# PREFACE.

THE publishers, in presenting to the public this their first edition of Hamilton City and County of Wentworth Directory, do so in the full assurance that it will be found by their patrons and the public more correct and reliable than any which have preceded it.

Neither labor nor expense has been spared in their endeavor to have the name of every resident included in the work, and to have the name of each correctly spelt and alphabetically arranged, so that they may be found without delay. The publishers confidently invite their patrons to compare, in this respect, the present work with others of the City of Hamilton which have been issued in the past.

In some portions of the City of Hamilton the numbers on houses were being arranged whilst this work was in progress. The numbers have been corrected in all cases where changes were made before we went to press.

In addition to the Alphabetical and Business Directory of Hamilton, the work contains a Street Directory, by reference to which a person may see at a glance the exact position on a street of any house or place of business he may desire to find. This portion of the work will be found a valuable addition, and one we believe which has never before been given in a Directory of Hamilton.

The publishers have also added, at considerable expense, a map of Hamilton which will be found reliable, and have added to it some improvements which have not been in former maps.

In the Appendix will be found much valuable information, all of which has been corrected up to date of publication. We would call the special attention of our patrons to this portion of the work, and especially to the Customs and Post Office Departments, where will be found information which business men need to refer to almost daily.

In conclusion the publishers wish to return their sincere thanks

to the clerks of Townships in the County of Wentworth, who supplied them with information, and to the advertisers aud subscribers who have so liberally supported them in their undertaking, although they came among them as strangers. The publishers feel confident, however, that the present work will not sully their former good reputation as Directory Publishers, and when another year comes round all their present patrons and many new ones will be willing to assist them in the publication of their second edition.

It is now ten years since the publishers started in the Directory line, having during that time successively brought out the St. John, N.B., Halifax, N.S., Directories, the Maritime Provinces Directory, the Dominion Classified Business Directory, and lately the Ottawa, Kingston and Central Canada Directory, and with this experience to back them, they can, with every confidence, continue to present to the public books so much wanted in every large city and town in the Dominion.

## The Latest and Best.

THE IMPROVED

# Whiteside's Patent Spring Bed,

**PATENTED:**

**Canada, May 1, 1874.**

**United States, Oct. 6th, 1874**

It is the Celebrated "WHITESIDE'S PATENT" improved in the following particulars:

The heavy outer frame has been abandoned, and solid uprights secured by bolt and thumbscrew, substituted.

TEMPERED STEEL SPRINGS of the most superior make are introduced, and a new method of securing the same, entirely independent of the slats, is also made use of rendering the latter detachable and giving great freedom of action and elasticity to every part.

THUS CONSTRUCTED, the value of the "WHITESIDE'S BED" is greatly enhanced, from its superior ease and comfort, and from the facility with which it may be taken apart for storage or shipment.

## HISTORICAL SKETCH.

A city of Ontario, capital of the Co. of Wentworth, is situated on Burlington Bay, at the western extremity of Lake Ontario, 372 miles W.S.W. of Montreal, 186 miles E.N.E. of Detroit, and 70 miles N.W. of Buffalo.

It was laid out and settled in 1813, by a person of the name of Hamilton. It is built on a plateau of slightly elevated ground, winding around the foot of a hilly range, which extends from Niagara Falls, and which here receives the name of "the mountain." The streets are wide, and for the most part cross each other at right angles, those extending back from the Bay having a direction nearly south and north. King street, the principal thoroughfare, runs E. and W. throughout the entire breadth of the town. Near the centre of the street is a large open space, and a little north is Market square, on which stands a spacious building, occupied in the lower part as a market, while its upper stories are appropriated to the various purposes of the city government. Court House square, an area containing the county buildings, lies between King street and the mountain.

The banks and many of the churches and stores are handsome structures. On the rising ground approaching the mountain are many elegant residences.

The city contains 23 churches, viz: 5 Episcopal, 1 Roman Catholic (cathedral), 4 Presbyterian, 2 Baptist, 4 Wesleyan Methodist, 2 Methodist Episcopal, 1 New Connexion Methodist, 1 Congregational, 1 German Lutheran, 1 Primitive Methodist, 1 Plymouth Brethren, and a Jewish Synagogue; and also the head office of the Bank of Hamilton, 5 branch banks, a number of assurance and insurance agencies, a mechanics institute, a reading room, 2 telegraph agencies, a Wesleyan Female College, and several academies and schools, several saw and grist mills, and manufactories of iron castings, machinery of every description, agricultural implements, sewing machines, musical instruments, glassware, woodenware, woollen and cotton goods, soap and candles, boots and shoes, leather, brooms, brushes, &c. In it are published 2 daily and 3 weekly newspapers.

Hamilton is the seat of the Great Western Railway Company, chartered in 1834; and of the Wellington, Grey and Bruce Railway Company. The latter connects the city with Lake Huron, and the former with all parts of the Dominion and United States. The head offices of the Hamilton and Lake Erie railway are also here.

It is also the seat of the Sees of the Anglican Bishop of Western Toronto, and of the Roman Catholic Bishop of Hamilton.

The city was first lighted with gas in January, 1851. It possesses superior commercial advantages, being at the head of navigation on the lake, and in the centre of the most populous and best cultivated regions of the province. Its trade was greatly facilitated by the construction of the Desjardins canal in 1823–24; but the crowning triumph of its commercial prosperity was the opening of the Great Western railway.

Hamilton sends 2 members to the House of Commons and 2 to the Provincial Legislature. It is a port of entry. Total value of imports for 1872, $5,665,259; exports $805,526.

Pop. 1836, 2,846; 1846, 6,822; 1850, 10,248; 1861, 19,096; 1871, 26,716.

## Testimonials of Waters' Celebrated Pianos, Concerto and Orchestral Organs.

Rev. Barnas Sears, D.D., Ex-President of the Brown University, Providence, R, I., and agent for distribution of the Peabody Educational Fund in the South, in answer to inquiries of Jacob Echols, of Lynchbury, Va., about the Waters Pianos, writes the following:

Staunton, Va., March 12, 1872. —Mr. Jacob Echols, Dear Sir: My daughter, who is a good judge, says her piano (the Waters) is a fine one, and has been pronounced so by the German teacher of music; and by the *Baltimore Tuner*, much superior to the Baltimore Pianos. Mr. Waters is a wealthy Christian gentleman. I put entire confidence in him as a business man.

Yours truly,

B. SEARS

## HORACE WATERS & SON,

**No. 481 BROADWAY, NEW YORK, - - P. O. Box 3567.**

TESTIMONIALS OF

**WATERS' CELEBRATED PIANOS, CONCERTO AND ORCHESTRAL ORGANS.**

THE WATERS' CONCERTO PARLOR ORGANS.—Mr. Horace Waters, of No. 481 Broadway, has a patented improvement in parlor organs which renders his popular instruments preferable to any that we have seen. The new feature consists of what is called a concerto stop, produced by an extra set of reeds, peculiarly voiced. Its tone is remarkably full, sweet and brilliant, and its power very fine. With this stop and the swell, the most charming varieties of expression can be produced. The largest of the several sizes embraces ten stops, namely: a rich sub-bass, a very delicate piccoo, a flute, melodia, dulciana, forte, viola, coupler, the concerto, and a vox humana, or tremolo. They have three full sets of reeds, with a clear delicate tone.—*N. Y. Tribune.*

AT THE KINGS COUNTY INDUSTRIAL FAIR—Held in Brooklyn, October, 1837, Horace Waters & Son were awarded Diploma No. 1 for Orchestral Organ. The Committee of Awards say: "The Orchestral stop in this instrument is a great improvement in regard to effect, good tone, and first-class workmanship."—*Brooklyn Union.*

*Book and Newspaper Manuscript, and other Miscellaneous Matter.*

On book and newspaper manuscript (meaning written articles intended for insertion in a newspaper or periodical, and addressed to the editor or publisher thereof, for insertion), printers' proof sheets, whether corrected or not, maps, prints, drawings, engravings, music, whether printed or written, packages of seeds, cuttings, roots, scions or grafts, and botanical specimens, the rate will be one cent per two ounces when posted for any place in Canada or the United States, and prepaid by postage stamp.

PATTERN POST.—Patterns of merchandize can be sent by post between New Brunswick and Great Britain at the following rates :—For a packet not exceeding 4 oz 7 cents ; under ½ lb. 12½ cents ; not exceeding 1 lb. 25 cents ; above 1 and not 1½ lbs. 37½ cents ; above 1½ and not 2 lbs. 50 cents ; every additional ½ lb. 12½ cents. No parcel to exceed two feet in length, breadth or depth. *Must be prepaid.*

## REGISTRATION.

Letters for registry must be posted fifteen minutes previous to the closing of the mail by which they are to be sent. The postage, as well as the registration efe, *must be prepaid.* The registration of a letter addressed to any place in the Dominion is 2 cents, to the United States 5 cents, to the United Kingdom 8 cents, to Australia and all other places, when passing through the United Kingdom, a fee equal to one rate.

Registration is applicable to all descriptions of letters and parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter ; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which, from incorrect address, forgetfulness of the receiver, or other error, may affect an unregistered letter. "Moreover the safety of an unregistered letter is dependent on the integrity of a post-office clerk during the whole time it remains in his custody, frequently for hours, and even days ; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so ; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and it is further suggested that letters containing money should invariably be secured with *wax*, and not by the usual method, by mucilage, or self-sealing envelope.

*Postage Stamps.*

To enable the public to prepay conveniently by postage stamps the foregoing rates, the following denominations of postage stamps for use throughout the Dominion have been prepared, and will be supplied to postmasters for sale :—

| | |
|---|---|
| Half-cent stamps,<br>One cent "<br>Two cent "<br>Three cent "<br>Six cent "<br>Twelve and a half cent "<br>Fifteen cent " | All bearing as a device the effigy of Her Majesty. |

*Franking and Free Maettr.*

The following matter is exempt from *Canadian Postage*:

All letters and other mailable matter addressed to or sent by the Governor General of Canada.

All letters and other mailable matter addressed to or sent by any department of the Government, at the seat of Government at Ottawa, under such regulations as may from time to time be made by the Governor in Council.

All letters and other mailable matter addressed to or sent by the Speaker or chief clerk of the Senate, or of the House of Commons, or to or by any member of either House, at the seat of Government, during any session of Parliament, or addressed to any of the members or officers at the seat of Government as aforesaid, during the ten days next before the meeting of Parliament.

All public documents and printed papers sent by the Speaker or chief clerk of the Senate or of the House of Commons to any member of either House during the recess of Parliament.

All papers printed by order of either House sent by members of either House during the recess of Parliament.

Petitions and addresses to either of the Provincial Legislatures of Ontario, Quebec, New Brunswick, Nova Scotia, and Prince Edward Island, or to any branch thereof; and votes, proceedings, and other papers, printed by order of any such Legislature or any branch thereof, during any session thereof,—provided such petitions and addresses, votes, proceedings, and other papers, are sent without covers, or in covers open at the ends or sides, and contain no written communication to serve the purpose of a letter.

Letters and other mailable matter (except that provided for as above) addressed to or sent by the Provincial Governments or Legislatures of Ontario, Quebec, New Brunswick, Nova Scotia, and Prince Edward Island, will be liable to the ordinary rates of Postage.

Public documents and printed papers sent under the foregoing clauses should bear, as part of the address, the *bona fide* superscription of the Speaker, chief clerk, or officer specially deputed for this purpose to act for those functionaries, or of the member sending the same.

The privileges of free transmission, as above described, has effect only as respects Canada postage rates.

All letters and other mailable matter to and from the Postmaster-General and the Dep. P. M. General, and all official communications to and from the post-office department, and to and from the post-office inspectors, are to pass free of Canada postage.

All letters containing a remittance on account of the public revenue sent by any postmaster in Canada to a bank or bank agency, and all remittances or acknowledgments sent by a bank or bank agency on account of public revenue to any postmaster in Canada, pass free through the post, as respects both postage and registration charge.

*Dutiable Goods by Mail.*

Postmasters are directed to detain any post letter coming into the Dominion, supposed to contain any wares or merchandise liable to duty, and forward the same to the nearest collector of customs, who shall notify the person to whom the same may be addressed to be present; and if on opening the same, it contains no dutiable goods, it shall be handed over to him on paying the postage, if liable to any; if it does contain dutiable goods, the collector shall detain letter and contents for the purpose of prosecution.

All letters containing money should be mailed at the Post Office and registered.

No printed paper, whether newspaper, book, pamphlet, or other paper, shall be transmitted either free or at a reduced rate of postage, unless it is sent—1. Without a cover, or in a cover open at the ends. 2. There shall be no words or communication printed on the paper after its publication, or upon the cover, nor any writing or marks upon it, or upon the cover, except the name and address of the sender and of the person to whom sent. 3. There shall be no paper or thing inclosed with it. Where these conditions are not fulfilled, the whole will be charged letter postage.

The word "Newspaper" means any publication issued not less frequently than once a week, and containing notices of passing events; and the word "Periodical" means any publication issued at regular intervals, but less frequently than once a week.

Masters of vessels are entitled to receive for each letter they may deliver when inward bound 2 cents.

All letters and communications on the business of the post-office department, intended for the post-office department at Ottawa, should be invariably addressed to "*The Postmaster-General.*" The branch of the department for which the letter or communication is intended should be written on the left-hand upper corner of the letter, thus:—

"For Accountant,"

"For Secretary,"

"For Money-Order Office,"

"For Savings' Bank Office,"

"For Dead Letter Office," or

"For Cashier,"

as the case may be, but the main direction must be to the Postmaster-General, or Deputy Postmaster-General.
