

## Presidential Candidates

BOB KERR

One candidate for the position of President of the S.R.C. is Robert Kerr, from Fredericton. Bob is presently in 3rd year Arts, in Honours History and Political Science. His activities on campus have included Model Parliament, the P.C. Club and the International Affairs Club. The Brunswickan has seen Bob as a reporter and the film society reviewer. In Fredericton he is President of the Fredericton district United Church Young Peoples.

Following is an excerpt of the platform he submitted to the Brunswickan:

"First, I must express my strong endorsement of the financial and electoral reforms that have been implemented by this year's S.R.C. One of the main tasks of the new S.R.C. will be to see that these reforms become firmly established.

"One of my main interests as President of the S.R.C. would be the state of student interest, or lack of interest, in student activities. I would like to see the S.R.C. sponsor a study of this state of interest, with the hope that club leaders on campus may benefit from these findings.

"I am also interested in ways of mobilizing the expression of student opinion. Maybe a logical step would be to inform students of the pros and cons of important matters, then hold a referendum on these matters during the regular elections.

"Most important, I think the President of the S.R.C. should enter the office with a mind open to do as the position demands of him, and not with the idea of using the position to accomplish certain pet projects he may have. To have such an open mind would be my first consideration."

### SENIOR CLASS ACTIVITY AWARDS

Would members of the Senior Class please fill out an Activity Awards Card, according to the Activity Awards Point System posted on all bulletin boards. These cards may be obtained in the front hall of the Student Centre. Please use the back of the card if necessary. *Be sure to include your ring size.* This is essential. The completed cards may be placed in the S.R.C. sug-

SANDY LeBLANC

Sandy LeBlanc, 4th year Civil Engineering, from Dalhousie, N.B., has submitted a nomination for the position of President of the S.R.C. Sandy has been on the Council during each of the four years he has attended U.N.B. and this year was its 1st Vice-President. He has also worked on Red 'n' Black and Winter Carnival. In an interview, these were the views he gave us.

On the yearbook: "Students may prefer to buy yearbooks on a voluntary basis, at present, the price of these is included in the S.R.C. fees. I have spoken to this year's Editor, and he has said that if it is what they wish, it could be feasible, as long as enough students wish to have one, so that enough money is available to produce a good quality yearbook. Whether or not the students want this should be investigated.

On the A.A.A.: "I don't feel that the A.A.A. is being used to its fullest potential. Since there are as many students as there are faculty on the Athletic Board, the students do have the power to influence their decisions. This power has not been used. We should suggest to the Administration what sports we want emphasized, and where we want our money to go, intra-mural, inter-residence or Varsity. I would suggest to the Council that an opinion survey be made of this. We would then collect the results of the survey, and form motions to present to the Athletic Board."

Additional comments: "Now that the girls are Up the Hill, we will probably have more participation from them, and they therefore will likely get more representation. The Law Faculty, and the Post-Grads, if they wish it, should also get representation. Furthermore, I would like to say that all students may attend S.R.C. meetings, they are allowed to speak, and to bring up any issues. It is their prerogative, and they should use it, so that their ideas may benefit all."

gestion box in the front hall of the Student Centre or mailed to Lally Mitchell, S.R.C., Campus Mail. All cards must be in before January 31st 1963. No applications will be received after this date.

## S.R.C. NOTES

### Law and Post Grads to vote

Both Law students and those enrolled in Post Graduate courses at U.N.B. will be allowed to vote in the Spring elections this year. Their ballots will be cast, first, for the various members of the S.R.C. Executive — President, Vice-Presidents, Treasurer and Secretary. Also they will be allowed to vote for the executive of the Amateur Athletic Association (A.A.A.).

In addition to this there will be an opinion poll conducted at the same time as the elections to find out whether or not the Law and Postgraduate students would like one of their number to represent them on the council. Should the vote indicate that such is desired, a committee will be set up to look into the matter, and suggestions have been that there might be a post graduate representative elected from Law and Post Grad at large. Other suggestions were that these students would be allowed to run for the positions of President and First Vice-President of the S.R.C. This of course would be subject to other restrictions laid down in the S.R.C. Constitution, and also to the findings of the Committee. This poll is for Law and Post Graduate students only, not to be filled in by the Undergrads. A question on the ballot asks the faculty of the voter, only to see if the desire for representation is limited to, say the Law Faculty, or whether it is felt by all Post Grads. Names of course, are not wanted.

It must be understood that representation on the S.R.C. would necessitate the payment of full S.R.C. fees, of \$20.00.

### No Plebiscite on Students Union Building.

At a meeting Sunday night, the S.R.C. decided that there was no need for a referendum, or public opinion poll on the actions of the Student Building Committee. They will continue with their plans to build a Student Union Building. Reasons behind this move were that the building was of a nature not to be included in the overall expansion plans of the University administration, and that as these plans move on apace, the need for a Union building will become greater. If it is started now, by the time the real pinch arrives, the building will be ready to take the load off current facilities for space for student organizations.

"I should also like to add that though the President may exert some influence, he should not use it to pass motions on his own personal opinions. I would certainly keep this thought foremost in my mind. I feel that I am qualified because I have had the opportunity to work with the Council, and thus learn about the internal problems of the various clubs on campus."

Sandy pointed out that he would be happy to answer the questions anyone might bring him. Concerning the presidency, he says, "I would not be running if I didn't sincerely believe that I can do a better job than the other candidate."

## ELECTION CANDIDATES

### Executive of Students' Representative Council

**President:**  
Alexander J. (Sandy) LeBlanc  
Robert William Kerr

**First Vice-President:**  
Richard de Grass Clark  
Daniel Anthony Mersich

**Second Vice-President:**  
Christina Louise Morrow  
(elected by acclamation)

**Treasurer:**  
Michael R. S. Douglas  
(acclamation)

**Secretary:**  
Margaret Ann Blair  
(acclamation)

**Chairman of NFCUS:**  
Ian Lloyd McQueen  
(acclamation)

**Chairman of WUSC:**  
Carole Y. Gooden  
Michael Rosenbaum

### Sophomore Representative (three to be elected)

Laird W. Brown  
Gary Chaplin  
Charles Warren Colpitts  
William Freeland  
Douglas Howes  
Joseph Brian Malone  
John Allen Sherrick  
Douglas Carleton Stanley

### Junior Representative (three to be elected)

George Bailey  
Robert William Burt  
Roland Kenneth Carty  
M. Gary Davis  
John D. Fourdraine  
Harold Geltman  
Janet Isobel Hepburn  
Daryl E. McLean  
Harold McNamara  
Christopher J. Robb  
Maurice Simpson  
David A. Tilson

### Intermediate Representative (three to be elected)

Gordon H. Betts  
(acclamation)  
David Sinclair Christie  
(acclamation)  
Preston D. Thom  
(acclamation)

### Senior Representative (four to be elected)

Richard Brabander  
Joyce Bradley  
John McLeod Butt  
Brian John Copeland  
Peter William Gill  
John Hanson  
William Gates May  
John Munro  
Bruce D. McDonald  
Duncan H. Noble  
C. Antony (Tony) Short  
Eric Scott Smith  
Barbara A. Taylor

### Amateur Athletic Association Executive

**President:**  
Russell Irvine  
Brian Ross

**First Vice-President:**  
Gail Phyllis Godden  
(acclamation)

**Second Vice-President:**  
Louis Savoie  
Campbell Tidman

**Secretary:**  
Cheryl Elizabeth-Ann Pearce  
(acclamation)

### Sophomore Class Executive

**President:**  
Thor Edgar Eaton  
(acclamation)

**Vice-President:**  
Elspeth Ann Waters  
(acclamation)

### Junior Class Executive

**President:**  
John Fitch  
Kenneth Charles Rooke

**Vice-President:**  
Frank Stephen Fitch  
Christopher John Robb  
William James A. Woolven

**Secretary-Treasurer:**  
Alan Stuart Hollingworth  
Michael Stuart

### Intermediate Class Executive

**President:**  
William Coulter Calvert  
Ralph Flanagan

**Vice-President:**  
John A. Morrison  
(acclamation)

**Secretary-Treasurer:**  
Thomas D. Lord  
(acclamation)

### Senior Class Executive

**President:**  
Frederick Derek McLearn  
James Ronald Percy  
William Leonard Snelgrove  
James A. Wallace  
A. Ross Webster

**Vice-President:**  
Richard G. R. Brabander  
Brian John Copeland  
Donald Flanagan  
Richard Arthur Wood  
Ian Lloyd McQueen

**Secretary-Treasurer:**  
Bruce T. Budd (acclamation)

### Life Executive of Senior Class

**President:**  
Fred Bearisto  
David J. Wilson

**Vice-President:**  
Peter G. Cale  
Kathryn (Katie) FitzRandolph  
David A. Inch  
Shiela M. Watson

**Secretary-Treasurer:**  
Wendy F. Tidmarsh  
(acclamation)

### Valedictorian:

Ed Bell  
G. Thomas Calkin

## ATTENTION!

All students are requested to attend the campaign speeches in the Gym on Tuesday morning, January 29, from 11:30 to 12:30 a.m. Classes are cancelled for that period.

All election candidates are required to attend a meeting in the Tartan Room at 7:00 p.m., January 28. The purpose of this meeting is to familiarize you with election procedures, as required by the SRC constitution.

# WINTER CARNIVAL IS

## WINTER CARNIVAL SPORTS ATTRACTIONS

There are no other words for this year's sports attractions than "jam-packed". Besides the varsity attractions, there are other events planned for your enjoyment. Since the Carnival is for the student, many events have been planned in which he can participate, or which he can watch and cheer along our teams.

Friday is a very important day concerning sports. The first major attraction is the Intercollegiate Ski Meet featuring the jumping and cross-country events at Royal Road. While I'm on the subject, it's not too late for you to try out for the team. We need good skiers to retain the championship. Scheduled for the same time is a newcomer to Winter Carnival Activities. Our campus is to be host to the first Canadian Intercollegiate Sport Parachuting Competition. After the parachuting competition, members of the various teams such as West Point, will put on a display to acquaint everyone to this relatively new sport in North America (1956).

Following the parachute display will be the varsity swim meet at 1:00. The opponents of the Beavers and Mermaids will be Mount Allison University.

If you want to participate in a sport your chance will come between 1:00 and 3:00. These outdoor sports on Buchanan Field will begin with a tug-o-war, followed by the very popular Human Dog Team Race. After a toboggan race, activities will move from Buchanan Field into the rink where there will be speed skating relays.

At 3:00, the U.N.B. Sports Car Club will be sponsoring a Gymkhana in the gym parking lot. This is a test of a car's manoeuvrability and braking powers and of the ability of the driver to handle his automobile. If you have a car you are eligible provided the car meets the required standards.

If you don't like the afternoon

cold, you could go to the gymnasium to see our varsity wrestling team competing against highly rated Ricker College from Maine. This sport is not based on strength but on stamina and the ability to out-think your opponent.

At 5:00 some future varsity hopefuls will be in action as the Junior Varsity Basketball team meets Saint Thomas in the gymnasium.

After supper, two teams from Acadia University will be in action against our men's and women's varsity basketball teams. The Red Bloomers will be in action at 7:00 and will be trying to keep their long string of victories going.

Following the Red Bloomers, the Raiders will take the floor to play against the Acadia Axemen. This game could well be a preview of the Maritime Championship.

On Saturday morning, Crabbe Mountain will be officially opened when the downhill and slalom events will complete the Intercollegiate Ski Meet.

Saturday afternoon just before the undefeated Red Devils take on Loyola of Montreal, there will be a short period for fun when the not-so-gentle Gentlemen of England again beat up on the co-eds in their annual broom-ball grudge game.

On Sunday, the final day of the Carnival, all events will take place at Royal Road Ski Hill. Hill for you to take part in. It should be great fun. If you just want to watch, all you need is yourself and a few warm clothes. During the afternoon, a troop of cars will slowly arrive on the scene. This will be the finish of the U.N.B. Sports Car Club Rally which will begin from the Gym parking lot in the morning.

This is YOUR Carnival, so let's see everybody out to enjoy it. We all need a break from the books before May. Take it now and have a great time.

## WINTER CARNIVAL TICKETS

The Winter Carnival Committee has announced that the 8th Annual Winter Carnival Tickets will go on sale January 28th at the Students Centre "up the hill" between the hours of 10:30-2:30 daily. Tickets will be sold up and until the first Carnival Events. The Carnival Pass, which entitles the holder to all scheduled events, will sell for \$4.50. This will admit one person to all events such as the "Journeymen", the hockey

game between Loyola College and U.N.B., the Coronation Ball, and various other scheduled dances and activities. Carnival Programs and souvenir buttons will also go on sale at the same time. Ask for your free Winter Carnival automobile stickers when making your purchase.

Separate admission tickets will also go on sale at the Students Centre January 28th. These will be sold on a first come, first serve basis—a limited number of tickets will be sold, and we would suggest picking up your tickets early. Prices for the separate admission tickets run as follows: "The Journeymen" — \$2.50 per person (evening performance Feb. 6th or Feb. 8th, FHS Auditorium 8:00 p.m.)

Loyola University vs. U.N.B.

—\$2.00 per person (Sat., Feb. 9th, game time 1:30).

"Coronation Ball" — \$2.50 per couple (semi-formal, L.B. Gym, Feb. 9th at 8:30 p.m.)

Carnival Passes and Separate Admission tickets will go on sale downtown in Fredericton on February 2nd at the Gaiety Men's Shop and Mazuccas Variety Shop during regular business hours. Tickets will remain on sale at these fine stores from February 2nd throughout the Carnival.

A package deal will be offered if tickets are picked up at the Students Centre from January 28th on throughout the Carnival. The package deal consists of a Carnival Pass, programme, and souvenir button and car decals for \$5.00.

As in the past years we have had complaints about the shortage of tickets. We suggest that you obtain your passes or separate admission tickets EARLY.

## WINTER CARNIVAL COMMITTEE

There are seventeen members of the Winter Carnival Committee who all must have worked in some capacity on the Carnival previously to be elected. Members are elected by the previous year's committee as their final act.

This year's committee started work on the 1963 Carnival as far back as March 1962 and have been working hard for almost the whole year to produce a four day affair which it hopes will please all. Even the summer vacation meant work for some of the members as the search for entertainment is never-ending. A good group is usually booked far in advance so this makes the early choice of entertainment a prominent factor.

Through the fall the meetings

became more frequent and the actual Carnival began to take shape. With Carnival time fast approaching, the committee members have been burning the midnight oil to whip everything into shape.

This year's committee is under the chairmanship of Dave Wilson with Doug McKinley working as Assistant Chairman. It might be remembered that Dave also acted as produced of the Red 'n' Black Revue.

The committee feels that it has planned the best format, designed to please the student body and the general public. Dave Wilson stated the policy of the Winter Carnival Committee as "New events intermingled with the old should provide the ultimate in enjoyment for all."

... Poised ... pleasant ... intelligent ... fun to be around, and fun to have around ... interested in more than either only mere men, or only studies ... these should and *do* qualify this year's candidates for Winter Carnival Queen.

Daryl MacLean, Business Administration. Her wide range of activities have given her a broad outlook on campus life, though we will most likely remember her for her wonderful work as S.R.C. Secretary. She is in 2nd year Arts, and comes from Charlottetown, P.E.I.

Engineers usually consider themselves connoisseurs of women. Their choice of Joan Elliot may prove that they are not entirely wrong. She is an enthusiastic 2nd year Bus. Ad., and is at the same time secretary of

the Bus. Ad. Club. From Pointe Claire, P.Q., she is a long way from home, and we are fortunate to have her.

Sandra Phinney is her own faculty's queen this year. A second year Physical Education student, she is most loyal to her faculty. In summers she has worked in many camps, mainly in her native Nova Scotia. She also enjoys active exercise with the Scuba Club.

Amanda Ferguson lives up to the reputation of a South Sea Island girl. She too represents her own faculty. A second year Arts student herself, she is enjoying the life at U.N.B., and she may yet enjoy the title of Winter Carnival Queen.

Moncton is well represented this year, with two candidates. The first of these is Pauline Robinson, in 2nd Year Arts. She is

Science Queen. She told us that U.N.B. is the greatest, and feels that having been elected is the greatest compliment she has ever received.

The Law Faculty queen, Gay Franklin, has come from Baie d'Urfee, Quebec, because of the nursing course offered here. Her activities range from the Pre-Med Club to the Choral Society. Furthermore, each summer she works in the Moncton hospital for two months.

Joyce Bradley is the second Moncton girl. The Foresters gave their standing ovation to this 3rd year Arts student. Always happy, always on the go, attractive and friendly: this is Joyce's description in a nutshell.

There you are. Confidentially, I am glad I am not the one to decide between them.

## Busy Schedule Planned For Queens

For the past three years, the fashion show has been one of the most important features in the final choice for Winter Carnival Queen. Their poise, appearance, and personality show up very clearly, as they model latest fashions, and must answer with no hesitation whatsoever, certain serious, and certain funny (at times embarrassing) questions.

The judges, of course, are present, and their impression of each girl is of prime importance. You should attend so that you may see if your choice coincides with theirs. It is also a good opportunity for the students to socialize with Frederictonians, on an informal basis.

The fashion show will be held this year on January 31st, at 7.00 p.m. at the Lord Beaverbrook Hotel. You may make your reservations by calling 5-3371, ext.

338, Mrs. Wood. U.N.B. students should make theirs before January 25th, since that way they will get preference. Non-U.N.B. students, any other people, should make theirs after the 25th, right through to the 30th.

Students will also benefit from a special price: \$4.00 per couple, compared to \$5.25 for others. Don't forget that included in this price is a delicious dinner.

The queens will model fashions by Curl's Ladies Wear. The way they carry themselves will certainly influence the decision of everyone.

Ralph Campbell, who did such a wonderful job for us during Red 'n' Black, will again provide us with his talent; Miss Mary Barker, Women's Editor for the Gleaner will do the commentating.

Before the fashion show, they will have to be on their best behaviour many, many times!

The Queens' Tea on January 27th, will be the first time the queens are officially introduced to the judges. The judges speak to each girl for approximately five minutes. Their ability to talk intelligently to strangers will also affect the decision.

Of interest to students will be a television appearance on CHSJ-TV on January 28th, from 6.00 p.m. to 6.25 p.m. they will make, as well as their radio interviews. Joan Watson, Women's Editor of Radio Atlantic will speak to each queen "In Reply", at 5.45 p.m. each night this week. You will have the opportunity to find out their interests.

It is all in all a very busy schedule. One that should appeal to all of you.

## flashes are hot . . .

The Friday edition, a special report on the election situation, had an immediate effect. It now appears that there will be a full slate of candidates for almost every position. Nothing like this has happened since the Red 'n Black flash edition deluged the director with phone calls.

The most rapid result, and the most surprising one, came from a group of law students. With a brilliant stroke of initiative, they nominated a complete executive for the SRC. Although unconstitutional, this move did have the effect of severely jolting the student body into discussion and some action. Congratulations, lawyers, you made a good point.

The lawyers did not stop there. They promptly nominated a candidate for Senior Representative, once again unconstitutionally. This did have a serious aspect. Law and postgraduate students appear to have a desire to take a more active role in extra curricular activities, and justifiably so.

On other campuses, the postgraduate students are among the most active and the most serious participants in student affairs. Here they have so far taken a fairly minor part. If the SRC regulations can be changed to allow those who want to take part greater access to student activities in the future, it will certainly be a worthwhile move.

☆ ☆ ☆

## gamble . . .

Will UNB have a new student union building by the fall of 1964? This is the date mentioned by informed sources on the Student Building Committee.

The latest development concerning the Committee occurred at the Sunday night meeting of the SRC. The Council had previously been asked by the Committee to include a referendum in the upcoming elections, in order to get a widespread student opinion as to the type of building to be constructed. Sunday night the SRC reversed their previous decision and decided not to have the referendum after all. Apparently, it was too difficult to design questions which would not bring forth "a prejudiced view."

The Building Committee will now proceed with their original plans for a student union building, making a greater effort to publicize it more favourably.

The Brunswickan, in editorial comments up until now, has opposed the idea of the student union building, on the grounds that we have a more immediate need for other facilities such as an enlarged library. The Building Committee and the SRC have been firmly convinced by higher authorities that these other buildings will get built anyway, and that therefore we should go ahead with the student union building. In addition, aid has been promised the Committee, so that they need raise only 10% to 15% of the cost of the SUB.

We have been repeatedly told that further opposition to the student union building at this time will have the effect of wrecking all plans for student fund-raising. Very well, let's drop the matter for the time being.

COMMITTEE TABLES MOTION—left to right; David N. Covert (Vice-President), Sylvio J. Savoie (President), William J. Rowe (Secretary); David C. Nicholson (Treasurer).

## Law Students Committee to Save Student Government

The recent flash issue of the Brunswickan, concerning the apparent apathy with regards to the forthcoming election for the S.R.C., has produced results in, at least, some quarters of the University.

A group of the Law Students have answered the call for nominations. By 6:45 p.m. on the day of the flash issue this group had formed The Law Student Committee To Save Student Government (not representing the Law Society), issued their proclamation, nominated their executive candidates, and been on the air over Radio UNB. This shows what can be done when the need arises.

The Committee has stated in their proclamation, Law Students

and Postgraduate students are not eligible to hold office or vote. However, upon investigation, the following article which covers such a situation as now presents itself;

S.R.C. Constitution, Article 10, Section 4:

"Any resolution, bylaw, . . . order or amendment to the constitution of the S.R.C., may be initiated by the student body upon request to the Present of

### RING! RING!

Seniors wishing to obtain U.N.B. rings by graduation must place their orders at the U.N.B. Bookstore before February 28. The rings are all ordered at once, and must be ordered by that time for receipt in May. A sizing machine is available at the bookstore.

### POLL POSITIONS

The following polling stations will open on election day January 30, from 8:30-5:00 p.m. in the Civil Engineering Building, Forestry Building, Carleton Hall, Student Centre and Bailey Hall. Voting in Lady Dunn Hall and McConnell Hall from 12 noon-2:00 p.m. ALL STUDENTS MUST PRESENT THEIR STUDENT PASSES.

Whether or not this is the right decision will be seen in the fall of 1964. If the SUB is completed, and the library begun, then the right decision has been taken. It is a gamble, and this writer will be eager to see who wins.

the S.R.C. of a petition signed by twenty per cent (20%) of the student body."

The Committee feels that if the student body wish The Law Student Committee to administer their affairs, it can be accomplished by such a referendum. They will not institute such a referendum, but will be available should one become necessary.

### CAMPUS CALENDAR

- Wed., 23 Jan. Model Parliament, Oak Room, 7:30.
- Nurses' Social, All Purpose Room, 7:00.
- C.A. Rally, Tartan Room, 7:30.
- Thurs., 24 Jan. Bridge Club, Oak Room, 8:00-11:00.
- Arts Society, Tartan Room, 7:30.
- Fri., 25 Jan. Chapel, Douglas Hall, 1:00-1:20.
- U.C.C., Cathedral Hall, 6:00-8:00.
- Lady Dunn House Warming, residents and guests, 9:00.
- Sat., 26 Jan. Apache Dance, Cafe Rouge et Noir (Student Centre), 9:00-12:00.
- Mon., 28 Jan. P.C. Club, Tartan Room at 7:30.
- Tues., 29 Jan. Bridge Club, Oak Room, 7:00-11:00.
- Winter Carnival Committee, Tartan Room, 7:00.
- Liberal Club, Conference Room, 7:30.
- Chapel, Douglas Hall, 1:00-1:20.

## Brunswickan

Established in 1867, The Brunswickan is published each Wednesday by and for the students of the University of New Brunswick at Fredericton, N.B. Opinions expressed are not necessarily those of the Students' Representative Council. Subscriptions are available to non-students at \$3.00 a year. Authorized as second class matter, Post Office Department, Ottawa, and paid for in cash.

## — From Our Readers —

Dear Sir:

In view of the recent exodus of Co-eds to their new stomping grounds up-the-hill, and their consequent near extinction in the low-lands of Fredericton, I propose that a statute be erected commemorating the species, so that when future generations ask what it all means, grandfathers can tell them.

"They're gone now, son . . . vanished. But I remember when the whole long plain called University Avenue was alive with their surging bodies — great mass of them, far as the eye could see—big groups, noisy and restless — small knots, huddled together against the cold, and a few hurrying stragglers. All tramping in the same direction—drawn by some great destiny in their regular migrations.

Here and there the hunters, skirting the rumbling mass stopped their steeds waiting, until several shaggy forms turned,

broke from the herd, and with frenzied bellowing charged the solitary rider.

But the herds are gone now son, only the wind remains blowing across the deserted flat-lands pitted still with their foot-marks—the last traces of the past, and the native driving his steed relentlessly, back and forth, search-with weary eyes for the quarry he knows he will not find.

Will they ever come back? Nobody knows, son, but I like to think of the roaming up there in the hills, and I believe, if we wish hard enough and long enough, they will return again.

Sincerely,  
George Patterson

\* \* \*  
**You have a real talent, fella. Write us again.—ed.**  
\* \* \*

Sir:

The report of the building committee was final proof that a Student Union Building is out of

the question. The tabulation of estimated space requirements makes the fact evident that the building is purposeless. Notice that the Engineering Society wants a room the size of the present Yearbook Office (rather large for one society's exclusive use don't you think?), and the Winter Carnival needs a place large enough (almost) for opening night. And if we consider the space that would be made vacant by the evacuation of present space if some of the groups listed moved to a new building, there would be enough room for the other groups on the list, and hence the estimated space requirements of 6000 sq. ft. can be reduced to about 4000 or 4500. Whether we need another hang-out (i.e. student lounge) is debatable. So we 'need' 5500 sq. ft. of floor space, assuming it legitimately is a 'need'. (The S.R.C. is hardly as generous with

(continued on page 11)

by Dave Whitworth

This column has mentioned earlier that bridge is at least fifty per cent psychology. And a good part of this is being able to get along with your partner, at least to the extent that the partnership functions smoothly. Since your partner probably figures that he is every bit as good if not a bit better than you, proving different by pointing out his mistakes will not make him particularly happy. Thus although you may feel quite justified in castigating him for some particularly stupid play in all likelihood it won't do any good and it may upset him sufficiently that he'll muffle the next few hands. The fact that you were correct is small consolation for the points that your opponents will score. The best course of action is to remember that you're playing for fun and to win, not to teach possible future opponents so that they can beat you next week. The only instance when it is to your advantage to point out your partner's mistake to him is when you're playing together regularly, even at that it is better to wait till after the game when you can discuss it rationally.

There are a variety of types of weak players which you will undoubtedly run into especially when you cut into a game in which you don't know the players. The first type and perhaps the most harmless is the underbidder. You can recognize him as he is usually proud of his sound bidding and will probably state something to the effect of "Partner when I bid I got them". With this character you will probably miss many sure games and slams but at least you end up with a plus score on any contracts which you play. The second type is the extreme opposite, the over bidder. He rationalizes his bidding by stating: "Partner I like to bid them up."

The fact that he is consistently clobbered with penalty doubles does not in any way seem to deter him. The only saving grace of this partner is that he usually plays the hands quite well and can sometimes squeeze the extra trick out of them for big plus scores.

When you're stuck with either of the types mentioned above as a partner the best thing to do is to go along with them and bid the way they do at least when there is any possibility of your hand going down as dummy. For if you attempt to compensate for their bidding you'll find that the underbidder becomes even more conservative and erratic, almost refusing to bid at all regardless of his holding. While the overbidder, heaven help you if you miss a game or horrors a slam. His bidding which previously had been optimistic to say the least will become unbelievable and you'll really get taken to the cleaners.

## First Time In History TREASURE VAN GOES OVER \$100,000

TORONTO—An all-time record for sales has been set by the World University Service of Canada Treasure Van. More than one hundred thousand dollars was collected in this year's sale of foreign and domestic handicrafts.

The total sale, according to provincial figures, grossed \$107,344. This was an increase of 32 per cent over the 1961 total of \$80,359, and was about twice the volume of sales reached in any year prior to 1960.

Douglas Mayer, WUSC General Secretary, attributed the marked increase to "imaginative and enterprising work of the many local committees". He said that, on several campuses, the sale exceeded \$1,000 a day.

"One campus — the University of Alberta at Edmonton — sold more than \$12,000 worth of goods this year," pointed out WUSC Assistant Secretary Judy Lee. "This is better than 10 per cent of the entire sale."

The Edmonton sale was the only one to go over \$10,000. The next best sales were registered at the University of Saskatchewan and the University of Manitoba where more than \$7,000 worth of goods passed over the counters. Twenty-seven of the campuses visited bettered their sales records of 1961, with some of the sales doubling past marks.

Memorial University in Newfoundland jumped from \$857 last year to \$3,054 this year. Queen's University showed an increase of over \$2,000 this year, but it failed to beat its original record of \$8,902 set in 1952.

Treasure Van Sales (to nearest dollar) at U.N.B.

1952—1444	1958—1030
1953— 843	1959— 773
1954— 457	1960—2379

This does not have to be carried to extremes, when there is a good chance that you're going to be playing the hand or defending by all means try to compensate for your partner's weaknesses, most people won't remember your cards as you play them so you're in little danger of getting called on it. However, should the hand go amiss be prepared for a fast apology in order to preserve partnership harmony.

## ?WHO ARE YOU?

The SRC would appreciate your help with the following: It is essential that we have this information. Would those concerned please send a note (concerning this request) to Lally Mitchell, SRC, Campus Mail, or place a note in the SRC suggestion box, to be found in the upstairs hall of the student center.

### WHO ARE YOU?

Secretary of AAA  
Secretary-Treasurer of Archery Club.Treasurer of Arts Society.  
President, Vice Pres. and Sec'y.-Treas. of Camera Club.Executive of Chemical Institute of Canada (UNB).  
Executive of Duplicate Bridge Society.

Executive of Education Society.

## The challenge, the reward and you

Canada's leading trust company offers university graduates challenging and rewarding careers in a variety of phases of financial administration.

Preferred candidates are alert, imaginative young men who are graduates in arts, commerce, law or business administration. A career with Royal Trust includes a period of "on the job" training from which successful applicants will assume responsible duties in one of the following specialized fields best suited to their particular interest and aptitude.

### INVESTMENT MANAGEMENT

The care and keeping of close to \$3 billion of "other people's money" includes the administration of individual portfolios of varying sizes and a variety of investment funds for personal and corporate accounts.

### INVESTMENT RESEARCH

Royal Trust maintains its own investment

research facilities to keep constant watch on the economy as it affects investment opportunities and current holdings.

### ESTATE AND TRUST ADMINISTRATION

This highly personal and fascinating aspect of our business involving clients' confidential affairs requires above average qualities of ability and temperament.

### THE REWARD

Those choosing a trust career join an industry which has shown spectacular growth in recent years. This growth has meant an increasing number of job openings providing unprecedented opportunity for advancement for young men with ability and a willingness to work. Royal Trust administers approximately 30 percent of the total Canadian trust business through its 22 offices across Canada and abroad.

### IF YOU ARE INTERESTED

a Royal Trust Personnel Officer will be on the campus on

**January 29**

Contact your Placement office for an appointment and ask for our descriptive literature on Careers With Royal Trust.

# BRUNSWICKANNE

## Here Are The Faculty Kings

LADIES' SOCIETY EXECUTIVE: JOAN COLLINS—  
Secretary-Treasurer, Katie FitzRandolph—President

### FROM THE PRESIDENT . . .

Now with co-ed week well under way, I'd like to thank all the girls who did such a marvellous job in organizing and arranging all the events, especially those who took charge of the Campus King competitions, and those who are working on the dance this Saturday. We think we have planned a week full of activities which should keep people busy, and add to the enjoyment of those few moments one must take off from the serious business of academic work!!!

Also many thanks to all those who wrote articles, and did other work on this, the Co-ed *Brunswickanne*.

Their names appear on the masthead of the co-ed edition, and they deserve a lot of credit for last minute efforts.

May I just remind you that every penny you vote, in the elections for Campus King goes directly to a scholarship given annually by the Ladies Society. It's a worthy cause, and the odd nickel or dime won't hurt anyone. It's also a good way to get rid of the five pennies left over after buying a package of matches.

Katie FitzRandolph,  
President Ladies Society

### CAFE ROUGE ET NOIRE

Saturday night, Café Rouge et Noir (the cafeteria to the uninitiated) is the scene of the annual Apache dance. The student center will be transformed into a replica of a Parisian night club, with even the possibility of a floor show, although there is nothing definite on this as yet. Highlight of the evening will be the crowning of the Campus King, by the last monarch, Sandy LeBlanc. In keeping with the setting, dress of black leotards, skirts and sweaters is urged for the girls, and turtle neck sweaters, or striped T-shirts for the boys, teamed with black pants. Approximations to the ideal will be accepted, but an attempt on all sides to look like a part of the left bank of Paris would greatly add to the atmosphere of our Cafe. Admission is 50c a couple, 35c stag.

The following lovelies are being shown here for the first time. All are vying anxiously for the much coveted title of Campus King. The coronation will be at the Apache Dance on Saturday, Jan. 26th.

DAVE TILSON—ARTS

Representing the Arts Faculty is Dave Tilson, a second year student, and veteran of two Red 'n' Black revues. Dave is 21 years old, 6'2" tall, and a native of Toronto "the Good". As the picture shows, Dave is a serious minded Arts scholar, and typical of his faculty, an impeccably well dressed young man. After he graduates from U.N.B., Dave hopes to be a bull fighter in Spain, and to this end is taking Spanish, so the Spanish books weel understand him, no? We are sure that in Dave, Arts has a winner.

SCOTT SMITH—FORESTRY

Forestry is ably represented by Scott Smith, as the picture only too vividly shows. We regret we were unable to include the dainty

Forestry boots worn by this candidate in the photo. Scott is 5'11", 21, and an intermediate, who hopes to bum around after he receives his degree. Judging from the picture we should say he is very well qualified already, and that in his chosen profession, the sheepskin is hardly necessary. With his charm, and clean-cut good looks, Scott cannot be overestimated as a real contender in this contest.

ROYCE GRAHAM—PHYS. ED.

Royce Graham, a twenty-two year old Physical Education student in his fourth year carries his faculty's laurels in the competition. A typical Phys. Ed. "Atlas type", Royce is here shown holding up the roof of the student center lounge. His tremendous strength is well illustrated by the fact that even the tassel of his hat defies the well-established law of gravity. We certainly hope, that he won't shrug, and let the roof crash about our heads. Royce plans to teach after graduation.

GALEN GREER—SCIENCE

### NOVELTY DATE

Don't forget that in the schedule of co-ed week, tomorrow, Thursday, is the night to dream up something entirely different for you and your date to do. Originality counts. Perhaps you have always wanted to picnic on Buchanan Field, or to work on an essay (I doubt it, but it is original). Well now is the perfect time. Tonight it is skating, and Friday night you might take in a show, but tonight — be daring, be amusing, and think of the unusual, the more so the better.

DON CIOTTI—BUS. AD.

Business Administration has fielded Don Ciotti in the race for the crown. Fielded is perhaps a very apt word, as Don is well known as a valuable member of the U.N.B. Red Bombers, despite his small (5'4 1/2") size. Twenty-four years old, Don is a junior, and he hopes to work in Steel after he graduates, in sales. In addition to all his other fine qualities, which make Don such a truly great candidate for Campus King, he also drives a shining late model 1952 Chevrolet.

FRED BEARISTO—ENGINEERING

Fred Bearisto, 5'11", 23, and a senior representative on the S.R.C. (very capable at that) is the Engineers big hope. Patriotically bound in a red and black scarf, he forgot his slide rule due to a momentary mental lapse, and with matching mittens, Fred should appeal to all who truly like it here at U.N.B. He graduates this year, the Board of Deans willing, and plans to go on to take his masters in Business Administration.

As you can see, the Candidates for Campus King are all equally in the running, and it will be a hard thing to choose between them. In case you can't, you will be pleased to know that it is perfectly legal to vote for ALL of them, and as often as you wish.

Each vote is a penny, with coins of higher denomination being accepted, and worth correspondingly more votes. All the money goes to a scholarship, so vote as often as you like, for as many candidates as you like, then come to the coronation at the Apache Dance on Saturday night.

## Latest Looks On Campus

Now that the co-eds of U.N.B. have moved into on-campus accommodations, we are sure some of the less formal and more comfortable fashions for morning classes will be appearing in the halls and lecture rooms of U.N.B. These outfits are now for this spring, in keeping with a current trend towards the casual.

One of the most attractive is a shift dress by Door, of Paris. This is shown in the left-and picture above, worn with a pair of fuzzy shoes, which, because of their soft soles, are as comfortable as they look. They are very warm in this cold weather, but as yet there is no way to keep them from becoming terribly soggy in the case of a thaw. The attractive hair-do, by a Parisien stylist features the hair wound around cylindrical tubes, and held in place with a few small chrome clips. The straight and simple lines of the shift, are alleviated only by a ruffle at the neckline and frills at the wrists of the long and bloused sleeves. Our model carries one of the more popular books on campus, the old notes for English 100, of an English honours student.

Another lovely creation is the

two piece suit shown in the second panel above. Made of a small flowered print flannelette, with lace about the midriff and knees, it is here worn with black accessories. The black handbag, books and cossack boots are the perfect go-togethers. The hair-do is a new and completely natural idea, originated in the prominent New York salon of Helen Rubinsburg. The outfit is designed by Ballman.

On the right is a coat with the new relaxed fit in a lovely plain coloured wool. It features a scalloped collar, and patch pockets. Worn with it is a matching shirt and slacks ensemble in a large rose patterned print. The shoes are in the new bare trend, with open toes and heels, very comfortable and not too formal for classes. Hairdo is a tousled and indoorsy style inspired by the un-

combed look, sometimes found immediately after rising from a deep sleep. This entire outfit is designed by Balancee.

All of these creations are doubly practical, as they require no ironing, and can, if the owner so desires, be worn as sleepwear.

## Tiddley Tunes

Men who can't hold their liquor make me sick. I've been ill a lot lately. Any girl who has been in my position can appreciate how awkward it is to drive home on a three lane highway, with your date flaked out beside you. Girls nowadays must be equipped with instant coffee, driver's licence, bromo, a copy of Charles Atlas Fireman's Carry (now available in paperbacks) and a map of the back roads of New Brunswick, before they dare venture on a date. And men wonder why we carry big handbags? Meanwhile the intoxicated travels light—sometimes sporting only a hip flask.

So girls—"Ban the Bottle" and help stamp out drunken depravity.

Rumor has it:

- All co-eds are going to Carnival this year.
- Professor Galloway has cancelled classes so as not to interfere with the preparations of the Winter Carnival festivities.
- In keeping with the custom established by the Fall Formal, the Spring Con will be on January 25 this year.
- Colin B. Mackay will be a June groom.
- Nowadays people are using snow blowers instead of lawn mowers.
- Miss Seaman has "Dunn Inn".
- Every room in Lady Dunn Hall is getting a private phone.
- A chart of Professor Chapman's progress (re mumps) can be obtained from the Nursing Department.
- Men are in a minority at UNB.
- Opening night of Carnival will be held in April this year when there is sure to be snow.
- The Queens will be modelling bikinis at the Fashion Show, in a last desperate effort to bolster ticket sales.

## METROPOLITAN

There is a considerable body of prerequisite knowledge, which every co-ed, as a potential homemaker, should know. Baking a cake, for example, cannot be undertaken as merely a simple enterprise. Certainly you must follow your mother's recipe. That goes without saying. But it is essential to realize that all the ingredients must come from your own cupboard! Many inexperienced homemakers, lacking suf-

ficient supplies, rush next door to bargain with or borrow from their neighbours. As a general rule this is very dangerous. First of all, never barter or bargain in any way with neighbours, who have an odd sounding name or funny looking eyes. This would lead to suspicion among your friendly neighbours because you might find something they don't have, and thereby not bake a cake identical to theirs. Secondly, never let a friendly neighbour help produce the cake. If you must get his supplies—and this should be avoided at any cost—be sure to trade only something you have plenty of, like flour, for what you need, but only on the condition that you get the better deal. Although it might appear that you'd get a better deal with your alien neighbour, who just moved in, than you would with

your neighbour who drives a hard bargain, this move will prove far more to your likings in the long run . . . eventually your alien neighbour will move away! (Since he was a poor foreigner, the value of your property will increase with his departure.)

Ideally, however, the thing to do is to make certain you have all your own ingredients. If, for some reason, you haven't, you should endeavour to make them yourself. This way you can say with personal pride, "This is completely my cake!"

Of course, for many, the oven presents a worrisome problem. To bake an even cake, you need a good oven, not the kind great-grandmother used. (It had its attractions, but we live in a progressive era!) This must be your very own oven, and most important, it has got to be as good or

### DAILY EXERCISES

Too much time and emphasis is placed on the same old over-worked muscles. If they are not in shape now, they never will be. Below is a list of exercises which are dedicated to those small, seemingly insignificant muscles that are none the less important. These exercises require only a few minutes of your day and are very relaxing as well.

1. Lie flat on back with legs straight but relaxed and toes loosely pointed.
2. Resume the position stated above after a brief rest period as to avoid over-exertion. One arm (first your right) lies at right angles to your shoulder with palm facing floor. The left arm is then free to adjust pillows upon which you are lying. Now very slowly as you count to ten s-t-r-e-t-c-h your right eyebrow. Hold it there a few seconds then quickly lower it. Repeat with the left. Do this 5

times. This exercise allows for free movement of your eyebrows and eventually will develop a sharp ridge which will serve as an excellent guide line for your favourite eyebrow pencil.

3. Remain in prone position and breathe deeply 10 times. This exercise requires great concentration since it is directed toward the navel muscles. The umbilical muscles are extremely important for various reasons. To add breathing control an invaluable aid is the common toy arrow equipped with rubber suction cup which will serve as a plunger. This exercise gives excellent control for those belly dancers who wish to bombard a battery of rubies at offensive customers.

If you are interested in these and similar exercises, please send a self-addressed envelope and \$1.10 to Bonny the Prude,

c/o The Brunswickan

## MISERY

Look at this university! Here we are, studying like dogs and sitting miserably staring sadly at the crusty, half melted piles of snow powdered with black soot from the power plant, and with nothing to do but sit near our books for the next essay or test to be sprung upon us. We gaze in awe at the monstrous heap of un-caught-up work loaded on the desk and turn again to the gloomy sight outdoors. Here we are, caught between one gruesome sight and another. We need an outlet.

Metropolitan (continued from page 7) preferably better than your neighbour's. If you don't know how to operate it—experiment at all cost, but never ask advice . . . except from "Father John", who always knows best.

With this knowledge, you cannot go wrong. You can see how easy it is to be a metropolitan homemaker, and become the little red hen, who has her cake and eats it too! What satisfaction!

There is none. There is an occasional hockey or basketball game and a dance or two every weekend or so, but that's not enough. There's no more everyday fun like there used to be. No more snowball fights, residence raids, or angry exchanges in the *Brunswickan* like in the old, exciting days. Read some old *Brunswickans* and you'll see what we mean. What's happening to humour on the campus? Is it losing its grip? Are we becoming solemn old fuddy-duddies? Is work too hard?

No. We are just plain old-fashioned ordinary point blank LAZY. We don't sit at a desk and write up an article for the paper or take part in the activity of some club or run for a position on the student council, we just sit back and complain about everything everyone else says or does. Why not sit down and do both at once? That's all you have to do. Look at me. Then fireworks will start.

### Progressive Conservative Platform

1. Complete revision of Tax Laws.
2. Take government out of business, thus restoring free enterprise, as suggested in the Glassco Report.
3. Propose that unemployed men work on municipal and provincial and federal projects.
4. Resolve that seasonal workers be eliminated from unemployment insurance benefits and receive financial relief from a seasonal relief union.
5. Revise divorce laws, birth control regulations and blue laws.
6. Resolve that a government agency advocate an organization similar to CUSO's personal form of diplomacy and aid.
7. Resolved that an agreement be made with United States so that a Canadian student be exempt from conscription in United States.
8. Provide scholarships for students coming to Canada from the underdeveloped nations and communist bloc.

### LIBERAL PARTY PLATFORM

1. A Liberal government will establish a committee of provincial and federal authorities in order to create a uniformity of Canadian public and secondary education.
2. A Liberal government will increase grants to Canadian universities in order for them to undertake necessary expansion and to minimize the expenses of the individual student as regards tuition, texts and residence fees.
3. A Liberal government will create a Sports Council sufficiently financed to provide that Canada will have better representation in World amateur sports events.
4. A Liberal government will ensure that Canada will honour her defence commitments to NATO and NORAD as regards nuclear armaments.
5. A Liberal government will work toward the establishment of an Atlantic Free Trade Area so as to increase Canada's role as a trading nation.
6. A Liberal government will convert gradually the present system of measurement to the metric system.
7. A Liberal government will alleviate Canada's economic difficulties by direct stimulation and encouragement of secondary industry investment with such measures as the easing of credit restrictions and the creation of attractive tax arrangements for investment in underdeveloped areas.

### TRI-PARTY RALLY

The rally of Liberals, C.A.s and P.C. parties will be held TO-NIGHT, WEDNESDAY, JANUARY 23, in the TARTAN ROOM. Everyone, interested or otherwise, please attend this gathering of vicious rivals which undoubtedly will be both en-

lightening and entertaining! Come see your campus political clubs in action, and judge for yourself which of the group is best suited for the governmentship of Canada for a day. The time is 7:30, so for an evening of politics on the pseudo-national scale, visit the Tartan Room tonight. (Inserted by the Model Parliament Committee).  
Gary Davis, Chairman.

### C. A. PARTY PLATFORM

The C.A. Party Association of the University of New Brunswick had its beginnings in a small group of witty and eccentric, independent students interested in experiencing simulated parliamentary debate while remaining unaligned with any national party. This has remained as the primary function of the C.A.'s and we intend to retain this purpose at least in the immediate future.

The existence of the C.A.'s as the 'third party' in the Model Parliament has contributed excitement and humour to an otherwise dry two-sided gathering, and their mere presence has been an aid to the other parties (clubs) who obtain practical experience in spreading party-attacking propaganda, much along the lines of the Federal Parties.

This year the C.A.'s will continue to stimulate interest in National Affairs by satirically mirroring the Canadian Parliament.

We propose:

- 1) The emancipation of women on University Campuses, thus relieving the tight security measures invoked on them while in residence (e.g.: walls, police guards, mud-moats, etc.).
- 2) To establish special government scholarships for members of the Royal Canadian Mounted Police 'attending' certain universities in Canada.
- 3) To issue a new series of postage stamps incorporating unique medicinal and practical functions in their adhesive backings; e.g.: Listerine concentrate for people with bad breath ('A lick a day keeps halitosis away');
- 4) In conjunction with the above, to institute a national programme of nutrition to be carried out by vitaminization of the lower priced stamps to come within the budget of every Canadian.
- 5) In the interest of maintaining the Canadian 'Middleman role' between Great Britain and the United States, to undertake the completion of the abandoned American Skybolt project.
- 6) To revise the time zones to create an amazing new system, 'Time-losing time', taking five minutes off every hour EVERY HOUR. In this way in almost no time you'd have no time at all, i.e.: no worries.
- 7) To establish a Graft Tax for politicians.
- 8) To work out a military exchange program with the United States State Department to acquire nuclear warheads IN EXCHANGE for the Bomarc-B missiles rusting in Canada.

Respectfully yours,  
C.A. Association,  
G. Davis, GP

If you are looking for a challenging position in a growth industry, with exceptional returns in both job satisfaction and income, you should consider the position of Data Processing Sales Representative with the leader in the electronic business equipment field: IBM.

As a graduate in Business, Commerce, Engineering or Science, you will receive comprehensive training in IBM computers and their application to data processing work.

On completion of the training program you will assume responsibility for IBM's Data Processing business with a specific group of customers and prospective customers. You will confer with their top executives on data processing problems, and work with IBM technical

specialists to develop individual solutions to those problems. You will then present your solutions to the executives concerned, obtain an order for the IBM equipment required, and assist the customer in putting the new system into effect.

This position calls for a combination of talents: a logical mind for dealing with complex problems, and the "human relations" qualities required for effective discussions with other people. The requirements are high. The rewards are exceptional. Promotional opportunities are excellent.

For further information about a career as Data Processing Sales Representative with IBM, write to the executive whose name appears below.

615 Dorchester Blvd. West, Montreal 2, Que., UN. 6-3051  
Eastern District Manager—J. E. Tapsell

# Student Opinion **HAPPY BIRTHDAY**

Stevan D. Karon

"Which do you consider the Canadian national anthem, 'O Canada' or 'God Save the Queen'?"

"'O Canada' should be the national anthem of this country because, as Canadians we must distinguish ourselves as a sovereign nation and develop a sense of nationalism which will never be achieved by singing 'God Save the Queen'. This would be one much needed step towards this nationalism because of the ubiquitous nature of a national anthem."

Female, Arts 4

"Due to the fact that American annexation is inevitable, 'America is Beautiful' — in 20 years we'll all be singing to the 60 stars of the union flag."

Male, P.E. 4

"'O Canada' probably isn't decreed in the parliamentary statutes as Canada's national anthem. However it is high time it or some similar nationalistic hymn is so decreed. It is time that a country nearly 100 years in legal existence stop worshipping a monarch thousands of miles from here."

Male, Arts 4

"I think it should most definitely be 'O Canada'! With a French and English version both official. I am hoping for the time when the monarchy will be scrapped and we shall have a re-

public. Then 'O Canada' will be more than official, it will truly be our national song. I believe in a Canadian destiny."

Male, Arts 4

"I think that 'O Canada' should be considered the national anthem except in the 'state' of Quebec where 'Dieu sauvez Chapat' should be played."

Male, Bus. Admin. 2

"I consider 'O Canada' as the Canadian national anthem since this anthem is Canada's own and does not belong to any other country."

Male, Chem. Engin. 3

"I feel that of the two choices 'O Canada' is, or should be, Canada's national anthem. I make this choice on the basis of the nationalistic appeal of the lyrics. However I feel that musical appeal such as contained in 'Maple Leaf Forever' would be more suitable. Under no circumstances would I like to see 'God Save the Queen' become our official anthem."

"Cookie", Bus. Admin. 4

"'O Canada' of course! 'God Save the Queen' is the British anthem. Only if we consider ourselves colonials should we use it."

Male, Arts 3

The following is the 'Feature Article' for the Second Anniversary of the U.N.B. Radio Society, January 22, 1963.

The Radio Society of the University of New Brunswick is celebrating three anniversaries this week. On January 20, 1960 the Society became a ratified member organization of the Students' Representative Council. Three days later, January 23, marked the official public appearance of RADIO UNB when music was supplied for a dance in the Memorial Students' Centre where a temporary "studio" was set up in the Conference Room. And one year later on January 22, 1961 the first broadcast was made from the present Memorial Hall studio to Jones House.

The idea for a campus radio station had its beginnings in the spring of 1959, when the S.R.C. received a letter from radio enthusiasts at Memorial University in St. John's, Newfoundland enquiring as to whether UNB would be interested in becoming a part of an organization to be called the Canadian Association of University Broadcasters. The letter invited the SRC to send a delegate to a conference to be held later in the year in Toronto.

The SRC did just that. It appointed council member Barry Yoell to attend the conference. Thus Representative Yoell had an opportunity to meet and talk with radio enthusiasts from other universities. Consequently, he returned armed with those two most important ingredients for the undertaking of any respect—enthusiasm and ideas—and decided to investigate the pos-

sibility of establishing a station on this campus.

His first task was to dispatch several letters to various electrical firms requesting any pieces of equipment which they might be willing to donate. These letters were posted just prior to the exams in May, 1959. Then came the summer and RADIO UNB was forgotten. On his return to the university in the autumn, however, Mr. Yoell found the amazing results of his letters had come in during the summer. As word of the receipt of the equipment spread, interest in the project grew. A group was formed which began holding regular meetings and Mr. Yoel was named director of the new organization.

At first, over-the-air broadcasting was considered, but this was ruled out on advice from the Department of Transport and the Board of Broadcast Governors. What proved to be valuable information from UBC RADIO led the UNB Radio Society on its present course of installing a closed-circuit system to the campus residences.

The University of New Brunswick Administration agreed with the project in principle, but before plans could actually go ahead it was necessary for the UNB Senate to give its official authorization. A constitution was drawn up and presented to the SRC and on January 20, 1960 it was accepted in its entirety by the council. Thus Radio UNB became an official organization on the campus.

The first appearance on January 23, was the sponsoring of the weekly SRC dance which RADIO UNB broadcasted via closed-circuit to the dance floor, the method being similar to the proposed system for the residences. The dance was a record success and a marked increase in society membership was noted following this venture.

On January 27, 1960 the SRC passed the first budget of the UNB Radio Society, granting the Society \$1,000 for initial expenses. On February 8, the UNB Senate met and formal approval was given to the project when the stipulation that President Colin B. Mackay would investigate the means of program control. At the same time the Senate made appropriations for the cost of building a studio in the basement of Memorial Hall. The following summer the permanent installation of speakers and wiring in the Students' Centre was made and from then on, Radio UNB has been providing music for the dances.

### Milestone

At 6:15 p.m., Sunday, January 22, 1961, RADIO UNB began its broadcasting operations officially. The station was opened with congratulatory messages from Dr. Mackay, the University of British Columbia Radio Station and commercial stations Canada. The opening broadcast was beamed through installations in the Students' Centre and the rooms in Jones House. Initially, programming was two afternoons and three evenings each week.

In the following March Roger Dupuis succeeded Barry Yoel as Director of the Society. Through

the efforts of Mr. Dupuis, Radio U.N.B. obtained the use of a teletype machine. The improved news service went into effect in September, 1961. Another original member, Barry Savage, wrote to the President of McCurdy Industries Ltd. in Toronto regarding the possibility of obtaining a console for Radio UNB. To the joy of all members, a console, donated by Mr. McCurdy arrived in November. In addition to the news service and improved broadcasting facilities, the closed circuit radio network was extended to include the houses of Aitken, Neville and Neill.

In January, 1962, the Director, Roger Dupuis resigned his position due to the pressure of work in his final year. The Society came under management of a committee chaired by the present Director, Bruce Ward. Following this, plus were considered to extend RADIO UNB to all residences on campus.

Two new men's residences, Bridges and Harrison, were added to the four already on the Radio UNB network in September and October of last term. Efforts were renewed to obtain permission to wire the Lady Beaverbrook Residence and this was obtained and the work done over the Christmas recess. Last Friday evening, the L.B.R. joined the network as the seventh and last men's residence.

At this stage in development, RADIO UNB has added two new turntables and tone arms to its control room operation and speaker units are being assembled for installation in Lady Dunn Hall. This fine new women's residence should hear from Radio UNB soon after Winter Carnival.

The present executive members of the U.N.B Radio Society are Director, Bruce Ward; Station Manager, Ross MacLeod; Chief Engineer, Art Mosher; Business Manager, Martin Stocker; and Features Manager, John Kelly. Elections for the next executive will take place early in March.

On a seven-night a week operation, and nearing complete service to all residences Radio UNB has come, through hard work, keen interest and wonderful co-operation of Administration and student-body alike, to be an important and vital organization and radio operation on the Campus. But in many ways this is just the beginning—for the vision of a university station-on-the-air is still very much in the minds of the UNB Radio Society members. Continued interest and support from all here at UNB may in a few years time, see this great dream come true. The following students who were original members of the UNB Radio Society are still at university: Basil Ross, Jerry Chapman, Bob Thomson, Peter Forbes, Barry Savage, Mary Ellen Steves and Peter Gough.

# COSMOPOLITAN THIS IS BUSINESS WEEK

by STEVAN D. KARON

## On An Imperial Experiment

Eight months from now Westminster will ratify the creation of the Malaysian Federation. The importance of this act is due to the strategic area that the proposed federation occupies. Independent Malaya and Singapore will be federated with the oil rich possessions of Sarawak, Brunei and North Borneo. These territories lie between the Red Chinese expansion sphere and Australia, Siam and Neutral Burma.

Presently Malaya has a democratic form of government which has withstood Communism. Yet Sarawak, Brunei and North Borneo with a large Chinese minority have recently gained self-government but their future is clouded over by the nearby Communist menace. The life of the democratic system in that area depends on how well its seeds have been sown among the small majority of Malaysians. Once the rising Chinese minority gains power or democracy fails to take root, the whole area will be lost and the last dam against Communism will be broken. This will result in a communist takeover of Burma, Siam and pro-Red Indonesia, leaving Australia helpless and isolated and India outflanked.

Seeing this imminent danger the British decided to federate its Borneo possessions with democratic Malaya, thereby hoping to

save the area. Yet even in Malaya democracy is unstable since the Malaysians constitute only 50% of the population and Chinese 37%. Besides this, the federation dream completely overlooks the immediate problems.

The ruling Sultan of Malaya backs the scheme principally because it will give his country of seven million the leading role as against one and a half million of the three proposed Borneo areas. Thereby he will gain control over the oil resources which are second only to Canada. This the people in Borneo have realized and have shown their dissatisfaction with an uprising. The rebellion was only minor due to the area's small population. Besides this the geographic absurdity of the proposed federation will hamper any unity. Not only economic but also political since the huge remaining area of Borneo is part of Indonesia. And of course the vast oil resources make it very tempting for Red China and Indonesia from remaining aloof.

Yet Westminster is determined to go on with its experiment. I say experiment since the British have failed to realize that you can not throw together peoples of a certain area into a pot and hope to create a nation. This was shown recently by the West Indies Federation fiasco. There are too many factors working against this ideal to make it succeed. Unfortunately all the free world will suffer from this Imperial experiment.

This week is Business Week. Next week will be the official Business Brunswickan, till then, following is a list of events. Monday, 21st: Meeting for all Bus. Ad. students, 8.00 p.m., Tartan Room. Bus. Ad. Week, and the trip to Saint John will be discussed.

Tuesday, 22nd: Movie, 8.00 p.m., Chemistry Building, "Oceans II with Frank Sinatra, Peter Lawford, and many others. Free admission.

Wednesday, 23rd: Trip to Irving Oil and Moosehead in Saint John. Bus leaves gym at 9.30 a.m., \$2.50 per person. White shirt and tie please.

Friday, 25th: Dinner-dance at the Kent Inn. Crowning of the queen. \$4.00 per couple. Starts at 7.30 p.m. Semi-formal. Punch will be served. A door prize will also be offered.

THE NEWSLETTER OF THE U.N.B. COMMITTEE OF THE NATIONAL FEDERATION OF CANADIAN UNIVERSITY STUDENTS

by Ian L. McQueen—NFCUS Co-Chairman

Is "Big Brother" watching you? Quite a stink has been raised at other Canadian universities concerning investigation by the R.C.M.P. of the ideas and teachings of certain professors and students. It is this sort of activity which leads to throttling of free speech by making it dangerous to one's career to speak out on controversial matters or to utter opinions counter to those considered "proper".

Rumor has it that U.N.B. was favored earlier this year with the attentions of the R.C.M.P., but no one is sure of any of the details; can any one provide a few concrete details on their activities? If so, please contact this writer in person or by mail as the National Secretariat of the National Federation of Canadian University Students is urgently seeking information on this subject.

Note to all university organizations and clubs; due to negotiations by the National Secretariat with the Department of National Revenue has resulted in the exemption of many types of printing from the 11% excise tax on publications. To find out if your printing is subject to this exemption, contact this writer, and full details will be forthcoming. This exemption would result in approximately a 10% reduction in cost of certain types of publications.

Over the holidays, a letter was sent to each student regarding

the NFCUS Life Plan. This insurance plan was designed for the needs of the college student who perhaps cannot afford regular life insurance, but who wishes to have coverage during the college years. It is convertible at a later date to ordinary life at normal rates; the plan was designed with YOU in mind, and warrants your consideration.

One of the mandates given at the NFCUS National Congress at Sherbrooke this fall was to investigate ways in which the students of Canada can participate in the celebration of Canada's "birthday" in 1967. If you have any suggestions, do not be a "shinking violet"; pass them on to us.

## FROM OUR READERS

(continued from page 4)

student funds as the committee is with space!

It is interesting to note that hardly half the people in the sample actually think a building committee is required at all!

One further observation concerns the question "Which of the following would you approve for an annual contribution to the Student Building Fund?" which appeared on the questionnaire. It should be pointed out, as it was shown to me, that the questionnaire listed only three choices, \$5, \$10, and \$20. Of course 33% chose \$5 (since there was nothing lower) and 57% WROTE IN figures less than \$5. No doubt the significant information lies within the write-ins.

We were asked last fall to wait and give the committee time to say their bit, and they have had their chance. Now we must act together to end this silly Student Union Building idea.

The Student Union Building has infinitely less importance than other buildings suggested, and why a certain few people are anxious for it to be built is almost obvious. Certainly a much more worthy contribution by the students would be to a library fund. Enlarged library space, everyone will agree, is a major importance and should have top priority. Lord Beaverbrook seems to have contributed much to our extracurricular activities — gym, pool, rink, etc.—and we should show our thanks not by building something for our own entertainment but something to benefit our curricular training.

Yours,  
Gary Davis

# WOMEN ARE LIKE THAT LIKE WHAT FOR INSTANCE

A comic opera, just in case you haven't heard, is coming to Fredericton. *WOMEN ARE LIKE THAT* will be opening next Tuesday night at the Fredericton High School Auditorium, curtains parting at 8:30 p.m. But don't wrinkle your nose! This is not going to be "one of those crazy mixed-up operas." It won't be that serious incomprehensible stuff; it's not put on by a cast of thousands, all singing their lungs out in some foreign language; and it's not full of barrel-chested women, who have eaten too much pizza, nor effeminate looking men, who faint at the sight of blood. No! The Canadian Opera Company is coming to clear up all these misconceptions. First of

all, the show is a comedy all about unfaithful women. It's in simple English, with a cast that can sing, and who have had considerable acting experience. And most of all, the cast—of eight—consists of good healthy human specimens: the women, "broad where broads should be broad", and the men either epitomizing masculinity or disguised as Albanian gigolos.

The show itself is light-hearted and even farcical. It's all about a couple of fellows called Ferrando and Guglielmo, who test the faithfulness of their fiancées, respectively Dorabella and Fiordiligi, better known as Pretty Dora and Lily Flower. (With names like that, you couldn't expect

much constancy or seriousness from them.) The two men made a bet with Don Alfonso, an elderly cynic, who although he has great respect for the weaker sex, thinks no woman can be trusted. The women are received into believing that their lovers have gone off to battle, and are thereafter "conned" by same, who are disguised as a couple of Albanians. Their plot is assisted by Despina, a saucy mix of a maid, who is a willing schemer—if the bribe is right. Dorabella loses her heart unrepentently, but Lily Flowers always has some scruples. It takes superior efforts on Ferrando's part to overpower her principles. (These eighteenth century Neapolitan methods of persuasion or "lines" offer a challenge to any U.N.B. male.) The cats, allegedly away at war return to catch their mice at play. Panic! After feigned anger, the two male protagonists are reconciled with their two embarrassed women and all ends happily.

Whether you think women are like that or not, the comic opera, written by Lorenzo Da Ponte to the music of Mozart, is bound to be delightful entertainment. The Creative Arts Committee of U.N.B. cordially invites everyone to attend. After allocations to students at U.N.B. are met, tickets at \$2.00 each will be available to the public at the Craft Shop, Herby's Music Store and Hall's Bookstore beginning Wed., Jan. 23th.

"Well, I could be bribed . . .", quips the mischevious Kathryn Newman of *The Canadian Opera Company* as a saucy maid in *Women Are Like That* which will be brought to Fredericton High Auditorium on January 29th by the Creative Arts Committee.

"Are you sure there are no strings attached?"

## WHO'S WHO & HOW

by L. E. Rozovsky (resident critic)

The zippiest opera company in Canada has crushed the frowns miles a year to over 65 cities in Canada.

of the gloom 'n doom boys. They all said it couldn't be done. Such a sprawling country with so few people as Canada could never support such an august body as an opera company. But Geiger-Torel, the General Manager (and internationally famous director and conductor) and his colleagues have not only built such a body, they have actually been entertaining people with this thing called opera. Two years ago when the Canadian Opera Company moved from the Victorian guided Royal Alexandra Theatre in Toronto to the flashy O'Keefe Centre, the place was mobbed! 95% capacity audiences (out of 3200 seats) greeted the troupe. Opera had become entertainment.

It has taken a long time to achieve this, but with such greats as Geiger Torel, Ernesto Barbini (formerly of the "Met" in New York), and Dr. Boyd Neil (of the Royal Conservatory) as guiding lights, how could they lose? They say greats produce greats and from the COC have come the famous *Robert Goulet* (of Broadway renown), *Teresa Stratas* (star of the Met and La Scala, Milan), and *Jon Vickers* (of Covent Garden). Just as these singers have wowed audiences all over the world with the Canadian Opera and other companies, the performers who will appear in Fredericton are famous for the razzle-dazzle of the world's greatest variety show—the comic opera.

There is Peter Van Ginkel (as Don Alphonso) who appears in Beethoven's "Ninth" this month in Montreals Forum. He has also starred at Montreals "Au Lutin Qui Bouffe" nightclub. W have (they had to leave some of it), Arlene Meadows, fresh from the stratford smash hit of "Pinafore", too!, and all kinds of odds 'n "Pirates", and "The Gondoliers". She plays Fiordiligi. Dorabella is the lovely Elsie Sawchuck from went to the Maritimes. After the bravoes died down, the Company realized that Toronto was not the only place that liked the zip-bang entertainment called opera. The West also lapped it up. And now the Canadian Opera Co. travels over 17,000 It's quite a cast!

**U.N.B.  
 VOTE**

Progressive  
 Conservative

Dear Student:

Next Wednesday you will have an opportunity to vote for the campus political club of your choice. I urge you to vote.

Many students feel that campus politics is a waste of time. But for the rest of your life you are going to be faced with the decision of selecting your government. Campus political club's discuss the issues freely and offer practical political experience through Model Parliaments.

The Progressive Conservative Club has been endeavouring to promote political discussion by a number of methods. We have held rallies for noted political speakers, such as the Provincial Leader of the P. C. Party, C. B. Sherwood. We have embarked on a series of non-partisan panel discussions, something new for political clubs on this campus. These, I believe, make possible a further extension of our program of open political discussion.

We have been distributing regularly on campus a new political publication, "News Letter", available to all students. Although partisan in viewpoint, it gives a convenient summary of the problems government faces today.

Look at the various platforms, criticize and weigh the pro's and con's, then cast your vote for the party with the ideas.

I hope your choice will be Progressive Conservative. Vote as you will, but the most important thing is that you vote, both for your SRC candidates and your Model Parliament.

Sincerely,  
**HOPE HYSLOP**  
 President,  
 Progressive Conservative Club

**MERMAIDS EDGE GOLDFISH**

In a hard fought battle at the L.B.R. pool on Saturday afternoon, the U.N.B. Mermaids edged the Strong Mount Allison "Garnet and Goldfish" 56-55.

The medley relay team of Gina Murphy, at Martin, Jil Robinson, and Janet Skelton finished a close second to Ruth McVetty, Andrea Vaines, Allen Barker, and Sally Steele in the opening event. The Mermaids appeared strongest in the breast stroke events. Pat Martin finished first in the 40-yd. event and was closely followed by team-mate Nancy Kilburn; this order was reversed in the 80-yd. race; Andrea of Mount 'A' was third in both races.

Marilyn Lutz of Mount 'A' was the winner of both the 40-yd. and 80-yd. backstroke races. She was closely followed in the shorter race by team-mate Brenda Bergman and U.N.B.'s Gina Murphy. Gina finished second in the 80-yd. event ahead of team-mate Judi Ritchie.

Ruth McVetty of Mount 'A' won a close race in the 40-yd. butterfly over U.N.B.'s Janet Skelton. Aileen Barker of the visiting team edged Jil Robinson in the 80-yd. butterfly.

Mount 'A's Brenda Bergman won the 40-yd. freestyle over Judi Ritchie and Lori Foster of U.N.B. in another close race. The Mermaids were stronger in the 80-yd. race with Janet Skel-

ton and Lori Foster placing first and second ahead of Brenda Bergman. Sally Steele of Mount 'A' won the 100-yd. freestyle with Judi Ritchie placing second and Ruth McVetty third.

Sally Steele topped team-mate Aileen Barker and U.N.B.'s Nancy Kilburn in the 160-yd. individual medley. Jenny Adams of U.N.B. captured the diving honours ahead of Mount 'A's Nancy McCarthy and U.N.B.'s Elaine McFawn.

The 100-yd freestyle relay was the most exciting and also the decisive race of the meet. After Mount 'A's team of Ruth McVetty, Aileen Barker, Brenda Bergman, and Sally Steele appeared headed for a victory. Janet Skelton's performance won the race and the meet) for the Mermaids. Other swimmers on the U.N.B. relay team were Lori Foster, Judi Ritchie, and Jil Robinson.

Judi Ritchie has just been elected captain of the Mermaids; Janet Skelton is the new co-captain.

Jil Robinson has returned to the team after a pre-Christmas illness, and will soon be back to her old form.

Carol Scarborough, out for six weeks with a broken foot, is now back in the water, and should be on the lineup for the next meet for the "Goldfish and Mermaids"—U.N.B.'s Winter Carnival—February 8th.

**A FAN SPEAKS OUT**

Could the Raiders really blow a thirty point lead? It would seem especially unlikely against a thoroughly outplayed Mt. A. team with only ten minutes remaining in the game. This situation normally dictated the use of reserves, but the Raiders seemed greedily intent on holding the Mounties as far off as possible and hence they remained with the experienced core. Experience is often the key to victory in close competition and for this very reason one is made to think of next year's team. Practice can only produce a given level of efficiency, but game time is necessary to get that all-important experience. This year's bench-strength is a future team's core and U.N.B. has potential winners. Why not develop them? Furthermore, it cannot be expected that men will develop maximally is practice when they realize that the ultimate goal of playing games is non-existent. The combined importance of present morale and future teams should serve to make this claim a justifiable one.

Anonymous

**BOWDOIN TOPS BEAVERS**

In a 25-yard pool, with flush ends, U.N.B. Beavers had difficulty in swimming in their usual manner, but came out of the meet much as they expected. The powerful Bowdoin team, by far the best the Beavers have ever competed with compiled 50 points to the Beavers 36.

Preston Thom was U.N.B.'s lone individual winner, taking the 200-yd. individual medley in a time of 2:30.3. U.N.B.'s Chris Robb was left far behind in the

500-yd. freestyle in the wake of Bowdoin's Seaver who went on to set a New England record of 5:19.

Other U.N.B. swimmers gave creditable performances, although they failed to take any

first places, Bruce MacDonald was a close second in the 200-yd. breaststroke while Chris Robb just missed in the 200 yd. freestyle.

# GRANDSLAM WEEK-END IN SPORTS

Players scramble for exit at conclusion of Saturday's lifeless tilt in which Devils outscored CMR 8-3.

## Devils Thump Cadets in Dull Contest

by MICHAEL DOUGLAS

The U.N.B. Red Devils gave the cadets from C.M.R. a resounding 8-3 defeat in their first home game of the '63 season. The unexciting and often slow game was played before a screaming capacity crowd in Lady Beaverbrook Rink last Saturday night.

Dave Peterson scored what proved to be the winning goal, at 1:46 of the second period, after being set up by Darrell LeBlanc. Four insurance markers were placed behind Florence, the

## BLOOMERS TOPS

Sylvia Shaw coached the U.N.B. Co-eds to three victories over the weekend, to win the Mount A. Invitational Tournament for the second year in a row.

U.N.B. downed Acadia 35-13 in their first game Friday evening. Acadia forwards couldn't break through Shaw's man-to-man defense that co-captain Bickle, Godden, Carson and McClafferty set up. (Note: Lesley Pinder tore a cartilage in the second quarter and was unable to play in Saturday's game).

The guards rebounded well and whipped the ball up the floor for Robinson and Pomeroy to score 15 and 11 points respectively. Other scorers were Donovan 4, Belmore 3, and Pickard 2. U.N.B. went on to trounce Mt. A. co-eds 46-11 at 10 a.m. Saturday, sparked by the Bloomer forward Sandy Pomeroy who racked up 23 points.

Again the guards proved a strong factor in the win as Bickle, Godden, Carson and McAfferty steadily rebounded and worked the ball up the floor. Sandy Robinson was second high scorer with 9 points followed by Donovan 5, Pickard 5, and Belmore 4.

Teacher's College gave the Bloomers the best competition in the final game of the tournament for the championship. Again Coach Shaw's offensive and defensive strategy paid off as U.N.B.'s score doubled that of T.C.'s 54-27. Pomeroy's combination of quick passing and cutting plus accurate shooting enabled her to sink 8 baskets and 3 foul shots for high scorer of the game. Donovan and Pickard racked up 14 and 10 points respectively as the forwards worked on team plays around the key. (Belmore 6 and Robinson 5).

T.C.'s forwards played well but U.N.B. guards (Bickle, Godden, McAfferty and Belmore) held them to 27 points.

Five wins, five games—terrific Bloomers, keep up the good work and best of luck against Dal. and Acadia next weekend.

C.M.R. goalie before the game ended. Two of the tallies went to Dick Clark and one each to Furlong and Joel Violette, the latter scoring with a quick slapshot which seems to click at least once in every game for the Red Devils.

The second period opened up considerably after a dismal first period, because the cadets scored three goals before the 10 minute mark of this period. The opportunity attempted to put up a better fight in this period but before it ended the play returned to its usual sloppiness.

Claude McKinnon played one of his best games of the season and was responsible for initiating many of the U.N.B. goals. In the first period McKinnon led a fast rush up the ice and passed to Boyd LeGallais directly in front of the net, who then proceeded to outplay the C.M.R. goalie for the opening goal of the night. McKinnon was rewarded for his vastly improved play by being chosen first star of the night. A regular feature on the "3 star" selection every game is Al "Capone" Furlong who was chosen second star. He collected two goals and an assist.

Dave Inch, who also played his usual excellent game for the Devils, received an assist on the second U.N.B. goal. C.M.R. made a quick rush on the Devils; Inch cleared the puck back up to the blue line where Naylor took over and passed to Furlong for another goal. Other standouts for the U.N.B. Red Devils were Dick Clark with two goals. Dave Peterson and Darrell LeBlanc with a goal and an assist each. A new face in the lineup was Wayne

Left to Right: Dave Harris, Cpt., Terry Pyne, CMR; Bruce MacDonald, Chris Robb, U.N.B.

## BEAVERS SWAMP C.M.R.

Saturday afternoon, in the Lady Beaverbrook pool the U.N.B. Beavers won all first and all second places save one second, as they thoroughly beat C.M.R. 84-11.

Chris Robb was top man for U.N.B., winning the two hundred yard free style in 2:03.9, with Dave Sullivan second with 2:21.4. Chris then went on to take two seconds off the four hundred yard free style record, winning it in the time of 4:35, while Eric Meth came second in 5:13.5.

Scott Rowell, pulled an upset in the diving as he beat Maritime Champion, Mike Hutchins, while Marcotto of C.M.R. placed third.

Preston Thom won the 100 yard individual medley in 1:52.7, but was pushed hard by Bob Jack who placed second with 1:54.5. Bob Jack came second again in the one hundred yard butterfly, this time only .5 seconds behind Don Sawyer who placed first with 1:02.8.

The other record of the day was set by Bruce McDonald in the 100 yard breaststroke, finishing in a time of 70.4 which took two seconds off the old mark. Sonny Mosher won the 100 yard backstroke in 1:06.3 and John Thompson took second place with 1:14.3.

Bill Warner took the 100 yard freestyle in 54.1 while 56.4 earned Preston Thom a second place. In the 60 yard freestyle Bill Rowe won with 32.7 as the pace-setting time.

U.N.B.'s medley relay team of Mosher, McDonald, Sawyer and Warner took an easy win in the time of 1:26.55. McDonald, Thom, Robb and Warner had little trouble as they walked off with the 160 yard freestyle in a time of 1:17.

Nugent who has taken over the position previously occupied by Belliveau.

The next home game is on Friday, February 2nd, against the St. Francis Xavier X-men, who last year produced very formidable rough opposition for the Devils. Let's see everyone out cheering the Devils this game as it should prove one of the roughest, if not most exciting game of the season.

U.N.B.'s backcourt ace, Rolly Labonte, seen here capturing a rebound from St. F.X. star, Dave Barry, while Raider's Clary Lay covers on Labonte's effort.

## RAIDERS ERASE "X"

U.N.B. Red Raiders, spearheaded by Roland Labonte's 18 points and the outstanding play of Ted Tomchak, whopped the St. Francis Xavier "X" men by a count of 75-51.

Taking a commanding lead in the first half of 15 points the Raiders were never forced to look back. Going into the second half the U.N.B. squad continued in their spectacular way as they thoroughly outplayed and out-classed last year's Maritime Inter-collegiate champs.

Dave Barry led the "X" attack with 14 points while Labonte dumped in 18 for the winners.

This win marked the sixth straight victory for Don Nelson's

squad and raised their season's record to nine wins and four losses. Washington State T.C. is likely next to fall to the powerful Raider crew if the team continues to play the ball that was exhibited to local fans over the past week-end.

Even with "X" backcourt ace Bob Nopolitano back in the fold, the Raider offence proved far too powerful to be thwarted.

The game marked the first time this season that the Raiders put four men into double scoring figures with McLennan 15, Tomchak 14, Harvey 11 as well as Labonte's 18.

Don't forget Raiders next home against Washington State on Friday night.

## ★ SPORTS BOARD ★

### CO-ED BOWLING

U.N.B. co-eds placed fifth in the Canadian Women's Telegraphic Bowling Meet with a total of 2710 points. Fourteen universities participated in the meet with the University of Alberta taking top honours with 3064 points. Mary Worrell of U.N.B. earned 5 points for her team, with a score of 684 that topped 139 other individual scores. Congratulations, Mary!

### J.V.'s WIN

Friday night saw the J.V. hockey squad come out of a losing streak by defeating a Fredericton Commercial League team, Hunter's Esso, by a score of 10-1. J.V. goaltender Guy Corbin turned in a sparkling performance. Forward Dave Basset got two tallies for the U.N.B. team and Gary Allen starred with a hat trick. The game had five penalties in contrast to twenty-four penalties given out in a game with the Royal Canadian Dragoons a week earlier.

### ROVERS DROP HIGH

Anthea Allen racked up 28 points Friday night to lead the Red Rovers to a 38-23 victory over Fredericton High School in the Lady Beaverbrook Gymnasium. Coach Elaine Ross started with forwards Mary Rooney, 8 points, Sandy Phinney, 2 points, and Anthea Allen; and guards Madelaine Dill, Sally Smith and Alexa Vaughn. Their combination of man-to-man defense, and pass and cut offense proved successful. She substituted frequently and showed the team had strength and depth in Jessie Macvicar, Cathy Tonkin, Carolyn Clark, Pat Martin, Jan Meisner and Paula Maund.

The Red Rovers play again Saturday, January 26, in the Lady Beaverbrook Gymnasium in an Invitational Tournament with Fredericton High, Fredericton Capettes, Oromocto, Stanley and Teachers' College. Be sure to attend and give them your support.
