Examination Scandal

This painful affair need not be rehearsed minutely as our readers are by this time familiar with the details. Mr. Smith, Principal of Central School and Model School, was recommended as examiner for Dresden and the appointment confirmed by the Education Department. Mr. Smith received the examination papers by express in a bag sealed with the Government lead seal, while the examination papers were also sealed. The bag was marked plainly in accordance with the regulations, "to be kept intact till the day of the examination. Mr. Smith violated his trust and not only opened them but made them the basis of his home work, thus giving his pupils an unfair advantage over Brackin's. Inspector Park having discovered this fraud reported it and the Deputy Minister of Education stigmatized it as a serious crime. Mr. Smith confessed his guilt. Dr. McColl suspended his certificate on the grounds that he had violated the Regulations and committed a "fraud." Department endorsed the Inspector's action. County Board of Examiners met to consider case, Thursday in Harrison Hall, Inspector Rev. W. Colles presiding, with Inspectors Park and McColl and McColl. Meeting open to public and President Colles most careful to accommodate reporters with convenient seats. Deputation, the Mayor, Drs. Musson and Thornton and Mr. J. A. Wilson, Chairman of Board of Public School Trustees, addressed Board of Examiners in Mr. Smith's favor. President Colles very ably summed up the result of the proceedings, praising Mr. Smith's action of confession and resignation and giving due weight to the pleas of the deputation and to the views of the Public School Board. He also voiced his own personal sympathy and he believed that of his colleagues, with Mr. Smith in his unfortunate position. In commenting on a remark of Dr. Musson, he pointed out that the enquiry committed into the hands of the examiners had a broad Provincial scope and could not be viewed from a purely Chatham standpoint. Here we touch the kernel of the matter. The Board of Examiners, as repre-

senting the Department, must consider what effect the condoning of Mr. Smith's fraud by promptly restoring him his certificate, would have on the 1000 examiners of the Province and on the tens of thousands of public school pupils in Ontario.

As to the petition, such documents have little weight because as a rule they are signed without thought and with a vague idea to oblige an acquaintance with a scratch of the pen. One signature is that of a Separate School Supporter. So far expression of deliberate opinion goes, one who ought to know values the paper at 100 names. Give it the 275. They claim that 85 per cent of the protestant public school supporters favor the petition—this would mean 850 possible signers, or 605 who would have signed. Why keep them in the shadowy background. Get up a public meeting in the Grand Opera House or get up a set of fresh petitions if you feel that you have the great majority at your back.

There are splendid openings for English teachers in Cuba and South America, at high salaries as the Spaniards are most anxious for English education for their children.

Note the Kent Mills change of ad., in this issue.

New Factories

We interviewed Manson Campbell as to whether a turning factory for small turning of various kinds could not be established in connection with his factory that is that the new factory should use his waste lumber. Fifteen loads per week soft maple, elm, etc., now sold for kindling wood. And getting further supplies from Wagon Works. He thought this would be rather a peayenne business but added that there was a splendid opening in Chatham for a cream separator factory, which would reduce the price of these machines to farmers and lead to great increase of output of creamery. He said that his New Zealand agent was beset with inquiries for separators so that this factory would not be dependent on Kent or even Canadian custom.

Note G. Stephens & Co's Binder Twine ad.

Binder twine 10½ and 11 cent. at Jno. A. Morton, Hardware Stores

Nelson Stringer buys hides, furs, eggs, alsike clover and timothy seed.

Frank P. Weldon is in the Insurance business at the old stand in Seane's Block upstairs. Call and see him.

Sheriff Gemmill hears regularly from Jack, who is in the employ of the G.T.R. at Battle Creek and is prospering.

Inspector Park, with reference to a presentation made by the school children to Mr. Smith, remarked that he heard another tribute given by some school-boys in the train, to the ex-Principal: "He's all right. He will get us through."

King, Cunningham & Drew are showing the largest assortment of Belting in the city among which we find English Oak Tan Rubber and stitched waterproof; they make a specialty of belts for threshers also threshers' supplies, oils, brasses, lubricators, greases. Call and see their stock.

We were shown a can of Lubricant at the store of King, Cunningham and Drew used for the purpose of oiling buggies which they inform us will resist the summer heat and does not evaporate, "Boys" if you use this Lubricant on your buggies your "Best girl" may rub her dress on the hub of your buggy without getting it soiled.

The Agony Over

The Examining Board have suspended the certificate of Mr. Smith ex-principal of Central School Chatham till the end of the year—a righteous sentence tempering extreme justice with mercy and one which will be endorsed by the cool after-thought of the best citizens.

APPLEDORE.

Miss Blanche Campbell, of Ridgetown, was the guest of Thomas Arnold, 4th concession, last Thursday. William DeVerna and daughter, of Toledo, are visiting old acquaintances in this neighborhood.

We were very much pleased to hear of the success of the pupils of our school at the entrance examination, and we congratulate the pupils—Mary Higgs, Gertrude Krieger and John Lanigan, also their teacher, Richard Asher, of Dover.

Miss Dora McKerrall returned to her home Thursday, after writing for her certificate in Chatham.

The Improved National HORSE AND CATTLE FOOD

Fortifies, nourishes and stimulates any animal and puts them in a good healthy condition, gives them strength and vitality.

This food contains nothing but what is nutritious and beneficial and should be used regularly three times a day.

Feed it to HORSES, COWS, CALVES, SHEEP, HOGS, Poultry, Geese and Ducks, and you will readily ascertain its superior quality over all other foods. If your horse is shedding his coat and you want to get him in trim to exhibit or sell, use this food. Now is the time to give the food a good test. By so doing you will have a fine spirited animal and a ready seller.

The Improved National Horse and Cattle Food has done it for others. It will do it for your horse.

Road Matters and Sidewalks

The Colborne St. pavement bids fair to be a success if the drainage is all right. There is a splendid foundation of boulders which will last as long as the Via Appia. On this is laid a coat of Amherstburg limestone which bonds better than granite, then flat stone and over all the tar gravel. The substructure heavily rolled with steam roller. What will they do with Chatham's solitary whitening while "Othello's occupation's gone" during the paving of King St.? He is a faithful worker not an eye-servant but a day and night drudge. The B. of W. can get several valuable object-lessons as to laying cement sidewalks etc, from the C.P.R. At the Depot, on the West side of entrance a heavy coating of gravel was laid, the soil being picked to receive it while the same soil on the East side was un-picked. Result that though the latter was rolled with steam roller, it is loose yet, and the former compact. Could a mulching with lime-wash combine gravel into a kind of cement?

Too Precious

Mr. Austin's knowledge of School law must be of a limited kind. He proposed that Mr. Smith should be continued as principal of the Central and not of the Model. The School law says that the Model school must be attached to a public school and therefore necessarily to the Central School, since Mr. Brackin's certificate does not entitle him to act as principal of the Model.

C.P.R. Mechanics.

Travelling mechanics of the C.P.R. have been located in Chatham near the depot in separate cars for some time past. The carpenters had cars to themselves, 6 painters capable craftsmen had 3 cars and a lot of work to do at the depot and elsewhere on the company's premises. Then the telegraph men with the cook's car in the centre, had the unlucky number 13. One of the gang met with a severe fall and another broke both ankles and refusing to stay here till the inflammation subsided, went home, delaying his

Markets.

 Clover, \$4.50 to \$5.50 "
 Hides 6c to 6c
 Lambskins 25c to 25c
 Pelts 15c to 15c
 Sheepskins 80 to 1.00

recovery 3 months. It took then 6 weeks to finish the work from Toronto to London and a month from London to Chatham. In the latter section, the clay was very hard and digging bad. Ants destroyed many poles. In might be a good precaution to tar 2 feet above and below ground level. They build 40 miles new line from Ridgetown to StThomas then work back from Montreal. Next year they go to the North West section of the line.

A Klondyker Back!

We interviewed Mr. John A. Donovan who has returned from a two years visit to the Klondyke, where he has 8 claims, and to which he may return. In 3 years he got 4 mals. He had excellent health. Weather intensely cold. Cool evenings in summer. Plenty of game but he did not bother with it. Eat partridges of immense size, pleasant change from canned meats. Some desperate characters among the 12 000 inhabitants of Dawson, but on the whole a law-abiding community. He met Jimmy Ross, Dan Crow, young Hales and Bobby Burns. Donovan brought some fine samples of ore. He has 2 partners in his claims.

GLENWOOD.

Alex. Newham, of Detroit, is spending his two weeks' holidays with his parents here.
 Mrs. Iveson, Wheatley, is visiting her sister, Mrs. E. Shaw.
 Miss Jennie Shepley has returned from a visit with friends in Blenheim.
 Miss Edith McGee, spent a few days last week in Chatham.
 Miss T. McAllister returned to her home in Palmyra on Tuesday.
 Mrs. R. Cape, Chatham, is the guest of Mrs. P. J. McGee.
 John Jubenville had three valuable cattle killed on the railway track Saturday by the westbound local.
