WITH TWO STATES IN DOUBT TAFT HOPES TO WIN ELECTORAL COLLEGE BY A SLIM MARGIN

IN MARYLAND AND WEST VIRGINIA THE CONTEST WAS SO CLOSE THAT BOTH SIDES CLAIM TO HAVE WON—TAFT'S PLURALITY IN NEW YORK STATE IS GREATER THAN ROOSEVELT'S—BRYAN'S CHIEF STRENGTH WAS IN MIDDLE WEST.

New York, Nov. 4.—William Howard Taft, of Ohio, Republican, will be inaugurated on March fourth next as the twenty-fifth President of the United States, succeeding Theodore Roosevelt of New York.
James Schoolcraft Sherman of New York, will succeed Charles Warren Fairbanks of Indiana, as Vice-President.
This is the most important thing decided by the people at the ballot box yesterday as the culmination of one of the most remarkable political campaigns in the history of the Republic.
William Jennings Bryan of Nebraska, the Democratic candidate, went down by the storm of ballots, in the third defeat of his life's ambition to occupy the White House. With him in his ill-fortune went down John W. Kern of Indiana, candidate for the Vice-Presidency.
Returns received up to 8 a.m. today indicate that Mr. Taft would have at least 298 electoral votes and as the details came in increasing fullness from the west, it began to look as if he might have considerably more than that, might reach the 325 claimed as assured to him in the ante-election forecasts of Chairman Hitchcock of the Republican National Committee, or possibly even approximate the 328 claimed in 1904 by Mr. Roosevelt. The number necessary to a choice is 242.

New York City Vote Was Big Surprise
One of the results surprising the most sanguine hopes of most republicans was Mr. Taft's carrying greater city of New York by a plurality of 15,645. Further, his plurality in New York State was approximately 158,254, exceeding nearly 14,000 Roosevelt's big plurality.

Bryan's Strength Was In The Middle West
With thirty-one United States senators to be elected by legislative choice yesterday or today, the results in the fall and in the light of the results in the middle west, the Republicans will retain their control of both Houses of Congress, the precise figures being subject to change in the event of a tie in the day.

AN INTERPRETER NEEDED ON THE LINE OF I. C. R.
As the result of poor management, or lack of management, more than twenty Italians, twelve of whom had Sydney for their destination, arrived in the city to-day from Moncton. Five others of the party are en route to Boston, two to Montreal and two to Quebec city. As there is apparently no interpreter at Moncton it has been suggested that there should be a travelling I. C. R. interpreter as there is now a considerable number of foreigners moving about. The party were taken in hand here by Chris Nicols.

BOSTON OPERA CO

PROVED A TREAT

Flotow's Tuneful Opera

"Martha," Splendidly Sung in the Opera House Last Night.

Flotow's tuneful opera "Martha" was admirably presented by George S. Starlings Boston Opera Singers to a very appreciative audience at the Opera House last night and they richly merited the hearty reception awarded them.

"Martha," while differing widely from Monday night's bill, was nevertheless, a relaxation which, good as are the greater numbers of the repertoire, is always desirable if compositions of a higher order are to be really appreciated, especially by the more frequent patrons of local grand opera.

Of last night's production it is safe to say that "Martha" was never better sung in St. John. The casting was all that could be desired and from the opening chorus to the finale both singing and acting were of a highly artistic character.

Madame Judith M. Prandi in the leading role scored a distinct triumph. Her voice, like her dress eliciting tremendous applause and repeated curtain-calls.

Miss Alma Stetler made a delightful debut in the role of the Countess, coming out to splendid advantage, especially in her solo in the third act. In Martha, as in other operas in which she has been seen, Miss Stetler proved herself a talented actress, her comedy bits being especially pleasing.

Signor Daniel Cantori scored a big success as Plunkett and his beautiful baritone voice delighted his hearers, especially in the drinking song, which was received with tremendous outbursts of applause and he was obliged to respond to an encore.

Lyman Wheeler made the most of "L'oca" and his pleasing tenor captivated the audience, his solo work and duets being heartily applauded.

The choruses were strong, not only in volume, but in quality and came in for a generous share of appreciation at the hands of the audience.

The act endings were especially good, the part singing rousing the audience almost to the cheering point.

Madame Prandi's company of artists have won a very warm spot in the hearts of local music-lovers and during the remainder of their stay in St. John should be liberally patronized.

HARKINS NEXT WEEK

A rare treat is in store for the theatre patrons of Opera House. The W. S. Harkins company will commence an engaging series beginning Monday afternoon, Nov. 8th. Among the plays to be presented will be the latest dramatic sensation "The Devil" now being played in every large city in the world.

"The Devil" is indeed a remarkable play. It reproduces the always appealing tale of Faust and Marguerite and Mephistopheles in modern 20th century garb. In "The Devil" the hero and the heroine have loved one another in conventional fashion, but the hero has finally married a millionaire, and the lover, who happens to be an artist by profession, has gone his own way. At last he is visited by the husband and wife in his own studio, "The Devil," in the guise of a man of the world, springs from behind a chair at an opportune moment when she happens to be left alone. He seizes his opportunity, takes the souls of the man and the woman and juggles them about as though they were his own. The moral of the play is shown as to how much a person can withstand the temptations of the evil one.

AT THE NICKEL

Join the merry throng and see the Nickel's brand new show today, a series of animated photographs, a couple of contagious songs and a Dramagraph production. The leading picture is a soldier story of the Philippine campaign entitled "The Girl I Left Behind Me," something that appeals to every onlooker whether youthful or rich in years.

"A Gypsy Girl's Heart" is a Pathé drama of a young man's life with picturesque gypsy bands and a delightful little love affair intermingled. "Caught with the Goods" is a French conception of American comedy and is good, while two other light pictures will increase the merriment. Tonight the Dramagraph production, "The Black Princess," will be concluded and Thursday the social drama, "The Wayward Daughter," will be the talking bill. Miss Foley and Mr. Cairns are being received continued plaudits for their work. The Nickel matinees are proving the statement that St. John ladies will attend a good show in the daytime.

AN EVENING OF RESTFUL MUSIC.

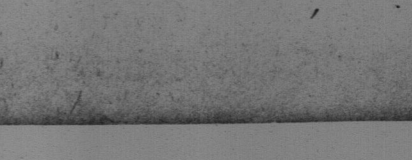

After the toil and turmoil of the day, what a promise of freedom from business cares is held out by an evening of music. It is no longer necessary to know how to play the piano in order to let one's fancy run riot in the world of music.

The New Scale Williams Player Piano does the actual playing. Scattered before this wonderful instrument, anyone who appreciates music, can render it in the most artistic manner.

Another delightful feature of the New Scale Williams Player Piano is that it plays everything that has ever been played on the piano. Whether you want to play the works of the masters, grand opera, "The old songs," favorite melodies or the popular selections of the day—you may have what you like, with your own interpretation of the score, with the New Scale Williams Player Piano. It may also be played by hand like any other piano.

TERRIBLE BURNS HEALED.

SKIN-FORMING TISSUE DESTROYED AND HOSPITAL TREATMENT FAILED. ZAM-BUK THEN WORKED A MIRACLE OF HEALING.

You are fully aware that for burns, cuts, scalds and similar injuries Zam-Buk is admitted to be the surest and quickest cure, and the Zam-Buk treatment is that which soonest eases the pain. Here is a case which proves that even in the most serious of cases the same truth applies. For skin injuries or diseases however serious, however long continued, however painful or unsightly—there is absolutely nothing to equal Zam-Buk. If you have a sore, a burn, a troublesome skin disease, note well this wonderful case.

Mr. Wm. Ball of London (Ont.) says:—"One morning I was preparing my breakfast, and to make the fire burn I threw on a quantity of kerosine oil. This caused a terrific explosion and I was set on fire and burned terribly from the chin to about 6 inches below the breast and across from shoulder to shoulder.

I was removed to the hospital in a very serious condition, and suffering acute pain as you may imagine. The area burned was so extensive and the burning so deep that the particular tissue from which the skin grows appeared to have been destroyed and new skin would not grow. Doctors tried to get over the difficulty by grafting skin on to the burned area from another person. This too proved unavailing and when I was able to leave the hospital and go home the burned portion was still devoid of skin and it was not thought the skin would ever grow again upon it.

When everything else had failed and my case seemed hopeless I heard of Zam-Buk. I was told this balm had wonderful power to cause new healthy skin to grow on injured places and I decided to try if it would do for such an extreme case as mine. I got a supply of Zam-Buk and persevered with its use. It soon showed traces of doing good; and in a few weeks I found to my delight the skin was beginning to grow on the area which had been so badly burned. Bit by bit Zam-Buk stimulated the injured tissue and new healthy skin began to appear until in a short time the damaged area was once again covered with skin! How grateful I am to Zam-Buk for this effect I cannot fully express, but it has done for me what medical skill—fine as it is—had failed to do. Every person who sustains a burn, a scald, a cut or laceration should try what this wonderful balm can do. I have proved that it is by far the finest healer yet known and I shall always give it hearty recommendation."

WHY ZAM-BUK WAS ABLE TO HEAL.

Sometimes when a severe injury (like an extensive burn or a bad tearing of the flesh) is done to the human body the layer of tissue from which the skin grows is damaged and new skin will not grow. Rare as are these cases, Zam-Buk the great herbal balm, will be found to be effective as in the case reported above. Zam-Buk is a combination of rich herbal essences and juices—not a conglomeration of animal fats mixed up with mineral coloring matter like so many of the ordinary preparations.

Zam-Buk stimulates the cells from which skin arises that is the secret of its success. As soon as Zam-Buk is applied to a burn, a patch of Eczema, a cut, a crushed limb, or a poisoned wound, three processes start right away! It soothes; it kills all disease germs on or about the wound, thus preventing suppurating and festering; and it starts the healing process.

Ask anybody who has tried it! Send for a sample and prove it yourself! Zam-Buk is the only balm which has become the favorite household remedy in every civilized country where it has been introduced. Such wonderful cases as the one reported above explain why it is so popular. Keep a box in your house.

WHAT YOU SHOULD USE ZAM-BUK FOR.

Wherever there is injury or disease of the skin or subcutaneous tissue use Zam-Buk. Children's sore heads, ringworm, scabs, high fever, itchy skin, eczema, and hemorrhoids, sores, abscesses, blood poisoning, varicose ulcers, psoriasis, all are healed by it. For piles and fistula it is without equal. Zam-Buk has also been used as an embrocation. Rubbed well into the parts affected it cures rheumatism, sciatica and lumbago. Rubbed over the chest it cures the tightness and achiness in the throat. For all household purposes a box of Zam-Buk is as good as a first aid kit. It is sold in all drug stores and stores sell at 50 cents a box, or post paid from Zam-Buk Co., Toronto, for price, \$3 for \$1.25.

MAGISTRATE AND SCHOOL COMMISSIONER HEALED.

HAD ECZEMA FOR 20 YEARS

Zam-Buk, by its healing power, has earned the praise of men and women in the highest positions of life. One of the latest prominent gentlemen to speak highly of Zam-Buk's favor is Mr. G. E. Stanford of St. John, King's Co., N. B. Mr. Stanford is Justice of the Peace for the County, and a member of the Board of School Commissioners. He is also Deacon of the Baptist Church in Berwick. Indeed, throughout the County it would be difficult to find a man more widely known and more highly respected. Some time back he had occasion to test Zam-Buk, and he says: "I never used anything that gave me such satisfaction as Zam-Buk. I had a patch of Eczema on my neck which had been there for over 20 years. Sometimes also the disease would break out on my face. I had taken a solution of Arsenic, had applied various ointments and used all sorts of lotions to obtain a cure, but in vain. Zam-Buk, on the contrary, proved highly satisfactory and cured the ailment. I have also used Zam-Buk for Itchiness, Fleas, and it has cured them completely. I am confident in helping my brother man, and if the publication of my opinion of the healing power of Zam-Buk will lead other sufferers to try it, I should be glad. For the relief of suffering caused by Itchiness or Skin Disease, I know of nothing to equal Zam-Buk."

FIVE MEN HURT IN WRECK ON THE C. P. R.

Four Cars Were Derailed in an Accident on the Edmundston Branch Line Yesterday Afternoon.

Two passenger cars and a mail car were wrecked, the baggage car derailed, and five persons seriously injured in a train wreck on the Edmundston branch of the C. P. R. yesterday afternoon. No. 46 train from Edmundston was derailed north of the Green River bridge and both passenger coaches and the mail car were upset and the baggage car derailed but not seriously damaged. There was a large passenger list and four passengers were quite seriously injured, while a number of others sustained minor injuries. Following is a list of the more serious casualties:— Joe Langlois, St. Louis, married, aged fifty years, back injured. Fred Maxwell, Quispiss, married, aged 38 years, leg injured. Madam Dubey, Edmundston, married, aged 34 years, face cut. C. W. Dodge, married, aged 48 years, head cut. Dodge was unconscious when found but revived soon afterward. The mail clerk, H. Porter, was injured about the body. All the injured were taken to St. Leonards and are being attended in the hotel there by a doctor from Van Buren. An auxiliary train was sent out from Moncton at 3:30 p. m., to clear the line. It could not be learned last evening what caused the derailment.

WANTS EVERYBODY TO HEAR

Mr. H. E. Johnston, of Respiers, Ontario, cured of Eczema, wants every one to be helped by D. D. D. Prescription.

"Your preparation has cured me of Eczema after doctoring with two doctors and trying different ointments from drug stores, that only made it worse. I feel as though everybody should hear of it so we might be helped." I too want every sufferer from Eczema or any other skin disease to find out by glad experience that D. D. D. will positively cure, even though doctors' ointments and internal doses have failed. That is why we make the offer below. D. D. D. PRESCRIPTION is not a disagreeable ointment or salve, but a clean liquid compound of Oil of Wintergreen. It cures by killing the germs in the skin that cause Eczema and all other skin diseases. The very first application brings INSTANT RELIEF.

DEANERY OF ST. JOHN

Considerable Business Transacted at Quarterly Meeting Yesterday Morning.

The quarterly meeting of the St. John Deanery was held in St. Luke's church yesterday morning. The following clergymen were in attendance: Archdeacon Raymond, Rev. G. A. Kuhring, Rev. E. A. Armstrong, Rev. E. B. Hooper, Rev. R. P. McKim, Rev. J. E. Hand, Rev. Canon Hoyt, Rev. W. H. Sampson, Rev. G. F. Scovil, Rev. W. L. McKiel, Rev. W. B. Armstrong, Rev. J. W. Millidge and Rev. J. E. Purdie. The last three named were introduced as new members. The service commenced at 9:30 in St. Luke's church with holy communion. Archdeacon Raymond and Rev. Mr. McKim officiating.

The members of the chapter subsequently met in the rectory for business. After reading a chapter of the Greek Testament and the usual discussion and routine business being accomplished, the following questions were discussed: The observance of St. Andrew's Day as a day of intercession for missionary work in all the churches; the question of having a uniform day of harvest thanksgiving, instead of each church having its independent harvest services; and the question of service of intercession on behalf of Sunday school work.

There was also a discussion of the question of the new Canadian hymnal which is expected to be adopted in nearly all the churches about Easter. It was announced that the anniversary service for the Church of England Institute would be held in St. Paul's church on November 12, the preacher to be Rev. Mr. Harley of Nova Scotia. There was a discussion of the Church of England Institute and a proposal was carefully considered for increasing the membership of the institute.

A discussion was also entered into concerning the presence of drunkenness in certain sections of the city and the best remedy for grappling with it. At the close of the meeting the clergymen were entertained by the rector of St. Luke's.

CHATHAM NEWS

Chatham, N. B., Nov. 3.—At a joint meeting of the board of health and board of school trustees this afternoon it was definitely decided not to close the schools or take any further measures to check the spread of scarlet fever. The members were of the opinion that the children could be kept under better discipline at school and from contagion more effectively than if they were running about the streets.

The police are taking drastic measures in enforcing the law against non-residents working in the city without a license. Warrants have been issued and a number sent to jail for the offence. A young sailor spent a few hours in jail today on the charge of stealing a coat from a comrade, though entirely innocent. The coat was lent to him and being confined in the hospital he was unable to return it. A warrant was sworn out by the owner of the coat and the police gathered the sailor in soon after his release from the hospital. When matters were explained the sailor was let go and everybody was happy.

Rev. Dr. John Pringle of Yukon fame will visit Chatham and deliver his lecture next week. He will speak at the annual banquet of the men's union of St. Andrew's church. Lt. Governor Tweedie will also be a speaker. The senior basketball team are getting into shape for the first of a series of games with the Moncton Y. M. C. A. to be played on Monday evening.

TAFT CHOSEN PRESIDENT OF UNITED STATES IN AN ELECTION OF SURPRISES

Republicans Will Have 298 Votes in the Electoral College—For First Time in Presidential Campaign Republicans Carry New York City—Hughes Chosen Over Chanler as Governor Of New York State—Draper Elected in Massachusetts.

New York, N. Y., Nov. 3.—General election returns received up to midnight show the following results:— William H. Taft is elected president with approximately 298 votes. Practically no change is indicated in the composition of the National House of Representatives.

The United States Senate will retain its present Republican majority. Governor Charles E. Hughes has been re-elected in New York State by about 70,000 plurality. Indiana has gone for Taft. Bryan has apparently carried Nebraska.

Ohio returns are very slow, owing to the immense ballot, but Taft has carried it by a large plurality. Taft carried New York City by about 11,000 plurality, this being the first time the city has given its vote to a Republican presidential candidate since 1896, when Mr. McKinley had a small plurality.

Mr. Taft received a greater plurality in New York State than Presidential Roosevelt did four years ago, the indications pointing to 292,000 for Mr. Taft as against 175,000 for Roosevelt.

Hughes, the Independence party candidate for president, received about 28,000 votes in Greater New York. The Republican pluralities fell off heavily in the middle west, in a manner thoroughly surprising to the Republican managers.

Speaker Cannon has been re-elected by his usual majority. Representative Payne, of New York, and Dalzell, of Pennsylvania, have been re-elected and the House of Representatives probably will continue under its old regime.

Missouri has returned to the "solid south" on the presidential ticket and elects Coward as its governor. The vote in Greater New York for Chanler was deeply disappointing to his friends, while the heavy vote for Mr. Taft, especially in the borough of Brooklyn, completely eclipsed the most sanguine hopes of the Republicans.

Governor Hughes was cut heavily up the state, but not so deeply as to imperil his election once the drift in his favor "below the Bronx" had begun to make itself felt.

Some of the figures relating to the Republican slump in states regarded as certainly Republican are little short of amazing. Pennsylvania's immense plurality of over 500,000 four years ago has been cut in two. Illinois, which gave Roosevelt 305,000 in 1904, has gone for Taft by about 170,000.

The highest claim of the Republicans for Indiana is 15,000, as against a plurality of 83,000 four years ago. Maryland and West Virginia are confidently claimed by the Republicans, but the returns are too meagre to justify a classification of either state. Roosevelt's plurality in Massachusetts

EDMUNDSTON MAN FALLS INTO GULCH

William Delaney While Chasing Moose Plunged Over Bank and was Insensible for Hours

Monie, Me., Nov. 3.—William Delaney, of Edmundston (N. B.), is in the Davis sporting camp over in Kingsbury plantation, suffering from injuries from which it is believed that he cannot recover. Delaney was out Saturday in the woods between Monie and Shirley's bog and while after a moose walked over the edge of a gulch which is heavily shrouded in alder growth, tumbling to the bottom a distance of 20 feet. He was insensible several hours.

Snow fell during the afternoon and Delaney was revived by his coolness when it had nearly enveloped him. As his rifle lay near him, he loaded and discharged it at intervals until his ammunition was gone. Soon after the discharge of the last cartridge, Delaney heard a shout from above, and he had strength enough left to answer.

Forrest Williams and Daniel Somers were easily discerned the path made by Delaney when he fell through the alders. Williams and Somers shouted encouragement to the injured man and then traveled more than a mile before finding a place where they could safely descend to the bottom of the gulch.

Delaney's right leg is broken above the knee, two ribs on the left side and one rib on the right side are fractured, the left shoulder blade is broken, the left arm fractured above the elbow, a deep wound appears on the right cheek and there are two bad scalp wounds. Williams and Somers rigged a stretcher out of rifles and bows and removed the injured man to the Davis camp, nearly three miles distant.

Dr. Anderson, of Milebrook, who had arrived at the camp a few minutes before, returned from a day's hunt, attended the wounded man and is of the opinion that Delaney's spine is seriously injured. The doctor made the man as comfortable as possible with what there was at hand, and then started through the woods for Abbott village for splints and bandages and other surgical aid. Delaney is 30 years old, married and has three children.

King Edward is a great connoisseur in walking sticks and possesses a fine collection back at Buckingham Palace and Windsor.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, local and both are important, both essential. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

"The Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and restores the vitality of the system. It gives nervous excitement, gives renewed vigor and ambition, builds up your strength, restores your strength, vigor, and energy. Take Dr. Shoop's Restorative—its Tablets or its Syrup—as a general tonic to the system. For positive local help, use as well

IMPERIAL DEFENCE

Lord Milner's visit to Canada has developed a new interest in the subject of imperial defence. The great pro-consul recognizes that a scheme involving contributions from the overseas states, to be controlled and expended by the imperial authorities is not practicable.

"Lord Milner says that it is not a question of shifting burdens, but of developing fresh centres of strength. That is the role which the Colonies will aspire to play. They will like best to add to the power of the Empire and not merely to lift a few pounds from the presumably tired shoulders of a 'heavy Titan'."

"A Melbourne despatch states that Mr. Ewing, in his speech introducing the Bill, said that the main principle actuating the Ministers was that it was the duty of every young man and every growing youth to serve in the defence of his country."

U. S. ELECTIONS

The United States will have a safe and sane president for the next four years. The man who believes in Roosevelt's policies, but is less aggressive than the man of the "Big Stick," has been chosen as Roosevelt's successor.

Mr. Bryan has failed for the third time, but his defeat was not a rout. As a man he is regarded with the most kindly feelings by his fellow-countrymen, and with years of experience has come a modification of his first radical views.

All friends of good government will rejoice in the re-election of Governor Hughes of New York, a fearless and an upright man, whose uncompromising hostility to vice has made him a national figure.

The senate and house of representatives remain Republican, with apparently little change between the parties. A despatch this morning states that Mr. Taft has exceeded Mr. Roosevelt's plurality in New Jersey and Massachusetts as well as in New York.

It is to be regretted that Mayor Bullock's term of office as chief magistrate is to be marked by the revival of the prize ring in St. John. His worship might well desire to be remembered in connection with some more notable event.

The returns so far received from Newfoundland seem to indicate the defeat of the government, although that result is not assured. It is clear that the opposition have made great gains.

All suburbanites on the C. P. R. will be glad to know that the company will put on a special train for Monday, Thanksgiving Day, leaving St. John station at 8.30 o'clock morning and returning to Westfield at 8 o'clock evening. The Westfield Outing Association wish a large attendance.

Dr. Wilfrid Grenfell, M. D., Ch. G., whose noble work on the Labrador Coast is so well known, will speak this evening in Trinity church schoolhouse at 8.30. Dr. Grenfell is making a six months' tour through Canada and the United States, and will give addresses in various places for the purpose of increasing the interest and practical sympathy in his work among the deep sea fishermen. It is hoped that the people of St. John will take advantage of the opportunity of hearing this well-known man tell of his work.

I. C. R. FIREMAN IS STRICKEN IN CAB

John McNulty Taken Seriously Ill While Enroute to St. John - He is Now in Moncton Hospital.

John McNulty, a well-known fireman on the I. C. R., who was stricken in the cab of the locomotive near Sussex on Saturday night while returning from Moncton to this city, is in the hospital at the railway town and it may be necessary for him to undergo an operation.

Mr. McNulty left Moncton apparently in good health and spirits, and it was therefore with much surprise that the engineer saw him suddenly seize and fall to the floor as the train was steaming into Sussex. After the driver had summoned aid, he was carried into the parlor coach, where a Sussex physician administered stimulants, and all means of resuscitation were resorted to without success. He was then quartered in the Depot Hotel directly opposite the railroad station, and the physician remained by his bedside throughout the night, and until Monday morning he was when he was conveyed to Moncton. After diagnosing his case, the Sussex doctor was mystified as to the complaint, and it is understood the Moncton hospital medical staff is also in doubt.

A delay of fifteen minutes was occasioned at Sussex, and much difficulty was experienced in securing a fireman to act in the stead of the stricken man, but eventually a train hand was requisitioned. Mr. McNulty boards in the Park Hotel here, and has been in the employ of the I. C. R. for many years. Appendicitis is feared, according to late reports from Moncton.

THANKSGIVING DAY

It has been suggested that as Thanksgiving Day comes on Monday the special services should be held on Sunday, giving the people the holiday to go out of town or spend with their families and friends.

SEAMEN'S INSTITUTE OPENED LAST EVENING

High Tea, Sale and Musicals Held in New Building was Largely Attended and Highly Successful.

The success attending the high tea sale and musicals at the new Seamen's Institute on Prince William street last evening was far and away beyond the most sanguine expectations of the promoters and the musical programme was one of the most enjoyable of its kind given this season, reflecting as it did a very great deal of credit upon Mrs. G. Wilfred Campbell and Mrs. Ogilvie under whose able direction it was carried out. The various numbers, without an exception, were well rendered and heartily enjoyed by the audience.

The high tea was very largely attended and patronized and proved a valuable acquisition to the enjoyment of the evening.

After tea had been served the musical part of the programme was proceeded with. R. Morton Smith was in the chair. He made a brief address of welcome to the visitors and thanked the ladies' auxiliary and all who had helped to get up the entertainment. The outlay on the new building to date, he said, was \$9,300, leaving a balance of Lord Strathcona's promised gift of \$1,000, \$2,500 yet to be raised. He said that \$1,000 of this must be had by Jan. 1, 1909. He had faith in the citizens of St. John that they would do all in their power to aid the work of the mission. There would be the usual demand for coats, hats, soon and he trusted that the young ladies would see that this need was supplied. During the winter, he said, Lady Elley wanted to launch some scheme whereby the finances of the mission might be helped.

The programme was as follows:

Piano duet, English Dance, German
 Mrs. J. M. Barnes and Miss Ogilvie.
 Song, "My Heart is Singing" Gertrude San Sauch.
 Miss Maud Scott.
 Song, "Mona," Stephen Adams
 T. Kingsmill.

POLICE COURT

When Magistrate Ritchie copied the familiar figure of Charles Diggs in a chair in the court this morning, he remarked: "Let's hear what Diggs has to say."

"Well, yonah homah Ah got to say is dat was done told tuh come up an' see youse erbout mah lab'atory by a policeman," began the dusky one, "an' he done say mah lab'atory was mah own dat Ah'ee got de work most done 'cept wee ting, an' de Healthy Board will cure be satisfied wit de lab'atory. Ah done own de lease o' mah house sah, but Ah ain't 'quainted wit what Ah says."

"Go to the chamberlain," suggested the magistrate, "and he will buy the lease from you and you can then secure a room somewhere."

"All right, yonah homah, but what's dat chamber man's name?" said Diggs, and after being furnished with the information, he departed. He has been a nuisance to the Board of Health and the secretary is gradually succeeding in ameliorating it.

Fred Sheppard arrested in the Old Burying ground for intoxication at half-past twelve this morning said he was proceeding to surprise party on Brunswick street, but did not ascertain the address of those to be surprised. He was fined \$4 ten days.

George Mason, an Englishman from Moncton was fined \$2 and Mark Raymond, a Fredericton man, was fined \$4 both words of reasonable appearance and the latter possessed \$85.

THE CREAMER CHILDREN

(Sackville Tribune.)

That the case of the Creamer children has not yet been forgotten entirely in this country is shown by an incident which the Tribune is informed took place here on October 1st. The information in question has been given this paper by Mr. Stewart Goodwin, of Wood Point, the father of Mrs. Creamer. Mr. Goodwin says that on October 1st Mr. James Main of Cape Tomentine, stated in Sackville in the presence of two witnesses that he knew the house at Spence Settlement. Mr. Goodwin says further that Mr. Main also stated that Mrs. Creamer knew the whereabouts of the children who are still alive. Mr. Goodwin is very anxious to secure any information as to the fate or whereabouts of the children and he expressed himself as being of the opinion that if Mr. Main is really possessed of knowledge in regard to the matter he should make it public at once.

1,000 Yards Silk, 29c. and 35c. Yard!

TAFFETAS--TAMALINES--LOUISINES.

THIS IS A PRE-STOCKTAKING SALE, a general cleaning up of a few colors in each staple line of Silk we have in stock: a gathering of a few hundred yards of this kind and a few hundred yards of that. It is all good silk, nevertheless all highly desirable for Underskirts and Waists, etc. We intend clearing it out immediately by virtue of extremely low prices as quoted above. Here are the colors:—

TAMALINES in Black and White, also Navy and White Checks. In Plain Colors there are; Champagne, Maize, Reseda and Bronze.

TAFFETAS in Mauve, Pink, Maize, Ciel, Blue, Rose Pink, Old Rose, Black and White Shepherd Checks, Blue and Green Checks.

LOUISINES in some very delicate Dresden Combinations. Lovely for Evening Waists and for Fancy Work as well as for Millinery.

IT DOES NOT TAKE LONG TO SELL 1000 YARDS SALE TOMORROW. SILK ROOM.
