FRONTIER IS CLOSED IN ALBANIA

(Continued from page 1)
The League of Nations council was scheduled to meet at 11 o'clock this morning. At the most, it was thought, the council would possibly take cognizance of the Greek's reference of the case to the league. The procedure to be followed will be for the secretary-general, once in possession of the Greek statement of the case, to call upon Italy to file her reply. All this will require time and consequently it was not anticipated that the council would be in a position to take up the question before the lapse of several days.

CHANGES IN STAFF AT ACADIA TOLD OF

Report to Baptists Speaks Also of College Drive for \$1,500,000.
(Canadian Press.)
Wolfville, N. S., Sept. 1.—Friday's session of the Maritime Baptist Convention opened with an address by President W. Patterson of Acadia University, on "The Church as an Organism." The report of the board of governors of Acadia University noted the calling of Dr. F. W. Patterson to the presidency and the action of the special committee in Moncton, in deciding to remain and develop educational work at Wolfville. The enrollment in the Acadia institution was placed at 841, made up of 292 in the college, 198 in the academy and 351 in the seminary. The report announced that the university senate had abolished all old courses in theology and that an entire new course had been arranged, leading to the degrees of B. A.; B. D.; and M. A.; in theology. These courses had been designed to give a thorough training to men fitting themselves for the Baptist ministry in the Maritime Provinces. It was announced that Dr. W. A. Côté, after fifteen years of successful teaching, had retired from the chair of Mathematics at Acadia and Professor William M. Han, has retired from the chair of geology, Charles B. Russell as physical director, and Miss M. White as Dean of Women. These positions, it was announced, would be satisfactorily filled before October 1. The theological staff, the report stated, had been enlarged by appointment of the Rev. J. H. MacDonald, D. D., until recently pastor of the Wolfville church, to the chair of Church History and Biblical English. New instructors at the academy would be W. Deater, E. D. Fane and H. H. Wetmore.

WEDDINGS

Murray-O'Neill

At the residence of the officiating clergyman, Rev. A. L. Tedford, pastor of the Tabernacle Baptist church, at 247 Waterloo street this morning at 7 o'clock Miss Beulah May O'Neill, third daughter of Mr. and Mrs. Clifford O'Neill of Killam's Mills, King's county and Peter Murray of this city were united in marriage in the presence of a small gathering of friends. The only invited guests were the teachers and officers of the Tabernacle Sunday school of which Mr. Murray was the superintendent, and Miss O'Neill was a teacher. The bride was becomingly gowned in a traveling suit of blue tulle with hat to match and carried a pretty bouquet. Miss Lizzie A. Young was the bridesmaid and Gordon C. Lantz was the groomsmen. Immediately after the ceremony Mr. and Mrs. Murray left on the 7:45 train for Fort Fairfield and other U. S. cities. On their return they will reside in St. John. They received many beautiful gifts and the good wishes of many friends are extended to them.

Brown-Carson

At St. Luke's church yesterday afternoon Miss Jean Leonore Carson of Meaford, Ont., who is united in marriage with John Howard Brown, electrical engineer with the St. John Drydock Co., Ltd. The ceremony was performed by Rev. E. P. Wright and the bride and groom were unattended. After a short wedding trip they will return to residence in St. John.

Gross-Pillmore

Moncton, Aug. 30.—(Special)—A pretty wedding took place in the Baptist church at Albert on Wednesday evening when Miss Mabel Lucy Luce, daughter of Mr. and Mrs. J. W. Pillmore, was united in marriage to Clarence Lewis Gross, son of Mr. and Mrs. Clifford Gross, of Moncton. Rev. E. P. Wright officiated. The bride, who was given in marriage by her father, wore a traveling suit of navy poret twill with black picture hat and Hudson seal scarf, the gift of the groom. She carried a handsome bouquet. Miss Clara Pillmore, sister of the bride, was maid of honor. The wedding march was played by A. B. Stiles. During the ceremony Mrs. D. Bloss sang "Beloved, It Is I." The ushers were Misses Bertha Walton and Ella Williamson. After a honeymoon spent in Moncton, Ottawa, Toronto and Niagara Falls, Mr. and Mrs. Gross will reside in Moncton.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

On points there was a tie between the two clubs.
They came the baseball game, with the following line-up:
South End—Stevens, c.; Smith, p.; King, 1b.; B. Smith, 2b.; Coffin, s.; King, 3b.; O'Brien, 1 f.; Ward, 1 f.; Stone, c. f.
St. John—Melin, c.; Wright, p.; Garrett, 1b.; Stafford, 2b.; Cooper, s.; Wall, 3b.; London, r. f.; Murray, 1 f.; Whitcomb, c. f.
The game was the feature of the day. It went four innings, and the East End won by a score of 5 to 1. The Rotarians and the boys who were not playing in or sat around on the grass and cheered the players, who, considering the uneven surface of the hayfield, put up a good brand of ball. The friends of the rival teams provoked much mirth. The umpires were Fred C. Miles and Leslie Laid, and their decisions were accepted in a sporting spirit. Dr. Peat, W. K. Haley, K. J. MacRae, Robert Reid and A. L. Foster took an active part in conducting the sports.

CHAIR WINDSOR IN MARRIAGE BANQUET

To be Imperial Theatre's Great Labor Day Attraction.

DOG SHOW HAS 238 ENTRIES

There are 238 entries for the exhibition dog show, including more spaniels than ever at a local show. There are 28 cockers alone, besides sporting spaniels, and a very large number of a stronger strain than in the two previous years. English and Irish setters are holding their own, with competition keen. Wire fox terriers will bench 17. Irish terriers promise more quality than before, with 11 showings.
Turned out 21 to bench from Nova Scotia and New Brunswick. Some very good terriers and toys will be on hand from Montreal and Quebec, also some English setters from New York. Alsatian shepherd dogs from Halifax and a Japanese spaniel are among the attractions. Judging is expected to start at three o'clock on Monday afternoon.

CAUSE TO BE ADJUSTED, MADE RIGHT

CHIROPRACTIC is based on fundamental natural laws. The organs of the body are the motors, the nerves are power lines which carry vital energy or life to all parts of the body. Impingement or pinching of the nerves interferes with their life-carrying power and disease is the result. The chiropractor adjusts with his hands the misaligned vertebrae and the impinged nerves are freed. The flow of life enters the part diseased, normal functions are resumed and health restored. The Chiropractic way is Nature's way.

ROTARIANS GIVE BOYS PICNIC

Entertain Nearly 200 at Torryburn—Lads in Keen Competition.

A couple of years ago the Rotary Club established a point of contact with the boys of St. John by giving a picnic to the members of the East and South End Boy's Clubs.
Yesterday afternoon the third of these picnics was held at Torryburn, nearly 200 boys and some 80 Rotarians, leaving King street East in motor cars at half-past two o'clock. Rotarian John Bond, with two young ladies, and assisted by Rotarians Carl Fraser, looked after the refreshments. Canon Armstrong, President, and Dr. Spangler, District Governor, were there, as was Hon. R. J. Ritchie, who is an annual guest. J. D. O'Connell, the children's friend, happened along and also went out for a part of the afternoon. Miss Fletcher, director of the East End Boy's Club, was there to check up her flock, and their play leader, Walter Evans, joined them on the grounds. One of the features of the picnic was the way those boys flocked around him and obeyed his instructions. The South End boys were without a leader, except some of the older boys, but they made an excellent showing.

Other Prize Winners

In the running races, boys 11 to 14, the following won all from the South End Club, as follows: G. King, 1st; Allan Peterson, 2nd; Paul Coffin, 3rd. Boys 11 and under—Walter King, 1st; Harold Dunham, East End, 2nd; A. Coughlan, East End, 3rd. Boys under nine—Wiford Anderson, South End, 1st; W. Faron, East End, 2nd; Len Richards, South End, 3rd. Boys 16 years—F. Britt, East End, 1st; G. Murray, East End, 2nd. W. Ward, South End, 3rd.

Refreshments and Prizes

But John Bond was getting anxious. Some 20 wooden plates, each bearing sandwiches, cake, doughnuts and candy, along with many cases of bottles of soft drinks, and great barrels filled with cream in individual cardboard boxes packed in ice were ready for the boys. The fastest running of the day was done when the game was called for. The boys were seated in three semi-circles in front of the big refreshment shed. Canon Armstrong stepped forward, silence fell, and each young head was bowed as he asked a blessing. Then the Rotarian waiters served plates and bottles and amid great merriment the boys began to eat. The example was infectious, and it would be difficult to say which showed the better appetite, the boys or the Rotarians.
After the ice-cream had been served, the prizes were presented, and they were really worth winning. Dr. Peat and Hon. Mr. Ritchie presented them to the boys cheered the winners.
Some swings and a merry-go-round on the grounds were greatly enjoyed by many boys, some others discovered a tree with little, sour apples, and others hunted for berries and cherries and did a little roaming in the fields. Altogether, the picnic was a rare afternoon of enjoyment. The conduct of the boys was excellent, and not a mishap marred the picnic. Every Rotarian present was glad to have had a share in entertaining the boys, and all were brought safely home before eight o'clock. The Rotarians entertained the boys, and the boys entertained the Rotarians.

Other Prize Winners

In the running races, boys 11 to 14, the following won all from the South End Club, as follows: G. King, 1st; Allan Peterson, 2nd; Paul Coffin, 3rd. Boys 11 and under—Walter King, 1st; Harold Dunham, East End, 2nd; A. Coughlan, East End, 3rd. Boys under nine—Wiford Anderson, South End, 1st; W. Faron, East End, 2nd; Len Richards, South End, 3rd. Boys 16 years—F. Britt, East End, 1st; G. Murray, East End, 2nd. W. Ward, South End, 3rd.

Refreshments and Prizes

But John Bond was getting anxious. Some 20 wooden plates, each bearing sandwiches, cake, doughnuts and candy, along with many cases of bottles of soft drinks, and great barrels filled with cream in individual cardboard boxes packed in ice were ready for the boys. The fastest running of the day was done when the game was called for. The boys were seated in three semi-circles in front of the big refreshment shed. Canon Armstrong stepped forward, silence fell, and each young head was bowed as he asked a blessing. Then the Rotarian waiters served plates and bottles and amid great merriment the boys began to eat. The example was infectious, and it would be difficult to say which showed the better appetite, the boys or the Rotarians.
After the ice-cream had been served, the prizes were presented, and they were really worth winning. Dr. Peat and Hon. Mr. Ritchie presented them to the boys cheered the winners.
Some swings and a merry-go-round on the grounds were greatly enjoyed by many boys, some others discovered a tree with little, sour apples, and others hunted for berries and cherries and did a little roaming in the fields. Altogether, the picnic was a rare afternoon of enjoyment. The conduct of the boys was excellent, and not a mishap marred the picnic. Every Rotarian present was glad to have had a share in entertaining the boys, and all were brought safely home before eight o'clock. The Rotarians entertained the boys, and the boys entertained the Rotarians.

ROTARIANS GIVE BOYS PICNIC

Entertain Nearly 200 at Torryburn—Lads in Keen Competition.

A couple of years ago the Rotary Club established a point of contact with the boys of St. John by giving a picnic to the members of the East and South End Boy's Clubs.
Yesterday afternoon the third of these picnics was held at Torryburn, nearly 200 boys and some 80 Rotarians, leaving King street East in motor cars at half-past two o'clock. Rotarian John Bond, with two young ladies, and assisted by Rotarians Carl Fraser, looked after the refreshments. Canon Armstrong, President, and Dr. Spangler, District Governor, were there, as was Hon. R. J. Ritchie, who is an annual guest. J. D. O'Connell, the children's friend, happened along and also went out for a part of the afternoon. Miss Fletcher, director of the East End Boy's Club, was there to check up her flock, and their play leader, Walter Evans, joined them on the grounds. One of the features of the picnic was the way those boys flocked around him and obeyed his instructions. The South End boys were without a leader, except some of the older boys, but they made an excellent showing.

TEXAS OIL CONCERN SUED AS ANTI-TRUST VIOLATOR
Austin, Tex., Sept. 1.—A suit charging the Humble Oil and Refining Company of Houston with violation of the state anti-trust laws has been filed by Attorney-General W. A. Keeling in the Fifty-third District Court here. The Attorney-General seeks to have the charter and franchise of the Humble company forfeited, and to have it restrained from doing any further business in Texas.
The petition alleges that the Humble company sold more than 50 per cent of its stock to the Standard Oil Company of New Jersey and is controlled by that company. It charges violation of the anti-trust laws, because the Standard of New Jersey was convicted in 1918 of violating the Texas anti-trust laws, and that the Humble company now is violating the anti-trust laws, because it is controlled by the Standard. The law holds that a company convicted of violating the Texas anti-trust statute cannot again do business in Texas.

French Girl Invades Ireland As "Human Question Mark"

MADMOISELLE SIMONE TERRY.

(By Milton Bronner.) London.—The best picture of the tragic events of the past two years in Ireland and of the men who played the star parts, has not been painted by any Irishman, nor Briton, nor American, but by a little, slender, 20-year-old French girl—Mademoiselle Simone Terry.

Daughter of the well-known editor of a liberal Parisian newspaper and herself an expert reporter, she was for months a conspicuous figure in the melancholy streets of the Irish capital. If I saw a crowd gathered around a review of Free State troops and hastened to see the show, Mademoiselle Simone was sure to be there ahead of me.

If I had an appointment with a cabinet minister and had to wait past the hour, I was sure to find out that French girl was the cause of it. She was the human question mark, she was ever present, this bright-eyed miss who felt herself so much at home in Ireland. And the result of all this is embodied in the little book, "En Irlande," just published in Paris.

Mlle. Terry deftly plucks the halo from the brow of DeValera. Just as artistically she glides the laurels on the brows of Arthur Griffith and Michael Collins, the great heroes of the closing phases of the fight for Irish freedom. And she fills her book with interesting anecdotes, with pathetic little facts, with vivid pen pictures.

For instance, how much she reveals when she tells us that poor Griffith, when he died so suddenly, had only one penny in his pocket—two cents. It was typical of the glorious poverty of the man who gave his whole life to Ireland.

In her writing this French girl has all the restlessness that is characteristic of her countrymen. She tells us volumes when she quotes De Valera as saying: "The country is there for the taking—take it!"

And Michael Collins replying: "The nation is there for the making—make it!"

One could go on quoting plums from the little blue-covered volume. But the best can merely be told about.

Kevin O'Higgins, minister of the interior, is sitting in his office being interviewed by Mademoiselle Simone. He expects to be asked all kinds of questions about the condition of the country. And this French girl reporter, opening her brown eyes wide, innocently purrs at him in her French-English:

"Mr. Minister, is there any danger of your making yourself dictator of storm-tossed Ireland?"

It's no wonder she wrote a rich book. No more male reporters would have asked similar questions—and lived.

Stillwell, realized \$12.37 and this sum was handed to D. C. Clark, the president of the New Brunswick Orphanage board. Ruth Black was the winner of the door prize, a sofa cushion. Two little girls, Helen Gray and Marion McLellan, held their bazaar on Queen square in West St. John and realized the sum of \$3.95 by the sale of candy and cake. They have presented the proceeds of their entertainment to the orphanage.

1924 Models are the Finest Big-Sixes Studebaker Ever Built. The enthusiasm with which the new 1924 model Studebaker cars have been received locally is an indication of the reception they have enjoyed throughout the country. No wonder. They are emphatically the most compelling values Studebaker ever offered and the public knows that Studebaker has been a consistent leader, year after year, in the amount of intrinsic value per dollar invested. The Big-Six seven-passenger Sedan and the five-passenger Coupe are the finest cars that have ever borne the name Studebaker. They provide all the performance, all the comfort, and all the dependability that any car will give—at a price that smaller producers cannot approach. Their appearance is most impressive—stylish and suggestive of power and stamina, yet dignified. Everything for which one can wish in motoring convenience, comfort and utility has been provided—even to the extra disc wheel with tire, tube and tire cover (two on Sedan); handsome nickel-plated bumpers, front and rear; large roomy trunk; automatic gasoline signal, and many other features. There is nothing more to buy. The prices of the Sedan and Coupe are moderate because of Studebaker's large production, vast physical and financial resources, the manufacture of all vital parts in Studebaker plants, and the accumulation of experience and prestige gained through 71 years of building quality vehicles. The name Studebaker stands for quality, durability, comfort—more than ever. 1924 MODELS AND PRICES—J. C. H. Walkerville, Ont.—Exclusive of taxes. LIGHT-SIX 5-Pass., 112" W. B., 40 H. P. THE FAIR TONIGHT.

New Brunswick has had a new Lieutenant Governor and a new Premier installed in office since the opening of the last annual Exhibition. Both will be present at the formal opening this evening of this year's Fair.

THE WEST INDIES.

The British Government is paying more attention than formerly to the needs of the West Indies. A joint parliamentary committee has been set up to consider the case of these islands, and following a visit to them last year by Mr. Ormsby-Gore, Under Secretary for the Colonies, and Mr. E. Wood, a measure of constitutional reform has been prepared.

THE ST. JOHN OF 1889.

The Times-Star prints on another page some facts about the Summer Carnival and Electrical Exhibition held here in 1889 to celebrate the union of St. John and Portland and the extension of the Canadian Pacific Railway to this port. It is worth while to take note of what was then in the public mind. In a foreword to the official programme we read: "The recent union of St. John and Portland has created a new city. With a population of over 43,000, it is the fourth in size in Canada. It is, beyond question, the third in importance; for, simultaneously with the civic union, has come the joining of St. John and Montreal by the completion of the Canadian Pacific Railway. This means much for the future. It means closer relations with the great west, the facilities for handling an extensive West India trade, the inception of new enterprises, the enlargement of various industries, and the development of our many and varied resources. It is fitting that the occasion should be celebrated with more than ordinary display."

Looking backward we can say that the coming of the Canadian Pacific has meant much for St. John, but the growth of trade with the West Indies has not yet fulfilled those early hopes. Neither has our closer relations with the west equalled the expectations of thirty-four years ago. There are new enterprises, such as the Atlantic Refineries, and some old ones have been enlarged. The city has gone forward, and the development of new resources has made some progress. The retrospect is by no means a discouraging one, and the people have it within their power to make far greater progress in the next three decades.

The annual picnic given by the Rotary Club yesterday to members of the South and East End Boys' Clubs was the most successful yet held. The boys appreciate the kindness of their elders and show it by their general good conduct. There is room for boys' clubs in other parts of the city. There is also opportunity for members of the South and East End Clubs to wield a larger influence for good in their own localities, for as yet many boys need the influence and good-fellowship of those who do not believe a lad should be destructive or join a troublesome gang.

POWER COMPANY VS. CITY GOES OVER TILL SEPTEMBER 25

The injunction case of the New Brunswick Power Company vs. the City of St. John has been postponed until Tuesday, Sept. 25, at 10:30 a. m., when it will again be taken up by Mr. Justice White. F. R. Taylor, K. C., counsel for the plaintiff, intimated yesterday afternoon that he would bring witnesses from Toronto to rebut the evidence given by the Toronto witnesses for the defence as well as a witness from Montreal. Dr. Baxter suggested that the Power Company allow the city to place the safeguards mentioned where interference occurred, but Dr. Taylor would not agree to this course.

As an adjournment until after the Appeal Court session would mean practically a month's delay, he would ask Mr. Taylor if the witness from Montreal could add anything to what had already been said. Dr. Taylor said he could.

Dr. Baxter then called the attention of the Judge to the Act of 1922 where a municipality having a contract with the Provincial Commission was given power to construct a distribution system despite previous legislation, and this, he thought, modified at least the prohibition of interference contained in the former legislation and under it he contended that all the city was required to do was to use reasonable care not to unduly interfere with the company. He suggested that the company agree to let the city proceed with the distribution system and attach the safeguards mentioned in the testimony to their poles to carry the company wires.

Dr. Taylor said the contention of the company was that the whole proceeding of the city was unlawful and they could not therefore agree to any such proposal.

His Honor then set Tuesday, Sept. 25, at 10:30 a. m. as the date on which the hearing would be resumed.

COURTENAY BAY PICNIC

St. John Girl to Sing in "Faust"

MISS ESTELLE L. FOX

Miss Estelle L. Fox, a St. John girl, will sing the role of Marguerite in "Faust" this winter for educational purposes in connection with the musical teaching in the schools of Toronto, to which city Miss Fox has gone to advance herself in her vocal work. She was formerly a pupil of Professor Lloyd, of St. John, and is now studying with Signor J. S. Carboni, of Toronto. She sang in two radio concerts last winter and took part in a production of Halévy's "La Juive".

Miss Fox has written many stories for children and is very apt with her pen in depicting artistic scenes and in giving a high incentive to her readers. To accomplish her purpose in her studies, Miss Fox works at secretarial duties every afternoon, spending the mornings for her objective.

SOME C. N. R. TRAIN SERVICE CHANGES

Canadian National Railways announce that after Monday, September 3rd, Suburban trains 187 and 188 between Hampton and St. John will be discontinued. Trains Nos. 89 and 40, between Moncton and Cape Tormentine will be cancelled after Saturday, Sept. 8th. This means that P. E. E. connections will be made at Sackville after that date instead of Moncton. The Cafe Parlor Car will run to Moncton as usual on No. 14 train, but will return on No. 17, furnishing evening meal for passengers between Moncton and St. John. Sunday trains Nos. 49 and 50, between Moncton and St. John, will be continued until September 23rd. After Sept. 8th the extra first class car on No. 57 train for suburbs on the Valley Railway will be discontinued, and after Monday, Sept. 10th, No. 249 train between Fredericton and St. John will operate on regular schedule on Mondays.

RECENT DEATHS

Thomas Langtry. Yarmouth, N. S., Aug. 31.—(Special)—The death occurred this afternoon of Thomas Langtry, a well known and highly respected citizen of this town. A few weeks ago he underwent an operation for the amputation of a limb which, it was hoped, would stop the ravages of a serious illness. Mr. Langtry for a few days showed signs of improvement, but a change for the worse took place and he gradually sank. He was a member of Holy Trinity Church and had acted in the capacity of sexton for a great number of years. He is survived by one son, G. H. Langtry, and two daughters.

CHOLERA INFANTUM A FATAL DISEASE OF CHILDREN

Cholera infantum or summer complaint of children is one of the most dangerous bowel complaints during the summer months. It begins with profuse diarrhoea, the stomach becomes irritated, very often accompanied by vomiting and purging and the matter excreted from the stomach has a bilious appearance. The child rapidly loses flesh, is soon reduced to languor and prostration, and in a great many cases death ensues. Mothers, if any of your children become sick with cholera infantum do not endanger their health, perhaps their life, by experimenting with some new and untried remedy; get one that has stood the test of time; one that will quickly offset the vomiting, purging and the diarrhoea. This you will find in Dr. Fowler's Extract of Wild Strawberry, a remedy that has been on the market for the past 78 years.

GENEROUS GIFT FOR LIBRARY IN EAST ST. JOHN

A hearty vote of thanks for a most welcome gift of a collection of books was tendered F. M. Cochrane at the quarterly meeting of the teachers and officers of the Edith Avenue community Sunday school held on Thursday evening. Mr. Cochrane presented a large number of books to the community library which has been established in connection with the Sunday school and his gift was very greatly appreciated. Included in the books were many volumes of considerable value, notably an encyclopedia and a fine dictionary. With the permission of Mr. Cochrane the library committee of the Sunday school gave the dictionary to the public school in East St. John, where it will be most useful. The quarterly meeting had unusual and very pleasant features. It began with supper served on the beach by the ladies, and the business session was held on the lawn of W. F. Burditt's residence, with the superintendent of the school, A. F. Burditt, presiding. The reports of the various departments showed that gratifying progress had been made during the last three months. The report from the picnic committee showed that that entertainment, held in conjunction with the Community Club, had been a complete success. Plans were made for a grand rally day on Sept. 30 which would inaugurate the new season.

HAS HIS OWN VIEWS

An odd character in the light of present day conditions, one who is accepted nothing unless he earns it, one who does not want money, because it is the root of all evil, who desires nothing but food, clothing and shelter, and then only when he works for them, in the person of Nicholas Granitz, a Russian, was discharged from custody by Magistrate Henderson yesterday on the understanding that he would leave the city, and go to Montreal, where he can fulfil his heart's desire to get a job on a ship and work his way to his home in Russia.

A PROFITABLE PROFESSION FOR WOMEN

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$30 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to MISS HELEN C. SINCLAIR, R.N., Supt. of Training School, Waverley, Massachusetts.

Sutphen, New York Suicide, Spent About \$75,000 a Year.

New York, Aug. 31.—John H. Sutphen, aged 38, who was found dead of cyanide poisoning early Sunday at his apartment at 383 Central Park West, killed himself when financial difficulties overwhelmed him, and for the additional reason that he knew, because of his prolonged and heavy drinking, he had only a short time to live. Sutphen's death was put down definitely last night by James J. Wilson, Assistant District Attorney, as suicide. For five years Sutphen had been known as one of the most lavish spenders, as well as one of the heaviest drinkers, in the White Light District. Two and three times a week, sometimes oftener, he gave parties which cost him large amounts. At one cabaret party within the month, Mr. Wilson learned, Sutphen spent \$400 for wine. On another occasion he gave an orchestra leader a \$40 tip to repeat "Yes, We Have No Bananas."

confidential adviser to George Helme, wealthy tobacco merchant. This job paid him \$12,000 a year. In addition Sutphen was interested in manufacturing and promotion enterprises.

His Best Friend. Mrs. Margaret Helme, mother of the tobacco merchant, was considered by Sutphen as perhaps his best friend. She is said to have backed him in many of his schemes, and to have been willing at all times to help him financially. Sutphen, according to Mr. Wilson, was manager of the estate of a member of the Helme family in New Jersey. He made no accounting of his management, relying, it is said, upon Mrs. Helme, who was 90 years old, died Sunday before last.

Sutphen speeded up the consumption of whiskey from one to three quarts a day. Saturday night he and Miss Florence Ganests, former musical comedy actress, went on one last drinking bout. Shortly before dawn Sunday morning they went to his Central Park West apartment. A few hours later he was found sitting there dead. Later it was discovered that cyanide, and not too much alcohol, caused death, though in what form he took it the police and the District Attorney's office can only guess.

Sutphen leaves his wife, from whom he was separated, and their small daughter. They live with his mother, Mrs. Emma Sutphen, at Englishtown, N. J., where the funeral will be held tomorrow.

The tagua or ivory tree grows profusely in South America. Sutphen was a private secretary and

MOTORS And Their Care

Practical Suggestions for Insuring the Longevity of the Car.

Rules for Learners.

- 1. Always have your permit with you. 2. Before starting the car first learn: (A) Rules of the road. (B) General features of engine and transmission. (C) Mechanism of control, such as steering, starter, clutch, gears, brakes and accelerator. 3. Before driving, learn how to start and stop. 4. Whenever you drive, a licensed operator or chauffeur must be seated beside you, ready and able to assist in word and hand at all times. Allow no one else on the front seat, and do not converse or permit your attention to be distracted. 5. Your instruction must be in earnest, with the purpose of learning to drive well and with safety to yourself and others. It must be continuous and thorough, and not merely as an occasional or passing amusement. 6. Learn at first at a place free from vehicles and persons, where there is ample room with a smooth, dry, level road, and no ditches, tracks, sand or the like. Do not drive in traffic until you have both skill and confidence. 7. Never drive alone until you are actually licensed, even if you think, or your instructor thinks, you are able.

Efficiency in Steering Mechanism.

The steering mechanism of a car should be frequently inspected. When adjusting it is best to turn the wheels to extreme right. Parts are worn less at this position than when straight ahead. A good adjustment at straight-ahead position would possibly bind at the angle position. Steering column should be solidly anchored to the main frame. This joint receives much of the steering strain and the shock when the front wheels meet obstructions in the road. Loose or broken rivets or bolts at this point are frequently causes of serious accidents.

For Relief From Sun's Rays.

According to Dr. W. W. Coblentz of the Bureau of Standards, aluminum paint applied to the under side of an automobile top will greatly reduce the amount of heat absorbed from the sun and radiated on the underside. The temperature inside the car will then

be more nearly that found in natural shade, as under a tree.

When Cleaning the Engine.

To prevent a fire or explosion it is best to use kerosene instead of gasoline when cleaning oil and grease from

metal parts. The cleaning solution should be applied with a wooden-backed brush. If extension cords are used for portable electric lights it is advisable to use vapor-proof fittings, a keyless socket, lamp inclosed in a vapor-proof globe, and further protect-

ed with a rigid cage to prevent breakage. It is advisable also to have armored cable instead of ordinary electric cord.

Paperhanging now Simplified

Do you fully realize how much more simple, easy and rapid, paperhanging has become with the perfection of semi-trimming?

Consider the difference between this and the old-fashioned methods. Staunton Semi-Trimmed Wallpaper eliminates all trimming. You simply give the ends of the semi-trimmed roll a rap on table or floor and the selvaie falls off. Then cut the strips the required length and apply paste. Hang the paper—and the result is a perfectly butted job. Staunton Semi-Trimmed Wallpaper is accurately trimmed for you in course of manufacture. It saves time, prevents muss and disorder, and simplifies the work throughout. It is to the advantage of all who hang wallpaper to use Staunton Semi-Trimmed Wallpaper.

Ask your dealer to show you the patterns.

Easier to Stop—Quicker Pick-Up The New McLaughlin-Buick

GREATER safety! Easier control! Greater economy! These are advantages provided by the new McLaughlin-Buick four wheel brakes. A slight pressure on the foot pedal (the method of operation is not changed), every wheel grips the road evenly and surely. The car is under complete control!

And the wear and tear on brake linings and tires are proportionately less. Four-wheel brakes are, however, only one of the improvements of the new McLaughlin-Buick. The Master Six engine is more powerful—70 h.p.—the chassis is longer and the body lines and colors are entirely new. Yet behind all these new features are the sound McLaughlin-Buick engineering and building principles that have made McLaughlin-Buick "Canada's standard car".

Don't fail to see these new 1924 McLaughlin-Buicks at the St. John Exhibition. Visit our display and examine them closely. It is the only way to fully appreciate their beauty and new features.

People Now Demand Fully Equipped Cars

All over the Dominion there is a steadily growing demand for fully-equipped quality cars, low in first cost and economical in upkeep.

Motorists are realizing more and more that unless all the conveniences and extras, so essential to buy. Nothing further is needed but the license.

Mechanically Chevrolet is equally desirable. It is sturdily built for all driving conditions. The engine is powerful, easily controlled, and unfailingly dependable. Quality is built into every part of its mechanism.

With all this, Chevrolet is the world's lowest-priced fully equipped, quality car. Not only lowest in first cost, but the most economical in operation of any car built.

Naturally they turn to Chevrolet. It is a complete car in every detail. Everything they could want is on it when they

ORPHANAGE BURNED IN MONTREAL FIRE

Montreal, Aug. 31.—The Bruchel Institute on the corner of Denonville and St. Hubert streets in the east end of this city, was partly destroyed by fire this evening. The Institute is under the control of the Sisters of Providence and houses about 100 people, including 50 nuns, 30 orphans and about 28 women boarders. Fire broke out early this evening, necessitating the sending in of a double alarm and before it could be brought under control the St. Hubert street wing of the building was destroyed. Two of the inmates and three firemen were slightly injured during the fire. At present the amount of the damage could not be ascertained and it is not known how the fire originated.

PREMIER HINTS AT N. B. ELECTIONS

Veniot Advises Party to Get Ready for Next Year.

St. Leonards, Aug. 31.—At the conclusion of the banquet which was tendered him at the Cyr Hotel last evening by the Liberal committee of St. Leonards, Premier Veniot advised his followers in the counties of Madawaska and Victoria to get busy organizing, for it was quite possible the general provincial elections would be held next year. Asked after the banquet concerning this Premier Veniot said he had nothing more definite to announce but it was quite within the range of possibility that the Government would decide to go to the country in 1924 instead of waiting to complete its full term. Other members of the Government when approached would say nothing definite, but the general impression left with the meeting was that the Government had decided to bring on the elections next year.

PHONE LINE ACROSS CANADA DISCUSSED

Edmonton, Alta., Aug. 31.—John R. Lowry, head of the Manitoba Provincial Telephone System, was elected president of the Canadian Telephone Association at the concluding session of the association's convention here today. Winnipeg was selected as the meeting place in 1924. A committee was appointed to take up with the Dominion Government during the coming year the question of what assistance the Government was prepared to give in the establishment of a trans-continental telephone line, in the way of bridging the gaps over the Rockies and through northern Ontario. Other officers elected were as follows: Vice-president, W. H. Hayes, Halifax; secretary-treasurer, John Delaney, Winnipeg; directors, W. H. Winter, Montreal; E. F. Hollwell, Vancouver; W. R. Pearce, New Brunswick and J. W. Windfield, Halifax.

Happy Thought Ranges Make Happy Homes

You—the woman with a family—know what it means to have a range that is so easy to regulate, that is a good cooker and a dependable baker. There is no single fixture in your entire house that is as important as your range.

Every woman who does her own cooking knows what it means to have even heat and plenty of room in the oven. She realizes what a large cooking surface means and the benefits of regulators and little labor-saving attachments.

Three hundred thousand Canadian women know the dependability of Happy Thought ranges from actual every-day experience. They have found them consistent and satisfactory, economical in fuel and easy to operate. Ask any of these happy women about these ranges.

Montreal, Aug. 31—A further advance in the price of refined sugar was announced here today by the Atlantic, Canada, and St. Lawrence refiners, a 20 cent increase per 100 lbs, bringing the present price to \$9.70 per 100 lbs.

SURVIVES BULLET IN HIS BRAIN 25 YEARS; HEART ATTACK FATAL

New York, Aug. 31—After carrying a steel-jacketed Mauser bullet in his brain for 25 years, John S. Greener, 48 years old, died yesterday of heart trouble in his home at 71 Boss Avenue, South Ozone Park, this week. Mr. Greener received his wound in the Philippines in 1898 while serving as a private in the volunteers. The bullet entered his head just above his left eye and lodged as physicians described it, between his larger and smaller brain. When brought back to the United States, physicians took what was said to be one of the first X-ray pictures in this country. They decided that to remove the bullet would be fatal. Mr. Greener had been in the postal service for eighteen years and for the last eight years had been an inspector.

WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

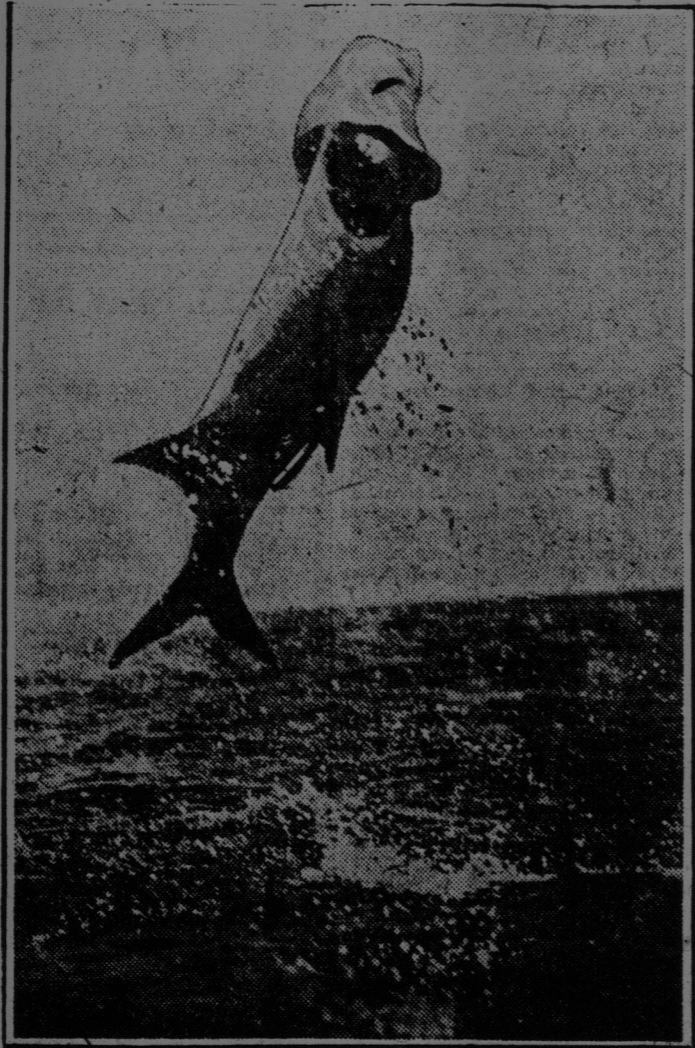

Gleason Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet, and my husband did my housework. The doctor said an operation might be necessary, I read testimonials letters about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, all my washing and my sewing, which I think is remarkable, as I had not dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious."—Mrs. GEORGE W. BURCHELL, Gleason Falls, N. Y.

COTTON ADVANCES \$5 A BALE IN SOUTH

New Orleans, Aug. 31—A bulge of \$5 a bale, the most important rise in weeks, was recorded in the local market today in discounting the Government's report on the growing cotton crop, showing a condition of 84.1 per cent of normal on August 25, and indicating a yield of only 10,738,000 bales.
October and December contracts both soared to 24.70 cents a pound in less than five minutes of trading following the report at 10 a.m., representing an advance of 96 to 104 points, as compared with the prices ruling just before the report was issued.

SATISFACTION

A seemingly low price for an article is always attractive, but unfortunately frequently misleading. How often is heard the remark—"I would rather have paid a little more and got the quality I wanted."
As a matter of fact that "little more" was necessary to obtain the better quality. Good goods require a higher price to be good.

\$11 COAL OFFERED CITY OF TORONTO

Toronto, Aug. 31—Sir George B. Filmer, of the Anglo-Canadian Collieries, has repeated in writing his offer made to the Board of Control on Wednesday to supply the city with Alberta coal at \$11 a ton, it became known today.
According to the letter, the sum of \$1 per ton is payable with the order, the remainder of \$10 per ton to be payable against the bill of lading.
Mayor Maguire today expressed satisfaction with the position in which the city has now been placed, although he still advised the people to procure coal at once from any source they could.

HARRY GREB WINS MIDDLEWEIGHT CHAMPIONSHIP FROM JOHNNY WILSON

Outposts Former Champion in Fifteen Round Bout in New York.

Polo Grounds, New York, Aug. 31.—The world's middleweight boxing championship passed from Johnny Wilson, of Boston, to Harry Greb, of Pittsburgh, in a top-sided 15 round battle before a small crowd in the Polo Grounds tonight. Greb won the judges' decision.

Vic McLaughlin, of the West Side, New York, won the first four-round preliminary from Charles Arthur, of Yonkers. The men are middleweights. Paddy Flynn, Brooklyn middleweight, won from Harry Goffaud, also of Brooklyn, in the second preliminary. The third bout was won after six rounds by Cuddy Demarco, of Pittsburgh, from Johnny Convo, of New York. The Pittsburgher weighed 129½ and his opponent 149.

The last preliminary, a top-sided 10-round farce, was won by Jack Delaney, of Bridgeport, Conn., from Jimmy Darcy, of Portland, Ore. The winner weighed 163½ pounds and Darcy 170. Greb was first to enter the ring and was closely followed by the titleholder. The weights were announced as 158 each. Jack O'Sullivan was the third man in the ring.

Fight By Rounds.

Round one.—They sparred in the center of the ring for a minute before Wilson landed the first blow, a glancing left to the body and then they went into two short body exchanges. Wilson landed another left to the body and took a right in return. The champion retreated around the ring and Greb drove him to the ropes where the Pittsburgher got in some effective ring work. From the center of the ring Wilson then drove Greb to the ropes with short body blows after they had exchanged blows in the center of the ring. Greb forced the champion to cover up, sending both hands to the body, and then the challenger did some damage at close range. They exchanged counter blows each with one arm locked in the other's. They

had a furious exchange in Greb's corner, again locking each an arm and pounded each other fully twenty blows apiece, separating at the bell.

Round two.—Greb was short with a right and they exchanged blows in a clinch. Greb began to bore in with his long lefty swing, but Wilson met him. Again they locked arms and hit each other at short range. Greb held Wilson around the waist with his left and struck him with his right until the referee stopped him. Greb rocked Wilson to the ropes with a right but the champion clinched when the challenger added his right. Greb clouted a little bit and began grabbing Wilson around the neck with his left and punching with his right. They were sparring at the bell.

Round three.—They sparred for a moment and then Greb charged driving his right to the stomach, driving Wilson to the ropes with a fusillade. They exchanged at arms length in the center of the ring and Greb began to charge again, landing a hard right to the body while he held Wilson with his left for which he was warned by the referee. Wilson landed a hard left to the jaw before Greb again resumed his holding and resulted in a severe lecture from referee O'Sullivan. Greb had the better of a protracted exchange at long range and they began to spar when the bell rang.

Greb Attacks.

Round four.—Greb jumped to the attack and landed both hands to the head. He blocked a right and then repeated with both hands when Wilson tried to cover up. They clinched several times and Greb ripped short rights to the chest and jaw. Wilson landed a few lefts in a clinch. The champion landed a left to the chest and Greb missed a wide right. Wilson then came in and landed both hands. Greb sent a long right to the head and danced away before coming in again to hold with his left and pound with his right while the champion countered with short lefts. The round ended with the men ready to fight.

Round five.—They clinched immediately, exchanging of balance with one arm and landed one hand to the body and the other to the back ribs. Wilson missed both right to the jaw and then missed both right to the jaw. Now Greb held with his left and punched with his right and Wilson came back with his body punching and they had a desperate exchange in a neutral corner which the judge stopped.

Round six.—Wilson supporters shouted for him to do something but

ropes, covering his face with his hands while the Pittsburgher whacked away. Wilson grabbed Greb around the waist to hold on and the challenger slipped to the floor. The challenger was hard at it again in a clinch and sent a very damaging right smash to the head. The champion looked as though he was wavering. He dug a short right to Greb's mid-ribs and dispatched a right and left to the chin but the bell ended the round.

Round ten.—Wilson appeared groggy as he sat in his corner and his left eye was completely closed. They started slowly but in a moment Greb shot a straight right toward the injured optic and cornered the champion in a neutral corner. Greb whipped over a right clinch and slashed away with both hands when Wilson came into clinch. With his one eye Wilson could see that Greb's stomach was slashed and he pointed for this target but could not reach it while Greb backed away for a moment and came in landing wide swings. They had a short exchange before the gong tapped. Greb had a clear margin in the opinion of the experts at the end of this round.

Round eleven.—Greb swung a right to the face and Wilson missed a Greb shot a right to the head. They exchanged in a clinch and then Greb landed numerous rights before he opened up with both hands. Greb held with his left and butted with his head and these tactics were expected to count against him but it was difficult to estimate his lead. Wilson shot a hard left just above the belt. Wilson was advancing to clinch and Greb accepted his overtures by locking one arm and swinging the other. This was a slow round, and ended with the men sparring.

Round twelve.—They came together fighting and Wilson was cheered for living up to the battle with a left. Greb grabbed the ropes with his right and tried to pivot for a swing but the champion backed out of range and Greb had to cross the ring to land a hard right. They went into another half clinch and Greb did deadly punishing with his right to the body and head. Greb sunk a left in Wilson's body and then crossed both hands repeatedly to the jaw. Greb slashed and ripped uppers to Wilson's jaw and the champion clinched when Greb again punched with his left. In the next clinch Greb pounded with his right and they were going into an exchange when the bell rang.

Round thirteen.—They clinched as possible, backed away and clinched again, and in both instances Greb landed the most effective. Wilson advanced with a body attack and landed with both fists to the body finding Greb very willing to mix. They mixed again until Wilson clinched. Johnny drew both fists into Greb's chest and Greb shot a left uppercut to the jaw. Now Greb held with his left and punched with his right and Wilson came back with his body punching and they had a desperate exchange in a neutral corner which the judge stopped.

Round fourteen.—Wilson supporters shouted for him to do something but

BRILLIANT PLAY SEEN AT ROTHESSAY

Quebec Davis Cup Players Give Excellent Tennis Exhibition.

Deadly and accurate serving, great backhand cuts and drives, fast volleying and all-around brilliant tennis marked the matches played on the courts at Rothessay yesterday, when members of Canada's Davis Cup team appeared in competition with local stars. They won all of their matches, but this was expected, and their less experienced opponents were given credit for the good showing they made against such clever exponents of the game.

One of the best matches of the day was an exhibition between Jack Wright, singles champion of Canada, and Willard Crocker. The latter won 6-2, 6-2. This match was marked by some sensational play by Wright and Jack Thomson, the latter made an exceptionally good showing. The local boy has a good serve and a fast and wicked return, but his judgment was not so good as the champion's. With more care in serving and placements he should develop into one of the best players in these parts.

In the match between Crocker and Hudson the latter won well-merited applause for his good showing. He is a cool player, showing no signs of temperament, and placed his shots well. In the first match, LaFramboise and Robert McInerney, two rising young stars. The victors won, 6-2, 6-1. In the second match, Willard Crocker met George

Hudson, provincial singles champion. Crocker took the first game, Hudson the second and third, Crocker the fourth and fifth, thus making it a tie. Crocker then rallied and won the remaining sets. He won the second match, 6 to 0.

Jack Wright, singles champion of Canada, then took on Jack Thomson, runner-up for the men's provincial title. Wright won, 6 to 2, 6 to 1. Crocker and Wright then gave an exhibition for the championship of New Brunswick before the season is too far advanced.

This afternoon, tennis fans will be given another opportunity of seeing these stars in action in the following schedule:

2:30 p. m.—LaFramboise vs. Short.
3:30 p. m.—Robert vs. McInerney.
4:30 p. m.—Crocker and Wright vs. Hudson and Short.

Last evening, the visiting players were entertained at the home of Mrs. Percy W. Thomson. They will leave for Halifax on Monday to play exhibition matches.

BIG GAMES ON ST. PETER'S PARK

Saints and Fredericton This Afternoon and Evening and Labor Day.

Baseball fans should enjoy a real treat this afternoon and evening when St. Peter's and Fredericton will meet in two games in their play-off for the championship of the Two I League.

The afternoon game will start at 8 o'clock and the evening contest at 6:30. Both should be keenly contested as the members of the teams are anxious to wind up this series and clash with St. Stephen for the championship of New Brunswick before the season is too far advanced.

With this end in view every effort will be made to clinch the title today and Monday, when two more games will be played here. The managers will present their strongest line-ups and with so much stake a stellar brand of ball should result.

An early morning report was that King or Strecker would be on the mound for St. Peter's this afternoon and Lynch or McCourt for Fredericton.

This evening Price would likely pitch for St. Peter's and Noonan for Fredericton.

The management of the Fredericton team has notified W. H. Grant of St. Stephen that in event of them winning the title of the Two I League they will be willing to meet them in a play-off for the provincial championship.

The Labor Day games here will be at 10:15 in the morning and 8 o'clock in the afternoon.

ST. GEORGES WIN FROM SUSSEX

The Sussex baseball team went down to defeat against the St. Georges nine on Queen Square diamond last evening by a score of 9 to 0. Hand-

nah, who was on the mound for the winners, held his opponents to three scattered hits, while Evans was touched for nine. The game was put on ice in the second inning when St. George's boys netted six runs.

Ford Wins Lipton Trophy.
The schooner Henry Ford won the Lipton cup and a purse of \$1,000 in a

race held off Gloucester, Mass., yesterday. The pride of Gloucester finished the thirty-one mile course fifty seconds ahead of the Elizabeth Howard of New York, and defeated the new Shamrock of Boston by nearly fifteen minutes. Captain Ben Pine of the Howard was awarded the J. W. Prentice Cup and a purse of \$800. The Shamrock won a cash prize of \$800.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

"LITTLE BILL" IS LOSER TO ANDERSON

Australian Davis Team Captain Conquers World's Champion in Spectacular Match.

Forest Hills, N. Y., Aug. 31—Australia was victorious today in the first Davis Cup challenge round test with the United States. James O. Anderson, captain of the challenging forces, playing in spectacular form, conquered William H. Johnston, who holds the world's championship, in a thrilling five set match at the West Side Tennis Club today. The scores were 4-6, 6-2, 2-6, 7-5 and 6-2.

The defeat of Johnston was a startling blow to United States tennis hopes as he had previously shown marked superiority over his Australian rivals. For four sets there was little choice between their games, but Johnston tired under his opponent's sensational pace in the last set and went down to crushing defeat. Anderson reached the most dazzling of tennis heights in winning both the fourth and fifth sets.

SOUTH END GROUNDS.
The Trojans are booked for two games on Labor Day on the South End League grounds. In the morning, they will play St. George's and in the afternoon their opponents probably will be the Royals. If not the Royals, then St. George's. The morning game will start at 10 o'clock and the afternoon game at three o'clock.

LADIES' GOLF.
Fredericton, Aug. 31—The ladies of the Westfield and Fredericton golf clubs played in Fredericton all day today. In singles in the morning the Fredericton ladies won, 10 to 6, and in the afternoon the foursomes were tied, four all.

To Halifax Meet

President A. W. Covey, who is slowly recovering from the effects of a throat operation, announced last evening that the following New Brunswickers would compete at the Dominion championships at Halifax: Gorman, Malsaby, Campbell, of St. John, and Smith of Woodstock, in the 100 and 220; Maynes, the 440 and 880; Kee, the 440 and walk; Monteth, the 220 and pole vault; Miller, in field events; Winchester, in the mile. A sum of about \$200 will be needed to finance the trip for the local boys. It has been suggested that a ball game be staged to secure the required amount.

FREDERICTONS TRIM ST. STEPHEN, 5 TO 3

(Special to The Telegraph-Journal). Fredericton, N. B., Aug. 31—St. Stephen champions of the St. Croix league and challengers or the winners of the Two-1 League play off were defeated, 5 to 3, here this evening in seven innings of rather ordinary baseball in an exhibition game. Morrell, pitcher for St. Stephen, and Faynter pitched for home team. The St. Stephen man was hit hard. His support was good or otherwise the score would have been much more one sided. Kouillard fielded in particularly brilliant style. Paynter had the better of the pitching argument. A serious misplay he made in base running left his team short of a run which they would have had sure.

The home team fielded perfectly except in the sixth when errors let St. Stephen make two runs and also showed improved batting form. Umpire Knowlton was not able to officiate and Traff Donovan, a local umpire, worked alone. St. Stephen did not take kindly to it.

RIFLE SHOOTING.

The M. D. 7 Permanent Force Rifle Association held their weekly spoon shoot on the local range yesterday afternoon. Weather conditions were very good on the whole, there being a haze at times and a tricky wind at 600 yards. Spoon winners were: "A" class, Capt. W. V. H. Winter, R. C. A. S. C.; "B" class, Sgt. E. W. Wiggins, R. C. O. C.; and "C" class, Sgt. D. H. Brown, R. C. O. C.

ENDS IN DISPUTE.

The game between the Royals and Sugar Refinery on the South End diamond last night ended in a dispute, no decision being reached. Batteries: Royals, Nelson and Austin; Refiners, Potter and Wilson. Features were a home run by Nixon and a triple by Nelson. The game was very poorly played.

Exhibition Week at the Arena for the night of Thursday, September 6, having as a headliner a ten round mill between Willie "Young" Gradwell, one of New England's premier lightweights, and Johnny McIntyre, the Glace Bay bearcat, who annexed the welter championship of Maine at Houlton the other night and a youngster who is a great favorite in St. John.

An announcement to this effect was made last evening by the arena promoters. Johnny has met Gradwell on a previous occasion and Gradwell bested him. McIntyre is in better shape now and said last night on his return from Houlton that the best news he had heard for some time was that Gradwell had accepted terms.

For the main preliminary, the promoters have excelled themselves by matching "Billy" Groff, the Winnipeg boy, and Gordon Paris, the local colored boy, who held Healey to a draw at the arena recently. These boys will mix it over the eight-round route. The fans want to see Groff in action with his right in good shape and this is the chance that few of them will miss.

In the first preliminary, John Sullivan meets George Buckley. The promoters expect that this card will draw

the biggest crowd in the history of boxing in St. John.

A Great Labor Story For Labor's Holiday

A Story Founded On This Bible Text: "There is an evil which I have seen under the sun, and it is common among men: A man to whom God hath given riches, wealth and honor, so that he wanteth nothing for his soul of all that he desireth—but a stranger eateth it: that is vanity and it is an evil disease."

A THOUSAND STRONG-LIMBED MEN STOOD READY to do the bidding of the great leader. Fate hovered like a cruel menace over the vast shipyards of the Keogh family. A colossal edifice of wealth built up over many hard years tottered on its foundations. But above the turmoil and unrest the daughter of the Keoghs, gentle, beautiful, superb fought courageously for her great inheritance.

SAYS ADVANCE IN ST. JOHN MARKED

E. W. Purdy, Bank President in U. S., Visits Native Province.

That he could see a big improvement in St. John in the last ten years, was the cheering statement made this morning by E. W. Purdy, president of the National Bank, Bellingham, Wash., who is making a short visit to his home province and will leave today for Jemseg to see his father, A. Purdy.

Mr. Purdy left New Brunswick forty years ago and in that time has been back only three times, but he still retains his love of his native province and thinks the people here do not sufficiently appreciate either the natural or material possibilities of the country. He is another example of Maritime men who have gone out into the world and made good and today he holds a large place in the commercial life of the State of Washington.

Speaking on conditions in the United States, Mr. Purdy said that in his part of the country, where lumbering was the chief industry, everything was booming just at present and in the middle west the crops were excellent and prospects for prosperity for the farmers good.

Improvement impresses him.

With reference to St. John, he said since he had been here, ten years ago, there had been a marked change for the better, and it looked to him as though he had gone through the rehabilitation period following the war very successfully.

Mr. Purdy is a cousin of Dr. H. A. Farris, superintendent of the St. John County Hospital, and is accompanied on the trip by Bruce M. Farris, a brother of Dr. Farris, who is engaged in the lumber business in British Columbia.

Next week Mr. Purdy and Mr. Farris will leave for Montreal and Ottawa and later will go to Louisville to visit Mr. Purdy's daughter, who lives in that city.

TO START WORK ON SEPTEMBER 10

J. E. Kane Gets Contract for Street Railway Renewal.

Arrangements have been completed by the New Brunswick Power Company for the replacement of the street car rails in Main street between Portland street and Douglas avenue. A contract has been awarded to J. E. Kane, and work will be started on Monday, September 10. It is the intention of the company to install 82-pound rails, which are 90 feet long, and to have these set on a solid concrete base securely fastened to international steel ties. This is the first time that these ties have been used by the New Brunswick Power Company, but they are said to be in great demand throughout the United States. They are flat pressed steel and punched so that the rails may be bolted to them and then firmly welded. It is designed to do away with the present jarring and jarring of the cars caused by the short and lighter rails and the frequent joints; also to prolong the life of the rolling stock.

Prior to the commencement of the work the railway officials will map out a programme for the handling of their patrons.

W. A. OUTING.

The W. A. of St. Mary's church enjoyed a pleasant outing yesterday the summer home of Mrs. Lorne Mowry at Grand Bay. About twenty of the members were present and special guests were Mrs. Emery, of Moncton, Miss Anne Porter, of Boston, and Mr. and Mrs. W. A. Simonds, of Marston. The pastor, Rev. R. Taylor McKim and Mrs. Mox were present. The outing was one of a series held this summer and it is hoped that another may be arranged later.

As Hiram Sees It

"Look-a-her!" said Mr. Hiram Hornbeam to The Times reporter, "take that there sour look off your face. I 'ud make a cow give sour milk. Jist give the corners of your mouth another kind of a twist—an' look as if you was hev'in' an Exhibition in town all next week."

"Hiram," said the reporter, "I realize the force of your remark. I know I ought to smile. I feel it my duty to be joyous and limber up the glad hand. But I met a man this morning who said it was going to rain all next week. He said nobody had a good word for St. John or would come near the place. He said that by next spring there would be nobody living here but the gulls, and the cripples and couldn't walk away."

"Is that feller round here yit?" said Hiram. "If you kin round him up again—jist leave him. I been lookin' fer him. It's birds like him that keeps a place back. I'd do like they say John McKane done to a couple of traps up on the Meramichi one time. When they whined about hard times an' ast fer somethin' to eat, John fed 'em, an' then filled the road with buckshot all round their heels, while they was tryin' to get over into the next county afore he aimed any higher. That's what all the croakers orto git. As fer you—Mister—I want to see a smile on your mug right now—one of the kind that won't come off fer a week. Do you git me?"

"Hiram," said the reporter, "you do me good. Let me shake your hand—thanks. May I laugh?—thanks again. Oh, we have a famous week—what?"

"I'll be jist what we make it," said Hiram.

SIXTY-FIVE YEARS AT BARBER'S CHAIR

Charles O'Hara Recalls Six Cent Shaves and 13 Cent Haircuts.

Charles O'Hara, Mill street barber, who has been in business for sixty-five years, is greatly interested in the "Do You Remember" column, which appears daily in The Times. Note of the old happenings suggested this question to him, which he would like some of the older residents to answer.

"Do you remember when shaves were six cents and hair cuts thirteen cents?"

Mr. O'Hara has the distinction of being the oldest barber in the city and his long career while in business is one which any man might well be proud of. As a boy he showed an aptitude in the tonorial line and he was induced to learn the art. He showed marked proficiency in a short time and being ambitious opened a business of his own in Main street in the old Town of Portland. Later he removed to Mill street and rented a store next to Rankine's biscuit works, then owned by Captain Frost. At the time of the big St. John fire he lost practically everything but a few of his razors and scissors, but undaunted he started up again in a spare room, rented to him by John Mitchell, who in later years was one of the leading players on the Shamrocks. Mr. Mitchell's building was situated at the corner of Pond street and was the only one in that block, which had escaped the devastating flames of '77.

When this district was rebuilt Mr. O'Hara rented a store and from that time on his business flourished. Some years later he sold out and went to Boston, but after remaining there for a couple of months decided that St. John was good enough for him and he returned to the city, opening up in the Mullin building the foot of Dock street. Since that time he has been in business between that site and the Union Station.

In Other Days.

Speaking about the early days of barbering he tells of many changes not only in the price of shaves, hair cuts, etc., but also in the methods in vogue. Trims in those days were unheard of and it was simply "take it all off."

"Did you have such things as hair singes, massages, etc. in the old days," he was asked. In answer he said they were never heard tell of, but the barbers had lotions to put on the face after a shave. Chairs in those days were not like the modern ones. They were stationary but were so arranged that they were tilted back and had small head rest. When a man asked for an exceptionally close cut, horse clippers were used and such styles as "all back" or a pompadour to the side were not thought of. In other words, Mr. O'Hara said, the patrons were not as fussy as they are today. Of course there were no electric lights in use, and their establishments were illuminated with oil lamps.

Asked about the hours one had to work then, he said, there were no set hours, it was a case of finishing up. He recalled times when he did not finish until after the hours and on Sunday morning and then had to be back on the job at 7 o'clock the same morning, the law in those days allowing this practice.

\$9 Big Pay.

He said that a first class barber had been paid as high as \$8 a week at that time, which was exceptionally high, but usually the barbers had only the help of an apprentice. Even with shaves going at six cents and haircuts at thirteen, they made money. This he attributed to the fact that everything was so cheap. Rents were very reasonable and the cost of materials in comparison.

Interested in Sport.

In addition to attending to his business Mr. O'Hara found time to devote to sport. He was a keen rowing enthusiast and had several shells constructed in a loft he erected especially for that purpose in the rear of his home in Portland street. One of his shells was used by the late Wallace Ross, a famous oarsman of those times and another was used by Luther, who trained Hanlan. Mr. O'Hara was the first man in this city to have a shell constructed in England and had it named "The Portland." This was also used by Mr. Ross. "In those days," Mr. O'Hara said, "the boys made my shop their headquarters and many an interesting talk and argument took place between Fulton, the Browns of Halifax, Ross, Hanlan and others."

St. John Boy Now Officer On One of Hawaiian Isles

A letter just received from Honolulu announces the arrival there of Captain Herbert G. McCafferty and his wife and young daughter. The officer is a former St. John boy, well remembered as starting in newspaper work here and continuing it successfully in New York, but giving it over finally for military life. He has been in the U. S. Army for some time, and lately received orders to proceed to the Hawaiian Isles for duty. There he is stationed at Schofield Barracks, Island of Oahu. He writes entertainingly to his mother, Mrs. Francis McCafferty, and conditions in a land whose very name has an alluring appeal.

REMEMBER WHEN—

His Lordship Bishop Sweeney celebrated his golden jubilee in St. John on September 1, 1894.

Tug Maggie M. went ashore at Martin's Head on Sunday morning, August 19, 1894, when Captain Justus Mowry, Herbert Mowry, Jr., John Mowry and Captain Samuel Pitman lost their lives. The tug was bound from St. John for Alma.

The 27th annual meeting of the Canadian Medical Association was held in St. John on Wednesday, August 22, 1894. Dr. William Bayard of St. John was elected president.
