YANKEES LOSE THE LEADERSHIP

Cleveland Goes to Top of the American League Race

Six Home Runs Yesterday—Babe Ruth Climbs in Bating Honors—Review of the Big Leagues.

New York, Aug. 21.—The Yankees lost the leadership of the league yesterday when the White Sox beat them, Cleveland leading the league by four points.

Of six home runs in the major league yesterday, Robertson, Pittsburgh, made two in the first game of the double header with Philadelphia.

Chicago, Aug. 21.—Babe Ruth, who registered his 45th home run of the season in the farwest series, between New York and the Chicago White Sox, has batted himself to third position among the batters of the American League, with an average of .374, and also increased his lead as a run getter, having registered 126 times.

Harry Hellman, Detroit, suffered a slight slump in hitting but continues to top the league with .407. Ty Cobb is the runner-up with .381. Harris, of Washington, added a brace of stolen bases to his total and leads with 22.

Other leading batters: St. Louis, 365; St. Louis, 365; Speaker, Cleveland, 361; Williams, St. Louis, 350; Collins, Chicago, 347; Veach, Detroit, 345.

Rogers Hornsby, St. Louis star, suffered a drop in his batting average during the past week and lost the honor of leading in runs scored.

Bancroft, of New York, is leading the run getters, having scored 95 times while Hornsby scored 92. Hornsby, however, continues to top the batters with .404.

George Kelly, Grant first baseman, batted out his 21st homer and Frank Frisch, a team mate, added five stolen bases to his string bringing his total for the season to 39.

Tombally, of Chicago, is the runner-up to Hornsby for batting honors, with an average of .371 while Cruise, of Boston, batted himself up to third with .332.

PLANS TO VISIT AMERICA AGAIN

Sarah Bernhardt, from her sick bed at Belle Isle, sends a message saying she hopes to say farewell to America personally next year.

TOUCH OF CHURCH UNION SPIRIT

Anglican and Methodist Clergymen Attend Induction of Presbyterian Minister—A Former Chaplain of the 5th Infantry Brigade.

Montreal, Aug. 20.—There was a touch of the union spirit when the Rev. A. J. MacDonald, B. A., was inducted into the pastoral charge of St. Andrew's Presbyterian church, Lachine, last night.

Other leading batters: St. Louis, 365; St. Louis, 365; Speaker, Cleveland, 361; Williams, St. Louis, 350; Collins, Chicago, 347; Veach, Detroit, 345.

GANG MURDERS MAY BE SOLVED

One of "Good Killers" Arrested Gives Information to Police—Seven in Detroit.

New York, Aug. 20.—Information that may solve seven gang murders committed in Detroit since 1916, was obtained yesterday from Bartolo Fontana, under arrest in connection with the activities of the "good killers," according to Detective McPherson of Detroit.

Fontana told me, McPherson said, that he knew how the Detroit jobs were done. Most of these murders were of the automobile variety, done by gangsters in cars, who got away with the stolen car, but he was tried and acquitted.

The detective said Fontana declared he knew the members of the murder band, but denied he had taken part in the crimes. The prisoner admitted to being in Detroit within the last two or three years, and that he had been in that city about eighteen months ago.

UNEMPLOYMENT AND IMMIGRATION

Two Matters Before Trades and Labor Congress on Monday.

Winnipeg, Aug. 21.—(Canadian Press)—Tom Moore, president of the Dominion Trades and Labor Congress, arrived in Winnipeg last night from Ottawa to preside over the thirty-seventh annual convention of the congress which opens Monday morning.

Mr. Moore outlined several of the most important matters to be taken up, asked his opinion as to the controversy between the Trades and Labor Congress and the Canadian Brotherhood of Railway Employees, he declined to enter into any discussion on the eve of congress.

NO QUESTION RE ALEXANDER'S STATUS

Paris, Aug. 20.—No question has been raised in government circles here relative to Alexander's status as king of the United Serb, Croat and Slovene Kingdom. Belgrade advises that the government has taken the oath to him.

SOME PESSIMISM IN DUBLIN OVER IRISH SITUATION

Crisis Considered Serious, But Some Hope Field.

London, Aug. 20.—Despatches from Dublin to London newspapers appear to reflect pessimism over the Irish situation, in view of latest developments.

Henry W. Devinson, war correspondent and author, telegraphing the Daily Herald, says the situation is "undoubtedly very serious" and that he is unable to see any hope as brightly as he did.

He admits, however, that hope still exists. "If the Irish Republican leaders," his despatch continues, "frame the reply to Great Britain's terms and submit it to the Daily Eirann for approval, rather than the pastoral charge of St. Andrew's Presbyterian church, Lachine, last night."

He says that the danger to further negotiations and a subsequent peace comes from the influence of theorists and doctrinaires acting upon the spirit of militarism.

If the truce is broken, war in its most terrible form will sweep through Ireland. Civil war will be added to international war, and all who refuse to support the Republican army will be driven from the country or shot.

The Dublin correspondent of the Daily News says Premier Lloyd George is being charged with rattling the "sabre" in his address yesterday in the House of Commons. He says the speech may do definite harm.

"It is a fact," he adds, "that a section of the Irish Republican leaders have been playing the dangerous game of bluff in order to bring about a truce. It is desirable that Great Britain make the plainest possible declaration that these speeches would be considered by the Daily Eirann as a serious matter."

London, Aug. 20.—Leaders of the Irish Republican parliament were expected to confer with De Valera, their Premier, today at a growing tension here during the last couple of days and Dublin Castle authorities have given an expression of their anxiety.

There has been a growing tension here during the last couple of days and Dublin Castle authorities have given an expression of their anxiety.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornsby to the Times reporter, "and Keith Barber and Judge Ritchie had a lot of fun yesterday. We went to that there picnic out to 'Carybung' and them there Rotary fellows give the boys a squint in the other eye."

"I didn't pass. They wanted me to play 'fust base, but Doc Spangler he feck me over an' said I had too many bones. Then they wanted me to root for the east end, but Canon Armstrong he heard me offer to bet a big apple on the game an' he took me over to Judge Ritchie an' he kept an eye on me."

"I guess they thought I'd get excited or somethin'. I challenged Keith to a waltz match, but I guess he thought I knowed more about gittin' over eradle-knolls than he did, an' he started in to ask if I was any wood-rock, in the swales out to the Settlement this year. You know him an' me an' the judge ain't Rotary fellows, but we had a real fine time. Them Rotary fellows knows how to deliver the goods all right. If they got any room for me, I'd like to line up. The judge says to me, says he, 'Hiram, I don't feel a day older 'n I did sixty year ago, but I feel like both chaps all over this town—an' the finest sport old St. John ever seen—yes, sir.'"

Emery Bartlett Died as Result of Injury.

Raymond Bollard Tells Police He Had No Intention of Striking His Companion—Both Were Throwing Stones.

Emery Bartlett, aged thirteen years, died this morning at his home, 143 Millidge avenue, as a result of an injury sustained yesterday afternoon while playing with a companion, Raymond Bollard, on the head with a stone in the hands of a companion, Raymond Bollard.

Young Bollard told the police that yesterday afternoon between five and six o'clock he and the Bartlett boy were coming through a place of Millidge street known as "the short cut." As they neared the avenue they saw an automobile coming along and decided to throw stones in front of the car as it passed the cut. Emmie Bartlett, he said, threw a stone which hit the indicator of the automobile and then jumped as if afraid the man in the car would catch them. As he did so he (Bollard) was in the act of throwing a stone when he saw the Bartlett boy and as he swung his arm his hand containing a stone, struck Bartlett in the back of the head, inflicting a cut. The stone did not knock anything more off the car.

Bartlett's father ran. He said that Emmie Bartlett was apparently all right except his head was bleeding and he kept saying that Bollard would have to pay the doctor's bill. He said he left the scene and did not know anything more until Police Officer Killen and Constable Gibson called and took him to the police station this morning. He maintained that he had no intention of striking his son in the police court.

Dr. F. W. Stevenson, who attended the boy, said that he had sustained a fracture of the skull.

GREEK DELEGATION TO LEAGUE OF NATIONS MEETING

Athens, Aug. 20.—Greece will be represented by a strong delegation at the second meeting of the assembly of the League of Nations which will begin in Geneva on Sept. 8. Announcement was made yesterday that Geo. P. Baltassia, former minister of foreign affairs, would be sent along.

ABUTTERS MUST PAY. Campbellton Graphic: Ratepayers of the abutters on streets upon which permanent sidewalks have been laid will be called upon to pay a portion of the cost of such walks.

HEALTH MATTERS. Hon. W. F. Roberts, minister of health, and Dr. G. G. Melvin, were last evening on a trip to Moncton on departmental business. They were rearranging the Moncton Board of Health and looking after the appointment of an inspector for the counties of Northumberland, Kent and Westmorland.

CHURCH PARADE. A church parade of officers and men of the 5th Infantry will be held tomorrow morning at Trinity church.

FAIL TO DISPLACE THE BATTLESHIP

Report on Result of Bombing Tests by U. S. Army and Navy—Development of Aviation Recommended.

Washington, Aug. 20.—Results of bombing tests held off the Virginia Capes from June 21 to July 21 have failed to displace the battleship from its prominent position as a nation's chief defence at sea. This was the outstanding conclusion of the report of the joint board of the army and navy, made public by General Pershing, the senior member.

The tests, which resulted in the sinking of four ex-German warships by aerial bombs, proved, however, the soundness of a matter of national defence, to provide for the maximum possible development of aviation in both the army and navy.

The tests proved also, the board agreed, "the necessity for aircraft carriers of maximum size and speed as an effective adjunct of the fleet" and for the development of effective air-craft armament.

"Instead of furnishing an economical instrument of war leading to the abolition of the battleship, the development of aircraft has added to the complexity of naval warfare," the report stated.

HALIFAX WILL TAKE OVER HYDRO

Distribution Matter Not Yet Decided, However—Current at One Cent a Kilowatt Hour.

Halifax, N. S., Aug. 20.—(By Canadian Press)—After a five hour discussion last night the city council of Halifax, by a vote of nine to eight, decided to take over the hydro-electric power recently developed at St. Margaret's Bay by the Nova Scotia Hydro-Electric Commission. The issue involved the Nova Scotia Tramways and Power Company, which at present supplies the city with light and power and which would have taken over the new source of power had the city turned down the offer of the commission. The question of distribution was left in the air.

It is expected that the hydro-electric power will be available for the use of citizens at about one cent a kilowatt hour, probably a month after arrangements for its reception and distribution have been completed.

FATHER AND SON HELD RESPONSIBLE

Will Appear in Court in Connection With Death of Man Killed With Hammer.

Montreal, Aug. 20.—Held jointly responsible by a coroner's jury for the death of John Albert Smith, who died on August 15 from the effects of blows on the head with a hammer, yesterday were Ivy Barney and Charles Cincinnati, both of Cleveland, and Captain Wm. Disbury, Toronto, Ont., master of the vessel.

ENGLISH GROUP SECURES LEASE OF PORT PETROGRAD

London, Aug. 20.—(Canadian Press)—Despite the assertions of the Right Hon. J. T. McNamara, minister of labor, to the effect that unemployment in the United Kingdom is decreasing, 125,000 persons have reached the end of the period wherein they are entitled to receive unemployment relief from the government. The only help in which these people can now participate is that offered by the local poor law authorities.

FOREIGN CONSULS

Ottawa, Aug. 20.—(Canadian Press)—Foreign consuls for Canada are gazetted this week as follows: Herbert I. Shelton, vice-consul of Uruguay, at Montreal; Don Alfredo Morales, vice-consul of Cuba, Ottawa; Magnus Christen, consul general of Sweden at Montreal for British North America; H. M. Martin, consul of Belgium at Edmonton, for the province of Alberta; G. Postmans, vice-consul for Belgium at Regina, for the province of Saskatchewan.

1,300 VETERANS IN TORONTO SEEK WORK

Toronto, Aug. 20.—More than 1,300 war veterans have registered as unemployed at the headquarters of the U. S. U. V. in the last few days. Some of the most urgent cases have been found employment by business men.

CUT OVERTIME PAY OF RAILROAD MEN

Majority Report of United States Railway Labor Board.

Chicago, Aug. 20.—Presenting a divided opinion for the first time since its formation a year ago, the United States railroad labor board yesterday, in a majority decision, cut the overtime pay of certain classes of shop craft workers, while a labor member, dissenting, declared the majority opinion did not appear either just or reasonable.

TIGHTEN CLAMPS ON CANADA-U. S. LIQUOR TRADE

Customs Agents Placed Along Detroit River—Beer Case in Windsor—Three Fined at Cleveland.

Detroit, Aug. 20.—With the announcement that U. S. customs authorities will station agents at secret points along the Detroit river to check up on liquor boats coming from Canada, the activities of rum smugglers were believed on the wane.

Action by the customs department followed refusal of Canadian customs authorities to open their books to American officials who sought to obtain the identity of liquor shippers in the domain.

Windsor, Ont., Aug. 20.—Decision in the second liquor test case concerning the export of beer to the United States was reserved by Judge Gandy, yesterday, in the Windsor police court, when he heard the evidence and arguments in the liquor selling charge against the British-American Brewing Company.

Pending the handing down of his judgment, the clamp on the beer flow to the United States from this border remains tightened.

Three Fined. Cleveland, O., Aug. 20.—Three of the seven men arrested on connection with the seizure of the Canadian liquor carrying yacht Venice pleaded guilty yesterday, and were fined. The men fined were Ivy Barney and Charles Cincinnati, both of Cleveland, and Captain Wm. Disbury, Toronto, Ont., master of the vessel.

MAGMILLAN SENDS WORD FROM ARCTIC

Now at Last Outpost of Civilization—Proceeding Northward.

Augusta, Maine, Aug. 20.—Governor Baxter yesterday received an undated letter from Captain D. B. MacMillan, the Arctic explorer, now on an expedition to Baffin Land, in which he said he had reached what might be called the last outpost of civilization.

"I have taken on the last provisions and fresh water and am now awaiting weather to clear before proceeding northward to Hopdale, the first Eskimo settlement," he wrote.

"It is two above freezing here today with many icebergs in sight, but no drift ice to bother us on the coast, according to wireless reports. The howl is proving to be a wonderful sea boat."

UNEMPLOYMENT IN GREAT BRITAIN

London, Aug. 20.—(Canadian Press)—Despite the assertions of the Right Hon. J. T. McNamara, minister of labor, to the effect that unemployment in the United Kingdom is decreasing, 125,000 persons have reached the end of the period wherein they are entitled to receive unemployment relief from the government. The only help in which these people can now participate is that offered by the local poor law authorities.

BERLIN EXPECTS PEACE WITH U. S. EARLY NEXT WEEK

Berlin, Aug. 20.—Unless unexpected complications develop in the next few days, a formal peace treaty with the United States will be signed by the German government next week.

CUT OVERTIME PAY OF RAILROAD MEN

Majority Report of United States Railway Labor Board.

Chicago, Aug. 20.—Presenting a divided opinion for the first time since its formation a year ago, the United States railroad labor board yesterday, in a majority decision, cut the overtime pay of certain classes of shop craft workers, while a labor member, dissenting, declared the majority opinion did not appear either just or reasonable.

One hundred and thirty-seven railroads in all parts of the country, including the United States lines of the Canadian National system (Grand Trunk), are affected by yesterday's decision. The railway employers' department of the American Federation of Labor and the six federated shop crafts come under the ruling.

The roads appealed for modification of the national agreement rules, entered into during war time railroad administration, and the majority modified certain ones. Among the changes the majority ruled that:

Employees regularly called for Sunday and holiday overtime and performing tasks absolutely necessary for continuous operation of the roads shall not receive time and a half, but only pay on the same basis as for week days. No work not absolutely necessary is to be performed on Sundays.

Employees, at the completion of eight hours' work, may be required to work two hours overtime before being released for meals, instead of one hour, as now provided.

Employees called for work and not working, or called for work and working two hours and forty minutes or less will be paid for four hours overtime, instead of five hours under existing rules. Employees called one hour or less before their regular time will be paid one-half for the overtime, instead of the present five hours' allowance.

Men called away from home will not be allowed overtime for hours spent sleeping, provided they receive at least five hours' relief out of every twenty-four.

Employees regularly assigned to perform road work and paid on a monthly basis will compute their salaries on the basis of 248 hours a month, instead of the present 265 hours, with overtime allowed for hours worked in excess of eight hours per day, and no time deducted for less than eight hours' work, unless the employe lays off on his own accord.

The dissenting opinion was by A. O. Wherton, former president of the railroad employees' department of the American Federation of Labor, which with the six federated shop crafts was involved in the dispute.

MOB ATTEMPTS TO TAKE NEGRO CHARGED WITH ASSAULT ON WHITE GIRL

Knoxville, Tenn., Aug. 20.—Twenty negroes were injured last night when a mob attempted to storm the jail in which a negro accused of attacking a white woman was being held, he was repulsed by a force of sheriff's deputies. Six wounded were removed to the city hospital within a few minutes after the clash was reported.

Reports from the scene were that machine guns to repel the attack. The shooting was said to have been precipitated when stones were thrown by members of the mob.

CUBA TO FLOAT \$50,000,000 LOAN

Havana, Aug. 21.—The administration bill providing for the floating of a \$50,000,000 exterior loan was approved last night by the chamber of deputies.

HON. HERBERT GREENFIELD

The new premier of Alberta. A seat has yet to be found for him in the legislature.

CUBA TO FLOAT \$50,000,000 LOAN

ELIHU ROOT. Former U. S. Secretary of the Treasury, who will be one of the United States representatives at the Disarmament Conference to be held in Washington.

GERMAN STUDENTS WORKING THEIR WAY THROUGH

(By H. R. Gold.)

Working your way through college has now become a reality in German universities. This practice, so common among ambitious American students, formerly seemed strange to German observers of American life, but consequences of the war, bringing extreme need to thousands of students, have made self-support, such as in American institutions, a necessity. Not altogether a misfortune, many a successful American college man will testify.

Organizations within the student body have been formed to meet the situation, and practically every relief agency from without has brought added help to needy students in one way or another. In Budapest the National Lutheran Council found a group of theological students and their professors returned from territory allocated to another nation in extreme need and assisted them to continue their work under new conditions. It is not easy to over estimate the determination of European young people to obtain an education. As in America, there are many more students enrolled at present than before the war. They sell every bit of clothing that can possibly be spared. Hats especially are disposed of. Hundreds go bareheaded. Many have no other place to sleep than parks or railroad stations. Of course many go down in exhaustion and are compelled to leave their studies. The number of women who are dropping out of the University of Berlin this semester 1,300 are girls.

PLENTY OF EVERYBODIES

Prof. Florian Cajori of the University of California told the following story, in his recent signed address, of Ferdinand Rudolf Hasler, the Swiss engineer who was brought to America in 1846 to make the first scientific cost survey of the United States. It seems that about 1838 he had a dispute with Secretary Woodbury about his salary, and the matter was referred to President Jackson. "So, Mr. Hasler, it appears the secretary and you cannot agree about this matter," remarked President Jackson in his usual emphatic style when Hasler had stated his case. "No, sir, we cannot. Do you really think you ought to have?" "Six thousand dollars, sir." "Six thousand dollars? That is as much as Mr. Woodbury himself receives." "Mr. Woodbury," declared Hasler, rising from his seat, "there are plenty of Woodburys, plenty of Everybodies who can be made Secretary of the Treasury. But I am not, pointing his forefinger toward himself, "there is only one Mr. Hasler, for the head of the coast survey."

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

DEATHS DOBINS—At her late residence, 148 Mecklenburg street, on Aug. 19, 1921, Ethel, only daughter of T. P. and Georgina Dobins, aged nine years, leaving besides her parents, two brothers, to mourn. Burial tomorrow afternoon 2:30. McRAE—In this city, after a lingering illness, Frederick McRae, aged 78 years, leaving his wife, four sons and three daughters. (Boston papers please copy). Funeral from his son's residence, 149 Erin street, Monday afternoon at 2:30. LAWSON—At New York, on Aug. 15, 1921, Captain Henry H. Lawson, aged sixty-seven years, leaving his wife, one daughter, one son, one sister and four brothers. Funeral at Hatfield's Point, Kings County.

IN MEMORIAM

NELSON—In sad but loving memory of our baby, Frederick Broderick Roy Nelson, who died suddenly August 20, 1919. Gone but not forgotten. FATHER AND MOTHER.

CARD OF THANKS

Mrs. F. R. Clark and daughter, Miss Myrtle, wish to thank their many friends for kind sympathy and beautiful flowers sent in their recent sad bereavement.

THE CONSULATE GENERAL OF Roumania in Montreal, Quebec, wishes to announce to all Roumanians residing in Canada in a permanent way, that registration at this Consulate is compulsory, according to Royal Decree No. 1168, issued March 20th, and put into effect April 1st, 1921.

For particulars, apply to the Consulate General at 17 St. James Street, Montreal. 3629-8-20

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

MONDAY'S FEATURES AT THE IMPERIAL

Oldtime Rowing Pictures, a Big Special All Star Production—Single Reels Too. A significant and very happy augury of returning good times is the coming back of the business tide to Imperial Theatre, which like every other enterprise, has suffered from the depression. If the show business is to be considered a barometer of the "times" St. John would appear to be shaping for a very auspicious future.

Monday the Imperial will continue its full-steam-ahead policy of good programmes with the remarkable production of "The Spend" a well-known novel by Harry Dowling (the "Miracle Man" fame), the handsome matinee idol, Robert McKim and the exquisite Claire Adams as the heroine. "The Spend" is an evening clothes-miner's log drama of the highest possible dramatic type. The Imperial's quiet little "Old Time Rowing Pictures" contest has ended and the pictures submitted will be shown on the screen the first three days of next week. They are very interesting and deal largely with the great Benford-Paris Crew struggle of a half century ago. There is also a Burton Holmes "In Malacca" travogue, Fox News and Topics of the Day.

OPERA HOUSE REOPENS ON TUESDAY NEXT

Next Tuesday, August 23rd, will mark the grand re-opening of the Opera House. The whole interior of the theatre has been thoroughly cleaned, re-decorated and repaired, and now presents a very bright appearance. The opening programme on Tuesday next, the policy of this theatre will be to give its patrons the best possible in refined vaudeville, of which there will be five acts, also the usual serials, and as an added attraction a half-century play, "The Spend" contains a bright assortment of offerings, teeming with comedy, class dancing and singing and a big feature of acrobatic novelty.

LOT OF MUSIC AND DANCE AT ST. ANDREW'S HALL, MONDAY EVENING, AUG. 22.

Lots of music and dance at St. Andrew's Hall, Monday evening, Aug. 22. The programme for the evening includes a variety of songs and dances, and a special feature of acrobatic novelty. The programme is well planned and promises to be a very successful one.

VIENNA TAILORS OPOSE THE IDEA

Offer of British Tailor to Sell Ready Made Suits for £1 10s. Each. Vienna, Aug. 2.—(Associated Press by Mail)—The offer of a British concern to sell in Vienna 40,000 ready-made suits of men's clothes at £1 and 10 shillings each, has been occupying more space in the newspapers than the discovery of a new planet.

SEIZE STILLS AND IMPOSE FINES

Toronto, Aug. 21.—Secret sources of information which has polluted Indian lands and lumber and railway construction camps in the Foley district, have been laid bare by an expedition of detectives organized by the chief of the Canadian National Railway in this city. The detectives have sent word home that they have been successful in putting a stop to the making and selling of liquor. Seizure of two stills and the imposition of heavy fines have been the result of the expedition.

LOCAL BASEBALL

Arrangements were completed yesterday for a benefit game between St. Peter's, champions of the city league, and the Pirates of the St. John's league. The game will be played on Wednesday evening at the Westfield relief fund. Both teams will have strong line-ups and every effort will be made to play a brand of ball which will prove exciting for the fans.

CHRISTIAN CHURCH MEETING

The sessions of the convention of the Christian churches and New Brunswick and Nova Scotia were continued this morning in the Douglas Avenue Christian church. After the devotional exercises there was an address upon the work of the Maritime Christian Missionary Society by J. A. Miles. He was followed by C. J. Sharpe who delivered a stirring address on "Reaching the People with our Faith."

TRANSFERRED TO HALIFAX

E. P. McEvoy of Newcastle, N. B., who has been on the staff of the Royal Bank of Canada here for the last few months, received notification this morning of his transfer to the main office of the bank in Halifax.

LOYD GEORGE AND DE VALERA

Some Interesting Comment on Their First Meeting in London.

"SOLVING THE INSOLUBLE" Blackmail on Race Course—Ladies Wear Crepe—State Control of Railways—A Profiter Joke. (From our own Correspondent.) London, July 28.—His Mr. Lloyd George achieved his summit ambition and solved the insoluble Irish problem? As one of his greatest personal advisers and most implacable political opponents, Mr. De Valera is solving the insoluble. When he met Mr. De Valera for the first time in the said anteroom at No. 10 just off the cabinet apartment, Mr. Lloyd George was overwhelmed with curiosity. He has, in his wonderful career, and especially since the war, met all sorts and sizes of public men. His unerring psychology weighs them all up nicely to almost the last ounce. He probably penetrated the temperamental armor plate, Yankee wigs then set up nicely to almost the last ounce. He probably penetrated the temperamental armor plate, Yankee wigs then set up nicely to almost the last ounce.

PERSONALS

Mr. and Mrs. M. W. Jennings, of Port Arthur, and young son arrived in the city yesterday on a visit to relatives. Mr. and Mrs. Charles Dalton arrived in Boston and New York. Martin Goss of Montreal, formerly of Upper Kings county, was in the city today calling upon some old friends on his annual holiday.

LOCAL NEWS

During the next three weeks Walter Brindle, manager of the Seaman's Institute, will assume charge of the pasted-up notices of the Carmarthen street Methodist church, in the absence of Rev. E. E. Styles, who will take a well-earned vacation.

REMEMBERED BY MRS. EDDY.

Patrick G. Johnson, an employee of McAvilly & Sons Ltd., was informed today by a letter from T. P. Foran, K. C. of Hull, Ont., advocate for the executors of the estate of Mrs. E. B. Eddy, that he had been left \$1,000 per annum for the period of five years, and that at the end of the five years he was to receive the sum of \$5,000, and that each one of his four children was to receive the same amount. His children are: Walter C., bookkeeper in the Canadian Express; Ada E., bookkeeper in the International Harvester Co., Ltd., and Reginald, aged twelve years, and Reginald, aged eight, who are still going to school.

QUETTER IN MOROCCO.

Madrid, Aug. 20.—Fighting between Spanish troops and rebellious tribesmen in Morocco seems to have died down at the moment at least, the minister of war announcing that news from Melilla yesterday was without importance.

Running a Motor Boat means dirty hands.

THAT STUMPED HER.

(Pearson's Weekly) "Are you the celebrated Muec. Bon Koton?" he asked, after he had climbed four flights of stairs, and was admitted into a mysterious apartment. "Yes," replied the bizarre-looking personage who had received him. "The great clairvoyant?" "Yes." "And you foretell the future?" "Yes." "And unfold the past?" "Yes, yes." "Then, said the visitor, as he took a roll of banknotes from his pocket eagerly tell me what it was that I was asked me to bring home for her tonight!"

BRITISH ENLISTMENT STOPPED

London, Aug. 21.—Enlistment of British citizens for service in Morocco by the Spanish consulate here has been suspended, it was declared by a number of newspapers here today and men who have volunteered to enter the foreign legation in the fighting against the Moors will be discharged from the army.

QUETTER IN MOROCCO.

Madrid, Aug. 20.—Fighting between Spanish troops and rebellious tribesmen in Morocco seems to have died down at the moment at least, the minister of war announcing that news from Melilla yesterday was without importance.

Selling Himself Too Cheap.

Mr. Millett—I wish I knew lots of people who'd pay you more than that for the job.

REMEMBERED BY MRS. EDDY.

Patrick G. Johnson, an employee of McAvilly & Sons Ltd., was informed today by a letter from T. P. Foran, K. C. of Hull, Ont., advocate for the executors of the estate of Mrs. E. B. Eddy, that he had been left \$1,000 per annum for the period of five years, and that at the end of the five years he was to receive the sum of \$5,000, and that each one of his four children was to receive the same amount. His children are: Walter C., bookkeeper in the Canadian Express; Ada E., bookkeeper in the International Harvester Co., Ltd., and Reginald, aged twelve years, and Reginald, aged eight, who are still going to school.

DROWNED GIRL

FROM ALBERT CO.
Hopewell Hill, Aug. 19—The Canadian Press despatch announcing the drowning at Sydney (N. S.) of Miss Marion Lunn, of New York, caused a shock to many friends and relatives in this locality, the unfortunate young lady having been a former resident of Albert and well known here before her father, Captain John P. Lunn, removed to New York a few years ago. Captain Lunn was long an esteemed citizen of Albert and was a member of the Albert county council when here.

WESTFIELD ACTIVE AGAIN.
As the danger of forest fire is now past, it is announced that the Westfield Golf and Country Club will resume its activities where it left off. The regular Saturday and Wednesday dances will be held as usual, commencing this evening. The tennis tournament will be carried out according to schedule and the postponed water sports, which were to be held on the Saturday on which the fire

The Quality Is There

As it slips onto your foot, and fits snugly without rubbing, pinching or tightening anywhere, you breathe "The quality is there!"

As you rub your fingers around its deep under-detrin edges, reach out for the laces and leap it over your arch, again you breathe "The quality is there!"

As you stand up and survey your foot encased in a handsome shoe of finest quality leather, uniformly stitched, once more you breathe "The quality is there!"

After weeks of wear, as you survey your shoes, still in shape, still comfortable upon your feet, still retaining their appearance—again and again you breathe "The quality is there!"

GIRL TRIES SUICIDE
THEN CALLS AID

Marion O'Leary, 16, Shoots Herself Near Hackensack Reservoir—Notes Time She Fires.

(New York Times) Marion O'Leary, 16 years old, of Oradell, N. J., went into the brush about the Hackensack Water Company's reservoir in Oradell about 9 o'clock yesterday morning, took off her hat, and herself comfortable on the ground and shot herself. When she immediately she not going to die immediately she crawled out of the bushes and screamed for help.

Mrs. Gerald Dederick, who lives nearby in Grove street, helped the girl into her cottage and called an ambulance from Hackensack Hospital. There the surgeons said a bullet had entered her abdomen and penetrated the liver, and she had a "fifty-fifty" chance to get well.

Before she was taken to the hospital Marion told Mrs. Dederick she had wanted to die, but refused to say why. She said that she looked at her wrist watch before she fired and noted that it was exactly 9:15.

The girl is the daughter of Alfred O'Leary of Grove street, Oradell, a former Shipping Board clerk. Her mother, who hurried to her, said:

"Several times recently my daughter has been going out nights and staying until a late hour, or, I might say, a late hour for so young a girl, perhaps 11 or 12 o'clock. I told her that this could not continue, and that it was no time for such a young girl to be out. She would pay no attention. It has only been this summer that she has started to go out evenings.

"This morning I told her again that if she continued to go out nights I would be forced to send her away to a home in Massachusetts. That is the only thing which I can think of which would have made her do what she did."

RECENT DEATHS

Rev. H. H. Read. Word has been received here that Rev. H. H. Read, of Moose Jaw, had died on Thursday morning as a result of injuries received in an automobile accident on the previous day. Mr. Read was married to Miss Louise Thomson, of Pictou, and is survived by his wife and three children. He belonged to Athol (N. S.), and was a graduate of Fictou Academy, Dalhousie University and Pine Hill College. He was minister of the leading Presbyterian church in Moose Jaw. Previous to going west he was minister of the Presbyterian church at Bathurst (N. B.). He was also for several years minister of the Presbyterian church in West St. John.

CLOTHES LINES SAVE BABY. Infant Falls Five Stories, But Bounces at Every Floor.

(New York Times) George Mengold, fifteen months old, was left in his crib yesterday morning near an open window on the fifth floor facing the rear yard of his home at 201 East Thirty-third street. When no one was looking, he crawled to the window and fell. His fall was broken, however, at every floor by clothes lines strung outside the windows, and, bouncing from one rope to the other, the baby finally landed on the roof of a shed in the yard.

When excited tenants rushed out, the baby was making himself heard. Dr. Vanderberg of Bellevue Hospital declared the baby had possibly sustained a fracture of some ribs in the right side and took him away for treatment.

A Tailored Beaver For a First Hat

Could you think of anything smarter or more appropriate than a tailored beaver in some becoming shape?

First arrivals in our millinery salon are showing in black, navy and African brown; some are modishly faced with kid or colorful duvety.

There are Chin-chins, Bretons and straight sailor shapes. Crowns are round or octagonal and are sometimes dented here and there to give a softer appearance.

Undoubtedly the most practical and becoming hats for first of the season wear—just as appropriate for wearing all through the season, where a tailored hat fits in.

\$4.50 to \$12.00

(Second floor.)

August Showing of Fine Furs

The beauty and quality of these garments speak in no uncertain tones to the furriers skill. This presentation includes Lovely Fur Coats made expressly for cold weather, and hosts of fine looking neck pieces and scarfs for between seasons.

Values are Better than you are expecting to find.

Coats are showing in Electric and Hudson Seal; plain or with deep shawl collar of contrasting fur. Persian Lamb—Plain or marten trimmed. Muskrat—Plain or trimmed with electric seal. Neckpieces and Scarfs are in all favored shapes. Pelts are of Mole, Lynx, Kolinsky, Mink, Opossum, Jap. Marten, Wolf, Fox, Copper Sable, Seal, Ermine and others.

We will be pleased to show you the newest styles.

(Second Floor.)

Inviting Tug Fabrics All Fresh and New

WILL USE BAMBOO FOR MAKING PAPER

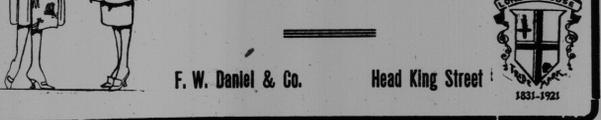

Scandinavian Engineers Designed Necessary Machinery for India—Growth of Industry. (Montreal Gazette.) Re-echo of intelligence disseminated some time ago that the adaptation of the bamboo of India was being considered, was heard in conversation at the Ritz yesterday with Mr. Ivan Rehn, M. E., of Karlstad, chief engineer of the largest paper machine work in Scandinavia, who has been spending a couple of months in Canada investigating the paper plant equipments of this country.

The first essay to use bamboo, on a large scale, in the same way that spruce and other woods are used in this and some other countries, in the production of pulp for paper manufacturing purposes, is just about to be inaugurated in India. Mr. Rehn says that the necessary buildings for this experimental plant have already been erected, and that his firm has recently forwarded the machinery required for its equipment, the capacity of this first installation of a modern paper mill in India contemplating a production of about 12,000 tons of pulp a year. Mr. Rehn says that the development and perfection of sulphide pulp mill equipment had found their first experimental plant in Scandinavia. The first sulphide mill, marking the introduction of making art which used old rags and such-like as its exclusive material, was built in Sweden about forty years ago, and their mechanical inventions, adaptable to the industry, have naturally accommodated themselves to its development. The mechanical works which he represents have contributed to the equipment of wood pulp paper mills in various parts of the world. Industry in Japan. In 1918 his firm delivered the mechanical equipment for the first sulphide paper mill in Japan. The industry has continued to grow in that country, where they have a wood similar to the

WHITE SMOKE SCREEN TO PROTECT INFANTRY Baltimore, Aug. 21—A white smoke screen, denser and more impenetrable to vision than any smoke screen yet invented, was demonstrated yesterday at Camp Meade for the members of the reserve officers' training camp. It is a new invention, the secret of which is being guarded closely by chemists and army officers directing its use. When the smoke candles were lighted, instead of seeing black clouds rise as they had seen them rise on the battlefields of France, reserve officers were surprised by the beautiful white clouds which rose from the ground. They were so dense that they seemed almost solid. Maj. Earl J. Atkinson, commandant of the Edgewood Arsenal, said the white smoke candles are a distinct improvement over the black smoke candles, which were used during the war. They not only possess a greater obscuring power, he said, but produce smoke in greater quantities. They are not poisonous and produce no toxic effect. "There is no point to infantry advancing in the open any more," said Maj. Atkinson. "The smoke candles can be thrown in front of an advancing line by motors or artillery. The whole smoke makes a more opaque protective screen than the black, and it is absolutely harmless to the person passing through it. "The substance of which candles are made is not known to me. This is something which would interest only the chemists, and besides that, it is something which could not be made public."

Mlle. Lenglen's Shoes. A woman observer says that Mlle. Lenglen really dances tennis, for she spins and whirrs on her toes as she moves over the court. Her afternoon shoes have three-inch heels, and she says she likes to wear them "because they keep me poised on my toes, which is the position I use so much when playing tennis." On the tennis court she wears perfectly flat white shoes. When she whirrs in the air in playing she actually leaps straight up about four feet from the ground and turns half round in the air with one toe pointed toward the turf and the other pointing a horizontal line.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, AUGUST 20, 1921

THE GROWTH OF CANADA'S FINE BUFFALO HERD

Started in 1908 With 740
Animals, They Now Total
Over 5,000—Wool, Meat
and Leather Experiments
Now Being Carried Out.

J. B. Harkin, Commissioner of the Dominion Parks Branch of the Canadian Department of the Interior, in a bulletin of the American Game Protective Association, states that Canada's buffalo herd, started a comparatively few years ago with a small number of animals, has greatly increased. Several small collections of animals, aggregating about 740, were placed in Buffalo Park, Alberta, extending from 1908 to 1912. That herd now numbers over 5,000. An actual count was very difficult to make, because the animals range over 100,000 acres. They always go in small bunches and do not make any very outstanding efforts to facilitate a count. However, by using hotel dining room counters a fairly accurate idea of the numbers of the animals were obtained.

The Commissioner says that these animals have become very numerous, primarily because of the natural conditions under which they live, but perhaps most of all because there is practically no diminution in their numbers through disease or anything of that kind. Each year a limited number are killed for various purposes, but as far as mortality from natural causes is concerned, the loss is practically nil. For instance, during the past year, 1920, only eight animals were found dead on the prairie, or with a broken leg or some other serious injury, making it necessary that they be slaughtered. Continuing, the Commissioner says:

"The numbers have been increasing so rapidly that we have been compelled to look forward—I might almost say—the commercialization of the herd. The establishment of that herd in the first instance was purely a matter of sentiment, but investigations we have been making would rather indicate that, as very often seems to be the case, what we started off to do from a purely sentimental standpoint may prove to be a valuable commercial proposition. For instance, there is a market for the herd—apparently a better paying market than we had ever anticipated. At the Montreal fur action sales of last year we had on sale a limited number of mounted heads

which brought as high as \$1,025 each. That was a surprise to us. The lowest price brought was, I think, \$225. "Our robes, we find, are worth easily an average of \$100. Then we have the most value, and we also have the hide value. There has not been very much experimental work in converting hides into leather. We have had a number of hides tanned for sole leather purposes. The reports which we have had in regard to its quality as sole leather are not uniform. The shoemakers, however, tell us that it is the very best kind of leather, because, while it gives strength and thickness, it also gives you greater elasticity than the ordinary domestic animal hide. "The meat, we think, will also give us a very valuable return commercially. We are not yet in a position to put it on the market, because we have not the facilities in the way of corrals, sorting pounds, &c. But we are gradually getting these, and we think we will get a substantial revenue from the sale of the buffalo meat. "There is also a possibility of commercial development in the matter of the wool, and that possibility is a promising one. We have never clipped any of the buffalo. It would be a difficult, if not impossible, thing to do with the facilities that we have at our disposal. But each Spring the buffalo shed their wool, and we have our riders collect this wool off the prairie. We have it carded and spun, and it gives us a wool of extraordinary strength. I do not think it could be used in the manufac-

country. He told me that he had carefully wintered in stables a herd of domestic cattle which he then brought in the Spring to Buffalo Park for this purpose. He had hand-fed them in order that they might be in strictly first-class condition, and in the Spring they were turned out with the other animals. "Now, the two herds of cattle and buffalo had roamed the prairie all Winter without any attention, and in the Fall the buffalo and the cattle were in strictly first-class condition—very much better condition than the cattle, which the director had turned out in first-class shape. He said also that he drove around the country for miles to see the ordinary domestic herds, and invariably he found that their condition did not compare with the condition of the cattle and the buffalo. This is a very important consideration, because we hope that the crossed animals will extend our grazing area some hundreds of miles into the North.

Minard's Liniment for sale everywhere.

RUSSIAN RATS MARCH WEST, Medical Authorities Fear Plague—Rodeo Swarm All Over Europe.

Berne, Aug. 20.—The plague of rats and mice in Europe is far more grave than originally supposed. The plague extends throughout Central Europe. In Czechoslovakia mice have destroyed whole corn fields. Denmark, which is plagued with rats, offers a large reward for each dead rat.

In Germany, most parts of which are plagued with rats or mice or both, some towns have organized systematic campaigns against them, Leipzig alone having voted 40,000 marks for this purpose. In one small section of Switzerland in three weeks 40,000 mice were captured by school children with traps.

Rats are marching upon the continent from Eastern Russia, and it is feared that they may bring plague with them. Authorities are taking every precaution to avoid such disaster.

More Cups to the Pound WILL BE YIELDED BY

"SALADA" TEA

because the little leaves are fresher and more tender than in ordinary teas. Besides, you are always sure of that delicious flavor.

Nice, France, Aug. 20.—(By Canadian Press)—Canadian pilgrims touring France under the guidance of Monsignor Belanger, Cure of Saint Louis de France, of Montreal, recently were accorded an official reception by the city authorities. A handsome book on the Riviera was presented to Mgr. Belanger.

10 Days' "Hassler" Comfort at Our Risk

We want every Ford owner to know what genuine riding comfort he can get from his Ford. That's why we make the following offer:

Any Hassler dealer will equip your Ford with Hasslers—while you wait. You use them as hard as you like for 10 days. Then if you're not 100% pleased with the new riding and driving comfort they bring—let us take them off and refund the money. You judge their value—right on your own car. You have the experience of one million owners that they save one-third of their upkeep and depreciation costs.

See the nearest Hassler dealer today. There's a Hassler Shock Absorber for every Ford model—both car and truck.

WOMEN AT WORK IN THE ORCHARDS

Invaluable Assistance Being Given to Fruit Growers by Farmerettes.

(Toronto Globe.)
While "women at work" may be a familiar phrase to many, it is not so familiar to the fruit grower in this section. It is being performed this season by some who are gathering in the fruit early. Although fewer workers than usual have been needed on account of a short crop, still the Ontario Government Employment Bureau has placed approximately 120 pickers in the vicinity of Toronto and through the Niagara district fifteen fruit camps have been organized.

Happy Family.
In the farm of Clemens brothers, near Wick and six miles from Welland, is a good one of the most attractive fruit camps in the country, and here twenty-five girls have gathered in strawberries, cherries and raspberries. A week's visitor to the camp could not get a real interest in and admiration for a group of jolly young people mingling with a happy family, although they were from far and wide. The group included a New Zealander, a girl from Newfoundland, two French-Canadians from Quebec, several not long out from England and Scotland, and a school teacher from Alberta and a number from various points in Ontario.

When questioned as to their impressions of farm life, they all expressed themselves satisfied and happy. "We have had such a good time here, it simply lates the thought of leaving," said one. "I expected that the life would be hard, but I have found it to be just what I needed. I have had a lot of fun and I have enjoyed it all the while." "I hope so. I'll be glad to pick again," declared a third, and in these words is summed up the feeling of the whole camp.

"Girls make splendid fruit-pickers," said Edward Clemens in discussing the situation. "There is not a girl here this morning back next year? Well, I certainly hope so. I'll be glad to pick again," declared a third, and in these words is summed up the feeling of the whole camp.

Where the Girls Live.
The comfortable house where the fruit pickers live during the harvest was built expressly for them two years ago. It accommodates 40, and consists of 20 bedrooms, office, bathroom, kitchen, and a large apartment which serves as living room and dining-room, and is occasionally converted into a ballroom or concert hall. A wide veranda stretches across the front of the house and quite near is a natural swimming pool, which provides refreshing sport for the tired workers. To the rear of the house, underneath splendid trees, there is laundry equipment and here, on a Saturday afternoon or on the evenings, the farmerettes work a laundress.

STRENGTH DEMANDS ADMIRATION

Success rewards health! Andrew's success! Physical decline is due to lack of Lecithin—Organic Phosphorus. These elements are essential to the body. Nature restores wasted grey matter.

It is not obtainable as your druggist carries it. It is sold by the manufacturer, Dr. J. B. Mahony, 100 King Street.

summar that I would not take back another year. They are reliable and painstaking and satisfactory in every way."

"Women have solved the problem of harvesting fruit," he continued. "For years we raised apples, but never considered the cultivation of small fruits as a commercial enterprise until the close of the war. The appearance of the farmerettes during the war period, and their demonstration of what they could do, especially along the line of picking fruit, proved to us that an old difficulty could be managed a bigger business, we launched as growers on a large scale on strawberries, raspberries, cherries and pears."

Today the Clemens brothers display with pride five and a half acres of raspberries, great stretches of strawberries, six hundred cherry trees and four hundred pear trees, to say nothing of apples. They are planning to double their raspberry patch, to increase the production of all the fruit they already have under cultivation and to add other lines.

Where the Girls Live.
The comfortable house where the fruit pickers live during the harvest was built expressly for them two years ago. It accommodates 40, and consists of 20 bedrooms, office, bathroom, kitchen, and a large apartment which serves as living room and dining-room, and is occasionally converted into a ballroom or concert hall. A wide veranda stretches across the front of the house and quite near is a natural swimming pool, which provides refreshing sport for the tired workers. To the rear of the house, underneath splendid trees, there is laundry equipment and here, on a Saturday afternoon or on the evenings, the farmerettes work a laundress.

REWARDS THAT COUNT

The rewards of the farmerette's life, however, cannot be reckoned altogether in terms of dollars and cents. There must be included the career out door existence, the friendship formed, the benefit to health, the mental stimulus of pleasant competition, and the spiritual uplift—the Clemens farm at least—of wonderful scenery. Then, there are motor rides in the cool of the evening, dances, impromptu entertainments, and every little while a sing-song.

At the head of the Clemens camp is a house-mother, who studies the comfort of every girl and skilfully guides domestic arrangements. As one rounded about one was struck by the little homelike touches—the nasturtiums near the door, the flowers on the dining table, the victrola, the mottoes on the walls. One of Moscow, for instance, was Gumpston—and the Greatest of These is Gumpston."

Mr. Clemens believes none of these three qualities to be lacking in his workers this year, and looking confidently to the future. It is due to lack of surplus food supplies in provinces where there were no adverse weather conditions, to the breaking down of the revolution, and to the loss of the power of the power of the Car, had a chance for peace. The revolution, however, is a liberal government in Europe, Social-Revolutionary in its majority control and against the policies developed by such a democratic system of representation as being compelled by force of "dictatorship of the proletariat," confiscation of property, nationalization of industry, suppression of free trade and press, disfranchisement of opponents, espionage and terror, and all the other devices employed in the effort to establish compulsory communism. Civil strife and chaos were inevitable once such a programme was undertaken, but even with these methods of coercion, the experiment has failed. Concession after concession to human nature has been forced from the Bolshevik theorists by the unorganized, passive, but long-enduring resistance of the great mass of peasants. Recently it has appeared that the rulers in Moscow themselves being compelled by circumstances to face facts and to revert to a saner economic system. It is people's control over their own lives and some hope for independent betterment of their own conditions, and not the suppression of dominant human motives.

While Russia has been ruined, the suffering in its once fertile plain and well-provisioned cities is a call to the sympathy of all who have a heart to save as many of the victims as possible. At the same time it is important that there be no confusion on the question of where the main responsibility for the calamity rests.

MORE ASSIGNMENTS.
Ottawa, Aug. 20—(Canadian Press.)—Sixty-two assignments under the bankruptcy act are published in this week's issue of the Canada Gazette. These figures show the large increase of twenty-eight over last week.

Excitement in Moncton.
Early yesterday morning there was some excitement in Moncton when it was reported to the police that revolver shots had been heard in the city. The excitement was immediately followed by the screaming of a woman. It was later reported that the body of a woman had been seen floating down the river. The police investigated, but found nothing. It was rumored that the alarm was caused by an automobile party who were in the vicinity of the river.

BOYS ENJOYED BIG OUTING

Members of South and East End Boys' Clubs Guests of Rotarians.

Between thirty and forty members of the Rotary Club and about 180 members of the South and East End Boys' Club enjoyed a big outing yesterday on the Bishop's grounds at Torryburn. The Rotarians lined up their cars in King street east at two o'clock and soon after the procession of twenty-seven cars, including three large trucks, proceeded through the city and out to Torryburn. The boys soon found a swimming hole where they sported themselves for a time, after which a game between the South and East End teams was played, the former winning by a score of 10 to 0.

A series of races was then staged between members of the two clubs, and these were run off in heats. The winners were:
Under ten years, 80 yards—Roy Chapman, East End, 1st; Al. LeBlanc, east end, 2nd.
Ten to twelve, 60 yards—Edward Littlejohn, south end, 1st; Albert Bellet, south end, 2nd.
Twelve to fourteen, 75 yards—Jack Green, south end, 1st; Arnold Hendrickson, south end, 2nd.
Fourteen and up, 100 yards—Maurice Bellet, south end, 1st; L. Lowe, south end, 2nd.
Wheelbarrow race, eight to ten years—Roy Chapman, east end, 1st; Arthur Walker, east end, 2nd.
Ten to twelve years—Walter Davidson, east end, 1st; George Heffernan, east end, 2nd.
Twelve to fourteen years—Jack Green, south end, 1st; John Payne, south end, 2nd.

The south end club won handsomely on points in the sports, and received handsome cup which is their first trophy.
After the races luncheon was served and then Judge Ritchie presented the prizes. Two teams of Rotarians then played a game of ball in which two "dark horses" showed up to advantage and won the game for team No. 1.
The committee in charge of the whole affair were as follows:
Transportation: Ronald McAvity, chairman; Dr. Barton, Mont Jones.
Sports: Ken MacRae, chairman; Ken Hally, Harry Smith, Bert Conroy.
Dance: Frank Duncanson, Frank Donegan, George Haman, R. D. Peterson, John Bond, Dave Pugh.
Finance: Palmer Kinsman, chairman, Ned Terry, Don Hunt.

REPORT SUBSTANTIAL GROWTH
At the session of the annual convention of the Christian churches of Nova Scotia and New Brunswick held in the Douglas avenue Christian church yesterday a substantial growth during the last year was reported. There were said to be now twenty-two churches with 2,000 members. It was said that the need for pastors was great and that the International Association of Ministers were held and some excellent addresses were heard.

St. Stephen Personal.
(St. Croix Courier.)
Mr. and Mrs. Walter McWha, Mr. and Mrs. Charles Grimmer have returned from a delightful trip through the White Mountains.
Mr. and Mrs. H. J. Gordon, Mrs. H. L. Wall and Miss A. Branscombe, who have been motoring through the White Mountains and to Boston and vicinity, returned Saturday.
Mr. and Mrs. W. Bruce Buchanan and their guests, Mr. and Mrs. Goodwin of St. John, returned Saturday from a delightful auto trip through the White Mountains.
Miss Mary Grant entertained eight of her girl friends Saturday evening, with dinner at her home and after a social party at the movies for the pleasure of her friend, Miss Helen Smith of St. John, who is her guest. The party was chaperoned by Mrs. Murray E. Allen.
Mr. and Mrs. McCreedy announce the engagement of his daughter, Gladys May, to Alden Gifford Wheeler of Milltown, Me., the marriage to take place at an early date.
Mr. and Mrs. Joseph D. Dixon, of Tower Hill, announce the engagement of their niece, Mildred Pauline Waldron, to Frank Kelton Peakes, of Moore's Mills, the wedding to take place at an early date.

THE TORTURES OF THE DAMNED

38 Canterbury St. July 15, 1921.
My dear Jo.—The first application of your "JO-BEL" SALVE apparently gave me relief and one box effected a cure of a bad case of bleeding piles. There were times when I "suffered the tortures of the damned," and an evacuation of the bowels gave excruciating pain. You can use me as a reference.
GEORGE E. DAY, Printer.

If you can't get "JO-BEL," the Wonder Salve, at your drug store, telephone, write, call or send to JOSEPH A. MURDOCH, 137 Orange street, St. John, N. B. Retail \$1.00 a box; wholesale price on application.

JUDGE ARSENAULT HEADS ACADIANS
Hon. Dr. Landry and Father Cormier Speak at Memorial Service.
The Acadian congress which has been in session at Church Point yesterday made a pilgrimage to Grand Pre and knelt at the foot of the statue of Evangeline. A stirring address, resonant with optimism, was delivered by Hon. Dr. D. V. Landry of Beauséjour. An effort will be made to erect a chapel on the site of the old church of St. Charles in 1922 was subscribed yesterday. Election of officers resulted as follows:
President—Mr. Justice Arsenault, judge of the supreme court in Prince Edward Island.
First vice-president—Dr. Albert Sornay, Edmundston.
Second vice-president—Hon. William Clouston, Edmundston.
Third vice-president—Dr. Robichaud, Edmundston.
Secretary—Charles R. Hebert.
Treasurer—Dr. F. A. Richard.

Are You Still Going Strong at 50?

Full of Life and Energy—No? Then Eat More Spinach and Carrots with Organic Iron to Help Give You Rich, Red Blood and Revitalize Your Wornout Exhausted Nerves.

YOU CANNOT BE STRONG AND WELL WITHOUT PLenty OF IRON IN YOUR BLOOD. Without iron your blood loses its power to change food into living tissue and therefore nothing you eat does you the proper amount of good—you do not get sufficient strength and energy out of it.
Thousands of people suffer from iron-starvation of the blood and are weak, nervous and ailing all the while WITHOUT SUSPECTING THE REAL CAUSE OF THEIR TROUBLE.
THERE ARE 30,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

If you are not willing to eat the peels of fruits and vegetables and the husks of grain so as to get sufficient quantity of organic iron for your blood, as nature intended you should do, then you should eat plenty of iron-containing foods like spinach, carrots and baked apples and reinforce them from time to time with a little organic iron, which you can obtain from your druggist under the name of Nuxated Iron.
Nuxated Iron represents organic iron in such a highly concentrated form that one dose of it is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of green vegetables or four large apples. It is like taking extract of beef instead of eating pounds of meat. Nuxated Iron is partially predigested and ready for almost immediate absorption and assimilation by the blood while metallic iron is iron just as it comes from the action of various acids on small pieces of iron. To prove to yourself what Nuxated Iron will do, get your doctor to take a specimen of your blood and make a "blood count" of your red blood corpuscles, then take Nuxated Iron for a month and have a new "blood count" made and see how your red blood corpuscles have increased and how much purer and richer your blood has become; how much stronger and better you feel; also note how the color has come back to your cheeks and what a difference it has made in your nerves.
Over 4,000,000 people annually are using Nuxated Iron. If you are not feeling quite up to the mark telephone for a package today. In tablet form only. Beware of substitutes. Look for the name "Nuxated" on every package and the letters N. I. on every tablet. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

PHARMACEUTICAL CONVENTION ENDS
The majority of the western delegates to the Canadian Pharmaceutical convention held last evening for their homes. C. E. Gibbard, secretary-treasurer of the association, said last night that he had been the most important meeting of the association. The raising of the cents to 82 was one of the features. Yesterday afternoon the delegates enjoyed a sail up the river as far as the Kennebecasis. All were charged with the beauty of the scenery.
The afternoon session was handled by the executive council. Officers for the coming year are: President, G. A. Burbridge, Halifax; vice-president, W. J. McMullen, Keroberst (Susk.); secretary-treasurer, G. E. Gibbard, Toronto. A pleasing feature was the election of H. C. Fuller and William Hawker as honorary presidents. The following committees were appointed: Canadian formulary, W. Ormond (convener), J. E. Malton, E. W. Ingraham, Ed. Van Bonoer, Roy Carings, H. D. Campbell, N. J. McDiarmid, George Curtis, commercial interests, Henry Willis, A. A. Thompson, E. C. Brown, A. J. Brown, Harry Keck, W. J. Andrew, Sydney Jackson, E. A. Foster.
The majority of the delegates from the western and central provinces left last evening.
DENIES RUMOR.
To the Editor of The Times and Star: Sir—Will you kindly permit me space in your valuable paper to correct an erroneous rumor which seems to have gained considerable circulation in my locality, viz., that I was the mysterious person to vigorously pursued on Thursday night, 11th inst. During the hours of the alleged chase I was sleeping soundly in my own bed, quite unconscious of the tempest which was raging about me. Further, I shall feel justified in proceeding any person or persons who may continue to circulate that I was in any way connected with the chase. Thanking you in advance, I remain, Yours truly,
T. V. THORNE,
8 Elkin Street, St. John, N. B., August 19, 1921.

BIG BILL HAYWOOD.
(Boston Globe.)
Now that official announcement has been made by the Soviet Government that all Americans are free to leave Russia, shall we hear that "Big Bill" Haywood has started for home, or will he delay trying to connect with the \$100,000 fortune left by the wife he is said to have deserted 30 years ago, from which Dist. Atty. Chase of Chicago is trying to collect a \$18,000 fine that Bill has forgotten to pay?

Absorbine, Jr. is clean and wholesome and leaves no oily residue.
\$1.25 a bottle of most druggists.
W. F. YOUNG, Inc., 344 St. Paul St., Montreal.

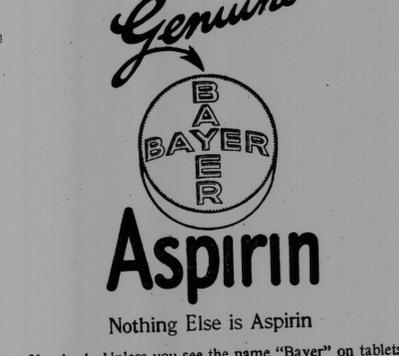

MOTHERS! WATCH YOUR TEething BABIES THOUSANDS OF THEM DIE EVERY SUMMER
When the baby starts to cut its teeth, there is the greatest danger to the child's health. The child's bowels become loose, and diarrhoea, dysentery, colic, cramps and many other bowel complaints manifest themselves; the gums become swollen, callous form in the mouth, and in many cases the child wastes to a shadow, and very often the "teething fever" is accompanied by a high temperature, which is a first indication of any looseness of the bowels, give a few doses of DR. FOWLER'S EXTRACT OF WILD STRAWBERRY and thus, perhaps, save your baby's life.
For the past 76 years "Dr. Fowler's" has been used by mothers for teething babies so you do not experiment with a new and untried remedy which might be dangerous to your darling's health.
Price 60c a bottle; put up by The T. Milburn Co., Limited, Toronto, Ont.

FOOTWEAR PRICES AND PROSPECTS

No Reduction Anticipated—Stocks Low and Factories Getting More Business.

The following is the Moncton Transcript's report of the address of S. Roy Weaver of Toronto, manager of the Shoe Manufacturers' Association of Canada, on the boot and shoe situation and outlook in Canada:

"Our Association is now receiving regular reports from all the principal shoe manufacturing districts in Canada and there can be no question but that business conditions, so far as the shoe manufacturing industry is concerned, are much improved. Business still is inclined to be 'spotty' but many of the companies are operating at capacity, and for the industry as a whole, orders are very much larger than was the case at this time a year ago. Some of the companies already have unfilled orders in their books which would keep them running at full capacity for three months time. In Ontario, particularly, production is being restricted by a serious shortage of female help.

"No one can pretend that business readjustments are yet complete, but business people are coming to realize that such readjustment process is not a matter of merely two weeks or a few months. The prices of footwear are now from 30 to 45 per cent lower than was the case in the spring of 1920 and no further reduction can be made in the prices of boots and shoes, except as perhaps present costs of production may slowly work a little lower. On the other hand, the prices of the better grades of leather recently have been firm and even tending upwards and merchants may safely order boots and shoes, for current requirements, with the utmost confidence that no immediate substantial reduction in prices can be made.

"Liquidation of prices to the new present level of costs is complete in the hands of wholesalers or retailers are now below normal and it is significant that retailers and wholesalers have recovered from their temporary check and now appears to be on practically a normal basis. As there was a temptation when business was booming for merchants to buy in excess of their requirements, there is an equal danger now that they may be over-cautious. Stocks of shoes are low and merchants who fall to place orders reasonably in advance of requirements will find difficulty during the fall and the coming winter in getting the goods they want, when they want them, and may have to substitute inferior lines."

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-LIVES"

MR. AMEDEE GARCEAU.
32 Hickory, St. Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

"I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-lives' and in a week I was better, and in six weeks I was so well I went to work again.

"I look upon this fruit medicine, 'Fruit-a-lives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-lives' a trial."

CANADA'S FIRE LOSS.

Toronto, Aug. 19.—Fire losses in Canada in July are estimated by the Monetary Times at \$2,880,250, compared with \$2,303,400 in June and \$1,425,850 in July, last year. Losses for the past seven months of the year total \$18,591,200, compared with \$14,408,115 in the corresponding period last year.

A WONDERFUL FUR COAT BARGAIN

This beautiful Opossum trimmed Electric Seal Coat at Summer Price.

Here is a wonderful chance for you to get a beautiful fur coat at less than half last year's price. You will never have another opportunity like this to get a stylish fur coat that is a genuine bargain. The well known Hallam label on this coat is sufficient guarantee of quality and service.

All indications point to furs being dearer this winter.

Our ladies' shopper has shown excellent judgment in choosing this top value Electric Seal Coat, as photographed, from our many fine models. It is just as if you had chosen it yourself. Becomingly modish, it gives graceful lines to any figure, and above all, it is so rich looking and beautifully made throughout. The fur is of exceptionally good quality, too, both the Electric Seal and real Opossum collar and cuffs. The coat is made in the popular 86 inch length, and is lined with fancy silk, finished with full belt, slash pockets, etc. You will be immediately proud to wear it.

There are only 15 of these coats at the very special Summer price of \$185.00. We have also 10 Hudson Seal Coats like the one illustrated, 40 inches in length, trimmed with Alaska Sable and Pussy Willow lined.

We are putting a special summer price on these of \$294.50 delivered to you, if ordered at once.

If for any reason you should not be satisfied with the coat, simply send it back to us, within 3 days after receiving, and we will cheerfully refund you money without question. Could anything be fairer? Over 20 years of business experience and four hundred thousand dollars capital stands behind every deal you make with us.

Send your order today with remittance. They will not last long.

MUCH MORE FAVORABLE WHEAT CROP REPORT

Washington, Aug. 20.—Statistics from 16 countries, including the United States, which normally produce about 50 per cent of the total wheat crop of the world, indicate a production this year of approximately 1,953,000,000 bushels, or about 7,000,000 bushels more than last year, the Department of Agriculture has just announced.

In making the announcement the department said no definite approximation can be made until after the returns are received from the remaining countries of wheat in 1921 will be greater or less than in 1920.

The Canadian crop was reported as progressing favorably while in Northern Central and Western Europe despite the continued drought, the outlook is generally spoken of in favorable terms.

The Russian agricultural situation was reported in a serious state, with no exports expected from that country.

Crops in India were reported suffering from drought, but in North Africa the harvesting turned out somewhat better than last year. In the Southern Hemisphere, including Australia and Argentina, conditions were reported as favorable.

Minard's Liniment for Dandruff.

A small church in the Bronx, New York, which is about to expend, recently held an entertainment, the admission to be paid in building bricks as follows: One brick, standing room; two bricks, all seats but the first five rows; and three bricks, the seats in the front five rows. In addition to two bags of cement, some lumber, and a quantity of lime and plaster, 608 bricks were collected.

Will the New Tariff Bill Start Business Booming?

The effect upon American industry being the most important question in the minds of men who are drafting the new tariff law, it is essential that spokesmen for industry let their representatives in Congress know what they think the effect of the proposed schedules will be. In order to help the Senators, who are toiling so diligently during these torrid weeks in Washington, THE LITERARY DIGEST has asked a number of representative trade journals to tell just what effect they believe the schedules under consideration will have on their respective industries; whether they will help to restore prosperity, and whether they will tend to raise or lower prices. These opinions covering a wide field of industry are presented in the leading article in THE LITERARY DIGEST this week. While the Manufacturers News, Chicago, thinks that the Fordney bill may have its weak spots and that "it may be well to iron out some of its schedules," nevertheless, "the principle back of it apparently has the approval of nine-tenths of the factory owners of the land," it seems to Raw Material, New York, that the Fordney bill "appears to have no friends at all, but enemies by the millions." Retail Selling, Oklahoma City, asserts that a tariff like the one being drafted "will greatly increase the cost of living." These are but typical of many opinions expressed in this informative article.

SENATOR DENNIS LEFT AN ESTATE OF \$761,361

Donated Funds for Chair in University of Dalhousie.

An estate of \$761,361.85, exclusive of his newspaper interests, was left by the late Senator Wm. H. Dennis, newspaper publisher of Halifax, who died there on July 12, 1920. The will was made just about one month before his death and is being filed for probate now.

The estate includes: Real estate, \$109,300.00; moneys secured by mortgages, \$20,838.35; bank deposits and promissory notes, \$19,466.09; securities for moneys, including life insurance and cash on hand and in banks, \$229,874.49; bank and other stocks, \$376,511.98; and miscellaneous assets, \$4,850.

Fifteen thousand dollars in realty is situated in Ontario and is located on 167 Carling avenue, Ottawa.

Dennis's aggregating probably over \$200,000 are given to charitable institutions and to friends who had served him during his lifetime.

Fifty thousand dollars is given to charitable and philanthropic institutions in the city of Halifax, a chair in Dalhousie University, to which he had formerly given \$60,000, is now given another \$40,000. The chair was originally founded in memory of his son, Eric Dennis, who lost his life in the war, and is known as the "Eric Dennis chair of Government and Political Science."

Two thousand dollars is also given to the library of Dalhousie College.

Hector McInnes and Dugald McGillivray, two life-long, intimate friends of the deceased, are each named executors in conjunction with two others, and for their task are given the sum of \$25,000 each.

Fifty-five per cent. of the capital stock of the Halifax Herald, Ltd., is given to his nephew, William H. Dennis, while his son, William Alexander Dennis, not yet of age, is given thirty-five per cent. and his grandson, Stuart Robb, is given the remaining per cent. also in trust.

Hiram Weir, an old friend, connected with the late Senator Dennis for forty years in newspaper work, is bequeathed \$10,000, and another old friend, William R. McCurdy, associated with him for thirty years, is given \$6,000. A minor official, John Tudor, with him for forty-six years, is left \$1,000, and Miss Alice H. Houston, who was on the staff for twenty years, is also given \$1,000.

The will follows: "I nominate and appoint my dear wife, Agnes Dennis, my nephew, William H. Dennis, and my old friends, Hector McInnes and Dugald McGillivray, the executors of this my last will and testament."

"I have named two of my executors, Hector McInnes and Dugald McGillivray, in recognition of their confidence in my ability to render most valuable aid in the management of my estate, as I have discussed with them every detail and also as an appreciation of the sound counsel they have given me in their respective professions, and I hereby authorize and direct that they shall each be paid the sum of \$25,000 as executors. This sum to be paid in lieu of any commission."

"To his wife he left the house and furniture on Coburg road, Halifax, and the house and furniture situated on Carling avenue, this city. "I give to my nephew, William H. Dennis, sufficient shares of the capital stock of the Halifax Herald, Ltd., so that with what shares he has at the date of my death, either in his own name or held for him by trustees, he shall become the owner of fifty-five per cent. of the issued capital stock."

"This bequest is made to my nephew in appreciation of his loyal services and tireless energy in relation to this work on the Herald and Mail and in placing these publications in the forefront of newspapers in Canada, as well as his devotion to me and my interests."

The \$50,000 given over to charitable and philanthropic institutions in Halifax were to be distributed according to the desires of his wife, Agnes Dennis, providing only that they were "helpful" distributed among Protestant, Roman Catholic and Salvation Army institutions."

Relatives of the family were not forgotten. His brother, Albert Dennis of Winnipeg, is given \$1,000; as is his brother's wife, Nina Dennis, another \$1,000; each of the children of the above mentioned couple are left \$1,000, and the children of his brothers George and Fritz are each left \$500. His sister, Jessie Hull, is left \$500; another sister, Lily Dennis, \$500; and a third sister,

fax Herald, Ltd., so that with what shares he has at the date of my death, either in his own name or held for him by trustees, he shall become the owner of fifty-five per cent. of the issued capital stock.

A REMARKABLE BUILDING BOOM

Long Island Expects to Beat 1912 Record This Year—One Bright Spot.

(New York Times.) Traffic officials of the Long Island Railroad state that in all probability the record for new buildings on Long Island this year will exceed the former high mark of 9,278 structures erected in 1912.

The belief that the 1912 record will be exceeded by the close of 1921 is based on the following two facts:

First—During the last six months the Long Island Railroad has been called upon to move an enormous amount of lumber to Long Island points. In round numbers, the road has handled approximately 5,000 carloads of lumber between January and June 30. In July and August it is estimated that 4,000 more carloads were delivered, bringing the lumber movement for eight months up to 12,000 carloads.

While the layman may not readily grasp the enormity of this freight movement, and while he may not have the slightest idea how many new buildings 12,000 carloads of lumber will help to construct, the lumber dealer and building contractor know that this is the heaviest consignment of lumber ever received in Long Island; that it represents an expenditure of about \$12,000,000 for this single item of building material, and that it means Long Island is in the midst of an unprecedented era of residential development.

Second—The removal of building restrictions this year at Long Beach, and the sale of property to hundreds of individuals and large building operators, it is anticipated, will result in the erection of between 1,500 and 2,000 dwelling houses within the next year. In the village of Queens about 800 houses are now in the course of construction; at Hollis seventy-five more are going up or have been contracted for; all the South Side towns, including Rockville Centre, Baldwin, Lynbrook and Freeport, are the scenes of large building operations.

ICELAND PEBBLES SEEM STRANGE CARGO They Are Going to Gold Mines of Porcupine to Aid in Grinding Ore.

Montreal, Aug. 20.—Of the many strange cargoes which have come into the port of Montreal, none have stirred more curiosity than that which has been coming out of the holds of the Danish auxiliary schooner, Danekonge. This particular cargo is composed of pebbles—nick, round, shiny pebbles, 1,500 tons of them.

"Surely," would think the average Canadian, "where are quite beyond the needs of any reasonable being." But these pebbles are destined for the mines of the island of Iceland, and are to assist in the extraction of gold from the soil of Canada.

They will be used in the revolving tube mills to grind the ore in the secondary process, after it has already been through the primary crushers and stamp batteries and before it passes on to the cyanide tanks. For this purpose the pebbles are said to be more satisfactory than steel balls.

Successful experiments have been made, in various forests of France, in cutting trees by means of electricity. A platinum wire is made white hot by an electric current, and used like a saw. In this way the tree is felled much easier and quicker than in the old way.

UNEMPLOYMENT IN FRANCE DECREASES

Paris, Aug. 20.—Associated Press by Mail.—Unemployment in France continues to decrease and, as far as the provinces are concerned, the recent crisis appears to have been completely overcome.

The latest figures show that the total number of unemployed in France is 47,266 and out of that number 31,429 belong to Paris and the Department of the Seine, leaving only 15,837 unemployed for the rest of France.

Compared with the census figures, the number of unemployed in France amounts to only 0.1 per cent. of the population.

VULGAR DANCES ARE NOW TABOO SAY TEACHERS

Prof. Sinclair Announces the Death of Toddle—"Byng Trot" Latest Step.

(Ottawa Journal.) "Toddle," that offspring of Terpsichorean inventions, is pronounced dead, no longer must persons execute the symmetrical contortions of that dance, if they desire to remain beneath the approving glances of Dame Modesty or Convention. "Toddling," like "Shimmying," is now taboo, and forbidden in dance halls. To "Toddle" is to commit one of the most daring breaches of dancing etiquette, but fortunately its banishment is compensated by the introduction of several new dances, which, however, are most proper.

These new regulations were promulgated at the 27th annual convention of the International Association of Masters of Dancing, held in New York last week, from which Prof. F. H. Sinclair, of Ottawa, returned yesterday.

At its inception the Toddle was considered "quite the thing," but excessive abuse of that particular dance finally had it condemned as vulgar. In keeping with the true art of dancing, the Toddle, therefore, has been banished.

Among the latest importations of American dances into Ottawa, is the "Culture Walk," "Society Walk," and "Tango Trot," all of which are to Fox Trot and Tango. The "Byng" trot at the convention, and it is similar to the "Society Walk" as demonstrated by New York's greatest ballroom dancer, Arthur Kretlow.

"Dancing masters from all over urged the abolition of vulgar dances," said Prof. Sinclair. "Persons who could not dance, used to attend dance halls and there perform vulgar dances in a pretense at dancing. This is now forbidden and only the most proper and approved dances will be allowed," he said.

The new dances are graceful and stately. Most of them are founded upon the principles of the minuet and are not difficult.

Classic dances, which appear to be gradually coming into vogue, were demonstrated by Vestoff Serova, Professor of Ballet and Miss Hamker, all famous American dancers.

The convention, which Professor and Mrs. Sinclair attended, was held at the Hotel McAlpine, New York, from August 8 to 13. About 250 members attended from all parts of the American continent.

HE IS A NICE BANDIT; HE GETS NEW CLOTHES Paw Paw, Mich., Aug. 20.—Mrs. Myrtle Rowe, a Cass county church worker, believes she has put a bandit on the way to reform.

While driving with her husband Sunday night they were held up by a lone man who hit Rowe on the head with the butt of his gun. At sight of blood the robber faltered, but finally took an overcoat and \$6. He said he needed both.

"I felt very sorry for the robber, he seemed so nice, and I invited him to our home to have a warm supper and to get some good clothes," Mrs. Rowe said. "I asked him to let me aid him to reform, then he said he could not accept my visiting invitation, but that he would consider the reform solicitation."

Mrs. Rowe's diamond ring was not demanded by the robber.

HAWAIIANS TOOK AIR FLIGHTS LONG AGO

Made Game of Jumping From Cliffs With Crude Planes Into Sea.

Honolulu, T. H., Aug. 20.—Thrills of dying were enjoyed by Hawaiians centuries before aviation was invented, according to stories told by natives of today. Their ancestors got their aerial excitement by jumping off cliffs into the ocean in home-made "planes." They made a regular game of it, known as "lele-pali," or "jumping from the cliff."

It was played up to a hundred years or so ago by natives who lived near groves of loulu palms near high cliffs overlooking the ocean.

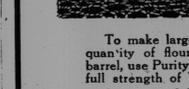

Details of the game have been obtained by William J. Coelbo, a former newspaper editor, now an officer of the Hale on a All Hawaii (House of Chiefs). This is what he says of the vanished sport:—

The game was played with huge contrivances built of light but stout sticks, overwoven with loulu palm leaves. Several of these affairs were made ready, the Hawaiian "aviators" took their seats and were pushed over towering cliffs at the same time. The adventurer who remained longest in the air was the winner. Often through carelessness or excitement a "plane" would execute a nose dive similar to those of twentieth century airplanes. Old Hawaiians say that their flying men were exceptionally skilful. The only means they had of guiding their crude appliances was to shift their weight to maintain balance as they zigzagged down towards the sea. A fleet of outrigger canoes was anchored off shore to pick up the sportsmen and retrieve the "planes."

Exceptionally daring Hawaiians often "hopped off" cliffs on the mainland a thousand feet high, it is said.

TO UNVEIL PEACE GATE ON CANADIAN BORDER Dedication of a huge "peace portal" built across the Pacific Highway where it crosses the boundary line between Canada and the United States at Blain Wash, will take place September 6. T portal was built to commemorate a century or more of peace between Canada and the United States. The dedication will be attended by representatives of the Canadian, French, and American governments, as well as hundreds of residents of British Columbia and the Pacific Northwest.

The ceremonies will also include dedication of the Pacific Highway, which runs nearly 2,000 miles south from Vancouver, V. C., across Washington and California to Tinian, Lower California. The Pacific Highway will be paved its entire length by 1922. It is expected, making the first transcontinental road in the nation to be hard surfaced throughout its entire length.

To make larger loaves from the same quantity of flour, and more loaves per barrel, use Purity Flour, the flour with the full strength of Western Canada Wheat. Just as good for cakes and pastry as it is for bread.

The Light for Bright Occasions

CORRECT and sufficient lighting is one of the greatest aids to the success of home entertaining. Good lighting will help to express your tastes in decorations—it will enhance the beauty of your furnishings—it will infuse a spirit of good cheer and enjoyment into your parties.

To accomplish these effects you should choose your electric lamps as carefully as you do your other party preparations. Plan now to have always LACO NITRO Lamps for your Bright Occasions.

They are high powered, efficient lamps, producing the quality of light that most closely approximates sunlight. Inside the LACO NITRO Lamp bulb the filament burns in a specially prepared gas instead of in a vacuum, as in other lamps.

Not only does this produce a brighter and more efficient light, but it prevents bulb-blackening, so common in poor lamps.

LACO NITRO Electric Lamps are sold in 50-75-100-150 watt sizes, convenient for household use.

Laco Nitro Lamps are made in Canada. Factory and Head Office—Montreal. They are sold by best Electrical and Hardware Dealers throughout the Dominion.

LACO NITRO LAMPS

A NEW GUTTER

may be needed on the roof of your house. Perhaps you are not aware of it, but the need is there just the same. Or it may be a new leader, or skylight, or even an entire new roof. Let us look it over and see.

LOCAL NEWS

MANY BOYS. Eleven marriages were performed in the city during the week. Births numbered twenty-nine, seventeen males and twelve females.

TWELVE DEATHS. There were twelve deaths in the city for the week ending today from the following causes: Cholera infantum twice, gastro-enteritis, two, pulmonary tuberculosis two, senility, acute nephritis, senile gangrene, paralysis agitans, secondary anaemia, intestinal obstruction, one each.

KETEPEC-MORNA CLUB. About twenty-five members of the Ketepec-Morna Outing Association were delightfully entertained at tea on Friday afternoon by Mrs. W. E. Sutton at her residence at Ketepec. Mrs. A. C. Jones presided at the tea table and was assisted by Mrs. C. D. Strong and Mrs. James Stevenson.

BURIED TODAY. The funeral of Ethel Dobbins, daughter of Mr. and Mrs. C. P. Dobbins, 148 Meckenburg street, was held today from her parents residence to the church of St. John the Baptist. Rev. J. A. McDougall conducted the service. Interment in the new Catholic cemetery.

SURPRISE PARTY. A large number of friends gathered at the home of Mr. and Mrs. Mills, King street, last evening and tendered a surprise party to Mrs. Mills, it being the occasion of her birthday. She was the recipient of a large number of useful gifts. The evening was spent in music, dancing and games. Music was rendered by J. Halsall and Mrs. J. Mills. Refreshments were served.

TYPOS PICNIC. Members of the Typographical Union are to enjoy a picnic at Crystal Beach this afternoon. Accompanied by members of their families and friends they will leave Indiantown at 1:30 o'clock and will return to the city this evening. A list of sports has been arranged and prizes are to be awarded the winners of the various events. There will also be a baseball game between the married and single men.

TWO FROM ST. JOHN. Arrangements are being made to hold a conference of all those engaged in work on behalf of dependent and delinquent children in Canada, at Winnipeg, on October 6 and 7. Committees to draw up the programme and deal with other matters are being named. In the list of members of the general organization committee are the names of Chief Justice McKeown and Rev. George Scott of this city.

FREDERICK McRAE. This morning, after a lingering illness, Frederick McRae died at the residence of his son, John B. McRae, 140 Erin street. He is survived by his wife, four sons, George of Somerville, Mass., and William, James and John of this city, and three daughters, Mrs. Samuel Standing and Mrs. Charles Doucay of this city, and Mrs. Louis Cameron of Oak Point. The funeral will take place on Monday afternoon at 2:30 o'clock from the residence of his son, John, 140 Erin street.

A SAD CASE. Mrs. Edward Hamilton of 60 Bryden street is seriously ill. Two neighbors who sat up with her last night did not expect she would survive until morning. She has two little children, the oldest of whom is six years of age. The case is a particularly sad one, as, in addition to the woman's other troubles, her husband is missing and has not been heard from for more than two weeks. Mrs. Hamilton does not know where he is, neither do any of the neighbors.

MARKET PRICES. The following prices prevailed in the market this morning: Raspberries, 35c; blueberries, 30c; blackberries, 35c; eggs, 45c; butter, 45 and 50c; chickens, 60c; fowl, 50c; lb.; veal, 30c; lamb, 18 to 20c; mutton, 10 to 15c; pork, 10 to 25c; beef, 10c; hams, 10c; carrots, 10c; bunch; turnips, 8c; each; parsnips, 10c; bunch; cabbage, 10c; head; cauliflower, 20 to 30c; head; radishes, 5c; bunch; cucumbers 3 for 20c; tomatoes, 10c; lb.; peas, 80c; peck; beans, 70c; peck; lettuce, 10c; head; celery, 10c; head; squash, 8c; lb.; squash, 6c; lb.; potatoes, 75c; peck.

IRVING-LAURENCE. A wedding of much interest to St. John people took place at the home of the bride's parents, Mrs. Laura Irvine, 417 Bunsell, Ont., on Monday evening, July 4, when their daughter, Mrs. Irving-Laurance, formerly of St. John but now of Toronto, the bride, who was given in marriage by her father, was becomingly gowned in white erdepe-de-chene with lace and cap and carried the bouquet of roses. Mrs. Josephine Fulkerson, sister of the bride, who acted as bridesmaid, wore white satin with hat to match and carried a bouquet of sweet peas. The groom was attended by Mr. Fulkerson. Mr. and Mrs. Irvine will reside in Toronto.

A NEW HOUSING PLAN IN MONTREAL. Montreal, Aug. 20.—A comprehensive scheme was launched at a meeting of business men here yesterday to encourage the building of houses in the city and district of Montreal, in an effort to overcome the shortage of tenements, estimated at 20,000, which now exists in this vicinity. The principle of the plan is co-operation, units of 100 members being formed, of whom each pays \$10 for 200 weeks, or sufficient to build a six thousand dollar house every three weeks, the balance being carried as a first mortgage.

SUNDAY AT WESTFIELD. The Westfield Country Club House will be the scene of a most interesting service tomorrow evening at eight o'clock sharp, when the Rev. Robert Smart, the popular pastor of the lately destroyed Methodist church, will gather his people together for the first time since the big fire. The Country Club executive is collaborating with Mr. Smart in securing a large attendance representing all denominations and every section of the community from Ingleisle to Woodman's Point. The meeting should be remarkable interest and is being anticipated eagerly as the proper kind of a get-together on the part of the Westfield population after experiencing a catastrophe which might well have been very much worse. The service will not be closed without an opportunity to contribute in the form of a collection in which paper, it is expected, will altogether predominate.

HOME FROM SONS ENGLAND MEETING

J. H. Carter, Former Supreme President, Retires—Encouraging Reports Presented—Memorial for Toronto.

T. H. Carter, former supreme president of the Sons of England, has returned to the city after attending the annual convention of that order, which was held in Fort William last week. On the way to the convention the delegates were the guests of the Northern Navigation Company, to a two days' cruise on the Great Lakes. Mr. Carter, who was elected supreme president for the past year, retired from office and J. T. Russell was elected in his place. Special recognition was made of the services of J. W. Carter, of Toronto, past grand secretary, who has been in office for forty-five years. E. J. Proctor, of Toronto, was elected supreme secretary.

The supreme secretary in his report gave a very encouraging account of the financial and numerical standing of the order. Sick benefits were paid to meet the present day requirements and a special grant was made to endow a cot in the Sick Children's Hospital in Toronto. The secretary reported that after the soldiers' claims had been paid out of the special war fund, levied on the members, there was still a balance of \$2,000 left, which was transferred to the funeral fund. A report was made on the raising of \$20,000 to build a memorial in Toronto for the fallen members of that city. Many of these memorials have been unveiled in various parts of Canada by the Sons of England, out of whose roll of membership more than 900 made the supreme sacrifice.

FREDERICTON EXHIBITION

Directors Make Arrangements—Four Days' Horse Racing and Dog Show Planned.

(Special to The Times). Fredericton, Aug. 20.—The directors of the Fredericton exhibition met yesterday. Arrangements for the purchase from the Odeil estate of the Fredericton Race Association's race track property were considered, and it has been definitely decided that inasmuch as the transfer has not yet been completed, the race track will not become part of the exhibition plant in time to operate the two as one organization this year. Within the next few days the deed to the property is expected to be turned over.

N. B. MUNICIPAL MEETING NEXT WEEK

The meeting of the Union of New Brunswick Municipalities, which will take place in this city on Wednesday next promises to be one of the most interesting in the history of the organization. In addition to the programme of discussions and resolutions on municipal affairs, there will be addresses on Wednesday by Hon. Wm. F. Foster, premier of New Brunswick, and others. The commissioners of the St. John Municipal Home have invited the delegates to luncheon in the home on Wednesday. The delegates will have an opportunity of partaking of the same meal as the residents of the institution and if possible between one and two o'clock the county hospital will be examined. In the evening on Wednesday Walter H. Golding has invited the delegates to reserved seats at the eleven o'clock party with discussions and at eleven o'clock cars will be taken to the delegates to Musquash for inspection of the hydro-electric works under construction. The contractors will serve luncheon at the works. Thursday evening will be the big event of the convention when Hance J. Logan with J. B. M. Baxter and H. R. McLellan will discuss maritime union and kindred subjects. Mr. Logan is the big attraction of the convention. He has a reputation as being one of the most eloquent men in Canada. The meeting will be open to the public. The place of meeting will be announced on Monday. On Thursday evening the visiting delegates will be entertained at dinner by the warden, the mayor of the City of Saint John, and the Saint John City Council at the Victoria Hotel. Unemployment. In addition to the convention work as outlined, Premier Foster has invited the mayors and wardens to discuss with him the unemployment situation.

FRENCH WOMEN HOPE TO VOTE EARLY IN 1924

Paris, Aug. 15.—Women will vote in the municipal elections before the spring of 1924, according to the prophecy of Senator Louis Martin and other advocates of universal suffrage, who are planning to give French women the same privilege in the next two years which their English sisters enjoy. Senator Martin has obtained a promise that the debate will open early in November, with the probability that a compromise on municipal voting will be arranged.

FLOATED AGAIN.

Quebec, Aug. 20.—The steamer Canadian Warrior of the Canadian Government Merchant Marine, which grounded at the Traverse at low tide in the fog yesterday morning, floated at high tide and came on to Quebec. The Warrior is not believed to have suffered any serious damage.

The Real Test of Value in Furnishing the Home

To do the thing that is right—quietly, unobtrusively—is but a natural act in perfect accord with the purpose and dignity of this house. Every piece of furniture, every item of furnishing for the home, in this establishment is a true barometer recording normal price levels. A proper valuation is placed on every article here with no preconceived idea of making an apparent reduction to inveigle the public into buying. When these prices are changed to reflect the immediate market it is done without loud acclaim of sacrifice. And the value placed on every article in this one-price institution represents present intrinsic worth and carries with it no premium for the exclusiveness and distinction to be found here. As a matter of principle—as a duty one owes to oneself—or even just to satisfy a natural curiosity—before making a purchase of house furnishings of any nature, it is suggested that first a comparison be made with the values to be found here. Upon the result of such comparison this store is content to abide.

A. Ernest Everett THE HOUSE FURNISHER 91 Charlotte Street
