Unchallenged Leadership

This is what we claim for our Dress Goods.

We are in the midst of a Special Exhibition Sale of our New Fall Dress Fabrics.

It has proved one thing—our goods are right. Never before in the history of this house have so many Dress Patterns been sold in three days.

It is gratifying to us, and judging from what buyers say about the goods, we are right when we set up the claim to "Unchallenged Leadership."

Woman! if you buy here, you buy what is right. No other store in town shows such goods, and many city stores have not the assortment you can get here.

You're quite welcome to look at our goods, even though you do not buy. It's a safe guide for you buyers—and we believe it will lead to buying.

We don't boast of "cheap" prices; and still, quality considered, we sell at prices that ought to interest careful, economical buyers.

Costumes are made to order, and we guarantee faultless fit and finish. All work is done in a careful, painstaking way.

LEWIS & PATTERSON

TAILORING NOTICE

JOHN J. WALSH (late of Ottawa) has purchased the Tailoring business lately carried on by G. E. Dougal, Athens, and is continuing the business in the old stand, Main Street. I extend to you a cordial invitation to inspect my stock. My goods are fine in quality, elegant in finish, and consist of—

Suitings.—Plain and Fancy Worsteds, Silk-Mixed, Imported and Domestic Tweeds, Irish Serges in Blue, Grey and Black.

Trimnings.—Our stock of Trimnings consists of the finest in the market.

Gents' Furnishings.—Up-to-date. Our Work.—I am prepared to cut and make in the best manner and in every way equal to city style.

None but experienced hands employed in making, so that customers may expect entire satisfaction. A share of patronage solicited.

Mr. J. B. Torrance and His Wife the Victims.

WENT OUT IN A SAILING CANOE.

A Squall Came Up, the Canoe Was Upset and the Young Pair Lost Their Lives.

In Sparrow Lake—Promising Career Cut Short—The Bodies Found.

Torrance, Ont., Sept. 27.—A despatch from Gravenhurst on Saturday told of the drowning in Sparrow Lake of J. B. Torrance, President of the Gravenhurst branch of the Young Men's Christian Association, and his wife.

The young couple left Kilmorynch on Friday afternoon in a sailing canoe to visit at Mr. Clippisham's across Sparrow Lake.

They had not gone far from the shore when a squall struck, and the canoe capsized, both being drowned as a result.

The canoe was found floating some distance up the lake on Saturday morning.

Search parties were formed, and early Friday morning the bodies of Torrance and his wife were found about fifty yards from the shore, floating on the surface of the lake.

MRS. TORRANCE'S BODY FOUND. Several friends, on Saturday the body of Mrs. Torrance, the wife of J. B. Torrance, President of the Gravenhurst branch of the Young Men's Christian Association, was found in Sparrow Lake.

THE MEN ESCAPED. But Their Big Was Completely Demolished by a Runaway Team Near Cobourg on Saturday.

Cobourg, Ont., Sept. 26.—On the Baltimore road last night just at dusk a team belonging to a farmer ran away. They were attached to a wagon which had a hay rack on it. When crossing a small bridge near Baltimore the wagon collided with a horse and buggy driven by two young men from the village of Cobourg.

The horse and buggy were hurled into the ditch. The young men escaped, but the horse and buggy were completely demolished.

WENT OUT IN A SAILING CANOE.

A Squall Came Up, the Canoe Was Epped and the Young Pair Lost Their Lives in Sparrow Lake - Promising Career Cut Short - Bodies Found.

Toronto, Sept. 28.—A despatch from Gravenhurst on Saturday told of the drowning in Sparrow Lake of a young man and his wife. The young couple left Gravenhurst on Friday afternoon in a sailing canoe to visit at Mr. Clapham's, across Sparrow Lake. They had not gone far from the shore when a sudden squall came up and the canoe capsized, both being drowned as described. The canoe was found next morning in the middle of the lake. As soon as the fatality was reported Mr. Torrance and wife left Gravenhurst in a launch to search for the canoe bottom upwards, and on examination it was identified as the property of Mr. Torrance. On Saturday the body of Mr. Torrance was found about half a mile from where it is thought the accident occurred, and the search continued until 12 o'clock last night, to be resumed this morning and continuing until a boat was forced a mile. It was decided to continue the search Monday morning when Mr. William Lord of Killworth, to use his own words, "went out in a launch to try to find the body." He proceeded a light and accompanied by Mr. Torrance and Mr. Jones. They searched for some time along the shore, and at 10 o'clock they found the body of Mrs. Torrance. Her face was a calm expression. The mouth and eyes were closed, as if in sleep. Kind words were spoken to the remains, and the body was placed in a coffin. The search for the body of Mr. Torrance was continued until 4:05 a.m. when it was found about half a mile from where it is thought the accident occurred. FORTIFICATION OF PORT ARTHUR

Is Being Carried on by China Under the Supervision of Russian Engineers—A Coal Station for the Carr's Ship: Plotting of Khabarov Against England.

New York, Sept. 27.—Mr. H. B. Chamberlain cables from London to The Sun: The events of the week offer a strong contrast of the general statement of the European situation, which, doubtless, reached New York for simultaneous publication with this despatch. Russia's vast power for her aggrandizement at the expense of Great Britain are still unchecked, save at one point: she is rapidly pushing her designs in the Far East. She has sent a squadron to Shanghai, which is decidedly greater strength than she should have in the Pacific. China is rapidly repairing the docks and workshops at Port Arthur and storing vast quantities of coal there, in the Chinese harbor, under the supervision of Russian engineers. No one longer doubts that Port Arthur will be the winter base of Russian naval operations as soon as Vladivostok is frozen in. The single point where there is a possibility of the disturbance of Russia's position in the Far East is Korea. There are at least some signs that the Japanese are playing the Russian game to their own personal advantage. The Russian people, who are as Russian as the Japanese, are not so much to be trusted. The Russian people, who are as Russian as the Japanese, are not so much to be trusted. The Russian people, who are as Russian as the Japanese, are not so much to be trusted.

The other players were all defeated by Longhead. The other players were all defeated by Longhead.

THE RISE IN THE BANK RATE.

Bank of England Has to Supply the Yellow Metal, as Germany and France Cannot Spare It.

New York, Sept. 27.—The Tribune's London special says: Financial experts agree in declaring that the additional rise of the bank rate to 3 per cent will not only be necessary to meet the demand for gold in the eastward trade, but also to meet the demand for gold in the westward trade. The additional rise of the bank rate to 3 per cent will not only be necessary to meet the demand for gold in the eastward trade, but also to meet the demand for gold in the westward trade.

RATS KILLED THE BABE.

Snatched Its Face and Neck While the Mother Was Out and the Poor Little Thing Died.

Baltimore, Sept. 27.—Three big rats attacked a young child of the name of Mrs. Asher last night and gnawed its face, head and neck to such an extent that the infant died in a short time. Mr. Asher lives over a coal yard. He was looking after his business and Mrs. Asher had gone to market, when the rats started to make a free lunch of the helpless infant, which was snatched up in the second story of the building. Hearing the child crying the father hurried upstairs, and as he entered the room in which the looking rat jumped out of the crib and scampered off. The horrified father found the child had been torn from the babe's tender face, head and neck. Before the physician could be summoned the child died.

Some Mad Over Belgium.

Toledo, O., Sept. 27.—Information has reached here from Belgium that Charles, a young Belgian, narrowly escaped lynching at the hands of an infuriated mob of West Side citizens. Ward came home under the influence of liquor and was being taken to his wife and child by a street car. The 14-year-old son, Edward, seized his father's arm and entreated him to go home.

A DOUBLE DROWNING.

Mr. J. B. Torrance and His Wife the Victims.

WENT OUT IN A SAILING CANOE.

A Squall Came Up, the Canoe Was Epped and the Young Pair Lost Their Lives in Sparrow Lake - Promising Career Cut Short - Bodies Found.

Toronto, Sept. 28.—A despatch from Gravenhurst on Saturday told of the drowning in Sparrow Lake of a young man and his wife. The young couple left Gravenhurst on Friday afternoon in a sailing canoe to visit at Mr. Clapham's, across Sparrow Lake. They had not gone far from the shore when a sudden squall came up and the canoe capsized, both being drowned as described. The canoe was found next morning in the middle of the lake. As soon as the fatality was reported Mr. Torrance and wife left Gravenhurst in a launch to search for the canoe bottom upwards, and on examination it was identified as the property of Mr. Torrance. On Saturday the body of Mr. Torrance was found about half a mile from where it is thought the accident occurred, and the search continued until 12 o'clock last night, to be resumed this morning and continuing until a boat was forced a mile. It was decided to continue the search Monday morning when Mr. William Lord of Killworth, to use his own words, "went out in a launch to try to find the body." He proceeded a light and accompanied by Mr. Torrance and Mr. Jones. They searched for some time along the shore, and at 10 o'clock they found the body of Mrs. Torrance. Her face was a calm expression. The mouth and eyes were closed, as if in sleep. Kind words were spoken to the remains, and the body was placed in a coffin. The search for the body of Mr. Torrance was continued until 4:05 a.m. when it was found about half a mile from where it is thought the accident occurred.

FORTIFICATION OF PORT ARTHUR

Is Being Carried on by China Under the Supervision of Russian Engineers—A Coal Station for the Carr's Ship: Plotting of Khabarov Against England.

New York, Sept. 27.—Mr. H. B. Chamberlain cables from London to The Sun: The events of the week offer a strong contrast of the general statement of the European situation, which, doubtless, reached New York for simultaneous publication with this despatch. Russia's vast power for her aggrandizement at the expense of Great Britain are still unchecked, save at one point: she is rapidly pushing her designs in the Far East. She has sent a squadron to Shanghai, which is decidedly greater strength than she should have in the Pacific. China is rapidly repairing the docks and workshops at Port Arthur and storing vast quantities of coal there, in the Chinese harbor, under the supervision of Russian engineers. No one longer doubts that Port Arthur will be the winter base of Russian naval operations as soon as Vladivostok is frozen in. The single point where there is a possibility of the disturbance of Russia's position in the Far East is Korea. There are at least some signs that the Japanese are playing the Russian game to their own personal advantage. The Russian people, who are as Russian as the Japanese, are not so much to be trusted. When you take Hood's Pills, the griping, colic, flatulence, constipation, and all the ailments of the bowels, are cured in a few minutes.

Moving To-Day

But it makes no difference. Business is not suspended—only slightly obstructed—and this inconvenience will be more than made up by your having the first peep at our extensive fall importations in the new store.

A Big Store

It is singularly fitting just at this moment, when New York and Toronto are celebrating the opening of newer and better stores, that Brockville should also be in the procession. To the thoroughness and patriotism of Mr. Newton Cossitt, ably assisted under the foremanship of Mr. Wm. Grey, Brockville owes it that she has a store as worthy of her size and progressiveness as any to be found in the metropolis of Canada or of the United States.

Bargains

KITLEY'S FAIR. Where the Blues Congregate and Celebrate a Highly Successful Event. How to make an agricultural show as financial as well as an agricultural success is a problem that is being solved in the rural districts of Ontario... NINTH DIVISION COURT. There was a large docket, and consequently a large crowd at the sittings of the 9th Division Court, held in the town hall, Athens, on Tuesday 22nd inst. His Honor Judge Reynolds presided, and the legal lights were Messrs. W. A. Lewis and S. Fowler, Athens, and H. A. Stewart, of Wood and Stewart, Brockville. The first case called was ARKOLD VS. MCDONALD. The plaintiff sued for damage done by the defendant, in his capacity of Inspector of Weights and Measures, during his periodical inspection some two years ago. A yard measure was attached to the edge of the counter, and the Inspector, in putting the official brand on it, used a heavy hatchet and, with the result that the glass was cracked. Plaintiff held that this was the outcome of gross carelessness and sued for the price of the glass. A number of witnesses were called, who all gave testimony to the effect that the damage was done through carelessness, as the measure could easily have been removed for stamping. Verdict for the plaintiff for \$16 and costs. Defendant to have the privilege of removing the broken glass top. L. N. FIELDS VS. W. M. HARPER. This was a disputed account case, running back some four or five years. The Judge advised the parties to get together and try to arrive at a settlement, which they did.

LOCAL SUMMARY

Call and see the Ladies' Jackets at Beach's for \$2.50, \$4.00, \$5.00 and \$6.00. A branch of the Free Methodist church is being established in Westport. Mr. and Mrs. Jas. Judson and Mrs. A. W. Judson are spending this week at Chatham Lake. A correspondent reports the mysterious disappearance of Mr. Anthony Connors of Burgess. Silas Davidson, one time a resident of Forfar, died at his home in Kelly's North Dakota, on the 12th inst. Mr. R. Smith, an employee in the office of the Parth Courier, favored the Reporter with a pleasant call this morning. Merit in medicine means the power to cure. The great cures by Hood's Sarsaparilla prove its unequalled merit. The man Ferrus arrested here for stealing \$40 from a Renwick merchant pleaded guilty and was sentenced to three months hard labor in the common goal. Men's heavy wool Ulster Overcoats, tweed flannels, heavy storm coats, brown, and various shades of colors, for \$6.00, \$8.00, and \$6.50, at G. W. Beach's. A shooting match has been arranged by the sporting men of Addison to take place on Oct. 9th. Standard ranges have been laid out for both rifle and shotgun games. A great wind-storm swept over the village this morning, doing great damage to fences and destroying valuable shade trees in the village. Mr. E. Males of Athens, late of Ganouque Junction, left Athens today for Mitchell, Ont., where he will commence the study of dentistry with Dr. Anderson, brother-in-law of Mr. Phil Willis. The anniversary in connection with St. Paul's Episcopal church, Athens, will be held on Oct. 18 and 19. Preparations are now in progress for the event which promises to be unusually interesting. Chas. Hagerman of Front of Yonge has passed over the river to escape the penalty for a second offence of unlawful selling of intoxicants. He is asked to pay \$114.88 or spend six months in goal. G. T. Fulford, Brockville, puts in a memorial petition in the new Wall Street Methodist church in memory of his mother who was a member of that church for more than thirty years. It will be for more than thirty years. Commencing yesterday, a special far-east meeting is being held in the Methodist church. Three services are held each day, in the conduct of which the pastor will be assisted by clergymen of neighboring circuits. Services commence at 10.30, 2.30 and 7.30. Jennie McDonald, domestic, Waterloo, dropped dead in the kitchen on Sunday. She has been in the service of the family for twenty-eight years, and came from Smith's Falls, Ont., where her brothers reside. She left several thousand dollars in cash. At a meeting of the Brockville Council members were presented from the various doctors of the town amounting to \$850 for attending to the case of Miss Lillian, and Miss E. M. White; Chief Rosen, and Constable Timby, for services rendered in connection with the Lapoint tragedy of last March. While Rufus Stevens was helping Stephen Knowlton to fill his bin, near Delta, the belt slipped and Stevens endeavored to replace it. He became entangled in the belt, which threw him violently to the ground. He was killed by a shoulder and cutting his long ago. Shapers burned an old plan of King's Road, and estimated the value of the property at \$1000 on the old plan of building the road. The farmer of course drew \$1000 of good money from a bank and exchanged it for a value containing a roll of paper. A similar case happened in Winchester not long ago. Mr. S. Munnah, a side-trouble player in the city, who has been a member of the Brockville Musical Society, has gone to Toronto to attend the Conservatory of Music, "Sin" unquestionably possesses musical talent of a high order and when this is developed and trained by his many hands an admirer's consent to the fact that he will attain unusual eminence in his chosen profession of music. Last week an old man named Van Rensselaer Willet left the Industrial Home and went to Oak Lake where he secured comfortable accommodations for the night. He was taken ill by the night and died before medical aid could be secured. The remains were shipped by Undertaker Swars of Brockville to the School of Anatomy, Toronto, deceased having no friends or relations. A. D. Allen, MacIntosh, has 250 colts on hand from which he has exported over 13,000 pounds of honey lately this season, 10,000 of which is basswood honey, which is generally considered the best quality. He is reported to have found a gain of 152 pounds of honey in that time or an average of 9 1/2 pounds each day, rain or shine. The largest gain in one day was 18 pounds, and the smallest 4 1/2 pounds, and this was an average colony. The Reporter's Puzzle. There were five answers received to the question, how to cut a board which is nine inches wide and sixteen inches long so as to cover a hole twelve inches square. The envelopes, without being opened, were placed in a box and thoroughly shaken up. The Reporter's devil wiped his hands on his apron and drew out an envelope. On opening it, it was found that Mr. Omer L. Buell, of Malton, Ont., had solved the problem. He will therefore be awarded the prize of a copy of the Reporter for one year. The other competitors were: Mrs. C. McClelland, Brockville, N. Y.; John T. Dickey, Caintown, Ont.; D. P. Sheppard, Pottsville, Ont.; Miss Nellie Scott, Athens, Ont.; Ephraim Robson, Athens, Ont.; Mrs. E. Knapp, Toronto; and Mr. A. Sherman, New Dublin, who was not a new or hard case, and was simply given to ascertain how many readers of the Reporter would read and compete. The trial is perfectly satisfactory to us and will be followed up by others.

DELTA FALL FAIR.

A Great Exhibit at the South Leeds Show—A Pleasant Day and a Pleasant Time. Tuesday of last week, the opening of the Delta fall fair, was anything but pleasant. Dark clouds, threatening rain, obscured the sun, and a cold wind prevailed; but it takes more than unpropitious weather to shake the confidence of the patrons in the success of South Leeds exhibition, and by eight-fall there was safely housed for the morrow one of the largest and finest range of exhibits ever shown at Delta fair. It was a busy day for Secretary Wainley, President Arch Stevens, and the efficient board of directors. Tuesday proved to be a weather-breaker, and the particular strain in evidence on Wednesday was a pleasant surprise to all fair-goers—a bright sunny day with a cool breeze. The attention focused in storing the big early harvest, the session of Division Court in progress in the village, and the rival attraction of Prescott Fair, all militated against the attendance being a record-breaker, but the gate receipts will nevertheless be a fair average. The exhibits in the hall first claimed attention. As usual, the ladies sustained their reputation for being fully up-to-date in the production of artistic work, fine art, and in the line of color painting, and in the planer but more useful arts, generally styled "Domestics." The display was one of which every one connected with the fair might well be proud. The exhibit of the products of the soil was all that the past favorable season would lead one to expect. It was extensive and in quality equal to the best shown anywhere. The system of vertical writing, originated by Mr. Newlands of Kingston, is being introduced into the Delta fair. Mr. Newlands gave a practical exemplification of the system in Brockville last week and both teachers and pupils were delighted with it. The Athens Debating Society still lives and flourishes, having now increased its membership to 15. The society is having serious trouble with its constitution, and the maximum limit determined upon. The meetings on Saturday evenings are well attended, and on every occasion, and in addition a number of invited friends and guests are invited to attend the proceedings. Last Saturday night was the monthly meeting, and the election of officers was held resulting as follows:—Pres. F. S. Eaton, Sec'y Treas. R. E. Mills; Critic, H. Franklin. A very sad and distressing accident occurred in Newboro on Tuesday morning (22nd inst.) when Charlie, the younger son of George W. Gordon, a bright little fellow one year and nine months old, got hold of a bottle of carbolic acid and drank part of the contents. Notwithstanding all that could be done for him, he passed away, leaving, however, till Wednesday afternoon, with a death came and mercifully ended his sufferings. The funeral service was held on Thursday afternoon, and was largely attended by Mr. Gordon's friends and sympathizing friends. The Eastern Beneficial Association, which was in session in Ottawa, will hold its next annual meeting in Lindsay on Oct. 1st. A branch of the Canadian Historical Society has been organized at St. Catharines. The Anti-Masonic Congress, arranged for which were made in Rome, opened at Trent, Southern Tyrol, on the 26th inst. During the massacres in Constantinople the German Embassy was the only one that closed its doors and refused protection to the Armenians. Fair fairs are in progress in many parts of the Province, the showmen's crops of the year making the shows more services than usual. A virulent plague is prevalent in Ontario, and in many other parts of the world. The disease has already resulted in the death of several persons, and Robert W. Long of Port Hope was found dead in his bed. He lived with his brother, who is a believer in Christian Science. An inquest is being held. It now appears that one thousand Armenians were killed during the recent massacre at Ereni. Sir Francis W. Willard has made a most impassioned appeal to the women of the United States on behalf of the Armenians. Reports from the Niagara camp state that the new Lee-Enfield rifle is a very popular arm with those who have given it a test. The Egyptian flag was hoisted over the Egyptian Consulate in London. A number of vacancies have been caused in the band of the 7th Hussars by the death of several of its members. The Egyptian flag was hoisted over the Egyptian Consulate in London. A deputation of the veterans of '66, who rendered the Fenian raid, waited upon Mr. Laurier, and asked for recognition of their patriotic services. Mr. Laurier said he would lay the matter before his colleagues. An influential deputation waited upon Mr. Laurier, and requested him to place thirty thousand dollars in the supplementary estimates to enable the Toronto Industrial Exhibition Association to hold a Dominion Exhibition next year. Mr. Laurier said he was much impressed with the arguments advanced, and would at once bring the matter before the Finance Committee, and report at the earliest possible moment. MARKET LAMBS QUOTED. One point is clearly settled in the sheep business, viz., the advantage in marketing at an early age. Lambs have a decided advantage over yearlings both in selling value and cost of production, so that all shippers should go to market under present conditions in the form of well-tipped lambs, except such as may be necessary to hold longer for breeding purposes. The lamb sold for nearly a dollar a hundred, and makes gain at about one-third less expense. This difference is so marked that it is the cause of considerable distinction in lambs of different size—Colman's Rural World. AN EFFECTIVE DIAGNOSIS. "They say Bessy's girl did not recognize him when he called the other night." "No. He wore his bicyclist face."

NEW DUBLIN.

SATURDAY, Sept. 26.—Our path master is doing a fine job at the corners. It speaks well for John. The Holmes Convention is counted a success. It is held in the church and the order of things is very good. Mr. and Mrs. Byron Court are rejoicing over the birth of another son. Mr. and Mrs. Wm. DeLond are happy because they are now papa and mamma. It is a boy. MCINTOSH MILLS. MONDAY, Sept. 28.—A number of paring bees have already taken place here. Rumors say that a grand wedding will take place here this week. A few of the hustlers of Ballycane spent Sunday in town. Quite a number from here attended the Ottawa fair last week. A serious runaway took place at Mountain Hill village last week. Mr. G. T. Leeder was driving to the factory down Summerdale hill, when the wagon pole slipped through the ring of the neckyoke, letting the wagon onto the horses. Mr. Leeder was dashed to the ground, thus freeing the fiery team. At this time Miss Scott was returning home, and jumped from the rig just in time to save her life. Leeder's team ran right through it, demolishing it completely, and taking Miss Scott's horse with them, at a break-neck speed they dashed down Main street. Coming in contact with Mr. James Ferguson's delivery wagon, they smashed it to atoms, throwing Mr. Ferguson into the ditch. He quickly sprang to his feet, however, and stopped the four horses, which were in a very wild way. Mr. Leeder was very badly cut and bruised about the head and face and Mr. Ferguson was badly shaken up. It is with pleasure we report that Mr. P. Flood is gaining rapidly. BIRTH. JOYNT.—In Athens, on the 29th inst., the wife of Mr. J. W. Joynt, of a son.
