Guelph Evening Mercury

SATURDAY EVEN'G. JULY 25, 1874.

Town and County News

SEE IT.—Mr. Wm. Stewart has a new
advertisement to-day. Read it.
ONANVILLE, taking the hint from
Guelph, is talking about public baths for
that town.
MORE COWS DEAD.—Messrs. Robert
Hadden and George Tilton have each
lost a cow. They exhibited unmistakable
signs of having been poisoned.
COW SHOT.—A day or two ago a cow
belonging to Miss Finn of the Waterloo
Road was shot and severely injured by a
party into whose garden she had inadver-
tently strayed.
BAPTIST CHURCH.—At the close of the
evening service in this church to-morrow,
the ordinance of baptism will be admin-
istered, at the river, by Rev. T. L. David-
son, Pastor.
PERMITIVE METHODIST CHURCH.—Ser-
mons will be preached in this place to-
morrow, morning and evening, by Rev. S.
Antiff, of London, England. At 3 o-
clock in the afternoon the Rev. gentle-
man will deliver an address on Missions.
TO PROHIBITIONISTS.—The Wellington
Prohibition League will meet in Elera,
on Tuesday next, the 28th inst., at 2
o'clock p.m. Members of the League and
others favorable to the cause of
Temperance are respectfully invited to
attend.
EVERY WEEK.—The half-yearly vol-
ume from January to June, 1874, is to hand
at Day's bookstore. It contains a large
amount of light, readable literature, and
is very suitable to the present state of
the thermometer, where anything very
heavy is proportionately repulsive. No
doubt it will have a large sale.
COMETARY WORLDS.—Owing to the
length of the Council proceedings last
night, and the press of other matters, we
are obliged to lay over our report of Dr.
Davidson's excellent lecture last evening.
It was very interesting, and a large crowd
was in attendance.
CRICKET YESTERDAY.—The game of
cricket between the Brampton and
Guelph clubs, yesterday, resulted as fol-
lows:—Guelph, 1st innings 49 runs; 2nd
innings 73 runs; Brampton, 1st innings 59
runs; 2nd innings 41 runs. Guelph was
thus victorious by a total score of 122 to
110.
BAKERS' PIC-NIC.—We understand that
the committee for the Bakers and Con-
fectioners' picnic have now completed their
arrangements for a grand affair at
Pusline Lake. Lawrence's Band has
been engaged and all the popular games
are promised. We wish them every suc-
cess—and take place next Thursday, 30th
inst.
CURE FOR HYDROPHOBIA.—A Ger-
man has just divulged an important re-
cipe for the cure of this affection, which
is said to have saved several men and a
great number of animals from a horrible
death by hydrophobia. The bite must
be bathed as soon as possible with warm
vinegar and water, and when this has
dried a few drops of muriatic acid pour-
ed upon the wound will destroy the
poison of the saliva, and relieve the
patient from all present or future dan-
ger.
ACCIDENTS.—An accident of rather a
serious nature happened to the daughter
of Mr. George House, Pilkington, on Mon-
day 19th inst. She was stepping on the
board and fell through, and in trying to
save herself struck the side of the
wagon, breaking three of her ribs.
OUR MARKET.—The market was abun-
dantly supplied this morning with all
kinds of vegetables, fruit, berries, &c. and
was well patronized. We question whether
a finer display of seasonable pro-
ducts could be seen in places more pre-
sented than the town of Guelph. The
people of this town cannot fail to appre-
ciate the efforts of our local gardeners
and fruit dealers to supply them with
every conceivable luxury in its season,
and at prices within the reach of all.
The butchers, too, are fully alive to the
wants of their customers, and had, as usual,
an abundant and choice supply of all kinds
of meat, while the fishmongers exhibited
some excellent specimens of the stony
tribe, for which, no doubt, they found a
ready sale.
HARBEN'S FOR AUGUST.—We are in-
debted to Messrs. Harper Brothers, New
York, and W. E. Tansie of Guelph for
copies of Harper's Magazine for August.
No less than seventy-eight capital en-
gravings illuminate its pages. Junius Henri
Brown contributes some brilliant pic-
tures of the quaint old town of New York,
and F. G. Mather a minute and interest-
ing description of the springs of the
Green Mountains and Lake Memphramog.
In an illustrated article entitled
"The American Railroad," Lyman Abbott
gives a graphic description of the railroad
from its inception through all the stages
of its construction. Bishop Gilbert Ha-
ven concludes his entertaining papers on
Mexico. Two beautiful illustrated poems
by H. R. Stoddard and Will Wallace
Harney are contributed, besides others
by S. S. Conant and Alfred H. Louis.
Gen. McLean's third and concluding
paper on "Army Organization" is the most
suggestive of the series. A timely
paper by Geo. M. Trowe exhibits the
progress made by English agriculture.
The Editorial Departments are as
comprehensive as ever.

BY TELEGRAPH TO THE MERCURY

The Beecher-Tilton Scandal.

What Tilton Says.
Small Pox in England.
New York, July 24.—The Brooklyn
Argus this afternoon publishes a supple-
mentary statement from Theodore Tilton,
in the form of an interview with one of
the reporters, in which Tilton says all
the counts of his cross-examination by
the Committee have been incorrect, omis-
sions, and half-malicious misrepresenta-
tions of him, furnished to reporters by
counsel of the Committee, for which the
Committee themselves are not responsi-
ble. He says the Committee's counsel
are full of tricks to distort the case; that
by their action in making an enquiry into
his (Tilton's) female acquaintances that he
has given him the right to inquire into
the character of Beecher's lady friends;
and if such a line of battle were pursued
he could draw a sword with two edges to
their one. If this new aspect is to be
taken the remainder of the controversy,
it would be better for Beecher if he had
never been born. Tilton denounces the
assertion made by the Committee that he
had no evidence of Beecher's adultery
except from his wife, as an absolute fab-
rication. On the contrary, he says: "I
know the Committee distinctly that Mr.
Beecher had confessed his adultery to me,
that he had confessed it to Mr. Moulton,
that he had confessed it to other
persons whom I named; and further-
more, I gave the names of several persons
who for the last four years have been per-
fectly well aware that Mr. Beecher was in
connection with this case from beginning
to end has been based on the one and
only corner-stone of Mr. Beecher's
criminality. I asked that all these
persons be produced before the Commit-
tee; I asked, furthermore, for the privi-
lege of being produced to cross-examine
Mr. Beecher and the other witnesses; I
still further suggested that the case had
become one of such magnitude that it
would be better for the Committee to
dismiss this informal examination, at
which no one but myself had thus far
spoken under oath, and adjourn to meet
in Court, to be held at a date to be
used for libel, or to be put in any other
way before a tribunal which could com-
pel witnesses to testify under oath, and
which could punish perjury with the
State Prison. If this case, with all the
facts which he behind it, revealed and
unrevealed, were now before a Criminal
Court instead of a voluntary Committee,
and if Mr. Beecher's printed statement
had been made under oath, subject to
cross-examination and overthrow, he
would indeed be compelled to step down.
I feel at liberty to speak freely, because
Mr. Beecher's counsel have falsified me
the world and I have no resource but
to smile at them in the face."
The Beecher Examining Committee re-
sumed the session this evening at the
residence of Augustus Storrs, Brooklyn.
Mrs. Gvington was examined at some
length with reference to the statements
made by Mr. Tilton to her and to the
land. The Committee refused all in-
formation relative to the investigation.
Mr. Henry W. Sage, Chairman of the
Beecher Investigating Committee, had a
long interview with Theodore Tilton this
morning. It is rumored that a complete
change of front is to be made, and that
Sage's visit to Tilton was full of signifi-
cance.
Victoria Woodhull has arrived in this
city. She denounced the story going the
round of the papers purporting to come
from her about her intimacy with Tilton
as absolutely false. She says she will
resort to all the means in her power to
clear the Beecher matter till both parties
have exhausted themselves.
Frank Moulton is reported by the Her-
ald as having said yesterday that Tilton's
statement is totally inadequate to the
occasion.
London, July 24th.—There is an alarm-
ing outbreak of small-pox at Newmarket.
Upwards of sixty cases are already re-
ported. The authorities of the town
asked the Jockey Club to permit them to
convert their grand stand into a hospital
where infected persons may be quarantined.
Washington, July 22.—The last sur-
viving sister of Edgar Allan Poe died at
the Epiphany Church Home to-day, aged
68.
BASE BALL ITEMS.
The Flyways were defeated by the
Mutuals on the Brooklyn ground on
Tuesday, by a score of 16 to 4. Time

BURGLAR AT STRATFORD.—The Well-
ington hotel at Stratford was broken into,
during the absence of the proprietor on
Sunday. The burglars entered by the
cellar window, and by the use of an axe
forced their way to the upper rooms,
where they obtained the cash-box, ex-
tracting therefrom \$35.
SUIT AGAINST THE AMARANTH COUNCIL.
The Amaranth portion of the school
taxes for Union School, No. 2, Luther
and Amaranth, having fallen in arrears,
a meeting of the ratepayers of the
Luther portion of the section was held
in Little Toronto last week, when, after
considerable discussion, it was decided
at once to commence a suit against the
Amaranth Council for the amount in
arrears.
ACCIDENT.—As Mr. John Rutledge, son
of Mr. George Rutledge, of Toronto
Township, was coming down the hill
between Meadowvale and Derry West,
he turned too short, causing the wagon
to upset, throwing him off, and the rails
coming upon him, breaking his back-
bone, and otherwise seriously injuring
him. Medical aid was at once procured,
but the doctor pronounced him to be in
a very precarious position, and has but
little hopes of his recovery.
FATAL FIGHT.—On Monday, 19th inst.,
a fatal affray occurred in Chambers' Hotel
Mona Mills. Wm. Elliott of Adaja and
Wm. White of Mono having got into a
quarrel, a son of Elliott interfered on
behalf of his father, and threw White on
the floor with such violence that he was
unable to rise. He was carried into a
house where it was found that his neck
had been dislocated, and he died in about
20 hours after. Elliott has been com-
mitted for trial.
Mr. David Jenkins, postmaster at
Waldemar, recently cut off a portion of
his thumb while cutting a wedge.

The Cow Question.

The frequency, within the past few
days, of deaths among the cows, has created
a good deal of discussion as to the
cause of this sudden falling off. The
conclusion arrived at,—very naturally,
we think,—has been that these sudden
deaths are caused by poison. It is
conjectured that the cows have eaten
weeds or potato stalks that have been
sprinkled with Paris green and other
poisonous bug-destroyers. With this
impression, some alarm has been occa-
sioned lest the cows which have not
died may be so far injured by the poison
as to make the use of their milk danger-
ous.
Whether the conjectures thus far are
correct, we cannot yet say. We have
consulted with Mr. Marriott, veterinary
surgeon, who has had several cases in
hand; and whose opinion is worthy of
consideration. In his study of the sub-
ject thus far, he has found no support for
the theory above mentioned, but thinks
the grass which these roaming cows have
been eating has been sprinkled with
poison, with the malicious intent of
killing the cattle. In support of this he
asserts that there are no traces of potato
stalks in the stomachs which he has
dissected, and also that all the cases un-
der treatment have been those of roam-
ing cows, while those which are kept at
home remain untouched. We would ad-
vise all who have cows to keep them from
inhalation and rapidly absorbed by the
lungs, but should any symptoms of poison
exhibit themselves they can be counteracted
by a dose of moist hydrated peroxide of
iron, promptly administered.

Town Council.

At the adjourned meeting of the Council
on Friday evening, all the members
were present except Messrs. Hall and
Heffernan.
Mr. Coffee, Chairman of the Road and
Bridge Committee, read the following

The amount paid on the various streets
were as follows:—
Eramosa road, \$307.30; Paisley street,
\$174.87; Wyndham street, \$184.05;

mittee overlooked in their estimate;

RECAPITULATION.

various streets, as follows:—Arthur \$10;

Northumberland st., \$10; Neeve \$32.40;
Paisley rd. \$24.87; Waterloo rd. \$28.09;
York road \$5; total \$135.51. Other
streets not named above, and for which
appropriations have been made, have had
the full amount of appropriation
paid out on them.
When your Committee made the re-
ports asking for grants for various streets,
&c., they were not aware that the former
Chairman had given his orders for
\$152.69, and they overlooked the amount
that had been expended in Mr. Marriott's
time, amounting to \$160.40. They were
also under the impression that the En-
gineer would be paid the same as the
other officers of the town. We have
paid him \$80, making a sum of \$393.09,
which was not in the estimate. Your
Committee would ask you to grant that
amount, and \$200 additional, which
would enable them to do all the work
included in the appropriation in a former
report, and still leave on hand about
\$150 to credit of contingent account.
All of which is respectfully submitted.
DENIS COFFEY, Chairman.
Mr. Coffee, seconded by Mr. Raymond,
moved the adoption of the report.
Mr. Metcalf, in amendment, moved
the Council into Committee.
Mr. Harvey being the next on the list
for the chair, Mr. Howard asked that he
be excused, as he had brought up this
discussion. Mr. Food then took the
chair.
Mr. Elliott would like to see the items
of expenditure on Paisley street of
\$174.87.
Mr. Coffee could not give the details
without the overseer's books.
Mr. Robertson and Mr. Howard
thought the overseer's books should be
examined by the Committee.
Mr. Raymond explained that the
overseer kept a memorandum from day
to day of expenditure on each street, but
not a strictly detailed account. The gross
amounts only were recorded.
Mr. Elliott asked where the lumber
was obtained and how it was reckoned,
and also whether the details were charged
to each street separately.
Mr. Coffee answered that such was
not the case, to his knowledge; but the
exact figures could easily be got at.
Mr. Davidson blamed the Committee
for not seeing that the overseer's books
were properly kept.
Mr. McCrae asked how the money
was paid out.
Mr. Coffee said the Committee had
a system of paying that had never been
in operation before (laughter). The pay
sheets were made out by the overseer
and handed to the Clerk, who received
from the Town Treasurer the amounts
and paid them to the men, who attested
the receipt with their signatures. The
overseer by this means did not handle
the money, and could not defalcate.
Mr. Elliott:—No; except by charging
for work that hasn't been done.
Mr. Harvey thought the detailed
statements asked for had not been ob-
tained. There were no items in the
various accounts. He would like to see
the overseer's books.
Mr. Raymond replied that the ac-
counts were not kept in detail except in
figures; the items were not inserted.
The Committee had confidence in the
overseer; if he was wasteful he could
cheat, even with the items in full.
Mr. McCrae stated that amounts had
been charged that were not expended.
Several Councillors.—Where?
Mr. McCrae: On Waterloo street.
He examined it and can't see any work
done there.
Mr. Petrie affirmed that the work had
CONTINUED ON FOURTH PAGE.

taken the remainder of the controversy,
it would be better for Beecher if he had
never been born. Tilton denounces the
assertion made by the Committee that he
had no evidence of Beecher's adultery
except from his wife, as an absolute fab-
rication. On the contrary, he says: "I
know the Committee distinctly that Mr.
Beecher had confessed his adultery to me,
that he had confessed it to Mr. Moulton,
that he had confessed it to other
persons whom I named; and further-
more, I gave the names of several persons
who for the last four years have been per-
fectly well aware that Mr. Beecher was in
connection with this case from beginning
to end has been based on the one and
only corner-stone of Mr. Beecher's
criminality. I asked that all these
persons be produced before the Commit-
tee; I asked, furthermore, for the privi-
lege of being produced to cross-examine
Mr. Beecher and the other witnesses; I
still further suggested that the case had
become one of such magnitude that it
would be better for the Committee to
dismiss this informal examination, at
which no one but myself had thus far
spoken under oath, and adjourn to meet
in Court, to be held at a date to be
used for libel, or to be put in any other
way before a tribunal which could com-
pel witnesses to testify under oath, and
which could punish perjury with the
State Prison. If this case, with all the
facts which he behind it, revealed and
unrevealed, were now before a Criminal
Court instead of a voluntary Committee,
and if Mr. Beecher's printed statement
had been made under oath, subject to
cross-examination and overthrow, he
would indeed be compelled to step down.
I feel at liberty to speak freely, because
Mr. Beecher's counsel have falsified me
the world and I have no resource but
to smile at them in the face."
The Beecher Examining Committee re-
sumed the session this evening at the
residence of Augustus Storrs, Brooklyn.
Mrs. Gvington was examined at some
length with reference to the statements
made by Mr. Tilton to her and to the
land. The Committee refused all in-
formation relative to the investigation.
Mr. Henry W. Sage, Chairman of the
Beecher Investigating Committee, had a
long interview with Theodore Tilton this
morning. It is rumored that a complete
change of front is to be made, and that
Sage's visit to Tilton was full of signifi-
cance.
Victoria Woodhull has arrived in this
city. She denounced the story going the
round of the papers purporting to come
from her about her intimacy with Tilton
as absolutely false. She says she will
resort to all the means in her power to
clear the Beecher matter till both parties
have exhausted themselves.
Frank Moulton is reported by the Her-
ald as having said yesterday that Tilton's
statement is totally inadequate to the
occasion.
London, July 24th.—There is an alarm-
ing outbreak of small-pox at Newmarket.
Upwards of sixty cases are already re-
ported. The authorities of the town

The Dangers of Paris Green.

The following timely precautionary
instructions are given in the Paint and Oil
Journal:—As the handling and using of
Paris Green, especially by persons un-
accustomed to its use, is attended with
considerable risk, and often followed by
serious consequences, we make the follow-
ing suggestions, founded on our experi-
ence as manufacturers: All packages,
whether large or small, should be plainly
marked poison. There is a great danger
in the mixings of this green for potato bug
and cotton worm poison, owing to the fine
dust which arises in the process, which is
inhaled and is rapidly absorbed by the
lungs of the person, especially if the person
using it should be in a state of perspira-
tion. To guard against this, the hands
and face (especially the nostrils) should
be protected as much as possible, and
should be carefully washed after working
in it, or in any of the preparations of
Paris Green. As it penetrates and
poisons wood, get into the
seams and crevices of articles made of
metal, and even into earthenware that is
at all porous, all household utensils, or
anything in barn or stable which cattle
could have access to, in which the articles
contain Paris Green, or from which it
has been used, should be carefully set
aside, and never again used for any other
purpose. Malignant sores are not unfre-
quently caused by scratching the skin
when itching or irritated from handling
the green. It should be constantly borne
in mind that it is a more dangerous and
deadly poison than arsenic, and farmers,
planters and others, when purchasing
should be duly cautioned to exercise the
utmost care in using it. As a remedy for
the poison, the free use of milk as a bever-
age is recommended, but we have found
hydrated peroxide of iron (a simple pre-
paration) the best antidote. Sprayed
by the green should be well covered
with it, as with an ordinary salve, and
a teaspoonful in a wineglass of water
should be taken twice a day internally
while working with the green. This re-
medy can be obtained from any druggist.
The consumption of Paris Green has large-
ly increased within a few years, and the
article is now applied to such a variety of
purposes, that carelessness in its use or
ignorance of its highly dangerous prop-
erties on the part of those who use it,
cannot fail to produce the most deplorable
results.

BURGLAR AT STRATFORD.—The Well-
ington hotel at Stratford was broken into,

SUIT AGAINST THE AMARANTH COUNCIL.
The Amaranth portion of the school
taxes for Union School, No. 2, Luther
and Amaranth, having fallen in arrears,
a meeting of the ratepayers of the
Luther portion of the section was held
in Little Toronto last week, when, after
considerable discussion, it was decided
at once to commence a suit against the
Amaranth Council for the amount in
arrears.
ACCIDENT.—As Mr. John Rutledge, son
of Mr. George Rutledge, of Toronto
Township, was coming down the hill
between Meadowvale and Derry West,
he turned too short, causing the wagon
to upset, throwing him off, and the rails
coming upon him, breaking his back-
bone, and otherwise seriously injuring
him. Medical aid was at once procured,
but the doctor pronounced him to be in
a very precarious position, and has but
little hopes of his recovery.
FATAL FIGHT.—On Monday, 19th inst.,
a fatal affray occurred in Chambers' Hotel
Mona Mills. Wm. Elliott of Adaja and
Wm. White of Mono having got into a
quarrel, a son of Elliott interfered on
behalf of his father, and threw White on
the floor with such violence that he was
unable to rise. He was carried into a
house where it was found that his neck
had been dislocated, and he died in about
20 hours after. Elliott has been com-
mitted for trial.

Political Tolerance.

Why a man, as soon as he enters the political world as an advocate for certain principles, or as a candidate for the suffrages of his fellow-electors, should be stripped of everything that made him, in his private capacity, a virtuous and honorable citizen, is one of those things that is hard to be understood. That such is the case with many of our best men cannot be denied. In fact, it seems, with some of our Tory friends at least, so natural to abuse public characters, and drag their private matters before the public, that they gaze in wonder at those who still see, even in their political opponents, something to be admired.

These remarks are suggested by the announcement that "the Liberal Conservative Association of the East Riding of the County of Elgin, at their first meeting, unanimously passed a resolution of condolence and sympathy with the family and friends of Wm. Harvey, Esq., late representative in the House of Commons for that Riding."

We see nothing extraordinary in this action on the part of the Liberal Conservatives; but notice with what loftiness of sentiment, some of the Opposition organs comment on the matter. They say:—"This is as it should be, and they have shown a spirit which is highly commendable, and which we appreciate. Although differing in politics, they have thrown aside all party spirit and shown that true Christian feeling which should emanate from the deadliest of political enemies in cases like that which our Elgin friends have dealt with."

It would be better for the Tory party in general if the organs all over the country were to take up this sentiment and act in accordance with it. But where is their consistency? The persons who lay down these principles of tolerance and liberality to-day, will probably on the morrow pour out the most insolent and un-called for abuse upon those who differ from them.

This use of Billing-gate has become so common among the Tory journals that some of the more respectable of them are expressing themselves strongly in condemnation. Even so good a Conservative paper as the Kingston News is disgusted at the way in which Mr. McKellar's private character has been criticised by the Opposition press, and thus expresses itself:—"There is an old Scotch saying, 'Fair play is bonnie play,' which we unhesitatingly say Mr. McKellar has not received at the hands of some Opposition journals. Let Mr. McKellar's political conduct be fearlessly criticized, by all means, and it is a good subject for it; but in the name of fair play and common decency don't hold him up to the public gaze as a notorious criminal; for no one possessing the most ordinary amount of judgment and a due sense of honorable dealing will entertain for a moment the base insinuations thrown out against him. A portion of some of the articles which we have read lately are simply disgraceful, and neither injure Mr. McKellar nor do the Opposition side any good. Many of Mr. McKellar's political actions are worthy of the strongest condemnation, and we are prepared to go quite as far as any of our contemporaries in denouncing them, but the deliberate misrepresentation of his private character for the mere sake of holding him up to ridicule, is an ignominious sort of warfare."

P. T. Barnum's Great Travelling World's Fair. THE LONG-LOOKED-FOR COMING AT LAST—ITS DATE AT THE EAST—WHAT THE MONTREAL PRESS SAYS OF IT. No announcement we could make would afford our readers so much satisfaction and pleasurable anticipation as the positive one furnished in our advertising columns to-day, that the original and only P. T. Barnum's gigantic combination of diverse exhibitions is to pitch its teeming acres of tents in Guelph, on Thursday August 6th. So much has already been said and admitted regarding the pre-eminent superiority, size and extraordinary character of this veritable Travelling World's Fair, and so thoroughly and intelligently has printer's ink been utilized to notify everybody of its coming, that little need be added to insure an immense congregation of people. The avalanche of concurrent testimony as to the proportions and attractions of Barnum's crowning achievement overwhelms even the selfish denials and clownish falsehoods of insignificant rivals. That it presents many times more of everything worth seeing than was ever before collected in a travelling exhibition, has, during the past week, been unannouncedly confirmed by the entire press of Montreal, which has had an opportunity to judge the show on its merits. In its favor even the Montreal Witness made a first exception with regard to publishing amusement advertisements, and that eminently conservative journal, so far as morality is concerned, is not a whit behind its more worldly contemporaries, in eulogizing the vastness and rarity of the exhibition and the liberality and excellence of the management. We might fill the columns of The Mercury from the compliments of the journals named, but can find room for but two brief extracts, which at once possess most satisfactory significance and are a reflex of all. Says the Gazette:—"Mr. Barnum has established for himself a reputation too high to be lost, and when an entertainment of his comes among us, we need no other recommendation than that of his name to assure us that it is worthy of a liberal patronage. Mr. Barnum differs in many respects from the general run of showmen, but most particularly in this, that while like most of them he advertises largely, and announces startling features, he never advertises anything that does not appear under the canvas; consequently people go to his show with the assurance that they will have their expectations realized, and in this lies a great deal of Mr. Barnum's popularity."

The Herald says:—"No better evidence can be had of the real merit of an entertainment than the fact that each repetition of it attracts increasing crowds of the public. Very few shows draw after the second day, but the Mammoth Circus and Menagerie, of Mr. Barnum is an exception, and yesterday the eagerness of the public to get inside his magnificent tents rose a hundred per cent. Thousands who never visited a circus before have been tempted to the Lacrosse Grounds by the respectability of the present exhibition, the unvarying courtesy of the managers and attendants, and the splendid order maintained." The great showman was himself present at each exhibition, and, of course, constituted the chief attraction. His ad-

mirable little speeches evoking enthusiastic applause.

THE GREAT ENGLISH REMEDY.

Dr. Williams' Specific Medicine

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhoea, Impotency, and all diseases that follow as a consequence of Self Abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity or consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine is sold by all Druggists at \$1 per package, or six packages for \$5, or will be sent by mail on receipt of the money, by addressing WILLIAM GRAY & CO., Windsor, Ont.

been honestly done on Waterloo street. After a great deal of useless discussion, Mr. Harvey said the Council should demand the books of the persons, as nothing definite could be obtained without them.

Objection was taken to the expenditures on Wynham street, Market street, Cardigan street, Woolwich street, Norfolk street, Dublin street, Allan's bridge, Ontario street, Noyes street, Macdonnell street, Waterloo street, and Wellington street.

Mr. Elliott said that the present overseer was either incompetent for his work or else very careless. The objection taken to the report was that no details were given of expenditures.

Mr. Robertson moved, seconded by Mr. Harvey, that the report of the Road and Bridge Committee be referred back, with instructions to produce all the books kept by the overseer of the time worked, lumber used, and nail purchased for the separate streets.

Mr. Raymond said by their resolution the Committee were called upon to do what was impossible; in fact it was equivalent to a request to resign, and that would be the result.

Mr. Robertson thought if the books were kept properly this was not an impossible task. Mr. Howard said the result of this resolution would not be what Mr. Raymond thought. When the books would be brought down, it would be seen who was responsible. If the overseer has not kept his books properly, it would be competent for the Council to dismiss him; and if the Chairman—who had control of the affairs of the Committee—had been lax, he was responsible.

Mr. McCrae thought the overseer should come before the Council to answer questions. It was evident that the Committee had failed to get the desired information.

Mr. Raymond said the Council should ask the overseer directly for the books as the Committee had failed to give satisfaction.

Mr. Elliott said the facts adduced showed that the overseer was totally inefficient. The question was whether he was worthy the confidence of the Council. He then moved, seconded by Mr. Howard, that the report of the Committee be not now adopted, but that its consideration be referred to an adjourned meeting of the Council on Tuesday evening next, and that the Clerk notify the overseer to appear before the Council and produce all his books connected with road accounts.

Mr. Coffey said that it was an overseer that had been employed—not a book-keeper. It was questionable whether he could keep books. The names of parties had never been inserted in the accounts of this Committee in past years, but the Council here strained at gnats while they had swallowed camel after camel.

After some discussion, Mr. Elliott's motion was put and carried by a vote of 7 to 6. Mr. Robertson withdrawing his motion.

The Council then adjourned. The Committee rose, and the Chairman reported the report laid over.

Mr. Petrie then moved to adjourn, which was lost.

It being then past ten o'clock, Mr. Howard moved, seconded by Mr. Robertson, that the time be extended for half an hour. This motion, requiring a two-thirds vote, was put and also lost, on the following division—Yeas, Messrs. Howard, Hood, Davidson, McCrae, Elliott, Brock, Robertson, Harvey, Noyes, Messrs. Raymond, Coffey, Petrie, Crowe, Mills, and the Mayor—6.

Erasmus Township Council.

A special meeting of this Council was held at the Centre Inn, on Wednesday, the 22nd inst. The Reeve, on taking the chair, informed the Council that he had called them together to lay before them the letter to the Clerk from the Provincial Treasury Department, informing him that the By-Law No. 19 had been approved of by the Lieut.-Governor in Council; and supplying forms of certificates to be filled up by the Council, which conveyed to his mind the impression that it would be necessary to appoint a Commissioner by a By-Law, and define his duties in the matter of the Municipal Loan Fund. After a careful consideration of the subject a By-Law was introduced and passed, after the usual number of readings, appointing Mr. William Farrish as Commissioner. The Clerk was instructed to make out a statement of the population of the several school sections based upon the Assessment Rolls of the present year as a guide for the division of the amount coming to this Municipality from the Municipal Loan Fund. \$12 was ordered to be paid to George Harvey for the support of Margaret Thompson up to the 1st July, and the Clerk was directed to notify the Erin Council that she had left George Peavoy's and was now residing with Mrs. Forrester. Some other matters of minor importance were attended to, and the Council adjourned to meet again on Monday, the 3rd day of August next. J. A. DAVISON, Sp. Clerk.
