TREMENDOUS TRAFFIC ON INTERCOLONIAL RY.

Average of About Five Hundred Cars Despatched From Campbellton Daily

Freight traffic on the I. C. R. is increasing instead of lessening and the congestion here is worse than it was a month ago.

In conversation with a railway official, the Graphic was informed that an average of 500 cars were despatched from the Campbellton yard daily, 250 going east and a like number going west.

The motive power is being taxed to the limit and every effort is being made to keep things moving, but still cars are piling up.

Train men are working long hours and making big money this winter. It is said that the February pay was the largest ever paid here and March will be better.

The Campbellton yard and facilities for handling this tremendous traffic is entirely too small, and causes delay.

Just as soon as navigation opens up on the St. Lawrence, this congestion will be speedily cleaned up. This will be in about a months time.

In the meantime local merchants and others depending on freight from west are considerably inconvenienced, as very little is getting through.

MANITOBA'S "DRY"

MAJORITY IS 23,477

Sad News for Bob Rogers' Thirty Brigade

Winnipeg, Man., March 15.—The latest returns of the prohibition vote show the following figures:—Dry 49,325; wet 25,848. Dry majority 23,477. The official returns will be published Friday.

TRAFFIC BLOCKED

Traffic on the River du Loup, Lewis division of the I. C. R. was tied up Wednesday on account of a train wreck near Montmagny. The West local due here at 9.30 Wednesday evening was cancelled, but the Maritime express got by.

of the Bank account. He suggested that before the Council agreed to pay an increased interest rate, it might be in the town's interest to interview other banks, and see what they would do.

Coun. Miller said that this certainly would be done, and the bank which gave the best terms would get the account.

Coun. Quinn suggested that tenders might be asked for this.

The matter was allowed to stand until the additional rate of interest was demanded.

Council then adjourned.

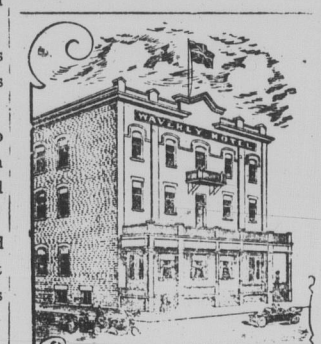

WAVERLY HOTEL

DESTROYED BY FIRE

Fine Building Entirely Burned Sunday Night—Fire Caught in Basement

About 11.20 Sunday night fire was discovered in the basement of the Waverly Hotel. Proprietor Gorham was in the front office when he heard the noise in the basement, and then saw that there was considerable smoke. He immediately gave the alarm in the house and started to see how far the fire had progressed.

In the meantime Mrs. Gorham was awakened by the smoke, which was very dense on the upper floors, and she quickly awakened the guests and servants. These were so alarmed by the smoke that they left, not even remaining long enough to properly clothe themselves. Mr. A. T. Kelliher, an American citizen, who had a room on

the top floor did not grasp the seriousness of the situation until the bell-boy staggered into his room, nearly overcome with smoke. Then he hastily broke out the window and put out the rope fire escape, down which the boy and himself climbed. Mr. Kelliher's hands were badly torn by the rough rope, and he had on nothing but his night clothes. He was taken across to the Campbellton Hotel and later was taken in charge by U. S. Consul, Botkin.

The other guests saved nothing but the clothes they wore, while Mrs. Gorham lost all her personal belongings, among which were many family treasures money cannot replace. Also a considerable sum of money.

No one at first rang in an alarm, and it was not until someone near the fire station saw the dense smoke and ran to the station, that the department knew of the fire. Then an alarm was rung in.

When the department arrived, the entire rear half of the basement, which contained the furnace and a large quantity of dry wood was a roaring furnace, and the flames were eating their way up the partitions to the first and second floors.

It was then seen that the building was doomed, and efforts were made to keep the fire down as much as possible and save the neighboring buildings.

The fire, when the different floors

ST. PATRICK'S DAY

Tomorrow, Friday, March 17th, is St. Patrick's Day.

REV. MR. McLEAN INDUCTED

On Thursday evening, Mar. 9th, the Rev. Hugh McLean was inducted pastor of St. John's Presbyterian Church, Dalhousie. Rev. Mr. Miller, M. A., of Campbellton, Rev. Mr. Matthews of Bathurst and Rev. Mr. Jobb of New Mills attended the services and gave short addresses.

DEATH OF A CHILD

Mr. and Mrs. Harvey Calder have the sympathy of all in the death of their infant boy, the only boy of the family, which occurred Monday morning. The funeral was held Tuesday, Rev. Mr. Camp officiating.

caught, was very spectacular, sparks rising to a great height, but outside some slight damage done to Mrs. Wagner's house, which was broken in by the falling walls, and the removal of her furniture, no damage was done outside the burned building. Mrs. Wagner's loss is fully covered by insurance.

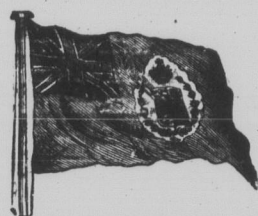

The night was bitterly cold, 15 degrees below zero being registered, and the front wall with a portion of the side walls, are covered with ice.

The water pressure was not as good as it should have been, although at A. E. Alexander's store the gauge showed 73 pounds after the first was over. The lack of pressure is thought to have been caused by the great number of services which are allowed to run to prevent freezing. The steam engine was coupled on the hydrant in front of the Bank of Commerce and two powerful streams were thrown from it.

The loss will be quite heavy. The building cost over \$20,000.00 to build and was insured for \$15,000.00. The furniture, which belonged to Mr. Gorham is estimated to have cost over \$7000, and was insured for a little over \$4000.

The loss of the Waverly will be a very felt, as it was very popular with the travelling public. It is hoped that it will be a built promptly, as it is needed as our hotel accommodation is very limited. No decision has yet been made as to whether or not it will be rebuilt. The building was owned by the Messrs. Richards and others, while Mr. Andrew Gorham had a lease of it and conducted the business. People generally sympathize with Mr. and Mrs. Gorham in their heavy loss.

PATRIOTIC FUND

The needs of the Empire is not decreasing. Germany is putting forth every effort to succeed. With what must it be met? It must be met with the best in us—our money, our time, ourselves. Many of us cannot go to the front, but we can give a part of our time in other directions. And out of our daily work, we can set aside an amount, monthly, for the Patriotic Fund. The wise use of this fund serves to encourage men to enlist. A large number of recruits from Canada, would today carry a conviction to the heart of Germany that would go far to winning in this great struggle. Canadians are a free, independent people who only engage in this fight through a sense of right and through no compulsion. And the fact that we are engaging in it with all our men and all our resources, earnestly, is of the greatest value to the cause of the Allies. Let us not let up in the matter—men, time and money—we have given and we have more which we are ready and willing to give at the call of our Country.

THE ADVANCING WAVE

Men's Minds are today more engaged than perhaps they were ever before. Some power seems to be at work, striving to create a desire for a closer consideration of all the interests with which the world is connected. Men are thinking more deeply on vital questions. Today, word from the West—what used to be very lately styled "wild and woolly West"—tells us of a moral victory that puts the East in the shade in reform movement. The people of Manitoba have spoken in a voice that will be heard throughout the Dominion, for prohibition of the sale of intoxicating liquors throughout its borders. This is a victory for right thinking, sincere minded men, over selfish superficiality and inordinate love of gain. The West, the land of the free, a land inhabited by a class who have felt the thrill of the oppressor and who in a desire for the most complete freedom migrated westward and built up a new country. Here they saw that they were in danger of losing that for which they had sacrificed so much—the freedom they had striven for—if they continued to allow the sale of liquor in their midst. And they rose in their might and spoke the words—this shall not be.

Let us here at home, take courage, with such a magnificent object-lesson given us by the West, let us go on with our eyes firmly fixed on that one eternal principle of a free chance to every man and work it out for ourselves. Ontario is rapidly falling into line and soon our chance will come to us. Let us not lose the opportunity, when it serves.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascares tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—25-cent box from your druggist will keep you feeling good for months.

SAWDUST

Sir Robert Borden objects to Mr. Carvell asking so many questions about that old cheque for \$3,750,000. It must be annoying.

And for that matter the Opposition are asking a great many questions about war affairs. Why worry the poor Government; they have a hard enough time with their friends.

Dry Manitoba! Let us take off our hat to the Western Province that has rid herself of the second great incubus. First, Conservatism and now the drink traffic.

New Brunswick has never allowed herself to be behind in anything that makes for progress or advancement in any way, so listen to the sound of the advancing flood-tide of public opinion on the same subjects.

Is nothing to continue sacred—even some members of the Provincial House dare to remark on the fitness (?) of our public School System. Be careful! Don't go tinkering with it or they will add on a few more courses.

The Government might ask Campbellton to have a Board of School Trustees or to have a care over the School Building, also over the children's safety, and then if they should require the schools to teach the children something, wouldn't it be dreadful!

The schools may be this or that—the churches may thrive and members be added or not—recruiting may go on and increase or just the opposite—business may flutter and die out, but the Picture Shows go on forever.

EPIDEMIC

Whooping-Cough, of a rather virulent type has been quite prevalent in town and throughout the country districts for the past few months. New methods of treatment for this disease however, such as the "Yaeschner" treatment and the Serum treatment, now largely used by physicians, have generally superseded former methods and have proved a decided success in cutting short the duration of the disease and greatly relieving its severity, consequently preventing serious after effects. Many cases of permanent injury to the eye-sight have been caused by extreme tension of the eye-balls, occurring during severe spasms of coughing, while breathing is temporarily suspended and a consequent rush of blood to the brain. Even total blindness has more than once been traced to an attack of whooping-cough.

Russia is just preparing to say to Britain as she sharpens her knife to begin the carving of the Turkey, Will you have some of the "dark meat"? "and what about the dressing" as she looks over at France and Italy.

As the store recently occupied by us has become too small to adequately serve our increasing trade we have taken the fine double store in the same building Dimock Block, and invite our friends to call and see us in our improved quarters.

1916 STUDEBAKER SIX FIFTY H.P. \$1395

---the FIRST 50 h. p. SIX at less than \$2000

And the best value in 6-cylinder cars on the market today at ANY price. We bar none. And we are thoroughly content if you will simply let us stand this new Studebaker Fifty H. P. SIX side by side with any car you like and compare it detail by detail. For never before has a car of such POWER, size and HIGH quality been priced so low.

It Has Greatly Increased Power

The new motor, enlarged to 3 1/2 inch bore (6-inch stroke) develops 50 H. P. The carburetor has been hung high on the left side of the motor. The pistons are longer with 4 rings. The bearings are all larger. The crank shaft has been made larger, with larger bearing areas, and balanced better so that there isn't the slightest trace of vibration or loss of efficiency.

And with its irresistible, unbroken flow of power, its flexibility, its silence, is a wonder to drive. It throttles down to walking speed on high. You touch the accelerator and—well, all of a sudden, you are going faster. There is no jolt; it just glides from one speed to another.

It's a handsomer car than ever. "It looks like a million dollars" said a man who was in recently. And it's the truth. It is one of the handsomest, one of the most stylish cars that you ever laid eyes on.

Marvelously graceful—BIG, low

hung and massive—but in the best of taste. The lines of the car flow in unbroken curves from the radiator back to the tail-lamp. And this year's bodies are done in a rich, distinctive Blue—a color mixed exclusively for Studebaker.

A Bigger Car Than Ever

This new Six is a BIGGER Car than ever—carries 7 passengers—carries them in COMFORT. The car is larger in every way—longer—roomier—it gives more leg room everywhere.

The driver's seat is divided. The folding seats in the tonneau are large, fully cushioned, and disappear completely in the floor when not in use—Studebaker's exclusive design.

Following the latest European design, the body has been made deeper and the seats lower so that you sit down INSIDE the car and not up on it. The cushions, deeper and softer than ever, are tilted to throw you back into them.

The upholstery has been greatly improved. Deeper coil springs—a higher grade of curled hair—a new and exclusive method of cushion construction, that keeps the cushions springy—and the finest grade of hand-buffed, semi-bright straight-grained leather exactly the same as that used on a Detroit made car costing over \$2,000. All of these combine to make this new Studebaker SIX the most COMFORTABLE car that you ever sat in.

And with the longer chassis, and the better balance that has been achieved and the long flat three-quarter elliptic, UNDERSLUNG springs—well, you can't find a car with more delightful riding qualities than this new Studebaker SIX.

Sets a New Quality-Mark

You take the upholstery for example—and the leather is the best grade of leather on the market.

In the finish, five more operations have been added to the already long list of 20 finishing operations—just to make sure that the lustre is lasting. The steering knuckle is now forged of the highest grade chrome vanadium steel.

In endless other details, this insistence on higher quality than ever reveals itself. You get MORE than ever—you get BETTER quality than ever.

And Yet You Pay LESS

You pay \$400 less than ever "because it's a Studebaker," because it's a product of one of the world's largest producers of cars.

See it—see for yourself what Studebaker resources and manufacturing facilities have accomplished. And judge if you need pay more for a SIX or if you dare pay less, unless you are willing to be content with a car that gives you less. Demonstration at any time. Come in. They are here today.

MEMORIAL SERVICE

at

ST JEAN PEVANGELISTE, P. QUE.

A memorial service was held in the Roman Catholic Church of St. Jean Pevangeliste, P. Q., on Feb. 28th, in memory of Edmund, son of the late Henry Arseneau, who was killed at the front Jan. 23rd, 1916.

Edmund was the second son and twenty-three years of age. He enlisted at Winnipeg in November, 1914, in the 54th Battalion, but was transferred to the 8th Battalion, and went to the front May 7th, 1915. On his way to England, his mother met him in Campbellton, N. B. She had not seen him for six years, and wept to part so soon. He said to her, "Mother, I am ready to give my life to avenge the poor Belgians."

The memorial service was a first

BIG GAME HUNTER PERISHED IN WOODS

With a Companion and Dog Was Hunting Deer When He Became Lost

Joseph V. Roy, who belongs to Sellarville, Que., while hunting deer last week in the vicinity of Jardine Brook on the International railway, became lost and perished.

From the statement given to Coroner Trueman, who held an investigation into the circumstances, it appears that Roy and a companion, Fred Savoy with a dog, were out after deer. Toward evening Savoy parted from Roy and made his way to his camp, but Roy failed to arrive.

The next morning a party of searchers left the camp, but it was not until the next day that the body was found covered with snow.

The supposition is that Roy became exhausted and fell asleep, perishing from the cold.

The body was brought here, where Undertaker Graham prepared it for burial, and it was taken to the young man's home, Sellarville.

class one, and was provided by his mother. On account of the weather and illness, only two sisters, Mrs. Thomas McBrearty of St. Jean Pevangeliste, and Mrs. Wm. LeBlanc of New Richmond Centre were able to be present, but a large number of neighbours and relatives testified by their presence their sympathy with the bereaved family.

The organist, Mrs. Lavoie, played a deal march very touching, and the ringing of the two bells added to the solemnity of the service.

The solemn service was rendered, but the poor dead soldier, who had bravely fought for king and country, lay in a foreign grave.

Besides his mother, who is in Montreal, there are left to mourn him, his elder brother Henry of the 26th Battalion at the front; Nicholas in the States; John at St. Joseph's College, Memramcook; Mrs. Thomas McBrearty, Mrs. Anselme Francoeur of St. Jean Pevangeliste; Mrs. Alfred Dube of Montreal; Mrs. Wm. LeBlanc of New Richmond Centre and Mrs. Charles Roy of Campbellton.

Mr. John Falu of St. Jean Pevangeliste died at his home on Feb. 28th, after a long illness. Mr. Falu was eighty years of age, and was well known and highly respected in the county. For fully ten years he was a sub-contractor under Mr. Cyr of Mar-ia, driving the mail from Cross Point to Carleton, a duty which he performed to the satisfaction of the public.

To mourn his death remain two daughters, Mrs. Robert Kerr of Nouvelle and Mrs. Joseph Bourget of Grand River, and two sons, Peter and James. Mrs. Henry Arseneau is his sister.

MRS. E. A. SMITH TO LECTURE HERE

Women's Institute Have Made Arrangements—Proceeds to Patriotic Fund

The Women's Institute have made arrangements with Mrs. E. Atherton Smith of St. John, who is so well and favorably known on the Restigouche, to give her very interesting illustrated lecture "Belgium then and Now", in the Opera House, Wednesday evening, March 29th.

Speaking of her lecture, recently delivered in St. John, the Telegraph says:—

"So much has Belgium been in the mind of everyone since the war started, that naturally all listened with rapt attention as Mrs. Smith conducted them through the brave little country, showing what its land and cities were like six years ago, as she saw them, contrasted with conditions today; the result of the Huns malevolent devastation."

Starting at Ostend, Mrs. Smith conducted her hearers through Bruges, Ghent, Antwerp, Bruges, Malines and other cities to Liege on its eastern border, giving them views of the beautiful mediaeval architecture of its noble churches and beautiful public buildings with sketches of their history and the manners and customs of its people.

The return journey began at Liege, where such gallant resistance was first offered the invaders, was continued through ruined Louvain, Malines, Termonde, Alost and other towns showing by slides the dire result of the terrible havoc wrought by the ruthless Huns, and picturing the horrors needlessly inflicted on a harmless and brave people whose only crime was to desire to retain their independent existence.

Many of the views, especially the ruins and awful carnage, were most affecting. Altogether with the aid of more than a hundred beautiful slides, backed by her powers of graphic description and her knowledge of Belgian history and war conditions, all showing great research and study, the lecturer, without apparent effort, held the closest attention of her audience throughout its whole length.

Incidentally Mrs. Smith drew special attention to the valor and endurance of our gallant Canadians in the battle of Ypres, where Canadian pluck not only saved the day at St. Julien, but in doing so won the admiration of the world."

So many people and societies have requested the opportunity of meeting Mrs. Smith during the visit here, that the Women's Institute have decided to serve an informal .15c tea in the Dimock Tea Rooms immediately after the lecture, at which Mrs. Smith will be enabled to meet Restigouche friends informally and talk about Patriotic work.

Admission to the lecture will be 25c. Reserved seats 35 cents.

The proceeds will be handed to the Patriotic fund.

SACKVILLE BURGLARS CAPTURED HERE

I. C. R. Detective Culligan and Policeman Mann Make Important Arrests

On Sunday night, March 5th, the store of J. L. Black & Sons of Sackville, was entered and a considerable amount of jewelry was taken. Two men were arrested on suspicion, but the evidence against them was not very strong.

Two other men who were suspected of knowing something about this had suddenly left Sackville, and a description of them reached Detective H. Culligan of the I. C. R., together with the fact that \$100.00 was offered for their arrest.

Sunday evening, March 12th, Detective Culligan and Policeman Mann arrested two young men answering the description of those wanted. Word was sent to Sackville and Provincial constable Hiram Crossman came here Monday night and took them to Sackville. Their names were Abner White and Wm. O'Brien. The young men admitted they were implicated in this burglary and said the goods were hidden at White's home.

Detective Culligan and Policeman Mann are being complimented upon making the arrest, as the young men were not suspicious looking characters and claimed they were here looking for work.

A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

Then again. As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again. As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 DeLormier Ave. Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day, over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

NEW RICHMOND
The Roman Catholic church of St. Jules, Grand Caspédia, was the scene on Jan. 25th of a very pretty wedding, when Miss Maria Cormier of New Richmond was united in marriage to James William Tuschen of Saskatchewan. The ceremony was performed by Rev. Father Morin of St. Jules.

Rev. Father DesChamplain arranged to preside at the organ, but arrived too late to play the wedding march, but gave them a hearty blessing.

The happy couple then drove to the residence of the bride's parents, where a bounteous repast was served to a goodly number of the bride's immediate friends and well wishers. This was partaken with jests, merriment, and much good will. The bride's cake, a marvel of the culinary art, was passed around in generous slices, the young people reserved their share to dream upon.

The day passed pleasantly; appropriate songs were sung in both languages by the brides.

Mr. Tuschen is a prosperous farmer of Lashburn, Sask. He remained several days after the wedding, visiting friends of the bride in New Richmond. They left for their distant home by easy stages, taking in Montreal, Toronto, Winnipeg and other large cities on their way home. GASPE

The Gaspe Carnival was held in the Olympia Rink on the 6th inst. and was well patronized by masqueraders and spectators. The fancy dress skaters were not so numerous as last season, but the costumes were of a very high standard. The prizes were awarded as follows, viz:—Ladies, Miss LeBrun, 1st; Miss B. Richmond, 2nd. Gentlemen: Mr. C. Lindsay, 1st; and Mr. Felix Revard, 2nd. The public were in favor of Miss Loretta LeBoutillier ranking first in the ladies class, as she showed up to great advantage in her costume, which depicted the character of a Spanish brigand. Miss LeBoutillier's costume was not duplicated by any other skater. Mr. John deSte. Croix should also have shared in the gentlemen's class, as he was resplendent in a costume representing Louis XV. of France, public opinion was greatly in his favor, but unfortunately it had no sway with the selection committee. As it would be impossible to describe each skater and costume, we will endeavour to name the most prominent figures connected with this season's successful carnival, viz:—Ladies: Misses Loretta LeBoutillier, Spanish Brigand; B. Richmond, Fishwoman; Grete Hughes, Cowboy; Marion LeBoutillier, Sp. Madonna; Gerlie LeBoutillier, Cowboy; Marjorie Annett, Peirrette; Pauline Davis, Fairy; Eva Lindsay, Redskin; Olga Carter, Pierrette; Jenny Clement, Cowboy; Opal Langlois, Britain; G. A. Hall, Ireland; Jenny Fitzpatrick, Ireland; Dorothy de Ste. Croix, Nurse; Tessie McKenzie, Pierrette; and Cecilia Lindsay, bride. Gentlemen: Messrs. John deSte. Croix, Louis XV.; Felix Revard, Charles I.; Joseph Belanger, Redskin Chief; Chas. Lindsay, Matador; H. S. R. Mitchellmore, White Minstrel; H. G. Orvis, Mr. Jigger; Lewis McKenzie, White Minstrel; Jack Miller, Clown; Geo. Davis, Tramp; Henry Williamson, Coon; E. Eden, Sailor Boy; Herb Fitzpatrick, Black Domino; Knowlton Fitzpatrick, Kaffie boy; Alex. Grant, Rastus the Cook; Reg. LaCove, Paddy; Fred Cass, Clown; Rod. Eden, Sport; Biard Hughes, Clown; Lewis Morris, Gid.

The Orpheum Picture Palace is now showing in working order, and last week it followed up to date films were shown, viz:—"The Million Dollar Robbery," War Picture No. 7, "The Woman of Mystery," and "The Vampires of the Night."

The recruits of the 189th now stationed at Gaspe, paraded to the various churches on Sunday; the company is about seventy strong.

The Gaspe population were treated to a very interesting and enjoyable spectacle, when the New Carlisle ladies hockey team played the Gaspe seven, Friday, March 10th. The game commenced at 9.40 and New Carlisle managed to score a goal in the first seven minutes. The play was now very fast, as the Gaspe girls were trying to even up the score, but their attempts met with no success, as New Carlisle netted the puck six minutes before half time was called. The players then had light refreshments and returned to the ice after a short interval. Both teams were eager to be at the danger zone every time. After several mix-ups, in which the puck travelled from goal to goal, New Carlisle again netted the puck. Having now only eight minutes to play, the Gaspe team did their utmost to score a point, but the game terminated with New Carlisle leading by three goals. The ladies most worthy of praise were New Carlisle: Misses McIntyre, Caldwell and Emma; Gaspe: Misses L. LeBoutillier, M. Annett and B. Richmond. New Carlisle ladies are to be congratulated on their smart hockey play, and we hope to have the pleasure of again seeing them oppose Gaspe. The Gaspe ladies played good, sound hockey the second half of the game, and if they had commenced these tactics from the beginning, the result might have been a little different. The ladies on both teams received some heavy falls, but they all seemed to regard these slight mishaps in a humorous manner. Messrs. Geo. Atkinson and Broule refereed the game in first class style. The New Carlisle ladies were then driven over to the various hotels by John deSte. Croix, Morin's Hotel, Earl Annett, Baker's Hotel and others.

Messrs. L. E. Hyman and J. H. Hyman returned to town Saturday, after having had a successful and enjoyable trip to New York and Montreal. A new ferry company has been organized in Gaspe, for the express purpose of accommodating all travelling people. It should be attended with success as their new yacht will make trips to Percé, Fox River and many other points. The fares will be very reasonable and their yacht, "Great Eastern" will be fitted up, so as to commence upon opening of navigation.

It's about time our silent correspondent woke up as we've had no Gaspe news for some time. The boys in training here now number fifty-two, and all sports who have shown the true patriotism and willing to do their bit for king and country. Most of the boys came from different parts of the county, which has given over two hundred recruits.

Since the outbreak of the war over eighty have enlisted from this part of our county, some are now at the front and others are ready to join their comrades in the trenches. But what about the slackers in camp? It does not require two or three to keep the stove warm, and its well known that there are many cases of two and three able young men under the same roof who stick their feet in the stove oven and talk war. That's where they shine whilst others fight for their freedom.

There are two parishes in the county that have not up to date answered the bugle call "fall in." One to the north is now known as "Little Germany," the other "Turkey in the east." Now little Germany and Turkey, you still have time to wipe out these names. Come, be the next to put "I" in fight and join the ranks. There are several battalions now calling for recruits and here's that Gaspe may be represented in each battalion. Come you the slacker, what will your feelings be when the boys return to receive that welcome which awaits them. You may cheer but still be in the rear, and now let us see if you have patriotism enough to take this in the way it is given. Have you strength enough to shoulder arms and march away, if so, let us hear from you, and here's three cheers to those who answer "Yes!"

NEW CARLISLE

The District Lodge held its quarterly session in Hopetown on Mar. 10th, and was very well attended by delegates from Port Daniel, Shigawake, and New Carlisle. From New Carlisle those attending were W. J. Garrett, John Thompson, W. Sheppard, Rev. J. Heron, J. O. Shear, Miss C. Cooke, Miss M. Hall, Miss B. Hocquard. The meeting was very enjoyable and profitable and much credit is due the Hopetown brethren for their kind entertainment. A lunch was provided at the hall, which was much enjoyed. Special mention should be made of Bro. A. B. McGee, he being the oldest member in the Lodge, and it might be well said that Hopetown under the circumstances, has done well, and enough to put some of the other Lodges to shame, who are scarcely existing if existing at all.

The number of soldiers now drilling is 67. They marched to the Episcopal church Sabbath the 12th in the morning and to the Presbyterian church in the evening in good order, under Lt. Murphy.

We congratulate our young friends, Lieutenants Caldwell and Shearer on obtaining their commissions. We feel sure that both these young men will make good in the service of their King and country. These young men, and others who are at the front, and the boys who are in training, we are proud of, they are making history which in future years the rising generation will be proud to read.

The soldier attended the Anglican Church last Sunday morning, their Chaplain taking the service.

Nurse Mona Kemper of the Jeffrey Hale hospital is spending a well earned holiday with her mother and sisters. New Carlisle needs a night constable, to watch the thieves who at every service, make a tour of the horse sheds, un hitch horses, break and steal the whips and commit other nuisances. Surely the "City Fathers" can give the public some protection when in attendance at Divine Service. It is time that the law and order of our town be put on the monthly "Agenda paper" and carried out. If they have not the power, then ask the military authorities to do so. Any men willing to join the "Home Guards" for duty in Canada will get their information from the notice in the Post Office or from Captain (Rev.) A. W. Buckland.

This community lost one of its best known and most esteemed older residents in the death on Sunday morning the 25th of February, of Mrs. Daniel Thompson, aged 95 years. All her married life, (67 years), had been spent in New Carlisle and she always had a warm spot in her affection for the people in her neighbourhood, and the people had an equally warm feeling for one who had gone in and out among them so long as a kind neighbour and a sympathizing friend, especially in sickness and trouble. Her aged husband still survives her, and has the sympathy of many friends in his bereavement.

The funeral, which was largely attended, took place on Tuesday the 29th of February, after a short service at the house, the cortege proceeded to the Church, the Rev. the Rev. Captain A. W. Buckland taking the service, and who preached from the 48th Psalm, 4th verse, "For this is our God for ever and for ever, He will be our Guide unto death", in which there was much of comfort for the bereaved husband, Mr. and Mrs. Daniel Thompson, to all in view of the uncertainty of life. Miss Murlson presided at the organ and the hymn "On the Resurrection Morning" was sung at the conclusion of the service. The Presbyterian minister attended and walked with the Rector to the grave.

Emily Aubrey, her cousin, all of Bereford.

The evening was passed with every kind of amusement, comprising, violin and organ, cards and singing. Organ music was given by Mr. Wilfred Viennet, Mrs. David Casterd and Mrs. LeBlanc, and many of the others present sang many patriotic and favourite songs.

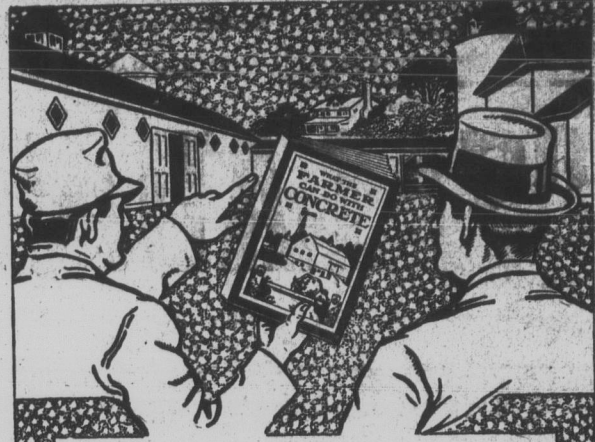

Late in the evening a delicious lunch was served by the ladies of the house. There were present Mr. and Mrs. Leandre Arsenau, Mr. and Mrs. Jos. Leandre, Mr. and Mrs. David Casterd, Mr. and Mrs. Frank Aubrey, Mrs. Mathias Arsenau, Mrs. J. Barbour, Mrs. F. Whorl, the Misses Josephine Arsenau, Agnes Arsenau, Rebecca Arsenau, Mary Arsenau, Emily Aubrey and the Messrs. Arthur Viennet, Arsenau Viennet, Roland Scott, Harry Boudreau and James Caramel, fiddler. At reasonable hours the party dispersed, well satisfied with a very enjoyable evening and thanking Mr. and Mrs. LeBlanc.

GIVE 'SYRUP OF FIGS' TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

A FEUD AND ITS FINISH

By Catherine Cranmer

"If you really need me, Aunt Virginia, I'd gladly abandon my plans, but it does seem such a dreadful waste to spend one's whole life in Granby. That's why I want to get out and be in touch with the big things that are happening." Virgie's voice was earnest even if her words were a bit abrupt.

"But I dislike the thought of your having an office just as a man would and depending upon that for your very living. Be careful, dear, that this career of yours does not careen before it gets well launched." Miss Carlisle followed this remark by a careful scrutiny of the tiny stitches in the monogram she had embroidered on Virgie's rough linen artist's apron.

"Oh, I know how your aristocratic ear is shocked by the mere words 'commercial artist,' and you think it as much a paradox for art to lend itself to commercial uses as for a girl of the Carlisle family to adopt anything other than the conventional social career which has been followed by the Carlisle women from colonial days down to now."

"Exactly so, my dear, and it would make me very happy if I could make you see it so."

"Can't be done," laughed Virgie, shaking her head. "Come, though, let's not create a family feud over this. By the way, Aunt Virginia, tell me the cause of that old feud between our family and the Pollards."

"Now what made you think of that?" asked Miss Carlisle in puzzled surprise.

"The news that Stanley Pollard III. has bought the old family place and, according to the gossip, is over there now instructing his tenant and sizing up his bargain."

"Bargain, indeed?" sniffed Miss Carlisle. "a run-down farm with a tumble-down house of pre-Revolutionary origin."

"But tell me, Auntie, what was the cause of that quarrel?"

"Oh, a mere matter of a disputed boundary line between lands in the first place, and from that grew disputes over other things. Old Mr. Pollard was adamant once he made up his mind, and you may be sure that grandfather Carlisle would not budge from his position when he felt it to be right."

"Oh, really, wasn't it too funny?" Virgie laughed.

"Funny? How can you say such a thing?" Miss Carlisle was stern.

"Don't you see that it was a clear case of two adamant bodies vainly trying to make a dent in each other? I've no doubt if he had united their efforts instead the world would have been made in a twinkling."

"I have no doubt if he had united their efforts instead the world would have been made in a twinkling."

TOOK THE ADVICE OF HIS FRIEND

Stomach Trouble and Rheumatism Relieved By "Fruit-a-tives"

MR. L. LABRIE

594 Champlain St., Montreal.

"I have been restored to health by taking 'Fruit-a-tives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen."

A friend advised me to try 'Fruit-a-tives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truly say that 'Fruit-a-tives' is the only medicine that helped me."

LOUIS LABRIE.

"FRUIT-A-TIVES" IS THE FAMOUS medicine made from fruit juices.

word Miss Carlisle rose and walked past her and down the stairs.

As she approached the drawing-room doorway her head went slightly higher, and she glided into the room with a stoical expression on her rather pretty face, with its setting of soft, white hair. The young man who rose at her entrance smilingly advanced a step towards her, and then paused looking at her expectantly.

"Mr. Pollard?" she began icily, but Mr. Pollard, twice removed from the family feud, was coming nearer, with a boyishly frank smile on his honest face. How like his handsome father she found him—although like him, except for the absence of the slight hauteur which had become more pronounced when Virginia Carlisle had refused to be friends with him because of that old family feud. Stanley Pollard II. had gone away and married some charming girl, so the story had come back to Granby. All this passed quickly through Miss Carlisle's mind, and as the young man spoke her lips quivered free of their tightness, for his voice was wonderfully like the one that had pleaded for her favor years before.

"Yes, Miss Carlisle, and I'm going to be your neighbor part of each year. May I hope that we shall be neighbors in truth and forget the unhappy relations of our forefathers? Will you accept my apology for whatever folly was on my family's side and my forgiveness for any folly that may have been on your family's side?"

Looking into these smiling eyes, Miss Carlisle found it impossible to give anything but an affirmative answer, although she felt that it was not she, but some strange woman who replied.

Just then Virgie came through the hall, and catching a glimpse of the visitor, surprised her aunt by greeting him in the most cordial fashion.

"Why, what an unexpected pleasure!" Virgie exclaimed.

"Virgie," frigidly rebuked her aunt. "I was not aware that you were acquainted with Mr. Pollard."

"Mr. Pollard? Indeed! Isn't that surprising? Why, auntie, this is the same gentleman of whom I told you just now—the one with whom I had that foolish quarrel about the office walls."

"You see, Miss Carlisle," explained Stanley Pollard, "we didn't learn each other's name, and perhaps that was lucky, or we might have formed a supplementary feud to that old feud that I'm asking you to forget."

"Yes, auntie," said Virgie, appealingly, "see how easy it is to avoid a feud when each concedes something to the other."

TOY CONFERENCE TO BE HELD AT TORONTO

Endeavor to Encourage Toy Making in Canada to Take Place of German Product

Ottawa, March 11.—It is a curious fact that the nation whose soldiers used little Belgian children as shields to protect them against the fire of British and French guns, the nation which rejoices when bombs dropped from Zeppelins kill innocent English children, the nation that exulted when the bodies of murdered children from the Lusitania floated on the ocean, is the one which before the outbreak of the war made toys for children all over the world. There was no sentiment in it. The Germans knew that every child throughout the world delighted to play with toys and every little girl desired a doll. It was a matter of business to supply the universal demand.

In almost every Canadian household children played with German dolls and toys. Once a year the great Canadian department stores and the wholesale houses that supplied small retail stores with toys sent their buyers to Germany to purchase toys. Since the outbreak of the war German goods of all kinds being excluded from Canada the large department stores and the wholesale houses have found it exceedingly difficult to get toys to supply the Canadian demand and similar conditions prevail in every country of the British Empire.

The Department of Trade and Commerce has recently received several inquiries from England as to whether Canadians can supply toys to take the place of the German toys now excluded from the United Kingdom.

With a view to encouraging the manufacture of toys in Canada both for the home market and for export, Sir George Foster has arranged for a Toy Conference which will take place in the Royal Bank Building at the corner of King and Yonge Streets, Toronto, on the 28th of March beginning at 10 o'clock in the morning. A large number of samples of German toys such as were formerly imported into Canada will be on exhibition to show Canadian manufacturers what the Germans supplied and there will be a collection of American toys to show what our neighbors in the United States have been doing to replace German toys. It is hoped that all Canadian manufacturers of toys will send exhibits so that the exhibition will be thoroughly representative. There has been a surprising development of toy manufacturing in Canada since the outbreak of the war and these well-known to be not less than twenty-four toy manufacturers in Canada at the present time. There may be others. All manufacturers of children's playthings and games are invited to send exhibits. Most of these now manufacturing toys in Canada are making them as a side line, using waste materials, but there are a few concerns that are devoting their entire attention to the manufacture of toys. While the Toy Conference will not open until March 28, it is desired to have the exhibits in place not later than March 21, in order that everything may be well arranged. It is proposed to keep the toys on exhibition for about a week after the day of the Conference. Exhibits should be addressed, Toy Conference, Royal Bank Building, corner King and Yonge Streets, Toronto.

All the large department stores and a number of wholesale houses in Montreal and Toronto have promised to send their toy buyers to the Conference and as most of these toy buyers have been accustomed to visit Germany every year and are acquainted not only with the requirements of the Canadian market but also with German methods it is expected that they will make practical suggestions of value to Canadian toy manufacturers and those who contemplate the manufacture of toys in Canada.

All Canadian toy manufacturers, all department stores, wholesale houses and retail merchants who handle toys are invited to send representatives to this Conference, and any others who may be interested in making or selling toys will be welcomed.

As one of the objects of the Conference is to interest capital in the development of toy industries already established it is hoped that capitalists willing to investigate the possibilities of the industry will be present at the Conference. It is believed that many of our large industries might make use of waste materials in the manufacture of toys and it will be well worth while for such industries to send representatives to the Conference.

Sir George Foster will take the chair and deliver the opening address.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.
