Bandits Rob Mail Car On Ocean Limited And Get Away With \$75,000

Smash In Door, Bind Five Clerks And Get Bags Five Men Tied Up at Revolver Points as Train Speeds at 60 Miles an Hour With Silver Consignment From Montreal for Halifax

Quebec, Sept. 18.—A bold robbery by which a silver consignment of \$75,000 was taken from the mail car of the Ocean Limited train on the I. C. R. near Harlake, Que., early today was committed by five masked bandits who held up the mail clerks, gagged and bound them and foot, went through the mail and jumped off the train when it pulled into St. Thomas, Montserrat. The money had been shipped from Montreal last evening and was consigned to Halifax. It seems the bandits came originally from Montreal and followed the shipment all the way down, riding in a passenger coach.

The mail clerks, when found at St. Thomas, De Montserrat, were suffering from having been tied up. They lost no time in reporting the robbery and the wires were made hot with orders for the organization of posses that have been scouring the country side since, but so far no trace of the highwaymen has been found.

The Ocean Limited does not stop at the small stations after leaving Lewis; the first stop is made at Harlake Junction, where the engineer and train crew have to get orders before proceeding eastward. At Harlake the train rarely had pulled out, according to the mail clerk foreman, when the bandits came aboard. The mail car was crashed in and five masked men, pointing automatics into the faces of the mail clerks shouted the dramatic and hysterical "hands up!" The bandits quickly bound and gagged the mail clerks, then made a dash to the very bags containing the money.

It is supposed the robbers had a motor car hidden in the bush back of the station with a confederate waiting for them ready to make their escape. No one saw anything wrong on the train at St. Thomas, and it was only at Cap St. Ignace, the next stop that the conductor of the train, passing on the platform of the station, noticed an extraordinary quiet in the mail car and rapped on the door. No one answered and he became suspicious and found the side doors locked. He rushed to the back door of the car and found it split and open. The bulk of the money was in empty mail bags quickly told him the full tale and all got busy. E. Rene, one of the clerks had to be taken to Quebec. He is suffering from nervous shock. It is supposed that the robbers must, by this time, be beyond the border line into the United States. They probably rode over the national highway that runs from Lewis to Jackman, Maine, by automobile.

Official Statement The following statement was given to the Canadian Press at ten a. m. today at the postmaster's office here: "I. C. R. train No. 300 (Ocean Limited) left Lewis at 12.10 this morning; Mail Clerks Grosellin, Lachance, Veilleux, René and Dumont in charge of mail car.

"Passing in front of Dohans Hotel, Lewis, one of the clerks noticed a man who jumped on the railing of the side door and who sat there. Mail Clerk did not interfere, believing the man to be a tramp stealing a ride and not daring to kick him off for fear of killing him on the track.

"A little farther, the mail clerk saw other men jump on the train, and called them to stop off, but they paid no attention and stood between the couplings of the mail car and the baggage car behind. At Harlake, the train slows to enable the pushing engine to uncouple and return to Lewis, two of the bandits entered the car, held the crew at the point of revolvers and rifled the mail.

Was Pay For Soldiers. The robbers were well clad, wore automobile goggles and spoke English. The robbery was carried out by two of the robbers who entered the car while the other three guarded the doors. The two thieves, enquired who was in charge and Veilleux spoke out that he was. They removed the ropes from his hands and set and his gun at the point of a revolver compelled him to indicate where the registered mail and money packets were. He tried to resist but was forced to divulge. After rifling these packets, the robbers again bound Veilleux, gagged him and rifled other mail, removing what valuables they could lay hands on. They did not touch the personal property of any of the mail clerks.

"It is a lucky thing that the robbery was committed on any other day, for on some days the car carried some times upwards of \$200,000 in money, while today was a small day in money shipments. "No trace of the bandits has as yet been found."

The stolen money was soldiers' pay going to Halifax for soldiers who are to land there this week. Ottawa, Sept. 18.—Efforts are now being made to trace down the registered mail with a view to determining the loss. According to advices the car contained mail only, but that the volume of money and articles in the mail was, officials here are as yet unable to say.

THROW CORDON ABOUT THE CITY OF FIUME

Italian Forces Are Being Ranged Against D'Annunzio's People With Latter And it is Declared City Will Be Destroyed Rather Than Surrendered—Impassioned Appeal of Poet-Warrior

Paris, Sept. 18.—Italy is throwing a naval and military cordon about the city of Fiume, which is still held by Captain Gabriele D'Annunzio's forces.

Advices received here indicate that D'Annunzio's men have entrenched themselves about the city and intend to defend it against any attack which may be made. In the event it is found impossible to hold Fiume, it is said, plans have been laid to destroy the city.

General Badoglio, deputy chief of staff of the Italian army, is in Fiume, and has issued a proclamation calling upon D'Annunzio's troops to return to their units. Some are said to have left the city.

General Diaz, commander-in-chief of the Italian army, has been recalled from his vacation, and has been in conference in Rome with King Victor Emmanuel and Premier Nitti.

All despatches relating to the situation at Fiume are being subjected to rigorous censorship by the Italian government, but it is reported that Rear-Admiral Casanovi, who landed at Fiume on Tuesday to restore order, is under virtual arrest there.

Rome, Sept. 18.—D'Annunzio's army, according to the idea Nazionale, consists of 10,000 regulars, in addition to four battalions of Fiume volunteers. He has occupied a fortified line around Fiume as a strategic position.

The citizens are supporting D'Annunzio, the paper adds, and are determined to destroy the town should resistance prove impossible.

Impassioned Appeal. Rome, Sept. 18.—"I, a war volunteer and a mutilated fighter, appeal to Victor Hugo's France, to Milton's England and Lincoln's America, and speaking as an interpreter of the valiant sentiments of the whole Italian people, proclaim the annexation of Fiume to Italy," said Captain Gabriele D'Annunzio, speaking to an immense throng during his "irregular" army forces marched into Fiume, according to reports reaching this city.

Captain D'Annunzio, who is reported to have been quite ill and suffering a high fever when he reached Fiume, went to the commander's palace, being borne along by a crowd that seemed crazed with patriotic fervor.

After entering the palace, he was asked to speak and at once went to the balcony overlooking the crowd. "I am so ill but I will say but a few words," he began with a simple gesture. "In the present mad, cowardly world there is one pure thing—our love for Fiume. Fiume stands like a lighthouse over the sea of degradation. People of Fiume, do you confirm your vote of October 30 last, when you decided for Italy?"

Up from the crowd came a tremendous shout of "yes."

Captain D'Annunzio then unfurled the tricolor flag of Trieste, which he bore with him throughout the war and which was consecrated in Rome, pressing it to his lips while the people responded with wild cheers.

PILE SHIPS ON TOP OF SCOTTISH MOUNTAINS Do It, Says Lodge, If Atomic Energy of Ounce of Matter Could be Utilized

Birmingham, England, Sept. 18.—(By the Associated Press)—Sir Oliver Lodge, eminent scientist, in an address at Midland Institute in connection with memorial ceremonies held on the occasion of the one hundredth anniversary of the death of James Watt, inventor of the condensing steam engine, again touched upon the subject of atomic properties of matter.

He declared that the first utilization of atomic properties of matter was in wireless telephony. He added that if the atomic energy of an ounce of matter could be utilized it would be sufficient to raise the ocean ships on top of the Scottish mountains. He said, however, that he hoped the human race would not discover how to use this energy until it had brains and morality enough to use it properly, because if the discovery were made before a time and by the wrong people this planet would be unmade.

CIVIC EMPLOYEES AGAIN BEFORE THE COMMON COUNCIL

Urged Immediate Increase in Wages or Counter Proposition

FEARED TROUBLE OTHERWISE Commissioners Declined to Give Snap Verdict But Will Reach Decision on Monday—Plan to Widen Ferry Fleets

The session of the common council, in committee of the whole, this morning was devoted almost entirely to a conference with a delegation representing the civic employees, who appeared again to press for action on their request for wage increases without further delay. E. A. Campbell, president of the Trades and Labor Council, appeared with the delegates and spoke on their behalf. He strongly urged that the increase be granted now; if this were not possible he wanted the council to offer a compromise arrangement, either a smaller increase than the fifty cents a day demanded, or for an increase to go into effect at the first of the year, with arrears from this date to be paid in full then.

The commissioners agreed to refer the matter to the committee of the whole on Monday morning regarding the effect of the proposed changes in their departments, including what other raises they would feel obliged to grant if conceding these, preparatory to action by the council on Tuesday.

Commissioner Bullock presented plans and estimates for widening the ferries for foot passengers on the ferry floats. The council will look over the ferries tomorrow before giving a decision.

Mayor Hayes presented his plan to increase the minimum wage for the city employees' wages from their present \$1.00 to \$1.25 a day.

The Wages Demand. Mr. Campbell presented the case for the men, urging that the increase was needed to enable them to live, and saying that \$4 a day was regarded as the minimum for a family. In view of this he felt the increase asked for should be granted without delay. Mr. Campbell also criticized the action of the city employees' in deducting the amount of the civic employees' taxes from their pay.

Mr. Campbell strongly opposed delay and urged immediate action. He said that he thought that by showing a spirit of give and take, a solution could be found. The men were asking only for a living wage, and the city could not afford to lose the money. He would not like to say what would be done if the council delayed another week. If the council was not able to grant fifty cents a day, he wanted an offer of what increase they could give.

Mr. Bullock, replying, said that it was not only a matter of money but of principle. The city had laid down the rule that salary and wages increases would be considered only when reported by the meeting. To Mr. Bullock, he said that if an increase were granted to the 300 men represented by the delegation, the council also would have had applications pending. He wanted to know if the present application was a request for a threat.

Mr. Thornton said that the firemen were the first to put in an application for an increase and if anything were done for the others he would have to insist on similar treatment for the firemen.

Mr. Campbell said that the firemen had nothing to do with the question before the meeting. To Mr. Bullock, he wished to say that this was not a threat, it was a demand, a request in the form of a demand. The thing had to be adjusted some way, but the worst threat was something he was trying to get away from.

When the firemen consented to have their increase postponed until the first of the year it was with the understanding that this should be the general policy. Mr. Thornton said. The firemen had not the same treatment as others.

R. P. Goodrich said he did not see what was going to happen if they could not give a favorable report to the meeting of their organization tonight. Some of them were cool-headed but he could not answer for others.

Counter-Suggestions. To Mr. Bullock, Mr. Goodrich said that a promise of an increase on Jan. 1 would not be satisfactory. He agreed that an increase on Jan. 1, dating back to the present, would be worth considering. (Continued on page 12, fourth column.)

GRATUITY LEAGUE HAS PRAISE FOR CURRIE AND KNOCK FOR DR. MANION, M. P. Toronto, Sept. 18.—Two telegrams were dispatched to Ottawa yesterday from the Returned Soldiers' Gratuity League of this city, in connection with the decision of the House of Commons. One was to Colonel J. A. Currie, M. P., and reads as follows: "Gratuity spirit spreading like wildfire. Thousands of soldiers appreciate your courageous stand in the interests of the returned men. Mass meeting will be held throughout the Dominion."

Prince Now Chief of Stoney Creek Indians

Receives Rank in Feathered Head Dress—Takes Part in Cowboys' Cattle Round-up

Banff, Alta., Sept. 18.—The Prince of Wales has just taken active part in functions which illustrate vividly three distinct phases of Canadian life. On Tuesday, as the prince was riding a mustang through a herd of cattle on the ranch near High River, he was coached by cow punchers in the knack of herding great numbers of cattle in the round up. They found him a man, not a blase courtier. That evening found His Royal Highness participating in what was probably the biggest military ball Alberta ever had. Yesterday morning the prince stood in the midst of an Indian powwow, attired in feathered dress, and receive the rank of chief of all the Stoney Creeks of Alberta. One hundred and fifty Indians of both sexes and all ages with lusty cheers hailed the demobair prince as Chief Morning Star.

This afternoon the show will be open to the many variety classes and special classes of dogs, which this evening the cups and special awards will be presented.

NO WOODEN HOUSES WANTED IN ENGLAND

Standardization Committee Turns Down Proposal From B. C. London, Sept. 18.—The Daily News says that the Standardization Committee of inquiry into health does not agree with the recent proposal of Agent-General Wood of British Columbia, to solve the housing problem by the importation of wooden houses. The newspaper says that a London firm during the past two months, approached the Housing Commission and Commissioners with suggestions for building houses on the American system. In no case have they been able to persuade the authorities to adopt the proposals despite the advantage in time and money saving. Wooden structures are considered unsuitable to the English climate, the problem presents many difficulties and the Standardization Committee is adverse to buildings of a temporary character.

NEW YORK HONORS BELGIAN CARINAL

New York, Sept. 18.—Cardinal Mercier, Archbishop of Malines and Primate of Belgium, yesterday became an honorary citizen of New York City. From the time he left the train, which had brought him to the city, to solve the housing problem at the residence of Archbishop Hayes last night, the hours were crowded with events which showed the veneration in which he is held not only by those of his own faith but by Americans of all creeds.

Replies to Question Re Vote of Overseas Parts of Empire—Would Not Have to Aid Britain if Revolt Occurred in Ireland

San Francisco, Sept. 18.—Replying in a statement to a list of questions put to him by a San Francisco League of Nations organization, President Wilson declared Great Britain could not out vote the United States in the league; that foreign governments could not, under the covenant which dictated an according of six votes to parts of the British Empire in the league would have a powerful influence toward restoration of Shantung to China; that the United States would not be obligated by Article 10 to aid Great Britain in suppressing a revolt in Ireland, and that under Article II, there would be created a new forum for questions of self-determination.

Mr. Wilson's reply to the question: Will you state the underlying considerations which dictated an according of six votes to parts of the British Empire in the league, followed:

"The consideration which led to assigning six votes to self-governing portions of the British Empire was that they have in effect, in all but foreign policies, become autonomous self-governing states, their policy in all but foreign affairs being independent of the control of the British government and in many respects assimilate from it. But it is not true that the British Empire can vote out in the League of Nations and therefore control the action of the league, because in every matter except the admission of new members in the league, no action can be taken without the concurrence of an unanimous vote of the representatives of the states which are members of the council, so that in all matters of action, the affirmative vote of the United States is necessary and equivalent to the united vote of representatives of the several parts of the British Empire. The United States cannot offset or overcome the vote of the United States."

M. E. AGAR FIRST VICE PRESIDENT OF THE MARITIME BOARD

Moncton, N. B., Sept. 18.—At the annual meeting of the Maritime Board of Trade today the following officers were elected: President, H. J. Logan, Amherst; first vice-president, Miles E. Agar, St. John; second vice-president, J. O. Hyndeman, Charlottetown; executive, James T. Burchell, Sydney; J. E. Masters, Moncton; E. A. McCurdy, Newcastle; Leroy Holman, Summerside; secretary-treasurer, Thomas Williams, Moncton.

A resolution moved by Mr. Logan and seconded by J. L. Ryan of Bathurst, favoring union of the maritime provinces was unanimously adopted.

A resolution urging the immigration department to induce the National Editorial Association of the United States to visit the maritime provinces, Ontario and Quebec next year, was adopted on motion of J. T. Hawke, seconded by R. E. Armstrong.

SIR ROBERT RUN DOWN AND THEN CAME GRIP ATTACK

Ottawa, Sept. 18.—Any alarmist reports as to the condition of Sir Robert Borden's health are fancifully said to be without foundation. Sir Robert, although still confined to the house, is able to leave his room. Progress has not been as rapid as was hoped, as he was run down in health owing to the severe strain of the last few months before he was attacked with a mild form of grip. No fears that he will not recover are entertained.

SOLDIERS' BAGGAGE ON ARAGUAYA AT HALIFAX TOMORROW

Halifax, N. S., Sept. 18.—The hospital ship Araguaya, which is due to reach Halifax tomorrow night with invalided troops, carries 30,000 pieces of baggage, the property of soldiers who have already returned to Canada. The troops' Regina reports that she will arrive here at six o'clock tomorrow night.

HE MAKES A PLEA FOR COLLECTIVE BARGAINING

Soldier's Speech at Industrial Conference—Chairman Complains of Some Newspaper Headlines

Ottawa, Sept. 18.—The right of labor to organize, recognition of labor unions and the right to collective bargaining were the subjects before the National Industrial Conference this morning. The first two speakers dealt entirely with the latter phase, and Adam C. Hay of Winnipeg, a returned soldier, said there had been a thirty years fight for this principle in the Old Country, and he appealed to the conference to try to settle this matter here in thirty minutes, and thereby confer a benefit on the entire labor population. Collective bargaining was one of the principal aims of labor and it should be granted.

A. B. Weeks of the Canadian Northwest Steel Company, thought this was hardly the time for innovations in regard to labor legislation. Senator Robertson, chairman of the conference, complained that the headlines being given to the reports of each day's proceedings were giving a wrong impression of strife and bitterness existing. The reports, themselves were very fair and very accurate, he said, but the headlines were such as to make the agitators point up their soap-boxes again and attempt to defeat the objects for which the conference was being held. He appealed to the press to exercise fairness and good judgment.

SUICIDE FAD GRIPS KOBE YOUNG WOMEN

Kobe, via San Francisco, Sept. 17.—An epidemic of suicide among the young women of Kobe is causing alarm on the part of the authorities. The police are busy investigating the numerous cases that are brought to their attention almost daily.

In one day at Uozaki the body of a young woman in a bathing scene was floated up on the beach. A letter fastened to the dress instructed that it was a case of suicide. Another fastened her bank books to part of her clothing and set them afloat on the surface of the pond at Suna before taking her life. A third was rescued just as she was on the point of throwing herself into the sea at Mihogan.

NOVELTY SHOWER

SUPREME COUNCIL HERE NEXT YEAR. International Gathering of Temple of Honor and Temperance Accepts Invitation to St. John for 1920.

The next annual session of the supreme council of the Templars of Honor and Temperance with jurisdiction over all Canada and the United States will be held in St. John in 1920.

On the opening day a reception for the delegates was held by the local temple and they were entertained by the members of Cambridge, the supreme temple, Hon. David I. Robinson, replying.

"Keep your seats, please," said the stage manager. "We're much obliged for your kind applause, ladies and gentlemen, and we're going to give you the death of Nelson over again."

AUSTRIA WOULD BE HEAVY BURDEN UPON GERMANY. Dr. Preuss Minimizes Advantages of Proposed Political Union—Is Angry at Entente.

Berlin, Sept. 16.—(By the Associated Press)—Dr. Hugo Preuss, who drafted the new German constitution recently promulgated at Weimar, in a statement issued at Weimar, in a statement to the Associated Press, severely arraigned the demagogues who are endeavoring to amend the constitution so as to prevent Austrian representation in parliamentary affairs.

"Keep your seats, please," said the stage manager. "We're much obliged for your kind applause, ladies and gentlemen, and we're going to give you the death of Nelson over again."

The Evening Times and Star

ST. JOHN, N. B., SEPT. 18, 1919.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

HARBOR COMMISSION AND RAILWAY CONNECTIONS

If it is found feasible to adopt electricity as motive power on the Canadian National Railway between Moncton and Halifax, the Evening Times hopes that the plan will be adopted.

So much for Halifax and transportation matters east of Moncton. St. John is intensely interested in these developments because the scheme dealt with by Mr. H. J. Logan yesterday in Moncton brings sharply to the attention of our citizens here in New Brunswick the injustice from which St. John has suffered for many years because the Dominion government has not recognized the decisive value of the short haul and has fed St. John, and the territory tributary to St. John, upon promises.

Too long we have had a diet which a scriptural writer described as the east wind. It is about time that we in St. John and in most of New Brunswick put our partisan politics away if such politics in any way prevent us from cooperating and concentrating upon certain essentials which are necessary to give St. John justice in transportation matters; and not only St. John but the great freight-producing area of Canada which can be best served, served more quickly and more cheaply, only when the sound rules of national transportation are recognized and adhered to, and when St. John shall have a fourth-grade between Fredericton and McEgiver Junction such as already exists between Fredericton and Westfield on the Valley road and from McEgiver to Winnipeg on the National Transcontinental.

The mayor and commissioners, the Board of Trade, the Rotary Club and all those organizations and those energetic citizens who have faith in St. John and pride in it should unite in insisting that a clear cut policy of extension and improvement be laid down with respect to our railway connections and our terminal facilities, and they should fight together to secure from any existing government at Ottawa, be it Grit, Tory, or so-called Unionist, a comprehensive plan, with all possible speed, year by year, until this port and the country which it serves shall have decent justice.

For years past the government and the various authorities to which it has entrusted the operation and management of the national railways in this section have given us what has been well described as "branch line treatment" not only with respect to ordinary passenger connections and accommodation, but in many other matters vitally affecting the welfare of St. John and the territory it serves.

When the worn out rolling stock, the refuse of various railroads, has been steadily unloaded on us year after year, we have protested in vain. When people put up with that sort of thing too long, bureaucratic authorities—the paid servants of the taxpayers—grin behind their hands and say to themselves that so long as we put up with it, we must like it. To a great extent we deserve what we get. The time has come to wake up, roll up our sleeves, and fight this thing through to a show-down.

The Prince of Wales will take home many pleasing memories of his Canadian tour. Southern Alberta this week supplied the picturesque well when it introduced His Royal Highness to cowboy work and an Indian pow-wow. The hardy cow punchers found the prince on his Mustang a red-blooded youth who made not a bad attempt at the spirited work of the plainsman. And the real tie in round-up time affords a practical test. Wearing the feathered dress of a chief, the prince was installed by the Stony Cree as their leader and to his other titles added that of "Chief Mornine Star."

A SEA KNIGHT.

Of local interest is a London announcement in the Times despatches yesterday that Captain Bertram Hayes, commander of the White Star liner Olympic had received the honor of Knighthood of the Order of St. Michael and St. George in recognition of his service during the war. The award is especially fitting at this time when the White Star Line is celebrating its fiftieth anniversary.

Through the long months of the war the Olympic, the largest British vessel afloat, ploughed back and forth across the Atlantic between Canada and the Mother Country carrying thousands and thousands of our fighting men. Not only did she land every man safely on the other side, but through the gallantry of her commander and crew successfully engaged several of the enemy's undersea craft and sent them to the fate which they had intended for the leviathan and its precious burden.

The fifty years of the White Star Line's existence have seen wonderful changes in ocean transportation. "Before the building of its first steamship," says the New York Times, "the company had a fleet of clipper ships, which carried thousands of pioneers to the Australian gold diggings and thus assisted in the foundation of that great British colony. The horses for the Indian troops, which, under General Roberts, were on the march from Cabul to Kandahar, were taken from Melbourne to Calcutta by the Madras artillery which took part in the Afghan campaign." Thus the record of war service of the line saw its beginning in the early days of its history and its first half century closes with its duty well and nobly continued.

From the Oceanic, which was of 2,000 tons register, the line has expanded until today we have the 47,500-ton Olympic sailing into our ports. This big ship transported 300,000 troops during the recent war and when added to this is the work done by the Baltic, Celtic, Adriatic, Celtic and others, the White Star Line has a war record of which its people should be proud. The congratulatory letters of a thankful empire are due to the officers and crews of the company and particularly to the gallant commander of their largest vessel, whose elevation to knighthood is a fitting reward for his great achievements.

Something like a chapter from a Jesse James story is today's account of the robbing of the Ocean Limited on its way to Halifax from Montreal. The bandits' methods were more modern, of course, and there were lacking the dashing horsemanship and the rattle of small arms. But the hold-up of the mail clerks was no less effective than of old. The stake played for, and won, was a large one, \$75,000.

There may be bloodshed before the Fiume situation is worked out. Italian forces have the sympathy of the people, who wish their city to be part of Italy. Despatches tell of the poet-warrior's troops being ranged in a fortified line around the city and of a determination to destroy the place if they cannot hold it. Italian troops are being moved into position about Fiume.

SHOPS PROSPER IN RHINE AREA

Little Children Will Miss Mr. Thomas Atkins—Parts Freely With Money

Cologne, Germany, Sept. 17.—British forces on the Rhine are diminishing daily, and it is fair to say they will leave behind them an excellent impression. Isolated disturbances have occurred, but it would be wrong to form a general impression from these. A surprising feature indeed, has been their rarity in view of the fact that we are occupying German territory and an intense feeling of disgust had been aroused among British soldiers by Germany's loathsome methods in waging war.

The people of the Rhineland feel that they owe the British a debt of gratitude because not only has British occupation brought with it relaxation of German officialdom, but has also meant increased prosperity. Signs of this are visible everywhere in the Rhineland. Cafes, shops etc. are full; even exorbitant prices are not acting as a deterrent.

British troops have parted freely with their money, and German tradesmen have not been slow to take advantage of this characteristic. "Tommy" has also left behind him the best of memories among the Germans. Particularly the German children will remember his many acts of spontaneous kindness and the chivalry of his demeanour and conduct will be an indelible memory for the German fraulein.

THE OTHER SIDE. All day long I sit around and weep because the prices are so steep. Whatever I have to buy, a pup, a pencil or a pie, a quilt, a quagga or a quince, the price I'm touched for makes me wince.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

Quebec Surrenders.

On the seventeenth of September, 1759, the British warships, under Admiral Saunders, added their quota to the final capitulation of the City of Quebec into which the shattered French army had retreated after the decisive fight on the 17th and 18th of September.

"TAKE A THINK OF SAFETY."

There's a man who listens silently When you read the safety rules; There's another who'll laugh a bit And say they're all damn fools.

There's still another, by the way, Who by experience was taught That machines are dog-gone treacherous things When in their clasp you're caught.

There's a road that leads to sorrow, That is wide and long and straight, And the fools that line this highway Pull up short when it's too late.

If a hand is worth a fortune And an eye is worth a few, Why take a chance of losing 'em When you know just what to do?

A little care, a little thought, Preserve the lives of men; So buck up, "Bill," and take a think Of safety in "Safety Engineering."

LIGHTER VEIN.

"You seem gloomy, my friend. I fear you are suffering from nervous depression."

"I ain't naturally this way, doc. Just been reading the literature in your anteroom, that's all."

Planning a Profiteer's Home. Archie: "Have you any suggestion for decorating the study, Mr. Quickrich?"

Mr. Quickrich (wear profiteer)—Only that it must be brown. Great thinkers, I believe, are generally found in a brown study.

"I don't see how I could possibly be any worse off than I am sir." "Then cheer up. You've got nothing further to worry about."

"Success depends on hard work." "Yes," replied the miserly capitalist, "I know a man whose farm got covered up with weeds and mortgages while he was working terribly hard to be the best checker in the neighborhood."

Her One Regret. "How nicely you have ironed these things, Jane," the mistress admiringly said to her maid, then, glancing at the glossy linen, she continued in a tone of surprise: "Oh, but I see they are all your own."

He had fairly puzzled the good village folk, had that clever ventriloquist, and now he was going to perform his last and greatest feat.

"Ladies and gentlemen," he announced, with a grand bow, "I will proceed to sing that famous ballad 'Go Home' in a lady's voice, which will appear to proceed from the empty chair above your heads."

The minutes passed. Looks of strain and agony, doubt and anger, chased one another across the performer's face, but there was no song.

Then a voice suddenly broke the silence. "Tain't no good, gov-nor," it said, "I've bin an' lost the gramophone needle."

Two women of uncertain age, who had long been rivals in love, quarreled over a trifling gift which the object of their adoration had indiscreetly bestowed on one of them.

"He intended those flowers for me, the elder woman said to the lucky recipient. "You wretched little fellow, you! My house and shamelessly robbed me of my offering. Your gilly face tells me that."

The other woman shrugged her shoulders as she sniffed at the pretty bouquet and answered sweetly: "O, well, my dear, have it your own way. At any rate no one will accuse you of having a telltale face. It's so very difficult to read between the lines."

And now the deadly breach between them has widened beyond repair.

Hoover for Ratification

Bangor Commercial—Mr. Hoover has had a remarkable opportunity to judge of conditions in Europe and on his return to this country after five years of service abroad, he states his conviction that the treaty ought to be promptly adopted including the league of nations "in its present form or as near it as can be obtained."

The delay in the ratification of the treaty in the senate of the United States is causing great unrest abroad and the many statements in the foreign press would seem to very clearly convey the belief that President Wilson has been the dominant figure in the negotiations. There is constant statement that the President obtained remarkable concessions, and if now by action of the senate the treaty is changed and must return to conference it is exceedingly clear that the next draft will not be nearly as satisfactory to the American people.

All good business instincts call for ratification without amendment. The business of the world demands speedy ratification and no further delay and behind this demand is the argument of the business man who has obtained a far better trade than could have been expected and knows that if the trade is nullified and another must be made that he will not fare nearly as well.

The little group of wifely men in the United States senate do not attempt to tell us what would happen if the subject of the peace negotiations is reopened. They brush aside this proposition with the broad but not convincing allegation that the European nations will accept whatever treaty changes the United States may make but in such assertion are building upon the sands. Such is not the testimony of the men who are most closely in touch with European conditions. They know that many of the European countries would welcome an opportunity to tinker with the treaty and that the tinkering would be done with a view to personal advantage.

Two Duties.

(Boston Globe.) As the autumn sets in, so does a fear. Last autumn brought a grisly visitor. Will this autumn bring him back? Thousands and thousands are the households that were desolated. Memory can scarcely look at that time without a shudder.

In all the conjecture which is certain to be indulged in about the possibility of a return of the influenza—so much the duty of the average citizen with regard to the "flu." But beyond that lies a duty for our public officials. As responsible custodians of the public health, they should go quietly about making preparations to handle and, if possible, to head off any repetition of last year's conditions. It is cheaper in money to say nothing of life, to cope with such a conflagration at the start than at the finish; and if our health officials are all ready when the influenza never comes, so much the better. Let no one begrudge the time, labor and money thus spent. It will have been spent well.

They Want Results.

Kingston Whig.—The Board of Commerce has almost unlimited power to check the inflation of the cost of living, and the people of Canada are in no mood to stand for any longer delay in the use of that power. They have to foot the bills for the upkeep of the board, and they want something for their money. They want to have the money they spend with one hand come back to them by way of the other hand—in other words, they simply want that the Board of Commerce justify its existence and its expense by lightening the burden of living costs for the working classes.

Drowned in Puddle.

London, Sept. 18.—While picking wild flowers at Milford, Surrey, Miss Kate Chubb, 45, had an epileptic fit fell face down into a puddle of water only two inches deep and was drowned.

15,000 Acres of Fuel.

London, Sept. 18.—More than 15,000 acres of Cardiganshire peat bog are being developed for fuel to relieve the inconvenience and suffering occasioned by the shortage of coal.

Union of Doctors.

Liverpool, Sept. 18.—Liverpool doctors have passed resolutions placing them on record as favoring the organization of a trade union and affiliating with the Medico-Political Union.

### RECENT WEDDINGS

A very pretty wedding was solemnized in the church at Harvey Station on Tuesday, September 2, at 8 o'clock, when Alice Lorena, eldest daughter of Mr. and Mrs. Charles Robinson was united in marriage to James Cameron Berry, of Oak Bay, Charlotte county. The ceremony was performed by Rev. J. F. McKay.

A pretty wedding took place at the home of Mr. and Mrs. Henry Vallis, Adelaide street, at 8 o'clock yesterday afternoon when their daughter, Miss Elise F. Vallis, was united in marriage to Raymond Magee, of Hibernia, Queens county. The ceremony was performed by the Rev. Dr. D. Hutchinson in the presence of a large number of relatives and invited guests. The bride was becomingly attired in a white satin gown and wore a white floral wreath. The presents received by the bride were many and useful. A wedding supper was served after the ceremony. The young pair will make their home in Hibernia where the groom is a prosperous farmer.

In the Methodist church, Hantsport, N. S., on Sept. 10, Miss Ella Mary Bigney, M. A., daughter of Rev. J. C. Bigney, was united in marriage to George M. Wood, son of the late Joseph Wood of Halifax. The ceremony was performed by the Rev. Canon St. John, assisted by Rev. James C. Potter of Montreal. Mr. and Mrs. Wood left on a short trip to the White Mountains and on their return will reside in Halifax.

Miss Beatrice Shannon, daughter of S. L. Shannon, comptroller of the C. N. R., and Mrs. Shannon, Moncton, was united in marriage in St. George's Episcopal church to Fred M. Tweedie, son of the late L. J. Tweedie, Chatham, by Rev.

Halifax, Sept. 18—The government has started proceedings in the courts at Halifax against those who have failed to make returns under the income tax law. Yesterday a wealthy citizen was fined \$600 for default in this respect. The fine was based on his having failed for six days to make the required return. The time is much longer than the penalty period, it is said, and might have been mulcted for more than \$1,000, but this being the first case, the fine was more in the nature of a warning than a punishment. Several others have been summoned and the proceedings will be pushed.

### POLICE BAN LIFTED; GRATUITY LEAGUE MEETING WAS HELD

Hamilton, Ont., Sept. 18—In spite of an announcement by Acting Chief of Police Coulter that he would not permit Sergt. Harry Flynn of Toronto, president of the Gratuity League to hold a meeting in Dundurn Park last evening the meeting was held, the acting chief withdrawing his veto. There was a large gathering and the Great War Veterans were hotly criticized by the speakers. The east end branch of the Great War Veterans had stated their intention of seizing the platform and preventing Sergt. Flynn from speaking, but when the acting chief announced that he would not permit the meeting only a few of the G. W. V. A. members were present.

Mayor Booker explained that he had permitted the meeting when he waited upon the officials of the grand army of Canada, who guaranteed that there would be no rowdism and who said that the meeting was being held under their auspices. President Gardner of the local branch of the Grand Army of Canada, announced at the meeting that his organization insisted upon the \$2,000 gratuity.

RUMORED CHANGE IN PEACE CONFERENCE

Paris, Sept. 18-This morning's news- papers speculate on the possibility of a peace conference being transferred to London. Premier Lloyd George of Great Britain is said to have urged the change on the ground that the conference is the one most interested in the further status of the Turkish empire, the consid- eration of which is the principal work remaining before the conference.

THE CORK EXAMINER IS SUPPRESSED BY AUTHORITIES

Dublin, Sept. 18-(By the Associated Press)-The determination of the author- ities to repress all manifestations of republican activities is shown by the suppression of the Cork Examiner, one of Ireland's chief daily newspapers. Although it is a constitutionalist and opposed to the Sinn Fein, the Examiner printed a full page prospectus of the re- publican loan, assuming it is declared, that the prohibition of references ther- to which existed under the censorship lapsed with the withdrawal of the cen- sorship. The military authorities, how- ever, retain full powers and raided the premises and removed part of the plant.

TO ELECTRIFY THE C. N. R. FROM MONCTON TO HALIFAX

Interesting Prediction Made at Maritime Board of Trade Session - Maritime Union Again to The Fore

Moncton, N. B., Sept. 17.-An interesting announcement was made at the meeting of the Maritime Board of Trade here today by Hance J. Logan, ex-M.P. of Amherst, N. S., when he said that plans were well advanced for the electrification of the C. N. R. between Moncton and Halifax. A big power station would be built at Macaan, N. S., in order to take advantage of the product of the small Cumberland colliers. Not only power for railway purposes, but also for the supply of all towns and villages along the line between Moncton and Halifax was planned.

Ottawa, Ont., Sept. 18.-Plans have been filed with the Public Works Department by several Pacific concerns anxious to secure the government subsidy of 4 1/2 per cent for the construction of dry dock.

PUBLISHERS WILL QUIT IF PRINTERS INSIST

New York, Sept. 17.-Publishers of 152 periodicals, having headquarters in this city, have decided to suspend publication if striking printers do not modify their demands, while owners of three magazines with a combined national circulation running into the millions, are considering suspending their plants west.

SUMMER COMPLAINT IS A SERIOUS BOWEL TROUBLE

Very few people escape an attack of Summer Complaint. It may be slight, or it may be severe, but nearly everyone can tell when it seizes on you, how it may end.

A Splendid Hair Grower and Wonderful Beautifier

Here's good news for men and women whose hair is falling out, and have scalp covered with dandruff that itches like mad. Any good druggist can now supply you with the genuine Parisian sage (liquid form), which is guaranteed to quickly, surely and lastingly abolish every sign of dandruff, stop itching scalp and falling hair and promote a new growth, or money refunded.

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

To Keep Your Skin Free From Hairs

(Beauty Topics.) If you are willing to spend a few minutes' time in your room using a delicate paste, you can easily banish any ugly, hairy growth without discomfort or injury. The paste is made by mixing some water with a little powdered delatone. This is then spread over the hairy surface and after about 2 minutes rubbed off and the skin washed. You will not be disappointed with this treatment, providing you get real delatone.

Want Subsidy of 4 1/2 Per Cent—Grand Trunk Negotiations At Standstill and Company Heads Await Recovery of Premier

Ottawa, Ont., Sept. 18.-Plans have been filed with the Public Works Department by several Pacific concerns anxious to secure the government subsidy of 4 1/2 per cent for the construction of dry dock.

REPORTS SENT OUT FROM OTTAWA THAT GOVERNMENT AND GRAND TRUNK HAD DECIDED TO ARBITRATE THEIR DIFFERENCES

Reports sent out from Ottawa that the government and the Grand Trunk had decided to arbitrate their differences was premature. No such agreement has yet been reached and while the company is willing to arbitrate with natural expectation that they are not likely to get less than a half million dollars voted for going on with the work.

ING OF THE G. T. P. AND TRANSCONTINENTAL IT WAS SUBSIDING AND ENCOURAGING PETITORS TO BUILD INTO ITS TERRITORY

As a matter of fact, the negotiations Sir Alfred Smithers and Howard Kelly who are acting for the company are not inclined to push them during the illness of the premier. They understand that in him they have a friend at court.

HEAD ACHES, FLU, NEURALGIA, WOMEN'S ACHES, ASK FOR AK TABLETS

There is a "spread" of more than a million dollars in the rental asked and offered. Sir Alfred Smithers contending that while Canada was practically a partner with the Grand Trunk in the building of the G. T. P. and Transcontinental it was subsidizing and encouraging petitioners to build into its territory.

Backache only a Symptom

"It Seems as Though my Back Would Break." This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom.

Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments.

If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women.

For more than thirty years this good old fashioned root and herb medicine has been restoring women to health.

The Splendid Recovery of Mrs. Fleet

Brantford, Ont.—"I have been a user of Lydia E. Pinkham's Vegetable Compound and find there is nothing better for female troubles. I was taken sick with sharp pains in my right side and up over the hip to the back and the doctor said I would have to be operated on. I was in the hospital three weeks and did not get any better so I went home and took the Vegetable Compound. I stayed in bed three weeks more, then I was able to get up. Now I am all right and I have recommended your medicine to several friends and my daughter is taking it and all are pleased with the results from its use."

MRS. FRANK FLEET, Brantford, Ontario.

Mrs. Hunt tells how it helped her Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at any time."

**BANDITS GET \$8,000  
IN NEW YORK BANK**  
Daylight Robbery—Six Men Dive  
Up In Auto And Make Clean-  
up

New York, Sept. 18.—While Police Commissioner Enright was discussing with the heads of the detective bureau today how to rid New York of its latest outbreak of banditry, six armed men robbed the Williamsbridge branch of the Bronx Borough Bank of \$8,000 in cash and escaped in one of the "high-powered automobiles" to which Mayor Hylan recently referred in a homily on the habits and habits of highwaymen.

The latest bandit exploit was peculiarly irritating to the police because of the calm assurance and impudence with which the robbers operated. They rode up to the bank in the "high-powered" car and walked in. Two of them backed three customers up against a wall, two more held off two bank clerks, a fifth covered the paying teller with his revolver and the sixth gathered up all the cash in sight after making a vain attempt to open a vault which contained \$15,000 in bills. Then they stuffed the money in their pockets, strolled out in leisurely fashion and rode away.

**Shirriff's  
ORANGE  
Marmalade**

WHY are Seville oranges brought thousands of miles from Spain to make Shirriff's Marmalade? The reason is that only Seville oranges can give that exquisite flavor so characteristic of true marmalade. Shirriff's has a wealth of zestful tang brought out by many years of specializing on marmalade.

**THE GRAND PRIORY.**  
The thirty-sixth annual assembly of the Sovereign Grand Priory, Knights Templar, was brought to a close last evening with a theatre party at the Imperial followed by supper at the Royal Gardens. An exemplification of Scottish work was planned for the evening session, but was omitted on account of many of the delegates leaving the city last night. About eighty were present at the theatre and at the supper, which followed eloquent speeches were delivered by Supreme Grand Master A. Shaw, of Kingston, Past Supreme Grand Master C. H. Collins of Toronto and Colin Campbell of London, Ont. Mrs. W. E. Raymond spoke in response to the toast to the ladies' committee.

**INDUSTRIAL CONFERENCE.**  
Ottawa, Sept. 17.—Minimum wage and the right to organize were before the National Industrial Conference this afternoon and brought some sharp differences of opinion, although manufacturers conceded the justice of a minimum wage for women and minors. Advocacy of a particular policy on the part of labor has, indeed, generally brought strong opposition from the employers.

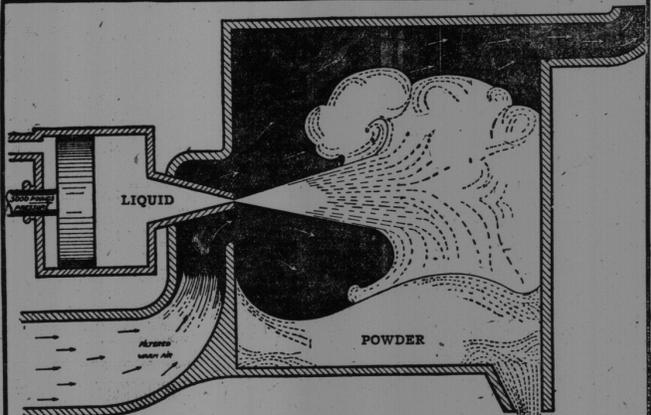

**IN TEARS AT HEARING**  
New York Milk Distributor Says  
He is Persecuted, Though Losing  
Money

New York, Sept. 18.—Asserting that, although his company was losing money at the price at which it was selling milk, he had been made "the victim of pernicious newspapers" and had received many letters threatening his life, Lolon Horton, president of the Sheffield Farms Company, broke down while testifying at a hearing held by the Fair Price Committee investigating the high cost of fluid milk.

Bursting into tears and pressing a handkerchief to his eyes, Mr. Horton said sobbingly:  
"I have been the victim of pernicious newspapers and Socialistic and Bolshevist issues. I have received many letters threatening my life. The cause of the high price of milk is the sentiment of the people, which is more money and less work."

This dramatic climax to the hearing came after Health Commissioner Copeland, a member of the committee, had inquired if "the health department's restrictions upon pasteurization of milk had increased the infant mortality rate here?"—presumably through additional expense reflected in the price to the consumer. The witness sobbed out an answer in the negative.

The committee listened to the testimony of several other large distributors who were unanimous in asserting they were losing money.

**The Blizzard of Klim  
A Modern Miracle**

THE process of making Klim is simple. Anyone can understand from the above diagram how the water is evaporated from liquid separated milk by the "spray process" leaving the solids in a fine dry powder.

If you were to see the drying process in one of our plants, you would immediately think of whirling, fine, clean snow piling up in drifts. You would look through a little window and see the liquid change to dry powder—Klim—before your eyes.

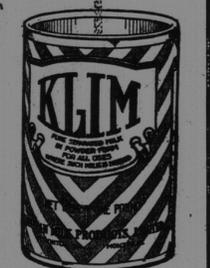

Liquid separated milk is forced by cylinders through tiny pinholes for great pressure, coming out in the form of a cloud or mist, just as from a huge atomizer. This fine spray enters a large square room through which are blowing strong currents of filtered warm air. The spray of liquid is whirled about the room just as you have seen the wind blow snow or fog.

The warm air immediately absorbs the moisture from the spray and the solids settle to the floor in white drifts of Klim. The moisture-laden air passes out through screens which prevent any of the Klim from escaping.

The drying rooms are opened to remove the Klim, which is then packed into the handy blue and white striped tins which you find in Canadian grocery stores.

Klim is just what you need for your camps, or for your trips. For your home, include a one pound tin in your next grocery order.

**THE ROTHESAY SCHOOLS.**  
With sixty-five pupils attending the fall term of Rotherwood School at Rothersay was commenced yesterday. The attendance is the largest in the school's history. One new member has been added to the teaching staff, Miss Arrington of the Froebel Institute, London.

The Rothersay Collegiate school opened on Friday last with eighty-five boys enrolled, the limit of the school's accommodation. G. H. Ryder has been added to the teaching staff as master of English and mathematics. Mrs. White of Ottawa replaces Miss Heath as matron. On Tuesday Col. Snow, cadet inspector, visited the school and formed the cadet corps for the coming year.

The exhibition and fair held in the hall of the Rothersay Consolidated school yesterday by the pupils was a gratifying success and the children were complimented upon the fine display of produce from home plots. Harry McMackin won the greatest number of prizes. Moore's Mills, Charlotte, N. B., won first prize this year in the school garden competition with Rothersay Consolidated next.

**Good Roads Movement.**  
London, Sept. 18.—As a result of the great boom in the use of automobiles and motor trucks since the war, the County Councils' Association is organizing a Roads and Transport Congress and Exhibition to arouse action in the movement for better highways. The Congress and Exhibition will be held at the Royal Agricultural Hall, London, during the week of November 20 to 27.

**BATTLEFIELD GHOLS REAP RICH PROFITS IN FRANCE.**  
Paris, Sept. 18.—Officials are taking steps to end the rich profiteering of battlefields ghols in the war torn regions of France. These profiteers, working at night for fabulous fees, have been removing bodies from the battlefields and reburied them elsewhere at the direction of relatives of the deceased. The unscrupulous men engaged in the business have been disinterring bodies without taking the trouble to identify them, thereby deceiving the families and disturbing the last resting place of another man.

One of the profiteers arrested by the authorities at Lyons charged from \$800 to \$800 for each disinterment.

**I. O. D. E. ACTIVITIES.**  
The Royal Arms Chapter, I. O. D. E., held its first meeting of the season yesterday at the home of the regent, Mrs. T. H. Carter. To the Municipal chapter a sum of \$10 was voted and the matter of a child welfare nurse was discussed. It was decided to assist the Navy League in their celebration on Trafalgar Day.

A delightful tea was given by Royal Standard chapter in the Sign of the Lantern yesterday in honor of Mrs. Frederick McNeil, who has resigned from the chapter. The presentation of a pin was made by Mrs. J. Pope Barnes. Mrs. James H. Frink presided over the tea table.

From a standpoint of **Music, Mechanics Construction and Design** the Pathephone is supreme

DOLLAR for dollar, you obtain more sound enjoyment and solid satisfaction out of a Pathephone than is possible out of any other musical instrument, and, in addition, the Pathephone, unlike most other phonographs, is a beautiful and correct piece of furniture. Remember that every

plays all records, and plays them best, because of its wonderful all-wood tone chamber—because of its perfect tone-control device—because of its smooth, silent, powerful, long-running motor—because of its marvellously efficient and exclusive Pathe sound-box. Best of all, of course, it plays Pathe records—because with these you may utilize the Pathe sapphire ball—by which scientific tests have proved forty per cent. more tone color is derived than from any other method of reproducing, and without in any way injuring the records. Four popular Pathe designs are shown herewith.

**THIN, NERVOUS  
FOLKS SHOULD  
TAKES BITRO-  
PHOSPHATE**

Women Need it to Bring Pink Glow of Health to Pale Cheeks and Forestall Tell-Tale Lines of Age. Men Need it to Make Strong, Vigorous Bodies and Steady Nerves.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

It is sold by the Ross Drug Co. in St. John and all good druggists.

**CAUTION**—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat producing foods.

**WOULD DRIVE JOHNSON OUT OF BASEBALL**

After Him to Finish, Says Yankees' President

Also Move to Compel Resignation of Herrmann, President of Cincinnati Reds, as Chairman of Commission

Chicago, Sept. 18.—Declarations that Ban Johnson, president of the American League, should be driven out of baseball and that August Herrmann, president of the Cincinnati Reds and chairman of the National Commission, should resign as chairman of the commission, were made yesterday by prominent club owners who met to nominate a successor to Mr. Herrmann.

Colonel Jacob Ruppert, president of the New York Yankees, was emphatic in his statement against Mr. Johnson, while William F. Baker, head of the Philadelphia Nationals, was the spokesman in regard to Mr. Herrmann.

"Ban Johnson will be put out of baseball," declared Mr. Ruppert, who added: "The Chicago White Sox and the Boston Red Sox have aligned themselves with the New York club in this fight against the American League executive. We do not believe that any man who owns stock in a baseball club in the league should be head of that organization, and Mr. Johnson has admitted that he is a stockholder in the Cleveland club of our circuit."

"Furthermore, Mr. Johnson has acted arbitrarily toward the board of directors in several instances. He has refused to attend the special meetings which were called; he has failed to submit the evidence which he claims he has in regard to gambling at ball parks, and he also has declined to comply with our request to submit a statement of the financial affairs of the league."

"This is a direct violation of the constitution and by laws of the league. We believe that the time has come when the powers of Mr. Johnson should be curtailed and it is our intention to carry this matter through to the end."

Mr. Ruppert said that the board had obtained an abundance of legal talent to aid them in their fight against the American League head.

As to Herrmann.

Mr. Baker in referring to Mr. Herrmann said:—"The Cincinnati Club cinched the pennant in our league yesterday and as a man, Mr. Herrmann should resign from

the commission. It would not be fair for baseball for Mr. Herrmann to be judge on the commission when his club is one of these which will be a contestant for the world's championship. His resignation should be tendered immediately as this will greatly clear the way for the work for which we are here today."

Mr. Baker did not say whether Mr. Herrmann had been asked to resign. When advised that Mr. Herrmann had declared that he knew of no committee having been appointed to select a successor to him as chairman of the commission, Col. Ruppert acted as spokesman and said that the Cincinnati official was fully aware of the appointment of the committee. He said the joint committee which met yesterday was appointed in New York some time ago, to select a man to act as chairman of the National Commission. It consisted of four members, two each from the National and American leagues.

**Direct C. Burnett Winner.**  
Columbus, Ohio, Sept. 17.—One of the most important stake races of the Grand Circuit meeting here this fall was decided today when Direct C. Burnett won the Hartman Hotel 211 pacing event in a hard four-heat race, dropping the second heat in 2:08 to Eve Abbie who came with a rush that Murphy could not meet. Eva's mile in 2:08 flat was the fastest of the races.  
Goldie Todd and Direct C. Burnett met today for the first time this season. Goldie was not up to her best, and she was unable to get her nose ahead.  
The Horse Review Futurity for three-year-old pacers was won by Julius De Forrest in straight heats from the favorite Goldie King. Peter Thornhill won the 215 trot without any trouble. This was rather a cheap race. The 2:09 pace went to Peter Elliott.

**STILL FAR AHEAD**

The St. John bank clearings this week were \$3,067,742; last year, \$2,269,608; in 1917, \$1,811,296.

**CHINESE DELAYED.**

The ships bringing Chinese coolies to Canada for passage to their homes in the Far East are not expected before Saturday. Three train loads will go through on that day, four on Sunday and seven on Monday.

**ENGAGEMENT ANNOUNCED**

Mr. and Mrs. Thomas Lane of Chatham have announced the engagement of their daughter, Elizabeth Mary, to Kenneth Thomas Donahue of this city, the wedding to take place about the middle of October. Mr. Donahue is a popular member of the detective branch of the local police force.

**CONGRATULATIONS.**

Many friends in St. John will be interested in the announcement of the birth of a son to Mr. and Mrs. Charles Davidson of Vancouver, Mrs. Davidson being before her marriage, Miss Lilian Flewelling and was for some time court stenographer in this city. The boy was born on August 29, and has been named James Malcolm Davidson.

**VISIT BROTHER KNIGHTS' GRAVE.**

Three of the supreme grand masters of the Sovereign Grand Priory of Canada, Abraham Shaw of Kingston, Ont., Charles H. Collins of Toronto and Colonel Campbell of London, Ont., and other Knights Templars paid a visit this morning to the grave of Senator J. V. Ellis, who was a highly respected member of the order.

**ENGINEERS' MEETING.**

The members of Local No. 688 of the International Union of Steam Operating Engineers met last evening in their rooms in the Market building. Last spring the engineers arranged a new wage schedule and it was said today that only some of the employers are paying it. The meeting adjourned until next week when direct action to have all employers pay the scale will be discussed.

**POLICE COURT.**

In the police court this morning Mrs. Mary Halliday was charged with entering the house of Miss M. E. McAllister, 277 Duke street, and stealing a quantity of wearing apparel valued at \$75. The accused said she did not know anything about it. She was arrested last night by Sergeant Detective John Foster on suspicion and lodged in jail. She was remanded and it is expected a further hearing will be given soon.

**NO DEMAND FOR SARDINES.**

Practically all the sardine weirs in and about the harbor have been dismantled. The nets were taken off some of them more than two weeks ago. One of the local fishermen this morning said that the dismantling had been done earlier this year on account of the lack of demand for the fish. It was also said by one of the dealers that the prices received for the sardines this year were too low to warrant the fishermen keeping their weirs up any longer; it would not be long before they were taken down for the winter anyway. The same conditions are reported to have existed four years ago.

**LITTLE FEAR OF TROUBLE AMONG SHOPMEN HERE**

Official in Toronto From States Speaks Re-assuringly

**The Boston Police Strike Situation**

—United Mine Workers Oppose Compulsory Military Service; Let Prohibition Alone

Toronto, Sept. 17.—There is little likelihood of labor trouble among the railroad shopmen on the Canadian railroads, according to J. Clarke, schedule representative on Canadian railroads for the International Union of Brotherhood of Railway and Shipbuilding Workers, the headquarters of which is in Kansas City. Mr. Clarke is in Toronto to allay unrest among railroad shopmen who are uneasy because of the delay in dealing with their grievances, which came before the Canadian War Board in May and were deferred till the demands of the United States railroad workers were settled.

**The Boston Strike**

Boston, Sept. 18.—Several unions voted last night on the question of a strike in sympathy with the police. The bridge tenders announced that their vote was solidly in favor of a strike. The result of the vote of the electrical workers was not announced. It is said ten telephone girls are for strike, but the male employees opposed.

Before leaving for Washington last night, C. G. Foster, secretary to President Gompers of the American Federation of Labor, issued a statement in which he condemned the authorities for working conditions in the police department, and declared that the striking patrolmen were not to blame for the disorder in the first few days of the strike. He said the men were being called "deserters" because they "had the manhood and the courage to strike, after a two weeks' hunger for their human rights and constitutional guarantees."

**The Mine Workers**

Cleveland, Sept. 18.—The United Mine Workers of America in convention yesterday denounced militarism and compulsory military service, declared for speedy Americanization of all foreign born residents, and rejected a radical resolution to withdraw from the American Federation of Labor. A resolution to substitute May Day for the present Labor Day, introduced by the radical element as a sign of solidarity with the international movement, was defeated. The subject of prohibition was evaded, the committee on resolutions declaring that a moral, not an economic issue, on which a member should be allowed his own opinion. A resolution against the use of convict labor was adopted.

**CIVIC EMPLOYEES AGAIN BEFORE THE COMMON COUNCIL**

(Continued from page 1.)

Mr. Fisher announced that if he were convinced of the justice of the men's requests, he would favor immediate action. There were some things which he wished cleared up, but he thought they would stand in the way. He was informed by members of the delegation that engineers were not members of the union; that watchmen were included as laborers; and that the new scale should be applied to transient as well as to permanent employees. Mr. Fisher said comparison with rates paid by contractors was not fair, as the contractors offered only transient work, accepted no obligation for the future of the men, and also usually were under obligation to hurry work to completion and were forced to pay higher rates to attract men.

Mr. Campbell said that among organized workers the present scale averaged about \$4 a day for a nine-hour day for laborers. He wanted to avoid trouble and hoped to be able to present a definite report to the association.

The mayor expressed sympathy with the men. He was opposed to trespassing on future assessments, but in cases of necessity rule could be broken. He felt that each commissioner should be given an opportunity to study the matter and report definitely what the increases would cost. With that information before them he felt they could give the matter favorable consideration.

A ferry representative warned the council that their return without a definite answer of some sort might lead to action which would tie up the whole city.

Mr. Campbell asked for a definite proposal regarding a future increase with back pay from the present, or a compromise offer of 80 to 40 cents an hour effective now.

Mr. Thornton moved that the committee proceed to consideration of the matter.

The mayor did not think that the council could give a definite answer today.

Mr. Fisher pointed out that the city charter leaves the hiring and discharging of men to the non-elective heads of departments and he could not attempt to readjust the scale without consulting his superintendent.

Mr. Jones agreed to this.

The mayor asked if all the commissioners could give a definite report on Monday.

Mr. Bullock said this would involve consideration of the claims of the men not represented by the delegation.

Mr. Campbell and Mr. Gooderich expressed willingness to accept the understanding that definite reports would be submitted on Monday and action would be taken on Tuesday, and when this assurance was given the delegation withdrew.

**Ferry Improvements**

Mr. Bullock presented a report by the city engineer to the effect that the decks of the ferry floats could be widened, so as to provide two feet additional space for pedestrians on both sides, at a cost of \$8,000. He moved that authority be given to carry on the work by day labor to be paid for by bond issue. Regarding the future of the ferry Mr. Bullock said that he was seeking to make it a provision of any transfer to a harbor commission that should the commission ever require change in the location of the ferry facilities, the harbor commission would be required to provide the facilities at the new sites.

Action on the matter of the ferry floats was postponed, with the understanding that the commissioners should make an inspection at noon tomorrow for the purpose of the need for more room for the passengers.

**SEPTEMBER BRIDES**

Gallagher-McKenzie

A pretty wedding took place on Tuesday morning in the Cathedral of the Immaculate Conception, when Rev. Wm. M. Duke, with nuptial mass, united in marriage Miss Jennie A. L. McKenzie, daughter of the late James A. and Mary McKenzie, to Charles J. Gallagher, son of John Gallagher, all of this city. The bride was given away by her brother-in-law, J. F. Brayley, and looked charming in a traveling dress of sand colored broadcloth, hat with ostrich trimmings and white fox cape and carrying a white prayer book. Miss Bertha Gallagher, sister of the groom, was bridesmaid and was becomingly attired in blue with picture hat and fox cape. The groom was supported by Campbell Boudreau. After the ceremony a wedding trip to Fredericton and other provincial points and on their return will reside in the city. Many handsome presents of furniture, silver and cut glass testify to the popularity of the young people.

Smith-Power

A very pretty ceremony took place last evening at 9 o'clock in Queen square Methodist church when the pastor, Rev. George Morris, united in marriage Miss Elizabeth M. Archibald, daughter of John Finlay Smith of Aberdeen, Scotland, second officer on the S. S. Chignecto. The ceremony was witnessed by many friends, including the crew of the steamer all in their uniforms. The bride, who was given in marriage by her brother, James M. Power, was dressed in white satin with duchesse lace and georgette, trimmed with pearls. She wore a veil and orange blossoms and carried a shower bouquet of bridal roses and sweet peas. She was attended by Miss Elizabeth M. Archibald, dressed in navy blue georgette and satin trimmed with beads, and wearing a hat to correspond. She carried a bouquet of American beauty roses. The groom and his best man, R. G. Perchard, chief officer on the Chignecto, both wore their uniforms.

After the ceremony the bridal party drove to the home of the bride's sister, Mrs. T. Harvey, 84 Britain street, where a dainty wedding supper was served, attended by only relatives and close friends, the invitations being limited because of a recent bereavement in the family of the bride. A honeymoon trip through the maritime provinces will follow. Included in the handsome array of wedding remembrances received were substantial checks from the associates of the groom on the Chignecto.

Gaynes-London

A quiet but pretty wedding was solemnized yesterday morning in the Church of the Assumption, West St. John, when Rev. A. J. O'Neil united in marriage Florence Mary London to Walter Gaynes. The bride was becomingly attired in a fawn suit with hat to match, and Persian and ermine cape, and carried a white prayer book. After the ceremony a wedding breakfast was served at the home of the groom. Many presents were received, including cut glass and silver, also a beautiful dining room table from the I. C. R. employees of whom the groom is one.
