THE GERMAN ARMY A LITTLE NEARER PARIS, BUT RUSSIANS ARE SWEEPING ALL BEFORE THEM

FRENCH CAPITAL WILL SOON BE THE PIVOT OF THE HOSTILE FORCES

Lafere, One of The Weaker Fortresses, Evidently In Hands of Germans But Feeling of Confidence is Increased by News of the Great Victory of the Russians in Galicia—Gallant Action of the British Officers

Military experts agree that Paris will soon be the pivot of the hostile forces operating in the area of the west. Even the downfall of the French capital is not expected to end the operations. The feeling of confidence was greatly increased by the news of the great victory of the Russians in Galicia. Reports from Petrograd (St. Petersburg), tell of the entry of Russians into Lemberg, the capital of Galicia. These appear credible, as news of the defeat of the Austrians in that district has been received from several sources. The battle of Lemberg probably was the greatest ever fought. Evidently it resulted in a decisive and perhaps overwhelming defeat of the Austrians. The battle line extended over 200 miles, and it is estimated that 1,500,000 men were engaged. According to an official despatch received by Emperor Nicholas from Grand Duke Nicholas, commander-in-chief of the Russian army, the victory was won after seven days of fighting. The climax came when the Austrians were routed in a final desperate assault on the Russian centre, which was held by General Brusilov. The Austrians army in Galicia was acting in close co-operation with two German army corps facing Breslau and seeking to envelop the Russian forces in Poland. Their plans, however, met with a series of disasters, ending in a complete rout when an attempt was made to pierce the Russian centre. In the west, the line now held by the left flank of the allied armies in the valley of the Oise runs diagonally from a point northeast of Paris to Compiègne, and thence through Noyon (14 miles northeast by north of Compiègne) to La Fere. Lafere, one of the weaker of the French fortresses, evidently is in the hands of the Germans. Farther east and north the allied armies apparently hold their own in the neighborhood of Tonn and Reims (24 miles northeast of Rheims). The right of the allies rests on the fortified Franco-German frontier. The names of the allies who fell in the four days' battle last week will not be announced until they have been communicated to relatives. The average loss of officers in proportion to the men is the story of South Africa over again. It indicates that the officers refused to take cover.

REAL MOVEMENTS OF ALLIES UNKNOWN London, Sept. 3.—The battle whose issue is destined to decide whether history will repeat itself in a second siege of Paris is still in progress, according to the latest official communication here. Future military historians will write hundreds of volumes about the details of this battle, but all the British public knows concerning this titanic struggle—the most momentous one that British soldiers have fought since Waterloo, and the fiercest one ever fought—is contained in one sentence of an official report issued last night by the press bureau. This sentence was that "continuous fighting has been in progress along almost the whole line of battle." To this generally the French official communication adds the fact that the allied forces have fallen back toward the southwest to avoid an action which might have been engaged under unfavorable conditions. How far and to what line the allies have gone is unknown. There can be no revelation of military secrets, nothing which a patriotic censorship could criticize, in stating these facts, because the German army which is engaging the allies knows precisely where their first line is drawn, and the purpose of the censorship is only to suppress facts which might give enlightenment to the enemy. The brief official bulletin of last night is the first word the British people have received from their government concerning the present battle. The last previous bulletin was Field Marshal Kitchener's statement, issued on Sunday night, throwing a welcome light on the previous four days' battle which ended Saturday and which reflected the greatest credit on the generalship and discipline of the British army.

GERMAN ADVANCE AMAZING London, Sept. 3.—The Daily News correspondent wiring from Gournay Bray, a small town near Rouen, says: "The German advance is amazing. A great battle is raging with what result I know not. But I do know that the French and British armies are intact and still confident of ultimate success. "Incredible as it seems, the tremendous masses of men that the Germans have hurled at the allies, have not overwhelmed them. It seems that while the Germans have the weight, the allies certainly have the wit and science, and these with reinforcements, will eventually win. "General Pau had fine success, but in the centre and left centre, the allies were not so successful, being obliged to retire."

GERMAN MACHINE GUNS CAUSE TERRIBLE HAVOC London, Sept. 3.—The Daily Mail's correspondent behind the British lines describes the charge of the Ninth Lancers, which occurred at an unnamed spot during the recent series of tactical retreats, as a second Balaklava. He says: "Terrible havoc had been caused in our ranks by shells from a battery of eleven German guns, posted inside a forest near the Belgian frontier. "It seemed impossible to silence their fire until the Ninth Lancers made their attempt, riding straight at the guns, after debouching into the open and charging under a hail of machine and lyddite.

JAPANESE TAKE SEVEN ISLANDS NEAR KIAO CHOW

Have Also Swept Up Over a Thousand Mines LAND 4,500 MEN AT LUNG KOW TODAY

Reason Why Bombardment of Cattiao Has Not Begun—Garrison Sorties Fail—Report That Governor of Samoa Has Surrendered London, Sept. 3.—A despatch to the Reuter Telegram Company from Tokio, via Petrograd, (St. Petersburg), says that the Japanese have occupied seven islands situated near Kiao Chow. The Japanese according to the despatch, have swept up more than one thousand mines, which had been scattered by the Germans in the waters adjoining their Chinese stronghold. The Seaport of Cattiao Rome, Sept. 3.—Telegrams from San Giovanni Di Medua, Albania, a seaport, twenty miles south of Scutari, says that bombardment of the Austrian seaport of Cattiao has not begun because the Anglo-French squadron is awaiting the Montenegro fleet to support their artillery to Mount Lovchen. The move is intended to put Cattiao between two fires. The garrison at Cattiao has tried several sorties against Antivari but all were frustrated by the Montenegrins. The Austrians, the despatches state, lost many men, and two cannon in these sorties. Japan Lands

Chefoo, China, Sept. 3.—Japan landed 4,500 additional men at Lung Kow today. Of these forces 500 men are marines the others being soldiers. Lung Kow is a new Chinese port, situated 100 miles north of Tsing Tau, in Kiao Chow. Between 1,000 and 1,500 Japanese troops had been landed at Lung Kow previous to today. The Japanese control the telegraph lines out of Lung Kow. Says Governor of Samoa has surrendered London, Sept. 3.—A despatch received from Wellington, N. Z., declares that the governor of New Zealand has received a message stating that the German governor of Samoa has surrendered and that he has been sent with other German prisoners, to the Fiji Islands. The landing of British troops in Samoa was carried out with expedition. The Union Jack was hoisted over German Samoa at half past twelve in the afternoon of August 29.

REMOVED TO BORDEAUX Paris, Sept. 3.—President Poincaré and his cabinet, have left for Bordeaux, the new French seat of government, where they will arrive in the morning. SAYS ENEMY HAS BEEN DISAPPOINTED New York, Sept. 3.—A cable from London to the Tribune says: "The Daily Mail publishes a despatch from its Paris correspondent which contains the following story related by one of the motor car drivers in the service of the general staff which has been touring all around the theatre of operations of the British troops: "The story that the main body of Germans is within seventy miles of Paris is almost certainly the result of tales of fugitives, who seeing detached patrols of Uhlans in their district, spreading the report that the German army is there. "These patrols are really no more than unsupported little bodies of men, scores of miles from the nearest German force, who are sent out with strict orders never to return to the main body until they are recalled, unless sent back with a definite message."

The correspondent then says of the struggle on the allies left: "The line of the allied front originally ran through Ambria and Lecraux. Under the tremendous pressure of numbers by the Germans, who threw away the lives of their men, the result of the struggle, the allied left was thrust back and had to give ground. This wing consists of four army corps. After it reached its position, a pivoting movement took place. "The right section of these four corps of the left wing, resumed the operations of the left wing, and the offensive was thrust back upon the attack by the tenth German army corps, and the Prussian guard, which lost heavily. "The left section, in which was a British force, was, on the contrary, driven further back on—and its line now runs north and south from—encircling this point, and in front of which this part of the allied line has been bent by sheer force (Continued on page 2, fifth column)

Cardinal Del La Chiesa Has Been Elected Pope

Ordained a Priest December 21, 1878 and Has Had Distinguished Career —To Assume Name of Benedicte XV

Rome, Sept. 3.—Cardinal Del La Chiesa has been elected pope in succession to the late Pius X. The new pope will assume the name of Benedicte XV. Cardinal Giacomo Del La Chiesa, who was today elected Pope by the sacred college in succession to Pius X, who died August 20, was created a cardinal May 25, 1914—he is the Archbishop of Bologna, Italy. He was born at Pegli in the diocese of Genoa, November 21, 1854, and was ordained a priest December 21, 1878. He served as secretary of the nunciature in Spain from 1888 to 1897, in which year he was appointed secretary to the late Cardinal Rampolla. He was appointed substitute secretary of state in 1901, and in 1907 he was elected to the post of adviser to the Holy office. In 1907 he was appointed papal nuncio of Madrid in succession to Mgr. Rinaldi, but this appointment was cancelled three days later. This incident has occurred just before he was made archbishop of Bologna. When Mgr. Del La Chiesa was given this post, it was declared in Rome that it was mainly with the object of combatting modern religious ideas. Bologna being the headquarters of the national democratic league, whose members advocated what is known as "Modernism" in religion. In January of 1914, while still at Bologna, the present Pope issued a pastoral letter, strongly condemning the tango. It has been 174 years since the last Pope Benedicte. On his election to the Papacy, in 1740, Cardinal Prospero Lambertini assumed that title. It is an interesting fact that the new Pope was archbishop of Bologna while Pope Benedicte XIV was born in Bologna.

DECLARES NO ARMY COULD LONG ENDURE LOSSES SUSTAINED BY GERMANS IN LAST FEW DAYS

London, Sept. 3.—The Chronicle's correspondent at the front writing from an unnamed town in the department of Somme, Tuesday, says: "The superiority of the British artillery coupled with the pluck of the British infantry, is rapidly telling on the German attackers. A few more days such as Sunday and Monday, and the German army invading northern France will have destroyed itself completely. "No army that ever existed, could endure and survive the terrible losses sustained by the Germans in the last few days. "Whole divisions of infantry have been shattered and the Germans are beginning to show demoralization. "On the latest assault the Germans manifested unmistakable signs of unsteadiness, were seen to waver and frequently to break and flee in confusion. As a result of this prolonged battle the German line has advanced a few miles, but has not gained any marked or decided advantage."

THREE MILLION FRENCHMEN ARMED READY TO DEFEND PARIS

London, Sept. 3.—The British people continue to accept with stoicism the lack of news concerning the operations of the British army on the continent. The government has repeatedly assured the public that all news consistent with the nation's interest, would be given out, and the people are accepting that assurance. The French official reports throw no more light on the operations than those of the British. The French reports say the action on the right of the northern wing, has resulted in checking the Germans for a time. The movement against the allies' left wing, that that part of the allied army is retreating to the south and west, indicates that the Germans have not yet outflanked them. Apparently the Germans have abandoned the west of Belgium to pour all Antwerp and the north, because there seems to be no dominating strategic reason for a move. Germans are unlikely to waste more than a screening body to prevent a serious Belgian sortie against their line of communication. The occupation of Brussels will probably have its moral effect, but an assault on Antwerp, would be a side issue with so little effect upon the main plan of campaign, that it would be useless expenditure of men and money. Three million Frenchmen are under arms to defend Paris. They still have confidence in the English. The list of killed, wounded and missing British officers from the crack regiments, which were engaged during the four days' battle of last week, brings mourning to many noble and aristocratic homes. This however, is the price of war, which the country appears willing to pay. Recruiting in Great Britain has received impetus from the events of the past fortnight.

Enormous Losses of Germans Reported

London, Sept. 3.—A despatch to the Telegraph from Copenhagen says that the thirteenth list of losses suffered in the war is printed in the German press. Commenting on it, the statement is made that the losses are very heavy and one instance is given where a whole infantry regiment, which has been stationed at Zabon is lost. The 48d Prussian infantry regiment, it appears, also suffered very heavily, while among the wounded named is General Hoff Garten of the Nineteenth Infantry brigade, and his Adjutant, Both are seriously wounded. The Mecklenburg grenadiers sustained important losses, and it seems, says the Telegraph despatch, that more than 20,000 Mecklenburg troops have been lost.

HEAVY RAINFALL THIS MORNING NEWFOUNDLAND PULP AND PAPER MILLS RUSHED

St. John's, Nfld., Aug. 3.—A brisk demand for the product of the paper and pulp mills in the interior of Newfoundland, has resulted from conditions growing out of the war in Europe. Steamers are rapidly arriving to take on board cargoes for England. It is expected that the mills will be obliged to supplement their present equipment and it is anticipated that new pulp and paper concerns will shortly be in operation. The demand is due chiefly to the increased needs of the newspapers in London and other British centres.

SUCCESS AFTER SUCCESS AGAINST AUSTRIANS, IS REPORT FROM PETROGRAD

Confident That Czar's Forces Will Take Vienna -- Further Particulars of Great Battle in Galicia -- Serbia Denies Report From Austria

London, Sept. 3.—The Petrograd correspondent of the Post sends the following on the operations on the Russian front. "Russia is scoring success after success, against Austria, and is momentarily expecting news of a signal victory. The commander-in-chief on the Austrian front, apparently plans to drive in strongly with one army on the east, starting from the Russian province adjoining Roumania, and in the meantime, merely aims to restrain the Austrian advances into the Polish provinces, thus keeping Austria on the alert along the line of two to three hundred miles. Russians Continue Offensive

London, Sept. 3.—A despatch to Reuter from Petrograd, (St. Petersburg) gives the following announcement. "The battle on the east front in Galicia was participated in by the Twelfth Austrian corps, which had only been transferred from Roumanian frontier on August 25. The Austrian army has been reinforced by numerous bodies of the Landstrum. "Our troops continue the offensive increasingly, and our cavalry division has penetrated far into the interior of East Prussia, destroying means of communication. They have also occupied a station in the Koerscheln region and Soldau and Senzberg. The German forces remain inactive." Say They Will Occupy Vienna Rome, Sept. 3.—News received here from Durazzo, Albania, says that the insurgents have again bombarded the town. Two projectiles fell near the Royal Palace, which is still guarded by Italian soldiers. A report received here from Belgrade states that the Serbian government has been officially notified that the Russian plan will infallibly lead to the occupation of Vienna. The news from Serbia also declares that great excitement prevails in that country, over the reported Austrian defeat. Men from 15 to 65 years old, have been called to arms. Serbia officially denies the statement made in Austria, that 1,000 Serbians had been made prisoners, saying that the Austrians made only sixty prisoners at Shabate, but that when they were driven from Serbian territory, they took with them a number of peaceful inhabitants whom they depict probably as Serbian soldiers.

NEW BRUNSWICK; GIFT TO BE 100,000 BUSHELS POTATOES

Government Decides After Consultation With Military Authorities—Valley Railway Matters Fredericton, N. B., Sept. 3.—Acting Premier Clarke announced at noon that New Brunswick's gift in aid of the Empire would be 100,000 bushels of potatoes. This decision was reached after consultation with the military authorities. Various suggestions were made as to the form the New Brunswick gift should take, but it was finally decided that potatoes would be most suitable. Potatoes grown in this province are generally considered to be the best in Canada. Ross Thompson and other Valley railway officials were in consultation with acting Premier Clarke this morning on railway matters.

FUND COMMITTEE LEARNS OF SOLDIERS LEAVING TWO WIVES

Although there was a definite understanding that the married men of Canada would not stand so good a chance of being taken with the overseas army division for foreign service, it did not prevent at least one St. John man from going to the front, leaving behind him two women to whom he had given his name in wedlock within the last six years. One is now in Fredericton, numbered first in his matrimonial record, while the other, tallied second in his diary, is residing in St. John. These facts were brought out this morning at the meeting of the executive committee of the Patriotic Fund when Commissioner Wigmore reported in behalf of the investigating committee. He said he had made inquiries and had found the facts to be as stated. The relief committee had been giving aid to wife number two, who has a child. It was not known whether the soldier had complied with the regulations of the militia department and gotten consent from his better halves, before he went to war, but the presumption was that one at least had given approval. The query arose as to what should be done in the matter of supply, and it was decided to continue to help the soldier's second wife. It was said that he had been married to her three years ago, while he had separated from his first spouse six years ago in Fredericton.

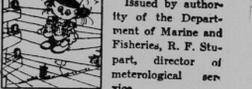

WAR NOTES The Swedish steamer St. Paul, a coal carrier, has been sunk by a mine in the North Sea. Her crew escaped. One of the directors of the Casino at Monte Carlo has been arrested as a spy and the Casino is closing. With the single exception of Kell Hardie, the English labor party and all the Radical leaders are supporting the government.

REV. R. A. ARMSTRONG SUFFERS FROM BURNS Friends of Rev. R. A. Armstrong will regret to learn that he has met with an accident at Orillia, Ontario, where he has been visiting with his wife and family for several weeks. He received painful burns. As a result his return to the city will be delayed for a few weeks.

MISS ESTELLE MACNEILL AND H. M. BRIDGES WED In the Cathedral this morning Miss Gertrude Estelle MacNeill, daughter of Mr. and Mrs. John MacNeill of 28 Cliff street, became the bride of Harry M. Bridges, of the C. F. R. general offices, this city, and son of Henry T. Bridges of the local post office. The ceremony was performed by Rev. Wm. Duke in the presence of only immediate friends of the contracting parties. The bride, who was given away by her father, was attired in a black and white checked suit with white hat, and was attended by her sister, Miss Winifred G. MacNeill, dressed in wisteria chamoisee with coral trimming and hat to match. Frank T. Bridges, a brother of the groom, was best man. W. J. MacNeill, brother of the bride, and M. F. Kelly, acted as ushers. After the ceremony a dainty wedding breakfast was served at the home of the bride's parents, after which Mr. and Mrs. Bridges left on a honeymoon trip to Boston, New York, Philadelphia, Washington and Baltimore. On their return they will reside at 25 Middle street, West Side.

Among the great array of beautiful and costly presents received were a parlor chair from the members of the City Cornet Band, silver tea service from the C. F. R. general office and engineering staffs, and a beautiful bronze ornament from the staff of J. & A. McMillan, where Miss MacNeill was employed. The groom's present to the bride was a baby grand piano. The best wishes of a host of friends will be extended to Mr. and Mrs. Bridges.

WILLIAM H. McCOLGAN A well-known resident of St. John passed away last evening in the person of William H. McColgan, at his late residence, 106 City Road. Mr. McColgan had been in failing health for some months past. He was born at Sea Dog Cove, Kings County, in 1836, and came to St. John when he was sixteen years of age, and had resided in the city ever since. Of late years he had been engaged in the grocery business, and had always commanded the esteem not only of those who had business transactions with him, but of a large number of persons. He leaves, besides a wife, three sons—Frederick, of this city, William, of the West Side, and John, at

weight of the enemy, the German army now stretches in a huge convolve. The enemy has not yet achieved its evident intention to crumple up the left wing of the allied army, and drive it back on the right. The allied left has been crumpled up. There is one circumstance about the position in which the allied army now finds itself, which may be regarded as hopeful. It is that at the angle of their position they appear to have thrust forward a threatening wedge to the enemy's centre.

The allied army has the benefit in the engagement that will be resumed at day-break, of moving on interior lines. That is, being on the inside of the angle, they can move troops along each line of their line to another to reinforce at any point, more quickly than the Germans can make the corresponding movement. There is therefore, perhaps, hope that a vigorous counter attack may succeed in cutting through the German centre and splitting their line into two parts.

Have Little Fear of Zeppelins London, Sept. 3.—(247 a. m.)—The Antwerp correspondent of the "Morning Post," after close investigation into the Zeppelin airship incident in Antwerp, says he has arrived at the conclusion that the carrying power of the Zeppelins has been grossly exaggerated and that with proper precautions, a city can guard almost wholly against such power of mischief, that the Zeppelins have demonstrated up to the present time.

PRAYERS FOR PEACE At a special meeting of the Evangelical Alliance in St. Andrew's church school house this morning, it was decided to ask all the city churches to unite in holding services of intercession that soon the nations may be brought to terms of peace. His Lordship Bishop Richardson has already had a form of service drawn up to be used in the Anglican churches throughout the diocese on next Sunday.

Made to Delight Women. The Bracelet Watch was designed to please women—provide a beautiful ornament and a safe means of carrying a watch without the inconvenience so often experienced when the attachment is a chain or a pin.

You can depend on the reliability of the Bracelet Watch as a timepiece, because the foremost watch manufacturers produce them.

At Sharpe's you can make your selection from several excellent movements and from many styles of Bracelets.

If your preference is for another style of watch, our stock affords a wide range of choice in designs and values.

ADVENTURES KATHLYN CONCLUDE TOMORROW Imperial Serial Winds up With Week-End-Exhibition Week Plans

After twenty-four weeks of most interesting adventures and gripping romance the "Adventures of Kathlyn" will be drawn to a most satisfying termination in Imperial Theatre tomorrow and Saturday. This final chapter is called "The Court of Death," and while there are no such sinister happenings as this little might suggest the villainous Prince Uppah certainly gets his just deserts.

Those who have been following the fortunes of the intrepid Kathlyn, her imprisoned father, her heroic little sister and the brave hunter Bruce, will assuredly be delighted with the surprising and pleasing manner in which Novelist Harold McGrath concludes the great phoerical.

The Imperial is making unusually attractive plans for exhibition week. This is the first exhibition held since the inception of the new Keith house, naturally most of those who visit St. John for the big show will also enjoy some of the Imperial's splendid sessions. Miss Rae Eleanor Ball, the unquestioned queen of the violin in first-class vaudeville, and Arthur Huskins, lyric tenor of note, are to be the chief entertainers. On Tuesday a spectacular Pathé production "The Treasure of Abdur Baiman," will be the leading feature and on Wednesday the Alice Joyce series will be resumed. Special vaudeville pictures and a lot of excellent laughing materials.

MADE NO ATTEMPT TO HOLD THE ADRIATIC New York, Sept. 3.—The presence of four six inch rifles mounted fore and aft on the White Star liner Adriatic was regarded as no bar to her sailing for Liverpool at noon today. Customs officials announced this morning that they would make no attempt to prevent her departure.

PERSONALS Miss Ethel M. Kelley left Tuesday afternoon on a vacation trip to Montreal and Quebec.

Dr. Mott came in on the Boston train this morning. Mrs. H. J. Pitt, accompanied by Mrs. C. E. Clark and Master Augustus Mack of New York, is visiting her brother, James Lenon, West St. John.

A pleasant evening was spent at the home of Howard W. Smith, 37 Garden street, last evening, when about forty of his friends assembled for a whist and dancing party.

A Fort Fairfield letter says:—Thomas Burpee of St. John, brother of the late W. C. Burpee of Fort Fairfield, was here Monday calling on F. S. Burpee, his nephew, and on Mrs. A. P. Libby, his niece. He also visited Mrs. L. S. Bean at Presque Isle, another niece.

Mr. and Mrs. F. J. Coleman and daughter, Miss Alice, leave Fredericton this evening for Winnipeg, where Mr. Coleman will attend the biennial convention of the Brotherhood of Maintenance of Way Employes.

Hilton Crowley has returned to the city after a visit to Fredericton and left on the St. George this morning to visit friends in Nova Scotia.

Montreal, Sept. 3.—Captain G. W. Farrell will probably be senior major of the Irish Fusiliers, Montreal's newest regiment, with W. P. O'Brien in command. Captain Farrell is a stock broker and was born at Halifax. He went through the South African war as lieutenant with the Canadian Mounted Rifles, and was a member of the 60th Regiment of the "Princess Louise Fusiliers" of Halifax. He was also a member of the permanent force stationed at Halifax. He distinguished himself at the battle of Hart's River.

LITTLE ONES DEAD Many will join Mr. and Mrs. Arthur Nickerson, of 72 Chapel street, in their grief over the death of their infant daughter Helen L. Death occurred yesterday and the funeral will be tomorrow afternoon.

Mr. and Mrs. Armour Mowry, of 68 Simonds street, will have the sympathy of many in the death of their baby boy Robert Arnold. He died yesterday aged eight months. Burial will be tomorrow afternoon.

MR. HERRICK STILL AT FRENCH CAPITAL American Ambassador Remains in Paris But Other Diplomats Leave

London, Sept. 3 12.41 p.m.—A despatch to the Exchange Telegraph Company from Paris says that all the ambassadors and ministers to France with the exception of American ambassadors have left Paris accompanying the government to Bordeaux. Mr. Herrick in accordance with his wishes announced earlier, remains at the capital.

METHODIST FINANCE MEETING AT BROOKVILLE The financial meeting of the St. John Methodist district is being held today in the morning meeting at Brookville. At the morning meeting Rev. H. E. Thomas of West St. John was selected as chairman, and Rev. J. J. Pinkerton of Silver Falls as secretary.

Various financial matters were dealt with and the meeting decided also that October 18 should be observed as a special financial Sunday, when special sessions will be preached in each church. On October 25 the various ministers will exchange pulpits.

Another business session is being held this afternoon, and a public missionary meeting will be held in the evening. There is a full attendance of ministers with a large number of lay delegates and the delegates are being entertained by the ladies of Brookville.

KING'S COUNTY COURT Hampton, N. B., Sept. 3.—The circuit court for Kings county met on Tuesday and adjourned till this morning at ten o'clock. Judge Barry taking the place of Judge Landry; there were three civil cases entered on the docket:—Dunn vs. Frost, a dispute as to ownership of marsh lands. G. H. V. Belyea is acting for the plaintiff, Fowler and Freese for the defendants. Dunn vs. Boyalard, the same, and same counsel; McIntyre et al. vs. Alexander et al. trespass. D. Mullin, K.C., for plaintiffs, Fowler and Freese for defendants. The first two cases were settled out of court, the defendants paying costs. The third case did not come to trial, as counsel for the defendants is engaged in the Dugal enquiry at St. John, and it will be tried at Chambers in St. John on Tuesday, Sept. 15, without a jury. The petit jury was accordingly discharged; the court then adjourned sine die.

SERVIANS WIN AGAIN Rome, Sept. 3.—A telegram from Nish, Servia, says that in a battle at Jadar between 200,000 Austrians and 180,000 Servians, the latter put 140,000 Austrians "hors de combat."

**This Frees Your Skin From Hair or Fuzz**  
(Toilet Tip).  
The method here suggested for the removal of superfluous hair is quick and certain and unless the growth is extremely stubborn, a single application does the work. Make a stiff paste with some powdered delatone and water; apply this to the hairy surface and after about 2 minutes rub it off, wash the skin and the hairs are gone. To avoid disappointment, be sure your druggist sells you delatone.  
**For Sallow, Blotchy, Rough or Greasy Skins**  
Some skins require constant grooming to keep them from becoming oily, muddy, blotchy or rough, or if such condition has developed, to overcome it. In such chronic cases it is particularly inadvisable to keep piling on cosmetics which clog the pores, collect dust and dirt, making the complexion worse than ever. It's a lot more sensible to use ordinary mercolated wax, which literally absorbs a bad complexion. Apply the wax, like cold cream, before retiring, next morning, in washing it off, you'll wash away fine, flour-like particles of the unattractive crust. Repeat for a week or two and you'll have an entirely new skin, soft, satiny, spotless and beautiful as a child's. One ounce of mercolated wax, procurable at any druggist's, is all you'll need.  
If the skin be wrinkled or flabby, here's the best possible remedy: Mix a pinch with hazel and 1 ounce powdered kaolin and use as a face bath. It works like a miracle, yet is entirely harmless.

**What's in this WRIGLEY'S SPEARMINT?**  
You've a right to know—we'd like to show you, in our factories—the most up-to-date, sanitary chewing gum factories in the world!  
WRIGLEY'S SPEARMINT is made from the air-dried, milky sap of the Sapodilla Tree, which grows in Mexico and Central America.  
This sap is boiled down into chicle, flavored with the aromatic juice of pure fresh mint leaves, then cut into the delicious, springy bars which you buy.  
New machines, costing several hundred thousand dollars wrap WRIGLEY'S SPEARMINT in an inner waxed seal, then the inside pink wrapper, then the NEW OUTER WAXED SEAL that is air-tight, damp-proof, dust-proof. The same machines encircle this waxed-wrapped packet of five big sticks in the familiar band you know so well. It's as good and as clean as men, machines and money can make it.

THE WAR NEWS

The Germans are approaching Paris, having driven their wedge within forty-five miles of the French capital, but they have not disposed of the British and French armies. They have not won a single great victory in the open field.

drain upon its resources, without the possibility of the gaps being filled. The command of the sea will give the victory to the allied armies. It is only necessary for them to continue the process of wearing down the forces of the enemy to the point of exhaustion.

Today's cables confirm the statement that the Russian troops have penetrated far into East Prussia.

One of today's correspondents pays a tribute to the amazing advance of the Germans into France, but adds the cheering intelligence that the lines of the allies are still unbroken.

The patriotic fund in St. John is reaching substantial proportions, but it will all be needed. This is not a charity fund. It will be used to pay in some part the debt we all owe to the men who have gone and will go to fight for Canada.

There are almost daily reports of disasters caused by the mines with which the Germans have sown the North Sea. The boasted German fleet, however, which ought to do the fighting, has as yet accomplished nothing.

The people of this province would be much better pleased to learn that a definite offer of help to the Mother Country has been made and accepted, as in the case of half a dozen other provinces, than to be told that ours was the first province to make a vague offer.

Newfoundland has offered a regiment of 500 for foreign service, and nearly 1,000 have enlisted. Newfoundland has also made a contribution of men to the naval reserve. The Ancient Colony is not behind any other portion of the Empire in its loyalty and devotion.

Japan is vigorously prosecuting her movement against Kiao-Chow, utilizing both land and sea forces. As the German stronghold has great fortifications its reduction will be a matter of some time, but the Japanese are noted for their staying qualities, as well as for their dash and courage in assault.

The leading newspapers in the United States place the blame for the war upon Germany. Many of them have also found it necessary to protest against the false and misleading statements made by Germans in the United States. There can be no doubt whatever as to where the sympathy of right thinking Americans lies in this conflict.

Both the customs and inland revenue receipts at St. John for August show an increase over those for the corresponding month last year. The quantity of lumber shipped from St. John to trans-Atlantic ports was greater than in August of last year. Bank clearings held up very well during the month. These are facts worth noting in connection with the general condition of business at the present time.

The cables tell of a German princess who at dinner in a hotel was told that her two sons had fallen in battle, and who learned later that her two younger brothers had also fallen. We can well believe that Berlin is a city of mourning. And yet the troubles of its people and of the people of all Germany have only begun. They are paying dearly for their tolerance of an autocrat who cannot too soon be dethroned, and who has made not only Germany but the whole of Europe a place of mourning.

The Globe observes that "a public man cannot complain of a lack of public confidence when he finds it inconvenient to answer questions in a public inquiry because they would disclose private dealings between himself and those working on a public enterprise. Public men," says the Globe, "should be above suspicion." Premier Fleming found it inconvenient to answer questions before the Royal Commission, even when commanded by the commission to do so.

Twenty-five members of the legal profession met in Toronto last week and organized the Osgoode Hall Rifle Association, for purposes of drill and rifle practice. They will be given the use of the armories and rifle butts, with competent instruction, a supply of rifles and free ammunition. They propose to meet one or two nights each week at the armories, and go to the ranges on Wednesday and Saturday afternoons.

Although the first Canadian contingent asked for was to number 22,000 men we are told that there are now nearly 85,000 assembled at Valcartier, with hundreds still coming, and that fully 6,000 volunteers are there on their own initiative in the hope of getting the chance to enlist for foreign service.

Because Britain commands the seas Germany and Austria will suffer defeat in this war. The country that has unlimited sources of supply is bound to win in the end. The German war machine has certainly accomplished a great deal since the war began, but at an enormous cost, and the longer the war continues the heavier will be the

HIS HEALTH IN A TERRIBLE STATE

"Fruit-a-lives" Healed His Kidneys and Cured Him

Hagersville, Ont., Aug. 28th, 1913 "About two years ago I found my health in a very bad state. My kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen "Fruit-a-lives" advertised, I decided to try them. Their effect, I found more than satisfactory.

"Fruit-a-lives" is the greatest Kidney Remedy in the world. It acts on the bowels and skin as well as on the kidneys, and thereby soothes and cures any kidney soreness.

LIGHTER VEIN

The Blonde Stenog. "Miss Vanessa, have you got your hair and complexion fixed for the day?"

An Authority "A man told me today that there is as much nourishment in a nickel's worth of peanuts as there is in a pound of steak," said the Old Fogey.

Staff of Life "I see," remarked the blonde, "that soldiers on the march carry chocolate. Chocolate is invigorating."

Contained With His Lot "Nobody loves a fat man," said the ready-made philosopher.

Rank Hypocrisy "The best of us have to be hypocrites at some time."

Limited Promise "Reggie—I thought you'd forgiven what I said and promised to forget it?"

Location Sated "Elsie—Mamma, I don't feel well. Mother—That's too bad, dear. Where do you feel worst?"

Our special offer to the MILITARY last week of a 10 per cent. discount was certainly appreciated. We had trouble getting all the wrist watches they wanted, but WE MANAGED IT.

Just think, we sold a Waltham Silver Wrist Watch (13 jewelled) for \$11.70.

One old-time high-priced store sold the boys a Waltham Wrist Watch, silver (7 jewelled) for \$12.50.

This is just one reason why our business is growing faster than any other jewelry business in the city.

**Black and Brown Ooze Boots for Women \$6.00 a Pair**

There is a well bred aristocratic air about Ooze Boots that raises them above the ordinary kind.

When wearing them you have a feeling of assurance that all is well with your feet as to looks, and they feel so fine and comfortable the first time you wear them.

The material in these boots is unlike any other Ooze ever shown in St. John, as the quality is a superior one.

## MORNING REVIEW OF THE WAR SITUATION

### British Strike Telling Blow In Turning German Wedge 45 Miles From Paris

### Invading Horde Exhausted by Long Continued Marching and Fighting Lose Striking Force — French Government Moves to Bordeaux — Russian Successes

The seat of French government is to be removed from Paris to Bordeaux, which lies 358 miles south-southwest of Paris. The proclamation announcing this action refers to it as a temporary arrangement.

The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities, because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field operations of the two armies.

Regarding the progress of the battle which the Germans are waging on French and Belgian soil, both the French and British officials are practically keeping silence. Troops movements are meagrely reported, and it is impossible to determine how the tide of battle is flowing.

The French official statement given below announcing that there are no German troops at Amiens, Arras, Lille and that the French line is being pushed forward into Lorraine, together with the admission that the Kaiser's troops are in the vicinity of Scissons and with the brilliant British exploit in cutting up German cavalry in the forest of Compeigne, indicate that the German armies are pushing forward a wedge between the extreme French left and the strongly entrenched positions still held from Verdun eastward along the frontier.

The forest of Compeigne is only forty-five miles from Paris, practically the distance from Sussex to St. John, whereas on Thursday, Aug. 20, two weeks ago, when the German armies first entered Brussels, they were 190 miles from Paris, or farther than from Chatham to St. John.

The price for this unprecedented march against a heroic defence by British and French troops is known to be terribly dear, not only in actual losses, but in the exhaustion and weakening of the men engaged and the Telegraph's correspondent in the field sends from Havre this morning a stirring cable telling of the weakening of the attacking forces, resulting in poor marksmanship and general deterioration.

It will be the task of the allies to take advantage of this temporary debacle of their opponents and effectively block the road to Paris by turning the wedge. The statement that a continuous battle is in progress shows that the effort is being made and while the removal of the capital appears ominous it does not mean that defeat is in sight but rather that all eventualities are being provided against.

Direct advices from the Russian capital give the official report of a battle lasting seven days between the Russians and Austrians around Lemberg, capital of Galicia, in which the Russians were successful, forcing the Austrians to retreat and seizing heavily fortified positions. The Russians captured 150 guns, and the Austrians are said to have suffered enormous losses. In this battle three full Austrian army corps and part of two others were engaged.

Aviators have pursued a German aeroplane over Paris. There was an exchange of shots in the air, but the Germans succeeded in getting away.

## Hats For Present Wear

Millinery in The Most Charming of Autumn Tendencies Ready-to-Wear or Made Immediately To Your Order

The ultra-small hat expressed in sailors, tricornes and turbans is shown this season in a great variety of charming effects which will be found especially becoming.

Sailor shapes are certain to be in great demand this Fall, and we offer them in trim, narrow brim forms, as well as in large, flaring picture effects.

Dark, rich, soft colors will be popular, and out of the many, navy and black will likely predominate.

In materials, black velvet has been judged a leader for the season, and novelty broad-edged effects appear in combination with velvet.

Fancy made birds are noticeable, and small, flat styles are applied on a crown; tiny heads with sweeping tails are used, or dainty, round bodied birds curl around a turn of a brim.

Then there are long pointed wings in burnt ostrich and in small, fancy hackle and coque fancies, also flowers of which huge poppies are particularly smart.

Come and examine this large and splendid showing of Autumn's most striking Ready-to-wear Hats, and if any are not appropriate for you, remember that we make Hats immediately to your order.

### RECENT DEATHS

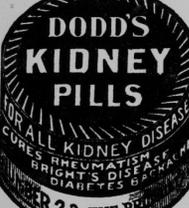

The death occurred yesterday of Ann, wife of Humphrey O'Leary, at her residence, 189 City road. Besides her husband, two daughters and one sister survive. The deceased was, before marriage, Miss Ann Carney, of this city. The funeral will take place tomorrow morning at 7.45 o'clock, from her late residence, to Holy Trinity church for high mass of requiem.

Hopewell Hill, Sept. 1.—Mrs. Mary Belle Jamieson, widow of John Lord Jamieson, died quite suddenly at her home at Hopewell Cape today, her death causing a severe shock to the community. The deceased had been ailing for some time but was about her household duties as usual yesterday. She took violently ill in the night and only lived a few hours. Two daughters, Mrs. Carlin, of Hopewell Cape, and Mrs. Steves, of Hillsboro, and one son, Stanley Jamieson, of St. John, survive.

**MIX-UP IN HALIFAX CASE**  
Halifax, N. S., Sept. 3.—The case of the King vs. Rooney was concluded yesterday afternoon in the police court and judgment was reserved until next Tuesday. The case is attracting much interest on account of the fact that the defendant denies he was ever married to the prosecutrix, a St. John woman. Last evening the prosecutrix was arrested at the instance of the defendant on a charge of perjury by Detective Hanrahan and sent to jail in default of bail. The perjury charge is in effect that the

accused is alleged to have falsely sworn that she was married in St. Paul. The case will come before Stipendiary McDonald.

## Easy & Practical Home Dress Making Lessons

Prepared Especially for This Newspaper by Pictorial Review

### A DRESSY WAIST.

A lovely separate waist in maxixe silk crepe, showing the new saucy and mousquetaire sleeves.

The fashions seem to be getting perilously near to the tight-fitting waist, yet severe lines are concealed beneath graceful draperies. The design used for today's dressmaking lesson is made of maxixe silk crepe, over a fitted lining. The outer front, back and mousquetaire sleeves are cut in one. For a woman of average size the waist requires to make 3/4 yards of 18-inch material, 1 1/4 yard lining 36 inches wide and 3/4 yard all-over lace 18 inches wide for vest and standing collar. The collar, however, may be of bemattched linen or batiste.

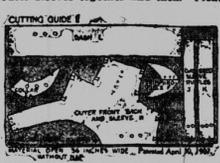

First lay the parts of the pattern on the open material, letting the edge with the line of large "O" perforations rest along the straight edge. On the opposite edge lay the snab (L), at the right

arrange the gathered sleeve ruffles, and in the intervening spaces, on a lengthwise thread, place the collar and trimming pieces.

Take up dart in lining, hem the edges and adjust trimming piece to position on shield. Close seams as notched, at both center-back and shoulders.

For the outside, close under-arm and sleeve seams first; then center-back seam. Gather lower edge. Pleat extension in front, close back seam of flare collar and bone; sew to neck edge. Close seams of sleeve ruffles as notched, gather upper edges between double "T" perforations. Arrange ruffles together (small ruffle on top), seams and upper edges even; sew to lower edge of sleeve, neck and seams even.

Arrange outside on lining, centers even; stitch lower edges of backs together, bringing under-arm seam to single large "O" perforation in under-arm section and stitch lower edge of outer front along double small "O" perforations in lining. Lap front as illustrated and fasten in back. Bring small "O" perforation in lining and in outer sleeves together and tack. Pleat

snab, placing "T" on corresponding small "O" perforations and tack. Close seam as notched. An effective finish for the sleeve ruffles is a facing of pin striped silk.

the Germans. In this battle two Russian army corps were badly cut up and three generals and a number of staff officers were killed.

### REPORT BRITISH VICTORY AT COMPIEGNE.

An official report from Paris says that a German cavalry corps, marching towards the forest of Compeigne, engaged the British, and that the British captured ten guns.

Japan has landed thousands of troops at the Chinese port of Lung-Kow, 100 miles north of Tsing Tau, and the German legation at Peking has protested to the Chinese foreign office against this alleged infringement of China's neutrality.

The United States cruiser Tennessee is to be utilized for the transportation of Americans from Havre to England.

The British consul-general at New York reports that the German steamer Kronprinz Wilhelm has been captured by British cruisers and taken to Bermuda.

### RUSSIANS' VICTORIES.

Petrograd (St. Petersburg), Sept. 2.—The following official communication was issued by the Russian war office tonight:

"After a battle lasting seven days the Russian army seized heavily fortified positions around Lemberg, about ten or twelve miles from the town. The Russian troops then advanced towards the principal forts.

"After a battle yesterday which was fiercely contested, the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery, and field kitchens.

"Our advance guard and cavalry pursued the enemy, who suffered enormous losses in killed, wounded and prisoners.

"The Austrian army operating in the neighborhood of Lemberg was composed of the third, eleventh and twelfth corps and part of the seventh and fourteenth corps. This army appears to have been completely defeated.

"During the pursuit by the Russian troops the Austrians, who beat a retreat from Gulla Lipa, were forced to abandon an additional thirty-one guns.

"Our troops are moving over roads encumbered with parks of artillery and convays loaded with provisions of various kinds.

"The total number of guns captured by the Russians around Lemberg amounts to 150."

### PRISONERS ON RIOTING CHARGE ARE RELEASED

The jury yesterday afternoon, in the case of the King vs. Percy Warren, Bedford L. Hines, William Brown, Wm. Chambers, Wm. Edmanson, Wm. Day and Thomas Shannon, acquitted all the defendants except Brown and Shannon, of rioting during the street railway strike on July 25.

Brown and Shannon were found guilty, but strongly recommended to mercy. Brown was allowed to go on suspended sentence on his promise to leave the city in a schooner; and Shannon was remanded for sentence until 10 o'clock this morning.

The jury acquitted all the prisoners on the second count in the indictment charging them with damaging the building and property of the St. John Railway Co. in Dock street. Those acquitted on both counts were immediately discharged.

**INVESTORS' OPPORTUNITY**

The City Land and Investment Company, Limited, are offering for subscription a very limited amount of Preference Stock. The sale of this Stock was withdrawn from the market in anticipation of the sale of sufficient lots to pay all the outstanding liabilities, and an option has been given for the sale of One Hundred Lots in Moncton (out of nearly 600 owned in that City) for \$70,000. The Company has deemed it advisable, pending the option, to offer for sale 400 shares of Preference Stock at the par value of \$50.00 each.

This stock has preference both as to principal and dividends at 6% over all the Common Stock of the Company, and no Stock on the market can compare with this in absolute safety and certainty of profits.

Call and investigate the affairs of the Company, or write for further information.

**EVIDENCE IN RAILWAY INQUIRY IS COMPLETED**

The taking of evidence in the Dugal inquiry into the affairs of the Valley railway was completed yesterday afternoon when Ross Thompson again took the stand and supplemented his previous evidence with further explanations.

In the afternoon Ross Thompson was again on the stand and in reply to Mr. Carvell gave details of payments which had gone into the cost of construction of the road.

In the course of a conversation by the commissioners as to the use which was allowed the Prudential Trust Company of any balance in their hands of the \$4,000,000 loan, Judge Wells said he thought it a very favorable arrangement for the railway company to have their funds looked after on demand at four and a half per cent. per annum.

Mr. Teed asked what the total receipts from dominion and provincial sources were and witness said that up to July 31 they were \$3,648,721.

Mr. Teed—What do you say of the interest charges in these books?  
 A.—They represent interest charges we have made, exchange overdraft and other charges. So far as the \$250,000 is concerned, we paid the Prudential Trust Company interest on it every six months but it is impossible to locate every dollar. Of course we only paid interest on the debit balance. That charge is now falling off to a very small amount.

Judge Wells—It would be next to impossible to separate the interest with regard to the amount that went into the road and what did not, out of the \$250,000.

Mr. Teed—We have not claimed that the whole went into the road.  
 Judge Wells—In any case, it is difficult to divide the amounts.

No further questions were put to Mr. Thompson, the chairman announced that the commission did not have any other witnesses to call and asked what course counsel desired to take.

Mr. Carvell suggested that the same course should be followed as was done in the timber charges and as Mr. Fowler consented this was agreed to. Mr. Carvell raised a laugh when he said he hoped Mr. Fowler would not encroach so much upon the time at the next argument.

The commission then adjourned until 10 o'clock this morning, when it is understood that argument will at once be entered upon and it will be concluded before the commission rises for the day, thus ending, except for the report of the commissioners, one of the most eventful inquiries in the records of the Dominion of Canada.

**A Kitchener Story**

There is an amusing story traversing Fleet Street of a daily paper editor being summoned to the London War Office in connection with an untrue "scare" story that had been published. He would get another chance, said Lord Kitchener, but on the next occasion he would be arrested.

"On what charge will you arrest me?" asked the editor.  
 "I'll arrest you first," answered Kitchener "and think about the charge afterward."

**AT VALCARTIER**

Appointment of Lt.-Col. H. F. McLeod as Battalion Commander Officially Confirmed

Valcartier, P. Q., Sept. 2—The appointment of Lt.-Col. H. F. McLeod of the 71st York Regiment as a battalion commander with the 1st Canadian contingent has been officially confirmed. The battalion now consists of the 5th Royal Scots of Montreal, the New Brunswick, Nova Scotia and Prince Edward contingents. The total strength is 1,958 of all ranks—practically 2,000 men.

Capt. A. Guthrie's company is now No. 5, and is composed of the 62nd Regiment contingent from St. John as the right hand and the volunteers from the 71st York Regiment as the left hand, making a total strength of 288 of all ranks. It is declared on all sides to be one of the best companies in camp.

Col. McLeod arrived last Thursday. He at once took over his duties, succeeding Col. Cameron, 78th Highlanders, who has been temporarily in command and confirmed the following appointments: Quartermaster—Capt. Ronald McAvity, 62nd St. John Regiment. Sergeant Major—Sgt. Major Good, R. C. E. Signalling Officer—Lt. H. H. VanWart, 71st Regt. The officers of the battalion now have an established mess with the following in charge: President—Major Robinson, 78th Regt. Secretary—Capt. H. G. Deedes, 71st Regt. Committee—Capt. R. McAvity and Capt. P. A. Guthrie.

Praise God From Whom All Blessings Flow.

The pious language in which Emperor William informs his daughter of the success of his troops and of the decorations pinned on her brothers for valor in the field, recalls the Christian fervor of some of his grandfather's despatches in the war of 1870-1, one of which, sent from Sedan to his Queen, was thus percolated: "Thanks be to God, my dear Augusta, we've had another awful bustle; Ten thousand Frenchmen sent below, Praise God, from whom all blessings flow."

**THE CHARM OF MOTHERHOOD**

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother's results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children are born now children be the cause of the fact that Lydia E. Pinkham's Vegetable Compound makes a woman a normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham, Medicine Co. (Incorporated), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**FREDERICTON BOYS READY**

(Fredericton Gleaner.)  
 A number of volunteers have already presented themselves for a third contingent from Fredericton for active overseas service.

Four members of A Company, 71st Regiment alone have volunteered with Pt. P. A. Gerow for active service; they specify that if they are accepted it shall be for overseas service only—not home defence. One of these volunteers is Ernest Parent a veteran of the South African war and a member of the York County South African Veterans' Association.

As yet no instructions have come here to resume enlisting for overseas service, the machinery of the divisional headquarters at Halifax apparently being unable to keep up with the pace set at Ottawa by Col. the Hon. Sam Hughes, Canada's war minister, who wants recruiting actively carried on all over Canada.

The Military Depot has not been reopened, but a movement is on foot to have some troops stationed here as soon as possible.

J. T. Dnaoh, of this city, has received a communication from Surgeon Col. J. W. Bridges, chief medical officer organizing the Red Cross contingent to go to the front with the Canadian troops, in which he says that there have been 740 applications to date for the 350 positions available. Mr. Dnaoh has been instructed to hold himself in readiness to report when notified.

**NURSES FROM N. B.**

(Fredericton Gleaner.)  
 Before they are eligible to go to the front as nurses all applicants must first join the New Brunswick Graduate Nurses' Association.

That is the information given by Miss Violet Kirk, superintendent of the Victoria Hospital at Halifax to a meeting held in the Queen Hotel, at which eighteen nurses were present. She outlined the plans of the Nurses' Association in her capacity as vice-president of the Canadian National Graduate Nurses' Association, the work in the maritime provinces being under her charge.

This body is controlling the enlistment of the nurses in Canada, and all that are enrolled in the New Brunswick Graduate Nurses' Association will have their names forwarded to the secretary of the Canadian body and will thus be eligible to go to the front if called upon.

Argument Begun Before Commission In Railway Case

Mr. Stevens Contends Railway Funds Were Improperly Diverted and That Government Members Profited—Mr. Teed, K. C., Does Not Defend Gleaner and Winslow Payments

The argument of counsel in the Dugal inquiry into the affairs of the Valley railway was commenced this morning. J. M. Stevens, K.C., of the counsel for Mr. Dugal, opened for his side, and was followed by M. G. Teed, K.C., for the defense.

Mr. Stevens presented an able argument this morning in support of the charges that railway funds were improperly diverted and that members of the government had profited by their relations with the railway contractors.

On account of the mass of evidence, especially in the railway case, it is believed that considerable time will elapse before the findings of the commission are published.

When the inquiry opened this morning the bills for service of subpoenas and those of the witnesses were taken up. G. W. Fowler, K. C., M. P., counsel for the provincial government, reviewed them.

Mr. Teed then took up the argument for the defense. He pointed out that Mr. Dugal, in his charges, had alleged that the road would not cost \$28,000 per mile, while the evidence produced in court showed that the cost would be \$88,000 a mile.

Mr. Teed then took up the argument for the defense. He pointed out that Mr. Dugal, in his charges, had alleged that the road would not cost \$28,000 per mile, while the evidence produced in court showed that the cost would be \$88,000 a mile.

SHENANDOAH ON NAVY ISLAND BAR

Ran Ashore at Little Musquash Early Today—Hole in Bottom—Survey to be Made

With a gaping hole in her port bow, below the water-line, the Furness liner Shenandoah, Captain William M. Lee, limped into port this morning about 9:30 o'clock and is now aground on the Navy Island bar in the harbor.

The Shenandoah, which was being piloted from Halifax by James Bennett, a local pilot, was groping her way through one of the densest fogs of the season, when land was sighted ahead only a few hundred feet, and before the steamer's course could be altered or her speed reduced, she had struck. She did not remain long in this position, however, and when full tide came she ordered the vessel slid off again into deep water.

Meanwhile a message was sent to the city asking for aid and when the steamer was coming up the harbor she met a fleet of eight tugs, including the Watson, Kitchener, Waring, Alice R., Springhill, J. S. Gregory and Neptune, going down to her assistance. She is now high and dry on Navy Island bar with several tugs standing by in case their services are required.

The Shenandoah was from London via Halifax and had about 800 tons of general cargo to be landed at this port. The most of it is stored in the after holds and the damage to the cargo is therefore expected to be light. Captain Mulcahy, the port warden, and Charles McLaughlin, Lloyd's agent will hold a survey at low tide this evening.

Great credit is due to the officers and crew of the steamer, as well as to the pilot for being able to get her to port after the accident occurred, thereby saving perhaps thousands of dollars. As she is now lying her position is considered safe and at low tide she will be high and dry and temporary repairs can be made to the hole in her bow.

The plan of the insurance company, however, has not yet been completed. The Shenandoah is a steamer of 3,886 tons net register and is owned by Furness, Withy & Co., registered at Liverpool. She was built in 1888 by James Stephen & Son, Glasgow and is 270 feet long, 41 feet beam and 28 1/2 feet deep.

Her commander, Captain Lee, is well known among the shipping people of the port. In connection with the work at the new bridge, another survey was made this morning when on the city side men were busy engaged erecting the supports for the temporary overhead bridge on which the span line of railway was to be run to carry car loads of steel to the actual scene of operations, the same as was done on the western section.

The trestles are 14 feet high and the spur line will connect with the C. P. R. near what is known as "the cutting." The McVay concern have finished the eastern pier and concrete was being sent down the chute this morning to the northern pier which is the only one now unfinished. Unless some unforeseen difficulties arise, it is expected that part of the job will be completed about the 14th of the month and then the steel people will take charge again for the erection of the remaining half of the superstructure.

Many persons passing two and fro across the Suspension bridge have remarked that the new structure seems to be considerably higher on the outer end than would seem necessary. As a matter of fact there is an incline of fully eight inches but at the present time, but that is easily adjusted by the hydraulic jacks on the other end, which can regulate the whole bridge to the nicest calculation. The eastern half of the superstructure will also be raised when under construction, and then following the arranged procedure, both will be lowered to meet in the centre.

While it was intended at first to tear down two of the houses which were in the way, they have been taken back about 80 feet as the first was, and will, it is understood, remain as they are. This particular spot is now rapidly undergoing changes and the old roadway near the entrance to the Suspension bridge with its familiar landmarks, will soon be forgotten in the activities of the new order of things.

IN ROCKWOOD J. Willard Smith has given to Rockwood Park a handsome specimen of the macaw, a native of the West Indies.

These birds are described as being remarkable for their size and the beauty of their plumage. They are less docile than the true parrots and can rarely be taught to articulate more than a few words, and their cry is harsh and disagreeable. This specimen is of the amacaw or scarlet macaw. The principal color is bright red with blue rump, and greenish-blue and yellow tail covers and quills and wing covers; tall two-thirds of the whole length blue and crimson.

For the present it can be seen in the cage next to the barn. The cage in which are confined the wolves is now surrounded by a fence similar to that of the coyotes and this, it is believed will prevent the possibility of any one approaching sufficiently near the cage to feed the animals by hand through the wires.

Fashion Favors Necessity White hosiery was never more fashionable and manufacturers and retailers rejoice.

Owing to the shortage of dyes some colors will be difficult to get—and there are no imports from Germany.

ASKED TO RUSH ALL WORK KNOWN BY HAND

Red Cross Society Makes Important Appeal

GENEROSITY EXPECTED

First Box of Hospital Supplies To Be Sent Forward With The First Canadian Contingent—Bank Boxes Placed in Different Parts of City

A telegram received late yesterday from the headquarters of the Red Cross Society at Toronto says that the first box of hospital supplies will be sent forward with the first Canadian contingent, and asks that all members of the society and their friends who have work now on hand rush to a finish as many articles as possible.

The local members announced this morning that these articles would be received and laundered at Stone Church, and that, in order to have them go in the first shipment, they should reach there before Tuesday, September 8.

The members have also been urged to collect as quickly as possible such amounts of money as can be readily raised, and hand it in to the treasurer on Tuesday afternoon, when the regular meeting of the executive will hold.

It is hoped that the citizens will contribute generously to this work; besides cash the following articles will be most acceptable: socks, bed-socks, cotton and flannel undershirts, scrub by the piece and towels of all kinds.

Red Cross bank boxes have been placed in the most prominent places in the city, and it is hoped that through these sufficient money will be raised to meet the present emergency.

AUTOMOBILE CASE AGAIN IN COURT

Arthur J. Cotter (not Harold J. Cotter as reported yesterday) was before Magistrate Riddell this morning to answer to a charge of driving an automobile recklessly in King street on August thirteenth and passing a street car which was stopped to allow passengers to alight.

Since the case was begun yesterday it has been declared that Cotter had no license to drive an automobile and that as a result of reckless driving, Joseph B. Connolly was thrown from off his feet and nearly killed. The defendant was charged with standing on the street and talking to an officer so that he could not be watching in all directions to see that he was not run over. The magistrate here said he wished it to be understood that the pedestrian was first every time and the automobile second. He said that pedestrians should not run to get out of the way of an automobile but should hold up a hand if necessary and make the driver stop.

Evidence also was given that Cotter did not blow the horn of the automobile when driving and that Connolly was laid up for three days through the injuries he received when he was struck. The case was adjourned till tomorrow morning for further witnesses.

CHARLOTTETOWN CORPS MAY GO TO BERMUDA

Charlottetown, P. E. I., Sept. 3.—The Ninth Ambulance Field Corps under command of Major Yeo, who went to Valcartier camp three weeks ago to establish the first stationary hospital, returned last night, excepting the seven men who volunteered for overseas service and who will be attached to the first expeditionary field ambulance. The corps who returned last night had very heavy work at Valcartier, 275 medical and surgical cases having been treated in the out door department while daily admissions to the hospital proper were over fifty. The Charlottetown corps will remain here awaiting further orders. Rumors are that they may go either to Bermuda or Halifax.

MANY VISITORS HELD UP NOW IN SWITZERLAND

Warned That French Railways Are Unable to Guarantee Communications Beyond Paris Geneva, Switzerland, Sept. 3.—Both the British and American ministers at Bern issued a note last evening, warning subjects of their countries that the French railways are unable to guarantee communications beyond Paris, from today.

This announcement affects about 2,000 Americans and 6,000 British visitors who are still in Switzerland. Reading between the lines, the communication was taken to mean here, that the German cavalry may cut the northern lines of France any day now.

POLICE REPORTS Raymond Tobias has been reported by the police for not having sufficient lights on excavation work in Prince William street. William Harding, teamster for the Union Ice Company, has been reported for allowing his team to stand in front of a street car on the West Side yesterday morning for more than twenty minutes and refusing to move when ordered by the police.

Miss Mable Stubbs of Cambridge, Mass., is visiting Miss Hazel Gill, 11 Cleverdon street.

B. J. Dowling was a passenger on last evening's express for New York.

Flaming's admission that he had received the money. The evidence regarding Hon. H. F. McLeod, Mr. Stevens said, was contradictory, two contractors swearing that they paid him \$1,500 to secure a contract, and Mr. McLeod swearing that the money was a retainer for legal services.

Mr. Teed then took up the argument for the defense. He pointed out that Mr. Dugal, in his charges, had alleged that the road would not cost \$28,000 per mile, while the evidence produced in court showed that the cost would be \$88,000 a mile.
