DR. TOLMIE SURVEYS OUTLOOK IN CANADA FOR AGRICULTURISTS

Farm Wealth Totals Seven Billion Dollars—Presents Department Estimates.

ASKS FOUR MILLIONS

Ottawa, May 14.—(By Canadian Press).—For the first time this session, practically the whole sitting of the house, afternoon and evening, was devoted to the discussion of departmental estimates. After the preliminaries were included at the opening, Dr. S. E. Tolmie, minister of agriculture, took the floor, and in a comprehensive statement, surveyed the agricultural situation in Canada. He estimated the total agricultural wealth of Canada at \$7,379,299,000, and stated that there were \$3,049,640 acres of land under field crops in 1919. The value of agricultural products last year was \$1,975,841,000, far exceeding the country's mineral, forest and fisheries wealth, figures for which were quoted by the minister.

Dr. Tolmie was asking for a total vote of \$3,993,000 to carry on the work of the department for the present year. This is somewhat larger than the vote last year, which amounted to \$3,645,000. The first item on the list, and the largest was a vote of \$1,200,000 for experimental farms, and it brought forth a great deal of comment from members in all parts of the chamber. W. H. White of Victoria, Alta., who followed the minister, rather depreciated the general breeding of pure-bred stock, to which the minister had referred appreciatively, remarking that Dr. Tolmie perhaps regarded the agricultural business more with the eye of a showman than a practical cattle man.

Other members, expressing appreciation of the way in which the minister had spoken on the subject, made special requests for the establishment of experimental farms in (Continued on Page 11, Column 3).

READY FOR TOURISTS IN BRITAIN AND FRANCE

New York, May 14.—Conditions in England and France, so far as tourists are concerned, are almost normal and both countries are adequately prepared to take care of visitors, it was declared here tonight at a banquet given by the foreign correspondents in honor of Major Evelyn Wrench, a member of the staff of Lord Northcliffe.

Major Wrench said he was surprised to find so many erroneous ideas here regarding England. He declared food was plentiful there and even cheaper than in the United States, and that labor was fully occupied at wages far in advance of pre-war scales.

Maurice Cogan, French high commissioner to the United States, declared that all that had been said of England could be well applied to France.

Fatal Riots in Sardinia Against Cost of Living

London, May 14.—Rioting, in which five persons were killed and several others injured, followed a meeting at Sardinia, held in protest against the high cost of living, according to a Reuter despatch from Rome. After the crowds were quieted, the report adds, a protest strike was declared.

FRENCH AND BRITISH PREMIERS TO CONFER TODAY AMID ROMANTIC SURROUNDINGS

Grounds of Sir Phillip Sassoon at Lympne Are Carefully Guarded—Lloyd George Cordially Greets Mille rand.

Hythe, England, May 14.—The quaint village of Hythe, on the English Channel, five miles west of Folkestone, with its red-roofed villas clustering on the green hills stretching up from the sea, is crowded tonight with British and French officials, who have come here to be in close proximity to the British and French premiers, when they enter into conference tomorrow, at the nearby village of Lympne, with regard to the details of the approaching meeting of the members of the supreme council with the German leaders at Spa, Belgium.

The actual participants in the conference will be limited to a half-dozen, but a great number of experts and clerks have been mobilized, in case they are required.

The grounds of the home of Sir Phillip Sassoon, at Lympne, where David Lloyd George, the British prime minister, is resting, are being guarded by police, and admission to the premises of the villa is being refused to all persons except the members of Mr. Lloyd George's official family. SAY BRITISH GAVE TOO LITTLE CREDIT TO U. S. VESSELS

Daniels Declares Sims Should Have Kept Own Record of Attacks on Submarines.

ONLY 24 SUCCESSES

Washington, May 14.—Admiral Sims robbed American destroyer crews of credit due them by leaving the investigation of combats with submarines to the British admiralty. Secretary Daniels today told the senate naval investigating committee, had he known that American officers were not reviewing the circumstances of battles between American vessels and U-boats, he would have peremptorily ordered the admiral to adopt that course, the secretary said.

Admiralty reports and awards of credit to the Americans were accepted by Admiral Sims, Mr. Daniels said, although the British demanded absolutely conclusive proof before giving credit for the sinking of a submarine—in the case of an American vessel, while using a less rigorous standard in the case of British ships.

Out of 258 attacks on submarines by American vessels, the British gave the United States forces credit for but 24 successful attacks, most of which were listed as "possibly slightly damaged," said Secretary Daniels. In only one case was full credit for the sinking (Continued on Page 7, Column 2).

Hydro Board Turns Down Electric Workers' Request

Refuses to Grant Board of Arbitration But is Willing to Increase Wages Altho Not to the Extent That the Men Demand.

Niagara Falls, May 14.—A strike on the Hydro is now practically certain. The trades and labor federation have received a telegram to night from Sir Adam Beck refusing a board of arbitration so that according to the resolution carried last night the men will walk out Monday morning at 10 o'clock. One great difficulty will be the boarding houses. These are Hydro owned and the men to the number of about 1,300 will be without houses.

The next move in the threatened strike of the Hydro electric employees at Niagara Falls rests with the men and the provincial board of commissioners met yesterday afternoon and refused to grant the men's request for either the desired increase in wages or the appointment of a board of arbitration. There was a full meeting of the board and a committee representing the men was present as were also

AMERICANS DUMP GOOD FOOTGEAR AT LOW PRICES

Since July, 1919, Price to Canadian Wholesalers \$3.43 for Boots.

HARD TO EXPLAIN

The Canadian Reconstruction Association believes that it has indisputable evidence that United States boot and shoe manufacturers are "dumping" leather footwear into Canada at prices very considerably below those at which they sell to customers in the home market. A statement to this effect was issued yesterday by Sir John Willison, president of the association. Sir John bases his conclusion on the official statistics of exports of leather, boots and shoes from the United States for the eight months, July 1, 1919, to February 29, 1920. He says:

"The average stated value per pair of children's boots and shoes exported to Canada was 95 cents as compared with an average value of \$1.75 for children's boots and shoes exported to all countries. Buyers in South America paid \$1.62; those in Cuba, \$1.58; in Mexico, \$2.20; in Europe, from \$2.08 to \$2.51. In the case of men's boots and shoes the average stated value per pair to Canada was \$3.42 per pair, which was lower than the average value of exports to any other country, with the sole exception of Jamaica, which requires light and comparatively cheap footwear. The United Kingdom paid \$5.32 per pair; Italy, \$5.24; Belgium, \$4.09; France, \$4.40; Argentina, \$6.22; Cuba, \$4.35; China, \$5.44; Japan, \$3.78; Australia, \$7.15. The average stated value per pair of exports to all countries was \$4.47.

BOYD APPOINTMENT IS OBJECTED TO

Former Juvenile Court Judge Described as an Incompetent.

The appointment of former juvenile court Judge Boyd to a position in Osgoode Hall was the subject of a strong protest in the legislature yesterday afternoon. The Liberal leader, Hartley Dewar, brought the matter up. It was strange, he said, that the appointment should have been made in view of the protest of the Toronto city council that he was an incompetent official. Further, the appointment had been made without consulting any of the Toronto members.

Mr. Dewar: Why was he removed, then?"

The attorney-general: "He was found not suitable for the position and was asked and accepted another one in which he was found satisfactory, being more fitted for it. As to his successor, in the juvenile judgeship, the appointment was made after careful consideration."

Give Them Permanent Jobs.

The premier told the house that in future the government would place on the permanent staff every official who was found competent. The old government carried officials on the temporary staff for ten or twelve years in many instances before making their appointments permanent.

As a keepsake the former emperor presented a marble bust of himself to the count.

TORCH AND OUTRAGE STILL RIFE IN SINN FEIN RAIDS IN IRELAND

MORE BUILDINGS ARE DESTROYED

Dublin, May 14.—An official report issued this evening says that on Thursday night 17 vacant police barracks and huts were raided and wholly or partially destroyed. Five post-offices also were raided, the officials being held up by armed masked men. The money in the offices was taken and instruments destroyed.

In addition five revenue offices were raided and the income tax books removed. Notices were posted in various districts conveying threats against persons who fail to abstain from speaking to policemen.

In the raids on the revenue offices no documents relating to old age pensions were disturbed. Notices were left behind saying that nothing had been taken from them "except matter harmful to the Irish republic."

The Maynooth town hall, which was the property of the Duke of Leinster, was destroyed by fire this morning. Bodies of constabulary and military reinforcements are arriving in the counties Leitrim and Roscommon.

At Carrick-on-Shannon, the board of guardians today unanimously adopted a resolution proposed by its chairman, refusing to acknowledge any government in Ireland except the Sinn Fein parliament.

At Dungarvan, the postoffice was raided today by eight armed and masked men, who seized all the letters addressed to the postoffice.

At Crokestown, Tyrone, an income tax collector was held up today by raiders, who took all of the official papers in his possession.

An unlicensed constabulary barracks at Shanigold, Limerick, was demolished at midnight last night by men who used pickaxes and crowbars.

Police barracks near Leitrim and at Keshcarrigan, Ballyfarnon, Creveck and Hill street were burned to the ground Wednesday night by bands of disguised men. The barracks here, the finest in the country, were occupied by a sergeant and his wife, the former being ill. The couple were ordered out before the building was set afire.

The customs office at Carrick-on-Shannon was broken into during the night and income tax papers were destroyed.

ARMENIAN TROOPS READY FOR AN ATTACK

London, May 14.—The war office, in a communique issued tonight, announces it has no confirmation of reports that the Ukrainians have occupied Odessa or any other important town.

Armenia, the war office reports, has rejected the ultimatum of Azerbaijan, and is concentrating troops to repel the expected attack. Rumors that the Armenian republic has surrendered to the Russian government, so far as the British war office knows, are unfounded. The communique says Armenia is negotiating for an alliance with Georgia and has applied to the entente for assistance.

Revive Kidnapping Theory In Case of Ambrose Small

Information for Warrant Said to Have Been Sworn Out by Brother of Missing Man--Former Employee of Grand Opera House Makes Sensational Sworn Statement.

The authorities who are dealing with the question of the fate of whereabouts of Ambrose J. Small have evidently been spurred to energy, as several new facts in connection with the case have come to light and an almost buoyant belief that the millionaire is still alive, but being held for ransom, is being displayed.

In circles that are to be depended upon for correctness of information, it is stated that an information for a warrant has been sworn out by Percy Small, a brother of the missing man, and that the police authorities now hold the document and are quite prepared to execute it when certain information comes into their possession.

The police in charge of the case have lately obtained a sworn statement from a late employee of the Grand Opera House to the effect that he was approached some little time before Mr. Small disappeared with a proposition that he should be one of a small party to kidnap the millionaire and hold him for ransom. The actual kidnapping was to be carried out at the theatre. At least one other person to whom a like proposition was made has been unavailingly held by the police.

May Demand Big Ransom.

Many of those who are connected with the case, so it was stated yesterday, would not be at all surprised to find the ransom demand for \$250,000 reaching them directly the Roney bill authorizing the administration of Mr. Small's estate becomes law. The reason why a ransom has not been demanded during the many months the millionaire has been absent is easily explained when all the facts are known. The kidnappers, it is stated, had no one in Mr. Small's circle prepared to advance such a sum as the kidnappers could demand for the release of the missing man. Those who are so-called "fixers" knew exactly what they were doing, and it is presumed that it is presumed they did the financial standing of his friends and have big chances with the law. It is felt, therefore, that when Mr. Small's millions in the bank become available for use the big ransom will be asked. The sentiment yesterday was one of hope in official circles that something definite would transpire before the end of the month.

HAMILTON'S LABOR SITUATION SERIOUS

Announcement to Follow Union Meeting This Morning—Hospitals Unaffected.

Hamilton, May 14.—(Special.)—Hamilton's labor situation continued to be grave tonight. The committee of engineers appointed by the engineers at their mass meeting on Thursday night and who were armed with a strike vote were in session tonight until midnight. It was announced that there would be nothing definite announced until after the union meeting on Saturday morning, when the decision which the committee came to tonight will be handed down.

Indications were that whatever action the engineers might decide upon those in charge of engineers at the hospitals would not be called out.

Would Lose Public Support. In a statement today Mayor Booker declared that if the engineers were called from the hospitals and waterworks plant, the strikers would immediately lose public support.

HAMILTON

Hamilton, May 14.—At a meeting of the board of control this afternoon it was arranged to send a deputation to Ottawa on Monday to confer with the government. The cabinet ministers will be asked to extend federal aid towards meeting the cost of local highway engineering, the railroad improvements, and urged to have an early start made on the construction of the new postoffice.

Members of Olympic sanctuaries, St. Catharines, were the guests tonight of Shray Sanctuaries, No. 152. The degree of humility was conferred on a class of 150 members following a parade of the Ottawa street. The visiting delegation numbered about 700, about 300 coming from Brampton for the occasion.

FAVOR PROMOTION TO FILL VACANCIES Policemen's Union Passes Resolution as Result of Bickford Rumor.

"That the Toronto Policemen's Union is unanimously in favor of promotion from the ranks to fill all vacancies, and that we do so go on record."

The foregoing resolution was unanimously endorsed at three meetings of the union yesterday, held in the morning, afternoon and evening. The meetings were specially called because of the persistent rumor that Brigadier Bickford is to become the chief of police upon the retirement of Chief Grasett next month. This action by the members of the union clearly defines their attitude with regards to the introduction of an outside man to the position, should an appointment of this nature be made.

There is considerable dissatisfaction throughout the force because of the non-payment of the extra \$100 increase which the men claim they were led to believe would be given from the first of the year.

GIRL CLAIMS FATHER THREW HER INTO GORGE Niagara Falls, N.Y., May 14.—Although they fell 150 feet into the Niagara gorge this afternoon, Thos. Merozak, 45, and his 8-year-old daughter were still alive tonight in a local hospital. According to the first story told by the father, the two were walking on the brow of the cliff when the girl slipped. The father tried to save her, but both went over the brink and fell to the jagged rocks below.

Boy is Killed by Train In Auto Tragedy at Niagara Niagara Falls, Ont., May 14.—A fatal accident occurred over the river tonight, when an auto driven by a woman stalled on the track and was struck by an Erie engine. Tommy O'Hara, a two-year-old boy, was killed, the train passing over his body and cutting him in two. The no woman and little girl in the car escaped. They jumped when they saw the engine coming, but the boy was caught.

COST OF FAMILY BUDGET RISES CENT IN MONTH Ottawa, May 14.—(By Canadian Press.)—The cost of the weekly family budget of staple foods averaged \$15.92 at the middle of April, as compared with \$15.82 at the middle of March, \$13.35 in April, 1919, and \$7.59 in April, 1914. The price movement was marked by some seasonal declines in foods, such as the May issue of the Labor Gazette, but there were again increases in several lines of foods and materials. Increases in sugar and potatoes were offset by decreases in eggs. Fuel was slightly higher, and rent advanced in many of the cities.

Cahill (Pontiac) an opportunity to make a statement with regard to the department of railways and canals.

Not Afraid of Suit. Mr. Cahill remarked in opening, that he had received no notice as yet of the writ in this case having been issued. "I am not at all afraid of it," he said. He had made a trip to the department of the secretary of state to find who were the directors of this company, and discovered that D. B. Hanna was the president.

YORK COUNTY AND SUBURBS

ENGLISH FARMERS INVADE EGLINTON Large Party Expected to Settle Shortly—No Housing Available.

Information has been received in Toronto that a large number of young English farmers with their wives and sweethearts are soon to arrive in Toronto and that many of them will locate on farms in the north-west district, which will probably be north of Eglinton and Vaughan road heights, where the land is taking shape. The land round about here is excellent for farming purposes, and a large portion of it can be purchased at a reasonable price at the present time.

Special arrangements are being made for Empire Day by the real estate agents to take care of the new families when they arrive here, but the difficulty will again be a mighty rush of residents all the way from St. Clair to twenty miles north of Eglinton.

The keel of these boats is of Georgia pine, the ribs of rock elm spaced in three-inch centres and the planking of cedar. They are painted outside and the decks, coamings and inside of the boat are oiled and varnished in the natural wood, except beneath the floor, which is painted. SACRIFICE IDEAL OF SALVATION ARMY. Self-Denial Campaign Well Inaugurated at King Edward Hotel Banquet. Vicarious self-sacrifice, this was the terse but descriptive way in which Arthur Hewitt described the work of the Salvation Army at last night's banquet, held at the King Edward Hotel, to inaugurate their great self-denial campaign for \$150,000 in Toronto for work, both in Toronto and other parts of the world, for missionary work and for homes for the aged and helpless. Sir Richard Winfrey, who spoke on behalf of the Brotherhood Movement of Britain, paid his tribute to the character and work of the late redoubtable general of the Army, and he added a distinctly personal touch to his address when he quoted the early days of the general in his home-lands of Lincolnshire. Often, he said, he had dined both the general and his daughter, Olive, she was a real chip of the old block. Arthur Ward, another representative of the Brotherhood Movement, wished the campaign all Godspeed.

CITY HALL NOTES. The city is sending out each month 2,500 cheques, representing instalment of insurance on the lives of Toronto soldiers who fell in the war. Acting Commissioner Black says there are still 250 soldiers' insurance cases pending adjustment, which means a further outlay of \$250,000 if all are granted, and no provision has yet been made for paying this money. A conference called for yesterday afternoon between the harbor commission and the board of control on the question of granting a free site for the Hydro commission's proposed auxiliary steam plant, was without result, because of the fact that there was no quorum of the board of control. Controllers Hamden, Cameron and Gibbons being absent.

EXEMPTION GIVEN BALDWIN'S PLANT. Private Bills Committee Ratify Agreement With Harbor Board. CIVIL SERVANTS' BONUS. Objection Taken to Paying Them for War-Time Work. The private bills committee of the legislature yesterday by a vote of 11 to 9 granted exemption to Baldwin's Limited for the years 1920-21 in accordance with the original agreement made with the company by the Toronto Harbor Commission. Those who opposed the exemption wanted it limited to the present year only. Representatives of the company told the committee that they had come to Canada at the earnest request of the harbor commission and had been absolutely assured the area taken over by them was exempt from taxes for a point of two years after the war. Chairman Bannister read a letter from Alderman Singer, urging that permission be refused to the city to exempt a wealthy corporation from taxes for the year 1921 when they had previously asked, before the board of control, for exemption for 1920 only. The latter point was disputed by the company's representative.

REAL ESTATE NEWS. Among the permits issued by the city architect's department yesterday were the following: Norman A. Craig, addition to undertaking rooms, 1255 West Queen street, \$6000; F. E. Taylor, two dwellings on East Gerrard square, near Bowmans Avenue, \$7000; Louis McLean Manufacturing Company, five-storey brick factory and warehouse, east side of West Dundas street, near Wallace Avenue bridge, \$70,000. The stores at 600, 602 and 604 West Bloor street have been sold by Ernest E. Sinclair as trustee to Ernest B. Snelgrove and Eva Snelgrove for about \$75,000. The property has a frontage of about 55 feet. The factory of the Crowley Manufacturing Company, on McDonnell square, off Bathurst street, has been sold by Timothy Crowley to F. P. O'Hearn for about \$40,000. J. S. Parker has sold his residence on the Hamilton Highway, near Mimico, to Jesse Applegate for about \$20,000. The property has a frontage of 115 feet on the lake shore. Nos. 511 to 525 West Bloor street, taking in everything from Borden to Crofts streets, has been sold to a concern which, according to rumor, will erect a large public garage on the property. The price is said to have been \$70,000. SERIOUS GARAGE FIRE IN DIGBY. Washington, May 14.—Herbert Hoover, former food administrator, and now Republican aspirant for the presidency of the United States, told the congressional committee investigating the sugar situation today that a world shortage of sugar was likely to last two or three years. He urged rationing.

JAPANESE CAPTURED WORLD SILK TRADE. F. Goforth Tells Rotarians of New Styles in Women's Clothes. Some inside information on the manufacturing end of the ladies' waist industry was given by Mr. Frank Goforth, speaking before an audience of 250 Rotarians, at their regular luncheon at the King Edward yesterday. He told his hearers that the Japanese had captured the world's silk business during the war. Canadians, said Mr. Goforth, have distinctive styles, but these are usually modifications of New York or Paris styles. Mere waists without style, said the speaker, are as much a failure here as in the countries where the styles originate. The Rotarian Glee Club provided a few selections, and Mr. Gibson Miller, the newly-elected sergeant-at-arms, just back from a trip, gave his position speech. He was doubtful whether he should thank the club for the new office or protest against being enticed out of the glee department.

HONOR BANK MANAGER. Napanee, Ont., May 14.—Prior to his departure from Napanee, E. G. H. Travers, who has been the local manager of the Royal Bank for the past 14 years, and who has now been appointed to the management of the Walkerville branch of the Royal Bank, was presented with a substantial testimonial from his many friends here. Captain Laurie created a pleasant diversion with an adaptation from that beautiful song, "Mother Machree." The gathering at the banquet tables was large and representative, representatives being present from the G.W.A., the Kiwanis Club, the Rotary Club, from the T. Eaton, the Robert Simpson and many other large companies and from many other interested organizations. John S. Gavel, general manager of the C.N.E., was in the chair.

Distributed by Commission. Mr. Jennings said the money was distributed by Civic Service Commissioner McCutcheon, under authority of Hon. W. D. McPherson, late provincial secretary. The committee decided to subpoena Mr. McCutcheon for its next meeting. "I am not satisfied that money was not misappropriated," said Mr. Hall. "Well, that is for the committee to resolve upon and report their resolution to the house," said the chairman, J. W. Curry.

Ask for Grant. Mayor Church and Sir Adam Beck headed a deputation which waited on the government yesterday, asking for a grant of \$10,000 for the Canadian Deep Waterways and Power Association. It was intimated that the grant would be made. Leaves for London to Present Appeal for the Strike Leaders. Winnipeg, Man., May 14.—W. H. Trueman, K. Cuticura Soap IS IDEAL For the Hands. IMPORTANT! IMPORTANT! A company owning all the patents, trade-marks and formulas for one of the oldest, purest, most wholesome and refreshing non-alcoholic beverages produced has recently installed a manufacturing plant in Canada. This beverage has been popular in Boston and New England for 50 years, but only in the past two years has been introduced outside of New England. Manufacturing plants are now located in Boston, Chicago and Montreal. We are preparing to organize a selling company that will take over the exclusive selling rights for Canada, British Columbia, Maritime Provinces and Newfoundland. The entire production of the Montreal plant will be turned over to the Sales Company at a fair manufacturing profit on a basis that will insure it very large returns. The business in Canada is developing rapidly and this is an unusually attractive opportunity for a few acceptable people to become identified with an organization that will develop to large proportions and become exceedingly profitable. For further details, communicate with BEVERAGE MANUFACTURER, BOSTON, MASS. P.O. Box 1522.

**MEXICAN CONGRESS

CABINET PRO TEM**

Will Supervise Election of
New President, Villareal
Acting in Meanwhile.

RIVALS ARE IN ACCORD

Washington, May 14.—Further indication that Pablo Gonzalez and Alvaro Obregon, formerly candidates for the Presidency and now jointly occupying Mexico City, are working in accord was contained in a report to the state department today. Both have published statements endorsing Antonio Villareal for provisional president.

An extra session of the Mexican congress has been called to name a provisional executive who under the terms of the published program of the revolutionists, will supervise the election of a President and serve until December 31, when the new President should assume the office.

Adolfo De La Huerta, preliminary chief of the revolution, was expected to arrive in the capital next week and take charge of affairs until the provisional government is named. Official interest in the situation was increased by reports that the British consul at Vera Cruz and two American consuls were being urged to fight a group somewhere between the capital and Vera Cruz. Arrangements to bring them out under a flag of truce were in progress. The trio took advantage of the opportunity offered them to get from the capital to Vera Cruz on one of the Carranza trains when he left May 7.

**CARRANZA'S CAPTURE
IS IMMINENT**

El Paso, Texas, May 14.—The latest official word received up to a late hour today was from General Alvaro Obregon, former candidate for the presidency of the republic, who reported to Luis Montes de Oca, revolutionary consul here, that President Carranza's capture was only a matter of hours, and that a train of six hundred soldiers of the president's escort had been captured by forces under General Guadalupe Sanchez, said to be one of Obregon's strongest supporters. Carranza's capture was reported to the American navy yesterday, and it was presumed that the capture was near El Comodoro, Puebla, where the revolutionary leaders yesterday reported that a battle had been in progress during the last few days.

The glass was sometimes used by the deposed monarch on state occasions.

**TURKISH REBELS
REJECT TREATY**

Send Letter to Peace Conference Saying Nationalists Will Not Be Bound.

Constantinople, May 14.—A digest of the peace treaty handed by the allies to the Turkish peace delegation in Paris has been received in Constantinople. A translation has been prepared for the sultan, who is now considering it.

The Turkish newspapers have not yet published the terms of the treaty, but many gloomy editorials are being printed, declaring that Turkey cannot live without Thrace and Smyrna. The Mustafa Kemal Nationalist government at Ankara has sent the sultan a letter in which he is bound by an agreement the government of Damad Ferid Pasha, the grand vizier makes.

There have been further resignations among the sultan's military forces, the officers declaring they cannot get their troops to fight against the Nationalists, who have virtually cleared the shores of Marmora, and are centering their strength against Smyrna. The Nationalists are moving large sections of troops southward, and apparently are making extensive preparations to move against the Greeks.

A remarkable incident is reported from South Africa. Mr. H. M. Stanford, native commissioner of Eson-antburg, was trying to turn his car on the Magoebas Kloof road when it slipped over the edge. He managed to leap out, and the car took a 400-foot drop, in spite of that it was hardly damaged.

**SUGAR PROFITEERS'
GAINS FABULOUS**

Six Hundred Million Dollars
Estimate of This Year's
Profits.

Washington, May 14.—W. Jett Lauck, consulting economist of the railroad brotherhoods and unions, and former member of the war trade board, presented to the railroad labor board a report on the sugar situation. He cited statistics to show that sugar profiteers would make \$600,000,000 this year, that the margin between the cost of production of a pound of sugar and its retail price had jumped from less than 1c to more than 10c in seven years, and that sugar could be sold at 13 1/2c a pound if producers, wholesalers and retailers would be satisfied with reasonable profits.

Mr. Lauck conceded that the present shortage was in some measure due to the diversion of the Cuban crop to Europe, but charged that the fundamental reasons for the price advance of 200 per cent since 1914 were artificial stimulation of prices, unchecked speculation and merciless profiteering.

Best Sugar Profits.
Mr. Lauck's report, said Mr. Lauck, made excess profits. Income tax returns in 1917 show that they had earned \$2.25 per cent on their capital stock, \$9.28 per cent on their capital actually invested, and 45.53 per cent on their capital actually invested after all taxes had been deducted. Case sugar producers for the same year showed earnings of 27.28 per cent on their capital stock, 23.34 per cent on their capital actually invested, and 19.04 per cent on their actual invested capital after deduction of taxes.

TIMELY SINGLE IS AGAIN ABSENTEE

Dunn Gets Away With Second Victory When Pinch Hitters Fail

Dunn's Baltimore Orioles made it two straight victories by downing the Leafs, 1 to 0 at the island yesterday. It was another case of the needed hit going into hiding, and twice the Duffys could have at least tied it up with a solid poke.

The breaks were not with the locals. There was little fault to find with their defensive work and sharp fielding check-ups of the Birds on several occasions. It was just the lack of a base hit in the right spot.

Pat Shea tossed them up for Duffy, and the cool breeze didn't help his control. The handsome Irishman walked seven Oriole batsmen and naturally this caused him considerable trouble. On the other hand Frank was steady for Baltimore and ably assisted by three double killings he squirmed out of the right spot.

It was an ex-Leaf that did the damage yesterday. Bill Holden banged a hit thru the box in the right spot and shot over the only run of the game. Carpenter's decision on Whitman's drive to left in the fourth was one of the breaks against the Leafs. Onslow was on the paths and most fans thought the ball hit right on the line. It was ruled foul and did the Duffys out of a run. The eighth saw three Leafs resting on the cushions waiting for a lift home. The pick-up did not come.

Shea was in a hole right off the bat. He passed Maisel and then the Bird third-sacker was nipped at second on a close play when Lawry bounded to Shea. Jacobson carried a hit off Blackburne's glove and all corners were occupied when Bentley was a charity. Shea got Lawry at the plate when Holden dumped in front of the plate. Pat pulled himself out for the chills.

The first bit of cheer for the chills arrived in the second. Onslow singled thru the box and Whitman bounced a double off the bleacher fence. Blackburne dumped to third, he was thrown out and Onslow was run down between third and home. Whitman was responsible for this by advancing and forcing Onslow off the bag. Anderson lifted to left.

The fourth was promising for the homesters, but the run failed. Onslow got on free. Whitman banged to left. The ball looked as if it hit right on the line, but the umpire ruled foul. Onslow had crossed the plate. Whitman singled and Onslow was called out at third on Blackley's bump. Anderson popped out, and Sanberg whiffed.

Dunn's flock scored their run in the

Another record breaking crowd is expected at the island this afternoon when the Leafs and Baltimore Orioles clash in a double-header. There will be special ferry service, but fans would be well advised if they made an early start for the park. The first game will be called at 2 o'clock and the second at 4. Manager Duffy will probably send Ivan and Currie, his sensational recruits, against the Birds. Jersey City will be here Monday for a series.

AKRON AND READING DIVIDE DOUBLE BILL

At Buffalo (International)—The Bisons had little trouble in winning from Syracuse yesterday, getting to McGrainor for 15 hits, four of them being such good for two bases. Thomas also was hit hard, but had excellent support, Gilhooly making some fine catches in centre field. Scores: Syracuse, 2; Akron, 3. Batteries—Thomas and Bengough; McGrainor and Niebergall.

At Rochester—Jersey City defeated Rochester, 7 to 5 in a slow game. Burfield and Kelly were wild. Ferguson was hit freely in the last two innings, but steady support helped him pull thru. Score: R.H.E. Jersey City, 7; Rochester, 5. Batteries—Ferguson and Cotter; Burfield, Kelly and Beyers.

At Akron—Akron won 14 hits in the first game of the double-header with Reading and won, 9 to 4. Reading duplicated the hitting performance of the previous day by winning, 7 to 4. Scores: R.H.E. Reading, 7; Akron, 9. Batteries—Scott and Koenig; Donovan and Walker.

At Chicago (National)—Chicago won its fifth straight game yesterday by defeating Boston, 7 to 4, in the first game of the series. The victory was the local two to one, but the wildness of the kidnap, who replaced Scott in the seventh and bunched hits off Hearst in the same inning, gave Chicago the victory. Score: R.H.E. Chicago, 7; Boston, 4. Batteries—Scott, Ruppel, Hearst and Gowdy; Hendryx, Carter and O'Farrell.

At Cincinnati—The wildness of Philadelphia's two young pitchers, Hearst and Red, a four to three victory in the first game of their series and the champions were out almost three to one by the visitors. Ruetter was put out of the game in the seventh for duping a decision by Empire Klein, and Eller took his place and was knocked out of the box in the ninth. Bing stopped the rally. Cantwell, who pitched the last four innings, forced over the winning run when a pitched ball hit Groh. Score: R.H.E. Philadelphia, 7; Cincinnati, 3. Batteries—Welpert, Cantwell and Wheat; Ruetter, Eller, Bing and Harrison.

At St. Louis—A pitching duel between Grimes and Goodwin was broken up in the fourteenth inning of the Brooklyn-St. Louis game when Goodwin weakened and allowed four hits, which, coupled with three errors, gave the visitors four runs and the game by a 5 to 1 score. Brooklyn's rally in the fourteenth came after two were out. Score: R.H.E. St. Louis, 5; Brooklyn, 4. Batteries—Grimes and Miller; Goodwin and Dihoff.

At Washington (American)—Washington won a loosely pitched game from Detroit yesterday. Score: R.H.E. Detroit, 0; Washington, 3. Batteries—Ginsler, Oidam, Daines and Stange; Almsmith, Zachary, Erickson, Johnson and Gharrity.

(Continued From Page 1), their sections of the country, and Hon. A. C. Crerar supported the greater co-operation should be obtained between the federal and various provincial departments of agriculture in experimental farm work.

Mr. Crerar also said that the government should discontinue subsidies to privately owned cold storage plants. They were operated more for the benefit of the owners than for the public and the encouragement of plants under municipal or co-operative enterprise would be more deserving of government assistance.

Mr. Burnham (Peterboro) interrupted at one stage of the debate to remark that with all this important debate going on in regard to agriculture there was not a single member of the farmers party present.

HISTORIC SIGNPOSTS AS RELICS OF WAR

London, April 27.—(By mail.)—Signposts bearing the inscriptions "Hello, France!" "Goodnight, France!" and "Haig Avenue," erected by British troops just behind the front lines in France, are among the more than 10,000 exhibits being assembled at Crystal Palace, London, to form the Imperial War Museum. It will be opened by the King in June, and will continue for five years.

UNITED MEN'S SOCIETIES CONFER

Church of England Bodies Discuss Co-operation in Summer Games.

A general meeting of the United Men's Societies of the Church of England in Canada was held in the Parish room of St. Barnabas Church, Danforth avenue yesterday.

Following a general discussion on the progress of the association, J. T. Hall of St. Mark's spoke in regard to the possibility of the affiliated clubs participating in the serious summer games during which he pointed out the almost impossibility of getting grounds for the several clubs to play upon as things were at present.

The possibility of the various affiliated clubs using their rooms as the centre for debating matters on education was put forward by the secretary of the organizing committee, Mr. T. H. Proctor.

The unfortunate trend of all these big speakers on the matter of education seemed absolutely to ignore the fact that the lower classes, who had not the facilities for acquiring knowledge, were excluded to some considerable extent.

STERNBERG PUPILS IN DANCE PROGRAM

'Hall of the Lamphades' Proves Popular as Ever.

Last night at Masey Hall pupils of Miss Sternberg gave a recital of Classical and National dances, some of the beautiful numbers presented in the former recital of the season being repeated.

Among the many who did good work were Daisy Doris Cope as 'Little Snowbird', Eleanor Dinsmore depicting 'A Little Rose on a Lattice', and Miss Parsons pouring out the wine.

The costumes were exceptionally beautiful and were designed by Miss Sternberg and made by the 'Sternberg Recital Girls', which have already been established in three local hospitals by the funds from former recitals.

A BEDTIME STORY

By R. Garis. Uncle Wiggly and the Walnuts

'Don't you want to come, Uncle Wiggly? Don't you want to come with us?' Johnnie and Billie Bushytail, the two squirrel boys, chattered this at the bunnny rabbit gentleman one morning.

'I'm going after hickory nuts and chestnuts with Johnnie and Billie Bushytail.' 'I like it,' spoke Uncle Wiggly.

'I must go to the store for Nurse Jane. She wants some molasses to make gingerbread cakes, and as I like them very much I promised to go on the errand for her.' 'But I'll go after nuts with you squirrel chaps when I come back.'

'I must not shout too loudly,' thought Uncle Wiggly. 'The old Pipewash or the Skeezicks may be here, and come out to grab me. I guess I can find the nuts for the nearest nut tree.'

had all he wanted. Uncle Wiggly made a sack of his handkerchief, putting the nuts in it, and then he was ready to log back to his hollow stump bungalow.

'I guess I missed Billie and Johnnie,' he said. 'Now I'll wash the stain off my paw.'

Spring

Hey ho, Spring's in town, Spring's in the town— Like a tall daffodil in a green gown.

Hey ho, Spring's in the weed, Daisies and buttercups pinnad in her hood.

Hey ho, Spring's on the hill, Windflowers and daffodil dancing their fill.

Hey ho, Spring's in the street, Spring's in the street— Lapsal of honey and armful of sweet.

Hey ho, Spring's at the door, Spring's at the door— Dreams for the dreaming as often before.

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

Sadie. (Copyright, 1920, by The Wheeler Syndicate, Inc.) The quaint name of Sadie, lately spelt Sadye, has its origin with Sarah.

Sadie came into existence thru the Irish—unless one cares to believe that she is only an Americanization of one of Sarah's many diminutives. But, for the sake of etymological exactness, it is safer to believe that the Irish Sadhbh was the real forerunner of Sadie.

AS A WOMAN THINKETH ENTER, THE MUSTACHE !!

BY HELEN ROWLAND. (Copyright, 1920, by The Wheeler Syndicate, Inc.)

Have you seen them sprouting, budding, blossoming all around you? No, I don't mean the crocuses! I mean those saucy, silly, flippant, little mustaches, that have broken out like a spring fever all over the faces of beautiful Canadian maidens.

All of them are uncivilized, unsanitary, unnecessary, unbecoming, and—most poignant—unkissable! And, now that this worst of the horrors of war has been started, where will it end? Profound shall in time pass away, and Bolshevists shall be no more; strikes may be broken—but a man's habits—never!

Start him in any direction, and he'll keep right on going, until he reaches the limit. Let him coquette with this tiny, cute little "London Johnny" mustache, and it won't be two years before he will have passed thru all t e at ges of the waxed, kaiser mustache, the French beard, and the imperial, to the ultimate affliction—Dowdy whiskers!

For a kiss without a mustache MAY be like an egg without shell. But a kiss under one MUST be like carving a whisk-broom.

Little did we think when we kissed you for an ideal, beloved, that you would come back, bringing a MUSTACHE!

But, poor Man has only one way of varying the monotony of the vision which greets him in the mirror every morning—No signs for a little variety.
