A Bank of England Sensation—Lloyd George Not Coming To America—Mysterious Disappearance in London Not Cleared Up—Steamship Rate War.

[Canadian Press Despatch]
NEW YORK, April 14—A cable to the Tribune from London says: A Bank of England sensation is the one topic in financial circles just now. No details of the affair have been made public from official sources, but it is understood that the investigation following the disappearance of a responsible official of the bank, show that securities valued at several thousand pounds were missing.

In the absence of any authoritative announcement with regard to the description of the missing securities an advertisement published last week concerning bonds that had been lost or stolen attracted a good deal of notice. This advertisement did not mention the Bank of England.

Issue Not Taken Up.
NEW YORK, April 14—A cable to the Journal of Commerce from London says:

The response of the public to the issue by the province of Saskatchewan of 1,000,000 ten year four per cent bonds at 96 was very weak, and it is understood that the underwriters have been forced to take up 85 per cent of the issue.

It is reported that the City of Regina is now arranging to float an issue of \$2,500,000 five per cent bonds to expire at 40 or 50 years. The bonds are to be placed at 101.

Industrial Brantford is Booming All Round

Important Announcements are Made To-day—Much New Machinery Being Installed.

Industrial Brantford continues to boom. There can be no doubt about that. The Courier on Saturday received announcements relative to various activities among local industries, such as to fully impress one with the fact that this city is just feeling itself growing big. From all over the city come reports of the installation of new machinery in factories which have been forced to increase their capacity. It's the growing time.

The Courier is informed that Mr. Charles Brown has secured the old Farmers Binder Twine Company's premises, where the manufacture of hay-presses will be launched. This will be a new industry, and quite a number of hands will be employed.

The Brantford Motor Truck Company, it is announced, secured the other half of the old Soap Works on Jarvis street, and new machinery at a cost of \$3,500 will be installed. The company since its reorganization is reported to be making splendid progress. New boilers costing \$7,000 each are being installed at the Brantford Canning Company, Schultz Bros. and Ham & Nott's.

The Brantford Bicycle Company will build a new factory here within the year. The premises at present secured on Dalhousie street are merely for experimental purposes. The company now has equipment costing \$11,000 under order.

The Courier is also informed of two big extensions of sufficient size to warrant the statement that they will mean the employment of more labor than that required by two new factories.

J. P. MORGAN LAID AT REST

Impressive Service Over Body of World-Power Financier Was Held This Morning

[Canadian Press Despatch]
NEW YORK, April 14—Funeral services over the body of J. Pierpont Morgan were held at 10 o'clock this morning in St. George's Protestant Episcopal Church, where he had worshipped for half a century.

Afterwards a special train conveyed the funeral party to Hartford, Conn., for final services at the Morgan mausoleum in Cedar Hill Cemetery.

Blanketed by a covering of 5,000 red roses, Mr. Morgan's coffin, the coffin left the Morgan library where the body had lain in state since Friday night, shortly before 10 o'clock for the church. A vested choir of 250 voices preceded the funeral party into St. George's. Behind the choir came the clergy, then the pall bearers, the coffin and the family.

Fifteen hundred persons, one of the most notable gatherings New York has seen for many years, were crowded into the church. So great had been the demand for tickets that many hundreds could not be accommodated. Not half of the congregation of St. George's with whom Mr. Morgan had worshipped, obtained admission.

The services were conducted by the Rev. Carl Reiland, rector of St. George's; the Right Rev. William Lawrence, bishop of the diocese of Boston; the Right Rev. Chauncey B. Brewster, bishop of the diocese of Connecticut; and the Right Rev. David H. Greer, bishop of the diocese of New York. These were the men who by card only, Mr. Morgan in his written instructions for the conduct of his funeral, made some time before his death. In all other respects, as well, his wishes concerning the service were observed.

There were twelve honorary pallbearers, selected chiefly from the cluster of men closely identified with Mr. Morgan in his career. They were George S. Bowdin, Lewis Ledyard, Robert W. DeForest, Henry Fairfield Osborn, United States Senator; Elihu Root, Joseph H. Choate, Robert Bacon, George F. Baker, Dr. J. W. Markoe, Elbert H. Gary, Seth Lowe and Martin W. Patton.

The chancel was banked high with floral offerings, but there were only a small part of the hundreds that have poured into the Morgan home. Most of these were left behind and will be distributed to the hospitals and other institutions, which have in the past been beneficiaries of Mr. Morgan's generosity. Among the flowers there was a garland of violets and lilies of the valley from James Bryce, the British ambassador; palm leaves bound in silken ribbons of the German colors from the Emperor of Germany; a gold Maltese cross beneath a crown of palms, from the French Republic; wreath of orchids and lilies of the valley from the Italian Government.

There was no variation in the services from the Episcopal ritual. The chant from the thirty-ninth and ninth psalms, "Lord, let me know my end and the number of my days" was sung as the coffin entered the church. "Asleep in Jesus," and "Lead Kindly Light," favorite hymns of Mr. Morgan, were sung by the choir.

MR. EMERSON DENIES REPORT

He Never Applied for the Job of Industrial Commissioner at London.

[Canadian Press Despatch]
Mr. C. H. Emerson, Industrial Commissioner, reported in the Expositor last week as having applied for the vacant commissionership in the city of London, a matter which was discussed at the meeting of the Greater Brantford directors last week, and that he ever applied for the position at London. At the meeting of the directors Mr. Emerson was subjected to criticism by the board because of the announcement in The Expositor and he was greatly annoyed on his return to the city.

Mr. Emerson stated that he has been engaged in civic business only, and that results are only a matter of time.

In Memory of Heroes

Titanic Day Will Be Observed in Various Ways To-morrow.

[Canadian Press Despatch]
NEW YORK, April 14—"Titanic Day," the anniversary of the sinking of the mammoth steamship, Titanic, by collision with an iceberg, carrying down with her 1,500 persons, will be observed to-morrow with the dedication of still another memorial to the dead.

The year that has elapsed has seen tribute paid in hundreds of special services, and by the dedication of numerous memorials to those who died as heroes, and in medals and in other ways to the bravery of those who assisted in the rescue of the survivors to choose from. One of the many who were saved. One of the features of to-morrow's observance will be the dedication of a lighthouse tower and a time-ball in the new seamen's institute, located near the battery. The building is equipped to care for 50,000 of the half million seamen who come to New York every year. The late J. P. Morgan, whose funeral was held to-day, contributed the first \$100,000 to the charity.

Y. M. Circus.
 The last performance of the "Y. M." circus brought out another large crowd on Saturday evening who were highly pleased with "Circus Town." The boys held a street parade previous to the performance. The circus was a success financially.

EIGHT ARE DEAD FROM SUNDAY'S TERRIBLE WRECK NEAR MONTREAL

Number of Injured Totals Thirteen--Stories of Passengers are Told To-Day--Terrible Suffering Endured By Many During Work of Rescue--Heart Rending Scenes Were Enacted.

[Canadian Press Despatch]
MONTREAL, April 14—Shrieking stories are told by the survivors of the wreck of the Cotterell real estate special on the Montreal-Chambly section of the Central Vermont Railway yesterday by which eight people lost their lives, while 13 are now lying in the various hospitals in the city here, several of them in a critical condition.

Walter Day of 1075 Berrill street, was one of the passengers on the second car and he states that much confusion ensued when the crash came.

"We left the Albany survey at about 5 o'clock and were about ten or fifteen minutes out, when the accident occurred. There was a sudden jolt followed by a deafening roar as our car crashed into one ahead, hitting it almost broadside, and smashing through its side. Pandemonium ensued, women screamed, and some men, losing their heads made a rush for the exits. For what appeared to be several minutes our car swayed from side to side and we thought sure that it would topple over. Amidst the din of the engine and the first car being smashed to pieces, there arose the heart-rending screams of the victims, who for the most part were those who had been riding on the steps of the second car and in the rear portion of the aisle of the first

car. These were pinned between the two cars whilst several who were injured were extricated from beneath the wreck of the first car which had buckled up, the rear trucks remaining on the tracks, and the front ones veering over to the side in the direction of the wrecked tender and engine. One poor fellow had been caught between the two cars and was instantly killed, his head being crushed in. I found another jammed beneath the front platform of the car, and with the aid of a couple of other passengers, I managed to extricate him. Just as we got him out, he muttered his name, St. Marie Damiel, and then lapsed into unconsciousness. As several of the passengers had disembarked dejectedly at 7 am, I was barked by this time, we set to work searching for more victims. There was one young girl, who had been caught between two cars and had her chest and stomach torn open. An elderly lady, apparently her mother, was in a distracted condition, trying to extricate her and crying:

"Oh, my poor Maggie! My poor Maggie! I shall never forget the poor woman's horrified wailing."

Tried to jump.

"From what I could see, both the engineer and fireman had tried to jump when the crash came, and either one or other was caught beneath the

wreck of the engine. When we reached him he was breathing his last quite evidently beyond human aid. There were two others pinned beneath the front trucks of the second car, a young lady and a young man, whom I had noticed very much together throughout the afternoon. Both were conscious when we saw them, but as there was no means of raising the car we were powerless to afford them any assistance. We had to watch their sufferings for what seemed like hours as no wrecking train came out for a long time. Two others, a young girl and her mother, owe their lives to the presence of mind of Constable McCaffery of the city police force. They were about to jump from the swaying car when the constable grabbed one in either arm and pulled them to safety just in the nick of time, as an instant later the car came down over the tracks.

"I learned that the accident was due to the spreading of a rail. Whatever the cause, after the mishap I saw one of the rails bent almost into a half circle and lying in the ditch about 20 feet away from the wrecked engine."

Another Account.

Arthur Herbert, of 40 St. Denis St., was on the second to last car, this being a combination passenger and baggage car. Many in the car sustained injuries.

BREEZY BUDGET OF NEWS FROM CANADIAN WEST

Hot Election is Drawing to a Close--Seeding Has Started--General Report of The Crop Prospects Gathered on Courier Wire.

[Canadian Press Despatch]
WINNIPEG, April 14—According to special crop reports from correspondents of the Western Associated Press, seeding will be general throughout Western Canada by the end of the week. Already in Medicine Hat and Lethbridge districts, farmers are busy with spring sowing, while by mid-week, work will be general around Moosejaw, Saskatoon and throughout Manitoba. By the end of the week, the country tributary to Regina, Edmonton and Calgary will be under the discs and shovels and seeders. At Prince Albert, the spring has been somewhat tardy, but plowing and preparation of seeds in fields is even now being taken up, and by next week seeding will be general.

Despite the heavy nature of the soil, due to the abundant snows of the past winter the land is generally in fine condition, the balmy, spring-like weather of the past week having evaporated most of the superfluous moisture, while the weather point shows signs of continuing the summer-like record. High temperatures are reported generally throughout the West, Moosejaw registering 84, in

the shade, Calgary 83, Edmonton 76, Regina about 75, while 64 prevailed at Winnipeg.

Grain Commission.
WINNIPEG, April 14—Last night the members of the grain commission who have been touring the Prairie provinces, arrived and after a few hours stay in the city, proceeded east to Fort William, the headquarters of the commission. J. P. Jones and W. D. Staples were the only members of the commission who made the trip. They report that matters are in a most satisfactory state as regards prospects for the season all over the provinces.

Mr. Campbell Improves.
WINNIPEG, April 14—The news was received here Saturday that Hon. Colin Campbell is showing marked improvement and making a good recovery. The wire as received, reads, "Hon. Colin Campbell is improving markedly, and is now able to walk with little assistance. Power is returning in his arm and slightly in his hand, and his reflexes point to a practically perfect recovery of all functions. The heart conditions are slowest in showing improvement." Square Deal Campaign Offers Great Chance

Opportunity Knocks at Your Door. This Journal Pays Its Way For Every Service Rendered To It.

Anybody taking the Brantford Courier gets full value and running over.

No money or effort has been spared on the part of the company to bring each department up to the very top notch of efficiency, and the combined result is a paper in this community which is "Supreme in Everything."

That the public fully realize this is abundantly shown, not only by the many congratulatory comments, but by reason of greatly increased sales and the success of the "Square Deal" Campaign.

Under the latter scheme competitors get paid right off the reel in cash for each new subscriber or renewed subscription brought in.

It is not skimpy pay, either, but a most liberal allowance.

And in addition to all this there are the many handsome special prizes for the top-notchers.

It makes no difference as to when you enter in the matter of cash payments, and should not make any difference, if you hustle, with regard to winning one of the extra inducements.

OBEDIENT THAT IMPULSE!

Nuptial Notes

BONNY-FULLER

A very quiet and pretty home wedding was solemnized at the residence of Mr. and Mrs. Robert E. Fuller, 14 Edward street, at three o'clock this afternoon, when their second daughter, Florence May, was united in marriage to William Bonny, eldest son of Mr. and Mrs. Henry Bonny, Sheridan street, by the Rev. Mr. Latimer of Trinity Church. The bride was given away by her father, and was assisted by Miss Jessie Bonny. After the nuptial knot had been tied, the guests retired to the dining room where a dainty wedding breakfast was in waiting. The happy couple left on an afternoon train to spend their honeymoon in Toronto and points east, and on their return will reside in the city. The bride was in receipt of a number of handsome and costly presents.

An Interesting Address.

Mr. Robert Eaton of Toronto gave a very interesting and instructive address to the combined classes of St. W. J. Verity's, Mr. E. E. Verity's and Mr. T. Logan of Colborne St. Church, yesterday afternoon. Mr. Eaton is very adept in dealing with subjects of interest to young men.

WHAT HYDRO ELECTRIC HAS DONE FOR LONDON

Mr. J. Glanville, General Manager of the Board of Water Commissioners in London, during the course of a letter of the great benefits which the people of that city have reaped by the introduction of Hydro Electric.

He shows that the average net rate is less than 4 1/2 cents per kilowatt hour, and that in spite of this low figure, there was a surplus last year of about 5 per cent on the capital invested for private consumers. He states that the outcome is largely due to the total of 5,300 patrons, whereas the rival concern, the London Electric, has never had more than 2,700.

This year is clearly going to establish another record, as for the first two months, as compared with January and February, 1912, the receipts are \$11,000 in excess.

It is estimated that thus far the direct saving to residents, because of the introduction of Hydro, is shown to be \$155,574, and on top of that there is a net cash surplus of \$17,269.

The above figures should prove good reading to Brantfordites.

"BRANTFORD'S BIGGEST YEAR"

That's what this community has been able to record at the close of each succeeding year for a long time past, and without any doubt it will again be the announcement at the close of 1913.

Take the building prospects as one illustration. In 1912 the total of building permits was over \$1,000,000. This time, it looks as if the aggregate would reach \$1,500,000, and perhaps more.

There is the handsome new public building, another \$50,000 building at the Ontario Institute for the Blind, two new factories expected to be landed shortly, and one of the old established concerns, it rumor speaks correctly, about to decide upon the construction of a large associate factory. In addition, house permits are pouring out as never before.

Up until the end of March, we were away ahead of the first three months of 1912—a total which at that time beat all former figures. Customs returns, post office returns, the volume of mercantile trade and all the rest of it, tell a similar story.

On top of all this, if the Lake Erie route is approved, there will be 900 men on the work of grading and track laying, and 200 men on the placing of concrete in connection with the same system, or 1,100 in all. For the post office there will also be a total of probably 125 hands.

If this good burgh isn't on the threshold of another mighty step forward this great family journal misses its guess, and candor compels the admission that it doesn't often do that.

NOTES AND COMMENTS

If it happened it is in the Courier, and if it's in the Courier, it happened. This "supreme in everything" paper is getting each day to be more and more that way.

The Toronto Globe states that "The Liberals will fight to the last ditch" and "expect victory shortly." Let's see! Wasn't it the same Globe which prophesied the astounding success of Reciprocity?

It was a Liberal Government in the Old Land which found it necessary to curb the power of the House of Lords, and by a turn about it begins to look as if a Conservative Government in Canada might have to do just that with regard to the Senate.

King Alfonso of Spain is a plucky one all right. To narrowly have himself and bride destroyed by a bomb on his wedding-day, and to twice since have his life attempted, and on each occasion to take the attacks with unmovable bravery, is an ordeal.

WHAT HYDRO ELECTRIC HAS DONE FOR LONDON

Mr. J. Glanvitz, General Manager of the Board of Water Commissioners in London, during the course of a letter of the great benefits which the people of that city have reaped by the introduction of Hydro Electric.

He shows that the average net rate is less than 4 1/2 cents per kilowatt hour, and that in spite of this low figure, there was a surplus last year of about 5 per cent on the capital invested for private consumers.

He states that the outcome is largely due to the total of 5,300 patrons, whereas the rival concern, the London Electric, has never had more than 2,700.

This year is clearly going to establish another record, as for the first two months, as compared with January and February, 1912, the receipts are \$1,000 in excess.

It is estimated that thus far the direct saving to residents, because of the introduction of Hydro, is shown to be \$155,574, and on top of that there is a net cash surplus of \$17,250.

The above figures should prove good reading to Brantfordites.

"BRANTFORD'S BIGGEST YEAR"

That's what this community has been able to record at the close of each succeeding year for a long time passed, and without any doubt it will again be the announcement at the close of 1913.

Take the building prospects as one illustration. In 1912 the total of building permits was over \$1,000,000. This time it looks as if the aggregate would reach \$1,500,000, and perhaps more.

There is the handsome new public building, another \$50,000 building at the Ontario Institute for the Blind, two new factories expected to be landed shortly, and one of the old established concerns, if rumor speaks correctly, about to decide upon the construction of a large associate factory.

Up until the end of March, we were away ahead of the first three months of 1912—a total which at that time beat all former figures.

Customs returns, post office returns, the volume of mercantile trade and all the rest of it, tell a similar story.

On top of all this, if the Lake Erie Commission approved, there will be 900 men on the work of grading and filling in, and 200 men on the filling of the same system, or 1,100 in all.

For the post office there will also be a total of probably 125 hands.

If this good burgh isn't on the threshold of another mighty step forward this great family journal misses no guess, and candor compels the admission that it doesn't often do that.

NOTES AND COMMENTS

If it happened it is in the Courier, and if it's in the Courier, it happened.

This "supreme in everything" paper is setting each day to be more and more that way.

The Toronto Globe states that "The Liberals will fight to the last ditch" and "expect victory shortly."

Let's see! Wasn't it the same Globe which prophesied the abounding success of reciprocity?

It was a Liberal Government in the Old Land which found it necessary to curb the power of the House of Lords, and by a turn about it became to look as if a Conservative Government in Canada might have to do just that with regard to the Senate.

Seventy-five cents per week with two dollars down will buy a good square piano at H. J. Smith & Co's, 112 Colborne street.

Taken to Hospital. The ambulance was summoned to 21 Lawrence street yesterday afternoon to convey a man named Yule to the hospital.

very few men would care to go through. Three times since May 31st, 1906, he has been made a target for the loving attentions of the Anarchists, and on each occasion has bobbed up smiling. Good for him.

Eight Are Dead

(Continued from Page 1)

Tained injuries by being cut and bruised. One man, whose name Mr. Hezert could not ascertain, had a hole torn in his left leg, while a part of his heel was cut away by being caught between two seats which had shifted.

The survivors contend that no equipment, not even a jack, and the wrecking train, which consisted of an engine and caboose, was also lacking. Maggie Dear, 12 years old was instantly killed, and was the daughter of Thomas Dear, a G. T. R. employee.

Mrs. Dear had recently purchased several of the lots and had gone out yesterday to look over her investment. The child had left her mother and was standing on the platform when the wreck occurred and without a second's warning she was thrown between the jamming trucks of the coaches.

Mrs. Dear, frantic with grief watched the work of the rescuers, until she was forcibly led away and brought to the city on a freight van, which brought in the most severely injured persons. Meanwhile Mr. Dear was waiting at the Point St. Charles station, and his anxiety over the safety of his wife and daughter changed to uncontrollable grief when he learned of his child's fate.

Mrs. Dear, prostrated over her loss was assisted from the van and taken to the yardmaster's office near the station, where she remained for some time before being able to proceed home.

Engineer's Case

Engineer Bangs was brought in on the first train and taken to the yardmaster's office. Seen there by a reporter he could throw little light on the accident as he was still bruised and dazed from his experience. "I don't remember much about it, he said in broken sentences. "I can't tell how fast I was running; it wasn't very fast. The first I knew was when I felt myself flying out of the cab. I went out the right side, and poor Moses, my fireman, went out the left. That's all I know."

Mr. H. Raymond, 412 First Ave., Rosemont, was in the first car, and stated when the crash came he was thrown violently to the floor. The greatest confusion prevailed as the car filled with steam and many of the passengers escaped by jumping through the windows. The aisles and platforms of all the cars were crowded and after the first shock, although a large proportion of the passengers were women and children, there was very little excitement.

Everybody worked hard to extricate the injured, and to alleviate their sufferings. "alter Strange" and David Christy, who were badly injured in the wreck, died this morning.

Cornier McMahon opened an inquest at the morgue here this morning. The coroner's jury, which consisted of the wreck and the loss of life attending it reached the city churches while the evening services were in progress and in several instances, special prayers for the dead were said.

A priest ran five miles from St. Hubert to administer the last rites of the church to the 60 dying.

A Plucky Nurse

Those who escaped tell of a plucky band of women, headed by Miss Larion, a former nurse, who took up the work of tending the injured before the doctors arrived, and after the men had grown sick and faint at the awful scenes. Their attendance helped to alleviate the distress of those who had been placed on the muddy bank of a ditch after being taken from the wreck.

One of the injured, David Langlois, talked while attempts were made to jack a car off him. He had been caught between the back trucks of a coach and the railing. Twice a steel rail, being used as a lever, broke and the car fell back on the suffering man.

Engineer Bangs, although badly injured, refused the aid of the doctors, and sent them to his mate, Fireman Moses.

Matthew White, who was pinned under some wreckage, pleaded in an agonizing voice to be despatched. An inquiry will be held into the cause of the wreck by the Central Vermont. It has practically been decided, however, that a spreading rail, the ties having been loosened by the recent thaws, under the heavily laden coaches, which were crowded with the six hundred or seven hundred passengers, was the cause.

The Dead and Injured

The list of dead and injured, all of whom are Montrealeux, follow:

Killed—J. I. Moses, fireman; J. Lacoste, Margaret Dear, 12 years old; Martin White, David H. Rider; Walter Strange, Oscar Rochon, D. Christy.

Injured—David Langlois, dying; H. R. Raymond, Harry Raymond, J. Richardson, all slightly; H. Tremblay, leg and arm; Elizabeth Blight, slightly; H. Seeding Starts

REGINA, Sask., April 14.—Seeding has taken place at several points in the Regina district, but it is as yet by no means general. An exceptionally heavy fall of snow has delayed operations, but farmers say the ground is in splendid shape, and with the present warm spell, seeding will be general in a few days.

A Hot Election

EDMONTON, Alb., April 14.—With the last few days of the election campaign, charges and counter charges of corruption and intimidation are being made. Following instructions from the Attorney-General's department, two arrests were made of Conservative workers Saturday. At Carmangay, a man named Schaffer was arrested, and in Acadia riding, a Manitoba worker named Stevens was taken in charge. Both were charged with offences under the election act, and the latter also was accused of giving liquor to an interested Liberal candidate, W. Gariepy of Beaver River, has asked the Attorney-General to send him protection, and detectives were forwarded to-day to that point.

Return to Work

NELSON, B. C., April 14.—Local union men including builders, laborers, stone-masons, bricklayers, carpenters, machinists, teamsters, painters, and plasterers, who have been on strike, decided at a mass meeting to return to work. The application of the first three classes for higher wages, will be settled by an arbitrator on board. Of the others the machinists and common laborers get small increase.

This morning about ten o'clock after a horse had drawn "Peacock's Cancelli's" departmental store to the corner on the market square and had been unhitched, "Peacock" noticing a couple of Indians and several foreigners coming up the South Market street hill, let a yell out "Oh him, crying to the top of his voice, 'de nuts,' which frightened the animal so much that it broke away from its owner and dashed up Market street.

The Shakespearean ball given last week at the Ritz-Carlton, New York, under the auspices of the Imperial Order of the Daughters of the British Empire in the United States, for the benefit of the Home for Aged British Men and Women, was a social spectacle of brilliance and color, and the program, which included speaking pictures of Shakespeare, was rendered with distinctness. About 500 guests were in attendance.

The pageant began about 10 o'clock, when Mrs. J. Eliot Langstaff, who is president of the order, and who was robed as Queen Elizabeth, passed up the staircase and through the crowded ballroom to her throne on the stage, attended by the ladies of her court. The foresters from the forest of Arden and the yeomen of the guard grouped themselves on either side of the stage, and then the twelve chap-

Mrs. Mitchell has been for some years a teacher in the Sunday school, and Mr. Mitchell a member of the Adult Bible Class. Addresses were made by Mr. Geo. Wedlake, Rev. J. Mr. and Mrs. Mitchell and family will take up their residence in Poplar, Man.

Dr. and Mrs. Hansel, Hamilton were the guests of Mrs. Philip G. Truss, Brant Avenue, over Sunday.

Mrs. H. H. Phillips, of 45 Kendall Avenue, Toronto, is the guest of her sister, Mrs. James Biggar, Mr. Pleasant.

Tutela Woman's Institute.

The April meeting of the Tutela Woman's Institute was held at the home of Mrs. Lyman Chapin, Mount Pleasant road. After the usual opening exercises the minutes of the March meeting were read and adopted. Mrs. J. Houlding gave a very instructive paper on "The Evil of the Home Fly." A discussion followed on means of prevention of that most unpleasant household pest. Mrs. C. Moyle and Mrs. Clump were appointed auditors. The rest of the time was spent in all enjoying a social afternoon and Mrs. Chapin's kind hospitality. The vocal solos by Mrs. Herbert McIntyre and Mrs. Brook Sloane and the instrumental solos by Mrs. W. H. Brooks and Master Reginald Houlding were very much enjoyed by all present. The May meeting will be held the first Tuesday in May at the home of Mrs. M. Minter, Mohawk road. A full attendance of members and all ladies interested is requested, it being the annual business meeting.

I wonder if the postman knows how he distributes joys and woes with every trip he makes? He plods along from door to door, makes one heart glad, another sore, and ties of friendship breaks. He brings a grist of urgent duns to those distressed and sad-eyed ones whose tailors business mean; he trudges to the poet's home and brings him a rejected poem from haughty magazine. Oh, all there is of grief and wrath he scatters as he takes his path along the village street; and heartaches, troubles and despair, and things that change to white the hair, attend his toiling feet. And all there is of hope and bliss, the plighted vow, the written kiss, he carries as he wends; the letter from a roaming boy, that fills a mother's heart with joy, the greetings from old friends, the rapture of the glowing bride, the requiem of those who died, he carries in his pack; the whole long tale of human things to every village door he brings as he pursues his track. I wonder if the postman dreams of all the futile hopes and schemes he carries as he walks? Of all the yearnings and the fears, of all the torture and the tears, the salutes and shocks?

The Scottish Cup Was Won By Falkirk

Keen Struggle Between Two New Finalists - A Great Glasgow Crowd--The English Games.

GLASGOW, April 14.—(Canadian A.P.)—At Celtic Park Saturday there was an attendance of fifty thousand people to see the Scottish Cup final between Falkirk and Raith Rovers. From Stirlingshire and Fifeshire twelve special trains were run, and this gives some indication of what enthusiasm there is in the game. The teams were new to final tie and for the first time in many years there was not a Glasgow club interested.

As was generally expected Falkirk proved to be the Rovers' masters. The game was a grueling one from start to finish, with Falkirk proving the more aggressive and lucky aggregation. Raith Rovers missed many opportunities of scoring, being very unlucky with their shots at goal, the ball scraping the posts upon many occasions.

Following a fist out by McLeod, the Rovers goalie, Robertson scored the first goal for Falkirk. The first half closed without any addition to the score.

First half score—Falkirk 1; Raith Rovers 0.

The second half opened with the Raith team desperately trying to even matters, but they were still pursued by hard luck and all their efforts proved unavailing.

Falkirk in turn attacked and despite the Rovers' brilliant defence, Logan scored the second goal for Falkirk.

Final score—Falkirk 2; Raith Rovers 0.

Both owe their defeat more to nervousness than to inferiority to the winning team. Time and again they would dribble the ball down to the opposite goal and when the crucial moment came their nerve failed them and the ball did not reach the spot aimed for.

Falkirk's win is accounted for by their coolness and methodical playing. They missed no chances and were content to wait till the energy of their opponents' attack flagged.

In the English League

Both Aston Villa and Sunderland, who met Saturday meet in the final for the English Cup, won their first League games Saturday, despite the fact that both were from home and on dangerous territory. Sunderland's big win at Liverpool was the more creditable of the two. One or other of these clubs has a chance of gaining the championship, the more so when it is taken into account that Sheffield Wednesday dropped a valuable point at Manchester.

SPORTING COMMENT

By FREE LANCE

The following Montreal despatch almost reads like a Sir Wilfrid Laurier speech:—

"A most peculiar document was received by resident Sam Lichtenhein of the Royals yesterday.

"It is signed by 200 French-Canadian fans, who threaten to withdraw their support from the ball club unless the management gets busy right away and secures certain French-Canadian or French-American ball-players and rigs them out in a Montreal uniform.

"The Loyal order of French Fans is hollering, chiefly for none other than Cicotte, the great Chicago American pitcher, could they also want Lajoie, outfielder of Cleveland.

"About all the management can do for the present is to gently break the news that there are 16 major league clubs who have prior options on these players under the rules of organized baseball. They seem to think that we can get just whoever we want," said Mr. Lichtenhein this morning.

"If the petitioners don't do the 'Love of Mike' yet, it looks very much as if they will just have to stay away from Atwater, that's all."

We want a half holiday here May 7. Going to get it, got to have it.

Ottawa opens at Brantford, and vice versa a few days later. It is a great advertisement for the Telephone City. Come on, all you Boosters, and let's open right, with a big Hanna parade.

If the American League loses Ty Cobb this season, it loses a big attraction. The famous Cobb, whatever his faults may be, is one grand ball player. It might not be known generally in Brantford, but Ty is a 32nd degree man in Masonic circles. He is both a gentleman and a great fighter on the field. He surely is worth \$15,000 per year, if any manager is worth \$10,000.

Jimmy Louden, the Ottawa second baseman, is fast sinking and not expected to live the week. Even so, Jimmy talks about getting back to

Ottawa for the opening game. It's sad to see a brilliant young man cut off with the horizon in front of him so promising.

Rube Deane has ten pitchers signed up for London. We always thought you were a great manager, Rube, but it's your job to pick four good ones out of that ten.

Manager Kane will arrive here next week. Ambrose has been so taken up with the prospects of his team this year that he quit his job in the shoe factory a couple of weeks ago, and has since been gum-shoeing for players around the New England circuit.

Matty Lamond has agreed to come to Brantford, but President Nelson insists that he sign his contract before leaving his home in Lawrence.

If Coose is in shape he will pitch the opening game against Ottawa.

Gabby Ivers, writing to a local friend, says he can hit the ball as hard as ever.

Much is expected of Duff Slem in right field this year, and Duff will undergo a vigorous course of training to take off weight.

Malcolm Barry, who was with New York Americans, has been released to Jersey City of the International League, but New York keeps a string attached to him. Barry played here in 1911 and was regarded as a comer. When the Skeepers play in Toronto Brantford fans will have a chance to see how much Barry has improved.

Donovan, Coose and Collins should be three grand pitchers this year.

Scores of all the ball games are on the boards at the Metropolitan cigar store, Imperial Hotel, American Hotel, Benwell Hotel, Prince Edward poolroom and E. Moffat's cigar store, Market Street. These enterprising places are securing 27.54 each evening, and also the complete final scores in all the leagues.

President Nelson has bought \$100 worth of meal tickets, as the first instalment for the learning trip.

Canadian League

(Ottawa Free Press).

"I have two first-class pitchers who are sure of having a winning percentage of .650," said Manager Frank Shaughnessy of the Canadian League champions last night.

"Two pitchers do not make a ball club, and this is the only department I am unable to compare with last year's Ottawa team. I can say for the rest of the outfit, however, they will be thirty per cent. faster than in 1912. Beyond that I am making no predictions."

The big leader declares he is claiming no pennants, but will have a fighting team all the distance. He expects the other seven clubs to be much stronger than last year and is building up his team accordingly. With Renier as his best twirler. Shaughnessy hopes to secure from the remainder of the recruit string three or four who will stack up with the gunners of last season.

Considering Renier was the second best pitcher in the percentage to McManus last year, he should be the leader this season. McManus, Herbert and Renier in the first two months of the season were really the whole pitching staff. Kubat never got going till August, while Draper hardly ever showed his true form. Yet it was generally admitted that the Senators pitching staff won the pennant.

On this hope if three other fingers can be uncovered from the men who will try out at Fort Wayne, the firing line will be just as strong as last year. Added to this an improved infield to that which started off the season, and a much harder hitting outfield, Ottawa can expect something pretty good from the maroon hose of 1912.

Shaughnessy is busy arranging matters prior to his departure for the Indiana training grounds next Monday. He will take a bundle of bats and a trunk load of diamond paraphernalia with him. The bats will be shipped to Fort Wayne and will reach there in advance of the players.

Out on the local park the strong sun is pulling the frost out of the turf and a groundsman will be turned loose on the diamond to-morrow. Outside of levelling up the grass, the bottom of the infield and coaxing the grass along there is not a great deal to be done.

(Peterboro Examiner).

Manager Barthold is placing a lot of confidence in Tracey, Hanson and Silcox as the backbone of the pitching staff of the Petes this year and a

The Hamilton Team Beat The Dufferins

The Lancs Won Game By 5-2--Terrific Pace Set--Comments On Game.

It was with regret that trainer Blues learned that Farmer was unable to play last Saturday against the Lancs, owing to an injured toe, but hope he will be able to play in the first league game next Saturday.

Mabbott played at inside right in his place.

Line up for Duffs: Goal, Dudden; backs, Myring, Martin; half backs, Coale, Harris, Bingham; forwards, Cook, Mabbott, Richardson, Mercer, Captain, Hutchinson. Referee—Fred Davies.

The Duffs won the toss. Mercer decided to play up the field aided by a very slight breeze. The Duffs immediately attacked but the Lancs defence was sound. The visitors then forced matters and Dudden who was playing a great game said several shots. After about twenty minutes play the Lancs scored their first goal and shortly a second was added for them conspicuous with some fine combination and Mercer scored a grand goal. Half time, Lancs 2, Duffs 1.

The game was resumed at a terrific pace and strong attacks were delivered on both goals. In this period of the game the Duffs were very unlucky in not adding to their score. The Lancs however took full advantage of their opportunities and added 3 goals to their list.

After some fine play by the home forwards Hutchinson scored for the Duffs. Result Lancs 5, Duffs 2.

Comments on Game.

The Lancs were very fast on the ball and will make the Westinghouse go all the way in the Hamilton and District League.

The Duffs forward are a fine lot of players and had they had proper support from the half backs the score would have been far different. With the exception of Coale and Dudden, the defence was very weak, but all players have an off day some times.

The five forwards played well and took full advantage of what little opportunities the half backs gave them. Mercer and Richardson being prominent on several occasions.

Practice Tuesday.

All members of the D. R. Football team are requested to be out for practice on Tuesday evening at 6.45, Agricultural Park.

Holmedale 3, St. Andrew's 0.

This practice match was played on the O.I.B. grounds. The day was

fairly good and the attendance was fine. The teams turned out as follows:

Holmedale Tigers—Scanlon, Hart and Hoyle, Williamson, Cullen, Harmer, Moorcroft, Street, Wilson, Scanlon, Archer.

St. Andrews—Johnson, Houting, Scott, Wallace, Underwood, Spence, Hutching, W. Johnson, A. Johnson, J. H. Morrison. Referee, Mr. H. Macdonald.

The game started at 6 o'clock. Hoyle winning the toss, and decided to play toward the track.

St. Andrews were at full strength. The Holmedales gave a trial to three new players, who gave satisfaction. The forwards played good. Moorcroft scoring the first goal after twenty minutes play. In the second half Scanlon scored number two with a well decided shot, Archer being a good partner for him. Street the new inside right scored the third goal with a good shot and played very well throughout the game. Williamson was the pick of the halves. Hart and Hoyle being sound at full back, and Scanlon should make a good goalkeeper.

St. Andrews played good football and if they feed their partners a little better and part with the ball they will do better, this suggestion is also applicable to the Holmedale team as well. We hope to see a good attendance on the O.I.B. grounds on Saturday next—Holmedale v. All Scots, the first league match of the season. Ladies are especially invited to attend these matches, as Mr. John Hill has been kind enough to give a Charity Cup to be played for in August and it is desired to have the attendance increase every match. The cup is for a good cause and all the proceeds go to the Home for Consumptives.

Played a Draw.

The Dragoons played a friendly match on Saturday afternoon with the All Scots which resulted in a draw. The soldier boys have a strong line of forwards and the defence leaves nothing to be desired. Special mention must be made of Capt. T. Harbour who as left back, won the admiration of everyone.

Manager B. Garrow announces a practice on Monday night, and a meeting of all players at the Borden Club Rooms on Wednesday next.

Will We Have One Grand Opening Or Will We Not? Get Busy!

Any Brantfordite who reads what follows from the Ottawa Free Press cannot help but admit that the Brantford Baseball Club is surely some advertisement to Brantford. In this connection, it might be asked, is it worth while to have a half-holiday on Opening Day, May 7? The Canadian League season opens with Brantford at Ottawa, the capital city of the Dominion. It is some distinction for Brantford—it is some advertisement. Is it worth while to celebrate an occasion of this kind in Sportdom or is it not? The Courier believes it is. Then let's have the big day. Here is what the Ottawa Free Press has to say:

"The opening day festivities in the Capital will probably be extensive and very bizarre. Last year rain put a crimp in the inaugural program, and it was passed up. This season, however, a lengthy automobile parade will precede the diamond contention, and at the grounds the ceremonies now being mapped out will be very impressive. If the House is in session, several federal dignitaries will pull a baseball stunt all their own, together with a dress parade of the Ottawa and Brantford teams to brass band accompaniment.

"All over the circuit the sport writers are wearing out typewriters picking pennant-winners. In each town, after selecting their own club as the most likely to get there, they name Ottawa and Brantford as the teams that will run up the closest. It will be hard picking till the season is well advanced in June, as none of the clubs will be able to catch their proper gear till that time. The long road trip of the Ottawa team at the start may keep the Senators down somewhat, but with a fighter like Shaughnessy at the helm, they will come back when the pennant race gets going in real earnest."

McManus Was Wild.

CINCINNATI—With Adams in mid-season form and the Pittsburgh team battling three Cincinnati pitchers hard, the visitors won from the locals here yesterday by a score of 9 to 2. A cold, raw day held down the attendance for the opening of the season.

Cincinnati tried out two youngsters, McManus, formerly of Ottawa, and Smith a local product. McManus was wild but Smith did fairly well.

The hitting of Wilson, Butler and Viox was good. The score: R. H. E. Pittsburgh 200110410—9 15 1 Cincinnati 000001001—2 7 0 Adams and Gibson; Fiomme, McManus, Smith and Clarke.

Canadian League

(Continued from Page 7.)
 glances over their last year's records shows that the figures justify the faith of the White Caps' leader. The three twirlers won 32 and lost 22 games last season, giving them a pitching average of .593, which was away higher than the average of either the Petes or the London and Guelph teams, upon which Silex figured. Tracey won 15 and lost 8, a percentage of .652, or very nearly two wins out of three starts. And it must be remembered that when the Iron Man joined the White Caps the team was badly disorganized and tossed away three of four games, but after he had given an exhibition of twirling that would have easily won later in the season.

Hanson broke even, winning four and losing the same number, but of his defeats came after he had sustained an injury which finally resulted in his having to go to the hospital, and went under an operation. He was not in condition to pitch, but the Petes had only three twirlers at that time and the big fellow had to go on the firing line.

As for Silex, the ex-London and Guelph twirler, from 13 and lost 10 last season, losing two more games than Tracey. He started out with London at a great clip, and won two-thirds or better of his games until the whole London team took a slump. Then he was transferred to Guelph, who was not going very smoothly at that time, but at that he finished the season with his good percentage of .565.

Here are the figures of the three for last season:

	Won	Lost	P.C.
Tracey	15	8	.652
Silex	13	10	.565
Hanson	4	4	.500

KING ALFONSO WAS SHOT AT

An Assassin Made Attempt On His Life—King's Agility Saved Him—A Close Call

MADRID, April 14.—For the third time in his reign, King Alfonso narrowly escaped yesterday being the victim of an anarchist attempt against his life. Three shots were fired at the king yesterday afternoon in the streets of the capital by a recruit of Barcelona, Rafael Sanchez Allegro, who was immediately overpowered.

King Alfonso owed his life to his own courage, quickness and skilled horsemanship. Accompanied by his staff he was riding along the Calle de Alcalá on the way back from the ceremony of swearing in the recruits when a man sprang from the sidewalk and seized the bridle of the king's horse with one hand, pointing a revolver point blank with the other.

The king took in the situation at a glance. With lightning rapidity he dug his spurs into the horse, which reared violently. His quickness saved his life. The bullet, instead of burying itself in the king's breast, struck the horse on the neck, but so close was it that the king's left hand discharge was blackened by the powder discharge.

Would-be Assassin Seized.
 Before the assailant was able to pull the trigger again a secret service man sprang upon him. The two men fell on the ground locked in each other's arms, struggling furiously. The assassin managed to free his revolver arm and fired two more shots in rapid succession but the officer knocked his arm aside and the bullets fled harmlessly through the air.

At the sound of the first shot the king's staff forced their horses on the sidewalk and made a ring around the assassin, who fought long and fiercely in the grip of four policemen before he was overpowered and handcuffed. King Alfonso, as soon as he saw that the man had been secured

raised himself in the stirrups, turned to the crowd, gave a military salute and shouted in ringing voice, "Long live Spain."

Cheered Wildly.
 He then dismounted and reassured his staff, saying: "It is nothing, gentlemen." Then uprose a mighty roar from the wildly enthusiastic crowds, which rolled along in great waves of sound, all the way as the king rode to the palace, cool, collected and smiling.

A spectator, a pensioned royal halberdier, pushed forward so impetuously to offer his congratulations to the monarch that he was mistaken for another assassin and arrested. He was released, however, as soon as the mistake was discovered.

A young Frenchman, who was standing beside Allegro, was also arrested, but it does not appear that he came in on the special electric lighting system which is being petitioned for along Market street, was finally referred to the Buildings and Grounds committee with power to act.

The Publicity Scheme.
 At a meeting of the Council held on March 22, a Publicity committee was appointed consisting of the reeves to meet the county organization interested in the publicity movement in connection with the county, which meeting took place Saturday morning. The following report was submitted by them and adopted:

"Your special committee, consisting of the reeves various municipalities of the county appointed to meet the county organization interested in the publicity movement in connection with the county beg to report as follows: Your committee met with a special committee, consisting of Messrs. Shuyler, Ballache, Garney, Clark and Vansickle, appointed by the various county organizations to meet the special committee appointed by the county and having fully discussed the matter, a resolution was unanimously carried as follows:

"That the reeves of the various municipalities of the county, together with the above gentlemen representing the various county organizations should organize into an association to be known as 'The Brant County Publicity Association,' and that such association should prepare the necessary rules and regulations for the government of the same."

Subsequently the following gentlemen were elected officers of the association: Mr. Schuyler, secretary; and Mr. Geo. E. Cooke, vice-president; Mr. Schuyler, secretary; and the four representatives of the local and Dominion houses from this county were elected honorary members of the committee.

Messrs. Schuyler and Clark on behalf of the Brant County Publicity Association made the following request:
 Brantford, Apr. 12, 1913.
 We the undersigned, representing the Brant County Publicity Association, hereby make the following request:

"That the County Council of Brant grant to the said committee the sum of one thousand dollars for the purpose of advertising the county in the manner deemed best by the said committee."
 The following objects in connection with the work are under consideration:

Grant of \$1000 Was Asked For in Connection With Boosting Brant County—Hydro Electric Matters

The matter of the granting \$1,000 by the County Council for publicity purposes, after much discussion by the members of the County Council which met at the Court House on Saturday afternoon, was finally laid over until the June session of that body.

A communication from the Hydro-Electric System addressed to Mr. A. E. Waite and dated April 6, placing before the Council a proposition to come in on the special electric lighting system which is being petitioned for along Market street, was finally referred to the Buildings and Grounds committee with power to act.

Mr. Schuyler explained to the Council that the department would probably grant the \$333.33.
 Councillor Cook moved that the \$1,000 be granted. This was seconded by Councillor Simpson, both gentlemen making enthusiastic speeches.

Councillor Davidson, Paris, followed, objecting strongly to the motion, his chief objection being that such associations as fruit growers, bee-keepers, etc., he believed would reap the benefits from the publicity the county would receive, while others who were helping to pay the cost would not receive any special value. He believed that such associations should at least contribute 50 cents per member. He was also of the opinion that the question had not been sufficiently advertised among the residents of the county.

Councillor Taylor was in favor of the grant, but he did not think the people of the county were not ready for the question. He finally moved, seconded by Mr. Waite, That the matter be laid over for a year.
 Councillor Davidson was in favor of granting the money as was also Councillor McCann.

Councillor Burtis expressed the opinion that the council should go slow.
 Mr. Shuyler and Councillor Layton engaged in a discussion in which the other members of the Council joined.

Col. Frazer of Burford was present and expressed the opinion that \$1,000 would not be too much to grant. He expressed himself as willing to go down into his own pocket and help the scheme.
 The discussion was finally brought to a close after the Warden expressed an opinion that the matter be laid over until the June council meeting, by Councillor Taylor amending his motion to read June instead of a year, and by Councillor Cook withdrawing his motion.

The Hydro-Electric.
 The communication from the Hydro-Electric system, which gave brief stated that the county would be required to pay the difference between the cost of the special system and the system which would ordinarily be in place, the cost of which was estimated at \$22 cents per foot frontage along Market street. The system proposed to be installed will consist either of five light Tungsten cluster standards or an inverted type Magnitite are standard. Several of the Councilmen wished to secure further information.
 An engineer from the Hydro system was summoned upon a motion being made by Councillor Davison and seconded by Councillor McCann.

After receiving some enlightenment and discussing the matter it was referred as already stated to the Buildings and Grounds committee with power to act without again referring the matter back to the Council.
 An account was passed and the Council adjourned.

GARDEN SAGE DARKENS GRAY HAIR SO NATURALLY NOBODY CAN TELL

Restores Its Lustre, Prevents Scalp Itching, Dandruff and Falling Hair.

Don't bother to prepare the tonic you can get from any drug store a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy" ready to use. This can always be depended upon to bring back the natural color and lustre of your hair and is the best thing known to remove dandruff, stop scalp itching and falling hair. Everybody chooses "Weyth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with the tonic and rub it through the hair taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair has disappeared and after another application it becomes beautifully dark and glossy. Just-roses and abundant. It certainly helps folks look years younger and twice as attractive, says a well-known downtown druggist.

FROM HALIFAX TO VANCOUVER

Women Are Praising Dodd's Kidney Pills.

Nova Scotia Mother Tells How They Cured Her Aches and Pains, and Made Her a Well Woman Again.

ECUM SECUM BRIDGE, Halifax, N.S., April 14.—(Special.) From Vancouver to Halifax come daily reports of the splendid work Dodd's Kidney Pills are doing for the suffering women of Canada, and this little place can show a splendid cure of its own. Mrs. Orastus Pace, the mother of a large family, was a sufferer from those aches and pains only women know. To-day she is a strong, healthy woman. Dodd's Kidney Pills did it.
 "I had a pain in my left side and down through my hips," Mrs. Pace states. "I had headache all the time. My heart was weak, and at times a pain around it added to my fears. Some days I was hardly able to walk."
 "I read of a number of cures of cases like mine by Dodd's Kidney Pills, and sent for three boxes. Today, an old woman, and can do as much work as ever I could."
 Dodd's Kidney Pills cured Mrs. Pace because her troubles came from diseased kidneys. Dodd's Kidney Pills always cure diseased kidneys and as ninety per cent of women's troubles come from kidney trouble, Dodd's Kidney Pills have come to be known as suffering woman's best friend.

Lady Marjorie's Love

"Preposterous?" Barrington repeated slowly. "And presumptuous perhaps?" "Most presumptuous!" She was getting angrier. "And ridiculous!" cried Marjorie sharply. "Thank you! It is plain that I failed to understand the case. Say no more, Lady Marjorie. Permit me to offer you my humblest excuses for my ignorance and my mistake."

CHAPTER XXI. The Dowager Countess in announcing her intention to depart immediately from Mastle Marfing had certainly meant it, and would have carried out her resolution with all possible inflexibility and mercilessness if she had had her own way. A stumbling and on the polished oak stairs as her ladyship was ascending them to bed, checked her plans and reduced her to the necessity of lying on the sofa in her room, snarling at and harrying her maid. (To be Continued.) There is more cancer in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a fatal disease and therefore hopeless. Science has proven Cancer to be a constitutional disease, and therefore a constitutional treatment. Hall's Catarrh Cure, manufactured by the Chenier & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. It cures in a few days. Send for circulars and testimonials. Address P. J. CHENIER & CO., Toledo, O. MUSIC and DRAMA

Revels are the rage just now, but the one of "Robin Hood," which will be seen at the Grand on Tuesday, April 15th, is probably the most pretentious one that has ever been made of a rural scene. Not content to spend an immense sum for the scenery and the costumes, the management of the De Koven Opera Company has drawn from the world for its leading singers. Bessie Abbott, who heads the cast, had her first experience in the musical world at the Paris Grand Opera and this was followed by several seasons at the Metropolitan Opera House in New York. Henrietta Wakefield and Herbert Waterous also come from the last named theatre. Walter Hyde, by all odds the best tenor in England, had first from the Royal Opera, Covent Garden, in London. Sylvia Van Dyck is an English soprano who won her spurs at the Brussels Opera House. Anna Buesert was a member of the Berlin Opera House, while Mincha Pironzo was for several seasons at La Scala.

Majority Rule in Conversation

By RUTH CAMERON

ABRAHAM LINCOLN once said that under certain conditions, namely, "If by the mere force of numbers a majority should deprive a minority of any clearly written constitutional right," majority rule might work great wrong. I am sure the great President would have said the same and more about majority rule in conversation. What is majority rule in conversation? Why, don't you know? That's queer, for you have probably been the victim or the perpetrator of it many times. Since illustrations are usually the best definitions, I'll define it that way.

A group of five people had chanced to come together at the home of one of their number and are holding an evening conversation. Of the five, four turns to college reminiscences and one did not. The talk turns to college reminiscences and the four become animated and enthusiastic. Such expressions as "Do you remember the time we..." "My dear, HAVE you heard about Professor X? He..." "I'll never forget that night we..." fly thick as hailstones about the head of the poor unfortunate who did not attend that particular Alma Mater. Occasionally some one addresses a remark to him, but for the most part he is ignored and sits with a fixed smile of simulated interest on his face like a waxflower at a dance, until the conversation comes back to interests in which he has a share. That's what I mean by majority rule in conversation. Selfishness and discourtesy, even when perpetrated with perfectly good company, are never excusable. When by the mere force of numbers a majority completely deprives a minority of any share in the conversation, the majority are acting in a rude, or at least a very thoughtless way, and should be ashamed of themselves. No good hostess will permit majority rule in conversation. When she sees that a part of the company is being left out she will quickly give the conversation some twist which will interest all. There are almost always plenty of subjects which will interest all the gathering. Even if you do not have the responsibility of hostess, when you see that the majority is exceeding its rights in conversation, you will prove yourself truly courteous by trying to drop the exclusive subject and introduce one of broader interest.

in Melan. In addition to its tuneful score, "Robin Hood" possesses a witty libretto and the principal fun-makers of the company will be Helen Mostyn, Phillip Sheffield, and Anna Boyd. The musical director, Frank Tourin, comes from the Gaiety Theatre in London.

The Parcels Post

By HOWARD L. RANN

THE parcels post is a recent invention which is designed to put a white-souled crimp in the net earnings of the express companies. It is also designed to make the mail carrier look like an itinerant tinware peddler with a crockery side line.

The parcels post will carry anything up to eleven pounds which is not liable to break open and spill the contents of a brewery upon the mail carrier's uniform. Fresh eggs can be carried quite a distance by this method without losing anything but the flavor they left home with. After a case of eggs has been tossed to and fro by seventeen wide-hipped mail clerks and sat upon by some traveling man's trunk, they will be turned over to the addressee in the form of an omelette. Fresh vegetables can be sent from Maine to California by parcels post, but they will age considerably en route. It is also permissible to ship

Big Crowd Went to Look Over Property Subdivision—Cars Were Derailed.

MONTREAL, April 14.—Seven persons are dead and fifteen injured as the result of the derailment of an excursion train Sunday afternoon on the Montreal-hamby branch of the Central Vermont Railway, about five miles from St. Lambert. The train was carrying about 700 passengers, who had taken advantage of the free trip given by the railway. The train was derailed by a cold-in-head or catarrh sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

track nearly at right angles, its front end being superimposed upon the overturned engine. The second coach stood in an oblique angle across the track, its front end jammed into the rear of the forward coach, while the third coach, to the left of and parallel to the track, was wedged into the side of the second car, near its rear end.

The passengers of the first and second cars were the worst sufferers. The deaths, except that of the fireman, and most of the injuries occurred in these two cars. These cars were crowded to their full capacity, many persons standing on the platforms. Steam from the derailed engine filled the coaches and added to the horror and confusion of the surviving passengers and impeded them in their efforts to escape.

The occupants of the four catches, which remained on the rails, quickly made their way out and a number of them hastened to extricate the dead and injured from the wreckage. Their efforts were fruitless in the case of some of the victims, whose bodies were so firmly wedged in the shattered remains of the coaches that they were only released after hours of work by the wrecking crew. Between the first and second coaches two bodies were crushed, one being that of Maggie Deer, aged 10, and the other that of an unidentified man. They had not been released at midnight. A heartrending incident was the presence of the mother, herself badly shaken by the accident, who begged the rescuers to release her child.

Terrible Injuries
Another man, Rochon, by name, was pinned under a truck, and although almost disembowled, lived for several hours in an unconscious condition, while efforts were made to effect his release.

The accident occurred about 5:20 p.m. and it was over an hour later before the wrecking crew arrived with the appliances necessary for effective rescue work and it was midnight before the relief train reached Montreal. Officials of the road put strict censorship on all information making the identification difficult.

The accident is supposed to have been caused by spreading rails.

VAGRANT DOG INJURES BOY

Harold Eastcott, Grand View, Was Viciously Attacked Sunday Evening.

Harold Eastcott, the son of Mr. Wm. Eastcott, the well known dairyman, Sydenham street, was viciously attacked by a vagrant dog, near his home last evening, having a portion of his chin removed by the fangs of the dog. A hurried call for medical assistance was sent and Dr. Hanna responded. The wound was burnt, and every precaution taken to remove poisonous substance. The little fellow is resting as easily as could be expected to-day.

The dog in question has been around the neighborhood for some time, apparently without an owner, and an effort made to catch it failed last night. Dr. Cutcliffe was summoned and the dog if discovered will be immediately shot. Residents in the vicinity, anxious for their children, are keeping a sharp lookout to-day for the canine, which it is feared has rabies. It had been acting strangely on several occasions.

POLICE TRIAL SIMCOE TH

Only Seven Residents Town on Jury Panel.
Forty-Eight Called, But Majority are Farmers.
Simcoe is Curious as to What It's All About.

(From Courier Staff Correspondent)
SIMCOE, Ont., April 15.—The Holmdale case opens here at 1 o'clock this afternoon, as the suit of a change of venue in Brantford.

Contrary to expectation, many of the principals arrived here in evening.
Inquiry among the residents the place resulted in diverse statements. In some cases there has been anticipation of a long investigation. In other instances citizens averred they were aware that any such case would be ventilated, while still another prominent man made the statement that the feeling, as far as he knew, was merely one of curiosity.

At the Battersby House, Justice Latchford, who tries the case, is staying, and the defendants occupy seven rooms, including accommodation for themselves and counsel.

The inquiry takes place in Court House, a handsome structure, capable of seating about four hundred people. Sheriff, Dr. Snider, has everything in readiness and anticipates quiet sessions.

The jury panel includes names of 48 men—seven residents of the town and the balance farmers living in the country. It is believed that there may be a deal of jury challenging on part of both sides, and as proceedings are not likely to commence before 1:30, a late start is anticipated.

The witnesses are not numerous, but the addresses of plaintiff and counsel are expected to be somewhat lengthy.
Jury Picked.
At 1:15, when the court convened, there were about 60 people in attendance; most of them in the jury panel.

Mr. Godfrey, in behalf of plaintiff, announced that he appeared for Mr. Robbette, and (Continued on Page 4.)
