IRISH COURTS ARE WITHOUT JURISDICTION

Bomb Explosions Reported in Many Sections—U. S. Journalist Injured.

Dublin, April 17.—P. J. Kelly, correspondent here of the New York World, was wounded in an ambush at the O'Connell Bridge in Dublin last night. Kelly, with two other newspaper correspondents, had just crossed the bridge when an automobile flanked by three men and a woman, who were believed to be members of the Crown forces, as it was immediately attacked with a bomb. The driver of the automobile was killed and Kelly received a bomb splinter in the face, which tore his cheek. He will be operated on Monday for removal of the splinter. Other explosions followed the first one and there was revolver fire. So far as known, however, no one was injured but Kelly.

Cuts Off Irish Courts

General Sir Nevil MacCreedy, military commander of Ireland, issued a proclamation yesterday, declaring without jurisdiction all courts of justice in the martial law areas in claiming damages or injuries alleged to have been caused by Crown forces unless the proceedings are sanctioned by the military governor.

1700 Irishmen Quit

Nearly 1700 Irish emigrants embarked at Queenstown yesterday and today, bound for the United States. Several attacks on the consular building were reported today. Two constables were dangerously wounded at Ballina, after which armed forces went through the streets firing bombs and shooting indiscriminately.

Said to be Massing Troops Near Vilna on Eve of Brussels Conference.

Kovno, Lithuania, April 17.—On the eve of the conference at Brussels between the Poles and Lithuanians for settling the differences between the two countries, the Poles, according to Lithuanian newspapers, are massing troops in the Vilna area and rumors are current in Kovno that they plan an attack in the event Vilna is awarded to Lithuania.

CATHOLICS DEMONSTRATE

Montreal, April 17.—About twenty thousand people assembled this afternoon at the shrine of St. Joseph on Mount Royal this city at the pilgrimage arranged by the Knights of Columbus in response to the invitation of Pope Pius IX to the Catholics of the world to consecrate the year 1921 to St. Joseph who fifty years ago was chosen by His Holiness as the patron saint of the Roman Catholic Church.

CRIPPLE BURNS TO DEATH

Waltham, Mass., April 17.—Mrs. Martha B. Gibson, in her eightieth year, a cripple from rheumatism, was cured the afternoon, burning her hand when she used a lighted lamp. The flames spread to her clothing and burned her to ash, burning her body and causing her death within fifteen minutes, from burns and shock.

Mercury Drops 38 Degrees At Montreal

Sleet and Snow Ties up City When Temperature Declines Suddenly.

Montreal, April 17.—Montreal and the area covered by the Ottawa Valley experienced a swish from the fall of the disturbances which caused loss of life and property destruction in the central Western portion of the United States. The temperature here dropped 38 degrees in 24 hours, falling from 62.2 degrees at 5 Friday afternoon to 24 degrees at 1 on Sunday morning and remained there until after 7 this morning while a 25 mile an hour wind blew. The most unpleasant aspect of the weather was the sleet and snow that fell Saturday night and gave the city a wintery look.

SINN FEINERS DRAGGED WOMAN OUT TO DEATH

Farm Girl Victim of Raid Made on Her Home by Murder Gang.

PLEADED IN VAIN WITH HER CAPTORS

Tried and Executed by the Republicans Says Tag on Body.

Dublin April 17.—The first execution of a woman in the strife between the discordant factions in Ireland is announced. She was taken from her home in the Scotstown district of Monaghan today and shot and killed on the bank of the river. The woman, whose name was Kitty MacCarren, belonged to the farming class.

Neighbors in Terror

Neighbors refused aid in the removal of the body, and she is the terror inspired in Monaghan by the recent series of terrible deeds which have earned for the county the reputation of being the worst in Ulster. The police, though accustomed to tragic events, were deeply moved at the sight of the poor old mother, in her second childhood, entering the room where her daughter's body lay and staring about her bewildered, trying to realize what had happened.

Ontario Voting On Importation Issue

Hardest Fought Battle Ever Staged in Province is Now at An End.

Toronto, April 17.—At the conclusion tonight of one of the hardest fought battles in the province of Ontario, both "wet" and "dry" forces claimed a victory in prospect at the polls tomorrow. Throughout the province an exceptionally active campaign has been carried on by both the Ontario referendum committee and the Citizens Liberty League.

Gen. Cowans Dead

Montone, France, April 17.—General Sir John Steven Cowans, a member of the British Army Council during the European war, died here yesterday. He made a life-long career of the army which he entered in 1881, winning successive promotions to a Brigadier-Generalship in 1908 and a Lieutenant-Generalship in 1915. He attained the rank of General in 1918. He was fifty-eight years old.

RAILROADS TO LAUNCH WAGE CUTTING DRIVE

Over 100 United States Lines Prepared for Battle With Labor.

WANT REDUCTIONS FOR ALL WORKERS

Employees May Question Legality of Board Dealing With Issue.

Chicago, April 17.—Railway managements of nearly one hundred carriers were prepared tonight to launch their first big drive tomorrow for reduction of labor wages. A consolidated hearing at which wage disputes will be presented from throughout United States will begin tomorrow before the United States railroad labor board. All the roads ask a reduction in unskilled labor wages, and several ask blanket reductions for all employees.

May Question Legality.

It was indicated tonight that the legality of the board conducting the hearing with three vacancies unfilled and only six members present would be brought up at the opening session. The nominations for the vacancies were sent to the Senate for confirmation by President Harding on Saturday, but some of the parties to the present dispute were understood to be asking delay until the new members are actually present.

Tornado Death Toll Eighty-Three

Property Loss in Southern States Will Run Into Millions of Dollars.

Memphis, Tenn., April 17.—Incomplete reports from the six states swept into Friday and Saturday by storms showed tonight a death toll of 83 with 28 seriously injured. Property damage, it was estimated, will run into the millions, and when relief parties report isolated sections, it is feared the death toll will amount still higher.

LAST DAY IN STANDARD'S BIG AUTO CONTEST

Contestants Have Until 8 p.m. Tomorrow Night to Bring in Returns.

EQUALITY FOR OUT OF TOWN CONTESTANTS

All May Secure Votes and Subscriptions Until Midnight.

Tonight at midnight The Standard's Automobile and Movie Star Contest ends.

The office of the Cashier will be open until 8 o'clock this evening to accept subscriptions. City contestants may bring in their final returns and votes tomorrow if they wish. The office of the Cashier will be open until 8 o'clock tomorrow evening to accept final returns secured prior to midnight today.

Read Closing Rules.

Read the closing rules of the Contest carefully. Do not lose out on the prize of your choice at this stage of the race because you were in ignorance of the closing rules.

All vote ballots must be sent in or brought in at once, to be dropped in the Ballot Box for the Final Count of Votes.

Out of town contestants may work up to the last minute of the contest with the city contestants and then mail in their returns.

After all returns are in, Mr. P. F. Blanchet, Chartered Accountant, will audit the contest records and votes after which the Final Count of Votes will be made and the prize-winners announced.

Secure Every Vote.

It will take VOTES to win the big seven-passenger Studebaker, the Gray-Dort, the regular prize Ford, the Morris Star and the other regular prizes. Secure every possible vote today, before midnight. It will be far better to have too many votes than not enough.

Allies Plan For Control of Germans

All Ready to Take Action if Payment is Delayed After May 1.

Paris, April 17.—A military and civil general staff will meet tomorrow to determine the precise manner of action in the Ruhr district in the event of occupation after May 1. The military plans, fully completed long since, by the staff of Marshal Foch are quite elastic enough, it is learned on good authority to adapt themselves to the economy plans which the mixed commission sitting daily between now and May 1, will definitely adopt if necessary. From a military point of view the recall of only one class, that of 1919, has been decided upon as sufficient to carry out further operations.

EX-KAISER NOT ABLE TO FOLLOW HIS WIFE'S BODY

Exile's Humiliation Never Greater Than Since Death Took His Companion.

FAMILY AT DOOR FOR THE FUNERAL

Glimpse of Ex-Emperor Shows Him to be Greatly Changed in Appearance.

Doorn, April 17.—Never was contrast between former glory and present state of humiliation more accentuated than when Wilhelm, former German Emperor, followed the body of his wife, Augusta Victoria, to the station at Maarn, where he entrusted the faithful companion of his grandeur and his sorrow to his sons and friends to take back to the fatherland. The Emperor that was and the ex-Crown Prince and the other sons present were all attired in full uniform of the Prussian guards, their helmets crepe-covered.

Few at Station

The funeral procession arrived at the little station at Maarn in darkness only broken by the light from a few lamps on the railway embankment. The Emperor's huge car covered with flowers, followed by servants who loaded the wreaths into railway carriage. About ten minutes later the funeral train arrived, flashing powerful searchlights. It was draped with black cloth with white cross and border.

From the next automobile Chaplain Dreyender alighted, wearing black robes. Immediately behind came an automobile carrying the former Emperor and his daughter, Princess Victoria Louise, was driven on until it reached a shelter of shrubs, hiding it from view.

Sons Were There

Frederick William, the ex-Crown Prince, and Prince Adalbert in long gray mantles, walked briskly forward. Other members of the family alighted from their cars. Prince Oscar, the Duke of Brunswick, Prince Princesberg, General Von Tarden, chief of the household, and Countess Hanteau, the stuncheon friends of the late Emperor, and ladies in waiting in the 20 days and the court chamberlain, Baron Von Spitzenberg, Representatives of Queen Wilhelmina of Holland, the Dowager Queen and Prince Consort, together with representatives of the King of Spain and the King of Sweden, and a number of Dutch officials closed the procession.

When all had collected around the coffin, the court chaplain, Dr. Dreyender, his voice vibrating with emotion delivered a brief oration. The coffin was then placed in the railway carriage, which Wilhelm, Frederick William and Princess Louise entered and remained for a few moments.

For a brief period Wilhelm became dimly visible to those who had gathered to watch the ceremony, his figure that of a man broken by sorrow.

Back to the Castle

Princess Louise entered the automobile with her father, the door closed and the car glided on, carrying the exile back to confinement at Doorn to face his fate without the loving wife who, until now, had shared his humiliation. Soon after the departure of the former Emperor, the ex-Crown Prince left the station precincts and returned to the castle, with the Duke of Brunswick and others who are staying in Holland.

Family at Service

Doorn, Holland, April 17.—A service in mourning for the former German Empress Augusta Victoria was held in Doorn Castle this morning, attended by all the members of the former Imperial household, some of its most intimate friends and several officials of the Dutch Government. The service was an affecting one, and during its progress former Emperor Wilhelm frequently sobbed and at one point seemed at the verge of a breakdown.

Sons at Funeral.

Ex-Crown Prince Frederick William, his brothers Adalbert and Oscar and others of the mourning party were visibly moved as they knelt before the catafalque bearing the coffin in which lay the body.

The service was conducted by Dr. Dreyender, the former court chaplain.

REDUCE TRAIN SERVICES FOR ENGLISH LINES

Nation Shivers in Cold Spell While Seeking to Save Coal.

EVERYBODY ANXIOUS FOR QUICK SETTLEMENT

Big Firms Are Preparing to Import Coal to Meet Domestic Needs.

London, April 17.—Sunday brought additional discomfort from the coal strike to the people of Great Britain as the need for already closely held fuel was increased by the appearance of wintry weather throughout the United Kingdom, with a considerable snow fall in some sections.

The leaders of the striking miners have all left London, apparently quick to the disappointment of the government departments concerned in dispute, who had been hoping that now the political question in the demands of the miners for a national pool had been disposed of by the refusal of support to the miners by the Triple Alliance, it might be possible to get negotiations on the wage question started again.

More Speedy Settlement

The action of the House of Commons last Thursday night in virtually taking the affair out of the hands of the government was widely commented on as bringing in a new phase of public affairs, not altogether to the taste of government departments, but likely to help in the more speedy reaching of a settlement.

The bad weather and the collapse of the threatened railroad and transport strikes have had the effect of reducing the recruiting of volunteers for a fortnight and is certain to continue for at least another week, by which time the available stocks of coal will be greatly depleted. The mines department are still anxious to negotiate for a permanent settlement of the wage question.

Mine Owners Anxious

This desire is in line with the anxiety of the mine owners to come to terms with the men and avoid a prolonged struggle, which would lose the world markets for their product. The strike has already been in progress for a fortnight and is certain to continue for at least another week, by which time the available stocks of coal will be greatly depleted. The mines department are still anxious to negotiate for a permanent settlement of the wage question.

Train Service Cut

The train services will be additionally curtailed during the coming week, in line with this policy. The Admiralty is preparing to bring coal from Nova Scotia for its own use, and some of the big coal factors are preparing to import coal from the United States.

A mass meeting of railwaymen held in Carlisle today passed resolutions in favor of calling a general railway strike unless the just claims of the miners were adjusted by next Friday.

NO TRADE WITH RUSSIAN SOVIETS

Sam Compers Told U. S. Cannot Consider Commercial Relations at Present.

Washington, April 17.—Secretary of State Hughes, writing to Samuel Compers, president of the American Federation of Labor, who asked for a statement of "the facts" regarding Russia, indicated decidedly that there is no prospect of a resumption of relations with the United States while the Soviet political and economic system remains.

The letter of the secretary of state makes direct reply to various statements, characterized as propaganda, which contend that resumption of relations, trade or political with the Soviets would open a great current of trade of advantage to the United States and that large shipments of Russian gold have already been made to other countries in payment for goods.

Soviet Russia, Secretary Hughes declares "is a gigantic economic vacuum," and adds that "no evidence exists that the unfortunate situation is likely to be alleviated as long as the present political and economic system continues."

What legislation of late years has shown such deplorable poverty in political ability and debating strength as characterized the personnel of the present House. The Government lost three good men in Mr. Burdell, Mr. Sweeney and Dr. Smith, in their places they have only Dr. Curran, who to do him justice, should have shown more sense than throw in his lot with such a bunch of lightweight as sit around him.

Wisconsin Mob Seeks to Drive Him Out of Town, Archbishop Refusing Action.

Chicago, April 18.—Mayor John G. Joachin of Kenosha, Wis., dropped the routine duties of his office today in order to organize a pilgrimage to the Roman Catholic Archbishop in Milwaukee, the strongest, perhaps, which ever set out to catch the ear of so high a power in the church.

Mayor Joachin will head the party, which will be Owen O'Hare, Chief of Police, and William Ross, Sheriff. They will address Archbishop Messner of Milwaukee in behalf of more than a thousand Italians who broke into the priest's house of the Holy Rosary Parish in Kenosha last night with the avowed intention of driving the parish priest out of town.

Herndon, Pa., April 17.—"I'm the king of a Fiji island," writes Norman Albert Herndon upon an offer to be 20 years ago, in a letter today to J. C. Ishman, postmaster of Herndon, in which he inquires if any of his relatives are living.

NINE-FOOT SILVER VEIN

Lawson, Y. T., April 17.—Arrivals from Keno Hill, in the Mayo district, confirm the report that a nine-foot silver vein has been struck in the Rio claim there. The strike was made in a tunnel which pierces the side of a thousand-foot bluff. The ore continues to the surface 75 feet above the tunnel and runs 75 feet below the tunnel in a shaft. The vein extends much farther down.

IN THE EDITOR'S MAIL

To the Editor of The Standard, Dear Sir—May I through your pages tell all those who have helped to raise funds for the Memorial Hotel (to be erected in the Port of London as the Empire's tribute to her merchant seamen) exactly the position of the scheme at the present time.

The original building, which was estimated in 1919 to cost \$55,000, will at present cost \$215,000. It has, therefore, been necessary to have further plans prepared, and at a meeting of the committee held in January, 1921, these were submitted and approved, and the building is to be commenced about July (by which time the site will be cleared). The new scheme will cost \$215,000 and is a very fine structure, but will contain 320 cubicles instead of 420, although it has been arranged that a further 200 may be easily added later at a cost of \$20,000. \$100,000 has been raised and to complete the building as now planned, defray cost of site, furnishing and incidental expenses, as well as provide endowment, we still require \$215,000.

OBITUARY.

Mrs. Johanna Butler.

Friends will regret to hear of the death of Mrs. Johanna Butler, wife of the late Thomas Butler, which took place Saturday morning at her residence, Manawassawash road, Fairville, in the eighty-first year of her age. She was well known in the city and county and the news of her death will be received with regret by a large circle of friends. She leaves four sons, John and James, of Eastport, Maine, Edward and Frederick, of this city, and four daughters, Mrs. T. Bright of St. George, Mrs. Grover Boynton of Eastport, Mrs. Charles Hilyard, of Washington, D. C., and Mrs. Matthew Payton of Milltown, Maine. The funeral will take place on Monday morning from her late residence to St. Rose's church.

Miss Elizabeth McCarthy.

Friends of Miss Elizabeth McCarthy were shocked Saturday morning to learn of her sudden death which took place at her home, corner of Queen and Germain streets, Miss McCarthy, who was of a very bright and cheerful disposition, was in her usual good health on Friday morning and the evening before had attended the entertainment at St. Vincent's auditorium. About three o'clock on Friday afternoon she took a dizzy spell and grew gradually worse until she passed away about 2:30 o'clock Saturday morning.

FUNERALS.

The funeral of Marion Wilson, victim of Wednesday's automobile accident, was held Saturday afternoon and was conducted by Adjutants Usarik and Wells, of the Salvation Army. The Life Saving Guards acted as pallbearers. The funeral was attended by many friends. Among many floral tributes received were a sheaf from her classmates of Victoria school, a wreath from Mr. McKee, Mrs. Stewart and girls of the Corona factory; roses from Mrs. DeWolfe, a sheaf from Messrs. Dickson and Cunningham, red and white carnations from Rudy Chapter, I. O. O. E.; a sheaf of white roses from the Life Saving Guards; white roses from Miss Minnie DeWolfe, white roses from Albert E. Cobett, flowers from Salvation Army Corps Nos. 1 and 3, and from Miss B. Thompson, Ruby Pickrell, Gladys Crowley, Jean McKinnon and Ruby and Violet McEllich.

Are You Weak, Worn or Worried? Is Your Blood Thin and Watery

So that it makes you nervous, sleepless or easily fatigued? Don't wait until you collapse but commence to fortify your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

WHEN YOU FEEL THE FIRST WARNING SYMPTOMS—when you commence to lose your strength or vitality, don't sleep well at night, are highly nervous or irritable; get the "blues" easily; when your eyes begin to lose their lustre or brilliancy and the skin is pale inside (a most important symptom) then is the time you should act; and not wait until you go down in a state of complete nervous prostration or physical collapse.

A New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one of the chief contributory causes of this terrible waste of human life is the devastating weakness brought on by lack of iron in the blood.

THERE ARE 20,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When your blood is starving for iron no mere tonic nor stimulants can put you right. You must have iron. To get iron you must eat the husks of grains and the peels and skins of fruits and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure the iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples. It may be had from your druggist under the name of Nuxated Iron.

Nuxated Iron represents organic iron in such a highly condensed form that one dose of it is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It's like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists in tablet form only.

Floor Coverings that are Sanitary and Economical

Made In Canada

"This Linoleum Has Been Down For Years—Yet The Colors Are Bright As New."

"Linoleum is so sanitary too, I am never afraid to let baby play about on the floor. No lurking germs or hidden dirt on its bright surface—though I only give it an occasional mopping. As a time and money saver, or as a wear reducer, give me Linoleum every time."

LINOLEUM

A product of Canadian industry specially designed to withstand Canadian climatic conditions. Ask at any good store, and they will show you a wide variety of beautiful patterns. The attractive designs, so carefully fashioned, will fit in with any color scheme you desire.

Linoleum is lower in price than other floor coverings—yet its long wearing qualities are very remarkable. It has a non-sliding surface, is attractive to the eye, and is already meeting with favor everywhere.

Floor Oilcloth and Felt are a little lower in price than Linoleum, for those who desire a moderately priced product. Many pretty patterns from which to choose.

Ask to See the Argus of Linoleum Rug, TABLE OILCLOTH

A sanitary "easy to keep clean" table covering. Your dealer will show you the different kinds, white or colored; also fancy scalloped self oilcloth, in many popular shades.

Leading Dry Goods and Departmental Stores, Furniture, House Furnishings and General Stores throughout Canada will gladly display these products.

Toronto Ladies Welcome Premier

Hon. Mr. Meighen Urges Women to Study Political Activities of the Dominion.

Toronto, April 17.—A royal welcome and warm hospitality to the Rt. Hon. Arthur and Mrs. Meighen marked the visit of the Premier of Canada and his wife to the Women's Liberal-Conservative Association of Toronto on Saturday afternoon. It was the first gathering of the members of the newly organized Women's Liberal-Conservative Association and the visit was regarded as a happy augury, as pointed out by the President, Miss Constance Boulton, in her welcoming address. Mrs. Meighen was given a beautiful bouquet of roses by the daughter of Controller Nesbitt.

To Study Politics.

Addressing the ladies, Premier Meighen urged the importance of their making a study of the principles and practice of politics and of public men, so as to understand the reasons behind the actions of the political parties before voting. By placing stress on all matters concerned with the preservation of the home and public institutions the women would justify the legislation which had admitted them to politics, the Premier said.

Touching on the tariff question, Premier Meighen said that in eastern Canada, the opposition had advocated moderate protection and in Western Canada free trade. The policy of the Government at Ottawa, he declared, was the national one that had guarded the country for over forty years.

Returned Soldiers.

Referring to the attitude of the Liberals toward the returned soldiers, Premier Meighen said he thought the people would not take seriously the professions of men promising so generously at the present time—the men who had denied the soldiers assistance in the darkest days of the war. The Government was trying to conserve public funds, he said, and trying to deal justly with all the people as well as giving very careful consideration to the claims of the soldiers. It was required of the Government, the Premier said, to take care of the requirements of the pension organization and look after re-employment of those who had been discharged. He said he regarded land settlement as an important branch. WOMAN'S LIFE OF SERVICE IN LEPER COLONY

Herself Afflicted, Ministers to Community of 46 Suffering from Malady.

MISSIONARY SERVES AFFLICTED IN INDIA

Called by Sufferers "Dear Mother"—Has Served Unselfishly for Many Years.

London, April 17.—J. C. Oldrieve, organizing secretary to the mission for lepers in India, arrived in London today, after a three years' tour, during which he travelled 70,000 miles, visiting all the leper stations in India. He pays a great tribute to the self-sacrificing work of Mary Reed, an American woman who is a missionary in Chandigarh, India.

"She is one of the loveliest, yet one of the most noble, white women in the world," says Mr. Oldrieve, "and I am pleased to say she is still able to carry on her spiritual work among the afflicted—a wonderful life of devotion in a remote spot in the Himalayas, which she has now carried on for thirty years."

"Alone among the lepers, Mary Reed seldom sees white people. She has her little church in the mountainside country, nearly 6,000 feet above sea level."

Far From Civilization.

Mr. Oldrieve and his wife took five days to travel from the nearest civilized point to their remote spot, passing through beautiful pine forests where great herds of monkeys were chattering. The Chandigarh leper community is about eighty miles from the nearest town. The house in which she formerly lived fell to pieces during an earthquake, and she is now in a hut. There are forty-six women lepers in the community, which Miss Reed lives, and up in these heights she has had a hand in everything connected with the leper colony.

Call Her "Dear Mother."

These unfortunate people call Miss Reed their "dear mother" in such affection is she held.

Mr. Oldrieve said there were now over 200,000 lepers in India, and the work of the mission is increasing rapidly, but help is forthcoming from provincial governments and Lady Chelmsford's remarkable aid. A remarkable aid has been made on the medical side of the problem.

"At present," he declares, "it is not right to say that there has been a few months' work on the medical side of the problem. The system of treatment of Sir Leonard Rogers is extremely hopeful, and in a few months much more might have been made public upon this subject."

"In my tours of the asylums I have seen cases of persons who by a certain treatment have been made a great deal better, and medical opinion in India is more hopeful now of success than ever before."

OBITUARY

Josephine E. Murray.
The death of Josephine E. daughter of Mr. and Mrs. C. R. Murray, 22 Clarence street, occurred yesterday in her 74th year. The deceased was highly respected by friends and associates, and her untimely end has caused genuine sorrow. She is survived by her parents, three brothers, (Isadore, Edmund and Roy), and three sisters, Mrs. D. J. Dougherty, the Misses Mary and Beatrice at home.

The funeral takes place Tuesday morning 8.45, from the home of the parents, to the Cathedral for solemn requiem high mass.

Mr. Oldrieve said to take care of the annual debt, which could be accomplished only by hard work, as currency was expended so much more than the world's wealth.

Following Premier Meighen's address tea was served and a social hour was enjoyed. The attendance was large.

Dorothy Dalton's Beauty Chat

Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful, rosy-white complexion and smooth untroubled skin like mine if they will follow my recipe and use Beriville's simple toilet preparation. I use it because it imparts instant beauty, is easy to apply, absolutely harmless and has a marvellous effect upon the skin. One application proves it." Be sure to read Miss Dalton's interesting story of how to quickly acquire a beautiful complexion, soon to appear in this paper. In the meantime get Beriville at any toilet counter and try it today; you will be substantially surprised.

Anniversary of Luther's Trial

Sermon Preached by Rev. J. H. Jenner Commemorating Event.

Yesterday was the 400th anniversary of Martin Luther's defence before the Diet of Worms, April 17, 1521, in commemoration of that event, the Rev. J. H. Jenner, of the Charlotte street Baptist church, west side, preached an eloquent historical sermon last evening from the text: "You Shall Know the Truth and the Truth Shall Make You Free." He spoke of the history of the church from its beginning to the time of the reformation, and the effects of the reformation upon the world. He dealt with the history of the Life of Jesus and the organization of churches, Jerusalem, Antioch, Ephesus and Rome with their officers of presbytery and deacons. In the second century, he said, there was the development of the Episcopacy, resulting in the establishment of the Papacy later. He spoke of the first increase or growth of authority and functions of the pastors now known as bishops, the insistent claims of the bishops of Rome to supremacy, which gradually won its way. Then he referred to the union of church and state under Constantine in 325, ushering in a new condition of practical power.

Bishop of Rome

The first Bishop of Rome, he said, whose claim to supreme authority with the functions of Pope was Leo I. in 440. Mr. Jenner then briefly spoke of the temporal powers which came in eighth century; of the ascendancy and triumph of Gregory the Great in the seventh century, and conditions leading up to the reformation in the sixteenth century.

Causes of Reformation

He mentioned several causes as contributing to the Reformation:—First, the capture of Constantinople by the Turks setting free Greek scholars of that city, who contributed largely to the renaissance of learning; second, the revival of the human mind; and third, William Tyndale, a genius for translation, who gave to the world the New Testament at the very time Luther and his teachings had created a demand.

Effects of Reformation

As an outgrowth of the Reformation there had come, he said, liberty of the Bible, the printing press in 1460, where access to its teachings; second, the breaking of the bondage of the human mind; the personal expression of the grace of God with its new vision of God.

Special hymns, Luther's hymns, were rendered by the choir, the last one being "Mighty Fortress is Our God."

Sam. Gompers Married

New York, April 17.—Samuel Gompers, president of the American Federation of Labor and Mrs. Gertrude Gieves Neuschuler, whose engagement was announced Friday night, were married here yesterday in a hotel.

The ceremony was performed by Supreme Court Justice Robert F. Wagner. Only a few close personal friends of the bride and bridegroom were in attendance. Those were guests at a bridal breakfast immediately after the ceremony. Mr. and Mrs. Gompers left immediately for Toronto, where the labor leader is scheduled to deliver an address next Tuesday before the Empire Club on labor's policy toward the "open shop."

DRESSING UP GOODS.

Every good cook knows that much depends on the way garnishes are prepared. Please substitute the masculine pronoun and read the sentence again, for the high-class male cook is a past master at the art of garnishing.

Sometimes the simplest thing at metropolitan restaurants and cafes may be easily copied at home, are the most effective. Indeed, the over-ornate garnish is something to be avoided.

One interesting New York tea room with its broiled fish orders serves two slices of lemon with each order of fish, one covered with paprika, one liberally sprinkled with black pepper. These bits of lemon are both useful and decorative.

Another hotel restaurant serves a fresh leaf well washed, of course, with each order of halibut grapefruit. The leaf, sparkling with water, is placed on top of the half of grapefruit.

Another hotel restaurant uses a tiny pyramid of whipped cream, pressed through a tube, as a garnish to tomato bisque.

Egg white shredded with a knife is used as a garnish for chicken salad at a place where this delicacy is a specialty.

FUNERALS.

The funeral of the late Catherine Good was held at 2.30 yesterday from her residence 63 Richmond street to the Cathedral, where services were conducted by the Rev. Father Duke. Interment was made in the new Catholic cemetery. The funeral was largely attended.

Goddess

Sitting or Standing
"Goddess" corsets with their scientific cut and special French boning give absolute comfort.

They yield to any change of position and gently hold up the figure, assuring its greatest beauty, yet causing neither fatigue nor pain.

Many of the best dressed women in Canada are wearing "Goddess" corsets and share Anita Stewart's opinion: Without undue compression they add to the grace of the figure.

There is a style for every figure.

NOW THIN WOMEN ARE FASHIONABLE

Women grow thin, and still keep on getting thin! Every season the overly plump ones peer eagerly into the future to see what comfort there may be there for them. "Straight lines are going out," one gleefully exclaims. "That means we'll be all right." The lo! The curved lines come in which only show up surplus pounds with greater consciousness than ever. The Spring and Summer things are proof of this. Round waist lines, directoire models, and the rest of the innovations have none of the kind concealment that one found in Russian overblownness and moyenage effects, better known as "chemise frocks." Meantime physicians are divided over the benefits or harm of the high-waisted gown. "Women will ruin their health if they keep on," say some. "It means that they cut down and down on their food until they are 'weary undernourished.'" "It is a good thing for women that fashion does insist upon slimmness," says Dr. Newman, 238 Fifth avenue, on the other hand. "It means better health, so long as they are sensible about it of course and eat enough and don't exercise too strenuously when they are past the age of strenuous action. Anyway those things are unnecessary. The slenderness of the traditional willow may perfectly well be combined with food and comfort."

WEEK-END ARRESTS.

An even policeman's dozen of arrests are all ready to file into court this morning.

Eight drunks were arrested by the police Saturday, and Samuel Kjerstad was arrested on a warrant for theft, and Harry Andrews for assault. Two drunks were arrested on Sunday. Three protectionists came in on Saturday and two more on Sunday.

SATURDAY'S MARKETS.

In the city market Saturday morning the following prices were quoted:—Beef, 20c to 25c; veal, 18c to 25c; pork, 35c; ham and bacon, 45c; eggs, 30c to 35c; butter, 65c to 68c; potatoes, 40c to 45c; turnips, 25c; parsnips, 60c; beets, 60c a peck; cucumbers, 80c each; lettuce, 10c; parsley, 5c; cabbage, 7c; and rhubarb, 12c.

THE JAPANESE NEVER LIES; NOT EVEN THE MOTHER KISSES HER CHILD.

The luckiest telephone number, in the estimation of the Japanese, is eight, which suggests prosperity.

No Japanese wishes the figure 49 or 49 associated with his business or private affairs. "Shibal," which means death, are the Japanese words for the figures mentioned.

Fishing Vessel of New England Type

Halifax Yachtsmen Report on Inspection of Mayflower—Official Statement Made.

Halifax, N. S., April 17.—That the schooner Mayflower recently launched at Essex, Mass., as a contender for the honor of representing the United States in the International schooner races off Halifax next fall is a fishing vessel of the New England type, is the opinion of Halifax yachtsmen who inspected the vessel last week. W. J. Ross and Howard Lawrence have returned here from Essex and reported the result of their visit to the trustees of the cup.

Official Statement.
H. R. Silver, chairman of the international fishermen's race committee gave out the following official statement after a meeting of the trustees: "Any information in that there is no material difference in the construction of this boat as compared with other United States fishing vessels. Whether she will be eligible as a contender of the international trophy at the race this year is entirely in the hands of the committee in charge of the United States elimination race. It is their duty to say what vessels shall enter the race as contestants, and as the Canadian committee will decide what vessels shall enter for the elimination race at Halifax."

Empress Won From Tunisian

Association Football Match Between C. P. O. S. Teams Played in West End.

Empress of France and C.P.O.S. Tunisian played at Queen square, West End, on Saturday afternoon before a big crowd of spectators. The Empress winning set by a score of 6 to 1.

The teams lined up as follows: Empress of France—Shevlin, Evans, Hunter, Sherwood, Grant, Willis, Lawson, Bashford, Sweeney, Bolton and Poland.

Tunisian—Bernstein, McCulloch, Mathews, Gunning, Wylie, McIntyre, Wright, Devlin, Wilson, Wetherstone and Heneghan.

Referee—Mr. F. C. Heeler. On the Toss. The Tunisian won the toss for choice of ends and Sweeney kicked off. The France team became aggressive and visited their opponents quarters time after time. After ten minutes play Willis scored the first goal; Grant broke through the Tunisian defence some few moments later, and though the goalies cleared the first shot, Grant met the return and scored. Bolton scored later from 25 yards range with a shot which gave the goalkeeper no chance at all. Before the half time was called Bolton scored again, making the score 4 to 0 in favor of the France.

Second Half.
On the opening of the second half the Empress goal was peppered with shots from the Tunisian forwards, and Sevin was called upon to save a hot one from Wilson, and proved equal to the occasion. Wilson came back a few moments later with a low drive and scored the first and only goal for the Tunisian. Bolton and Willis each tallied again for the France and the final whistle found them leading by a score of 6 to 1.

In winning Saturday's game, France maintains a record of victory in every game played by her team in the past eighteen months.

Yale Swimmers To Go To Honolulu.
World Beating Relay Team and Others to Start in June for the Long Trip.

New Haven, Conn., April 16.—Yale's world-beating swimming team, which for two years has had a grand picnic at the race this year in Honolulu, is to take a trip to Honolulu this summer, swimming various teams enroute. Capt. Lorin P. Thurston and Charles D. Pratt, of the team, are in Honolulu, and it is through their efforts that great interest in Yale swimmers and their records has been created. Several clubs on the Hawaiian Islands are planning to entertain the Yale men and will swim the men from the States at any time and under all circumstances.

The announcement was made tonight at the annual banquet of the swimming team. The team and the university are enthusiastic over the prospect of the trip. The itinerary, as announced tonight, includes meetings in New York, Detroit, Chicago, Minneapolis, Salt Lake City, Los Angeles, San Diego, San Francisco and Honolulu, with others to be made known later.

The world's champion relay team, consisting of Capt. Thurston, R. F. Solley, Edwin Blaney, Pratt and Leonard Jellicoe, will be taken along for both the 200 and 250 yard events. These five men will also be entered in several of the individual events, in which they hold either world's or intercollegiate records. J. R. H. Meagher, world record holder in the 100 yard, J. K. Pollard, the intercollegiate diving champion, and two or three others will also be taken along for their specialties. The long trip will start soon after commencement.

TOY YACHT RACING.
New York, April 16.—A race next summer between toy yachts of American and British design for \$500 a side has been arranged by William Richards of the Central Park Model Yacht Club and W. J. Daniel of London.

Jockey F. Wilson Is Set Down For Year.
On the Ground for Disobeying Trainer's Orders Little Western Rider Gets in Bad.

New York, April 17.—Frank Wilson, the little Western jockey who led all winners in Cuba last winter, will not be seen in the saddle again for a long time. W. R. Cox, by whom he is employed, put him on the ground for disobedience and reported him to the Jockey Club. Wilson has been at the Cox stable at Belmont Park for several weeks and has given a lot of trouble to Kenneth Karriek, who is handling the Cox horses while his father, William Karriek, is ill. Time and again the youngster has disobeyed instructions and on several occasions refused to do as he was ordered. Last Saturday morning while the track was ankle deep in mud Karriek instructed him to keep his horses away from the rail, where the mud and sand were un-tilly deep. Wilson made no reply, but when he went forth guided his mounts to the rail and kept them there until the young trainer brought him to the stable. The lad is said to be a good rider. He rode eighty-six winners last year. Those who saw him in Cuba predicted a great future for him. It was reported from the office of the Jockey Club last night that Mr. Cox intends to keep him on the ground all year.

Lookabaugh Meteor of Billiard World

At Twenty-One Years of Age Western Wonder Jumps Into Prominence.

Until three months ago the billiard world had never heard of Lindenwood, Ill., or of Earl W. Lookabaugh, the 21-year-old billiard player. In the short space of 90 days this young man leaped from obscurity to national prominence in the Three Cushion game. Lookabaugh, who has been following the insurance business as a profession, took up the angle game as a source of recreation, and succeeded in playing what he termed, a fairly satisfactory game.

When the Illinois Billiard Association opened its entries for the State Three Cushion Tournament for amateurs, young Lookabaugh put in his application for the Rockford District Tournament and took his first step toward national prominence in the district tournament was held in the Factory City in January. He succeeded very handsily in beating the best players which in Rockford could produce, thus winning the district championship and gold medal which made him eligible to compete in the State Billiard Association.

The Illinois Billiard Association, which was conducted by the Illinois Billiard Association. In the letter event he crossed cues with nine other district gold medal winners and succeeded in putting every one of them in the discard. He had a high run of eight, two-sevens, and a flock of sixes, fives, four and threes. It was readily seen that he would be the one out of the three high men in the semi-finals who would give the champion, George W. Sunda, a tough battle for his title.

Mr. Lookabaugh, who finished one, two, three in the semi-finals met the champion and played for the state championship and Diamond medals. In this event Mr. Lookabaugh won all his games with short innings and with a high run of eight.

Having reached the top rung of the amateur ladder in Illinois, and having worked his way through a large field of district gold medal winners he necessarily attracted the attention of several clubs and organizations which desired to enter him in the National Amateur Tournament which closed on April 2 at the Recreation Building, Detroit.

The Illinois Athletic Club sent him to the auto metropolis as his contender for the National Three Cushion Crown. When the list of entries for this event was published and the Three Cushion skill of each player was analyzed it was the consensus of opinion among officials of the Illinois Athletic Club and the Illinois Billiard Association that young Lookabaugh stood a good chance to bring home the bacon. The fine skill and expert playing of the other entrants was by no means underestimated, for they were all conceded to be men of high character and of exceptional ability at this form of the game.

Young Lookabaugh was not overawed by the difference in age, experience and ability which he knew he confronted. The first game which he played in the National Tournament was won in 68 innings, in which he scored a high run of 10. Billiard fans of years standing who witnessed this brilliant game were unanimous in conceding his marked ability and the pro-

English Collegians Are To Play Tennis

Cambridge, Mass., April 16.—Harvard and Yale are to declare a sport armistice long enough to permit a joint tennis team of Crimson and Blue players to meet a combination from the English universities of Oxford and Cambridge at the Longwood Cricket Club, Brookline, July 4 and 5, it was announced today.

Tentative arrangements had been set for London, but the poor condition of the Queen's Club courts made it impracticable to play there, it was said, and the English players are to cross the Atlantic instead.

Leon de Turenne of Harvard, president of the intercollegiate Tennis Association and the Crimson leader, will captain the American team.

WALL STREET IN SHORT SESSION RETAINS GAINS

Profit-Takings Helps to Hold Market from Soaring Very High.

CANADIAN PACIFIC YIELDS TO PRESSURE

Half Dozen Stocks Made Advances of from Two to Five Points.

New York, April 16.—The short session of the stock market today retained much of the previous day's gains in seasoned shares while speculation of the more obscure type scored substantial advances. Overnight advances dealing with conditions in the United States and abroad were again of a character to prompt short covering, but the effect of these operations was later offset by profit-taking.

Special features of strength included People's Gas, United Drug, New York Air Brake and Famous Players at gross advances at 2 to 5 points. Firmness ruled at the close with total sales of 356,000 shares. The bond market was dull and lower for the most part, including the Liberty group which made variable concessions. Total sales, par value, aggregated \$5,560,000. Last week's deficit in actual clearing house reserves was more than redressed by this week's operations, a cash gain of about \$20,770,000 leaving an excess of almost \$16,450,000 over legal requirements.

Breweries, Riordon And Detroit Rails Leaders At Montreal

Over 4,120 Shares Traded in During Half Day Session on Saturday.

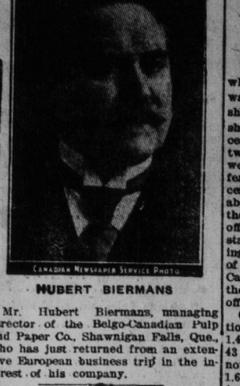

Montreal, April 17.—Active trading in Riordon, Detroit and National Breweries on Saturday was responsible for a larger turnover than usual for a half day. The most prominent feature of the trading was the sudden slump in Riordon, which fell seven points to par; and another gave the recovery in Detroit after a week's falling prices. The issue jumped 2 1/2 points to 80 with 80 bid and nothing offered under 85. Another utility to show well was Brazilian, which advanced 1 3/8 points to 51 5/8.

Papers Are Irregular. The papers were irregular with Abitibi and Brompton lower, Spanish common and Wayagamack unchanged, and Laurentide and Spanish preferred higher. In the textile Dominion Textile moved up 1 1/2 points to 120 and held its own. Converters maintained their rise of five points on Friday. Breweries, the active leader of the market sold as high as 41 1/2 in early trading and closed at 40 5/8, up a fraction. Trading in bonds was the smallest of the year. Total sales: Listed, 4,129; bonds, \$45,900.

GOSSIP AROUND THE MARKETS

The Kipawa plant of the Riordon Co. Ltd. has closed down for an indefinite period. Officials state that a large surplus has been built up, and it was decided to close down until the market absorbs some of this over-production.

Information About Our Oil And Gas

Dept. of Interior Issues a Bulletin Containing Much Useful Knowledge. In response to numerous enquiries that have been received since the discovery of oil in Western Canada, the Department of the Interior at Ottawa has just published a report entitled, "Oil and Gas in Western Canada." This report contains a description of the area, a resume of the progress of development in the oil and gas fields, a synopsis of the Petroleum and Natural Gas Regulations governing the disposal of rights on Dominion Lands, and information regarding Provincial Legislation and Regulations governing the sale of shares, stocks, bonds, etc. It is accompanied by a map of the oil regions of western Canada showing railways and steamboat routes.

Winnipeg Wheat Is Going Higher Again

May Touched 156 1/4 While July Rose as High as 1.41 3/4.

Winnipeg, April 16.—The local wheat market which for the past week was on the downward trend reacted sharply today and at the close May showed a gain of 6 7/8 and July 3 1/4 cents. The closing up of spreads between Winnipeg and Chicago, that were opened recently when the difference in price was so high, gave a certain amount of support, while the absorbing of the stop loss orders of the past few days has taken a weight off the market, and resulted in a new stabilization of prices around existing levels. May touched a high of \$1.56 1/4, and July a high of 1.41 3/4. Cash premiums stiffened up today, the demand being fairly good and offerings scanty.

PROSPECTS BRIGHT FOR WESTERN CROPS

Winnipeg, April 17.—With plenty of moisture in the ground and the early spring enabling the farmers to get on the land early, prospects are exceedingly bright for a good crop in the west this year, stated L. H. Boyd, chairman of the board of grain commissioners, who was here yesterday, after a trip through the West. Mr. Boyd was unable to express an opinion as to whether Western farmers were holding their last year's crops for higher prices. "Indications do not point to this situation prevailing to any extent," he said.

RAW SUGAR MARKET.

New York, April 16.—The raw sugar market seemed to be a little steadier in tone today although prices were unchanged at 4 3/4 cents for Cuban cast and freight, equal to 5 7/8 for centrifugal, with uncontrolled sugars quoted at 5 5/4 for centrifugal. No sales were reported. In refined there seemed to be less pressure in second hand sugars which are believed to have been pretty well cleaned up at around 7.40 to 7.50 for fine granulated. Otherwise no changes occurred with prices ranging from 7.65 to 8.00 for fine granulated and only a moderate inquiry noted.

Narrow Escape in the Falls

Boat Being Towed Saturday Evening Nearly Dragged Two Men to Their Death. Two young men had a narrow escape in the Falls Saturday evening. Having purchased a boat from Indian town parties, and the boat being nearly full of water, they started to tow it from Marble Cove. While going under the bridge the half sunken craft struck into a whirlpool, went down by the head and as it was sinking it began pulling the motor boat occupied by the young men. They were only saved by cutting the tow line. It was foggy at the time and although a search was made below the falls the boat could not be found and it is believed to have floated down the harbor and out to sea.

Patriotic Meeting Largely Attended

Stirring Address on the Flag Given by Rev. H. A. Goodwin Sunday Afternoon. There was a large gathering of men and women at the Queen Square Theatre Sunday afternoon for the patriotic meeting under the auspices of the Imperial League of Canada. The president of the league, Charles Robinson, presided. Excellent music was provided by the Holder male quartet. In opening the meeting, President Robinson said the league was not organized to combat the Self-Determination League. No class or creed was recognized. It was open to all supporters of the flag. It was originally organized for a purpose, and it is now functioning to do everything to uphold the empire and its honored traditions. He introduced Rev. Mr. Goodwin as the speaker of the afternoon.

Best Country on Earth

Why All Honor Britain. There were many reasons, he said, why all honor Britain. First, because of the freedom of the seas. He pointed out that Britain kept open the seven seas and its commerce reached every corner of the earth; secondly, it is a treaty keeping nation and never breaks its agreement with any people, not even the enemy because it respects the principles as sacred; third, never known to default her bonds, though other countries have repeatedly done it; fourth, because she has taken two agencies and sent them through the world to establish civilization—the Bible and missionaries.
