JAPS PRESS REDOUBTS

Swordsmen in the Last Line of Port Arthur Trenches.

Grim Battle Lasted 32 Hours and Was Continuing After Midnight Sunday—Will Go On Until Control of Table Hills is Gained, No Matter At What Cost—Great Loss of Japanese in the Charge.

Tokio, Nov. 29.—Gen. Nogi began the battle on Saturday afternoon, making his attack from the slope of Shungshoo Mountain, on the ridges running east that are capped by the terraces called Cable Hill. Every inch of the ground was desperately contested on Saturday evening and during the night, the Russians sending all their reinforcements from White Wolf Hill as well as their naval battalions from the Tiger's Tail Peninsula.

Honor to Lead Assault.

Battalions of the 5th and 15th Hiorasaka Regiments and of the 12th and 43rd from Marugama had the honor of leading the assault. While this movement was going on, infantry of the third brigade moved forward from Taku Mountain in an effort to flank the table lands on the eastern side and thus weaken the defence of the Russian fortresses. A tremendous artillery fire from all the hills captured by the Japanese was concentrated on the extreme southern forts so as to prevent their taking part effectively in the struggle for possession of the western hills.

The first bulletins came into Tokyo Sunday morning, announcing that after seven hours of fighting with a series of successes and defeats, the Russians had succeeded in repulsing the general assault, and that while all important redoubts were still in the enemy from fortified terraces, they found it impossible to retain their positions because of the enfilading fire and the accurate marksmanship of the Russian sharpshooters in the trenches above.

The general attack continued throughout Sunday, Gen. Nogi sending his troops from positions east and west of the Taku and Esso forts. A bulletin received at one o'clock Sunday afternoon announced that Gen. Nakamura and Salto, leading specially trained bodies of swordsmen, had charged the Russian entrenchments on the second chain of hills and had engaged the Russians in a hand-to-hand encounter. This charge by the Japanese probably resulted in great loss, as before they could reach the second line of the Russian fortifications guarding the western side of Port Arthur, they had to come within the sweep of the rapid fire guns on which are called the Five slopes, which are the last line of entrenchments facing the city proper.

The fact that Gen. Nakamura and Salto were able to reach the Russian entrenchments and engage in a hand-to-hand battle is regarded as proof that the Japanese advance since Saturday afternoon, no matter what their loss, was in a great measure successful, and it is believed, means that the general assault will be continued without cessation until Gen. Nogi accomplishes his purpose. Whether the swordsmen who were able to reach the Russian inner line were successful in holding their position is not known.

Assault Still in Progress.

The last bulletin received after midnight yesterday is as follows: "The general assault, which was begun on Saturday afternoon, is now being continued against the western entrenchments near Shungshoo Mountain and the forts lying eastward therefrom is still in progress. The enemy's resistance has been stubborn, and our object has not as yet been accomplished. Our picked divisions of marksmen and our selected swordsmen are fighting in the trenches. The battle still continues."

This was posted at Imperial Headquarters and is taken to mean that, at no matter what cost, the Japanese troops will not stop until they sweep the last of the defences. Gen. Nakamura and Salto, who are mentioned as leading the swordsmen into the trenches, commanded regiments in the 7th and 9th divisions respectively.

CHECK AT PORT ARTHUR.

Russians Say Jap Attack On Saturday Was Repulsed—Loss Heavy.

St. Petersburg, Nov. 29.—The War Office has received information from Che Foo that the Japanese assault on Port Arthur Saturday was repulsed with enormous loss.

Kuropatkin's Motor.

Che Foo, Nov. 29.—Gen. Kuropatkin is the possessor of a new twenty horse-power automobile, with which he is able to rush at high speed from one part to another of the line, 25 miles long, according to Mr. Ravoir, who reached here yesterday from Mukden.

Chinese As Europeans.

Mukden, Nov. 29.—The Viceroy of the Chinese Province of Honan is the first to carry out the instructions of the Dowager Empress of China in clothing his soldiers in European dress and cutting off their queues.

Ensigns Stray Astray.

Moscow, Nov. 29.—People arriving from the Far East tell a remarkable story of the mysterious disappearance from the trunk line of 350 carloads of stores and warm clothing belonging to private consignees and officers.

Cossacks Punished.

Berlin, Nov. 29.—A despatch to The Lokal Anzeiger from Mukden, under Sunday's date, says: Severe measures have been taken against marauders. Twelve Cossacks of one regiment were sentenced to death. One was shot in front of the brigade, while the sentences of the remaining eleven were commuted to penal servitude. Discipline generally is good. Patriarchal relations exist between the officers and men and the former are doing everything possible for the latter.

Summary of a Day.

London, Nov. 29.—Generals Kuropatkin and Sakharoff are sending daily long detailed accounts of apparently rather unimportant fighting, which may, however, possibly turn out to be the beginning of another great battle, deciding the fate of Mukden. General Sakharoff, in addition to his report of the Japanese fight at Taisetchen, announces that the Japanese in force occupied the village of Nanhantanga and the adjoining ravine in front of Poutiloff (Lone Tree) Hill. No further news has been received from Port Arthur.

Wives of Soldiers Kaunted.

Berlin, Nov. 29.—Inflamed by the unwillingness of the Polish troops to leave their wives and children, the Russian authorities at Kutno, a town on the Polish frontier, have treated the people in a manner almost incredibly cruel. It is known that one woman has been hanged to death and that a number of others have been thrown into jail. Some of the prisoners were tortured into unconsciousness.

CHATHAMITE'S ROMANCE

Wife Has Left Him and Now He Wishes to Marry Again.

Leon Reaume, a poorly dressed French-Canadian, appearing to be about 65 years of age, called at the county clerk's office, exhibited two soiled typewritten agreements and asked if he could secure a marriage license. One of the agreements was dated Chatham, Ont., June 17, 1901, and by its terms Reaume and his wife, Emma, agreed to separate and live as single persons. The other paper stated that Reaume had settled an action against Robert Slade for \$150.

Reaume explained that Mrs. Reaume had gone to live with Slade, but that he didn't know whether they were married. He refused to divulge the name of the woman he desired to marry. Clerk Walter Stowers, who is a lawyer, told Reaume that he would have to get a divorce from Mrs. Reaume before he could legally re-marry.—Detroit Tribune.

MAY BE ROSS

Rural Liberals Strongly Favor the Selection of the County Commissioner as Candidate in West Kent.

Following the publicly announced and definite decision of T. L. Pardo, M. P. P., not to be again a candidate in West Kent, a large number of county Liberals have intimated their desire for the candidature of James W. Ross, the well-known County Commissioner for Tilbury.

Mr. Ross appears to have a very strong following in the country and his friends are warmly advocating his cause. Whether he would be willing to run as an independent Liberal, repudiating the disreputable that have characterized the Ross Government, remains to be seen.

BODY FOUND

The body of brakeman Dake, who was drowned recently at Port Huron, has been found and was removed to his late home in St. Thomas this morning on Conductor Pierce's train. The men who were grappling for the body, found Dake, Fireman Sheehan and Engineer Geen all together, and the men had evidently gone down together in the same place. The bodies of Sheehan, Geen and Connell, however, had not been found when Mr. Pierce left Sarnia this morning, but it is likely that they will be found to-day.

ASKIN-BROOKS

On Wednesday afternoon, Nov. 23rd, the matinee, Dover Centre, was the scene of a pretty wedding, the occasion being the marriage of Miss Anson, daughter of Mr. Alex. Askin, of Chatham, to Mr. Richard Brooks, son of Mr. Wm. Brooks, Dover Twp. The Rev. A. E. Neilly, B. A., performed the ceremony. The bride was assisted by her cousin, Miss Myrtle Brown, and the groom by Mr. Wm. Askin, brother of the bride.

On their departure from the house to Chatham, the town bell of Dover Centre pealed forth the joyful news that two were made happy. A reception was held at the residence of the bride's parents by their most intimate friends. They are soon to take up their abode in our midst.

NINE BOXES FISHED UP

Detective Got Them At the Bottom of Loberough Lake.

Had to Break the Ice and Fish With a Pike Pole—Teeth Thought to Have Been Secured By Hawkey After Use At Ardcho—All Prisoners But Reilly Have Secured Bail—Libel Defendant Commands Porter.

Kingston, Nov. 29.—Acting on the evidence of Ed. Rutlan at Belleville, who testified that he looked on while Robert Harpell dumped the bogus ballot boxes into the lake at Sydenham, Detective Parkinson of the Dominion police came down from Belleville on Sunday and went out to Harrowsmith yesterday morning by train, and then drove two and a half miles to Sydenham. There he met Rutlan, who is out on bail, and the two proceeded to search Loberough Lake.

The ice had formed nearly three inches in thickness. With pike poles in their hands, the two started out, following as nearly as Rutlan could guess, the course taken by the boat in which he and Harpell had carried their load. The water is shallow for a considerable distance from the shore. After breaking through the ice with their poles for some time, they were successful and one after another they were hooked up. All of them from shallow water.

Nine Boxes Fished Up.

By 1 o'clock eight were secured and the ninth shortly after 2. The tenth, if it was there, eluded their efforts, and when it was becoming dark the hunt was given up and the boxes locked in the Town Hall for safe-keeping for the night. They are expected in the city early this morning, and will be taken to Belleville. It is thought here that the missing one was the box used by Hawkey at Ardcho, and was likely put out of the way before he returned the good box to the returning officer here.

ALL BAILED BUT REILLY.

Appears to Be Friendless and Is Very Low-Spirited.

Belleville, Nov. 29.—Bail has been secured for all the prisoners so far except F. J. Reilly of Kingston, who still languishes in jail here and who appears to be friendless. He is very low-spirited.

A warrant has been issued for the arrest of Sam Harryett, Police Magistrate at Bancroft, who received the bogus ballot boxes from Bremner. Harryett is in St. Michael's Hospital, Toronto, and refuses to talk other than to say that he will tell the truth when the proper time comes.

Harryett has twice been a Liberal candidate in North Hastings. The position of the Police Magistrate at Springbrook was secured for him by B. O. Lott, with whom he has always been hand and glove.

Carman Optimistic.

T. S. Carman, the defendant in the suit of Porter v. Carman, says he has had 37 libel suits, and he thinks he will manage to pull out of this one all right.

The Police Magistrate of this city, J. J. B. Flint, yesterday afternoon received a telegram from Byron O. Lott, dated Syracuse, N.Y., stating that he would return to Belleville to stand his trial and desiring the Magistrate to hold his bonds good.

Bert Cook of Harrowsmith, a clerk of Shibley's, came to this city on an afternoon train, accompanied by his solicitor, J. McE. Mowat of Kingston, and gave himself up. W. Cook of Montreal, a brother, also came yesterday, with another gentleman, to arrange for bail. It is learned that, since the criminal libel case closed on Saturday night, the prosecution have issued no less than 17 new subpoenas.

"Give the Devil His Due."

It is said that the defence in the case of Porter v. Carman is now extremely anxious to have the case settled. The Ontario, T. S. Carman's paper, last night contains the following editorial:

"CREDIT TO WHOM CREDIT IS DUE."

"Since the evidence of Reilly, Bremner and others has been heard there is no longer any doubt but what the hand that Mr. Porter has taken in this affair is most commendable to him. We all want to see the guilty parties punished and we think the Grits as well as the Tories should be grateful to Mr. Porter for the action he has taken in ferreting the matter out. We thought otherwise, however, when we received the telephone message from Mr. Lott on election morning, when he said it was a Porter lie and there was no truth in his statements. But since the recent disclosures have been made, we are only pleased to give Mr. Porter credit for what has been brought out. The old adage, 'Give the devil his due,' is quite true, and we believe every honest Liberal will back us up in these statements."

MR. CLANCY FOR WEST KENT

Says the Ridgeway Dominion—The West Kent Liberal Conservative convention held at Chatham on Saturday was the largest and most enthusiastic political convention ever held in the riding. Every part of West Kent was fully represented, and every delegate was full of ardor and a determination to select a "winner."

Early in the proceedings it was plain that the eyes of practically all present were turned toward Mr. James Clancy, the hero of many battles, as the one man to make certain the redemption of West Kent for Mr. Whitney. True, there were several other well-known and popular gentlemen willing to carry the party standard, and while each had strong backing, the one as against the others, none of them were in it as against Mr. Clancy, judging by the perfect hurricane of cheers which greeted his name whenever it was mentioned. The other candidates, seeking only unity and success, gracefully, yes, cheerfully, withdrew, making the nomination tendered Mr. Clancy unanimous without the formality of a ballot. Dr. Hall, Dr. Thornton, T. A. Smith, County Commissioner Chinnick and other strong and popular men pledged their hearty and cordial support to the choice of the convention.

In Mr. Clancy our friends in West Kent have an ideal candidate. The ex-member for Bothwell is back again on his old fighting-ground, where he knows every voter and every voter knows "Jim" Clancy and is proud of his record. Mr. Clancy first won his spurs in the Ontario Legislature, rising step by step, by reason of sheer ability, to a place on the front benches as the recognized first lieutenant of his then leader. Two terms at Ottawa have served to widen his experience and broaden his views. Mr. Clancy will return to the Legislature better able than ever to serve his constituents and the province, and his presence there will lend additional strength to Mr. Whitney, who, as the next Premier of Ontario, will no doubt recognize him in a fitting manner.

GIDDY MEN FLASH BILLS
AND STARTLE CITY COUNCIL

Ald. Piggott and Martin Make a Sudden and Thrilling Exhibition of Wealth—By-laws Passed and Considerable Business Transacted

There must be something beside occasional glory and more frequent damnation in being a city alderman—at least the spectators at last night's Council session, awe-stricken and open-eyed, unhesitatingly came to that conclusion.

Ald. Piggott and Martin mixed it up in a warm and eloquent argument over a letter Ald. Martin had written. Ald. Piggott declared emphatically that Ald. Martin said one thing, while the latter was eloquently certain he did not.

"I'll bet you a hundred dollars I didn't," finally shouted the little alderman, leaping to his feet. "Put up, put up," retorted his lanky opponent struggling to his feet with his hands deep in his trouser pockets. Finally he wedged out a big block of genuine looking greenbacks, such as an ordinary man would hire a dray to carry.

"Ha, ha," he declared, waving a few of them towards Ald. Martin. "Put up now, put up!"

"Well, put it up," called Ald. Martin, "you can't bluff me." And from receptacles in trousers, vest and coat he became busy producing bills. Ald. Edmondson, who sits next to him, says he took them out of his shoes, but the other aldermen and reporters could not corroborate, as the sudden appearance of such wealth had completely dazed them.

It was some time before the Mayor was able to quiet the two millionaires and restore order.

Then civic business proceeded. Ald. Marshall informed the Council that in the case of Thompson vs. city, the electric light case, the city was defeated and is now liable for the costs and the amount of Thompson's bill.

"This is different than I had expected," said Ald. Marshall, "and I asked the city solicitor to give his opinion of an appeal."

THOMPSON VS. CITY. Ald. Marshall then read a letter from the city solicitor advising an appeal. He (Ald. Marshall) thought the case should be appealed.

Ald. Martin—I think we should go very slowly with an appeal. We should consider everything carefully. If Mr. Wilson thinks there is a good fair fighting chance in an appeal then I would say appeal.

Ald. Marshall—My idea has always been to compromise matters and keep out of law, but Mr. Wilson gives good grounds for an appeal.

Ald. Scullard—Mr. Wilson has advised in the absence of the evidence. I would move that Mr. Wilson be advised to procure a copy of the evidence and then advise us as to the appeal after he has read the evidence.

Ald. Martin—I would second that. The motion carried.

Wm. Palmer asked permission to cut down trees.—Referred to Chief of Police.

A number of estimates on Public Works were passed.

The Gas Company asked for a fire alarm box near their premises, preferably on the bend of King street. Referred to Property Committee.

A letter was received from L. C. Wideman, an architect from Guelph, asking particulars concerning the proposed Chatham market building. He wished to submit plans. Referred to the Property Committee.

E. H. Stroud & Company wrote re street sweepers. Referred to Board of Works.

The Mayor notified the Council that

D. J. McDonald, of the C. P. R. Hotel, complained of the bad condition of the sidewalk in front of the Seane property on King street. He said it was a detriment to the business people in that vicinity of King street. The sidewalk should be repaired. Referred to the Board of Works.

FINANCE COMMITTEE. Ald. Marshall reported for the Finance committee as follows: Re Miss McLean's frontage taxation, she is entitled to 95 flankage rebate.

That the Mayor be empowered to sign petition re legislation on tuberculosis.

Re petition of Henry Dagneau and others for establishment of Division Clerk's office in Harrison Hall. No action.

That the Bond of Blight & Fielder be accepted.

That contract be closed for telephone for isolation hospital.

That Wilson & Co. be paid \$170 in full settlement of bill.

That county and city settlement be endorsed.

The report as a whole was adopted.

INDUSTRIAL COMMITTEE. Ald. W. T. Piggott for the Industrial committee, reported that he had visited some of the factories. He called at the Chapin Wheel Works and found them prospering. They employ 101 hands besides an office staff. They have paid out in salaries during the past year \$43,131.72. They are also building additions to their factory.

He visited the Dowsley Spring & Axle Company's factory and found them also prospering. They are now employing 41 hands and have employed on an average of 44 hands per week during the past year, and they have paid out in salaries \$23,190.88 during the past year. Both of these factories are living up to their requirements from the city.

The report was adopted.

WALKING SAVINGS BANKS. Ald. Piggott—I was informed at the Dowsley Spring & Axle Company that a member of the Council Board had written to the company asking for affidavits in reference to how many hands they employed and what they are doing. I think that such things should be brought up at the Council Board through the chairman of the Industrial committee.

Ald. Martin—I was the man who wrote to the Dowsley Spring & Axle Company and I am not ashamed of it and I make no excuses. One or two men came to me and said the company was not living up to their agreement. I wrote a courteous letter to Mr. Kennedy, like I can write, asking for information. I got a courteous letter back saying that Mr. Kennedy was out of town but as soon as he returned I would get the information. That was a month ago and I have not got the information. I said nothing about affidavits.

Ald. Piggott—I did not mention the alderman's name.

Ald. Martin—It is no secret. Ald. Piggott—Mr. Kennedy got married about that time and so could not answer Ald. Martin's letter.

Ald. Martin—You don't mean to say that he just got home?

Ald. Piggott—When a man is getting married he is in no shape to quote figures.

Ald. Martin—No, something like wheels within wheels.

Ald. Piggott—You had no right to ask for affidavits.

Mrs. Elizabeth H. Thompson, of Lilydale, N.Y., Grand Worthy W.C.T.U., and Member of W.C.T.U. She is shown from the chest up, wearing a dark dress with a high collar and a brooch.

of the use of Lydia E. Pinkham's Vegetable Compound. "My family and relatives were who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can to-day thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely of my troubles. I am naturally so gratified as I was. My mind had heart trouble and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and her husband and I are now as well as ever. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—Mrs. ELIZABETH H. THOMPSON, Box 105, Lilydale, N.Y. \$3.00 per bottle if original of above letter proving genuineness cannot be produced.

Ald. Martin—I did not mention the word affidavit in my letter. Ald. Piggott—I saw it in the letter. Ald. Martin—I'll bet you \$100 it was not in the letter.

Ald. Piggott—Put up your money. And both aldermen dived down in their trouser pockets just as if they really did have the hundred apiece floating around somewhere. They both finally pulled out bills and flourished them in the air. They looked like the genuine "Williams," but of course we couldn't vouch for the bill.

Ald. Martin—You have no right to make that statement, Ald. Piggott! They were finally called to order by the mayor, and the Council resumed their business.

TIME EXTENDED. Ald. Edmondson reported for the Property committee that the time for receiving a report on the various plans be extended till December 1st, as only Rutley & Son had yet furnished an estimate.

The report was adopted. Mayor McKeough asked Ald. Piggott if there was anything new about the ice-breaker.

Ald. Piggott said matters were progressing and he expected to report at next meeting.

HOME LABOR. Ald. McCoig asked that whoever secured the contract for the market building be compelled to employ labor from the city of Chatham and county of Kent, and moved along this line. Ald. Edmondson seconded, and the motion carried.

Ald. Scullard conveyed from the Board of Trade a resolution endorsing and advocating the submitting of the Defiance Iron Company Loan Bill, and pledging themselves to do all in their power to carry the same.

By reason of an error Jas. Marquand's assessment was reduced by \$100, on motion of Ald. Marshall.

The case of Jos. Matthews was referred.

Ald. Mounter suggested that the attention of the County Council be called to the liability they incurred jointly with the city in the new payments fronting Harrison Hall and the County Office. The Council decided to act on the suggestion.

Ald. Marshall asked to be excused, and retired.

BY-LAWS. A by-law to grant the Defiance Iron Works \$20,000 for 15 years was given its several readings. This is the company in which Ald. Marshall is interested.

It is proposed by the company to locate in Chatham and manufacture different kinds of iron machinery. They will employ at least 50 men and will pay in salaries not less than \$20,000 per year. They will have a capital stock of \$60,000 and \$40,000 of

which is subscribed for by the company.

COURAGE AND HIGHWAYMEN.

A Creek Tells Why They Are So Many Successful Robbers.

A "holdup man" or highwayman in giving the public opinion about the methods of his kind and the ways of victims when assailed may be taken at his word when he says that want of courage on the part of the average citizen is the cause of so many successful robberies. It is true that robbers and other crooks are physical cowards as a rule. Their mode of life is not of a kind to make heroes of them. They are ever on their guard and ever more or less nervous. What gives them courage in the first place is the fact that they expect an easy triumph, since the victim is to be surprised and taken unawares. The robber's mask and his gun are depended upon to frighten, and the work is done so quickly that the victim has no time to summon courage. The confessing robber is surely boasting when he says that with a mask and a gun he could make a roomful of men, as they average, stand on their heads if he told them to do so. There will almost always be some cool head in a crowd, for company gives courage. If a robber be met at the outset with the firmness which should characterize a man who is being outraged upon the public highway the chances are that he will lose the little nerve he possesses. He will be the one taken unawares and, being in the wrong and an outlaw, cannot fall back upon a reserve of manhood and make a good fight. An easy public breeds the crook. He does not want to work hard for his plunder or he wouldn't be a crook.

Sir Lowthian Bell, Bart.

Sir Lowthian Bell, Bart., the newly-elected President of the Institution of Mining Engineers, was born at Newcastle-on-Tyne in 1816. He obtained his primary education at the leading school in his native town, and subsequently on the continent, where he acquired an intimate knowledge of German and Danish. On returning to England he was enrolled as a student at the Edinburgh University, where his studies were mainly of a scientific nature. Upon the conclusion of his university training he went to France to prosecute further studies at the Sorbonne, Paris. Sir Lowthian has traveled extensively. In the years 1839-40 he covered a distance over 12,000 miles, examining en route the most important seats of iron manufacture in France, Belgium, Germany, Poland and Austria. On attaining his twentieth year he was placed at the iron and chemical works at Walker-on-Tyne, but the actual commencement of his business career may be dated from 1850, when he joined the chemical works at Washington, Durham, which firm was then under the control of his father-in-law, the late Mr. H. L. Pattison, F.R.S. Two years later, in partnership with his two brothers, he founded the Clarence Iron Works, now one of the foremost establishments on the Tees. A Baronetcy was conferred upon him in 1885 in recognition of his distinguished services to science and industry.

The Queen As a Camera Fiend.

Queen Alexandra is very expert with the camera, and is often to be seen "snapping" the crowds outside the gates of Buckingham Palace on public occasions, while it is needless to say that her little grandchildren are very often involuntary "subjects." During her visit to Denmark the Queen and Princess Victoria took their kodaks with them everywhere, and took many snapshots. On one occasion the Victoria and Albert anchored off the most northerly point of Denmark, Skagen, or the Skaw, as we were taught in our geography books, and to the great delight of the fisher-inhabitants, the royal visitors landed to pay a visit to the great Danish artist, Professor Tuxen, who was spending a holiday there. During their visit Queen Alexandra and the Princess snapped their garden before returning to the yacht. Just as the yacht was leaving the shore Princess Victoria caught sight of two little fisher laddies who had paddled out as far as they could to catch a last glimpse of the royal party, and thus afforded a splendid opportunity for a last snapshot.

Care for Your Fences.

On every farm the fence should be a careful inspection of fences at stated periods. As in everything else that requires doing, system is better than a lack of it. If a particular date is set apart for this purpose it will not be neglected. It may be that all the fences are in good shape, but it is worth something to know the fact, and therefore it should be known. Fences are not the only things that need systematic or careful attention. But in all reforms there must be a starting point, and fences are as good a starting point as any.

Sharps and Flats.

This life may be for our passage, but it is not our port.

There is nothing pleasant about the savor of a dead poetry.

The only doubts to be ashamed of are those you are proud of.

The men for public trust are the men who can be trusted in private.

Praise on the tombstone does not scratch out harsh words in life.

The materialist fills his eyes with mud, and then says there is nothing else.—Rams Horn.

Better Work Later.

A very homely man in Chicago has a very pretty daughter. One day she was sitting on his knee right before a looking glass. She contemplated the reflection of the two faces and then asked: "Papa, did God make me?"

"Yes, dear," he replied.

"And did he make you?"

"Yes."

Looking again in the mirror, she drew a long breath and rejoined: "He must be turning out better work lately, isn't he?"

"I have no more nervous headaches and rest very well at night."

When a woman suffers from female weakness and irregularity or other form of womanly disease, the effect is certain to be marked in her nervous system, the general effect being, as in Mrs. Woodin's case, "nervous headaches, restlessness at night" and a run-down condition. It is simply common sense then which says if you cure the female weakness, irregularity, etc., you will cure the nervousness, sleeplessness, and other consequences of womanly disease.

Dr. Pierce's Favorite Prescription cures the womanly diseases which undermine the general health. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It cures headache, nervousness, sleeplessness, etc., by curing the womanly diseases which cause these ailments.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription has the testimony of thousands of women of its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Value of Routine Work.

Routine is a blessed thing when something happens to reduce the moral driving power which keeps us going, the courage, purpose and good cheer that give life present joy as well as meaning. It is good in moments of depression or weariness that there is a path marked out ahead each day which men follow because it is there; that there is time which custom has set for them to get up, to eat, to work, to rest, to read, to go to bed again. They move along the grooves of habit and get all the benefit of their inheritance and their experience. The general may quit the field for a time if he chooses; the army has its marching plan and knows what is expected of it.

A Natural Interest.

They were discussing the couple in the next flat. The husband is silent and reserved, while the wife is a gossip and the most inveterate borrower. Food of all kinds, articles of clothing, money and everything that is capable of being borrowed she endeavors to get from the neighbors on one pretense or another. Some surprise was expressed that her husband should have chosen her as a partner for life when a little girl who was listening creased considerable amusement by exclaiming: "Perhaps she borrowed him too."

To look on the bright side of life robs the shadow of its sombre outlines.

The Helping Hog.

Men who are trying to build up land without loss of crops find hog a valuable assistant, says National Stockman. Experiments with rye, rye, beans, peas and clover show excellent results. The land is seeded with the application of some fertilizer to get a stand. The crop is left until nearly ripe and then hogged down. The manure from the grain is well distributed over the land, and the stalks are left to be plowed down to repeat the process. Of course if clover is used it is left and hogged, afterward plowed and the hogging and seeding process continued. Some experiments have shown quite a satisfactory improvement of land by the means of legumes and the hog. The main trouble is to get the hog in the first place on the rundown land. After that it is comparatively easy, but it must be pursued for years. No worn land is going to be restored in a short time by this or any other plan.

The Japanese Spirit.

From Joshu, a northern province of Japan, comes the story that the young men of country neighborhoods are playing and cultivating the ground at night, while the owners are asleep, of those whose sons are away in the war. These unknown helpers meet and secretly go to the fields with their plows and spades without the knowledge of any one. Next morning the owners are astonished to find the large amount of work accomplished. The school children are also instructed to go from field to field and sweep off the locusts, which commit great depredations on the growing rice.

A Paying Investment.

Good roads, no matter what they cost, are a paying investment. They increase the value of every acre of farm property, save time, wear and tear on wagons, harness and horseflesh and make it possible for country people to enjoy privileges that would otherwise be beyond their reach.

HE THAT OVERCOMETH.

Foundation Stones of the Temple of True Success—Mastery Is the Keynote of Character.

Mastery is the keynote of character. To overcome one's own passions, to push on and faint not, to assert the strength of the will over the weakness of the body, to persevere through defeat, to be greater than all outward circumstances—these are the foundation stones of the temple of success. The world wants virile, confident, undaunted and masterful men. To him that overcometh are promised all things. He must subdue all that is unworthy within himself. He must rise above or modify all that is hurtful in his environment. He must show that the soul is more powerful than the incidents and accidents that beset it.

It is the man that counts. Every thing else in the world is only the proper setting for the man. He is the central fact. To evolve him into his highest and best is the effort of the ages. One great, strong, noble, God-filled man, standing on the crest of Time, is worth all the travail of the world up to the hour that reveals him as the symbol of his Maker.

Behold a man! When one's fellows can say that of him he has indeed reached an hour of triumph. What is required to be worthy of that proud appellation? Not the physical only, though that has its place; not the intellectual only, though that also is necessary; but the physical, the intellectual and the spiritual. All of these must be fully developed in him who has reached the stature of genuine manhood.

The word man is here used in the generic sense as including both sexes. For the sweet, loving and patient woman, the veritable queen of her type, is as strong in her way and as inspiring a figure as any man, it matters not the height upon which he stands. The thing is for each soul to develop to its uttermost, to be itself, but the highest and truest of itself.

Be the master of your work, of your thought, of your health, of your wealth, of your life. You are free. Come in touch with your own spirit by opening your soul to the infinite spirit. Evolve on every plane of your being. Think of yourself as an eternal entity and be worthy of a divine heritage. Walk upright and fearless, as one who has drunk at the fountain of immortality. Learn to reverence your God, his world and yourself as his temple. Overcome the weak things, the impure things, the negative things, in your own makeup. No shall you be worthy of being called a man.

Thoughtlessness.

Most of the injuries that we inflict on each other are perhaps due not so much to malicious design as to thoughtlessness. The recent accident which befell a newly married couple in Massachusetts is a case in point. The guests present, all of whom were close personal friends of either the bride or groom, certainly had no desire to inflict suffering on either. Yet, through lack of being duly considerate, that is exactly what these well meaning friends did. They, it seems, considered it their duty to provide for the fitness of things by fastening tin cans, bells and other noise producing contrivances to the wheels of the carriage in which the "happy pair" were to ride to the railway station after donning their traveling suits. The result was that the horses attached to the vehicle, becoming frightened at the noise, ran away. The driver was thrown from his seat and seriously, if not fatally injured, while the bride was so badly hurt that she had to be taken home on a stretcher.

The practical joker and the person of whatever age or sex who "didn't think" are enemies of the race and should be so vigorously admonished of that fact as to deter the evil of their ways.

Shoe Shops in Japan.

Like all other shops in Japan, a shoe shop opens a broad side to the street. It seems a misnomer to call it shoe shop, a place where you can only buy sandals or clogs, things we are not accustomed to call shoes. They are foot-gear anyway.

There is a low platform in front, upon which the customer sits and drinks tea while making his or her purchases. The shopkeeper, meanwhile squatting on his heels and discussing the news of the day.

The sandals worn by the rickshaw coolies are called waraji. They are woven of rice straw and are sold for half a cent a pair. They are made in the country villages, and the foreigner watches the weaving with amused interest.

The prehensile big toe of a Japanese is of great assistance, as it is used for catching and holding the straws, leaving the hands free to weave.

The indulgence of grief is the blunder of a life.

VARICOCELE & STRICTURE

No other disease is so prevalent among men as Varicocele. As it interferes with the nutrition of the sexual organs it produces weakness, loss of semen through the urine, decay of the organs, pain in the loins, back, nervousness, dependency, bashfulness, palpitation of the heart, constipation, and a combination of these results in complete LOSS OF MANHOOD. Thousands of young and middle-aged men are troubled with STRICTURE. If you have reason to believe you are afflicted with it, do not neglect it. It will ruin you. Don't let doctors experiment on you by cutting, stretching or tearing it. Our NEW METHOD TREATMENT dissolves the stricture tissue, hence it disappears and can never return. We cure Varicocele and Stricture without operation or loss of time. The treatment may be taken at home privately. Send for our Free Illustrated Book on VARICOCELE and STRICTURE. WE GUARANTEE TO CURE OR NO PAY.

Kidneys & Bladder

All sexual complaints affect these organs, hence the kidneys are a great source of disease. Have you aching or weakness over the small of the back, tendency to urinate frequently, deposit in urine, coldness of hands or feet, a drowsy feeling in the morning, Don't neglect your kidneys. Our NEW METHOD TREATMENT is guaranteed to cure any disease of these organs or no pay.

No Names Used Without Written Consent.

O. W. Rowe, of Jackson, Mich., says: "I had varicocele in the secondary stage and two strictures of 8 years' standing. I was operated on twice, undergoing great suffering, but only got temporary relief. I was finally advised to try the NEW METHOD TREATMENT of Drs. K. & K. The enlarged veins disappeared in six weeks, the stricture tissue was removed in eight weeks and my sexual energy and vitality returned so I was a man in every respect. I recommend you doctors with my whole heart."

OLD RESIDENT GOES

There died yesterday at her late residence, Richmond street, her family and immediate relations being present, Mrs. Ellen Leith, relic of the late William Leith, whose death occurred 19 years ago.

The decedent was born in Oakville, Mich., in 1840, and came to this city with her parents in 1847. Her age at death was 64 years.

She leaves to mourn her loss three children, Mrs. Thos. Raymont, Forest street, and Miss Bell and William at home.

The late Mrs. Leith was the third daughter of the late John and Mary Allenor, and was married May 28, 1871. She was a member of St. Andrew's church.

The funeral will take place from her late residence to Maple Leaf cemetery at two o'clock to-morrow, Rev. Dr. Battisby officiating.

CHURCH RE-OPENED

During the last few weeks St. Andrew's Church has undergone some very extensive improvements. The ladies of the church made a considerable amount of money during their sale in Canada fair, and the money thus received was applied towards adding improvements to the church building. The interior has been oak grained, the walls have been re-tinted, the ceiling has also been re-tinted a cream color, and incandescent lights have been installed under the gallery. The ladies are indeed to be complimented on their work.

The church was re-opened on Sunday and last night a social evening was held, which took the form of a congregational re-union.

On Sunday, Dr. Battisby preached both morning and evening and he gave two excellent discourses. In the morning he preached on the longing desire of David to return to the House of God when he was expelled by the rebellion of Absalom, and in the evening he preached on The Model Family.

The doctor is each Sunday evening preaching one of a series of sermons on different models. Next Sunday he will preach on a Model Lawyer.

JOHN BERTRAM DEAD.

Chairman of Transportation Commission Succumbs to Lung Illness.

Toronto, Nov. 29.—A man of high integrity and sterling qualities has just passed away in the person of John Bertram, whose death was announced last night. His decease was not unexpected, as he had been suffering from a painful malady for some time past. He had hoped to take up his work on the transportation commission until about Oct. 1.

Mr. Bertram was greatly esteemed by all who enjoyed his acquaintance. He was president of the Bertram Engine Works, a concern which he built up out of the Doty Works; president of the Collins Inlet Lumber Co.; and chairman of the Transportation Commission.

Mr. Bertram was of Scotch parentage, a native of Haddington, Scotland, which he left at the age of 23. At first engaging in the hardware business at Peterboro, he subsequently came to Toronto and went into the wholesale hardware trade, and finally organized the engine works associated with his name.

Mr. Bertram some 30 years ago was M.P. for Peterboro for two or three sessions, being the first Liberal member for the riding.

In later years he had devoted much attention to scientific forestry, in which subject he had become quite an expert.

Mr. Bertram was an active member of the Unitarian Church and was greatly beloved by all who came in contact with him in the circle of the church.

Several sons and daughters, besides Mrs. Bertram, remain to mourn his loss.

FAST FORWARD.

Idaho is one of the best watered states in America. People are moving there because hot winds and destructive storms are unknown and because its matchless climate generates physical and mental vigor and guarantees good health.

Idaho has rapidly grown in popularity during the past five years and settlers in its irrigated valleys have met with more than ordinary success. This fact has induced a large influx of eastern capital in the state, with the result that its growth has been rapid. If you have in mind a change for the general improvement of your condition in life, or if you are seeking a climate beneficial to health, Idaho will meet these requirements.

The easiest—in fact the only direct route to Idaho—points is via the Union Pacific. This road runs two trains daily from Omaha and Kansas City to all points in Idaho, Montana and the great Northwest. For full particulars and descriptive information inquire of J. O. Goodsell, T. P. A., 14 James Building, Toronto, Canada; F. B. Choate, G. A., 122 Woodward Ave., Detroit, Mich.

I understand that your father said I was a rascal.

No, he says you are a fool.

Then if that's his opinion we will have to elope; he'll never give his consent.

ONLY ONE CURE FOR CATARRH. And it's neither a dopy mixture, a troublesome atomizer or an irritating snuff—it is fragrant, healing Catarrh, which is recommended by at least twenty thousand physicians in the United States and Canada. The balsamic vapor of Catarrh goes at once to the source of disease, kills the germs, heals sore spots; it prevents dropping in the throat, keeps the nostrils clear and cures foul breath. Cure is complete and permanent when Catarrh is used. It is as certain as eternity to cure; can't fail. Every complete dollar outfit guaranteed; trial size 25c. Use only Catarrh.

It is easy to reform a bad habit when the effort is really honest.

NON-COMS MEET

The annual meeting of the Non-Coms. of the 24th Regiment was held last evening in the Bugle Band rooms, under the most favorable circumstances. There was a splendid attendance and enthusiasm ran high in the different matters brought up. Bugle Major Plummeridge was moved to the chair.

Nominations were called for and the election, which takes place next Monday night, bids fair to be very interesting, as there are several aspirants for each office.

Ways and means of turning the drill shed into a skating rink for the winter were fully discussed. It was finally decided to appoint a committee, composed of the four Color Sergeants and Bugle Major Plummeridge and Bandmaster Walker, to meet the officers of the regiment in regard to the proposed rink, and report at next Monday's meeting.

After routine business a smoker was held and progressive pedro indulged in.

All the Non-Coms. are urgently requested to attend next Monday's meeting.

How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Herkimer says. It may save you years of suffering if you take her advice:

"I am now enjoying the best of health, after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and can recommend them to all sufferers."

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 8 boxes for \$1.25. For sale by all dealers, or mailed direct on receipt of price.

TRAIN WAS IN MOTION

When Boiler of Freight Engine
Near Barrie Blew Up.

Engineer Ford of Allandale Badly
Scalded—Fireman Holmwood Very
Seriously Injured—Faces of Both Men
Are Very Much Disfigured By the
Steam and Hot Water, and Fear Is
That Both May Die.

Barrie, Nov. 28.—An accident which may be fatal for two Grand Trunk employees occurred on the Toronto branch of that railway a couple of miles south of Allandale Saturday morning. The boiler of a freight engine bound for the city blew up while the train was in motion. Engineer Ford of Allandale was badly scalded, while Fireman Holmwood was very seriously injured. Both men suffered from the escaping steam and hot water. Their faces are badly disfigured, and Holmwood's condition is considered to be quite serious. Ford, though badly scalded, is not injured as badly. Both men have been brought to the Barrie Hospital. Ford is a married man, about 40 years of age.

Killed By Lightning.
Peterboro, Nov. 28.—Relatives here have received word of the death of Mrs. Andrew Liscombe of Wilberforce, Haliburton County, who was instantly killed by lightning. Mr. Liscombe was aroused by the storm, and on going to the window to look out was met by a blinding flash of lightning and rendered unconscious for a time. When he recovered he called to his wife in the same room, but found she had been instantly killed by the bolt. A child sleeping between the father and mother escaped unharmed.

Skull Was Laid Bare.
Stratford, Nov. 28.—John Conray, while working at Stewart Campbell's sawing wood by means of a steam saw, caught his arm and head between the wheel belt and the wheel. The machine was stopped and Conray was released. Conray's injuries are of a very serious nature. His head received a terrible wound, almost the whole of the skull being laid bare. The bone of his left arm was laid bare for several inches below the elbow.

Italian Jumped to Death.
Toronto, Nov. 28.—Saturday Reinitti Reimonte, an Italian section-man, jumped off a trolley car while it was in motion and was pitched violently on his head. He has not regained consciousness and the doctors say he can hardly recover.

Two Children Perish.
Winnipeg, Nov. 28.—The house of James Bowen, painter, was destroyed by fire at Brandon Saturday, and his two little children, aged four and two years, respectively, were burned to death.

Hurt in a Capsule.
Kingston, Nov. 28.—In a capsule of a hook and ladder wagon in going to a fire yesterday afternoon, Callman Turner was badly injured by striking his head on the ground when thrown off. Chief Elmer had his side strained.

30 People Hurt in Wreck.
Memphis, Tenn., Nov. 28.—A special to The Commercial-Appeal from Columbus, Miss., says a passenger train on the Mobile and Ohio Railroad was derailed late yesterday near that town, 30 people being injured.

Death in Trolley Car.
New York, Nov. 28.—One person was killed and about forty others injured in a trolley accident at Roselle, N.J., Saturday night. Several of the injured, it is feared, will die. The body of the car toppled over, leaving the truck on the track. There were 40 passengers on the car, and all were more or less injured.

Queen Natalie Injured.
Biarritz, France, Nov. 28.—Former Queen Natalie of Serbia was the victim of a serious carriage accident while driving near this place Saturday. The pair of horses attached to her victoria bolted and the vehicle collided with a tree and was completely wrecked. Queen Natalie's face was severely cut.

Eva Booth's Farewell.
Toronto, Nov. 28.—Every seat in the great Massey Hall was occupied last night at Miss Booth's farewell before leaving Canada to become Salvation Army Commissioner of the United States. In taking leave, she said:

"I am sure you all understand that I arise to speak with a great deal of mingled feelings in my heart," she began. God had been very good to her since she came to this country. "I believe God has blessed me to you, and I know God has blessed you to me." Toronto had been her home, and all the people were her friends; for, she thanked God, she was the friend of all men. She wished to make her closing night one of everlasting memory.

Robbed Station Till.
Whitby, Nov. 28.—Shortly after the 2.05 train pulled out Tuesday afternoon Fred Allin, ticket agent and operator, made the discovery that the till in his office had been opened and rifled of part of its contents. There was missing \$10 in bills, but a quantity of coppers and silver in the till had not been disturbed. The robbery had evidently been effected while Mr. Allin was absent at dinner.

Ibsen Has Fainting Fit.
Christiania, Nov. 28.—The illness of Henrik Ibsen, the Norwegian poet and dramatist, is the result of an attack of fainting fits that he experienced some days ago.

Lord Minto in London.
London, Nov. 28.—After being delayed by the fog the Earl of Minto and his family arrived at Liverpool Saturday and immediately proceeded to London.

What Chance Do You Stand

If You Are Afflicted With Foul, Offensive, Disgusting Catarrh, Your Progress Will Be Slow.

Catarrh is a terrible handicap in the business and social world. The extreme offensive nature of the disease, the foul and sickening breath, the everlasting hawking and spitting, the fetid discharge at the nose, the watery eyes and catarrhal deafness all combine to make the unfortunate victim one of the most avoided and despised of mankind.

Many first class, competent men have lost good positions on account of their unbearable presence due to catarrh. The catarrh victim is tabooed socially and his appearance is secretly dreaded. What makes the matter worse is that he does not know himself how offensive he is as his sense of smell, and frequently taste, is destroyed. Leaving out of consideration the suffering, annoyance and danger of the disease, no man can afford, from a business or social standpoint, to have catarrh for one minute if he can possibly avoid it.

Stuart's Catarrh Tablets have done more to stamp out this disease than any known remedy. They strike at the root of the malady and completely expel it from the system. Catarrh is a deep-seated disease and will not yield to local applications, such as sprays, ointments, inhalations, etc. Stuart's Catarrh Tablets cleanse the system and renovate it thoroughly of all impurities. Under their influence all catarrhal poisons are carried off and the blood becomes pure, the eye bright, the breath sweet, discharges cease, the head clears up, the sense of smell and taste are restored and the sufferer becomes sound and well and fit to associate with his fellow-man.

Stuart's Catarrh Tablets are for sale by all druggists at 50 cents a box. The druggist no more thinks of getting along without Stuart's Tablets than he would without his prescription case. The demand for them is so great and they have cured so many thousands of people that he would not be considered up-to-date druggist if he did not keep them and his customers would lose confidence in him and go to some other store to buy their other drugs as well as Stuart's Catarrh Tablets.

Van Lenbach the Painter.

Franz von Lenbach, the great portrait painter, painted three portraits of the poet Adolph Wilbrandt. The sittings varied from three to five hours. On one occasion the sitting lasted through the whole day, with intervals for meals. The afternoon passed, and dusk came on, but still Lenbach worked away without appearing to notice the falling light. At last it grew so dark that Wilbrandt could scarcely see him. He called his attention to this, saying that it seemed impossible for him to paint any more, but Lenbach begged him, unless he was tired, to continue sitting. "But what can you see of me?" asked the puzzled poet. "Quite the best of all. Excellent. Sit still, please." And the sitting only ended with the last glimmer of light.

A Pert Maid.

The B's had given an impertinent maid notice and in consequence were obliged to assume the duties that she pointedly neglected. On the last day of Katie's stay at one of the ladies of the family was hastening to answer a ring at the front door she was arrested by an explosive whisper from the rear of the hall, where the irrepressible ex-maid, Katie, in most unpicturesque dishabille, was established. "Mrs. B., what's any one for me, say I'm out."

One Came Out After The Other.

Suffered with Boils for Six
Months.

Mr. Elie Braizeau, Meadowside
Station, Ont., tells of his experience with Boils and

Burdock Blood Bitters.

He says:—"In the Spring of 1889 I was continually troubled with boils—one coming after another for about six months. I suffered terribly, and was in a very bad condition. In August I got a bottle of Burdock Blood Bitters, and began to feel better after taking it. I kept on until I had used five bottles, and can truthfully say that I was cured, and have remained so ever since. I have not had the least sign of a boil."

There is nothing like Burdock Blood Bitters for bad blood, boils, pimples, dyspepsia, indigestion, or any trouble arising from the Stomach, Liver, Bowels or Blood.

ANGLO-RUSS CONVENTION.

Declaration Signed Re Hull Fishing Outrage Contains Eight Articles.

London, Nov. 28.—The declaration signed by Britain and Russia referring the questions of fact connected with the attack on the Hull fishing fleet contains eight articles. The first agrees that the International Commission shall be composed of five members, two officers of high rank in the British and Russian navies, one each to be named by the Governments of France and the United States, and the fifth chosen by agreement of these four, or by the Emperor of Austria. Article second defines the duty of the Commission as to enquire into the report in all the circumstances and particularly the portion as to where the responsibility lies and the degree of blame attaching to subjects of either country in the event of their responsibility being established. The other articles provide for the method of investigation, each party undertaking to supply all means and facilities in their power and the Commission to take all its decisions by a majority of votes. The Commission is to assemble in Paris as soon as possible and the expenses are to be equally shared.

How Roosevelt Saw the Fair.

St. Louis, Nov. 28.—All records in attendance at the World's Fair were broken Saturday by reason of the visit of President Roosevelt. As early as 9 o'clock the Fair grounds were crowded and there was a continuous stream through every entrance until late in the afternoon. The weather conditions were ideal. President Roosevelt made an astonishingly quick tour of many of the most attractive exhibits. Mrs. Roosevelt kept close beside the President throughout the tour, and she seemed as tireless as her husband.

Niagara Falls Power.

Buffalo, Nov. 28.—According to a despatch from Niagara Falls, "The Niagara Lockport and Ontario Power Co. has contracted with the Ontario Power Co. for 30,000 horsepower of electricity, to be delivered Jan. 1, 1907. YOU CAN BE CURED

Munyon's Watch Word is "Hope,"
His Remedies Bring Health

When Munyon says "There is Hope," it
is simply the expression of an opinion
which he bases on past experience in the
homes of the people where his remedies
have brought happiness and hope to hun-
dreds of thousands of afflicted ones.

Munyon's Remedies cure because in
their compounding is concentrated the
knowledge and researches of the brightest
medical minds that the century has pro-
duced.

There are no "cure alls" among them,
but his list of remedies contains a separate
cure for each disease. That is why they
are called home remedies, or the "family
doctor," as they are frequently termed by
those who depend upon them absolutely
to keep the household in good health.

Munyon's Rheumatism Cure has cured
more cases of rheumatism than all other
rheumatism remedies combined.

Munyon's Kidney Cure has saved hun-
dreds from Bright's Disease, and never
fails to heal and help ailing kidneys.

Munyon's Paw-Paw Laxative Pills keep
the liver in healthy action, and positively
cure constipation, biliousness, jaundice
and all other ailments arising from a
torpid liver.

Munyon's Dyspepsia Cure may be depend-
ed upon to cure all forms of dyspepsia,
indigestion, sour stomach, and to keep the
digestive organs in perfect condition.

Send for Munyon's Magazine and Guide
to Health. They are free, but are worth
their weight in gold. At all druggists.

A TIMELY SUGGESTION.

This is the season of the year when
the prudent, and careful housewife
replenishes her supply of Chamber-
lain's Cough Remedy. It is certain
to be needed before the winter is over,
and results are much more
prompt and satisfactory when it is
kept at hand and given as soon as
the cold is contracted and before it
has become settled in the system. In
almost every instance a severe cold
may be ward off by taking this
remedy freely as soon as the first in-
dication of the cold appears. There
is no danger in giving it to children
for it contains no harmful substance.
It is pleasant to take—both adults
and children like it. Buy it, and you
will get the best. It always cures.
For sale by all druggists.

SPENT OVER \$2,000 DOCTORING.

Mr. Joseph Pomienville, of Still-
water, Minn., after having spent over
\$2,000 with the best doctor for stom-
ach trouble, without relief, was ad-
vised to try a box of Chamberlain's
Stomach and Liver Tablets. He did
so, and is a well man to-day. For

"But the shop seemed to be light and

"Yes, but didn't you notice the sign
on the wall, 'No talking allowed'?"

"Take care of the pennies and the
pounds will take care of themselves."
Large things are but an aggrega-
tion of small things. If we take care
of the small things we are in effect
taking care of the large things which
the small things combine to make.

Take care of what you eat, when
you eat, and how you eat, and your
stomach will take care of itself.
But who takes care of such trivial
things? That is why, some day, the
majority of people have to take care
of their stomachs. When that day
comes, there is no aid so effective in
undoing the results of past careless-
ness as Dr. Pierce's Golden Medical
Discovery. It strengthens the stom-
ach, and restores the organs of di-
gestion and nutrition to a condition
of healthy activity. It cures bilious-
ness, heartburn, indigestion, palpi-
tation, dizziness, cold ex-
tremities and a score of other ail-
ments which are but the symptoms
of disorder in the stomach and its
allied organs.

JAPS PRESS KUROPATKIN.

Fighting Was Fierce, But the Japanese
Were Repulsed.

St. Petersburg, Nov. 28.—General
Kuropatkin, telegraphing a description
of a Japanese attack on Nov. 24,
against a Russian detachment near
Einkherchen (Yensientien), on the
front of the left flank.

"The fighting," Gen. Kuropatkin
says, "was fierce, almost amounting
to bayonet engagement; but the
enemy were everywhere repulsed and
suffered severely. The attack was re-
newed the following morning, the
Japanese having been reinforced, but
again was repulsed, and at four
o'clock in the afternoon a blizzard
and fog greatly hindered the artil-
lery. The Japanese continued to ad-
vance, under cover of the fog, but
our forces held their positions and
the firing subsequently slackened. The
Russian losses were nine killed and
57 wounded."

"On Nov. 26 the Japanese resumed
the offensive and endeavored to
develop our left flank whilst advancing
against our centre."

"I have received no later reports."

Gen. Kuropatkin also describes the
bayonetting of 20 Japanese belong-
ing to a patrol who were the recon-
naissance the night of Nov. 25.

Russian Repulsed.

Tokio, Nov. 28.—Manchurian head-
quarters, reporting yesterday, says:
"From the night of Nov. 25 until
the morning of Nov. 26, a body of
the enemy's infantry attacked our
troops in the vicinity of Sintangun
and Shashoua, but the attack was
completely repulsed by us."

"The enemy's artillery, posted to
the east of the To Mountain, vigor-
ously shelled the vicinities of Man-
chuantan and Kuchiatzu, from two
o'clock in the afternoon of Nov. 26,
but we suffered no damage."

"On the right flank the Hun
River, a body of the enemy's cavalry
attacked Manchies, on Nov. 25, but
was driven back by our force."

"On Nov. 24 the enemy set fire to
Shantailima, and most of the village
was burned."

To Meet Battle Fleet.

London, Nov. 28.—The progress of
the Russian second Pacific Squadron
excites daily growing interest. A
Japanese correspondent of The
Morning Post, discussing possible pre-
parations to meet the squadron, sug-
gests that Japan relies upon the
older warships to maintain the
blockade of Port Arthur (in fact,
the correspondent asserts they al-
ready are so employed), and thus en-
able Togo to release his more mod-
ern vessels for overhauling at Sase-
bo, preparatory to meeting Admiral
Rojevstevsky.

Fresher Opposes Prohibition.

Ottawa, Nov. 28.—Rev. Dr. Her-
ridge, of St. Andrew's Presbyterian
Church yesterday morning, preached
a sermon on temperance, in which he
strongly opposed prohibition as a
remedy for the evils of the liquor
traffic.

vised by their foreman here to have
the workmen on the section increas-
ed one man instead of laying off one
at this time of year, which has gen-
erally been done.

On Thursday evening last Mr. and
Mrs. Duncan Campbell, of Guilds,
gave a party in honor of their friend,
Miss Annie Jenner, of Charing Cross,
at which a very enjoyable evening
was spent.

They thought he was dead, you
know, and all the papers printed
obituary notices.

And then?

Why, then he turned up, and since
he's read those notices he's too proud
to speak to anyone now.

NOT FOR BEST FARM

IN THE STATE.

"I saw so much in the papers about
the wonderful cures effected by Pyra-
mid Pile Cure, I determined to give
it a trial. I bought from my drug-
gist one fifty cent box and used it
as directed, and by the time I had
used the last 'pyramid' I was en-
tirely cured; in four days after I
began to use the 'pyramids' all in-
flammation was gone. I was per-
fectly easy all the time, the exces-
sive discharge stopped at once, and
stools became easy and gentle."

"I was unable to get my own fire-
wood for four months, and half the
time when I could walk at all I
had to walk half bent. I used many
pile remedies, salves and ointments,
all to no effect until I used one
fifty cent box of Pyramid Pile Cure
and was cured."

"I would not be afflicted as I was
four months ago for the best farm
in the state of Arkansas. I can
give proof and reference of the won-
derful cure to all who are afflicted
as I was. Please publish my letter
that I may advise the afflicted."

W. E. Wallis, Pigport, Ark., Box 26.

The experience of Mr. Wallis is
that of thousands of others who suf-
fer for years with the most painful
forms of hemorrhoids, or piles, and
after trying everything they hear of,
give up all hope of a cure and look
for temporary relief only. To all
such a little book published by
Pyramid Drug Co., Marshall, Mich.,
brings glad tidings, as it tells all
about the cause and cure of piles,
and is sent free for the asking.

After Russian naval battles in the
east the women of the empire took up
the habit of wearing naval cloaks,
which seemed to the government a su-
perfluous reminder of calamity, and it
has therefore forbidden their use. The
country which can prevent its women
from wearing or its milliners from fab-
ricating such habits as they like shows
that its machinery of despotism is in
good working order, whatever may be
said about its warships.

MRS. BRADLEY CAN EAT AND SLEEP

She Was Rescued From A Terrible
Condition by Dodd's Kidney Pills
and Dodd's Dyspepsia Tablets.

"I am thankful to say I can eat
most anything, and can sleep com-
fortably." These are the words of
Mrs. James Bradley, of Smith's Cove,
Digby Co., N. S., but only those who
know Mrs. Bradley's previous condi-
tion can appreciate all these words
mean, or how much she owes to
Dodd's Dyspepsia Tablets and Dodd's
Kidney Pills. Let Mrs. Bradley tell
of it herself.

"I had Dyspepsia for over nine
years," she says, "I tried the best
doctors and never got relief. I had
to starve myself from eating. I had
given up all hope of ever having any
help. No tongue can tell what I
suffered. Six boxes of Dodd's Dys-
pepsia Tablets and six of Dodd's Kid-
ney Pills completely restored my
health."

If Dodd's Dyspepsia Tablets and
Dodd's Kidney Pills will cure extreme
cases of Dyspepsia like that of Mrs.
Bradley, how much more easily will
they cure your indigestion?

Couldn't Keep It.
"Try some of this liquor. It is twen-
ty years old."
"Its age is proof enough that you
haven't had it that long."

"All lines. He contracts bills where-
ver they will let him."

BUSY PEOPLE NEED HEALTH.

What a rush modern life is, push,
drive, get there somehow. It's hard
on the nerves, hard on the digestion,
hard on sleep. Your blood gets thin
and strength goes down hill. Busy
people must maintain health, must
build up. Take Ferrozone—it sharp-
ens the appetite, forms rich, red
blood, develops strength as if by mag-
ic. Ferrozone is a nerve and brain
tonic that keeps a rebuilding going
on in the system and brings vigor
and energy to those who need it. Try
Ferrozone and see how quickly you'll
improve. Price 50c. at druggists.

What's the good of carrying a roll of real money unless you show it.

It don't make much difference where, just burglarize any place.

Hurrah for Clancy and Clements. The one will do, the other has done.

Ald. Martin and Ald. Piggott were each apparently a little bilious last night.

I know now that there are some moneyed men in the Council. I saw the money.

Those Chatham burglars aren't very greedy. They're satisfied with a dollar per night.

Some people attain notoriety, others get in police court and others knock out a fellow.

Never mind, the policeman saw the place where the burglar got out if he didn't see where they went in.

Those burglars are just a little nice. They wouldn't take some copper in the till at the Central Drug Store.

There will be considerable good music in the Chatham Opera House when the Meister Singers appear next Monday night.

I can almost see that fine new market building which Ald. John Edmondson and Ald. G. G. Martin are going to build.

What's the difference between a "yellow" journal and "yellow" for money? I'm not going to answer that conundrum.

There are lots of rumors as to who will be the Grit candidate here. I just venture to remark that it will be N. H. Stevens.

Aeschylus says that the Greek watchword at the battle of Salamis was "All is at Stake." Ross says it is the same as to his big convention.

I have never seen a beehive ballot box, but I understand that it has delivered a knock out blow to the Ross-Stratton-Sullivan corruptionists.

Those millionaires, Ald. Martin and Piggott, were flashing their rolls last night. The rest of the Council had never seen so much money at one time.

I won't say definitely that N. H. Stevens is the Liberal candidate because then the convention would have to nominate him and he might not want it.

I'm expecting every day to hear that ex-Mayor Hugh Macdonald has introduced a course in Garlic as part of the training for a nurse at the Public General Hospital.

AT IT AGAIN

The Versatile Midnight Mechanics this Time Give Wm. Bennett a Friendly Call.

Like Horace Walpole and Marlborough's victories, we have to ask every morning now whose place was burglarized last night for fear we miss one. Wm. Bennett's billiard hall and cigar store was tackled last night. About 10:45 p. m. P. C. Tom Groves dropped into Mr. Bennett's place on business. "You'd better look up good and snug to-night," remarked the policeman.

"Oh, that's all right," replied Mr. Bennett. "I'm not afraid. No one can possibly get in here."

To make doubly sure Mr. Bennett looked at the windows at the back and saw that they were secure before he left.

About 2:30 a. m. P. C. Tom Groves found the back window open. He notified Mr. Bennett and the latter gentleman was much surprised to be called up. On examination it was found that the door had apparently been broken from the inside. Nothing was broken and the window had apparently been opened from the inside. Mr. Bennett thinks that the burglar concealed himself in the store and was locked in. The till was carried down in the cellar and about \$6.25 in change secured. A few cigars and pipes were also missed. An attempt was also made to get into John McCordie's store, but the burglars only succeeded in getting into the furnace room in the L. O. O. F. block. Mr. McCordie had one experience and since then he has had his store made almost impregnable.

The Letter-Box

REV. MR. COBBLEDICK'S ATTACK.

To the Editor of The Planet:

Dear Sir,—I would like to say to Mr. Cobbledick that more uncalculated and untruthful statements were never uttered than his remarks in his sermon on Sunday evening regarding the players of our lacrosse team of last season, and I think an apology from Mr. Cobbledick from his pulpit, where he made the accusations, is due the members of the team, and also to the executive of the team.

I was interested in the team from Aug. 1 to the end of the season, and became familiar with all of the boys. A more gentlemanly lot of young fellows was never got together. If gambling places exist here they were never started by any of the lacrosse boys, nor do any of the boys frequent them.

So far as the amount of money which is spent in sports is concerned compared with the amount of money spent in churches, if Mr. Cobbledick's sermon was a sample of the good done in churches, why, then we had better spend our money in sports.

Take the make-up of the team. Messrs. Robinson, Bruce, Stewart, Elliott, Wilson and Angus. Everyone knows these boys, and their employers will vouch for their honesty and good habits. Rev. E. C. Hayden, of Dresden,—why, the mere fact that he played on the team ought to be sufficient assurance to anyone that the personnel of the team was good.

Francis and Pickering, who are in college now,—I never met two more modest and unassuming young men. Such was the opinion of all good people of the city who came in contact with them. Fred Dowling is studying for the ministry; McLaren, Carter and McBride are all fine fellows, whom everyone had a good word for.

I don't think anyone regrets the money spent in lacrosse. They were all clean, good games, and we won every game from start to finish. If these boys were the dissipated wretches Mr. Cobbledick pictures them, how does he account for their splendid condition and record. If our people didn't find some amusement at home would they not be flocking to Detroit to see professional baseball, taking the money away from Chatham and spending twice as much. Mr. Cobbledick says they were high-salaried and didn't show up at the last game in all that. That was an account of Mr. Carter being taken sick with typhoid fever and Mr. McBride being called to Brandon by telephone, consequently the manager did the best he could and substituted other players, but he was honest about it and informed the public manager to that effect, and gave him the championship but not the game. The money was all spent legitimately, as the accounts in Mr. Falls' office will show, \$350 of which went to the Agricultural Society, which was a great benefit to them.

The team was largely supported by the generosity and subscriptions of citizens. I think everybody was satisfied and they all hope to see Chatham have as good a team next season. People bet on lacrosse games, it is true, but the players did not. People bet on yacht races, elections, etc., but you can't stop that.

LACROSSE PATRON.

THE LACROSSE TEAM.

To the Editor of The Planet:

Dear Sir,—Permit me to say that in your issue of yesterday you have indirectly reported my words and misapplied the emphasis of my reference to the Lacrosse Club. Speaking of the things that bring men to the condition of being dead broke financially I included sports, and said, "I believe in clean amateur athletics, but there should be a distinct line drawn between athletics and what are generally called sports. Those who know, tell me that sports are very expensive. Some of the men who have been supporting the aggregation gathered from everywhere and known as the Chatham Lacrosse Team, will tell you that the cost of churches is not to be compared with the cost of sports. These men were represented as belonging to Chatham and not being paid, whereas many of them did not belong to the city and were paid; and the best proof that they did not belong to Chatham was that when the last game came to be played some of them had scattered and were not available and the game had to go by default after all that had been spent on the team. It is time the manhood of our city should refuse to be duped in such ways. I am informed that some of the team engaged in gambling and encouraged others to gamble, and it is said the results of it are in the city yet."

The difference between this and the purport of my words reported in your column is sufficiently obvious. I was dealing with sports in contrast to amateur athletics. Athletics have their place for physical development; sports are the professionalizing of athletics as a source of livelihood. It was the encouragement of this by our city that I condemned. I did not call the players "sports." I made no reference to the personnel of the team as a whole. I did not hold them, but the line of sport, responsible for the betting. I did not say they cost the city thousands of dollars, but that this line of sport had cost that. I did not say that the members of the team generally gambled, but that I was informed "some" of them did.

My information was received from what I had reason to consider reliable sources and I understood it to be freely spoken of. I have, however, been very glad to be assured since that it was incorrect in two particulars, viz., that no members of the team ever gambled, and that the reason that some were not available for the last game was that they were sick.

I had no desire to cast any unjust reflections but to combat a tendency

WOMAN'S GREATEST ENEMY

Constipation the cause of most Women's troubles—An easy way to Permanently cure this Painful Condition.

There are few women indeed who do not suffer with chronic constipation. Nearly all are slaves to some kind of medicine to correct this trouble, and yet they get nothing but temporary relief. One period of constipation is followed by another and it's physic, physic, physic, year in and year out, till life becomes a burden. There is now a sure cure for this condition and a cure that does not have to be repeated.

Dr. Leonard, of Lincoln, Neb., is the author of this prescription. He used it for his own practice as a remedy for dyspepsia, biliousness and constipation.

Many ladies who have suffered for years are now enjoying good health and a perfect freedom from the old constipation through the use of Anti-Pill.

Mrs. Tabb, 287 Emerald St., North Hamilton, Ont., writes—

"I am no longer troubled with constipation. I cannot praise Anti-Pill too highly."
