THE EASTERN STAR ENTERTAINS

An At Home Given on Friday Even-
ing—Over One Hundred
Guests Present

On Friday evening, March 13, Friendship Chapter No. 6, of the Order of the Eastern Star entertained at an At Home which was given in Masonic Hall. The guests, numbering well over a hundred, consisted of Stars, Masons and their friends. It was a most enjoyable affair, the entertainment provided being much appreciated by the guests. It consisted of the opening ceremonial march of the Order, after which the Worthy Matron, Mrs. Myrtle Dickinson, in her usual happy manner, gave an address of welcome. This was followed by an O. E. S. play entitled "The Golden Key," and which was a very pleasing thing to witness. Those taking part were Mrs. Warren White, Mrs. Jack Keawick, Mrs. Basil Cosh, Miss Jean Miller and the officers of the Order. Following this were solos by Dr. Cosh and Warren White and a reading by Mrs. Frank Steele, all responding to encores. After the program a delicious luncheon was served, after which Rev. W. P. Haight, G. W. Birmingham, and the Worthy Patron, K. W. Keith, sang several solos and a short speech was given by Mayor Boyer.

One of the most pleasing features of the evening was during the opening ceremonies, when a presentation was made to Wardsmith Master J. E. McCollom. This was a basket of beautiful red and white carnations and the Worthy Patron, K. W. Keith, when making the presentation, said they regretted very much the illness which prevented Mrs. McCollom from being present and hoped that she might enjoy the gift of a basket of flowers.

Mrs. Elsa Keith, in her usual efficient manner, was the musical accompanist of the evening.

THREE ARRESTED ON BURGLARY CHARGE

A bold robbery took place at Rockland recently, when Mrs. Thomas Cooke, who had closed her house for a few days for a visit with her son, found on returning that about everything of value had been stolen from the house during her absence. All the silverware, bedding and ornamental fixtures were taken, amounting to hundreds of dollars. She obtained warrants from Police Magistrate Laskey at Hartland which were placed in Sheriff Foster's hands and later he arrested John Perkins and a woman who lived with him, Adeline Bouchard, and a man named Chott. He searched the Perkins house and found most of the goods alleged to have been stolen. The prisoners were brought to Hartland and tried before Police Magistrate Laskey on Friday. All three were sent up for trial and are now in the county jail at Woodstock.

PLEASANT BANQUET

On Saturday evening a party of young women were guests of themselves at the Riverside Inn at a banquet, the menu of which was very sumptuous, the piece de resistance being roast turkey. Covers were laid for ten and the places were taken at 7 o'clock. Following are those who were the guests: Mrs. H. H. Hatfield, Mrs. Harvey Reid, Mrs. K. W. Keith, Mrs. Roy Hall, Miss Lida Reid, Miss Beatrice Tompkins, Miss Margaret Topper, Miss George Reid, Miss Helen Raymond, and Miss Marion W. Steens. A very pleasant evening was spent and many compliments paid to Host Plummer and Mrs. Plummer for the excellent cuisine and service.

METHODIST W. M. S. GAVE BIRTHDAY PARTY

Last evening the Methodist Women's Missionary Society gave their annual birthday party at the home of Mrs. P. C. Barter. A large number were present and a very pleasant evening enjoyed. A short program was given, chiefly along missionary lines. This was augmented by a humorous reading by Mr. A. Plummer and two solos by Mr. G. W. Birmingham. A bounteous luncheon was served. The receipts of the evening were \$35.

LAKEVILLE

Death of Ray Gee at Bangor—Much
Illness Prevalent—Other
Items of Interest.

Lakeville, N. B., March 17.—A gloom was cast over this village on Thursday when word came that Ray Gee had died of pneumonia. His parents received a message on Sunday that he was ill to Bangor. Mr. Gee left on Monday and was at his bedside when he passed away. The funeral was held in the U. B. Church here on Saturday afternoon, Rev. H. B. Hall being assisted by Rev. H. Upton. Interment was in the adjoining cemetery. Ray was a likable boy, who seemed to be going up the ladder by leaps and bounds. Only a short time ago he was clerking in a store in Bangor when he had an offer to go into the B. & A. office at Presque Isle. Shortly after he was offered the job of secretary to the assistant superintendent of the same road, a position he held till he was taken sick a week ago. Much sympathy is felt for Mr. and Mrs. Gee as Ray was the eldest son. One brother, Ward, survives. The floral tributes were beautiful, many coming from friends in Bangor, which spoke of the high esteem in which he was held by his fellows.

Quite a lot of sickness prevails in this neighborhood. J. F. Williams is confined to his bed, John Gillis is laid up with lagrippe. Mrs. Wm. Page is much the same. Bob and Harry Jones are both in bed with the flu.

Dr. Wright accompanied a patient to Montreal on Thursday. Horace Ray of Boston came here to attend the funeral of his nephew, Mrs. McBride of Glasville is visiting her daughter, Mrs. Archie Barker. All were sorry to learn that Mr. Forythe is planning to move away soon. Too bad to lose such congenial neighbors.

Fitz Peterson has moved to the lower end of the village.

Henry Wilson has been confined to the house with tonsillitis.

Mr. and Mrs. Wm. Wilson spent a few days in Fort Fairfield last week. Mr. and Mrs. George Smith are on a visit to Fredrickton.

The one who predicted the earthquake for the 14 of March must have got the wrong number.

FORGED CHEQUE IS PASSED HERE

H. R. Nixon Victimized Last Week—
Sheriff Foster Notified and is
Now Investigating.

Last Wednesday a man asked Mr. H. R. Nixon, a local merchant to cash a cheque for five dollars, the bank being closed. Mr. Nixon took the cheque and cashed it. The man departed and it was not found to be a forged cheque until sometime later. In the meantime the person who had forged the cheque had vanished and no trail of him was to be found.

Sheriff A. R. Foster has been working on the case for several days and has been notified of several similar occurrences in this vicinity.

The cheque was drawn on Albene Dube of Grand Falls, a photographer, and the latter has forwarded to the sheriff a photo of the person in whose favor the cheque was drawn and who appears from the name given the photographer and the endorsement on the check, to be one Simon Ward. His home is in Gloucester County. No trace of the forger has been found as yet but he is known to have forged cheques all over New Brunswick.

THREE BAD FIRES DURING PAST WEEK

Property Loss About \$20,000—Very
Little Insurance—Harry Foster
Suffers Severe Loss

Henry Sharpe
The Wednesday evening about seven o'clock the barn of Henry Sharpe of Wilnot caught fire and the flames spread to the house which was in close proximity, burning both to the ground. Mr. Sharpe is a retired soldier and had recently procured the farm and buildings from the Soldiers' Settlement Board. His loss will be heavy with very little insurance. No efforts on the part of the fire fighters saved a portion of the household effects and some of the farm machinery.

Ernest Hallett

On Friday the house of Ernest Hallett was totally destroyed by fire. This house was situated on the Rockland Road just beyond the town limits. The fire caught in the attic, presumably from a defective fire, no doubt ruptured by the recent earthquake. The loss is heavy with little insurance.

Harry M. Foster

On Saturday night the store and warehouse of Harry M. Foster at Mt. Pleasant were totally destroyed by fire. The upper story of the store-building was occupied by Mr. Foster as a dwelling. The loss was almost total, the fire spreading so quickly that it was impossible to save anything and the loss which was only partially covered by insurance, will amount to about \$10,000.

EAST COLDSTREAM

East Coldstream, N. B., March 17.—This community was aroused Saturday night when news arrived that H. M. Foster's store was totally destroyed by fire.

Henry, William and Jack Greer of Bridgewater Centre are visiting friends in this place.

We are glad to see Benny Sewell back from the woods looking hale and hearty.

Edward Greer was glad to welcome his large black cat back after it had been missing since December.

Mr. and Mrs. Manzer Mean are cooking at Currie's mill.

Henry Smith's mill is in full operation and employs a number of the young men of this place.

Robert Irving was in town with a load of hogs one day this week.

Clarence Greer and Lawrence Hatfield are employed by Fred Currie as totemster and lath Sawyer respectively.

This week's prayer meeting met at the home of Aaron Greer.

Alfred Greer was in Houlton on business Saturday.

Ernest Shaw and Wilnot Tracey have been doing business this week.

Mr. and Mrs. Benjamin Sewell and little Clifton were calling on friends here recently.

Oscar Hatfield was calling at the mill house Sunday afternoon.

John Greer has gone to Perth to spend a few days after which he and Mr. Webber will return to the Centre.

Mr. Patrick has taken up his residence at Black Brook.

Ralph Campbell was calling at the home of Murvil Rideout on Wednesday.

Hollie Hatfield spent the week-end at Mount Pleasant.

The farmers of this place are busy hauling hay and potatoes.

Mrs. Coy Campbell is visiting her brother, Roy Cook.

Mr. and Mrs. Lee Hatfield were calling on A. C. Lund's Sunday.

RAIN MENACING N. B. LUMBERING

Plaster Rock, N. B., March 6—Heavy rains throughout last night and today have threatened the early closing of the lumbering season here. If rain continues the crews now in the woods will have to be brought out and the camps closed. A sharp freeze is hoped for and without it some of the firms will have their operations curtailed by about two or three weeks. The majority of the crews have come out already and lumbering here is practically over but some few concerns still require two or three weeks more to complete the operations they had planned.

MEETING OF DISTRICT NO. 2 UNITED BAPTIST CHURCH

The quarterly meeting of the United Baptist Churches of District No. 2, convened with the South Side Church Woodstock on the 9th. and 10th. inst. The president, Rev. K. M. Vallis of East Florenceville called the meeting to order at 3.30 p. m. Monday, the devotional exercise being led by Bro. George Boyer of Bristol, N. B. The sessions were characterized by good attendance of delegates from the churches, devotional exercises being very inspiring and helpful throughout. The business sessions were particularly of constructive material which was interesting and helpful in the matter brought before the delegates for consideration and action. A new constitution was accepted, denominational finances considered and our pastorless churches were matters which action was taken upon very definitely. The address on pastorless churches by Rev. E. B. McLatchey, an address by Rev. Mr. Lyons of Waterville group on the "Climax of the Ages," a sermon by the Rev. H. R. Bell were all very much enjoyed, being very helpful in their line. The laymen of the district were very conspicuous by the very active manner in which affairs of district are conducted. The ladies' societies gave us a view of our missionary programme by the presence of the Rev. G. C. Warren of the Brunswick Street Church, Fredericton, who brought an inspiring and illuminating report of the missionary conference recently enjoyed by him at Washington, D. C. Welcome to a seat in the convention was tendered Rev. P. J. Quigg, who comes to us from the Primitive Baptists. Bro. Quigg needs no introduction to the Baptists of the Valley, being much loved by them all.

Lie. H. A. Sipprell of the Hartland Church was also welcomed to a seat having come down from the Arthurville field, where he is now laboring. Bro. George Knight, singing evangelist and preacher, is laboring with the South Side Church, Woodstock, until such time as the regular pastor, Rev. Gregg arrives to take charge on the first Sunday in April.

R. B. HAGERMAN,
District Clerk.

FOR JOY OF GOOD HEALTH

Manitoba Woman Thanks
Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me other ways. Then when my babies were coming I was tired and worn out the first three months and ached badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter and I hope some one will be helped by it."—Mrs. Jos. H. Kidd, Box 56, Crandall, Manitoba. C

CABANO, QUE.

Cabano, Que., Mar. 11—Mrs. H. E. Lovely and son Robert spent a few days in Edmundston last week. Mr. and Mrs. M. E. Tompkins of Glendyne, Que., are the guests of Mr. and Mrs. H. E. Lovely.

The earthquake of February 28 was very severe here, almost every day since slight tremors have been felt.

Dickinson, Miss Dickinson and Miss Mann.

FOUR MEN KILLED ON POTATO TRAIN

Gardiner, Me., Feb. 27—Four men, who were acting as caretakers of a shipment of Aroostook potatoes, were killed today at Farmingdale, near this city, in a rear-end collision between two westbound freight trains on the Maine Central Railroad. The men were in the caboose of the potato train which was on a siding and their car was demolished, as the locomotive of the other train crashed through it.

Search for the bodies of the men, whose names were given as Roy Miller, Sandy Palmer, A. D. Webster and Adelbert Bank, was delayed by fire which started from the stove used to heat one of the potato cars.

The wreckage of the caboose and part of a refrigerator car, were consumed before the fire was extinguished.

LOCKJAW CAUSES MILLMAN'S DEATH

Grand Falls, N. B., Feb. 16—The death occurred at the hospital here on Sunday of Fred J. Albert of Drummond. He had been working at La-Bell's mill, Blue Bell, and on Monday of last week injured his hand. The accident was not considered serious and he continued work until Wednesday. On Thursday he was brought to his home where his condition rapidly became worse. On Sunday he was brought to the hospital here but lockjaw had developed and he died a few hours later. The late Mr. Albert was highly respected in the community. He was 42 years of age and is survived by his wife and nine children, the eldest being only 17 years of age. The funeral was conducted from the Drummond church on Tuesday morning, Rev. Father, Dugal officiating.

The Arctic Sea Cow.

An authentic writeup of the Arctic sea cow now extinct was made about the middle of the eighteenth century by George W. Steller, who was shipwrecked on Bering Island, 1741, with the Russian navigator, Captain Vitus Bering. This 'cow' was not unlike the manatee or dugong of southern waters, weighed 8,000 pounds, and was from twenty to thirty feet long. Steller and his companions ate its flesh.—Detroit News.

EARTHQUAKE AS RECORDED ON SEISMOGRAPH

The most interesting portion of the seismograph record of the earthquake felt in Canada and the United States, is where the tremors became so violent that the delicate instrument could not keep up with rate at which the earth was trembling. The result was as shown in the picture. The needle started to splutter and jumped a portion of the record paper. Toronto Observatory officials believe there were two earthquakes. The one which was felt in Eastern Canada and part of the United States is believed to have been caused by the movement of an earth fault known to exist near the mouth of the Saguenay River, and another somewhere in the North Pacific.

WOULD HAVE EVERY CHILD TAUGHT TO PLAY AND SING

(From Canadian Bureau for the Advancement of music, Ryrie Building, Toronto.)

Not infrequently of late years have men of high standing come out boldly and publicly declared their devotion to the cause of music. One of the latest examples of this is seen in the case of Hon. James Davis, Secretary of Labor in the United States government who is quoted as saying:

"I would develop music in the community so that I would have a musical instrument of some kind in every home and would have every child taught to play, sing and know music. For music makes for better citizenship. It will drive out envy and hate, which do so much to poison the well springs of life. Wherever people gather together I would have music for it brings happiness and contentment."

And again: "Twenty minutes given to listening to band, orchestra, soloist, chorists, or in ourselves assisting with the now popular 'sing,' is the best medicine tired nerves can have. We then go back to our duties with a better 'grip,' renewed vigor, brighter outlook, more courage, lighter hearts. And—if we are inclined to consider what may be called the merely material phase of the matter which I have referred to—we much more than make up by our increased energy the brief time taken for the music period."

LETTERS TO THE EDITOR

RATEPAYER SPEAKS

Editor Observer.
Dear Sir:

Has the town of Hartland got to be imposed upon by a mayor who continues to be partner to the reckless and needless spending of the citizens' money? The wasteful manner in which our town taxes are being used is alarming and the horror of it is that it continues to be done by the consent of one who promised to safeguard our money. Is it any wonder that a few weeks ago a ratepayer wrote of it as a crime committed in the name of retrenchment. Just to mention one item of extravagance. Our town water is being pumped by electric power at a cost of 50 cents per hour when it could be done by crude oil for 35 cents, a net loss of 75 cents per day or over \$200 per year. Oh yes, he was going to put a stop to needless expense. "The inhumanity of man to man makes a world to weep."

EXPECT START ON MADAWASKA PLANT IN EARLY SPRING

Montreal, March 10—Fraser Companies, Ltd., expect to commence construction of their newspaper mill at Madawaska, Me., across the St. John River from Edmundston, within a comparatively few weeks, according to the best information obtainable.

It is expected that the way will soon be cleared for the commencement of actual operations early in the spring. So far, some of the most necessary rights in connection with the project have not been obtained. These include permission to use the International Bridge at Edmundston as the means for supporting the projected steel pipes which are to be used to convey pulp from their Canadian pulp mill to the new paper mill on the United States side of the St. John River.

It is understood that the paper mill project involves expenditure of \$2,500,000, although no official figures have been made public. Included in the project is an extensive housing programme, which will cost at least \$200,000.

Lumber will be provided from the Fraser mills in New Brunswick and Quebec. The site for the housing fea-

PLAN TO REBUILD BURNED CHURCH

Woodstock, N. B., March 6—Bishop LeBlanc arrived here yesterday and met some of the members of St. Gertrude's congregation last evening and talked over the situation caused by the burning of the church. While no definite action will be taken until the return of Father Lockary, it seemed to be the opinion of those present that a brick or stone church should be built to replace the destroyed building which was a wooden structure. Services will be held in the church hall for the present. Repairs will be made to the convent at once.

EVANGELIST TAYLOR COMING

At the close of the Sunday morning service of the Hartland United Baptist Church it was decided to invite Evangelist Harry Taylor and Miss Taylor to conduct a series of special meetings at the Hartland Church. These meetings will be begun within the next three weeks. Evangelist Taylor is now conducting a successful mission in the First Baptist Church of St. John. Miss Taylor is a splendid singer and will have charge of the singing in connection with the meetings.

Large congregations were present at all the services of the church on Sunday last. In the Sunday School the attendance was a record one, reaching a total of 240, with 80 men and women in the adult department, 31 of whom were in the men's class. In the evening the congregation filled the church to capacity, chairs being brought in to accommodate the crowd. When the invitation was given to accept Christ as Savior and Lord, several young people stood. At the close of the service two candidates were baptised.

Next Sunday morning the pastor will preach on the subject "The Man Who Helped Jesus." The service in the evening will be under the direction of the Philathea Class of the Sunday School. A large chorus of young women from this class will provide several special musical selections, while others will do the ushering. The pastor will preach, taking for his subject "The Great Refusal." Don't miss this service of real blessing and inspiration.

LETTER REGARDING THE POTATO SITUATION

The following is a copy of a letter sent to the presidents of the C. P. R. and C. N. R., by the N. B. Potato Exchange, Ltd., and which speaks for itself:

March 17, 1925.

To E. W. Beatty, Esq., President C. P. R. and to Sir Henry Thornton, President C. N. R.

Dear Sirs:

As representing the shippers of potatoes in the upper part of the St. John River Valley in this province, we desire to congratulate the railway companies upon the efficient service rendered recently in connection with shipments to Vancouver. One particular carload, shipped from this province reached the Pacific Coast in eleven days which speaks well for the railways when it is considered that a passenger train takes seven days over the same route.

We think that a useful market can be had in Western Canada for New Brunswick potatoes now that the railway rates are on what we consider a very reasonable basis.

We cannot speak too highly of the courtesy shown to our shippers and to Mr. R. L. Wheeler and Mr. G. E. McIntosh of the Dominion Fruit Commissioners' Office in our interview at Montreal the latter part of February. The shippers had been endeavoring for some time to obtain a reduction in rates in order that the large surplus of New Brunswick potatoes might find a market in the west. This became especially urgent after the embargo excluded shipments to the British markets. We, therefore, arranged as interview with the railway people. It took place, as you know, on the 28 of February and after hearing the representations made by the members of the delegation, a concession was immediately promised.

The outstanding difficulty now is that we have to meet competition from the United States. The duty on potatoes coming into Canada is thirty-three cents per hundred pounds while the duty on potatoes going from Canada into the United States is fifty cents per hundred pounds. If the Government could be persuaded to increase the Canadian duty and make it equal to the United States duty it would make it possible, in our judgment, to carry on a comparatively large business in this product between the east and the west.

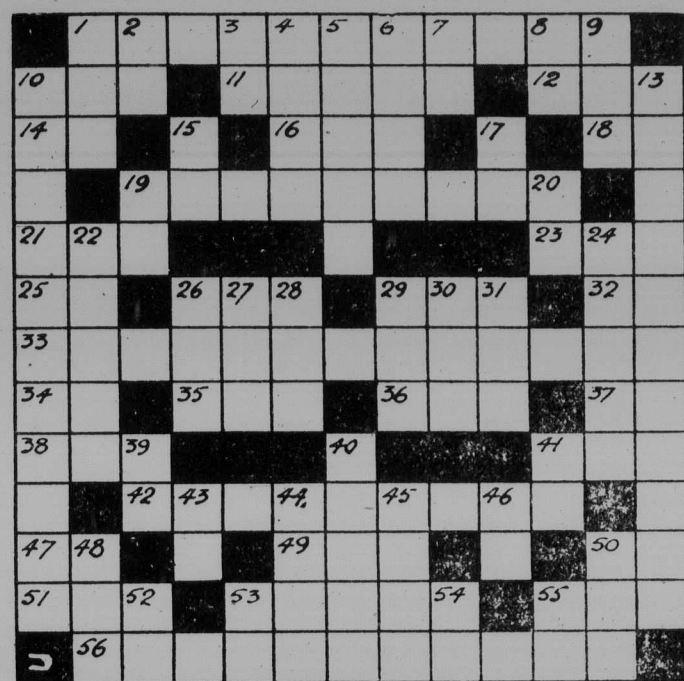

Unfortunately, at the present time the principal producing area for potatoes in New Brunswick is represented in Parliament by a Progressive member, Mr. T. W. Caldwell, M. P., and we feel that while the interest of his own constituency requires the increase of the Canadian tariff in respect to potatoes, he is in a position, through his alliance with the Progressive party of the west, where he cannot or does not feel disposed to advocate higher tariff in question. We have not noticed where his voice was ever raised in Parliament on behalf of the farmers of his district in this regard, but Mr. Caldwell is apparently always ready to take credit for everything that the shippers accomplish in the way of freight rate reductions. It seems to us he sought to claim in certain correspondence recently published that he had something to do with the recent reduction in the rates between the east and west. Your people know that it was simply through the action of the shippers that this concession was granted.

It will, therefore, be necessary for us to seek to accomplish the increase of the duty on potatoes through other channels and we are now, as we have been in the past, endeavoring to accomplish that result. The difference in the duty works a great hardship to the producers of potatoes in the Maritime Provinces, chiefly early in the spring, when the Canadian market is flooded with United States potatoes which have this preference in duty of about twenty-five cents per barrel. We trust that your companies will have this matter in mind, and, with all others interested in the continuance of the traffic between the east and west, will exert whatever influence there may be to accomplish an increase in the Canadian customs duty on this product.

Yours truly,

N. B. POTATO EXCHANGE, LTD.

NEW BRUNSWICK POTATOES FAVORABLY RECEIVED

Medicine Hat, Alta.
Mr. H. H. Hatfield:
We were delighted to read an advertisement last week of the arrival of a car-load of potatoes from N. B. Mr. Dickinson made special enquiries and found they were from Hartland and from you. We secured some at once and now we think of our Carleton County friends as we enjoy them. They are fine.

We are all well. Have had a severe winter but not equal to yours. Not very much snow, a fresh fall of 4 or 5 in. has come today. Trust you and your family are well.

With best regards to all, sincerely,
MR. and MRS. A. D. DICKINSON.

WHAT WM. PEACOCK, ASST. SECY. TREAS. POTATO ASSOCIATION OF AMERICA SAYS

THE ECONOMY OF PLANTING CERTIFIED SEED POTATOES

Good seed potatoes produce larger yields, tubers usually more uniform in size and shape, and the demand for such stock is better and consequently brings higher prices than that raised from common seed. It never pays to plant poor seed for such is always dear at any price.

Why plant from 12 to 15 acres of potatoes with ordinary seed if the same number of bushels of a better quality can be grown on 10 acres with certified seed? The writer can refer to authentic reports to justify the above statement.

It has been learned through crop surveys and farm cost accounting methods that approximately 100 hours of man labor and the same number of hours of horse labor are required to produce an acre of potatoes. Furthermore, horse labor means the use of equipment, and planting, spraying and harvesting machinery are expensive; also, it takes more seed and fertilizer to grow from 12 to 15 acres than 10 acres of potatoes. With these facts in mind it should not be difficult to figure whether it is more economical to plant certified or common seed potatoes.

Seed potatoes as well as commercial stock of the 1924 crop have been selling at low prices. Potato growers who have been planting ordinary seed, or who have had good seed which has become diseased, or who wish to grow a larger yield of potatoes per acre and of a better quality, should take advantage of the opportunity to buy seed at the present prices. Growers who live in a region favorable for good seed production and who can not financially buy enough seed for their 1925 commercial stock, should purchase enough certified seed for foundation stock even though they do not wish to produce certified seed for sale, and not wait till the last moment because the supply may be exhausted at that time.

Greer's Mud Muddle Mumbles

By ERWIN GREER

(President Greer College of Automotive Engineering, Chicago)

AROUND THE GARAGE STOVE

The famous cracker-barrel in the corner grocery store, which authors so love to write about, is no more. The humble cracker has been knighted "biscuit," and now resides in a shiny tin away up out of our reach. Instead, we turn to the garage stove and hold our meetings there to talk of automobiles in place of horses.

"Boys, look at that car steaming," remarked the garage owner, to the gang around the stove, pointing out through the window to a car nosing its way through the heavy drifts of snow.

"Yep! frozen radiator, probably," commented the farmer. "You garage fellers certainly do make a pile of money whenever we have a hard freeze-up. I've seen seven cars pull in here this morning, either froze up or with cracked water jackets, or something."

"And why shouldn't we?" exclaimed the garage owner. "You boobies never take the time to warm up your engine. You don't seem to realize that after a car has been standing twenty-four hours, the oil has drained back from the cylinder walls and bearing surfaces, and that the crankcase of oil, is cold, is sluggish and viscous and that racing your engine is bound to bust something."

"Stop figuring out other folks' troubles, Bill," laughed the village physician. "No doubt we do deserve them, still you can't make the average man protect himself or his car in the winter time."

"And that is how you doctors and

garage men manage to keep the wolf from the door, eh?" snorted the cattleman.

"Pa, oh pa," chirped up the garage owner's youngster who has been busily reading the paper. "What does it mean by the 'dead of winter'?"

"It means, my boy," said the father "the driver who forgot or neglected to put chains on the rear wheels."

"Take time in the morning to warm up the engine these cold days. Remember there is nothing to be gained by hurrying it. Don't jump upon the accelerator and let your engine race like a Lewis gun, for with poor lubrication this method usually results in serious damage and is bound to have a bad effect if practiced regularly. Run the engine slowly for three minutes before putting it to work and you economize, not only in repair bills, but in oil and gasoline."

"Watch your radiator for leaks. It will naturally be filled with anti-freezing fluid in winter and while a small leak in the system in summer would not be important, the present high price of non-freezing fluids should encourage you fellows to make a careful inspection ever so often and—"

The whooo of the noon whistle broke in upon his lecture and the gang with one accord got up and went away to their home—for it was dinner time.

"D—n," growled the garage owner. "You just naturally can't tell those fools anything. They don't want to learn yet they kick and howl blue murder at their cars when they bring them to me for repairs and—"

But Bill the garage owner was left alone with his mutterings.

ANDOVER

Andover, N. B., March 16 Mrs. Hugh Ervine and Mrs. Percy Bull entertained the Methodist Ladies' Aid on Wednesday afternoon at the home of Dr. and Mrs. J. W. P. Dickinson.

Ernest Hoyt, Miss Miriam Hoyt and Fred Hoyt left on Thursday for St. John. Mr. Ernest Hoyt, who for thirty-three years has been post-master in Andover, is in failing health and will spend a few months with friends and relatives in Fairville and Riverside. His son, Fred, who accompanied him there, will spend a few weeks in New Glasgow and Halifax, N. S., before returning to his home in Seattle.

Win, Counts and three children of Tobique River spent Sunday with Mr. and Mrs. Leonard Enack.

Mrs. Hartley who has been visiting her son in St. John for a short time, returned home Saturday.

Mrs. William Spike entertained the Round Table Literary Club on Thursday evening. The roll call was answered by sonnets and an evening was spent with the 19th century poets. Mrs. Arthur Taylor read a paper on Wordsworth, Miss Janet Curry on Browning, Mrs. A. F. Macintosh, Byron, A piano selection was given by Mrs. A. H. Baird, followed by a paper on Tennyson by Mrs. E. D. Fyche. After this interesting programme, a contest was enjoyed resulting in a tie between Mrs. MacPhail and Miss Janet Curry. A dainty lunch was served at the close of the evening.

The Presbyterian Sewing Circle was entertained on Tuesday evening by Mrs. J. W. MacPhail of Perth.

On Thursday evening two games of basketball were played in the Specialty between Plaster Rock and Andover. Both games resulted in a victory for Andover. After the games, all enjoyed a dance and social evening.

EDMUNDSTON

Bruce Hay of Chipman, N. B., has been visiting his sister, Mrs. D. H. VanWart this week.

D. H. VanWart was in Woodstock over the week-end.

The many friends of Ernest Mills who used to live here, will be sorry to hear that he is in the Woodstock Hospital suffering from an attack of appendicitis. They will be glad to know, however, that the operation performed last week was successful and that he is getting better.

Mrs. Harry Yorke and young son left on Friday for Woodstock where they will visit friends for two or three weeks.

The Rev. Father Lynch was a welcome visitor to Edmundston Tuesday. F. D. Tweedie of Woodstock was here this week.

W. F. Gesner of Amherst, N. S., representing the Willis Piano Co., is in town in the interests of his firm. Mr. Gesner tells us that The Admiral Beatty Hotel is installing Willis Pianos despite the fact that the Willis tender was the highest one received. This surely speaks well for the Willis piano.

C. Edwards, who has been an inmate of the St. Basil Hospital, we are glad to learn, has recovered well enough to return to his home on 21st Avenue.

The Editor returned from a business trip to St. John on Saturday last. Miss Helen Stevens who has been visiting friends in Montreal returned home on Thursday. (Meant for last week.)

President A. Fraser of Fredericton and Vice-President D. Fraser of Plaster Rock, of Fraser Companies Ltd., were in town this week.

R. B. Hanson, of Fredericton was a visitor to Edmundston this week.

W. Perkins, who once lived here is in Edmundston for a short time. Mr. Lerkins now lives in St. John.

Mrs. McKenzie and Mrs. VanWart were joint hostesses at a delightful bridge party last evening at the home of the latter. The guests invited were Mrs. F. S. Murchie, Mrs. C. M. Rideau, Mrs. R. Sergeant, Mrs. A. W. Brebner, Mrs. W. Matheson, Mrs. McCabe, Mrs. G. Birnie, Mrs. Lockhart, Mrs. J. W. Hall, Mrs. J. M. Steens, Mrs. Main, Mrs. S. E. Burpee, Miss Wheeler, Mrs. Griffin, Mrs. Deroches, Mrs. Bond, Miss Reid, Mrs. Landers and Mrs. Hardwick.

Mrs. George Birnie, Aqueduct St., entertained very enjoyably at bridge on Thursday of last week. The guests were Mrs. Bulger, Mrs. Smith, Mrs. F. Pyne, Mrs. VanWart, Mrs. Armstrong, Mrs. H. Lovely, Cabano, Mrs. H. Murphy, Mrs. M. Tompkins, Glendyne, Mrs. Ouellette, Miss Young, Miss Hayes, Mrs. Goulette, Miss Chambers, Miss Dunn, Miss Mavor, and Miss Walsh. The first prize was won by Miss Dunn and the second by Mrs. Pyne, Miss Goulette getting the consolation. Delicious refreshments were served at midnight.

BRAHMS AND THE BAR

As an example of how high-class music will appeal to the masses, Mr. Percy Pitt, the eminent conductor, tells the following illuminating incident: At the first British Broadcasting Symphony Concert at Covent Gardens this season, Mr. Pitt having occasion to go behind the scenes was amazed to hear close to the stage door the strains of the Brahms Variations on a Theme by Haydn. He knew that the orchestra could not be heard at that distance from the front of the house, and for a moment wondered if his ears were deceiving him. Opening the door into the street, the music increased in volume and the mystery was revealed. The landlord of the public house over the way had a loud speaker, which was reproducing the actual concert. Peeping in at the door he saw the assembled company, discussing their beer and Brahms at one and the same time and apparently enjoying both.

Head and Chest Colds Relieved In a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

FARMERS, ATTENTION!

The Massey-Harris agent at Hartland, H. N. Boyer wishes to thank his many patrons for their kind co-operation in past seasons, and now that a substantial reduction in prices in the whole line has been effected, which reduction extends to all repairs as well, he feels that his company is in an exceptionally strong position to cater to the needs and requirements of the agriculturists of the country. He bespeaks for his company a large share of their patronage.

It being an all-Canadian company and the largest manufacturers of agricultural machinery in the British Empire, with around 75 years experience in the machinery business, puts them in a pre-eminent position to know and supply the requirements of the agricultural community. As Mr. Boyer has added to the territory of Hartland and vicinity, the territory about Avondale and Lakeville, formerly worked by Mr. E. Gardiner, it makes him a very busy man.

As he may not be able to make a personal call on every farmer in the territory, he asks that you will please drop a postcard to him, stating which pieces of machinery you are in need of the coming season, on receipt of which he will endeavor to call on you and if good business materializes, he expects that it will be of mutual benefit to the contracting parties.

Mr. Boyer has a line of good used machinery, consisting of wagons, binders, reapers, drills, disc and spring tooth harrows, mowers, etc., which offer exceptional opportunities to quick buyers to supply their needs at a very great reduction on former costs.

In conclusion, the word "SERVICE" considered by many to be the greatest word in the English language is spelled by the Massey-Harris Co. in capital letters and is exemplified in every machine produced by them. For confirmation of this truth ask any user of their machinery.

Public Announcement And Invitation

The public generally, and particularly those interested in motor cars are requested to accept this notice as an invitation to attend our opening April 1, 2, 3, 4, next at our showroom 4-6 Connell Street, Woodstock, N. B.

A full line of the new 1925 series McLaughlin-Buick and Star models will be exhibited for your inspection. The McLaughlin-Buick 1925 line consists of twenty different models, including open roadsters, and touring, enclosed roadsters and coupings, two coach models, two and four passenger coupes, five and seven passenger sedans, and sport models, broughams and limousines.

All of the mechanical features of the Master Six Buick, which for years have been "Canada's Standard of Comparison," many of which are found only in other cars selling at thousands of dollars more, are incorporated in every model of the 1925 production.

These include the famous McLaughlin-Buick automatically lubricated valve-in-head motor; a completely sealed chassis; torque tube drive; multiple disc clutch; cantilever rear springs; a heavy, rigid, substantially reinforced frame; and in the closed models, Fisher-built bodies with duco finish.

We shall be pleased to demonstrate the merits of the new models to all. Come and see the new models whether a prospective purchaser or not.

IN MEMORIAM

CRABBE: In sad and loving memory of our darling baby, Winston, who passed away March 24th, 1924. Gone from us, but not forgotten. Never will his memory fade. But with loving hearts we long to linger. Around the spot where he is laid. He has gone from all his troubles. All his sufferings now are o'er. He is waiting for use yonder. On that bright and happy shore. MOTHER.
Mrs. Charles C. Crabbe, Juniper.

ESDRAELON

Esdraelon, N. B., March 8—H. Smith is doing a bustling business sawing lath. He expects to be all through in a few weeks.

The teams are busy hauling lath, timber and pulp.

H. M. Foster of Mount Pleasant finished hauling his pulp this week. Mr. and Mrs. Edward Biggar and baby of Foreston, also Mrs. Hiram Biggar, Mrs. Ebery Kelly and children and Miss Muriel Brooks were calling on Mr. and Mrs. John Brooks Tuesday.

Mr. Casper Chaisney is doing a good business hauling lathwood.

George Adams, a man in his eighties showed that he can handle a rifle as well as ever on Tuesday afternoon when he shot a skunk that was playing havoc in the hen pen of a neighbor.

Evenet Grant was cutting lathwood for John Brooks, but he got a fall from the Salvation Army and has gone to Prince Edward Island.

The people of this place are sorry to hear Ray Dickenson of Windsor is very sick with pneumonia. All hope for a speedy recovery.

A number of people from this place attended the baptism at Gordonville Sunday morning.

Jack Perkins is home from the woods.

Edward Greer and boys are hauling lathwood to Mr. Smith's mill.

Announcement was made on Saturday by W. H. McQuade, inspector of licenses for New Brunswick, that effective at once, all roads in the province would be closed to automobile traffic until further notice.

Mr. McQuade said he had received this word from B. M. Hill, provincial road engineer. The idea is to await the frost leaving the roads.

This order has gone into effect every spring.
