

The Acadian

Vol. XXXIX. No. 6.

WOLFVILLE, NOVA SCOTIA, FRIDAY, OCTOBER 31, 1919.

\$1.50, payable in advance.

Gov. Grant on Victory Loan

To the people of Nova Scotia:
To all previous "calls" of the Victory Loan campaign, during the active days of the late war, Nova Scotia responded loyally, splendidly, achieving an enviable name for patriotism. Canada still needs money to complete the financial burdens obligated by the war. Besides, Canada's credit must be kept undiminished, unstained and strong if the Dominion is to develop and progress. The 1919 Victory Loan has been instituted for those purposes, and I emphasize the supreme importance of every citizen of Nova Scotia undertaking loyally to do their part in assuring the success of the Loan. To do this, and to do it by subscribing as well as by voice and other aids, is the duty and patriotic opportunity of all.

I have every confidence in the people of Nova Scotia in this matter. I am an optimist first, last and all the time and firmly believe that the target set for this Province will be realized, and that once more we will hear it reached from one end of the Dominion to the other—"Well done Nova Scotia."

MACCALLUM GRANT,
Lieut. Governor of Nova Scotia.

Rev. G. D. Millbury has resigned the pastorate of the Gaspereau church and is leaving this week for North Varsalboro, Maine. Rev. Mr. Millbury has done good work at Gaspereau and has made a host of friends who will follow him with best wishes to his new field of work.

Wolfville Suffers Loss by Fire

EVAPORATOR BURNED LAST FRIDAY AFTERNOON—WILL BE REBUILT.

On Friday afternoon of last week the Wolfville Evaporator was practically destroyed by fire, which occurred in one of the kilns where the fruit is dried.

The blaze was discovered at about 3 o'clock and an alarm was at once rang in. The firemen promptly responded but the fire had made such progress that it was at once seen that the building was doomed. At the time the fire was discovered about fifty persons were at work in the different departments and these barely had time to make their escape. The large apple house alongside the Evaporator had a narrow escape, being several times on fire. Fortunately there was an abundant water supply, and the firemen worked with a will.

The Evaporator was erected in the summer of 1918 and with its equipment would probably cost to-day from \$16,000 to \$17,000.

There was also probably \$7,000 worth of manufactured product contained in the building. We understand that the loss is pretty well covered by insurance.

The business was owned by a company consisting of Messrs. W. H. Chase, R. A. Jodrey and Dexter Forsyth. Their loss will be particularly heavy from the fact that they were just beginning what promised to be a very successful season and have a large amount of apples purchased which it will be difficult to dispose of.

Municipal Elections

Tuesday of last week was nomination day for elections for the Municipal Council of Kings. The elections will be held next Tuesday, Nov. 4th, but in most of the wards there will be no contest. The nominations were as follows:

Ward 1:—C. Mack, Halle Bigelow, A. S. Burgess, Willard Illsley.

Ward 2:—C. A. Campbell, acclamation.

Ward 3:—C. R. Bill, acclamation.

Ward 4:—H. R. Bentley, acclamation.

Ward 5:—Gons Bryden, acclamation.

Ward 6:—Harry Eagles and Frank Doyle, acclamation.

Ward 7:—W. E. Anderson, acclamation.

Ward 8:—George Bishop, J. Elliott Smith.

Ward 9:—E. R. Gertridge, acclamation.

Ward 10:—Lambert Nichols and Fred Munro.

Ward 11:—L. Gaul, acclamation.

Ward 12:—Joe Smith, S. S. Setfridge.

Ward 13:—G. B. Nichols, A. Durno, B. Bezanon.

Ward 14:—Ben Benjamin, James Cahill.

The destruction of the building is a decided loss to the town and surrounding districts as the industry employed a large number of people and furnished a market for a great amount of fruit.

We understand that the nomination of the council is being held as soon as possible owing to the difficulty of securing help and material it can hardly be expected that they will be able to resume business for some time to come.

Women's Institutes

HOLD INTERESTING CONVENTION AT TRURO.

The first convention of the Nova Scotia Women's Institutes since the appointment of Miss Helen J. Macdougall as superintendent, was held at Truro, on Oct. 22nd and 23rd.

The meetings on Wednesday were held in the Science Building at the Experimental Farm and were representative of the Women's Institutes in Nova Scotia and Cape Breton.

Demonstrations were given by Mrs. Wm. Bligh, of Halifax, in First Aid work and practical suggestions in Home Nursing.

Mrs. Currier of the Domestic Science Department, Normal College, gave a talk on School Lunches and had prepared samples, which were very practical.

The reports from all Institutes showed their activity during the war and what had been accomplished during the year of peace.

On Wednesday evening Dr. Cumming presided and after the address of welcome by Mayor Coffin and the reply by Mrs. A. E. Dexter, Mrs. E. M. Murray, of Halifax, gave an address on "Citizenship" that should be heard in every locality.

On Thursday morning Miss Dora Baker, Normal College, was very interesting in a talk on Rural Science, and urged the Institutes to take more interest in the High School Girls. This was followed by reports from six Rural Science Travelling Teachers who are working in different districts in Nova Scotia.

Mrs. Macdougall explained about the Convention of Federated Women's Institutes for Cana-

Football Notes

The Mount Allison football team was defeated last week by St. Dunstan's University, Charlottetown, the score being 9 to 0.

Dalhousie won the first game of the Eastern Inter-Collegiate Football League at Antigonish last week, when they defeated St. F. X. by the score of 22 to 0.

The Dalhousie football team defeated Kings College in a well-contested game at Halifax, on Tuesday. The score was 3 to 0. The Dalhousie team are now the champions of the Eastern Inter-collegiate League.

da to be held in Toronto on Nov. 7th and said that every province but Nova Scotia and P. E. I. had been represented and that it was very important to have a delegate sent. On ballot Miss Stuart, Grand Pre, was elected to accompany the Superintendent to this convention.

On Thursday afternoon and evening the Institutes held joint meetings with the Local Councils of Women in the Science Building, Normal College, at which meetings the subject of care for feeble-minded children was discussed and a resolution passed asking the Provincial Government to establish a home where these unfortunate children will receive proper care and instruction. This subject was discussed by Mrs. Mader, Mrs. Dennis, Mrs. (Dr.) Clark and Mrs. E. M. Murray, of Halifax, and Miss Murray, of New Glasgow.

Mrs. John Stanfield entertained all the delegates at afternoon tea at her home.

On Thursday evening addresses were given by Mrs. Stead, Halifax, on the necessity for a home

(Continued on Page 10)

AN EXCHANGE OF MONEY THAT PAYS

When you buy Victory Bonds, you simply exchange one kind of money for another.

A dollar bill is Canada's promise to pay.

So are Victory Bonns.

But Victory Bonds pay INTEREST.

Consider the security behind Victory Bonds---
Canada and all that is contained therein.

Consider the good rate of interest---
Victory Bonds pay 5 1-2 per cent---nearly twice as much as Savings Banks.

Consider the saleability of Victory Bonds---
Their use as collateral for a loan.

Their prospective advancement in price.

Consider the purpose for which Canada requires the money:--

Cleaning up our obligations to the army and maintaining the prosperity of the country.

Are not these reasons the best in the world for exchanging one kind of money for another?

Should not every Canadian put all his weight behind this Loan?

Should not he exchange all the money he has for Victory Bonds?---and all the money he can save for the next ten months to come?

Buy Victory Bonds

"Every Dollar Spent in Canada"

Notes and Comments

It is officially announced that Earl Curzon has been appointed British Foreign Secretary in succession to Arthur J. Balfour.

Throughout Belgium generally the birth rate declined during the war by 50 per cent., and the population is now about the same as in 1910.

For tree planting a fertilizing cartridge has been invented that pulverizes the soil and enriches it with the nitrates in the explosive used.

Trousers patented by an Australian inventor have four more than the usual number of pockets, but only the regular exterior openings.

German trains will not be heated or lighted in the coming winter, it is stated, owing to coal shortage, while all express trains will be abolished.

A new record for the airplane trip from London to Paris has been set by Captain Gathergood, one hour and twenty minutes—leaving Farnborough, 1.10 p. m., arrived Bourget 2.30.

Contrary to predictions the big hotels of New York report that they have sold fewer soft drinks than ever before in the period since July 1st. Hotel men are unable to account for the fact.

By an overwhelming majority the United States House recently passed the Bill extending for one year war time passports restrictions, so as to keep radicals and undesirable aliens out of the United States.

When a debtor in Siam is three months in arrears he can be seized by the creditor and compelled to work out his indebtedness. Should a debtor run away, his father, his wife or his children may be held in slavery until the debt is cancelled.

Field Marshal Viscount Allenby, former commander in chief of the victorious British forces in Palestine, has been appointed British High Commissioner for Egypt and the Sudan. Viscount Allenby succeeds General Sir E. R. Wingate.

A decrease of \$32,575,418 in the grand total of Canadian trade for the six months of the fiscal year ending September 30, as compared with the same period in 1918, is shown by the monthly trade statement issued through the Customs Department.

Niagara Falls is the first American border city to have an aerial customs inspector. Lieutenant Paul R. Moore, an aviator, has been appointed a deputy collector of customs and will guard against smuggling and the illegal entrance of airplanes from Canada without registering when and where the occasions demands.

Celestic Uselli, one of the pioneers of aviation in Italy, claims to have invented a new dirigible, 380 yards long and 80 yards wide, and provided with six motors of 500 horse-power each, with which he intends to fly from Rome to South America, stopping at Dakar, West Africa. The dirigible, it is claimed by Signor Uselli, is capable of transporting a weight of twenty tons.

Something of what the ever-increasing use of the automobile means is indicated in the suggestion that a slice 100 feet wide be taken from each of the five sides of the Boston Common to widen Tremont, Boylston, Charles, Beacon and Park Streets. Advocates of this radical suggestion declare that within five years Boston will have twice as many automobiles as now, and already some of these streets are so congested that there is talk of making them one-way thoroughfares.

Moncton has at present a population of about twenty thousand being an increase of practically four thousand in the past year.

'Do your Christmas shopping early' is a sign that will soon be dusted off. We would suggest Victory Bonds for serious consideration.

Throughout the United States the price of foods has fallen 25 per cent. since the Food Administration Board got busy among profiteers.

The Methodist and Presbyterian churches of Middleton have decided to renew the winter arrangement of last year and to link up again in Union religious services.

The Hants Journal says: A prominent resident of Kentville while making an appeal in a church in that town for funds for the colored children's hospital said: "Brothers and sisters, do you know that we Baptists are responsible for the majority of the colored children in Nova Scotia today?"

Announcement is made by the department of agriculture that the issue of permits for the importation from Great Britain of cattle, sheep and other ruminants and swine will at once be resumed. The issuance of these permits was discontinued on August 14 owing to an outbreak of foot and mouth disease in Great Britain.

The Underpaid Minister.

London Advertiser: Those ministers who talk of striking for higher wages will have the sympathy of every fair minded man and woman. With few exceptions, the men of this noble profession are self sacrificing in the interests of their fellows. To them we turn for spiritual comfort and support in those dark hours that enter every home, and it is given generously and effectively, as millions will testify. The clergyman is to be found wholeheartedly fighting for the cleanest, healthiest and happiest communal life, combatting the mean, the indecent and the dishonest. Yet he is grossly underpaid. His is a case of the laborer being more than worthy of his hire as present stipends go.

Strike Will Not Affect Nova Scotia.

Information received by the Minister of Labor indicates that the strike ordered by the United Mine Workers' Association over bituminous mines of the United States, effective November 1, will not affect districts of that organization in Canada. These are district 18, embracing southeastern British Columbia and southern Alberta, and district 26, covering Nova Scotia. Present intentions of the executive of the United Mine Workers are, it is stated, that work should continue in the Canadian collieries in both districts.

Western Teachers Want Minimum Salary \$1200.

Winnipeg, Oct. 23.—A minimum salary of \$1,200 for every qualified teacher in Manitoba, Saskatchewan, Alberta and British Columbia is the decision announced to-day by representatives of the teachers of all the Western Provinces in convention here. Plans for campaign designed to reach that goal before the new school year starts was formulated by the delegates from the four Provinces.

OFFICIAL PROSPECTUS

"The Bridge from War to Peace"—The Prince of Wales

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1919

\$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924. 15 year Bonds due November 1st, 1934
Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.
Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold. Denominations: \$50, \$100, \$500, and \$1,000

Issue Price: 100 and Accrued Interest,

Income Return 5½% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows:
10% on application; 20% December 9th, 1919; 20% January 9th, 1920;
20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.
A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.
Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5½% per annum.
This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.
The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.
Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.
If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100).
If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100).
If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100).
If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).
Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment basis.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denomination of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.
Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$50, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

Payment of Interest

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.
Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.
Payment of all instalments must be made at the bank originally named by the subscriber.
Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.
Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 15th, 1919

T. E. HUTCHINSON, Proprietor

The school examiner was putting the children through their paces. His immediate subject was geography. Standing in the middle of the platform he said:

"We will suppose this whole school is composed of water and I am an island. Now, what island would I represent?"

"The Isle of Man," came a quick reply.

Then suppose we both stood together like this, what island would we represent?"

"The Scilly Islands, Sir," came the answer in a loud voice.

Is your husband much of a provider, Malindy?

"He jes' ain't nothin' else, ma'am: He gwine to git some new furniture provided he gits de money; he gwine to get de money provided he gets to work; he go to work provided de job suits him. I never see such a providin' man in all mah days."

Export Trade In Dairy Products Assured.

It is the consensus of opinion of Canadian officials who have visited Europe that the future of the export trade in dairy products is assured. In England butter is everywhere at a premium and Canadian cheese continues to hold its good reputation. Mr. H. S. Arkell, Live Stock Commissioner, who has recently returned from overseas, states that the shortage of milk and dairy products in Great Britain is unprecedented. The same is true of other European countries. The scarcity and high price of concentrated feed is to some extent responsible for this. The condition is so general as not quickly to be remedied. It is further responsible for retarding the increase of swine production and the restoring of the normal requirements of fat. This statement from the Live Stock Commissioner should give confidence not only to dairy farmers but to those who are able to raise hogs.

Guide: "Would M'sieu like to see one of the robbers' strongholds, of which there are several in the neighbourhood?"

Tourist: "No thanks. We've fixed up a hotel already."

30 Years Ago.

The following items were taken from the files of THE ACADIAN of 30 years ago.

The matter of confederating the three provinces of Nova Scotia, New Brunswick and Prince Edward Island is again being brought to notice and is obtaining considerable attention.

The last rail has been laid on the Nova Scotia Central railway, and the construction trains are now running between Bridgewater and Middleton.

Niagara Falls is not the greatest cataract in the world. The greatest cataract is said to be on the Iguaza river, which partly separates Brazil and Argentina. The precipice over which the river plunges is 210 feet high, that of Niagara being 167 feet. The cataract is 13,123 feet wide, or about two and a half times as wide as Niagara. It is estimated that 100,000,000 tons of water pass over Niagara in one hour. A like estimate gives the falls of Iguaza 140,000,000 tons.

Editorial Jottings.

The extra number of lights on Main street during the past few nights have certainly been a great improvement. As a factor in promoting the sale of Victory Bonds their value has probably not been great, but that the town has been much more attractive and comfortable cannot be denied. Citizens are quite excited over the new departure and freely express the hope that it may become a permanency especially during the fall and winter months.

It is to be regretted that more people were not present on Monday evening at the Baptist church to hear the fine addresses given on the new Victory Loan. Fireworks may not be very effective in the present campaign but such able arguments as those presented by Dr. Cutten, Dr. DeWolfe and Dr. MacDonald must most assuredly appeal to investors. It is a pity that they did not reach a larger number. Besides being a high class and profitable investment Victory Bonds afford a fine opportunity to discharge a national responsibility.

The election of members of the Municipal Council for Kings county is to be held on Tuesday of next week. This election is perhaps the most important of any with which our people have to do, but we are afraid its significance is often lost sight of. The Municipal Council should be composed of the most public spirited and progressive citizens of the county and their deliberations of weighty import to the public. In the present election the large number of those who are returned by acclamation would seem to indicate that the people of the county are satisfied that their affairs have been in good hands during the past term. We are afraid, however, that it indicates rather a lack of interest in public affairs on the part of the public which is far from encouraging.

The town of Woodstock, N. B., has inaugurated the plan of engaging a town manager. A young engineer has undertaken the task. He has only been in harness a few months and it is too early to expect results. The town of Pictou, in our own province, is considering the same undertaking and results will be awaited with interest. The plan has much to commend it, although of course its success must in a great measure depend upon the man. We believe it would be an excellent idea for the people of Wolfville to carefully consider the matter. It can hardly be expected that citizens will be willing to give their services to the conduct of affairs without remuneration at the sacrifice of their private interests. Besides few of them have such expert knowledge as is needed to manage the affairs of a growing town. It is well within the range of probabilities that it would be found that even a rather high priced man would save his salary if placed in charge of our streets, water and sewer systems, electric lighting, etc. At any rate it would be no harm to give the matter some consideration.

Prohibition in the U. S. A.

President Wilson unexpectedly vetoed the Prohibition Enforcement Bill on Monday, and within three hours Congress repassed it over his veto by a vote of 176 to 55. On Tuesday the Senate also passed the Bill by a vote of 65 to 20, and made immediately effective machinery for preventing the sale of beverages containing more than one-half of one per cent. alcohol. Prohibition leaders predict that the refusal of Congress to accept the President's veto means that the sale of liquor will not be permitted again in the life of this and many other generations.

G. W. V. A

A special meeting of the Wolf-G. W. V. A. will be held in the Club Rooms, Acadian Building, on Saturday evening immediately after the first performance at the Opera House. Important business will be discussed and all returned soldiers in the vicinity are cordially invited to be present. We beg to gratefully acknowledge the receipt of a number of useful articles for the furnishing of our rooms, from Mrs. J. Elliot Smith.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-lives"

108 CHURCH ST., MONTREAL.
 "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-lives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-lives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

The Flight of Birds.

The course of flight is a distinguishing character of many birds. The grouse rises gradually, while flying in a straight course; the woodcock rises to a height of several feet or even yards, than flies straight away; the cuckoo's flight is also in a straight line, but peculiarly arrow like, being graceful and silent, the long slender tail and body of the bird still further suggesting an arrow. A number of the birds notably the brown thrashers and the song sparrow, progress in short flights, as from bush to bush, with a queer eccentric or bobbing motion, as if their flapping tail were a great hindrance. A Wilson snipe flies in a zigzag line, a goldfinch in long undulations or bounds. All of these and many other ways of flying can be indicated by dotted lines, in the notebook supplemented by such words as 'soaring', 'rapid', 'slow', 'heavy', or 'graceful', flight and 'rapid', 'slow', 'silent', or 'clattering' wing beats; the wings of the grouse hum, those of the woodcock and the mourning dove whistle.

San Diego, Cal., has a wonderful clock with 20 dials, which tell simultaneously the time in all parts of the world, also the days of the week and the day of the month, says an exchange. It stands 21 feet high, and four of its dials are each four feet in diameter. The massive clock is enclosed in plate glass so that every action can be seen, and the whole is illuminated at night. It is jeweled with tourmaline topaz, agate and jade, and took 15 months to build. The motive power is a 200-pound weight, which winds itself automatically.

The Indians of Lethbridge, Alta., invested the Prince of Wales with the dignity of "Red Crow" and he got the happy title of "Chief Many Smiles."

A Timely Help

The face is often the first to betray a decline in strength. When you feel rundown and your face is colorless, the need for

SCOTT'S EMULSION

is plainly evident. Those who have tried Scott's know its power to strengthen the body, enrich the blood and

put the color back in the face. Don't be pale-faced—take Scott's Emulsion.

W. C. T. U. Notes.

Woman's Christian Temperance Union first organized in 1874.

AIM.—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

Motto—For God and home and Native Land.

Badge—A knot of White Ribbon.

Watchword—Agitate, educate, organize.

Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. RM. 14:31.

Business meeting of the W. C. T. U. the last Monday of every month.

Women In Legislation

By Mrs. C. Spofford, British Columbia.

That the darkest hours are those which precede the dawning day has been fully exemplified in the world's, as it oft times is in the individual's experience. Dark indeed have been the years which have just ended another period, and we believe have preceded a new period in humanity's long trek toward a higher civilization.

In this new day woman will fill a large place, and in its rebuilding process she will, as never before, have the opportunity and privilege of bringing her own peculiar endowments and point of view to bear upon the life of the world, thus adjusting the lopsidedness from which it has suffered. When in the affairs of life common to both, man's endowment of force, by which it was intended that he should strive and overcome and conquer, is balanced by woman's contribution of love, whereby it was intended that she should guide, direct, control and rule, the conditions of life will become normal, for hand in hand the two factors of the human race will function in their common interests and in solving their common problems.

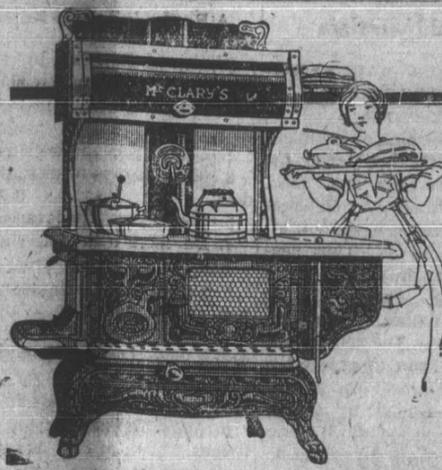

In Canada's New Day the woman of Canada must take their place in the Legislatures of the country, and share in its government. This is one of the first and not the last place in which women should serve.

This state regulates the actions of its subjects by its laws; when the law fails to keep pace with the development of the people, it imposes injustice and works hardship. 'No man (or woman either) is good enough to legislate for another; the voice of the whole people must be heard in every law; and there will be no justice until this voice is heard the whole wide world over.'

The men of Canada, by the enfranchisement of Canada's womanhood, have virtually said, 'We will no longer make laws for you since we perceive that God has made laws for us both.'

In Canada's New Day her laws must be in keeping with the new conditions, and in the making of these the viewpoint of her women must find expression.

The many problems which confront Canada in this new day have a direct and vital bearing upon the homes, and upon their solution woman's intelligence must be brought to bear; these are the

McClary's Pandora

SO well known as to have become a Canadian institution is this grand working Pandora.

Glass oven door; tested thermometer; an oven so evenly heated that even the beginner can bake well with it. Grates work smoothly; reservoir is enameled and may be removed for cleaning.

There is a lifetime of satisfaction in the Pandora.

"The Acadian"
WOLFFVILLE

The Poser.

Here is a poser for spellers. This sentence was given out by a commercial traveller to about twenty young men, many years ago, in the old American House, and the commercial traveller said he had never yet met anyone who could spell the words correctly. The nearest mis-spelled three. But there was one Yarmouthian who missed but one, and that one was tranquillity, which he spelled with one 't'. So Yarmouth scored there, and possibly it can yet. Who will try? The sentence is:

'It is agreeable to discern the unparalleled embarrassment of a harassed saddler or peddler, with unfeigned tranquillity, sitting on a cemetery wall, gauging the symmetry of a skilfully peeled potato.'

Read the sentence to some friend who considers himself or herself a good speller, and see how many words will be mis-spelled, or what is better, fold the sentence up and try it yourself.

Dr. Lowell, president of Harvard University, we are told mis-spelled seven of the words when given to him without notice.

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Lend a little; others gave all; buy Victory Bonds.

Painful Neuralgia

IS CAUSED BY THIN, WATERY BLOOD AND CURED BY ENRICHING THE BLOOD.

Most people think of neuralgia as a pain in the head, or in the face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The cause being the same, the cure to be effective must be the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but you can only cure the trouble by enriching and purifying the blood. For this purpose we know of no medicine that can equal Dr. Williams' Pink Pills. These pills actually make new, rich blood and thus act as the most efficient of nerve tonics. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and see how speedily you will be restored to good health.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville Ont.

Who is the Profiteer?

In view of the action of the Board of Commerce in reducing the cost of bacon to the consumer, and the consequent protest of the packing concerns, that this would destroy the production of hogs, it is well to look at some facts that have been made public. The packing interests apparently brought Mr. W. Wade, secretary of the Ontario Swine Breeders' Association, before the board to strengthen their protest. Mr. Wade stated that any further reduction in the price of hogs would be disastrous to the production of hogs throughout the country. In view of this let us look at the sworn testimony of James A. Law, manager of the Canadian Packing Company, Limited, formerly known as Mathews-Blackwell, Limited, that a 200 pound hog produced 150 pounds when dressed. He explained the products included in the 150 pounds, showing the percentage of each. Turning to the stockyard reports we find that the price paid for this hog was \$19 per cwt, and that the farmer received \$38 for his hog. The retail price list submitted to the board show that the hog was sold at a price ranging from 11 cents to 85 cents a pound, the average being 50 cents. The statement appears as follows:

Live hog, 200 lbs., at 19c.	\$38.00
Loss in dressing 50 lbs., at 19c.	9.50
150 lbs. of pork retailed at 50c.	75.00
Profit paid by public,	37.00

What the public wants to know, and what it expects the board to find out, is, who got the profit, and why a hog that the farmer sells for \$38 retailed after the shrinkage for \$75. The public will not be inclined to blame the farmer for profiteering. The profiteer is the one who stands between the farmer and the consuming public and extracts 100 per cent. profit. This is the condition of affairs that the board must remedy.

A Banker's Twelve Rules

(George M. Reynolds, President Continental and Commercial National Bank, Chicago, in Forbes Magazine.)

1. Choose your life work early.
2. Make your own rules of conduct.
3. Choose your friends carefully.
4. Do more than the routine work of your job.
5. Decide quickly in all matters, and act promptly.
6. If right, ignore criticism; if wrong, change without delay.
7. Practice economy. Be neither extravagant nor niggardly.
8. Avoid depending upon your friends. Give as much as you receive from them.
9. Practice diplomacy, it smooths the rough spots and gives you the advantage on the next move.
10. Cultivate cheerfulness, to enable you to carry the necessary and throw off the unnecessary burdens.
11. Indulge in sufficient play and recreation to keep the body strong and the mind vigorous.
12. Be square with yourself as with those with whom you are associated.

They Are Looking For Much Snow

Two Massachusetts sportsmen, Messrs. Jerry Lee and Joseph Dolan, were passengers by the Northland on Wednesday morning from Boston and proceeded by the D. A. R. to Truro. They were fully equipped with guns, ammunition, etc., and among their outfit each had a new pair of snow-shoes. When they entered the Customs office on the wharf to make the necessary deposit on such outfits they were asked, owing to the presence of the snowshoes and other articles, as to what part of Newfoundland they were going to hunt. In reply they stated they were not going to Newfoundland, but were bound for Truro, and would hunt the woods about forty miles from that busy centre. They will, no doubt, give their guides a busy season searching for sufficient snow to enable Messrs. Lee and Dolan to enjoy the pleasures of a snowshoe tramp in October. —Yarmouth Telegram.

The Dominion Bureau of Statistics now places the total yield of wheat in Canada at 193,688,800 bushels of spring wheat and 19,001,800 bushels of fall wheat. Upon the acreage sown the average yield per acre, is 10 1/2 bushels for spring wheat, 23 1/4 bushels for fall wheat and 11 bushels for all wheat. In 1918 the total yield of wheat was 188,075,350 bushels, or eleven bushels per acre.

While the minister was making a call the little girl of the house was busy with pencil and paper. "What are you doing?" he asked when her mother had left the room for a moment. "I'm making your picture," said the child.

The minister sat very still, and she worked away very earnestly. Then she stopped and compared her work with the original and shook her head.

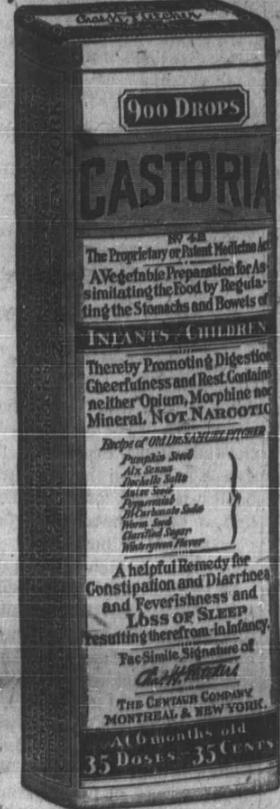

"I don't like it much," she said. "Taint a great deal like you. I guess I'll put a tail to it and call it a dog."

University Sets a Good Example.

A fine example worthy of the consideration of Acadia, Dalhousie, Toronto, McGill, Queen's and other universities and colleges throughout Canada is the series of twelve lectures on "The Teaching of Musical Appreciation" recently concluded at Columbia University. The lectures were given to meet the rapidly increasing demand for guidance in presenting music for appreciation, with reference to both the selection and use of material. The lectures covered such topics as—

Rhythm—Imitative and Metric.
Songs—Rote songs, part songs, folk songs, art songs, type of voices and the larger forms of opera and oratorio.
Instrument—Instruments of the orchestra and instrumental music.
Instrumental Forms—Song form with trio, rondo, suite, sonata, sympathy.

Correlation of music with other subjects in the curriculum.

Musical facts were presented for the successive school grades relating the work to the developing

child. No previous knowledge of music was required for admission. The lectures had a two-fold appeal, first to the musically uneducated who wish a simple, non-technical explanation of musical subjects, as a basis for their own listening, as an avenue leading to happiness and recreation, and second, to those who wish practical help in organizing courses designed to lead others to intelligent appreciation of music.

Savings Bank Deposits.

Savings bank deposits totalling \$1,337,000,000 speak well for the success of the new Victory Loan, as shown in the bank statement for September. They exceed by approximately two hundred millions savings deposits in Canadian banks at the end of September last year.

The old Post road, Halifax to Truro, is being improved, especially in Halifax County. Between the city and Bedford the improvements have cost \$1,800 a mile, widening the road and removing rocks, putting in bridges and culverts.

Giving Short Measure.

More than 600 grocers, butchers, oil dealers and other retailers in Boston and vicinity appeared in the State House, Boston, last week, to answer complaints that they had been giving short measure in dealing with their customers; 65 other dealers are to be haled into court. Thure Hanson, Commissioner of Standards, says investigation has revealed that irregularity of this kind has been growing with the increase in the cost of living. In an inspection of nearly 6,000 measuring devices in 1853 establishments in and about Boston, it was found that 18 per cent. of them were inaccurate.

A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product. This greasy imitation is the poorest one we have yet seen of the highly tried to introduce.

Ask for MINARD'S and you will get it.

All for Canada Canada for all

Canadians!
*This is a call to National Service—
The Victory Loan 1919
which opens to-day.*

YOU are citizens of no mean country.
Canada is a fair, free land.
Canada is your country.
Canada—now—has need to borrow from you—Lend:
Lend without restraint of politics or fine distinctions of creed or party.
The leaders of the political parties endorse the Loan.
It is CANADA that asks:
And why—
To clean up the last of the War's commitments and expenses;
To establish beyond all question the capacity and credit of your country;
To care for the wounded and maimed soldier;
To finance the bonus of the returned soldier already paid;
To enable the fruits of Victory to be garnered;
To ensure the prosperity of you, her citizens.
The guns of war are silent—but they are not yet cool.
The Victory Loan 1919 is a War Loan.
Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. **LEND!**

Sir Wilfrid Laurier.

Walk softly here. He sleeps and takes his rest. The old churchyard is very still. Gone those who came to honor with their presence and their plaudits. Gone the long cortege that spoke a nation's pride, a nation's love. Gone the murmuring voices and the sobs and grief. Gone all but the memories—the splendid memories—of the man who sleeps. Somewhere in yonder dim old church the strains of "Lead, Kindly Light" still echo, and everywhere is the fragrance of roses, red, "the fighting flower," and of lilies white as the life of Sir Wilfrid Laurier laid down at the end of the road.

Yonder on the path over which he was carried to this lowly bed in God's Acre an Easter daffodil, dropped from his basket, lifts a tender face to whisper of immortality. Walk softly where he sleeps. To him the rest well earned; to us the knowledge that "Before he went away to rest He builded in the hearts of men The truest monument and best."

JEAN BLEWETT.
 Notre Dame Cemetery, Ottawa, Feb. 24, 1919.

PILES Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as continually as you see a box, all dealers, or Edmundson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2¢ stamp to pay postage.

All Ships Must Have Wireless.

All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators in order to conform to the requirements of an Act passed by the British Parliament. The Naval Service Department has been informed that this Act requires every sea-going British ship registered in the United Kingdom, being a passenger steamer or ship of 1600 tons gross tonnage or upwards to equip with a wireless installation. The Act comes into effect as soon as the Defense of the Realm regulations expire owing to the declaration of peace. Three months after that date any ship sailing at a port in the United Kingdom will come under the conditions of this Act, whether it is registered in Great Britain or not.

A new enemy the sea fishes have to fear is the human bird. In response to a request from the U. S. Fisheries Bureau, the Navy Department is going to undertake to scout for schools of fish with flying machines. Fish schools commonly travel at or near the surface of the sea, seeking what they may devour. To come across one is a big opportunity for the fishermen. If, therefore, the finny hordes can be located by airplanes and information duly and promptly communicated to the fishing vessels, important results, meaning full cargoes for market, should be obtained.

When you are in need of Carbon paper come to THE ACADIAN office. We have the very best, and at a reasonable price.

Over a Billion Saved by People

Some Striking Figures of Savings Deposits from Bank Statement for August

A total of \$1,196,632,931 in savings bank deposits is a gratifying report that many of the countries which have emerged from war would be glad to report to-day. This is the position of Canada as revealed in the bank statement for August.

The amount is \$181,921,966 better than the same month last year, notwithstanding the fact that a good part of it was transferred to last year's \$600,000,000 Victory Loan, and is \$21,540,778 better than July of this year.

This is a promising outlook for the Victory Loan Campaign which is at present being carried on. If the depositors in Canada's savings banks were to say the word, they could subscribe the \$300,000,000 asked nearly four times over. The success of the present effort should be overwhelming.

To Subscribe Five Millions to Loan.

Montreal, Oct. 23.—One of the first large subscriptions to the 1919 Canadian Victory Loan to be made public is that of the New York Life Insurance Company, the manager of which institution here, J. G. Pelton, stated to-night that he had been advised by the New York office that it had decided to subscribe \$5,000,000 to the new loan.

The New York Life last year took \$1,000,000 of the Victory Bonds and the decision to increase the amount to \$5,000,000 of the 1919 issue is regarded with the greatest satisfaction by the committee in charge of the forthcoming campaign here.

Only \$2.50 Everywhere in North America.

Thirty five volumes of the best reading—in weekly installments—for less than five cents a week. That is just what The Youth's Companion offers for 1920 really means. The contents of the new volume, which will include 8 serial stories, over 200 short stories, fifty or more articles by men of distinction, sketches and special departments, would make 35 good volumes (at \$1.65 each) if published in book form. And there is now a uniform flat price of \$2.50 to all subscribers in Canada, and the United States.

If you subscribe as you see this notice you will receive all the extras mentioned in the following offer, including many of Capt. Theodore Roberts's Up-river Folk Stories.

New subscribers for 1920 will receive:

1. The Youth's Companion—52 issues in 1920.
2. All remaining weekly 1919 issues.
3. The Companion Home Calendar for 1920.

All the above only \$2.50 everywhere in North America.

THE YOUTH'S COMPANION, 887 Commonwealth Ave., Boston, Mass.

New Subscriptions Received at this office.

The Bishop of Chelmsford, G. B., has barred money raised from "whist drives and dances" from a fund of \$1,250,000 which the people of Essex are trying to collect for church extension. Writing to his people concerning these amusements, the Bishop declared: "Both may be legitimate forms of recreation, but they are not methods of the church for raising money. I have never heard of either being opened or closed with prayer."

COMPLETELY GRIPPED

Terrible Experience of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, numbness, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. Gin Pills give quick, certain and sure relief. Read what Mr. J. Harrop writes to us—

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of Gin Pills put me right. I cannot praise Gin Pills too much, and every home should have a box."

Gin Pills can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stones in the bladder and general debility, get Gin Pills at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

The National Drug & Chemical Co. of Canada, Limited, Toronto, United States Address, Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y.

ASBESTONE
 40 YEAR ROOFING

No rags or tar in this roofing. Pure Asbestos and Asphalt, cannot rot or dry out. Costs but little more than the ordinary kind. It is far more durable as well as fire-resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing, but what is in it, that counts. Write for information and sample. If you can't get it through your dealer we will send it to you direct. We want dealers to handle it.

Greenwich

Still there is changing of families in our community. Recently Mr. Blake Wellener and family moved to Aylesford, where he will be in charge of the new Evaporator. They were accompanied by his mother, Mrs. Eliza Wellener, who will be much missed in this community.

Mr. Lee Bishop and wife have moved into the cottage on "Aliler Avenue", vacated by Mr. Wellener.

Mrs. Lee Bishop spent the Thanksgiving holidays in Windsor, visiting her sisters, Mrs. Harry Bishop and Mrs. Ira Lohnes.

Our church was nicely decorated with flowers, vegetables and fruit, for the Thanksgiving service. As usual, the useful decorations were taken to Wolfville to our pastor.

Miss Vera Powell, the telegrapher at our station, spent the Thanksgiving holidays at her home at Mount Uniacke, Hants county.

Mrs. McNeil, of Digby, was recently the guest for several days of Mrs. Fred Forsyth.

Mr. and Mrs. Stevens and little son Chester, late of Brooklyn, New York, are visiting at the home of Mrs. Stevens' parents, Mr. and Mrs. Lewis Forsythe.

Mrs. J. L. Reid, of Belcher Street, and Miss Edith Reid, were recent guests of Miss Lillian Bishop.

Little Miss Charlotte Cobb, who spent several weeks here at the home of her Aunt, Mrs. Burpee Bishop, recently returned to her home at Bedford. She was accompanied home by Mrs. Bishop, who spent the week-end at the home of her brother, Mr. Andrew Cobb.

Messrs. Philip, Robert and Maurice Bishop were "At Home" to their friends last Thursday evening, from 7.30 to 10 o'clock. A very pleasant evening was enjoyed by those present.

A number of the housewives "made a rummage" in their homes as requested, and thus succeeded in helping with the "Rummage Sale" held in Wolfville last Friday and Saturday by the G. O. D. E. (Sir Robert Borden Chapter) ladies, in aid of the County Memorial Hospital.

A number of the delegates in attendance at B. W. M. U. of the Maritime Provinces, held at Wolfville, Oct. 14th to 16th, were entertained at several homes in this place.

Mrs. Ray Fraser, of Port Williams, and two little sons, are spending a few weeks at the home of her parents, Mr. and Mrs. G. Fraser, while their new home is being prepared at Port Williams.

Miss Forsythe, our school teacher, spent last Thursday evening at an enjoyable "candy-pull" in New Minas.

We hear that a number of our residents who had met at recently, held an interesting discussion or debate on whether right or wrong to gather crops on Sunday. Question—Who won?

WANTED.—Men for the lumber woods at Stillwater, Hants county. Apply to foreman at camp or to me at Windsor.

J. N. BULLIVANT
Windsor, N. S.

New Evaporator at Aylesford

The new evaporator which is being built at Aylesford, by Messrs. Forsyth & Jodrey, is practically completed and the plant is expected to be ready for operation within a few days. The building is 40 x 60 feet and is located just west of Aylesford Station.—Register.

All Spent In Canada

Every dollar of Victory Loan of last year was spent in Canada; practically every cent that has this year been paid in interest on that great borrowing has remained in Canada. And yet Great Britain and her Allies owe Canada more than one-third of the amount raised. In round figures that sum was \$610,000,000; many millions less than was subscribed, because the government declined to allot to financial houses the whole amount of the subscriptions they rushed to make, owing to the favorable terms. More than \$207,000,000 of this sum was advanced to enable the Allies to buy our farm products. It has been the policy of the government in connection with its Victory Loans, floated at a high rate of interest, to give the small or moderate purchaser the benefit of these terms; and this purchaser will reap the benefit of future premiums on the bonds. It has also been the policy to spend the principal in Canada, not only in the great and imperative task of re-establishing the soldier in civil life, but in preserving and greatly extending Canada's market for natural products abroad. In benefitting the farmer, the loan benefits all, who sell to the farmer. The same policy will prevail in connection with the 1919 Victory Loan and the purchaser of bonds this year will furnish the sinews by which this system of national and mutual benefits can be carried on.

Acadia Choral Club

The Acadia Choral Club has been re-organized after a dormant condition extending through several years. The present membership is about 150. The voices are of fine quality and good work is looked for under the direction of Miss Winnifred Stephens, of the Seminary. The officers elected were as follows:
Hon. President, Dr. S. Spidle
President, E. Therrien
1st V. President, Isobel Murray
2nd V. Pres., (Doris) C. Hall

Secretary, Paul Cross
Treasurer, E. C. Prime
Librarian, Claude Richardson
Rehearsals are held in College Hall, Thursday evening, at 6.45. Fuller announcement as to date of Festival, etc. will be made later.

Mrs. (Dr.) McKenna went to Farnsboro on Thursday, to visit friends for a few days.

for Feeble-minded Children. By D. Brepon on the small house at present established on the grounds of the industrial School of which she is Superintendent. Miss Lawrence, Halifax, (formerly of Grand Pre) on her work as teacher in the Halifax Schools, of a class of 23 who are mentally deficient.

Miss Strathard, superintendent of the Maritime Home for Girls, was most interesting in her talk on the good work that is being done there. The last speaker was Mr. Crowell, Halifax, on the Old Home Week. The speaker was very carefully followed as he mapped out his plans.
