TO BE HANGED ON FIRST DAY OF MARCH

NEWMAN CLARK IS SENTENCED TO DIE ON MARCH 1

Prisoner Displayed No Emotion When
Capital Punishment Was Announced

Andover, N. B., Dec. 5.—Newman Clark, of Four Falls, was sentenced yesterday to be hanged on March 1, 1921, for the murder of Miss Phoebe Bell on March 25, 1914.

The sentence was pronounced by Judge Chandler immediately after the opening of the court. Clark displayed no emotion on hearing the sentence, and smiled as he left the court room. His mother was present.

The prisoner was obliged to stand when sentence was imposed and as he stood, resting his hands on a table, his body trembled slightly and his face twitched a little. For the first time since the trial began, the eyes failed to stare at the ceiling. They roamed from table to judge, from judge to spectators and when the pronouncement was made that will end his life, unless something intervenes.

REFORMED BAPTIST REVIVAL PROGRESSING SUCCESSFULLY

Meeting of District No. 1 Held with
Hartland Church over last
Week-End

Revival meetings of the Reformed Baptist Church which began more than two weeks ago under the leadership of the pastor, Rev. H. C. Mallon, assisted by Evangelist W. E. Smith are steadily increasing in interest and attendance. A good impetus was given the work by the convening of District No. 1 in the church last week for the regular quarterly meeting. The occasion brought nearly all the preachers of the district and a good many delegates from the respective churches. The spirit was most enthusiastic and harmonious.

Sunday was a great day in spite of the inclement weather. The morning praise service began at 11 a.m. and continued with power and blessing till 12 o'clock. The spirit of the service animated one of the old time camp-meetings. Rev. Smith drew a former pastor, brought the morning message. A strong discourse of the "Christian's Enemies and the Christian's Equipment." The house was filled for the afternoon service when the evangelist preached on "The Danger of Taking a Wrong Attitude Towards the Truth." In spite of most slippery streets and disagreeable weather the attendance at the evening service was large. The subject of the sermon was "The need of reality in religion." There were a good many speakers at the altar for pardon or sanctification, and the service continued till nearly 11 o'clock.

The workers have been encouraged by seeing seekers every night this week thus far. Praise services are being held every day from 11:30 a.m. till 1 p.m. All Christians are wanted to drop in to these informal meetings for a few minutes of prayer.

A great day is anticipated Sunday, for the faith of God's children is rising. The topics for the day will be as follows: The true source of encouragement—10 o'clock; "God's standard for a man"—2:30; The sin that cannot be forgiven—7 o'clock. We invite all Christians to co-operate with us as far as possible for a genuine revival in Hartland. Let us see how much you desire union.

Mrs. A. E. Kuplek of Andover

The passing away of Mrs. A. E. Kuplek cast a feeling of sadness and gloom over the quiet village of Andover. A woman loved and respected by all. Her death has caused a vacancy that can never be filled. Mrs. Kuplek has been in ill health for the past two or three years and has had the best of surgical and medical help available. Loving care and kindness were added to these but all were as nothing. For the past month or more her sufferings have been greater so great that opiates had to be administered. She passed quietly away Thursday morning at nine o'clock and the family and relatives have the heart-felt sympathy of the entire community in their great sorrow. A woman good to all; many will call her blessed. Mrs. Kuplek before her marriage was Miss Harriett Stratton, a sister to Mrs. William Hoyt and Alexander Stratton of Andover and John Stratton in the west. The late James Stratton of St. John was also a brother. Her husband, A. E. Kuplek, survives her, also two step-children, Mrs. A. Herbert Baird of Andover and Mrs. C. Kuplek of New York. The funeral was held Saturday afternoon, service being conducted by the Rev. J. Robinson Belyea, rector of Trinity church of which the deceased was a life-long member and worker. The flowers were most beautiful. A large number of friends met at the home and church to pay their last respects to one so well beloved. Those bearing the pall were N. A. Harrison, D. R. Bodell, D. W. Pickett and C. E. Pickett.

NEWMAN CLARK IS SENTENCED TO DIE

(Continued from 1st page)

Andover, N. B., Dec. 1.—In the case of Newman Clark on trial for the murder of Phoebe Bell at Grand Falls this morning the prosecution was finished and the defence opened. Witnesses for the prosecution were Coroner Ryan, George M. Taylor, Max White, Mrs. Sirois and Mrs. Kearney. Their evidence was all to the same effect, bearing on events which took place the day previous to the shooting, the purchase of a revolver by the accused, and his actions. In opening the case for the defence, Hon. W. P. Jones, K. C., addressed the jury outlining the salient features after which he called two witnesses, Arthur Russell and George Everett, uncle and grandfather respectively of the defendant. They gave evidence touching on his mental condition after which the court adjourned to this afternoon.

At the forenoon session Coroner Ryan corroborated the evidence of several of the former witnesses.

Mammy Sirois, of Grand Falls, said that she was at a house across the road from Herbert Woods and heard the shooting at about 5 p.m. On going over to the Woods' house she found Phoebe Bell on the bed dead and Clark on the floor. The witness produced part of the clothes worn by Miss Bell when murdered.

Monique Martin, in the employ of J. L. White, of Grand Falls, as clerk, on being questioned, testified that Clark came into White's store several days before the shooting and asked Maxwell White for a revolver. Clark was sent to Miss Martin in the hardware department, who showed him two revolvers, a thirty-two and a twenty-two. Clark asked for a larger revolver, but they had none larger. He went to purchase one of the revolvers for nine dollars and the price was ten dollars. The prisoner left the store and went to look for a cheaper weapon. While in the store witness thought the prisoner looked as though "doped." Maxwell White corroborated the evidence of Miss Martin.

G. M. Taylor, of Grand Falls, to whose store the prisoner went from White's, testified that the prisoner tried to buy a revolver there several days before the shooting. The day of the murder, witness said, Clark stood in his store for about six hours and appeared to be looking at the Pelletier house where Phoebe Bell sometimes stayed. The prisoner acted strangely and looked peculiar about the eyes. At 3 o'clock witness happened to be out doors and saw Miss Bell go by in the direction of the Woods' house where the murder was committed. When the witness returned to the store Clark was gone.

Mrs. Herbert Woods, the next witness called and in whose house the murder was committed, was not present and is beyond the jurisdiction of the court. Ida Pelletier swore that at present Mrs. Woods is residing in Carleton Place, Me.

Hon. W. P. Jones in his address to the jury said there was no doubt but that the prisoner was guilty of the shooting, but pleaded that Clark was not in his right mind and therefore not guilty of murder in the first degree.

Thos. Russell of Fort Fairfield, Me., and an uncle of the prisoner's father, was the first witness for the defence. He told of a sister who was in the Provincial Hospital for about a year. Peter Clark, uncle of the prisoner, witness said, shot himself through the head when twenty-eight years old. William Dorsey, great uncle of the prisoner, attempted to take his own life by cutting his throat and was never able to talk plainly again.

George Everett, the prisoner's grandfather, was next on the witness stand. He said that his wife had been sick for about ten years. During this time she acted quite crazy at times, breaking things up generally and running away from home. Finally she got the idea that she was being starved to death, which was not true. A brother-in-law of the witness had a son, a nephew of the prisoner, commonly called "Crazy George Dorsey," who had such habits as wearing a fur coat in the summer time.

Court adjourned at 1 p.m. to re-open at 2:30 p.m.

The first witness called in the afternoon was Forest W. Nickerson, of Fort Fairfield, Me., who told of a night last fall when he went down out of the village into an open field to get a load of boards. He had a rack on sleds. At 9 o'clock when he was leaving the field, looking back witness saw an arm over the edge of the rack. Then he saw a man standing on the sled bent over and looking under the sled. The man kept taking his hat off and when he straightened up the witness recognized Newman Clark. The witness and the prisoner both said "Hello." Then the prisoner jumped off and ran along the road towards Andover.

Mother Gives Testimony.

Almeda Clark, of Four Falls, mother of the prisoner, while on the stand told the prisoner's life story. When about a year old he had fits frequently until three years old when they became less frequent. At nine years he got a fall and had fits again for a year. When fifteen he was thrown from a horse rake and received a scar which may be seen yet. After this fall he had severe pains in the head. At the age of seventeen he was married, later divorced and married again in 1917. Up until two of three years ago he was smart and a good farmer. Then he became melancholy and very forgetful. About this time his house and nearly all his potato crop were burned. A seven-months-old son of the prisoner died of fits.

Clarence Clark, brother of the prisoner, who lives with his mother on the farm next to the prisoner's, corroborated her evidence. The witness on being questioned denied having heard the prisoner say on the night of the murder several hours after "Get a good doctor and a good lawyer."

Marshall Everett in his evidence told of seeing the prisoner with a revolver in his possession when he started for Grand Falls on Saturday before.

Christmas Carol

"What means this glory round our feet,"
The Magi mused, "more bright than morn!"
And voices chanted clear and sweet,
"Today the Prince of Peace is born!"
"What means that star," the Shepherd said,
"That brightens through the rocky glen?"
And angels answering overhead
Sang, "Peace on earth, good-will to men!"
'Tis eighteen hundred years and more
Since those sweet 'cracles were dumb;
We wait for Him, like them of yore;
Alas, He seems so slow to come!
But it was said, in words of gold,
No time or sorrow e'er shall dim,
That little children might be bold
In perfect trust to come to Him.
All round about our feet shall shine
A light like that the wise men saw.
If we our loving wills incline
To that sweet Life which is the Law.
So, shall we learn to understand
The simple faith of shepherds then,
And, clasping kindly hand in hand,
Sing, "Peace on earth, good-will to men!"
But they who do their souls no wrong,
But keep at eve the faith of morn,
Shall daily hear the angel-song,
"Today the Prince of Peace is born!"
—James Russell Lowell.

"But I Am Not Nervous, Doctor, See How Strong I Am"

"YES, you are strong, all right, and I find after a careful examination that there is no indication of organic disease."

"Then what does seem to be the trouble?"

"It is your nerves, the internal nerves which control the action of the vital organs such as the heart, the stomach, the liver, the kidneys, etc. This is called the sympathetic nervous system. It is not at all uncommon for strong, healthy-looking people to suffer from this form of nervous trouble."

"I never thought I was nervous."

"How do you act in the dentist's chair?"

"Well, I generally keel over in a faint."

"That is just it. Your sympathetic nervous system is affected by the thought that you are going to be hurt. Your digestive troubles are due to the run-down condition of your nerves."

"I never thought of that."

"No, and not many people realize the all-important part played by the nerves in the digestion of the food and the functioning of the vital organs. The flow of the digestive fluids in the stomach, the filtering of bile from the blood by the liver,

the purifying of the blood by the kidneys—all these functions and many more are controlled by the sympathetic nervous system. Consequently when the nervous energy runs low all these processes are slowed up and you suffer accordingly."

"While examination shows that there is no organic disease, the action of these organs is weak because of the exhausted condition of the nerves. You need a good nerve tonic."

"What about Dr. Chase's Nerve Food?"

"There is nothing better that I know of. I find evidence everywhere I go of the exceptional restorative power of this popular treatment. But do not expect to get well in a day. It takes time to bring back strength and vigor to an exhausted nervous system."

"How long will I need to use the Nerve Food?"

"That is hard to say. Perhaps two or three months. But you will soon feel the benefit of this treatment and then keep right on using it until you are fully restored."

Twenty-four years ago we made our first CHRISTMAS DISPLAY in this town. Each successive year our showing has been more elaborate, more extensive, more all-embracing than the previous year's. True, during the lean years of the Great War, when it was impossible to secure adequate stocks, our showing was pathetic as were the hearts of the people at that time.

Two years ago the war ended. Since then conditions have changed; the markets afford a greater output, new ideas have developed, and, behold! we present this year a GRAND SHOWING of CHRISTMAS FANCY GOODS, Novelties, Bric-a-Brac and Goods for Christmas Gifts for every member of the family.

The large three-decker table in our store is loaded down as never before and one of the remarkable things about it is that this year the customer beholds not a single item that he or she ever saw on this table before. Everything is brand new and this season's product. On this table are shown wares in French Ivory—more popular than ever this season—and including captivating things in Perfume Cases, Vanity Cases, Mirrors, Combs, Brushes, Ornaments and a wide range of separate pieces.

On the centre table is also displayed a beautiful line of Combs and Brush Sets, Manicure Sets, Toilet Cases, Pocket Books and Card Cases, Gold Plated and Glass Goods, Leather Goods.

Customers will be interested in our Stationery Boxes, 25c to \$3. These include the season's latest fancies in Correspondence Stationery and Cards. We also have Bibles, Poems, New Books and Reprints in a very large variety.

A lovely display of Christmas Cards, Tags and Seals.

A grand display of Chocolates in Boxes—each a splendid gift for the girls.

Our Christmas display of Toilet Goods is not surpassed in any store in the Province. Most appropriate can be selected from this display. Do not fail to see it.

We surely have a wonderfully elaborate display of Community and Rogers Silver; Cut Glass, Gillett Auto Strop and Gem Razors, Toilet Soaps, Flash Lights, Kodaks, Fountain Pens, Pipes, Cigars and Christmas Boxes.

See Big ad next week announcing TOY LAND.

"IT GAVE ME NEW LEASE ON LIFE"

That is What Mrs. Robertson Says After Tanlac Freed Her of Nervous Dyspepsia

"I feel like I have a new lease on life since taking Tanlac, and I'll never stop praising it for what it has done for me," recently said Mrs. C. A. Robertson of 189 Agricola street, Halifax, N. S.

"I had no appetite whatever," said Mrs. Robertson, "and I was in such a nervous run down condition that I could hardly drag myself about the house. My digestion was so poor that little I did manage to eat caused me to suffer with indigestion and bloating and simply made me feel miserable. I had violent headaches and such dizzy spells that at times I just had to sit down or catch hold of something to keep from falling. I was so nervous that the least little noise would upset me, and I couldn't even stand the children playing about the house. I was so restless I could hardly sleep and many nights heard the clock strike every hour, and became so frantic that I had to just get up and walk the floor. Although I tried everything I heard of, nothing did me any good and my condition was becoming almost unbearable.

"Finally I heard so much about Tanlac that I decided to give it a trial, and the way the medicine fixed me up was nothing less than wonderful. I have only taken four bottles now and am enjoying as good health as I ever did in my life. My appetite is just splendid and I can eat anything and everything without being bothered with indigestion. I never have headaches or dizzy spells, my nerves are so calm I can stand any amount of noise and at nights I sleep like a child. Tanlac has built me up until I have gained twelve pounds in weight and now weigh a hundred and eighteen pounds. I believe Tanlac is the best medicine ever made for troubles like I had, and I'm glad of a chance to recommend it."

Tanlac is sold in Hartland by Estey & Curtis Company, and E. L. Field, Bloomfield, and by the leading druggists in every town.

POTATOES IN AROOSTOOK

About \$2 is the reigning price for potatoes in the Fort Fairfield markets nowadays, about the same figures prevailing for Cobblers as for Mountains. Hardly any are coming in, and the buyers don't want any. Under such circumstances it is no wonder that the potato business has a death pall upon it right now. How times have changed! Quite a number of years ago a two-dollar market was the market that everybody prayed for, quite often getting one or much less than a dollar. If a man could get \$2 a barrel, he could make money hand over fist; but now times have changed, wages have changed, fertilizer has changed, and everything else has changed, so that now \$2 amounts to only a reasonable fraction of the cost of a barrel of potatoes in Aroostook.—Fort Fairfield Review.

NEWMAN CLARK IS

SENTENCED TO DIE
(Continued from 2nd page)
fore the shooting. The prisoner offered an explanation that he might go on to Ontario and that he was taking the revolver in case someone attempted to rob him.
Thomas Everett, Owen Clark and William Clark were other witnesses for the defense.
Court adjourned at 5:35 p.m. It is expected that the trial will terminate on Thursday.

Andover, Dec. 2.—When court opened today, Newman Clark was ill for a few minutes and left the court room. On returning resumed his statue-like appearance, never moving a muscle from the time he entered the court room until taken again to his cell. Because of the non-appearance of witnesses the taking of evidence was delayed for an hour.

The first witness, Mary Dorsey of Fort Fairfield, whose husband was a brother of the witness, grandmother, told of a cousin of the prisoner becoming melancholy at twenty-six, also of another relative who lived alone with doors always locked and would never admit any of his family. The witness on examination said she met prisoner in Fort Fairfield last April. Clark said he had rented his farm and was looking for work. He seemed very nervous and excited then.

Some of the former witnesses had told of Johnny Dorsey attempting to commit suicide, but on being questioned the witnesses refused to tell anything concerning her husband.

Alice Thomas, next witness, told of several second cousins of prisoner being at different insane hospitals during their lives.

Martha Fitzherbert, Fort Fairfield, second cousin of the prisoner, told of a cousin, Julia Burns, who was religiously crazy, imagined herself to be covered with germs and allowed no one to touch her. Peter Clark, another relative who committed suicide, before doing so asked the witness if the priest could save a murderer. He said he was going to die and before doing so intended to kill his wife. Court adjourned at 12:30.

At 2 p.m., Dr. Anglin, superintendent of the Provincial Hospital, Lunenburg, was called as the last witness for the defence. Dr. Anglin said that insanity was often a hereditary taint and that in the evidence given there were some signs of insanity, the most important sign being a change in the prisoner's attitude from bright and cheerful to melancholy. The doctor said that a layman could judge as well as an expert the extent of insanity at the time of commission of the crime.

Monte McDonald, Barrister, St. John, says: "For three months I suffered with a severe bronchial cough which baffled all treatment. Hawker's Tolu and Cherry Balsam was suggested and used. The cough completely eradicated the cough. I recommend it to all similarly afflicted."

In his opinion. On cross examination Dr. Anglin agreed that insanity was sometimes feigned and for a purpose. He also said that he believed the prisoner knew and realized all that was going on in the court room, although the prisoner either stared at the ceiling or sat with eyes closed apparently hearing nothing.

In a discussion between the Crown and the defence Mr. Jones said: "It is not very pleasant for a man to be proved insane."

Attorney General Byrne replied, "Neither is it very fair for a man to commit murder and go free on a plea of insanity."

The crown in rebuttal called to the stand Dr. R. W. L. Earle, Jerry Sullivan and Dr. Alonzo Chapman.

Dr. Earle attended the prisoner for about two months after his incarceration in the jail at Andover and extracted one bullet.

Jerry Sullivan, provincial constable at Grand Falls, arrived at the Woods' house at ten o'clock the night of the murder, and found the prisoner lying on the bed suffering and in a weak condition. The prisoner was asked by Sullivan if he recognized him and answered "yes." The prisoner dictated the witness, which was written by the witness. The document was produced along with a pocket book containing several papers and a picture of Miss Phoebe Bell, the murdered girl. The prisoner also gave witness a letter to his family.

Sometime during the night the prisoner asked the witness what he thought of his condition and witness told him he thought he could not live. Later that night his condition seemed improved and he said, "Take me to a good hospital with a good doctor and get a good lawyer, Jones would put up a good fight." When told that he might recover the prisoner said to witness that if he did recover he would only be hanged. Prisoner told witness that he first met Phoebe Bell at Mrs. Woods', where his little boy was boarding. The child called Mrs. Woods "Mama" and Phoebe Bell said she would like to have the child call her "Mama." This was the first conversation the prisoner had with Miss Bell. The prisoner when asked by the witness on the night of the tragedy why he murdered the girl said he could not help it and that he had to do it.

Dr. Chapman of Grand Falls on being questioned answered that in his opinion there was nothing in the evidence to show that Newman Clark was incapable of distinguishing right from wrong at the time of the murder.

The defence asked to be allowed a special rebuttal which is being considered by the judge. The court adjourned at 6 p.m.

PIANOS

Great Reduction Sale

Beginning Dec. 8th and continuing until Saturday night Dec. 18, our entire stock of Pianos will be offered at Bargain Prices.

A genuine marked down sale of the regular selling price.

The stock will consist of the following well known high grade pianos:

ENNIS & COMPANY	-	Pianos & Players
CRAIG	-	Pianos & Players
GOURLAY	-	Pianos & Players
GERHARD HEINTZMAN	-	Pianos & Players

and carry not only our guarantee, but also a five year written guarantee from the most reliable piano manufacturers in Canada.

There has been no reduction in the factory price of these pianos, and our advice from the manufacturers is to the effect we cannot expect any during the year 1921, due to the fact that the highest grade material and skilled labor is used in construction of first class pianos, which is last to be affected by reduced prices.

Our large stock on hand, and Christmas stock arriving, has overtaxed our storage facilities, and in order to obtain space to display new lines, it is absolutely necessary to reduce our piano stock.

This will be a rare opportunity to secure the finest of all Christmas presents for the home, a high grade piano, and at an opportune time.

Our stock is all new, and latest models. Every piano secured from the factories within the last few months.

The first real genuine stock reducing sale of New, Highest Grade Pianos conducted in the Country.

There will be better values offered than the public can expect for years. Every piano will be sold on its merits, without any misrepresentation.

If you have any desire to own a piano, familiarize yourself with piano values, and be in a position to take advantage of this great opportunity.

Store open every evening during the sale.

This Christmas let all the family combine to give Mother one, big, splendid present that will last a lifetime—

EDISON'S NEW DIAMOND AMBEROLA

Or perhaps Mother and the children will put their gift-money together to surprise Father in this practical, sensible way!

Just a little from every member of the family will bring an Amberola Phonograph into your home on Christmas morning, because as a result of Mr. Edison's expressed wish we can offer you this ideal Family Gift on the easiest possible terms!

Remember—you're not giving an ordinary phonograph—but Edison's New Diamond Amberola, the greatest phonograph value in the world! The Amberola has proved its marked superiority over "talking machines" and ordinary phonographs in numerous public tests. It's a gift worthy of Mother or Father, who deserve the best. And a gift the whole family will enjoy for years and years!

You haven't a minute to lose. Come at once, before our Christmas stock of Amberolas is exhausted. Select your Amberola and Amberol Records and we'll deliver them to your home before Christmas day. Colds & Common Sense

You have a cold, or your child has a cold; a tight feeling across the chest; a soreness in the breathing tubes.

In the past how have you treated such? You have bought some cough mixture, and swallowed this down into your stomach. Now, why? Your stomach was not ailing; and there is no direct connection between your chest (where the trouble is) and your stomach! Then why swallow into your stomach any mixture when the trouble is in your lungs and bronchial tubes?

It's a mistake; and Peps is the remedy provided to correct this un-commonsense treatment. Peps are little tablets, which contain highly beneficial Pine essences, combined with other medicinal extracts. These healing extracts are so prepared that as soon as you put a Peps into your mouth they are liberated in the form of healing vapors. You breathe these vapors down to the throat and lungs, and thus treat the organs that are inflamed, direct. In a way, it is like breathing from a vaporizer or bronchitis kettle, except that there is no apparatus needed, the little Peps providing everything needful for the treatment! The very small portion of Peps which you swallow has a slightly tonic effect upon the stomach and does you good, but the use of Peps is not for stomach troubles, but for lung, throat and bronchial troubles. Peps relieve these as no ordinary treatment can.

Children like Peps and they are best for the little ones because Peps contain no morphine, laudanum or other poison found in so many of the old cough mixtures.

Druggists and stores everywhere sell Peps 50c. box or from Peps Co., Toronto, for price. Remember the name—four letters only:—

Peps

LOCAL AND PERSONAL ITEMS

The highway bridge in town over the Presque Isle river is receiving some much needed repairs by a crew of workmen organized by Scott MacAuley. Verily, "a stitch in time saves nine."

D. A. Campbell of Hartland, inspector of roads and bridges, spent Monday here in a survey of the work being done by the staff aforesaid.

Last week had a moving day. Frank J. Sloat and family moved into their new home purchased from Guy Carmichael, the latter moving into the Nicholson house on Woodstock road for the winter months. Amos Downey and family moved into their new home on Main street. G. E. Wilson and family have taken rooms at the Centreville Hotel for the winter.

Centreville Hotel is doing a very thriving business and the proprietor thereof is wearing a very optimistic smile. All the rooms are occupied most of the time and the staff is keeping right busy waiting on the numerous patrons, which state of affairs is always better than waiting for them.

We are pleased to note that we have a local orchestra in the making, which promises to be of no mean calibre. This is something absolutely essential to the social life of the town and the wonder is that someone had not conceived the idea of its need long since. In the past the music for any social function had to be procured at almost

prohibitive prices from some remote Jaz band, and the orchestra now in course of training promises to relieve this strain. The orchestra at the present stage of development is composed of Mr. and Mrs. L. A. White, Mrs. Cyril Brown and F. E. McKenzie, and the impediments will comprise first and second violin, piano and trap. Practices are being held frequently and the aggregation will doubtless soon be in shape to the debut.

Mrs. J. R. Alexander left last week for a visit with her son, W. R. Alexander of Newburyport, Mass., who is president and manager of a large corporation recently formed for crushed rock operations, and the development of by-products.

G. W. Bishop of Grand Falls spent a couple of days here last week.

F. A. Gibson made a trip to Presque Isle, Maine, on Monday last.

John MacKenzie of Fredericton spent the week-end here at the home of Mrs. Scholey. His friends are very happy to see him recovered from gas poisoning sustained in the Great War.

Miss Mary Harold of Wicklow spent Sunday with her parents, Mr. and Mrs. W. R. Harold.

Many of the happy parents in town will be kept busy patting their lusty youngsters on the back this winter for spasms of whooping cough. It is here and those who haven't had it may have it by and by.

In Wicklow with Miss Grace Gibson, spent locally. The institute is in a flourishing condition having a paid up membership of nearly fifty.

The Guild of the Good Shepherd held their meeting at the home of Miss Lulu Lovely on Saturday last, officers for the year were elected as follows: Mrs. St. Geo. Gray, Pres; Miss Lulu Lovely, Vice-Pres.; Mrs. H. Baker, Sec-Treas for Guild; Miss Helen McCain Sec-Treas for Church.

THE FAMILY HERALD AND WEEKLY STAR

The Family Herald and Weekly Star of Montreal has announced that after December 31st, 1920, the subscription price of that great weekly will be \$2.00 per year in Canada, England, Ireland or Scotland, and \$2.50 to the United States. The recent heavy increase in the cost of white paper make the slight advance necessary, in fact it is only a small portion of the increased cost over previous prices of production. All renews and subscriptions, the publishers say, mailed before December 31st, 1920, will be accepted at the old rate of \$1.50. Even at the advanced price of \$2.00 a year The Family Herald is regarded as the best value on the Continent. It is acknowledged to be absolutely without rival, hence its enormous circulation.

ERRORS CORRECTED

In the list of Sunday School Conventions published in the Observer there were three mistakes in names of places: Wakefield District S. S. Convention will be held in U. R. church Jacksonville, Dec. 8; Wicklow at Lower Knapford, Dec. 13 and Kent at Bristol on Dec. 14.

Spouts Water 20 Feet—Good Work of
the Women's Institute

(Intended for last week)

Miss Hazel McCain spent the week-end with her mother, Mrs. H. H. McCain.

Hugh John Gordon has gone to St. John to undergo an operation for removing tonsils.

Miss Raddick gave an address in the Methodist church on Tuesday evening in the intervals of the peace work of the Red Cross, she also made an appeal for the starving children in Europe.

Mrs. Breneau and little daughter are visiting her sister, Mrs. Heddy Jewett.

During the war all the money raised by the Women's Institute was devoted entirely to patriotic purposes, and since the war liberal contributions have been sent from the Institute to other needs such as the blind soldiers, the Protestant Orphan's Home, the Salvation Army, etc. Now the members feel that their money should be

John A. Smith has drilled a well for Charles Seidell which is quite a curiosity in its way. After drilling through a portion of rock about 40 feet down the water came with a gush bringing rocks and mud for a while. Gradually the water cleared and now is spouting up over a seven foot pipe. Mr. Smith put on another 12 foot pipe to try it and the water flowed right over the top of it. The water is very clear and exceptionally good.

Tom McCain has moved his home on a concrete foundation a little further down the hill, he is going to build an ell and a veranda on.
