MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED,—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practicable effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurer, at or before the Session of Conference.

REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

RETURNS FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current Income."

PROCEEDINGS

OF

The Annual Meeting of the Society.

The THIRTY-NINTH ANNUAL MEETING of the MISSIONARY SOCIETY of the WESLEYAN METHODIST CHURCH IN CANADA, was held in Belleville, on Monday, November 14th, 1864. The Hon. BILLA FLINT, Member of the Legislative Council, in the Chair. The Meeting was opened with singing and prayer, and the Report having been read by the GENERAL SUPERINTENDENT of MISSIONS, the following Resolutions were unanimously adopted :—

I. Moved by the Rev. J. CARROL, Chairman of the Guelph District, seconded by the Rev. THOMAS WOOLSEY, Wesleyan Missionary from Saskatchewan Plains, &c.,—

*That this Annual Meeting would adoringly express its gratitude to the God of truth and grace, for having made His work appear to this Society, the Parent Wesleyan Missionary Society in its felicitous Jubilee year, and other Missionary Associations; and that the Report now submitted, an abstract of which has been read, be adopted, printed, and distributed.*

II. Moved by the Rev. J. A. WILLIAMS, Toronto, seconded by the Rev. SAMUEL D. RICE, Co-Delegate,—

*That the increasing appeals for extension from the Home and Foreign Missions, make it the duty of the Society's friends to devise liberal things, and, in entire reliance upon the Divine Spirit, more habitually to pray for its Missions.*

III. Moved by the Rev. Dr. GREEN, Ex-President, seconded by the Rev. J. BOBLAND, Chairman of the Brantford District,—

*That this Meeting cordially thanks the Officers and Collectors of, and the Subscribers to, all the Branch Societies, of different Churches, for their willing and valued aid, some of which is in large special amounts, and earnestly solicits a continuance of their generous co-operation, to diffuse without delay, and universally, the inestimable Gospel of Christ.*

# Report.

THE presentation of the Thirty-Ninth Annual Report of the Missionary Society of the Wesleyan Methodist Church, is an occasion when the Committee would devoutly ascribe wisdom, might, and dominion to the Divine Being, whose word has not "returned" unto Him, or his servants, "void," but, according to an apostolic prayer, has had "free course," and "been glorified," by the Holy Spirit: so that pastors and people have been glad in the Lord.

And the Committee cannot be unmindful of the continued prayers, exertions, and contributions of the tried friends of the Society, of more than the Wesleyan community, who, with an increasing number of young persons yearly, willingly and effectually conspire to aid in the sustenance of the Society's ever-extending operations; and they sincerely desire for them an abundance of those spiritual and social blessings which they, with much kindness and zeal, would have conveyed to others: and all are assured, that they who thus honour God, are honoured by Him.

There has, as in past annual periods, been an accession to the Missions and Missionaries this year, and, therefore, an augmentation of moral and monetary responsibility, which is deeply felt by the Committee. The finances were never before so insufficient and onerous; but so long as God directs, and the Society's respected supporters continue their liberality, and increase it, as Providence prospers them, there will be no contraction of the widely-stretched work already done; and means still further increased, doors which the hand of God yearly opens will be entered with promptitude and joy.

The Committee would never forget, nor undervalue, the high Gospel vocation of the Society—to which it is pledged before Canada, and the benefits of British rule, in their enterprise. The authoritative command is, "Thou shalt love thy neighbour;" and it is felt that when God is loved, it is the first and most essential of all Missionary precepts, giving unspeakable importance to the official proceedings of Missionary direc-

tors, beauty and utility to the sympathies of Missionary Churches, and linking itself with the welfare of a redeemed world. The Committee gratefully acknowledge the honour the Head of the universal Church has put upon the Society in the two choice spheres appointed for its Agents—the pagan wilderness, and the destitute new settlement.

Forty years ago the Methodists became instructors and guardians of the debased and wronged Aborigines of Western Canada; and though the outlay for them has been the heaviest and the longest continued, no expenditure has been so gratifying to the Society's friends; and incessantly the blessing of them who were perishing has descended upon them. Then, the solitude, the toils, and novel scenes, and wants of the New Settler ever strongly excite the Wesleyan Missionary; no being whom he never saw he welcomes more cordially, or from whom he receives a heartier welcome, than the just arrived Immigrant; and this Society has no greater satisfaction, when fathers, mothers, and children come from the old countries of civilization, whatever their nationality, than to have ready prepared for them the entire and priceless desired ordinances of Christianity.

The Committee adore the Almighty Preserver for his protecting presence throughout the whole range of our Missions, amidst labours, exposures, and accidents. Though the number of persons officially connected with the Society is large, death by casualty seldom occurs; and this year our loss by disease are limited to two,—the Rev. James Spencer, M. A., Secretary of the Conference, whose piety, talents, knowledge of Connexional affairs, and vigilance made him an effective member of the Missionary Committee;—and the Rev. Robert Brown, Missionary at Eaton, a man of christian spirit, orthodox and successful in the pulpit, and indefatigable and affectionate in pastoral life. They died regretted, both bearing explicit experimental testimony to the saving excellency of the knowledge of Christ.

Last year the Committee anticipated with pleasure the approach of the JUBILEE of the honoured Parent Wesleyan Missionary Society, and they now congratulate the beloved fathers and brethren of primeval Methodism in Great Britain on the special favourableness of the hallowed and happy Commemoration. Original doctrines, means, and discipline have been reviewed; first agencies, labours, conflicts, pentecosts, and triumphs have been remembered; Methodism, it is seen, needs no new essential for efficiency; to faith the future is radiant; the fountains of experience, desire, joy, love have flowed copiously; multitudes, as the sound of many waters, have sent up their hymns of gratitude to Him

whose hand hath planted Wesleyan Missions, like the cedars of Lebanon, in every clime; and though we marvel, and yet should not, at a *grateful* people's noble special oblation already of One Hundred and Ninety Thousand Pounds for the holiest purposes, and the glory of God, we value most the mighty spiritual impulse, and faith in Christ, created by the Holy Ghost at the sanctifying and delightful services—the precursors of still greater things, when cometh the Wesleyan Missionary Society's second Jubilee.

The INDIAN Missions of the Society in Canada, by the favour of God, maintain their christian and social character, both in the Canadian and Foreign fields, notwithstanding occasional defections, which even the best established white Churches have to deplore; and considering that no people are so determinedly and untiringly beset as the Natives are by wily and vicious traders, and the arts of ecclesiastical proselytism, it is not too much to say that their piety is as real and conspicuous as that of the converts of Africa or of Fiji. Our Indian Churches need the same vigilant pastorship as all other Churches; their educational and secular interests require increased attention; more suitable Native Agents are greatly needed; and were the number of our Missionaries to Indians doubled, there would, in the immense wilds of British North America, yet be tens of thousands without a Protestant Christianity—many hapless Pagans.

The HUDSON'S BAY Missions are sedulously cared for by the self-denying Missionaries there, and for religious and domestic results any one of them would be confidently submitted to the inspection and judgment of evangelical men. The recently-extended activities of the Chairman and associated Agents, on the great Saskatchewan Plains, stretching to the Rocky Mountains, are scattering, as never so widely before, Gospel blessings, and raising up Native labourers to bless their fellows. Translations of Scripture and Wesleyan Hymns by our Missionaries, under the Divine Spirit, make light and love, and there are new hearts and lives where Satan reigned. Distance, outfits, travelling, limited local facilities, necessary yearly improvement of Mission premises, and this year the outlay for the entirely new Mission of Victoria on the Saskatchewan, notwithstanding the courtesies and aid of the gentlemen of the Honourable Hudson's Bay Company, cause the disbursements to be unusually pressing on the Society: but lost men are found and gathered, ancient charms, gods, and barbarities are increasingly in disrepute, the prairie is glad, and the mountains echo new praises to Jesus of Nazareth.

The Committee would never be forgetful of the wisdom of the Father of Lights, in raising up from time to time Missionaries of this Society, endowed with a sanctified ability, to *translate* the Holy Scriptures, and Wesleyan Hymns and Formularies, for Indians speaking different languages; and whilst we are thankful for the usefulness of our translations in the Missions of other bodies, the frequent absence of an acknowledgment of their indebtedness to Methodism, makes it a duty to say, that in Canada the fore-runners in this good work were Peter Jones and George Henry, and in Hudson's Bay, J. Evans, Rundell, and Barnby, all Wesleyan Agents, and that Mr. Evans was the original inventor of the invaluable Syllabic character now in established use by several Churches: thus, by the benediction of God on Wesleyan genius, the light of Revelation is diffused, and hymns to Christ swell in the Native sanctuaries of Canada, and in many wigwams of the far-off wilderness.

Of the Missions on the PACIFIC the Committee's only regret is, that a scantiness of funds prevents an adequate supply of Missionaries immediately, more especially as the Rev. D. V. Lucas because of precarious health has returned to Canada from a scene of successful co-operation with his devoted brethren. There need not be a repetition of facts here. Previous Annual Reports record the origin, organization, and consolidation of the valued Pacific work, and the official correspondence, received from the Chairman, now chiefly has respect to the enlargement and necessities of it among the whites and Indians of Vancouver's Island and British Columbia; and it is hoped that those necessities will, without delay, be considered in this Province an appeal for more fervent prayers, and an extraordinary generosity, to relieve the religious exigencies of a country, whose destiny promises to be civil, commercial, christian greatness.

The Society's DOMESTIC Missions are never-failing tributaries to the religion and intelligence, patriotism and loyalty, institutions and charities, and prosperity and happiness of Canada. Although on some Missions an unusual neglect of christian fellowship, the devices of bigotry, the loss of crops, the excitement of gold discovery, and of the American contest, have been unfavourable to a steady and liberal piety, and increase of Church members, yet by God's gracious over-ruling there are many new appointments and church edifices from Lake Huron to Gaspe. The Society and Sabbath-school statistics from some of the Western and Eastern Districts are very satisfactory. The remote Sault St. Marie and Opeongo Road, have our ministrations. In Westmeath and Brudenell, where not long ago there were none, there are now several churches and

secured church sites. At Eganville a few members built and furnished a parsonage. At Sherbrooke, C. E., the Missionary has often held four services on Sabbath, besides Classes and Sabbath-school. There have been difficulties at Paisley, and much toil in Holland and Sullivan, as on many other Missions. Two or three thousand miles in the year, on horse-back, on foot, or by canoe, travelled, in doing the prescribed, regular work of a Mission, as at Point Mara. Every year there is more raised for the ministry, churches, and parsonages, the Missionary Society and the Connexional funds, and Missions become flourishing Circuits. The result is, there are spiritual harvests, the elevation of Canada is hastened, and accumulated thanksgivings redound to the Lord of the vineyard.

The FRENCH Missions continue to obtain the wakeful and generous sympathies of a Committee in Montreal, acting in concert with the General Committee, and with good effect. The letters we publish from the Agents report their last year's operations, hinderances, and hopes; and though the obstinacy of a pretentious and persecuting superstition is notorious, there is yearly evidence that the Wesleyan evangelists, with the Bible in hand, make a salutary and permanent impression upon a deceived and worthy people. Among them, it is painful to state, there is a great deficiency of Protestant ministers, religious translations, school teachers, and colporteurs. As is the case with the other needy departments of the Society, more funds are required for the employment of more French evangelists.

The GERMAN Missions are satisfactory, notwithstanding the changes in some congregations, made by removals to other localities, and the pertinacity with which are held certain unscriptural tenets. Dr. Freshman is encouraged in his new career of usefulness for the honour of the Messiah, and by the Conference having made a son an associate in the German work. The other Agents have had new tokens for good; and the Committee earnestly desire sufficient pecuniary means, that, by extension, these and other Missions may soon bestow their advantages on all the necessitous and deserving foreign nationalities of Canada.

The Committee humbly rejoice that in the diversity of languages embraced in these departments of the Society, there is some illustration of prophetic words: "The sons of the stranger, that join themselves to the Lord, to serve him, and to love the name of the Lord, to be his servants, every one that keepeth the Sabbath from polluting it, and taketh hold of my covenant, even them will I bring to my holy mountain, and make them joyful in my house of prayer: their burnt offerings and their sacrifices shall be accepted upon mine altar; for mine house shall be called a house of prayer for all people."

The subjoined is a concise Summary of the Society's Missions in the Canadas, Hudson's Bay Territory, and on the Pacific, for 1863-64:—

In respect to the FINANCES the Committee cannot leave unrecorded the steady fidelity to the Society, and un-reduced subscriptions of many of its friends, the handsome payments of others, and some special donations this Jubilee year towards the liquidation of the Society's debt. Still, the regular yearly Expenditure is considerably in excess of the voluntary Income yearly obtained in Canada, whilst there is, therefore, an increasing inability to extend the Missions according to obvious urgent providential requirements. The Christian supporters of this Society have long shewn a disinterested love for others, and what St. Paul wrote to the Thessalonians the Committee beg to repeat:—"And indeed ye do it toward all the brethren which are in all Macedonia: but we beseech you, brethren, that you increase more and more."

The Inspired Prophecies allure to advanced positions of usefulness; and the best days of the best dispensation are promised by the God of grace for all nations and tongues.

The Committee afresh, and with cordiality and confidence, commend all the interests of this Society to the Christian public of Canada, soliciting their prayers and generosity. They would, whilst nations and churches are convulsed, "hold fast the form of sound words." They would aid in giving universality to the Gospel publication. They would imbibe more largely the spirit of evangelical philanthropy. They wish for all scriptural Missionary Associations ceaseless prosperity. The magnificence of the nineteenth century is its Missionary enterprise, and next to the affirmation, "God is love," the weightiest divine declaration for a Missionary people is, "Ye are MY WITNESSES, saith the LORD.

"Blessed be the Lord God, the God of Israel, who only doeth wondrous things!"

## INDIAN MISSIONS.

**NEW CREDIT.**—The Ojibways, Delawares, and Onondagas have “regular services,” and the congregations and schools are “very interesting,” and the sacred fire carried by the Ojibways from their renowned spiritual birth-place is not, thank God, extinct at New Credit.

Limited space shall not prevent the insertion of the Rev. Thomas Williams' just and touching testimony to the excellencies of a noble Christian Chieftain, long beloved by his people, especially by the lamented Peter Jones, for his devotedness to Christ, the Wesleyan Church, and the religious and temporal welfare of the Indians.

“During the year several of the older people, and some of the more youthful, have died, and all seemed to have died well. Among the elders who left us we mourn the loss of the venerable and distinguished Chief, JOSEPH SAWYER, the good. He was the first of his race in Canada to come under the influence of Gospel religion. As early as 1801 or 2, when a lad of sixteen years or more, he lived with the father of the late Rev. Peter Jones; and here he felt the power of the Gospel, as far as he could understand it, so much so, as to seek for Christian baptism, and to unite with the Church, under the ministrations of the late Rev. Joseph Sawyer. He cherished pleasant memories of the mighty men of those early days, Baugs and others, and has related incidents of their labour to the writer. But being alone he grew discouraged, and after some time (perhaps for want of care) he relapsed into the life and habits of the Indian; but never so far as not to be known by some peculiarly serious traits of character.

“His own account is, that his convictions of the truth of Christianity always remained, though sometimes clouded by the superstitious fears of Paganism; that all through a period of twenty four years he was the subject of terrible depressions arising from these convictions, and from his apparently helpless condition, when at length, in 1825, the Gospel was preached to his people in their own tongue by his nephew, the zealous Peter Jones, and the beautiful vale of the Credit was filled with the praises of the newly evangelized. He at once threw off the shackles of his former habits and fears, and stood among his people a Christian. No one witnessed this his second conversion; it seems to have been the work of a moment,—the fruit of a new decision—the happy result of a revived hope and faith. He was immediately appointed a Class Leader and Exhorter, leading his people in their devotions in the absence of their Preachers. These offices he filled in the Church to the close of his life to the great profit of his brethren. He exulted when in former days, he saw bands of Native labourers sent into the wilderness, led by the Spirit, and the gods of paganism were subjected to them. He was a good man, and gifted with no common share of strong sense and wisdom,—very sedate in his deportment, and dignified in his manner,—a decided Christian, a firmly-attached and unswerving Wesleyan Methodist, Loving all the doctrines and peculiarities of the Church of his early choice; he loved them to the last.

“For some months of the close of his life, it could be seen that he was failing. He himself apprehended that his end would be sudden. He spoke of it in conversation with his friends. And in the social religious meetings, with his brethren—but always with cheerfulness. He “feared no evil”—his trust was in Christ. It is supposed that his ailment was disease of the heart.

He died on Sunday. We shall never forget the father of his people, the villages of Canada.

ALNWICK.

He died on Sunday morning the 3rd of November, 1863, aged about 79 years. We shall never look upon his like again. He was prepared of God to be the father of his people. How many who went before, from the native Christian villages of Canada, have welcomed him in their long talked of *Ishpening!*

**GRAND RIVER.**—Here quarterly, sacramental, camp, field, and temperance, meetings have been useful; and though no report of the temporal condition of the Indians is made, which it is very important to advance, this the oldest of our Missions deteriorates not religiously. The Rev. P. German writes:—

"As the result of our labours, twenty united with us in Church fellowship, and the Camp Meeting was not only a great blessing to the Indians at the time, but it has done them lasting good. Two Prayer Meetings a week were held in different parts of the Mission during the summer and fall. Our Quarterly Meetings have been the best we have had during the last four years. We have four public services on Sabbath, and still continue our Class Meetings, Prayer Meetings, Sabbath School, Day School, &c.

"At the Saltspring our cause is rising, and several there have united with us in Church fellowship. We are still in advance of last year in our Connexional funds, &c. I believe our cause will still be sustained on the old Mission."

**MOUNT ELGIN AND MUNCEYTOWN.**—No report received.

**SNAKE ISLAND.**—Here is a faithful part of the Lake Simcoe Indians, whose conversion in the early times of Native evangelization gave so much joy to the first labourers, Case, Jones, and the late venerable Beatty, of Cobourg. Mr. Wm. Law, whom Mr. Case first employed, is still their teacher and resident adviser. Disreputable efforts have been made to detach families from the Wesleyans, yet the superintendent, the Rev. A. Drennan, thus writes:—

"The Indians of Snake Island stand fast, and highly appreciate the means of grace, although earnest and protracted efforts have been made to proselyte them; but we think that the misguided attempts have ended where they began. So upon the whole, we may say that the Mission is in health, and promises well in the future."

**RAMA.**—No report received.

**SCHOOGOG.**—The ministers at Prince Albert have bestowed regular labour on these Natives, and it appears from what the Rev. C. Sylvester communicates, that the religion they have many years professed is their stay in the valley of death.

"Our work among this small band of Indians has been regularly attended to during the year. With preaching services every two weeks, the sacrament of the Lord's Supper has been twice administered, and the same number of Love Feasts held. There have been numerous cases of sickness, all of which have received unremitting and prayerful attention. Consumption has carried off 5 only, one of these was a child. The deaths of the others were delightfully satisfactory and impressive, especially those of two brothers."

**ALNWICK.**—No report received.

RICE LAKE.—No report received.

MUD LAKE.—Here the cupidty of bad men has had some success; for it exults to make a small settlement of contented Indians smaller. It is satisfactory to learn from the Rev. E. L. Koyle's candid report, that of four who died in faith, two for a generation had been faithful found.

"Of the twenty-six Indians whose names were on the class books last year, two have been dropped, two expelled, and four have died. These died in the faith—happy in the Christian's God. Two of them had been accredited members for over thirty years. We have received three, leaving twenty-one—the number returned this year. These do nothing towards what is directly home support, but have contributed about twenty dollars to the general Mission Fund."

MORAVIAN INDIANS.—No report received.

ST. CLAIR.—The Rev. Thomas Hurlburt's brief, homely report is an unanswerable denial of the assertions of the enemies and semi-friends of Indian Missions, and a good reason for their speedy multiplication in the pagan wilds.

He just refers to his afflictions and irreparable loss this year; but when her acquaintance read of an exemplary self-denial in Missionary female biography, they think of the late Mrs. Hurlburt, whose sanctified spirit and devotion for years to Indian salvation in Canada, Hudson's Bay, and the Western States, have created a Missionary memorial to the glory of the Redeemer, and the joy of his people, which shall never perish.

"We have been spared to see the close of another Conference year. We have had affliction and bereavements, but through the mercy of the Lord the work has been sustained.

"During the year, wolves in sheep's clothing have entered our fold and have destroyed a few of our sheep. But we have cause for much gratitude, that after the most desperate efforts of our enemies, so few have been perverted. On this Mission we number 214 members, and a steady progress is being made in all our interests. According to the rate of mortality that was going on just previous to their conversion, their are now in this tribe over 200 living to-day that would have perished of drinking and their crimes but for our labours: about 150 have died in peace, and we trust are now in heaven. Our educational interests, Day and Sabbath Schools, with an increased desire for intellectual improvement, are advancing.

"Besides all these, their temporal improvements are very considerable, and all the gain in material things must be entirely attributed to the preaching of the Gospel among them; for before its introduction there was nothing of the kind. Reckoning for the whole thirty years the Mission has been in operation, we find that *each Sabbath's service*, in inculcating "faith, hope, and charity," has produced about 15 bushels of wheat, 50 bushels of other things, 1 ton of hay, and many domestic animals, and other things too numerous to mention. Thus both the Indians and the white people find "godliness is profitable unto all things." We hope this old and prosperous Mission will soon become self-sustaining."

SAUGEE AND SOUTHAMPTON.—Tidings of peace and enlargement come from the Rev. W. M. Cooley.

"I am happy to say that the opposition and division, which have been met with on this Mission in years past, and still existed at the commencement of

this year, have in all our meetings nearly doubled. the Indian-Ville

this year, have almost entirely disappeared. Those of other denominations, who have not formally united with us as members, attend and unite with us in all our meetings, save the class; and, as a result, our congregations have nearly doubled. There has been quite an increase in membership, both in the Indian Village, and at French Bay six miles back.

"We have had to expel but one for bad conduct, and he has united again. We find also that there has been two hundred per cent. better attendance at class during the last quarter than before. This they say, to a great extent, is owing to a meeting established for all the leading men, held once a week, in which the class books are all examined, and each member's standing inquired into, and the leaders instructed in scripture doctrine and discipline; and partly the effect of protracted meetings held during the winter.

"At Southampton among the whites, the Lord has also been carrying on the work of conversion and sanctification in the ordinary means of grace, and much has been wrought, considering the barrenness of the soil.

"Drunkenness has greatly decreased, and through the influence of Mr Bartlett, the agent, other immoralities are rapidly disappearing. 'Praise God from whom all blessings flow.'"

CAPE CROCKER AND COLPOY'S BAY.—During five years of unremitting labour on this Mission, the Rev. S. Brownell has experienced the usual discouragements in the Indian work. He now retires on account of unfavourable health, and very properly, on ceasing to be a Missionary, sends a copious parting report, in which, to the praise of God, he thus speaks of the result of his efforts to help a harassed people:—

"We are not to despise the day of small things, — I am sufficiently acquainted with the unsettled habits of our Aborigines to be thankful for the comparatively small improvement made during the aforesaid period. When I came to the Mission in 1859, we had no church to worship in; now we have a comfortable little church, 20 x 24 feet, in which I have on quarterly days and other extra occasions, preached to a 100 persons.

"In 1859 and 1860 the average attendance at preaching was but 30, now the average attendance is 60. Then we had no school, but for the last two years we have had a good school in operation for about six months in each year, without any additional expense to the society, save \$4.32 for books, slat s. &c., as I taught the school myself.

"I think the Indian children are as capable of learning or improvement as white children, did they attend school as regularly."

CHRISTIAN ISLANDS, BEAUSOLIEL ISLAND, AND FRENCH RIVER.—Our Native Missionary here, the Rev. Allen Salt, sends a very interesting report, and there is evidently progress in numbers, christian enterprise, and liberality on this one of our most important Indian Missions, where he has the satisfaction of stating, "The greater part of our members enjoy peace with God."

"During the past year Beausoliel Island has been visited seven times; French River twice. The greater part of our members enjoy peace with God through our Lord Jesus Christ." Proselytism has not as yet opened our Methodist ranks. There is an evident increase of spirituality among our members. Our May Quarterly Meeting on this Island was a season of refreshing to our souls.

"During the year 2 members died; 1 suspended; 1 dropped for drunkenness. There is a small increase of members. The number in full membership stands 94. On trial for membership 22. Total 116.

"It is very desirable to have two Day schools; one on this Island, and one at French River or Nashkodayon. The Christian Island Indians in council this spring agreed to give out of their annuity \$1.00 yearly towards the salary of a teacher for this Island.

"We worship God together in a log school house; no room for others that might attend. So our people are intending to begin to do something towards putting up a church with their own hands, and they think that they will succeed if the heads of the church give them some help."

**GARDEN RIVER.**—The Gospel here has not confined its good to Indian bounds, but diffused itself among a thankful white population, where it is likely to extend more and more: so that the Rev. E. Sallows has not spent his strength for naught.

"Our work among the Indians, during the year, has been of a trying nature. Our people have had to endure affliction and suffering, as well as proselyting influences to draw them away; yet, with few exceptions, they have maintained their integrity and cleaved to God and our cause. We have had gracious manifestations of the Divine presence to comfort and cheer us in our devotional exercises. A Sabbath school has been commenced under the superintendance of Mrs. Sallows, who is encouraged.

"The difficulties between the Indians and the government, which made against their temporal welfare, are amicably settled. A new store has been erected on the reserve and the dock repaired, so full employment will be given to the Indians, when they will be rewarded for their toil.

"Our white work is still encouraging. We have a steady, reliable, and attentive congregation in the village of Sault St Marie. The preached word is attended with power, when deep impressions are made upon the mind and heart. In the country appointment we have a good attendance on divine worship; frequent tokens of the favour of God, are enjoyed; the word of life appreciated.

"We have some pious souls who are earnestly looking to God for a gracious outpouring of the Holy Spirit. Their are a few families moving into the country in order to settle; among whom are some Methodist people.

"It is gratifying to know that we live in the affections of the people, who treat us with kindness and hospitality as well as appreciate our services. May it please the great Being to favour us with his special blessing."

**BATCHEWANA BAY, MICHIPICOTON, AND PIC AND NIPEGON.**—No reports received from these three Lake Superior Missions.

**WALPOLE ISLAND.**—It is well that the Rev. J. K. Williston has had reason for encouragement and thankfulness during a year of fatigue and trial on this unhealthy Island; but a Missionary's chosen lot is his people, whether their locality be mountain or morass—and there is God.

"By the assistance of Brother William Fisher, the Interpreter and School Teacher—and seven dollars American money which we have received to lay out upon the church—we have succeeded in getting the two remaining windows glazed and put in, and the building partly lathed; also to get it boarded aound inside as high as the windows, and a snug comfortable pulpit, and altar railings with bannisters. We have managed to use it all winter, though sometimes it was very cold. The Quarterly Meetings have been seasons of refreshing; our congregations have been good nearly all the time, and I am told that this is the first season that the preaching has been kept up continuously; all the year, even during the hunting and sugar-making seasons, we have had fair congregations. I have received 6 into the Church, baptized 10 infants, and 1 adult. Very few of our members have died during the

year. I have no there has been on the Island, "The School dance is small, getting about the A considerable Fisher has been know not, as we little towards it

"The School has been attended to a good part of the year, but the attendance is small, about 15, and that irregular, owing in part to the difficulty of getting about the Island, which is so badly cut up with marsh, mire, and water. A considerable portion of the time when there has been no school, Brother Fisher has been working at the church; but when we can get it finished I know not, as we have no means to go on; our Indians are poor and can do but little towards it. Our Missionary subscriptions are quite in advance."

## HUDSON'S BAY MISSIONS.

It is a pleasure to present these Missions of the North-west wilderness to the public, although much of the good done is like much existing in India and China. The Missions in God's hands have created a Gospel atmosphere which, for the present, is too impalpable for the statistician: but there *are* facts which he may reckon and record; the self-denial, labours, and patience in solitude and bereavement, of the Missionaries, and the triumphs of truth and love over superstition and barbarism among the Indians. The greatest present obstruction to this work is the fire-water of the "Free-trader." This new business movement adds to the faithful Missionary's anxieties, and his people's sorrows, and must recoil in merited evil on the depredators. When the Comanches of the West were once visited by vendors of spirit, a chief said to them, "Our squaws will follow you on your trail for a mile, to burn even the grass ye have trampled upon." This, by grace, is the indignant spirit of many a Methodist Indian in Hudson's Bay and in Canada.

NORWAY HOUSE, LAKE WINNEPEG.—Nothing need be added to the valuable disciplinary particulars, sent at the prescribed time, by the Rev. Charles Stringfellow, who thus honestly writes of Rossville:—

"The congregations in attendance upon our three Sabbath services have been commonly good, and occasionally very large. The week-night service at the Fort continues to be held under disadvantageous circumstances, yet, notwithstanding this, the attendance has been undeviatingly good.

"The Female Prayer Meeting is a desirable and much appreciated means of grace to our Indian sisters, and has done, and is doing, much good amongst them. At this meeting I feel it is my duty to be present. I have endeavoured to improve the occasion in suitable and repeated counsels to those who attend. Our Class Meetings are valuable, and well attended. We have eleven classes.

"The facilities for intemperance with all its train of attendant evils, were never within the reach of the Rossville people as they have been the last year, hence drunkenness has been common, for some have freely indulged in this loved sin. I scarcely need add that we have been compelled to exercise the

discipline of the Church. Some old and incorrigible offenders have been put out of society; others have been rebuked and have amended their lives; whilst others in hope of their reformation by our lenity have received notes on trial.

"The greater number of our people are growing in grace, and in the knowledge and love of the Lord Jesus Christ. Many have withstood temptation, and are strong in faith and know Him in whom they believed, and have a clear sense of the pardon of sin; and this must be to every true christian a matter of rejoicing. Our School is not in an efficient state, and never will be, unless we have a properly qualified European teacher. We require school materials, and a good master, and we might then have a regular daily attendance of 100 children.

Our statistics for the present year are as follows:—Full members, 180; on trial, 12; total, 192; removed, 3; dropped, 14; dead, 3; baptized, 20, two of whom were adults; marriages, 14; the marriages are more numerous this year than in any single year since 1844.

"There are at least six new houses in course of erection, and this is only part of what we may expect from the fact of so many young persons entering the marriage state. I suppose we have about fifty houses in our village, some of which are sadly over-crowded with families, which is a great evil.

"The ministerial duties of this station are *not too light and easy*. Four sermons per week; attendance at Sabbath School; visitation of the members and resident families; two weekly Prayer Meetings; giving of medicines; attention to secular matters, &c., leave little time for relaxation in the hands of your Missionary.

"This has been a year of family sickness and death. Two dearly beloved children have been removed from us under trying circumstances. I have also myself been for some time in a state of ill health. Altogether this has been a most heavy and a most bitter year of life's experience."

**OXFORD HOUSE.**—During the year Mr. Stringfellow removed from this station to Norway House, and since then, subject to his supervision, the pulpit, pastoral, and school duties have been effectively discharged by Mr. Sinclair, a pious and intelligent Native Agent; and relying on a recent letter from the former Missionary, the Mission, but for the irruptions of the spirit-vendors, was very satisfactory to him in its religious and social state, and he had joy in revisiting a people for years committed to him.

**LAC-LA-PLUIE.**—The good done at this station by the Rev. Allen Salt is not forgotten by the Natives, and at an early opportunity it is hoped to be possible to appoint a suitable Agent where not a few red-men need christianity.

**EDMONTON HOUSE, ROCKY MOUNTAINS.**—To this remote Mission the Rev. Thomas Woolsey was sent in 1855, and since then he has, amidst great exposures and privations, been indefatigably employed, with the Gospel trumpet at his lips, on the ample Plains up to the Mountains, and as statements we now append show, with much salutary effect. Since our last report the Rev. George McDougall has removed from Ross-ville to the Saskatchewan, where new Mission premises are being prepared at Victoria Lake, and where he is glad to welcome many Indians, of different tribes, who seek a permanent christian settlement.

**WHITE FISH LAKE.**—This Wesleyan post on the dreary Plains is in charge of the Rev. H. Steinhaur, an Indian, formerly a student at Victoria College; and by Divine help it is evidently, according to what follows, verdant and fruitful. He seldom writes, and prefers the testimony of others, wishing that his well-meant services as a minister and translator may be accepted by his Master in heaven.

Mr. Woolsey being now on a visit to Canada, we avail ourselves of a brief report he has written of our Missions in the Saskatchewan region; and the friends of Canada's Wesleyan Missions everywhere will be ready to infer from what he says of the expensive preparations already made, and of prospective blessings, that the present Missions are only valued first-fruits, and that the consummation for Indians and whites will be, the immense Saskatchewan territory beautified with the farms, villages, towns, and cities of a christian and British population.

"While the Saskatchewan Wesleyan Mission Stations may be regarded as amongst the more important ones, your Missionaries are not prepared to enter into such statistical details as other brethren whose lot has been cast in more pleasant places, though the success consequent upon our exertions has been such as will, we doubt not, be equally apparent in the day of the Lord Jesus. Our Indians being almost as migratory as the buffalo around them, and roaming over a country about the length of France, have required the **ЕМОКТОН** HORSE Missionary to wander with them, and after them, imparting instruction as he well could, without consolidating the work as he was desirous of doing.

"We have, however, baptized upwards of 700 children and adults, united several in marriage, and buried many with sure and certain hope unto eternal life. A great moral and spiritual change has been effected amongst the Crees and Stone Indians; noblemen, and others travelling in that far-off land, bearing their testimony, in the most satisfactory manner, to the good effected amongst the aborigines of the Saskatchewan.

"We have native Local Preachers and Class Leaders amongst the above named tribes, and the Crees are now in possession of the sacred Scriptures in their own language. A great number are now cultivating the soil at the **VICTORIA** Mission, and making preparations for the erection of suitable dwellings; and it is believed that ere long many families will be located, and that scholastic instruction imparted to the rising race which has hitherto, to a great extent, been diffused in the vast plains of that country. But the **ROCKY MOUNTAIN** station will still, for a time, subject the Missionary to many a toilsome journey over hundreds of miles in the plains, valleys, and fastnesses of the mountains.

"In addition to the above, we gather the following from the report of our colleague, the **WHITE FISH LAKE** Missionary, viz:

"There are 31 families, numbering 164 souls, always resident here, 69 of whom are members of our Church, besides 10 that are on trial. These are apart from great numbers that merely visit the station periodically. There are 54 children connected with our Day School, and rather more belonging to the Sabbath School.

"Considerable land is under culture at the Mission, besides several plots worked by the Indians. The produce has not been uniform, but 500 bushels of potatoes, 80 of barley, and a large quantity of turnips, &c., have been raised in one season by the Missionary alone. There are 11 head of cattle, and 16 horses belonging to the Mission.

In conclusion, whilst we admit that great expense has been consequent upon our operations hitherto, we are prepared to affirm that it will be gradu-

ally lessened in time to come, especially as regards the VICTORIA, and WHITE FISH LAKE Missions, horses, cattle, agricultural implements, and everything necessary for successfully carrying on the work having been supplied already. While the spiritual results, prospectively considered, are most auspicious, the little one will, we fully believe, 'become a thousand, and the small one a strong nation. The Lord hasten it in his time!'"

The distinguished and catholic-spirited British and Foreign Bible Society, and its Auxiliary in Western Canada, have often laid our Missions under obligation by their generous grants; and though the following becoming acknowledgment, signed by the Chairman of the Hudson's Bay District, has, we are gratified to say, a Saskatchewan origin, it so adapts itself to the judgment and gratitude of the Wesleyan Missionary Society in Canada, that we are most happy to insert it here.

*"To the Directors of the British and Foreign Bible Society.*

GENTLEMEN:—

As one of the honoured representatives of Wesleyan Methodism, in this section of our extensive Mission field, I beg, in the name of my colleagues, to tender you our most grateful acknowledgments for the very liberal bequest of Cree New Testaments, so considerately forwarded to our respective Mission stations in this country. We are anxiously looking out for the consignment of the entire Scriptures, already applied for. Two copies, that recently came to hand, are greatly valued by us. The Crees and Stone Indians are very desirous of obtaining more. They are grateful beyond measure for that portion of the priceless boon which they have been privileged to peruse.

Eternity can alone unfold the benefits conferred upon the aborigines of this Territory through the written word. We could direct attention to some cheering facts; but one must suffice. A few Sabbaths ago, a Cree stood up in our Love-feast, and said nearly as follows: 'For years I have been under the teachings of your Missionary, and am very thankful for the instructions given. However, two years ago the minister gave me a Cree New Testament, which I have read extensively, and now, for more than thirty days, I have known what true religion means. Glory be to God.'

As the Rev. Thomas Woolsey, who has laboured here for nearly nine years, is about to return to Canada, and subsequently, he hopes, to his native land, you will, doubtless, learn more from him. He designs calling upon your respected Secretary as soon as he can.

With every assurance of profound veneration for your honourable body, and with fervent prayers for showers of blessings upon your noble and disinterested efforts,

I have the honour to be, Gentlemen, for self and Colleagues,

Yours in the Gospel of Christ,

GEORGE McDUGALL,

Wesleyan Missionary.

## MISSIONS ON THE PACIFIC.

The regularity with which we are able annually to present the Pacific reports will be satisfactory to our subscribers; for while some of them, it is probable, give chiefly for our Missions there, others are interested in the Hudson's Bay, or Canada Indian, or Domestic, Missions, and are justly displeas'd when a report is omitted. The Pacific Missionaries are again punctual, and their reports prepared according to a regulation of the Society, and having been submitted to their District Meeting, are official and reliable,—and we rejoice to add, prove the progressiveness of the Gospel among the white and the Indian inhabitants, and an increase in Missionary generosity; so that the toil is not in vain in the Lord: for He the work has done.

VICTORIA.—The Rev. Dr. Evans, Chairman of the District, writes,—

“During the year the attendance on public worship has been quite encouraging, and its average considerably in advance of previous years. On the arrival of emigrants on their way to other portions of the District, many of the adherents of our Church in other countries are gladdened by finding the same system of religious instruction and edification as that to which they have been accustomed. My esteemed colleague, Mr. Lucas, has been indefatigable in his attention to new comers, and his efforts have been attended by the Divine blessing, especially to some of the young. All the pews are rented except those set apart as free seats, and it is contemplated at an early period to enlarge the building. There are four classes which are regularly met and which are oftentimes seasons of refreshing from the presence of the Lord. We are looking up for a more copious effusion of the Holy Spirit, and the ingathering of greater numbers into the fold of Christ. The Sabbath School has been a source of gratification. Early in the year four new classes were formed. The average attendance during the year is 71, being an increase of nearly fifty per cent of that of last year, while the number of the female scholars is nearly doubled. The number of verses recited is considerably in advance, notwithstanding the introduction of the Catechism, which is now regularly studied in connection with the Scriptures. A large number of young men have attended the Bible-class. A greater amount of interest in the School has been evinc'd by all the Teachers and Officers; and although we cannot tell of many conversions to God, we trust, ere long, to see the fruit of our labours in this respect.”

NANAIMO.—The Rev. E. White writes,—

“Through the valuable aid of Brother Crosby, Teacher of the Indian School and other lay brethren, we have sustained regular preaching in town, morning and evening, and Sunday School at 2 p.m., every Sabbath, also three weekly Prayer Meetings. Among the Nanaimo Indians (one mile distant) I preach at 1½ p.m., and Brother Crosby has Sunday School at 9 a.m., and preaching in the evening, also an enquiry meeting every Wednesday. The settlers on Salt Spring Island (thirty miles distant), and to the south of this, and several Indian tribes in that vicinity, have been visited once a month, and Comax, a settlement 75 miles north, once a quarter. Our mode of conveyance is an Indian canoe, and when I have been absent on Sabbath, the work at the

head of the Mission has been well sustained by Local Preachers. In the country work, both among whites and Indians, we have been kindly received, and have seen some good fruit; but there is nothing worthy of special record. In town we have been much encouraged. After filling the place of eight removals we have a net increase of 10, and the regular Circuit receipts have risen from \$322 last year, to \$722 this. Of the 18 added, 11 have been from the world, and 7 from other Circuits. The one class has become two, and in all our official and social meetings we have been blessed with much of the 'unity of the Spirit.' Our Missionary Anniversary was a time of much interest, and has resulted in the sum of \$130, besides \$20 special donations towards freeing the Society from debt. The Sabbath School has an average attendance of about 10 Teachers and 50 Scholars, and is improving. The Library has been largely increased during the year.

"Our work among the Indians on this Mission is beset with many and great difficulties; but with Christ, 'all things are possible.' Brother Crosby, in addition to his labours as Teacher, has made himself generally useful among both whites and Indians. He has made encouraging progress in a knowledge of the Nainaimo language. He now converses and prays in that tongue, and will, I trust, soon be able to preach without an interpreter. This will supply an important desideratum. The attendance at School has ranged from 10 to 40, the average about 18. The progress in knowledge has been fair, considering the dark and degraded condition of both parents and children. When the Gospel more fully reaches their hearts, their intellects will brighten and expand. The direct manner in which we have recently exposed and condemned the sorceries, polygamy, domestic slavery, heathen dances, &c. &c. of the old people, has caused some opposition from a few whose craft is in danger. But the leaven of truth is working, and the spirit of enquiry is stirred up.

"After much thought and hesitation I have baptized and married our Interpreter and his wife. They show hopeful signs of real conversion, and are zealous for the salvation of others. Oh! that they may be baptized with the Holy Ghost, and made a great blessing to their own and other tribes!"

NEW WESTMINSTER.—The Rev. A. Browning writes,—

"I commenced my work on this Mission in 'weakness and in much trembling,' an experience made continuous by the constant pressure of great responsibility.

"The revulsion of feeling and hopes consequent on mining depression; the disbanding of the resident military; and the haze of political uncertainty, have been among our untoward contingencies. But these have been more than counterbalanced by the salvation which God hath placed in Zion for Israel His glory. The congregations have been well sustained; our classes well attended; and the Prayer-meeting and Bible-class esteemed as profitable institutions of God's Church. The Missionary and Sabbath School Anniversaries were seasons of gracious profit and glorious success. The former cause is more than sustained; to the latter we have added a valuable Library. I found 35 members. I return 23, with six on trial. Among the latter are several young men of promise, one result of whose conversion is the formation of a most interesting prayer meeting for the unmarried on the Mission. May their faith not 'stand in the wisdom of men, but in the power of God;' 'for the wisdom of this world cometh to nought, but the wisdom of God was ordained before the world unto our glory.'"

FORT HOPE AND FORT YALE.—The Rev. E. Robson writes,—

"The work on this Mission during the past year has been of an unusually varied character, consisting chiefly, however, in preaching to the inhabitants of Yale, and to the men employed in the construction of roads in the vicinity, in affording such visits to Lytton and other towns as seemed advisable, and in distributing the Holy Scriptures and religious Tracts to those who would receive

them. them. Our congregations have generally been small and fluctuating. This has been owing to the migratory character of the people—the uncertainty of their occupation, and also the great diversity of nationality and creed of the sparse population of the towns visited. We have done what we could to afford the means of grace to all—not forgetting the ‘highways and hedges,’ and in some instances have been encouraged to hope that ‘our labour has not been in vain in the Lord.’ The discouraged and downcast child of God occasionally met with has been cheered and lifted up—the backslider has been led again to look to Calvary and in several instances deep contrition has been evinced by those who had hitherto rejected the Gospel invitations. It has been a cause of frequent regret that for the reasons already stated we have been able in but few instances to follow up those impressions and ascertain the final result. Those who have wept under the word on one Sabbath have been on the way to Cariboo ere the next arrived; and where once we proclaimed Christ and him crucified to companies of roadmakers, there is now no one to be found. Our expenditure has been large, owing to the very great expenses attendant upon travelling on the Upper Frazer, and the high price of the necessaries of life. While the formal results may to some appear insignificant, we have in fact been ‘casting our bread on the waters,’ and hope that God will cause it to return after many days.”

## DOMESTIC MISSIONS.

---

*Toronto District.*—*MONO.*—The superintendent, the Rev. J. Goodwin, acknowledges the presence of God, and the conversion of “a goodly number of souls,” yet has “a loss to the Mission” of 4 by death, 24 by removals, and 30 dropped. He notes an increase of churches, and the successfulness of the Sabbath Schools; and but for the unusual number of erasures in the class books, there would have been greater reason for satisfaction. At *ORANGEVILLE* much time has been spent on three protracted meetings, and the result stated by the Rev. B. Sherlock is, “a few additions;” showing the great importance of making the stated means of grace the chief hope of success. He speaks of efforts among his people not discreditable to themselves. *LESSLIEVILLE* has been favoured with conversions, and an improvement of church property and finances; and at leaving this Conference, the Rev. T. Derrick has the pleasure of saying,—

“In moral reformation there has been a most pleasing and decided improvement. Fishing and shooting on the Sabbath, and indeed general Sabbath breaking, were characteristic of the neighbourhood. Yet, now, by the blessing of God, such practices have nearly disappeared.”

“The Sabbath School is in a flourishing condition. Fifty Bibles and Testaments have been presented by kind friends, and a good Library of 200 volumes has been added during the year.”

“The congregations, especially in the evening, are good. Over three-fourths of the pews are let. And thanks be to God, the attention paid to the preaching of the Gospel is marked and serious.”

*Niagara District.*—DUNNVILLE.—Circumscribed as his field, the Rev. T. D. Pearson writes,—“The borders of our Zion to some extent have been enlarged, and the general spirituality of the church improved;” church property is being relieved of debt and insecurity, and another house of prayer is being built. The Rev. J. L. Kerr writes of the weakness of Methodism at CAYUGA, but of a willing, united people, respectful congregations, conversions, and some new members. POINT ABINO, at the lower end of lake Erie, according to the Minutes, is hardly equal in its membership to last year, yet it is evident that its dying members are dying christians, and that the Mission makes progress in charge of the Rev. R. E. Tupper, who says,

“In writing over the names of our members on this Mission, at the close of this Conference year, we are deeply affected to find that four of our number have passed away, we trust to a better inheritance: the names of some of the departed are as ointment poured forth, and their memories will long be cherished in the grateful recollections of all who have had the pleasure of their acquaintance.

“During the year we have erected a suitable place of worship at Sherk's Crossing, which was dedicated to the worship of Almighty God in February last. We are labouring in hope, and praying that our Circuit, which has now a church at each of our Sabbath appointments, may be visited with a gracious outpouring of the Holy Spirit. We have an efficient Sabbath School at each of our appointments.”

CAISTORVILLE.—No report received.

*Brantford District.*—LYNEHOOK is thus faithfully reported by the Rev. Matthew Whiting:—

“We have held a series of religious services in two different localities, but they did not result in a very great ingathering of souls to the fold of Christ. Some sixteen or seventeen have been brought into the society during the year, the most of whom professed to have experienced a change of heart; but we have been under the painful necessity of dropping about the same number of persons for neglect of duty; five have removed into other Circuits, and two have been translated to the Church triumphant. The society in Fredericksburg has sustained a very great loss in the sudden removal of Sister Kent by death. She was an active and useful member of the Church, but our loss is her eternal gain. We are a little in advance of last year in all our finances. Some steps have been taken towards getting a parsonage; we have some funds in hand, and have the promise of more.”

*London District.*—STRATHROY.—The Rev. L. O. Rice complains of a church debt, has hope it will be paid, and the ministry sustained, and intimates that his people have hope, too, of refunding what the Missionary Society has expended for them. Congregations are large, and the membership increased by the Divine blessing. No report received from WARWICK. The Rev. J. of the Rev. W. Tucker's report from MCGILLIVRAY has the gratifying in it, especially what refers to the conversion of Sabbath scholars, and the very natural consequent, the children's Missionary generousness.

"It is with gratitude to Almighty God that we review the labours of the past year. By His blessing we are able to report progress in every department of our work on this Mission. The Church has been built up, backsliders have been reclaimed, and a good number of sinners have been converted to God. After filling up the vacancies occasioned by removals, extensive pruning, &c., we are able to report some increase in numbers. Our congregations have been enlarged, and increased interest in all the means of grace has been manifested. Our Sabbath Schools are flourishing; about twenty of the young persons attending them have, during the winter, been converted to God, and are now meeting in class. One Sabbath School has been established this year.

"Our Connexional funds have been well supported. The Church Relief, Contingent, and Educational more than doubled; the Superannuated more than four times the amount reported last year; the Missionary, nearly doubled, the children having collected more than \$41. Although there is a considerable deficiency in the item of salary of your Missionary, it is attributable, rather to the great reduction of the grant for the Mission, they having contributed more this year than any previous year, and considerably more than they anticipated at the beginning of the year."

From MISSOURI no report received.

*Chatham District.*—From MOUNT BRYDGES the Rev. G. Kennedy honestly sends the sombre—worldliness and error are rife, and the number of members, as stated in the Minutes, 35 less. The relief to this is, congregations are "very good," and the Sabbath School interest is in progress. The Rev. W. H. Miller has had an encouraging three years at NAPIER.

"In closing this my third year's labour on this Mission, I have reason to thank God for much peace and a little prosperity. Although I cannot report remarkable revivals and great gatherings, it is pleasing to be able to speak of steady progress. During the past year there has been increased attendance on, and attention to, the preached word.

"Our Quarterly Meetings have been "times of refreshing," and some have been able to date a new era in their life's history from them. Three have died and gone to glory, and still the membership is somewhat increased.

"When I came to this Mission there were returned to me 50 members and 9 on trial; 20 of these I soon found not worthy of a place among us, and reduced the whole to 39 members. This year I return 80 members and 11 on trial. Three years ago this Mission raised, all told, except Children's claims, \$106.20; this year, with the same exception, \$389.49.

"Methodism is taking root and exerting a salutary influence, and we look to the future with some confidence and hope."

No report received from WARDSVILLE. The news sent by the Rev. T. Culbert from MOORETOWN is acceptable as far as complete.

"Our congregations have been generally good and at some of the appointments increasingly so. During the year we have built a very comfortable Parsonage, one and a half story high, with kitchen. Our Connexional, Missionary, and Circuit funds are all in advance of the preceding year. We have raised during the year for all purposes between 11 and \$1200. It is now seven years since this field of labour was formed into a separate Mission; now there are three Churches and one Parsonage."

No report received from WALACEBURG OF FLORENCE. After three years at MORPETH, the Rev. T. Hanna, with gratitude to the gracious Giver, writes of the effect of the word, the addition of thirty members, and growing pecuniary means. ROMNEY, by a laudable course is fast approaching a respectable Circuit position, judging from the Rev. T. S. Howard's facts; and we rejoice with so deserving a people in their advancement.

"In reviewing the labours of the past three years on the Romney Mission, we see many things which cause thankfulness to God. Souls have been converted and added to the Church each year, but having pruned closely, we have but a small increase to report. We make a practice of cutting off all who can and will not meet in class. The Church generally is in a healthy state.

"Financially the Mission has been prospering. Two good frame Churches have been built and nearly paid for. During the past winter a large and beautiful Church was erected, finished, and paid for in Tilbury, and an old debt of \$100, with interest at 10 per cent, wiped off the parsonage. The Preachers will be considerably deficient in salary, because of the unaccountable cutting down of the Missionary appropriation from \$250 to \$100.

"One-third of the appointments are as much Missionary ground as British Columbia."

*Guelph District.*—ERIN.—Activity must tell; and here an increase of area, appointments, members, and churches, is made a reason with the Quarterly Meeting for recommending, as the Rev. S. Wilson states, a division of the Mission, for the good of the spiritually destitute on the frontiers. Facts in the Rev. N. Brown's report of Rockwood are very instructive.

"Heavy Church debts unwisely contracted in the early history of this Mission, and other causes of long standing, are proving disastrous to our interests. A fair proportion of our small membership supports all the institutions of the Church with a freedom and liberality that would do credit to many a place having a better name. Through the blessing of God, I have been enabled to attend nearly every appointment, and hearers at some of the appointments have increased. We have organized two Sabbath Schools, which are in a flourishing condition."

BERLIN.—Reserving part of the Rev. R. L. Tucker's important report for the German department, it is sufficient for us to say here, that with his additional congregations, members, and churches, and efficient officials, he has reason for saying, "Assistance from the Missionary Fund for another year or two, with prosperity, will place this Mission among the Circuits." There has been a living seed sown at WELLESLEY, and the Rev. J. Crane is grateful for productiveness.

"My worthy colleague has, by his industry and amiable christian and ministerial character, not only won the affection of his brethren, but has been abundantly useful in the conversion of sinners, and thus the duty of superintending has been materially relieved. We have purchased during the year a lot and house for a Parsonage, and paid upon them the sum of \$150, so that for the future the Mission will be relieved from the payment of rent. We have also made a commencement of a stone church at Crosshill. But the hard times will compel us to postpone the erection of it till next year. Dur-

ing the year God has graciously visited this Mission with His quickening grace. We have admitted into the Church on trial, during the year, eighty-seven persons. Three of our most devoted members have gone to rest with the dead, since we came to this field. Some have removed to other parts, others have been dropped—yet we realize an increase of about fifty-seven.”

At ELMA there is no aggregate accession of members, yet some persons “have been led to repentance,” and others have “returned again to the stronghold;” there has been financial embarrassment, yet a church has been dedicated, and another is being built; and the Rev. John Sanderson says, two Sabbath Schools have been commenced. Amidst untoward circumstances, the Rev. A. Milliken can in an encouraged spirit thus write of WALLACE:—

“In answer to the earnest prayer of God’s people, the Holy Spirit has been poured out. We have admitted on trial about 50 persons during the year, (the most of whom have passed their probation, and now giving evidence of stability and faithfulness), so that after making deductions for removals, excisions and deaths, we are able to report an increase of twenty. Two new classes have been formed. The means of grace at most of the appointments have been well attended, our congregations have been good, and at one of the appointments the friends are preparing to build a church, in which they hope to be able to worship God next fall.

“This is truly Missionary ground. The roads are generally bad, the people generally poor, the clearances new and small, and in common with other places their crops (never large) have proved either partial or total failures, so that some of the people cannot obtain seed during the present spring to sow their land and some families will have a difficulty to find the necessaries of life until next harvest. Some of our own people having lost nearly all their cattle during the present spring through disease and the severity of the past winter, leaving them in some cases without *even one cow*, consequently they are dependent in a great degree for the Gospel on the liberality of the friends of the Mission cause, and the generous grants of the Missionary Committee. And no people are more willing gratefully to acknowledge their growing obligations to the Missionary Society of the Wesleyan Methodist Church.

“On the whole, your Missionary is thankful to have been allowed to labour during the past year among the poor but kind people of Wallace.”

*Goderich District.*—MITCHELL.—The facts sent by the Rev. Asahel Hurlburt will make many readers think this Mission is but a step from the honours of a Circuit; and receiving no report last year, they are given with little curtailment.

“This field was permanently occupied by Wesleyan Ministers about ten years ago. It embraces more or less of the Townships of Fullarton, Hibbert, and Logan, with the village of Mitchell as a centre, in the County of Perth. The population is almost entirely European, the prevailing element being English. This part of the Huron County has been settled more than twenty years. There is preaching in Mitchell twice every Lord’s day. There are nine out appointments in which there is Circuit preaching once in two weeks, the alternate Sabbaths being generally supplied by local aid. In Mitchell there are four classes. We have at present a membership of 250, and though a considerable number of conversions occurred during the past year, yet we report a small decrease, through various causes.

“We have four churches on the Mission, with one more in the course of erection. There are two other neighbourhoods in which churches are required.

to meet the wants of the congregations; and it is believed with a year of prosperity in the agricultural products of the country, it would not be difficult to engage our people to undertake this good work.

"We are now engaged in very desirable improvements on the church premises in Mitchell. Several families for two or three miles around attend worship in the village. A shed for the accommodation of the horses &c., is required. We have undertaken to build 50 feet of shed with a stable for the Minister's horse; and also a respectable and commodious brick Parsonage for the Minister's family. The whole to be completed in October next.

"Our congregations are good; our societies in peace; and in many of the classes a good degree of spiritual life; and our connexional collections, on the whole, in advance. With the improvements mentioned, in the course of a short time, Mitchell will be one of the most desirable stations in our western work."

STRATFORD is considered by the Rev. J. Hugill "comparatively weak" on account of removals, yet in religion "generally healthful." In finances under pressure, the people have "done nobly;"—interest paid, debts reduced, and a church erected. The Rev. O. H. Ellsworth has been favoured with conversions, good congregations, and devout members at BAYFIELD. Crops failing for two years, pecuniary returns are small: still, ere long, he has hopes that the Mission will take a Circuit rank. WAWANOSH is reported having enlarged congregations, a healthy membership, six Sabbath Schools, Connexional funds well sustained, though Class proceeds very deficient; and the Rev. T. Hadwen feels the removal of several families, having official members in them, and deploras the injury to our cause by the ineligible locality of his churches. The Rev. D. Connolly, at KINCARDINE, has an advance in piety and Methodism, yet, by droppings and removals, reduction in numbers; and though a church is building, finances are unfavourable, after some failure of crops and markets. TEESWATER is a hard Mission, in the opinion of the Rev. J. Hough; nevertheless his members are increased, as are church erections. OF AINLEYSVILLE, the Rev. T. Robson writes like a happy labourer,—a beautiful church built, another going up, a third internally improved, finances advancing, and, what is better, congregations are increasing, "the members generally are growing in grace," and, as he says, "the last year have had a mind to work." HOWICK facts from the Rev. E. Craig in part give pain: a great decrease of members, 36 having been dropped, and 34 removed, etc.; funds advanced; church property improved; and lately some 26 souls converted. Though a Parsonage debt at BLYTHE is troublesome, the people are determined, and the Rev. C. Bristol, B.A., is gratified that eight classes meet regularly—two new ones; three Sabbath Schools have been organized, two churches are in progress, and three or four more are needed. The details from this District being, as reported,

very much alike, it is not necessary to give them fully. The Rev. E. W. Frazee writes well of LUCKNOW.

"During the year *three* new appointments have been taken up, one five miles, and each of the remaining two, four miles distant from the nearest preaching station of our own or any other church. Our older appointments, with two exceptions, have largely increased in interest and attendance, and somewhat in membership. A class has been established at Lucknow, which though small is encouraging. Some preliminary steps have been taken in organizing another at one of the new appointments, but there has not been sufficient trial to warrant including them in the returns. Twenty-two members have been lost to the Mission during the year, by expulsions, removals, and defections from the Church, but when their places have been in most cases more worthily filled, we have a net increase of seven with a better prospect for the coming year.

"One new church began during the term of my predecessor has been made comfortable for Divine service, and the opening prayer has been graciously answered, in that souls have been 'born to glory here.'

"The churches would have been built, or at least been in course of erection, but for the extreme hardness of the times arising here from a failure in the crops, low prices, and the difficulty of getting the little produce to a profitable market. The finances of the Mission have suffered severely from the same cause, though our Missionary receipts, through the liberal and cheerful contributions of the Society's friends outside the church are far in advance of last year. The other Connexional funds barely retain their former position, and your Missionary suffers a most embarrassing deficiency of more than two hundred dollars. Though there are eight appointments, there are but seventy-eight members, from many of whom little or nothing in the way of Church contributions can be realized. Many of the people, and some of our own members, are almost without the necessaries of life. In consequence, this is most emphatically a *Mission field*, and is at present almost wholly dependent upon the bounty of the Society. The Circuit receipts scarcely cover the local expenses. But there is a promise not only in the inspired word, but in the prospects of the Mission, that the 'bread cast upon the waters shall be found after (not) many days!'

*Owen's Sound District.*—From OWEN'S SOUND no report has been received. At HOLLAND AND SULLIVAN the Rev. W. Norton is thankful his appointments, classes, converts, and contributions are increased, and asks, "What is toil!—no matter how severe—when we see the word of truth made a blessing to those who hear it?" Obstacles try the Rev. W. Hay at ST. VINCENT, and yet he writes cheerfully of new Sabbath appointments, pastoral visiting, souls brought to God, an increase of 30 members, and growing collections. Protracted meetings at THORNBURY have "done good," as have ministerial quarterly visitations of the classes, and therefore are not surprised at the Rev. W. R. Dyer's testimony to the people's coming nearer to the Methodist system, and sustaining monetary matters. E. Barrett, Esq., gives a church lot in Thornbury. PAISLEY is thus reported by the Rev. G. Jacques:—

"Your Missionary would humbly present his ascriptions of praise to Almighty God for the mercies bestowed upon himself and family. While our term of labour here has been characterized by many difficulties and hardships arising from the newness of the country, the straightened and embarrassed

circumstances of our people, and other causes, it has been marked by many blessings.

"During the year we have taken up some new appointments in Bruce and Grenock, and held several protracted meetings. Our special services were not as successful as could have been desired. We have received a few on trial, and in Port Elgin have organized an interesting class.

"Our cause is progressing in Paisley, but we labour under great disadvantages for want of a church in the town. The crops having failed the past two years, our finances are not in a flourishing condition. My excellent colleague and I have been labouring harmoniously together during the year. There are many kind and noble-hearted friends on this Mission. May God bless them, and may their number greatly increase."

At ARRAN, the Rev. I. B. Tallman says, "We return a decrease of nearly 50 in our membership." He regrets the illness of his colleague, the effect of a financial crisis, and is encouraged by his remaining members being faithful. There has been a "gracious visitation of the Holy Spirit" at HANOVER, and the Rev. W. Cross can report 64 persons taken on trial, the formation of two classes, the building of a church, and a lot for another given by J. Walker, Esq. The Rev. I. Baker observes, "The DURHAM soil is not very well adapted to the growth of Methodist plants; yet, we would indulge in the hope that the Mission is progressing." This it is. There are some drawbacks in the MOUNT FOREST AND ARTHUR field: still, the Rev. S. C. Philp, Jun., states, "The congregations are increased to some extent. On the whole, facts indicate an increase of interest and spirituality, especially at Mount Forest. We believe that we have not spent our strength in vain." ARTEMESIA. No report received. In the Rev. W. J. Hewitt's first report of HORNING'S MILLS, he says, "We have found this a kind, and according to their means, a liberal people. Our prospects as a Church are much better than when we took this field of labour. Our congregations have been generally good. We have had some tokens for good." KEPPEL is another new Mission, and the Rev. R. Large has already nine appointments, and the membership has risen from eight to forty-seven, amidst the disadvantages incident to a work with no churches, except a small log one just put up by settlers not oppulent. The unusually prosperous and happy condition of BRUCE MINES will deepen the regret of many, that a devastating fire should in a moment have for the present terminated the household comforts, and greatly interfered with the religious enjoyments, of a respected people. The Rev. J. Hutchinson writes,—

"Your Missionary in presenting his report, this year, is led to exclaim—'What thanks shall he render to God for all the joy, wherewith he joys, for the sake of what God hath wrought amongst us!'

XXXV

festations he has witnessed of the Gospel being the power of God unto salvation. Scores wounded by the Spirit's two-edged sword have been by Gilead's balm restored; and he trusts, that the members generally are becoming established in their hearts, unblameable in holiness before God.

"Statistics of numbers under ordinary circumstances are not much to be depended upon; and the less so, where, as is the case here, the people's habits are migratory; with this allowance he may state, that there is an increase of more than 100—so that in number the Mission stands 130. These are divided into seven classes, led by five brethren and two sisters, who, I am happy to believe, are striving to 'feed the flock over which God hath made them overseers.'

"A warmer-hearted, a more zealous-minded, and a more liberal-handed people, I have not met with; to extend God's work, and promote the comforts of their minister, appear to be the two lessons of the life of these Cornish brethren. This year they would have sustained their minister, but have contributed upwards of \$200 towards the erection of a very neat and comfortable Parsonage.

"We here feel the disadvantage of not having a place of worship, where, without control, we could carry on our own ordinances; but circumstances forbid it to be otherwise. Thus we feel it a duty to make the best of what we have, and God herewith has been pleased to bless us, and make us a blessing."

*Barrie District.*—**HOLLAND LANDING** is said by the Rev. A. Drennan to be a field where there is kindness with labour and conflict, and the Lord is remembered for help in church building and lessening of liabilities; most for souls gathered. No report received from **ORILLIA**. There is not much religious or material progress at **FLOS AND MEDONTE**, though the Rev. D. Hunt has had the pleasure of a church opening where sanctuaries are few; but, says he, "The field appears white unto the harvest." At **PENETANGUISHENE** Popery and Puseyism make the soil too sterile for much spiritual growth, or a lay agency; and yet the Rev. R. Thompson states, that the congregations are attentive, and some persons support the cause. **COLLINGWOOD.**—In the Rev. Charles Fish's first year at this town he enjoyed a spiritual harvest; and during his second year of manly effort he had harvest still, while gathering the sheaves of a worthy people's sympathy and generosity on many a Circuit; and when he parted from his attached charge, his eye could rest on consecrated walls, in which are garnered the gifts his own perseverance and faith obtained, and in after life he will rejoice that his Master's infallible law is, to bring good out of evil.

"The return of members and Connexional funds for the Conference year of 1863, indicated bright skies and cheering prospects. The membership, including those on trial, was more than trebled, and funds were in advance.

"Since that return our Church and Parsonage have been consumed, and several families of our best supporters have removed to other Circuits. Under the guidance and blessing of God, however, another, and more spacious and substantial and beautiful Church has been erected, with Lecture room and Class rooms in the rear.

"It has been a year of toil for your Missionary, and of great sacrifice to his family: but the Lord has sustained, prospered, and greatly blessed. We go to another field of labour: truly 'one soweth and another reapeth.' It is all

right! The will of the Lord be done. May the God of Israel abundantly bless the coming reaper."

At NOTTAWASAGA the extent of the settlements required a second preacher; one was sent, and the Rev. S. Down says, "We now have thirteen appointments, seven classes, and some members at other places, but too few at present to form classes. Our Classes generally are in a good state." "All our funds are increased." "We are building churches at different places;" though the people generally are not wealthy. No report received from MUSKOKO.

*Whitby District.*—The Rev. C. Silvester reports the congregations, funds, and prospects at PRINCE ALBERT to be favourable; and though 58 members have removed, died, or been dropped, states that the Quarterly meeting has determined on not asking another Missionary grant, except for the Indians at Schoogog. POINT MARA is rewarding the attentions the Rev. G. H. Cornish says have been given to it.

"Two years have rapidly passed away since we entered upon the labours of this youthful Mission, and on their review we see much for which to praise God. The interests of our Church are progressing, appointments and members increasing, and an additional labourer is needed. My predecessor left for me three regular and two occasional preaching places. Now we have eight regular and four occasional preaching places, making it necessary to visit six townships instead of four. We have received into the church 63 members, but have lost by removals to other Circuits, &c., 45; so that our net increase is 18. The Connexion funds have been well sustained. Our people wish the townships of Carden and Dalton to be annexed to the Coboconk Mission, on account of the inconvenience of crossing the lake from this side, and ask an additional labourer for the four remaining townships, believing that if religious services could be held oftener than once in three weeks, a larger amount of good would be accomplished. We have been invited to preach in other places besides those seven new appointments we have taken up, but from the extent of our work, distance between appointments, &c., we have been unable to comply."

Because of his sickness, third failure of crops, and removals, at MANVERS, funds are rather less; but the Rev. G. F. Richardson has been successful in a special effort, and the converts are steadfast. We have received no report from STOUFFVILLE.

*Cobourg District.*—No report received from SEYMOUR. The brief report of HASTINGS from the Rev. D. A. Perrin, B. A., is in evidence, that christian efforts with unanimity obtain the Divine approval, and promote human welfare.

"This Mission was constituted a separate Mission at the Quebec Conference. The great Head of the Church has been pleased to give us marked progress during the year. Some precious souls have been converted to God, all of whom remain faithful. The membership has increased from 44 to 68. In Hastings, one neat and commodious brick church was erected, worth \$3000, which is mostly met by subscription. Our congregations are increasingly good, and a lively interest is now taken in our beloved Wesleyan cause. To God be all the praise! "The best of all is—God is with us."

*Peterborough District.*—The Rev. S. C. Philp writes, as last year, of a people at LINDSAY—town and country—who have learned by the great Helper to surmount loss and discouragement, and the pastor thanks Him for additional members, hearers, and pecuniary efforts, and the prospect of a new church, and expects the Mission will next year cease to receive a grant from the Missionary Society, to which it acknowledges its obligations. LAKEFIELD AND WARSAW is an extensive field, and needy, yet evidently, the Rev. E. L. Koyle thinks, deserving “the warmest sympathies of the Missionary Committee.” The Missionary lost his horse; the considerate people soon supplied his place with another. The boundaries and blessings at BOBCAYGEON AND SILVER LAKE are extending, and the Rev. David Hardie tells of new settlers, new appointments, and two new churches, already making four on this Mission. What the Rev. W. Short says of MINDEN is a specimen of first progress in a rugged course.

“This Mission is very much cut up by rivers, lakes, mountains, hills, ledges of rocks, and swamps; consequently, much hard travelling has to be done. The members live far apart, in five townships, and some of them have preaching only once a month. In their trying to live here, they have many hardships, and their privations are numerous. In view of the above, and other circumstances, we have succeeded better than we first anticipated. Many of our meetings have been attended with special Divine power; a protracted meeting held at one of the appointments where a class of 15 has been formed, and the last quarterly meeting, one of the most melting, encouraging, elevating and blessed that I ever attended. The Mission has raised towards the support of their minister \$60, and \$37 in behalf of the Missionary Fund. We have now 24 full members, and 16 on trial.”

The Rev. W. Sheridan says of FENELON FALLS, “Our great drawback is, that we have no church property.” Sabbath desecration abounds, and nearly all the denominations surround him; nevertheless, he witnesses true Methodism, instances of liberality, and hopes soon to have a church and parsonage. At COBACONK, in a year of “hardship and toil,” the Rev. P. Campbell has had health to take every appointment; has had 38 conversions, most among lumbermen, and some believers have obtained full salvation; he has preached at new places, and visited nearly every family on the Mission: has growing finances, and projects a new church on his “rocky, river-begirt, and lake-bespangled Mission.” HAVELOCK is another field with asperities, requiring the Methodistic culture which the Rev. E. Morrow, B.A., satisfactorily thus says it is receiving:—

“There are as yet no churches of any sort here, but a goodly supply of comfortable school houses, in all of which we preach, admirably serve present purposes. The lumber trade has, year after year, put considerable sums of money in circulation; and now that the rocks are disclosing their hitherto hidden treasures in the form of copper and iron ore, bright anticipations are

being indulged in by the inhabitants. The population is entirely Protestant, with the exception of one family, and is in general very friendly to Methodism. In most of the neighbourhoods our services are usually attended by representatives from every family, who always preserve the best order and decorum. Among the young people especially, there is a strong desire regularly to attend religious services.

"As regards advancement, *connexionally* and *spiritually*, we think some has been made. We have taken up two regular appointments, besides occasional ones. The congregations, have numerically increased in nearly all the settlements. When we came, we found but one school in operation; immediately we established two more, and at present there are five established. In one neighbourhood—Garrison's—where there never has been heretofore a Sabbath School, there is now a vigorous one of upwards of 30 scholars, and a full and efficient staff of teachers. Several dollars have also been subscribed towards obtaining a library. A year ago there were but two Wesleyan Methodist classes; now there are five; there were no prayer meetings; now there are three or four. The membership has also been increased. There were returned a year ago 48; now we return some 70, including those on trial. The blessing of the Lord has attended the regular services, as well as the special efforts which were put forth during the year, and several new recruits, mostly young persons, have enlisted in our Master's royal service. We have had no Local Preachers to assist, which has at times been felt as a serious want; but two brethren, in the capacity of exhorters, have occasionally served the cause.

"Sabbath visiting, and its almost legitimate consequents, have been evils which frequently called forth our reprimands. However, the reading of Wesley's sermon on *evil speaking*, with sundry comments by way of application, did good in the several localities. Financially also, advancement has been made. The various connexional funds have been attended to, and there are returns towards each. The Missionary subscriptions are more than four times those of last year."

*Belleville District.*—The Rev. Michael Baxter says of MARMORA,—

"This Mission has again been inconvenienced by the appointment of a Minister long afflicted, and who had in February to leave the field. The congregations have continued very good, and serious; and the Connexional funds on the whole are a little in advance of last year. One new class has been commenced with great promise of future good, and an opening for another if there was a leader on the spot. Although we return fewer members than the past year, yet we consider the Mission in quite as good a condition as formerly."

From three Missions, FLINTON AND ADDINGTON ROAD, MADOC, and HASTING'S ROAD, reports have not been received.

*Kingston District.*—GANANOQUE is on the whole encouragingly reported by the Rev. J. Roy.

"Failure of crops for three successive years has seriously impaired our finances; though the contributions from the village are double what they were last year, and very far beyond those of any previous year. Services have been held in the village twice each Sabbath, to the benefit of our interests. Improvements have been made on the church and parsonage property, to the value of \$150; besides which, stones and sand are ready for the erection of a new church, at a country appointment, on ground presented by a gentleman of another denomination. The children in town and country have been regularly met for catechetical instruction, prizes having been given for proficiency. A Sabbath School has been commenced in Gananoque with fine prospects. The character of future Ministers will largely decide whether Wesleyan effort for the good of the people shall be a success or a failure."

It is not agreeable to the Rev. A. Campbell, 2nd, writing of BREWER'S MILLS, to state that twenty members have removed, and thirty-two been dropped, and only eight been received from the world; but it is pleasant to have local and connexional finances bettered, and four churches commenced by his predecessor, now in use, and a comfortable brick parsonage erected. The Rev. R. Mark's facts from TAMWORTH show progress.

"As the Report read at the District Meeting, last year, failed to reach the General Superintendent, we will review the last two years.

"In June, 1862, we found a compact Mission, consisting of six appointments; we at once extended our operations thirty miles, into two new townships. Our two last harvests have been almost total failures, impoverishing the farmer, and draining the resources of the merchant, manufacturer, and mechanic. We have been excluded from two school houses, by those unfriendly to us as a denomination. Still we have great reason for thankfulness and encouragement, for, in order to place the work on a permanent footing, we have secured in the new part of the Mission three church lots, of half an acre each; and in the village of Tamworth, we have, during the year, obtained an acre and a half of land for church and parsonage purposes. One new church has been occupied since February, 1863. We confidently expect two more will be dedicated to God before this report will be issued from the press.

"There is a felt necessity for a larger Church in Tamworth, in order to meet the wants of an increasing congregation. A respectable sum has been guaranteed for that object. On our Parsonage lot we expect material secured for a Minister's dwelling will assume the form of a house the present year. Our Circuit income for two years past has increased at the rate of 200 per cent. per annum.

"Our Kennebec and Tamworth Camp Meetings, and our special services, were seasons of extraordinary power, and have resulted in the conversion of scores of precious souls. Our present membership is nearly double what it was two years ago. Throughout the entire Mission, without a known exception, there is perfect harmony of feeling between your Missionaries and their people. May God continue to bless our Tamworth Mission."

FRONTENAC.—"After much delay and difficulty," the Rev. R. Godfrey writes, "we have succeeded in re-establishing all the former appointments, and pushing our way into a new settlement, where the Gospel had never before been preached;" and he is rewarded for his energy, in conversions, increase of members, and two new Sabbath schools. DENBIGH.—Laudable exertions are made here to secure church and parsonage property, and to support the Missionary, and relieve the Mission fund. The Rev. S. Conner states that there is an increase of population, and also of Church members.

*Brockville District*.—Of WINCHESTER these particulars are sent by the Rev. J. Howes:—

"In the midst of our discouragements from disappointment in not finding the members reported, the God of Missions has been with us, and we held special services at three appointments. These efforts, in connexion with the regular means of grace, resulted in the quickening of our members, as well as members of other churches, and the hopeful conversion of a few souls. Our congregations are good; I am informed some of them much larger than last year. Our Connexional funds are in advance. Our friends have raised \$200 more

than last year, for the support of your Missionary and family, besides \$200 in subscription, and ready cash, towards liquidating a debt on one of our churches; also additional property, and improvements, to the amount of \$ 00; we therefore feel thankful and take courage."

No report received from CORNWALL. The Rev. J. Whiting has seen good signs in the new work at ROXBOROUGH.

"This Mission extends from Cambridge to Charlottenburg—a distance of about 40 miles, and embraces five Townships in the three Counties of Russel, Stormont, and Glengarry. Sabbath preaching has been given during the past year to the people of six different localities. As no church has yet been erected, we obtained in Finch the use of the Town Hall; in West Roxborough a good log school house, and at the other appointments the services were conducted in private houses. At all the places the congregations were good, but a great deal of prejudice exists against our distinctive usages and means of grace. This indeed appears to be the main obstacle to the progress of Methodism in these townships. But when the prayer of my predecessor is answered, and God's servant can in faith prophesy; 'Come from the four winds, O breath, and breathe upon these slain that they may live!' then these extensive fields of dry bones shall start into life, and the 'wilderness shall bud and blossom as the rose.'

"Twenty-eight members were on the Mission at the commencement of the year, and thirty-seven at its close. We were thankful for even a small increase, but the longings of our soul for a large out-pouring of the spirit were not realized. May the showers of grace descend during the coming year. Your Missionary being unordained, he was assisted, in the most prompt and cheerful manner by Brother McLean; and his administration of the ordinances, and visits at the Quarterly Meetings, were highly appreciated, and will be long remembered. The Missionary Meetings were of an interesting character, and indicated an increasing attachment to our cause."

*Perth District.*—From the Scotch and rocky region of LANARK the Rev. S. Teeson can send the statement—and he does it with gratitude to God—that he has "extended Mission operations southward and westward," and he notices "a growing disposition to attend the ordinances," and support our funds. The Rev. W. McDonagh says explicitly of SHERBROOKE AND OSO, "The membership seem to have grown in grace, and in devotedness to the doctrines and usages of our Church," "Connexional funds have largely increased," and a kind people have "built and dedicated a large and commodious house of worship." The Rev. G. Case has good reason to rejoice in success at PACKENHAM AND ARNPRIOR—the Lord has been there, souls have been saved; attendance on means tolerably good, and "a beautiful church" been dedicated. No report is received from FITZROY HARBOUR. The Rev. J. Masson, from the banks of the Rideau, thus reports NEWBORO' AND BEDFORD:—

"Although we have not been cheered by witnessing extensive revivals on this Mission during the year now closing, we have seen some signs of prosperity. The congregations at most of the appointments are improving, and two new appointments have been taken up. A valuable church site, on which we intend building without delay, has just been secured; and the contributions to all the Connexional funds are far in advance of former years. *Ottawa District.*—The Rev. J. Slight notes at TEMPLETON "spiritual health," no lessening of numbers, Missionary liberality increasing, and a prospect of "new openings" for preaching. NORTH WAKEFIELD.—Limited space prevents the entire insertion of the Rev. G. J. Dingman's cheering report of revival and exploration.

"The closing year has been a gracious one for this Mission. A succession of revival services has resulted in about one hundred additions to the Church. A large proportion of these have been young persons, members of the Sabbath School. In several instances, where the parents had been members of the Church, all their children have been made wise unto salvation; not a hoof has been left behind. What hallowing and delightful scenes have we witnessed! During the year we have succeeded in instituting one Sabbath School, and securing for it a suitable Library from the Book Room, and we have laboured to the best of our ability to keep the other Sabbath Schools in a thriving condition, and find them in general to be characterized with prosperity. Our Local and Connexional funds will be considerably in advance of last year, the Missionary fund especially. At the Tacote we have secured, by deed, a plot of ground with a building upon it enclosed and floored, which we are completing for a church. Nothing could be more opportune than this.

"In the last week of March, accompanied by Brother Steele, I made a journey to the Desert (pronounced Dezare), one of the Hudson's Bay Posts, 70 or more miles north of this; 100 from Ottawa. Brother Steele (Thomas Steele, Esq., lately from England, sojourning for a time in this country, in order to fulfil his mission in bringing many sons and daughters to God and to glory,) having passed the winter with us on the Gattineau, and, with a strong arm, until his health failed, laboured in the revival, when in a state of convalescence was anxious, as well as myself, to visit the Desert, and accordingly, as intended, we made the journey. We hope our visit to the Desert, &c, was not in vain. According to invitation I intend to return in summer. Allow me to close with the remark, that this wilderness place has been made glad, and in some places is budding and blossoming as the rose."

No report received from LONG ISLAND LOCKS. The Rev. E. E. Sweet tells of good at OSGOOD, there being "financial, numerical, and spiritual prosperity;" the quarterly receipts have "greatly increased," as have his members by 39, so that he has sorrow at leaving an affectionate people. At RUSSELL the Rev. A. L. Peterson has additions in the classes, a new and commodious parsonage built without debt, and is looking for baptismal showers. The Rev. R. A. Adams writes of PLANTAGENET as a "sterile field,"—yet it is scarcely so, where there is "increasing respect" for Methodism, additional appointments, three Sabbath Schools "in successful operation," and other satisfactory indications. On the GRENVILLE field there is a people willing to sustain the cause, as the Rev. J. Hill observes, but at present only able to do it in part,—yet in finance there is advance. There is a more vigorous piety, and good attendance by the

inhabitants of the mountains and the valleys: but "the want of a parsonage, and comfortable places to worship in, militates against the prosperity of the Mission." The Rev. S. E. Maudsley in reporting ARUNDEL informs us of his congregations being "scattered over mountain, river and lake," and of vital seed once sown by the late "Dignam, and Armstrong," and of recent conversions, and of settlers wholly dependent on Methodism for the Gospel, one of whom has taken care of his horse this year, and another given twelve acres of land to the Connexion. The Rev. J. B. Keough's particulars from LOCHABER are not numerous, but satisfactory, and here, as elsewhere, it has long been evident, that named old friends of our Missionary Society do not confine their liberality to Montreal.

"At the close of another year, we rejoice to say that, notwithstanding many difficulties, we have had some spiritual prosperity. We have taken in during the year about eighteen new members; and one promising appointment has been taken up during the last winter, and at some of the old appointments the congregations are larger than they were a year ago. We have had lately, through the generosity of Messrs. J. A. & H. Mathewson, the almost gift of a good and commodious Parsonage, and a Room for preaching in, with one acre of land in the village of Thurso."

*Pontiac District.*—Of PORTAGE-DU-FORT the Rev. J. Kiernan thus clearly writes:—

"This young and interesting Mission is situated in Lower Canada, upon the banks of the Upper Ottawa: Portage-du-Fort, the head of the Mission, is an incorporated village, and promises to be the most important place in this section of the country. The majority of its inhabitants are Roman Catholics; most of whom are intelligent, respectable, and friendly towards us. The work has been steadily advancing since the commencement of this Mission, four years ago, and this year, thanks to God, we can report progress. There is a small increase of membership; all our Connexional funds are in advance, and the Missionary collections over one-half more than last year; our congregations, considering the relative number of Roman Catholics, are good and the largest of any Protestant denomination in the village. We are building a parsonage and stable, which, when finished, will be worth \$1000, and free of debt. There are six preaching places, and four classes, which occupy the attention of your Missionary. On the whole, we are encouraged, and hopefully look forward to the day when the 'little one shall become a thousand, and the small one a strong nation.' 'May the Lord hasten it in his time!'"

From WESTMEATH the Rev. R. M. Hammond's report is of a hearty people—three churches going up, not at the expense of the Superannuated and Missionary funds; the membership has accessions, and the Sabbath Schools are prosperous. Notwithstanding the Rev. S. Huntington's long affliction at RENFREW, the worthy local preachers sustained the appointments, a revival took place, and Church members, and Missionary subscriptions, were increased. Regardless of delays and opposition at BRUDENELL, Mr. Rose has laboured, and persons have become members, and there is progress in preparations for houses of worship. The Rev. J. V. Wilson, of EGANVILLE, states a fact very creditable to his fourteen members,

and one which Missions where number of members.

"The past season has been a development of both sunshine and shade. Together with the ordinary toils of a Mission extending into four townships, we have had to contend with difficulties occasioned by circumstances over which we had no control. But God has not permitted "the flame to kindle upon us." With a membership of 14, we succeeded in erecting a comfortable Parsonage, together with out-buildings, valued at about \$600. Another most important item in this back country is, heavy furniture, stoves, &c., &c. These have been obtained and paid for as Parsonage property. We find the most intelligent part of the community increasingly attentive to the means of grace and Methodism. Our congregations are generally good, and the Mission is in a healthy and prosperous condition."

The range of the ALICE labourer is in three townships, a hundred children are doing well at four Sabbath Schools, several places are visited only by our Missionary, funds are multiplied, temperance is favoured, and what must have made labour rest to the Rev. P. E. W. Moyer, the classes have been enlarged everywhere by sixty converts. The Rev. A. Dowie's facts are in proof that "faithful preaching and pastoral visitation" are divinely approved. He has had peace, increase of members, and of pecuniary means, and christian enterprise is conspicuous in the efforts now put forth for three new churches at ONSLOW. The peculiarities and importance of our Missionary Society's position at POINT ALEXANDER do not diminish, and the Rev. W. Sanderson's visit to the destitute shanties and lumberers on Lake Nipissing last year, and remote localities on the Ottawa this year, invest the Point with the charms of evangelical good-will: and the best honours are those of the christian pioneer, though his is the hardest work.

"At the close of another Conference year, being my third year on this field of Missionary toil, there is cause of thankfulness to the Head of the Church, that during the past year I have not laboured in vain. The indications of good which have appeared has encouraged my heart and strengthened my hands. The adherents of the Church of Rome out-number the Protestants, yet they are friendly, and many of them occasionally hear the Gospel preached, which 'is the power of God unto salvation to every one that believeth.'

"Considering the importance of this outpost of our Church, and its peculiar circumstances, and many influences which retard the spread of vital piety, it will be necessary for the Missionary Committee to continue their support to it for some years. I believe they will be repaid.

"After making up for a number of removals, and one death, I am truly thankful that I am not compelled to report a decrease in the membership. All our funds are in advance of last year.

"Your Missionary spent about four weeks in visiting the settlers on the Ottawa River, above Des Joachim, the River Denmon, the River Mattawa, and Snake Creek, and also the lumbermen's shanties. I believe good was done. To God be all the praise."

*Montreal District.*—The following facts from the Rev. E. H. Dewar are so many reasons why thanks should be presented to the Lord for his favour to St. JOHN'S:—

"On the close of my third year on this Mission I am happy to be able to report some degree of progress. During the year a few interesting cases of conversion have taken place, and the effort for the extinction of the debt on the church property, has been successfully prosecuted. Two years ago this debt was over \$2200. Upwards of \$1800 of this has been paid off, and the greater part of the remaining \$400 provided for. Of the amount raised, above \$800 was contributed by friends in Montreal, nearly \$200 in other places, and the balance by our own people in St. John's.

"Their contributions for the support of the ministry and for our Connexional funds having been exceedingly liberal, according to the circumstances of the people. Several removals have taken place during the year, yet a small increase in the membership is reported; and the large reduction on the church debt, causes our friends here to cherish a more hopeful spirit, respecting the future of Methodism in this interesting town."

HEMMINGFORD, as stated by the Rev. W. C. Henderson, B.A., has had "gracious outpourings" at three of the appointments, therefore men born again, additional members, collections improved, parsonage debt reduced, and the help of a Ladies' Aid Society to furnish it. The Mission of FRANKLIN is cheerfully reported by the Rev. A. Andrews,—thirty-four persons professing conversion this year—all liabilities to the ministers discharged—connexional debts diminishing—the Missionary grant much less, but Missionary subscriptions nearly doubled,—so that with 200 members, and these tokens, he may well intimate the Mission will soon be a Circuit. The Rev. J. Kilgour has been properly thinking of promised seed time and harvest at ORMSTOWN; and while he is sowing, and there are brightening indications in his congregations, Sabbath School, and liberality of the society, he may expect a good harvest to replenish his reduced classes. The Rev. W. Shannon, at CAVIGNALL, deplors the loss of members, the abandonment of an appointment for the present, and the death and removal of others; yet his congregations are unusually satisfactory, and he is sure that his pious people, not wealthy, deserve the sympathy of the Missionary Committee. Wind and tide have been contrary at ST. ANDREWS, and the ministers and friends have our sympathy while they patiently endure, and intermit not their efforts for the honour of Christ. The Rev. W. D. Brown says,—

"Last year we took sixty-one into church-fellowship; still, we only reported two increase. This year more than thirty members and adherents have been lost by removal to one congregation; other congregations have suffered much.

"We have suffered much, too, from the affliction of my Colleague; though constitutionally strong, he was laid aside for weeks by typhoid fever. After his recovery extra means were used for the revival of God's work, but were comparatively neutralized by circumstances over which we have no control. As far as our membership and friends are concerned it has been a year of financial embarrassment. Notwithstanding a deficiency in the Minister's

salary and Missionary income, their is a slight improvement in the Connexional funds. About eighteen months ago, a vestry in connexion with our church in this place, was built, at a cost of about \$200, and with the exception of a small sum, it has been paid by cash and promise."

The powerful revival at WESLEYVILLE in 1863 has left some of its best effects for this year; for the Rev. J. Webster says, "Many of the members enjoy the blessing of entire sanctification:" and to possess and preach it is our sole calling. Still, he adds, "Owing to the changes we are subjected to, from year to year, we regret having to return 30 members less this year than last. Some of the funds have declined, others advanced." The Rev. O. Barber states he has nothing "very special" to communicate respecting RAWDON; he, however, has not performed labour without effect, a number of persons having professed justification, and others sanctification; and though his finances are not equal to those of "former years," congregations are "good." Removals are disquieting; but a society having sanctified souls in it cannot be without prosperity.

*Quebec District.*—The report from THREE RIVERS gives pleasure, concise as the Rev. S. G. Philips thus makes it:—

"On this Mission the past year has been one of prosperity. We have expended in repairs on our church, and in repairs and furnishing our Mission house, \$650. Our Circuit funds are improved. We have had some additions to our Church. In the year we have had one death and three removals. We now report twenty-four full members, and ten on trial."

We have received no report from MELBOURNE. Notwithstanding difficulties, the Rev. E. Barrass thinks his excessive labour is not in vain at SHERBOOKE. Congregations improved—the membership unreduced—financial deficiencies somewhat less impede progress—the work extends—since the report was written a second Missionary has been sent by the Conference.

"The labours of the Minister are excessive. He is necessitated to preach four times, nearly every alternate Sabbath, and generally leads one or more classes, besides assisting in the Sabbath School; these with the pastoral labour, amongst a widely-scattered membership, make this Mission very laborious, though otherwise pleasant."

"The population is rapidly increasing, the mining speculation is very extensive, while Sabbath desecration, especially, and other forms of vice, are awfully prevalent. All our friends believe, that unless an additional labourer can be secured, we shall be likely to loose possession of some places which we have long held. Special efforts are now being made to increase the ordinary revenue, and not without some hope of success. A few friends, not connected with our section of the Church, have assisted our funds in a very liberal manner; amongst others, we cannot forbear to mention the Hon. A. T. Galt, Hon. J. S. Sanborn, E. Clark, Esq."

At EATON the valued superintendent, the Rev. R. Brown, died in November, and his immediate successor states that he hopes there has been no retrogression in religion or finances,—yea, he judges religion is deepening, and finances advancing. The beginnings of

Methodism have the beautiful and beneficial in them, and the Rev. J. Thurston can say at the end of his year on the new Mission of BURY, "There was no class-meeting—only a class in name; but the Divine blessing has been manifested, and we have now 39 members, three interesting classes, six congregations, a quarter of an acre of land for a church, half an acre for a grave-yard, and a quarter as a parsonage lot. Our people intend to commence building a church in the village of Robinson this summer." LEEDS, according to the Minutes of Conference, has 46 members less, the dropped alone being 28. After all, the Rev. E. Fessant is of opinion that his work "is in a healthy spiritual and financial state," and adduces instances of liberality to sustain the funds, remove debt, and add value to church property. It is an important, and certainly much-needed, fact, stated by the Rev. J. S. Evans, that at DANVILLE the members are praying, and making corresponding efforts. He reports a small reduction of members, yet an increase of piety; and we should have been glad had he reported the number of appointments, converts, classes, schools. The sterling and expected particulars transmitted by the Rev. H. Cairns, prove the existence of the spirit of old Methodism at NEW IRELAND.

"We thankfully remember the manifold mercies conferred on us in this Mission by the Head of the Church. The congregations have on the aggregate increased considerably, and all the means of grace have been truly seasons of great power and blessedness. Nine weeks of the year have been spent in special services, resulting in the conversion of forty souls, many of whom united with us in Church fellowship, and after deductions on account of removals, deaths, and want of conformity to rule, we are able to report an increase in membership of 20; 10 on trial; 150 in full connexion, 8 appointments; 8 classes; 8 prayer meetings; 4 Sabbath schools. Most of the new members give satisfactory evidence of their conversion to God.

"Since last Conference the church in Lower Ireland has been pewed, and the friends in Inverness Centre are busily engaged in the erection of a church, 54 x 42 feet. To which they have very liberally subscribed. It is also satisfactory to be able to state, that the sums obtained for the Missionary and Connexional funds are far in advance of those of last year."

The Rev. J. Scott has had his lot cast for three years among a meritorious people at DURHAM, struggling to live, and speaks nevertheless of progress, funds growing, new members on trial, the erection of a church free from debt, and of the Mission still requiring a Missionary grant. DUDSWELL is a trying field to the Rev. W. H. Peake,—money scarce—members few—the community indifferent in attention to means—circuit receipts less—though others better, and congregations fluctuating; but he properly takes courage from the promises of God: and they have often given sun-light to darkness. It is painful not to have received a report from the important Mission of GASPE, nor from ACTONVALE. The labours of the Rev. J. Matheson for three years on the new Mission of

PORT NEUF have been observed with an increasing interest, and his third report now shows increasing good done.

"On this Mission the expectations of last year have been considerably realized. A church is now in course of erection at one of the principal appointments, which is expected to be ready for opening in July. The religious experience of the members generally is encouraging. Several of the members have removed during the year, but others have been added, and eight have been received an trial. The finances are in advance of last year. At the last appointment taken up, and the nearest to Quebec, we have been especially blessed, and from the general religious feeling there evinced now, from the number of Protestant inhabitants in that settlement, which is more than all the other appointments contain, and from the general and deep desire which exists among them to have a Wesleyan Methodist church erected, as soon as possible, the Mission is in a far more hopeful state than heretofore. The appointment at next Conference of an ordained unmarried Minister to this Mission is exceedingly desirable."

*Stanstead District.*—At the commencement of the year, the COMPTON AND HATLEY Mission knew the evils of disquiet and loss. Since then there has been a return of members and hearers, and conversions,—peace is restored, local and connexional funds have improved, and the Rev. B. Cole says that Col. Pomroy has fitted up a very comfortable residence for the superintendent, and is acting most generously. The Rev. J. Salmon, B.A., has had pleasure and perplexity at COATCOKE AND BARNSTON.

"I found a few willing people making preparations to receive the new Minister into a new parsonage which had been lately finished.

"There were three preaching places, two churches, and a school house. Two new appointments have been taken up during the year, at one of which a class of eleven members was formed as the result of a special effort. Class meetings were matters of history only; and probably things would have remained in the same state, were it not that God has blessed me with better health than my predecessor in office, so that I am able to meet the classes myself after preaching on Sabbath at the different appointments.

"In regard to membership, after making allowances for removals and deaths, our members stand exactly the same as last year. Finances are not in the most prosperous condition. The chief cause of this is owing to our close proximity to the United States, whose depreciated currency—better known by the name of "greenbacks"—makes up the principal part of all our collections and subscriptions; so that when reduced to Canada money it is deprived of nearly half its value. This circumstance was materially felt by your Missionary in his allowance."

GEORGEVILLE. We have received no report.—The Rev. Wm. Scales has experienced trial and bereavement at EAST BOLTON, and with these, by God's kindness, "a gratifying improvement in every department of our work"—souls forgiven, souls perfected in love, better finances, more members—all justifying the recent sending of another preacher. The report of KNOWLTON, from the Rev. D. Sutherland, we should like to have room to insert fully,—means "well sustained"—"two neighbourhoods have enjoyed a blessed revival"—new appointments among the destitute—handsome parsonage occupied—Ladies buying furniture. There is a

small decrease of members, but by discipline better Methodists. **SHEP. FORD AND LAWRENCEVILLE.**—The Rev. J. E. Sanderson, M.A., though so engaged as to be sparing of statistics, is doing a thorough Methodistic work, which will undoubtedly create them; for after all the apologetic and unnecessary modern theories to promote our usefulness, all comes to this—the undaunted enforcement of old Wesleyan doctrine and usage, energetic activity, and reliance on the Holy Ghost: then, and not till then, success.

“This old Mission field does not produce fruit in accordance with the labours for many years bestowed. It has been our care to get the Classes to meet, appoint Leaders, and supply them with Class Books. A year ago not a class book was to be found in the Mission; scarcely an individual to kneel in our congregations. We try to maintain old Methodistic usages and discipline. Influential members approve, the Quarterly meeting sustain us, and indications of improvement begin to appear.

“We are ready to open a spacious and beautifully-finished church in Waterloo, our chief centre. Another is begun in the wilderness of “Broomewood,” for both of which much praise is due to my venerable predecessor and our friends, who with unusual liberality seek the accomplishment of these noble objects.”

The short and stirring report from the Rev. J. Davies must have a place, to do **GRANBY** justice.

“Through Divine mercy this Mission has been blessed with a prosperous year. Several have been brought to Christ; our members generally are doing well spiritually. Financially there is considerable increase in the Connexion collections. Our Missionary subscriptions, &c., are more than thrice as much as they were a year ago. Recently an excellent Parsonage has been bought, costing in all \$1200, which is properly deeded, and entirely free from debt. May the Giver of every blessing still more graciously work for the advancement of His glory, in this, and every portion of His vineyard.”

The Rev. H. Fowler has had a decrease of members, and burdensome church liabilities at **FARNHAM**, and yet an increase of interest in class and prayer meetings; the word receives attention; the Missionary income is four-fold; while he and his people have nobly succeeded in paying some church debts,—a laudable and needed act preliminary to the extension of religion. **SUTTON.**—A Missionary Society like ours, Providentially entrusted with many Missions, and honoured with tens of thousands of contributors, is much concerned that all its doings should be known and commended everywhere; so that we fear the Rev. G. Stenning’s laconic sentence will be deemed parsimonious,—though we are gratified he can say, “We have some improvements to report, viz.: a few souls saved, and parsonage property improved \$180.” From the important Mission of **CLARENCEVILLE** we have “tidings of good,” and after a three year’s term of labour, the Rev. T. W. Constable thankfully recognizes the “Divine approval,” and is expectant of the honours of a Circuit for Clarenceville.

"The income from the Mission, though yet small, shows an increase of funds during the past three years over any similar period, while the Mission has been struggling with the cost of a large and expensive church. With a little patience on the part of the Missionary Committee, till the amount of obligation incurred in the erection of the church is cancelled, the Mission fund will be relieved from any further claims"

## FRENCH MISSIONS.

The great, yet not insurmountable, obstructions to the French work prevent at present what are called imposing results; and yet, if success is not always to be estimated by its splendour, but by the imperious enmity which has, with persecution of our agents and people, forbad Protestant efforts, then has there been success, and the esteemed promoters of this work in Montreal, Quebec, Kingston, and elsewhere, will have a lively pleasure in reading the well-written reports of Missionaries (the best we have published) whom they liberally aid to support, and freshen their conviction, that these, and similar Missions of other Churches, must be continued and multiplied, unless christendom is to incur the guilt of allowing the perpetuation of the superstitions and blasphemies of a forbidden hybrid christianity.

GRENVILLE.—Here useful efforts have been made, but no report has been received.

MONTREAL.—The Rev. H. Mauny's report,—which, and those that follow, we publish nearly unabridged, the work being peculiar.

"In presenting to you my second annual report of that part of your French Mission work in my charge, I feel it a first duty to acknowledge our Heavenly Father's goodness and condescension, in looking favourably on the feeble efforts put forth in this arduous section of His vineyard, and I may say where idolatry in its most aggressive form abounds. Since June, 1863, one hundred and two persons have attended our meetings. Our class book for the quarters has been as follows: First quarter 35, second 24, third 32, and the fourth 22. The difference in the number of our members is owing to this cause, that the French people in Montreal, on becoming Protestants, lose their friends, parents, situations, and are persecuted, and obliged to give up their occupations, and great numbers of them go to the United States.

"We have had a great combat with the priests, and I had on one occasion a conversation for three quarters of an hour with one of them, named B——, a learned man from France; but notwithstanding his education, I saw that he was either very ignorant of the Bible, or a great sinner. However, we ought to thank God we have some members who are truly convinced that Jesus Christ is their Saviour, and the only Mediator between God and man; and that priests are what we call false prophets. But the Roman Catholic clerical party is very strong, and sometimes bribe people with money, especially if it is known that our converts have been Roman Catholics.

"The priests do all in their power to take and educate their children. If I had, as I have remarked in my monthly report, a boarding school, I could be very successful; for it is sad to see our children deprived of some of the advantages that they might receive by the Roman Catholic Institutions, where the teaching is entirely carried on in the French language. We have fourteen children who are in seminaries governed by priests or nuns. During my ministry of the past year I baptized four children, and met with many Roman Catholics who appeared astonished that we prayed with so much fervour.

"As I am limited in the length of this report, and as I have given monthly the result of my labour, I will finish by stating the attendance at our services. Sunday morning, Derurere Street, in the school-room at 10½ o'clock, the average number is about twelve persons. This is the first year that French preaching has been established in this quarter, Sunday afternoon, Great St. James' church, the average is about forty-five, and several gentlemen visit us often. Tuesday evening 7½ o'clock, prayer and preaching or instruction, average fourteen, and on Friday 7½ o'clock, p.m., our class book consists for our meetings of twenty-two members; and on trial twenty-three; total forty-five members. The Lord's Supper is administered to sixteen members. I visit every day four, five, or six families. I have given away this year about fifteen hundred tracts, fifty catechisms, also lent Bibles and new Testaments. Several French families have bought Testaments. My visits to the General Hospital were profitable to many poor French people. My constant occupation is to procure work for our people, and, I can say, I am helped in this by many English members. I have translated the twenty-five articles of our religion, and the formulary of the sacraments, ordination of ministers, matrimony, burial, etc., from our discipline book, and all these translations have been printed. The Roman Catholic population gives us some credit for this little work, because they believed that we had no articles of faith or Church rules, but only our Bible.

"I pray God to help me, and give me more and more the wish to pray to Him, for the sake of our Lord Jesus Christ. May the Spirit of God be granted to this country, and that rays of the light of Methodism may shine upon every Roman Catholic."

QUEBEC.—The Rev. J. A. Dorion's report,—which is illustrative of a ready christian zeal:—

"At the close of another year of my ministry on this Mission, your humble and obedient servant rejoices to be able to report to the friends of this Mission some degree of progress.

"Our congregation is not as large as we should expect, on account of thirteen persons of my congregation having left Quebec during the year. Three died in the Lord, two adults; a man and a woman, and a young girl in her fifteenth year; so this leaves our congregation not much larger than last year of regular hearers. But our class meeting has suffered apparently this year more than our congregation, by six of its members having left Quebec. Two died in the faith of Christ, and so left behind them a good testimony that they went triumphantly to heaven; and two have backslidden from godliness, I am very sorry to say; but notwithstanding the great difficulties which we have met with during the year, we are exceedingly glad to report no less membership than last year; that is, fourteen in full membership, and six on probation. There has been in the Mission this year eight baptisms, three deaths, and six marriages.

"In perusing my journal of the year, I am thankful to my heavenly Father that he has enabled me this year to expound upwards of a hundred texts 'of the glorious Gospel of Christ' to my dear countrymen; and also that I have administered in suitable time to my faithful flock all the means of grace of our Church; and likewise that I have made over eight hundred visits among my people, in order to read some portions of the Holy Scriptures and pray with them; and thus always using the most expedient way to imbue their

 meetings, in which some of the new converts have taken a very lively interest  
 and active part. I am very thankful, likewise, to be able to say of my people,  
 that they not only acknowledge the doctrines taught by our Church, and  
 adhere to them with their hearts, but they also feel it to be their duty to help  
 to sustain the interest of her *fabrique*. So we had, besides the regular collec-  
 tions in our congregation, one of \$3 25 $\frac{1}{2}$ c. for the Superannuated Ministers'  
 Fund, and another of \$1 for the Contingent Fund. The first French Mission-  
 ary Meeting on the Mission was held on the 8th of March last, at the preaching  
 house, in St. Roch's, which proved very successful in establishing more firmly  
 the cause of God among us. The collection was \$10 25c, and \$10 36c. were  
 collected for the Fund of the Missionary Society by our own collectors. I  
 forgot to mention in my report last year, that the Trustees of the Wesleyan  
 Church of this City have paid annually a part of the rent of the Mission's  
 preaching house.

"On the 9th of August last, I was called upon to visit, by the consent of the  
 Chairman, the Rev. Mr. Young, a little band of Protestants who reside in  
 Grais, and among whom I spent three days very profitably. On the Sabbath  
 I preached two sermons, morning and evening, to a worthy and attentive con-  
 gregation. It was, indeed, for all, a day of great spiritual blessings. At the  
 beginning of the morning service, I baptized an infant, and at the close of the  
 service I administered the Lord's Supper to the faithful. On Monday and  
 Tuesday I visited several families in that neighbourhood, with great pleasure,  
 and in the evening of Tuesday I preached again with some success. The  
 school-house was notable to contain all the people that came to the meeting,  
 so a goodly number of persons were left in the street. On the 22nd of the  
 same month, I was again called upon by the Rev. Mr. Matheson, from Port  
 Neuf, to visit with him the parish of Val Chartier, and that of Riviere aux  
 Pins; and during that very profitable Missionary tour, I baptized 21 children  
 of various ages.

"While I was visiting those Missions, some person from St. Francois village  
 called on the Chairman of the Quebec District, and inquired of him if I would  
 be able to visit the people of that neighbourhood some time during the sum-  
 mer; but I am very sorry to say that I have not been able to comply with the  
 desires of these worthy people, because it was not expedient to be too much  
 away from my people in this City. It is very desirable that a travelling minis-  
 ter should be procured to visit regularly the people in those poor and isolated  
 villages, who would be glad to have an Evangelist even for a few days' among  
 them.

"What our Lord Jesus Christ said to his beloved disciples, comes very forc-  
 ibly on our mind—'The harvest truly is great, but the labourers are few.'  
 May God give a full success to my Mission."

MAGOG.—The Rev. T. Charbonnell's report; and after the acceptable  
 copiousness of the foregoing statements, our oldest French Missionary will  
 be acceptable for his condensation.

"During the past year some success has attended our humble efforts. This  
 Mission includes seven Townships, which are Stanstead, Magog, Oxford, Hat-  
 ley, Barnston, Barford, and Compton. I have visited about once in six  
 weeks all of them, and once in three weeks some part of them. I have  
 preached regularly twice every Sunday, except in a few instances. I have  
 travelled 200 miles a month, and made seventy visits, diffused thirty-five  
 Bibles, eighty-seven new Testaments, and a number of tracts. A goodly  
 number of families are now furnished with Bibles and New Testaments, but  
 the opposition by the priests of Rome is fearful, and with the lukewarmness of the  
 Protestant part of the community, are two great causes of difficulty to us; yet  
 God will promote his cause, and success is after all attending our work.

"There has been an increase of four members in the Church at Georgeville,  
 and a class of eight in Oxford, with a subscription of \$20 for next year."

SOUTH ROXTON.—The Rev. A. La Clair's report—good brought out of evil by the Lord :—

"The former part of the year has been quite discouraging, owing to a variety of causes. I laboured under pecuniary depression; the result was, I had to perform manual labour, in order to provide the necessities of life for my family, consequently the neglect of the Mission was inevitable. When first I came to Roxton, I found there was prejudice against the Wesleyans,

"During the winter season I received a small donation from Montreal, which enabled me to devote nearly the whole of my time to the work of salvation; the result was, an awakening took place in several localities, but more especially in Berea and Roxton. There the work of the Lord has been quite successful, the aged, middle aged, and youth, have been brought under the influence of divine grace; so that about twenty-five have been converted to God, who give clear evidence of a saving change, seven of whom were Roman Catholics, and four out of the seven range from forty-five to sixty-four years of age; and the leaven of the Gospel is still working among the masses. God grant that the time may soon come when we shall see them flocking to the standard of Jesus Christ by hundreds.

"One Sunday morning, at 9 a.m., we had our Love Feast, the best I think I ever attended. It was a new thing with nearly all that were present. Some who had never seen or heard of a Love Feast wished to know of me how much provision I wanted for the *repast de charite*, and they were ready to bring all I wanted. I told them all I wanted was a little bread and water, the nature, origin, and design of which I explained to them at the beginning of the Feast. At 10½ a.m., I preached from 1 Cor. v. 7, to an attentive congregation of about 125 persons, after which I officiated in the consecration of the elements in the French language, and administered the sacrament to about forty persons. During the entire scene the profoundest solemnity prevailed; many came forward to the Lord's table sobbing and weeping as if their hearts would break.

"We have organized a small class at Stukely Mills. We have also organized another class at Roxton, which seems to be pressing forward towards the mark for the prize. Quite a number are trying to take higher ground in their Christian course in striving to go on unto perfection. Pray for us, that the members composing the French Mission may be baptized with the Holy Ghost."

ST. ARMAND.—The Rev. A. Parent's report of striking conversions, amidst the enemy's assaults :—

"My expectations have not been fully realized in reference to the number of conversions in my large Mission. However, eight persons, French Canadians, I believe have been truly born of the Spirit. But I am greatly encouraged by the change which is taking place in the minds of many of my country people. When my barns were burnt there was a great feeling of sympathy shown for me by them, and feelings of indignation against the man supposed to be the guilty one. Some few of the Roman Catholics have even given me a little to help rebuilding it. It is also true that some have eyes and see not, ears and hear not.

"I preach every Sunday. I have had three series of meetings in union with Brothers La Clair and Stenning, in which the Lord has manifested his presence in the conversion of a goodly number from sin and Satan unto himself. To him be all the glory! The Man of Sin is exerting his power to impede the progress of true religion among my people, telling them that among other things Parent is a dangerous man; that he is the one who first sowed heresy in St. Pie and Roxton, and that he is still busy in making Protestants; running the country over, and calling from house to house. They also tell their people to pour hot water upon the Missionaries whenever they go into their houses. But the blessed Gospel of our Lord Jesus Christ has not lost its power; it is still doing the same work in the hearts of those who receive it as it always did in all ages of the world. It is still the power of God to the salvation of souls."

## GERMAN MISSIONS.

The importance of German Missions in Canada has, it is likely, been underrated, if the large number of Germans, and German-speaking Jews now in the country, and often coming, be considered. If they all held a scriptural faith, and had always a scriptural pastorate, well; but in too many instances even members of Churches coming from neological Germany are rationalists, and too many of no church are infidel or immoral. The Rev. W. L. Tucker, one of our intelligent ministers on a Domestic Mission, in bearing his testimony to the utility of the labours of our German Missionary, Mr. Kappel, at Preston, observes, "It is to be deeply regretted that the German department of our Missionary Society was not instituted at least twenty years ago. Yet even now there are many indications that the labour will not be in vain in the Lord."

HAMILTON.—No report has been received.

PRESTON.—The Rev. S. Kappel writes thus in good hope of future Christian progression:—

"This new Mission has during the year presented nothing particularly striking, but still it has given sufficient evidence that its beginning was not premature or improper. To a very large degree the German population at the places where your Missionary preaches, are dependent on his ministry for evangelical preaching.

"The work has been carried on and increased to as great an extent as your Missionary was able to do it. And his exertions have not been in vain. He has met with the usual opposition from the German population, among whom great prejudice has hitherto existed against Methodism, but which opposition is gradually dying away, and your Missionary now believes that there has been real advance in the confidence and respect of the people. |

"The regular preaching has been kept up in Preston, and the Sabbath School has also been efficiently maintained. Two lots have been secured in a very good position, one the gift of J. Hespeler, Esq., and the foundation stone of a new church has been laid. The building will be finished in the fall, and will assuredly be of great good to the Mission. There will be some debt remaining on it, but we dared not hesitate, although the subscription is not yet sufficient to cover the contract.

"Your Missionary preaches at Roseville and some other places, and has good reason to hope for success. The number of persons now received into the Church is small, but we do not measure our success by this. During the last year we have reason to believe that several persons have been soundly converted, and they have shown such an interest in our cause as gives us much hope for the future."

EGANVILLE.—The Rev. C. Allum has light breaking on his Ottawa field of trial and toil; and it cheers him.

"I entered upon my field of labour with many doubts; but believing that He who is for me is more than all that may be against me. I met with many hearty welcomes from my countrymen, who have about recovered from the

truly freightful state to which they had been reduced by the recent famine. They are an industrious people.

"The scattered position of the different German settlements makes this Mission one of difficulty, and beyond the power of one man to do it justice. The settlements extend from about eleven miles beyond the Madawaska River to about twenty-five beyond the Ottawa, from Pembroke to Arnprior, embracing several hundred miles.

"During the past year I travelled about three hundred miles monthly. I have had my trials like others who work for God, together with prejudice, and other circumstances, which oft weighed down my heart with sorrow; yet I bless God that by his grace I have been enabled to keep my armour bright, and although I have sowed in sorrow, I look forward to reap with joy.

"Already do I see streaks of dawning day upon this valuable, but spiritually dark Mission. Many entertain favourable opinions of Methodism; many, yes many, are seeking to flee from the wrath to come by the New and Living Way. In one part of my Mission a number have given me their names to become members on trial. It will take time to Methodize them into class meeting. In this promising part of my work we contemplate building a small church this summer. They wish me to locate, &c., amongst them. I mention these things to show that they are getting interested in the cause.

"May God bless the German Mission!"

## CONCLUSION.

The Committee respectfully request the attention of all the friends of the Society to every statement, receipt, and expenditure now published; for they have no greater satisfaction than that their proceedings should be well understood and approved by them.

It will appear that the continued and extended efforts of the Missionaries have, as ever in the past, resulted in great benefits to many, spiritually, socially, and materially; that there is no cry of religious destitution heard by them they do not heed; that the progress of the Missions is, in an encouraging degree, proportionate to the progression of settlement in the country; and that "God hath chosen the foolish things of the world to confound the wise;" "that no flesh should glory in his presence."

Though such a recognition of the mercies of the Lord of all is a duty, and the position of the Society is a special encouragement, it is equally the duty of the patrons of the Society to closely consider what christian and necessary acts are only in part performed, and what high objects, therefore, remain to be accomplished. The 177 Missions, and 250 Agents, are numbers, it may be noted, greater than were ever previously reported; and the Missionary zeal and liberality of the Wesleyans are not exceeded in the doings of the supporters of any other Society; yet much of God's work is undone. The local reports we publish show that there is an accession yearly of Missions, agents, congregations, societies, schools,

of all is a duty, nt, it is equally er what christian at high objects, ssions, and 250 re ever previously Wesleyans are not ociety; yet much h show that there societies, schools,

and church erections; but on a number of Missions two Missionaries are needed, where there is only one; and then, there are *many* forest settle- ments which only an occasional religious service cheers, or none at all.

None of our Missions excite the generous sympathies so strongly as the Indian; and none have obtained from the public a more explicit commen- dation; but from Lake Superior to the Rocky Mountains, and from thence to Vancouver's Island, there are thousands of Indians yet without the Gospel, but not without Paganism. They require, and some have long asked for, good and intelligent ordained Ministers at important points, in whose wide ranges of labour their services could be very usefully suppl- emented by a Native Agency. There have been defections in that agency, as there have been in others of loftier pretensions; yet by the power of grace, the Society has from its first joyous Indian conversion, had experi- ence of the usefulness of pious, prudent Native labourers. And whether the sphere of labour be Indian or Esquimaux, French or German, the Committee decidedly concur in the judgment of the Parent Wesleyan Missionary Society, as thus expressed in one of its latest Annual Reports:—"If among the many interesting items of the General Summary there is one that claims peculiar regard, it is that which relates to the Native Agency called forth and employed by the Society. In proportion as such agency is created, improved, and perpetuated, does the prospect of Chris- tianizing the people among whom it exists improve. To this subject the Committee will not fail to give their most diligent attention; and they again entreat all who desire the coming of the Messiah's kingdom to give it the due place in their intercessions."

Besides the pressure which the wise Providence of God has made to bear on the Canada Society in its Indian department, the Domestic, French, and German departments are alike pressed for enlargement. That Providence favours us in the adaptation of our Agencies for home and foreign nationalities; still, the success obtained adds to the perplexi- ties of the Committee's inability, *for want of funds*, to give immediate adequacy to the number of such Agents in any one of its important and prosperous departments.

In appealing to the Society's cordial well-wishers the Committee can- not forget their willing and noble subscriptions and donations from year to year. What advantages have resulted in the families and settlements of Canada! What grace and gladness diffused among the tribes of the wilderness! It is in place, however, to enquire, If the comfort and wealth of God's people are yearly augmented in this favoured British Province, should their liberality be *stationary*?

The friends of the Society in Canada will with great pleasure acquiesce with the Committee when they state, that the Society is under growing obligations to the Parent Wesleyan Missionary Society of Great Britain. We derive continually many advantages from the experience, wisdom, and proceedings of that Society, and its enlarging evangelical enterprises, and continuous successes, beget the wish to follow, as the Lord shall assist us, so distinguished an example. As deserving a very explicit acknowledgment, the Committee have had evidence from year to year of the readiness of the Parent Committee to aid the deficient finances of our Society, and promptitude has always marked the transmission of large sums. Then, the good supply yearly of Missionary Publications and Boxes has, throughout the Connexion, been a source of gratification, and edification. Thus we have been able to prosecute a work in which the Parent Society has ever shown the liveliest interest.

The ever-present question of *extension* demands attention; and while—in Canada, Hudson's Bay, and on the Pacific—the boundaries of human settlements are ever enlarging, the Canada Wesleyan Missionary Society must be a Society for hardy moral explorations,—and finding redeemed men in the “regions beyond,” claim them for Christ, and win them.

To attain so transcendent an object,—with the condition, accountability, and destiny of man full in view—the authority of God supreme with us—we are to act under the promptings of the religion of Christ. Then our adherence to the Gospel's transforming truths is more determined; our sympathy for necessitous men is deeper; love to God glows; love to man, yearning, blesses man; the spirit of intercession, of dependence upon God, of generosity, of energy, is replenished, and soon follow the wonted phenomena, which assure the Church and the world that the Spirit is “poured upon us from on high.” Missions are extended. The Divine Originator of Missions is glorified.
