THE PULLMAN BOYCOTT

Efforts to Bring about a Conciliation Prove Fruitless.

THE STRIKE STILL SPREADING

President Cleveland insists on Sending Federal Aid to Quell the Disorder in Chicago—Influential Men Ordered Out—A Passenger Train Ditched.

CHICAGO, July 8.—The name of George M. Pullman will go down in history as the central figure of the greatest strike inaugurating the most tremendous as well as most disastrous labor agitation of the nineteenth century, growing out of disputes between the Pullman Sleeping Car Co. and its employees. The Pullman boycott and the union of twenty-seven railroad managers in a defensive alliance against what until now appeared to be a manumorgant organization, marking the beginning of a new era, both politically and financially.

CHICAGO, July 6.—President Debs, of the A.R.U., at whose word of command

thousands of men instantly stopped work and twenty railroads came to a standstill, has issued a long statement, in the course of which he recites the history of the trouble between the Pullman Company and its employees, and argues that the action of his organization thus far has been justified by the facts. In conclusion he says:

"We have been deliberately and maliciously misrepresented, but we have borne it all with unwavering faith that the truth will ultimately prevail. We firmly believe our cause is just, and while we hold that belief we will not recede. It has been asked what sense is there in sympathy strikes? Let the corporations answer. When one is assailed all go to the rescue. They stand together; they supply each other with money and equipment. In this contest labor will stand by labor. Other organizations will not be called on, but they will go out and the spectacle of the Atlantic fanned by the breezes of the Atlantic while his employees are starving is not calculated to prevent their free wage workers from going to their rescue by the only means at their command. Let me repeat that we stand ready to do our part toward averting the impending crisis. If the corporations refuse to yield and thereby maintain that there is nothing to arbitrate, the responsibility for what may ensue will be upon their own hands and they cannot escape penalties."

CHICAGO, July 7.—Two hundred and twenty-five freight cars on the Pacific coast were totally destroyed by fire between 6 and 8 o'clock. The fire was caused by a man who went to work at night. Bunches of waste were stolen from switches and kindled with the "dope" used in oiling the cars, which made an excellent torch. They suddenly stopped their fire, and the attention was attracted to tearing up switches. After a number had been removed unless the mob continued on its way north of Kansas.

WASHINGTON, July 7.—Gov. Algeid's second telegram to the President, demanding the withdrawal of the federal troops, reached the White House about midnight. The President dictated the following reply:

"Hon. John P. Algeid, Governor of Illinois. My reply to your telegram of the 6th inst. is still pending that I have neither transacted my authority or duty in the emergency that confronts us, and it seems to me that in this hour of danger and public distress discussion will give way to action. I have no objection to your authority to restore obedience to law and protect life and property.—GROVER CLEVELAND."

CAROLINA, July 7.—Two freight sheds and twenty-three freight cars were burned in the Mobile and Ohio yards this city. It is believed the fire was incendiary.

BUFFALO, July 7.—Two telegrams from Eugene V. Debs, president of the American Railway Union, were received by his representatives in Buffalo.

ONTARIO, July 7.—Command the situation here all the employees in our locality withdraw from service immediately. We are gaining ground everywhere. Select a 100-c committee for each road. Keep your men in line. Refrain from violence. The lines in this fight of capital against labor are sharply drawn. All who work are assisting capital to enslave their brother.—E. V. DEBS.

TWO TRAMPS COMMITTED.
Troy and Fleming to be Tied for Shooting Conductor Turner.

ST. CATHARINES, July 7.—The trial of the tramps implicated in the shooting of Fair St. Catharines in a short time ago has been concluded. Troy, the man who shot conductor Turner, and Fleming, the one who gave the revolver to Troy, were committed to stand their trial at the fall session. The three other tramps—McIntosh, Walker and Bally—were sentenced to four months in the Central Prison for being vagrants.

TWO MORE VICTIMS OF THE TROLLEY.
MONTREAL, July 8.—Montreal is becoming noted for its number of trolley accidents. Two more victims were killed last night. A gentleman named March was run over and killed by a car on the Fair St. street, and a workman was killed on St. Antoine street.

BRITISH COLUMBIA ELECTIONS.
VANCOUVER, B.C., July 8.—In the provincial elections held at different points on Saturday the returns show fourteen solid government candidates elected on Vancouver Island, and the four electoral districts on the lower mainland will return eight straight Opposition candidates. The interior districts will take place this week.

CROPS IN THE PROVINCE

Statement Issued from the Ontario Bureau of Industries.

GENERAL PROSPECTS GOOD
Fall Wheat and Barley Will Present a Fair Average—Condition of Other Cereals Favorably Reported—Only a Fair Crop in Fruit Expected.

TORONTO, July 5.—Bulletin L, issued from the Ontario Bureau of Industries, contains the following report of the condition of the crops in the province up to June 15.

WHEAT.—The reports for this time of the year are quite up to the average. With favorable weather for the next three weeks a good crop of fall wheat may be looked for. In the Lake Erie district the crop was fair to very good. In the Lake Huron district most of the reports are for a good crop. In the Georgian Bay counties a small fraction of the crop has been lost, but on the whole it is quite up to the average. In the West Midland group the best reports come from Wellington and the west from Middlesex, where, however, the crop is reported fair. Along Lake Ontario reports are favorable for a fair crop—fully up to the average. In the eastern counties the amount of fall wheat is too small to affect the total, but reports are favorable. To sum up, the average condition is fair, with prospects of a crop quite up to, if not a little over, the average, with favorable weather.

SPRING WHEAT.—As usual there is but little spring wheat in the western part of the province, while in the eastern half the acreage is declining. The grain was sown in fine condition, and is now recovering rapidly from the effects of the late spring rains. In the West Midland district the crop is reported as being uneven or patchy and backward in the north. In the Georgian Bay district rain and frost did some injury, but an improvement has been seen in the western districts. On the whole present indications are for a crop about two-thirds of the average.

BARLEY.—In the Lake Erie districts only a moderate quantity has been sown, but the Ontario Commission has reported that the crop is on the whole somewhat backward than usual, but an improvement has been seen in the western districts. In the Georgian Bay district rain and frost did some injury, but an improvement has been seen in the western districts. On the whole present indications are for a crop about two-thirds of the average.

RYE.—There appears to be less and less of this crop sown every year. As far as the crop is on the whole somewhat backward than usual, but an improvement has been seen in the western districts. On the whole present indications are for a crop about two-thirds of the average.

GRAIN.—The reports from every section of the province are practically the same. The crop is on the whole somewhat backward than usual, but an improvement has been seen in the western districts. On the whole present indications are for a crop about two-thirds of the average.

FRUIT.—The reports from every section of the province are practically the same. The crop is on the whole somewhat backward than usual, but an improvement has been seen in the western districts. On the whole present indications are for a crop about two-thirds of the average.

INSTANTLY KILLED AT FORMOSA.
The Explosion of a Cannon Results in a Fatal Accident.

FORMOSA, July 4.—Preparations on a large scale had been made here to celebrate Dominion Day. An old German custom of firing off a cannon on state or church holidays still prevails here and accordingly the day was to be ushered in with the usual pomp.

TERRIBLE ACCIDENT IN A WOOLLEN MILL.
CAMPBELLTON, Ont., July 6.—Yesterday while working in his woolen mill mill here Fred Keay, a boy 12 years old, was caught in the belting which runs the carding machine and killed instantly. The body was horribly mutilated, his skull cap being torn off and brains scattered, one leg torn from the body and the other leg and one arm broken off. The person was in the workroom at the time of the accident, but it is supposed that he unnecessarily approached the belting and was caught. An inquest was deemed unnecessary.

THE FRENCH GOVERNMENT'S ACTION.
PARIS, July 7.—The government introduced in the Chamber to-day a bill providing that oral or written initiation to crime, such as is practised by the anarchists, shall be tried before correctional courts consisting of judges without juries. Exceptionally severe penalties, including transportation to penal colonies, are specified for offences against the proposed act.

THE COLONIAL CONVENTION.
Pacific Cable Scheme Strongly Supported by the Delegates.

OTTAWA, July 5.—The delegates yesterday were closely engaged in the discussion of important matters from 10 o'clock in the forenoon until 6 in the evening with the exception of an interval for luncheon. During that interval they were taken over the Ottawa Electric Railway system in two special cars and provided with an excellent repast at Rockcliffe Park.

It was the chief business of the day was the further consideration of the motion of Hon. F. B. Sutor, New South Wales, "That in the opinion of this conference immediate steps should be taken to provide telegraphic connection by cable free from foreign control in the Dominion of Canada and Australasia."

After a long and animated discussion the resolution was adopted by a vote of 10 to 2. The following resolution moved by Hon. Mr. Sutor and seconded by Hon. Mr. Fitzgerald, Tasmania, was also adopted after careful debate: "That this conference is of the opinion that any provisions in existing treaties between Great Britain and any foreign power which prevent the self-governing dependencies of the Empire from entering into agreements of commercial reciprocity with each other, or with Great Britain, should be removed."

It was resolved, on motion of Hon. Mr. Foster, seconded by Sir Henry Wrixton, Victoria: "That the Imperial Government be respectfully requested to undertake at the earliest possible moment and to prosecute with all possible speed, a thorough survey of the proposed cable route between Canada and Australasia, the expense to be borne in equal proportions by Great Britain, Canada and the Australian colonies."

It was moved by Sir Charles Mills, Cape of Good Hope, seconded by Sir Henry Wrixton, Victoria: "That it is for the interest of the empire that in case of the construction of a cable between Canada and Australasia such cable should be extended from Australasia to the Cape of Good Hope; and that for that purpose arrangements should be made between the Imperial and South African Governments for a survey of the latter route."

DUNELM, July 9.—James J. Corbett, the pugilist, arrived yesterday. Four bonds and thousands of citizens welcomed him at the station. He was carried on men's shoulders from the train, his horses were unharnessed from his carriage and he was drawn by the crowd to his hotel. He was observed, widely when he made a speech from the hotel balcony.

The farm is being worked by a Moody in conjunction with his own, which lies next to it, the two old men merely having an acre of potatoes to look after.

Nothing Strange. Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition find nothing strange in the number of diseases that Hood's Sarsaparilla is able to cure. So many troubles result from impure blood that the best way to treat them is through the blood, and it is far better to use only harmless and vegetable compounds than to dose to excess with quinine, calomel and other drugs. By treating the blood, with Hood's Sarsaparilla, scrofula, salt rheum, dyspepsia and neuritis, can all be cured.

Nothing Strange. Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition find nothing strange in the number of diseases that Hood's Sarsaparilla is able to cure. So many troubles result from impure blood that the best way to treat them is through the blood, and it is far better to use only harmless and vegetable compounds than to dose to excess with quinine, calomel and other drugs. By treating the blood, with Hood's Sarsaparilla, scrofula, salt rheum, dyspepsia and neuritis, can all be cured.

LOCAL SUMMARY.

LABOR DAY IN SEPTEMBER WILL BE THE NEXT HOLIDAY. Best quality binder twine, only 7 1/2 lb. at G. W. Beach's.

Mr. and Mrs. Joseph Thompson are at Charleston this week, occupying a cottage on Bertha Island. Crossley & Hunter will begin holding meetings in Smith's Falls during the latter part of August.

At the session of the counties council last week a by-law was passed creating Delta a police village and fixing the date for election of trustees for July 28th.

The Athens Auxiliary in connection with Brockville General Hospital will meet to-morrow (Wednesday) at 3 p.m. at the residence of Mrs. W. G. Parish. A full attendance is requested.

The hay crop on the streets of Athens is about ripe, and the citizens are being possessed of sufficient public spirit to harvest what has grown in front of their individual premises, the council has started their "armstrong mowers" at work. At present sufficient mowers are ripening to add much to the appearance of the place.

Westport Mirror.—The Rev. J. W. Jones, leaves early on Monday morning for a three months trip to England. During his absence Mr. J. D. Wright, of Trinity University will officiate in the Anglican Mission of Westport. Mr. Wright took honors in his recent college examinations. He comes highly recommended and is a son of the well esteemed and former rector of Newboro.

Rev. J. A. Kennedy with his bride returned to Athens on Thursday last and on Friday evening was tendered a reception at the residence of Miss Jennie Hartwell, Victoria street. Upwards of fifty of his parishioners connected with the Athens church attended and the evening was passed very enjoyably. The Reporter welcomes Mr. and Mrs. Kennedy to Athens and hopes that their stay here, so auspiciously begun, may be long, pleasant and profitable.

Good roll butter 20c. lb. at Beach's. During the season Lynn shipped a car load of strawberries daily. Mr. and Mrs. H. H. Arnold and family are this week occupying the Armstrong cottage at the lake.

Members of the A. O. U. W. will be interested in learning that the decision of the Grand Lodge of Ontario to issue certificates for \$1000 as well as \$2000 has been disapproved of by the Supreme Lodge in session in San Francisco.

That Three Feathers Is a dangerous condition directly due to depleted or impure blood. It should not be allowed to continue, as in its early stages it is especially liable to serious attacks of illness. Hoo's Sarsaparilla is the remedy for such a condition, and also for that weakness which prevails at the change of season, climate or life.

Notes on the Apisary. There is a great area of white and alkali clover in this place, Forfar, Elgin, &c., a radius of 3 or 4 miles around Lockwood's, but in this great area but very little under-draining to make every foot of the farm required. A thirty year maple bush and about twenty acres of heavy woodland, capable of furnishing a good supply of fuel for several generations, is a very important adjunct to this farm.

The counties council have signified their willingness to grant \$300 towards the removal of the cannon on the court house lawn, Brockville, and the erection of a fountain, provided the town contribute a like amount and furnish the water for free charge.

Mr. G. B. Magee, of Monticello, D. D. O. M., will visit Athens lodge of I. O. O. F. on Wednesday evening and install the officers elect for the current term. While in Brockville last week we heard several artists enquiring about furnished houses for rent at Charleston Lake. We could only refer them to the ad. of H. C. Phillips in the Reporter. The party had seen the ad't referred to and wondered if there were no more cottages open for engagement. If "wonders of cottage" were to be let, they were in letting, the people know they have the same for hire, they have only themselves to blame for not having their rooms filled.

Coal ashes are generally regarded as anything but a fertilizer of the soil, but the experience of Mr. H. Arnold this season goes to prove the contrary. Over about half a small plot of timothy he sprinkled coal ashes this spring and the result is that the soil so treated produced fully double the hay that grew on the other part. Our agricultural readers are invited to express their opinions regarding this experiment.

Notes on the Apisary. There is a great area of white and alkali clover in this place, Forfar, Elgin, &c., a radius of 3 or 4 miles around Lockwood's, but in this great area but very little under-draining to make every foot of the farm required. A thirty year maple bush and about twenty acres of heavy woodland, capable of furnishing a good supply of fuel for several generations, is a very important adjunct to this farm.

The counties council have signified their willingness to grant \$300 towards the removal of the cannon on the court house lawn, Brockville, and the erection of a fountain, provided the town contribute a like amount and furnish the water for free charge.

The hay crop on the streets of Athens is about ripe, and the citizens are being possessed of sufficient public spirit to harvest what has grown in front of their individual premises, the council has started their "armstrong mowers" at work. At present sufficient mowers are ripening to add much to the appearance of the place.

Westport Mirror.—The Rev. J. W. Jones, leaves early on Monday morning for a three months trip to England. During his absence Mr. J. D. Wright, of Trinity University will officiate in the Anglican Mission of Westport. Mr. Wright took honors in his recent college examinations. He comes highly recommended and is a son of the well esteemed and former rector of Newboro.

Rev. J. A. Kennedy with his bride returned to Athens on Thursday last and on Friday evening was tendered a reception at the residence of Miss Jennie Hartwell, Victoria street. Upwards of fifty of his parishioners connected with the Athens church attended and the evening was passed very enjoyably. The Reporter welcomes Mr. and Mrs. Kennedy to Athens and hopes that their stay here, so auspiciously begun, may be long, pleasant and profitable.

At the last regular meeting of Delta lodge of I. O. O. F. the following officers were elected to serve during the current term: R. J. Green, N. G. Luther Stevens, V. G. W. A. Russell, Sec. Sec. G. P. Charbonnet, P. S. J. H. Moulton, Treasurer. R. I. Stevens, Wm. Thomas, I. C. Wm. Barlow, S. G. John Williams, R. S. N. G. Wesley Niblock, R. S. N. G. Geo. Godkin, L. S. N. G. Daniel Davison, R. S. V.
