GOVERNMENT RAISES FAVORITES' STIPEND TO FATTER FIGURES

One Man Several Salaries Exemplified in Dane and Ellis. HOUSING BILL READ Cheap Extra Loans to Soldiers Prove Impossible Figure.

Yesterday's session of the legislature was chiefly occupied with the stipends of two government favorites and a discussion of special aid to returned soldiers, which could not possibly lead anywhere.

The first salary was that of J. A. Ellis, formerly of Ottawa, who is the pick of the cabinet to pull down with both hands a salary of \$6000 a year by occupying two positions, one at \$4000 and the other at \$2000.

The other salary appertains to Fred Dane, who now figures as the great boob-bab of the northland. The list of his official positions under government is fully three agate lines longer than his titles in the grand ledger, and many agate inches of excess measurement over the length, from tip to tip, of his beautiful wire-ropes moustachios so widely celebrated as one of the standard attractions of the annual procession on the 12th in Toronto.

Hon. G. Howard Ferguson, answering a question that stood on the order paper in the name of Mr. Proudfoot, said Mr. Fred Dane is secretary loan commissioner in connection with the work being carried on in Northern Ontario.

The sum of \$383,968 was advanced to settlers by way of loans in 1917 and \$31,317 in 1918.

London, March 17.—It is reported among airmen that a flight across the Atlantic ocean is now being attempted by a French lieutenant named Fontan.

London, March 17.—Ukrainian troops have entered Pribram, according to a wireless despatch. The Poles are still in the northwestern part of the town.

Returning Soldiers.

According to latest information the 4th C.M.R. will arrive in Toronto tomorrow morning, the no definite time of arrival is yet to hand.

COUNCIL ADOPTS DRAFT IN MAIN OF PEACE TREATY

Wilson Agrees to All Features Which His Colleagues Previously Had Accepted. SOME POINTS RESERVED Supreme Council Also Considers the Situation in Poland.

Paris, March 17.—The supreme war council resumed its sessions today. It was a distinguished assemblage of civilian and military chiefs, with Marshal Foch, Field Marshal Haig, General Diaz, and British, French and American admirals, as well as President Wilson, the premiers and foreign ministers of the five great powers.

The council also discussed the Polish situation, using as the basis of discussion reports of the commission sent to Warsaw.

JURY EXONERATES DRIVER AND DOCTOR

Medical Opinion Showed Operation on Martha Ginty Efficiently Performed.

That both ailments pointed to the fact that Mrs. Martha Ginty was suffering from pressure on the brain, and she underwent an operation to remove this pressure, from which she died while on the operating table, the diagnosis as evidenced by the post mortem examination, showed no fracture whatever and was in fact wrong, was the startling statement made by Dr. Julian Loudon at the inquest into the circumstances surrounding the death of Mrs. Ginty, who died in the General Hospital on Feb. 28 as a result of injuries received when she was knocked down by a motor car on Dec. 24, 1918.

Under the heading of the following verdict: "We find that Mrs. Martha Ginty came to her death at the General Hospital on Feb. 28, 1919, from injuries received through being knocked down by a motor car on Dec. 24, 1918. The injuries were accidental and the driver was not negligent."

London, March 17.—It is reported among airmen that a flight across the Atlantic ocean is now being attempted by a French lieutenant named Fontan.

London, March 17.—Ukrainian troops have entered Pribram, according to a wireless despatch. The Poles are still in the northwestern part of the town.

MEIGHEN DEFENDS PREMIER BEING AT PEACE CONFERENCE

If Canada to Be Bound by Treaty Must Be Represented at Signing of It. COL. CURRIE SPEAKS Says No Reflection Possible Upon Officers at Battle of St. Julien.

Ottawa, March 17.—When the house of commons met today the debate on the address was resumed by Hon. Arthur Meighen, minister of the interior, who was disposed to criticize some of the remarks made by Hon. W. S. Fielding. He thought Mr. Fielding had displayed great skill in advancing some badly selected points.

Mr. Meighen made a defence of the attitude assumed by the government last session in regard to titles. Referring to Mr. Fielding's criticisms of the war times election act, Mr. Meighen said he had drafted it and he had no regrets to express.

Mr. D. D. McKenzie asked if there was any hope of an early settlement of the trouble at the government printing bureau.

TURK ARRESTED ON GRAVE CHARGE

Alleged He Held White Girl Prisoner for Immoral Purpose.

Alleged by the police to have kept a young girl locked in a house for three weeks, for immoral purposes, Joseph Cleal, a Turk living at 157 Simcoe street, was arrested last night. Cleal is charged with "having carnal knowledge of an employee."

Ottawa, March 17.—The board of conciliation and investigation to enquire into the dispute between the Canadian Express Company and its employees, being messengers and helpers, drivers, clerks, porters and other delivery employees, filed its report with the minister of labor today.

London, March 17.—Lieutenant Graham Thomas Lyall, of a central Ontario regiment, received the Victoria Cross from the King at Buckingham Palace on Saturday, for rushing a position alone, and capturing 45 prisoners and five machine guns. He was born in Manchester, England, in 1892 and enlisted at St. Catharines, Ontario, in September, 1915.

London, March 17.—Ukrainian troops have entered Pribram, according to a wireless despatch. The Poles are still in the northwestern part of the town.

NO TARIFF PROMISES TO UNIONIST CAUCUS

Ottawa, March 17.—The statement that promises are likely to be made to the Unionist caucus in the matter of the tariff are, it is asserted, without foundation. The purpose of the caucus, it is explained, is to afford the government the opportunity of hearing the views of its followers upon the subject. The responsibility upon the policy rests, and must continue to rest, with the government, and will be discussed only when the budget has been brought down, and not before.

GERMANY RECKONS FOOD WILL COST 5 BILLION MARKS

Delegates Figure She Can Raise Only Half of That Amount. A DOUBTFUL PROPOSAL Suggested That Property in Hands of U. S. Custodian Should Make Up Balance.

Berlin, March 17.—The food situation is the all-important question in Germany, and the coming of supplies from the allied countries is certain to have a marked effect on prices.

The German delegates at the time of their departure for Brussels, could do little more than to express their conviction that the total amount available from the other countries, ultimately 2,500,000,000 marks (under the pre-war exchange).

CLEAR SUBURBS OF SPARTACANS

Independents Proved to Have Been Involved in Risings Are Arrested.

Berlin, March 17.—Government troops which are cleaning up the suburbs of Rahnndorf and Friedrichshagen of Spartacans, report that they have arrested two Independent Socialist leaders in Rahnndorf, who "prove to have distributed arms to other dependents and to communists, and to have incited to violence."

Ottawa, March 17.—The board of conciliation and investigation to enquire into the dispute between the Canadian Express Company and its employees, being messengers and helpers, drivers, clerks, porters and other delivery employees, filed its report with the minister of labor today.

London, March 17.—Lieutenant Graham Thomas Lyall, of a central Ontario regiment, received the Victoria Cross from the King at Buckingham Palace on Saturday, for rushing a position alone, and capturing 45 prisoners and five machine guns. WESTERN MEMBER THREATENS BOYCOTT ON EASTERN GOODS

The Westerners' Threat Against the Manufacturers

"If the government takes the position that the major part of our revenue must be raised by tariff duties, then I and all patriotic citizens will see that they get the revenue by buying imported goods. When we buy imported goods the extra price we pay because of the tariff goes into the national treasury instead of into the pockets of the manufacturers."—John A. Maharg, M.P., president of the Saskatchewan Grain Growers, in the house of commons last night.

CENTRAL CONTROL ON BRITISH ROADS

Sir Eric Geddes in Commons States That Transportation System is Semi-Paralyzed and That Government Must Do Away With Old Plan of Competition—Must Establish Economic Balance.

London, March 17.—Sir Eric Geddes, minister without portfolio, in introducing in the house of commons today a bill to establish a ministry of transportation, said that, with the exception of the street railways, the transportation system of the country (financially) was in a semi-paralyzed state.

The transportation systems were physically ill equipped to meet the strain of the demands made upon them, partly owing to lack of men and capital during the war. The country had to face the fact today that with the railways there also in the hands of the Spartacans, the government was pledged to continue its guarantee for two years.

EXPRESS WORKERS RECEIVE INCREASE

Conciliation Board Also Awards an Eight-Hour Day.

Ottawa, March 17.—The board of conciliation and investigation to enquire into the dispute between the Canadian Express Company and its employees, being messengers and helpers, drivers, clerks, porters and other delivery employees, filed its report with the minister of labor today.

London, March 17.—Lieutenant Graham Thomas Lyall, of a central Ontario regiment, received the Victoria Cross from the King at Buckingham Palace on Saturday, for rushing a position alone, and capturing 45 prisoners and five machine guns. He was born in Manchester, England, in 1892 and enlisted at St. Catharines, Ontario, in September, 1915.

London, March 17.—Ukrainian troops have entered Pribram, according to a wireless despatch. The Poles are still in the northwestern part of the town.

Maharg of Saskatchewan Says Canadian Manufacturers Must Compromise With Farmers on Tariff or Latter Will Buy Only Foreign Goods.

Ottawa, March 17.—John A. Maharg, president of the Saskatchewan Grain Growers, made a fighting tariff reduction speech in the house last night. He demanded immediate consideration of the big question and stated that if eastern manufacturers were not prepared to meet the western farmers in the matter, the latter would institute a boycott of goods made east of the great lakes.

Mr. Maharg said things were moving, and it would be well for the government and members of the house to keep their ears very close to the ground. There was a great deal of discontent in the country, not only among agriculturists, but amongst consumers, and this was being demonstrated in very unexpected quarters.

INDUSTRIAL ARMY TO CAPTURE TRADE

British Federation Will Send Out Ambassadors to Every Important City.

London, March 17.—The federation of British industries, representing 16,000 manufacturers and £5,000,000,000 in capital, is organizing a great army of representatives as ambassadors to take care of British industry overseas. The federation, it is said, will have ambassadors in every important city in the world.

Ottawa, March 17.—The board of conciliation and investigation to enquire into the dispute between the Canadian Express Company and its employees, being messengers and helpers, drivers, clerks, porters and other delivery employees, filed its report with the minister of labor today.

Movie of a Man, a Scrap of Paper and a Windy Day - BY BRIGGS

THE DAY AT OTTAWA

By TOM KING

Ottawa, March 17.—Hon. Arthur Meighen resumed the debate on the address this afternoon and the galleries were fairly well filled with people anxious to hear him. Mr. Meighen is a debater of some ability, and delivered as usual a good speech, but he was soon pushed into the wings and the centre of the stage was taken by John Maharg, Unionist member for Maple Creek, and president of the Saskatchewan Grain Growers' Association. Mr. Maharg had a message to deliver from Saskatchewan to the government which developed into a message and a threat from the western grain growers to the manufacturers of eastern Canada. He demanded a sweeping reduction in the tariff and said if that were not granted there would be a western boycott of goods made in Canada. Several years ago, he said, the western farmers, unable to get relief from the onerous custom duties, were strongly inclined to boycott the manufacturers of eastern Canada. Their leaders had dissuaded them from this course, but the agitation had begun again and if no tariff relief were granted in the near future, the leaders would not be able to stem the tide and probably would not be inclined to do so. "If the government takes the position that the major part of our revenue must be raised by tariff duties," he continued, "then I and all patriotic citizens will see that they get the revenue by buying imported goods. When we buy imported goods, the extra price we pay because of the tariff goes into the national treasury instead of into the pockets of the manufacturers."

**DARTING, PIERCING SCIATIC PAINS**  
Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loin-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise. The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred. Made in Canada.

HELPED THE ORPHANS BY SELLING SHAMROCKS

Eleven thousand dollars was the total collected for the funds of Sunnyside Orphanage by the sale of shamrocks throughout the city.

Yesterday's slogan "Help the Orphans" proved the lodestone that drew a small coin, and in some instances a bill from the pockets of Toronto citizens. The two hundred and forty little ones in the Sacred Heart Orphanage seemed to speak through the medium of the small green shamrock which the hands of the orphan children had fastened to adorn the coats of their many friends on St. Patrick's Day. Early in the morning, the workers had covered the various street corners, where with smiles and appeals they held up the pretty trefail in their white boxes, and by two o'clock in the afternoon the people had been practically all marked with the sign of Toronto's generosity. As the returns came in at the headquarters at 44 Scott street, the boxes were all methodically checked and the money counted. Miss Florence Boland was in charge, and under her systematic arrangements the day proved most successful. Reported subscriptions up to 5 p.m. yesterday amounted to \$10,000 according to the returns of 14 captains, but it is probable that this sum will be nearly doubled when all accounts are to hand. Seventy thousand envelopes were distributed in the public and high schools, which will be totalled tomorrow.

FIFTY YEARS IN BUSINESS.

To commemorate the fiftieth anniversary of the firm of James W. Paton a dinner was given last evening in the King Edward Hotel. In the year 1869 James W. Paton started business at the corners of King and Yonge streets, later moving to 20 Temperance street, where the business has had 50 years' success under the management of James W. Paton since 1900, by his two sons, James F. and Charles E. Paton. The honorary guests were: Mrs. James W. Paton, James F. Paton, Mrs. James F. Paton, Charles E. Paton, Mrs. Charles E. Paton, Robt. F. T. Paton, Mrs. R. F. T. Paton, Master Douglas Paton, Master Edward Paton, Miss Elsie Paton, Miss Jessie Paton, Mrs. S. Bulmer, Mrs. A. MacLaren, Wm. Patterson, Jr., Miss Jean Clarke, and Miss Jean MacLaren.

MOTOR CAR THIEVES.

Orlando Banks, and Geo. Tracy appeared before Judge Coatsworth in the criminal sessions yesterday charged with the theft of a motor car belonging to J. H. Smith. Both prisoners pleaded guilty to the charge and were remanded till Wednesday for sentence.

The regular meeting of the police commissioners has been postponed from today until Wednesday. The board cancelled the meeting in view of the meeting in Queen's Park.

WON'T SEE HER SON.

In a letter to T. C. Robinson, K. C., Mrs. McCullough, mother of Frank McCullough, the condemned murderer, who is at present awaiting execution at the Toronto Jail, intimates that she refuses to see her son, although she has not seen him for the last six years. McCullough's case will come before the minister of justice within the next few weeks, and if no reprieve is granted he will go to the gallows on May 2, 1919.

CLERK PLEADS GUILTY.

Alexander Gray, a former clerk in the Walker Hoe works, appeared before Judge Coatsworth in the sessions yesterday charged with the theft of \$11,000 from his employer, George Wright. Gray pleaded guilty and was remanded until Wednesday for sentence.

The Belgian Relief Fund, Ontario branch, 95 West King street, reports receipts for the week ending March 14, \$988.96, making total to date, \$235,102.50.

CITY NOT LIABLE FOR RIOT DAMAGE

Restaurant Proprietors Lose Action—Were Given All Possible Protection.

In a judgment handed down at Osgoode Hall yesterday, Justice Ruse dismissed the action brought by the proprietors of the White City Cafe, at 433 Yonge street, and the Sunnyside Dairy Lunch, at 1704 West Queen street, for repayment from the city for damages sustained by their premises during the riots of August last. The White City sued the city for \$5,700 and the Sunnyside Lunch asked for over \$3,000, for which they alleged taxes had been paid, but the police protection they had been supposed to be provided had not been forthcoming. "There is no suggestion in the statement of claims," says the judgment, "that the city failed to perform any of the duties expressly cast upon it or its council by any of the sections (of the municipal act) which I have mentioned, that is to say, the duties of appointing a chief constable and of paying his salary, and of appropriating for and paying the remuneration of the members of the police force, and of providing and paying for all the things required by the board for the accommodation, use and maintenance of the force; indeed, the allegation is that the force was constituted and that it was maintained and paid out of the rates and taxes. "What is complained of here," he adds, "is merely inaction, and unless the act left undone was an act which the city was under legal obligations to do, the failure to do it does not bring the city under liability, even if the person who was charged with the

duty of doing it was a person who, for some purpose and in respect of certain matters, could be looked upon as the servant of the city."

SUCCESS ATTENDED HELPING HAND FUND

Collections From Fourteen Out of Forty Captains Total \$5,000. Success attended workers on behalf of "The Helping Hand Fund" in their campaign yesterday on behalf of distressed Jewish people in Palestine. Up to 5 p.m. last evening total collections reported by fourteen out of forty captains amounted to \$5,000. Seventy thousand envelopes were distributed in the schools by permission of the board of education, the total from which will be ascertained on Wednesday evening.

Controllers Reduce Salary Increase Very Materially

Many reductions were made by the board of control in the salary increases which they considered yesterday at a private meeting. A number of the increases were struck out altogether. The application of the Institute for the Blind was again considered and while nothing definite was done a more liberal view was taken.

ASSAULTED SHERIFF'S OFFICER.

Frederick Freeland was fined \$10 by Judge Coatsworth in the criminal sessions yesterday for an attempted assault on Officer A. Wishart, a sheriff's officer who wanted to seize a piano belonging to Freeland.

TRUE BILLS RETURNED.

These true bills were returned by the grand jury yesterday: William A. Taylor, receiving, and Ethel Varroy, false pretences.

AFFILIATION NOT WHOLLY POPULAR

Royal Commission Evidence Makes Lack of Harmony Self-Evident.

Personal grievances continued to ventilate themselves at yesterday's session of the royal commission upon police grievances in Ontario, but the chief arguments for and against affiliation of police bodies with the Trades and Labor Congress of Canada were practically concluded, the proposed conference upon minor differences being scheduled for Wednesday. That the movement for affiliation was not entirely harmonious was evident from the passage between P. C. Evans, the champion of the cause, and P. C. Scott, who took the trouble to state that the men had decided to leave the question of affiliation to the judgment of the royal commission, P. C. Evans making the quick rejoinder that the men had no alternative and that reiteration of such remarks constituted a waste of valuable time.

P. C. Greenwood stated that many of the men had walked out only through sympathy with the 13 men dismissed by the police commission and not thru any sense of sympathy with the charter. It will be recalled that he was among the missing when the charter was finally ratified. Greenwood in reply to Commissioner Gunn agreed that probably the majority of the men favored affiliation. The argument in the Ellis case will be taken up today.

Pay the Teachers on Basis Of Service and Experience

"It cannot be done. It would cost another seventy-five thousand dollars," was Trustee C. A. B. Brown's answer to a proposal for all the Toronto teachers to be paid in the exact basis of time of service and experience. A petition for this to be done has been sent in by a portion of the women teachers. The new schedule gives all a flat rate increase of \$100 each, but makes no readjustment respecting length of service. The matter has been sent to a special committee comprising Trustees Hamby, C. A. B. Brown and Mrs. Courtice.

CADETS TO LINE ROUTE.

Gen. Gunn's invitation for the school cadets to take part in lining the route for the triumphal return of the Canadian Mounted Rifles, was accepted by the finance committee of the board of education yesterday afternoon. The superintendent of buildings was also authorized to have McCaul School on University avenue decorated, and a platform erected there for the members of the board of education, to view the march past.

In a letter to T. C. Robinson, K. McCullough's case will come before the minister of justice within the next few weeks, and if no reprieve is granted he will go to the gallows on May 2, 1919.

Making and Keeping Friends

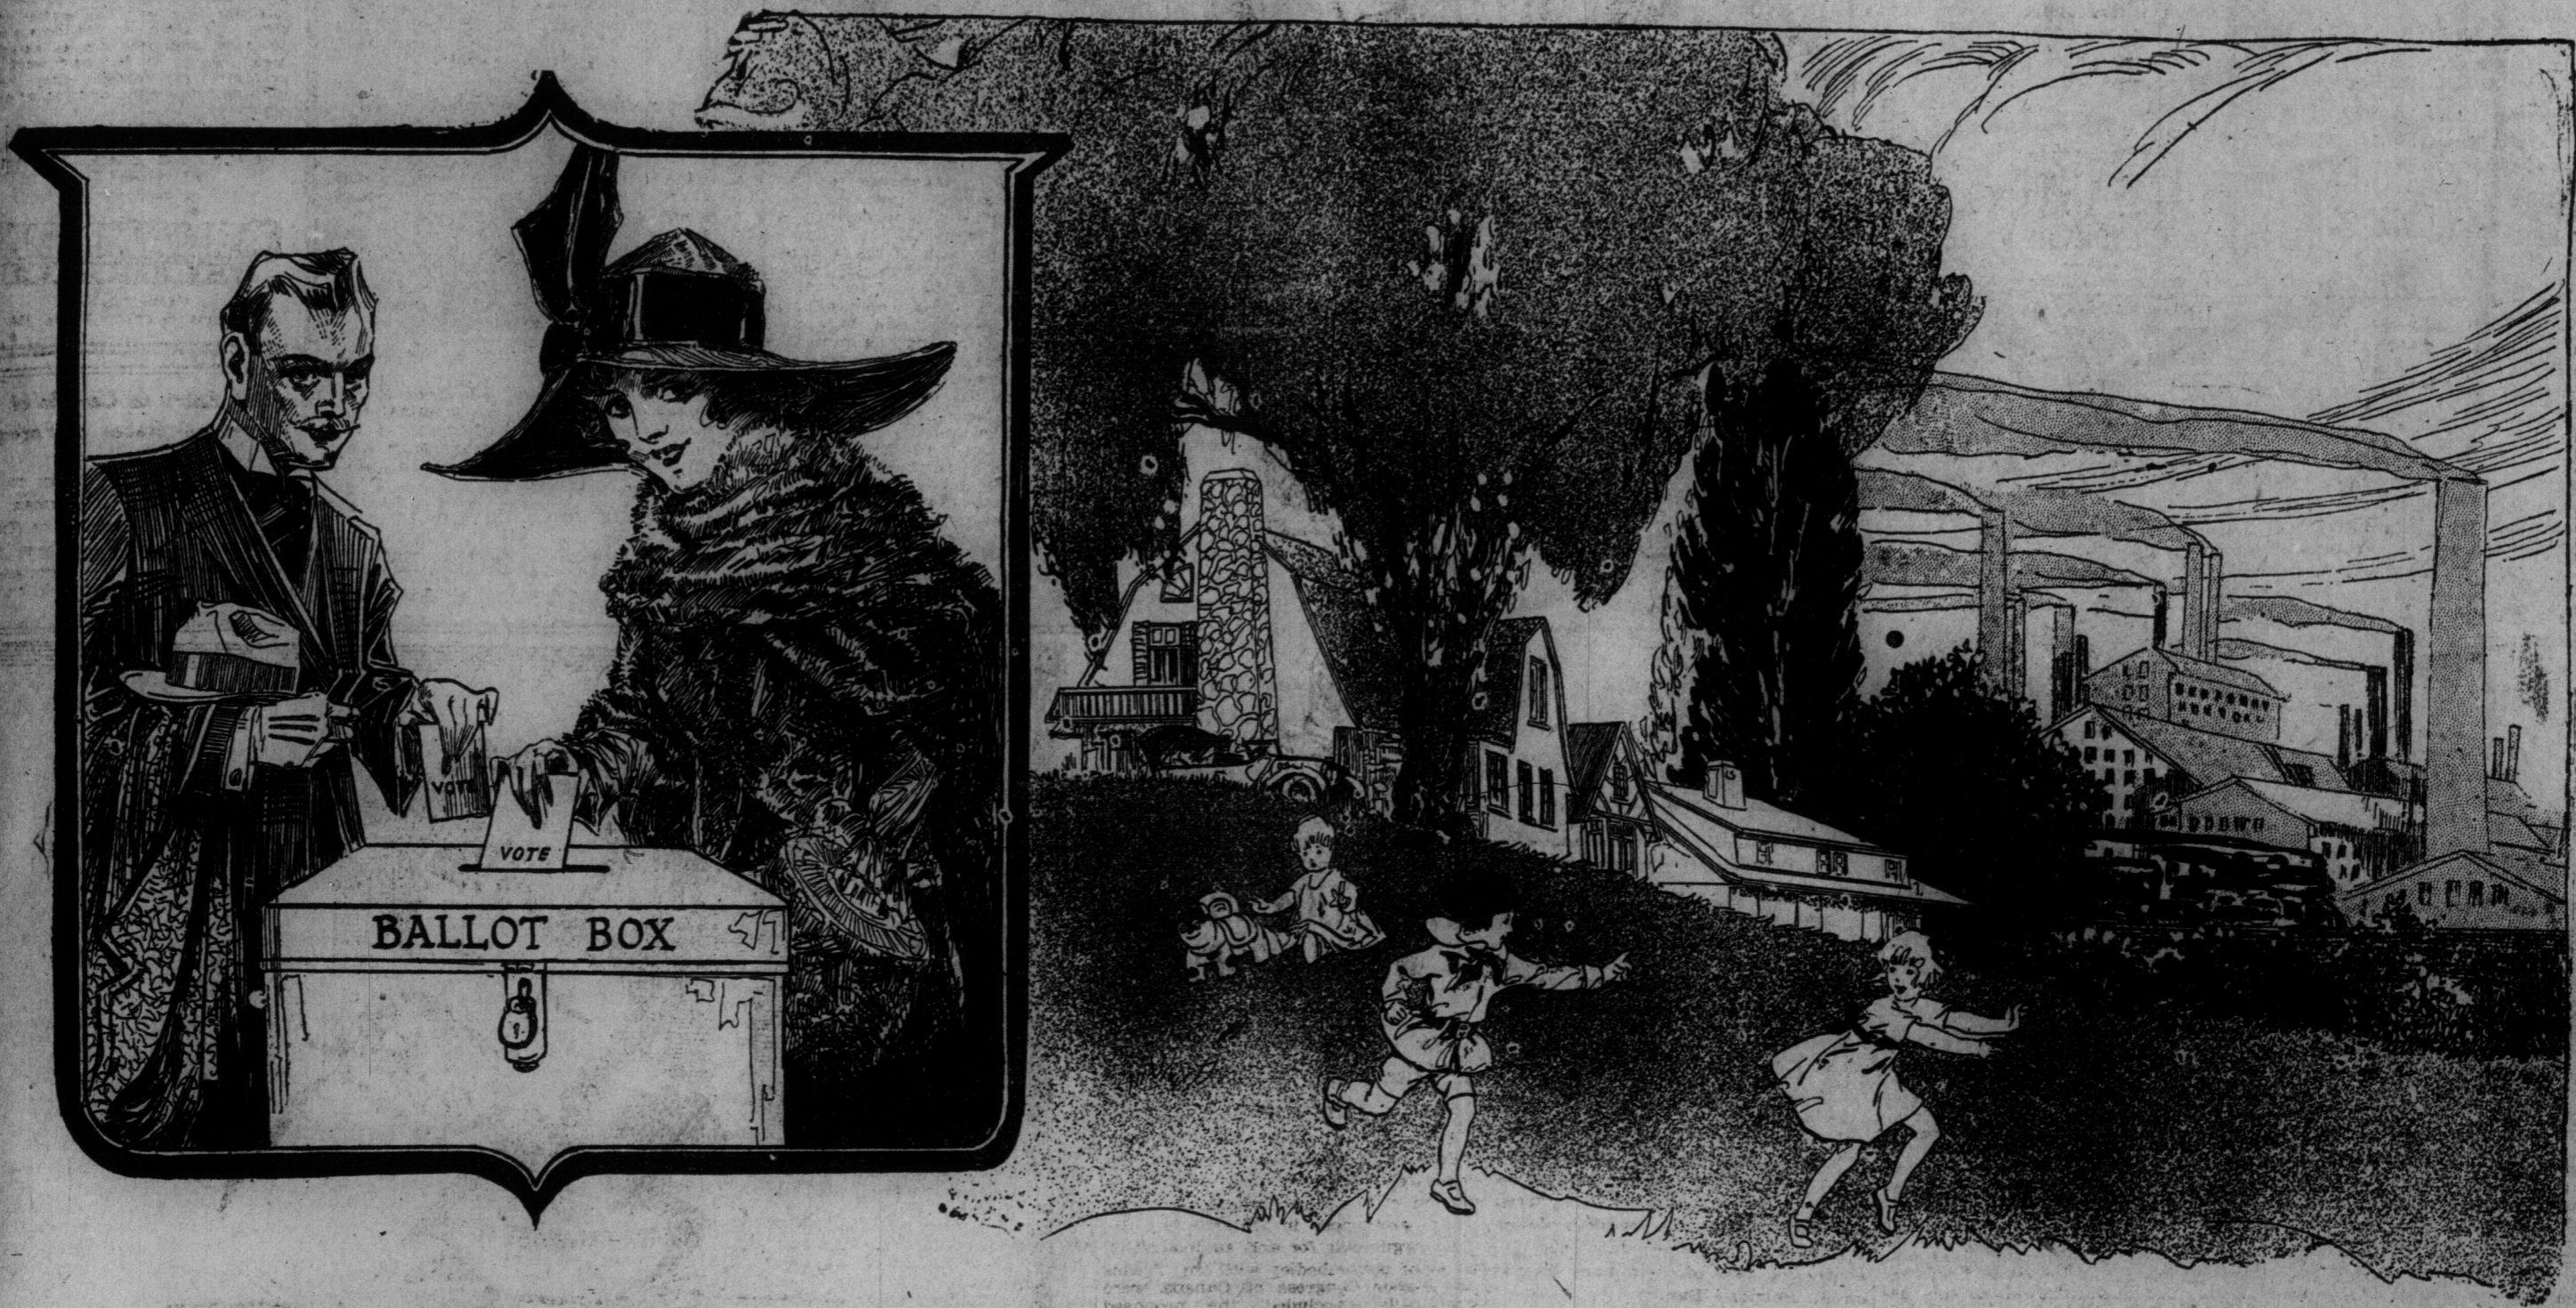

The greatest single asset of The Farmers' Dairy is the good-will of the people of Toronto—a friendship that has grown wider and firmer year after year. We were conscious of this fact 10 years ago, when this dairy was founded. To win that friendship by deserving it was our ideal. To deserve it, we set unusually high standards in our organization. At the farms from which milk came we demanded scrupulous care and sanitation. We insisted that cows be well-tended and well-fed. In building our dairy our ideals were exacting. We built a finer dairy than any existing on the continent—shining white walls, the finest equipment available, a dairy flooded with sunshine! Those ideals of better dairy service are still maintained to-day. We jealously guard our friendship—by keeping higher than ever our standard at every point, from farm to home. As an instance; much of The Farmers' Dairy milk is now brought direct to the dairy by huge motor trucks, thus assuring freshness. At the same time, The Farmers' Dairy has been in the forefront of every effort to keep milk, not only the safest, purest, most wholesome nourishment possible, but also the cheapest food-value in the world. # CANADIANS DEAL WITH CONDITIONS, NOT THEORIES

The ballot box and the home stand for all that is best in Canadian life. Each of them safeguards the other. Many who are loud in protest against real or fancied evils in our political life never go to the voting booth. Non-voters make loud declaimers.

In the picture at the top of the page the artist shows, dressed in their holiday clothes, a young man and his wife voting. As they stand there, they look out beyond the ballot box to their home; and they come away with the knowledge that they have done something more towards the protection of that home and of the budding Canadianism that is being nurtured there.

## Do Your Bit at the Ballot Box

It is at the ballot box that this wage-earner and all who depend upon him for comfort must do a bit towards making this a better land to live in. It is here that he and his wife must make protest against everything that tends to the lowering of standards of living, of opportunity, of civic well-being.

The advantages which flow from free government should be equalized. Everyone should have a square deal. There is nothing that Bolshevism, or any other imported theory, has to offer that cannot be better served by the processes of Democracy and the spirit of Canadianism. We are citizens of a great and free Dominion and best pursue our personal welfare by loyalty to the general welfare. Our ambition is to realize, in fact as well as in form, a classless country. Labor realizes its capacity for independent political reaction. Many Canadian employers are looking for more participation by the workers in the affairs of industry. Employers and employees should forget personal aims for the country's sake. The time to settle a strike is before the strike begins.

LABOR NEWS

UNEMPLOYED SITUATION HAS SERIOUS ASPECTS

Three thousand unemployed are expected to assemble this afternoon at Queen's Park, and the Trades and Labor Council, which has charge of the meeting, expects much enthusiasm to develop, and believes that the demonstration will prove the seriousness of the present unemployment situation beyond a doubt. Those who claim to be in the know estimate the number of unemployed at anywhere from 18,000 to 25,000, including organized and unorganized workers. Leaders interviewed yesterday expressed the opinion that the unemployed men turned out to his opening meetings in much the same spirit as the voter attended the polls, in a half-hearted manner which left everything to the other chap, and that the crowd present this afternoon at the big meeting would represent one-fifth of the total number unemployed.

The building trades are affected more than any other of the trades, many men in this trade being as yet unemployed. The unemployed men in the building trades are prominent among the affected districts. The object of the big demonstration is to urge the government to action in respect to its large contracts, and it is understood that the demands of the men will also include a council alleged to be detrimental to labor.

INDUSTRIAL BANNER BECOMES EDUCATIONAL

A new era is predicted for The Industrial Banner, which from now on will be conducted on educational (not propaganda) lines, with James Simpson, a newspaperman of nearly 20 years' experience, at the head. The financial statement of the Labor Educational Publishers, Ltd., presented at Saturday night's meeting, showed an excellent condition of financial stability, due, it was understood, to the energy and enterprise of Alfred Mance. It has been decided to make a thro canvas of business and influential men in Ontario for stock and subscriptions. The present board of directors comprises James Simpson, John T. Vick, James Scott, Walter Brown, R. Tompkins, Ernie Webb, Wm. Steep and James Rathbone.

James Simpson, Toronto; Mayor MacBride, Bramford; Ald. Halford, Hamilton; H. G. Foster, Hamilton; James Ballantyne, Toronto; W. G. Good, Bramford, members of the provisional executive of the Canadian Labor party, have decided to recommend unity of political interests between labor and farmer. Both the I.L.P. and the U.P.O. are represented in the ranks and on the provisional executive of the new Labor party.

HYDRO POLICY PLEASES.

Tom Moore, president of the Trades and Labor Congress of Canada, yesterday expressed his satisfaction at the results of recent Hydro elections in Hamilton. "I need scarcely say," said Mr. Moore, "that the results of the Hamilton elections favoring the Hydro-Electric policy in Ontario, are such as labor has championed for more than thirty years. Our satisfaction, can, therefore, be well understood."

The Canadian Labor party will hold its annual convention on Good Friday, and, to put the case of the party in a nutshell, "it will either make or break that day." Expectations are that the party, both provisional and only so in name, will on Good Friday, become a permanently organized political labor party with trades unionism strongly entrenched behind it.

PLAYS, PICTURES AND MUSIC

"LEAVE IT TO JANE."

Charm Alexandra Audience With Good Music, Good Plot and Pretty Faces.

One of the really big theatrical successes of thirteen years ago was George Ade's piece, "The College Widow." They have turned it into a musical comedy and called it "Leave It to Jane." Guy Bolton and P. G. Wodehouse have written the book and the lyrics, and Jerome Kern has supplied some very agreeable music, and it went last night at the Royal Alexandra like first love—red hot. There is a joyful, youthful company, with a score of the prettiest girls on tour, and the dresses are all the latest designs and newest colors, a really charming series of effects. The dancing is good, and the fun of the piece is without strain. Encores were plentiful, and in the case of "Sit, Gail had" and the football song, the audience could scarcely be choked off, so infatuated did they become with the irrepressible "Froggie" (Maxwell). Bud Hicks (Clifford Heckinger) and Stub Talmadge (Oscar Shaw).

THE GIRL DODGER.

Indifferent to the outer world when completely absorbed in his studies, Charles Ray in the role of an awkward college youth, who dreads society and girls, suffers a severe wrench when pulled from them to entertain the vivacious Pinkie of the Gaiety Theatre. Such is the theme of "The Girl Dodger" at Loew's this week. A college chum, generally known as the gloom-chaser, is unable to be host at his own party, and the bookish student is called to aid. The two women fall in love with the pretty Anita, the gloom-chaser's fiancée, does with the foreseen result. Suffering under a misapprehension, he of the books discloses secret matters to her, and the result is a broken engagement and a disillusioned Anita. She consoles herself with the "girl-dodger," who has fallen in love with her, and results are favorable all around.

GOOD BILL AT HEAD.

Smart Little Musical Comedy at Head of Bill Proves Exceptionally Good Feature.

Shea's bill this week is decidedly above the average and is as varied as it is entertaining. The headline attraction is the musical comedy "Not Yet Marie," which is an ambitious production, the most conspicuous feature being the beautiful gowns worn by the girls. The music is of the most inspiring, green with envy. Walter C. Kelly, known as "The Virginian Judge," gave a very bright and snappy act as "Bossie." The other parts are all well filled, and it is a thoroughly laughable success.

AT THE GAYETY.

"After the First of July" is Feast of Wit, Color and Beauty. The attraction at the Gayety this week is the Hastings Big Show, "After the First of July." A feature of the performance is the variety of bizarre costumes and the good effect of the color scheme. Absurd episodes and witty sayings kept the audience laughing throughout the whole show. Dan Coleman, for a long time in vaudeville and musical comedy, is particularly droll and his humor and acting proved satisfactory to the audience.

AT THE REGENT.

A wonderful conception of woman is "Revelation" at the Regent this week. Joline, the idol of the Latin quarter of Paris, and with a wild fascination all her own, befriends the poor artist, and helps him to become a genius. Then he is commissioned to paint his own idea of a legend belonging to a monastery near Paris. Brother Augustin has planted a rose bush, and he thinks the lack of two sons is the will of God, and is greatly troubled thereat. Joline, while posing for Granville's masterpiece, causes what is taken for a miracle to happen. Roses bloom where she laid her hand, and in her honesty she goes to disillusion the monks. And then the revelation takes place, and the cabaret-baschante becomes the club. Granville leaves her, thinking the sudden fervor a woman's whim. Then comes the war, when the artist joins an American band and is wounded in battle. Joline, in her role of nurse, saves his life, and discovers her lover again. They are married in the monastery garden. Nazimova as Joline, gives a portrayal worthy of her powers. Her mad pranks as the artist's model undergo a rapid change to the usefulness and devotion of the Madonna. The great actress moves all to emotion with her facial expressions, and the change of character is done in Nazimova's inimitable style. A picture to arouse interest everywhere.

"POLLY WITH A PAST."

Clever Comedy With Real Laughs in Bill of Fare at Princess Theatre.

Clever comedy filled with real laughs, and productive of continuous curtain calls, was the fare served up to the patrons at the Princess Theatre last night, where Belasco's popular hit, "Polly With a Past," supplied the bill. The story opens in the apartment of a New York decorator, and "Polly" is introduced to the audience in the role of a maid. Polly is a minister's daughter, who has left the Ohio village in search of a musical career. Gray Colum, the decorator, has a friend, Rex Van Zile, who is deeply in love with Myrtle Davis, but she is too much taken up with "reform" to give attention to the lover. Rex, his friends, Clay, and Harry Richardson, think of a plan to help him. Polly is the instrument, and as a lady with a past, she assumes the role of a vampire and Parisian siren, but instead of leading Myrtle to Rex, she unconsciously draws him to herself. The clever George Mack, and Herbert Voss, as Clara, and Lloyd Neal as Stiles, and H. Reeves Smith, uncle to Rex. Others who help to the success of the presentation are Francis Verdi, Adah Barton, Betty Linley, Louis Galloway and Inez Sebring.

AT THE GRAND.

"Bringing Up Father at Home" is Bright Musical Comedy of Human Interest.

A bright bit of musical comedy is "Bringing Up Father at Home" at the Grand this week. Combining song hits, dances and humor, it appealed to the audience by reason of its human interest. "Father" is nothing if not human, altho his humor is obvious. The decided feature was the characterization of the cast, who cleverly impersonated the well-known cartoon figures.

AT THE MADISON.

William Farnum and Charlie Chaplin Featured at Popular Theatre.

There is a good bill at the Madison Theatre for the first half of this week. William Farnum is always a welcome star, and in "For Freedom" he has a vehicle that affords him just one of those many roles in the portrayal of which he is unexcelled. The bill

AT THE STRAND.

"Maggie Pepper" Shows Acting of High Order by Cast Including Ethel Clayton.

In the continual stream of photographs which have as their main interest a vampire woman or a sex problem, it is absolutely refreshing to see one which depends entirely on good acting and human interest of the higher type. Visitors to the Strand Theatre this week will enjoy Miss Ethel Clayton's work in "Maggie Pepper," a Lesky production.

The story could hardly be classed as new or original, but it is good, and the heroine achieves the desire of her heart and all the worldly goods she could possibly desire by doing the right thing under trying circumstances. Maggie Pepper starts life as a cash girl in Holbrook's department store. By dint of being the one and only "live wire," she innocently attracts the attention of the heir to the business, who returns from abroad.

"Fired" by the manager, Maggie is just leaving for ever, when she is asked to return and reorganize the business. This she does with great success, and marries young Mr. Holbrook, after several heart-breaking experiences with shoplifting relatives. Miss Clayton's acting makes the story very real. She is supported by an excellent cast.

Other features of the program are quite up to the Strand's excellent average.

## U.T.S. READY TO MEET WESTERN OUTFIT

### Win Eastern Canadian Honors in Handy Fashion From Quebec Team.

University Schools of Toronto are junior champions of eastern Canada. The local team had no trouble in downing Melville, the Quebec champions, in a sudden-death game last night, to see who would meet Patricia's Regina, western Canada champions, in the final Wednesday and Saturday nights. U.T.S. were always best and defeated the Montreal team 8 to 2.

The eastern outfit had weight, and that was what let them out. They knew very little about the fine points of hockey and their system of attack was a lift from far out and then race in for the puck. It was useless against the goal-tending Sullivan, in the Toronto net, and their combination was very poor and their combination was far below the Ontario standard.

Munro shines brightly. Munro was the bright shining light for the victors. He opened some sparkling rushes and his shooting was brilliant. He was not only a brilliant scorer but also a brilliant passer. He was the key to the team's success.

The Quebec team was the team of the first and third periods. The middle period was under the O.H. team, and the eastern rules for the same rules as prevail in the pro. game with the exception that there is no space in center ice where offside are allowed. The penalty system is also different.

The Toronto team showed their best effort in the first period. They were under the eastern rules again, but it did not bother Varley Schools. They worked a two and three goal game in the first period. Dunk Munro worked right thru and then passed on to one and two goals for the first period. Munro took a lone trip for a tally with a shot from outside the defence. Then the Montreal first goal arrived when Hardie netted the rubber from a scramble in front of Sullivan.

### U.T.S. (8): Goal, Sullivan; defence, Munro, Rowell; centre, Aggett; right, Jeffreys; left, Greay, Sears, Kearns, Gunn, Belliveau, Lyne.

### Melville (2): Goal, Fuller; defence, J. C. Hardie, W. D. DeLoe, J. G. DeLoe, right, Guay; left, McFarlane, Sube, Howie, Williamson, Plov, Glickman, Smith.

## Selkirks and Pats Look Strong Clubs

Selkirks, Manitoba and western senior champions, who play Hamilton Tigers in the first game for the possession of the Allan Cup at the Arena tonight, worked out at the Arena yesterday. They are found to have a hard hat of 1200 pounds. Goodman, the speed champion, they have a wonderful skater. It is expected that they will find them harder to get around than the Montreal pair. The Pats give the impression of playing much the same brand of hockey as the Selkirks. It remains to be seen if they can stand the hard work that is prevalent in the east.

## Vets Enjoy Boxing Bout at Hamilton

Hamilton, March 17.—The Knights of Columbus staged some nifty boxing bouts for nearly 500 veterans in their hotel tonight. There were twenty rounds of boxing and a wrestling match billed, and if the applause of the veterans could be taken as a criterion the Irish Kennedy of Hamilton knocked out Kid Alberts of Buffalo in the fourth round of a six round bout at 1200 pounds. Bobby Eber of Hamilton outboxed Young Wiley of Buffalo to such an extent that his six round bout at 1200 pounds was stopped.

## Benefit Game Yielded Bill Dies Fine Sum

On behalf of the Beches A.A.A., the committee submit the following statement in connection with the benefit hockey game, held under the auspices of this club some weeks ago. While not making any claim for the proceeds of this statement they would in fairness be pleased to explain that tickets were issued to 1000 people, who in 3 great many cases gave them out in sympathy with the club. It was practically impossible to get the full returns together until now. After the game had been held, the arena's receipts, \$300, one mile and fifty yards, 1. Lady Jane Grey, 112 (Murray), 7 to 5 and out. 2. Sordella, 111 (Boland), 25 to 1 to 10 and out. 3. Sordella, 111 (Boland), 25 to 1 to 10 and out.

## THORNCLIFFE STABLES ENTER SEVEN FOR THE SIXTIETH KING'S PLATE RACE

Thirty-Seven Altogether or Five More Than Last Year—Future Events Filled Well.

The Ontario Jockey Club today proclaimed the list of four stakes that closed March 4, including the sixtieth annual renewal of the race for the King's Plate, which has 27 entries, or five more than in 1918, which was the only betless plate of the three-score. The three future races closed with splendid lists, especially the Stanley Produce, that has 61 entries. The latter race, which does not yet give any exact dates, and also adds that the Ontario Jockey Club reserves the right to cancel any race in the event of all entrance fees paid in advance.

The King's Plate—Fifty guineas, the gift of His Majesty George V., with \$7500 added by the club. The first horse to receive the guineas, stakes, and \$5000 is the second horse, and the third horse \$500. The breeder of the winner to receive \$500. A sweepstakes of \$5,000, either on the flat or across-country, for other horses, raised and trained in Ontario, that have never won a yearling race, have never left Canada, and have never been for a period of more than one month out of this province. Winners to carry 5 lbs. extra. Death of nominator does not render entry void. One mile and a quarter. A piece of plate will be presented by the club to the winner.

## New Bowling Congress Records for Singles

Toledo, March 17.—Scoring a total of 718 in his three games in the individual of the American Bowling Congress here tonight, Harry Cavan of the Unger team of Pittsburgh, broke the congress record and went into first place in the standings, thirty-five points above the mark set by Peter Miller of Toledo a week ago.

At the battle of the Somme in September, 1918. On the 12th of the month, the battalion moved up to the front line and on the 16th took part in the attack on the German trenches.

At Hill 70 and Passchendaele the Battalion did good work and it was at the former place that heavy casualties were suffered through the use of "mustard gas" for the first time in the war.

At the battles of Amiens, Monchy, Cambrai, Valenciennes, and Mons in 1918, the battalion fought splendidly as could be expected from a unit with such a long and illustrious record.

PRINCESS PATS FIRST TO LAND Famous Regiment Arrives at Halifax With 4th C.M.R. and 9th Ambulance. FOUR V.C. WINNERS Among Carmania Passengers—Gen. Sir Frederick Maurice Now in America.

Halifax, March 17.—The transport Carmania from England with the Princess Pats, the 49th Battalion, the 4th and 5th C.M.R., and 9th Field Ambulance, Montreal, under command of Lieut.-Col. C. W. Vipond, of the Canadian expeditionary force, arrived in port this morning shortly before eight o'clock.

It had been General Currie's idea that the units should return to their homes with their own wounded, but Argyle House had decided against this plan on the ground that it involved too much documentation. Col. Adamson relinquished the command of the Pats when his eyes failed him. He was transferred to corps headquarters and was succeeded in the command of the regiment by the late Lieut.-Col. Charles Stewart of Hamilton. Col. Adamson is proceeding to Toronto. The records of the regiment showed that approximately 8,000 men passed through the battalion during its period of active service. The decorations won by the officers are as follows: D.S.O. and bar; D.S.O.; M.C. and bar; M.C. (4); M.V.C. (1); mentioned in despatches, 31; French Croix de Guerre, 5; Order of St. Ann, Cross of St. George, 2; other ranks, V.C., 2; M.C., 1; M.M., 1; M.M. and bar, 6; M.M., 138; M.S.M., 2; mentioned in despatches, 15; French Croix de Guerre, 5; Belgian Croix de Guerre, 2; Cross of St. George, 1.

Sergt. F. J. Simpson of Edmonton, besides being a member of the original battalion, claims to be the first Canadian combatant to land in France. He was sent over with the 4th and 5th C.M.R. and when the ship was docking, was ordered to carry ashore a bag of grain which would have interfered with the disembarkation of the men. He was the first man down the gang plank. This was on the 21st of December, 1914. He enlisted on the 12th, and his V.C. at 1st Edmonton on the 12th, and has never been back since. He was wounded three times, but took part in most of the major engagements. Sergt. Simpson was a member of the guard of honor supplied by the regiment at Princess Patricia's wedding. Lieut.-Col. Adamson, who was transferred to the 5th C.M.R. He won his commission on the field, his M.M. at Passchendaele, his M.C. before Amiens on Aug. 2, and his V.C. at Monchy, when, to use his own words, he "rooted out a number of German pill-boxes and captured thirty-five or forty Hunns."

"WHISKEY OR LIFE," SAYS HIGHWAYMAN Quebec, March 17.—Informers days, highwaymen held up the people with the cry of "money or life." Saturday evening in Quebec, this was changed to "whiskey or life," and Geoffrey Turcotte, clerk, experienced this new policy at the hands, he says, of three returned soldiers who cornered him in a dark bend of Bonaparte street, near his own home. Turcotte was badly beaten and his clothing sliced with knives by the men, who evidently attempted to rob him. He is in a precarious condition.

To Confer at Regina Today About Prince Albert Finances Regina, Sask., March 17.—An important conference is being held here today, presided over by Premier Martin, to discuss the financial affairs of Prince Albert, a subject of interest to every municipality, and every bond house in Canada. Prince Albert owes about \$8,000,000, and is unable to pay the interest on this sum. The conference will commence tomorrow morning. Hon. W. M. Martin, premier of Saskatchewan, presides.

Railway Commission Dismisses Railway Merger Application Ottawa, March 17.—The railway commission has dismissed all applications for sanction of agreements for sale to the Central Railway Company of Canada of the Ottawa Valley Railway Company, the Central Counties Railway Company, the Carillon and Grenville Railway Company, the Ottawa River Railway Company, and the Ottawa River Navigation Company.

Bolsheviks Are Preparing For Aircraft Propaganda Washington, March 17.—The Russian Bolshevik government is planning to use aircraft in propaganda campaign in England and France, according to Swedish press reports made public today by the state department. Aviators for the work are said to be in training at Moscow. The scheme is to drop papers containing Bolshevik propaganda written in intelligible ink.

PROVINCE LOSES AN EDUCATIONIST Superintendent of Education for Ontario Died Yesterday.

Dr. John Seath, superintendent of education for Ontario, died yesterday at his residence, 84 Walmer road, Toronto, after an illness extending over three months. Dr. Seath held a high position in Canada, as one having an expert knowledge of all matters pertaining to education. A native of Scotland, he arrived in Ontario in the early days and took an active part in the development of our present educational system. For many years he was chief inspector of high schools in the city, finally attaining the important position of superintendent of education for Ontario, from which death has just severed him.

PROVINCE LOSES AN EDUCATIONIST

Superintendent of Education for Ontario Died Yesterday.

Government Will Welcome Railway Act Deputations

Mayor Church has received notification from Sir Thomas White, acting premier, that the government will be pleased to receive deputations from the municipalities who are protesting against the inserting of a clause in the consolidated railway act, which they claim will allow radial lines to infringe on public highways and streets.

FIREMAN SUSPENDED.

For statements alleged to have been made by him, reflecting discredit on the board of control, R. B. Bullick of the Portland street firehall has been suspended by Chief Smith. It is thought quite probable that, on further investigation, the suspension will be removed. Chief Smith was satisfied that the interview was not given. Mr. Bullick denies having said anything to the above effect.

MONEY AND EXCHANGE. London, March 17.—Money, 3 1/2 per cent. Discount rates, short and three months' bills 3 1/2-3 3/4 per cent.

NEW YORK CURB. Hamilton B. Willis received the following wire at 10:30 a.m. from the New York Curb Market yesterday: The market started in the new week today with an excellent exhibition of strength.

NEW YORK STOCKS ARE AGAIN ACTIVE

Price Movements Are Often Violent Even in Issues of Same Groups.

New York, March 17.—The stock market today entered upon its fifth consecutive week of speculative activity, the extensive operations being accompanied by developments helpful in the main to the long account. All the week was not of an encouraging character, however, as demonstrated by a sensational break in exchange on Paris and the adverse annual report of the American Smelting Company, together with similar statements, submitted by other important industrial corporations.

FREE GOLD PLENTIFUL IN DAVIDSON ORE BODY

Important Strike at 500-Foot Level of Property is Confirmed.

Directors of the Davidson Gold Mines returned yesterday after a visit to the property. They went north following the announcement of an important strike at the 500-foot level on the property. The strike was in the main vein system previously indicated by diamond drills.

LA ROSE REPORT SHOWS DROP IN ORE RESERVES

The report of La Rose Consolidated Mines for the year 1918 shows a decrease of 183,781 tons in the ore reserves compared with 1917. The total production was 258,556 ounces, against 437,337 in 1917.

There were no new developments in the local flour situation today, prices for all grades being maintained. There was a steady demand today for \$7.50.

ELEMENT OF RISK

There is an element of risk in every commercial undertaking. In initial stages of development a gold mine involves perils as much as any other industry. As the property develops and proves up greater volumes of commercial ore the element of risk is gradually eliminated.

DAVIDSON GOLD MINES. A speculative investment is one which has the security of an investment and yet one which has still to discount the value represented in the property.

DAVIDSON GOLD MINES. As a result of the sensational strike made a week ago at the 500-foot level of the Davidson, we believe the property will become one of the most important producers of Northern Ontario.

DO NOT FAIL TO INVEST IN DAVIDSON WITHOUT DELAY. WE RECOMMEND IT AS THE MOST ATTRACTIVE SECURITY ON THE MARKET AT PRESENT.

QUIET TRADING ON TORONTO MARKET

Cement, Brazilian and Maple Leaf Sell Lower—Steel of Canada Firm.

The week opened on the Toronto exchange in rather spiritless fashion. Cement, Brazilian, Maple Leaf and Mackay being the only stocks in which transactions reached the hundred-share mark, and the trend of prices being toward slightly lower levels, with however, Mackay, Steel of Canada and N. S. Car preferred among the exceptions. The wheat loans have also fallen into a state of comparative quietude, with prices holding steady.

Comment, which led in activity with a turnover of 360 shares, was under moderate pressure through, ranging between 6 1/2 and 6 3/4, and closing at 6 1/2 for a net loss of half a point. Comment can, however, be considered as being well in the light of Manager Jones' recent discouraging statement. Maple Leaf was in fair demand in the morning, closing at 140, but in the afternoon the price yielded to 140, a net decline of a point. Brazilian sold off 3/4 to 54 1/2, a net loss of a shade firmer at 10, while there is little in the cable news to make for optimism at the present time. Ten shares of Toronto Railway sold 1/2 higher at 43, but board has continued on offer at 42 with 41 shares of Steel of Canada, the annual report of which company is expected to be issued soon, was up 1/4 to 52.

Domestic iron was not traded in, but the bid declined from 60 1/2 to 60. Mackay was well bought at from 77 1/2 to 78 1/2, a net gain of 1/2, and N. S. Car preferred, which sold in the morning at 59, came out to the extent of 20 shares in the afternoon at 61 1/2, a net gain of two points. The Victory bonds of 1937 and 1938 are in the great bulk of the trading in this section, the former closing 1/4 up at 105 1/2, and the latter unchanged at 104 1/2. The day's transactions: Shares, 107,300; bonds, \$118,950.

ANOTHER SHARP BREAK IN FRENCH EXCHANGE

New York, March 17.—International bankers and dealers in foreign exchange expressed surprise today at the further violent break in French exchange, the rate falling from last week's final quotation of 5.53 1/2 to 5.75 after opening at 5.61. This extraordinary disparity implies that it now takes 53-4 francs to purchase an American dollar against the long-pending rate of 5.45.

According to New York bankers London has been selling French exchange extensively during the past fortnight, the movement finally causing heavy liquidation of French bills here.

CONFIDENT UNDERTONE IN NEW YORK MARKET

Henry Clews, New York, in his weekly market letter says: "There is an undertone of confidence based upon prosperity of the agricultural classes, and the fact that industry is quite active, except in spots where either the loss of war orders or the fear of lower prices and wage difficulties has checked business. Of course there is a great deal of industrial unrest, but the population is increasing; the supply of food, clothing, shelter and transportation has fallen short of demands and the only outlet for most of our economic difficulties is to produce more and increase the supplies of necessities in order that prices may fall and lower the cost of living."

KEORA LEADER IN MINING MARKET

Davidson, Wasapika and Ophir Are Among Other Strong Features. Keora, Davidson and Wasapika of the gold group, and Ophir of the silver list, were in the foreground in yesterday's steady and fairly active market on the Standard Exchange.

The undertone continues excellent, but a broker remarked yesterday that there had been too much floor trading during the past few days for the good of the market, and that the day-to-day scalping of profits gave to the trading an appearance that did not make clear the underlying strength. The public, however, are in the market for stocks as favorable opportunities offer themselves, and the buying is more than sufficient to take care of the selling. Keora was easily the day's feature, with a turnover of more than 30,000 shares, the price rising from the opening at 18 to 20 1/2, and closing at 19 1/2 for a net gain of two points. Active development work is proceeding on the property, and favorable results are anticipated. Davidson advanced half a point to 70 and held the gain. The directors have returned from a visit to the mine impressed with the significance of the recent find on the 500-foot level in the main vein system. A cut has been driven across the vein 30 feet without the least fall. Old logs of the recent find predicted that the assay will show surprisingly high values. The Davidson mill resumed operations yesterday, and will put thru between 25 and 30 tons a day for the present, treating high-grade ore recently found on the 500-foot level. Wasapika was consistently strong, selling up to 51 and closing there, a net gain of a point. Wasapika is now only two points up the record price attained last fall. Old logs of Lake Shore sold two points up to 95. Dome Extension was weaker, declining a point to 28. Schumacher was offered at 37, with 45 bid according to official information the Schumacher will go in operation again soon. Arrangements are now being made to de-water the workings which work may be started in a few weeks. T. J. Harwood, formerly of the La Rose Mines of Cobalt, and who had charge of the Schumacher for a number of months before closing down last July, has been selected as manager. The directors plan an aggressive development campaign, which includes the sinking, as soon as possible, of the main shaft to a depth of 1000 feet and exploratory work on the level. Ophir was active and strong, closing half point higher at 11 1/2. There seems to be little doubt that rich ore has been found on the property, and some samples which reached the city yesterday were favorably commented upon. The Nipissing will exercise the option, but the outlook is a hopeful one. Trethewey was firm at 38 1/2, with 40 bid. Beaver was steady at 43 1/2, but Crown Reserve and Adanac were lower, the former selling off 1 1/2 to 46, and the latter 1 1/2 to 30 1/2. Peterson Lake was held at 81 1/2, with 8 bid. It is proposed to start de-watering the old Seneca Superior shaft within the next two months. It is thought that some of the Beaver was steady at 43 1/2, but Crown Reserve and Adanac were lower, the former selling off 1 1/2 to 46, and the latter 1 1/2 to 30 1/2. Peterson Lake was held at 81 1/2, with 8 bid. It is proposed to start de-watering the old Seneca Superior shaft within the next two months. It is thought that some of the

Future Prosperity. CANADA'S future prosperity depends chiefly on the efforts and thrift of her citizens. Those who save, provide the means for rapid reconstruction; and the enlargement of their country's industry and commerce. THE CANADIAN BANK OF COMMERCE.

THE ATLAS GOLD MINES, Limited. (No Personal Liability) Authorized Capital - - \$2,000,000.00 \$900,000.00 Reserved for the Treasury PAR VALUE OF SHARES \$1.00

The principal exploration on the ATLAS is on a promontory jutting out into Wasapika Lake. Lakes are often due to faults or disturbances of the crust of the earth, and this may account for many rich mines in this vicinity. All the experts who have seen the ore from the ATLAS agree that it shows intense vein-forming influences. It is certainly very rich. Vein No. 2 gave an average of \$65.00 after discarding visible gold, and \$159.40 per ton without this precaution. Vein 7Y shows \$108.15 per ton, and No. 1, of which there is a photograph in the prospectus, gave \$34.01 per ton. No. 6 vein is the lowest in tenors, 36 samples averaging only \$12.80. These, however, are normal values in other camps. A mill run of nearly 1,500 pounds from the Evelyn Vein on the Atlas gave \$80.56 per ton. It must be conceded that these results are very satisfactory. The best values being obtained elsewhere amount to \$25.00 per ton. This is on the Lake Shore, now working under Kirkland Lake. After providing for metallurgical losses of 45 cents per ton, and ore dilution of 10 per cent., the ore at the Hollinger Consolidated will give \$8.00 per ton. With medium values, very large operations are always necessary. But 15,000 tons of \$80.00 ore per month would mean profits of \$1,000,000.00. Send for our illustrated prospectus. See our samples and a photograph of No. 1 vein. Investigate fully and then form your own opinion. The shares are going at the very low price of 25 cents.
