGregor's own students. The deceased was the last member of his own immediate family, his only surviving relative being his niece Mrs. James H. Frink and John and Robert Hastings. Mr. McGregor was deeply interested in Scottish national societies, being active in the work of St. Andrew's society and Clan MacKenzie. The funeral will be held this afternoon from 17 Elliot Row.

SARVATION OR MERCILESS TORTURE. A choice between starvation or merciless torture is the dismal prospect before all victims of indigestion, for although they are in need of food to nourish the body, they are afraid to eat because of the long periods of pain and discomfort that follow even the lightest of meals.

The urgent need of all who suffer from indigestion is to gain strength so that the stomach can extract nourishment from the food taken. Pain after eating is the way the stomach signifies its protest that it is too weak to do nature's work. To take purgatives is only to aggravate the trouble. Dr. Williams' Pink Pills give new strength to weak stomachs because they enrich and purify the blood supply thus enabling the stomach to digest food naturally. Almost from the first the appetite revives; then food can be taken without pain and the burden of indigestion disappears. The following case proves the truth of these statements. Mr. W. H. Silver, a well known farmer living in the vicinity of Hemford, N. S., says: "For upwards of seven years I was tortured with indigestion, sometimes I was so bad that I would not taste a bit of hearty food, but would have to content myself with a bit of stale bread. At times I suffered excruciating pains in my stomach, and could hardly sleep at night. I tried various prescriptions but got no benefit from them and naturally I was in a very reduced state of health. I had come to believe that I was doomed for the balance of my life to this most constant torture, when I read of a case similar to my own cured through the use of Dr. Williams' Pink Pills. This gave me new courage and I decided to try them. To make a long story short, the use of the Pills for a couple of months completely cured me. This is some two years ago, and I have had no return of the trouble, and am able to eat as hearty a meal as anyone."

You can get Dr. Williams' Pink Pills through your medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Florence, So. Dakota. "I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound." - Mrs. P. W. LANSENG, Route No. 1, Florence, South Dakota.

DORCHESTER MAN WAR PRISONER IN BELGIUM

Pte. Douglas Wells, captured by Germans—Sackville boys in recent heavy fighting.

Sackville, N. B., May 21.—Private Douglas Wells, of Dorchester, is a prisoner in Kriegsgefangen Canadian military hospital, Ghent, Belgium, suffering from a fractured arm and a broken leg. A post card to his mother Mrs. Annie I. Wells, who is now a guest at the Ford Hotel, brought the news. Private Wells further stated that he was being treated well.

A letter from Private McCord, the well known Sackville barrister, stated that all the Sackville boys were well and had been in some of the heaviest fighting recently. He made special mention of Private Dan Lund, son of Mr. Daniel Lund, who is a veteran of the Civil War of the United States, Privates Henry Dixon, Irvine Charfers, Ernest Rhodes and Signaler "Jock" Wiggins, son of Dr. and Mrs. Wiggins. Although the Sackville boys have been in severe fighting they seem to have escaped being killed or wounded, excepting Signaler Wiggins who is at the present time suffering from gas fumes.

Inspect Island Artillery.
Col. Panet and Captain Burtonshaw, of Halifax, visited Partridge Island yesterday on a visit of inspection of

the artillery. For some time past the artillerymen have been busy in drill practice and tactics. Much work has been done to make this unit efficient in all respects, and as a result of the visit of the officers it is believed that a satisfactory report of the work of the men will be made. Nine rounds were fired at 11 a. m., and as a result of cleaning of the guns, and general good work, it is thought that this branch of the service will be able to give a good account of itself.

THE AUTOMOBILE TRADE IN ST. JOHN

The Care of Inner Tubes

By B. J. Cox, of the Good-year Tire and Rubber Co. of Canada, Limited.

The lack of proper care of the inner tube is responsible for much of the trouble experienced by motorists. The observation of a few precautions would help to eliminate the inconveniences arising from this source. The inner tube simply provides an airtight container for air. It flattens out against the interior of the casing and against the rim, accommodating itself to the surface of the road.

Running too flat quickly ruins a tube. A grinding and cutting action results, and the tube soon goes out of commission.

The natural flexing of the tire re-

quires an effective lubricant such as French Talc between the casing and the tube, otherwise the tube is heated and sometimes becomes vulcanized to the fabric of the casing. Then if you attempt to remove it, it tears. Too tight, however, will take on the surface and cut into the rubber.

Often a motorist is very unpleasantly surprised while driving on the best of roads to have an explosion announce a blowout which on examination proves to be an internal one. The casing is not injured, but the tube without apparent cause, has split. Usually this is caused by a part of the tube slipping between the casing and the rim and getting "pinched." The remedy is careful applying.

Too many motorists are not careful enough in protecting spare tubes. Usually spare tubes are folded and carried in the tool box. Here they come in contact with grease, oil and tools which present sharp edges. In

searching for some needed tool the tube will frequently be shifted around and the folded edges are chafed and worn.

TIRE POINTERS

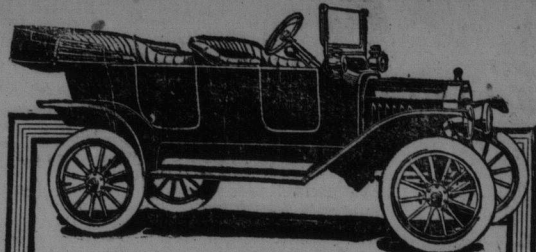

In order that rubber cement shall penetrate and hold well on the fabric of a casing, it must be thin and perfectly free from oil. Several successive coats, allowing each one to get thoroughly dry before applying the next, will give best results in repairing cuts and tears that extend down through the tread to the fabric.

A very serviceable blow-out patch that will take you safely home may be made out of tire tape. Clean the fabric around the blowout with gasoline, and apply strips of tape, first lengthways and then crossways, until the hole is well covered. Then cover the tape with a thickness of cloth to keep the inner tube from sticking, and the patch is complete.

When rubber cement has stood exposed to the air for even a short time it becomes too thick to give best results. But great care should be used in thinning it as the common gasoline contains some oil and is not suitable. High test gasoline or bisulphide of carbon should be used as a thinner.

The tube should be rolled flat with soft cloth between the layers, a strip of cotton flannel rolled up with the tube is good. The roll should then be placed in a thick cloth bag with the stem protruding, and the mouth of the bag be tied around the stem. It is a good plan to put talcum powder in the bag.

It is generally supposed that the greater portion of the weight of a car is carried on the rear wheels. This is only true when there is a full load in the back seat. Usually the front wheels carry one-eight more weight than the rear.

ST. JOHN BRANCH, MAIN 2806.

Two more freak decisions

In the light of two recent automobile cases, at Toronto, it must be rather hard for motorists to decide what to do under certain circumstances. One car ran over a woman and killed her, the other knocked a little girl over and frightened her. It was alleged that in neither case did the motorist return to the scene of the accident.

The fate of the two drivers is worthy of notice. The driver of the car which killed the woman got off scot free, while the driver of the car which frightened the girl was fined fifty dollars.

It is to be devoutly hoped that automobilists will not deduce from these two cases a theory that it is better to have fatal accidents than trivial ones. It would be most regrettable if chauffeurs who merely knocked over a pedestrian made return trips to finish the job. They might conceivably figure that they are less likely to be fined for a slight breach of the Motor Vehicles Act.

WRESTLING MATCH TONIGHT

A large attendance of wrestling fans is expected at the Opera House tonight when champion Jim Prokos will try conclusions with "Strangle" Lewis of Montreal. Lewis has an excellent reputation as a heavyweight wrestler, and although he is much heavier than Prokos the latter is in good condition, and expects to win. The match should prove a lively one from start to finish. It is one of the rules of catch-as-catch-can, best two falls out of three.

A couple of good preliminaries has also been arranged.

HUNDRED BRITISH AUTOS DESTROYED EACH WEEK

One hundred automobiles—most of them motor trucks—are destroyed each week in the British army alone, according to Charles Y. Knight, the inventor, who has just returned from Coventry, England, where he resided until the outbreak of hostilities. The smallest percentage of these, he said, are destroyed by shells. They are rendered useless to prevent them from falling into the hands of the enemy.

"Fifteen of London's 3,500 motor buses have been requisitioned every day since the war started," he said.

SPRING SHACKLES

The shackles or hangers of automobile springs should be lubricated properly. Rust often clogs up the small vents and excludes the oil. Use common kerosene occasionally in place of the oil, and these will be kept open.

HUDSON

The Light Six As It Will Be

7-Passenger Phaeton
3-Passenger Roadster

MOTOR CAR CO. DETROIT, MICH. U.S.A.

Saving of Waste Is in Fashion

Hudson Light Six is popular because it typifies the times. Waste is now poor taste. Today's watchword is efficiency. Hudson owners could afford excess weight and upkeep. But the spirit of the times is against it.

Howard E. Coffin saw this trend years ago. He started then to design this car, the pioneer Light Six.

The first model came out in November, 1913. It became at once the most popular class car on the market. All last summer we were thousands of cars behind orders.

Even now, with troubled output, we cannot meet spring demands. Yet 30 other makers now build Light Sixes.

The End of Waste

The Hudson has multiplied the attractions of motoring. It has eliminated nothing but crudity and waste.

A Six used to weigh 4,500 pounds. It cost three times the Hudson price. Fuel and tire cost was double.

Yet the Hudson seats 7 in comfort, in beauty and luxury it stands with the highest few. And there never was a sturdier car. It weighs 2,870 pounds, thus saving the weight of 11 adults.

A High-Grade Car

This change means a higher-grade car. It means special steels—aluminum in place of cast iron. It requires

a new type, high-speed motor, which has proved itself the best type known. It means strength without bulk.

The Hudson Light Six sets a new high mark in quality, class and refinement. It took four years to attain it. It is a better grade car than any heavy car ever built.

12,000 Endorsers

The Hudson Light Six has proved itself for two seasons. Over 12,000 owners have driven it some 30 million miles. Not a fault has developed.

That is why men are choosing Hudsons in this Light Six type. It has proved itself right. It shows you the Light Six as others may be after working out similar refinements.

It will be your choice. Prove it while we can make prompt delivery.

ITALY REFUSES TO SEE YOU BELOW

"Thought you had Left"

Italian Premier's reply to German Ambassador's request for interview.

Sydney, N. Y., May 21.—After Chianio, Switzerland, May 21.—Prince Von Buelow, the German ambassador to Rome, is expected to speak here from the Italian capital very shortly after the Senate votes on the House bill empowering the cabinet to act for parliament in matters pertaining to a declaration of war.

The German consul at Leghorn arrived here by automobile last night and many other Germans are coming in all the time from points in Italy by train.

Crowds are parading the street of towns in Northern Italy, acclaiming war.

Among the stories being related here today by arrivals from Rome is one to the effect that Prince Von Buelow requested an interview early yesterday of Premier Salandra. This premier pencilled a laconic refusal, concluding with the words: "I thought you had left Italy."

PATRIOTIC PICNIC AT ROCKLAND, N. B., IN HONOR OF EMPIRE DAY

Special to The Standard.

Hartland, N. B., May 21.—A demonstration took place today at Rockland in celebration of Empire Day. It was managed by the Rockland combined schools under the principals of R. D. Wilson. The affair took the form of a picnic and children with their parents and friends, were present from the surrounding districts. Patriotic speeches were given by Rev. George Kierstead of Hartland, Rev. Geo. Ross of Florenceville, Inspector Barnett of Hartland school and several others. Music, appropriate for the day, was rendered by the school children. Drills, games and other forms of entertainment were much enjoyed and dinner and supper were served. Band music was provided by the Hartland band. In the evening the band gave a concert in the old Baptist church. The school children helped in the concert with patriotic choruses and solos. The day will long be remembered as one of the most enjoyable as well as profitable in their lives. The refreshment department was well patronized and the proceeds will be given to the Belgian Fund.

Listing the Boarding Houses

The New Brunswick Tourist Association is about to revise its list of boarding places and lodging houses in the city and throughout the province, and in order that the lists may be as complete as possible, all in the city and throughout the province are requested to make known the fact to the secretary, 23 King street, St. John, N. B.

Registration forms may be had on request, either personally or by mail, which when filled out will put the association in possession of information that will prove valuable and profitable to boarding house keepers.

It is desirable that those in the country who take boarders should give information about drives, boating, fishing and other attractions in the vicinity.

Information as to summer camps for rent, either furnished or unfurnished, is desired.

An early reply to this appeal will be appreciated.

The New Brunswick Tourist Association.

Special Competition

As announced in The Standard of yesterday, I have decided to hold a competition among those who cannot or do not desire to paint. I am going to give a special prize to the girl not over fourteen years of age who sends me in the best pin cushion made by herself. You may use whatever materials you desire and make it the style you think best.

The only condition is that you enclose the six coupons as usual, cut from consecutive issues of The Standard, fill them up and send with the pin cushion to Uncle Dick, The Standard, St. John, N. B.

MORE CRITICISM OF EARL KITCHENER

Papers Which Lauded Him when War Broke Out Now Question His Military Genius — Times Says Nation was Lulled Into False Security by Misleading Reports.

London, May 21.—One of the most remarkable features of the ministerial crisis in Great Britain at the present moment is the sudden outbreak, more or less severe, of newspaper attacks upon Field Marshal Earl Kitchener, the British Secretary of State for War, who at the outbreak of war was the nation's military idol, and was loudly proclaimed by the same newspapers as the only man in the country for the position of War Secretary.

The Daily Mail and other newspapers under the same ownership have been most violent in these attacks, even going so far as to call into question the military genius of the Field Marshal. The Daily Mail says:

"It never has been pretended that Kitchener is a soldier in the sense that Field Marshal Sir John French is. Kitchener is a gatherer of men, and a very fine gatherer too, but his record in the South African war as a fighting general, apart from his excellent organizing work as chief of staff, was not brilliant."

Other newspapers in a less outspoken manner seek to reduce Lord Kitchener's value to that of a good recruiting officer, or that excuse him on the ground of being too much occupied in procuring recruiting advertisements to attend to the supply of proper ammunition.

Nation Lulled Into False Security by Misleading Reports.

The Times, in an editorial, says: "Our armies in the field require reinforcements and shells of the right kind. Neither has been provided in adequate quantities for the simple reason that Lord Kitchener's orders were given too late. Plain warnings were disregarded and the nation was lulled into a false security by misleading official reports, with the result that thousands of British lives were sacrificed in an unequal contest."

"The nation will not allow that situation to re-occur. It must be set right and set right quickly, or the consequences will be swift and startling. The whole trouble arose because Lord Kitchener assumed a burden to which he was not equal."

Other newspapers in a less outspoken manner seek to reduce Lord Kitchener's value to that of a good recruiting officer, or that excuse him on the ground of being too much occupied in procuring recruiting advertisements to attend to the supply of proper ammunition.

How Zam-Buk Cures Skin Diseases

As soon as applied, Zam-Buk penetrates right to the very root of the disease and kills the cause thereof. The rich herbal essences then so stimulate the cells below the surface that new healthy tissue is formed, which, as it grows, forces out the diseased tissue. Zam-Buk cures from the bottom up. This is the reason that sores and skin diseases cured by Zam-Buk, do not return.

Zam-Buk is entirely different from all other ointments. It does not contain harsh minerals, or poisonous coloring matter. Nor does it contain coarse animal fats, which, in a short time, go rancid. Zam-Buk will keep indefinitely.

Many people have been cured by Zam-Buk after having suffered for years with scores of dollars trying various remedies in vain. If you suffer from any skin disease or injury, benefit by the experiences of others. Try Zam-Buk first. Don't trouble with useless remedies.

Zam-Buk is unequalled for eczema, pimples, cuts, burns, bruises, cold sores, frost bites, chapped hands, and all skin diseases and injuries.

We are so convinced that a trial of Zam-Buk will prove to you its superiority, that we will send you a FREE TRIAL BOX on receipt of this article, name of paper, and 1c stamp to pay return postage. Write Zam-Buk Co., Toronto.

How Zam-Buk Cures Skin Diseases

As soon as applied, Zam-Buk penetrates right to the very root of the disease and kills the cause thereof. The rich herbal essences then so stimulate the cells below the surface that new healthy tissue is formed, which, as it grows, forces out the diseased tissue. Zam-Buk cures from the bottom up. This is the reason that sores and skin diseases cured by Zam-Buk, do not return.

Zam-Buk is entirely different from all other ointments. It does not contain harsh minerals, or poisonous coloring matter. Nor does it contain coarse animal fats, which, in a short time, go rancid. Zam-Buk will keep indefinitely.

Many people have been cured by Zam-Buk after having suffered for years with scores of dollars trying various remedies in vain. If you suffer from any skin disease or injury, benefit by the experiences of others. Try Zam-Buk first. Don't trouble with useless remedies.

Zam-Buk is unequalled for eczema, pimples, cuts, burns, bruises, cold sores, frost bites, chapped hands, and all skin diseases and injuries.

We are so convinced that a trial of Zam-Buk will prove to you its superiority, that we will send you a FREE TRIAL BOX on receipt of this article, name of paper, and 1c stamp to pay return postage. Write Zam-Buk Co., Toronto.

All Druggists and Stores sell Zam-Buk at 50c. box

Three of our young lady nurses left on Monday, Miss Moody, Miss Floyd and Miss Stammers for Montreal, where they will take steamer for service overseas. A large number of friends were at the station to bid them farewell and they were given a hearty send off. On Friday evening of last week, at the home of Miss Addy, Union street, each of the young ladies received a handsome steamer rug from a gathering of nurses assembled in whose behalf Miss Retallick gave an address expressive of good will and success in their new sphere in which many friends in St. John will join.

Mr. John E. Moore was host at a most enjoyable dinner at the Bungalow on Wednesday evening in honor of Mrs. F. Howard Grimmer of St. Andrews. The guests were Colonel McLean and Miss McLean, Mrs. W. The former received wonderful donations of cotton and linen which will be forwarded through the Red Cross for hospital uses for which there has been such an urgent appeal. The latter chapter's appeal for treats for our soldier boys met with great success. Among the articles collected were \$42.55 in money, 39 plugs tobacco, 70 packages tobacco, 317 packages of cigarettes, 36 cakes (50 lbs.), maple sugar, 29 dozen milk chocolates, five dozen packages of candy and 6 1/2 lbs. of candy.

The Royal Standard Chapter, Daughters of the Empire, met last evening at the residence of Mrs. P. C. MacNeill, German street where final arrangements were made for "Self Denial Day" to be held on June 3rd, the King's birthday. Boxes will be left at the houses by members of the Chapter, and there is no doubt but that everybody will feel it a great privilege to deny themselves some small or large amount when they stop to think what the object is for—the suffering, sore afflicted Belgians, who have done so much for us.

Mrs. W. T. Whitehead, Fredericton, and son Mr. Guy Whitehead, were in the city on Thursday day to meet Mrs. Shute, who arrived from Yarmouth with two children and left that evening with her mother, Mrs. Whitehead, for the Capital.

Mr. J. S. Ford for the second consecutive year has been asked to act as examiner at the Conservatoire of Music, Montreal, and left for that city on Monday evening. It has been rightly said that the honor paid Mr. Ford by mentioning his name in the examiner in these important examinations is a distinct tribute to his musical ability, as well as to his fairness and impartiality.

Mr. and Mrs. Harold Payson have opened their summer cottage in the Park, Rothesay.

Sir George E. Foster and Senator Casgrain were distinguished visitors in our city this week.

Mrs. L. P. D. Tilley and daughter who have been visiting in Toronto arrived home on Monday from Montreal.

Ryder farewell, he having left on his way to England to report for foreign service, and thence to France to take a post under Major Magee in the artillery. On Tuesday Lieutenant Ryder was the guest at a luncheon given in his honor by the officers of the artillery on Partridge Island.

Despite the disagreeable weather on Tuesday night a large and enthusiastic audience greeted those taking part in the grand concert given under the auspices of Brunswick Chapter I. O. D. E. in the City Hall, West St. John, in aid of our boys at the front. Much credit is due Mrs. S. Herbert Mayes, the convener of the different committees, whose untiring effort made the concert such a success. The stage was beautifully arranged being decorated with small flags and red, white and blue bunting, palms and ferns. The standard of the order standing out in a conspicuous place. The Carleton Cornet Band played a patriotic selection which deserved the applause it received. Miss Knight was never heard to

best advantage, her well selected songs adding her beautiful voice. Mr. A. E. McGinley delighted the audience with his readings, particularly his encore which was greatly appreciated as shown by the hearty applause given this talented reader. Mrs. T. J. Gunn, as usual, gave her listeners a great treat with her violin solo and responded to an encore. Mr. Skelton's recitals were most delightful. Mr. Skelton and Mr. E. H. Hayes' duet was a gem indeed and the blending of the fine tenor and rich baritone voices are seldom heard. Miss Valde Fen-ton's sweet natural voice made a deep impression in her pretty selections. Mr. Hurley who is a great favorite was in his usual good form and his readings were thoroughly appreciated. Mrs. Barnes and Mr. D. Arnold Fox in their piano duet showed these artists at their best. A large room in the patriotic rooms has been placed at the society's disposal, where the different committees can meet and receive donations. A telephone will soon be placed in the room. WALKS & TALKS AROUND THE STORES

Fancy Footwear

Fashion experts predict that the era of fancy footwear is just beginning. There are signs that it will grow as the summer advances, and continue in popularity through the coming fall and winter.

Milady, whose purse strings are of unlimited length, must have a pair of shoes to go with every frock and suit, if she wishes to be quite au fait, but the average woman is unable to have such luxury.

McRobbie are making a specialty of this dainty footwear in all sizes and a call at their store should convince any lady as to the comfort and coolness of their shoes.

Smart Suits

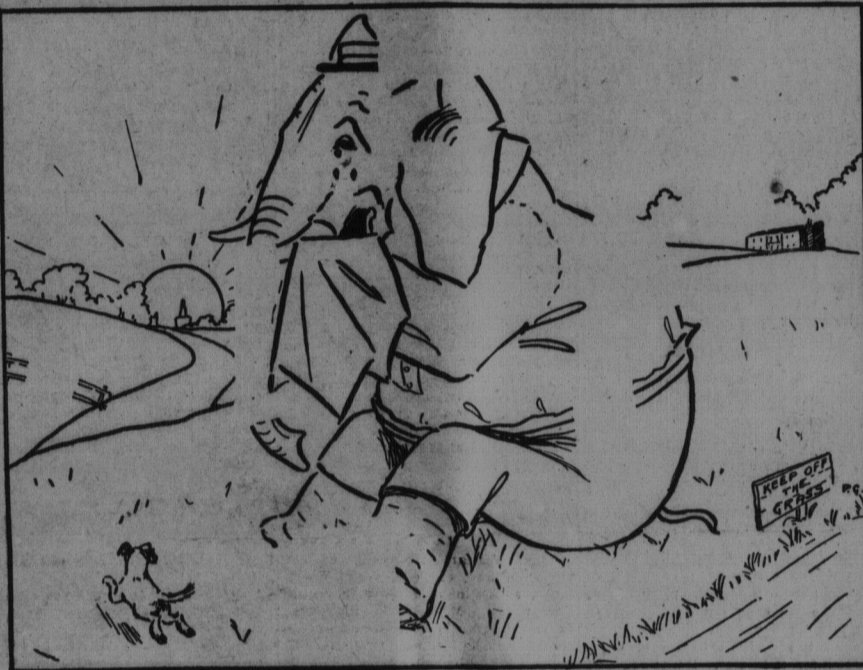

Another store that should receive a special call if milady is to have the very last word in smart suits is that of Wilcox. They are having a month-end sale and, as they suggest in their advertisement on this page, it should not be missed.

Leaves For England

Mrs. William Staddon has left for Montreal from which city she will proceed to Exmouth, Devonshire, England, which was her home prior to coming to St. John. She will await the arrival of her husband who is with the 26th Battalion.

CHILDREN'S CORNER

You see how sorry Jumbo feels, for taking things just like a thief; In tears we find him; he appeals For pardon—can't you see his grief?

So let us all forgive our pet; Although, of course, he was to blame, It will not do to quite forget He's only Jumbo, just the same.

UNCLE DICK CHATS WITH THE CHILDREN

Is pleased with the colorings and work of his youthful competitors.

My Dear Nephews and Nieces, I am very proud of you all this week, on account of the beautiful paintings and sketches you have sent in.

Since my last letter a number of you have written me as to holding two competitions. Now you will see in another column I have decided to do this, and I shall expect you to all try hard, and remember that neatness and originality will count, whatever age you may be.

I expect you will all have commenced your holidays. It makes me wish my school days were back again so that I could join you in a good romp through the woods or in a rattling game of baseball.

With best wishes for your holidays, and heaps of love, from Your Uncle Dick, The Standard, St. John, N.B.

ANSWERS TO SOME QUESTIONS ASKED BY THE CHILDREN

Selby Wetmore—Well done Selby, you did a splendid painting and are a clever little artist.

Francis Glenn Adney—Success has at last crowned your attempts Francis, and you well deserve second prize.

Clifford W. Wetmore—You are a clever little sketcher Clifford, and I now hope you will learn to use the colors. The new competition answers your nice letter.

Elsie Trask—Read the conditions more carefully Elsie. I am glad to welcome you to the Corner.

Jean Fieger—Welcome to the Corner Jean. I shall look out for more of your work.

Earl Sharp—You did well Earl, and I notice your remarks re the colors. I shall watch for your attempt next week.

F. Muriel C. Killam—I am sorry to hear you have been sick, but trust you are now better. You are a clever little artist.

George Redstone—You made a good attempt, George, but used your chalks too heavily.

Bessie Clarke—Thanks very much for interesting letter, and poetry, (you will see I have published the latter). Your painting is good, but the colors are too heavy.

Hilda E. C. Case—You do nice color work Hilda, and your work is very neat. Later on I may give some drawing hints to help you all.

Ethel Elliott—You will see I have introduced the sewing contest, and I shall expect to see you trying.

Muriel L. Olive—Welcome to our Corner, Olive. I shall look forward to seeing more of your work.

Andrey Parker—You must not be disappointed, Andrey, but go on trying, as you do good work, but make it too thinly colored.

Florence Macaulay—You have used right colors, Florence, but made the picture far too heavy. Try again and use the chalks lighter.

WINNERS OF WEEK'S PRIZES IN CONTEST

Work sent in by youthful artists show high degree of skillfulness.

The result of this week's painting and drawing competition in The Standard was very difficult to arrive at, as the work sent in reached a high degree of excellence, the youthful artists showing a great amount of neatness and originality.

A light delivery express belonging to Flewelling Bros., Fairville, figured in an exciting runaway on Lancaster Heights yesterday afternoon. Outside of a slight breakage to the shafts of the wagon no material damage or injury to pedestrians occurred.

Soldiers Will Attend Church

Col. McAvity has given orders for a detachment of the 26th Battalion to attend divine service at the Congregational church, Union street, tomorrow evening. Rev. Ralph J. Haughton will preach a sermon of a patriotic character along the lines now being advocated for recruiting in the interests of the Empire.

Guy Bradshaw Hurt.

The condition of Guy Bradshaw, who was taken to the hospital yesterday afternoon with an injured hand, sustained while employed at Peterson's mill was reported as favorable and there is every probability that the member will be saved. It was thought that it would be necessary to amputate the hand. The injury was caused by a friction wheel. He was attended by Dr. G. O. Baxter.

Fire Chiefs to Meet.

The annual meeting of the fire chiefs and captains of salvage corps of the Maritime Provinces will be held at Moncton on Wednesday next. It is expected that the chiefs and captains from all the departments in the provinces will attend. This association was formed in Halifax last August while the firemen were gathered in that city attending a firemen's tournament.

Still Alarm.

No. 1 chemical and the motor truck responded to a still alarm yesterday afternoon, about five o'clock for a fire which started in the basement of the residence of Dr. Case on Princess street. When the firemen arrived they found a brisk fire burning about the partition sills and beams of the all basement. After working for about three quarters of an hour cutting and tearing away the partition the fire was extinguished. It was learned that a small boy who resided in the vicinity started the fire at the corner of the house not thinking of the damage that would result.

Retail Provision Market.

There was a poor supply of provisions in the local market yesterday, retailers reporting that trade is exceptionally quiet just now. No changes of importance in the various commodities required by the housewife have to be recorded. Beef roasts were quoted at from 12c to 24c a pound; lamb, \$1.45 to \$3.55 a quarter; veal, 12c to 30c a pound; chickens in limited quantity, 25c to 35c a pound. Ducks could not be had. Butter, creamery, sold at 35c a pound; dairy, 33c; tub, 25c. Eggs were on hand in sufficient quantity and there are good sales. Fresh, 25c a dozen; case, 23c. Vegetables remain at usual prices. Lettuce, radishes, beets and celery were of good quality at the usual prices for the time of year, but the supply was short, although sufficient to meet the requirements of purchasers.

Bruin Has Gay Time.

The bear that was brought from the North Shore as a mascot for the 26th Battalion is once more in prominence. As mascots are not allowed in the battalion the animal was put up for competition in the Citizens' Rifle Range and was won by a horseman. The fireman had a great deal of trouble with Mr. Bruin and finally unloaded these troubles on a farmer to whom he presented the bear. The farmer took the bear home, and procured some liver at a slaughter house for the animal to eat. When the bear scented the raw meat it broke clear of the farmer, ate all the meat and tore around in such a manner that the farmer was frightened to go near it. The bear had full charge of the barn, tore up a board in the floor and has hidden itself under the barn.

STREET CARS WILL RUN TO GLEN FALLS

First Car over new connection will run to Three Mile House Monday.

It is expected that the St. John railway company will have completed the connections of the Rothesay Avenue extension to Coldbrook and Glen Falls by May 24. The rails are laid and the wires strung as far as the Three Mile House. The only work that is to be done to complete the extension is at the One Mile House and as work on this is being carried on night and day there is every reason to believe that it will be completed on the date named. The rapid development of Glen Falls, which was only put on the market last July has been remarkable. The ground covers 800 acres, equally divided between high and low land. This rapid development is perhaps due to the policy of the Coldbrook Realty and Development Company who, while the property was purchased some years ago as stated before did not place the property on the market until last July, having confined their efforts to the building of roads and providing a concrete reservoir and water system and otherwise developing the property. The selling policy has been to interest St. John citizens who would like to own a house in the suburbs and who would improve the property by the erection of homes. All those who have purchased lots have seen the property.

Carrying out the company's progressive policy they completed negotiations last summer with the St. John Railway Company for an extension of their lines to Glen Falls where it runs through the heart of the property. It is expected that upon the opening of the line that further developments will be accomplished. At the present time there are more than 22 houses being built by the various lot owners, a number of which are near completion. A trip to Glen Falls on Monday will well repay those interested in the development of St. John and suburbs.

Financially the Grand Temple is in the best condition for years.

PASSENGERS AND HEAVY CARGOES ON RIVER BOATS

An unusual large passenger list and heavy cargo was carried by the S. S. Oconee to Wickham yesterday afternoon. Among the passengers were thirty young ladies of the Natural History Society in charge of Mr. and Mrs. McIntosh. The S. S. Champlain docked at noon yesterday from the Belleisle bringing a small passenger list and a fair cargo. The S. S. Victoria arrived at her wharf, Indiantown, yesterday afternoon, at four-thirty o'clock. About forty passengers and a considerable cargo consisting of hay, apples, potatoes and live stock were brought from river points. Among the passengers who came to the city were Mr. Burwat Atkinson, valetudinarian at U. N. B., E. W. Rowley, W. G. Clark and Mrs. Dr. Kierstead from Fredericton. The steamer May Queen leaves this morning for Chipman and carries a heavy cargo. This is the first trip of this steamer in which excursion or week-end rates are applicable.

HOSPITALS ARE SWAMPED WITH WOUNDED SOLDIERS

Letter from Colonel Bridges says Train Loads of injured men arrive daily — Canadians show great fortitude.

Senator W. H. Thorne has received a copy of a letter from Col. J. W. Bridges, of No. 2 Canadian General Hospital in France, acknowledging the receipt of the motor car to which Senator Thorne contributed. The subscriptions totalled \$790, and the amount in excess of the purchase price of the car will be devoted to the purchase of spare parts. The letter from Col. Bridges follows: Le Treport, France, April 27, 1915.

My Dear Neill: I have just received the news of the terrible wounds, but they are wonderfully cheerful and say that getting into a nice clean bed in a Canadian hospital is next best thing to going home. It is a pleasure to wait on these Tommies. Many, of course, are British Tommies, but Tommies who have come through the purgatory fires of affliction. We aim, however, at getting as many as possible of our own Canadian boys. All for a time seem dazed and meditative, then they get rested and have a good smoke and play a game of cards on their beds, if not badly hit. Even with gun shot wounds of arms and shoulders, they will get up and stroll around with arms in slings. I have never yet, with over 600 at the present time, heard a word of blasphemy or a curse word from one. This is why I say they have come through the purifying fires of affliction. They call it "The Gates of Hell." The casualties amongst the officers have been very high, but all agree that their officers showed them how to fight and how to die. The fight is still on, and we know the decision hangs in the balance, but there will be no running away. Again thanking one and all for their noble generosity, I am, Yours gratefully, (Sgd.) J. W. BRIDGES.

ST. JOHN MAN DROPS DEAD IN TORONTO FROM HEART DISEASE

Charles T. Gillespie, formerly a well known St. John insurance man, dropped dead from heart disease in Toronto on Thursday. He was forty-seven years of age, and for the past fifteen years has been carrying on an insurance business in Toronto and the West as far as Vancouver. Of late he has been doing business among the soldiers before they departed for the war. While in St. John he was agent for the Provident Saving Insurance and later the Equitable Life Insurance Companies. Mr. Gillespie will be missed by a wide circle of friends, among whom are Col. M. B. Edwards and Allan Turner, his brothers-in-law of this city.

Dear Will:— I received all your letters and I wrote one in reply but never got it mailed. I wrote it in a cellar with the shells bursting all around the grounds of the house and some in the house itself. One shell, a 4.5, came through four thicknesses of brick wall, tore away about twelve lengths of bricks in the first place, then through a double brick wall, hit the wall on the other side a good crack and lay back on a shelf unexploded. Let me tell you there are more men needed here and needed badly. Lou Lelacheur was wounded in the leg, lucky dog. Good bye for now.—Bob.

COMMISSIONER SAYS CITY SHOULD HAVE A SCHEME OF ITS OWN

"There should be some plan for the superannuation of civic and provincial officials, but I believe the city should have some arrangement of its own and not go into the provincial scheme," said J. V. Russell, commissioner of harbors, ferries and public lands, to a Standard reporter yesterday. "I have not considered the idea fully, but there is no reason why the city should not take up the matter alone. There are many civic employees to be considered and a scheme which would apply to the whole province might not work out acceptably for the city. I think the city employees could easily arrange some plan for themselves. "In a provincial superannuation arrangement St. John would be contributing a large share but might not have as much to say in regard to its working as the size of her contribution would warrant. "I expect to secure some details of how superannuation is arranged in other places."
