DOING SPLENDID WORK ON THE BATTLEFIELDS OF FRANCE

(Continued from page 1)

at the helm of the ship of state and was out heart and soul to win the war. Politics has no place with the boys at the front declared the speaker for they want to win the war and forget party gains during a period of national peril.

Continung in his remarks Capt. Pearson related several incidents in which the bravery of the Canadian forces was conspicuously displayed, of the sacrifices made by such Y. M. C. A. workers as White and Irwin, who laid down their lives in France, and in conclusion paid a glowing tribute to the heroic sacrifices made by the thousands of Canadians had not been in vain, but would result in the betterment of conditions, not only in battle scarred Europe, but also in Canada.

At the conclusion of his remarks, Capt. Pearson was extended a vote of thanks, which was moved by Rev. Mr. Cockshott, and seconded by Ald Coburn, the meeting being brought to a close by the singing of the National Anthem, previous to which Senator Planta made an appeal to the audience for a liberal response to the appeal for funds when made by the collectors today.

DOMINION THEATRE

RECITAL TO-NIGHT

Rerferne Hollinshead and Assisting Artists at Dominion

Redferne Hollinshead, Canada's greatest tenor who is to appear at the Dominion Theatre in conjunction with his brother, Harold R. Hollinshead, concert baritone, elocutionist lecturer and character delinator, and Gerald Moore, English boy pianist, is one of the outstanding voices of the present decade.

New York critics are unanimous in praise of his voice and prophesied a great career in grand opera for him but the brothers have decided to unite their forces, and will in future devote their time to the concert stage for which they are so eminently adapted.

In the near future it is their intention to make a tour of the British possessions.

There are few as promising pianists in Canada today as Gerald Moore Although only 17 years of age he has already gained phenomenal success. Music lovers are promised a rare treat with these three artists.

Reserved, seats now on sale at Van Houten's drug store.

ALFREDO COCCHI TO REMAIN IN ITALY

Rome, Oct. 10.—After long consideration the Italian Government has decided not to grant extradition for Alfredo Cocchi, who killed Ruth Crugar in New York.

How Much Whole Wheat do you eat? You have never thought much about food. You have eaten what you liked regardless of food value—and you may continue to eat what you like but you are certain to like the foods that nourish and strengthen if they are prepared in an appetizing way. Thousands now eat **Shredded Wheat Biscuit** as a substitute for meat, eggs and potatoes and they have learned many palatable ways in which to serve it. It is 100 per cent. whole wheat. For any meal with milk or cream, sliced peaches or other fruits.

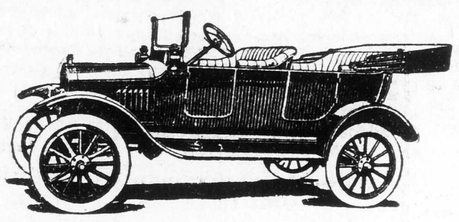
AMERICA'S CONTRIBUTION TO ALLIES WAR FLEET



Washington, Oct. 10.—The American nevy war construction program consists of 787 vessels, including all types from super dreadnaughts to submarine chasers. In making this announcement today, Secretary Daniels said some of the vessels had been completed within the past few weeks and are now in the service and the remainder of the program is being rushed. The total cost is estimated at $1,150,400,000. Many of the vessels are destroyers and arrangements have been made for carrying out a $350,000,000 supplemental destroyer program which the navy expects to be completed in 18 months.

TRADING WITH ENEMY ACT TO BE ENFORCED

Washington, Oct. 10.—Commerce and communication restrictions authorized by Trading with the Enemy Act will be put into effect with a few days under an executive order which President Wilson virtually had completed tonight after conferring with cabinet members. Post Master General Burleson announced after the cabinet meeting that the provision authorizing the Post Office Department to license foreign language newsapers already was in operation, and that within ten days the Department would begin to issue licenses. A number of papers already have filed applications and scores are expected to within the next few days.

10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't stay constipated, headachy, bilious, with breath Bad or Stomach Sour

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick sour, and gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

AUSTRIANS WISH TO SECURE PEACE

Amsterdam, Oct. 9.—A dispatch received here from Vienna describes an imposing peace demonstration which was held by the Christian Socialist party in the Town Hall on Sunday. Thousands of persons were present.

Prince Alois Lichtenstein, president of the Lower Austrian Diet, opened the proceedings by announcing that the meeting had been convened out of gratitude to the Pope and the Emperor to demand peace by agreement and general disarmament and arbitration, as outlined in the recent speech of Count Czerin, the Austrian Foreign Minister.

"We offer our hand for an honest peace," said Prince Lichtenstein, but if it is rejected, we shall seize the sword, which, as hitherto with God's help, will be decided in our favor.

"We want peace, but not at any price; we demand peace in the name of Europe, which is sinking to exhaustion while her competitors are waxing fat."

Expressing suspicion of President Wilson's demand for a democratized Europe, because America was far from a real democracy, Councillor Kunochok concluded the meeting amid a tremendous ovation by praying for blessings on the peace exertions of Pope Benedict and Emperor Charles.

RUSSELL—ROBERTSON

In the first Presbyterian church Ladysmith on Monday, October 8th. Miss Agnes Robertson, second daughter of Mr. and Mrs. Andrew Robertson, of Ladysmith was united in marriage to Mr. John Russell, also of Ladysmith. Miss Etta Robertson attended the bride while Mr. Wm. H. Grimm, of Victoria supported the groom. Rev. Thos. Oswald, minister of the church officiated.

SUCCESSFUL HARVEST SERVICE AT NORTHFIELD

St. Luke's Northfield Harvest Festival was held last week-end. The Church was prettily decorated and a large quantity of fruit and vegetables etc, were sent by the people of the district. The evening service was well attended though not so well as in former times. This is due to the fact that many of the young men who always made a point of being present for the Marvest Service are away "doing their bit" for the Empire.

On Monday evening, Miss Jean Patterson, Miss M. Walker, Mrs. Grayshon, Mrs. R. Wilson, Mr. J. Dickie, Mr. F. Sherwood and Rev. H. Pearson rendered an excellent program in Duggan's Hall.

After the concert Mr. Fred Milligan disposed of the fruit and vegetables by auction.

Northfield's Harvest Home has always been good, and the past week end has shown that the excellent reputation has been kept.

The Church Officers heartily thank everyone who helped to carry forward another successful Harvest Home.

RUSS SITUATION IS BRIGHTER

Petrograd Oct. 10.—The diplomatic corps in Petrograd is more optimistic over the situation than at any time for months past. At present it seems to be considered that the only important political cloud on the horizon is the election of Radical Leon Trotsky to succeed N. C. Tchridse as President of the Central Executive committee of Petrograd Council of Soldiers' and Workmen's Delegates. The new committee of the Council comprises four Beishevikis, two Socialist revolutionists, and one Maximalist. The new government is facing some difficult tasks, including Turkestan, from which district no communication has been received for 3 days and the situation in Finland. It is considered in diplomatic circles that the government has now started upon an earnest effort to solve these problems.

FUNERAL OF LATE JAMES McGREGOR

RED CROSS CABARET GIRLS ARE IN CAPABLE HANDS

The fame of the Nanaimo Red Cross Cabaret girls as entertainers, has travelled far and wide, and requests have come from a number of outside points for their appearance. Tonight the talented aggregation will visit Qualicum and entertain the soldiers convalescing there, and next week they will journey to Ladysmith.

Commencing at the recent Carnival of Flowers held in the Agricultural Building the local amateur vaudeville stars pleased several hundred citizens and they repeated in a most successful manner on Wednesday night when two large houses witnessed and enjoyed the entertainment provided by them in aid of the Qualicum soldiers' recreation fund.

Apart from the individual ability of each member, special credit for the success achieved by the troupe is due Miss Hazel Martin, who has spared no labor in preparing and rehearsing the various numbers and who stage managed the performance from the to fall of curtain with an ability worthy of the most seasoned theatrical manager.

Every department in connection with the entertainment was in capable hands, which made success assured. The artists were of the highest order, the accompanist, Miss Dolly Fisher, contributed much to the success of the entertainment, and the business end of the event was capably attended to by Miss Wilcox.

The Cabaret Girls will be heard from again.

BREWSTER REPEATS SAME OLD STORY

Fort William Oct. 10.—If I am to be associated in any way with a Union Government, I would have to be shown that it would be in the interest of everybody and also that it would be in the best interest of Canada, said Brewster, who passed through last night enroute to Ottawa.

"I am going east purely on provincial business" added the Premier, "and I know nothing of any reports which may have emanated about my being summoned to Ottawa to take a seat in a coalition cabinet." Asked if he would, all other things being equal, join a coalition cabinet, Premier Brewster said he would not unless certain conditions were apparent which were not in evidence just now.

UNION GOVERNMENT IS AN ACCOMPLISHED FACT

New Cabinet Will be Formed at Ottawa of an Equal Number of Conservatives and Liberals with Sir Robert Borden at the Head—Formation of War Council of Seven Members Is Under Consideration.

Ottawa, Oct. 12.—The Union government is a reality. A new cabinet will be formed of practically an equal number of Conservatives and Liberals with Sir Robert Borden at the head. It had been anticipated throughout the afternoon that the Cabinet would be definitely sworn in during the evening. It was stated that the Liberals had agreed to come in and the question was now simply one of distribution of portfolios. But as the evening wore on the Liberals remained in conference at Chateau Laurier and it was after one o'clock that N. W. Rowell leader of the Ontario Opposition, and Hon. J. A. Calder, of Regina, appeared at the Cabinet Council room. There a statement was drafted which had the concurrence of the Prime Minister and of representatives of the Liberals who attended the conference.

The statement reads:

"The delays incidental to the nomination of a Union Government are no more than might have been expected, as difficulties are immensely greater than those which occur in the formation of a strictly Party Government. Conferences which have taken place during the past four days have been characterized by a very earnest and sincere purpose on the part of all concerned to bring about the formation of a Union government.

"It is anticipated that full details will be communicated to the press tomorrow, but in the meantime answer is definitely made that the formation of such a government is assured."

Sir Robert Borden afterward informed the Canadian Press that it was expected some of the Liberal members of the Union government would be sworn in this morning.

While the composition of the new government is not officially announced, it is understood that it will comprise the following:

Conservatives: Sir Robt. Borden, Hon. Martin Burrell, Sir Jas. Lougheed, Hon. Arthur Meighen, Sir Edward Kemp, Sir Geo. Foster, Sir Thos. White, Hon. Dr. Reid, Hon. C. J. Doherty, Hon. P. E. Blondin and Hon. A. Sevigny.

Liberals: Sir Arthur Sifton, Hon. J. A. Calder, T. A. Crerar, from the west; Maj.-Gen. Mewburn. N. W. Rowell and Hugh Guthrie, from Ontario; C. C. Ballantyne from Quebec; Frank B. Carvell from New Brunswick, and Premier Murray of Nova Scotia.

It is also learned that the formation of a War Council of probably seven members is under consideration.

WILL RECRUIT FOR ROYAL FLYING CORPS

Lieutenant Phillips of the Royal Flying Corps is over in Nanaimo on a recruiting mission. Lieut. Phillips is travelling recruiting officer for the Royal Flying Corps in British Columbia, and from now on will pay periodical visits to Nanaimo. His present object is to secure a subcommittee of local men who will look after possible recruits and supply all necessary information. Mechanics of all kinds are needed, as well as young men to train for flying. The headquarters for the corps is at Vancouver, and any men applying to the sub-committee here would be sent over to the main committee there.

The chief idea behind the scheme is to keep the Flying Corps in the minds of young men and mechanics who are eligible for service and carry on constant and systematic recruiting. Lieut Phillips himself will be over every fortnight to give the matter his personal attention. It is apparent to all that the Flying Corps is going to play even a bigger part in the war than it has already done and it offers a splendid field to adventurous youth.

KURDS DEFEATED BY RUSSIANS

Petrograd, Oct. 11.—In Kurdistan [illegible], the Russian troops have engaged in successful operations against the Kurds, capturing a number of them, occupying two villages, and driving the remainder of the enemy to the banks of the great Seab river.

Petrograd, Oct. 11.—The German troops attacked the Russian lines to the south of Pskoff road, on the Riga front yesterday and pressed back some Russian detachments, the War Office announced today. The statement reports the renewal of the German attempts to fraternize with the Russian forces on the northern front.

Pte. Cyril Bagnall of Parksville, a returned soldier, left Quebec on Tuesday for the west, and is expected to arrive home on Sunday.

Mrs. Thomas Reynolds, Newcastle Townsite, and daughter, Mrs. Henley, returned yesterday from a weeks visit to friends in Victoria.

MAKING NEW PEACE ATTEMPT

Mission of German Foreign Secretary Has Important Political and Peace Significance.

Amsterdam Oct. 11.—The German Foreign Secretary, von Kuehlmann, will proceed at an early date on a visit to Vienna, Budapest, Sofia and Constantinople. It is said that his mission has important political peace significance.

Amsterdam Oct. 11.—During the debate in the German Reichstag yesterday Deputy Conrad Haussmann said that the declaration of Dr. von Kuehlmann the Foreign Secretary, that apart from Alsace-Lorraine there is no absolute bar to peace, was tantamount to a definite undertakink that Belgium should be given up.

"That should be heralded forth to all the nations." the deputy added.

George Ledebour, the Social Democrat leader, dwelt on the damage done the German cause by the revelations concerning von Luxburg, the German Minister of Argentine. He considered that the populations of occupied territory should be permitted to decide their own fate.

Amsterdam, Oct. 11.—Extensive preparations are being made in Sofia Bulgaria, to entertain the German Kaiser during his forthcoming visit there. It will be the Kaiser's first visit to Sofia and the burgomaster has issued a proclamation inviting the population to participate in the reception.

The above is the first intimation that Kaiser Wilhelm is planning to visit Sofia. He returned to Berlin from Roumania only ten days ago.

Amsterdam, Oct. 11.—A dispatch received here from Berlin, says that in the Reichstag yesterday Gustav Stresemann, the National Liberal leader, said he would not oppose a reduction of armaments, but he thought that disarmament hardly was practical politics.

Count von Westtarp, a Conservative, thought Germany's answer to the Pope ought to have made clear [illegible] to disarm, and hoped that von Kuehlmann had not tied himself to yielding up Belgium.

Amsterdam, Oct. 11.—The German Reichstag probably will take a decisive step in regard to the question of Alsace-Lorraine within a few days, the Vossische Zeitung of Berlin says. The Reichstag majority supports the idea of the formation of a monarchical federal state with democratic and parliamentary guarantees. The newspaper believes that this plan also is favored by the Imperial German Government, which has abandoned the scheme of dividing Alsace-Lorraine between Prussia and Bavaria.

NEW YORK WON FROM CHICAGO

New York, Oct. 11.—New York pulled even with the Chicago White Sox today in the fourth game of the world's series, winning easily. After being batted out of the box in the second game at Chicago, Ferdie Schupp came back strong and puzzled the Sox at practically all stages of the game.

Benny Kauff sent New York ahead in the fourth inning when he knocked the ball over Felch's head for a home run. In the fifth, with the bases full, and no one out, Rariden hit into a double play, but Schupp delivered a single to centre, scoring the second run for the Giants. Holke was caught at the plate. The Sox made a wonderful recovery at this critical stage. New York got another run in the seventh when Fletcher singled, went to third on a wild pitch and scored on an infield out E. Collins to Gandil.

Faber was replaced by Danforth in the eighth inning. Kauff knocked his second home run of the game in the eighth inning, scoring Herzog ahead of him.

PILOT QUESTION WAS DISCUSSED

Representatives of Vancouver and Victoria Boards of Trade Attended Meeting of Local Board Last Night for Conference on Pilotage Matters

Representatives of the Victoria and Vancouver Boards of Trade, were in attendance at the regular meeting of the Nanaimo Board of Trade last night for the purpose of discussing and if possible reach a mutual understanding on the question of the proposal to consolidate the pilotage authorities of Nanaimo, Victoria and Vancouver into one central authority with the Minister of Marine as the Pilotage Authority.

The movement for a change in the present system under which pilotage affairs are handled, originated with the Vancouver Board of Trade, the object being to administer the pilotage system more economically by combining the three districts of Victoria, Vancouver and Nanaimo together in an endeavor to reduce the abnormal fees which are paid for pilotage in the waters of those districts, particularly Vancouver. Supporters of the proposal contend affairs could be more economically handled by a consolidation of the three districts, enabling a cut in the present pilotage charge of at least one half, the present charge, it is stated, being so excessive as to prevent certain steam ship companies from operating in B. C. waters.

At last night's conference Secretary Blair of the Vancouver Board of Trade, argued strongly in favor of consolidation, pointing out that the pilotage charges at Vancouver and Nanaimo were double those at Victoria. The Victoria representatives, viz., Messrs. Forman, Shallcross, McGregor and Kingham, stated their opposition to any change which would make pilotage charges uniform throughout the three districts, thereby depriving Victoria of the benefit it now enjoys by reason of its geographical position where a pilot was hardly necessary excepting in [illegible] weather.

The discussion on the question was continued for nearly three hours, at the close of which a resolution was unanimously adopted as follows:

"Resolved, that this meeting, consisting of representatives of the Boards of Trade of Nanaimo, Vancouver and Victoria, recommend that the above named Boards of Trade, together with the New Westminster Board of Trade, in conjunction with the various pilotage authorities, should appoint a joint committee consisting of two members of each Board of Trade and one member of each Pilotage Authority, to consider the advisability of controlling the Pilotage areas through a central Pilotage Authority on the basis of a schedule of rates so arranged on the basis of rates now being paid in the various districts that each district will benefit proportionately by any change in the rates, and to formulate suggestions for the regulation of the pilotage service."

The secretary was instructed by the meeting to communicate with the several organizations named in the resolution, inclosing a copy of the resolution, the meeting deciding to hold the proposed joint conference in Nanaimo at as early a date as possible.

A number of other matters were considered by the meeting prior to the conference with the Victoria and Vancouver delegates, including Harbor dredging, improved postal facilities and the Military Service Act.

Washington, Oct. 11—A Rome dispatch to the Italian Embassy today, announced that an Austrian torpedo boat destroyer had been captured by Italians in the Adriatic. The Austrian crew surrendered without firing a shot.

BAD WEATHER LIMITS FIGHTING

Activities of Belligerents Limited, but Allies Have Maintained Themselves in All Gains.

London, Oct. 11.—Extremely bad weather on the Flanders front is limiting the activities of the belligerents. The Allies, however, have maintained themselves in the territory they gained in Tuesday's great drive. At only one point has their hold slipped at all, and that was in a particularly low sector along the British front below Poelcapelle, where their advance posts were drawn in a little.

While the work of consolidation and preparation for the renewal of the offensive is proceeding German counter attacks are being held off by the Entente guns. Last night the French had one of these attacks to deal with in the region of Draibank, and they broke it up.

Some attention is being attracted by the persistence of the German efforts to regain ground on the French front in the Verdun region. In this connection it is noted, recently one of the German military critics in alluding to the situation in Flanders, spoke of the peril to which the Germans might be subjected on the Verdun front if the German lines in the Belgian area should give way. The French are very near German territory northeast of Verdun and a forced weakening of the German lines there might well have a serious effect upon the whole military situation, well-placed as the French now are for the initiation of a drive from the outlying Verdun positions.

The German effort to push back the French there, or possibly to regain the lost initiative in the region may possibly be traced to anxiety in this respect on the part of the German high command. Small success, however, is attending the Crown Prince's efforts in this direction. He tried again last night near Hill 344, but General Petain's forces held their ground, driving the Germans out of such advanced trenches as they managed temporarily to penetrate.

London, Oct. 11.—"There was a heavy rain last night," Field Marshal Haig reported today. "The enemy's artillery showed considerable activity during the night west of Passchendaele. Otherwise there was nothing of importance to report."

The Pacific Coast Lumberman a trade journal featuring the logging, lumber and shingle industries of British Columbia has made its first appearance. The "Lumberman" is nicely gotten up and printed and with such an important and extensive field to exploit should enjoy a long and prosperous life.

CANVASSING FOR Y.M.C.A. FUND

Owing to the fact that it was found impossible to complete the canvass of the business section of the city yesterday the total subscriptions to the Y. M. C. A. a fund cannot be announced this morning. It may also be explained that it is not the expectation of the committee in charge of the work to make a house to house canvass through the whole city, but the subscription list will be kept open for a week and Mr. L. W. Smith will be very pleased to accept donations from anyone wishing to contribute at the Merchants Bank during bank hours.

MADGE KENNEDY MAKES HER PICTURE DEBUT

Madge Kennedy the famous comedienne of "Twin Beds" and "Fair and Warmer", makes her first appearance as a motion picture star in Margaret Mayo's rollicking farce comedy "Baby Mine", which is the attraction at the Bijou Theatre to-day and Saturday. This production is the first comedy offering by the Goldwyn Pictures Corporation, which has arranged a long programme of big productions with such stars, in additon to Miss Kennedy as Mae Marsh, Maxine Elliott, Jane Cowl, Mary Garden and Mabel Normand.

"Baby Mine" has been elaborated for the picture presentation from a comedy that ranked as one of the most successful of recent years and which made a fortune for its owners and producers..

HAMMERING TEUTON LINES ON ALL BATTLEFRONTS

British and French Guns Shelled German Positions Vigorously—Enemy Failed in Attacks Upon French Positions on the East Bank of the Meuse—Russian Advance Anticipated on the Rumanian Front and Allies Plan Offensive in Macedonia.

Comparatively little fighting action is in progress on any of the fronts except in the nature of reciprocal bombardments. In Flanders on Thursday, both British and French troops kept their trenches, neither assaying attacks, nor being forced to sustain counter offensives against the new positions they hold as the result of the drive of Tuesday. The big guns on both sides, however, were shelling opposing positions vigorously, those of the Allies in the work of destruction, and those of the Germans in the nature of disturbers of the peace of the Allies in their new trenches.

The added rain over this region has accentuated the swampy condition of the ground, and it probably will be several days before the British and French can again jointly unleash their men for another raid against the Germans.

On Wednesday night the French repulsed a heavy counter attack east of Draibank. The Germans, during this time let the British severely alone with their infantry, but hurled masses of shells into their line.

Along the south front in France, the Germans again have met with defeat in their attempts to capture the French positions on the east bank of the Meuse, in the Verdun sector. The attacks, however, were not made in strong force, being more in the nature of trench raiding operations.

The prospects of a return to heavy fighting in Rumania, with the Russians again the aggressors, seems good. On the Rumanian plain and near Braila, the Russians have heavily bombarded the German positions while the Germans in reprisals shelled the Danubian town of Galatz, the shells causing several fires.

On the northern sector of the eastern front near Riga, the Germans, following a heavy bombardment, pushed back the Russians in the vicinity of the Pskoff high road.

Daily artillery duels in Macedonia with the Entente forces exerting the greater power, are augmenting, especially in the direction of Doiran and north of Monastir, and it is possible that at no late date, the predicted allied offensive in this region will begin.

There have been no new developments concerning the attempted mutiny on board German warships. The Emperor William during his political turmoil that has been created by the revelations of disaffection in the navy, is visiting King Ferdinand of Bulgaria, in Sofia.

HUN ATTEMPT WAS FRUSTRATED

Paris, Oct. 11.—French troops last night defeated a German attempt to recapture ground taken in the French offensive in Belgium this week, the War Office announces. On the Verdun front German troops broke into advanced French positions but were repulsed after a spirited engagement.

Following is the text of the announcement:

"In Belgium during the night we broke up a German attack delivered east of Draibank against our positions between the Victoir farm and the Papegoet farm.

"On the Aisne front an enemy patrol which was seeking to approach our lines in the region of Cerny was dispersed by our fire.

"On the right bank of the Meuse River (Verdun front) in the region of Hill 344 German troops made an attack which enabled them to gain a footing in a portion of one of our advanced positions. After a spirited engagement we repulsed the adversary and remained masters of our positions.

"Sub-Lieut. Boyau brought down his tenth enemy airplane yesterday."

GRAY—REID

A pretty wedding took place yesterday morning at the Presbyterian Mission Church at the South end of Gabriola Island, when Miss Margaret Reid daughter of Mr. A. D. Reid, who has charge of the Presbyterian Mission there, was married to Allan Seymour Gray, of Drumheller, Alberta. The Rev. Dr. Clay, of Victoria, performed the ceremony, for which the little church had been very tastefully decorated. There was a large gathering of friends of the bride present, and after the knot had been tied refreshments were served. Mr. and Mrs. Gray then came to town by launch and left on the afternoon boat for Vancouver en route for their home at Drumheller, where Mr. Gray holds a position as engineer with a big coal mining company.

Among the passengers from Vancouver last evening on the "Pat," were Mrs. Grayshon, H. N. Freeman, Chas. Martin and Mrs. T. Glaholm.

SEARCHED FOR LIQUOR

Duncan, Oct. 11.—Two parties of motorists reaching Duncan tonight from up the Island tell of being held up between Chemanius and Ladysmith and having their persons and cars searched for liquors by a man claiming to be working under the authority of the Prohibition Act. Whether this inspector is a Government or municipal official or a member of a prohibition vigilance committe the motorists could not discover.

STIRRING AND TENSE DRAMATIC MOMENTS IN "A TALE OF TWO CITIES"

Wiliam Farnum in Dual Role of Charles Darnay and Sidney Carton Holds one Tense with his Superb Portrayal of the Characters.

The escape of Dr. Manette from France, accompanied by his daughter and Mr. Lorry.

The thrilling trial scene in the Old Baily where Darnay is accused of treason.

The dramatic incident when Sidney Carton becomes a witness in behalf of the accused.

The scene in the tavern when Carton and Darney talk over the events of the day.

The secret revolutionary meetings of the terrible De Farge, the wine shop-keeper, and his bloodthirsty followers.

The stirring and breathless scenes when the Bastile in attack, demolished piecemeal and the prisoners released.

The reign of terror in the streets of Paris following the revolt of the populace.

The dramitic arrest of Charles Darney by the Revolutionists, and his incarceration in La Force prison.

The awe-inspiring court room scene when Darney is placed on trial for his life, and acquitted.

The touching and pathetic family reunion, interrupted by Darney's second arrest and imprisonment.

The heartbreaking scene in court before the revolutionary tribunal, when Darney is sentenced to death

The breathless scene when Carton saves Darney by substituting himself as the prisoner the day set for the execution.

The terrible coach ride of the fugitives when fleeing from Paris on their way to England and safety.

The heroic and historical sacrifices of Sidney Carton as he ascends the guillotine instead of Darney.

In the City Police Court yesterday Magistrate C. H. Beevor-Potts imposed fines of $50 and costs upon Ueno a Japanese fishmonger and Quan Yuen, a Chinese tailor, for having liquor on their premises contrary to law.

FINAL WORD FOR MEDICAL BOARDS

Oficial Bodies must Pass on Each Man Called up under the Military Service Act.

Ottawa, Oct.—A number of doctors throughout the country have been writing here to ask if a certificate of physical unfitness from a family physician will be accepted at face value by a Medical Board instituted under the Military Service Act. The answer returned was a prompt negative.

Experience has shown that some family physicians are liable to be placed in an awkward position if certificates of physical unfitness granted by them are competent to secure freedom of responsibility under the Military Service Act for the sons of some of their patients Doctors might easily be subjected to annoyances of a most disagreeable kind if the idea were to spread that any one of them, with the wave of his pen, might exempt a young man from military service. Under the scheme by which the Military Service Act is operated, the authorities will be guided by the Official Medical Boards.

Uproots Skin Disease!

Such unusual power of penetration does Zam-Buk possess that it is capable of reaching the underlying tissues. In cases of skin trouble, this is where the greatest accumulation of germs is, and until these are destroyed a permanent cure cannot be effected.

Zam-Buk destroys all germs with which it comes in contact. When the diseased part is thoroughly cleansed and purified, the herbal extracts, of which Zam-Buk is composed, grow new skin, and a complete and lasting cure is the result.

Zam-Buk is a reliable cure for eczema, ringworm, bad leg, running sores, ulcers, abscesses, blood-poisoning, piles, cuts, burns, scalds, etc. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

GOOD ROADS

At any other time than this the meeting which was held in Duncan this week for the purpose of organizing a Good Roads League in British Columbia would have attracted considerably more attention than it has. With the great world war now raging, and the grave national problems it has created in the Dominion, local and even provincial questions are apt to be passed over with indifference. Yet it will be admitted that good roads are a good investment for any community, and more particularly now when the use of the motor car has become almost universal. Even if the League, owing to stress of circumstances, is unable to get much new work done, it will justify its existence if it sees that the roads are maintained in good condition. Many miles of road which two or three years ago were in excellent condition, have been allowed to get into a very bad state. The result is that it will cost thousands of dollars to repair them, where hundreds would have sufficed had the roads been properly looked after. Here at least is one direction in which the new league can save the province a considerable amount of money, and at the same time, secure better service for the people.

WHERE SIR WILFRID STANDS

The Ottawa Citizen (Independent) sheds some light upon the reports of the early retirement of Sir Wilfrid Laurier from the leadership of the Liberal party. It says the Quebec wing of the Liberal party insist upon the leader agreeing to rescind the conscription measure and to make this promise to the Quebec element before the election. With anti-conscription as a war cry the province, the element asserts, could be swept for the Liberals. But Sir Wilfrid, according to The Citizen's information, has absolutely refused to agree to this propsition. He takes the stand that conscription is now the law of the land, that it must be obeyed and that, come what may, it must stand on the statute books as far as the calling to the colors of the required 100,000 men is concerned. The Liberal leader, The Citizen asserts, has placed his alternative before the Quebec section; if this element will not accept his view he will at once step down. Only on condition that the law as it stands will be respected and obeyed in Quebec will Sir Wilfrid Laurier retain the leadership. It is this ultimatum of the Liberal leader, The Citizen says, which has brought about the present crisis in the fortunes of that party. It is not related in any way to the appointment of certain nominal Liberals to office in the present administration, and has no reference whatever to union government. If the Quebec Liberals fall into line Sir Wilfrid will continue as leader; if not, he will abdicate.

"The public will be interested in knowing the facts," concludes The Citizen. "Sir Wilfrid must be given credit for loyalty to his convictions and respect for the law of the land. His position in this matter must immeasureably increase his influence in all parts of the Dominion outside the province of Quebec, and even in that part of the country his stand must entitle him to the respect if not the support, of the anti-conscription element. The Citizen has differed with Sir Wilfrid's view of the conscription measure, but recognizes that in the present instance he is showing himself above party influences and that he is prepared to leave political life rather than precipitate confusion, if not worse, in this country by an abuse of power."

COAL OPERATORS OF STATES WILL MEET

Washington, Oct. 11.—A general conference of this country's coal operators at Pittsburg on October 23, has been called by D. A. Morrow, secretary of the National Coal Association, for the purpose, it was announced, of helping the Fuel Administration avert a coal famine.

DEPARTMENT OF WORKS NOTICE TO CONTRACTORS

South Wellington School

Sealed Tenders, superscribed "Tender for South Wellington School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Friday, the 26th day of October, 1917, for the erection and completion of a four-room school at South Wellington, in the Newcastle Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 10th day of October, 1917, at the office of J. Mahony, Government Agent, Court-house, Vancouver B.C.; S. McB. Smith, Government Agent, Court-house, Nanaimo, B.C.; J. E. Parrott, Esq., Secretary of the School Board, South Wellington, B. C.; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one set of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10) which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

LEAPS FROM YUKON STEAMER

Dawson, Y.T., Oct. 11.—P. J. P. J. Poulin, for fourteen years a resident of the Yukon, ended his life by leaping from the deck of the steamer Whitehorse when near Big Salmon en route for Dawson. Efforts to recover the body were unavailing. Poulin formerly belonged to the American army, fought in the Spanish-American war and saw service in the Phillippines. He was en route to Seattle to rejoin a regiment for Europe. It is believed he was temporarily derranged.

WILL CONTINUE TO PLAY THE SAME GAME

San Francisco, Oct. 11—The death of George Blewett, member of the University of California freshmen football team, yesterday, from injuries sustained during last Saturday's game, will not result in the abolition of American football at the institution, according to President Wheeler, "it was undoubtedly an unavoidable accident."

YUKON DREDGES LAY UP

Dawson, Y.T., Oct. 11.—The first Yukon dredges are shutting down for the Winter. The Atwater dredge on Upped Forty-Mile stopped operations September 24. Manager G. Nessler is now on his way to the coast.

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS.

Give 'California Syrup of Figs" if cross, sick, feverish, constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how ou fought against them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millons of mothers keep this harmless "furit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of tewnty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

NO INDIGESTION, GAS, OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapepsin" for sour acid stomach, heartburn dyspepsia.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long so make your stay agreeable. Eat what you like and digest it; enjoy it, without family eat something which don't dread of rebellion in the stomach.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest, surest relief known.

PORTLAND NEGRO WAS KILLED BY CHINAMAN

Portland, Oct. 11.—George Washington Davis, a negro, was shot in the abdomen and instantly killed here early today by Huie Tong, a Chinese, when Davis attacked the Chinese with a hammer to secure $425 hidden in a sack in the store run by Huie Tong. Before shooting the negro Tong was so badly injured about the head that he is not expected to live.

M. KERENSKY TOOK STEP AT TASHKENT

Petrograd. Oct, 11.—A dispatch received here from Tashkent, a seaport on Russian Turkestan, says a delegation of troops under General Korovenchiko has arrived and occupied "Liberty House," the headquarters of the local Workmen's and Soldiers' Delegates. The rebels were arrested, together with a governor they had nominated.

JOIN INDEPENDENT GERMAN SOCIALISTS

Amsterdam, Oct. 11.—Herr Simon a deputy in the German Reichstag, has left the majority Socialist party to join the Independent Socialists, says The Internationale Korrespondenz. Four other deputies, it adds, are expected to take similar action. Three of the four are Herr Ewald, Edmond Fischer and Herr Hugel, of Bayreuth.

PLOT SMASHED

New York, Oct. 11,—A plot to export tungsten, a metal used to harden steel, from the country on board the Scandinavian-American liner in violation of the Espionage Act and President Wilson's proclamation, was broken up today by federal agents, with the arrest of three men here. The illicit export of the metal, presumably for Germany, has been going on for some time, the United States district attorney announced.

Port Arthur, Ont., Oct. 11—Wm. McBrady, a lawyer, yesterday afternoon was sent up for trial to the next assizes here on a charge for murdering his son Lieut. Robert McBrady. No evidence was heard at the preliminary hearing.

Medical Boards are Ready !

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The men placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.

The Wisdom of Having Two Pairs of Glasses

When you think how much depends on that one pair of Glasses of yours, doesn't it seem rather foolish to have only one pair? Remember what a loss you are at if you have to do without your Glasses for a week or so : : : accidents will happen. Doesn't it sound plain commonsense for you to possess two pairs of Glasses, so that when the accident does come you are not so horribly inconvenienced by the delay for repairs; and after all the cost of security in the extra pair is very little. **Consult**

Stirring and Tense Dramatic Movements in

"A TALE OF TWO CITIES"

William Farnum in the Dual Role of Charles Darnay and Sidney Carton, Holds One Tense With His Superb Protrayal of the two Characters.

The secret revolutionary meetings of the terrible De Farge, the wine shopkeeper, and his bloodthirsty followers.

The stirring and breathless scenes when the Bastile is attacked, demolished piecemeal and the prisoners released.

The reign of terror in the streets of Paris following the revolt of the populace.

The dramatic arrest of Charles Darnay by the Revolutionists and his incarceration in La Force prison.

The heartbreaking scenes in court before the Revolutionary tribunal, when Darnay is sentenced to death.

The breathless scene when Carton saves Darnay by substituting himself as the prisoner the day set for the execution.

The heroic and historical sacrifice of Sidney Carton, as he ascends the guillotine instead of Darnay.

Seven Powerful Acts; Cast of 1,000 people.

British Troops Advance Along The Entire Front

ENEMY DRIVEN OUT OF ENTIRE DEFENSIVE POSITIONS

Haig's Most Recent Assaults Have Driven the Germans Practically Out of Their Defensive Front Over a Width of Several Thousand Yards—British and Anzacs Push the Enemy Off Ypres Ridge.

London, Oct. 12.—Progress was made along the entire front in Flanders where Field Marshal Haig began another offensive Friday morning. Rain intervened, however, and it was decided not to make further efforts to reach final objectives which had been planned to take. These statements are contained in an official communication issued tonight. The communications add that prisoners taken during the day approximate 500.

London, Oct. 12.—(Reuters)—We have driven the Germans practically out of the whole depth of their defensive front over a width of several thousand yards, and the result is that the Germans must now oppose us more than on any previous time since the first battle of Ypres with flesh and blood, instead of dugouts, deep trenches and concreted redoubts.

"They are now shovelling up and running wire with feverish haste in the rear but a dominant ridge enables us to see all and shell the workers with disturbing effect. Many reports are current to the effect that the Germans are getting short of big ammunition.

"Relentlessly the enemy has been firing some of our own shells captured from the Russians. The fact they are bringing these so far in view of great transportation difficulties is significant.

It was reported at 7:40 this morning that our troops had gained their first objective. Machine gun fire appears to be the chief trouble indicating that a large proportion of the German artillery had been with drawn well to the rear."

London, Oct. 12.—Reuter's correspondent at British headquarters in France cabled today:

"The British and Anzacs resumed the process of pushing the Germans off what remains of their foothold upon the great ridge system to the east of Ypres. The French on our left did not move today, but their artillery pounded the enemy. The weather is now improved, but when the troops went forward conditions were miserable.

"The Germans were again caught unexpectedly. They could hardly have anticipated that we should strike again so soon or in such weather, but Field Marshal Haig realizes the value of time when the enemy is still staggering under the shock of a previous blow.

DECLARES WAR ON THE JUNKERS

Copenhagen, Oct. 12.—The immediate results of the disclosures of Chancellor Michaelis and Vice-Admiral von Cappelle, have been that Government Socialists have been driven into complete opposition, and into alignment with the Radical Socialists, that followers of Phillipp Scheidemann have delivered a formal declaration of war against the government until Chancellor Michaelis has been removed from office, and that the Radicals, members of the center and even National Liberals have criticised and condemned the Michaelis-Cappelle move as one which ought not to be made unless the government had full and adequate proof of the complicity of the three Radical Socialists in the actual conspiracy to the mutiny.

Stripped of its embellishments the government statement reduced itself to the charge that an agitation to enroll members for the Radical Socialist party had been carried on in the navy, that leaflets had been distributed, and that two of the executed sailors had visited deputies Haase, Vogtherr and Dittmann.

Italian Headquarters, Oct. 12.—Gabriel di Annunzio who was lately promoted a Major, organized and directed the recent raid over Cattaro, which, after Pola, is the greatest Austrian stronghold in the Adriatic. No dangerous raid has occurred since the beginning of the war in which he has not taken part. This time he planned one of the most daring expeditions undertaken, both because of the distance to be covered, and the formidable defences protecting Cattaro.

VON CAPELLE HAS RESIGNED

Successor to Von Tirpitz as German Minister of Marine Quits His Post—Was Object of Bitter Criticism.

Amsterdam, Oct. 12.—Vice-Admiral von Cappelle, the German Minister of Marine, has resigned.

Vice Admiral Eduard von Cappelle was one of the Administrative directors in the Ministry of Marine before the war and had served as Captain at sea. In March, 1916, he succeeded Admiral von Tirpitz as Imperial Minister of the Navy Several times since then von Cappelle appeared before the Reichstag with optimistic statements regarding the progress of the unrestricted submarine campaign as late as August 26, 1917, defending the U boat policy of his predecessor and himself at a meeting of the Reichstag main committee.

Vice Admiral von Cappelle announced in the Reichstag last Wednesday that a plot had been discovered in the navy to paralyze the efficiency of the fleet and force the government to make peace. He said that the guilty parties had received their just deserts, and attempted to link Socialists with the plot.

Imperial German Chancellor, Dr. Michaelis, also spoke of the existence of a conspiracy in the navy, and asserted that certain deputies were involved in the revolt. Socialists and their newspapers have attacked both the Chancellor and the Vice Admiral for their statements.

PLAN WIN WAR MASS MEETING

At a meeting of the committee of the Win-the-War League held in the Council Chambers last night, it was decided that a mass meeting should be held on the evening of Friday, Oct. 26th, at which it is hoped that some prominent speakers from both Vancouver and Victoria may be present. Final arrangements were left in the hands of the executive.

The secretary was instructed to obtain definite information from the Minister of Militia as to whether the provisions of the Military Service Act are applicable to foreigners of military age who belong to any of the Allied nations. The committee will meet again next Friday evening by [illegible]me it is hoped that full [illegible] on this point may be

FIRST MEETING UNION CABINET

The New Union Government Held First Cabinet Council Meeting Yesterday — First Business Will be Fixing of Date for Election.

Edmonton, Oct. 12.—Hon. A. L. Sifton Premier of Alberta, telegraphed his resignation to Lt.-Gov. Brett, from Ottawa tonight.

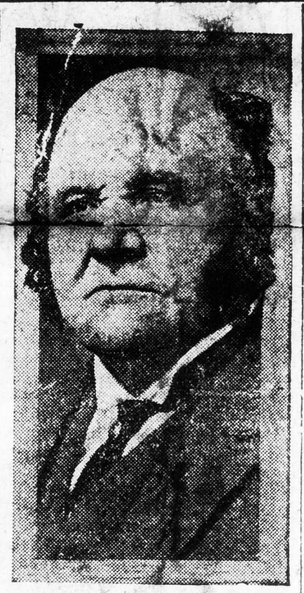
Ottawa, Oct. 12.—The Union Government held its first Cabinet Council this afternoon Hon. N. W. Rowell, President of the Council, presided. There was a full attendance. No official statement was made as to business transacted, but it is understood that the discussion was confined to a preliminary review of the work to be taken in hand.

The maritime provinces' Liberals remain outside the Cabinet at yet. During the afternoon and evening Chateau Laurier conferences were continued and the impression prevails that Frank Carvell and A. K. McLean are likely to join the new government. Premier Murray is understood to be adverse on personal grounds to coming to Ottawa.

There was an intimation during the evening that Western Liberals would issue a statement outlining their position. At 11 o'clock, however, Hon. J. A. Calder announced that this decision had been reconsidered and that no statement would be issued tonight.

It is believed that one of the first questions to be taken up will be that of deciding when an appeal should be made to the people. Conditions are now different from those which would have obtained in a straight party fight and necessary readjustments may make it difficult to arrange for the appointment of returning officers and the issue of writs in time to have voting in December as hoped. There is no reason to believe that the new government will not make every effort to secure the endorsation of the electors on as early a date as possible.

The fifth game of the World's Series Baseball will be played in Chicago today.



FIRST DRAFT MEN CALLED

The proclamation calling out the first draft of men under the Military Service Act, appears in this issue of The Herald. The proclamation, which is signed by Thomas Mulvey, Under Secretary of State, confirms the previous announcement made by the Military Service Board and contained in the Act as to exemptions and the grounds for exemption. The proclamation calls upon the men comprising Class One to report for military service on or before November 10 unless application for exemption has been made. The proclamation further states that those called out will not be required to report for duty earlier than December 10th.

NEW MILL IS NOW OPERATING

The Nanaimo Lumber Company, of which Mr. H. N. Freeman is manager, is now in a position to make a bid for a share of the lumber trade of the district.

The mill itself is most conveniently situated for the purpose, having been erected immediately adjoining the Vancouver and Nanaimo Coal Co.'s wharf with ready access to the main road, and having been fitted with the very latest type of machinery will prove capable of turning out lumber second to none in the province. The limits from which the mill secures its logs contain an almost unlimited supply of first class timber.

S. Larcombe, of Birtle, Man., who won the world's championship with his half bushel of wheat against all comers at the Twelfth Annual Soil Products Exposition at Peoria, Ill. He also won second with wheat in the dry farming section.

CONVENTION AT DUNCAN CLOSED

Nanaimo's Representatives Returned Home From Attending Interesting Convention of Union of British Columbia Municipalities.

His Worship Mayor McKenzie and Ald. E. W. Harding have returned home from attending the annual convention of the Union of B. C. Municipalities held in Duncan which at the closing session elected officers as follows:

Pres.—Reeve Bridgeman, (West Vancouver Dist.)

Vice-Pres.—Reeve Fraser, (Burnaby).

Sec.-Treas. — Mayor Gray, (New Westminster).

Executive—Mayor Todd, (Victoria); Ald. Gale, (Vancouver); Mayor Gill, (Enderby); Reeve Borden (Saanich); Mayor Shatford, (Vernon); Reeve Miller, (Duncan); Reeve Wark, (Langley).

The convention was one of the most interesting in the history of the Union, and dealt with a large number of questions vitally affecting Municipalities. The convention went on record in favor of a complete revision of the Municipal Clauses Act, an investigation by the Executive and report on the various Public Utilities Commissions and the taking over by the Provincial Government of the Tranquille Sanitarium.

Two resolutions were adopted to be sent to the Minister of Militia to ask for an increase in soldiers' separation allowances and for the better provision of pensions. To raise the statute labor clause from $2 to $3 per day was the subject of another resolution adopted.

At the request of the Victoria and Saanich delegates a resolution was adopted to ask the Government to give municipalities more power to regulate heavy motor truck traffic in their respective districts. A resolution was also passed to be forwarded to the Minister of Finance at Ottawa urging that brokerage be not charged to municipalities for investment of their sinking funds in the forthcoming Victory Loan. Other resolutions dealt with during the day were one to hold the annual municipal election earlier by one month and the advocacy of the establishment of a steel plant in British Columbia in view of the increasing importance of shipbuilding.

The Union would not endorse a suggestion fixing a standard weight for bread. The Convention further declined to go on record in favor of South Vancouver's recommendation to call on all members of councils to take an oath of allegiance to the Allied powers. In this connection the solicitor reminded the members that the oath of allegiance could be applied at any time to any British subject.

FIGHTING IN SEA OF MUD

British Troops Sank Even up to Their Necks in Mud as They Advanced Against the German Lines.

British Front in France and Belgium, Oct. 12.—The chief enemy of the British today was not the Germans, but mud. No worse conditions underfoot could be imagined than those that impeded the assaulting infantry this morning. Recent rains already had turned the whole section into a vast morass in which the men sank to their knees or to their waists and even were engulfed to their necks, as they made their arduous way forward.

Last night rain fell to add to the difficulty of the situation, but this morning the sun was struggling through the clouds to cast some measure of warmth over this bleak and dreary waste. So far as the Germans themselves were concerned, there was no doubt in the minds of the British, but that they could handle them. The Emperor's troops in this section are far less formidable than they were owing to disorganization caused in their ranks by the recent terrific blow dealt them. This is not an individual opinion. It is generally recognized along the front by the British and Germans too, that a change has come over the morale of the invaders and almost any prisoner would admit this fact. The spirit of the British troops, however, has been wonderful throughout, notwithstanding the terrible hardships they endured in the recent operations It was only yesterday that Field Marshal Haig, in speaking to a correspondent, particularly mentioned this feature and paid the highest tribute to the gallant work of his men from the different parts of the empire under these indescribable conditions.

The British Commander-in-Chief does not confine himself to headquarters in conducting operations. He is here and there and everywhere and knows what his men are enduring. It is an interesting sidelight on the character of the man who is guiding the destinies of the British armies in France that his heart is with his men in the front line and he feels keenly their sufferings. The Field Marshal's whole conversation indicates that.

GERMANS STRIVE DESPERATELY TO CHECK HAIG'S ADVANCE

Teutons Have Massed Their Strongest Array of Troops at Passchendaele in Effort to Stay Forward Movement of British Troops Toward the Ostend-Lille Railroad—Russians Have Recaptured Trenches Previously Lost to Germans South of Riga.

For the first time since he started his series of attacks against German positions in Flanders, Field Marshal Haig has had to cease an operation before all objectives were attained. It was not German guns, however, that stopped the British, it was more than the usually heavy rainfall which started during the battle and turned the already swampy region over which the men mere supposed to pass into a foretaoin supposed to pass into a veritable quagmire, from which they could not untrack themselves for the forward move.

The drive, as has been customary in Haig's strategy, was started in the early hours of Friday morning, and extended from near Houthelst Wood to below the Ypres-Menin road. At several points the British troops succeeded in gaining ground over fronts ranging up to a thousand yards, but here rain intervened and the flighting ceased for the day. During the move over a six-mile front the British captured about 600 prisoners. The struggle was particularly bitter to the north of Poelcappelle and around Passchendaele. In the latter regions the Germans apparently massed their strongest array of troops hopeful of being able to stay a further press forward by the British toward the Ostend-Lille railroad.

The Germans were expecting the battle for several hours prior to the signal for the British to attack when they laid down a heavy barrage fire all along the line, interspersing a rain of steel and explosive shells with asphyxiating gas bombs.

Considerable artillery activity still prevails between the French and Germans along the Chemin Desdames in the Champagne and on the Ypres sector, but no important infantry engagements have taken place. Likewise in the Austro-Italian theatre and in Macedonia big guns are doing all the work except for reconnoitring and outpost encounters in the latter region.

Along the Pskoff Road in the Riga sector on the Russian front the Russians again have been forced to give ground to the Germans under heavy artillery fire. Further south however, the Russians in counter attacks have recaptured trenches which the Germans took back from them yesterday.

Berlin, Oct. 12.—The supplementary report issued this evening from general headquarters, follows:

"On the Langemarck Sonnebeke front in Flanders the battle is still in full swing. To the north of Poelcappelle and to the southwest of Passchendaele fighting still goes on at some pieces where the English penetrated our lines."

MRS. J. MENZIES PASSED AWAY

Resident of Nanaimo For Past Seven Years Died Last Evening—Has Two Sons With Army in France.

Agnes Thompson Menzies, wife of Mr. James Menzies passed away at the family residence, Haliburton St. shortly after 6 o'clock last evening, after a somewhat lengthy illness.

The deceased was a native of Leslie, Fifeshire, Scotland, aged 58 years and came to Nanaimo from Scotland some seven years ago. Besides her husband she is survived by five sons, William (Nanaimo) Fred and James with the army in France, Alex. a returned soldier now convalescing at Esquimalt from wounds received in action, and Adam in Sackatchewan; and three daughters, Mrs. Nichol, Five Acres, Mrs. McCortindale of this city whose husband was killed in action a year ago, and Miss Mary, residing at home.

Funeral arrangements which are in the hands of Mr. D. J. Jenkins are not yet completed.

WILL FLY THE BRAZILIAN FLAG

Seized German Steamers Will be Used by Brazil in the Interests of Brazil and of the Allies. ... ...

Rio Janeiro, Oct. 12.—The Brazilian government proposes to utilize seized German steamers for organization of international steamship lines. The vessels will fly the Brazilian flag and will be used in the interest of Brazil and the Allies. The crews of the vessels will be made up of Brazilians. The realization of this project now depends solely on an understanding between Brazil and the Allies, which Brazil considers essential.

Buenos Ayres, Oct. 12.—Count Karl von Luxburg, former German Minister to Argentine, arrived today at a detention camp on the Island of Martin Garcia. Count von Luxburg, after having beene handed his passports, disappeared from Buenos Ayres, but was found early in the week in the southern part of the province of Buenos Ayres, and arrested.

STEADY ADVANCE OF BRITISH ARMS

London, Oct. 12.—Major General Frederick B. Maurice, chief director of military operations at the War Office, in his weekly talk today with the Associated Press, after an optimistic review of last week's work on the British front in Flanders, said:

"We have every right to be confident when we see what our men have done. But the fighting is hard and we think that the present series of battles in Flanders is not going to end the war. There is a great deal more hard fighting before us, I would say that the importance of getting American troops here as quickly as possible and in the greatest possible numbers has not been diminished.

"The word 'steam roller' which was so often used in the early days of the war in connection with the Russian army is exactly the right word to characterize the British advance in Flanders. It is an advance, not rapid, but insistent and irresistible.

"I want to say a word about the work done behind our lines in preparing for these battles. I do not wish to minimize the U-boat threat, but I can truthfully say that nothing the U boats have done has delayed for a single hour our work in France; it has not delayed a single round of ammunition or rations for our soldiers. The British army was never better fed or supplied than today."

UNION GOVERNMENT

After weeks of patient effort Sir Robert Borden has succeeded in forming a union government. The news will be received with genuine relief by the great majority of the English speaking people of Canada. When first the idea of a national government was taken up by the press generally it was received with general favor and in many quarters with enthusiasm. Then came the disappointment of Sir Wilfrid Laurier's refusal to co-operate with the Premier and his definite and positive stand against conscription in any form. It looked for a time as if the plan were no longer feasible, and politics again began to take a hand in the shaping of the Dominion's destiny. But Sir Robert Borden never despaired and persisted in his efforts, which have now been crowned with complete success.

There is no longer a Conservative government. Sir Robert Borden is still Premier, but he is leading a Coalition government. Some doubt was thrown on Mr. Ballantyne's Liberalism; but the men who were sworn in yesterday are among the strongest and most prominent Liberal leaders in the country. The Hon. J. A. Calder has been the right-hand man of the Premier of Saskatchewan. The Hon. A. L. Sifton was Premier of Alberta, while the Hon. N. W. Rowell was the leader of the Liberal opposition in Ontario. The new Cabinet is evenly representative of both political parties in the English-speaking provinces of the Dominion. Its members are all united in favor of seeing the war through, and as a first step are solidly supporting the new military service act. The remainder of their win-the-war policy has yet to be announced, but it will inevitably include the full utilization of the nation's resources in man power and wealth, and an end to war profiteering. There should be a vigorous administration of the Dominion's affairs, and a firm and capable handling of all great problems created by the war and so limply and ineffectively taken up by the late government.

The first business of the new Coalition government will be to announce the date of the general election. In all probability the date will be set as early as possible so that the government may get down to the task before it. We do not believe there can be any doubt as to the result. There will only one issue, and that a national one. There will be no futile party skirmishing, and where two candidates enter the field on the one side it will be a case of voting for the man and not for party. Now, however, that the political leaders on both sides have agreed to co-operate in the government of the Dominion it is to be hoped that there will be no duplication of union candidates. These are all details yet to be arranged, but it may be said that with the formation of a union government a big stride has been taken towards preserving the unity of the Dominion, and speeding up the prosecution of the war.

ASK FOR A QUARTER— OUNCE OF FREEZONE.

Any corn will dry up and lift out, says a Cincinnati authority.

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this authority.

He says that a few drops of a drug called freezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts out without pain.

This drug is sticky but dries at once and is said to simply shrivel up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce obtained at any drug store will cost very litttle but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out especially if you are a woman reader who wears high heels.

FIFTY YEARS AGO

(From the Colonist, Oct. 11, 1867)

From Nanaimo—The steamer Sir James Douglas arrived here last evening from Nanaimo. She brings news that Mr. Cooper, who is in charge of coal distribution there, is doing a rushing business. Mr. Wild, who is surveying the coal property, has set things a-going. The management of the company's business in this colony has been widely committed to the experience and integrity of Mr. Bate and Mr. Bryden the former being in charge of the commercial department and the latter of the works.

BRITTON SIGNS WITH LEONARD

New York, Oct. 1..—Billy Gibson, manager of Benny Leonard, and Dan Morgan, posted $10,000 today as forfeits for the weight and appearance of Leonard and Jack Britton, respectively in a 10 round bout at the Harlem Sporting Club on October 19. The bout, being one of the most important staged in this city since the inauguration of legalized boxing, has attracted nation-wide interest.

As soon as Gibson and Morgan posted their forfeits Leonard and Britton scurried off to their training camps. Leonard hiked to Crupp's gymnasium, while Jack Britton and a corps of trainers showed up at the Polo A. A. in Harlem. George Engle has always been chief director of Leonard's camp. Dan Morgan will supervise Britton's camp.

Leonard it is understood has promised Willie Jackson a battle within the next month Jackson is acclaimed one of the leading lightweights in the east at present and is expected to make Leonard travel fast

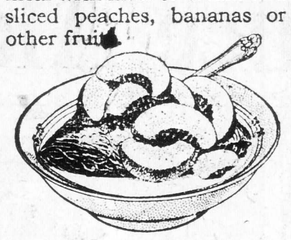
WILL DROP BOMBS ON GERMAN TOWNS

London, Oct. 1..—Sir Auckland Geddes, Minister of National Service in a speech delivered at Nottingham, predicted that the grim work of bombing German towns and villages would be in full swing "before many moons have elapsed."

He said he wished it had been possible to avoid inflicting that last punishment on women and children in Germany, but that the brutal spirit ruling Germany made it inevitable.

The decision had been reached the speaker added, reluctantly and not in any spirit of vengeance, but in pursuance of the inexorable law which lays on every man, "thou shalt protect thy women and children or perish."



GERMAN AGENTS ARE BUYING HIDES

Buenos Ayres, Oct. 1..—Coincident with the American demand for Argentine dry hides to meet military orders, and renewed British buying as a result of the lifting of the leather embargo, Germans here are buying heavily and their competition in the market is helping to increase prices. German brokers say they are buying on German government orders. They express confidence that the war will end in January or February. Prices of hides have risen 12 per cent in the past ten days.

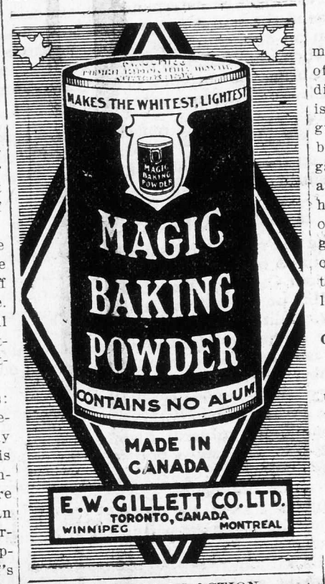
PETROGRAD IS STILL CAPITAL

Petrograd, Oct, 11.—With the announcement of the new cabinet comes the statement, emanating from a government source, that preparations for the removal of the Government to Moscow have been stopped, as there is no prospect that such removal will be necessary in the near future. No reason for the abandonment of the evacuation plan is forthcoming, but it is generally assumed that the improvement in the political outlook is the cause. Fears for the safety of Petrograd as the result of the capture by the Germans of Riga, have subsided.



The visit of the Ministers to the army has as one of its objects the reform of the personnel of the staff and possibly its removal elsewhere. Premier Kerensky it is said, will make a stop for the purpose of visiting General Korniloff, who is reported ill.

London, Oct. 11.—The Times says: "Accounts of the Korniloff movement hitherto have been entirely one-sided. No word has reached this country except through channels under control of Petrograd. We are able to place before our readers an interesting document namely, the order of the day to the army on September 10, which gives Korniloff's version of some events attending the movement.

"In this document Korniloff gave his reply to most if not all the charges that had been brought against him.

"He merely intended to concentrate four cavalry divisions at Petrograd to crush threatened uprisings planned to proclaim a Bolscheviki armistice and conclude a shameful separate peace.

"When Korniloff realized that he had been traduced and could no longer help the country, he surrendered himself to M. Kerensky, with whom he had been willing to co-operate loyally in the country's cause. He is still a prisoner, but his well-intended efforts have not been all in vain. The formation of a Coalition Cabinet on the lines set forth by him may be regarded as an indirect result of his movement."

KILLED IN ACTION

Word was received in the city yesterday morning by Mrs. Leslie, that her brother, Lance Cpl. Michael Caveney, of the Engineers, is officially reported killed in action on September 29.

While residing in Nanaimo Lance-Cpl. Caveney resided with Mrs. R. Pallister, Farquhar street.

PROVINCIAL APPOINTMENTS

Formal announcement is made in the current week's Provincial Gazette of the appointment as Prohibition Commissioner of Mr. W. C. Findley, of Vancouver, who has been filling the office since August 25; and of Mr. Thomas Horne and Mr. Hugh A. Urquhart of Vancouver, as the Government vendors at Victoria and Vancouver. Other appointments announced are: To be Justice of the peace, W. R. Hillyer, of Solaqua. Reginald E. Walker, of East Sooke; John W. Ambrey, of Victoria; Manuel A. Wylde, of Shawnigan. Mr. L. U. Conyers, of Victoria, is named an official member of the Board of Directors of the Provincial Royal Jubilee Hospital; Mr. William B. Burnside, sergeant 28th Company, Canadian Forestry Corps, France, to be a commissioner for taking affidavits within France for use in the courts of British Columbia; Mr. Michael Larsen, of McDame Creek, to be deputy mining recorder for the Stikine River and Liard River Mining Divisions; Mr. Frederick Hunter, of Mission City, to be Justice of the Peace with jurisdiction under the Small Debts Court Act within that portion of the Dewdney Electoral Division lying north of the Fraser River.

ENTENTE TROOPS ATTACKED BULGARS

London Oct. 11.—Entente troops made strong attacks Tuesday south of Doiran, north of Salonica, according to a Bulgarian official statement issued Wednesday. The attacks, begun after strong artillery fire, were broken up at two points by the Bulgarian artillery, the statement claims adding that the Entente losses were heavy while the Bulgarians suffered only slightly. Allied troops who gained a temporary footing in one of the Bulgarian advanced trenches the statement says, were either killed or captured.

GREAT EARNINGS OF BETHLEHEM STEEL

New York, Oct. 11.—Earnings of the Bethlehem Steel Corporation available for dividends in 1917 are estimated around $31,500,000. This total would equal $105 a share on the new 8 per cent, preferred stock, or over thirteen times the $2,400,000 required for dividends on the products of the Bethlehem Company will be smaller in 1918, it is figured that this will be offset to a large extent by increased production from enlarged capacity.

CAN-ADIAN **Chalmers**

Make *your own* tests

WHAT will the Chalmers do? Prove that to your own satisfaction. Drive it. Put it up your pet hill. Throttle it down. Jump into speed. The acceleration of the motor will amaze you.

It was a Chalmers that made the famous 24-hour run through the dense traffic of Chicago. On high gear. Without stopping the engine. Imagine the stops, the slowing down, the dodging in and out of traffic. The Chalmers went 586.8 miles—14 miles to the gallon of gasoline.★ 358 miles was the best previous mark.

It was a Chalmers special that won the Giant's Despair Hill Climb last October. Beat four 12-cylinder cars, racing creations, and many costly cars.

This sort of driving proves the soundness of the Chalmers. Proves its wide flexibility. Proves the cooling. Proves economy.

Drop in and see this smart car, see the finish of it! the equipment. Judge it for comfort. It has the class you want. Step in behind the wheel and drive it.

"Let Me Help You Carry the Burden, Mother"

"If Canada fails us in October, we must curtail many of our activities."

Sir ARTHUR STANLEY,
Chairman, Executive Committee,
British Red Cross.

It now costs $300,000.00 a week to carry on the work of the British Red Cross, or $16,000,000.00 a year.

Every minute of the day and night it costs $30 to minister to the sick and wounded and dying.

Last year Canada's magnificent contribution paid for the entire work of the British Red Cross for nearly seven weeks.

This year, in view of the greater need, it is earnestly and confidently hoped that Canada's contributions will be as great proportionately as the magnificent offering of last year.

Our trust is, that the Citizens of Canada will give generously to this noble cause on—

CANADA

GEORGE the FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern—GREETING:

A Proclamation calling out the men comprised in Class 1 as described by the Military Service Act, 1917.

E. L. Newcombe.

The Deputy Minister of Justice, Canada

WHEREAS it is provided by our Militia Act of Canada, Revised Statutes of Canada, 1906, chapter 41, Section 69, that our Governor-General of Canada in Council may place our militia of Canada or any part thereof on active service anywhere in Canada, and also beyond for the defence thereof, at any time when it appears advisable so to do by reason of emergency;

And Whereas that part of our militia of Canada known as the Canadian Expeditionary Force is now engaged in active service overseas for the defence and security of Canada, the preservation of our Empire and of human liberty; and it is necessary owing to the emergencies of the war to provide re-enforcements for our said Expeditionary Force in addition to those whose inclination or circumstances have permitted them to volunteer;

And Whereas by reason of the large number of men who have already left agricultural and industrial pursuits in our Dominion of Canada in order to join our Expeditionary Force as volunteers, and by reason of the necessity of maintaining under these conditions the productiveness or output of agriculture and industry in our said Dominion, we have determined by and with the advice and consent of our Senate and House of Commons of Canada that it is expedient to secure the men so required, not by ballot as provided by our said Militia Act, but by selective draft; such re-enforcement, under the provisions of the Military Service Act, 1917, hereinafter referred to, not to exceed one hundred thousand men;

And Whereas it is accordingly enacted in and by the provisions of an Act of our Parliament of Canada, holden in the 7th and 8th years of our reign, and known as the Military Service Act, 1917, that every one of our male subjects who comes within one of the classes described and intended by the said Act shall be liable to be called out on active service in our Canadian Expeditionary Force for the defence of Canada, either within or beyond Canada; and that his service shall be for the duration of the present war and demobilization after the conclusion of the war;

And Whereas the men who are under the provisions of the said last mentioned Act, liable to be called out, are comprised in six classes of which Class 1 is, by the provisions of the said Act, defined to consist of all our male subjects, ordinarily, or at any time since the 4th day of August, 1914, resident in Canada, who have attained the age of twenty years, who were born not earlier than the year 1883, and were on the 6th day of July, 1917, unmarried, or are widowers but have no child, and who are not within any of the following enumerated

EXCEPTIONS:—

1. Members of our regular, or reserve, or auxiliary forces, as defined by our Army Act.
2. Members of our military forces raised by the Governments of any of our other dominions or by our Government of India.
3. Men serving in our Royal Navy, or in our Royal Marines, or in our Naval Service of Canada, and members of our Canadian Expeditionary Force.
4. Men who have since August 4th, 1914, served in our Military or Naval Forces, or in those of our allies, in any theatre of actual war, and have been honourably discharged therefrom.
5. Clergy, including members of any recognized order of an exclusively religious character, and ministers of all religious denominations existing in Canada at the date of the passing of our said Military Service Act.
6. Those persons exempted from military service by Order in Council of August 13th, 1873, and by Order in Council of December 6th, 1898;

And Whereas it is moreover provided by our said Military Service Act that our Governor-General of Canada in Council may from time to time by proclamation call out on active service as aforesaid any class of men in the said Act described, and that all men within the class so called out shall, from the date of such proclamation, be deemed to be soldiers enlisted in the military service of Canada and subject to military law, save as in the said Act otherwise provided; and that the men so called out shall report and shall be placed on active service in the Canadian Expeditionary Force as may be set out in such proclamation or in regulations; but that they shall, until so placed on active service, be deemed to be on leave of absence without pay;

And Whereas it is also provided by the said Act that at any time before a date to be fixed by proclamation an application may be made, by or in respect of any man in the class to be called out, to one of our local tribunals, established in the manner provided by the said Act in the province in which such man ordinarily resides, for a certificate of exemption from service upon any of the following

GROUNDS OF EXEMPTION:—

(a) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he is habitually engaged;

(b) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications;

(c) That it is expedient in the national interest that, instead of being employed in military service, he should continue to be educated or trained for any work for which he is then being educated or trained;

(d) That serious hardship would ensue, if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position;

(e) Ill health or infirmity;

(f) That he conscientiously objects to the undertaking of combatant service and is prohibited from so doing by the tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs;

And that if any of the grounds of such application be established, a certificate of exemption shall be granted to such man.

150

And Whereas moreover it is enacted in and by the provisions of an Act of our Parliament of Canada holden in the 7th and 8th years of our reign, and known as the War Time Elections Act, that certain persons thereby disqualified from voting, with such of their sons as on polling day are not of legal age, shall be exempt from combatant military and naval service;

And Whereas it is further provided by our said Military Service Act that applications for exemption from service shall be determined by our said local tribunals, subject to appeal as in the said Act provided, and that any man, by or in respect of whom an application for exemption from service is made, shall, so long as such application or any appeal in connection therewith is pending, and during the currency of any exemption granted him, be deemed to be on leave of absence without pay;

And Whereas our Governor-General of Canada in Council has determined to call out upon active service as aforesaid the men included in Class I as in the said Act and hereinbefore defined or described;

Now Therefore Know Ye that we do hereby call out the said Class 1, comprising the men in our said Military Service Act, 1917, and hereinbefore defined or described as to the said class belonging, on active service in our Canadian Expeditionary Force for the defence of Canada, either within or beyond Canada, as we may, in the command or direction of our Military Forces, hereafter order or direct.

And we do hereby strictly command, require and enjoin that each man who is a member of the said class shall, on or before the 10th day of November, 1917, in the prescribed form and manner, report himself for military service, unless application for his exemption shall then have been made by him or by another person entitled to apply on his behalf; wherein our loving subjects, members of the said class, are especially charged not to fail, since not only do their loyalty and allegiance require and impose the obligation of careful and implicit obedience to these our strict commands and injunctions, but moreover, lest our loving subjects should be ignorant of the consequences which will ensue if they fail to report within the time limited as aforesaid, we do hereby forewarn and admonish them that any one who is hereby called out, and who without reasonable excuse fails to report as aforesaid, shall thereby commit an offence, for which he shall be liable on summary conviction to imprisonment for any term not exceeding five years with hard labour, and he shall nevertheless, if we so require, be compelled to serve immediately in our said Expeditionary Force.

And we do hereby proclaim and announce that for the greater convenience of our subjects, we have directed that prescribed forms, for reporting for service, and for application for exemption from service, may, at any time on or before the said 10th day of November, 1917, be obtained at any post office in our Dominion of Canada; and that reports for service and applications for exemption from service, it obtained at any of our said post offices and properly executed, shall be forwarded by our postmaster at the post office from which the same are obtained to their proper destination as by our regulations prescribed, free of postage or any other charge.

And we do further inform and notify our loving subjects that local tribunals have been established in convenient localities throughout our Dominion of Canada for the hearing of applications for exemption from service upon any of the statutory grounds, as hereinbefore set out; that these our local tribunals so established will begin to sit in the discharge of their duties on the 8th day of November, 1917, and that they will continue to sit from day to day thereafter, as may be necessary or convenient, at such times and places as shall be duly notified, until all applications for exemption from service shall have been heard and disposed of; also that men belonging to the class hereby called out who have not previously to the said 8th day of November, 1917, reported for service, or forwarded applications for exemption through any of our post offices as aforesaid, may make applications in person for exemption from service to any of our said tribunals, on the 8th, 9th or 10th day of November, 1917.

And we do hereby moreover notify and inform our loving subjects who are within the class hereby called out, that if, on or before the 10th day of November, 1917, they report themselves for military service, or if, on or before that day, application for exemption from service be made by them or on their behalf, they will not be required to report for duty, or be placed upon active service as aforesaid, until a day, not earlier than the 10th day of December, 1917, which will, by our registrar for the province in which they reported or applied, be notified to them in writing by registered post at their respective addresses as given in their reports for service, or applications for exemption from service, or at, such substituted addresses as they may have respectively signified to our said registrar; and we do hereby inform, forewarn and admonish the men belonging to the class hereby called out that if any of them shall, without just and sufficient cause, fail to report for duty at the time and place required by notice in writing so posted, or shall fail to report for duty as otherwise by law required, he shall be subject to the procedure, pains and penalties by law prescribed as against military deserters.

Of all of which our loving subjects, and all others whom these presents may concern, are hereby required to take notice, rendering strict obedience to and compliance with all these our commands, directions and requirements, and governing themselves accordingly.

In Testimony Whereof We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter; One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this TWELFTH day of OCTOBER, in the year of Our Lord one thousand nine hundred and seventeen, and in the eighth year of Our Reign.

By Command,

Thomas Mulvey

Under-Secretary of State.

ROBERTSON LEADING SLUGGER IN THE WORLD SERIES

Dave Robertson, New Yory's most brilliant outfielder, is the leading slugger of the world series games between the White Sox and Giants with an average of .545 in eleven trips to the plate. Robertson has hit the ball safely six times for a total of nine bases. Weaver, of Chicago is next in line among the regulars with a percentage of .500 in ten times at bat. McCarty and Rariden, the two New York catchers, are also stinging the leather at a .500 clip. Holke is batting .400. But while the White Sox have only one regular among the leaders, as a team they are hitting harder than their opponents. All told seven of them are slugging .300 or better, while the team average is .276, against .239 for the National League representatives.

OCTOBER EXENTS IN ANCIENT RING ANNALS

Deaf Burke defeated Andrew Gow in twenty-two rounds at Temple Mills, England, in October, 1829 Burke was the champion of England and considered the greatest fighter of his day, yet his compensation for this bout was five pounds, or $25, a sum that a defeated third or fourth rater would pocket only with scorn nowadays. As a matter of fact he wouldn't have received a cent if he had lost the fight, which was not an unlikely occurence as his opponent was a raw-boned giant and a formidable fighter. So he had everything to lose and mighty little to gain. Futhermore Burke had to dodge the police of several counties in order to win his measely five pounds. The fight was arranged at Woolwich, but the police stopped the proceedings. Another site was found, but the minions of the law again spilled the beans. The fighters and fans then crossed the river to Snaresbrook, but were again interrupted. Next the ring was pitched at Temple Mills, where the coast was clear of the cops. Burke's ring costume consisted of green drawers with yellow braid and knots of yellow ribbons at the knees, while the cales were encased in brilliant striped stockings. Burke simply cut the other fellow into shreds, but Gow stuck to his guns until the twenty-second round, when his seconds tossed up the sponge to save his man from being killed. And then Burke collected his twenty-five bones.

BRITAIN FIRM TO THE END

London, Oct. 12.—Premier Lloyd George, addressing a delegation of insurance committees, who called today to urge the readjustment of health insurance, and the establishment of a Ministry of Health, declared that all the nation's thoughts and energies were taken up by the terrible demands made in defense of liberty and freedom. He wished he could see the end, but the task which the nation had taken in hand must be accomplished. He could not think of any statement more calculated to prolong the war than the assertion of German Foreign Secretary von Kuehlmann that Germany would never contemplate the making of concessions to France respecting Alsace-Lorraine.

However long the war lasted, said the Premier, England intended to stand by her gallant ally, France, until she redeemed her oppressed children from the degredation of a foreign yoke.

For the moment every claim upon the Exchequer must be considered in the light of the terrible possibilities of the war and with the war over in a freer and happier atmosphere the country could begin to rebuild, reconstruct and regenerate.

GERMAN MORALE DECLINES

London, Oct. 12.—A dispatch from British Headquarters to Reuters, says that a prisoner from the 72nd German infantry reserve, in describing the discipline of his corps, declared that before the last battle a regimental commander advised his troops with the warning that anyone who held back would be shot. The only answer was a general groaning, swelling into derisive laughter, upon which the commander rode away.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY WAVY.

25 Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you con not find a single tract of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle or scraggy, just moisten a cloth with Danderine and carefully draw it through the hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

In the Cathedral at Rhrims

Its wondrous organ is now dead, but if you ever listened to that famous instrument, you have felt its very wizardry—thunderous, overwhelming billows of sound dying away to the merest echo, then swelling again in a glorious wave of music.

You have marveled at this absolute perfection of tone control in every great organ you have heard.

While volume of sound is determined by the number and character of pipes employed yet the secret of the delicate gradations of tone lies in the swell-box—in shutters that open and close at the player's will.

Only the Columbia Grafonola is equipped with this same device for tone control. Shutters that open and close and make it possible for you to play the world's great music with the depth of expression that it deserves.

It is in these perfections of tone—the very heart of music—that this masterful instrument stands supreme; tone is the heart of your Columbia Grafonola.

Look for the "music note" trade mark—the mark of a genuine Columbia Grafonola

The Wisdom of Having Two Pairs of Glasses

When you think how much depends on that one pair of Glasses of yours, doesn't it seem rather foolish to have only one pair? Remember what a loss you are at if you have to do without your Glasses for a week or so . : : : accidents will happen. Doesn't it sound plain commonsense for you to possess two pairs of Glasses, so that when the accident does come you are not so horribly inconvenienced by the delay for repairs; and after all the cost of security in the extra pair is very little. GERMANS MOVE IN THE BALTIC

German Troops Landed on Oesel and Dage Islands at the Mouth of Gulf of Riga—May Pressage Advance on Petrograd.

Germany's most striking military move since the attack which resulted in the capture of Riga was started Friday on this same Russian front when German troops were landed on Oesel and Dage Islands, at the mouth of the Gulf of Riga.

Heavy units of the main German battle fleet were brought up to assist in this operation, some of the dreadnoughts appearing off the coast and covering a landing with their guns, silencing the Russian shore batteries. Russian forces hampered the process in every way possible, but considerable numbers of Germans appear to have obtained a footing on the northwestern coast of Oesel Island and on the southern shores of Dage Island. On Oesel Island, where the Russians have extensive aviation bases and other military establishments, the garrison engaged the invaders.

Petrograd alludes to the German movement as a stubborn effort to clear the entrance of the Gulf of Riga, near the Courland mainland. Whether it is much more than this, possibly the forerunner of an ambitious push for Petrograd along the railway line up the Gulf of Finland coast can hardly be determined by the moves made so far.

The imminence of an early Russian winter season, lends color to the assumption that even if the German high command is taking these steps as preliminary to a march on Petrograd, it will hardly essay the campaign this year. It is pointed out, however, that the demoralized state of the Russian army might make the operation a comparatively short and easy one now in comparison with the task the German army headed for Petrograd would have to face next spring, if the Russian government plans for the regeneration of the army are carried through. The more conservatve view seems to be that the German effort is aimed at gaining complete control of the Gulf of Riga, so as to release to the full the advantage gained last month by the capture of the city of Riga. In any event, however, the move marks a notable continuation of a German northward creep along the Baltic coast. This has given them first all of Courland, then a slice of Livonia, and now has planted them in an advantageous position off the coast of Esthenia, where they will constitute a constant threat to the right flank of the whole Russian front now some what loosely anchored on the shores of the Gulf of Riga, some distance to the southwest.

Heavy rains in Flanders has turned the plains into such a sea of mud that neither of the hostile armies seem able to move. Whether the weather and condition of ground were the sole reasons which impelled the Germans to refrain from meeting the British advance with speedy counter attacks, however, is considered doubtful in view of many corroborative reports of the lawered state of the German army morale.

Field Marshal Haig, in any event, was left on the night of his advance, in undisputed possession of valuable ground won, which the German statements admit was three quarters of a mile in depth at points.

PTE. FIELDING HAS BEEN INVALIDED HOME

Private Richard Fielding returned to Nanaimo last night being invalided home owing to illness. He enlisted with a Forestry Battalion and was only in France a week when illness necessitated his entering a Birmingham hospital for treatment. After a four months' stay in Birmingham, Pte. Fielding was sufficiently recovered to enable him to leave for home. He is in Nanaimo on a short leave after which he will enter a soldiers' hospital at Esquimalt for further treatment.

RECOMMEND AID TO SOLDIERS

Provincial Executive is Waited Upon By Deputation on Behalf of Returned Soldiers.

Victoria, Oct. 13.—Strong recommendations seeking for aid in enabling returned soldiers to rehabilitate themselves in civil life where made to the Provincial Executive today by a deputation representing the Great War Veterans of the Province. H. V. Hart, Vice Prest. of the provincial Branch, urged land and financial and practically assistance should be given to those returned men who decided to take up agriculture. He advocated suitable areas selected by agricultural experts and adjacent to transportation. Small blocks of land were suggested for disabled men who sought to supplement their pensions by farming. Land should be free of cost, smaller blocks entirely cleared and ten acres each of larger blocks prepared for cultivation. The Government also should erect the necessary buildings for store, hall, school, creamery etc. In addition long term loans of $2,500 should be given to each man at the lowest possible rate of interest for building, fencing, purchasing stock and implements.

"Eastern Theatre Oct. 12—The artillery fighting was quite spirited at the Cerna bend. There was less activity on other parts of the front.

DUCK HUNTING SEASON COMES IN TOMORROW

With the advent of Monday, October 15, duck hunting will be ushered into the category available for Vancouver Island sportsmen. Ducks have been in season for some weeks throughout parts of the mainland, including Vancouver district and the Delta of the Fraser, but Monday next is the first day on which it will be lawful to shoot waterfowl in and about Vancouver Island courses. In addition to ducks will be included geese (except brant), sandpiper, snipe, plover, curlew, sandhill crane, rail and coot. The season will extend from October 15 to February 28, both dates inclusive.

Mr. F. A. Hanna, manager of the local branch of the Merchants Bank paid a business visit to Vancouver yesterday.

BRITISH PUSHED SLIGHTLY FORWARD

Despite Weather Conditions Further Progress Was Recorded Yesterday by British Forces South of Passchendaele Village.

British Front in France and Belgium, Oct. 13.—British troops south of Passchendaele village, during the night pushed forward slightly in advance of the line they reached in yesterday's offensive, but over the major portion of a six-mile battle-front there was little change in the situation. Morasses that in places were impassable and at all points almost impossible to push through, were holding operations in an iron grip.

Over a large part of the front the British this morning were holding a line that represented appreciable gains in territory. At a few points a check because of the weather had to be acknowledged, and the attacking troops fell back to positions they had left.

The counter attacks were attempted by the Germans yesterday, and were dealt with quickly by the artillery. One was in the neighborhood of the Broedseinde-Passchendaele highway, and the other started from positions east and southwest of the village of Passchendaele. Neither counter attacking force appears even to have reached its objective before it was smashed.

The night was fairly quiet as far as infantry action was concerned.

SIR JOHN SIMON IS BRITISH OFFICER NOW

SEATTLE STRIKE MAY SOON END

Seattle, Oct. 13.—Definite steps towards settling Seattle's steel shipyard strike were made today when it was announced thirteen of the fourteen striking metal trades unions will vote before Monday to determine if they will return to work under conditions existing before the strike and leave their wage demands in the hands of the Federal Adjustment Board now sitting here. Members of the Board, whose efforts resulted in submission of the question of a temporary settlement to the Union members, said they hoped the men would accept the proposal.

NEW YORK HAS ANOTHER BLAZE

Fire Which Caused Property Loss of Over Million Dollars, Believed to be of Incendiary Origin.

New York, Oct. 13.—Reports of incendiarism in connection with the disastrous waterfront fire which destroyed an elevator and nearly 700,000 bushels of grain in Brooklyn today, were revived tonight when Fire Chief Kenten issued a statement saying the cause of the blaze would be rigidly investigated. The property loss was estimated at more than $1,200,000.

"There have been fifty-six waterfront fires in New York City lately and it is improbable all resulted from natural causes," Chief Kenten said.

BRITISH SUCCESS IN EAST AFRICA

London, Oct. 13.—Occupation by British troops of an important junction point flanking the German line of retreat in German East Africa, was announced in an official report today on the operations in that area. The report reads:

"In the Mbemkuru Valley area on Thursday our right column, advancing from Kilwa, having moved southwest up the valley to Mlemba, and thence southeast, occupied Ruponda, an important junction of the tracks at the northwestern end of the Muera Plateau and on the flank of the line of retreat of the enemy's main body, whose rearguard is being pressed by British troops moving south from Nahungo. The rapidity of our advance apparently surprised the enemy, who was making for Ruponda.

"In the western area a strong enemy detachment was dislodged from positions overlooking the Luwegu River drift near Opoindas, 253 miles south of Mahong, and it has retired six miles in a northeasterly direction."

PEOPLE OF FINLAND ARE NEAR TO FAMINE

Stockholm, Oct. 11.—"People in many sections of Finland are eating bread made of rye flour and pine bark in equal parts," said Dr. Chas. Ignatius, of Helsingfors, today.

"Bread rations per capita are only five ounces daily, and if the inadequate amount is to be maintained it will be necessary to import flour and cereals with a few weeks."

Dr. Ignatius is on his way to New York as a representative of the Finnish Government. He hopes to obtain a license for shipment of 60,000tons of flour already purchased. He declared that if help cannot be obtained from the United States it will mean actual starvation for many thousands, and as much suffering for Finland as for Belgium and Poland.

PTE. JOHN M. REID WAS KILLED IN ACTION

Private John M. Reid, former steward of the S.S. Princess Patricia, was killed in action on August 21st last. Word to the above effect has been received by Captain Gilchrist, of the "Pat," from Miss A. M. Reid, a sister of the deceased residing in Edinburgh, Scotland.

Pte. Reid enlisted with the 47th Battalion on July 4, 1915. For some two years prior to that time he was connected with the Patricia and had made many friends during his sojourn in this city, who will learn of dis death with the deepest regret.

FIRST AID MEN HELD BANQUET

Prizes Won by Nanaimo Teams in First Aid and Draeger Competitions at Ladysmith, Were Presented to Winners

The members of the local Draeger and First Aid Ambulance teams, which participated in the competitions held at Ladysmith two weeks ago, held a social time last night in the Oddfellows' Hall, the banquet being made the occasion of the presentation of the trophies won by the local teams at the Field Day held at Ladysmith under the auspices of the Vancouver Island Mine Safety Association.

The Coulson Cup, in First Aid, was presented by Mr. J. Dixon, to No. 1 team; medals emblematic of second honors in the First Aid competition for the B. C. Mines Cup, were presented to the members of the Reserve Mine team and the second prize in the Draeger demonstration was presented to the team of No. 1 mine.

The winners of the Coulson Cup handed over the custody of the same to Mr. George Yarrow, in appreciation of the unwavering and faithful support Mr. Yarrow always gave the boys.

The management of the W. F. Co. and the local mine inspectors were the guests of the evening, during the course of which Mr. John Hunt, promised on behalf of the company that tangible support could be relied upon from the company provided the members of the several teams continued interested in First Aid and Draeger work.

Mr. F. Johns made an efficient chairman, and during the evening a splendid program was rendered, among those taking part being Messrs. J. Mason, J. W. Jemson, D. Brown, W. Blinkhorn, J. McGuckie, S. Mottishaw T. Smith and W. Fulton.

A carload of apples was recently sold at Penticton for $1.85 a box.

MINE FATALITIES SHOW INCREASE

For the first nine months of the present year fatalities in and about the mines of the Province numbered 57, compared with 39 in the same period last year, according to the third quarterly statemnt just issued by Chief Mine Inspector George Wilkinson. Deaths in the coal mines were 43, compared with 25 last year, and in the metal mines 14, compared with a like number in the nine months of 1916.

Deaths in and about the coal mines were greatest in the month of April, when they numbered 34, due to the accidents in the Coal Creek colliery of the Crow's Pass Coal Co. At the Canadian Collieries (Dunsmuir) Ltd., Cumberland, eight deaths were reported and one at the Michel colliery of the Crow's Nest Pass Coal Company.

Classified according to cause record of fatalities for the year in coal mines were as follows: By falls of roof and rock, 2; by mine cars and haulage, 2; by electricity, 1; by explosion of gas, 38.

UNION GOVERNMENT WILL SWEEP WEST

Ottawa, Oct. 13.—"A Win-the-War Union Government will sweep the West."

The foregoing remark was made today by Major (Rev.) Charles W. Gordon (Ralph Connor) who is in the capital for a few days during which he is likely to address one or more public meetings.

Major Gordon said he was amazed, on his return to observe the manner in which politics—rather than the war—seemed to be uppermost in the minds of many of whom he had expected more. He was greatly pleased to see that this attitude was apparently changing and also to find, through coming in touch with the audiences he has addressed throughout the Dominion that the mass of boys at the front in their determination to see it through to a successful finish.

VISCOUNT GREY WILL VISIT THIS CONTINENT

London, Oct. 13.—The London Globe says it is understood that Viscount Grey, former Secretary of State for Foreign Affairs, will visit America.

VON TIRPITZ IS VERY BOMBASTIC

Former Head of German Navy Believes Germany's Submarine Campaign Will Result in the Defeat of The Allies.

Amsterdam, Oct. 13.—Admiral von Tirpitz, former minister of the German Imperial Navy, interviewed by the Brunswick Landes Zeitung is quoted as saying:

"We can continue to confidently expect final triumph over England as long as we continue to sink vessels faster than she can construct them. Submarine war success cannot be expected immediately, however, but if we pursue our aim firmly, we shall find after some months that our position for negotiations with England will be quite different.

"England desires negotiations now while her position is comparatively favorable. The decisive factors are shipping losses suffered by the Entente and by neutrals who expose themselves to our U-boat war.

"No definite time can be fixed for our success. Economically, and as regards raw materials our position today is stronger than that of France or Italy. How far England will be able to make her supplies last cannot be predicted.

"But the decisive factor is that we supply four-fifths of our economic needs from our own products; England has to fetch four-fifths of hers from overseas.

"We are now at the fateful hour of our existence. Germany cannot maintain her position as a world power against England unless her position is founded on might."

CHICAGO WON A WEIRD GAME

Comiskey Park, Chicago, Oct. 13.—In one of the stormiest games played in a world's series, the Chicago White Sox came from behind today when defeat stared them in the face and beat the New York Giants by a score of 8 to 5. The champions of the National League got away to a flying start and hammered Reb Russell out of the box and then falling upon Cicotte, who relieved him. The Sox used four pitchers during the game.

Sallee, the Giants hurler, held the Chicagos well in hand until the seventh inning and from then on they batted him to all parts of the field. Both teams fielded wretchedly at times.

Just how the Sox upset the Giants when things looked rosy for the National Leaguers can be discerned in the following box score:

RAIN CONTINUES IN FLANDERS

Mud Through Which the British Have Been Travelling in Advances Made Deeper by Continual Downpour of Rain

London, Oct. 13.—On the Flanders front the heavy rain which stopped Field-Marshal Haig's drive before all his objectives had been attained was continuing today, increasing the depth of the sticky mud through which the British have been struggling in their advances. The mud evidently is hampering the Germans equally, for they failed to deliver a counter-attack during the night.

On the French front the chief activities have been in the Aisne region The German Crown Prince made several attacks last night on French positions on this front. He was met with effective resistance by General Petain's forces, however, and all the assaults were repulsed.

The text of Field-Marshal Haig's report to-day follows:

"There was a heavy rain throughout the night, which still was continuing. No counter-attacks by the enemy have deloveloped thus far on the battlefront. On the rest of our front there is nothing to report."

French Report

Paris Oct. 13.—The War Office here reported this afternoon:

"On the front north of the Aisne River German troops during the night delivered several attacks against our positions in the sector between Hurtebise and Chevreux. Notwithstanding the violence of his efforts the enemy was able only to gain a footing momentarily in our advanced line at one point. West of the Hurtebise monument and south of La Royere we dispersed German detachments whics were attempting to approach our lines.

"On the right bank of the Meuse River (Verdun front) there was heavy artillery fighting in the region of Chaume Wood.

"There is nothing to report from the remainder of the front."

German Statement

Berlin, Oct. 13.—The British gain in Flanders yesterday amounted altogether to about one and one-fifth kilometres at two points, where the German lines were broken into, the War Office here announces. The British are said to have suffered heavy losses.

A meeting of the Bastion Chapter I. O. D. E. will be held at the headquarters on Monday at 8 p.m.

MILITARY SERVICE ACT

The Military Service Bill passed at the recent session of Parliament went into effect yesterday by proclamation. The full text of the proclamation was published in the Herald and no doubt all our readers will make themselves familiar with the provisions of the act. The call has gone out to the first class of recruits designated by the measure and it is the duty of the men so called to report at once. Not all the men who report will be taken. They will be chosen according to the selective draft principle and there are special provisions for those seeking exemption. The chief point at present is that the act has been brought into force and it is now up to the citizens of Canada to govern themselves accordingly.

We do not apprehend that the enforcement of the new law will cause any serious trouble. Of course there is objection to it in certain quarters, but if the firebrands are silenced and the necessity for the measure is put plainly and simply before the people there will be little trouble, even in Quebec. The big majority of the Canadian people realise that security of the Dominion can only be ensured through the defeat of Germany and her allies. For this reason alone we are bound to see the war through, and to put all our available strength into the struggle. There has been a heap of nonsensical objection to the principle of compulsory military service. After all apart altogether from the question of necessity it is the only fair system by which a nation can carry on such a war as Canada is now engaged in. It is based upon the equality of obligation devolving from citizenship in a free and democratic country, and it ensures that one and all take the same chance in the service of the country. Moreover, besides being eminently fairer than the voluntary system, it is vastly more economical. The recruits are chosen for service with due regard to the social and industrial interests of the country, and there is no financial nor economical waste. On principle therefore there can be very little sincere opposition to the bill and in the face of recent figures concerning recruiting here and Canadian losses in France no one can honestly deny its necessity. We have the fullest confidence that the new measure will be fairly and impartially administered and that the men required will be quickly and smoothly enrolled.

HEALTHIEST ONE IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

HATTIE WARREN

Port Robinson, Ont., July 8th, 1915.

"We have used "Fruit-a-tives" in our house for over three years and have always found them a good medicine. *Our little girl, Hattie, was troubled with Kidney Disease.* The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try "Fruit-a-tives". *She began to show improvement after we had given her a few tablets.* In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the *healthiest one in the family* and has no signs of the old ailment. We can not say too much for "Fruit-a-tives" and would never be without them".

WILLIAM WARREN.

BELATED RESOLUTIONS

The Liberal Association of Vancouver and District, has gone on record as stoutly supporting Laurier and everlastingly opposed to union government. They will support no government which numbers in its members Sir Robert Borden and Sir Thomas White, no matter what the rest of its personnel may be. This means of course that the Liberal Association of Vancouver and District, is opposed to Calder, Ballantyne, Guthrie, Crear, Rowell, Sifton and even fighting Carvell. It will stay with Laurier and Quebec. Well it is easy for such a well-oiled machine as that owned by the Liberals of Vancouver to get such resolutions as this through. The question of the worth and value of such resolutions still remains. It is a fairly safe assumption that this policy will not receive the support of twenty per cent. of the Liberals in Vancouver. Union Government is now a fact, and it will be supported in Vancouver in spite of anything machine politicians of either label may say or do.

MISS DOROTHY BURNS WINS AQUATIC FAME

Los Angeles, Oct. 13.—Miss Dorothy Burns, of the Los Angeles Athletic Club, splashed her way to aquatic fame in the club plunge by taking the number of Miss Claire Gilligan, of New York, in the 100-yard dash. Miss Burns got off to a better start than the visiting mermaid and made the tape a scant two yards in the lead. The record was not jeopardized.

A classy card was offered the several hundred spectators in addition to the regular events. Miss Aileen Allen, the national diving champion, appeared in exhibition, and Vance Vieth demonstrated the various varieties of strokes. Little Cameron Coffee won applause by his high diving stunts.

ASKED TO RESIGN

Petrograd, Oct. 13.—The central committee of the Petrograd Council of Workmen and Soldiers has requested M. Nikitin to resign his membership in the new Government on the ground that it fails to reflect the ideals of the Workmen's and Soldiers' organization. M Nikitin was a member of the council of five and in the present Cabinet is Minister of the Interior.

SHIPPING COMPANIES MAKE HUGE FORTUNES

It has been a matter of much interest for some considerable time past the way the Japanese have taken hold of the shipping and shipbuilding situation to place themselves in a position of supremacy of the Pacific Ovean. Not only have the Japanese concerns large fleets of vessels plying in the transpacific trade, but advantage has been taken of the opportunity arising out of the war to extend the trade routes to various parts of the world to such an extent that there is sure to be keen competition with European lines after hostilities have ceased.

A striking example of the Japanese fortunes made in the war shipping business is found in the recent decision of the Chupetsu Steamship Company to declare a dividend of 2,000 per cent. One of the steamers of this company was recently sunk by the Germans off the Spanish coast. Thereupon the officials decided rather than run further risks, to take advantage of the high price and dispose of its remaining fleet. At liquidation, each share holder who had originally paid but $2.50 for one share of stock, received $500 per share.

A number of other Japanese shipowners, preferring to profit by the present extraordinary demand, are selling their steamers and placing their capital in some other business. One of Kobe's new shipping millionaires reetnly sold a few steamers at a profit of nearly $3,000,000

For Your Sons and My Sons

The noble work of the British Red Cross knows neither race, creed nor colour. Its "Quality of Mercy" is not strained.

But its financial burden has become more than the Motherland alone can bear. That is why October 18th has been set aside as a day to receive generous offerings to enable the British Red Cross to "carry on."

Sons and Daughters of the Empire, wherever they may be, are once again urged to give generously to this cause.

And it is most earnestly hoped that, as was the case last year, the contributions from Canada will set a standard in generosity that will be a pattern to the World.

Give Nobly and Generously on "Our Day", October 18

A Few Facts about the Work of the British Red Cross

The British Red Cross Society is the only institution which carries voluntary aid to the Sick and Wounded of the British forces on land and sea in every region of the War.

Its work is therefore the concern of all classes of British subjects, whether living in the British Isles, in the Dominions and Colonies beyond the seas, or in foreign countries.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant relief! Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach—which portion of the food did the damage — do you? Well, don't bother. If your stomach is in revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; beleh gases and acids and eructate undigested food; breath foul tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A ltle Diapepsin occasionally keeps this delicate organ regulated and they eeat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your fool is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

VOLUME XVII. NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, TUESDAY, OCT. 16, 1917. NUMBER 192.

THE SITUATION ON VARIOUS FRONTS

Germans Show Considerable Activity in Battle Against Russians—Big Guns Roar in Flanders—Big Battle Imminent on Julian Front.

The German forces which landed on the Island of Oesel at the head of the Gulf of Riga, captured Arensburg, capital of the island, and are still pursuing the Russians at various points. Aiding operations as far as possible are German cruisers and torpedo boats, which have shelled the coast batteries and towns. Attempts by the German fleet to enter the Gulf of Riga or to operate in waters between Oesel and Dago Island, however, are meeting with resistence from the Russian land batteries and Russian naval units in the latter region. The Germans declined to accept battle and retired in the face of the Russian warships. As yet no attempts have been made by the Germans to effect a landing on the coast of Esthonia or penetrate the Gulf of Finland waters, which are heavily mined and will require intensive mine sweeping operations before a naval demonstration could be made against the important port of Reval.

In Flanders no military operations on a large scale have been attempted, but big guns are carrying out a reciprocal bombardment of great violence. British troops have carried out several raids in which severe casualties were inflicted on the Germans and prisoners and machine guns were taken. After a lapse of two days a heavy artillery duel has been resumed between the French and Germans on the Verdun front, especially to the north of the famous Hill 344.

Preparations apparently are being made along the Julian front of the Austro-Italian theatre for another big battle. In the Brestovizza Valley, and on several other sectors, artillery of both sides is engaged in heavy fighting and there also been sharp reconnoitreing encounters.

The Entente Allies in Macedonia are keeping up their harrassing tactics against positions held by Teutonic allies, daily throwing heavy bombardments against them or launching infantry attacks of considerable proportions.

The British mercantile cruiser Champagne has been torpedoed and sunk by an enemy submarine with the loss of five officers and 51 men. The British mine sweeping sloop Begonia is overdue and is believed to have been lost with the entire crew.

Camp McKinney should be a live one next year.

MUNICIPAL VOTERS' LIST 1918.

All persons, whether male or female, desiring to qualify as voters at the Municipal Election to be held in January next, either as:

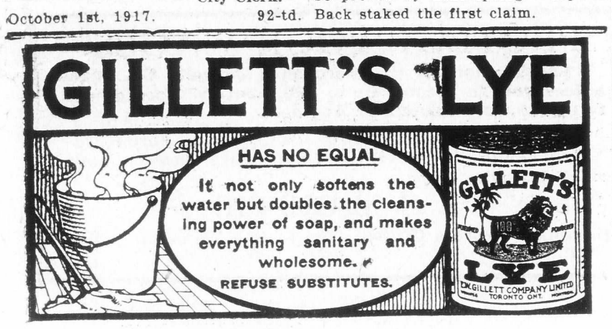
(1) Assessed owners of property held under agreement to purchase.

(2) Authorized representatives of Corporations.

(3) Householders, or

(4) Licensees

may obtain the necessary forms for that purpose at the office of the City Assessor at the City Hall who is authorized to take the necesary declarations in that behalf.



The time within such assessed owners (agreement holders) or representatives of Corporation may qualify as voters, expires on November 30th, 1917, at five o'clock p. m.

Declarations of Householders and Licensees must be delivered to the undersigned before five o'clock p.m. on the last day of October, 1917, and no such declaration will be accepted unless so delivered within two days after it is made.

The office of the City Assessor will be kept open in the evenings between the hours of seven and nine o'clock from October 24th, to October 31st, inclusive, for the convenience of persons desiring to register.

ARTILLERY POUNDS GERMAN LINES

Haig's Artillery is Pounding German Positions on the Flanders Front from Superior Positions. . .

London, Oct. 15.—Heavy artillery actions are again in progress on the Flanders front. Field Marshal Haig today reported a strong bombardment of the new British positions on the main Passchendaele-Gheluvelt ridge, south of Broodseinde. In the light of previous experience this may be viewed as indicating German counter-battery work against the intensive British artillery fire in progress preparatory to another push.

The British artillery now has superior positions from which to work, as there must by this time have been ample opportunity for the heavy guns to be put in position on the dominating high ground taken in the recent advances. It thus seems probable that Field Marshal Haig will not delay his next stroke beyond the time when these guns have had an opportunity to break up such concrete construction as the Germans have been able to build in what they describe as the "defensive zone."

The weather however, is a decidedly important element in this consideration, as the continuation of hard storms not only keeps the ground in a state well-nigh prohibitive of co-ordinated infantry advances, but interferes seriously with the vital aerial observation work.

The text of Field Marshal Haig's report follows:

"Our positions on the main ridge south of Broodseinde were heavily shelled during the night by the enemy. No infantry action has taken place.

"In a successful raid carried out by us yesterday afternoon southeast of Monchy-le-Preux, East County, our troops captured 36 prisoners and two machine guns. Two hundred Germans were killed by the infantry and seven of the enemy's dugouts were destroyed with explosives.

"Another successful raid was carried out by South Midland territorials last night northeast of Roeux. A number of the enemy were killed, his dugouts destroyed and 12 prisoners were taken."

Ray Case, who has signed up with the mechanical department of the Flying Corps, is over from Vancouver, to spend a few days at his home before leaving for the East.

A dance will be held in the Nanaimo Bay School Nicol street, on Oct. 19th in aid of a worthy cause. Admission: Gentlemen 50 cents; ladies 25c. Refreshmeents will be served. 3t

U. S. TROOPS FOR BALKANS

Senator King Urges American Government to Declare War Upon Austria, Bulgaria and Turkey.

Washington, Oct. 15.—The dispatch of American troops to Saloniki to assist in the big drive in the Balkans, was urged upon President Wilson by Senator King of Utah today. The Senator also advocated a declaration of war against Austria-Hungary. Turkey and Bulgaria and proposed that definite promises of militia co-operation should be obtained from the Japanese mission now here.

The Mastadon mine, 20 miles north of Revelstoke will operate this winter with a crew of 15 men. The new trail from the Columbia river to the mines was completed this week. Ore will be shipped this winter over a snow road.

Not far from Selkirk in the Yukon, many placer claims have been staked this summer on Seymour and Kitchener creeks. The diggings will be proved by next spring. Captain Back staked the first claim.

PREPARING FOR ANOTHER DRIVE

Artillery Activity Violent in Region of Plateau Between Ailles and Craonne — Two Captive German Balloons Brought Down.

Paris, Oct. 15.—The announcement by the War Office tonight is as follows.

"In the region of Plateau between Ailles and Craonne, artillery activity was violent during the day. Patrol encounters took place in the Champagne region west of Auberive. There was an intermittent cannonade on the rest of the front.

"Two German captive balloons were brought down today, one by our special guns and one by aviators.

"Eastern theatre, Oct. 14.—Artillery was only moderately active along the whole front. In the course of a successful raid on Homodes, six kilos west of Seres, the British troops captured 110 prisoners and two machine guns."

Paris, Oct. 15.—The official statement from Belgium headquarters tonight says:

"Yesterday one of our patrols carried out a reconnoitreing expedition against an enemy organization north of Dixmude There were bombardments at various points along our front. Our artillery shelled enemy installations in the neighborhood of Handzame canal.

"Today there was great artillery activity and violent bomb fighting before Dixmude during the whole morning. The Germans launched several thousand projectiles of all calibres and numerous aerial torpedoes against our lines. Our artillery replied very energetically in cooperation with our trench guns, which only ceased action after having silenced the enemy artillery and bomb throwers early in the afternoon."

LAURIER ARRANGES TWO CONFERENCES

Ottawa, Oct. 15.—The following statement has been authorized:

"Sir Wilfrid Laurier has lost no time in rallying the forces of Liberalism to meet the conditions created by the formation of the new Borden Government.

"The Liberal leader has arranged to hold two conferences with the Liberal candidates in Ontario and the representatives of the county Liberal Associations. The first of these conferences will be held in Ottawa on Friday next, October 19 and will be attended by candidates and representatives of the counties east of Kingston. The second conference for Western Ontario will be held the following week at a place to be decided on later."

Alberta Government

Edmonton, Oct. 15.—Hon. Charles Stewart, Minister of Public Works in the Alberta Government, who was invited by Lieut-Governor Brett to form a new cabinet as Premier in the place of Hon. A. L. Sifton, who has resigned to enter the new Union Government at Ottawa as Minister of Customs has accepted. It is understood that all the present members of the Cabinet will be reappointed. The vacant portfolio of Minister of Railways and Telephones, previously held by Premier Sifton, has been offered A. G. Mackay, M.P.P. for Athabasca, but it is understood that he does not care to accept.

Mr. Stewart the new Premier, entered the Government as Minister of Municipalities and then became Minister of Public Works. His home is in Killam, where he has a large and successful farm.

Passengers from Vancouver last evening on the "Pat" included J. F. Wilcox, W. Morris, A. Menzies, Mr. and Mrs. George Walker, W. H. Wall and Mr. and Mrs. T. Harris.

Mrs. David Reid of Victora who came over to Gabriola Island to attend the wedding of Miss M. Reid, last week returned home yesterday by the afternoon train.

From 1894 to 1916, inclusive, the mines in the Trail Creek Mining division have produced minerals valued at over $70,000,000. Practically all of this was produced at the mines in Rossland.

IS CAUGHT IN DRAFT

Leo Dressen will be tried out by the Detroit Tigers on first base. Leo has a fair chance of keeping his job next year. George Burns will soon go to war and somebody must look after first. Leo looks like a likely sort. Frank Navin must think so, for stories coming from St. Paul say that the Detroit owner paid $7,000 for the player. Dressen is a .300 hitter and besides that he led the American Association in base stealing.

HUN RAIDING PARTY REPULSED

Hostile Force is Defeated by British East of Shrewsbury Forest — German Artillery Active in Neighborhood of Lens.

London, Oct. 15.—The British official communication this evening says:

"A hostile raiding party was repulsed last night east of the Shrewsbury Forest. On the battle front activity of our own and enemy artillery continues. Hostile artillery also has shown more activity during the day in the neighborhood of Lens and in the Nieuport sector.

"Aviation—Yesterday there was a slight improvement in the weather, and artillery work and photographic work were carried out by our aeroplanes. One and one-half tons of bombs were dropped on the Ledgehem railway station and hostile billets east of Lens.

"In air fighting three German airplanes were brought down and one driven down out of control. Two of our machines are missing."

The official statement on operations around Saloniki, issued today reads:

"On the Struma front yesterday Scottish troops very successfully raided Homondos village, near Seres. After a sharp fight 143 prisoners and three machine guns were captured. Our losses were light."

CALLED OLD MEN TO COLORS

Copenhagen Oct. 15.—Germany has extended her military service to men 47 years old and is calling up those who heretofore have escaped service on account of military unfitness. The army included a large number above the legal limit of 45 years on the ground that although nobody above the age could be mobilized, yet no requirement existed for the discharge of a soldier reaching that age.

LOCAL COUNCIL MAY CO-OPERATE

Victoria City Council Will Ask Nanaimo Council to Co-operate in Fixing Retail Price of Potatoes.

Victoria, Oct. 15.—The Victoria City Council tonight decided to ask the co-operation of the Vancouver-New Westminster and Nanaimo Councils in fixing the retail price of potatoes at $1.50 per hundred pound sack. Mayor Todd submitted newspaper articles showing a great overproduction this year of potatoes in Canada, the United States and England. He said that if a reasonable price were fixed people would eat more potatoes and thus relieve the wheat shortage.

During the year ending June 30, the Granby made gross sales of metals amounting to $11,975,430. The company produced 41,878,568 pounds of copper, which was sold at an average price of 27.4 cents. Costs rose rapidly, being 11.5 cents a pound for one mine, against 10.09 the year before and 20.08 cents at the other property, compared with 14.25 cents in 1916.

MURDERED BY GERMAN SUBS

Steamer Medie is Torpedoed with Loss of Fifty Lives — Italian Steamer Bari Sunk With Heavy Loss of Life.

London, Oct. 15.—Two hundred and fifty lives were lost when the steamer Medie was torpedoed September 23 in the western Mediterranean, says a Reuter dispatch from Paris. The explosion of the torpedo detonated munitions in the ship's cargo. There were more than 500 passengers on the boat, including soldiers and prisoners of war.

The Medie was a French vessel of 4470 tons. She was built in 1912, and her home port was Marseilles.

Athens, Oct. 15—A painful impression has been caused here by the torpedoing of the Italian steamer Bari, on which were a number of Greek officials from Turkey whose names do not appear on the list of fifty survivors who were landed at Corfu. One hundred and twenty are said to have landed on Gallipoli peninsula. According to advices reaching here, lifeboats of the Bari were sung by Germans who torpedoed the steamer.

London, Oct. 15.—The Times announces the death of both Claud Arthur Askew and Alice, his wife, novelists and dramatists. Major Askew was attached to the Serbian army. Both were drowned in the Mediterranean as the result of an enemy submarine attack while going to Corfu.

BATTLING ON JULIAN FRONT

Rome, Oct. 15.—Heavy fighting took place yesterday along nearly the whole Julian front, the Italians withstanding violent local attacks by the Austrians, launched after an extensive artillery preparation, the War Office announced today. Sharp reconnoitring encounters occurred at various points in some of which prisoners were taken by the Italians.

WHY RESERVES ARE NEEDED

Ottawa, Oct. 15.—Ever since the Military Service Act has been brought forward, individuals have been asking how is it that, with over 100,000 Canadian soldiers in England, reserves must be raised at home. The educational campaign now being conducted by the Military Service Council, a non-partisan body, is clearing this matter up.

It is pointed out that the Canadian Generals at the front would not come to Canada for reserves if there were in England sufficient Canadian troops to meet the needs at the front. What makes the call in Canada imperative is the fact that only a limited number of the Canadian troops in England are available for service in the field.

The Canadian troops in the Old Country include sick and wounded in large number, men held in reserve for many services required behind the lines, men engaged in transportation, storage, headquarters, pay, and others units required to keep up the Canadian organization in England, and other necessary work. Besdies, only men in the finest physical condition can be taken to reinforce the units at the front and of those in England only a limited number are available at any one time when the call comes.

A compressor and air drills will soon be put in the Donohoe mines, near Merritt.

GERMAN FLEET DECLINED BATTLE

Russian Flotilla Compelled Retirement of Enemy Squadron Near Moonsund—Arensberg in German Hands.

Petrograd, Oct. 15.—The official statement issued tonight says:

"After reports of Saturday Arensburg was occupied by the enemy at seven p.m., and advanced detachments were observed the day before from four to six miles from the city.

"Enemy naval and air forces are energetically supporting their land operations and are attacking the north and south of the Island.

"A squadron of enemy cruisers, torpedo boats and trawlers attempted to force an entrance to Irbec channel, but its further movements into the Gulf of Riga are covered by our long range artillery from the Island of Oesel.

"The northern group of enemy warships dispatched a squadron of torpedo boats between the Islands of Oesel and Dago, which pressed back our patrol boats in the direction of Moonsund. Our naval forces reinforcing patrol boats accepted battle and the enemy retired.

"A third group of enemy warships consisting of cruisers and torpedo boats appeared after noon on the southeastern coasts of the Island of Oesel and bombarded an unprotected part of the coast."

CHICAGO WON THE DECIDING GAME

Polo Grounds, New York, Oct. 15.—The Chicago American League pennant Winners marched triumphantly off today with the world's series championship tournament by defeating the New York Giants. "Red" Faber pitched a superb game for his Chicago mates. A crowd of 33,000 townspeople saw the Giants blow up in the fourth inning, whereupon the enthusiasm grew wild. This with a couple of sharp hits, put the Sox in the lead and they were never headed. The Giants cornered their two runs on a couple of passes and a three-ply punch by Herzog. The following official score will tell how the Sox put the rollers under the National League champions:

WATER SUPPLY TO OUTSIDERS

Ald. Coburn Enters Obection to Any Extension of Water Service Outside City Limits When Citizens are Experiencing Shortage of Necessary Liquid.

At last night's meeting of the City Council Ald. Coburn registered a strong protest against any increase in the number of consumers of water outside the city limits at a time when local consumers were experiencing a shortage of the necessary liquid.

The question was brought up upon the reading of the weekly report of the water works manager, which showed an expenditure for a tapping of the water main on Stewart Ave.

In asking for an explanation Ald. Coburn stated he believed the tapping was not in the city limits, and he would like to know if tappings were indiscriminately made without the sanction of the Council.

As chairman of the Water Works Committee, Ald. Forrester stated he knew no more about the incident than the report stated, but he had no doubt the work was done in the regular way, which was upon the usual application form.

Ald. Coburn remarked there should be some system whereby the indiscriminate use of water should be stopped. If the city had plenty of water he would have nothing to say, but today there was a shortage and he objected to outsiders being provided at a time when the citizens who had to pay the city's bill had to go short, and in addition, the size of the tapping complained of lead him to believe the same was for commercial purposes.

His Worship Mayor McKenzie stated his understanding of the regulations to be that in districts or sections already supplied with mains, tappings could be made in the usual way by filing the usual application with the Water Works Manager. He could understand objection being made if new mains were being installed, but in sections already supplied he could see no grounds for objecting to an additional tapping.

A petition from residents of Gillespie street complaining of being called upon to pay for sewerage rental, was referred to the Sewerage Committee for investigation and report.

The Special Committee appointed to interview the Red Cross and Daughters of the Empire in regards to a Tag Day for the British Red Cross Fund recommended a collection in aid of the fund be taken up among the citizens on the first pay day in November, the recommendation of the Committee being adopted on motion of Ald. Coburn, seconded by Ald. Harding.

Mayor McKenzie and Ald. Harding reported on the proceedings of the recent convention of B. C. Municipalities at Duncan, their report being received and the delegates thanked for their services on motion of Ald. Coburn, seconded by Ald. Harding.

The Street Foreman reported an expenditure in wages during the past week of $87.01 and the Water Works Manager reported an expenditure of $47.23.

The Legislative Committee was given a week's further time in which to report on the application of the volunteer members of the local Fire Department, that some insurance be provided for them against accident. Ald. Morton, on behalf of the Committee, stated the question was going to be a difficult one to handle, and before any action was taken it was necessary to secure all information possible.

Ald. Harding informed the Council it had been deemed advisable to hold the tag day for the British Sailors' Relief fund on Oct. 23, instead of Oct. 20 as originally intended, and moved the resolution passed by the Council setting aside Oct. 20th as Tag Day be rescinded and Oct. 23rd substituted.

Council then adjourned.

UNION LIBERALS

The Winnipeg Telegram throws some doubt on the ability of the Liberal leaders who have joined the union government to carry the rank and file of Liberalism with them in the coming election. Other newspapers are pointing to the hold Laurier has on Quebec and painting his chances of carrying the country as brightly as possible. The trouble is that the Telegram and these other journals are still looking at the election from the old party lines. It is just as well to ask what elements and forces will cause the defeat of union candidates? First of all we are told that Quebec will go solidly against the government on the conscription issue. Even if this be true it does not alter the fact that conscription is an absolute necessity if Canada is to "carry on" in the war. What then was to be done? Quebec does contribute a serious political difficulty but surely the alternative was not for the English-speaking provinces to lay down to Quebec. Quebec may do better than the pesimists hope, but, in any case, it was not to be expected that the rest of the Dominion would submit to it in such a national emergency as Canada is now facing.

The Liberals who have entered the union government fully realized the Quebec difficulty, and they were in no hurry to part from their leader. It is all the more to their credit that they have placed country before party, and this will constitute their greatest strength in the coming election. On the other side of the line it has been laid down and generally accepted as right that there are only two classes of citizens. These are those who are for America and those who are against it. The same rule will hold good in the forthcoming Canadian elections. The men who oppose union candidates will have the support of the slackers and the seditious section of the population, and, whether they like it or not, will be lined up with Quebec in its indifference and hostility to Canada participating in the war. There should not be much doubt about the result.

CANADA'S AIR HEROES

DISFIGURED 4 YEARS!

Such was the misfortune of Mr. A. B. Whicker, of Paradise Hill, Sask. Writing to the Zam-Buk Co., he says:

"For four years I was a shocking sight—my face was simply covered with pimples and blackheads. Nothing I tried—although I used numerous remedies and blood medicines—had any effect. Finally I heard of Zam-Buk and gave it a trial. By the time I finished the first box I realized I had found a cure. I continued using Zam-Buk until the pimples and blackheads had entirely disappeared and my skin is now perfectly clear and smooth."

Zam-Buk gives just as satisfactory results in cases of eczema, scalp sores, ringworm, ulcers, boils, blood-poisoning and piles and is the best "first-aid" in cases of cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

wanting only two or three to equal the imposing score of the intrepid airman from Owen Sound. He lacks the V. C., but he has the D. S. O., and a bar to it, which we presume, means he has won it twice; and he has the M. C., and the French Cross. He is the only survivor of the squadron of eighteen which he originally joined.

High distinction has been won by Canadian aviators in the war not only in the awards received by many of them but in the places and duties assigned to their squadrons in crucial military operations. They compose practically all the squadrons of the Royal Naval Service operating on the western front, while many of them are operating in the Royal Flying Corps. Incidentally, the record number of German machines brought down in a three-month period belongs to a squadron of Canadians in the R. N. A. S., another Canadian squadron being second. Canada has good reason to be proud of her young knights of the air.

NIGHT CLASSES

The local night school classes opened last night, and it is to be hoped that they will be attended as they deserve. Mr. Hughes, who has charge of the conduct of the classes, has taken pains to secure as much publicity as possible for them. It is for the youth of the city to do the rest. These classes offer a splendid opportunity to young men to continue their education, and take up the study of technical subjects in which they are interested. Following the war will dawn the day of efficiency, and the man who has taken advantage of the opportunities offered him to improve himself will most assuredly get ahead. Wherefore it is to be hoped that the young men of Nanaimo will enrol in the night classes opening this week.

BALTIMORE'S SUIT IS DISCUSSED BY LEAGUE

New York, Oct. 15.—A National League meeting, at which the suit brought by the old Baltimore club, of the Federal League against organized baseball was discussed, was held here Thursday. The Baltimore Federals recently filed suit in the United States court in Washington, D. C. for $300,000 under the Clayton act seeking triple damages amounting to $900,000. The action was based on the club's claim that its rights had been injured under the so-called peace arrangement.

Previously the Baltimore Club similarly sued, but after two days of the trial in Philadelphia it withdrew its action "without prejudice" to its case.

BIJOU THEATRE

Carefully hidden under the thrills of "A Modern Cinderella," at the Bijou today, is a lesson for every family. Every younger sister whose hopes and longings are often crushed to give "big sister" a chance every older sister whose eagerness for advancement often becomes gross selfishness, and every mother and father whose concern for their first-born often creates a heart-breaking neglect of their younger children, should

"A Modern Cinderella" is not a breath-taking action, the phrase imsermon. It's a motion picture, and contains all the love, intrigue and happy with the few little things she plies.

Joyce is above all a carefree and mischievous girl, trying hard to be happyw ith the few little things she has. And Polly, isn't she a—well, typical big-sister; one who goes to all the hops, gets all the new clothes, and is shocked when little sister asks to go to see the pictures with Johnny!

Then there is mother who pushes her big girl forward at every opportunity, and poor, old hard-working dad, maybe a little henpecked, who shows his sympathy for the little one and tries to fight her fights without "getting in bad" with ma.

This is the picture of modern life which "A Modern Cinderella" reflects. I am sure many little sisters will feel much happier when they see that, after all, Joyce's bubbling spirit aided by her mischievousness, wins Polly's beau. I am sure also that after big sister and mother see "themselves as others see them," the baby of the family will notice such a sudden change in their manner that she will think her fairy godmother dropped in for a chat. And I bet old dad will chuckle when mother suggests that the youngster needs a new dress.

PROMOTER BUYS GUSHER

Billy McCarney, well known California fight promoter and manager of Luther McCarthy at the time of the latter's death, seems to have a fortune staring him in the face. He "brought in" a big well on one of his oil leases in Kansas City.

McCarney says he is through with the boxing game, but hopes to see it revived and believes that the concentration of so many troops will bring out a number of likely champions.

Copenhagen Chewing Tobacco

IS THE WORLD'S BEST CHEW

It is manufactured tobacco in its purest form.

It has a pleasing flavor.

It is tobacco scientifically prepared for man's use.

SEEMS EVERYONE IS ANXIOUS TO TRY IT.

Recent discovery of ether compound that dries up corns so they lift out.

Good news spread rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

NAMED HIM CICOTTE

New Orleans, La., Oct. 15.—On October 6, the opening day of the World's Series, a ninth son was born to Mr. and Mrs. John Weeghman.

The parents decided to name him Edward Cicotte Weeghman and have asked information as to how Cicotte is pronounced.

The oldest son in the Weeghman family is 15 years of age. The father says all will be ball players.

"Darkness . . . but look! In Heaven, a light,
And it's shining down . . . God's accolade!
Lift me up friends. I'm going to win—my cross!"

From "Tricolor," by Robert Service

TO the sick and the wounded, the British Red Cross ministers according to the highest traditions of the Hospitallers, or Knights of St. John of Jerusalem.

Small wonder, then, that their insignia dawns upon many a sufferer's returning consciousness as God's Accolade!

To Canada is given the privilege of once more leading the Empire in aiding the work of the British Red Cross, by contributing generously to its cause.

Let Your Gift Be Generous

A Few Facts About the Work of the British Red Cross

The British Red Cross Society is the only institution which carries voluntary aid to the Sick and Wounded of the British forces on land and sea in every region of the War.

Its work is therefore the concern of all classes of British subjects, whether living in the British Isles, in the Dominions and Colonies beyond the seas, or in foreign countries.

IN GREAT BRITAIN

$100,000 for initial outlay in providing and equipping after-care institutions for totally disabled men.

$100,000 for materials for Red Cross Working Parties.

40,000 books and magazines supplied weekly for the sick and wounded.

460 Motor Ambulances, Cars, etc., for Home Service.

28 Command Depots and Convalescent Camps regularly visited and supplied with Comforts and Games.

The home (London, Eng.) administration and management expenses (excluding hospitals) for the year ended 20th October, 1916, represent 2.92 per cent. of the total expenditure, or less than 3 cents on the dollar. Audited accounts have been supplied to the Canadian Red Cross Society.

Red Cross work costs over $300,000 per week or $30 a minute.

DEFECTIVE EYESIGHT IS SERIOUS.

Not only does an Eye Defect handicap your work, but it is an actual menace to your health. Keek watch against the signs of eyestrain that may endanger your health. Remember, the first indication may be but the slightest thing—a difficulty in reading by artificial light; frequent headache; a slight blurring of distant objects; watering or smarting eyes; these are but a few of the little symptoms that may warn you. Don't delay at the first suspicion of eye trouble, have your sight properly tested and make sure. Consult

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness of which it has been robbed by trying atmospheric conditions. Windchafe, roughness, tan and redness are warded off and those telltale lines of care or of age are softened away

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.

APPLES WANTED FOR THE SOLDIERS

Miss V. Gibson, president of the Nanaimo Branch of the Red Cross Society, is in receipt of the appended communication from Mr. J. R. Seymour, vice-chairman of the Canadian Red Cross Society:

Vancouver, B. C.

Dear Madam—

Last Fall you were kind enough to listen to an appeal of mine in the name of the Canadian Red Cross Society for a gift of apples from the apple growers of your section for our B.C. boys at the Front. The splendid response to this request both last year and the year before leads me to hope that I may be successful again this year in touching the hearts of our people. If you could see the appreciative letters I have on file from the officers commanding our B. C. Battalions and some of the privates as well, acknowledging the gifts, it would do your hearts good, for the apples sent each year were the only fresh fruit the boys had received all winter. I regret to say there is no chance of avoiding another winter campaign, so we who are enjoying all comforts at home and free from all dangers must not forget our duty to those who are defending us from the German menace. A gift of a few boxes at Christmas time for each regiment is a small thing in itself, but when it comes from their home land as a special remembrance from their friends and fellow citizens, at that season of the year it touches a spot in their hearts that makes them think and appreciate all the more the thoughtfulness of the giver.

May I again ask you if I can depend on your section to contribute as many boxes as possible for that purpose?

If you send them by the C. N. R. or C. P. R., they will be delivered to us at Vancouver free of all charges from your depot to Vancouver where we can assemble them and repack in non-freezing cars to be shipped direct over the C. N. R. to St. John, N. B., free of all charges, when the C. R. C. S. will arrange for free transportation across the Atlantic to England and France.

If possible, I will ask to have the cases bound with wire around each end and the middle so as to insure safe carriage.

I would ask for the best winter apples and to have them shipped early in November, but advice for this will be sent to you later on.

I am asking this early for a gift before the grower has contracted for his crop and finds himself out of apples when the appeal reaches him.

I would also ask to know, approximately, about how many cases I can count on from your section so that I can form an idea of the total from all quarters and govern myself accordingly.

This year I want to supply each giver with a special label to pack inside each case so that the Regiment receiving them will know who the giver is and can acknowledge the gift direct themselves. Hence the request of how many boxes I may expect.

Enclosed you will find a multigraphed copy of extracts from a few of the letters received, which I am sure you will find exceedingly interesting and will be useful to put in some public place in your town. Should you require any further copies, please write and we will supply them.

Trusting my request will meet with a ready response from all growers in your section, I remain,

Yours truly,
J. R. SEYMOUR,
Vice-Chairman.

The local Society have opened a store in the Gibson block, where there will be ladies in attendance to receive and pack the fruit, for any quantity no matter how small, will be gratefully accepted from 10 to 6 o'clock every day. Any information which may be desired by intending contributors will be cheerfully furnished by Mrs. McQuade, Phone 146 or Miss Gibson, phone 347.

Eye-Strain is Painful and Distressing

It is an amazing thing why so many persons submit to all the distress and discomfort of eye-strain, when certain and idmmediate relief can be easily obtained.

Imperfect vision, headaches, nervousness and all the other results of defective refractive conditions not only cause you actual suffering, but impair your efficiency as well. You are not as good or as useful a member of society if a nervous leak caused by eye-strain is sapping your energies away.

If you have defective eyes you know this to be true. Can you think of any good reason why you allow this to continue? Is there anything to prevent you from putting an end to this difficulty of yours, instantly and permanently?

Drop in and see me today. I have something to tell you about your eyes that you ought to know.

GERMANS DRIVE AGAINST SEREL

Batteries Which Dominate Eastern Entrance to Gulf of Riga Are the Object of Attacks by the German Land Forces.

Apparently there has been no cessation in the rapid programme of the Germans to seize in its entirety the Russian Island of Oesel at the head of the Gulf of Finland, but although German troops now have taken a greater portion of the Island, the aid they had expected from their fleet in putting down Russian opposition in adjacent waters is meeting with considerable resistance from Russian warships. The Russians are disinclined to throw their naval vessels into a general engagement with the invaders, but in a small battle with torpedo craft and possibly light cruisers the Russians have sunk two German torpedo boats and damaged two others in Zola Sound to the north of Oesel Island, while the Russians themselves lost a torpedo boat destroyer. The German vessels which were accompanied by a battleship put to sea after the engagement.

The German land forces are now driving hard against the Svorb peninsula on the southwestern portion of the Island of Oesel, with the object of capturing the batteries at Serel, which dominate the eastern entrances to the Gulf of Riga, according to the Berlin War Office. The Russians in this region are isolated but are desperately resisting.

Berlin reports also that Abroe Island, off the southern coast of Oesel and Runo Islands in the middle of the Gulf of Runa have been occupied by Teutonic troops. It is asserted that 2,400 prisoners, 30 guns, 21 machine guns, and several airplanes were captured at Oesel.

The troops of the Entente Allies are still keeping to their trenches in Flanders probably awaiting the better conditions. Possibly, however, Field Marshal Haig and the French commander on his left, have not yet sufficiently pounded the German line with their big guns to warrant the turning loose of infantry.

DUNSMORE—COWANS

A very pretty wedding took place yesterday morning at the Wallace Street Methodist Church, when Miss Jennie Cowans, was nuited in marriage to Mr. John K. Dunsmore. The ceremony was p rformed by the Rev. Frank Hardy. The bride was given away by her father, and was attended by Miss Annie Dunsmore, sister of the bridegroom. The groom being supported by Mr. James Cowans brother of the bride. The wedding march was played by Mr. Andrew Dunsmore, brother of the groom. After the ceremony, the bridal party and guests assembled at the home of the bride's father on Selby Street where the wedding breakfast was served. The happy couple left on the morning boat for Vancouver where a short honeymoon will be spent. On their return to Nanaimo Mr. and Mrs. Dunsmore will take up their residence on Prideaux street.

Mr. and Mrs. Dunsmore were the recipient of many handsome presents.

ALBERTA IN GRIP OF BIG SNOW STORM

Calgary, Oct. 17.—The first snow of the season broke this morning in a general storm covering the province and has been snowing steadily for 18 hours. The storm will cause a general tie-up in threshing operations, particularly in the northern part of the province where the harvest is later.

BRITISH LOSSES SHOW DECREASE

Despite Fact That British Forces Have Been Heavily Engaged Their Losses Show a Declining Rate.

London, Oct. 16.—The military situation on the battlefronts in the western war area was virtually unchanged overnight, so far as the official statements reveal.

The German reports have begun to lay stress on the violence of the artillery fire in Flanders, but there are no indications that the bombardment has yet been worked up to the point where the British forces find themselves ready for a renewal of their drive.

Evidently much depends upon the weather in this region. In the light of his last week's experience with the handicap of the Flanders mud, it seems probable that Field Marshal Haig will await the settling of the ground into a somewhat more passable state, although the hope of securing even ordinarily good conditions at this late season seems now to be considered small.

On the French front the activities are centred on the Aisne front and before Verdun. The fighting in both regions last night was mostly monopolised by the artillery.

The British casualties continue to show a declining rate. The total reported in the last week was 14,096, as compared with 17,505 for the week closing October 9, and 21,179 for the preceding week. This is despite the fact that the British have been heavily engaged in Flanders during the past three weeks. The total for the past week was made up as follows:

Killed or died of wounds—Officers, 277; men, 2,509.

Wounded or missing—Officers, 837; men, 10,473.

Field Marshal Haig reported today that northwest of Bullecourt early this morning Irish troops had carried out a successful raid. The enemy's artillery showed considerable activity during the night in the region of the Ypres-Staden railway.

The aerial raids on German centres in Belgium were continued yesterday. In patrol encounters two German machines were driven down. The following official statement was made public today.

"A considerable number of patrols were carried out yesterday by our naval aircraft in which several enemy aeroplane formations were encountered. Two enemy machines were driven down. One of our machines is missing.

"During twenty-four hours bombing raids were carried out on the Bruges docks, the Varssenaere aerodrome and the Houttave aerodrome. Large quantities of explosives were dropped with good effect, all our machines returning safely."

"WETS" HAVE SMALL MAJORITY IN IOWA

Des Moines, Ia., Oct. 16—With 96 out of 99 counties complete with the exception of 21 scattered precincts, Monday's vote on the constitutional prohibition amendment stood 196,341 for, to 197,297 against—a lead of 956 for the "wets." The three counties to be heard from are Butler, Adair and Fremont.

FORTY ILLINOIS COAL MINES SHUT DOWN

Springfield, Ill., Oct. 16.—More than forty coal mines in Central and Southern Illinois, employing between 12,000 and 15,000 miners, were shut today and the coal mining industry of state tonight faces a practical paralysis, operators here stated, as the result of the spreading of the strike of the miners who demand immediate wage increases.

A typographical error in the report of Monday night's Council meeting which was published in these columns yesterday, made it appear Ald. Harding seconded a motion that the thanks of the Council be extended the Mayor and Ald. Harding for their attendance at the recent convention at Duncan. The report should have read, "Moved by Ald. Coburn and seconded by Ald. Morton."

TWO SUBS DESTROYED

Paris, Oct. 16.—French warships destroyed two Teuton submarines in the Western Mediterranean in the last week of September, according to information received today by the Ministry of Marine here.

WILL EXTEND WAR ZONE

London, Oct. 16.—According to news from Berlin in an undated dispatch received by the Admiralty by Wireless Press, Germany is expected shortly to declare the coasts of United States, Canada and Cuba war zones.

PROPOSED STRIKE IS CALLED OFF

Kansas City, Oct. 16.—The strike of 3,000 coal miners called for next Friday morning in all mines operated by members of the Southwestern Interstate operators association in Missouri, Kansas, Oklahoma and Arkansas, was called aff tonight, according to Alexander Howat, President of District 14 of the United Mine Workers of America, following the receipt of a telegram from National President John White, of the Mine Workers, saying that the proposed strike violated the terms of the national agreement recently signed in Washington between operators and miners.

FAMOUS B.C. UNIT EXISTS NO MORE

The 102nd Battalion, "Warden's Warrors," one of the finest fighting units furnished by British Columbia for service on the battlefields of France, which gained imperishable glory at Regina Trench, and other sectors of the western line, is no more. Its identity as a separate unit, disappeared a few days ago when it was posted to the 2nd Central Ontario Regiment.

In a letter to friends at home, Lieut.-Col. John W. Warden, D. S. O., the commanding officer of the famous battalion says:

"We are being shot around like orphans without a home and feel keenly not having been left as a B. C. battalion, knowing that the Province has sent so many men.'

With the passing of the 102nd, there are now only four active battalions that can claim to be strictly British Columbian in composition: The 7th, 16th, 29th and 47th.

B. C.'s Gift of Men.

Continuing, Col. Warden writes that the statement that British Columbia has recruited 43,000 men is correct as far as it goes, but in addition, he says, there have been some 20,000 to 25,000 men who, on the outbreak of war and for some months after, left B. C. and went back to their own country and joined there—to say nothing of the thousands who went to England.

"All these men are from B. C. and have their homes and property there," the Colonel adds. "They will return when the war is over, so that I claim B. C. has sent about 75,000 men—truly a great record."

Among the passengers from Vancouver last evening on the Princess Patricia were W. Benton, Mrs. H. McIndoo, A. Stowart, Mrs. Peter McKay, J. Westwood, Geo. S. Pearson, F. H. Shepherd and J. M. Rudd.

The young ladies of the Red Cross are meeting with a libera' response to their appeal for Christmas Gifts of apples for the boys in khaki overseas. They have opened a room in the Gibson Block where the apples are being stored pending shipment.

HURLED SHELLS AT SURVIVORS

Washington, Oct. 16. — Small boats from a British steamer were recently attacked by two submarines and mercilessly shelled by the U-boats, two men being killed and seven others wounded, the State Department was advised today in Consular dispatches. One other man was killed before the crew abandoned the steamer, which carried a number of Americans. The date and place of the attack were not inclosed.

FRENCH EXECUTE DUTCH DANCER

Noted Woman Denounced by Lover Whom She Ruined is Brought to Her Doom.

Included in the despatches received by the Herald Monday was one from Paris, stating thatMata Hari, the Dutch East Indian dancer and adventuress, who two months ago was found guilty by a court-martial on the charge of espionage, was shot at dawn Monday morning.

Mata Hari, otherwise known as Marguerite Gertrude Zelle was taken in an automobile from St. Lazaire prison to the parade ground at Vincennes, where her execution took place. Two sisters of charity and a priest accompanied her.

The cunning of the most magnetic and charming adventuresses in the world did not avail Marguerite Mata Hari, and the famous Dutch East Indian dancer has been shot as a spy in French military prison A rejected sweetheart to whom she had brought disgrace and ruin was responsible for the arrest and conviction of Mile. Mata Hari, the women who for years had captivated men in high places and used them for her own ends.

Her story is a life of tragedy, self-inflicted. She was born in Java, the daughter of a wealthy Dutch planter of the Dutch East Indies, where her mother fled with her to India. There the girl became a religious dancer in a Buddhist temple in Burmah but tiring of the celibacy vows of the Buddhist, she ran away with an English baronet named MacLeod. Her son, born of this union, came to a tragic end, and the mother took the law into her own hands and avenged him. Then she fled from her husband and India and his disgrace and death and at last reached Paris, having dropped from a state of wealth and luxury to one of penury.

In Paris she became known as Lady MacLeod Mata Hari. There she set about to captivate Paris. She did it, and not satisfied with her conquest, she went to Berlin, to Petrograd, to Vienna. She travelled over all Europe, and became one of the most talked of women on the continent.

"Her name is Marguerite Zelle Mata Hari," recently said a former acquaintance of hers, adding the following personal description: "Her age is not known, but it is not less than 38 nor more than 42. She is not beautiful, but she is most magnetic, wonderfully handsome. Her teeth are pearls. Her black hair reaches to the ground. She is about six feet tall and, sculptors have said, is probably the mort perfectly formed woman of her height in the world. Her eyes are big, luminous, and as black as night. Her skin is that soft, light olive color. She carries herself as a queen of olden times and her toilette is most notable for its elegance and taste."

Mata Hari is a Malay name, meaning "Eye of Day," that is to say, the sun.

Her mother was a Javanese, and it was to protect her from the dangers that beset a young girl of mixed blood in Java, that her mother took her to India, and, to further protect her pledged her to celibacy in a Buddhist temple to learn dancing. After a dance at a great Buddhist festival in Burma, when she was about 14 years old, she saw the Englishman and fell in love with him. She managed to escape from the temple, and they were married. Two children were born, a boy and a girl. The life then became too monotonous for her and the climax came when a maid whom she had beaten and discharged caused one of the gardeners to poison her son. Taking the law into her hands, and fixing the guilt, she walked to where the man was working and shot him dead.

Owing, it is said, to her husband's high position, she escaped punishment, but was told to leave India.

NIGHT CLASSES GET GOOD START

The Nanaimo night school inaugurated its winter session, Monday and Tuesday evehings in an auspicious manner, the attendance at the English and Arithmetic class being most gratifying. The commercial class has every promise of a successful future, there being a large number of students enrolled for the bookkeeping and shorthand course and Mr. Kyle is negotiating with the department to have typewriters installed so that students will be in a position to take the complete course.

The Electrical class has not come up to expectations, and this is to be deplored, for with Mr. Harrison as instructor such an opportunity to receive an education in this important course of study is seldom offered. It is expected however that the number of students for the Electrical course will increase rapidly and should this be the case additional equipment will be secured so that students will have no difficulty in acquiring a thorough knowledge of electricity.

Anyone desiring information in regards to any of the classes can do so from Mr. S. Gough, secretary of the local Board of School Trustees.

VICTORIA MAN AIDS CONTROLLER

Ottawa, Oct. 16.—H. B. Thomson, general manager of the firm of Turner, Beeton & Co., Victoria, will represent the Food Controller in important missions which may be necessary from time to time. Mr. Hanna announced today that he had invited Thomson to assist in the work of organization of food resources, and that the invitation had been accepted. Thomson will be the personal representaitive of the Food Controller.

Mr. and Mrs. James Evans and Mr. and Mrs. D. C. Shields motored to Victoria for the week end.

DANGEROUS ENEMY ALIENS INTERNED

New York, Oct. 16.—Fritz Kuhn, who, prior to the outbreak of war was the London representative of the Deutsche Bank of Berlin, and George von Seebeck, also formerly connected with the German bank in London, were taken into custody here tonight by the Intelligence Bureau of the Navy Department and sent to Ellis Island for internment as dangerous enemy aliens. Von Seebeck is believed to be the son of General Baron von Seebeck, commander of the Tenth Army Corps at Liege.

DRAWING AWAY FROM GERMANY

Austro-Hungarian Foreign Minister Declares He Can No Longer Deal With Chancellor Michaelis of Germany.

London, Oct. 16.—The Deutsche Tages Zeitung, of Berlin, as quoted in an Exchange Telegraph dispatch from Amsterdam, says that Count Czernin, the Austro-Hungarian Foreign Minister, recently requested the German Chancellor, Dr. Michaelis, to state Germany's peace terms, urging that Germany make concessions in the West. Count Czernin received a vague reply, whereupon he stated that he could no longer negotiate with Dr. Michaelis, inasmuch as the Chancellor made vague statements when clearness and frankness were imperatively necessary.

This statement of the Tages Zeitung is not denied, the dispatch says, and has made a great sensation, being peculiarly illustrative of the fervent desire for peace on the part of Austria.

New York, Oct. 16.—Peace for humanity and civilization—not favorable alone to France or the United States or the Entente—but peace that will guarantee to nations large and small universal respect for right and justice, is the goal toward which warworn France is striving, delegates attending the Southern Commercial Congress in this city were told yesterday by Stephen Lauzanne, editor of Le Matin, of Paris.

The occasion was the "Press of the Allies Luncheon," in honor of the distinguished journalist, given by the congress.

"We have suffered much and expect to suffer still more," M. Lauzanne declared. "We are fighting to save humanity from degradation, for humanity would be degraded if Germany were to win this war. France is in for all the War."

BIJOU THEATRE

The feature on the Bijou programme for today and tomorrow is "The Soul of Broadway," a powerful five-act photo-play with Valeska Suratt, the best dressed woman in the movies, in the leading role.

With this big attraction will also be shown a rollicking two-reel comedy, a guaranteed gloom dispeller.

COAL SITUATION IN MICHIGAN HANDLED

Washington, Oct. 16.—Arrangements to relieve a threatened coal shortage in Michigan were made today by the Fuel Administrator after the situation had been presented by Governor Sleeper and members of the State Coal Board. Enough coal will be diverted from shipments now going through lake ports to the Northwest and Canada to meet the pressing needs.

An adjourned meeting of the Ratepayers of the Harewood School District will be held in the Harewood Central School on Friday, Oct. 27th, at 7:30 p. m.

By order of the School Board,
W. H. JONES,
17-20-26. Secretary.

Sailors' Relief Fund on Oct 23rd.

CARD.

Mr. James Menzies and family wish to thank those who sent floral tributes, and the kind friends who sympathized with them in their sad bereavement.

Private Thomas Wilson, now home on furlough, is in Nanaimo visiting friends. Private Wilson has seen considerable active service in days gone by by having been in the Ashantee and other campaigns. When the war broke out he was among the first to enlist and went overseas over two years ago. Although in France over twenty months he has been particularly fortunate. He will leave for England again shortly, his furlough expiring on the 23rd of November.

LOANS TO ALLIES

Washington, Oct. 16.—Loans of $30,000,000 to Russia, $25,000,000 to Great Britain, $20,000,000 to France, and $3,000,000 to Belgium made today, brought the total credits of the United States to the Allied nations up to $2,711,400,000.

RUSSIAS OUTPUT WAR MUNITIONS

Most Modernly Equipped and Efficient Factories in the World Are Now Turning out Material for Russia's Fighting Forces.

Stockholm, Oct. 16—An encouraging report as to the military factories in the interior of Russia comes from the Commission, headed by Gen. Germonius of the Russian army, and an English general, who have just finished a tour of inspection of all factories recently erected or under erection for the manufacture of arms and ammunition. The Associated Press correspondent talked at the Russian legation here with a man who had participated in this tour of inspection. He reports that Russia's new factories, the erection of which became necessary through dimunition of supplies from other countries, were found to be the most modernly equipped and efficient factories of their kind in the world. The new plants include great airplane factory now nearing completion large machine gun factory, already working to full capacity, and artillery factories at various places. A further encouraging feature noted by the visitor was that at all factories where the electrical and mechanical side predominated over purely manual labor, the capacity and output have diminished only negligibly notwithstanding the anarchistic tendency prevailing throughout the country.

LATE MRS. MENZIES LAID AT REST

The funeral of the late Agnes Thompson Menzies, deceased wife of Mr. James Menzies, took place from the family residence, Haliburton street, yesterday afternoon, the interment taking place in the Nanaimo cemetery. Services were conducted at the home and graveside by the Rev. Mr. Unsworth, the pall-bearers being Messrs. Thomas Reynolds, Jas. Vawden, John Kneen, John Young, Richard Nichols and Wilson Lightfoot.

The following floral tributes are acknowledged:

Crosses—Mr. and Mrs. H. Higgins and family; Master Thomas and James Menzies, (grand children).

Wreaths—The Family, Silver Leaf Temple No. 1, Pythian Sisters, Mr. and Mrs. Harvey, Mr. and Mrs. P. Flinn, Mr. and Mrs. Morrissey, Mr., Mrs. and Miss Parkinson.

Sprays—Mr. and Mrs. S. Hanlay, Mrs. T. Parkinson and family, Mr. and Mrs. McArthur, Mr. and Mrs. T. R. Jackson, Mr. and Mrs. Woodcock, Mr. C. Trott, Mr. and Mrs. G. Young, Mr. and Mrs. A. Thompson, Mr. and Mrs. Robinson, Mary Nichol, James, Willie and Archie Menzies, and Ellen and Agnes (grand children), Mr. and Mrs. J. Phillips, Mr. and Mrs. J. Holland, Mr. and Mrs. D. Brown, Mr. J. Bowen, Mr. and Mrs. H. Clarke, Mr. and Mrs. W. Reynolds (Protection), Mr. and Mrs. S. Gorten, Mr. and Mrs. G. Vawden, Mr. and Mrs. Knight, Mr. and Mrs. R. Smith, Mr. W. Docherty and family, Mrs. W. Docherty.

LCE.-CORPORAL CAVENEY KILLED IN ACTION

Mrs. Robt. Pallister, of Victoria Road, has been officially informed of the death in action on Sept 29th, of Lance Corporal Michael Caveney, of the Canadian Engineers.

Lce.-Corp. Caveney, who had made his home with Mr. Pallister, who is now with the army, for the past 15 years, resided in Nanaimo for a period of three years before enlisting with the 88th Battalion. He transferred to the Engineers upon his arrival in England, being the fourth brother to respond to his country's call, Michael being the second of the family to make the supreme sacrifice. Mrs. Thomas Lister of this city, whose husband is also at the front, is an only sister, to whom the sympathy of the community will be extended in her hour of affliction.

TAG DAYS.

The City Council has decided to hold a tag day for British sailors on Tuesday, October 23rd. Seeing that the Council had previously consented to have a collection taken up for this purpose some time ago there was naturally a strong objection to making a change. No doubt a generous response will be made by the people of Nanaimo. The cause is certainly one which merits support. We hear very little of the activities of the British fleet, but we all know that it has stood between the Kaiser and the realization of his dreams of world conquest. The gallant boys in blue and the sturdy crews of the British merchant marine have faced without flinching every kind of horror and danger on the seas. At the best their life is one of constant risk and hardship, and the whole Empire is under a deep obligation to them. Wherefore, it is to be hoped that the people of Nanaimo will live up to their past reputation, and subscribe generously to the relief fund on Tag Day, October 23rd.

At the same time it is unfortunate that the Red Cross Tag Day should have to be postponed. The headquarters of this association aimed at holding a general tag day throughout the Empire. They have gone to great expense in advertising their campaign, and it is a pity that full advantage cannot now be taken of it in Nanaimo. We are all closely interested in the work of the Red Cross and the local branch here has done splendidly. On the principle that charity begins at home, it might be argued that the Red Cross cause should have had preference over any outside association. However, the ladies will be out in force when their special day comes round, and it behooves every one to dig down a little further than usual in helping them.

One has to be very careful and cautious in criticising any appeal for voluntary subscriptions. At the same time it is possible to ask for too much or what is the same thing, for too many objects. We have sometimes thought it would be better for everybody concerned if the government financed all these various relief funds by means of direct taxation. There are slackers in giving just as there are slackers in serving. However so long as the voluntary principle of subscription is relied on to furnish funds for these various patriotic purposes, it is just as well that these should be preference given to some, and that the number should be kept as small as possible. The Patriotic fund naturally comes first and the work carried on by the Red Cross Clubs and Daughters of the Empire should come next. There has just been a campaign in Nanaimo for the Y. M. C. A. and now comes the tag day for the relief of British sailors. In the meantime the subscriptions to the Patriotic Fund are not quite equal to the disbursements, while the national Red Cross Day has had to be postponed in Nanaimo. It is just possible that too many appeals are being made, and while the causes are in every way worthy of support we might do better by looking after home calls first.

FRANCE EXECUTES DUTCH DANCER

(Continued from Page One)

This she did, gladly, as she afterward said, as she had tired of her husband, and in her flight she stole her daughter from her husband, and upon arrival in France, placed the child in a convent.

Here, in the midst of many triumphs she met a wealthy German of high official position in Berlin. He bought her a home of great magnificence, furnished in a style of Oriental splendor. He was a very jealous man, and they quarreled bitterly. Mata Hari at last receiving the attentions of a former minister of finance of France.

This man who had become head of a great French bank ruined himself for her and was sentenced to two years in prison, whereupon Mata Hari returned to the German official with whom, up to the outbreak of war, at least, she was living.

While the French military authorities have permitted no announcement to be made, it is generally accepted that the ruined banker is the man who denounced the fascinating adventuress. During their life together, for he deserted his wife and built Mata Hari a home almost the equal of that given to her by the German, he must have learned a great deal of her connections with the German and the German government.

She was a woman eminently qualified to act as a secret agent for Germany. As a Dutch subject she was at liberty to travel anywhere, and her methods for obtaining information she wanted from the men friends rarely failed according to revelations made after her arrest. Her constant companion was a maid, a German woman named Anna. It is believed that Anna played an important part in the tragedy but the woman has disappeared.

Most of those who had reason to distrust her still evidenced considerable sympathy in her misfortunes, and it was freely predicted that she would never be sent to her death.

But Mata Hari's charms failed her in the crisis. France is taking no chances.

No wagon road will be built this year to the mining claims in the Baponne district.

DRAFT TAKES MANY VANCOUVER ATHLETES

Vancouver, Oct. 15.—As a consequence of conscription, practically every club in the Vancouver district football league will lose players, some of them losing as many as five of their regulars, while local amateur baseball clubs are also hard hit. During the past month many athletes have gone to the examining board and have passed for class 1, the first to be called. Amateur hockey clubs have withheld action in conection with organization awaiting the first call, as it is believed that the draft will practically make it impossible for some of the clubs to operate this season.

So far as the Vancuver Club, of the P. C. H. A., is concerned, only two players, Moyes and Whalen will be affected by the first call. All of the other players are married and come in class 2, which may not be called up for six months or later.

For four months ending August 31, the net value of the ore shipped from the Galena Farm at Silverton was $140,000. Of that amount $28,000 was for zinc concentrates.

HON. J. L. PERRON FOLLOWS LAURIER

Montreal, Oct. 16.—A weekly paper here on Saturday published a story that the Liberal party in this province was divided and that a new wing was being formed under the leadership of Hon. J. L. Perron.

Mr. Perron has issued this statement:

"The story, as far as I am concerned, is absolutely false. I stand as a staunch supporter of Sir Wilfrid Laurier, because I believe in his capacity of statesmanship."

MORE PAY FOR HOME GUARD MEN

Ottawa, Oct. 16.—An order in council has been passed providing that men of the active militia engaged in home guard duty throughout Canada shall be given the same subsistence allowance as men of the C. E. F.

At present there are some 9,000 men on guard duty in Canada, the greater part of whom are unfit for overseas service, who receive the same rate of pay as members of the overseas forces. In the past, however, they have been granted a subsistence allowance of only $13,50 a month, while the overseas men have been given $20 a month.

A large number of complaints as to the inadequacy of this allowance having been received at the Militia Department, the Minister, after considering the matter, decided that in view of the high cost of living and the approach of Winter, it would be best to place the men on home guard duty and the men of the overseas forces on exactly the same basis, both as regards pay and subsistence allowance. He therefore recommended this to the the Privy Council, which resulted in the passage of the order. The increase in the subsistence allowance for the home guard men is to date from the first of this month.

A CHILD GETS CROSS SICK AND FEVERISH WHEN CONSTIPATED.

Look, Mother! If tongue is coated clean little liver and bowels.

If your little one's tongue is coated it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs" which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

PRESSED BY GERMAN FLEET

Russian Squadron in the Baltic is Unequal to the Task of Coping With the German Warships in Operations near Riga.

Petrograd Oct. 17—Regarding the situation in and around the Gulf of [illegible] today issued the following summary of conditions there as coming from a competent naval authority:

"While our fleet in the zone of operations is being pressed by the Germans four times its strength, our army finds itself in a more favorable position, the strength of the German troops landed being insignificant. Tagga Bay, the only place where reinforcements can be disembarked, is exposed to northerly gales which have been blowing for two days. The transport of our reinforcements to the Island of Oesel, however, does not depend upon weather conditions.

"This explains the persistent efforts of the German destroyers to penetrate as far as Moon Sound, thereby threatening our communication, and the enemy's desperate attacks against the troops defending the despatch of reinforcements for a counter attack which is imminent."

Petrograd, Oct. 17.—The War Office here has completely lost touch with the Russian forces on the Island of Oesel, it was officially announced today.

One German dreadnought which ran into the Russian mine field defending Oesel Island on October 12, struck a mine, the statement adds. After the explosion the warship made for the coast and its ultimate fate is not known.

Naval skirmishing is continuing in the waters around Oesel Island, off the Gulf of Riga, Russian patrol ships having had encounters with German torpedo craft.

PTE. JAMES REATH KILLED IN ACTION

Pte. James Reath, formerly of this city, has been killed in action, according to word received from Ottawa in the official casualty lists issued Tuesday. Pte. Reath was well known in the city, having worked for some time as a driver for the I. X. L. Transfer Company. He left for France with the 143rd. Battalion, with which he enlisted at Victoria last year. He was 27 years of age, and unmarried. His parents live in Nova Scotia.

ANOTHER GREAT BLOW EXPECTED

Haig's Reports Give Promise of a Speedy Renewal of Activity in Flanders — Huns Anticipate a Drive.

London, Oct. 17.—All the important infantry fighting last night in the western war theatre was confined to the French front, where attacks by German troops in the Aisne and Champagne sectors, as well as in the Verdun region, were repulsed by General Petain's troops.

There is promise of a speedy renewal of the activity in Flanders, however. Field Marshal Haig, for instance, sent from his headquarters today one of those laconic reports that so frequently have preceded a periodic attack on the British front, merely saying: "There is nothing of special interest to report." Brief reports such as this have meant in several cases in the past that the British guns had opened their terrific drum-fire preparatory to an attack.

The German high command apparently is anticipating a renewal of the British drive, as the latest Berlin statement in reporting the intense artillery activity in Flanders said no infantry attacks had taken place up to the present.

There has been a spell of comparatively good weather in the area east of Ypres, where the British steamroller is pushing its way through the German lines. Thus the British aviators apparently have been able to collect sufficient information to enable their artillery to pursue its work with its usual precision and tell ing effect, while the mud fields presumably have dried out somewhat with the cessation of the rain.

An admission of possible significance was contained in a German official statement dealing with the Macedonian front received here late last night. Several villages in the Struma region, on the right flank of the Allied lines northeast of Salonica, have been "ceded" by the Bulgarians to the British, Berlin announced. There has been notable patrol activity by the Entente armies in Macedonia recently, and it seems possible that some aggressive use is finally to be made of the huge force the Allies have had assembled there for many months.

Paris, Oct. 17.—Violent artillery fighting is in progress on the Verdun front east of the Meuse, the War Office reported this afternoon. A German attack in this sector near Chaume Wood, and other thrusts near Juvincourt, on the Aisne front, and in the vicinity of Mont Carnillet in the Champagne, were repulsed. A successful attack was made on a German trench at the foot of the heights of the Meuse.

RICH ORE FOUND

Vancouver, Oct. 17.—One round of shots in the face of the tunnel of the Engineer Mine, Atlin, knocked down ore valued at more than thirteen thousand dollars, and among the ore was a chunk weighing twenty pounds, from which was extracted $1800, according to Frank H. Mobley, member of the provincial legislature, who has just returned after a trip to the north.

SLOAN MAY GET A SENATORSHIP

One of British Columbia's Senatorial Appointments Will Probably Go to a Liberal, and Hon. William Sloan May Be Named.

Yesterday's Vancouver Province says in connection with British Columbia senatorial appointments, it is [illegible] Hon. William Sloan of Nanaimo might be named. There are three vacancies to be filled. That one will go to a Liberal is altogether probable, it is stated today.

Ottawa, Oct. 17.—A movement is on foot to have Premier Brewster of British Columbia enter the cabinet in place of Hon. Martin Burrell, who is anxious to retire from political life. However, his entrance is now extremely unlikely for the reason that the basis of the union was that there would be equal representation between the two parties in Western Canada. If Mr. Brewster took Mr. Burrell's place it would leave four Liberals and two Conservatives. The outlook is that Mr. Burrell will remain in the cabinet until after the war.

Premier Brewster and Attorney General Farris have been in Montreal this week endeavoring to arrange for the sale of the P. G. E. Railway. As to what has happened nothing is known in Ottawa.

MRS. NORD DIED IN CUMBERLAND

Resident of Nanaimo for Thirty Years, Died Yesterday at the Home of Her Daughter, Mrs. T. Wilson.

Mrs. Nord, relict of the late John Nord, a resident of Nanaimo for nearly thirty years, died at an early hour yesterday morning at the home of her daughter, Mrs. Thomas Wilson, Cumberland, aged 76 years.

The deceased was well known in Nanaimo, especially among the old timers. The family resided for a number of years on Haliburton street moving from here to Cumberland, thence, after a few years residence there back to Nanaimo, Mrs. Nord making her home with her daughter Mrs. Wilson, and moving with her to Cumberland some three months ago.

She is survived by two daughters, Mrs. J. D. Stewart, Victoria Road, and Mrs. T. Wilson, Cumberland, and one son, Mr. John Nord, Cumberland.

The funeral will take place in Cumberland probably on Friday.

TO BE MARRIED THIS MORNING

Dr. McPhee and Miss Collishaw Will Be Married in St. Andrew's Presbyterian Church by the Rev. Dr. Unsworth.

A wedding of more than passing interest will take place in St. Andrew's Presbyterian Church this morning when at 7:45 o'clock the Rev. Dr. Unsworth will unite in marriage Dr. T. J. McPhee and Miss Cicely Collishaw daughter of Mr. and Mrs. John Collishaw, of the Five Acres.

The bride will be given away by her brother, Flight Commander Ray Collishaw and will be attended by her sister, Miss Inez, the groom being supported by Dr. Smyth. Mrs. H. McIndoo will preside at the organ and render appropriate selections, while during the marriage ceremony Miss Jean Patterson, Nanaimo's popular vocalist, will sing "A Perfect Day."

Both bride and groom are extremely popular in the city in which they have a wide acquaintance. The bride is a native daughter of Nanaimo and is a popular member of the nursing staff of the local hospital, while the groom is a native son of the Island, and besides being prominent in the medical profession in this city, is the President of the Nanaimo Liberal Association, and is also prominently connected with other institutions

They are in receipt of a large number of beautiful wedding gifts, and after the marriage ceremony this morning will leave on the 8:30 train for Victoria en route to southern California, returning in three weeks' time to take up their residence in a beautiful home the doctor has prepared for his bride on Wallace Street.

BRITISH LOSSES OFFICERS HIGH

London, Oct. 17.—Refuting reports from German sources that the losses of British officers in recent attacks were "unusually heavy," Secretary of the War Office issued a statement tonight showing that the total officers' casualties for the month of August in all theatres was 5,638, or a daily average of 183. For September total officers' casualties were 3,182, or a daily average of 106. The statement points out that the highest daily average of officers casualties in all theatres was in July, 1916, when it reached 282. These figures, the statement adds, include all casualties, however slight Many of the officers returned to duty even before their casualties had been published.

AWAY AGAIN TO THE FRONT

Empire's Second Greatest Aviator Leaves Nanaimo Today to Resume His Duties in Flying Corps.

Flight Commander Ray Collishaw of the Royal Flying Corps, who has been visiting his home in Nanaimo during the course of a three months' furlough, leaves the city this morning for overseas, the intrepid aviator being due to report for duty in France on November 8th.

Flight Commander Collishaw has the distinction of being a close second to Major W. A. Bishop, V.C., D. S.O., M.C., of Owen Sound, Ontario, as the foremost aviator of the Empire. He has a record of 37 German machines to his credit, and has been awarded the D.S.O. with a bar, the M.C., and also the French Cross. Today he leaves to resume his battles in the air and he will carry away with him the fervent wishes of his innumerable friends in Nanaimo for his safe return.

Private Alex. Menzies returned to the Soldiers' Convalescing Home at Resthaven yesterday after having been called home owing to the illness of his mother, which terminated fatally. Alex expects to enter the hospital in a few days to undergo an operation, a wound in the head which he received in action, still giving him considerable trouble.

JOLT COMING FOR MAJOR HOFF

Member of German General Staff Belittles Strength and Fighting Qualities of the American Army — Ignored As An Enemy.

Amsterdam, Oct. 17.—The Weser Zeitung (Bremen) publishes an article by Major Hoff of the German general staff on the effect the entrance of the United States will have on the war. He declared American military possibilities may be safely ignored by Germany.

"Before the declaration of war," he says, "the military resources of the United States consisted of an insufficiently trained regular army of only 100,000 and a national guard of 120,000 hardly trained men.

"No considerable part of this army can reach Europe before summer, while a large number must be retained home, so that not more than 400,000 of 500,000 men can be sent to Europe. Transport difficulties will be enormous.

"Finally, the fighting value of the American troops is not great, probably about equal to that of the Rumanians, and there certainly will be fewer of them than of the Rumanians. So Germany will have an easy task. In fact it is doubtful whether the Americans will risk the venture of sending any further troops to to Europe."

TRIES TO 'SOFTEN STAGGERING BLOW

Count Von Reventlow Prepares Germans for a Decrease in Submarine Destructiveness in September.

Copenhagen, Oct. 17.—Count von Reventlow, a mouthpiece of the German Admiralty, publishes in his newspaper, The Tages Zeitung, of Berlin, an article preparing his readers for a decrease in submarine destructiveness in September as shown by the German statistics, publication of which is about due.

In addition to his explanation of tonnage sunk, von Reventlow advances the theory that Great Britain has withdrawn ships from service for the remainder of the year in order to have them in readiness to transport the Argentine harvest in January. These withdrawals, he says, decrease the opportunities of the submarines for sinkings. This theory contrasts strikingly with his earlier assertions that Great Britain's available tonnage had already become too small for her needs.

Sudden changes in the routes of ships, von Reventlow says, are making it increasingly difficult for the German submarines to locate their prey. He attributes to an American authority a statement that the passage of passenger liners between the United States and the United Kingdom now requires twenty-six days.

The British Navy and auxiliary services have stood between Canada and ruin, for the past three years. Don't let us forget this on Tuesday when the taggers are out.

LOSSES DECREASED

London, Oct. 17.— Twelve British merchant vessels over 1600 tons were sunk by mine or submarine last week, according to a statement by the admiralty to-day, six vessels under 1600 tons and one fishing vessel were sunk.

EDW. W. M'NEIL PASSED AWAY

Resident of the City for Thirty Years Died in the Local Hospital This Morning—Was 74 Years of Age.

The death occurred in the Nanaimo Hospital at 1:30 this morning of Edward W. McNeil, for the past 30 years one of the best known residents of the city. He was a native of New Brunswick, aged 74 years, and was a harness maker by trade, for years conducting business on the Crescent and later in the brick building erected by him on Wallace Street, and known as the McNeil Block. He retired from business some six years ago, and took up his residence in Northfield, removing to town less than a year ago. He had been in failing health for some time and took a sudden turn for the worse yesterday which necessitated his removal to the hospital. His condition grew rapidly worse and he passed away at an early hour this morning as above stated.

Besides three daughters residing in Vancouver, he is survived by three brothers. Havelock, in New Brunswick; John, in Boston, and James, aged 84 years, with whom he resided on Wallace Street.

Funeral arrangements, which are in the hands of Mr. D. J. Jenkins, are not yet completed.

CO-OPERATION IS REQUIRED

Ottawa, Oct. 18.—It is by the co-operation of all concerned that the Military Service Act will be applied most smoothly and with the least possible delay and trouble. This is plain, now that the programme to be carried out has been explained to the country in its broad outlines.

The men to be selected themselves, their parents or near relatives or their employers are being called upon to assist in the business-like operation of the Act, and the kind of response that is made to this appeal will be an interesting indication of the good sense and democratic spirit of the Canadian people. Leading authorities here are unanimous in agreeing that, when the people get to understand the ultimate value of the Military Service Act, its fairness and its advantages, it will work so smoothly that the country will hardly notice it in application.

FIRST TRAIN CROSSES GREAT QUEBEC BRIDGE

Quebec, Oct. 17.—A special train with a number of guests of the St. Lawrence Bridge Company crossed the now completed Quebec Bridge from shore to shore at noon today.

OFFENSIVE HAS NOT EVENTUATED

British and French Troops Have Not Yet Resumed Attack Upon Enemy—Heavy Shelling Reported From the Italian Front.

The expected renewal of the great offensive by French and British troops in Belgium has not eventuated. Heavy bombardments and reconnoitreing encounters still prevail. There has been only bombardments on the southern front in France and in the Austro-Italian theatre, where from the Isonzo front to the sea, Austrians and Italians are heavily shelling each other.

There has been a noticeable return of bombing operations by British airmen in Belgium and across the line in Germany, and the Germans against the French positions

Although American torpedo boat destroyers have covered nearly a million miles since the United States entered the war, crossing the ocean convoying vessels and chasing submarines, only recently has a German submarine succeeded in damaging one of them with a torpedo. The attack occurred somewhere within the war zone last Wednesday, but though the destroyer was badly damaged she was able to make port. One man, a gunner's mate, was killed, being blown into the sea by the force of the explosion of a torpedo. Five other men were wounded.

The Germans are practically in possession of the Island of Oesel at the head of the Gulf of Riga, and Russian forces still there are cut off from comunication with Petrograd. Small naval engagements continue in adjacent waters and German aircraft are carrying out reconnaissances over the Island in the Gulf of Riga and over the Mainland to the east. Pernau, an important gulf port north of Riga, and due east of Oesel Island, has been bombed by German naval airships. The Berlin War Office announces large quantities of booty captured on Oesel Island, and that more than 1100 prisoners were taken by the Germans on Wednesday. On the Mainland to the south of Riga there has been considerable activity on the part of the Germans, who at one point endeavored to throw pontoon bridges over the Dvina river. The Russian artillery, however, prevented it. Reports come from Malmo, Sweden, that the Germans are preparing for a big naval demonstration against the Russians from the Baltic.

Eating for Health and Strength calls for intelligent food selection. It is easy to keep in top-notch vigor of mind and body at low cost if you know **Shredded Wheat Biscuit.** It is 100 per cent. whole wheat—nothing wasted, nothing thrown away — contains more real body-building nutriment than meat, eggs or potatoes and costs much less. Full of nutriment, tasty and toothsome. Most people like the nutty aroma of the baked wheat, especially when served with hot milk. Delicious with sliced peaches, bananas and other fresh fruits.

VANCOUVER POLITICS

The Vancouver Centre Liberal Association turned down Premier Brewster's nomination for a second vice-president and elected Mr. W. W. B. McInnes by a vote of nearly three to one. The association then went on to express its strong disapproval of all the Liberal leaders who have entered the union government, and even read the "Sun" out of the Liberal party. Apparently there was no motion to move Vancouver into Quebec. Mr. Joseph Martin was again in evidence as master of ceremonies. He explained how coalition governments had been failures in Britain, and had the meeting been consistent it would have passed a resolution pointing out the errors of his ways to Lloyd George and forwarded it to Downing Street. Surely if Messrs. Sifton, Calder, et al have committed a crime in co-operating with Sir Robert Borden to guide the Dominion through the present crisis, the Liberal delegates at this meeting were condoning a greater crime in submitting to such a trinity of political whirligigs as Messrs. McInnes, Wade and Martin. There is a legend still lingering that the adulatory resolution of confidence in Sir Wilfrid Laurier did not always express the estimate of Mr. McInnes concerning the great Liberal statesman, and there is no guarantee that the one and only "Billy" would be able to agree with his leader any better now than he did previously. As for Martin, there was never anybody or anything that he could agree with, and it is only a few short months ago that he started a paper to down the very men with whom he is now consorting. But the real significance of the meeting lies in its attitude to Premier Brewster. His attitude towards conscription and the other national issues of the day has been very difficult to understand at times. He was first there and then he wasn't, and now one can understand the influences that have been at work. Most assuredly he cannot play the political game with such an out and out opportunist as Mr McInnes, and there is the more reason for him taking a firm and square patriotic stand. He will gain all the more credit in comparison. Meantime it is hoped that Messrs. Sifton, Calder et al will not be too much upset at having lost the good opinion of the Vancouver Centre Liberal Association.

THE FOOD QUESTION

Dr. J. W. Robertson is the chief advisory counsel to the Dominion Food Controller. At present he is on his way to the coast in connection with the business of the Food Controller's Department. He stopped off at Calgary, and in the course of a speech there, he scored the people of Canada for their lack of self-denial in the matter of the consumption of food stuffs. They were living, he said, just as they did before the war, and had done nothing to help in the conservation of foodstuffs with which to feed the troops in the trenches. There may be some criticism coming to the Canadian people, but if there is, then the Food Controller's department, more than anything else, is responsible for it. When Food Controller Hanna was appointed it was generally expected that he would do something to cut into the exorbitant prices that we were being charged for food necessaries. What he has done has been to lead Wilson at his best in the issuance of notes and appeals, and to inaugurate a vigorous campaign for free publicity from the press. There has been no reduction in the cost of living since he took over his office of Food Controller, and until the matter has been tackled as it oguht to be, then it is a waste of time to ask for the co-operation of the Canadian people in reducing the consumption of food stuffs. Of course it may not be the fault of Mr. Hanna that profiteering in necessaries should have been allowed to continue. The Government cannot be absolved from responsibility, and it is because the late government failed in its obligations to the people of Canada in such vital matters as these, that we advocated so strongly the formation of a union government. We expect that something will be done now. Indeed the government, through its individual members, is pledged to make an end to all profiteering, and it is now up to Food Controller Hanna to be ready with suggestions and all the necessary data. Speaking for the people of Canada, we may say that out here in the spring there was a campaign to stimulate the planting of potatoes. Now we are informed that there are spuds to burn, and the authorities are at a loss to advise what to do with them. Here at least is proof that the people are perfectly willing to co-operate when the co-operation seems reasonable. If the office of Food Controller will show itself in earnest by investigating the prices of and fixing prices that will make profiteering impossible in food stuffs it will not have to ask in vain for the co-operation of the Canadian people in the measures it has to propose.

One heart stories these days of eligible local young men elgible for military service taking sudden trips to Seattle and other way points on the other side of the line. These stories should be accepted with the proverbial grain of salt. According to present military regulations a bond of $1000 and other satisfactory guarantees of good faith are required of any Canadian of military age before he is allowed to cross the border, and at this rate there will not be many applications to go over.

GERMANS MOBBED BY SWISS IN GENEVA

Geneva, Oct. 16.—A "Kino part" arranged by the German Society of Geneva, has led to new serious anti-German riots. During the performance, at which films from the German fronts in Flanders and before Verdun were shown, a mob of several thousand shouting men and boys assembled before the theatre and began to smash the windows of the building. A police detachment that attempted to clear the streets was quickly put to flight.

The most serious disorder began when the Germans commenced to leave the theatre shortly before midnight. A shower of bricks and cobblestones greeted them and water was poured on them from the neighboring buildings. The mob yelled "Kill the Boches!" while a band from a nearby concert hall played the "Marseillaise."

Gendarmes using their sabres finally cleared a path for the Germans, many of whom were hurt, and enabled them to escape, but no arrests were made. Later the mob attempted to storm a German restaurant, and at 2 o'clock about 1,000 half-grown boys attacked the German consulate, smashing the doors and breaking every window in the building.

TO THOSE WHO HAVE THOUGHT OF BUYING A CHALMERS CAR

An arrangement has been effected whereby the Maxwell Motor Company has leased for a period of five years the properties of the Chalmers Motor Company.

The immediate effect of this transaction is:

1. The Chalmers car will be continued under the Chalmers name for a period of five years.
2. Those distributors or dealers who have been successfully marketing the Chalmers car will continue to do so.

The appraisers of the property and their engineers report the current Chalmers model a good car and the Chalmers plant a wonderful factory.

The first move we have made is to increase the efficiency of the Chalmers organization.

The second move was to place behind the Chalmers car the resources of the Maxwell Motor Company.

This is a business transaction between two automobile companies of probably no more than ordinary interest to the public but important to you if you have thought of buying a Chalmers for these obvious reasons:

1. You obtain a good car.
2. You obtain a car produced in a magnificently equipped plant.
3. You obtain a car produced by an organization materially strengthened by the addition of able executives.
4. You obtain a car produced by an organization materially strengthened by additional financial resources.
5. You obtain a car from a distributor or dealer who will have the support of this organization.

In this way all three of us prosper in the transaction.

"For the Red Cross"

Ye that have gentle hearts and fain
To succour men in need,
There is no voice could ask in vain
With such a cause to plead—
The cause of those that in your care
Who know the debt to honour due,
Confide the wounds they proudly bear,
The wounds they took for you.

Out of the shock of shattering pears,
Of screaming shell and shard,
Snatched from the smoke that blinds and sears
They come with bodies scarred,
And count the hours that idly toll
Restless until their hurts be healed—
And they may fare, made strong and whole,
To face another field.

And yonder where the battle waves
Broke yesterday o'erhead,
Where now the swift and shallow graves
Cover the Empire's dead:
Think how your sisters play their part
To serve as in a holy shrine,
Tender of hand and brave of heart,
Under the Red Cross sign.

Ah, by that symbol, worshipped still,
Of life blood sacrificed,
That lonely Cross on Calv'ry's Hill,
Red with the blood of Christ;
By that free gift to none denied
Let pity serve you like a sword,
And Love go out to open wide
The gate of life restored.

Sir Owen Seaman in "Punch"

CANDIDATE WITHDRAWS

Penticton, Oct. 16.—Mr. McEachern, of Hedley, who had been nominated as Liberal candidate in the Similkameen constituency against Reeve W. A. McKenzie for the approaching by-election has withdrawn from the contest.

The Dominion Government will spend $7,200 in protecting the banks of the Kicking Horse river at Golden.

WILL SUPPORT GOVERNMENT

Washington, Oct. 16.—Anthracite coal operators representing most of the country's hard coal output at a conference with the Fuel Administration today, pledged full support to the government in solving the coal problem. They agreed to name a representative to act as asisstant to the administration and a committee to represent the industry in all government dealings.

FEW DRAFT APPEALS SUCCEED

Washington, Oct. 16.—Only one in twenty appeals to President Wilson for draft exemption on industrial grounds have been decided in favor of the applicant, it was said today at the Provost Marshal General's office. In other cases the President has ratified the judgment of the district boards that the applicant was not indispensible to a necessary war industry. About 8,000 appeals have been received, but only a small portion decided.

Recently some good strikes have been made in the Upper Duncan River districts.

PRISONERS OF WAR CONFERENCE HELD

Copenhagen, Oct. 16.—A conference on prisoners of war, which will consider questions relating to the exchange of prisoners and the supplying of food parcels to soldiers held in enemy countries, opened here last night. TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

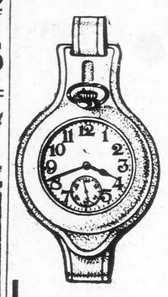
Tonight! Clean your bowels and Stop Headache, Colds, sour stomach.

Get a 10-cent box now.



Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

POLICY OF THE NEW GOVERNMENT

Minor Considerations and Party Differences Will Be Set Aside for the Best Interests of the Nation, Says Sir Robert Borden.

Ottawa, Ont., Oct. 18.—After consultation with his colleagues, the Prime Minister issued a statement in regard to the formation and personnel of the new government and with respect to its policy so far as there has been an opportunity to consider it. He says the present Union or National government has been formed with a desire to give representation to all elements of the population who support the purpose and effort of Canada in this war, representative men of both political parties being included in its personnel, and it is intended forthwith to give labor special representation upon the principle already followed with regard to the agricultural interests. Being impressed by the urgent need of putting aside minor considerations and sinking party differences, and presenting a united front at this solemn momentous juncture in the nation's history, members of the government have come together in duty of services to the national interests. The lines of policy which will be followed are chiefly relative to the prosecution of the war, and to the consideration and solution of problems which will arise during its progress or which will supervene upon the conclusion of peace.

The policy of the government will also aim at a truer understanding and comprehension between the various communities, both east and west and the development of a national spirit and a united effort among the people as trustees of a great heritage.

Ottawa, Oct. 18.—It is officially announced here that Premier Murray, of Nova Scotia has formally declined to join the Union government. Premier Murray was in Ottawa at the end of last week, and had a series of conferences with Sir Robert Borden. He left on Saturday for Halifax to consult with friends there and afterward telegraphed his decision to Ottawa.

BIG MUSICAL COMEDY COMING TO DOMINION

"The Million Dollar Doll," which will be the offering at the Dominion Theatre next Thesday, Oct. 23rd, has proved one of the greatest successes of the season's musical offerings. The books, lyrics, and music were written by Louis Weslyn of New York City, who is the successful writer for such well known artists as Rock & Fulton, Lulu Glazer, Marion Bent, Pat Rooney and many others. The entire work is original and far above the general run of musical comedies. Mr. Weslyn considers this his best work. The production was staged by Mr. Harvey D. Orr, who is well known to the theatre going public. He has goven this attraction one of the most elaborate productions ever sent on tour. The costumes, stage settings and light effects are beautiful and enchanting. The company is one of the largest and best on the road this season and is well worthy the large patronage accorded it since the opening date.

In these days of keen competition among theatrical managers and song publishers, a manager considers himself lucky if he strikes one big song "hit" in a musical comedy. In this respect "The Million Dollar Doll" is far ahead of all other attractions of this kind. There are no less than four "song hits" any one of which will probably make the composer rich before the end of the season. "My Little Fox Trot Girl," "A Little Luxury Called Love," "Proposals," and "My Country and the Flag I Love," are all songs that stamp this production far ahead of all other musical comedies.

The Red Cross work rooms open every Monday and Thursday evenings, and Tuesday and Friday afternoons. All workers are urged to attend and do their share of work and anyone who is not a member, but anxious to help in the Red Cross cause, will be welcomed.

RECRUITING MISSION IS VERY SUCCESSFUL

New York, Oct. 18.—The 10,000th recruit for the British-Canadian armies was enrolled by the British and Canadian recruiting mission today. The mission announced recruiting is increasing steadily.

MUTINIES IN TEUTON NAVIES

German Sailors at Ostend Threw Officer Into the Sea—Austrians and Germans Clash at Pola.

Amsterdam, Oct. 18.—A mutiny among German sailors at the Belgian port of Ostend who refused to go on board submarines, is reported by The Belgisch Dagblad. The newspaper says an officer was thrown into the sea and that thirty mutineers were removed in handcuffs at Bruges.

Washington, Oct. 18.—Official diplomatic dispatches received here today report mutinies in the Austrian navy and clashes between Austrian sailors and crews of the German submarine fleet based at Pola, in which officers on both sides have been killed and which resulted in a decision to change the base of the German flotilla.

Despite the attempts of the Austrian Admiralty to suppress the news it reached here today, coming by way of Berne. The Austrian crews are said to have revolted under ill-treatment of officers and bad blood while the clash with the German sub marine crews was caused by the overbearing conduct of the latter.

PRESENTATION TO MR. G. S. PEARSON BY HIS STAFF

Members of the staff of the late G. S. Pearson & Co., provided a very pleasant surprise for Mr. Pearson yesterday morning when they waited upon him and asked his acceptance of a very comfortable armchair, as an expression of good will.

The gift was accompanied by the following short address:

Dear Mr. Pearson:

The late staff of the Geo. S. Pearson Co. (your staff), being wishful to express in some tangible way their sense of the sincere good will, and even comradeship, which it has been their privilege and gain to enjoy in work with you, over the past years, now requests you to accept the accompanying easy chair.

They know that no matter what lnie of business you may devote your talents to in the future, if good service to the public and the highest standard of quality will be a large factor of success then your future is assured. They sincerely hope that both Mrs. G. S. Pearson and yourself will long be able to enjoy good health and a well merited prosperity, and that the easy chair which accompanies the message may be emblematic of an eventual restful evening to a life well spent in serving the public honestly and well.

Yours faithfully,
THE STAFF.

FIRST MEETING OF SOCIAL SERVICE COUNCIL

The first of the fall meetings of the Social Service Council was held Wednesday night when officers for the ensuing year were elected as follows: President, Rev. J. K. Unsworth, D.D.; vice-Presidents, Rev. W. E. Cockshott and Rev. F. G. West; treasurer, Mr. T. Bryant; secretary, Rev. S. J. Green; executive, including the above Ald. Coburn and Mr. J.W. Hughes.

Plans were formulated for the holding of a social welfare institute early in the new year upon somewhat the lines followed in the child's welfare institute some months ago, and it is hoped to once more secure the services of the Rev. Hugh Dobson for the occasion.

The desirability of obtaining a district nurse for Nanaimo whose duties would be similar to those undertaken by the Victorian Order of Nurses in larger cities, was discussed, and finally a committee was appointed to make inquiries and report on the feasibility of the scheme. The meeting expressed its gratfication at the acquisition of the Athletic Club by the city as a civic centre.

TEUTONS FEAR ITALIANS VICTORY

Forty Divisions are Detached From Russian Front by Central Powers to Meet Italian Advance on Bainsizza Plateau.

Washington, Oct. 18.—The Italian general staff has learned that no less than forty divisions of German and Austrian troops have been detached from the Russian front to reinforce the Austrian army now facing the Italians. The presence of a large number of German, Turkish and Bulgarian troops on the Italian front also reported is an indication of the realization by the governments of the Central Powers of the imminent danger of a general rout if the Italians continue their successes on the Bainsizza Plateau.

Austrian officers who have been captured by the Italians freely admit the existence of this feeling of apprehension on the part of the general staff.

BIG STRIKE POSTPONED

Kansas City, Mo., Oct. 18.—The strike of 35,000 coal miners of the Southwestern District, embracing Missouri, Kansas, Oklahoma and Arkansas, which was to have begun tomorrow evening, has been deferred pending negotiations between representatives of the Southwestern Coal Operators' Association and the men.

Lieut. Douglas James and Mr. S. M. Dighton are in town in connection with the carrying out of the Military Service Act. Their sole duty at present is to explain the provisions of the act to any men who may be in doubt thereof, and to point out to Class 1 men the advantages they can gain by reporting as early as possible. They are staying at the Windsor Hotel and may be seen there at any time.

Mr. Jonathon Isherwood, Milton street, is in receipt of a postcard from his son, Pte. John Isherwood, stating he is rapidly convalescing from the effects of being "blown up" by a shell. He expects to be soon able to return to the firing line, and sends his best regards to friends in Nanaimo.

WILL SPEED UP COAST FISHERIES

Ottawa, Oct. 18.—As the outcome of conferences between representatives of the Food Controller for Canada and the States Food Administration, steps are being taken to speed up the Pacific Coast Fisheries of both countries.

J Maddock, of Tacoma, Pacific Coast representative of the Fish Committee of the United States Food Administration, was in Ottawa this week discussing with the Canadian Fish Committee plans for joint effort as with an increased supply a decrease in price is hoped.

DIED.

In this city, on Thursday, Oct. 18th, Edward W. McNeil, a native of New Brunswick, aged 64 years.

Funeral Notice.

The funeral will take place from Mr. D. J. Jenkins' undertaking parlors, Sunday, Oct. 21st, at 1:30 p.m.

Friends and acquaintances are respectfully invited to attend.

No flowers by request.

IN MEMORIAM

In Loving Remembrance of Our Dear son William Murray, who died on October 19th, 1910, aged 19 years and six months.

Seven years have passed our hearts still sore,
As time goes on we miss him more.
God took him, it was His will,
But in our hearts he liveth still.

Inserted by his father and mother, Mr. and Mrs. John Murray, South Five Acres, Nanaimo.

MOON ISLAND CAPTURED

Berlin, Oct. 18.—The German forces have captured Moon Island, according to an official statement tonight.

WAGE INCREASE IS DEMANDED

Ottawa, Oct. 18.—From 55 to 60 railroad systems in the northeastern part of the United States and eastern Canada will be asked to increase the wages of the trainmen, baggagemen, brakemen, yardmen and conductors not less than twenty per cent, as result of the deliberations of one hundred and four delegates of Trainmen's and Conductors' organizations on these lines at the annual convention which concluded here this evening.

The convention's approval of the demand for more wages will be at once communicated to more than 200,000 organized workers affected for their approval, and afterwards the railroads will be notified. If granted, the increase will mean an addition of millions of dollars to the annual payroll of the half hundred systems concerned.

M. C. FOR ANOTHER COWICHAN OFFICER

The Military Cross has recently been conferred on Lieutenant Walter Lascelles Gelderd, Liverpool Regiment. He was very well known in Cowichan Station and Hillbank districts, where he farmed for some years prior to enlisting in the 50th Regiment on November 7th, 1914. As a private he went overseas with the 30th Batt., served in the 7th Battalion, and was transferred to the Imperial service. He is now on transport duty. His home is at Kendal, England.

MINING FAKERS FOUND GUILTY

Vancouver, Oct. 18.—Harry Musclow and James A. Muir were found guilty today of conspiracy to defraud the public in connection with the sale of shares in mythical placer gold mining claims.

GERMAN CREW MADE ESCAPE

Ferrol, Spain, Oct. 18.—The commander and sixteen sailors of the German submarine U-B 23, which were interned with German refugees from Kamerun, northeast of Madrid, escaped with the second officer in command of the submarine, and the six remaining sailors have been placed under close guard. The German submarine U-B 23 put into Corunna, Spain, in a damaged condition on July 30, later being dismantled and interned.

BIJOU THEATRE

The programme for today and tomorrow at the Dominion presents as its feature attraction, that daintiest of screen artistes, Anita Stewart in "Clover's Rebellion." Miss Stewart has never had a more fascinating role than that of the unconventional, impetuous Clover Dean. With this will be screened one of the Captain Jinks' Comedies, with inimitable Frank Daniels as chief fun-maker.

POUNDING AT GERMAN LINES

British Guns Continues Heavy Bombardment of the German Lines Preparatory to Attack by Infantry—Haig Reports Successful Raid.

London, Oct. 18.—Field Marshal Haig still is keeping his infantry in the trenches on the Flanders front, while the heavy bombardment of the German lines continues. There has been infantry fighting on the French front, although apparently not on a large scale. German troops attacked nonrtheast of Verdun, near Bezonvaux, but met with a repulse. The artillery battle still is spirited in much of the Verdun area and on the Aisne front along the Chemin-des-Dames.

Air fighting between French and German machines has been unusually intense in the past few days. So far this week thirty-six German machines have been driven down by the French, some of them destroyed and others badly damaged.

London, Oct. 18.—The hostile artillery was active during the night south of the Ypres-Comines Canal and in the neighborhood of Zonnebeke and Broodseinde, says a report from Field Marshal Haig today which adds:

"London troops made a successful raid last night in the neighborhood of Gavrelle. Several of the enemy were killed or made prisoners. Our casualties were light.

"Otherwise there is nothing to report."

Paris, Oct. 18.—A German attack near Bezonvaux, on the Verdun front, was broken up last night by French troops, it was announced officially here this afternoon. Heavy artillery fighting is in progress in this sector and also on the Aisne front. The text of the report follows:

"The night was relatively calm, except on the front north of the Aisne in the region of the plateau, and on the right bank of the Meuse river, in the sectors of Chaume Wood and Hill 344, where spirited artillery activity occurred. We repulsed an enemy attack near Bezonvaux and dispersed a patrol which was attempting to approach one of our small posts in the valley of the Aire.

"On October 17, six German aeroplanes were destroyed and five fell disabled in the German lines.

"Our aviators carried out several bombing sorties. Many projectiles were dropped on the railroad stations at Courcelles, Thionville, Mezieries and Waimills, factories at Pagordange and on numerous munition depots."

STRIKERS ORDERED BACK TO WORK

Springfield, Oct. 18.—Miners on strike in Illinois will return to work by the first of next week in response to an order of President Frank Farrington, of Illinois district, U. M. W. A., that the production of coal be resumed at once, according to the operators here tonight.

Word has been received by relatives here from Corpl. Robert L. Cain of the Canadian Engineers that he is progressing nicely in a Bournemouth Hospital, toward recovery and is looking forward to returning to the front in the near future.

At Ladysmith yesterday Magistrate Stewart fined Robert Forrester $50 and costs for shooting deer at night. Game Warden Graham prosecuted.

DANCE AT QUALICUM ON TUESDAY NEXT

The officers and men of the Qualicum Military Convalescent Hospital are giving another dance, on Tuesday night October, 23rd. in aid of their sports fund. The last dance a week or so was a big success, and the boys are anxious to make Tuesday night's affair even more successful. A five peice orchestra from Victoria has been engaged, and a whist drive will also be run in the dance. The boys are always glad to see Nanaimo's visitors and expect to see a strong contingent up for the dance on Tuesday. They guarantee one and all a jolly good time.

The local Lodge of Elks will meet tonight at 8 o'clock.

TOOK PART IN BIG BATTLES

Private "Billy" Martin Writes Interesting Account of the Capture of Vimy Ridge and Hill 70.

A member of the Herald staff is in receipt of an interesting letter from Private A. W. Martin, son of Charles Martin of the Lotus Hotel, convalescing at the 3rd. Western General Hospital Cardiff, Wales from the effects of being "gassed" on August 18th last.

Referring to the taking of Vimy Ridge and Hill 70, "Bill" writes as follows:--

I was with the 3rd Canadian Pioneers in the taking of Vimy Ridge and it was rough work. The weather was bad but the boys took it without much trouble, we had a lot of men knocked out that day. Well I went into action on the 15th of Aug. with the 7th Battalion when we captured Hill 70 on the left of Lens, well we took it right enough but there was some hard fighting but we held our gains, with all Fritz counter attacks and he never pushed us back. We went over the top at dawn the morning of the 15th. It was just like thunder when our guns opened up a regular drum-fire, a person would think nothing could live under it, but of course they have their dug-outs and tunnels to get into, but we soon got them out with bombs. Well we had our objectives about 10. o'clock that morning. We were to be relieved by another Battalion on the night of the 17th Aug. Well the most of the Battalion did get relieved on that night, but a few of us, were detailed off for packing out some of our wounded. We started to get them out about mid-night and about 3 o'clock the morning of the 18th, Fritz started putting over a barrage of gas shells and we were busy packing a poor fellow that had been hit very bad at the time and by the time I got the wounded fellows mask on him and then my own, as he was not able to put his own on I got a dose of that mustard gas. It never took effect on me until noon Aug. 18th that would be about 10 to 12 hours before taking effect, well it never bothered my stomach but it did my eyes. They began to smart and water and I had to report to the doctor. When he saw me he sent me down the line to a dressing station and from there I have landed in Wales Hospital but I am feeling fine and dandy again and will soon be ready to have another crack at old Fritz. Fred Hillier was in that scrap with me and he came through it alright, you know him he used to work at the Brewery with me.

Well I hope these few lines find you all in the very best of health at home as I am feeling fine and dandy again. Remember me to all the boys.

Yours Truly
A. W. Martin.

Mr. Alf. Wilgress, Northfield, wishes to thank those who in any way contributed to the success of the concert and dance held for his benefit at Northfield on Saturday night.

CORPL. "JACK" BROWNLEE WINS MILITARY MEDAL

Mr. Andrew Brownlee, Wentworth street, is in receipt of information from his son, Corporal J. Brownlee, that he has been awarded the Military Medal for distinguished conduct on Hill 70.

Corporal Brownlee enlisted three years ago with the 30th Battalion at Victoria, and upon his arrival in France transferred to the 15th. He is now trying to get into the Aviation arm of the service and expects to succeed in securing his transfer.

The letter Corp. Brownlee sent to his father informing him of the honor he had won, was written on the day of his mothers death in Nanaimo, viz., Sept. 27th. last.

DOMINION THEATRE

"Patria," the wonder serial will present five reels as its first instalment on the programme at the Bijou for today and tomorrow. Mrs. Vernon Castle, she of the wonderful gowns, and society dances has the leading role, and her work is a revelation in the screen's possibilities. Jolly comedy, and sceinc films also figure in the programme.

While cutting some kindling wood in the yard of her home, Mrs. William Bowater, who resides near the Jingle Pot mine had the misfortune to fall yesterday and fracture an ankle.

RUSSIAN FLEET BOTTLED UP

A Strong Cordon of German Craft Is Barring Exit of Russians from Moon Sound — No Match for German Heavy Guns.

Apparently contingents of the Russian fleet, in all about twenty warships of various classes, are bottled up in Moon Sound, with a cordon of German craft barring the northward exit into the Gulf of Finland or to the south into the Gulf of Riga. Brave, but outclassed by reason of superior gun range and heavier tonnage, the Russians gave battle to the Germans and attempted to force back the enemy armada off Oesel Island. Standing far outside the shell zone of the Russians, the heavier guns of the German dreadnoughts sank the battleship Slava, and so badly damaged other units that the Russian fleet was forced to seek refuge in Moon Sound lying between Moon Island and Esthonia coast. The German fleet immediately began intensive operations against Moon Island, hammering the eastern shore batteries until they were silenced, and also attacking the Russian guns on the mainland, putting them out of commission.

Moon Island was captured and the Russians took refuge inside the Sound. Thereupon the Germans threw warships to the eastward of Kassar Bay lying to north of Moon Island, closing the passage south to the Gulf of Riga.

With this advantage of German naval forces over the Russians, however, comes news of fresh disaffection in the German fleet, and also of a mutiny in the Austrian fleet in the Adriatic, and of bitter feeling between German and Austrian seamen in the Adriatic. German sailors at Ostend are reported to have refused to go aboard submarines for duty, and to have thrown overboard one of their officers. In the Adriatic Austrian seamen have mutinied owing to ill treatment by officers and bad food. Bitter feeling between Germans and Austrians at Pola, the Austrian naval base in the Adriatic, resulted in a fight, in which men on both sides were killed, the trouble being due to the overbearing conduct of German seamen who are attached to the submarine flotilla, and it was necessary as a result of the bad blood to change the German base in the Adriatic to a point further south.

On land there has been no battles of noteworthy importance. In Belgium all the British and French guns are still hammering the German positions, but there has been no indication when a renewed infantry attack may be expected. French troops in the southern portion of the line have repulsed somewhat strong German attacks in the Verdun sector near Bezonvaux and also on the Aisne front in the Vauclerc plateau.

On the other fronts only reconnoitring engagements and bombardments are in progress

Intensive air fighting took place Wednesday between the French and Germans. Eleven German airplanes were driven down by French aviators, making a total of 36 destroyed up to that time this week. The German War Office asserts that thirteen French machines were sent to earth. Numerous air raids also have been carried out by French aviators against German positions behind the lines, while Nancy has again been bombed by the Germans.

Mrs. White of Cedar District is conducting a drawing for the benefit of the Red Cross funds, the prize being a miniature playhouse made by Bert Russel, a returned soldier. Tickets for the prize, which is on exhibition at Parkin's Store, Nicol street, are only 10 cents.

SAPPER WILLIAM CLEWORTH KILLED IN ACTION

Mrs. Alice Bailey of this city, is in receipt of a telegram from Ottawa, informng her that her brother, Sapper William Cleworth, of the Engineers, was killed in action on October 7th last.

Sapper Cleworth signed up in this city, and was a bugler at the local Barracks before transferring to the Engineers. His death makes the second brother Mrs. Bailey has lost in the great conflict.

Fourteen Nanaimo men eligible for military service in Class A. have filed applications for exemption.

THE MILITARY SERVICE ACT

The press is making a good deal of the fact that up to the present, since the Military Service Bill came into force, the majority of the men who have reported have put in claims for exemption. There are many cities in the same position as Nanaimo where not a single man has reported to the postmaster as being ready for service. A little reflection will show that it is only natural that at this stage in the administration of the act, the claims for exemption should exceed the offers for service. The men who, for various reasons, have been unable to decide for themselves whether or not they should enlist, are immediately putting their case before the exemption tribunals. They want to have the question settled for them, and that as speedily as possible. On the other hand, the men who are not seeking exemption, are not hurrying to report for service. They have to November 10th to respond to the call, and locally there has been such an absence of information as to the proper procedure to pursue, that it is not to be wondered at that there has not been a rush of applicants for enlistment. It would have been better if, prior to the publication of the government proclamation, or simultaneously with it, official information on the manner of enlistment had been given out through the press. The men were never given to understand that it would be better for them to report for service immediately ,and as a result there have been no applications for enlistment. Meantime it should be noted that every day men are leaving to join various arms of the service, and many others are only waiting until they can complete the necessary arrangements. The medical examining board is also getting more men for examinatibn every day than it can look after, and nowhere is there any disposition to shirk enrolling. The fact that there have not already been numerous applications for enlistment, is entirely due to the lack of information and instruction as to the course to be taken by the new recruits.

THE ELECTION

According to the latest reports from Ottawa there will be a general election in the early part of December. If this report should turn out to be well founded, then it is about dates for Nanaimo. Mr. F. H. Shepherd has taken a government position, so that there is no candidate in the field. Of course there has been some casual speculation as to possibilities, and the names of several gentlemen are passing round. Strangely enough the name of a local man is never mentioned. This is the more surprising seeing that for so many years the representative of the Nanaimo riding has been a Nanaimo man. In other constituencies an attempt is being made by the Liberal and Conservatives Associations to agree upon a union candidate. So far as we know no action of any kind has been taken in the Nanaimo riding, and the two local associations have made no move in the matter. With an early election in sight prompt action should be taken locally if the representation is to be kept in Nanaimo.

COMMUNICATION

Victoria, Oct. 16, 1917.

Editor Herald:

Sir,—A Union Dominion Cabinet having been formed, it would seem that the support of the people is due to its members, and at this particular juncture in the affairs of the Empire and of the Dominion it would seem right that everything possible should be done to eliminate politics and to select a House of Commons that would support the present Cabinet and do all that business men can do to solve the problems of the day.

There seems to be but little that is controversial with respect to the object of Winning the War. All are desirous of enabling Canada to do her share. The first thing to be done to that end is to provide men, and as Conscription has become law, so far as Parliament is concerned, that matter is settled and is no longer debatable. There remains the matter of providing funds. There can surely not be two opinions as to the necessity of this step, and undivided councils will certainly devise just and proper methods.

If Union is good in the Cabinet, it is equally good in the Electorate, and I suggest that in every constituency a candidate be selected who will be acceptable to all concerned and will be returned by acclamation.

As a first step to this end, I suggest that the Executives of the Liberal and Conservative parties in British Columbia hold a joint session and endeavor to work out a plan whereby a selection of such candidates can be had. I suggest that these two bodies take the first step as they are already organized and can invite to their deliberations the adherents of other schools of thought and seek their co-operation.

Yours truly

FRANK J. STACPOOLE.

ENDS PAIN!

That is what Zam-Buk does when applied to a cut or scratch. It also stops the bleeding, draws out all the soreness, and finally grows new skin over the injured part.

Mr. Victor Lawson, of Magrath, Alta., writes: "I scratched my hand badly with a rusty nail. The wound pained terribly until I applied Zam-Buk, but this balm ended the pain almost as soon as applied, and healing soon followed."

Zam-Buk is antiseptic, and prevents any possibility of festering or blood-poisoning. It is equally good for eczema and all skin troubles, chronic sores and piles. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

LOOK AT CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK

Take No Chances! Move Poisons from liver and bowels at once.

Mothers can rest easy, after giving "California Syrup of Figs,, because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels and you have a well, playful child again. Children simply will not take time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit Fig Syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

ANOTHER BROOKLYN ELEVATOR BURNED

New York, Oct. 18.—The grain elevator of J. W. Gester & Son, on the waterfront in Brooklyn, containing a large store of grain, was destroyed by fire last night with a loss estimated at $200,000. A building adjoining the elevator was burned a few days ago, and it is believed smouldering embers caused the fire tonight.

FLOUR MILLING PLANT BURNED

Indianopolis, Oct. 18.—Fire destroyed the flour milling plant of the Acme-Evans Co. here tonight, causing a loss estimated at $350,000.

THE PLAINT OF THE BALL

Said the Ball to the Bat,
"By this and by that,
I don't care a bit how you use me;
For 'tis long since I learned
For the runs I have earned
That 'tis writers of baseball abuse me.
I am poled, I am pasted;
I'm whaled and lambasted;
I'm walloped, I'm punched and I'm pelted;
I'm slapped and I'm rapped;
On the bean I am tapped;
I'm slaughtered, I'm billed and I'm welted;
I'm directed and lammed;
I'm connected and slammed;
I'm assaulted, attacked and assailed;
I'm driven and laced;
I am faced; I am chased;
I am hammered and then I am nailed.
I am soused; I am pickled;
I'm smacked and I'm tickled;
I am killed; I am murdered; I'm shot
I'm canned and I'm potted;
I'm panned and I'm swatted;
I am given a line that is hot;
I am backed up and bunted;
I'm sidetracked and shunted;
I am given a passage and sail;
I am picked; I am tricked;
I am sicked; I am nicked;
I'm a bird and get salt on my tail;
I am beaten; I'm bounced;
I am teased; I am trounced;
I am given whatever will fit me;
But, true to their tribes,
There's not one of the scribes
Who's content to have batters just hit me."

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEAR BURN, ACIDITY.

"Pap's Diapepsin" fixes sick, sour, upset Stomach in five minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress and ease in overcoming the worst stomach disorders is a revelation to those who try it.

MUNICIPAL VOTERS' LIST 1918.

All persons, whether male or female, desiring to qualify as voters at the Municipal Election to be held in January next, either as:

(1) Assessed owners of property held under agreement to purchase.

(2) Authorized representatives of Corporations.

(3) Householders, or

(4) Licensees

may obtain the necessary forms for that purpose at the office of the City Assessor at the City Hall who is authorized to take the necesary declarations in that behalf.

The time within such assessed owners (agreement holders) or representatives of Corporation may qualify as voters, expires on November 30th, 1917, at five o'clock p. m.

Declarations of Householders and Licensees must be delivered to the undersigned before five o'clock p.m. on the last day of October, 1917, and no such declaration will be accepted unless so delivered within two days after it is made.

The office of the City Assessor will be kept open in the evenings between the hours of seven and nine o'clock from October 24th, to October 31st, inclusive, for the convenience of persons desiring to register.

A. L. RATTRAY, City Clerk.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

HUN ACTIVITY IN THE BALTIC

Germans Have Began Landing Troops on Dago Island — Russian Fleet is No Match for Strong German Squadron in the Baltic.

Singularly reticent is the German office on the latest official communication with regard to the operation of the German naval forces against the Russian squadron which is presumed bottled up in Moon Sound, merely dealing with the naval battle which resulted in the sinking of the Russian battleship Slava. Likewise the most recent communication from Petrograd gives a few further details of the situation. From this latter communication, however, the fact is gleaned that the Russianetaoinshrd gleaned that the Germans at noon Wednesday began landing troops on Dago Island, which lies directly north of Oesel Island after a bombardment, and that German naval units engaged on the conquest of three Islands in attempting to destroy the Russian fleet comprise at least ten new dreadnoughts, about ten cruisers, no less than fifty torpedo boat destroyers and between 8 and 10 submarines. In addition a large number of trawlers and auxiliary and hydro-aeroplanes, and other aircraft are working with the enemy. Two German torpedo boats have been destroyed while going through the mine field in Moon Sound, according to a Petrograd dispatch, and two German trawlers have been sunk by the fire of the Russian flotilla.

That the seriousness of the situation is fully recognized by the Russians is indicated by the fact that although such a contingency has been reckoned upon previously but not carried out, the Russian capital is to be removed from Petrograd to Moscow in the near future. The civil population is already evacuating Revel, one of the principle Russian ports on the Gulf of Finland. Artil- ...ue the principle me- ... in the major thea-

"THE MILLION DOLLAR DOLL"

A jingling, joyful comedy, with sparkling music and pretty girls, is what is promised all who see "The Million Dollar Doll" at the Dominion Theatre next Tuesday, Oct. 23, when she makes her appearance in this city. A company of recognized musical comedy stars, and a "Real Beauty Chorus" which sings haunting tunes, with pretty sensational dances in costumes of great beauty, that are a perfect riot of color, will present this new musical comedy. There has never been a show that has received more flattering press notices. The unanimous approval of the public has been accorded it, and the verdict, wherever this comedy has been presented, has always been most favorable. The new Twentieth Century play will be the attraction at the Dominion Theatre, for one Night only and you cannot afford to miss it.

Reserved seat sale now on at Van Houten's drug store.

CORP. MARTIN HAS WON ADDITIONAL HONORS

Corpl. William Martin, son of Mr. Daniel Martin, Newcastle Townsite, has been awarded a bar to the Military Medal won by him for gallantry in action some time ago.

Corpl. Martin is a native son of Nanaimo, and the additional honors he has won will be learned of with considerablep ride by his townsmen. "Billy" is at present in hospital at Warrington, Eng., recovering from wounds which have incapacitated him for further service in the war, and he is expecting leaving for home in the near future.

THE WIN THE WAR MOVEMENT GROWS

The general committee of the Win the War League met in the Council Chambers last night and decided to hold a mass meeting in the city next Friday evening, Principal W. H. Vance, President of the Vancouver League has promised to come over and address the meeting and both the Victoria and Esquimalt Leagues having proffered their active co-operation it is certain that at least one, and quite probably two, prominent speakers from the Capital will also be present.

Over a hundred signed pledge cards were handed in at the meeting, showing that the members of the committee have not been idle during the past week, and also that the objects of the League are meeting with very generous approval in the city.

The matter of adopting a constitution on the same or similar lines to that adopted by the Victoria League, a copy of which had been kindly forwarded by the Secretary of that body, was left in the hands of the executive, who were instructed to report as to the desirability of taking such action at the next meeting.

LEONARD OUTFOUGHT BRITTON

New York, Oct. 19.—Benny Leonard, world's champion lightweight, outfought Jack Britton, of Chicago, former welterweight champion, in six rounds of a ten round bout here tonight. Britton had the better of two rounds, and honors were even in the other two. Leonard weighed 133 pounds and Britton 139.

BIJOU THEATRE

Mrs. Vernon Castle Learns Her Husband Has Been Decorated.

Mrs. Vernon Castle stars in "Patria," the International's serial of romance and patriotism, which is being shown at the Bijou theatre today.

She is in receipt of a batch of letters from some of her husband's friends, telling of his brave work as an ensign in the British Royal Aviation Corps Mr. and Mrs. Castle write to each other each day, but, because of the infrequency of the mails, the letters usually reach their destination in large numbers.

The celebrated actor and dancer led a flight of seven monoplanes over the German lines, located Genermont and the Boville farms for the French artillery and brought back his aviators without an accident. As a result of the work of the American aviator, the French captured several salients.

While Mrs. Castle has put forth the greatest effort of her life to make impressive and forceful the remarkable preparedness play, "Patria," her husband devoted himself to the actual work of fighting.

Mat Storey writes from "Somewhere in France" that he is getting along well on construction work. Mat was slightly wounded when a shell exploded only ten feet from him, but he made a speedy recovery and was soon back on duty. His brother John, who was connected with the local post office staff, is now engaged in postal work at the front.

Mr. Ray Case, who is leaving this morning for Toronto to join the mechanical department of the Royal Flying Corps, was the guest of a number of his friends at a reception which was arranged in his honor in the Assembly Hall Thursday night. Some fifty of his young friends were present and all united in an effort to make the occasion a memorable one for their guest.

THOMAS MUNRO PASSED AWAY

Resident of the District for Upwards of Forty Years Died Last Evening at Family Residence, Wellington.

The death occurred at the family residence near Wellington, last evening, of Thomas Munro, a resident of the district for the past 42 years, and one of the best known settlers of this section of the Island.

The deceased was a native of Earltown, Nova Scotia, aged 83 years, and is survived by one son, Charles Munro, Wellington, and four daughters, viz., Mrs. Biggs, Wellington; Mrs. J. J. McLeod, Nanaimo; Mrs. A. H. Walker, Victoria, and Mrs. A. W. Courtenay, Ladysmith. His wife predeceased him last July.

The funeral, arrangements for which are in the hands of Mr. D. J. Jenkins, will take place on Monday next from Jenkins' parlors, the interment taking place in the Nanaimo cemetery.

U. S. TRANSPORT IS TORPEDOED

Former Ward Liner Antilles Sunk with the Loss of Seventy Lives—Was Homeward Bound from War Zone.

Washington, ct. 19.—The American transport Antilles, homeward bound, was torpedoed in the war zone on October 17, and went down with the loss of about seventy lives. The ship, formerly a Ward liner, was under convoy by a naval patrol when attacked. Neither the submarine nor the torpedo were seen. All the naval and army officers aboard were saved, and all but three of the ships' officers, but sixteen soldiers out of 33 aboard were lost.

Frank Wing Wah, carrying on business in ladies' and children's wear, in premises on Fitzwilliam Street, was convicted in the City Police Court yesterday by Magistrate Potts of having a quantity of intoxicating liquor on his premises, and was fined $50 and $3 costs. The question as to what disposition will be made of the liquor was taken under advisement by the Magistrate for one week.

LASQUETI ISLAND LAUNCH LOST ON MONDAY

Mr. Otto Kurtzhales, of Lasqueti Island, lost his 26-ft. launch in the heavy nor'west storm on Monday last. The launch broke away from its moorings in Squeti Bay, and was driven on to the Sisters Islands, where it was sighted by some fishermen, who attempted to tow it back to Lasqueti Island, and in endeavoring to shorten the tow line a heavy sea struck the launch and swamped it, so that the trim little boat went down in about 20 fathoms.

Mr. Kurtzhales had intended to make a trip to the Mainland, and as a consequence had the boat well provisioned, and contained all his personal effects, which were lost with the boat. Mr. Kurtzhales was in town yesterday and purchased a new launch and intends leaving for Vancouver today.

The trustees of the Nanaimo Bay School (Nicol Street) wish to express their thanks to all who helped to make the dance held last evening for the benefit of Mrs. Foy, a success. They also wish to thank the orchestra for its service and the Heintzman & Co., for the use of piano.

The name of Mrs. J. A. Irvine was omitted from the published list of subscribers of the amount of $2 to the Y. M. C. A. Fund.

NOT LOYAL TO TEUTON ALLIANCE

Bulgarian Agents Are Endeavoring to Get Into Touch with the Entente Powers on the Subject of Peace—Fears Duplicity of Germany and Austria.

Copenhagen, Oct. 19.—While Emperor William and King Ferdinand of Bulgaria have been exchanging assurances at Sofia, of the unshakable loyalty of Bulgaria and Germany to each other and of the permanent nature of the alliance of the two countries, Bulgarian agents abroad have been endeavoring to get into touch with the Entente Powers on the subject of peace and its subsequent relations. Their efforts are declared to be inspired by the apprehension that Germany and Austria-Hungary, particularly the latter, may not be overzealous in defending Bulgaria's interests at the peace conference, as well as by the desire on Bulgaria's part to escape from revolving in an exclusively German orbit after the war. The Associated Press correspondent reports that a Bulgarian representative recently sought and obtained the opportunity in a neutral European capital to lay before the Entente governments the special desires of his country with regard to a peace settlement and in a one-sided conversation explained Bulgarian aspirations to regain an independent political status as soon as the war was concluded and to resume cordial relations with the Entente Powers. As the case was presented in short, Central Europe's idea of an economic league in which Bulgaria would play comparatively minor role, does not appeal to the Bulgarians.

TURKISH EMPIRE IS STAGGERING

Reports Reach Britain and France That Ottoman Empire Cannot Last Much Longer.

London, Oct. 19.—Many reports of the growing weakness of Turkey have been recieved in this country and France from various sources during the last week. If there is any truth in them, Turkey is on the point of collapse.

Some of the reports say that there is a definite movement on in the Ottoman Empire to break with the Central Powers and that Kaiser Wilhelm's visit to Constantinople was brought about by this peril. The continuous food riots are said to be merely a surface indication of internal conditions which are rapidly approachng the breaking point.

Zurich, Oct. 19.—"The journey of Kaiser Wilhelm and Foreign Secretary von Kuehimann should be regarded in a certain sense as a preliminary step toward peace," says The Neuste Nachrichten of Munich.

"The Kaiser's conversations at Sofia and Constantinople certainly mean that examination of every possibility in that direction although it would be a mistake to conclude that the decision might embody concessions in the nature of a programme of annexations by the Entente. The peace by conciliation which we desire has nothing in common with Lloyd George and Asquith."

Copenhagen, Oct. 19.—The key to the policy of the German Government in refusing to make any definite statement of peace terms is furnished by Herr Hoch, a Socialist member of the Reichstag. German newspapers report that the Deputy told yesterday how Dr. Bethmann-Hollweg, before his retirement as Imperial Chancellor, declared to the Socialist members of the Reichstag that as Chancellor he could not commit himself, but must pull out in the peace negotiations whatever could be obtained for Germany.

Hoch cited this as proof of the ambiguous game the Government is playing with its various indefinite peace declarations.

ANOTHER RAID UPON ENGLAND

Eastern and Northeast Counties of England Visited by Hun Raiders Who were Prevented from Reaching London Area.

London, Oct. 19.—At midnight six or seven airships raided the eastern and northeastern counties of England, dropping bombs at various points, including a few in the London area, according to an official statement just issued. At this hour the raid is still proceeding.

There were the customary scenes in London. People hurried to subways and other shelters which were soon filled. Omnibuses, however, continued running. After a warning was sounded very distinct roars of guns were heard for a few minutes, searchlights were in action but no hostile aircraft was seen. It is evident the raiders were prevented from reaching the London district.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little Cost and just see for yourself.

An attractive skin wins admiration In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and spotless complexion.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a botttle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every womaan knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.

Would You Like to Earn $1 or $2 Daily the Year Round at Home

The Hosiery trade is booming, and the Demand far exceeds the Supply. We gladly take all the goods you can send us.

We must have more workers at once to help us keep pace with the demand. The Auto Knitter is sent on favorable terms to reliable persons, and we furnish full instructions how to knit sox, etc., also all yarn needed. The work is simple and easily learned; the Auto Knitter is a high speed machine, and works by turning a handle. Our fixed rates of pay guarantee you a steady income the year round, no matter where you live, but our workers often largely increase this by working for private customers.

Working either whole or spare time, this pleasant employment has brought prosperity to many workers in their own homes, and should do the same for you.

Write today, enclosing 3c in stamps, for full particulars, rates of pay, etc., and see what you and your family can now earn at home.

MILITARY SERVICE ACT

"If you are a male British subject and are ordinarily a resident in Canada, or have been at any time since August 14th, 1914, resident in Canada; and you are not less than 20 years of age or more than 34 and are unmaried or a widower without a child, and come within the above age limits, you must fill in one of the forms to be obtained at the Post Office in your district. If you are ready to serve fill in the form reporting for service. If you claim exemption use the form provided for the purpose. Men who file their claims for exemption early will have the benefit of their claims being given prior consideration. For this reason no time should be lost in carrying out these instructions. These conditions must be complied with in addition to the Medical Examination. The necessary forms can be obtained at the Post Office and must be filled out there."

"TIMES" THUNDER

Premier Brewster, says the Victoria "Times," suffers no loss of prestige through his exclusion from the roll of honorary officers selected by the Vancouver Centre "Liberal" Association, and if Sir Wilfrid and Senator Bostock know the real political creed of some of the promoters of the meeting they will not appreciate the extremely dubious distinction bestowed upon them in including them in the list. If Mr. Brewster had only "looked after the boys," if he had capitulated to the deputation after deputation which came here seeking pelf, he would have been top-liner at the annual gathering of Messrs. Wade, Macdonald & Company. Heaven help Liberalism in Vancouver if it is faithfully represented by the group which sent up a continuous howl to the Government for pap for the Vancouver Sun, after that newspaper had got all it could from the various corporations seeking public favors, and whose political philosophy does not extend beyond the flesh-pots! How anyone professing real Liberalism and opposition to machine politics can stay in that atmosphere is a mystery. It reminds us of New York Tammany posing as the champion of American democracy.

THE MILITARY SERVICE ACT

Two military representatives in the persons of Lieut. Douglas James and Mr. S. M. Dighton are now located in the city for the purpose of generally looking after the administration of the Military Service Act. Their advice to men who have been called out, is to register at once. Early registration does not mean that a man will be called on for service any sooner for doing so. It only means that it will enable the military authorities to keep tab on the number of men available in the various centres, and render the task of final mobilization a good deal easier and smoother. The men who have already been before the medical examining boards can obtain registration forms at the Post Office, and they might as well complete their share of the preliminary work by filling in and depositing their registration forms.

TOO MUCH POLITICS

The Vancouver Sun has entered a plea of not guilty to the charge made at the McInnes-Martin Liberal meet- that it was no longer a Liberal paper. It is a very mild plea that the Sun enters, but it is perhaps all the more effective. Outside of the meeting in question, no one needed to be told that the statement about the Sun "was misleading." As a matter of fact the statement meant no more than that the Sun was not preaching the particular gospel of Liberalism believed in by the delegates who attended the meeting of the Centre Association. But there is no telling that the meeting represented the main body of Liberalism in Vancouver. The political developments of the last few weeks, culminating in the formation of a union government, have caused divisions in the ranks of Liberalism, just as it has caused divisions in the ranks of Conservatism. It is the way of political associations and party executives to vent their dissatisfaction on the papers which have supported them. Too much is expected of a paper in the way of party support. A newspaper is a commercial venture, just the same as any other business, and has a right to some independence of opinion. In stating that Canada is suffering from too much politics the Sun is simply expressing the views of all those who have the interests of the Dominion at heart. In view of the crisis which Canada is now facing, it is impossible to feel anything but contempt for the professional politician who cannot subordinate his own and his party's interests to the greater interests of the welfare of the whole nation.

STANFIELD'S

Unshrinkable UNDERWEAR

Owes its Popularity to the Very Best of Wool

Of the kinds of wool needed for the favorite lines of Stanfield's Underwear, we are the largest purchasers in Canada. This gives us command of the market, so that we are able to secure just what we want in weight and length of fibre—in fact, we get the pick of the kind of wool best suited to the many different weights and classes of Stanfield's Underwear.

Our practice is to buy our wool supply months ahead of requirements. This gives plenty of time to grade it accurately and clean it thoroughly. During the cleaning, and before it goes to the machines to be spun and knitted, a secret Stanfield's process takes the "shrink" out of the wool.

Made up into garments, this wool is delightfully soft, and so strong and durable that Stanfield's actually costs less per year of wear than the cheaper, less comfortable kinds.

For the growing child, Stanfield's new Adjustable Combinations and Adjustable Sleepers (with feet) are simply perfect. By moving the waist buttons each combination or sleeper can be kept just the right length till it is worn out, and the lower part of the garment can be quickly removed.

Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class ; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons :

it is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life ;

the military Service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper examinations have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories :

Category A—if fit for service in overseas fighting units.
Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
Category C—if fit for service in Canada only.
Category E—if unfit for military service of any nature.

If not placed in category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued By
The Military Service Council.

GIRLS! GIRLS TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR.

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few week's use when you will actually see new hair—fine and downy at first—yes—really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Wnowlton's Danderine from any druggist or toilet counter for a few cents.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callous without pain or soreness or the danger of infection.

This simple drug, while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

BATTLES IN AIR AND ON WATER

German Raiders Wrought Havoc with Convoyed Merchant Fleet, but Hun Air Squadron Met With a Disaster in France.

Germany scored on the water Saturday breaking up merchant convoys in the North Sea. The raiding cruisers sank two British destroyers and nine of twelve convoyed ships. Germany suffered little less than a disaster in the air, however, when four, and probably five Zeppelin airships, believed to be returning from a raid on England, were brought down in French territory by airplane and anti-aircraft gun fire. The sea tragedy cost the British a loss of 135 officers and men, on the destroyers, who were left to their fate by the German raiders, as were the crews of the sunken merchantmen. About one hundred of the merchant sailors, however, are known to have reached shore in boats or on British patrol craft. All but three of the trading ships were of Scandinavian nationality, most of them apparently being small vessels. The character of the raiding warships is not apparent. The British admiralty describes them as very fast and heavily armed, while Berlin in its report refers to them as "light sea-fighting forces." They escaped the vigilance of British guardships under cover of darkness both on their outward and homeward trips.

The story of Germany's reverse began with the account of a raid on England last night in which bombs that Zeppelins dropped killed 27 persons and injured 53 others. Reports soon began to be received, however, of the Zeppelins being brought down in France. These were at first supposed to be belong to an independent raiding fleet. Dispatches from France late in the day, however, declared them to be raiders returning from England.

They had appeared over French territory and were scattered to various parts of the country as the alarm went out and French airmen rose in swarms to attack them.

The Russian fleet which was trapped by the Germans in the waters around the Gulf of Riga, is apparently in a desperate situation. The Germans have sown mines south of Moon Sound to block an exit to the Russians there, while they are closing the route to the north, while Berlin reports say they are proceeding according to the German plan.

On the western fighting front the artillery battles are continuing, both in Flanders and in the Aisne region, but no infantry operations of any moment are reported. In none of the other war areas have operations of a nature to command especial attention occurred.

RAIDERS SANK ELEVEN CRAFTS

Convoy in North Sea Was Attacked by Two German Raiders — Two British Destroyers Sunk.

London, Oct. 20.—Two German raiders attacked a convoy in the North Sea on Wednesday and sank two of the British escorting destroyers, it was announced officially today. The British torpedo destroyers sunk were the Mary Rose and the Strongbow.

The official announcement says that three merchant vessels escaped in the action but that five Norwegian one Danish and three Swedish vessels were sunk without warning. Thirty Norwegians were rescued by patrol craft.

The raiders, which were heavily armed, showed anxiety to escape before they could be interrupted by British forces, adds the official report, and made no attempt to rescue the crews of the sunken destroyers. All the officers and men of the Mary Rose and Strongbow were lost.

The report declares untrue the German story to the effect that the attack occurred in the territorial waters of the Shetland Islands.

The hostile raiders, it appears, succeeded in evading the British watchers on dark nights on both the outward and the homeward dashes.

The official report says:

"Two very fast and heavily-armed German raiders attacked a convoy in the North Sea about midway between the Shetland Islands and the Norwegian coast on Wednesday. Two British destroyers, His Majesty's ships Mary Rose, Lieut.-Commander Chas. Fox, and Strongbow, Lieut.-Cammander Edward Brooke, which formed the anti-submarine escort, at once engaged the enemy vessels and fought until they were sunk after a short and unequal engagement.

"Their gallant action held the German raiders sufficiently long to enable three merchant vessels to effect their escape."

Christiania, Oct. 20.—Of twelve ships sailing under convoy from Norway to England and sunk on Oct. 17 by German cruisers, five were Norwegian, representing a total of 3400 tons; two Danish, two Swedish, one Belgium, and two British. So far, 71 survivors, after strenuous rowing have arrived at different places on the west coast.

The funeral of the late Thomas Munro will take place from Jenkins' undertaking parlors, Monday afternoon at 2:30, the Rev. J. K. Unsworth officiating. The interment will take place in the Nanaimo cemetery.

Pte. William Steiner of the Army Medical Corps, is up from Victoria, spending the week-end with relatives and friends.

Mrs. Edward Vincent and Mrs. Thompson, of Vancouver, arrived in the city Friday evening and left yesterday on a visit to Miss E. I. Reynolds, Cumberland. During their stay in the city they were the guests of Mrs. Frank Reynolds, Wallace St.

EAGLE HOTEL HAS INSTALLED LUNCH COUNTER

The advent of prohibition has made a number of changes in the life of the community affected, and hotel men that formerly catered to quench the thirst of customers are now looking around to find a substitute for king alcohol. Pop Gouge is the first of the local men to install a lunch counter in connection with his business and visitors to the Eagle Hotel can now get served with Chili con Carnie, Clam Chowder, oyster cocktails, ham sandwiches and a number of other choice delicacies that are not only appetizing but serve the cravings of the most exacting appetite.

The Eagle Lunch Counter is open throughout the afternoon and evening and will always carry a large assortment of the choicest delicacies.

33 WILLING TO SERVE

Victoria Oct. 20.—Figures for the week's registration under the Military Service Act show 407 applied for exemption and 33 willing to serve.

DANISH STEAMER SENT TO BOTTOM

Copenhagen, Oct. 20.—The Danish steamer Stella, 836 tons, is officially announced sunk Wednesday while bound from Norway to an English port. Seven of the crew are reported to have reached a Norwegian port.

The Stella was probably the Danish steamer reported in an announcement by the British War Office of an attack by two German raiders on a convoy in the North Sea on Wednesday when two destroyers and nine other vessels were destroyed.

The funeral of the late Edward W. McNeil will take place at 1:30 this (Sunday) afternoon from Mr. D. J. Jenkins' undertaking parlors, the Rev. J. K. Unsworth officiating.

ORANGE LILY LODGE HANDS OUT ROAST

The Lady Orange Lily Lodge of Nanaimo has prepared a statement for publication which reads as follows:

Editor Herald,

At a largely attended social of the Lady Orange Lodge, and friends whose object was the raising of funds for Christmas treats to their members at the front, a general discussion took place regarding the foreign element in Canada, and Mrs. Ralph Smith of Vancouver, who is reported as patting the Foreigner on the back and eulogizing his offspring. If Mrs. Ralph Smith would leave party politics alone, and take a general view of the dishonest and corrupt conditions that are existing among the powers that be, including both Liberals and Conservatives from the Atlantic to the Pacific, we feel assured she will find a much larger scope for her abilities and draw around her the largest number of the Common People who are praying that Canada become honest.

The flag of graft and privilege floats over the Dominion and Provincial buildings and the Foreigner is allowed to stay at home in comfort, reaping the harvest while our brave boys are sent to the trenches to fight and die. Mothers of Canada know what awaits the future of their daughters and yet our Churches and City Councils remain mute.

The great burning question among the Mothers of Canada today is, "Why is the Foreigner not compelled to take his stand with the British and Canadian boys? If the Country is worth living in surely it is worth fighting for."

We are given to understand their is now a Coalition Government at Ottawa; but the Signs of the Times contradicts such an organization and the only remedy is to scrap the Grand old Tory party and the Grand old Liberal party. Canada must have a National Government, placed ahead of party by her citizens. Our National self respect demands a country free and independent, which would be of the greatest help to the Mother Country, and her Allies in their supreme struggle for the Liberty and Freedom of the World.

We would heartily suggest the co-operation of all Lady Lodges throughout the Dominion along these lines to put their shoulders to the wheel, and not rest content until Victory has crowned our efforts.

Signed on behalf of Lady Orange Lodge.

Eliza Faulkner, Worthy Mistress.
Emily Paul, Deputy Mistress.
S. E. Naylor, Secretary.
Mary Kirkpatrick, Treasurer.

Reporting a concert in the Y. M. C. A. hut at the Willows Camp, Victoria, on Wednesday last, yesterday's Colonist says: "Another treat for the evening was the second appearance at the Willows of Mrs. Lilian Shaw, nee Miss Chiswell of Nanaimo, a singer of considerable local prominence. Her rendition of "Calm Is the Night" by Franz Abt. was highly appreciated, and as an encore she sang 'I Love You. Mrs. Shaw is, without doubt, the most accomplished singer ever heard at the Willows, and the boys are looking forward to her appearance in the very near future again. She was very ably accompanied by Miss Shrapnel."

BOMBING CRAFT NOW PLANNED

Heavy Machines With Greater Armament Than Ours Now In Use Are Being Planned for American Aerial Fleet.

Washington, Oct. 20.—The day of thrilling air duels between individual aviators seems to be passing. Both official and unofficial advices from Europe recently have shown the increasing use of heavier machines with greater armament. There are indications that heavier armament already has been necessary in the program for creating the huge air fleets provided for by Congress. While there will be no lack of small fighting planes it is probable more stress is being laid now on bombing craft and upon increasing the speed of heavier machines and giving them adequate armament. Already the engineers who designed the Liberty Motor are at work on plans for even a more powerful motor, it is understood. At the same time the Liberty Motor is now produced at a rate that assures a sufficient supply when American flyers assemble in force over the fighting lines.

There have been rumors of great German aircraft soon to make their appearance and officials believe that the Germans are impressed with the desirability of substituting heavier machines in which fighting power takes the place of high speed.

SEATTLE STRIKE IS AT AN END

Seattle, Oct. 20.—Seattle Steel shipyards, tied up since Sept. 29th, by a strike, will resume operations Monday morning. The boilermakers, the last union of the Metal Trades Council to take such action, today voted 1,457 to 1,239 to return to work, reversing the decision they reached a week ago to stay out until their demands were met in full. The action of the other unions involved, influenced the boilermakers. Shipyards workers agreed to resume work under conditions existing prior to the strike, pending a settlement of their demands by the Federal Wage Adjustment Board. They have in no way conceded any of the points at issue.

WAS KILLED WHEN ON SENTRY DUTY

Mrs. Catherine McKenzie, Comox Road, is in receipt of a letter from Major D. D. Young, acting officer commanding the 72nd Battalion, giving details of the death of her son, Private Duncan McKenzie, who was killed in action on Sept. 17th.

Major Young writes as follows:

Sept. 27th, 1917.

Dear Mrs. McKenzie:

It is with very deep regret that I have to inform you of the death of your son, 1015183, Pte. Duncan McKenzie, of this Battalion.

While on sentry duty in the front line trenches on the early morning of September 17th, an enemy high explosive shell exploded close to his post, killing him instantly. It may be of some small comfort to you to know that he suffered no pain.

Your son was one of a recent draft to this Battalion and during the time he was with us he proved himself to be a very capable and willing soldier ready at all times to do his duty and to take part in any work which was required to be done.

The body was taken out and buried in a military cemetery some distance behind the firing line where a cross has been erected to his memory. Particulars of the burial service however, will doubtless be forwarded to you by the Army Chaplain who conducted the service. His personal effects will be sent to you through the Base, but it may be some time before these reach you in Nanaimo.

Permit me to extend to you, on behalf of all ranks of this Battalion, our sincere sympathy in the great loss you have sustained.

Yours faithfully,
D. D. YOUNG,
Major.
Acting O. C. 72nd Battn., Canadian Infantry.

FRENCH BAGGED FOUR ZEPPELINS

German Air Raiders Met With Warm Reception by French Guns and Airmen—Suffered Heavy Losses.

On the French Front in France, Oct. 20.—Four zeppelins were destroyed or forced to land in various districts of France in the course of a raid undertaken by those hostile aircraft during last night.

Paris, Oct. 20.—A zeppelin was brought down in flames late last night at Rambervillers, near the Alsatian border, and two others were forced to land. They belonged to a squadron composed of a large number of zeppelins which flew over the Vosges.

London, Oct. 20.—The approach of eleven zeppelins was signalled throughout France late last evening. At once air defence squadrons and batteries all over the country were warned and the enemy airships were attacked and scattered all over the country like a flock of frightened birds. One zeppelin was brought down at St. Clement near Luneville, by anti-aircraft guns. Two others were brought down or forced to land, one at Vergeannes in the department of Cote D'Or, and the other at La Marche, in Haute Marne.

One of these was damaged by the French airmen, and others by guns. A fourth zeppelin, after being chased throughout central France, through the districts of Lyons, Dijon and St. Marcellin, was brought down at Gap in the Haute Alpes. No bombs were dropped in France by the zeppelins, which were practically at the mercy of the French air defence service from the moment they crossed the coast.

TAKING SOLDIERS' VOTES AT FRONT

Ottawa, Oct. 20.—Various departments of the Government have been bombarded with requests for appointments to go overseas to take the soldiers' vote. No such appointments it is stated, will be made. The whole of the work of taking votes will be in the hands of the military or naval men.

Major Purney, Overseas Clerk of the Crown in Chancery, who leaves for England in a few days, will have the task of organizing the war areas of France and Belgium territorially, and probably will make some effort to collect the votes of the Canadians with the British and French armies. He will select a number of the higher army officers, who will act as presiding officers. They, in turn, will appoint from the army hundreds of deputy presiding officers, who will actually take the vote. Copies of every city directory in Canada are being sent overseas to help the soldier in determining the constituency in which his vote is to be cast.

STRIKE CALLED OFF

Portland, Ore., Oct. 20—The shipyards strike in the Portland district was officially declared off tonight when a majority of the unions involved voted to return to work. The Federal Labor adjustment board left tonight for San Francisco.

PROPOSED STRIKE POSTPONED

San Francisco, Cal., Oct. 20.—Meetings of unions connected with the Pacific Telephone Telegraph Co., were to take place in many points along the coast tonight to ratify the action of their representatives here in postponing the proposed strike from midnight tonight, until Saturday, Oct. 27th.

DASTARDLY WORK HUN RAIDERS

Widow and Her Seven Children Were Among the Victims of Raiding Airships Over England Friday Night —Gained no Military Advtage.

London, Oct. 20.—Investigation by the Associated Press of the London area affected by last night's air raid showed no serious property damage had been caused by the attacks of the German airships. Crowds of curious onlookers flocked to the scene which had been roped off and guarded by policemen. One remarkable feature of the raid was the fact that many persons living in other sections of London knew nothing about the bombing until they chanced to pass through the street in the district where bombs fell, and saw broken windows in a few buildings, sightseeing crowds and policemen.

While a vain search was made for any military advantage gained by last night's air raid several tragic stories came to light. Perhaps the most pitiful was the killing of a widow and her seven children in addition to a lodger in the house. It appears that the mother went to the front door and inquired of a neighbor if the "all-clear" signal had been given, and turned to go back when a bomb dropped. A few minutes later a neighbor found the mother unconscious in the street, her home wrecked, and the children buried in the debris.

Another remarkable case was that of a young woman who was dug out of the wreckage in the basement of a fish market, where several persons with whom she took shelter, were killed. She was pinned there for several hours, but escaped serious injury. A little boy was found buried under a table in a wrecked house where several persons were killed and injured, but he was unharmed.

AUSTRIAN REGIMENT JOINS ROUMANIANS

New York, Oct. 20.—Newspapers here today publish the following dispatch from Washington: "An entire Austrian regiment, with officers at its head, and carrying their arms, has surrendered to Roumanians along the Russo-Roumanian front, according to cables received today.

"The report stated that the regiment composed entirely of Mohammedans from Bosnia. The colonel declared that they were all Jugoslavs, and surrendered voluntarily in order to enlist in the Jugoslav legion now being formed out of the re-organized Serb army.

"The recent agreement between the Serbian Government at Corfu and the Jugoslav committee in London in regard to the establishment of a Jugoslav state is being received with enthusiasm by the Slav population in Austria, the colonel stated. The officers of the regiment declare that they expect fresh desertions, especially among the Czechs and Croatian soldiers."

BIJOU THEATRE

The cast of "The Tortured Heart" which is the feature at the Bijou for Monday and Tuesday, is one of unusual excellence even for a Fox production. Supporting the emotional actress Virginia Pearson are seen such fine artists as Marion Swayne, Stuart Holmes, Fuller Mellish and Glen White to mention only a few.

The comedy on the bill is a Fox two reeler "The Cloud Puncher" which is said to be a whirlwind of action and laughter. This is a Fo bill all through, and should not be missed.

THE GOVERNMENT'S POLICY

The policy of the Union government, as announced by Premier Borden, is comprehensive enough to satisfy the most exacting. Evidently the statement had been drawn up after full consultation with the new members of the Cabinet. It covers practically all the issues that have arisen from the war from the abolition of profiteering and the conscription of wealth, to the better provision for returned soldiers and the dependents of soldiers. Even the civil service is to be reformed to such an extent that there will be practically an end of political patronage. The programme will satisfy the most enthusiastic and ardent win-the-war leaguer if it is carried out. But here again there is nothing to do but take the government on trust. We are fully aware that the records of past Canadian governments afford little ground for believing that any pre-election programme is framed for anything but election purposes. Just for a moment recall the passionate tirades that were delivered in this province a year ago by Liberal politicians about the evils of the patronage system. Premier Brewster in his tours of the province declared time and again that if he were elected there would be an end of patronage. Well, Brewster was elected, and if ever in the history of Canada there were grosser abuses of the patronage system than there have been under his regime, we should like to know of it. We do not believe that Premier Brewster is solely to be blamed for this, except in so far as he consciously promised more than he could carry out. Evidently he has not gone as far as the machine wanted him to go, hence the machine's refusal to have him as an officer. The fact is that it is well nigh impossible for any party government to cut out patronage, or run counter to the orders of the party machine. But the union government to a large extent is non-party, and by virtue of its composition can carry out reforms which would be impossible for a straight party government. It can cut into profiteering and eliminate the patronage system without fear of the political results to follow. There is therefore all the more reason for the people of Canada who want to bring about clean politics and clean government to vote for union candidates. Broad and drastic as is the programme announced by Premier Borden there is no reason why it should not be carried out in its entirety, and it is this very fact that has so alarmed the party machines. As a general election principle we should say that whatever the machines and their products, the professional politicians, oppose, is for that reason all the more worthy of support by the electors.

SUPPORTING LAURIER

Liberal associations in coast cities are passing strong resolutions in support of Laurier. They will not consider union candidates, and regard with scorn the win-the-war leagues which have been organized. They want Laurier and will have none other. It is hard to believe that the men and women who are voting these resolutions can have realised the real meaning of their action. Laurier will not stand for conscription, and most assuredly he will not guarantee to raise the necessary reinforcements for the army by voluntary recruiting. He will not give this guarantee because he knows, as everybody else knows, it cannot be done. The case then stands thus: If reinforcements cannot be got for the boys at the front, then the boys at the front should be brought back home. We know of men from Nanaimo who have been for over two years on the firing line. Their only relief has been when they were wounded, and no sooner are they recovered than they are sent into the trenches again. If, therefore, they are not to be properly reinforced then they ought, in fairness, to be called back home. This means quitting the war, and this is exactly what supporting Laurier means.

PAPE'S DIAPEPSIN FOR INDIGESTION OR SOUR, ACID STOMACH.

In five minutes! No dyspepsia heartburn or any stomach Misery.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

VICTORY IN THE AIR

Remarkable Liberty Motor Out-Rivals Anything Produced in European Countries—Light Weight and Speed Make it Supreme—Jesse G. Vincent One of the Designers.

From present indications victory will come to the Allies in 1918 through the air. Enormous fleets of airplanes, such as have hitherto never been considered, will be turned out by American factories and will bring home to the Autocrats of Germany the fact that they are playing a losing game. This is the "dope" at least and there is every reason to believe that it is good "dope."

An initial appropriation of $640,000,000 has been made for the purpose by the United States. Another appropriation of a billion dollars will be forthcoming. We have the men and the materials in abundance which will make possible an Armada of 10,000 airplanes.

The great problem that confronted Government experts was one concerning motors. French, and British motors, though light and speedy, were outclassed by those of German manufacture. It was up to this country to produce a motor superior in every respect to the German motor, and Yankee ingenuity rose to the occasion. The result is the new Liberty Motor which produces 275 horsepower at a dead weight of 1.8 pounds per horsepower. The German product cannot touch that figure. Jesse G. Vincent, of Detroit, and E. J. Hall, of San Francisco, are largely responsible for the Liberty Motor. They did what our Allies could not do in turning out a motor weighing far less in proportion to power output than the best motor of the Germans. This means that American airplanes will be able to outspeed and outmanoeuver the speed of European machines and eventually bring victory to our cause.

Jesse G. Vincent, one of the designers of the new Liberty Motor, is a student of the International Correspondence Schools, of Scranton, Pa. He is also the designer of the famous Packard "Twin-Six."

SLAVA SUNK BY HER OWN CREW

Petrograd, Oct. 19.—The Slava was unable to follow the other Russian ships retiring northward, and was sunk by her own crew in order to bar the way to enemy vessels, said Minister of Marine Verdervzi. The Minister said he considered the action of the Russian forces in going out to meet the German fleet one of great valor.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. "MILLION DOLLAR DOLL" HERE ON TUESDAY

"Million Dollar Doll," which will be the offering at the Dominion Theatre on Tuesday, Oct. 23rd. has two of the greatest comedy characters on the stage to-day. Malvin Meekman, a henpecked husband and Jasper Jackson, a colored servent are left at home to look after the household when the others depart for the San Francisco Exposition. However Malvin and Jesper are not to be outdone so they disguise themselves and ship on the same boat, Malvin as a common sailor and Jasper as a potato peeler. One can hardly imagine how much trouble these fellows can get into, on the voyage. After they arrive at the exposition they have a hard time getting even one meal a day and are about to give up in despair, when Malvin draws the grand prize in the Argentine Lottery and becomes immensely rich. These characters are presented by Scott & Boardman both recognized stars in their line of work.

"In my opinion, no other medicine in the world is so curative for *Constipation and Indigestion* as "Fruit-a-tives". I have years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis—with *nasty Headaches*, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try "Fruit-a-tives", and now for six months I have been entirely well.

I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, *to try "Fruit-a-tives"*, and you will be agreeably surprised at the great benefit you will receive". A. ROSENBURG.

CITY COUNCIL AND POTATOES

Nanaimo City Council Passed Resolution in Favor of Setting the Maximum Selling Price of Potatoes at $1.50 Per Sack.

The Nanaimo City Council went on record at last night's meeting in favor of co-operating with the Councils of Victoria, Vancouver and New Westminster in pressing upon the Food Controller the necessity for fixing the maximum selling price of potatoes to the consumer in the above named cities and within a certain specified area thereof, at one dollar and fifty cents per one hundred pounds.

Action by the Council was taken upon the receipt of a communication from the Victoria City Council, inclosing a letter received by that body from Mayor Todd, reading as follows:

Gentlemen,—I beg to suggest to the City Council, for consideration, the desirability of the Victoria City Council suggesting to the City Councils of Nanaimo, Vancouver and New Westminster, that they join with us in wiring the Food Controller, at Ottawa, asking that in these cities, and within a certain area thereof, the maximum selling price of potatoes to the consumer be fixed at One Dollar and Fifty Cents ($1.50) per sack of One Hundred (100) pounds.

In explanation, of the above, I enclose herewith two cuttings from the 'Colonist' of the 14th. instant, one of which sets out that the supplies of wheat available for the use of the Allies in Europe for the coming 12 months are short by some hundreds of millions of bushels. The other clipping, evidently published by authority of Mr. F. M. Black, chairman of the Food Controller's Fruit and Vegetable Committee, and by Mr. W. E. Scott, Deputy Minister of Agriculture, sets out that there is a large surplus of potatoes existing throughout the whole of United States and Canada, including British Columbia.

Under these circumstances, it is obvious that a strong campaign should be started in order to induce the consuming public to use as many potatoes as possible. The objection to starting such a campaign until a maximum price to the public is fixed is that food profiteers and speculators would simply take advantage of the campaign, in order to advance prices and make greater profits than they otherwise would.

The maximum price of One Dollar and Fifty Cents ($1.50) per sack of One Hundred (100) pounds to the consumer would, undoubtedly, allow a very satisfactory margin of profit to all concerned, and at the same time reduce prices to the consumer substantially below the figures now current, and would permit the commencing of an active campaign to increase the consumption of potatoes and consequently effect a saving in wheat.

I trust that the Council will give this matter their consideration, in order that it may lead to any recommendations decided upon by the Council resulting in early action by the Food authorties.

In moving the Council endorse the proposal and act in unison with the Councils of other cities in the matter Ald. Harding remarked he did not think anyone would be done an injustice by fixing the maximum selling price of potatoes at $1.50 per sack, as potatoes could be bought at that figure at the present time.

Ald. Forrester seconded the motion, and in doing so stated it was well known that in the past potatoes had been held for sale at a very high figure. He favored keeping them at a reasonable price so that the farmer could secure a fair remuneration for his labor and the consumer would not be called upon to pay an excessive price.

Ald. Coburn disagreed with the motion. The farmer, he said, had his sympathy and should have the sympathy and support of all. Organizations were making every effort to get people onto the land, and when a man went onto the land he was entitled to all he could get. The price of potatoes did not account for the high cost of living and he could not support the motion to fix the maximum selling price at $1.50 as very many farmers could not make a profit in growing potatoes at such a figure.

Ald. Ferguson stated his approval of the resolution which would put a stop to such profit mongers as last year scoured the district for potatoes

WIN THE WAR THE ONE AIM

Five Thousand Winnipeggers Cheered Members of the Cabinet Who Stated the Aims of the Union Government to Win War.

Winnipeg, Oct. 22—Five thousand people filled the Convention Hall of the Industrial Bureau tonight and cheered to the echo the exposition of the aims of the Union Government by three of its western members, Calder, Minister of Immigration; Crerar, Minister of Agriculture, and Meighen Minister of the Interior.

Crerar, included in the Cabinet as representative of the Great Western Grain Growers' Association, spoke first, declaring that although he felt it his duty to enter the Union Government pledged to win the war, he sacrificed none of his principals particularly in regard to tariff. But he realized that these matters must be subordinated to the supreme task before them.

Next, Meighen struck a high impressive note. The government, he said, amid tumultous applause, on whose behalf he spoke tonight, is built on the rock of compulsory service, and on that rock we stand or fall. Meighen made a stirring appeal for support in the coming contest, such a verdict of the electorate as would strengthen the hands of the Union Government, in the heavy task that lay before it.

BAPTIST CHURCH HONOR ROLL IS UNVEILED

The Roll of Honor of the Baptist Church was unveiled Sunday evening by Lance-Corpl. Oliver, who gave an interesting address, strongly urging the need of conscription of both men and wealth, if the boys at the front are to continue to hold the line. The Rev. F. G. West spoke on the love of King, home and country.

The following names appear on the roll: Harry Adams, John W. Barrett, Joseph S. Barrett, Robert Storey Burns, Charles Buttress, Levi Dendoff, Robert Haddow, Randolph Jarrett, John Mowatt, John Nicholson (killed in action, March 25th, 1917), Thomas E. Nicholson, James Pender, (died of wounds Nov. 23rd, 1916), Andrew B. Pender, Richard J. Prowse, William R. Rough (sen.), William R. Rough (jun.), John W. Shipley, Charles Stephens, George Thompson, John E. Weeks.

Harry Wood, provincial constable left yesterday for Clayoquot, where his post will be in future.

BOMBARDED OSTEND

London, Oct. 22.—British forces carried out a bombardment of the naval works at Ostend yesterday, it is announced today. Photographs taken show that the results of the bombardment were satisfactory.

ANOTHER SMASH AT HUN LINES

Many Strong Points Wrested From the Germans Yesterday by Combined British and French Troops Near Ypres-Staden Railway.

London, Oct. 22—Midnight—Highly successful operations in the neighborhood of Poelcapelle and in conjunction with the French south of Houthoist forests, were reported in a communication from Field Marshall Haig to-night. The whole of the objectivies, including many strong points were captured. The British carried other valuable positions southest of Poelcapelle beyond their obpectives and further north co-operating with the French captured the southern defences of Houthost forest besides a series of fortified farms. The Allies are established firmly well beyond the southern boundry of the forest.

The enemy by a strong counter attack in the vicinity of the Ypres railway checked the British advance astride the railway but elsewhere was unable to stop progress. Heavy casualties were inflicted on the Germans and two hundred prisoners were captured.

Paris, Oct. 22.—French troops spent most of the day along the front to icft of the British in consolidating the ground which they gainecd in the early morning attack, when appreciable progress was made On both the Aisne and Verdun fronts heavy artillery actions were in progress, says the official statement isued this morning.

HAIG'S TROOPS PUSHED FORWARD

British Commander With the Assistance of French Troops, Launched a New Blow Against the Enemy East of Ypres.

London, Oct. 22.—In co-operation with French troops, Field Marshal Haig launched a new blow along a narrow front at the German lines east of Ypres this morning. The Allied infantry moved forward in the neighborhood of the Ypres-Staden railway, on the outskirts of Houthulst Wood on the extreme northern edge of the active front in Flanders. The French advance was along a width of about three-fifths of a mile.

The British attack was probably along a somewhat wider front, extending towards Poelcappelle and possibly taking in the area of that town, which has been the scene of some desperate fighting within the last few weeks. The German reactions have been extremely persistent there.

Both groups of attacking troops scored early successes. Paris announces that all their objectives were attained by the French troops while Field Marshal Haig reports satisfactory progress by his forces.

The operation apparently is aimed at bringing the left flank of the Allied advance somewhat farther forward as a support to the centre, where the wedge has been driven farthest into the German front.

The text of Field Marshal Haig's report follows:

"Early this morning we made local attacks on both sides of the Ypres-Staden railway. The progress of these operations is reported as satisfactory. French troops co-operated on our left."

Paris, Oct. 22.—French troops adjoining the British in Belgium attacked this morning on a front of one kilometre. The War Office announces that all objectives were attained. The report says:

"In Belgium we attacked this morning at the left of the British army on a front of one kilometre. Our troops attained all their objectives, making appreciable progress north of Veldeek, a certain number of prisoners remaining in our hands.

DAYS EVENTS ON VARIOUS FRONTS

British and French Launched New Offensive and Captured All Objectives—The Russian Fleet Eluded German Blockade Squadron.

British and French forces in Belgium delivered another attack against the German front northeast of Ypres and captured their objectives consisting of many strong positions. The offensive was launched southeast of Poelcappelle and northward along the southern border of the Houthoist forest. Near Poelcappelle the British drove on beyond their objectives and gained important ground French troops took the southern defences of the Houthoist forest, and in addition a series of fortified farms. The attack began in the early hours of the morning after a heavy bombardment of the position and apparently the Allies met with slight resistence.

Violent artillery duels between the French and Germans along the Aisne sector and on the Verdun front continue. Likewise in the Austro-Italian theatre and in Macedonia bombardments prevail almost exclusively.

In the Gulf of Riga the Russian fleet apparently bottled up in Moon Sound by the German naval forces, made its way out of the Sound, and is now guarding the northern entrance to the Sound off Wernozo Island. The Russian vessels made their escape without further losses. Meanwhile the Germans landed forces on the Esthonia coast, pressed back the Russian right wing slightly and occupied the western portion of the Werder peninsula. That a larger landing somewhere along this coast is in anticipation, is indicated by the presence in the vicinity of the Gulf of Riga of large German naval forces convoying transports.

In a speech delivered in London, David Lloyd George, the British Premier said he had carefully observed the situation, and saw no peace terms in sight which would lead to an enduring peace.

SERGT. FAULKNER HOME FROM ACTIVE SERVICE

Sergt. J. W. Faulkner returned to his home in Nanaimo last night after having done his "bit" for the Empire on the firing line in France.

Sergt. Faulkner has had upwards of two years' service and has been invalided home medically unfit for further active service. He was welcomed home last evening by Ald. Harding on behalf of the City Council and Mrs. Martindale and Mrs. Rivers, on behalf of the Bastion Chapter, Daughters of the Empire.

DOMINION THEATRE

"The Million Dollar Doll" will be here tonight with its carload of special scenery; twenty-two tuneful tunes, three big acts and thirty-three people, mostly girls. This is a musical comedy of high class, and the illuminated runway over the heads of the audience is alone sufficient to make a success. Please take note of the fact that for the first time Nanaimo has a theatre and stage capable of properly housing a first-class show. Up to six o'clock this evening reserved seats may be obtained at Van Houten's drug store. After that hour, at the theatre.

When out hunting near Cloverdale on Sunday, Dougall Matheson was mistaken for a bear by Percy Jones and accidently shot through the left breast, Matheson dying in the New Westminster hospital yesterday morning. Matheson leaves a widow and three children.

"Reconnoitring parties penetrated the enemy's lines at various points on the front to the southeast of St. Quentin, near the Mennejean farm, at Pantheon and in the region of Tahure. We took 10 prisoners.

"Severe artillery fighting continued all along the Aisne front. German attacks between Rheims and Cerny and in the sector of Massiges were without result.

"There is nothing to report from the remainder of the front."

Berlin, Oct. 22.—Between Draibank and Poelcappelle, on the Flanders front, French and British troops began attacks today, the War Office here announces.

FRENCH CABINET RESIGNED

Paris, Oct. 22.—The French Cabinet resigned today, but President Poincare refused to accept the resignations on the ground the Chamber on Friday voted confidence in the Ministry.

PENSIONS TO BE INCREASED

Pension Regulations Amended by Order in Council, Provide Additional Support for Soldiers and Sailors and Their Dependents.

Ottawa, Oct. 22.—Sir. Thomas White, Minister of Finance to-day gave out the following statement:-

"Upon the recommendation of the Minister of Finance, pension regulations applying to the members of the Canadian Expeditionary forces have been amended by order in council.

The amendments are made far reaching. They provide for an increase in pensions and allowances to, and in respect of soldiers and sailors holding lower ranks up to and including the rank of sub-lieutenant in the Canadian navy and lieutenant in the Canadian Expeditionary force.

"The most important changes provide for increases in pensions and allowances. These changes will be considered as having come in force on April 1, 1917, and in this way all pensioners will be entitled to an extra cheque covering the difference between the pension paid since April 1 and the date on which the adjustment was made. Changes will affect the pensions of soldiers, sailors and their children, their orphan children, their widows and children, their dependent parent and their younger brothers and sisters. The total increase in the amount payable by Canada for pensions and allowances will be approximately forty per cent. At the present time the annual expenditure involved is about five million dollars. With increases now authorized Canada's outlay for pensions will be over seven million dollars during the fiscal year.

The second change made is slightly less important. It provides disability to be divided in twenty classes instead of six. In future disabled men will be certain to receive a pension based directly on the percentage of disability they suffer.

"The third important change is the authorization of an annual allowance for a married disabled pensioner. Up to the present time unmarried men receive the same pension for disability as a married man.

FUNERAL OF THE LATE THOMAS MUNRO YESTERDAY

The funeral of the late Thomas Munro took place yesterday afternoon from Jenkins' undertaking parlors, the interment taking place in the Nanaimo cemetery.

Rev. Dr. Unsworth conducted services at the parlors and graveside, the pall-bearers being Messrs. J. Neen, D. Gordon, J. Kemp, D. J. Mathieson, Paul Bennett and J. Aitken.

DELEGATES APPOINTED TO ATTEND CONVENTION

At a meeting of the executive of the Nanaimo Conservative Association last night, Senator Planta and Mr. F. S. Cunliffe were appointed delegates to attend a meeting at Duncan on Saturday, when representatives from all the Conservative Associations in the Nanaimo Federal Riding will meet to arrange a date for a nominating convention.

It is quite possible the convention will be thrown open to all supporters of the Coalition government.

EIGHT MILLION HUN CASUALTIES

Recent Baltic Victories Caused Practically no Enthusiasm Among the Masses of Germans.

Geneva, Oct. 23.—A dispatch from Basel states that the great lassitude and indifference of the suffering Germans may be gauged from the fact that the recent German successes in the Baltic and even the prospect of the evacuation of Petrograd caused practically no enthusiasm in spite of the efforts of the newspapers.

For the first time since the war started according to travelers, many towns were not decorated after a victory.

Colonel Peyter, the Swiss military critic, says that the German Baltic conquests can not longer effect the real end of the war. There is much noise, he says, like the Kaiser's speeches in the Balkans, but they have fallen on unheeding ears in Germany.

Amsterdam, Oct. 23—The Cologne correspondent of the Amsterdam Tijd reports that the Germans casualty lists comprising killed, wounded, prisoners and missing from August, 1914, to September, 1917, fill thirty folio volumes of 22.00 pages. He calculates the total number of names as 8,250,000.

LAID AT REST

The funeral of the late Edward W. McNeil took place Sunday afternoon from Jenkins' undertaking parlors, to the Nanaimo cemetery, the Rev. J. K. Unsworth officaiting.

The following acted as pall-bearers J. Stewart, W. R. McKenzie, G. Vipond, J. Vipond, D. McLennan, A. Balzano.

The many friends of Mr. John May will be pleased to learn he has sufficiently recovered from his recent serious illness as to be able to leave the hospital for his home on the Townsite.

Mr. Earl Welch left yesterday morning for home in Alberta, after spending a holiday with his parents, Mr. and Mrs. A. G. Welch, Milton Street.

NORWAY DENOUNCES GERMAN PIRATES

Christiania, Oct. 22.—Norwegian newspapers bitterly denounce the "murderous attacks" of Germans in the convoy action last week in the North Sea. Newspapers in Bergen, where the survivors of the attack were taken, demand the deportation from Norway of all Germans employed by the German general purchasing agency. These journals call the attention of the authorities to the danger to Norwegian trade from "this German gang, not only now, when many of them are common spies, but also in the future."

The Christiania newspaper "Verdens Gang," says: "The affair is characteristic of German brutality and exceptional cowardice." The newspaper adds that the Germans, having put the warships out of the game, acted against peaceful merchantmen as if they were part of the British navy. "It was the most dastardly deed any navy can boast of," says the Tiden Tegn. "It outrivals all other German crimes."

The Bastion Chapter, I.O.D.E., are feeling very much indebted to Mr. Reynolds for the invaluable help he has voluntarily given in staging "The Country Girl." Without his assistance such an ambitious production could not have been attempted. 1t

The Bastion Chapter, I.O.D.E. tender their most grateful thanks to all those who so generously contributed cakes, etc, to their Christmas shower. Their special thanks are given to the children attending the city public schools and the Harewood schools who responded so liberally to their appeal. Mr. Perry donated $1.50 towards the Christmas Cheer Shower, not $1. 1t

INSURANCE FOR LOCAL FIREMEN

City Council Decides to Provide Volunteer Members of Local Fire Department with Insurance Against Death or Accident.

The City Council at its regular meeting last evening decided to provide insurance for the volunteer members of the Nanaimo Fire Department against death or accident while in the discharge of their duty.

Action by the Council was taken upon recommendation of the Legislative Committee which reported it had made inquiries of the leading insurance companies and had secured information from the Workmen's Compensation Board and recommended that instructions be issued to have the volunteer firemen covered in an Insurance Company through one of the local agents.

In moving the recommendation of the Committee be adopted, Ald. Morton informed the Council the rate quoted by the Insurance Companies was $6 per man per year, which allowed of $2,000 in case of death, and $10 per week in case of accident, whereas the cost of insurance under the Workmen's Compensation Act would be $12.25 a man, allowing benefits of $55 a month, providing the firemen's rate of pay was fixed at $100 a month.

A communication was received from the Pacific Northwest Tourist Association asking the Council to forward any information in reference to Nanaimo at its disposal to Mr. Frank Riley, Portland, to be used by him during the course of his lecture tour throughout the United States and Canada with the object of attracting investors, residents and tourists to the International Pacific Northwest.

On motion of Ald. Coburn, seconded by Ald. Harding, the City Clerk was instructed to hand the communication over to the Nanaimo Board of Trade, with the request that it provide Mr. Riley with the information asked for.

The Street Foreman reported an expenditure in wages during the week of $106.95 on streets, and the Water Works Manager reported an expenditure in wages of $35.10.

Ald. Sharp asked the press to sound a note of warning to parents of boys who have been in the habit of pulling the wires attached to the street arc lights, for should the lights drop by reason of the support rope breaking, there would probably be an accident attended by fatal results. The police, remarked Ald. Sharp, were too busy to look after the boys and he felt parents should be warned of the risks their children were taking.

Mr. Charman, Wentworth Street, briefly addressed the Council, complaining that he was charged a sewerage frontage tax on property which had no sewerage main.

His Worship, the Mayor, informed Mr. Charman, he should not be called upon to pay a frontage tax under such conditions, and advised him to send his complaint in writing to the Council and it would be given every consideration.

The meeting then adjourned.

BAD LUCK

In a minor way the Mother Country had a run of bad luck last week. There was first of all the Zeppelin air raid, which, while it did not result in much material damage caused the deaths of more women and children. And the raiders got away scot-free. It is a long time since Zeppelins visited England. On the last two previous occasions their losses were so heavy in comparison with the damage they did, that it seemed reasonable to conclude that they would be employed no more to bomb open Englihs towns. Now comes this raid, and it does not appear that the raiders were even touched in England. In France things were exactly reversed. Four or five Zeppelins were brought down before they had dropped a single bomb. Just why the raiders should be collared and destroyed in France, and escape lightly from the United Kingdom is more than we can understand. Perhaps some explanation will be given by the authorities, or perhaps we shall hear of an expedition against German cities by way of reprisal. The British people cannot be expected to tolerate such a one-sided condition of things much longer.

The Germans also scored in the North Sea when they destroyed the greater number of a convoy of merchant ships, and also sank the two destroyers which were acting as escort. The feat was carried out by two fast heavily armed raiders. Naturally the Germans did not stay long upon the scene of their victory, but as they had to elude British guardships going and coming they must be given credit for their daring venture. Whether or not they alao had word where to look out for the convoy, and of the inadequate escort with which it was provided we cannot say. The incident has its lesson. If ships carrying cargoes for British ports are to be convoyed then it must be by ships capable of protecting them against attack by other craft than submarines. There was not only the loss of cargoes and the destruction of the ships, but the two destroyers, with the majority of their officers and crews, were sacrificed in a hopeless fight.

THE HON. C. W. CROSS

The Hon. C. W. Cross Attorney-General for Alberta has been drawn to the coast by the political developments of the last two or three weeks. He is a partisan and therefore an opponent of union government. He declares that he knows of no one in either political party who is not anxious to win the war. This is a begging of the question which can no longer be worked out here. The real issue is that the war cannnot be won, so far at least as Canada is concerned by the methods which Sir Wilfrid would empoly. The facts are that there is a large number of French-Canadians who have always been opposed to the Dominion particl pating in the war. There is another numerous section of Quebec which is absolutely indifferent as to how the war goes so long as they are not molested. With conscription an issue these two sections have naturally become one, and Sir Wilfrid Laurier and his supporters like the Hon. Mr. Cross are with them in their pro-Germanism. If the Hon. Mr. Cross is a supporter of Sir Wilfrid then it would be easy to tell him of one man on the Liberal side who is not half as anxious to win the war as he is to keep his hand on the steering wheel of the party machine.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shirk, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness, but what will please you most will be after just a few week's use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

PROMISE FOR FUTURE GOOD

Ottawa, Ont., Oct. 22.—Announcement that the Imperial Munitions Board will spend money liberally in Canada for the winter on munitions contracts is welcomed here as an assurance of industrial prosperity during the winter months. It also means that the total amount spent on munitions in Canada to the end of the year will be an imposing sum, just how large it is difficult to estimate at the moment.

Consideration of this question brings up the point that Canada has been unusually fortunate in the matter of obtaining contracts for war material, all kinds of which have been exported to Europe since war began. One of the features of Canada's participation in the war has been the prosperous business it has brought the country.

The adoption by Canada of the Military Service Act has vastly increased the national prestige as a belligerent on the side of the Allies and has assured the country of continued prosperity through war activities of a business nature.

Should You Be Exempt?

Every facility is afforded those who have reasonable ground for applying for exemption under the Military Service Act. Each man's case will be considered by a local, civil board, sitting in the locality where he lives, and will be decided as is desirable in the national interest.

The idea behind the Military Service Act is to call up first only those whose absence from civilian occupations will cause least disturbance to the country's economic and social life. One hundred thousand reinforcements—*no more*—are to be raised under the Act.

Cases of Exemption

Over 1,250 civic tribunals have been organized throughout Canada, known as Exemption Tribunals. These Boards are comprised of 2 members, one appointed by the county judge and one by a joint committee of Parliament. It will be seen that these tribunals are non-military and independent. The members are men closely acquainted with conditions in the places where they sit and will be able to give each case sympathetic attention.

National Interest Will Govern Exemptions

Consideration will be given to applications for exemption received from men engaged in the production or manufacture of commodities necessary to the conduct of the war and the support of those at home, and cases in which real hardship would be caused by the withdrawal. Not all men who register these claims will be exempted, but such claims will receive careful attention. National interest must govern.

Promptness is Essential

Prompt application for exemption is strongly urged upon all who, being included in the first class, believe they deserve exemption. But first visit a Medical Board and find out if any further action is required. Unless the Medical examination places you in Category A, you will have no immediate obligation for service.

WHY ZAM-BUK IS CHEAPEST & BEST.

You have a right to expect 100 per cent. value for the money you spend, and you get it when you buy Zam-Buk. That is why Zam-Buk is the choice of the good housekeeper and careful buyer. Money spent in Zam-Buk is well spent, because Zam-Buk is more reliable, goes farther and keeps better than ordinary ointments.

The reliability of Zam-Buk is vouched for by thousands of satisfied users, who have proved that it can be depended upon to do what is claimed for it.

Zam-Buk goes farther than ordinary ointments because it contains (by actual analysis) 95 per cent. more medicine, and has, therefore, considerably more healing power.

Zam-Buk keeps better than ordinary ointments because it is absolutely pure. Not only does it contain no poisonous mineral drugs, but positively no animal fat to become rancid. It, therefore, retains its strength and purity to the end.

Zam-Buk is used with unequalled benefit for eczema, scalp sores, ringworm, salt rheum, pimples, boils, running sores, ulcers, bad legs, blood-poisoning, piles, burns, scalds, cuts and all skin injuries. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

CITY COUNCIL AND POTATOES

(Continued from Page One)

and ran the price up to $3.00 a sack. The farmer he declared, did not get the high prices but the middle man was the one who derived the benefit.

Ald. Sharp believed a maximum selling price should be fixed, but was of the opinion $1.50 a sack was too low, and he favored this amount being raised to $2.

Ald. Morton also thought $2 a sack little enough at the present time when the farmer had to pay higher wages and more for his supplies than formerly.

Ald. Harding speaking in support of the resolution, stated he had been making inquiries among a number of farmers as to the price of potatoes and he found some farmers were going to hold their stocks for higher prices, one farmer telling him they would get $4 a sack from the consumer before next Spring. As for making a profit, the farmer had made it pay in other years when potatoes were $20 and $22 a ton, and he thought $30 a ton a fair price under present conditions.

Ald. Coburn saw a danger of the farmer discontinuing the production of potatoes if his selling price was set by the government at too low a figure, and he expressed the belief if any man was entitled to protection that man was the farmer.

Ald. Forrester remarked that growing potatoes did not occupy all the farmers time, for when they were planted and hoed up they required but little attention. A short time ago, he declared, the farmer was satisfied to get 75 cents a sack, and he did not think it an injustice to the farmer if he was allowed $1.50 a sack, the object of the resolution being to cut out the enormous profit of the middleman.

The motion was then put to the Council and carried by a vote of 4 to 2.

"BOB" FITZSIMMONS DIED IN CHICAGO

Chicago, Oct. 22.—Bob Fitzsimmons has taken the last count. The greatest of modern champions succumbed to the champion of all times in Michael Reese Hospital at 2:45 o'clock this morning.

The "knockout" followed a losing fight of five days against pneumonia. At no time was the former heavyweight king conceded even a chance for life but he alone refused to give up and practically his last words were :

"I'm not through until I'm counted out. I never have quit and I never will."

Fitzsimmons' wife, Mrs. Tina Fitzsimmons, who has been his chief "second" throughout his game fight, was at the "ringside" when the end came. She is in a serious condition herself, following a nervous collapse Saturday. His son, Robert J., who was summoned from Glen Ellyn N.J., was expected to arrive some time today.

Mrs. Fitzsimmons announced today that the funeral will be held in the Moody Church here Wednesday. The burial will be in this city.

During September there were eleven cases in the police court at Chilliwack. Liquor and Indians furnished ten of the cases.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness, and tan and is the ideal skin softener, smoothener and beautifier.

Just try it ! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of the sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

YOU'RE BILIOU ! LET "CASCARETS" LIVEN LIVER AND BOWELS.

Don't stay headachy, constipated, sick, with breath bad and stomach sour.

Get a 10-cent box.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep: cleanse the stomach, remove the sour, undigested fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your tomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of tewnty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

WHY ZAM-BUK IS CHEAPEST & BEST.

You have a right to expect 100 per cent. value for the money you spend, and you get it when you buy Zam-Buk. That is why Zam-Buk is the choice of the good housekeeper and careful buyer. Money spent in Zam-Buk is well spent, because Zam-Buk is more reliable, goes farther and keeps better than ordinary ointments.

The reliability of Zam-Buk is vouched for by thousands of satisfied users, who have proved that it can be depended upon to do what is claimed for it.

Zam-Buk goes farther than ordinary ointments because it contains (by actual analysis) 95 per cent. more medicine, and has, therefore, considerably more healing power.

Zam-Buk keeps better than ordinary ointments because it is absolutely pure. Not only does it contain no poisonous mineral drugs, but positively no animal fat to become rancid. It, therefore, retains its strength and purity to the end.

Zam-Buk is used with unequalled benefit for eczema, scalp sores, ringworm, salt rheum, pimples, boils, running sores, ulcers, bad legs, blood-poisoning, piles, burns, scalds, cuts and all skin injuries. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

CITY COUNCIL AND POTATOES

(Continued from Page One)

and ran the price up to $3.00 a sack. The farmer he declared, did not get the high prices but the middle man was the one who derived the benefit.

Ald. Sharp believed a maximum selling price should be fixed, but was of the opinion $1.50 a sack was too low, and he favored this amount being raised to $2.

Ald. Morton also thought $2 a sack little enough at the present time when the farmer had to pay higher wages and more for his supplies than formerly.

Ald. Harding speaking in support of the resolution, stated he had been making inquiries among a number of farmers as to the price of potatoes and he found some farmers were going to hold their stocks for higher prices, one farmer telling him they would get $4 a sack from the consumer before next Spring. As for making a profit, the farmer had made it pay in other years when potatoes were $20 and $22 a ton, and he thought $30 a ton a fair price under present conditions.

Ald. Coburn saw a danger of the farmer discontinuing the production of potatoes if his selling price was set by the government at too low a figure, and he expressed the belief if any man was entitled to protection that man was the farmer.

Ald. Forrester remarked that growing potatoes did not occupy all the farmers time, for when they were planted and hoed up they required but little attention. A short time ago, he declared, the farmer was satisfied to get 75 cents a sack, and he did not think it an injustice to the farmer if he was allowed $1.50 a sack, the object of the resolution being to cut out the enormous profit of the middleman.

The motion was then put to the Council and carried by a vote of 4 to 2.

Ernest Loney, formerly a bank teller in Kelowna, has been killed in France.

"BOB" FITZSIMMONS DIED IN CHICAGO

Chicago, Oct. 22.—Bob Fitzsimmons has taken the last count. The greatest of modern champions succumbed to the champion of all times in Michael Reese Hospital at 2:45 o'clock this morning.

The "knockout" followed a losing fight of five days against pneumonia. At no time was the former heavyweight king conceded even a chance for life but he alone refused to give up and practically his last words were :

"I'm not through until I'm counted out. I never have quit and I never will."

Fitzsimmons' wife, Mrs. Tina Fitzsimmons, who has been his chief "second" throughout his game fight, was at the "ringside" when the end came. She is in a serious condition herself, following a nervous collapse Saturday. His son, Robert J., who was summoned from Glen Ellyn N.J., was expected to arrive some time today.

Mrs. Fitzsimmons announced today that the funeral will be held in the Moody Church here Wednesday. The burial will be in this city.

During September there were eleven cases in the police court at Chilliwack. Liquor and Indians furnished ten of the cases.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness, and tan and is the ideal skin softener, smoothener and beautifier.

Just try it ! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of the sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.

SAYS A CORN ACTS LIKE ELECTRIC BELL.

Tells why a corn is so painful and says cutting makes them grow

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your coran it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns, which merely makes them grow just step into any drug store and ask for a quarter of an ounce of freezone. This will cost very little but is sufficient to remove every hard or soft corn or callous from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug never inflames or even irritates the surrounding tissue or skin.

Contribute today to the British Sailors' Relief Fund.

French Troops Smashed Through German Line

FRENCH STRUCK A HEAVY BLOW

German Line Penetrated to a Depth of Two Miles, and 7,500 Prisoners and 25 Heavy and Field Guns Captured by Victorious Frenchmen.

Paris, Oct. 23.—In one of the swiftest and most dashing blows of the war, French troops today smashed through the German lines north of the Aisne to a depth of more than two miles at one point, inflicting heavy losses on the enemy, and captured more than 7,500 prisoners and 25 heavy guns and field guns.

Several important villages also fell into the hands of the French, according to the French announcement tonight.

London, Oct. 23.—What may prove to be an operation of first importance was initiated by General Petain early today in the Aisne region northeast of Soissons. Along a front approximately three miles in extent French infantry dashed forward, attacking the salient in the German line which curves about its southwestern keystone, the fortress of Laon.

Fort de le Malmaison, the German stronghold which baffled the French in last spring's attack, barring their way to the westerly end of the Chemin des-Dames, apparently is one of the immediate objectives of the offensive. For days past the big French guns had been hammering this front heavily, both Paris and Berlin reports indicating that some major operation was in preparation.

Good progress was reported early in the day by General Petain, the French troops having forced their way forward along the whole front of the attack.

The taking of Fort de la Malmaison would materially aid in the pushing of an attack on Laon in a stroke to turn the German line in this region although it has been considered probable that the main blow in such an attack would be struck further to the east where the backdoor road to Laon offers superior tactical advantages.

Virtually all the ground gained in yesterday's offensive in Flanders has been retained by the Entente forces. At only one point in the southern part of Houtholst Wood were the Germans able to regain any ground in counter attacks and there it was only a single British post that was pushed back a short distance. The ground was consolidated along the remainder of the front.

HIRST—RICHARDS

The little church at French Creek was the scene yesterday morning of a quiet wedding, when the Rev. H. V. Hitchcox united in marriage Mr. Thomas Hirst, son of Mrs. A. Hirst, Parksville, and Miss Mabel Richards, daughter of the late William Richards of Nanaimo. Owing to a recent bereavement in the bride's family, only immediate relatives and friends were present at the ceremony but the young couple have a host of friends throughout the Island, who will unite in wishing them every happiness and prosperity.

After the ceremony the bridal party motored to Nanaimo and Mr. and Mrs. Thomas Hirst left on the morning's boat for Vancouver to spend a short honeymoon there and in other Sound cities. They were accompanied as far as Vancouver by the bride's sister, Mrs. Theodore Fossum who is returning to her home in Medicine Hat.

"MILLION DOLLAR DOLL" PLEASED LARGE AUDIENCE

There was a good house at the Dominion Theatre last night for the performance of the "Million Dollar Doll," and the show was in every sense enjoyable. It was exceptionally staged and dressed, and the choruses and dances were nicely rendered. The principal parts were all in capable hands and Joe Scott as Jasper Jackson, the nigger, and Claude Boardman as Malvin Meekman, provided heaps of funny comedy in which they were ably assisted by Ruth Lattimore as Gloriana Meekman. The special attractions were especially good, and the song by Carl Minck, "Sunshine of Your Face,' and the duet, "The End of a Perfect day" by Carl Minch and Ruth Lattimore proved the hits of the performance. Altogether the performance was very enjoyable and it was a wholly satisfied audience that left the theatre.

WOULD REWARD BRITISH HEROES

Heroic Crew of British Patrol Boat Is to Receive Recognition at Hands of Norwegian Government.

Christiania, Oct. 23.—The Norwegian government, which received reports of heroic rescue work performed by a little British patrol ship on the occasion of the sinking of the steamers under convoy in the North Sea last week, has asked the British Government to forward the names of the officers and crew of the vessel, so that the Norwegian Government can express its gratitude for their rescue of Norwegian sailors. As a result of reports that the Germans may have received news of convoy's movements from spies on land, the government has issued a proclamation prohibiting the use of unauthorized signals, flags or lights, which could be observed from the sea or from aircraft. Infringement of the restrictions is punishable by imprisonment for six years.

ENEMY FOILED BY RUSSIANS

German Attempt at Landing on the Esthonian Coast Frustrated By Russian Forces—Huns Evacuate More Trenches.

Petrograd, Oct. 23.—The Germans made an attempt at a second landing on the Esthonian coast. The War Office here announces that they were driven away by Russian forces. The attempt was made near Moisekull Manor, 8 miles north of Werder, on the Esthonian coast. (The landing of German troops reported yesterday by the Russian War Office was affected on the Werder Peninsula.) No naval engagements occured in connection with this manoeuvre.

German warships were observed off Kuivast, Moon Island.

The Germans have evacuated more trenches on the northern end of the battlefront and they have been occupied by Russian troops. Trenches in the sector north of Hinseberg Manor were taken by Russian troops after an engagement.

LABOR TO BE REPRESENTED

Premier Borden Announces Arrangements Are Partially Completed for Inclusion of Labor Representative in the Cabinet.

Ottawa, Oct. 23.—The following official statement, covering today's Cabinet appointments, was issued tonight:

"The Prime Minister has partially completed arrangements for the representation of labor in the Government. This morning Hon. G. D. Robertson, a prominent representative of railway employees of Canada, was sworn in as a member of the Privy Council. For the present, Mr. Robertson will be without portfolio but he has been appointed a member of the reconstruction and development committee which is a permanent committee of the Privy Council and which is invested with very important powers and duties, including labor conditions and relations between employers and employees. Robertson will act as chairman of the important sub-committee on labor conditions and have associated with him persons of special knowledge and experience in respect of matters with which the sub-committee will deal. It is anticipated that a permanent representative of trades labor organizations will, in the near future, enter the Government as parliamentary secretary of the Department of Labor.

PUBLICITY SOON BRINGS SUPPORT

New Method of Applying the Law is Followed with Close Interest by Legislators.

Ottawa, Oct. 23.—Legislators are following with unusual attention the work of the Military Service Council, a non-partisan body, in explaining to the Canadian people the provisions and operation of the Military Service Act. This is the first time in Canadian history that such a method of placing a law in operation has been adopted, with every newspaper and magazine in the country carrying the message to the citizens.

The advantage of publicity is now apparent to all, since with the dissemination of the facts regarding the Military Service Act public appreciation of its fairness and pustice has grown by leaps and bounds in every section of Canada.

CHAVIGNON IN FRENCH HANDS

Important Position in German Line Was Captured by Petain's Troops After a Violent Struggle — Germany's Best Troops Engaged.

While the Allied troops were busily engaged in consolidating positions won on Monday in Flanders, French forces of General Petain struck a mighty and unexpected blow against the German line northeast of Soissons on Tuesday morning and made some of the most important gains of terrain since they threw back the army of the German Crown Prince which was besieging Verdun. The stroke was made over a front of about six miles from east of Vauxaillon to Pargny-Filain. Under rainy and generally unfavorable weather conditions the French pushed forward all along the line, aided by audacious aviators who flew over German positions at an altitude of about 150 feet, using their machine guns, and penetrated the German line at one point to a depth of two and a fifth miles.

Numerous important positions fell into the hands of General Petain's men, and in addition more than 7,500 Germans, and an enormous amount of war material. The greatest depth of the drive was in the centre of the line, where the village of Chavignon was captured after a violent struggle which resulted in the enemy fleeing pell mell. Some of the best troops in the army of the German Crown Prince were engaged, endeavoring to hold back the onslaught, but their efforts were unavailing, under the enthusiasm of the French to win a position which would place them more advantageously to press on later toward Laon.

For about a week the French artillery has been hurling tons of steel into the German line in front of them in preparation for the drive and when it was started sad havoc already had been wrought by the guns. In addition to prisoners taken by the French the Germans also suffered heavy casualties.

In Flanders both the British and French troops are holding all the gains made in Monday's drive northeast of Ypres, except at one place on the southern fringe of Houtholst forest where the Germans in a furious counter attack, forced a slight retirement of the British.

Further German attempts to land forces on the Esthonia coast to the north of Worder have been repulsed by Russian detachments.

On the other fronts no important engagements are in progress, except in the nature of bombardments. On the Julian front of the Austro-Italian theatre artillery activity has again become intense.

An Austrian attack with infantry in the Cadore region was repulsed by the Italians with heavy losses.

The British merchant cruiser Orama, a vessel of 12,000 tons has been sunk by a submarine and a British destroyer has been sunk in collision. There was no loss of life on the Orama, but only two officers and 21 men are reported to have been saved from the destroyer.

FOOD PRICES

Food Controller Hanna is angry because his work has not met with the general approval of the press. He claims that the criticisms appearing in the press of his administration of the office breeds in the consuming public a spirit entirely antagonistic to the section which produces and distributes. What the people of Canada are complaining of is the unrestricted profiteering which has been allowed to go on in the marketing of the necessaries of life. The offices of the Food Controller takes the view that this profiteering in the marketing of these necessaries cannot be interferred with, and so the public has lost all interest and confidence in the Controller's work.

Dr Robertson who was out west the other day as the representative of the Food Controller, declared that the question of prices was one entirely of supply and demand. If Food Controller Hanna expects the Canadian people or the Canadian press to accept such a statement as this then he will be bitterly disappointed. Indeed the conditions of today are so far removed from the normal, when recognition is given to the operation of economic laws, that it is impossible to help suspecting the genuineness of such an attitude. Canada is not at war merely for the protection of the producers and distributors, but for the protection of every class in the Dominion, and it is the first duty of the government to see that one section of the community does not make all the sacrifices while another is making unheard of profits

In this instance the Kaiser is the law of supply and demand. When he struck for world-dominion he put the British Empire and the other entente nations who are fighting for democracy and civilization on the defensive, Great Britain and her offspring, together with France and the other entente allies, are fighting for their very existence as independent and individual states. A German victory would have meant not only the Germanizing of Europe, but of Canada and of the world. As a nation Canada is fighting for everything it possesses and the obligation of participating in the fight devolves upon every citizen according to his ability and his interest in the country. Thousands of men with nothing more than their citizenship in the Dominion at stake have made the supreme sacrifice, and thousands more in the same category are risking their lives in the great struggle. The government has called upon the manhood of Canada to enroll under the Canadian banner, and if it can take this step with the lives of its citizens, surely it can call upon the possessions of its citizens.

Take it another way. There are men without property and there are men possessing property. The war is being fought to secure the existence of the country, and to protect the interests of its citizens as a whole. Who then has the most interest at stake, the man with property or the man without? The man with property worth half a million has a thousand times more at stake than the man who has only five hundred dollars. The latter is risking his life that his own interest and that of the man with half a million shall be preserved intact. There are other considerations, of course, but this is the economic phase of the question. The needs of the country have called for men to go out and fight, and the men so called out have again to be supplied with equipment and materials to "carry on." Why should the men who are supplying the needs of these fighters be allowed to make abnormal profits out of the necessities of the nation? Why should a war need be regarded as an incident in the operation of the economic law of supply and demand. On the one hand we have men facing all kinds of hardships and risking their lives in a fight to preserve the Dominion, and on the other we have men reaping a golden harvest out of the sacrifices of these men. Staple articles of food were produced at a given figure before the war and everybody connected with the production and distribution of these articles was making satisfactory profit. Why should an extra profit be permitted now? In view of the sacrifices the country is making, and the debt that is being contracted a less profit than usual should have satisfied the big interests. Their stake in the country is the biggest, and to that extent they are so much the more obligated to contribute towards its preservation. If the Food Controller says "no," then there is the more reason for appointing some one else to the office, and this is one of the things we look to the new union government to lose no time in doing.

THE ZEPPELIN RAID

An attempt was made in the British House of Commons to elicit some information regarding the last air raid over London. It was only natural that an explanation should be sought for the fact that, while the German raiders were able to fly over English countries and cities with impunity, they met with disaster in France. Bonar Law refused to reveal the British system of air defense, but volunteered the information that while it was daylight when the Zeppelins reached France, it was during the night that they carried out their raid over England, and also that a heavy fog prevailed at the time. It was the weather conditions, he said, that prevented British airmen from bringing the raiders to battle. In other words it was the fog that saved the Zeppelins and not the fog that saved London.

DOMINION THEATRE

Fascinating Billie Burke, idol of countless thousands of play-goers will be at the Dominion Tomorrow in her latest success, the brilliant comedy drama "Mysterious Miss Terry" a photo-play which gives this charming star, splendid opportunities of which it is needless to say she fully avails herself. With this is also screened a Sidney Drew comedy and a Gaumont Weekly.

BIJOU THEATRE

As a novel and as dramatized for the stage few stories have made the enormous hit achieved by the famous romance "Freckles". It has now been done in motion pictures and will be offered at the Bijou today and Thursday with Jack Pickford and Louise Huff in the leading roles. Along with this feature will be presented a very amusing comedy and the Mutual Weekly.

MOTHER! YOUR CHILD IS CROSS, FEVERISH FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its bowels without griping and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweetens the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

HUNTER MISTAKES FRIEND FOR DEER

Martin H. Mulkey formerly employed by the Victoria-Phoenix Brewery, was admitted to St. Joseph's Hospital, Victoria, on Sunday evening suffering from gunshot wounds in the hand and shoulder, inflicted by a companion with whom he was hunting in the Koksilah Valley near the "burnt bridge." The story of the accident is the same old tale—hundreds of times repeated—"mistaken for a deer." The two hunters agreed to separate, and shortly after Mulkey's friend saw something move in the bush, with the result that the injured man is lucky in escaping with wounds which are described as "not serious."

WHY DREAD OLD AGE?

IT should be the pleasantest time of life and if coupled with good health it is. Many of our most remarkable men and women have won fame and prominence after reaching the sixties, and in lots of cases they have not been robust in youth.

The secret of health in old age is the prevention of bowel disorder. Constipation is the foe to be dreaded. Care in diet is necessary, also the avoidance of harsh cathartics, which only aggravate the trouble.

The ideal laxative for aged people is Chamberlain's Tablets

On account of their mild and gentle action, you hardly realize that a medicine has been taken. Yet the effect is none the less certain, and the tonic properties of these Tablets so build up and strengthen the digestive system that the health is greatly benefitted. Try a bottle today.

COMMUNICATION

Mr. Editor:

Dear Sir,—Referring to the discussion which took place at yesterday's Council meeting and appeared in this morning's issue of your paper, as to fixing the price of potatoes and the cause of the exorbitant price which prevailed during the spring of this year, there seems to be some of our Aldermen are entirely ignorant of the situation, and their onslaught of the middleman was quite uncalled for. The situation which was unprecedented in the potato industry, was caused by the United States' potato crop being a failure, and which made our friends across the line import carloads in large quantities from B. C. When stocks were depleted at Mainland points wholesalers came here in February and offered $40 per ton f.o.b. Nanaimo wharf. It was then the situation began to favor our local farmers, with the result in time they obtained prices undreamt of, figures reaching from $50 to $80 per ton. Regarding the fixing of the price by the government, farmers who have to haul their potatoes long distances will feel they are being unfairly dealt with, in comparison to those who have their stocks adjacent to the markets. As we have two official statements to the effect that there is a large surplus of potatoes throughout the whole of the United States and Canada, there is no likelihood of what Ald. Harding predicted happening, as prices are regulated by supply and demand.

Yours truly
J. WALLACE.

GERMANY ADMITS LOSS OF AIRSHIPS

Amsterdam, Oct. 23.—The loss of four zeppelins is admitted in an official statement received from Berlin The statement reads:

"On the night of October 18-19-20 a naval airship squadron under Captain Baron Preusch von Buttler-Bradenfields, attacked with special success London, Manchester, Birmingham, Derby, Lowestoft, Hull, Grimsby and Norwich. On the return journey, owing to an adverse wind and dense mist, airships under Capts. Stabbart, Coole, Hansmer, and Schwander passed over the French battle zone, where, according to French news, they were shot down or forced to land. No details regarding the fate of the vessels or their crews are available at present."

BRITAIN HAS NOTHING TO SAY TO POPE

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

IDAHO CATTLEMEN KILLED IN DUEL

Idaho Falls, Idaho. Oct. 23—Ed-Drowns, an employe of a cattle company at Dubios, near here, was instantly killed by Bob Bogus, foreman of the company in a gun battle on the company's ranch here yesterday afternoon and Bogus died here this afternoon as a result of wounds inflicted by Drowns. According to accounts of the shooting received here, Downs shot Bogus with a heavy rifle as the latter crawled through a fence, and Bogus, while on the ground, shot Downs from his horse with a revolver. The men are declared to have quarreled over loss of sheep by the company.

EXEMPTION TRIBUNALS.

Exemption Boards have been chosen in such a way as to make them absolutely independent and removed from all influence. There are over 1,250 boards throughout the country, each composed of two men, one appointed by the county judge in the district concerned and one selected by a joint committee of Parliament. Being familiar with local conditions where they sit, the members are well-fitted to appreciate such reasons for exemption as are put before them by men called up.

Exemption will be granted to those who can establish that it is in the national interest that they remain in civilian life. This is for the Exemption Board to decide after having received full information in each case.

The grounds on which exemption may be claimed (which are similar to the grounds recognized in Great Britain and the United States) are as follows :—

(a) That it is expedient in the national interest that the man should instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.
(b) That it is expedient in the national interest that the man should instead of being employed in Military Service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications.
(c) That it is expedient in the national interest that, instead of being employed in Military Service, he should continue to be educated or trained for any work for which he is then being educated and trained.
(d) That serious hardship would ensue, if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position.
(e) Ill health or infirmity.
(f) That he conscientiously objects to the undertaking of combatant service and is prohibited from doing so by tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs.
(g) That he should be exempt because disfranchised under the War Time Election Act.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists, and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the men selected themselves or by their parents, near relatives or employers. Application for exemption must be made on printed forms to be found at every post office, which are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward the form to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the Applicant will get notice as to when he must present his case before the Board.

The Military Service Council.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

THE Gerhard Heintzman Piano

Canada's Favorite

One of the contributory reasons why the Gerhard Heintzman Piano is recognized as "Canada's Favorite and Best" may be found in the fact that since its inception, it has been made under the supervision of members of the Gerhard Heintzman family, and embodied in it are certain improvements found in no other instrument. For over fifty years the

GERHARD HEINTZMAN

has been the Piano by which all other Canadian Pianos are measured. Conclusive proof of this may be found in the fact that there are more Gerhard Heintzman Pianos in Canadian homes, schools, churches, etc than any other make.

FRENCH HOLDING ALL NEW GAINS

Germans Have Delivered Several Counter Attacks Against British and French but Have Been Unable to Recoup Any of Their Losses.

General Petain's troops who made lines northeast of Soissons Tuesday morning, at last accounts were holding all their gains and meeting with no resistance from the forces of the German Crown Prince, except by means of bombardments. In addition to great gains in terrain, more than 8,000 prisoners and numerous guns were taken by the French. Likewise British and French armies in Flanders are maintaining all positions won northeast of Ypres on Monday.

The Germans have delivered several counter attacks in the region south of Houtholst forest but have been unable to recoup any of their losses. Extremely heavy bombardments continued in the Verdun sector and in the region of Hill 344 the army of the German Crown Prince delivered a violent attack against the French. The enemy succeeded in capturing a French advanced position but a later counter attack forced him to relinquish it.

In the Austro-Italian theatre large German forces have reinforced the Austrian line and apparently a big battle is imminent over a 23 mile front from Mont Rombon southeastward through Flitch and Tolmino, and thence southward to Bainsizza plateau, which lies about ten miles northeast of Corize. The Berlin War Office reports the capture on the northern section of this front positions near Flitch and Tolmino and also points in the northern part of Bainsizza plateau.

The Germans began their offensive after an intensive artillery fire, in which specially constructed gas shells were thrown at various places. According to the Italian War Office bad weather intervened during the attack and the fighting died down to some extent. The official communication adds that the Italians are unafraid as the result of the preparations of the Germans and Austrians, and that the enemy will find them "steady and prepared." Where the Germans obtained the large number of reinforcements for the Austrians in this region, has not yet become apparent, but it is not improbable that some of them were sent post haste from the Russian front. If those troops were not removed for campaign in the Austro-Italian frontier, they possibly would have been sent to the westerly front from which signals of distress by army commanders were necessarily sent up as the result of the terrific pounding Field Marshal Haig and General Petain have given the Crown Prince Rupprecht of Bavaria, and the German Crown Prince in Flanders and along the Aisne and before Verdun.

Emperor William has returned to Berlin from visits to Constantinople and Sofia, and is now engaged in an attempt to straighten out the muddle in the political situation in Germany. It is stated that Chancellor Michaelis has already tendered his resignation to the Emperor.

British shipping losses last week, as the result of submarines or mines aggregated 25 vessels as against 18 the previous week.

THE COUNTRY GIRL BY LOCAL TROUPE

A Short Synopsis of the Story of this Charming Musical Comedy which Will be Played by Local Amateurs at the Dominion Theatre.

The opening scene is laid in a country village in Devonshire, England. Geoffrey Challoner is the owner of the manor which he rents to Sir Joseph Verity when he joins the British navy.

Sir Joseph Verity, one of the nouveaux riches, has political aspirations for his son Douglas, but Douglas is a youth whose only ambition is love making, consequently he has no desire to become a member of parliament.

Geoffrey Challoner after an absence of five years returns to his native village and is persuaded to accept the candidature of the shire. He is in a quandray however as to how he can fulfill his duties as an M. P. without an income. His servant Barry helps him out by selling a worked out mine on the Challoner's estate to Sir Joseph finds out how he has been duped with regard to the mine.

Geoffrey is in love with Marjorie Joy, his childhood companion. Marjorie left the village to go to London in order to become an actress. She returns to the village shortly after Geoffrey does and catches him in the act of kissing Nan Mummery, one of his old playmates. Marjorie thinks Geoffrey false to her and returns to London.

The second scene is laid in London where the leading characters work out the plot at a fancy dress ball given by Lord and Lady Anchester, Barry disguises himself as "Coquette" and by his trickery leads Sir Joseph Verity to propose to him. Marjorie disguises herself as Miss Montague and allows Geoffrey to make love to her and then reminds him of the fact that he has a sweetheart in a little country girl in Devonshire.

Barry, after being carried out of the house by Lord Anchester's servants returns to the ball, disguised as an "Exquisite" and makes himself objectionable to Sophie, his sweetheart, a skillful milliner, who has made money and is trying to get into tip-top society. Finally Barry reveals himself to Sophie, and is made happy by being accepted by her.

During the ball "Miss Montague" is asked to sing something and she (Marjorie) sings "Coo," a song she used to sing as a child. Geoffrey hears her, and recognizes his Marjorie, and takes her in his arms, much to the astonishment of the assembled guests.

MADE ESCAPE FROM PRISON

Interned German Naval Men Dug One Hundred Foot Tunnel and Made Escape from Ft. McPherson.

Atlanta, Ga., Oct. 24—Lieut. Hans Berg, who brought the British liner Appam to Hampton Roads as a prize after her capture off the Azores by the German raider Moewe nearly two years ago, was one of the ten prisoners who escaped last night from the alien enemy detention camp at Fort McPherson.

Nine were members of the crew of the Appam, and the famous commerce destroyer Prinz Eitel Friedrich. The tunnel through which the Germans escaped was about 100 feet long, and officers at the fort said they had evidently been working on it ever since their transfer here two weeks ago. The escape of the prisoners was discovered this morning at roll call.

POLICE RAIDED VICTORIA CLUB

Victoria, Oct. 24.—The Pacific Club, of which all Provincial Ministers are members, was raided today by the police and several dozen bottles of Devonshire cider seized for the purpose of ascertaining if it contained more than 2½ per cent alcohol.

Another raid was carried out on the Westholme Hotel where sixty dozen bottles of cider were seized.

CONSCRIPTION TO BE ENFORCED

Ottawa, Ont., Oct. 24.—The Prime Minister has issued an official denial of a newspaper story published in Montreal that the government had decided to abandon the enforcement of the Military Service Act. The Prime Minister's denial reads:

"The statement is an unqualified falsehood, wholly devoid of any foundation."

SHIPPING LOSSES SHOWS INCREASE

London, Oct. 24.—An increase in the loss of British merchantmen through mines and submarines is noted in the Admiralty report for the current week. Seventeen vessels of over 1,600 tons, and eight under 1,600 tons were sunk.

PREPARING FOR THE ELECTIONS

Formation of the Union Government Has Changed the Political Situation Throughout Canada.

Ottawa, Oct. 24.—The following statement was issued tonight:

"The formation of a Union or National government has changed the political situation throughout Canada. In many constituencies two or more candidates Conservative, Liberal or Labor may desire to run and be recognized as Union government candidates. Under the Military Votes Act, it is the duty of the Prime Minister to designate the candidate in each riding as the Government candidate who thereby may receive the benefit of the soldiers' votes, which are given, not for any particular candidate, but for the Government. It is the earnest desire of the Government that in each constituency supporters of the Union Government, whether Conservative, Liberal, Labor or Independent, should confer and see if they cannot agree on a candidate which will be acceptable to and who may be designated by the Premier, as the Government candidate for the purpose of the military voters."

G. F. Chipman, president and general manager of the Grain Growers' Guide, who is appointed Manitoba representative on the Dominion Food Control Board.

TEUTONS ATTACK ITALIAN LINES

Austro-German Offensive Has Been Instituted on the Italian Front—Berlin Reports the Capture of Advanced Trenches.

Rome Oct. 24.—A concentration of strong Austrian forces on the Italian front for offensive purposes was announced in an official report issued here today. A large proportion of these troops is German.

The war material employed likewise is largely of German origin.

The War Office announcement declares the enemy will find the Italian army "steady and prepared."

Berlin, Oct 24.—An Austro-German offensive has been instituted on the Italian front, army headquarters here announced today. German and Austrian infantry this morning captured the foremost Italian positions near Flitch and Tolmino and on the northern portion of the Bainsizza Plateau.

WHAT OTHERS THINK OF "DAMAGED GOODS"

"Damaged Goods," the remarkable film to be shown at Dominion Friday and Saturday, has attracted wide attention. It is interesting to note what others have to say of the film.

Hall Caine: "It is both a presentment and a preachment," commented Hall Caine. "It tells the truth that has been concealed in ostrich fashion for too many generations. What does the Bible say? The truth shall set you free! Can anyone of intelligence misinterpret that sentence?"

Bernard Shaw: "I think it one of the strongest plays of modern times."

E. W. Giegenbaum, President Men's and Boys' Club, of Illinois: "I saw your moving picture "Damaged Goods.'" As I looked into the eager faces of the men witnessing the exhibition I felt that your admirable play would carry conviction into the very souls of those who were there. I wish that every man might have an opportunity to see this wonderful picture.

Endorsed by the Ministerial Association of Calgary and by Lieut-Governor Dr. R.G. Brett of Alberta.

Kirke E. Wallace, Physical Director, Y.M.C.A., Calgary: "I have seen 'Damaged Goods' and believe every man and boy in Calgary should see it."

Rev. Alexander H. Grants, Des Moines, Iowa: "Damaged Goods" is a powerful and eloquent sermon. It is exceedingly plain spoken upon a subject which requires plain speaking. Every preacher of righteousness ought to give thanks for such co-operation in his work as is furnished by this epoch-making production. I have never seen the wages of sin and ignorance so vividly set forth."

Emily F. Murphy (Janey Canuck), Edmonton, Alta: "The film is vitally educative and contains nothing calculated to stimulate and prurient imagination of the inexperienced." Mrs. Murphy has the distinction of being the first woman police magistrate in Canada.

CO-OPERATE FOR NATIONAL NEEDS

Railways of Canada Form an Association With the Object of Co-Operating for Nation's Needs During Period of War.

Winnipeg Man., Oct. 24.—As a result of suggestions made by the government that during the period of the war, there should be closer co-operation between the railways in Canada, an association has been formed by these railways corresponding to the Railways War Board in the United States, with the object of securing greater co-operation, not only between the railways themselves but also between the railways and the public. Although Canada need fear no comparison with other countries as to the speed and efficiency with which munitions, equipment, foodstuffs and men have been moved to the front, it was realized that a still more decisive effort might help to speed up such movements and no private interest has been allowed to stand in theway of public benefit. It is expected that the rough, heavier loading of cars, elimination of unnecessary train service, the co-operative use of all facilities, etc., to the best advantage, the country's needs may best be served. Much can be done to achieve these results through closer co-operation between the public and the railways. Very shortly after Great Britain became involved in the war, the British Government sent for the general managers of all the railways and made arrangements by which the railways would be guaranteed the same dividends and a proper depreciation for the period of the war as they were before and advised the general managers to form a council amongst themselves to conduct the railways as one, in other words to eliminate competition and devote the railways to essential transportation solely. When the United States came in the great war the executive of the various railroads met and arranged amongst themselves to form a committee to operate the railroads as one, so as to get the full value of their transportation facilities and eliminate competition.

NORTHFIELD RED CROSS MASQUERADE

The first masquerade dance of the season was held in McGarrigle's Hall Northfield on Saturday night last under the auspices of the Northfield Red Cross Society. It was one of the most successful ever held in Northfield and the Red Cross funds have been swollen to the tune of about $60 as a result.

The prize winners were as follows:

Best Dressed Lady, Mrs. W. Green, Nanaimo.

Best National Character, Mrs. W. Wilgress, Northfield.

Best Flower Girl, Miss M. Roworth, Northfield.

Best Comic, Miss K. Gannon, Nanaimo.

Best Original Character, Miss M. Ross, Rosstown.

Best Sustained Character, Miss L. Ellis, Nanaimo.

The judges were Messrs. M. Campbell, L. Thatcher and Geo. Edwards. The floor manager was Mr. S. Bennie.

The Red Cross Committee introduced several side lines which were responsible for about 50 per cent. of the receipts. These included a raffle for a sack of flour donated by Mr. F. Stannard, Nanaimo; a raffle for a wooden horse donated by Mrs. T. Russell, Northfield; a sale by auction of a geranium plant donated by Mrs. D. McIntyre, and a buffet at which coffee, sandwiches and cakes were purveyed, the last two items of which were donated by the people of the district.

The Society, which is small, is encouraged greatly by the response of the public, and the monies received will be immediately available for the supply of comforts for our soldier boys at the front.

Axel Gartland deid in Prince Rupert last month from diabetes.

SUBSTITUTE FOR BUTTER ALLOWED

Ottawa, Oct. 24.—An order-in-Council has been passed upon the recommendation of the Food Controller, allowing on and after November 1, the making and sale of oleomargarine in Canada. The suspension of its prohibition of the manufacture import or sale is a war measure only, and will apply while the present abnormal conditions prevail, the conclusion of such period to be determined by the Governor General-in-Council. Strict provisions are incorporated in the order to protect the public and farmers against the fraudulent sale of oleomargarine as butter.

FUNERAL OF FITZSIMMONS

Chicago, Ill., Oct. 24.—Robt. Fitzsimmons, the pugilist, who died on Monday, was buried today at Graceland cemetery. More than 3,000 persons from all walks of life attended.

AT BAY

The Lion stood, a veteran sentinel
And viewed with pride the high and lofty wall
Of ramparts which begirt his native isle.
That home of sires, no foeman could enthrall
Had he not spent his youth his all?
Towering the bulwarks 'gainst a treach'rous foe
And sacrificed his life's blood to the call
Of sacred trust, from whence in constant flow
Streamed patriotic fervour's fiery glow.

And as he locked a shadow crossed his face,
Strange to his wont though frequent seen of late,
An inward awakening that the exacting pace
Bore heavy on his lone and aged state.
His soul gave vent to yearning passionate
How stood his offspring scattered o'er the earth?
The blood of youth which now should stimulate
That sacred duty, fostered from their birth
The guardianship of parent-home and hearth.

He sighed; and 'cross the Atlantic's wide expanse
The friendly winds bore echo to the ear
Of her whose progress sounded like romance,
Since, 'neath his wing, she started her career—
A very giant did her youth appear.
Strong to resist and mighty to attain,
Of all his progeny she stood the peer,
His proudest hope; the sacrifice and strain
Of long protectorate had not been made in vain.

That land, whose sacred Maple Leaf
Wild rustled with the shock of War's alarms
Whose sons at first reck'd not of pain nor grief
Nor sacrifice of home with all its charms.
But, willing marched into the Mother's arms,
Sharing with her that carnage worse than hell;
Battling with her against the engulfing storms;
Nor dreaming that the ranks of those who fell
Would gaping still remain, whate'er befell.

Alas! her very strength and famed success.
Had made her prone to disregard the hand,
From which she first received the fond caress
Of genuine love; and now, o'er all the land,
Her sons paid homage to one God alone, one brand
Of self and Mammon worship; piteous state
That sons of such a sire should ever stand?
From such a sire and home-land a-lienate.
And leave to aged limbs the fight with cruel fate.

Profiteering, politics and graft
Stalked rampant o'er the land from coast to coast;
While virtue floated helpless on the raft
Of woe and sad despair, tempestuous toss'd;
The soldier's widow robbed to bear the cost
And burden of elections held—"for what?"
To know which party will receive the most,
Which "Honorable" crowd will honor naught
But add black page, to page of blackened rot.

'Twas even so. Forget were sacred ties,
Ignored the grand traditions of a race
Whose blood-bought liberty revolting cries
In horror of the retrogressive pace,
"Has England, home and duty" now no place
Among your sordid thoughts and lust for gain?
"Can you dispel the clouds which dark menace
With your procrastinations vain?
While ravages of age beset the home across the main.

The Lion stands, a veteran sentinel,
And guards with haughty mien his island throne.
No answering winds their loyal message tell,
No cheering whisper from a friendly zone.
"O God of Battles!" now, as he stands alone,
Protect and help him to retain his might;
The seeds of glorious liberty and justice sown
Still cry for nurture from this Star of Light
Defender of the weak and guardian of the Right.

SEVENTY HEAVY GUNS CAPTURED

Success of New French Advance Exceeded all Expectations — Upwards of 8,000 Germans Were Taken Prisoners—Was Sweeping Victory.

Paris, Oct. 24.—The sweeping nature of the French victory yesterday north of the Aisne is indicated by the official announcement from the War Office tonight, which reports the capture of prisoners exceeding 8,000, and heavy guns exceeding seventy, thirty mine throwers and 80 machine guns.

London, via Reuters Ottawa Agency, from the French Headquarters, Oct. 24.—Success of the new advance exceeded all expectations. French captures being increased hourly. The attack is comparable to the brilliant operations in October and December.

"Yesterday's victory was due to the equally wonderful preparatory work of the artillery and the gallantry of the infantry. The latter often fought the hardest before reaching their objectives for resistance in places was desperate, especially on the right. The French advanced with great speed, following a barrage which was extremely deep in order to give the most effective support. They simply swept over every kind of obstacle and there were innumerable feats of individual courage.

R. R. HINDMARCH

THE RUSSIAN SITUATION

Simultaneously with Germany's latest thrust against Russia in the Gulf of Riga, the Workmen's and Soldiers' Council have published a peace programme. The terms and conditions set out in this statement, even if they were practicable, are such as will never be accepted by the other Entente nations. It has also to be borne in mind that this programme does not represent the policy of the Russian government. The trouble is that it is impossible to get any trustworthy information as to the mind and sentiment of the great mass of the Russian people. The country is dominated at present by visionaries and traitors in the pay of Germany, but in spite of the anarchy prevailing it is questionable if there is any Russian political party strong enough to bind the people to a separate peace with Germany. The possibility of such a peace is the only present obstacle to a speedy and decisive defeat of Germany. Indeed, if Russia had played the part expected of it this year, the Central Powers would, in all probability, have been on the verge of collapse. At the same time let it be remembered, that had it not been for the revolution the Czar and his treacherous advisers would have signed a separate peace. We do not think that the delegates of the revolution will be able to do what the Czar failed to do. The real leaders of the revolution realise that only by the defeat of Germany can the revolution be sustained, and republican Russia given a chance to develop. They will never agree or submit to a seperate peace with the Kaiser, and short of this step the French and British forces, with the coming assistance of America's army, can hammer the Prussians to their knees on the western front.

PROFITEERING

The case of the Davies Company, of which Sir Joseph Flavelle is the President serves to show the difference between running a reasonably profitable business under the operation of the law of supply and demand and rank war profiteering. The actual cash invested in this company stands at $250,000. If further additions have been made to the capital of the company the money has come from the profits of the business. Now in 1914 the profits made by the company in the year's tranactions totalled over $160,000. In 1917 the profits were over $1,800,000. It is quite unnecessary to labor these figures. There is first of all the enormous increase in profits since the war began, and in the second there is the fact that the profits for one year were more than seven times the amount of the capital investment. Yet Food Controller Hanna says that nothing can be done; it is all a question of supply and demand. He is appealing to the people of Canada to practice thrift, and self-denial in order to lessen the consumption of food articles to the end that there will be a bigger surplus of these articles for export. Seeing that the biggest portion of the profits of the Davies Company was made from its export trade the Food Controller is appealing to the people of Canada to further swell the harvest this company is reaping from the war. Sir Joseph Flavelle, the President of the company, is also chairman of the Imperial Munitions Board and since, in his evidence, he declared that he had no qualms of conscience about the profits he had made, it is reasonable to presume that the business of this important board has been administered on the generous basis of profit. The new government has an opportunity ready to hand to prove its sincerity to the people of Canada.

A Pound of Whole Wheat contains 1700 calories, says the chemist—but it doesn't contain any calories for you unless you can digest it. It is what you digest, not what you eat, that supplies nourishment for the day's work. It is a time to cut out expensive foods that generally contain little nutriment. **Shredded Wheat Biscuit** is 100 per cent. whole wheat—nothing wasted, nothing thrown away. It is real man-power food. Two or three of these little loaves of baked whole wheat with milk and fresh fruits make a nourishing, strengthening meal at a cost of only a few cents.

GOVERNMENT PROMISES IMMEDIATE DECISION

Immediate action by the federal cabinet in connection with the situation in the Slocan section, where the action of the Trail smelter in refusing further shipment of ores threatened a shut-down of the producing silver lead mines of the district, has been promised to Premier Brewster, from whom a wire to the above effect was received yesterday by the Hon. William Sloan, Minister of Mines.

Last week the Minister wired to the Premier urging him, in view of complaints from the operators of the Slocan district, to bring the matter to the attention of the government at Ottawa to the end that some relief might be secured. The minister set forth that the smelter people had apparently taken their present stand because they are now overstocked and in view of their possessing no certain knowledge of further munition orders and unable to export to the United States they had decided to refuse shipments . The minister suggested to the Premier the securing of some definite information from the Federal Government as to possible future munition orders or the possibility of lifting the embargo on shipments of metal to the States.

In his reply to the minister yesterday Premier Brewster stated he had interviewed the Federal Government which promised an immediate decision.

Mine operators in the Slocan are greatly worried over the situation created by the action of the smelter concern A meeting has been called at Nelson for Wednesday at which the whole situation will be considered. The Provincial Government will be represented at the meeting by Provincial Mineralogist W. Fleet Robertson and the district provincial mining engineer Mr. Langley.

COSSACKS AGAINST RUSSIAN ANARCHY

Petrograd, Oct. 24.—The general congress of delegates of Cossack troops from Southeastern Russia, in session at Ekaterinodar, has decided to institute an alliance of Cossacks to support national authority energetically against anarchy for the general welfare of the country.

A semi-official communication published in the Petrograd newspapers says in effect that the landing of the Germans near Werder is regarded only as a military demonstration to cover up an enemy landing on the coast of Riga Gulf, at Pernau and Hainasch. It also is said that the German retirement toward the Skuli-Lemburg line is a manoeuvre to draw the Russian troops nearer Riga with the intention of attacking them from the rear.

MR. CHAS MACDONALD RESIGNS POSITION

Vancouver, Oct. 24.—Mr. Charles Macdonald has forwarded to the Premier at Victoria his resignation as Provincial representative on the advisory council to the Food Controller. Mr. Macdonald feels that on account of the political activities consequent upon the approaching election he will not be able to give this important postion the attention it should have.

Mr. Macdonald is the nominee of the Liberals of Vancouver South for the Federal elections. He has always been a strong advocate of a Win-the-War policy. At the time of the Winnipeg convention he was in Ottawa, whither he had been called by Mr. Hanna, on the nomination of Premier Brewster, to advise on the food control questions as they affected the Province.

The announcement that Mr. Macdonald has left the food control board is understood to signify that he is about to enter on an active campaign. In view of his pronounced views on the conscription issue it is in some quarters believed that he will be acceptable as a union candidate.

In the latter part of September, one man bought $600 worth of booze from a liquor store in Kamloops. To save him from his friends his name is not given.

BRITISH COLUMBIA FIRMS GET ORDERS

Vancouver, Oct. 24.—The Imperial Munitions board has placed orders with British Columbia firms valued at over $200,000 and the B. C. Metal Trades Association will allot the orders among its members. The new order for water tanks for the wooden steamers now building for the Munitions Board, and 162 tanks are needed. The order will be distributed among seven firms.

Orders for other gear for the steamers have also been placed among eight firms and they are for bollards, cleats, and poop, bridge, forecastle and bulwark fairleads. These orders amount to $30,000.

TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED.

Best for liver and bowels, bad breath, bad colds sour stomach.

Get a 10-cent box now.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull throbibng, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

WINCARNIS gives New Health to all who are

Weak, Anaemic, Nervous, Run-down

DON'T let your life be clouded by indifferent health. Don't let ill-health steal your good looks. Don't remain weak, or anæmic, or nervous, or run-down. Don't suffer needlessly. Get well the Wincarnis way—the quick, sure, and safe way to new and vigorous health.

Wincarnis is the quick way, because the benefit begins from the first dose—the sure way, because it has given new health to countless thousands of sufferers for over 30 years—the safe way, because it does not contain depressing drugs. Wincarnis is recommended by over 10,000 Doctors, because it possesses a four-fold power in producing new health. It is a Tonic, a Restorative, a Blood-maker, and a Nerve Food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality.

This life-giving Wincarnis is the one thing you need when you are Weak, Anæmic, Nervous and Run-down. Because Wincarnis quickly brings back your old-time vigor—gives a sparkle to your eyes—and coaxes the roses back to your cheeks. You look well—feel well—eat well—sleep well—and can revel in the new health and new life Wincarnis creates. But, remember, that only Wincarnis can give you this new and vigorous health. Imitations only waste your money and disappoint you.

Remember that Wincarnis is not a new untried preparation. Wincarnis has an unrivalled reputation of over 30 years' standing. Begin to get well now. Buy a bottle to-day. Imported only in two sizes—90c. and $1.50 per bottle.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

USEFUL HINTS FOR CURING GUN-SHYNESS

In breaking a gun-shy dog do not attempt much work, and, under no circumstances, apply force. The thing to do is to take the dog hunting every day without a gun. If there is a dog in the kennel that hunts well he may be allowed to go afield with such a dog now and again. In all probability he will walk to heel while the other dog hunts.

In the course of a few days he will begin to take an interest in starting out, either with or without the other dog. Eventually the dog will go out, and, once he gets a taste of game, he will put more spirit in his work.

In the end he may hunt well, point birds, and possibly chase them. For chasing he may be restrained mildy, but otherwise he should be permitted to have his own way. He may even be worked wih a steady old dog and taught to back. If he will search for birds and point them the breaker can make an attempt to getting him accustomed to the report of a gun. At first he is to snap caps while the dog is far away, taking care that the dog does not see the pistol. Then he will try the effect of light charges of powder.

Should the breaking of caps or the discharge of powder frighten the dog, the breaker is to treat the matter with absolute indifference. If the dog choose to come to heel let him have his own way. When he gets ready he will go to work again.

When the dog gets so that he will pay no attention to the cracking of a cap at a distance, he may be accustomed to the noise at closer range. Before the gun is discharged it should be carried afield a few days. The dog may not like the looks of it at first but his suspicions will wear off.

Recently near Edmonton the police poured 400 bottles of low-grade boozerine into the river.

MINISTER MUTE ON LEADERSHIP RUMOR

"That's something new," genially remarked Hon. Dr. King, Minster of Public Works, yesterday, in connection with the reported statement made at a recent Vancouver Liberal gathering that he would head the Laurier-Liberal forces in British Columbia at the forthcoming federal election.

Dr. King stated no one had any authority to make any such announcement, but when pressed to state whether there was any truth in the statement and if he would assume the leadership of the Liberal party in British Columbia he merely smiled and remarked: "I prefer not to make any statement at present."

Beyond that the Minister of Public Works refused to discuss federal politics, stating that while it was natural that on his recent trip to Ottawa as one of the two British Columbia members on the Board of Selection by which was approved the exemption tribunals under the Military Service Act, he should have been keenly interested in the federal political situation he had absolutely nothing to say regarding it. The purpose of his trip, he explained, was purely official, as a member of the Board and he was pleased to see that there had been no objections taken to the selections for the British Columbia tribunals. He presumed that such selection had proved satisfactory.

Immediately on his return from his month's trip to the East, Hon. Dr. King found himself immersed in his departmental duties. The news of the damage done by floods in the Bella Coola district, concerning the magnitude of which no definite information was forthcoming, had just reached the city and the minister immediately sent out instructions to the government engineer of that district to investigate and submit a full report. It will probably be some time before this report is received here.

Germans Are Planning a General Retirement

GERMANY FACES HARD WINTER

Civilian Population Must Wear Shoes With Wooden Soles and Cloth Tops — Turnips Will be Chief Diet — Fuel Problem Is Acute.

Copenhagen, Oct. 25.—Some prospects which the German people are called upon to face during the coming winter are officially announced in todays German newspapers. There is only enough shoe leather for the use of miners, fishermen, canal workers and few allied trades. The manufacture of leather footwear for the rest of the population will be suspended. They must get along with wooden soles and cloth uppers. There is a big shortage in vegetables and no hope of any material improvement in a fresh vegetable supply. Turnips must be one of the mainstays of German diet this winter.

The fuel problem is not solved and city populations may expect notice of the results of this fact keenly from time to time. The coal commissioner prophesies that the pinch will be felt within a few days.

The railway administration of Saxony has announced that travel will not be allowed without special permission. Soldiers in home camps are to be limited in their week furloughs Saturday and Sunday, and trips of mothers and sweethearts to see the boys in camp are stopped.

Prussian railways will probably follow suit.

Finally, after winter fashion plates are out the government has decreed that women's skirts must be made with a reduced amount of material, [illegible] being made coming [illegible] both shorter and tighter.

DOMINION THEATRE

"Damaged Goods" the remarkable photo-play which is to be presented at the Dominion today and tomorrow has as book play and film caused more controversy and received more criticism both adverse and in favor then anything previously shown. It has been banned in a number of the American States and received with open arms in others, the same being the case in the Provinces of Canada.

Our readers will recall the controversy in British Columbia. The official censor prohibited its public showing, and was overruled by the Attorney-General, the censor Mr. Gordon resigning in consequence.

The public of Nanaimo will now have opportunity of judging its merits and demerits for themselves.

BIJOU THEATRE

The programme for today is both varied and interesting. First is the exciting five-reel feature "The Modern Monte Cristo" with a splendid cast, unusual photography and simply crammed with thrills and excitement. With this is shown another episode, two reels, of the great serial "Patria," featuring Mrs. Vernon Castle, and a very clever and amusing Pathe comedy.

NOW NOT THE TIME FOR PEACE

Russian Foreign Minister Declares Peace at the Present Would be Prejudicial to Russia's Interests.

Petrograd, Oct. 25.—Political circles here, according to the Isvestia, the organ of the Workmen's and Soldiers' Council, are interested in the visit to Premier Kerensky by Sir George Buchanan, the British Ambassador, which is believed to be connected with the instructions given M. Skobelieff, chosen delegate of the Workmen and Soldiers to the Paris Conference of the Allies.

The newspaper learns that Foreign Minister Terestchenko will make an emphatic declaration before the Preliminary Parliament with a view to dispelling the bad impresson Skobeleff's instructions are reported to have created.

M. Terestchenko, it is stated, is of the opinion that any desire for peace at the present would be prejudicial to Russia's interests. He will emphasize especially that the very lack of success of the Russian army means a postponement of peace.

Petrograd, Oct. 25.—The Minister of Foreign Affairs points out that the instructions given by the Workmen's and Soldiers', Deputies to M. Skobeleff, their delegate to the Inter-Allied Conference at Paris, have no compulsory character. These instructions embody the peace conditions laid down by this group. All the members of the delegation, added the Minister, will be representative of the governmnt and consequently they must support a programme drawn up on a common basis.

Petrograd, Oct. 25.—M. Skobeleff, chosen as delegate of the Workmen's and Soldiers' Council to the forthcoming Inter-Allied Conference at Paris, declared at a meeting of the Congress of Peasants' Delegates today that the Paris Conference must frankly state the conditions on which the Allies are willing to make peace and that the war must be finished in the shortest possible time. The formula of peace without annexations and indemnities, he added, must be expressed clearly.

Russia, M. Skobeleff said, must settle her internal quarrels before the Conference. Otherwise the Conference, knowing the weakness of Russia, might make conditions which would be unacceptable.

"I do not wish the shame of unfavorable conditions of peace," he said, "to be laid at the door of the Russian revolution."

MANY APPLY FOR EXEMPTION

TRIBUNALS BEGIN WORK ON NOV. 12

Victoria, Oct. 25.—Announcement that the civilian tribunals in Victoria and throughout British Columbia would begin to sit on November 10, and that all registration papers would have to be in the hands of the authorities at least two days before that time, was made to the Colonist last night by Mr. R. S. Lennie, registrar for the Province under the Military Service Act.

Mr. Lennie stated that the number of exemption claims filed here seemed to be altogether out of proportion to the reports for service, and added that many of the claims appeared to be made on frivolous grounds that were destined to receive scant attention at the hands of the tribunals. Throughout British Columbia that ratio between exemption and reports for service is about three to one.

Mr. Lennie arrived here yesterday by the morning boat and at 2 o'clock held a conference with the members of the various Victoria and district tribunals, explaining to them various phases of the work before them and making clear to them his relation with their activity. The meeting was held in one of the eight rooms on the fifth floor of the Central Building that have been taken over by the government for the tribunals. He returned to Vancouver by the midnight boat, and today will hold a consultation with the Vancouver tribunal members.

"It is sincerely to be hoped," he said, "that the exercise of the highest right of citizenship afforded by the Military Service Act will be accepted and readily acted upon by the people of British Columbia.

"Every man who desires the cause of the Empire in this struggle to succeed should 'report for service.' This does not necessarily mean he will go overseas. The primary object of this act is to get from Canada 100,000 men to reinforce those who have already gone, but there is national wrok to be undertaken at home, as well, so the manpower of the country must be registered and calls made as necessity arises.

"Every claim for exemption must and will be carefully scrutinized by the many (80) competent and impartial tribunals that have been appointed for the purpose.

BRITAIN TRUE TO ITS ALLIES

Western Powers are not Contemplating a Seperate Peace as the Expense of Russia and Roumania.

London via Reuters, Oct. 25.—In the House of Commons to-day Lord Robert Cecil categorically denied rumors that the western powers were contemplating a separate peace at the expense of Russia and Roumania. He said rumors were spread by enemy agents in Russia with the hope of discouraging Russia. Great Britain was determinded, he said to abide by its Russian ally and assist her to consolidate her new found liberty. He paid a tribute to the valiant resistance of Russia in a period of exceptional difficulty and trial and assured the Roumanian people that England would not desert them in the present crisis.

ENEMY LOSSES EXTREMELY HEAVY

Twelve Thousand Prisoners and Over Hundred Big Guns Have Been Captured by Victorious French Troops on the Aisne.

Paris, Oct. 25.—French forces on the Aisne today continued their successful advance, capturing several important villages as well as two thousand additional prisoners.

Since the beginning of the present operations, says an announcement made tonight, by the War Office, more than 12,000 Germans have been captured as well as 120 big guns and many guns of smaller calibre.

Copenhagen, Oct. 25.—The Germans, under the pressure of the French victory on the Aisne, will endeavor to effect a general retirement to the new Hindenburg line well in the rear of their present positions. Various hints from German sources lately have indicated that German experts, recognizing the menace, particularly to the exposed salient southwest of Laon and their former front, to which they expected to effect an orderly retirement.

The French attack seems to have anticipated this strategy, and a German withdrawal, if made now under the hampering of a victorious opponent is likely to be quite a different operation from that planned.

ANOTHER HUN MYTH EXPOSED

Copenhagen, Oct. 25.—Capt. Von Salzmann, military critic and far eastern expert of the Vossiche Zeitung, of Berlin, warns readers they no longer have a right to conut upon a future war between Japan and the United States which had become a fixed idea with the average German and definite element in the Governments political calculations. This element the Captain writes must be eliminated for a long time and Germany instead must count upon Japan to enter into the Paris economic agreement and participate in anti-German post bellum business after war. Salzmann takes his text from the recent speech in London of Viscount Chind the Japanese ambassador to Great Britain, in which he warned against German intrigue for the purpose of creating friction between Japan and the United States.

ITALY'S SUPPLY OF COAL IS SUFFICIENT

Rome, Oct. 25.—The railway companies announce an increase in the number of fast freight and express trains throughout Italy owing to the improved coal situation. It is now apparent that the enemy submarines have been unable to check the present arrival of new stocks of coal.

VOTED CONFIDENCE

Paris, Oct. 25.—The Chamber of Deputies to-day voted confidence in the Government by a vote of 288 to 137.

FARMERS ENTER STRONG PROTEST

Entry Into Province of Oleomargarine Will be Serious Blow to Dairy Industry of B. C.

Deputy Minister of Agriculture Scott views with no small amount of alarm the entry of oleomargarine in Canada. Protests have gone forth from the United Farmers of British Columbia, details of which were mentioned in these columns on Tuesday last, and Mr. Scott is of the opinion that entry of this butter substitute into the province will be extremely detrimental to the dairy industry if it does not ultimately stifle it altogether.

The Deputy Minister, like most people agrees that the conditions under which British Columbias and people of other parts of the Dominion are living may be safely described as abnormal. Consequently he has viewed persistent agitation in relation to oleomargarine as a question between the inclination of the people of this province to put up with the high cost of butter and milk until the dawn of a normal period, or relief now at the expense of loss to the province of one of her vital industries.

As an explanation of his summing up of the situation, Mr. Scott says that the farming community realizes just as well as the general public that butter and milk prices are sky high. But equally so to the dairyman is the cost of production. While milk is expensive, he considers it a cheap food at the price. In short the entrance of oleomargarine into B. C. will be the worst possible blow to an important branch of rural industry, the encouragement of which has been one of the chief educative lines carried on by the Department of Agriculture.

The Cowichan Leader says there was a Win-the-War meeting in Duncan Wednesday night. Next Saturday Conservatives are meeting here to arrange a date for a nomination convention for Nanaimo federal riding. On the following Saturday Liberals are meeting here to nominate their candidate for the riding.

TECHNICAL DEFEAT FOR GOVERNMENT

London, Oct. 25.—Premier Lloyd George's Government suffered its first defeat in the House of Commons to-night. In a Government measure to promote the production of petroleum in the United Kingdom provision was [illegible] nine pense per ton. An amendment striking this provision out was carried 44 to 35. The defeat of the Government is regarded as purely mechanical and will not affect the Governments tenue of office.

FURTHER PROGRESS BY THE FRENCH

Farm at Rohay and Number of Prisoners Captured by French Troops —Twenty-five Hun Planes Shot Down.

Paris, Oct. 25.—Further progress was made last night by the French troops on the Aisne front between Chavignon and Mont-des-Singes. The War Office here reported this afternoon that the farm at Rohay was captured by French troops and a number of prisoners taken.

Twenty-five German aeroplanes were brought down by French pilots last night or were compelled to land in a damaged condition.

The text of the announcement follows:

"North of the Aisne the situation in the sector between Braye-en-Laonnois and Chavignon was not changed during the night. On the front between Mont-des-Singes and Chavignon our troops made further progress and reached the Rohay farm. The number of prisoners taken up to last night in this region exceeded 500.

"There ere vigorous artillery engagements in the region of Cerny-en-Laonnois, especially in the sector of Vauxmaisons. We dispersed German patrols which were attempting to approach our lines east of Cerny. An attack on the Sapigneul bridgehead which the enemy made after a violent bombardment, was repulsed.

"On the left bank of the Meuse river there was heavy artillery fighting in the sector of Chaume Wood. In the region of Eparges we carried out a detailed operation which enabled us to bring back prisoners.

"During the night of October 24, twenty-five German aeroplanes were brought down by our pilots or fell disabled in the enemy lines."

London, Oct. 25.—The War Office here announced today that another German counter attack south of Houtholst Wood, on the front in Belgium, was completely repulsed. The unsuccessful assault came after extensive artillery preparation last night.

With the French Armies in France Oct. 24, via London, Oct. 25.—(By the Associated Press).—Comparative quiet succeeded yesterday's battle. The Germans, astonished by the rapidity and extent of the French success, seemed momentarily stunned, but it is probable they are engaged in moving their artillery to the rear.

Prisoners arriving in driblets today appear to have suffered great privations from lack of supplies during the French artillery preparation.

The French aviation service is greatly praised over its work. During the attack it rendered immense service, working under most unfavorable conditions. Airmen flew over the infantry when the troops were making the attack, and when they saw the German infantry assembling for a conuter attack they advanced at an altitude of less than 100 yards and showered machine gun bullets upon the soldiers and dispersed them.

Fishing continues to be good at Cowichan Bay. Major Schrieber caught one of the fish marked on the fin by Dr. C. McLean Fraser, Biological Station, Nanaimo, at Cowichan Lake two and a half years ago. It was a grilse then and now is a cohoe weighing nine and a quarter pounds. The reward of $1.00 held good.

The local Red Cross Society acknowledged with thanks the following shipment from the Northfield Auxiliary: 14 suits pyjamas, 17 pairs of socks, and 46 pillow cases.

BATTLES RAGE ON ALL FRONTS

French Drive Continues on the Aisne and Austro-Germans Launched Offensive on the Isonzo Front—Teutons Retired in Riga Sector.

French forces in the Aisne region continue to develop the success of Tuesday where they made a rapid advance over a front of about six miles and captured important positions and thousands of prisoners.

The latest drive of the French brings Gen. Petain's army within sight of the important junction of Loan which objective now is a scant eight miles away. Large quantities of stores were abandoned by the enemy in their retreat and additional guns and prisoners captured. The number of prisoners taken since the drive began now exceeds 12,000 and more than 200 officers. Two thousand prisoners were taken Thursday.

An indication of the rapidity with which the drive has been carried out is the total number of guns the Germans were forced to leave behind, the number being 120, among them several howitzers not to mention several hundred small calibre Minnenwerfer machine guns.

On the 25-mile front running from Monte Rombon to the Bainsizza plateau the battle between the Austro-Germans and the Italians, is apparently growing in intensity, with the Austro-Germans the aggressors, but the Italians stubbornly resisting. Although the German War Office asserts gains have been made at various points along the line, the Italian official communications unconcedes any losses except on the east bank of the Isonzo, south of Monte Rombon. To the contrary this communcation asserts that on the Bainsizza plateau where the Germans had announced successes, and on the east slope of Monte San Gabriele enemy attacks were repulsed and that the Italians took several hundred prisoners. Not alone does the German War Office assert the Italian line barring the way to the valley of Flitzch basin and to Lmino was overrun, and positions also captured on the Bainsizza plateau, but large quantities of booty were taken by the Austro-Germans and more than 10,000 prisoners, including Divisional and Brigade staffs.

The whole operations on the Ypres sector front in Flanders continues to be carried out mainly by artillery with the British and French guns hurling the greater weight of metal. The Germans have launched another strong counter attack south of Houtholst forest where the British and French armies joined hands. Again this attack met with repulse.

The retirement of the Germans on the northern Russian front continues. The enemy is now back as far as the Rodenpois-Turkali line, approaching the Dvina river. Behind them the Germans are destroying everything on a fifteen mile front over which they are retreating.

In the Gulf of Riga, the Germans attempted a further landing on the Werder peninsula to harrass the Russian right wing, but were stopped by Russian fire. Possibly in view of the operations of German naval units at the head of the Gulf of Finland, the civil population is evacuating Kronstadt the great Russian fortress and naval base near Petrograd.

Many a plausible tongue is operated by a deceptive brain.

THE WAR

The news from the Russian front is puzzling and hard to understand. The Germans do not seem to be making any material progress with their operations in the Gulf of Riga, while on land they have withdrawn their line a distance of over fifteen miles. Such information as has come to hand shows that the Germans paid a heavy price for their initial successes, and it is doubtful if they would have succeeded at all had it not been for the treachery of certain Russian units. It may be that the whole operation was something in the nature of a threat to quicken and foment the discontent of the Russian people. A real smashing blow might have the effect of stiffening Russian resistance, and uniting the warring factions in defence of the fatherland It does not seem as if anything short of a great disaster will bring the Russian people into the war with their old time spirit, and meantime the Germans are using what forces they can spare in a joint offensive with the Austrian armies in the Julian Alps. If once the Russian soldiers could get it into their heads that they have their chance to bring about a speedy end of the war by throwing themselves on the German lines, which must by now have been thinned to the danger point, the Kaiser could hardly stave off disaster. As it is the Huns cannot hold their lines on the west front and no success they can gain on the Italian front can avert the necessity of another strategic retirement in Flanders and on the Aisne.

CIDER BANNED

It s surely a sign of our progress in temperance when Devonshire cider can no longer be sold in British Columbia. All the same it has been placed under the ban in Victoria, and other towns and cities will govern themselves. The cider, it is said, contained four per cent. of alcohol, and that being so it is unlawful to sell it to the drinking public. The law also decrees that the people who have so far been caught with the cider for sale shall be punishable by fine. It does not seem to make any difference that the cider was sold openly, with no thought nor intention of evading or breaking the law. Such a reputable place as the Pacific Club of Victoria, which boasts among its members every minister in the Provincial government has been raided by police sleuths and all the cider in sight carried off. We cannot see that a raid was necessary. It is hardly likely that the Pacific Club, or any other respectable restaurant or hotel, was selling Devonshire cider with look-outs at the door. Up to now this famous English beverage has always been presumed as merely a thirst-quencher, and not a mental exhilarator, and there will be many thirsty souls these days who will regret their innocence or ignorance. There are still a few English non-alcoholic beverages as yet undiscovered which the conscripts to temperance may try while there is yet time.

NOMINATIONS

In Saskatchewan an end has been made to party politics for the time being. Liberal and Conservative Associations have disbanded and united their forces in a union assocation, which will work in behalf of the coalition government. This is one way of carrying out the win-the-war policy, and it is time some arrangement was come to in British Columbia. In the reorganised government a Conservative represents British Columbia, and this being so there is all the more reason for an equal split in the representation of the province in the House. There might be some difficulty with individual constituencies in making such an arrangement, but it should not be insuperable. With Premier Brewster away no negotiations towards this end can be entered into at present, but at least, action, which would jeopardise the consummation of such an agreement, can very well be delayed. British Columbia ought to return twelve union candidates to the new parliament, and these candidates should be equally divided between the two parties which have sunk their differences to bring into being a union government. It would, we think, be a mistake to have any straight party nominations before every effort has been exhausted to secure union nominations on the basis of equal representation.

This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a crtain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

DE ORO RETAINS LEAD

New York, Oct. 25.—Alfred De Oro, of Cuba, holder of the three-cushion billiard title, retained his lead over John Daly, of New York, by defeating the challenger 50 to 40 here last night in the second block of a three-nights' match. The total score is: De Oro 100; Daly 83. Last night play lasted 80 innings. De Oro made a high run of five and Daly four.

REPORT MICHAELIS FORCED OUT OF POST

London, Oct. 25.—Nothing had come from any source up to early today confirming the report of the resignation of Dr. Michaelis, the Imperial German Chancellor. The London newspapers either ignore the report or print it conspicuously.

A brief dispatch to the London Daily Mail from Amsterdam says that everything that is published concerning the position of Chancellor Michaelis is based upon supposition.

BRONZE COINS

Berne, Oct. 25.—The Swiss Federal Council has decided to issue in the near future 2,000,000 ten centime pieces and 3,000,000 five centime pieces on bronze, owing to the shortage of nickel and copper. The coins will be drawn from circulation as soon as shortage of small money is relieved.

STILL GOING STRONG

Cleveland, O., Oct. 25.—Benny Leonard, lightweight champion of the world, knocked out Toughey Ramsay, of Lorain in the seventh round of what was scheduled to be a ten-round bout, at the Cleveland Athletic Club last night.

Ramsay was outclassed all the way. He had never been knocked out before.

BRITISH ADMIRAL SAYS

ROYAL NAVAL CLUB,

To the Zam-Buk Co. Portsmouth, England.

Dear Sirs,—I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable.

(Signed) RODNEY M. LLOYD.
Admiral.

ENTIRE CREW PRAISES ZAM-BUK

From Admiral to stoker, all grades of service praise Zam-Buk. Stoker Kingsnorth, of H.M.S. "Cochrane," says:—"I slipped and fell on an exhaust steam pipe, which fairly frizzled the skin on my arm. At once the ship's surgeon dressed the burn, but the injury would not heal owing to a lot of dirt from the pipe causing blood-poison. I was in fearful pain and didn't know how to get ease.

"For weeks I remained under treatment, but the ordinary ointments proved no good. Indeed, I got worse. I therefore obtained a supply of Zam-Buk and almost as soon as this was applied I got ease. From the very first application, healing commenced; and a few boxes of Zam-Buk healed my wound completely."

Zam-Buk cures eczema, ulcers, abscesses, ringworm, bad legs, varicose ulcers, piles, cold sores, chapped hands, babies' sores, etc. All stores at 50c., or post free from Zam-Buk Co., Toronto, for price.

AGED PATIENT KILLED IN ATTEMPT TO ESCAPE

Pendleton, Ore., Oct. 25.—George Gollings, aged 82, was killed early today in an attempt to escape from the Eastern Oregon state hospital here, when he lost hold on an improvised rope made of bed sheets, and fell from the fourth story. Frank Myers, another man in the plot, escaped and has not been apprehended. There was a third man in the plan, but he lost his nerve and gave the alarm to the guards.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

TWO MONTHS LOPPED OFF NEW BUDGET

Amsterdam, Oct. 25.—The Austrian lower House, according to Vienna dispatches, has passed the third reading of the provisional budget, not for six months, as the government demanded, but for four months. Authority to raise a loan of 9,000,000,000 kronen was voted 227 to 170.

Sioux Falls S. D., Oct. 24.—Twenty-seven German Socialists were found guilty on three counts of an indictment charging violation of the Espionage Act in the Federal Court here today. The jury returned a verdict after more than three hours' deliberation. Sentence will be passed tomorrow morning.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

PIRATES CLAIM MORE VICTIMS

New York, Oct. 25.—The American steamer Santa Ellena, 7,415 tons has been sunk near El Farrol, Spain, with the loss of 24 persons. The Santa Ellena was one of the German ships seized by the United States.

Copenhagen, Oct. 25.—The Danish foreign office reports the Danish steamers Anglo-Dane (808 tons) and Flynderbourgh (1,400 tons) bound from England to Denmark, have been blown up by mines, in the North Sea. One man on board the Anglo-Dane was killed.

Christiania, Oct. 25.—The Norwegian steamer Leander has been sunk by a German submarine, according to announcement made today by the Norweigan Foreign office. One man on board was killed.

The Norweigan steamer Ramfoe is stranded on the Norweigan coast. The steamer is a total wreck. She had a cargo of six thousand tons of corn for the Belgian relief committee.

Leander was a vessel of 2,968 tons. The Ramfoe registered 3,120 tons.

IRISH SITUATION IS MORE SERIOUS

London, Oct. 25.—The seriousness of the situation of Ireland is insisted upon by a correspondent of the Daily Mail, who has been following the Sinn Fein doings in Ireland for several weeks. He declares that the whole of the West of Ireland is on the verge of a revolution, and continues:

"The young priests in Prof. de Valera's county have awakened to the danger from the spark they helped to kindle, and are now trying to quench it, but I fear it has gone too far. The militant Sinn Feiners are at the top of their stride. They have been allowed to carry their programme to a pitch which it seems almost hopeless to break by pacific means.

"The Sinn Feiners are sublimely confident and say that Tuesday's debate in Parliament shows plainly that the Government is afraid of them."

The correspondent, however, adds that there is a ray of hope in that the Sinn Fein congress which opens in Dublin today may result in checking of militant section, for though the militant Sinn Fein camp is large it is not omnipotent.

LITTLE GIRL DIED; DAMAGES CLAIMED

The tragic death of Jean Casino, the six-year-old daughter of Mr. and Mrs. John Casino, of the little town of Bevan, near Cumberland, who fell into a sluiceway belonging to the Canadian Collieries Company on September 10, last year, and was drowned, is the subject of a damage action which has been brought against the company by the parents of the deceased child, and which is being tried before Mr. Justice Murphy and a special jury.

The big drain or pipe line complained of is said to be twelve feet wide and nine feet deep and has at almost all seasons about six feet of water running through it.

At the point where the accident happened a plank has been placed across the ditch, and this, it is said is regularly used by the children of the neighborhood. The little girl, it appears, had gone with a number of other children picking berries, and returning home in some manner fell into the water from the plank and was drowned.

The allegations of the plaintiffs are that the defendants have been negligent in that there is no railing on the crossings, and that no proper warning has been given by the company as to the danger of the crossing. The damages asked are unstated.

REQUEST GOVERNMENT TO TAKE OVER BRIDGES

A request that the Provincial Government should take over and maintain the four bridges connecting the municipalities of Richmond and South Vancouver was urged upon Dr. King, Minister of Public Works, by a deputation representing the two municipalities which waited upon the Minister yesterday morning, and was comprised of Reeve Tilton and Councillors Tomsett and Kidd, of Richmond Reeve Patterson, of Delta; Reeve Russell and Councillors Bennett and Conacher, of South Vancouver. The deputation was accompanied by Hon. J. W. Weart, speaker of the Legislature and Mr. G. G. McGeer, Liberal member for Richmond.

Mr. McGeer pointed to the fact that the four bridges in question were the only ones of like nature not maintained by the Government and he stated the burden of maintenance cast upon the farmers of the mnuicipalties was an outrageous iniquity. The whole of the produce grown in the Delta section passed over the bridges to Vancouver, and their proper maintenance was a matter of interest not alone to the farmers but also to the consumers of the Lower Mainland.

Hon. Dr. King promised to give every consideration to the representations.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH.

Look at tongue! If coated, clean little stomach, liver, bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make clean little "insides" bright and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your Druggist for a bottle of "California Syrup of Figs" which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

THREE BILLION MARK PASSED

GERMANY ANNOUNCES NEW LOAN SUCCESS

Washington, Oct. 15.—Exultant over the success of its seventh war loan of $3,330,000,000, the German government, through its official press agencies, is sending out announcements on its subject to the few remaining neutral countries.

"Tis proof of economic and financial strength until now unheard of in war history," the statements say "is the best answer which the German people can give to Wilson's note and to the hope expressed by its adversaries and other people of the economic breakdown of Germany."

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

VOLUME XVII. NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, SATURDAY, OCT. 27, 1917. NUMBER 202.

TO WIN THE WAR SHOULD BE THE ONE AND ONLY AIM

Aims and Objects of Win-the-War League Set Forth by Able Speakers at Public Meeting in Opera House Last Night—Professional Politicians and Party Politics Severely Criticized as Having no Place in Nation's Affairs in Present Crisis.

The sacrificing of every personal and private interest for the one object of winning the war, was the keynote of all the speeches at the meeting held last night in the Opera House under the auspices of the Nanaimo branch of the Win-the-War League.

There was a splendid attendance, the audience, being most appreciative and frequently applauded the stirring patriotic remarks of Mr. A. S. Barton, of Esquimalt. Mr. A. C. Flumerfelt and Mr. Lindley Crease, K. C., of Victoria; Principal W. H. Vance and Mr. Nichol Thompson, of Vancouver, and Lance Corporal Oliver, a returned soldier, now convalescing at Qualicum.

His Worship Mayor McKenzie presided over the meeting, and briefly introduced the several speakers, after reviewing the history of the Win-the-War movement in Nanaimo, and stating the object for which the meeting was called. During the course of the evening, Miss Jean Patterson rendered two vocal selections her encore number "Joan of Arc," the latest song hit of the season, being favorably received by the audience, which expressed its appreciation by long and continued applause.

Scored Party Politics

Whatever doubts existed in the minds of some as to the bona fides and genuine motives behind the Win-the-War League, these doubts were expelled after listening to the stirring address delivered by Principal W. H. Vance of Vancouver. A fluent speaker, Principal Vance carried conviction in his remarks and his denunciation of the political leaders and heelers who at the present crisis in the country's history prefer playing the game of politics rather than uniting with the one object of winning the war was the most severe and cutting ever heard from a Nanaimo platform.

In his opening remarks, Principal Vance told of attending the big Win-the-War convention in Montreal at which the win-the-war movement was inaugurated. He was struck, he stated, when in that city by the unanimity of feeling as expressed by representatives from Halifax to British Columbia and he was surprised upon his arrival at Ottawa to discover the difference in the nation's capital. Upon his visit to the Parliament Buildings he found but fifteen men on one side of the house and eight on the other a total of 23 out of upwards of 180 who had been elected to attend to the affairs of the Dominion the remainder being at the Chateau Laurier not talking business in connection with the nation's welfare, but jockeying with politics in an effort to advance party interests. Such a condition of affairs had induced the speaker to approach a number of persons with the proposal that party politics be eliminated at least during the period of the war, but no one could be found to take the lead in such a movement. Never having been a party man and never having taken any part in politics whatever, the speaker declared no one was in a position to enter upon such a movement with an unbiased mind more than himself, so he inaugurated the Win-the-War movement in Vancouver. A meeting was called and it was found that those in attendance, Conservatives, Liberals and Independents could agree upon three things, viz.: First, a National Union Win-the-War Government: Second, enforcement of the Military Service Act, and, Thirdly, the mobilization of the nation's resources and the abolition of profiteering. After getting so far in the movement a public meeting was called for the Horse Show building and this was attended by over 4,000 of the best citizens of Vancouver, who endorsed the principles of the League and selected a committee of 100, consisting of 35 Liberals, 35 Conservatives, 5 women, 15 representatives of the Returned Soldiers Association, and 10 like the speaker. Independents, who had never taken any part heretofore in party politics. From the beginning the movement had spread to all parts of the province, branches of the League having been found in almost every centre and every district.

Was Non-Political

Continuing in his remarks, Principal Vance severely arraigned those who would continue the game of politics in the present crisis which is confronting the nation, and stated, like Abraham of old, the political leaders of today should say "let there be no strife between us for once, for we are all Canadians." In the present crisis, continued the speaker, we can leave out the names of Borden and Laurier, Grit and Tory, as they are not necessary, for at a time when the boys are laying down their lives in France and Flanders the political future of Borden or Laurier is of no consequence. The Win-the-War movement was not political, but was inaugurated with the object of bringing unity among those at home with the one object in view and he could not see why there should be less unity among those remaining in Canada than existed among the boys at the front. The present Union Government satisfied the first plank in the League's platform, and today, declared the speaker, everyone was either in favor of the Union Government or a government led by a man who the best he can say is that if returned to power he will consult with the Imperial Government as to what part Canada should take in the great conflict. The present Union Government Rev. Vance declared, should satisfy the most exacting critic, composed as it was, of the leading men of the nation, seven of them Liberals, who had sacrificed the leadership in their respective provinces to aid in the common cause, men like McLean, Carvell, Ballantyne, Guthrie, Rowell, Calder and Sifton, who satisfy the League's ideals of the kind of men who should lead in the present crisis and those who were not satisfied with a government composed of such men would be hard to satisfy.

Denounced Profiteering

Continuing in his address, Principal Vance referred at length to the aims and objects of the League. He declared it believed in the enforcement of the Military Service Act for voluntary enlistment was dead and conscription was the only means by which Canada could make good its pledge of 500,000 men. He believed conscription should go further than the 100,000 men asked for and that every man in the Dominion should be conscripted and placed in the position he was best fitted to do his bit for the common cause. In Vancouver a man had two choices. He could sign up for the trenches at $1.10 a day and everything found or he could go to work at Wallace's shipyards at $6.00 a day, but if the speaker had his way, if there was to be any discrimination the $6 a day would go to the man who was risking his life in the trenches and the $1.10 a day to the man in the shipyards who was safe from any personal harm or injury.

The League, continued the speaker, is also in favor of the nationalization of all the war resources of the Dominion for the Empire was at war with a nation which had nationalized its man and woman power and all resources to the limit, and Canada should do the same. It also believed in the taxation of wealth and believed no man should make one dollar out of the blood, the sorrow and tears of his fellowman in the present period of national stress, and that the income of all the big industries of the nation after leaving a fair margin of profit, should be taken to finance the war. Personally, he would not like to become wealthy at the expense of another man's life, and he would say to the Davies Packing Company Co., to Flavelle, and others, pay back into the coffers of the country every dollar they have made over a fair interest on their investment. Not only would he stop profiteering in the future but he would make it retroactive and tell such men to disgorge, for why send one man to the trenches and ask him to give up his life and allow another man to make more money than he ever made before in his life.

In conclusion the speaker stated the Vancouver branch of the Win-the-War League, which had upwards of five thousand Vancouverites pledged to its platform, was acting as referee between the old political parties and was in favor of running a Unionist Conservative, a Unionist Liberal and a Returned Soldier in the three Vancouver seats. Personally he had no defence to make for his attitude in coming out of the pulpit to support the movement, for he believed in waging a campaign against the rotten, contemptible system of party politics he was doing as much good as when he stood in his pulpit on a Sunday and preached the gospel of Jesus Christ. He urged the electors of the Nanaimo Riding to get together, agree upon the strongest man and send him to Ottawa in support of the Union government, and pledged to do everything in his power to win the war.

Lance Corporal Oliver

The second speaker to address the meeting was Lance Corporal Oliver a returned soldier now convalescing at the Qualicum Soldiers' Home, who was given a splendid reception by the large audience. He stated he had [illegible] to deliver from the trenches which was that the boys needed help and it was up to those at home to furnish that help. Canada, he declared, had sent many men, but it had not sent men enough yet, for Germany was not yet defeated, although the enemy was being beaten fast. He had seen men at the front wearing five bands of braid on their arm, which meant they had been wounded no less than five times, and it was not fair that these men should be made to go back and fight in the trenches when civilian strategy met in the pool rooms of the cities every night utterly indifferent to the war and the appeal that had often been made by their fellow countrymen in France to go over and help defeat the common enemy. These gangs, declared Lc.-Corpl. Oliver, should be broken up, and it was up to the patriotic people of Canada to put conscription right through. The boys in the trenches wondered why the foreigner in Canada should not also be conscripted for they were as able to fight as the Canadian and if Canada was worth living in it was worth fighting for. We are winning the war and we know it, but the truth is kept from the Germans. The German people declared the speaker, are kept in the dark regarding events at the front, an instance of which was shown after the Jutland battle when the authorities sent the marines who participated in that naval action into the trenches on the western front rather than that they should go to their homes and tell the real facts of the engagement in which the German fleet met with a serious defeat. The German leaders are past masters at lying, continued Corp. Oliver and all sorts of stories are told the troops of the loss of the British navy, the destruction of London and other British cities by zeppelins, and they are also told that if they surrender to the Allies they will be killed. In the past they believed what they were told but prisoners now taken by the Allies are losing faith in their native land, and say they will never go back to Germany when the war is over. The speaker told of life with the boys in the trenches and behind the firing line, of the good times they had as well as the bad, and stated they were not the ones who had the hardest battles to fight, for the hardest battles were fought by mothers and wives at home. In conclusion the speaker urged that more men be sent to the firing line for they were needed and while it would appear that the enemy was fighting harder than ever, he was fighting with a courage born of despair while the Allies were fighting with the confidence of victory.

Would Hold Convention

Mr. A. S. Barton, chairman of the Esquimalt branch of the League, traced the history of the movement from the time of its inception by Blind Trooper Malloy to the big convention in Montreal and the instituting of branches in a number of cities in this province. From serving on the committee of the Victoria branch he had instituted a branch in Esquimalt which was doing well and which had a platform in common with Nanaimo and other centers. The movement, he stated, could not remain stationary but must go ahead and every member should get busy, preach the gospel and get new adherents for the movement was for the good of all and not for the material benefit of any individual in the League. The speaker reviewed the progress made by the Esquimalt branch and stated the residents of that district were heart and soul in the movement. He suggested a convention be held in the near future, and that all parties get together and nominate the best man to represent the riding. The League, he stated, hoped to achieve something, to do something good, something that will make Canada a little better.

A United Empire.

Mr. Lindley Crease, K.C., of Victoria, informed the audience it was his first appearance on a Nanaimo platform, but not his first appearance in the arena in Nanaimo, for in the early days he had taken part in many a hard fought struggle against Nanaimo's rugby football team, the invincible Hornets. The old Hornets always won, he declared, because they showed unity and played the game as one man and he had no doubt if the same unity of purpose was shown throughout Canada in the present crisis much could be accomplished. The speaker reviewed the efforts put forth by Great Britain to win the war, of the growth of the army to over five million men, a naval strength of a half million with ten million organized workers turning out munitions and supplies for the fighting forces, and also told of the part played by all the Colonies whose united action had dispelled the German design of a disunited Empire. The early days of the war the speaker stated, were trying ones for the people of Canada for it was not known how the boys who had not had any military training would fare when up against the trained troops of Germany. They made good, however, and did magnificently, but now the tables were turned and the boys in the trenches were asking "What are they doing at home?" and "Are the people at home united in favor of winning the war?" We are fighting, continued Mr. Crease, for a new world, to throw the Hun out of civilized society and the boys who are doing it are asking for a square deal. It is up to us at home to see that they get a square deal and if they do there is no doubt that we will come out victorious.

Mr. N. Thompson.

Mr. N. Thompson was the next speaker. He explained that he was at the meeting by accident, having only arrived in the town that evening. When approached by the officers of the Win-the-War League he had readily promised to attend the meeting, but was not prepared to make a speech. However, he was fully in sympathy with the aims of the League. He was well known in Nanaimo, and he did not need to tell the audience that he had been a Liberal all his life. He came from Tyneside, and had been reared in North Country traditions. He had not given up his Liberal principles, but he conceived the first duty of every Canadian was to do everything in his power to win the war. Personally he was in the war to the bitter end, and this great movement might turn out to be another turn in the wheel of political evolution. He hoped that they would all support the union government, and so bring all the resources of the Dominion to bear in carrying the war to a successful conclusion.

Mr. A. C. Flummerfelt

Mr. Flummerfelt, the next speaker delivered a very able address, his trouble being that he had not time enough to speak as fully on the subject as he would have liked. He referred first of all to the Montreal convention, the like of which had never before been heard of in Canada. He believed that the present union government was very largely the outcome of the convention. He then dealt with the heritage of the Canadian people. Something like eight millions of people had fallen heir to a country which on the basis of the population of the European countries, was capable of supporting over 400 million people. Then there was their association with Britain, and their place in the Empire, the greatest the world had ever seen, with all its traditions of justice, liberty, equity, and playing the game. Were they, as Canadians, playing the game in support of the principles which had made the Empire what it is? He would leave them to think it over for the purpose of uniting the better to carry out the task confronting them. They were part of a British democracy, a thousand years old which had made its influence felt throughout the world. No country in the world enjoyed more freedom than Canada, and this freedom and liberty brought its responsibilities. It was to preserve this liberty and spread it that this Win-the-War league had come into being.

In 1914 they knew nothing of war. They were at peace and were prospering. They had no guns, no ships, no forts to protect their shores. But when the war came and a choice had to be made, there had been no hesitation. The country from the Pacific to the Atlantic had rung with the call to arms, and they had gone into the struggle pledged to their last man and their last dollar. Where were they now? They had politics. He himself had never taken much interest in politics which was where he had made a mistake. Still, he had always voted Tory, but for the future he would vote for what he thought the best man no matter what they labelled him. He wanted to justify his right to be a Canadian.

The speaker next dealt with patronage and profiteering. He denounced the patronage system as the biggest curse and evil the country had suffered under, debauching and debilitating public life. He advised them to keep raising their voices against this accursed thing. Profiteering he also denounced. He did not think that any business had any right to make a penny in profits. When men were sacrificing their lives that business men should be enabled to "carry on," it was as much as they could look for to have their capital intact to start on after the war was over. He appealed to the audience to make whatever sacrifices they might be called upon to make to the end that they might preserve their liberty. The boys at the front in France were doing their bit, offering their best services for no sort of compensation, and it was up to them at home to hold their front. Then when the boys came back they could get together to adjust economic and social conditions on a basis which would take into consideration the services the boys had rendered and work all together for the future of their great Dominion.

From the Victoria League he brought a suggestion that there should be a convention of the League of the three Island constituencies. Nanaimo riding being the central one, it was thought that the call should come from the League here.

The meeting closed with a hearty vote of thanks to the various speakers moved by Mr. F. Jepson and seconded by Mr. J. M. Rudd.

ENEMY LOST STRONG POSITIONS

London Oct. 26.—Operations, with limited objectives, were undertaken by the British and French armies in Flanders early this morning, and notwithstanding the great difficulty caused by the weather and bad ground, considerable progress was made and valuable positions taken on the greater part of the front attacked, says the British official communication tonight.

Paris, Oct. 26.—French troops are continuing their successful drive on the Flanders front, according to the War Office statement tonight.

The number of captured guns [illegible] and 200 more prisoners were taken this morning.

In the Champagne, enemy surprise attacks broke down, and the French succeeded in entering the German lines at one point, and brought back prisoners.

ITALIAN CABINET RESIGNS

Rome, Oct. 26.—The resignation of the Italian Cabinet, is announced by Premier Bozelli.

WANTED—A man for delivery van, married man preferred. Apply P. O. Box 260. 2-3.

BRAZIL AT WAR

Rio Janeiro, Oct. 26.—President Braz of Brazil, has sanctioned the proclamation of a state of war with Germany.

WILL RAISE A POLISH LEGION

Washington, Oct. 26.—Approval has been given by the department to Paderwski's project of raising a Polish [illegible] in Europe. Secretary Baker explained that the force will "not be articulated directly with the American army," but he refused to give further information, saying the plan was wholly that of its originators.

PETROGRAD STILL TO BE CAPITAL

Petrograd, Oct. 26.—In connection with the official reports that the Germans are withdrawing some 20 versts to new lines on the Riga front, the commander on the northern front reported to the government that the position of the Russian forces is improving. He said they had managed to prevent further advances and had secured the safety of all ways of entrance to Petrograd. The armies had apparently "awakened to consciousness," he said.

As a result of the German withdrawal, apparently for the purpose of straightening their line for winter permanency, it is understood that the Provisional government has changed its view that the capital should be moved to Moscow immediately, and that it will now proceed very slowly with the removal.

BRITISH AIR RAID ON PRUSSIAN TOWN

London, Oct. 26.—Six tons of bombs were dropped by British aviators on the Burbach Works, west of Saarbrucken, Rhenish Prussia, Wednesday night, says the British official aviation communication tonight. The communication adds that four hostile airdromes were also attacked, forty-five heavy bombs being dropped, and direct hits obtained on a group of hangars.

OFFICERS ARE NOT EXEMPTED

Ottawa, Oct. 26.—Officers of Canadian military regiments must report for duty under the Military Service Act in the same way as civilians are required to do. It is in the power of the State to say in what capacity they will render service. This was the opinion expressed by a high official of the Militia Department today when asked whether a Canadian military officer could be compelled to serve in the ranks under the Military Service Act.

HALLOWE'EN MASQUERADE

FRESH GAINS ARE MADE BY BRITISH AND FRENCH

French Troops Continue to Press Against the Forces of the German Crown Prince with Laon as the Objective—Italians Forced to Give Further Ground in Face of Combined German-Austrian Advance.

Fresh gains of terrain by British and French forces in the Ypres sector, by the French north of the Aisne river and by combined German and Austrian Hungarian armies in the Austro-Italian threatre are recorded in the latest official communications from London, Paris and Berlin. New gains of the British and French in Flanders were obtained in another swift and decisive offensive launched in the early hours of the mornings over a front between the southern edge of Houthoist wood and the region of Gheluvelt. Bad weather and soggy ground hampered operations to some extent and all objectives set out for could not be taken. The majority however, rested in the hands of allies at the end of the days fighting and a considerable number of prisoners and guns were also captured. 800 prisoners fell into the hands of Field Marshall Haig's men.

With Laon as the objective, French troops are continuing to press against forces of the German Crown Prince north of the Aisne River. In another attack on right of the village of Filain has been captured, a footing has been gained on the plateau north of Epine de Chevrogny and the enemy has been forced to give ground north of La Chapelle Saint Berths. These successes serve materially to bring the right wing into alignment with the remainder of the front and places the entire line in a better position for another smash northward toward Laon. That this attack may not be necessary however, is the forecast by the military expert of the Berlin, Tageblatt, who while belittling the chances of the ultimate success of the French operations asserts that it is not outside German rules of warefare voluntarily to abandon territory not essential to Germany's tactical plan in order.

Austro-German armies on the Isonzo front are fast developing their offensive against Gen. Cadorna's forces. Already the Italians on the northern wing of a 25-mile front have been forced to give ground and at several places are back across the Isonzo north and south of the Toimino, where the battle is raging on Italian soil.

To the south the situation of the Italians admittedly is precarious. Even the Italian war office announces that the evacuation of the Bainsizza-Heiligengeist plateau is necessary, a retirement which will render null in a great measure the brilliant advance of the summer campaign.

The combined German and Austro-Hungarian forces up to the present it is declared by the Berlin war office to have captured in excess of thirty thousand prisoners and more than 300 guns and it is stated that the figures annually are being augmented.

The German retreat along the northern Russian front still continues. The Russians are endeavoring to take the pursuit however, and have reached the Riga-Ovel railway but have not come within sight of the enemy. On the Esthonian coast the Germans again have endeavored to make a landing on the Werder peninsula to reinforce troops successfully put ashore there last week. The Russians however, drove them off.

Germany's eighteenth enemy has entered the field against her, when the Brazilian Congress voted for war.

The staff of the local Telephone Office held a social dance last night in the Assembly Hall, some fifty couples being in attendance. Excellent music was furnished by an orchestra led by Miss Grace Morgan, and a most enjoyable evening was spent.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

GOOD AND BAD NEWS

The war news yesterday was both good and bad. The Italians have suffered a severe reverse, and have been compelled to withdraw from the Bainsizza Plateau which they captured from the Austrians a short time ago after heroic fighting and heavy sacrifices. Their set-back is the direct result of Russian inactivity. While the Russians are evacuating important fortified cities without a blow, the Germans are withdrawing their lines so as to lessen the risk of misunderstanding between the two armies. A two-fold object is thus obtained. The Russian soldiers who have quit fighting are able to give their whole time to drawing up peace programmes, while the German commanders are able to move their troops to the Italian front. It was the concentration of new German armies, German guns, and German planes which forced the gallant Italians to retire from their hardly won positions on the Bainsizza Plateau. The blow was expected, for French and British troops were sent to reinforce the Italian forces, but the German armies set free by the Russian failure, have turned the day. Just how far the Germans will be able to carry their initial successes remains to be seen.

As against the Italian reverse the French and British arms have scored further important successes on the Flanders and Aisne fronts. Petain's thrust on the Aisne Plateau has not yet ended, and nothing comparable to it in its overwhelming success has yet been seen since the era of trench fighting began. On a short six-mile front over 12,000 German prisoners have been taken, and over 150 guns of all calibres, not counting machine rifles and trench mortars, with large quantities of stores and materials captured. Impressive in itself, it is expected that the victory will lead to even more important results, as from the ridges now held by Petain's men, the whole country, for miles around, will be dominated by the French artillery. On the Flanders front Haig has again re-opened his offensive to the northeast of Ypres, and, according to the official reports satisfactory progress is being made. The Germans cannot stand the pressure, and cannot afford to risk disaster so near their own border in order to help Austria in the Tyrol.

DETERMINED TO SINK VATERLAND

An Atlantic Port, Oct. 26.—Germany is keeping an eye on the Leviathan, once the Vaterland, the pride of her merchant fleet, and the commanders of the U-boats have for two months been watching for her to leave America under the Stars and Stripes.

This is the belief of Captain Hans Mortensen, master of the American bark Paolina which was sunk by a submarine on September 25 about 150 miles southwest of the Scilly Islands.

One of the first questions the submarine captain asked Captain Hans was: "When is the Vaterland going out?"

"I told him I had not seen the Vaterland when I was last in the United States," said Capt. Mortensen, "and that as I had no wireless I had no means of knowing whot was going on in America. I had suspected for a long time that the U-boat captains had their minds bent and their hearts set on getting the big vessel they sought to make useless before the United States seized her.

"It was my impression also that a large portion of the crews on these submarines are made up from men who were in the merchant service of the Hamburg-American and North German-Lloyd lines. Some of the U-boat men were talking with my men while we were on the submarine's deck, and they admitted that they had been in New York many times on steamships of these two lines. When our fellows told them they were getting about $75 a month they expressed surprise, saying they were getting about $20 in consideration of the hazardous service they were engaged in."

Directions for Employers

Who Purpose Claiming Exemption for Class One Men in Their Employ

THE following course is recommended for employers who have in their employ any number of men—bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before Jan. 1st, 1917, and who propose claiming exemption for any of these men, to continue in work which is deemed to be in the National interest:

First, it will simplify matters for you and for the exemption tribunals if you instruct Class One men in your employ to go up for medical examination at the nearest Medical Board Centre.

Only Class One men, who upon medical examination are placed in Category A are liable for immediate service under the Act. Class One men placed in Categories B, C or E satisfy immediate requirements if they attach their medical report to their claim for exemption.

Employer's Statement and Schedule

Second, prepare a full statement of the total number of your employees grouping them according to their respective occupations and qualifications and stating the number in each group. Indicate the possibility or otherwise of replacing the labour of Class One men with the labour of those unavailable for military service, or outside the statutory class called up; the extent to which the withdrawal of men in the statutory class would affect the business, the reason for considering that the carrying on of the business is in the National interest, and such other facts and circumstances as may appear to be relevant.

Append to this general statement and classification, a schedule of the names, ages and occupations of all men in Class One, indicating as to those who have been medically examined, the medical Category in which they have been placed, noting against each name whether or not you propose to claim exemption on behalf of the man.

Where exemption is claimed employer should state his opinion whether such exemption should be conditional on the man's continuing to follow his present occupation and whether it would suffice if exemption were granted for one, two or more months, as the case may be.

A copy of both statement and schedule should be prepared for each man for whom the employer is applying for exemption.

Forms for Exemption

These forms may be obtained on request from any Post Master, who will transmit the forms when filled in, to the Registrar.

Claims for exemption must be made not later than November 10th.

DOMINION THEATRE

"Damaged Goods" Draws Big Crowds

The Dominion Theatre had well-filled houses at all performances yesterday to see "Damaged Goods" which will be shown for the last times today.

There is a distinct and powerful dramatic element of the story. A variation of the tragic idea that consequences are unpitying that the will and the virtue of a man or woman are assailable on a thousand points and that few of us will emerge scathless from the conflict with temptation.

"Damaged Goods" of course raises huge questions—questions which the unthinking and the uninformed settle in a few minutes, but over which the philosophers of the ages have shaken their heads. The great mystery and adventure of love is involved and likewise the shortcomings of our social and economic organization. But the outstanding feature of the presentation of this film is that public instruction is offered in a domain over which there has been heretofore maintained a veil of secrecy. One of the best things about "Damaged Goods" is its exposure of the quacks who prey upon the victims of disease.

Knowledge of a subject so vital to everyone as that dwelt upon in the picture "Damaged Goods" is felt to be infinitely better than secrecy.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY.

Try This! Hair Gets Thick, glossy, wavy and beautiful at once.

Immediate? — Yes! Certain? that's the joy of. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

The Business Side of Winning the War

THE WAR can be won only by a combination of Men and Money co-ordinated into invincible organization by the patriotism of all the people.

The most devoted patriot army could not fight twenty-four hours without money and the support of those things which money alone will buy.

Our soldiers must have food, clothing, arms, munitions and transport, or be vainly sacrificed in battle.

So, no matter how brave our soldiers may be, nor how self-sacrificing they are, unless we back them freely and generously with money, their bravery and their sacrifices will be all for nothing.

Money is the coupling pin between Canada's fighting men and victory.

TO CARRY on the war Canada must be prepared to produce and sell on credit to Great Britain and our Allies, hundreds of millions of dollars worth of supplies.

Cash must be paid to the producers of those supplies.

The war is not only a terrific struggle of men and guns, but it is also the most tremendous business of producing, selling and financing the world has ever known.

And to successfully carry on this war, money is as indispensable as it is in operating a railroad or a private business.

The war is therefore a combination of commerce and fighting, of business and patriotism.

So, to keep on producing as well as fighting, the very highest commecial efficiency of Canada must be maintained.

And it is Canada's privilege to take a man's part in that combination of patriotic producing, financing and fighting.

Also it is Canada's duty as well as her privilege to so conduct that business that she can continue to produce and sell and finance on a still greater scale.

★ ★ ★

GREAT BRITAIN has advanced to our Allies five and a half billion dollars. The United States has advanced to Great Britain and our Allies nearly three billion dollars. These advances of course are not in actual cash, but in credit.

When Britain lends billions to France and Italy she does not lend the actual cash, but she gives those Allies credit.

The British munition worker and coal miner who produce the supplies for France and Italy are paid in cash with the money borrowed by the British Government from the British people. But the money stays in Britain, and helps to maintain for British workingmen conditions of the highest productive efficiency.

★ ★ ★

NOW, because of the tremendous burden of expenditures which Great Britain is bearing at home and has made abroad in the past three years, and because of the billions of credits she is financing for the Allies, it is impossible for her to send out of Britain any more money in cash.

For her purchases in Canada and the United States she must have credit. And that credit must be established by the people. What the Government of Canada lends to Great Britain must in turn be borrowed from the people of Canada.

So Canada's Minister of Finance comes to the people of Canada for a loan which Canada promises, in the form of Canada's Victory Bonds, to repay at a stipulated time, with interest.

Canada's Minister of Finance sells Canada's Victory Bonds to the people and the people pay him their money, which he uses to pay the farmer, the miner and the wage earner for the products which Great Britain needs and must have.

The producers in turn circulate all this money for food, clothing, furniture and other necessities, thus contributing to the business prosperity of the whole country.

So, by buying Canada's Victory Bonds we are not only helping Great Britain to win the war but we are also helping to maintain in Canada those conditions of material well-being which again are essential in maintaining at a high level the productive efficiency of the nation.

Thus the purchase of Canada's Victory Bonds completes the cycle of National effort in winning the war, in which every man, woman and child should take a part.

That is the Business side of Winning the War—
Your Part in that Business is to buy
Canada's Victory Bonds

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance

HUNGER TYPHUS IS EPIDEMIC IN GERMANY

Amsterdam, Oct. 25.—It is learned that the schools of Cologne are closed owing to the increase in what is called "hunger typhus," a type of dysentery caused by the bad quality of food, especially the bread produced in recent months. There are tens of thousands of cases throughout Germany Vienna also reports an increased number of cases of this malady in Austria-Hungary.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch!?!?!?!! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or inauguration of the high heels.

Mr. Sidney Smith received a telegram yesterday morning from his brother Pte. P. L. Smith, stating that he had left Halifax yesterday on his way home from the front and expects to reach here next week. Mrs. H. R. Smith is now in Vancouver awaiting her son's arrival.

GIRLS! MAKE LEMON LOTION TO WHITEN AND BEAUTIFY SKIN

In all weathers the skin and complexion can be kept wonderfully clear soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

CUT DEEP INTO GERMAN LINES

Several Villages and a Great Number of Fortified Farms Wrested from the Germans by Powerful French Drive in Flanders.

Paris, Oct. 27.—Another powerful drive by the French troops today on the Ypres-Dixmude road resulted in the capture of [illegible] and a great nuumber of fortified farms. According to tonight's announcement by the War Office an additional advance was made along the Aisne front, including the occupation of Froidment farm.

London Oct. 27.—French troops in Flanders made further advances this morning capturing several villages and taking a number of prisoners the British War Office announced tonight. On the British battle front there was great artillery activity but no infantry action. The number of German prisoners captured since yesterday morning exceds 1100, including 300 taken by the French.

Paris, Oct. 27.—Continuing their offensive in Belgium French troops captured German trenches north of the objectives reached yesterday, the War Office here announced this afternoon in the following report.

"In Belgium our troops, continuing the action between Driegrachten and Draibank, captured new German trenches north of the objectives reached yesterday. The offensive continues under satisfactory conditions notwithstanding the difficulties of the ground. Prisoners have been taken.

"On the Aisne front the night was calm, being marked only by intermittent artillery actions, especially in the region west of Ailles.

"On the right bank of the Meuse river, Verdun front, enemy attacks against one of our trenches north of Chaume Wood and in the forest of Apremont were broken up by our fire.

"There is nothing to report from the remainder of the front.

[illegible] dropped 20 bombs of large calibre on Dunkirk. There were 30 victims among the civilian population."

HEAVIER TAXES FOR PEOPLE IN GERMANY

Copenhagen, Oct. 27.—The German Government is considering the introduction of a new taxation measure at the December session of the Reichstag. Additional revenue is necessary to meet interest on the seventh and preceding war loans, part of which were paid from the proceeds of the loans themselves.

ZEPPELIN FELL INTO MEDITERRANEAN SEA

Toulon, France, Oct. 27.—In addition to the four zeppelins known to have been lost by the Germans in French territory last Saturday, another has now been reported destroyed by falling into the Mediterranean Sea last Saturday night. Two French naval aviators made this report today. The zeppelin sank forty miles south of the Hyeres Islands.

TELEPHONE OPERATORS POSTPONE STRIKE ACTION

HUN AND ELEMENTS DEFIED BY ALLIES

British and French Forces Made Important Gains Despite the Weather Conditions and Enemy's Men and Guns.

London. Oct. 27., via Reuter's Ottawa Agency, Oct. 26.—Reuter's correspondent at British Headquarters in France, telegraphed today:

"For the purpose of illustrating the intensified fighting area in today's advance, I may mention that [illegible] light railway was damaged by shells forty-eight times and was forty-eight times repaired. This realway was maintained in running order for bringing up heavy ammunition. The gunners, too, accomplished marvels in getting forward guns through the mud, frequently axle deep. Practically all our guns had to be moved forward and although this seemed to be almost a superhuman task, nevertheless by 6 o'clock yesterday even ing the final howitzer battery was in position and registering.

"Despite ill luck of the weather, the combat is by no means one-sided and the enemy will find that any attempt made to counter attack in the mass formation, will be very costly since the advantage of ground is largely in our favor and the enemy is bound to come under a tremendous fire as soon as he tries to advance.

"Today's battle has been fought on a flooded field in a driving rain. The sum toal of the day's battle is a series of most important tactical gains although we should have done much better under more favorable heavens.

"In the region of Voldhoek Chateau the advance was a dashing performance. The place was a regimental headquarters which was garrisoned by four hundred. We took sixty prisoners from the remaining defenders including an adjutant. At midday, enemy airmen discerned our troops upon a spur of the Belleuve Ridge, a vantage point for which there was much fighting previously. If this spur is finally held the day will be marked by at least one conspicuous gain. Other places on the battle front are impassable. Floods are reported holding up the advance. The enemy is pretty densely massed all along the front. By an attack on the left front the French carried a number of concrete defences with exceedingly light casualties owing to the erratic nature of the enemy's barrage. The enemy was aware of the approaching heavy attack because his airplanes were flying low over our position half an hour before the attack was launched and five minutes before the heavy fire opened. All along the front the Canadians played a gallant part in today's fighting

TURKS RETIRED BEFORE BRITISH

London, Oct. 27.—"On Tuesday Turkish columns, moving on both banks of the Tigris from Terkit, approached our positions at Samarra" (on the Tigris above Bagdad), says an official report from the Mesopotamian front. "The Turks retreated up the river during the night without fighting on the advance of our troops."

ITALY CAN HOLD THE ENEMY

Italian Army Headquarters Reports Von Mackensen's Forces Cannot Break Through Italian Lines Into Fertile Plains of Italy.

Army Headquarters in Northern Italy, Oct. 27.—It is now clear that the Austrians and Germans sought to [illegible] a surprise attack at least on a fortified point on the north of the Italian front. The whole operations now rests on the possibility of von Mackensen driving through passes where the city of Cividale is the first important place leading to a rich and level plain. All indications are that the Italians are masters of the passes and can hold von Mackensen against further advance, although the tremendous force he has massed might permit of a further scattered incursion.

ALBERTA AGAIN HAS A FALL OF SNOW

Calgary, Oct. 27.—Considerable snow fell here again this morning. Reports to the C.P.R. officials indicate that the precipitation is general in the district. According to the weather recorder here .08 inch fell up to 11 o'clock.

CADORNA'S MEN OVERWHELMED

Massed Blow of Heavily Reinforced Austrian Divisions forced Italians Back Across the Isonzo.

London, Oct. 27.—The French successes on the Aisne front and the Franco-British pressure in Flanders are offset for the moment by the Austro-German blow against the left wing of the Italian forces on the Isonzo front. However, the latest Teuton efforts has not yet progressed far enough to be called dangerous to the future success of the Allied arms.

General Cadorna's men were overwhelmed, seemingly, by the massed blow of heavily-reinforced Austrian divisions under the command, it is reported of Field-Marshal von Mackensen, the leader of two offensives against the Russians. The Italian leader probably considered it better to withdraw his battered soldiers from the sharp curve in the Isonzo northwest and southest of Tolmino to a line from Monto Maggiore to Auzza than to attempt to hold the Austro-Germans where, if they were able to continue their successes, the whole Italian campaign along the Isonzo might be nullified.

Rome, Oct. 27.—Having crossed the Italian boundary line between Monte Canina and the head of the Judreo Valley, the enemy is attempting to reach an opening on the plains says an official communication issued here to-day.

Austro-German forces are making strong attacks on the Carso front.

They were repulsed by Italian forces.

The text of the report follows:

"After having crossed our boundary line between Monte Canina and the head of the Judreo Valley the enemy is attempting to reach an opening on the plains.

"On the Carso, the hostile effort is increasing. Strong offensive thrusts by the enemy were repulsed by our troops.

RUSSIANS ADVANCE IN RIGA REGION

Petrograd, Oct. 27.—The Russian advance in the Riga region on the front of the German withdrawal, is being continued and Russian scouts have gone as far as Annehof without encountering the enemy, says an official report issued here today.

Russian positions on the coast were bombarded by German naval forces, including dreadnoughts. No fighting is reported from Gulf of Finland.

TRUSTEES WILL MEET IN NANAIMO

Convention of Provincial Body Will Sit from November 7th to 9th—The Programme.

Arrangements are in an advanced stage for the fourteenth annual convention of the British Columbia School Trustees' Association, which comes to Nanaimo on November 7, 8 and 9. The president is Trustee J. W. Berry, of Langley, while Trustee Jno Shaw, of Nanaimo, is the vice-president, and the secretary-treasurer is R. J. Hogg, of Peachland.

On the first day, Wednesday week, Mayor McKenzie will welcome the delegates, and the presidential address and secretary's report will be presented. Trustee Seymour of Vancouver, will make a report in the afternoon session as to the fate of the resolutions of the Vernon convention. Wednesday evening and Thursday morning will be given over to consideration of the report of the resolutions committee, and on Thursday afternoon Mrs. Irene B. Moody, chairman of the Vancouver School Board, will speak on "A Three-Year Technical Course for High School Girls."

Trustee Stacey, of Chilliwack, will be heard at the evening meeting on that day, and at the same time Dr. Drysdale, of Nanaimo, is down for an address on the Medical Inspection of Pupils.

On Friday morning the officers will be elected and Trustee G. O. Buchanan, of Maple Ridge, is listed to give an address "What about the child who is finally leaving school at 14 years of age?"

"School Buildings and Grounds" will be discussed by Trustee Seymour of Vancouver, on Friday afternoon, and at that session Dr. Fraser, of the Biological Station, Departure Bay, is to speak.

The work of the resolutions committee is to be concluded at the Friday evening session. The secretary states that some very important resolutions will be submitted.

LIBERTY LOAN BIG SUCCESS

Five Billion Dollar United States Loan Has Been Over-Subscribed by Several Hundred Millions of Dollars.

Washington, Oct. 27.—Secretary McAdoo announced late tonight that the second Liberty Loan was an overwhelming success.

The loan apparently has passed the $5,000,000,000 mark. The last drive of titanic proportions throughout the nation rounded up more than one billion dollars and was believed to have carried the total several hundred million dollars beyond the maximum sum treasury officials had hoped for.

WILL SERVE IN RUSSIA

Tacoma, Oct. 27.—J. F. Senter, of Tacoma, who has been working at the Bremerton navy yard, left today for St. Paul, where he will join other American railroad men who will leave for Russia. He will be a boiler foreman, which carries the rank of first lieutenant.

Maccabees will meet Monday evening at 7.30.

CANADIANS HOLD ENEMY GROUND

Bellevue Spur Held by Troops From Canada Against Fierce German Attacks—The New Gains Being Consolidated.

British Front in Belgium, Oct. 27.—The Canadians this morning were digging themselves in across the neck of Bellevue Spur, west of Passchendaele, having held this newly acquired height in the face of ano[illegible]

This was the most important news from yesterday's offensive as it gives the British a dominating position to which the Germans had clung tenaciously. The capture was one of the most brilliant strokes in recent days and involved bitter fighting. The Canadians had scarcely reached the crest of the spur after battling over marshy ground in the face of a terrific hail of machine gun fire when the Germans counter attacked in force along the crest of the spur from the east. A sanguinary struggle followed at close quarters, and the men from overseas were compelled to give ground a little. They fought their way back, however.

Last night the enemy again tried to dislodge the British, but after heavy fighting the Germans gradually were forced to withdraw. During the night the Canadians readjusted their line across the neck of the spur and consolidated the positions.

CONVENTION IN NANAIMO RIDING

All Supporters of the Union Government Asked to Co-operate in the Nomination of a Candidate for the Dominion Elections.

Senator A. E. Planta and Mr. F. S. Cunliffe returned home last evening from attending a meeting at Duncan yesterday of representative Conservatives of all sections of the Nanaimo Federal riding, who gathered to discuss Dominion affairs particularly in reference to the recently organized Union government and the forthcoming Dominion elections.

The feeling of the Conservatives of the riding as expressed at yesterday's meeting was in favor of the party losing its identity for the present at least in support of the Union Government and the meeting appointed a committee which was instructed to extend an invitation to all supporters of the Union Government in the Nanaimo Riding to co-operate in the selection of a candidate for the Riding in the pending election.

The date and place of the nominating convention will be announced in due course.

2000 MUTINIED AT COLOGNE

London, Oct. 27.—Two thousand German infantrymen at Cologne mutinied when ordered to the Flanders front last week and destroyed their rifles and equipment, according to a dispatch from Amsterdam to The London Daily Express. A general who tried to calm them was stoned. The mutineers were arrested and 26 of the ringleaders were courtmartialed.

London Oct. 27.—The Reuter correspondent at British Headquarters in Belgium in a dispatch received here says:

"The Bavarians appear to be bearing the brunt of the fighting in Flanders and are openly complaining that the Prussians are sacrificing them."

AMERICAN TROOPS IN THE TRENCHES

United States Artillery Fired its First Shot of the War at a German Working Party Facing the French Lines.

With the American Army in France Oct. 27.—(By the Associated Press) —American troops are in the first line trenches on the French front. The artillery fired its first shot of the war at 6 o'clock on morning of a recent day at a German working party. There has been intermittent [illegible]

Helmeted infantrymen marched in without the knowledge of the enemy on the same night through rain and mud. The French soldiers in the trenches welcomed them enthusiastically.

The nearest enemy trench is several hundred yards away. The sector is one of the quietest on the front. It has not been taken over being under the control of troops under the direction of the French.

The Americans have shelled German positions and troops the enemy sending shell for shell. The first shell case will be sent to President Wilson.

The following is the first official statement from American headquarters:

"In continuation of their training as a nucleus for instruction later a contingent of some battalions of our first contingent in association with veteran French battalions, are in the first line trenches on a quiet sector of the French front. They are supported by some batteries of our artillery in association with veteran French batteries.

The sector remains normal. Our men have adapted themselves to actual trench conditions in the most satisfactory manner."

The case is now in the possession of General Sibert. The shot was fired by a red-haired gunner as his comrades in the ranks and the assembled officers cheered. Later a luncheon in the field was attended by the American and French artillerists in celebration of the first American contact with the enemy.

The gun used in firing the first shot was one of the famous French 75's. On the second day the French shelled a German battery position which had been located by sound and the enemy replied vigorously projectiles falling close to the Americans who joined in the artillery duels.

All the troops will be relieved after a certain period.

EBER BURNED BY GERMANS

Rio Janeiro Oct. 27.—Germans today set on fire and sank the German boat Eber, 984 tons, which has been lying at the port of Bahia fearing seizure by the Brazilian authorities of the gunboat. Torpedo boat destroyers were ordered yesterday to take possession of the Eber.

GERMANY FILLED WITH DISCONTENT

Washington, Oct. 27.—An article entitled "Peace, a new humbug," written by a German, and circulated in Germany by German republicans, working from Switzerland for the overthrow of the Hohenzollerns and the establishment of a republic, was made public here today by a committee on public information, with the English translation. The writer attacks the Junkers and pan-Germanists for the instigation of the war, and declares that the war lords, having worn out their tales of victories won now have turned to the farce of peace to instill patience into a starving and war-weary people.

BIJOU THEATRE

The attraction at the Bijou for tomorrow and Tuesday will be a Fox photoplay in five strong acts, with a very amusing comedy, and a Topical Weekly, showing some of the latest war views.

TERRIFIC BATTLES BEING WAGED

Italian Troops Engaged in Tremendous Struggle With the Combined Austro-German Armies—British and French Continue to Make Gains in Flanders.

Italy's mettle is being critically tested by the tremendous Teutonic drive on the Isonzo front under command of Emperor Charles of Austria. Apparently virtually the entire Austrian army and strong German forces are pitted against the Italians.

From the first blows Gen. Cadorna's second army has suffered a serious shock, and Berlin claims the defeat of this section of the Italian forces from which it announces the capture of 60,000 men and 450 guns. These losses seem to bear out the German claim as to the fate of this Italian army, but apparently the crucial hour has not yet come which will determine whether the Austro-German host can be held at the mountain passes and prevented from overflowing into the fertile plains of Venetia.

Semi-official utterances reveal that all possible preparations have been made in Rome to meet the great emergency. Each day, however, sees the invading armies making additional headway. Commanding heights along the border east and northeast of Tolmino are beginning to fall, while Berlin claims that virtually the entire Italian Isonzo front has been shaken.

From the western front comes the news announcing the presence of American troops in the first line trenches. These troops have not taken over a quiet sector in which they are stationed, but are under French direction. The British in Flanders were engaged Saturday in making secure the positions they won Friday the more important of which was the Bellevue Shur, west of Passehendaele, a valuable dominating ridge brilliantly taken and held by Canadians in hard fighting.

The French on the Flanders line went further ahead on Saturday, capturing German trenches north of the objectives reached on Friday.

The Russians are continuing to move ahead in the Riga region apparently with some caution.

RAISE IN COAL PRICE ALLOWED

Washington, Oct. 27.—President Wilson tonight granted an increase of 45 cents a ton in the price of bituminous coal at virtually all mines in the country, effective at 7 o'clock Monday morning. The new price will absorb wage raises recently agreed upon between the operators and miners in the Central Competitive and other fields.

The President's order provides that the increase shall not apply in case of existing contracts providing for an increase in price to cover any raise in miners' wages. Neither will it apply in districts where miners and operators fail to agree upon miners' penalty provision satisfactory to the Fuel Administration.

DOMINION THEATRE

Monday, after many weeks of earnest preparation "The Country Girl" will make her appearance at the Dominion Theatre and the packed houses which are sure to greet her, will be more than delighted with her and her talented associates. There are still a few choice seats to be obtained for both Monday's and Tuesday's performance, but an early purchase is advised.

OBJECTS TO PART OF LABOR PARTY PLATFORM

Englehart, Ont., Oct. 27.— A. G. Staght has been nominated as Independent Labor candidate in the new Federal district of Temiskaming. There appears to be some hitch, however, in that the candidate is said to object to part of the party platform, namely the referendum and recall.

A sad case of misplaced confidence in his own physical perfection is instanced in the case of the resident of the west end who had all of his teeth pulled in order to escape military service under the new Military Service Act Having thus fortified himself, he applied for medical examination, and was turned down on account of flat feet.—B C. A CLEAR ISSUE.

There should be clearer minds and clearer thinking among the people of Nanaimo as a result of the meeting in the Opera House under the auspices of the Win-the-War League. It is hardly necessary at this date to disucss the purposes for which this League has been formed. We can say, however, that with proper direction the movement behind the League will become one of the most potent influences in the public life of Canada.

It did not require the war to bring home to thousands of people in Canada that the Dominion was paying too heavy a price for its politics. The fact is that politics had been turned into one of the most profitable pursuits in the country. Powerful machines had been organized by the politicians, and by means of graft and patronage, the game was kept a-going. We cannot see, and have never been able to see where there was any material difference between the principles of the different parties. We have seen the leaders of both sides in an election charging each other with stealing each other's platforms. If it was a Conservative government seeking re-election, the Liberal leaders would declare before heaven that the platform upon which the Conservatives were appealing for the suffrage of the electors had been stolen from them. The point of the whole thing is that if the two parties could thus exchange platforms why should there have been two parties?

Occasionally it is true there arises questions on which there is a genuine difference of opinion, as for instance the question of tariff, and, just now, the question of compulsory military service. These questions divide the electorate irrespective of party, and the man who does not support the issue as he thinks right is a traitor to himself. Canada is at war, and the first question before the people is how to carry on the war to the very best advantage to the nation, and not to the advantage of any political party. It may be a hard matter to get away from party politics, but it should be an easy matter to get away from machine-made politics when the Dominion is confronted with such a momentous issue as at present. If the party system is to result in the building up of political machines, and in the conversion of party supporters into mere automatons to vote as the machine dictates, then we have had enough of the party system. The Rev. Mr. Vance's remarks along these lines are well worth consideration.

We were pleased also to hear Mr. Flummerfelt take up the question of war profits as he did. It is only a few days since the Herald argued that with the war on our hands, and the sacrifices the nation is making, there was more reason on the side of small profits than of abnormal profits. It is only because of the men who have foiled German ambitions with their bodies that the wheels of industry are able to continue turning. The owners of these industries should count themselves lucky that they are being preserved for them without going so far as to exact abnormal profits out of the nation's needs. The men who have interests in this country ranging from fifty thousand dollars into the millions are indebted to the nation, and to the men at the front in particular for their preservation, and should be content to make a sacrifice of some part of their ordinary profits. It is these considerations which make profiteering so intolerable and damnable to all decent minded citizens who are doing what they can that the country shall "carry on" in its great task.

It was sound advice that the agitation about these questions should be kept alive. Such meetings as that of Friday night are an indication of the feeling of the people of this province, and it is to be hoped that the professional politicians will heed the warning. There is already a Union Government in being, and the first duty of the Canadian people is to see that Union Candidates are returned to Ottawa. The issue is one of country not politics, of patriotism not party, and those who want not only to win the war, but want better and cleaner government, will waste no time in joining the League.

An expenditure of more than $1,000,000 is to be made at Copper Mountain and Princeton in the next few months by the Canada Copper Corporation.

Soup Plays Havoc With Stomach

To Avoid Distress Take a Stuart's Dyspepsia Tablet After Meals. They Digest Anything.

A plate of rich vegetable soup is a veritable mine of nutrition, yet will cause untold misery in some stomachs. It will lay heavy, feel like a lump of lead, cause billiousness, bring on lip sores and other symptoms such as a bloating sensation after eating, accompanied sometimes with sour or

"Gee, I Can Hardly Wait for This Rich Soup to Cool! And to Think That I Wouldn't Have Dared Eat it Before I Began Using Stuart's Dyspepsia Tablets.!"

water risings, formation of gases, causing pressure on heart and lungs, and difficult breathing, headaches, fickle appetite, nervousness and general played-out feeling.

Stuart's Dyspepsia Tablets are one of the real staple articles in the drug stores, because a host of dyspeptics and those troubled with indigestion have found them the handiest, simplest, safest and most reliable corrective for such conditions as catarrh of the stomach, billiousness, sour stomach, heart-burn and bloating after meals.

FRENCH WAR LOAN BILL

Paris, Oct 27.—The Senate last night passed the War Loan Bill unanimously as it was sent from the Chamber of Deputies. After the vote, the minister of finance signed, with the governor of the Bank of France, a convention renewing the bank's privileges for another twenty-five years. The convention will be submitted to Parliament for ratification as soon as the necessary bill is drafted. The bill will set forth the conditiaons laid down in the interests of commerce, agriculture the treasury and public credit.

WOUNDED IN COMBAT

Victoria, Oct. 27.—Suffering from bullet wounds sustained September 21 during a combat with an enemy airplane in France, Lieut. D.H. Humphreys of Victoria is at No. 7 General Hospital, Stomer. He was three years in the local offices of the Bank of Montreal, g onieovgeasrs shrd hr of Montreal, going overseas as a trooper in the 2nd Canadian Mounted Rifles.

SLAYS MAN, CRIES THAT SHE'S GLAD

Casper, Wyo., Oct. 27.—"I'm glad I shot him; if I can't have him neither can his wife," bystanders declare Mrs. Bessie Fisher cried after killing Lawrence Barret in a local restaurant here today, while his family looked on. Barrett formerly lived in Anchorage, Alaska, and Mrs. Fisher is understood to have followed him from there. Barrett came here about a month ago to engage in the drayage business.

ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

You Can Improve Your Own Telephone Service

Leading telephone engineers have made the following statements

When speaking into a telephone the best results are obtained with the lips very close to the transmitter—just so that they do not touch it. Removing the lips from the transmitter has the same effect as lengthening the line in use as follows :

One inch lengthens the line 57 miles.
two inches lengthens the line 128 miles.
Three inches lengthens the line 179 miles.
Four inches lengthens the line 218 miles.

Co-operation by subscribers is earnestly requested in everything which will give to them BETTER AND MORE EFFICIENT TELEPHONE SERVICE.

ALASKAN KILLS FRIENDS WIFE

Seattle, Oct. 26.—After a fierce struggle for life against the man who evidently deliberately planned to slay her, Mrs. Bertha Volkman, 31 years old, was shot and killed by Charles Butcher, recently of Latouche, Alaska, who afterwards turned the weapon upon himself and ended his own life at the home of Mrs. Volkman's sisters, 2815 Yesler Way, sometime between 5 and 8.30 o'clock last night.

Mrs. Volkman's clothing was torn and other evidence of her desperate fight for life was apparent in overturned chairs and the finding of Butcher's watch on the floor with the crystal broken and pieces of the chain scattered about the room.

Mrs. Volkman was a sister of Pete Standridge, a professional ball player, formerly with the Seattle team.

Others in the house did not hear the woman's desperate fight for life or the fatal shots, and the bodies were not found until after the arrival of the police in response to a call made by Miss Kate Standridge, Mrs. Volkman's sister. The officers broke the door from the hinges and and found Mrs. Volkman lying face down with Butcher's body lying across her directly in front of the door. A revolver lay on the floor nearby and a note, found in Butcher's vest pocket, asked that his body be cremated.

ITALY RETIRES TO THE BORDER

Pressure of Austro-Germans Compels the Italian Forces to Fall Back on the Julian Front.

Rome, Oct. 26—Under the Austro-German pressure on the Isonzo front the Italians have withdrawn their lines to the border in one sector and are preparing for the evacuation of the Bainsizza Plateau, the War Office here announced today in the following report:

"The hostile offensive against our left wing on the Julian front continued Wednesday night and yesterday, conducted by powerful forces. From Monte Maggiore to the west of Auzza we have withdrawn on our boundary line, in consequence of which we had to provide an evacuation of the Bainsizza Plateau. Gorgo the situation is unchanged."

"Ten enemy aviators were brought down or forced to land by our aviators yesterday."

Berlin, Oct. 26.—The Austro-Germans in their offensive on the Isonzo front have captured more than 30,000 Italians, the War Office here announced today. More than 300 guns also were taken.

At many places the Germans are now fighting on Italian territory the announcement says, adding that the northern wing of the Second Italian Army has been defeated and is retiring. German divisions are advancing beyond Karfret and Rondina. (Both Karfret and Ronzina are on the west bank of the Isonzo. Karfret is in the sector north of Tolmino and Ronzina is on the front south of that city).

The German forces passed beyond their objectives, the announcement adds, and threw the Italians from strong rear hill positions. The Italians have begun to evacuate the Bainsizza-Heiligengeist plateau.

Ten additional wooden vessels will be built at Victoria by the Cameron Genoa Mills Shipbuilders, Ltd., with the materialization of negotiations which are now in progress with French shipping interests.

"Every man and woman in Canada can help win this war by practising self-denial" - - - -

—From an Address by Sir Thomas White, Minister of Finance.

FOUR HUNDRED THOUSAND of the finest and bravest of Canada's young men have swept aside their home ties and friendships, their private interests, their own pleasures, their own inclinations, and volunteered to serve for Canada and the Empire.

MORE THAN thirty thousand of them have made the supreme sacrifice. Many more thousands have been maimed, crippled, blinded, incapacitated in a hundred ways.

Tens of thousands of fathers and mothers in Canada bear, with a proud spirit of sacrifice, aching hearts for cross-marked graves in France. Only those who are living through it can know the full measure of these sacrifices.

Through these sacrifices Canada is rising to the stature of enobled nationhood—a nation that is finding its conscience, its spirit of courage and humility, its national soul.

And before the war is won every man and woman in Canada must and will learn the lessons of sacrifice.

★ ★ ★

THE WAR can be won only by the unselfish, personal self-denial and patriotic devotion of every man and woman and boy and girl in Canada.

And what self-denial can you make to equal the sacrifice of one mother whose only son lies beneath a wooden cross "somewhere in France"?

And if you worked sixteen hours a day, slept on a pallet of straw and lived on a crust, would that measure up to the sacrifice made by one soldier who comes back to Canada blind?

Would it even approximate the hardships which are the everyday commonplaces of the lives of our men in the trenches?

NOW HOW can you and each of us by self-denial help to win the war? Every man and woman who is true in spirit to this Canada of ours, wants to be of service, wants to help win the war.

Then how can each of us help?

★ ★ ★

BY TAKING thought of what we spend, what we eat and wear, where we go, what we do to save our money

—by giving serious, dutiful consideration to the needs of our country and our country's gallant defenders in the trenches,

—by avoiding every unnecessary expenditure so that we can buy Canada's Victory Bonds,

—by remembering that every time we reduce our own individual ability to buy a bond by spending money needlessly, or by self-indulgence, extravagance or thoughtlessness, we by that much reduce the efficiency of Canada in helping to win the war,

—when we save our money and lend it to Canada we help just that much. And Canada needs every ounce of help from every man and woman.

Buying Canada's Victory Bonds is a service to our country, but if we buy these bonds as a result of our own self-denial we render to ourselves a still greater service, because we shall have learned to discipline ourselves and,

"He that ruleth his spirit is better than he that taketh a city"

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

No matter how many sound producing instruments you have heard, you have no conception how pure is the tone of the Edison Amberola Phonograph unless you have actually heard it. Its tone—rich, clear and natural—is the true tone of the original music, nothing foreign or mechanical is introduced. The

EDISON DIAMOND AMBEROLA

like the Edison Disc machines, is played by means of a diamond point needle, which never requires changing. It uses Edison Blue Amberol Records, which are indestructible. Their splendid durability gives them twice the life of other records.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

Austro--German Drive Against Italy Checked

ITALIAN LINE IS HOLDING AGAINST TEUTONIC ATTACKS

ties by Keeping in Check the Enemy's Advance into Plains of Italy—Britain and France Are Sending Immediate Aid to the Sorely Tried Ally.

Washington, Oct. 29.—Word from Rome today that the Italian line was holding against the terrific assault of the Austro-German forces, was received by official Washington with eager interest and frank relief as military authorities here have not disguised their anxiety as press reports showed the Italians wavering under the crushing blows of the enemy. Satisfaction was found also tonight in the announcement from London that steps had been taken by the British and French to support the Italian front. There was no indication of what operations that announcement might foreshadow.

London, Oct. 29.—From the head of the Gulf of Trieste northward along the Isonzo front to beyond Tolmino, thence westward through the Carna Alps, the region to Ploecken Pass forming the eastern and northeastern boundaries of the Austro-Italian war front, Germans and Austro-Hungarian troops are operating swiftly and strongly against the Italians in an endeavor to crush the forces of Gen. Cadorna. Already the Italians, according to a German official communication, are standing before the town of Udine, the former grand headquarters of the Italian army, having been driven on past Cividale. In the press westward from Gorizia, the Germans have captured the town of Cormons, ten miles to the southeast of Udine, and the entire Italian line southward to the head of the Adriatic, is reported under retreat. In addition to wedges driven into the Italian front in the east and northeast the Teutonic allies have started a third wedge in north through Ploecken Pass, their hope being to cut off the retreat of the greater portion of Gen. Cadorna's armies moving west and southwest. The Italian Commander-in-Chief, however, reports his men are checking the advance in this region. Evidently the weakness among the Italians has been entirely overcome, as Gen. Cadorna says that all movements ordered by the general staff are now being carried out in the regular order and that the Italians are fulfilling their duties "by keeping in check the enemy's advance to the plains."

Great Britain and France are preparing to lend immediate aid to Italy and the possibility is that already troops are being hastened across the western Italian frontier and by way of Turin and Milan to the battle front in the east As a result of the Teutonic allied offensive internal conditions in Italy are declared unified, the preponderating tendency of the entire population now being to abolish party lines in order to meet the situation in the best interests of the country.

On the western front in France and Belgium little fighting has taken place exeept in the nature of bombardments, although on the Verdun front the Germans in an attack near Chaume Wood captured a portion of a French trench, but later, however, they were driven out

DOMINION THEATRE

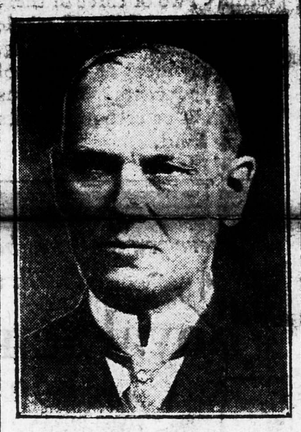
Hundreds were turned away from the first performance of "The Country Girl" last night at the Dominion and those who wish to avoid a like fate tonight, had better get in line at Van Houten's early this morning for the few choice seats that are still to be had.

LOCAL AMATEURS SCORED SUCCESS

"The Country Girl" Presented Last Night by Local Talent Under Auspices of I.O.D.E., Pleased a Crowded House—Will be Repeated Tonight.

As was to be expected there was a packed house last night at the Dominion Theatre for the performance of "The Country Girl,' one of the most popular of English light comedy operas. The performance was given under the auspices of the Daughters of the Empire, and represents the most ambitious effort of local amateur talent for many years. The very fact that the opera is so well known makes it all the harder to put on, and while it is popular in its appeal it yet requires capable acting, singing and staging to make it go.

It says all the more for the talent and ability of the local artistes, and the pains and time given to its preparation by Conductor Reynolds that the show last night should have been an unqualified success. The singing on the whole was exceptionally good, the acting always passable, while the dressing and staging left nothing to be desired. The choruses every one were rendered with rare spirit and verve, and the lime-light operated by Mr. Wilson, added greatly to the scenic effects. The orchestra also, is should be said, was splendid, and under the baton of Mr. Reynolds help ed materially in the success of the performance.



The principals all came through with flying colors. Miss May Jackson, as Nan, gave a spirited and delightful impersonation of the Devon girl, while her singing was enjoyably sweet and fresh. Miss Martha Walker made a charming Marjorie, and her singing was more than usually pleasing. Mrs. Drysdale had a congenial role as the Princess Mehelaneh and she was heard to fine advantage in the many beautiful solos that fell to her. Miss Hazel Martin as Sophie added another to her long list of successes. A natural comedienе the part suited her perfectly, and she made a great hit with the audience. The other parts were all well taken care of, and, as has been said, the dressing was very pretty and effective throughout

Of the men, Messrs. Austin Wright and Cyril Bate, the one as Geoffrey Challoner, and the other as Douglas Verity, were both good and Mr. Jerry McGill made an imposing Rajah. Mr. Rufus gave a faithful and amusing representation of Grandfer Mummery, while Messrs. Arthur Webb, Walter Baxter, Lance Welch and J. Piper played up well in their minor roles Messrs. Fred. Spencer as Sir John Verity, and Pete McAlpine as Barry, were the fun-makers, and the audience could not get enough of them. The first named gave a very clever character impersonation while the latter found his trying role just to his liking. His love scene with Sir Joseph was excruciatingly funny, and his duets and quarrel with Sophie were the hits of the evening. Together they certainly came through with the comedy and contributed in no small measure to the enjoyment of the performance.

The show will be repeated this evening when there should be another bumper house. A production such as The Country Girl requires weeks of preparation, and all the performers get out of it is the pleasure and gratification of scoring a success. These rewards they had last night in ample measure, the performance being a credit to everyone connected with it.

ATTEMPTED AIR RAID FAILED

CANADIANS WON ADDITIONAL FAME

Field Marshal Haig Praises Work of Canadian Divisions in Striking Victory at Passchendaele.

British Front in France and Belgium Oct. 29.—The striking victory won by the British Friday last just west of Passchendaele has called out high praice from Field Marshal Haig In a telegram sent Saturday to Lt.-Gen. Sir Herbert Plummer, commander of the army which made this remarkable drive through marsh lands, the Field Marshal says:

"Successes gained by your troops yesterday under such conditions are deserving of the highest praise. While all the troops did well and contributed materially to the results, the achieved performance of the Canadian divisions in particular was remarkably fine. The ground gained is of high importance and I congratulate you and all your men."

ASKED COUNCIL TO REFUND FINES

Local Chinese Business Firms Convicted of Infraction of the Prohibition Act Wanted Their Money Back—Request Was Refused.

An echo was heard at the City Council meeting last night of two recent convictions in the City Police Court in which Sun Yuen and Frank Wee, the former carrying on business on Bastion street, and the latter conducting business on Fitzwilliam St., under the firm name of Frank Wing Wah & Co., were each fined $50 and costs for having liquor on their premises, contrary to the provisions of the Prohibition Act.

In connection with the two convictions the Council was written to by W. Pollard Grant, of the Vancouver legal firm of MacGill & Grant, asking the Council to refund the fine and costs in each case. This, however, the Council would not do and on motion of Ald. Coburn seconded by Ald. Forrester instructed the City Clerk to inform Messrs. MacGill & Grant the Council could not see its way clear to interfere with the administration of justice.

The letters from the legal firm to the Council read as follows:

Dear Sirs—On the 10th of October inst. Quon Yuen who is a well-known tailor carrying on business at 1313 Bastion St. in your City was charged before your Magistrate Mr. Beevor-Potts and convicted of having liquor in his possession in a place other than a dwelling house as defined by the "Prohibition Act." This liquor was in the rear of his store and consisted of about two gallons of rye whiskey, a case of brandy one bottle of brandy and twenty-two small bottles of Chinese Whiskey. At the trial the facts developed that before he purchased this liquor some two months before the coming into force of the "Prohibition Act" he consulted your late Mayor and Magistrate, Mr. Hilbert, as to his right to have liquor at rear of his store premises in the rear of which he lived. He was assured that this would be alright. Subsequently after purchasing the liquor he again consulted Mr Hilbert and was again assured that it was perfectly within the law. Mr. Hilbert himself giving evidence to this efect. The Chief of Police stated that Quon Yuen was a very good citizen of many years standing, and that he thought the man had made a mistake.

We took the matter up with the Attorney General and he advised under date of October 16th that the matter rested entirely in your hands, and that if the fine was remitted and the liquor returned, it was entirely up to you gentlemen This Act has not been understood by many of the Legal profession, let alone the laity or the foreign population and the Government did not see fit to print it in any of the foreign languages.

In view of all these facts it struck us that the City of Nanaimo would not wish to have a good citizen fined $50.00 and costs or have his liquor confiscated, because he had innocently, or rather more than innocently, infringed the law. Our client prays that you will see your way clear to refund the fine and costs, resting assured that your idea of British fair play will lead you to make this move.

Trusting that this will meet with your immediate attention,

re Frank Wee

Dear Sirs:—On the 19th inst. your City Magistrate convicted the above named Frank Wee for having liquor in his possession other than in a dwelling, and fined him $53.00 including costs. This man had 24 gallon keg of beer and 7 1-2 bottles of rye whiskey. These were kept entirely in the part of the premises used by him as a dwelling. At the trial it was proved that Frank Wee took the question up with the wholesale liquor house that supplied him with the whiskey and he also got the advice of Mr. Moresby, a well known lawyer of Victoria. Possibly Mr. Moresby did not understand the situation or the Chinaman did not understand Mr. Moresby's advice.

The facts of this case are on a par with those of Quon Yuen, and we would respectfully pray your body to return our client the fine paid in this matter.

GERMAN FORCES LEAVE WERDER

Werder Peninsula in the Riga Gulf Has Been Abandoned by Germans.

Petrograd, Oct. 29.—The Germans have evacuated the Werder Peninsula, on the Gulf of Riga, where they made a landing recently, the War Office here announced today. Werder Manor was burned and provisions were stolen.

No fighting has taken place in the Gulf of Finland, but trawlers are active there.

Copenhagen, Oct. 29.—Major Moraht, military critic of The Berlin Deutsche Tages Zeitung, in an article in that newspaper expresses the belief that the Germans soon will be compelled to evacuate the narrow Dixmude salient between Dixmude and the Passchendaele Ridge, including the fortified Houthoist Wood against which the British and French armies in Belgium are now hammering.

Major Moraht, who often is in possession of correct information on German plans, says the British offensive through months of nibbling has bitten its way so deep (three and three-quarter miles) into the German front anchored on Dixmude and Warneton that the salient is untenable and that the Germans will have to retire to a new fortified line across the base of the salient.

The writer comforts his readers with the assurance that this action will bring the British no nearer their objective, namely the capture of Ostend and says the British and French offensive in Flanders therefore will be a failure. He complacently accepts the highest German estimates of Entente casualties of all kinds as permanent losses, though the Germans themselves count upon 75 per cent of their own wounded returning to field service.

Major Moraht prepares his customary alibi for a reverse on the Aisne front by attributing to the French the intention of driving beyond Laon and upon Maubeuge and Brussels, and will claim a German "victory" when the French stop short of this imaginary goal.

BERLIN CLAIMS ITALIAN ROUT

Berlin, Oct. 29.—Austro-German troops invading northern Italy are standing before Udine, where the Italian headquarters has been located, according to today's army headquarters announcement. The third Italian army made a brief resistance to the advancing Teutonic forces from Wippach to the Adriatic. This army is now in retreat along the Adriatic coast, and Austro-German troops are approaching the frontier of the Italian coast region.

The number of prisoners is increasing. The Italian front is yielding north of the broad sector which was pierced in the big Teutonic attack, weakening, extending far as Ploecken Pass. The entire Italian Isonzo front has collapsed, the statement adds. The second Italian army is retreating toward Tagliament. All roads are covered with columns in disorderly retreat, the crowds comprising both soldiers and civilians. Austro-German forces on the Isonzo front are commanded by Gen. Otto von Buelow.

SHORT MEETING OF THE COUNCIL

Finance Committee Submitted Documents in Reference to the Transfer of the Athletic Club Property to the City.

It required but little over thirty minutes for the City Council to transact all the business that required attending to last evening, nothing of particular importance coming up for discussion.

A communication was received from Mr. H. Charman, Wentworth Street, stating he had paid the sewer frontal tax on a lot on which no dwelling was erected and which did not have main sewer facilities and requesting the refund of $7.10 which he had paid as sewer taxes.

On motion of Ald Forrester, seconded by Ald. Coburn, the communication was referred to the Sewerage Committee for investigation and report.

A communication from Secretary, W.D. Lighthall of the Union of Canadian Municipalities asking the Nanaimo City Council to join with other Municipalities in wiring a protest to Premier Borden against permission being granted the Aluminum Company or any other Company to dam the St. Lawrence River, was on motion Ald. Forrester, seconded by Ald. Harding referred to the Legislative Committee for action.

The Finance Committee submitted the following report:—

Gentlemen:—We your Finance Committee to whom was referred the purchase of the Athletic Club Property and Cricket Grounds beg leave to report as follows:—

We herewith present the following documents duly signed and sealed by the several authorities.

Deed of Transfer from Geo. S. Plummer and Nanaimo Literary and Athletic Association to the Corporation of the City of Nanaimo for lots 19 and 20 Block 54 Nanaimo City in duplicate.

Conveyance No. 647 Western Fuel Company to the Nanaimo Literary Association for lot 54, section 1 Nanaimo District. Deed of Transfer Nanaimo Literary and Athletic Association to the Corporation of the City of Nanaimo for Lot 58 Section 1. Nanaimo District, Map 1387 in Duplicate.

Bill of Sale Nanaimo Literary and Athletic Association to the Corporation of the City of Nanaimo for goods and chattels contained in the Athletic Buildings which is already registered. Financial Statement for Principal and Interest paid to G. S. Plummer on account of Mortgage. We therefore recommend that the several documents herein described be received and that the City Clerk be and is hereby authorised and instructed to at once have these several deeds registered in the Land Registered Office at Victoria.

Respectfully submitted

JOHN W. COBURN,
W. H. MORTON,
JOHN SHARP,
Finance Committee.

On motion of Ald. Coburn seconded by Ald. Morton, the report of the committee was received and recommendation adopted.

The Street Foreman reported an expenditure in wages during the past week of $122.58, and Water Works Manager Shepherd reported $45.51 expended in his department.

The special committee appointed to assist in a proposal to raise funds locally for the British Sailors' Relief Fund, reported the sum of $393 had been subscribed at a Tag Day on Oct. 23rd, and recommended a draft covering the amount be forwarded the Secretary of the society in Montreal and that the thanks of the Council be extended to the local branches

(Continued on Page 2.)

The ladies of the Red Cross Society who are now busily engaged in preparing a shipment of apples for the boys at the front, would gladly welcome any assistance in the task of nailing down the case lids. If about half a dozen gentlemen would volunteer their services for an hour or so each evening this week, their kindness would be greatly appreciated.

A hundredweight of permanganate of potash is now worth something like 75 pounds instead of 40s.

THE ITALIAN REVERSE

The Italian army has suffered a grave disaster the full extent of which cannot yet be estimated. It is only a week ago that the Germans and Austrians commenced their spectacular drive, and in that short time they have retaken all the ground so hardly won by the Italians, and are now driving across Italian territory. It is greatly to be regretted that the Italian army should have failed in such a crucial test. The offensive was in no sense a surprise. General Cadorna was expecting it, and in a message to his government said he was ready to meet it. But the enemy won from the beginning, and at no stage of the drive has he either been held or checked. Some of the Italian units seem to have refused to fight, and surrendered or left their positions as appeared best to them. The consequences have been disastrous for the whole army, and may be even more disastrous for the country. There has been of late considerable disaffection in Italy. The Socialist party has made its influence felt, and has been demanding an end to Italy's part in the war. In Italy, as in Russia, the Socialists have helped Germany and Germany, as usual, is helping itself. Why the modern Socialists should be willing to sacrifice their country passes all understanding. As a party they have as much or more to gain from the defeat of Kaiserism, based on Prussian militarism, as any other political class. The sole result of their activities up to date has been to handicap the great democracies of the world in their fight against the Kaiser and Prussian autocracy. We have yet to learn the consequences of the Italian disaster, and it is possible that the situation may yet be saved by prompt assistance from the Allies.

CHOOSING A CANDIDATE

The first step toward putting forward a candidate for this riding in the forthcoming Federal election was taken on Saturday, when Conservative delegates met at Duncan and talked over the question. According to published reports of the meeting it was decided to arrange a nominating convention and ask all supporters of the union government to co-operate in choosing a condidate. We cannot see that this plan has very much to recommend it. It looks too much like as if unionists are being asked to attend a meeting to endorse a candidate submitted by Conservatives. This is rather a one-sided form of unionism. There are two main points to be born in mind. The first is that for many years the representative of the Nanaimo riding has been a Nanaimo man. If it is at all possible it is of the utmost interest and importance to Nanaimo that a Nanaimo man should again be the member. The second point is that in the interests of unionism the candidate selected should be agreeable to both parties. This is not the time nor place for political argument. Obviously however, the straight and honest course to pursue is for the associations of the two parties to meet together, and if possible agree upon a union candidate. So far as the public is concerned, and so far as the government is concerned it does not make any difference whether the candidate is Liberal or Conservative. The important thing is to ensure his election, and the best way to do that is to make his selection satisfactary to the supporters of both parties. We do not know whether or not this can be done; but we do know that it ought to be tried.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT.

Save Your Hair! Make It Thick, Wavy, Glossy, and Beautiful at once.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and skimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has not been neglected or injured by careless treatment. A small bottle will double the beauty of your hair.

COMMUNICATION

Editor Herald:—

Those that did not attend the win-the-war meeting on Friday night last certainly missed a treat and the large crowd that listened with rapt attention to the clearly cut democratic speeches demonstrated in no uncertain manner that the happy hunting grounds of partyism was to be closed.

But while every effort to stop dishonesty in our government and win-the-war is being made we utterly fail to understand why our public men and the press remain so strangely silent in regard to the foreigner and conscription. The only one that referred to the matter at the meeting was Lc.-Corpl. Oliver, "a returned soldier" who urged the people to get after the foreigner and compel him to fight for the flag under which he had sought and found protection and liberty. Would we not denounce a healthy British or Canadian boy of military age living in any country fighting on our behalf that did not take up arms with that country? but he would not be allowed any such privilege. He would either have to get in or get out even if he promised to help in a financial way.

Then why should we protect the foreigner if he will not line up with our boys? We readily admit a few have responded to the call even of enemy nationality for which every credit is due. A government reason for not calling on the foreigner is that he is deprived of his vote. What does he care for a vote? living in a land of plenty surrounded by people who are prepared to die for justice and freedom. Bishop Doull of Kootenay, in an address at Toronto only last Wednesday, made reference to the large tracts of land, ranches, fruit farms and business places fallen into the hands of Chinese and Japanese since the war began, and contends that the yellow peril is spreading with alarming rapidity throughout the whole of Canada, but most especially B. C. These people have not come by chance is certain, and the question is whether B. C. is to become yellow and foreign or white and British after the war. The Asiatic is already in the mining and lumbering industry and the salmon fishing of B.C. largely controlled by him. Will there no one take up this most grave and momentous question before it is too late. What are the women of Canada going to do about it?

We have already a letter to the Minister of Militia on this subject and if replied to will be given to the press

Signed, on behalf of Lady Orange Lodge.

ELIZA FAULKNER,
Worthy President.

SHORT MEETING OF THE CITY COUNCIL

(Continued from Page One)

of the Daughters of the Empire and Red Cross Societies for carrying the Tag Day to such a successful issue

On motion of Ald. Coburn, seconded by Ald. Sharp, the report of the committee was received and recommendation adopted.

Ald. Morton reported the Sewer Committee had under consideration the request of Gillespie Street property owners in regards to the Sewerage Tax and as soon as the committee received the further information it required a report would be submitted to the Council.

His Worship suggested to the committee appointed to look after the Athletic Club property that it get busy and advise the Council as to what work would be necessary to have the premises put into shape for the use of the public.

Ald. Forrester in reply to the Mayor, stated the committee had the matter in hand, and would be in a position to report in the near future.

HIGH HEELED SHOES PUT CORNS ON TOES

Tells women how to dry up a Corn so it lifts out without Pain.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called freezone which is sufficient to rid one's feet of every hard or soft corn or callous without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts right out. It is a sticky substance, which dries the moment it is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this you.

"One Meatless Meal a Day"

is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. **Shredded Wheat Biscuit** is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED.

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

NOVEMBER PROGRAM OF THE OPEN FORUM

At a well attended meeting of those interested in the formation of an open forum in this city, which was held in the Oddfellows' Hall on Sunday afternoon, the programme for the month of November was arranged. The Rev. J. K. Unsworth gave an introductory address outlining the aims and objects of the Forum which are to provide an opportunity for open disucssion on all matters relating to the welfare of humanity. No resolutions will be passed at the meetings, which are to be held at 3.45 every Sunday afternoon nor will the Forum be in any way affiliated with any other organization. Each address will be followed by 20 minutes of free discussion on the topic touched upon in which all present will be asked to join.

The Rev. Frank Hardy will deliver the address next Sunday, his subject being "The Boyhood of Nanaimo."

NEW DOG FANCIERS CLUB IS FORMED

A meeting of prominent dog fanciers from various parts of the province was held in Dr. Sleeth's offices Vancouver last week-end, when a specialty club was formed for the purpose of showing, breeding and improving the strains of English bulldogs, bull terriers and Boston bull terriers. These breeds are making great strides in dog circles in B. C. and are growing more popular every day. A large unmber of members were enrolled and a very strong body of office-bearers was elected.

Phillip R. Brooks, Esq., was elected honorary president, with Messrs C. Baker, T. A. Turuand, J. H. Hawthornthwaite (Nanaimo), P. Hartney and Alderman Gale, honorary vice-presidents. Mr. J. J. Jackson of Burnaby was elected as president; Dr. Sleeth as vice-president; P. Hickling of Nanaimo, second vice-president; secretary, Mr. Stanley Dorrell. The executive committee will be composed of Mrs. Alsen, Mrs. Dunn, Messrs Fred Wilds, G. Galvin, Welch and Riley.

It is intended in the near future to bench a show for dogs of these three breeds only and several trophies have already been donated. Any dog lover who is interested in the welfare of man's best friend has a cordial invitation to join the club. Secretary Dorrell will be pleased at all times to give any information regarding the club.

RUSSIANS FRATERNIZE WITH THE ENEMY

Petrograd, Oct. 29.—Russian soldiers who fraternized with Germans were fired upon by Russian artillery yesterday, says today's report. The announcement reads as follows:

"On all fronts there were fusillades and reconnoitering operations

"In the region of Illoukst several scores of our men fraternized with the Germans. The troops so engaged were dispersed by our artillery fire. The Germans also made attempts to fraternize in the region of Krevoand near the village of Larovo, southeast of Baranovichi.

"On the Baltic Sea, in the region of the Gulf of Finland, there were no operations. In the Rige coast region the situation is unchanged."

OLD COUNTRY SOCCER

In the four big soccer leagues in the Old Country, the leading teams in each organization are closely bunched and, judging from the upsets which are being returned almost every week, the respective championships may not be decided until the closing games are scheduled. To Sheffield United belongs the most unique record of the season to date as the "Blades" have participated in eight games and registered twenty goals against their opponents, while their own nets have yet to be pierced. They dropped their first point Saturday when Grimsby Town held them to a goalless draw. Leeds and Bradford City are pressing the Sheffield eleven for the lead and are only one point behind for the same number of games played.

In the Lancashire section Stoke is setting the pace with eight victories in as many starts. Liverpool and Manchester City are three points behind, with Everton at the twelve mark. Chelsea West Ham United and Fulham are tied for the lead in the London Combination with eleven points for eight games, while Woolwich Arsenal is fourth with one point less.

Kilmarnock is the surprise of the Scottish series and holds to leadership by one point against Motherwell and Celtic, though the Parkhead team has played two games less. Kilmarnock's total number of points for ten games is fifteen, while Celtic secured fourteen in eight starts.

Leonard Reeves, 17 years of age, accidently shot and killed himself on Saturday at Albert Head Lagoon, near Victoria. The young man was out hunting and in pulling his gun from a boat the weapon was discharged.

A CREAMY LOTION MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lotion is gently massaged into the face, neck hands and arms daily the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or waman has't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole puarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

Tone

Columbia Grafonola, Price $250
Other models $21 to $475

Tone is the great criterion by which to judge any musical instrument. The violin of a Paganini is worthy the master's bow—it has the master tone. Its exact duplicate, lacking this magic quality, is but a shell of varnished wood.

Judge the Columbia Grafonola by its tone. Hear the record played upon it respond with a richer warmth, a sweeter resonance, a truer feeling. This wonderful tone is the result of the perfected detail of Columbia construction—the generous-sized reproducer, the smooth, correctly shaped tone-arm, the distinctive Columbia tone-leaves that controls the volume of sound.

Consider the vital importance of tone. It is the thing which, in the end, will enable the Columbia—and only the Columbia Grafonola—to satisfy completely your longing for music that is faithfully, beautifully reproduced.

Look for the "music-note" trade mark—the mark of a genuine Columbia Grafonola

ASTIGMATISM

As through a misty window, so the sufferer from Astigmatism sees his world. Things appear blurred and hazy; headaches come often, apparently without reason, but due nevertheless to that serious eye-defect known as Astigmatism. Although for years you may have suffered from headaches, nervous trouble, or blurring of sight, yet perhaps you have not realised that your trouble is the direct result of an eye-defect.

No ordinary Glasses will correct Astigmatism eye faults!

The lenses to remedy it must be carefully ground to the proper curve in a cylindrical shape, and if the patient is also short or long sighted, the necessary spherical curve as well. I will prescribe Lenses to accurately remedy this defect.

GERMAN MASSES FORCED BACK

Additional Ground Won by Canadian Troops From a Desperately Resisting Enemy—Hun Counter Attacks Were All Repulsed.

London via Reuters, Ottowa Agency, Oct. 30.—Reuters correspondent at British Headquarters in France, says:

"Our armies have again struck the German masses in Flanders and sent them reeling back in places to a depth of nearly 1,000 yards. Luck was with us to-day in the matter of weather that the Canadian would have chosen for going over the top Appparently so successful have they gone over that before the sun was two hours high they gained a great part of their objectives.

"Fighting was on a more limited front than last Friday. It has been chiefly towards the outskirts of Passchendaele. Reports received up to the time of telegraphing indicate that our men have fought their way well along several important tributary spurs of the great ridge system which is gradually being won from a desperately resisting enemy. Shortly after making the first stage of their advance the Germans launched a big counter attack from the direction of Meshelmarke is so chanced that the Canadians had just carried a strengly fortified line of redoubt at the centre of which the German attack directed. Place was liberally furnished with machine guns which were promptly swung into position against the oncoming Germans, and the ground was soon strewn with grey clad corpses. Rifle fire completed the work of the machine guns and crews and counter attacks were beaten back with heavy punishment.

NEW MILK SCHEDULE

Having continued for over a year to sell our milk below the cost of production in the hope that the high prices of cattle food-stuffs would break and fall to a normal level again, but finding instead that the ruling prices of everything needed in connection with the milk business, including bottles, caps, and millfeeds are one hundren per cent. higher than two years ago, we are reluctantly compelled to prices, in order to try and counteract in some measure the increased cost of milk production. The new schedule will be as follows:

1 pt. (per day) 7 cts. a pint.

1 qt. (per day), 12½ cts. a quart.

½-gal. up to 1 gal. (per day) 11 cts. per quart.

Gallon, 40 cents.

While these prices may at first sight seem high to any one who has not given the question serious thought, they will compare favorably with the prices prevailing in other cities where mill-feeds are considerably cheaper to the dairyman, more especially when you consider that our milk carried off a diploma in the approved class of the B. C. Dairymen's Association. Indeed, we do not think milk of this quality can be bought in Canada today for less than 15 cents a quart retail.

J. J. DICKINSON.

ALLIED TROOPS TO AID ITALY

London Press Comments Upon the Italian Situation Made Serious by Rapid Advance of Teuton Forces.

London, Oct. 30. — Satisfaction with the decision of Great Britain and France to help the Italians is expressed by most of the newspapers here, which again urge that whatever assistance is possible must be given without delay. There is of course, no certain indication of the exact form this help will take, but the general assumption seems to be that concrete reinforcements contributed by Great Britain and France will appear on the Italian front.

The Morning Post, however, contends that the best way to help Italy is to keep hammering the Germans on the Western front. It adds: "A German victory over the Italians will not help them if we keep striking hard in Flanders. It is a maxim in war never to allow the strategy to be diverted by the enemy and every move of our enemy now is to attempt to create a diversion from the Western front."

Taking the view that the German success is due partly to treachery and that the Germans are using the same methods in Italy as those with which the Russian armies were betrayed, The Post declares:

"Let our statesmen awake and counter these activities. This may be of even more service than any military aid we can render."

The Past, nevertheless, assumes that such military aid as can be given without weakening the pressure on the Western front also will be furnished and urges the Italians to hold on until succor arrives.

While some commentators to-day take a somewhat gloomy view of the situation, others believe that the Italians will recover and that the Germans will not gain and permanent advantage.

The Daily Express says: "Germany has made a gambler's move and won in the first throw. That is all. We may wait and see what will happen without misgiving."

The Daily Telegraph, while fearing that the German claim to have shaken the whole Italian front is justified, is persuaded that the perilious situation will inspire the defenders to harder determination. It adds: "Because the enemy has succeeded in effecting a surprise, there is no reason to suppose that he would be as successful on the plains or before strong positions like the Tagliamento. General Cadorna will know how to counter the present violent attack and to snatch victory out of the jaws of danger. There is no reason for despair."

SIX MILLION HUN LOSSES

Washington, Oct. 30.—Germany lost six millions men in three years of war according to a declaration made in the Reichstag by Independent Socialist Ledbourad, the report of his speech reaching Washington through Switzerland. It is stated that official information confirmatory of these figures has been in possession of American officials some time.

COLLISHAW REACHES TORONTO; TO THE FRONT

Toronto, Oct. 30.—With a record rivalling that of Major Bishop, Squadron Commander Ray Collishaw is here on his way back to the front after a month's leave spent principally at his home in Nanaimo. He has a record of 37 planes. He was on the Somme and four times his squadron had to be reinforced, which means that about 80 airmen were casualties Commander Collishaw was the only man of the whole squadron left at the close of the engagement. Among the decorations he wears are the D. S. O. with a bar and a medal from the French government.

OWES DEBT TO BRITISH NAVY

London, Oct. 30.—Parliament adopted a resoltion presented by Premier Lloyd George expressing the thanks of parliament to the navy and army, including overseas troops and mercantile marine, for services in the war and to the women in the Medical and other auxiliary services and further expressing sympathy to relatives and friends of those who have given up their lives. The Premier in moving the resolution said that deeds mentioned in the resolution were known to and had won the admiration of every subject of the king.

More in this war, said the Premier the navy has been the anchor of the allied cause and if it had lost its hold, the hopes of the alliance would have been shattered.

"But for the navy, disaster would have fallen upon the allied cause, and Prussia would be mistress of Europe and the world. Despite hidden foes, illegimate naval warfare, black piracy, the navy preserved the highways of the seas for Britain and her allies.

"Since the beginning of the war the navy has ensured safe transportation for one hundred and thirty million tons of British ships.

Seventy five per cent of the contribution in men, said the Premier come from England and seventy-five per cent. of the loss had fallen upon England. Scotland had done its share. Ireland had made distinguished contributions and involuntary recruiting in Wales had beaten the record. He praised the work of the Canadians on the western front, the Anzacs in Gallipoli and France and the South Africans and powerful aid given by India never will be forgotten.

FIRE DESTROYED WAR SUPPLIES

Baltimore, Oct. 30.—One of the largest fires in Baltimore since 1904 broke out tonight on the big piers of the Baltimore & Ohio Railroad terminal. On the piers were stored vast quantities of munitions and supplies for America's allies. Many cases of shells exploded. Fifteen of the crew of a British steamer lying at the pier leaped overboard, and it is feared some of them were drowned.

The special Hallowe'en dance, which is being given in the Oddfellows' Hall tonight, bids fair to be as successful as these annual affairs have always proved to be. Special music has been provided for the occasion and included in the orchestra will be the wonderful drummer who has so electrified all who have heard him during the past two weeks. No one who enjoys a really good evening's dancing, should fail to attend tonight. 1t

A GERMAN REPORT

Berlin, Oct. 30.— Passchendaele village was captured by the British according to German communication A bulletin says that later the British were driven out.

UNITED STATES TO ASSIST ITALY

President Wilson and His Cabinet Considers the Question as to Best Means of Assisting Italy in the Nation's Hour of Need.

Washington, Oct. 30.—The Italian situation was discussed at length by President Wilson and his advisers at to-days cabinet meeting. The furnishing of supplies, especially coal, badly needed for the Italian munition factories, is said to be regarded as the States particular sphere of immediate action. Word that British artillerymen with the Italian army had brought their guns through the retirement without the loss of a battery is welcomed as indicating General Cadorna's men were holding their organization in face of smashing Austro-German assaults British guns are all "heavies" big pieces that takes time to withdraw Todays reports indicate artillery losses of the Italians, claimed by the Germans to be enormous. comprise guns of smaller pieces and mountain guns placed there years ago.

TEUTONS SHOWING PRODIGIOUS SPEED

Paris, Oct. 30.—The Italian situation is summarized by the Temps' military expert as follows:

"The Austro-German offensive on the Italian front develops with disquieting neergy. The enemy's right, descending in valleys that converge on Azzida have reached Cividale. All Italian forces on the plateau of Bainsizza and on the Carso so far as the sea, menaced with envelopment, have been obliged to evacuate regions they were at so much pains to conquer. They are retreating toward the west beyond the Isonzo.

"In the same way as Germans went to the aid of the Austrian troops the allies are going to give their support to the Italians, where they will find on the Tagliameno line of resistance where it is to be hoped the Italian position will be re-established as was ours on the Marne. There is no time to lose. Cividale is only 25 miles from Tagliamento and the enemy's columns march with prodigious speed.

Former King Constantine of Greece Kept Kaiser Informed of Military and Parliamentary Moves of Entente Allies.

London, Oct. 30.—From the text of telegrams exchanged between former King Constantine of Greece and Kaiser William before the King's abdication, the deciphering of which will be completed shortly by the Greek government, it develops that Constantine, to put it mildly, was a German agent, says a Reuters dispatch from Athens. The King promptly cabled the Kaiser all information of a military of a parliamentary nature received from Greek diplomats accredited to the Entente Powers and from officers at Saloniki, continues the dispatch.

WIN THE WAR LEAGUE

There will be a meeting of the general committee of the league in the Council Chambers this (Wednesday,) evening at 8 o'clock. Every member of the committee is asked to make a special effort to attend this meeting at which business of the highest importance is to be discussed.

Mr. William Quinn jr. has signed up with the mechanical branch of the Flying Corps. He will leave for Vancouver this morning and on Thursday will journey on to Toronto.

FIRE IN JINGLE POT QUENCHED

Mr. H. W. Maynard, controller of the Vancouver-Nanaimo Coal Mining Co. Limited, said today that the fire which recently caused the closing down of the company's Jingle Pot mine near Nanaimo was now thought to be quenched, says yesterday's Vancouver Province. Samples of the gas has been sent to the government laboratories at Ottawa and it is expected that tests will show that danger from fire is now past. If this proves to be the case, operations will probably be resumed at the mine in a week or two. Vancouver secures a large part of its coal supply from this mine when under operation.

Mr. Maynard stated that there would be no loss of coal to the British Columbia Coal Mining Co., which has the property under lease, as the trouble was discovered before the actual combustion stage was reached. A possible explosion and fire were possibly prevented by the quick walling up of the affected area. The coal had only become heated under pressure of some enormous boulders. In such circumstances gas begins to form at once and unless detected might result in disaster. After-damp absorbs the oxygen in the mine and prevents actual combustion of the coal. Before the mine can be re-entered the after-damp will have to be pumped out with air pumps. Inspectors equipped with Draeger helmets intend to made a trip into the mine in a few days.

FIRE IN CLEVELAND

Cleveland, Oct. 30.—Fire early today destroyed the three-story shipping building of the Cleveland-Akron Company's plant, menaced the lives and property of residents in the neighborhood and resulted in an estimated loss of $200,000.

GERMAN TRADE SECRETS EXPOSED

Washington, Oct. 30.—A vast store of German scientific information in the States was opened today to American manufacturers in regulations issued by the Federal Trade Commission, under which the enemy owned patents and copyrights by license for manufacture by citizens of the States, when the regulation public commission met a group of medical men to consider licensing the manufacture of certain drugs, principally salvarsan. Approximately 20,000 patented and copyrighted articles are affected by the Commissions order. These include dyestuff formulas of vital importance and mechanical devices in wide use.

ALL OBJECTIVES WERE GAINED

London, Oct. 30.—British troops in Flanders carried out successful operations today, according to Field Marshal Haig's report tonight.

Canadian troops gained all their objectives on the Passchendaele Ridge, and beat off five hostile counter attacks.

OF INTEREST TO LOCAL MERCHANTS

Corn Cannot Be Exported or Imported Without Necessary Application Forms Being Forwarded to Food Controller.

Secretary Booth of the local Board of Trade is in possession of application forms which it is necessary that local merchants fill out before exporting or importing corn to or from the United States.

The regulations governing such applications are contained in a communication received by Mr. John M. Rudd, president of the Board of Trade, from the office of the Food Controller at Ottawa, as follows:

Dear Sir.—The embargo recently placed upon the exportation of corn from the U. S. into Canada is intended to prevent speculation in this commodity. Canadian importers may, however, obtain a supply sufficient for their present requirements by making application to this office for not more than is urgently needed to cover a period of from 30 to 60 days until such time as the new corn is on the market.

Enclosed herewith is a supply of application forms which the importer is required to fill in and forward in duplicate to this office to cover each specific shipment.

The co-operation of your Board is kindly requested by communicating this information and distributing the necessary application forms to prospective importers of corn in your district.

We have received the assurance of the United States Food Administration that every effort will be put forth to expedite any shipments of corn to Canada which have been recommended by this office. The vendor of the corn is obliged to make application to the U. S Exports Administrative Board for a similar export license.

Yours faithfully,

W. J. HANNA,
Per F. B. Lyons.

Local merchants desiring any of the forms mentioned in the above letter can obtain the same by so informing the secretary.

GIRLS PILOTING HUN PLANES

Helena, Mont., Oct. 30.—A letter received here today from Dr. Philip G. Cole of Helena, a surgeon with the American expeditionary forces at the front in France, says a German bombing plane recently forced to descend in the American sector proved to be piloted by a girl of 16, who said she was compelled under penalty of death, first to learn to fly and later to guide bombing planes over the Entente front. She said many other girls were operating planes under the same circumstances.

COMMUNICATION

Editor Daily Herald:

Dear Sir,—With reference to your editorial of even date concerning the Conservative meeting at Duncan last Saturday. As one of those from Nanaimo attending that meeting I hasten to correct any erroneous impression which may get abroad as to what took place.

No invitation was issued to the Liberals to take part in a Conservative nominating convention. The futility of such an invitation is obvious. What the meeting did do was to appoint a Committee to co-operate with all those political associations which support the Union Government and its platform, including the Liberal Association, if possible, for the purpose of arranging a Unionist Convention at which presumably the Liberal party, if joining, would have equal representation with the Conservatives. The question of representation of course could not be settled except by arrangement by the joint committees.

So far as I can see the action of the meeting was eminently fair and calculated to produce the best man to support the Unionist cause for the constituency.

On the other hand might I point out that at a meeting held in Esquimalt by the Liberals of Saanich, Oak Bay and Esquimalt on Friday last, as reported in Saturday's "Times," it transpired that a Liberal Nominating Convention has actually been arranged for this coming Saturday at Duncan to choose a candidate "to represent the Liberal interests" (whatever that means), but who, according to the "Times" will run at the election as a Unionist! It is true that the Esquimalt meeting decided to ask the Conservatives to join the convention—after the arrangements had been made and the date was far too near to allow of a new arrangement.

I hope this threatened convention will be adjourned and a satisfactory union made, to the elimination of party strife—a consummation devoutly to be wished.

Yours truly,

F. S. CUNLIFFE.

"COUNTRY GIRL" AGAIN DREW CROWDED HOUSE

The performance of "The Country Girl" was repeated by local amateurs last evening at the Dominion Theatre to a crowded house, and as on the occasion of the initial presentation the previous night, was an eminent success. If anything the artists excelled their efforts of Monday night, and it was an enthused and satisfied audience which filed out of the theatre near midnight at the close of an entertainment which lasted nearly four hours.

All those taking part are entitled to the highest praise for the excellent manner in which the comedy opera was presented.

TEUTON DRIVE IS UNABATED

The Italian Cavalry is Fighting Rear Guard Actions to Cover Retreat to Position Where Stand Will be Made Against Teutonic Forces.

The drive of the German and Austro-Hungarian armies, begun a week ago against the eastern and northeastern fronts of the Austro-Italian theatre continues unabated, but with Italian cavalry fighting rear-guard actions to cover the retreat to a position chosen for a stand and the Teutonic Allies also are being impeded by the flooded conditions of the Tagliamento river. Udine, the former headquarters of the Italian army in eastern Venetia, has been captured by the invaders who also are pressing the Italians westward from the Isonzo front and invading Italian territory from the north through passes in the Carny Alps.

The invasion of Venetia from the east with Udine the apex of the drive, already is about twenty miles, but as yet no definite information is at hand as to the extent of the Teutonic advance in other districts. If this movement from the north keeps pace with that from the northeast and east, however, the predicament of Gen. Cadorna's forces will be a serious one.

It is not beyond the realms of possibility that unless the eastern armies are able to make a stand on the plains of Fruili a considerable number of Italians will be captured. Nothing has been vouchsafed in either the Italian, German or Austrian official communications to indicate what the situation is in the Trentino sector, which lies to the west and northwest of the present zone of activity, but it is not improbable that if the Austro-Swiss frontier has been closed, reinforcements both from Germany and Austria are being hurried for an offensive of great magnitude.

Field Marshal Haig again sent forward his forces in the Ypres sector on what apparently were intended as line straightening operations and again has been successful in gaining all his objectives. The attacks were delivered over some fronts in the region of Passchendaele and Poelcapelle, where spurs of the ridges and other points of vantage were taken. The Canadians with their usual brilliancy of attack early in the offensive gained their objectives, including the crest of a farm 400 yards from the heart of Passchendaele. Some of them even penetrated into the town itself and also were close to the village of Goeburg to the north. The German official communication admits that Passchendaele was captured, but asserts that later the Canadians were driven out. On other battle fronts, except for spirited artillery fighting in the Aisne and Meuse sectors of France, operations have been of a minor character.

THE ITALIAN SITUATION

As between minimizing the Italian collapse and exaggerating the German success there is nothing to choose. Apart altogether from German claims there is no denying the disastrous reverse the Italian armies have sustained and the grave danger that threatens Italy. The puzzling feature in the situation is the suddenness of the Italian collapse. We hear now of the great forces massed by the Germans for this stroke, and their overwhelming superiority in artillery. The point is how did the Germans succeed in keeping these preparations concealed from the Italian commander. It is open to doubt that they did anything of the kind. There have been very few surprises in this war. If a commander did succeed in launching a surprise attack his opponent had always reserves in hand to check him after the first shock had worn out. If the Germans have really sprung the surprise on the Isonzo front with which some of the correspondents are crediting them, then the Allied high command has made its biggest blunder of the war. However, the first thing to do is to find the quickest remedy for the mistake which has been made and cannot now be altered. The Italian troops are getting back their grip and they should be able to hold out until Allied assistance reaches them. They have been at close quarters with the enemy for months past and have tried him out in many a hard-fought fight. The first British expeditionary force, without experience, was called upon to execute a ten days' retreat, and then turned upon the enemy. Cadorna has shown himself an able strategist, and his forces should be nerved to desperation by the danger threatening their country. They have also the assurance that help is on the way to them to encourage them and stiffen their resistance to the invading Germans. A great deal depends upon the development of the next two days.

CHOOSING A CANDIDATE

We publish in this issue a communication from Mr. Frank S. Cunliffe, dealing with the Conservative meeting at Duncan last Saturday, and what took place thereat. We are pleased to have this explanation from Mr. Cunliffe, although we still remain unimpressed by the methods pursued. It is, of course, a rather difficult thing for a political association to break away from the habits and methods of the past. It is natural that the Conservative Association of this riding should desire to run a Conservative Unionist if possible, and it is natural that the Liberal Associations should wish to run a Liberal Unionist. There is on this account all the more reason for urging a conference with the object of selecting a candidate agreeable to both parties. It is all the more surprising that nothing of the kind has been attempted. It would be too bad if two Unionist candidates should make their appearance, and there is no necessity for it. Canada in general has everything to gain and nothing to lose from a fair trial of union government. The politicians are well aware of this, and nothing would please them more than to see it a failure. It is important then, that as far as possible there should be a union of the two great political parties in choosing candidates. We heartily join with Mr. Cunliffe in wishing that there may be no convention until the various associations in the riding have had a chance to get together and agree upon a candidate.

CANADA

Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

it is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life;

the military Service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper examinations have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

Category A—if fit for service in overseas fighting units.
Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
Category C—if fit for service in Canada only.
Category E—if unfit for military service of any nature.

If not placed in category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued By
The Military Service Council.

NORWAY IS FACING FAMINE PROSPECT

Seattle, Oct. 30—Andres Fieldstad, Deputy Food Administrator of Norway, who in Seattle today, asserted that Norway needs every ounce of food obtainable from the United States to ward off starvation.

"There is not the remotest chance of Norway sending any food to Germany that she receives from America," he asserted. "Statements that we are feeding Germany are ridiculous, because Norway needs every ounce of food for her own use. Unless it is forthcoming, our nation will face a serious famine."

Mr. Fieldstad came to the United States recently with a Norwegian commission. He is on the Pacific Coast on a pleasure trip.

HUGE ORGANIZATION COVERS CANADA

Ottawa, Oct. 29.—The machinery for putting into operation the Military Service was started with the Proclamation of the Governor-General calling out the first class, which appeared in the Canada Gazette and in all the daily newspapers of the country on Saturday, October 13.

Everything is in readiness now for the reception of reports for service and appeals for exemption. A large organization has been built up, extending from coast to coast and covering the territory effectively. There are means of finding men for service in the farthest corners of North, East and West.

The first class is composed of all male British subjects between 20 and 34 who were unmarried on July 6, 1917, or are widowers without children. All such men must report for service or apply for exemption on or before November 10. Severe penalties are provided for failure to do so.

DOMINION THEATRE

A sleepy little town in England, a Marchioness and three hoyenish girls—if they left any antics undone any pranks unaccomplished it certainly was not their fault. But when it came to one of their number in London—dignified, conservative London—well, the results are startling to say the least.

As the tomboy sister who escaped her jailers in London and paraded through the streets in a hansom, winding up at the "liveliest music hall in town,' dainty Marguerite Clark holds the record.

In gleaming silk hat and natty dress suit she valiantly fights her way through several adventures, knocks down a hectoring bully, and, thanks to her scientific training, manages to escape unhurt.

How she is rescued by Lord Litterly, catch of the season, how she escapes from him and rushes back to her scandalized relatives and the romantic ending of her rash adventure is told in "The Amazons," her latest Paramount Picture, directed by the talented Joseph Kaufman, and photographed by William Marshall.

This great film will be shown at the Dominion today and tomorrow only. Don't miss it.

Why We Raise Money by Selling Canada's Victory Bonds

WHY does Canada sell Bonds to help finance this war? Because that is the least burdensome, most expeditious and fairest way of raising money. Canada now has only two ways of raising money for the war:—

First—by taxation.

Second—by borrowing from her people.

IF Canada were to raise by taxation all the money required the economic burden on the people would be unbearable.

So much money is required to carry on Canada's share of the war that to attempt to raise all of it by taxation would be out of the question.

Much of it, therefore, must be borrowed from the people.

Canada asks her people to lend their country money in exchange for Canada's Victory Bonds.

Within the next six weeks the people of Canada will be asked to supply, through the purchase of Canada's Victory Bonds, the money at present required to carry on the war.

And because the purchase of Canada's Victory Bonds is voluntary, the hearts of all the people who buy Canada's Victory Bonds will be even more closely united in support of Canada, backing her up in the war.

The active co-operation of each individual is as necessary to winning the war as any other one thing because it unites the whole people in patriotic determination.

★ ★ ★

VICTORY bond financing spreads the repayment of the bonds to the the rising generation and the next generation, so that this generation which is doing all the fighting, suffering most of the privations caused by the war, will not have to do all the paying.

Generations yet unborn will reap the harvest of freedom this generation is fighting for and it is only fair that a portion of the burden of paying the tremendous cost should be borne by the future beneficiaries.

But your money is not tied up. Buying a twenty-year bond does not mean that your money is locked up for that term. You can sell Canada's Victory Bonds at any time.

There will be a market for them every business day in the year. And they will undoubtedly be worth more than their face value after the war.

It is your patriotic privilege to help Canada win the war by loaning her your money through the purchase of Canada's Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED.

If cross, feverish, sick, bilious clean little liver and bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless: children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

IS YOUR WORK HANDICAPPED BY EYE-STRAIN?

The man at the desk all day seldom realises how often the tired headache and lassitude that handicaps his day's work arises from Eye-strain. The Eyes are the organ of the body most directly connected with the brain—thus it is that straining to work with eyes that are not equal to their task taxes the whole system.

EYE-STRAIN CAUSES MANY ILLS.—Eye-strain is the chief cause of all headaches, and is very often the indirect cause of dizziness, sleeplessness, and nervous breakdown.

Correctly-fitted Glasses increase your working efficiency by preventing eye-strain, and the consequent headaches and ill-health.

OVERWHELMING DEFEAT SUSTAINED BY ITALY

Austro-German Armies Have in Their Eight-Day Drive Overrun a Thousand Square Miles of Italian Soil, Captured More Than 120,000 Prisoners and Upwards of One Thousand Guns—Cadorna's Forces Are Still in Retreat.

London, Oct. 31.—Virtually a thousand square miles of Italian territory, [illegible] more than 120,000 Italians been made prisoners, and in excess of a thousand guns been captured by the Germans and Austro-Hungarian armies in their eight days' drive. The enemy invasion on the center of the battle front is now well within gun range of the Tagliamento river where it had been presumed General Cadorna would turn and make a stand. The Italian Commander-in-Chief, however has not yet brought his troops about to face the enemy, but is continuing to retreat with rear guards harrassing the advance. Just where Cadorna purposes to give battle is not apparent. Neither is it known how well the northern and southern flanks of his army are keeping pace with the retirement in the center.

According to the latest Berlin official communication announcing the heavy losses to the Italians in men and guns, engagements successful to the enemy have been taking place on the Tagliamento plain, while the Rome communication announces there has been fighting on the hills of St. Daniele del Friuili along the Ledra Canal, at Pasian Schiavonesco and Pozzuolo del Friuili northwest of Udine east of Tagliamento.

Meanwhile preparations to aid the Italians in their hour of extremity is being rushed by the Allies. Jules Cambon, general secretary of the French ministry foreign office, in a statement, expressed the conviction that the Italians will be able to stem the tide of invasion with the aid of French and British troops sent to reinforce them.

The American government is to waive all export restrictions in favor of Italy permitting that country to take whatever materials it requires regardless of prospective shortages here. A large amount of shipping also is to be given Italy to work in conjunction with her own merchant-marine taking supplies overseas.

The new Italian Premier in a message to Gen. Cadorna assured the Commander-in-Chief, that all the Allies of Italy are with him in his hour of trial, and will stand by him and the army until victory. A similar message was sent by the British Prime Minister.

SHIP OF ROMANCE CHANGES HANDS AGAIN

The Casco the famous little schooner immortalized in the romances of Robert Louis Stevenson and which for years lay at anchor in Victoria harbor, has again changed hands. Announcement is made in Seattle that Capt. Harry Crosby the well known Sound navigator, who recently bought an interest in the Ballard Marine Railway, has purchased the vessel.

For several years the Casco has been operated among British Columbia ports about Vancouver Island, and recently was offered for sale. Since the European war was inaugurated three years ago the demand for pleasure yachts has shown a decided falling off and the size of the vessel rendered her practically useless for transportation service.

VALUABLE PRIZES FOR THE BEST GUESSERS

Instead of the annual holiday drawing which has always been held in connection with the Christmas and New Year business at Forcimmer's Store, a bean guessing contest will be held this year. A jar of beans is in the window of the store, and with every 50 cent purchase the buyer will be given a guess. The beans in the jar will be counted on New Year's Eve and prizes will be awarded to those nearest the correct number in their guesses. For the ful list of prizes see Saturday's paper. The contest begins today and from now on to the last night of the year every person purchasing goods at the Forcimmer store will be entitled to guesses on a fifty-cent basis. For the prizes see Saturday's paper.

NEW MILK SCHEDULE

Having continued for over a year to sell our milk below the cost of production in the hope that the high prices of cattle food-stuffs would break and fall to a normal level ag- [illegible] ing prices of everything needed in connection with the milk business, including bottles, caps, and millfeeds are one hundren per cent. higher than two years ago, we are reluctantly compelled to adopt the following schedule of prices, in order to try and counteract in some measure the increased cost of milk production. The new schedule will be as follows:

1 pt. (per day) 7 cts. a pint.
1 qt. (per day), 12½ cts. a quart.
½-gal. up to 1 gal. (per day) 11 cts. per quart.
Gallon, 40 cents.

While these prices may at first sight seem high to any one who has not given the question serious thought, they will compare favorably with the prices prevailing in other cities where mill-feeds are considerably cheaper to the dairyman, more especially when you consider that our milk carried off a diploma in the approved class of the B. C. Dairymen's Association. Indeed, we do not think milk of this quality can be bought in Canada today for less than 15 cents a quart retail.

FERNIE MINERS RETURN

Victoria, Oct. 31.—Hon. William Sloan, minister of mines, has been advised that the strike of miners at Fernie, inaugurated a week ago, has terminated, the men returning to work pending an investigation into conditions of the mines. Chief among their demands was that requiring all union labor to be employed.

PETROGRAD IS FACING FAMINE

Petrograd, Oct. 31.—An appeal by the Mayor has been posted in which the people of Petrograd are informed that the flour producing provinces are unwilling to sell flour to the capital, which is seriously threatened with famine. The mayor requests that the people remain calm as disorder will further disorganize the transport.

In view of reports that Maximalists are preparing to create disturbances the Military Government has forbidden meetings, processions or demonstrations.

ISSUE WRITS TODAY; ELECTIONS OVER BEFORE DEC. 25

Ottawa, Oct. 31.—The Ottawa Citizen says this morning:

"Preparations for the federal election have been completed practically and the writs very probably will be issued today.

"A number of members who were here yesterday protested against a mid-winter campaign and got the assurance that it will be all over by Chirstmas. The date expected is that of the 17th of December. Possibly it may be the 19th. The writs will go out to some 230 returning officers."

PROHIBIT SALE OF DRINKS

Two Alleged Temperance Drinks are [illegible]

The Vancouver Intoxicants [illegible] samples of four different beer substitutes now being sold to City Analyst John F.C.B. Vance for analysis and the result is that two out of the four will be prohibited from sale, while in the third case the matter will be taken up with the brewers. In the remaining case the beer was found to far below the allowance of 2 1-2 per cent. proof spirit. The beer advertised as "Chinook" showed 3.71. the Victoria beer, 2.90, "Cascade" was just a trifle over, and "Peerless" away under. The report of the analysis will be submitted to the meeting of the police commission on Friday by Chief McRae, who said last night that "Chinok" and "Bohemian" beers will be prohibited from further sale, while in the case of "Cascade" it was so little above the allowance that he would take the matter up immediately with the brewery. It is not intended to take any action against the vendors, who brought the prohibited beers under the impression that they complied with the law but they must get rid of their stocks at once, the chief said.

ELECTION SET FOR DEC. 19TH.

New Parliament is Summoned to Meet on February 28th—Election to be Without a Parallel in the History of the Dominion.

Ottawa, Ont., Oct. 31—Writs were issued tonight calling for a general election day is set for Monday, Nov. 19. This applies to all constituencies except the Yukon territory. In the Yukon nomination day will be Dec. 31, and polling day four weeks later, Monday, January 28 All writs are returnable Feb. 27, 1918, and Parliament is summoned to meet on the day following. The election will be without a parallel in the history of the Dominion. The granting of the franchise to soldiers, sailors and their female relatives at home has entailed the creation of entirely new machinery Military and naval polls will have to be held in France, Belgium, the United Kingdom, West Indies, Canada, and on the high seas in Europe and North America. In every polling sub-division in the Dominion an enumerator will have to be set to work revising the electoral districts. The new House of Commons will consist of 234 members instead of 221.

AUSTRIANS MOVE UPON VENETIA

Cadorna Has Extricated the Bulk of His Forces from Austro-German Menace — Moving Toward New Line.

Rome, Oct. 31.—There were various hill and canal engagements between Italian forces and the invading Austro-German troops yesterday, says the War Office announcement issued here today. The Italian covering units and cavalry permitted the other troops to continue their move towards their new line.

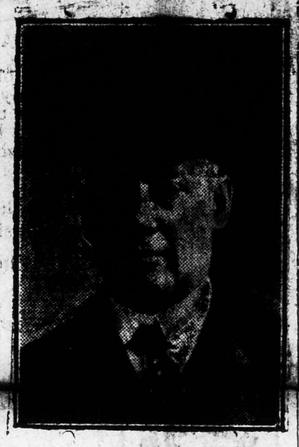
London, Oct. 31.—German and Austro-Hungarian troops are moving across the plain of Venetia toward the Tagliamento river, while another army is endeavoring to break through the Italian defences in the Carnia Alps in an attempt to outflank the Tagliamento line. Udine, abandoned some days ago by General Cadorna, was occupied by invading cavalry The advanced guards of the enemy are being harrassed by Italian cavalry between Udine and the Tagliamento.

ONE THOUSAND INDIANS DROWN

London, Oct. 31.—One thousand British India natives are said to have been drowned at Durban, Natal, according to a Central News dispatch from Johannesburg, Union of South Africa, today.

No details have been received from any source to indicate the nature of the calamity reported in the Johannesburg advices.

AIR RAID IS IN PROGRESS



London, Nov. 1.—"Aircraft crossed the southeast coast [illegible] between 10.45 and 11 o'clock last night, and proceeded toward London," says an official communication just issued. "The raid is proceeding," the statement adds.

DOMINION THEATRE

A brighter, jollier, more interesting picture, than "The Amazons" with Marguerite Clark in the leading role, it would be difficult to find. It is adapted from Pinero's famous photo-play of the same title As Tommy, dainty little Miss Clark, is more than ever attractive. With the feature is shown a funny cartoon and a Sidney Drew comedy. It is a complete laugh programme.

LUMBERMEN PROTEST

Victoria, Oct. 31.—Pleading that when the existing statutory regulations were enacted there was a tacit understanding that no charges would be levied as scaling charges on timber of less than eight inches in diameter, a deputation representing the Mountain Lumber Manufacturing association waited on Hon. T. D. Pattullo, minister of lands, today.

Hon. C. C. Ballantyne, snapped at Ottawa, since entering the Cabinet.

ITALIAN LOSSES SMALL

Rome Oct. 31.—Losses of Italian shipping by submarine for the week were two ships of over 1,500 tons. One small sailing vessel was also sunk.

NO LIMIT TO ITALIAN AID

United States Will Supply Italy With Everything Required Regardless of Probable American Shortage.

Washington, Oct. 31.—All exports restrictions will be waved by the American Goverament in forwarding supplies to Italy to aid in meeting the Austro-German invasion. The Italian Government it was made known to-day will be permitted to take the kind of materials it needs most to the limit to its tonnage capacity regardless of prospective shortage here.

Military and political situations in Italy and the aid America will render were gone over at a conference today between Secretary Lansing and count Dicellere, Italian ambassador. Italy's crying need for ships was given special consideration.

YOUNG NANAIMO ENJOYED ITSELF

Apart from the usual youthful pranks Hallowe'en passed off very quietly in Nanaimo, nothing of a serious nature occurring necessitating action on the part of the City police force.

Hallowe'en originated as a great autumn festival practised by the Druids, who lighted their fires on Hallow Eve in honor of the sun god, in thanksgiving for the harvest. It was a Druidic belief that on the eve of this festival "Saman," the Lord of Death, called together the wicked souls that had within the past twelve months been condemned to inhabit the bodies of animals. Hence the fires were lighted to scare off menacing ghosts.

Comparing this old pagan festival to present day recognition that which at one time had a simple and good intention behind it has degenerated into a mere rollicking masquerade revel and is made the occasion for innocent escapades.

GRAND JURY BILL AGAINST McBRADY

Port Arthur Oct. [illegible] grand jury has returned a true bill in the case of William McBrady, charged with the murder of his son Robert on the night of October 3, by shooting. The case will be proceeded with probably this afternoon or tomorrow.

IN BUSINESS HERE FOR TWENTY-FIVE YEARS

It is twenty-five years today since Mr. Jerome Wilson, of the Scotch Bakery started business in Nanaimo, a period of time which places him among the oldest business houses in the city. During the quarter of a century the town has experienced its days of prosperity and depression but Mr. Wilson's business has steadily increased and today his wares enjoy an extensive patronage. He wishes to thank all his customers for past favors and solicits for the future a continuance of the patronage extended in the past.

RETREATING ARMY EAGER TO FIGHT

Italian Troops Are Confident of Their Ability to Turn the Tables Upon the Austro-Germans—British Units are Practically Intact.

London, Oct. 31.—Reuters correspondent at the Italian army headquarters [illegible] among the Italians on their new line of defence. They are eager again to offer combat to the enemy, and are confident of their ability to turn the tables upon the Austro-Germans. All British troops on the Italian front were able to join with the Italian main body, a majority of them in safety. Only six or seven Red Cross ambulances were taken by the enemy, but eight were abandoned in a disabled condition. Two units and twelve nurses of the second and third units as well as twelve nurses of the first unit have not yet reached the concentration posts, but it is thought they have been delayed owing to the difficulty of transit.

FOR SALE—Tobacco, fruit and confectionery store with three pool tables on premises, Good location, steady trade. Apply S. Achieff, Crescent.

TO BRING HUNS TO THE STATES

Plan Proposed to Bring German Prisoners to the United States to Ease Food Problem for Allies.

Washington, Oct. 31.—Again the idea of bringing from Europe many thousands of the imprisoned Germans now a burden on the allies to the United States and placing them in agricultural camps is being considered by the government. It is possible that Brig. Gen. Isaac W. Littell, who as a colonel, made a brilliant record in constructing the cantonments, will have as his next job the building of prison camps.

It is urged that the transports carrying troops and supplies to Europe are returning light and that the presence of so many German prisoners in France and England increases the demands on this country for food. Also why not bring prisoners back in the otherwise empty ships and set them to raising their own food in the United States.

A tract of about 200,000 acres of tillable land would be required for such a camp as contemplated. It must lie at least 200 miles from the seaboard or from either the north or south boundary of the country. The government is pretty well advised of possible sites, but untill a decision actually to bring the German prisoners here has been reached nothing will be done.

FOURTEEN SUNK BY SUBMARINES

London, Oct. 31.—Fourteen British merchantmen over 1600 tons were sunk by mine or submarine last week according to the Admiralty report tonight . Four vessels under [illegible] fishing craft.

GERMANS CLAIM BIG CAPTURES

Berlin, Oct. 31.—The number of Italians made prisoners by the Austro-German armies has increased to more than 120,000 says an official communication this evening. The communication adds that more than one thousand guns have been taken.

BIJOU THEATRE

Puline Frederick, famous emotional actress, is doing some of the best work of her career in "Her Better Self" now running at the Bijou. It is a strongly appealing photo-play of the higher class. With this will be offered a very laughable comedy and the House of Commons from 1900 to views.

NO ATTEMPT TO REGAIN GROUND

Enemy Failed to Launch Any Counter Attacks Against Positions Recently Won by Haig's Men—The French Repulsed German Attack.

London, Oct. 31.—The Germans made no attempt during the night to regain the ground captured by the British on the Ypres front yesterday.

"The German artillery developed some activity during the night on the battlefront against the positions captured yesterday," says a report from Field Marshal Haig, "but no counter attacks occurred.

"There was nothing of special interest on the remainder of the front"

Paris, Oct. 31.—A German attack in the Argonne last night was beaten off by French troops, the War Office here announces. An artillery duel is in progress over the front of the recent French attack north of the Aisne. The announcement follows:

"North of the Aisne there was artilery fighting in the whole sector between Vauxaillon and Pinon and along our new positions in the region of Froidmont. We repulsed enemy detachments which were attempting to capture our small posts north of the Loivre in the region southwest of Rheims.

"In the Argonne in the region of Boureuilles German troops made a surprise attack. After a spirited engagement they were compelled to return to their lines having suffered considerable losses.

"There is nothing to report from the rest of the front.

"Enemy aviators threw bombs on Dunkirk last night. Neither victims nor important material damage have been reported up to the present."

London, Oct. 31.—The British casualties reported during the month of October total 82,377, divided as follows: officers killed or died of wounds 1 445; men 14,985; officers wounded or missing, 4,133, men, 61,-814.

Petrograd, Oct. 31.—The request of the Siberian Cossacks that they be given representation on the jury that will try General Korniloff, leader of the recent rebellion which resulted in failure, has been granted by the government. The request was based on the fact that the general's father was a Siberian . A Siberian regiment has been designated to guard Korniloff pending his trial.

WILL ASK OTTAWA TO TAKE ACTION

Nanaimo Branch of Win-the-War League Wants the Foreigner to be Brought Under the Terms of the Military Service Act.

Considerable business was transacted at the meeting of the general committee of the Nanaimo Branch of the Win-the-War League, which was held in the Council Chambers last evening. A local constitution was adopted, and a constitution governing the League in the Nanaimo Federal Electorate district which at present embraces the cities of Esquimalt, Duncan and Nanaimo, was up for consideration. A convention is to be held at Duncan in the near future to finally ratify this constitution, and arrange for a meeting of representatives from all three branches to discuss the local political situation in view of the coming election, and five delegates were appointed to attend.

The question of the conscription of foreigners belonging to allied nations was also under discussion and the following resolution adopted:

"Whereas in the opinion of the Nanaimo Branch of the Win-the-War League it is expedient that the Government of Canada take immediate steps to place the allied foreigners resident in Canada upon the same footing with regard to the provisions of the Military Service Act of 1917, as British born.

"And whereas, Nanaimo has already given freely of her own sons for the prosecution of the war while the foreign population have refused to obey the call of their own country and are now living in comparative luxury in occupation of positions rendered vacant by the volunteering of the British born;

"And, Whereas, these foreigners are enjoying equal rights and privileges in Canada with British born, and should therefore be compelled to bear an equal share of the country's burden;

"And, Whereas, it has been established that there are at present working in the mines of the district of Nanaimo a large number of such foreigners equivalent in the aggregate to 18 per cent. of the total number of white men employed in these mines;

"Therefore, Be It Resolved:

"(1) That the members of the Nanaimo Branch of the Win-the-War League pray the Dominion Government to take such immediate steps as may be necessary for the application of the provisions of the Military Service Act 1917, to such of these foreigners as may be of military age and physically fit.

"Be It Further Resolved, that the Hon. Secretary be instructed to forward a copy of this resolution to the branches of the League at Victoria, Vancouver, Esquimalt and Duncan, and to request that action may be taken by these Branches in conformity with this resolution."

FUSIONISTS PICK ALLAN

Winnipeg, Oct. 31.—At a representative meeting of fusionists of South Winnipeg, representing both Conservative and Liberal parties, G. W. Allan, K.C., a prominent Conservative, was unanimously chosen as the union government candidate. Mr. Allan's name will be submitted at a union convention to be held in the near future, at which electors of the whole constituency will be present.

GOOD WORK

The ladies of the Bastion Chapter, Daughters of the Empire, have once more laid the people of Nanaimo under a big obligation. For three years the members of the Chapter have worked untiringly in the cause of patriotism. With their sisters of the Red Cross Clubs they have tagged, promoted sales of work, gathered and sold old waste paper, given minstrel shows and instituted cabarets, and in the intervals staged operatic productions. There is no end to their energy and their originality is amazing. No sooner have they scored one big success than they immediately undertake something bigger and more ambitious. Most assuredly they are doing their bit, and in a way to put to shame the mere man, to win the war.

Among the list of their notable successes must now be added the production of "The Country Girl." The Dominion Theatre was again packed on Tuesday night, so that financially the ladies must have come out ahead of the game. And by the way not everybody saw the show who wanted to, and if another performance were given at say a general admission price of fifty cents, we believe there would be another packed house. We make the suggestion for what it is worth. But even more gratifying than the financial success of the undertaking is the fact that the performance itself was so highly creditable to all concerned. For this, of course, the performers themselves were chiefly responsible. To the ladies of the Chapter belongs the credit of conceiving the idea and perfecting the arrangements for putting on the show. For its success as a performance the performers, together with the conductor and stage manageress, must receive all the credit. Few people can have any idea of the amount of hard work, study and training required to give a performance of such a work as "The Country Girl." Conductor, principals and chorus must have put their hearts into the work of preparation to give such a surprisingly good performance as they did. And it should be borne in mind that all their time and all their talent was freely given to the cause of patriotism. The people who went to the show were merely making an extra contribution to the funds of the Chapter while they received more than the value of their money in real enjoyment. Congratulations to all those connected with the production of "The Country Girl" are in order, and let us not forget that behind the entertainment, its main inspiring motive, was the true spirit of patriotic service. It will never be the fault of the ladies if Nanaimo lags behind in the broad cause of patriotism.

A STUPID ARRANGEMENT.

We are in entire agreement with our evening contemporary in its criticism of the arrangements under which the medical board for the Nanaimo district is carrying out its functions under the Military Service Act. No fault is to be found with the Board itself. The medical men composing it are doing all and more than can be expected of them. But surely some better arrangement could be made than to station a medical board in Nanaimo to examine men from such distant points as Ladysmith and Alberni. The Herald has been told of men who have left their work in Alberni twice and travelled to Nanaimo to go before the board, and yet are still to be examined. These men are being put to quite needless expense, and moreover it is essential that the working of the Act should be made as smooth and as easy as possible for the men who have been called up. Nothing could be more calculated to arouse ill-feeling towards the Act itself than this stupid arrangement, and it is to be hoped that the authorities will waste no time in altering it by making provision for an examining board both at Ladysmith and Alberni.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED.

Best for liver and bowels, bad breath, bad colds sour stomach.

Get a 10-cent box now.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of tewnty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

Calgary Oct. 31.—Up to noon today 1,801 reports for service and 13,811 claims for exemption had been received by the registrar's office here. It is estimated there are about 4,000 forms yet to be received.

"HELLO" GIRLS ON STRIKE

Seattle, Oct. 31.—Electrical workers and telephone operators struck tonight. The tie-up will be complete at 12 o'clock.

The Employer's Course

The Proclamation issued under the Military Service Act calls Class One men—bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th Oct., 1917, and whose 34th birthday did not occur before Jan. 1st, 1917.

The claim for exemption may be made by the man himself, by his employer or by a near relative. So far as practicable, not more than one claim should be made in respect of any man. For reasons stated in the next paragraph, the claim is often best made by the employer.

When Employer Should Make Claim for Exemption

Where claim for exemption is based on the assumption that it is in the national interest that the man should instead of being employed in Military Service, be engaged in other work in which he is habitually engaged, it is usually preferable that the claim be made by the EMPLOYER, inasmuch as the decision of the claim will involve, amongst other things, a consideration of the nature of the business, the number of men employed, etc.

Medical Examination

It will simplify the employer's problem if all Class One men in his employ present themselves for Medical Examination at the nearest Medical Board Centre.

Upon examination they will be placed in Medical Categories—A, B, C, or E. Class One men placed in Categories B, C, or E satisfy immediate requirements if they attach the medical report they will receive to their claim for exemption.

Where an employer claims exemption for an employee on the ground that it is expedient in the national interest that the man should continue in the work in which he is habitually engaged, he should attach to the claim for exemption a statement and a schedule as follows:—

The Employer's Statement

Total number of employees, grouping them according to their respective occupations and qualifications, and stating the number in each group. Indicate the possibility or otherwise of replacing the labor of Class One men with the labor of those not in the statutory class called up, or of women; also the extent to which the withdrawal of men in the statutory class would affect the business, the reason for considering that the carrying on of the business is in the national interest, and such other facts and circumstances as may appear to be relevant.

The Employer's Schedule

This should state the names, ages and occupations of all Class One men employed, noting against each name whether or not claim for exemption is being made, and whether in the employer's opinion, exemption if granted, should be conditional on the man's continuing his present occupation, or whether it would suffice if exemption were granted for one, two or more months, as the case may be.

Forms for Exemption

These forms may be obtained on request from any Postmaster who will transmit the forms, when filled in, to the Registrar.

SHIPBUILDING IS BEING SPEEDED UP

Washington, Oct. 31.—The imminent necessity of speeding up ship construction was emphasized at a conference here today between Atlantic Coast shipbuilders and officials of the Emergency Fleet Corporation, the Navy Department, the Department of Labor and the American Federation of Labor. The labor question was discussed in detail. Unless the present labor shortage is relieved without delay officials claim it will be necessary to consider drastic methods of conscription of workmen.

What are Canada's Victory Bonds?

CANADA'S Victory Bonds are the solemn promise of the Dominion of Canada to the holders that Canada will repay, at the time stipulated in the bonds, their full face value in money, and will pay interest at the rate stated in the bonds, every six months.

As a financial investment Canada's Victory Bonds are in the first rank of the world's investments because:

—the security of the principal and interest is certain as anything human can be, being nothing less than the entire assets of Canada, the pledged honor of the people of Canada and all the assets of all the people of Canada.

—they are the most "liquid" form of investment; they can be promptly turned into cash at any time.

—they bear interest which, if saved and compounded, at ordinary bank interest rates would double the amount of the original investment in about fourteen years.

They are also free from Dominion taxation, present or future.

FOR the investment of estate funds, trust funds, sinking funds and all other funds which by law or other necessity must be invested in unquestioned securities, Canada's Victory Bonds are the premier investment.

Executors, trustees, municipalities and public service corporations and all others with trust or sinking funds to invest, can render to Canada valuable patriotic service by investing their funds in Canada's Victory Bonds.

★ ★ ★

AND because of the high rate of interest they bear, coupled with their supreme security, there is every reason to expect that Canada's Victory Bonds will increase in value, when peace is declared.

The English Rothschilds laid the foundation of the fortune of that branch of the family by buying British war bonds before the battle of Waterloo, thereby making huge profits from the increase in value which followed the declaration of peace.

★ ★ ★

BUT Canada's Victory Bonds are much more than merely a sound money investment; they are Canada's renewed pledge to fight the war to a finish, till victory is with the Allies and lasting peace is secured to the world.

Every one of Canada's Victory Bonds bought by you is a new assurance to every Canadian soldier that Canada stands behind him ready to send him food and munitions, and to care for those he has left in Canada.

Canada's Victory Bonds guarantee that Canada will keep on producing the food, the munitions and machines to bring victory to the Canadian soldiers in France, and that Canada will keep the home-fires burning for their loved ones while they are fighting for our freedom.

★ ★ ★

SO when you buy Canada's Victory Bonds you help Canada finance the war,

—you help to maintain the production of food, munitions and supplies which our soldiers must have,

—and the money paid for those products helps to maintain business and industrial conditions by which the productive efficiency of Canada can be kept at high pressure.

Your investment in Canada's Victory Bonds will be a link in the complete chain of helping our soldiers, helping the country and thereby also helping yourself.

Investment in Canada's Victory Bonds is Sound Business Patriotism

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Mrs. Michael Kelly and daughter Patricia, of South Wellington, leave this morning on a visit to points on the Mainland. Since receiving word a short time ago of the death of a brother, who was killed in action in France, Mrs. Kelly has not been in the best of health and before returning to the Island she may spend a few days at Harrison Hot Springs.

St. Paul's Ladies Guild will meet in the Institute this (Thursday) afternoon at 3 o'clock.

Starting this morning the public schools of the city will open at 9:30 a.m., and close at 3 p.m.

In the printed programme of the recent production of "The Country Girl" the name of Mr. Arthur Webb appears as taking the part of Lord Anchester. This is a mistake. It should be Mr. Percy Webb, who, off the stage fills the responsible position of chief steward on the "Princess Patricia."

The Hallowe'en Dance held last night in the Oddfellows' Hall, was one of the most enjoyable events of the season. Clark's orchestra provided the music and gave every satisfaction, the excellent work of the drummer receiving flattering comment. Owing to the fact that four other dances were held last evening the attendance was not as large as it otherwise would have been, but those who were present spent a most enjoyable evening.

IS YOUR WORK HANDICAPPED BY EYE-STRAIN?

The man at the desk all day seldom realises how often the tired headache and lassitude that handicaps his day's work arises from Eye-strain. The Eyes are the organ of the body most directly connected with the brain—thus it is that straining to work with eyes that are not equal to their task taxes the whole system.

EYE-STRAIN CAUSES MANY ILLS.—Eye-strain is the chief cause of all headaches, and is very often the indirect cause of dizziness, sleeplessness, and nervous breakdown.

Correctly-fitted Glasses increase your working efficiency by preventing eye-strain, and the consequent headaches and ill-health.

WOMEN KNOW MORE THAN THE SCIENTIFIC MEN

PACIFIC MILK is the cheapest milk there is to be used in cooking. It's been proved.

First scientists tested it. You know how they do things. They proved it to be unusually rich and absolutely pure.

Scientific cooks took it in hand and tried it in their ways and sent in the results in glowing but scientific terms. They proved that it measured correctly and everything else weighed it was very inexpensive as compared with fresh milk or with all the other samples submitted.

But it remained for our young lady "investigator" to find out that women themselves had put all the scientific demonstrations in the shade as far as knowing how to use it in cooking so as to make good cakes and things for very little money.

Have you tried PACIFIC MILK in your cooking?

LT. COMMANDER QUINE IS GIVEN THE D.S.O.

Engineer-Lieut.-Commander John Quine, second engineer aboard the H. M. S. Princess Margaret, one of the Victoria seafaring men represented in the Royal Navy, has been awarded the Distinguished Service Order for meritorious service while on duty at sea.

Commander Quine left Victoria at the outbreak of the war. Prior to leaving he was with the Canadian Pacific boats plying out of that port, and before proceeding to England was chief engineer on the G. T. P. steamer Prince Albert. The Princess Margaret, on which he is now serving, was destined for the C. P. R., but when the war began she was immediately taken over by the British Admiralty.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED.

If cross, feverish, sick, bilious clean little liver and bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless: children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

ITALIANS STAND ON TAGLIAMENTO

Plains of Friuli May be Scene of the Greatest Battle in Open Warfare of the Present Hostilities.

London, Nov. 1.—The greater portion of General Cadorna's Italian army apparently has crossed the Tagliamento river and probably now stands on the western bank in the new line of defense waiting to give battle there to the Teutonic Allies. The advance of the enemy, although remarkably fast, was not quick enough to carry out the purpose of enveloping the Italians and putting them out of battle from the Carnic Alps to the head of the Adriatic Sea.

The Italians lost heavily in men and guns captured, the latest German official communication asserts that more than 180,000 men and 1,500 guns were taken by the Teutonic Allies, and also suffered terribly from hardships due to bad weather and lack of food as they made their way across the country to the Tagliamento, with rear guards everywhere harrassing the enemy. But General Cadorna declares that with the morale of his men still splendid the success of the invaders soon will be valueless.

On the eastern side of the Tagliamento, the Teutonic Allies have captured all along the waterway from Pizano to Latisapa valuable bridgehead positions from which to operate against the Italians on the other side of the stream. No mention has been made of attempts of the enemy to bridge the stream now at full freshet, with pontoons, but doubtless strong efforts in this direction will be made as soon as sufficient artillery has been mobilized to give effect to this operation.

Should General Cadorna decide to give battle along the Tagliamento, doubtless the plains of Friuli soon will resound with the hoof beats of cavalry and the clash of sabre, and witness the greatest scene of open warfare of the present hostilities. Already the Italian cavalry has been in action to the east of the Tagliamento and did notable work in harrassing the Teutonic allies' advance.

Edgar sends his best regards to all friends.

COMMUNICATION

Editor Herald:

Sir,—The principal features of the Lady Orange Lodge are Truth, Loyalty and Equal Rights to all; it was these principles that moved us to express our disapproval of the unjust conditions in Canada and especially the foreigner, or, as the Free Press terms "The Stranger Within Our Gates." It is not our desire to measure swords with the Editor of the Free Press, we would leave this to a more able pen, but in his leading article last night he admits the foreigner has ignored his country's call and is therefore a deserter and liable to execution if he returns to the land of his birth. Under what stretch of the imagination can the Editor of the Free Press expect Canada to protect such men, many of whom openly declare they will go to jail rather than fight. Now that conscription is in force, are we not justified in demanding they either be deported or conscripted? We feel sure that the foreign element throughout Canada has prevented voluntary enlistment to a great extent. And are we true to the allied countries in protecting these deserters? We can scarcely agree with the Editor of the Free Press that deporting or conscripting these deserters is a press gang method.

We feel just a little proud in saying that many months ago over eighty thousand Orangemen in Canada had volunteered for overseas. These men are receiving $1.10 a day, while the foreigner is filling his place at from three to eight dollars a day. Is this British Justice, Mr. Editor?

LADY ORANGE LODGE.

Copenhagen, Nov. 1.—A German warship has been sunk in the Sound, according to a dispatch to the National Tidende from Malmo, Sweden. It is reported that the vessel struck a mine.

BEERSHEBA IN BRITISH HANDS

British Forces Operating in Palestine Are Now but Forty Miles Southwest of Jerusalem.

London, Nov. 1.—The indications from Palestine are that with the advent of favorable weather the British forces are resuming their active campaign up the Syrian coast. The capture by British troops of Beersheba, approximately 40 miles southwest of Jerusalem, is reported in an official communication issued here today.

When the operations in Palestine were halted last spring the British had pushed up the coast from the Sinai Peninsula to the gates of Gaza, on the coast of Southern Palestine, while in interior Palestine their columns had advanced on a virtually parallel front to the vicinity of Beersheba. There were reports that there had been a penetration as far northward as Hebron which is less than 20 miles from Jerusalem, but apparently there was no definite advance of the British main force to that point. Reports early last month stated that the British and revolting Arab forces from the southern interior had effected a junction in Southern Palestine and that combined operations by these forces against the Turks might be expected shortly.

The text of the official report telling of the copture of Beersheba follows:

"General Allenby (commander of the British forces in Egypt) reports that after a night march our troops attacked Beersheba yesterday morning. While our infantry attacked the defences covering the town from the west and southwest mounted troops made a wide turning movement through the desert and approached it from the east.

"Beersheba was occupied in the evening in spite of desperate resistance by the enemy"

ENEMY LOSS WAS 30,000

Washington Nov. 1—Thirty thousand German soldiers, including two generals of divisions, were killed in the great battle on the Bainsizza Plateau, according to cabled reports to-day.

General Cadorna is pushing reserves rapidly forward with every prospect of checking the enemy's advance, and British and French support will be immediately forthcoming.

Vancouver, Nov. 1.—Charles Musselman driver of automobile No. 2656, owned by the City Taxi Company, lies in St. Paul's hospital here suffering from severe internal injuries, and Mrs. Thomas of 967 Horn by street, also is there but with slight injuries, as the result of a fog accident at 8.20 this morning when the automobile collided with a street car at the corner of Hornby and Robson streets.

Thanks to the scrupulous care with which the Canadian Victory War Loan Bonds are engraved, it is practically impossible to counterfeit one of them. Each step in the engraving process is done by an expert engraver. It takes three, and sometimes four, different engravers in the American Bank Note Company's offices in Ottawa to engrave the plate from which the bond is made. Our photograph shows one of the most skilled engravers on the continent carefully cutting the letters into a Victory Bond Plate.

WILL NOT CHARGE TUGBOATS PILOTAGE

Nanaimo Harbor Commissioners Refunded Charge Made on Vancouver Tug.

Assurances have been given the B. C. Tugboat Owners' Association by the Nanaimo harbor commissioners that no pilotage charges will be made on towboats in and outbound in future. Recently the master of a Vancouver towboat was charged $15 pilotage entering Nanaimo, and this caused Capt. Stewart, secretary of the Vancouver towboat association, to take the matter up.

As a result the $15 was returned and recently he was in receipt of a communication from the Coal City board which stated that although the charge could be made under the statutes, no fee would be charged.

Mrs. Benton and daughter, Mrs. J. D. Galloway, returned last evening from a visit to relatives in the Terminal City.

Among the passengers from Vancouver last evening on the "Pat." were Mr. Hinton, A. Neen, T. R. Stockett, E. M. Yarwood, E. B. Skinner, Miss Nicholson and Mrs. M. Manson.

CAPT. RIPPON WEDS MISS NORMA CAVIN

A very pretty wedding took place yesterday morning at the Holy Rosary Church Vancouver when Norma Rose daughter of Mr. and Mrs. Geo. H. Cavin of Cedar District, was united in marriage to Capt. Thos. Rippon, master of the C. P. R. steamer Princess Beatrice. The Rev. Father O'Boyle officiated.

Attending the bride was Miss Hattie Nicholson, of Nanaimo, while Mr. Gordon Cavin, brother of the bride, acted as best man. The bride was given away by her father, and was dressed in a travelling costume of amethyst colored broadcloth, and wore a hat to match, the bridesmaid being attired in a gown of grey silk.

After the ceremony the wedding party participated at a luncheon at the Vancouver Hotel. The groom's present to the bride was a beautiful set of silver fox furs, and to the bridesmaid a broach of amethyst and pearls.

Capt. and Mrs. Rippon left on the evening's train for a honeymoon trip to Southern California, and on their return in about a month's time they will reside at 229 23rd Ave., Fairview, Vancouver.

AERIAL RAID ON GERMAN DEFENCES

London, Nov. 1.—British aviators carried out a raid in Belgium yesterday, the Admiralty announced today in the following report:

"Some of our naval aircraft bombed the Sparapelhock aerodrome yesterday. The targets were partly obscured by clouds, making the result difficult to observe.

'Many offensive patrols have been made. One hostile machine was downed out of control. All our machines returned safely."

Mr. and Mrs. George Cavin of Ladysmith, arrived in the city last evening from attending the marriage of their daughter, Miss Norma, to Capt. T. Rippon in Vancouver yesterday.

AIR DEFENCES SAVED LONDON

London, Nov. 1.—Wednesday's air raid apparently was the most elaborate attempt to "lay London in ruins" ever made by the Germans. That it was a failure was due to the new air defenses which, with gunfire of airplanes harrassed the enemy and broke up his squadrons so that but three machines were able to cross the metropolis where they dropped a few bombs. Before the guns broke out over London, detonations were heard a long way off in the east. People congratulated themselves that the raiders were being kept at bay but soon sounds were heard which told the tale of airplanes having broken through. During some periods the firing seemed the most intense which has been heard during air raids. Atmospheric conditions prevented anything being seen of the invaders.

BIG PERCENTAGE IN CLASS ONE

Ottawa Ont, Nov. 1.—The Medical examinations under the Military Service act to date reveal a high percentage of men within Class One. One hundred and twenty-five thousand men in all have now passed the medical boards divided into the following medical classes. "A" men, 62,063 B, C. D, and "E" men 63,739 total examined 125, 802. There were in all 36,012 men examined last week. "The Defence of Canada," a pamphlet outlining the part of Canada in the war will shortly be available at all post offices in the Dominion. It is now being translated into French for circulation in the province of Quebec.

PENETRATED THE GERMAN LINES

London, Nov. 1—"East and north east of Ypres the German artillery was active during the night," says an official report issued here today. In the neighborhood of Passchendaele a hostile concentration was dispersed by our fire."

Paris, Nov. 1.—French raiding detachments last night penetrated the German lines at several points, the War Office here announced this afternoon. A German attack northwest of Rheims was repulsed. The text of the announcement follows:

"The artillery fighting was rather spirited along our new positions in Belgium and on the front north of the Aisne. Enemy troops attempted without success an attack on our small posts north of the Loivre, northwest of Rheims.

"We made several successful incursions into the German lines near Bethincourt southeast of St. Quentin; in the Champagne in the sector of Souain in the region of Bolante, and in the Woevre, north of Flirey. We brought back some prisoners and inflicted serious losses on the enemy.'

EVENTS ON THE VARIOUS FRONTS

Only Artillery Actions in Flanders—Petrograd Reports a Further Withdrawal of Germans in Riga Sector—British Success in Palestine.

London, Nov. 1.—On the battle fronts in France and Belgium little activity is being displayed, except by artillery of opposing sides which at various points are carrying out violent reciprocal bombardments.

The Petrograd War Office reports another withdrawal of German troops in the Riga region of the north Russian front. The Russians are keeping in contact with the German rear-guards as they retire to prepared positions and the significant statement is made by the Russians that there are no grounds for supposing it would be possible for the retreating element to be thrown upon any other front.

In Palestine, British troops captured the town of Beersheba, a short distance southwest of Jerusalem, and made prisoners of 1800 Germans and Arabs. They also took nine guns suffering slight losses themselves in the operation. Between forty and fifty per cent. of German submarines operating in the North Sea, Arctic and Atlantic since the beginning of the war have been sunk, according to Sir Eric Geddes, the new First Lord of the Admiralty in a statement to the House of Commons. The building of new British tonnage, he added, for the first nine months of the present year was 123 per cent. higher than for the corresponding period of last year. One million tons of shipping had been arranged for, he said, and more than half of it already was under construction. The net reduction in British tonnage since the beginning of the war was given as 2,500,000 tons. Sir Eric concluded by saying plans must be made for a long war as he could see no signs of it being a short one.

Norway again has protested to Germany against the sinking of Norwegian steamships.

ENEMY WITHDRAWS IN RIGA SECTOR

Petrograd, Nov. 1.—Another withdrawal of German troops on the northern Russian front is in progress, the War Office here announced today.

"On the northern front, in the direction of Riga, the enemy at some points is withdrawing to positions previously prepared," says the report.

FROM BATTALION OF DEATH, WEDS IN BOSTON

Boston, Nov. 1.—Nadine Vehrinskaia Troubetzkaia, a member of the Russian battalion of death, who saw service in the trenches, and widow of Prince Troubetzkaia, killed on the Caucasus front, was married here today to Victor Alexander Turin, a member of the Russian mission to this country. The bride was twice decorated for bravery. She comes to this country, after recovering from wounds, to marry her childhood sweetheart and gather funds for the Red Cross.

COAL MINES IDLE

Pittsburg, Kas., Nov. 1.—Twenty-one Kansas coal mines are idle today because of a strike of the miners which is said to be due to the Fuel Administration's action on the agreement of the operators and miners recently reached in conference held at Kansas City.

STRUCK COAL AT SOUTH WELLINGTON

The coal seam was tapped yesterday by the Canadian Collieries Co. in the new mine which is being opened at South Wellington, the seam being uncovered some 120 feet from the surface by means of a slope. Development work will be rushed with all possible speed and it is anticipated the new property will soon attain a daily output of one thousand tons. The coal will be marketed by way of Ladysmith.

GERMAN FACTORIES RAIDED

London, Nov. 1.—Another successful air raid, carried out by twelve British machines, has been made on German munition factories at Kaiserlanten, Bavaria, according to an official communication issued tonight.

GERMAN SUB LOSSES HEAVY

Nearly Fifty Per Cent. of German Submarines Have Been Accounted for by Britain and Her Allies.

London, Nov. 1.—Between 40 and 50 per cent. of the German submarines operating in the North Sea, the Arctic and the Atlantic since the beginning of the war have been sunk, said Sir Eric Geddes, First Lord of the Admiralty, in the House of Commons today.

"During the last quarter the Germans lost as many submarines as they lost in 1916," said Sir Eric.

The output of merchant ships in the United Kingdom in the first nine months of this year had been 123 per cent. higher than in the corresponding period last year. The Admiralty had decided that four new additional shipbuilding yards would be necessary.

"We must lay plans for a long war," said Sir Eric. "I see no signs of it being a short one."

Sir Eric said he regretted it had not been found possible to arrive at a basis for publication of the British tonnage losses by submarine action without giving information to the enemy.

The losses of merchantmen in October had been very slightly worse than in September. Enemy submarines were being sunk to an increasing extent but the Germans were building them faster than they had done hitherto.

In September there was a fleet of British ships on the high seas of an increase of 20 per cent. in numbers and 30 per cent. in tonnage as compared with April.

Sir Eric announced the Government's intention of appointing an additional Civil Board of the Admiralty. He said that the attention of the First Sea Lord would be devoted wholly to naval staff matters.

Standard ships aggregating 1,000,000 tons had been arranged for and more than half of them were under construction. The total net reduction of British tonnage since the beginning of the war was given by Sir Eric as 2,500,000 tons.

Replying to criticism that the fleet had not been sent to assist Russia he pointed out that such an operation would occupy considerable time, and that there were extensive mine fields. Responsible naval opinion was unanimous that the step was not one which should be taken.

At the present time Sir Eric informed the House there are 235 drydocks which can be devoted to repairs of merchant ships exclusive of those used for warships.

A reduction of 50 per cent. in German merchant shipping, Sir Eric continued, had been caused by the sinking of ships or by their passing into the hands of Germany's enemies.

"All by the practice of economy can help the Royal Navy and the navies of the allies to defeat the submarines," Sir Eric added.

In September, he continued, the Royal Naval Air Service had carried out 64 raids behind the enemy lines in Flanders, dropping 2,756 bombs.

RUSSIA WORN OUT BY WAR STRAIN

Petrograd, Nov. 1.—Russia entered the war early and is now worn out by the strain, Premier Kerensky today told the Associated Press. He said Russia claims as her right that the other Allies should now shoulder the burden of the war. Premier Kerensky declared that Russian public opinion was agitated by the question "Where is the British fleet, now that the German fleet is out of the Baltic."

LIGHTWEIGHTS MATCHED

Denver, Nov. 1.—Frankie Murphy, local boxer, has been matched to meet Lee Morrissey, of Ogden, lightweight champion of Idaho, at Lakeside Arena, here Monday night, over the fifteen round route.

WILL STRIKE AT OPPORTUNE TIME

Washington Believes British and French Forces Will Strike in the Italian Theatre When the Enemy Reaches Freoule Plain.

London, Nov. 1.—Premier Lloyd George has sent the following message to the Italian Premier, Vittorio Orlando, in reply to the latter's telegram yesterday, affirming the solidarity of the two nations.

"It is a source of real satisfaction to us that the friendship between the Italian and British people is about to be cemented by the co-operation by their armies with the gallant soldiers of France on the same battlefield. I am confident that Italy and her allies will not only stem the tide of the enemy advance but in due course, will roll it back forever.'"

Washington, Nov. 1.—The British Government has taken prompt measures to rush aid to the Italians and all indications are that French and British aid will come at the hour when the enemy invades the plain of Freoule.. "Meanwhile awaiting developments, Italian public opinion realizes thoroughly the gravity of the hour and is bearing the shock with calmness and firmness," the dispatch to the Italian Embassy says.

CAR SERVICE SETTLED

Guelph, Ont., Nov. 1.—Arrangements have been made for street car service to the Guelph Military Convalescent Hospital, two miles east of the city on the River Speed, by negotations just completed with the Guelph Street Railway, where by Guelph cars will run, over the C. N. R. radial line.

Such service will provide easy access for the soldier patients to the city and both advantages of the city and the country will be enjoyed.

The C. P. and the Grand Trunk Railway have sidings which run into the property providing excellent ducts of the workshops but the products of the work shops, bu the problem of transportation for the men and their friends was a troublesome one.

MANIFESTO TO LAURIER

Ottawa, Nov. 1.— Although the date of the election has now been definitely set, and writs for it issued it is unlikely that the expected manifesto from Sir. Wilfred Laurier will be forthcoming until early next week. It is said to be a lengthy document.

NEW MILK SCHEDULE

Having continued for over a year to sell our milk below the cost of production in the hope that the high prices of cattle food-stuffs would break and fall to a normal level again, but finding instead that the ruling prices of everything needed in connection with the milk business, including bottles, caps, and millfeeds are one hundren per cent. higher than two years ago, we are reluctantly compelled to adopt the following schedule of prices, in order to try and counteract in some measure the increased cost of milk production. The new schedule will be as follows:

1 pt. (per day) 7 cts. a pint.
1 qt. (per day), 12½ cts. a quart.
½-gal. up to 1 gal. (per day) 11 cts. per quart.
Gallon, 40 cents.

While these prices may at first sight seem high to any one who has not given the question serious thought, they will compare favorably with the prices prevailing in other cities where mill-feeds are considerably cheaper to the dairyman, more especially when you consider that our milk carried off a diploma in the approved class of the B. C. Dairymen's Association. Indeed, we do not think milk of this quality can be bought in Canada today for less than 15 cents a quart retail.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

Ottawa, Ont., Nov. 28th. 1914.

"For over two years, I was troubled with *Constipation, Drowsiness, Lack of Appetite and Headaches.* One day I saw your sign which read "Fruit-a-tives make you feel like walking on air." This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and *now I feel fine.* I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this *pleasant fruit medicine* to all my friends"

TOO NARROW

We could hardly expect the Cowichan Leader to support what we have written about the selection of a candidate for the Nanaimo riding in the federal election. The Leader has of late affected such an air of superiority in its independence that there is no chance of it agreeing with any ordinary publication. The Herald has never insisted that the next member for the Nanaimo riding must be a Nanaimo man. It has pointed out that for many years past a Nanaimo man has represented the constituency and that it was very much in the interests of the city that the same condition should continue. The Leader in its last issue declares that it would not stoop to so narrow a view as this and we can only hope that our selfishness has not caused our exalted contemporary too much mental grief and suffering. There is indeed inside evidence that the Leader is none the worse for our slip because in the next breath it is even narrower than we are. It points out that Nanaimo's proportion of the electors is not by any means large, and then declares that the bulk of the electors are intimately concerned with agricultural matters. The drift of this remark is plain enough, but how is the Leader going to show that the bulk of the electors are farmers or men connected with agricultural matters. Esquimalt has other interests than farming, with Nanaimo must be included the other mining communities of South Wellington, Ladysmith, and Extension. There is more than a suspicion of Pharasaism in the Leader's attitude. For the rest we would still like to see a Nanaimo man chosen as candidiate and elected member for the riding. While this is so, however, we are ready to support whoever is selected by the various associations in the constituency as the best man to send to Ottawa. This man would be a fusion candidate, and pledged to support the coalition government, and to secure the election of such a candidate is the first and paramount need of the hour.

THE ITALIAN DEFEAT

The first official statement from Italian headquarters throws a little light on the surprising success of the Austro-German offensive. In the first place the German victory must be credited to his superior strategy. While he began a general bombardment on the Italian lines he succeeded in concealing the real point of attack. The Italians were expecting the real fighting to develop over the ground they had recently won. Mackensen on the other hand attacked where there had been no fighting and "inadequate resistance" to quote General Cadarna let the enemy through the left wing. There was nothing to do then but order a general retirement and this says the statement has been carried out in good order. A day or two more will tell If the Italian armies are intact they will make a stand at the Tagliamento River, and then, with the assistance that is being sent they may turn the tables on the invaders. The statement gives no estimate of losses either in guns or men.

RUSS HALL WOULD LIKE TO FORGET ONE LITTLE PLAY

Russ Hall, owner of the Tacoma Northwest League franchise and one time Seattle favorite, is one of the greatest weavers of yarns in baseball.

Marse Russ can sit all day and tell of funny or famous incidents of baseball after another, but there is one story he never tells and that is the time he made possible a triple play unassisted

The Seattle team, then in the Pacific Coast League, was playing in Portland. There were several veterans on the club at least three of whom were getting right portly.

Russ was one of these aforesaid portly gentlemen and he was at the time perched on second base by virtue of a base on balls and a single by one of the other portly gentlemen, one Kemmer who played first base.

Johnny Kane was at bat and he slammed one a mile a minute over second base. Marse Russ and Big John Kemmer took one fleet glance at that flying ball and started running it took considerable mental and physical effort to stop them.

Larry Schlafy, captain and second baseman of the Portland club made a one handed catch of Johnny's line drive. His next step carried him into second base catching out Hall and it was a matter of little effort to reach big Kemmer before he could get under full speed astern.

No, this one of the incidents in Marse Russ' baseball life which he would like to forget.

Who wouldn't ?

BRITISH SHIPS SUNK ; LIFEBOATS SHELLED

An Atlantic Port of the United States, Nov. 1.—A German submarine torpedoed and sank the British steamship East Wales, of 4,321 tons off Queenstown on October 14, according to a survivor who arrived here today. Open lifeboats were shelled, and four of the crew perished and five others were wounded.

CHARGED WITH MURDER

Concord, N. C., Nov. 1.—Gaston B. Means was indicted to-day by a grand jury for the murder of Mrs. Maud A. King, a wealthy widow here, last August.

COMPULSORY SERVICE A SUCCESS

The United States was not only following the example of Great Britain France, Italy and Russia in adopting compulsory service. She was profiting by her own experience in the Civil War.

For the first two years of the Civil War the North depended for her men on voluntary enlistment. In 1863 under President Lincoln without doubt one of the greatest statesmen this continent has produced, conscription became necessary if the North was to prevail. The law was passed and administered with firmness, even to the point of shooting a few who made determined resistance to the enforcement of the Act.

The success of compulsory service in the Civil War warranted its adoption by the United States in the present crisis, with exemplary success. Stern measures have been meted out to those who neglected to regitser.

Every confidence is felt by those in authority that the administration of Canada's Military Service Act will proceed smoothly and events to date are most encouraging.

WON M. C. AT LENS

Wearing the ribbon of the Military Cross on his tunic, Lieut. J. G. MacKinlay, Vancouver, of the Royal Naval Division, has arrived home from France. He was twice wounded in action and at the Battle of Arras, near Lens, in April, he won the Military Cross for conspicuous gallantry in the field. Lieut. MacKinlay's parents live in Vancouver, where before the war he served in the 6th Duke of Connaught's Own Rifles.

MOTHER! DON'T TAKE CHANGEG IF CHILD'S TONGUE IS COATED.

If cross, feverish, sick, bilious, clean little liver and bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated, or your child is listless, cross feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

GRAHAM WILL NOT BE A CANDIDATE

Toronto, Oct. 31.—The Toronto Mail and Empire has a dispatch from Brockville saying:

"The Brockville Recorder, the personal organ of Hon. G.P. Graham announces that he will not be a candidate for the Commons for re-election in South Renfrew, having announced his retirement in a letter to the president of the Liberal Association."

HELD FOR INSPECTION

The steamer Quadra, formerly the Dominion lighthouse tender of that name, which since being wrecked in collision with the Charmer at the entrance to Nanaimo harbor, raised and refitted, has been plying in the ore-carrying trade between Britannia Beach and Tacoma, is at Victoria for inspection. Capt. Melville Cutler, former master of the tug Lorne, and later the steamer Wellington, which he took to New York and operated for some time in the West Indies service, is in command of the Quadra.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS, OR INDIGESTION,

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down; Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress vanishes—your stomach gets, sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

BRITISH GOVERNMENT MAY TRY EXPERIMENT

London, Nov. 1.—The British Government, according to the London Daily Express, is considering making its first experiment in state control of the liquor trade by assuming control of the manufacture and supply in Scotland. On the success of the test would depend the extension of control in England Ireland and Wales.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights only, rescinded by such returns should be furnished at least once a year.

The lease will include the coal mining rights are not being operated Chap. 27 of 4-5 George V. assented to 12th June, 1914.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa or to any Agent or Sub-Agent of Dominion Lands.

was capable of healing a bad running sore, from which my husband suffered, until he used Zam-Buk," writes Mrs. B. Ellis of Castleton, Ont. "The sore, which was on his foot and was caused by frost-bite, had penetrated to the bone. The pain he suffered from the inflammation was so bad that he could not sleep. He tried every remedy he had ever heard of

BUT

nothing gave him relief until he tried Zam-Buk. Within two hours after the first application the pain was eased. With perseverance the inflammation was drawn out and the swelling reduced. The pain then entirely disappeared and soon the sore was completely healed."

PROPOSED LEAVE FOR FIRST FORCE

Winnipeg Oct. 31.— The Free Press' Ottawa correspondent in a dispatch says:

"All Canadians who went overseas with the original first division, and who are still in France, are to be brought back to Canada on furlough, on a proposal now under consideration by the Government, if found practical by the military authorities.

"The idea of the Government is that if adequate reinforcements can be provided and the change that might be necessitated in the ranks and among the officers of the battalions would not interfere with the military requirements and the efficiency of the first division as now constituted, the 3,000 or more men who have survived the hardships and fighting from the first terrible conflict at Langemarck, the Somme Vimy Ridge and down through the battles to Lens, should be brought back to Canada in a body and given a well deserved rest'"

RETURNED MEN PRAISE VETERANS

Montreal Oct. 31.—Officers and men returned from the front are continually singing the praises of the 22nd French-Canadian Battalion. This famous unit, which had 17 out of 21 officers and more than half its men on the casualty list after Courcelette, is still doing remarkable work in the front line trenches.

The 22nd Battalion was raised at Montreal by Col. F. Gaudet, former superintendent of the Dominion arsenal at Quebec. Recruiting was started on Oct. 14th, 1914, and men of French-Canadian birth or descent from all over Canada were accepted. After training in Canada, the battalion left for overseas on May 20, 1915 Its first big fight was at Zellebeeke in Belgium from June 2 to June 14. 1916, when it greatly distinguished itself.

Three months later came the Twenty-Second's big opportunity at Courcelette. The aftermath found the corps badly mauled but famous for all time in Canadian and British military annals.

PREMIER BREWSTER IS BACK FROM OTTAWA

Victoria, Nov. 1.—Premier Brewster, on his return yesterday from a month in Ottawa said he was not prepared to make any statement as to the attitude of the Provincial Government with respect to the Union Government at Ottawa, at least until he had conferred with his colleagues here. He participated in the negotiations that brought about the formation of the Union Government.

The Premier added that he did not see any particular reason why he should be expected to make a statement at this time.

"My attitude is well known," he said. "From the first I have been a strong conscriptionist and I haven't changed my stand."

As to the statement made that the door of the Union Government was still open to him, he would make no enlightening comment beyond explaining that the best of feeling and understanding existed between himself and the members of the Government at Ottawa.

Hon. Mr. Brewster came over on the boat from Vancouver with the Hon. Martin Burrell, Secretary of State, and the Hon. J. A. Calder, Minister of Colonization and Immigration, in the Union Cabinet, and was in close touch with them all yesterday. The Hon. John Hart and the Hon. J. D. MacLean were also in the party.

DID NOT FIGHT.

New York, Nov. 1.—New York was full of disappointed fight fans today following the failure of Benny Leonard and Freddie Welsh to appear in scheduled bouts at the Manhattan Athletic Club. Leonard and Welsh both exhibited bandaged hands which had been injured in training. Soldier Bartfield defeated Tex Kelly in six rounds. Irish Patsy Cline won from Young Recetor in six rounds and Harry Condon lost to Frankie Callahan in the other bout.

NORWAY HAS SENT NOTE TO BERLIN

London, Nov. 1.—An Exchange Telegraph dispatch from Copenhagen says Norway has presented a note to Germany in connection with the sinking of the Norwegian steamship in the convoy of neutral merchantmen which was attacked by German raiders in the North Sea last month. The note calls attention to the fact that a year ago; after the sinking of the Norwegian vessels in the Polar Sea, Germany was notified that the Norwegian people would consider any new case of the kind as a violation of the laws of humanity.

The Employer's Course

The Proclamation issued under the Military Service Act calls Class One men—bachelors and widowers without children (not otherwise exempted) who were 20 years old on the 12th Oct. 1917 and whose birthday did not occur before Jan. 1st, 1917.

The claim for exemption may be made by the man himself, by his employer or by a near relative. So far as practicable, not more than one claim should be made in respect of any man. For reasons stated in the next paragraph, the claim is often best made by the employer.

When Employer Should Make Claim for Exemption

Where claim for exemption is based on the assumption that it is in the national interest that the man should instead of being employed in Military Service, be engaged in other work in which he is habitually engaged, it is usually preferable that the claim be made by the EMPLOYER, inasmuch as the decision of the claim will involve, amongst other things, a consideration of the nature of the business, the number of men employed, etc.

Medical Examination

It will simplify the employer's problem if all Class One men in his employ present themselves for Medical Examination at the nearest Medical Board Centre.

Upon examination they will be placed in Medical Categories—A, B, C, or E. Class One men placed in Categories B, C, or E satisfy immediate requirements if they attach the medical report they will receive to their claim for exemption.

Where an employer claims exemption for an employee on the ground that it is expedient in the national interest that the man should continue in the work in which he is habitually engaged, he should attach to the claim for exemption a statement and a schedule as follows:—

The Employer's Statement

Total number of employees, grouping them according to their respective occupations and qualifications, and stating the number in each group. Indicate the possibility or otherwise of replacing the labor of Class One men with the labor of those not in the statutory class called up, or of women; also the extent to which the withdrawal of men in the statutory class would affect the business, the reason for considering that the carrying on of the business is in the national interest, and such other facts and circumstances as may appear to be relevant.

The Employer's Schedule

This should state the names, ages and occupations of all Class One men employed, noting against each name whether or not claim for exemption is being made, and whether in the employer's opinion, exemption if granted, should be conditional on the man's continuing his present occupation, or whether it would suffice if exemption were granted for one, two or more months, as the case may be.

Forms for Exemption

These forms may be obtained on request from any Postmaster who will transmit the forms, when filled in, to the Registrar.

Issued by the Military Service Council.

DOMINION THEATRE

A comedy that will prove a most effective antidote for the blues or anything faintly resembling them, is "Hashimura Togo," a fascinating screened version of Wallace Irwin's own Japanese schoolboy stories which are so familiar to readers of the magazines and newspapers of this country.

Sessue Hayakawa, the well-known star of "The Bottle Imp," "Alien Souls," and other productions is the star of the production and he has been able to lend to the character of Togo all the charm and humor of his great genius.

Manager Beattie of the Dominion Theatre has scheduled "Hashimura Togo" a Paramount picture for release at his theatre to-day and tomorrow. Dividing honors with this feature will be popular Fatty Arbuckle in a two reel comedy scream "The Butcher Boy."

BIJOU THEATRE

A five reel Pathe feature heads the bill at the Bijou to-day. With this is shown two reels of the interesting serial "Patria" with charming Mrs. Vernon Castle in the leading role, and a funny Lonesome Luke Comedy.

Childhood's Best Comrade

..Do you remember childhood—the times when you played "Musical Chairs" and the music would stop before you could reach a vacant chair? Music is childhood's best comrade. It puts zest into all games—broadens the dawning mind—satisfies the child desire for musical expression—tells bedtime stories—does a score of things that mean delight and content to every kiddie.

Even if you were denied the blessing of music your self, surely you will not keep it out of the lives of your children! A dozen times a day a good Piano will be called upon by your children to soothe, instruct, entertain.

Better be sure at the start it is a good Instrument. True tone values, refined delicacy of expression, proper natural response, are matters of importance to your child's musical appreciation, as well as inspiration.

"Canada's Greatest Piano"

The Gerhard Heintzman

is an achievement backed by more than a half-century of effort. Few pianos in the world can claim the genius of a designer such as Canada's Greatest Piano. In structural refinement—exclusive features of tone production—it cannot be surpassed. Its rich, ringing tone is unmatched. In variety of case design and workmanship finish it can satisfy the most exacting taste.

HEAVY FIGHTING ON BOTH FRONTS

Germans Retire Before French Forces in the Chemin des Dames Sector—Enemy Forces are Attempting to Cross Tagliamento in Face of Italian Fire.

London, Nov. 2.—The Germans have retreated from points along the historic Chemin des Dames sector on the Aisne front in France, where for several months the French troops of General Petain had been keeping them sharply to task. Just where the retrograde movement took place, and how far it extends cannot be told, as the German official communication announcing it, merely says that the Teutons "unnoticed and undisturbed by the enemy," systematically withdrew.

Nevertheless, it seems apparent that the Germans, tired of the terrible ordeal they had been forced to undergo for some time from the French artillery and violent infantry attacks have decided to fall back upon Laon, the capital of the department of the Aisne, which, with its network of railways, has been the quest of the French.

It is possible and seemingly probable that the withdrawal of the Germans will compel also the falling back of the German forces in the turn of the battle line in this region running northward to St. Quentin, if, indeed, it does not affect the German position as far north as Arras.

On the Italian front the Austro-Germans and Italians are in combat along the middle and lower regions of the Tagliamento river with the Teutonic forces on the east and General Cadorna's army on the western side of the stream. As far as known the enemy has not yet been able to cross the river which is in freshet, and it seems apparent that from the Carnic Alps, south along the battle line to the head of the Adriatic the Italians now are holding their new lines of defense securely. Meantime, sentiment in Italy is seething with patriotism, with even old Garibaldi veterans and men invalided home as the result of injuries in the present war desiring to rush to the scene of hostilities.

On other fronts there have been no engagements of importance. The British have carried on minor operations for gains west of Passchendaele and southwest of Poelcapelle, in both of which prisoners were captured. To the west of Ypres, German guns have been violently bombarding the British lines.

Although, according to the Russian premier, Russia is war worn and believes she has a right to claim that the Allies now should take the heaviest part off her shoulders the new republic has no intention to declare herself out of the war. Help, he said, was urgently needed, especially in the form of money and supplies. He appealed to the world not to lose faith in the Russian revolution.

CLASS A MEN MUST REGISTER

November Tenth Is the Last Day Given Class "A" Men to Register Under Provisions of the Military Service Act.

During the coming week some hundreds of men in this city between the ages of 20 and 34 have to comply with the Military Service Act and register at the Post Office.

After Saturday next, Nov. 10th, any men of the class called up, who have failed to comply with the law will be treated as Military Deserters. Employment of these men will render employers liable to a fine of not less than fifty dollars, or more than five hundred dollars, or not more than six months' imprisonment.

Employers who intend to claim exemption for men whom they feel cannot be replaced by others not in the class called up, must see that these men's claims for exemption are supported by an affidavit from them.

But exemption should not be asked unless the industry or commerce in question is essential to the national interest of the country.

After November 10th any man reasonably supposed to be a member of the class called out may be accosted by any officer, or N. C. O. of the Army or by any police officer, and his name and address, place of employment, and other particluars taken. If any doubt exists as to his statements being truthful, he may be detained and taken before a Justice of peace to be dealt with according to law.

ANOTHER MUTINY IN HUN FLEET

German Admiral Thrown Into the Sea When Mutiny Occurred on Two German Battleships at Kiel.

London, Nov. 2.—Three officers and a number of sailors of the German navy were killed in "another mutiny" at Kiel early in September, according to a dispatch from Amsterdam to The London Daily Express. The outbreak occurred aboard the battleships Kron Prinz and Schleswig-Holstein and started when the men revolted against being drafted into the submarine service.

The sailors on the Kron Prinz threw Admiral Schmidt overboard and stabbed and threw overboard Lieut. Raul, the admiral's aide, and another officer. A battle on the ship's deck between the officers and sailors followed. Three officers and a number of sailors were killed. Similar scenes occurred on the Schleswig-Holstein.

Admiral Schmidt was rescued, but it was necessary for him to leave Kiel. All the surviving mutineers were arrested.

The German dreadnought Kron Prinz displaces 25,293 tons and was built in 1915. Her compliment is 1,150 men. The Schleswig-Holstein was completed in 1906, and displaces 13,200 tons. She carries 729 men.

Vice-Admiral von Capelle, the German Minister of Marine announced in the Reichstag on October 9, the discovery of a plot in the German navy. Dispatches from Amsterdam and London reported that the crews of four battleships of the German fleet had taken part in a mutinous outbreak at Wilhelmshaven. Three of the ring-leaders were shot and heavy sentences were imposed on the others. This outbreak was said to have occurred about six weeks earlier, or about the first of September. Admiral von Capelle accused three Radical Socialist Deputies of having taken part in the plot, but the German government has not taken any action against these members of the Reichstag.

LOCAL SECRETARY AT CONVENTION

Mr. George S. Hougham, secretary of the Nanaimo Retail Merchants' Association returned last evening from attending a meeting at Calgary of representatives of the Retail Merchants' Associations of Manitoba, Alberta, Saskatchewan and British Columbia. Mr. E. M. Trowern, secretary of the Dominion Board Retail Merchants' of Canada, was in attendance at the two-day conference, at which a number of important matters were discussed, one of which was the re-organization of the Western Association in connection with which an organizer is to be put in the field in this territory.

The convention was a most successful one and it is anticipated that good results will be obtained during the ensuing twelve months.

GERMAN RETREAT ON THE AISNE

Berlin Acknowledges Falling Back of Teuton Forces on the French Front—Retirement Was Effected Thursday Night, Says Berlin.

Berlin, Nov. 2.—The Germans have retreated from points along the Chemin des Dames in the Aisne sector of the front in France, according to a German official communication issued this evening. The communication gives no reason, but says the retirement was made during Thursday night systematically without interference by the French troops.

The statement says no fresh advices are to hand from the Italian front.

MILITARY ACT WILL BE THRESHED OUT

Ottawa, Nov. 2.—Every phase of the Military Service Act will be threshed out in the courts when the writ of prohibition issued by Mr. Justice Bruneau at Montreal, suspending the operation of the Act so far as the cases against certain anti-conscription orators for alleged seditious utterances are concerned, comes up for trial on its merits. This statement is made by G. Desaulniers, K. C., who, as one of the counsel for P. E. Mangeau, an anti-conscriptionist, presented the petition in the practice court.

"Should the trial judge, when the case comes up on its merits, probably this month, decide that the law is unconstitutional, that judgment would have a wide application," stated Mr. Desaulniers. "It would mean that the Military Service Act has been pronounced invalid by the court and its operation would be suspended throughout Canada."

The writ is returnable in six days, when a date will be set for argument. Hon. C. J. Doherty, as Minister of Justice, will be called upon in his capacity as Attorney-General, to defend the Act.

ELK LODGE TO CONDUCT CAMPAIGN

Mr. Frank H. Horn, organizer for the Order of Elks, who instituted the local lodge, arrived in the city last evening from Victoria, where he conducted a campaign which resulted in no less than 88 new members joining the Victoria local.

On Monday Mr. Horn will inaugurate a campaign with the object of securing additional members for the Nanaimo lodge of Elks, which recently opened new Club Rooms on Wharf Street. The campaign will extend two or three weeks, and it is proposed to hold a Smoker some evening next week and inaugurate other features with the object of bringing the order prominently before the public.

LAURIER IS TO VISIT THE WEST

BIJOU THEATRE

The Pathe five-part photo-play, "Her Life and His," showing at the Bijou, is a splendid story finely presented by a company of artists headed by Florence La Badie, one of the most popular of screen artists. A deeper sentiment attaches to the production just at this time, as Miss La Badie died very suddenly only a few days since. With this feature is shown a Pathe comedy, and a two-reel instalment of the great serial "Patria," featuring Mrs. Vernon Castle.

RUSSIA STILL IN THE WAR

Kerensky and His Government Are Animated by a Strong Determination to Organize All Russia's Resources.

Washington, Nov. 2.—Secretary Lansing today authorized the statement that neither on the basis of any official advices to the Government, nor on the basis of Premier Kerensky's statement, could it be said that Russia was about to quit the war. The Government of the United States he said, deplored construction to the contrary.

The government's apparent faith in Russia was reiterated today in the authorization of a loan of $31,700,000 out of credits previously arranged for, which was to be placed to the credit of the Russian Government at the Federal Reserve Bank of New York during the day.

Secretary Lansing, deploring any interpretation of M. Kerensky's statement to the effect that Russia was out of the war, assailed The Washington Post, which printed over a brief and preliminary account of M. Kerensky's statement, the headline, "Russia Quits War." He authorized this statement:

"There has been absolutely nothing in the dispatches received by the Department of State from Russia nor information derived from any other source whatever to justify the impression created by The Washington Post today principally by the headline "Russia Quits War," that Russia is out of the conflict.

"A reading of the full interview with Premier Kerensky which the paper published only in abbreviated and preliminary form, shows that the headline is entirely unwarranted.

"Our own advices show that the Provisional Government in Petrograd is attacking with energy the problems confronting it. Reports received from Petrograd by mail and telegraph show that Premier Kerensky and his Government, far from yielding to discouragement, still are animated by a strong determination to organize all Russia's resources in a whole-hearted resistance, and carry the war through to a victorious conclusion. At the same time this government, like those of the Allies, is rendering all possible assistance."

ARABS KILLED TURK GUARDS

London, Nov. 2.—An official report this evening concerning operations in Arabia, says:

"It is reported that Arab troops of the King of Mecca, raided the Hedjaz railway recently, killing or capturing the Turkish guards and destroying a considerable portion of the railway.

NO GRAND OPERA IN GERMAN LANGUAGE

New York, Nov. 2.—The Board of Directors of the Metropolitan Opera Company announced tonight no performances of the opera in the German language will be given during the present season. This means that a number of German singers will be eliminated.

TWELVE TO ONE FOR EXEMPTION

Ottawa, Ont., Nov. 2.—One hundred and fifty-seven thousand men have registered under the terms of the Military Service Act, divided in this manner: Exemption claims, 144,628; reported for service 12,975; total registrations 157,603.

The totals have been completed from returns received by the Military Service Council from various registration offices throughout the country. They cover a period since the proclamation was published calling out first class men up to and including yesterday.

ITALY SWEPT BY PATRIOTIC WAVE

Defeat on Battlefield Has United the Nation in a Patriotic Determination to Sweep the Invader From Italian Soil.

Geneva, Nov. 2.—Swiss soldiers stationed in the Alpine Heights on the frontier report, since the Germans captured Udine, the number of troop trains going in the direction of Trent have been doubled. The Swiss troops say that when artillery trains are passing the Germans make smoke curtains at exposed points to prevent the number of guns being ascertained by onlookers. Swiss soldiers said there is every evidence the Germans were surprised by their success against the Italians, but intend to take every advantage of the situation and are preparing to entrench on the Tagliamento as on the Marne, in the event of failure in their forward movement.

Rome, Nov. 2.—Italy is undergoing a re-birth of patriotism. Everywhere men are clamoring to go to the front, and even Garabaldi veterans marched in a body to offer their lives on their country's altar. Thousands of younger veterans of the present war, interned in hospitals or invalided home, are insisting on returning to their commands. Troublemakers who, two weeks ago, said they were tired of war, and who were willing to listen to German agents, now are either hiding or hastening to admit they were mistaken. The new ministry is busy organizing the country on a better war basis.

London, Nov. 2.—Jas. Ian McPherson, Parliamentary Secretary to the War Office, in a written reply to certain newspapers today declared no doubt had been expressed by General Cadorna nor the Italian Government to the British General Staff of the Italians' ability to meet the Austro-German attack, which they knew was about to be made against them. No request was received from Italy for help before the attack took place, the Secretary added.

SPIRIT OF ITALIAN ARMY EXCELLENT

Fired With Determination to Expel Invaders from Italian Soil.

Italian Headquarters, Nov. 1, via Rome and London, Nov. 2.—Not only is the main body of the Italian army intact after having dealt severe blows to the enemy, but it is now apparent the Italians have thwarted the Austro-German plan of encompassing the forces in this region, which would have rendered the Venetian plains defenceless and encouraged the hope of the enemy for a decisive victory with far-reaching political results. The safe retirement to the Tagliamento was due to the unexampled heroism of large bodies of Italian troops of such spirit as the Alpini on Monte Nero, who refused to surrender, and the regiments of Bersaglieri at Monte Maggiore, who perished to the last man rather than yield ground. It was because of such resistance in the face of overwhelming forces of enemy artillery and infantry that the civil populace was able to retire. It was owing to the valor of Italian aviators, combating the Austro-German army of the air, that fleeing women, children and old men who crowded the roads were not struck down by bursting shells.

The spirit of the army now confronting the enemy is excellent. The troops are fired with a determination to expel the invaders from Italian soil.

WILL NOT ACT WITH EXEMPTION BOARD

Vancouver, Nov. 2.—Judge H. S. Cayley has received a telegram from Ottawa stating that Mrs. W. H. Griffin is not eligible to sit on a military exemption tribunal. Judge Cayley has asked J. H. Senkler to fill the place left vacant by Mrs. Griffin and Mr. Senkler has consented. Mrs. Griffin was appointed a member of a tribunal in September by Judge McInnes, who has since resigned from the bench.

The telegram from Ottawa does not give any explanation as to the reason for Mrs. Griffin's ineligibility but it is believed the Act does not provide for women sitting on the boards.

A telegram from Ottawa was received by Mrs. S. R. Anderson of Saanichton, stating that her husband Pte. Stanley R. Anderson had been wounded on October 24 and admitted to the 64th Casualty Clearing Station, suffering from gun shot wound in the cheek.

MADE RAID ON HUN MUNITION FACTORIES

London, Nov. 2.—"Today another raid was carried out by some of our aviators into Germany," said an official report issued here last night.

"The munitions factory at Kaiserlauten (about 40 miles west of Mannheim, Bavaria), was attacked by two groups of six machines each. Cloudy weather impeded the accurate dropping of bombs. One group encountered enemy defending scouts and brought one of them down. All our machines returned safely."

TEN GERMAN AIRMEN DOWNED

French Aviators Did Good Work In Aerial Combats And British Improved Their Positions Southeast of Poelcapelle.

London, Nov. 2.—In minor operations yesterday evening the British slightly improved their positions south and west of Passchendaele and southeast of Poelcapelle, Belgium, the War Office here announced today. Prisoners were taken.

French Report.

Paris, Nov. 2.—Ten German aeroplanes were brought down yesterday by the French or compelled to land in damaged conditions, the War Office here announced this afternoon. The artillery continues active on the Aisne front. The report follows.

"North of the Aisne there was intermittent artillery fighting. We dispersed enemy detachments which were attempting to approach our lines in the region of Chevreux.

"Enemy attacks on our small posts at the Main-de-Massignes, near Tahure and north of St. Mihiel were without success. Patrol encounters on the left bank of the Meuse river enabled us to take prisoners.

'On November 1 two German aeroplanes were brought down by our pilots and a third by our special cannon. Furthermore seven enemy machines were compelled to land in a damaged condition.

'Our bombarding squadrons threw down many bombs on the railway station at Mulheim, the aviation grounds at Behlestadt muntions depots at Ruffach and Wepereimthal and the railway station at Thionville."

ALLIES TO STRIKE ON TAGLIAMENTO

British, French and Italian Troops Are Preparing to Launch a Counter Offensive Against Teutons.

Italian Headquarters in Northern Italy, Nov. 1, via Rome and London, Nov. 2.—Italian and Allied troops are preparing for a counter-offensive A great battle based on the line of the Tagliamento river is forecasted.

London, Nov. 2—The battle of the Tagliamento has been opened by the artillery.

Guns of the Austro-German invaders of Northern Italy have opened fire on the easterly side of the river upon Gen. Cadorna's positions on the westerly bank of the stream, to which the Italian armies have effected a retreat during the ten days that have elapsed since their Isonzo front was broken.

Cadorna's artillery is replying, Rome announces today, and the struggle for the river line is on.

Apparently the Teutonic attempt to force a crossing of the stream is not to be long delayed. The Italian report announces the advance of Austro-German patrols from the main enemy positions to the river bank. They were there met by Italian machine gun fire and repulsed.

Uncertainty exists, however, as to whether the Italian high command has planned a definite stand on the Tagliamento line or if merely a delaying action is intended to afford time for the preparation of a stronger line at the Livenza, ten or fifteen miles further west, or at the Piave, approximately twenty-five miles from the Tagliamento. The next day or two seems likely to resolve this doubt.

Rome, Nov. 2.—Austro-German patrols have advanced to the banks of the Tagliamento river, along which the Italians are making a stand. The War Office here announced here today that these patrols were repulsed. The text of the report follows:

"There has been reciprocal artillery firing over the Tagliamento river. Enemy patrols which had penetrated to the bank of the river were repulsed by our machine gun fire.

"On the rest of the front there were no events of importance.

NANAIMO LIBERALS AT CONVENTION

Liberals of the Nanaimo Federal Riding will meet in convention at Duncan today for the purpose of discussing matters in connection with the nomination of a candidate to contest the district in the forthcoming elections. The convention is called for the purpose of making a nomination, but in all probability such action will not be aken but an effort will be made to fuse with the Conservatives in the selection of a supporter of the Union Government.

At a meeting of the Nanaimo Association last night delegates were elected to attend today's convention as follows: Mrs. G. B. Brown, Miss E. Waugh, Dr. Brown, J. Ross, H. Shepherd, H. Murphy, C. Callow, W. Hancock, Capt. Yates, E. C. Gibson, A. Mather, R. Barrass, J. Knight, P. E. Corcoran, Wm. Waugh, J. S. Dunn H. McAdie, T. B. Calderhead, A. H. Bateman, A. E. H. Spencer, W. R. Graham, J. Meakin, J. Kirkbride, J. W. Rowbottom, M. G. Clarke, J. Lewis and S. Woodcock.

ARTILLERY ACTIVE IN YPRES SECTOR

Eight Hostile Machines Were Brought Down in a Single Day's Fighting by British Aviators—Bombs Dropped on Gontrode Airdrome.

London, Nov. 2.—Artillery activity continues in the Ypres sector but otherwise there is nothing special to report from [illegible], the War Office announced tonight. The text follows:

"The hostile artillery was more active than usual in the Ypres-Staden neighborhood.

"Our artillery activity on the battle front has continued, but otherwise there is nothing special to report.

"Yesterday very little flying was possible owing to low lying clouds and rain. One of our pilots flew through clouds which were at a height of 200 feet, to the Gontrod airdrome, and dropped two heavy bombs. The drizzle and fire of anti-aircraft guns prevented his observation of the result.

"Wednesday our aircraft guns shot down one of the enemy's bombing machines. This was in addition to seven hostile machines already recorded as having been downed that day."

NO FURLOUGHS FOR "ORIGINIAL FIRSTS."

Ottawa, Nov. 2.—The Department of Militia states:

"Much misunderstanding has arisen from, and it is feared that disappointment will be caused by the suggestion that all the original members of the First Division now serving in France be given a furlough. Nothing is known in the Militia Department of any such intention on the part of the military authorities in France, and it is believed that the exigencies of the military situation forbid the adoption of such a course. It is to be noted that it is stated in press dispatches that the Australian Government, after considering the matter, has abandoned the proposal to grant furloughs to the original members of the First Australian Expeditionary Force now serving."

HUNDRED DOLLARS GIVEN AWAY IN PRIZES

Christmas shoppers at Forcimmer's are to be given $100. in prizes, the contest being such that every purchaser of goods to the value of fifty cents will have a chance of being of one the winners. The contest is to take the form of a bean guessing contest and eight prizes will be awarded to the eight nearest correct guesses as to the number of beans the bottle contains. The bottle which is on view in the store window contains no other material than beans, so that you have a fair opportunity of estimating the number of beans it contains.

The contest closes on Dec. 30th at 9 p.m., the prizes being as follows:—1 Diamond Ring $40—2. Ladies gold filled bracelet watch. $20.—3. Gents gold filled watch $15.—4. Gents gold filled signet Ring $18—5. Jewel case $6.50.—6. Ebony Military brushes $3.50—7. Ear rings $2.50.—8. Photo Frame $2.50.

YOUNG CANADIANS RETURN "LINGUISITS"

Young Jack Canuck returned from the front is proud of his assorted vocabulary. He talks a bit of Russian, Turco, Arabic, Greek and German, to say nothing of French and Cockney slang. In the wards of the Military Convalescent Hospitals he trots them all out and shows the greatest eagerness to learn more of any of them.

Many of the boys who are in the eastern convalescent homes of the Commission are taking French lessons. They practise in conversation with their French comrades and are making great strides, just as many of the French who never spoke English before are mastering their [illegible]

Hard to Drop Meat?
All depends on what you eat as a substitute. It is a good time to study "food value." You may be eating the wrong foods, the foods that cost most and give the least nutriment. **Shredded Wheat Biscuit** contains more real, body-building nutriment, pound for pound, than meat, eggs or potatoes and costs much less. Two of these Biscuits with milk and a little fruit make a nourishing meal at a cost of a few cents. Make Shredded Wheat your "meat." A satisfying breakfast on which to start the day's work. It is ready-cooked and ready-to-eat. Made in Canada.

FOREIGNERS AND RECRUITING

We are not quite sure that an open discussion just at present on the question of the foreigners in Canada is going to be much of a help to the smooth operation of the Military Service Act. For one thing we rather suspect that the subject is being exploited for ulterior motives, and in the second place it is a question which Canada cannot deal with alone. It may be true that the immunity from service of these foreigners has prevented recruiting, or rather has interfered with recruiting. It is however pretty safe to say that the men who are complaining of the fact that the foreigners are not being called, while they have to go, would in the majority of cases have found some other objection to serving. It is also a misstatement of the position to say that these foreigners are taking the places of the men who are called up. The foreigners who are working in the Dominion today were in Canada when the war began. It is in this that the difficulty of tackling the question begins. These foreigners are in Canada largely as the result of the efforts of the Canadian governments to secure immigrants. With such of them as have taken out nauralization papers the government can deal in this present crisis, but it cannot conscript the subjects of allied countries who happen to be residents in Canada. There is no possibility of an argument here. It should also be borne in mind that there are other foreigners beside the men from France, Italy, Belgium and Russia. There are Japanese and Chinese, and Canadian or British born recruits would hardly appreciate being drafted with Orientals or with deserters from other countries. There remains the question of deporting them. How would this affect the case of the local men who are called up, or in any way touch the issues of the war? Canada today is dependent on the United States for the greater part of her coal supply. It is as much a war necessity in Canada that the production of coal should be kept up, or even increased, as that reinforcements of men should be sent to the front. The allied countries are shipping Chinese laborers by the thousands to do work that will release their own men for work in their industries or for service at the front. We believe in the principle that if Canada is good enough to live in that it ought to be good enough to fight for. We also believe that in a war such as this, where Canada, with the other nations on the allied side is fighting for its very existence, conscription is by far the best, and only fair way of recruiting. But we can only take hold of Canadians, citizens of Canada, exercising their full right of franchise. It may also be possible to come to some arrangement whereby the subjects of allied countries resident in Canada, who are eligible for service, may be rounded up and shipped back to their own countries. In the meantime the duty of Canadian subjects is clear enough, and this troublesome foreign question should be no bar to its execution. If the men who have gone voluntarily right up to the present had said, "No, not for us, so long as these foreigners are here, then for anything Canada would have done in the war we would have been the foreigners under the rule of the Kaiser and the persuasion of Prussian bayonets.

CANADA

NOVEMBER 10th.

Last Day for Reporting for Service or Claiming Exemption.

Only one week remains for the men in Class One to respond to the call under the Military Service Act. In order that every man may fully understand and fulfil his obligations, the following questions and answers are given.

Who is in Class One?

All Male British subjects, ordinarily or at any time since the 4th day of August, 1914, resident in Canada, who had on the 13th October 1917, attained the age of 20 years, who were born not earlier than the year 1883, and were on the 6th day of July, 1917, unmarried, or are widowers, but have no child, etc.

Exceptions.

"1. Members of our regular, or reserve, or auxiliary force, as defined by our Army Act.

"2. Members of our Military forces raised by the Governments of any of our other dominions or by our Government of India.

"3. Men serving in our Royal Navy, or in our Royal Marines, or in Naval Service of Canada, and members of our Canadian Expeditionary Force.

"4. Men who have since August 4th, 1914, served in our Military or Naval Forces, or in those of our allies, in any theatre of actual war, and have been honourably discharged therefrom.

"5. Clergy, including members of any recognized order of an exclusively religious character, and ministers of all religious denominations existing in Canada at the date of the passing of our said Military Service Act.

"6. Those persons exempted from military service by Order in Council of August 13th, 1873, and by Order in Council of December 6th, 1898."

How should Report for Service be made?

Men who do not desire to claim exemption will report for service either by mail or in person.
Forms of report will be found in all post offices, and will be transmitted free of postage.

What is the next step?

The man who has reported for service will be advised by Registered Letter as to anything thereafter required of him. He will not be required to report for duty or be placed on active service earlier than the 10th day of December, 1917.

How should claim for exemption be made?

Claim for exemption may be made by any man in Class One, by his employer, business associate or near relative, but it is desirable that not more than one claim be made for any one man.
Forms of claim for exemption will be found in all Post Offices and will be transmitted free by the postmaster to the Registrar.

What are the grounds for Exemption?

(a) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he is habitually engaged;

(b) That it is expedient in the national interest that, instead of being employed in military service, he be engaged in other work in which he wishes to be engaged and for which he has special qualification;

(c) That it is expedient in the national interest that, instead of being employed in military service, he should continue to be educated or trained for any work for which he is then being educated or trained;

(d) That serious hardship would ensue, if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position;

(e) Ill health or infirmity;

(f) That he conscientiously objects to the under-taking of combatant service and is prohibited from so doing by the tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs.

(g) That he is exempt from combatant service because disfranchised under the War Times Election Act.

What is the last day for reporting for service or claiming Exemption?

NOVEMBER 10th, 1917.

Issued by The Military Service Council.

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask any pharmacy for a quarter ounce of freezone, which will cost very little, but it is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

WAS IGNORANT OF BIG WORLD'S DOINGS

Baker, Ore., Nov. 2.—Fate Wilson age 25, a sheep herder arrested at Fossil, Or., as a draft evader yesterday, did not know the United States was at war, or anything about the registration law, according to his story to Deputy United States Marshal Kichener, who made the arrest.

Wilson said he had been with sheep in the hills twenty months, and had heard no news. He has saved $1,200, which he desires to invest in liberty bonds. He told Kichener he wanted to join the navy. He will be taken to Portland for examination by federal authorities.

KILLED BY BROTHER WHILE OUT HUNTING

Langley Fort, Oct. 31.—Edward Duark was shot and killed by his brother Ralph while out hunting deer in the bush yesterday morning about ten o'clock. Deceased it appears, was wearing a brown shirt and was mistaken for a deer. While Ralph was sitting on a skid road, a deer had passed him, when his brother appeared, he mistook him for another deer. He was shot near the heart with buckshot and died almost instantly.

"HEXAGONAL NUT" EASY FOR SOLDIERS

Men Pass Test Of Five Years Apprenticeship After Eight Months Course.

The advantage which the returned soldier who is being educated in a new trade under the direction of the Military Hospitals Commission due to his incapacity to carry on in his pre-war trade, is most notably evident in the work of the machine tool makers' class at McGill University. There men are being so trained that they are able after six months' instruction to do the same quality of work which men apprenticed for four of five years turn out.

The feat of making a perfect hexagonal nut from a circular piece of steel is the test, and the men in the vocational training classes are attaining such proficiency in the eight months' course that they are able to satisfy the master craftsmen.

"Granny" Chamberlain

I have come back to stay in Canada as long as cold weather lasts, because that is when I can be most useful. I have helped young mothers whose children were choking with croup, and been the comfort of parents whose children tramp to school in the wet wintry weather.

Many a cold and attack of bronchitis I have warded off, and thousands I have helped in the anxious time of whooping cough.

You will see me often, for I have much to tell you of what can be done in the home with.

Who Should Buy Canada's Victory Bonds, and Why

WHO wants to help win the war?

Who wants to give our soldiers all the support which their bravery and self-sacrifice and imperative needs demand of our gratitude and our patriotism?

Who wants Canada to do her full part in producing food, metals, ships, munitions and clothing for our fighting men; her full part in winning the war?

Who wants to help Britain to buy in Canada all she wants to buy of the products of Canada's fields and industries and labor?

From the mighty heart of Canada hear the full-throated answer roll from the Atlantic to the Pacific, echo back and up from the southern frontier, far and away into the frosty wastes of the Arctic circle:

"Every Canadian Loves His Country and will do His Full Duty"

AND every woman whose son or husband, or brother or father is fighting in France, because it means support and comfort and victory to him, sends up a prayer that Canada will provide the money to help him win the war for home and freedom.

Every boy and girl, because they want to have a part in winning the war, and in writing Canada's name into a glorious chapter of the world's history, will help Canada to raise the money by buying Victory Bonds.

★ ★ ★

THEN from the business point of view: The farmer will buy Victory Bonds because it will enable him to continue to supply the armies and the people of Great Britain with live stock, grain and the other products of his fields. The farmer must have a market for his produce and it is essential to Canada that Britain shall be enabled to pay cash for that produce with money provided by Canada's Victory Bonds.

Canada's Victory Bonds make it possible for Canada and her farmers to continue doing business with Great Britain and our allies and it is supremely necessary that the farmer shall continue to produce, and that Britain shall continue to buy his products.

Every man in Canada who works for his living or operates a business of any kind can help himself and help Canada to win the war by buying Victory Bonds. When he buys Victory Bonds he helps to maintain that general prosperity which is essential to his own.

And the prosperity of each individual is indispensable to the nation, because it is from individuals that the nation must get the money to win the war.

It is both Good Business and True Patriotism for every Canadian to buy Canada's Victory Bonds to the utmost of his or her ability

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

GIRLS! HAVE WAVY, THICK GLOSSY HAIR FREE FROM DANDRUFF.

Save Your Hair — Double Its beauty in a few moments— try this!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Lemons Beautify! Make Quarter Pint of Lotion, Cheap

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty, But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

BATTLES FOUGHT ON LAND AND SEA

Teuton Blow Expected on the Trentino Front — German Lines Withdrawn on Aisne — British Warships Sunk Enemy Patrol in The Cattegat.

London, Nov. 3.—Standing on the line of the Tagliamento, General Cadorna has so far been able to hold intact his north and south front along the river, despite several attempts by the Austro-German invaders of northern Italy to effect a crossing. It is pointed out the new Italian front, although the enforced retirement to it was marked by heavy losses in men and material, affords a strategic advance of being straighter and shorter than the old line, and therefore theoretically is easier to defend. With the known strong concentration of Austrian and German forces against the Italians, however, there exists a menace to this line of a flanking thrust from the north. Close attention, therefore, is being paid to the Trentino front, whence a heavy blow is not likely of development, provided the Teutonic intention is to pursue the campaign in Italy beyond the stage already reached.

Berlin announces the completion by the Germans of the withdrawal of their lines from the Chemin des Dames plateau. The Paris account of the movement shows the German retirement to have extended along a thirteen mile front from the Oise-Aisne Canal to Corbeny. The Crown Prince withdrew his lines a maximum distance of a mile to the north bank of the Ailette, commanding approaches to the forest of Laon, the keystone of the German line in this region. This movement was obviously forced by the recent success of the French in their drive southwest of Laon which gave them infilading positions for their guns and made a large section of the German lines untenable. American prisoners have been taken by the Germans. Berlin mentions this briefly today, stating the capture was the result of a reconnoitreing thrust at the Rhine-Canal which crosses the French front near the German border twenty miles northeast of Luneville.

British naval operations were carried successfully into the Cattegat, where a German auxiliary cruiser armed with six inch guns and ten armed German patrol craft were destroyed without losses to the British. News despatches from Copenhagen give details of the incident and announce the arrival of survivors from the German raider on Danish soil. The British destroyers, it is stated, accomplished this destruction. Other news despatches from the Danish capital report also the destruction of the German auxiliary cruiser Marie by British destroyers thirty members of the cruiser's crew being killed and a number wounded.

BIJOU THEATRE

"The Unwelcome Mother," which heads the Bijou programme for Monday and Tuesday is a five-reel Fox feature, which has made an immense success in all the larger cities. Walter Law has the leading role and his work has brought forth unqualified praise. With this attraction is shown a clever comedy and some interesting war views.

J. H. McVety, president of the Trades and Labor Council, has tendered his resignation as a member of one of the Military Service Act exemption boards in Vancouver to His Honor Judge Cayley. In explanation, Mr. McVety points out that he has been nominated as the anti-conscription candidate of the B. C. Federation of Labor in the constituency of Vancouver South. He expressed the opinion that the work of his election campaign would prevent him from devoting the time necessary to the work of the exemption board.

Miss Pauline Rose, formerly matron of the Nanaimo Hospital, who went overseas with No. 5 Hospital and was stationed for some time at Salonica, has been honored by the British Government by being appointed Assistant Royal Red Cross of the Second Class.

Come along and fill a seat today at the Wallace St. Adult Bible Class. You will be heartily welcomed. Class meets every Sunday at 2.30 p.m. Rev F. Hardy teacher.

DISCHARGE DEPOT EQUAL TO DELUGE

Quebec Receives 2,000 Convalescent Soldiers in One Day and Cares For Every Man.

Official Canada glimpsed the meaning of demobilization when a hospital ship, a big liner, and a train from Halifax, each loaded with discarded warriors from overseas, arrived simultaneously at the Discharge Depot of the Military Hospitals Commission last week.

[illegible] berant, excited crowd, which would have passed for 10,000 in the rush. They flowed from the coaches and gangways in long khaki streams which threatened to engulf the great structure like an incoming tide. There were men on crutches, men in bandages men on stretchers, but whatever their state not one but grinned happily at the touch of Canadian soil.

The business of registering this army of home-coming Tommies, feeding them and stowing them away at night was a test for any organization and the machinery of the depot moved without a hitch. "Lights out" saw every man tucked away between white sheets in the long wards, and 17 tourists' sleepers filled with the overflow.

The task of feeding the multitude was one of the most spectacular feats of the whole performance. A larder and kitchen staff which can stand up under the onslaught of such an aggregation of appetites speaks for itself, but only a short order cook or a housewife with unexpected company can fully appreciate the achievement of feeding 600 men in 15 minutes as they did, and served them well.

The installment of cafeteria service in the depot is largely responsible for the dispatch in service. The men carry their own trays when they are able, and receive their food directly from the ice, or steam tables. Seating arrangements provide for 600 at one time.

The incoming men are released at the rate of 100 a day, before which they are medically boarded and their vocational histories taken. Those retained for further treatment or re-education in the hospitals and vocational training classes of the Military Hospitals Commission are directed to institutions near their homes; while men who have lost an arm or leg are sent to Toronto to be fitted with artificial members.

Every man who is able to travel alone is allowed to go home to his people for a two weeks' furlough before he enters upon further treatment.

AIM STAGGERING BLOW AT ITALY

Object of Teuton Offensive Against Italy Was to Deliver Staggering Blow, and Thus Derange Entente Offensive in Flanders.

Italian Headquarters in Northern Italy, Nov. 4.—The general situat[illegible] features but its continued gravity is not to be under estimated. The enemy advance is being held back west of the Tagliamento river and Italian cavalry is again demonstrating its value. Reports coming in from all quarters now make it clear the enemy was united in its decision on to try to deliver a staggering blow to Italy and thus derange the Entente offensives at other points. Not only did Germany participate with heavy forces massed against the Italian second army but a part of the huge concentration was drawn from the Russian front under circumstances which the Italians regard as very mysterious.

Rome, Nov. 3.—The Austro-German pressure was more noticeable yesterday on the left wing of Italian armies on the Tagliamento line, says a report issued to-day by the War Office here. Attempts made by Teuton troops to reach the right bank of the river, the report adds., were defeated by the Italian troops.

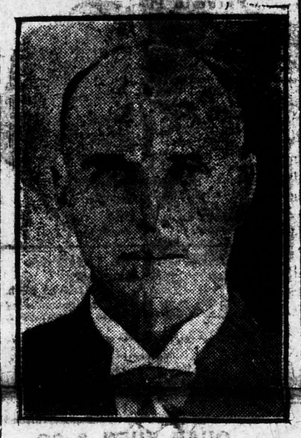
Berlin, Nov. 3.—The War Office here stated today:

"There have been no further military operations on the front in Italy.

"Up to the present more than 200,000 prisoners and more than 1,800 guns have been enumerated. The booty in machine guns, mine throwers, motor vehicles, baggage and other war material can not be estimated even approximately.

The Soldiers' and Sailors' Next of Kin Association will meet Monday afternoon, Nov. 5th., at 2:30 in St. Andrew's Hall instead of The Oddfellows' Hall.

"OUR DAY" TAG NEXT THURSDAY



All plans are completed for "Our Day" Tag on Thursday, Nov. 8th. In all other cities the appeal for the British Red Cross has met with tremendous success, and it is hoped Nanaimo will not be behind in sending her quota. Taggers from the Red Cross and I. O. D. E. will be down town all day and a systematic canvass from house to house will be carried out. The members of the Red Cross will serve tea at the Gibson Block from 3 to 6, and they will also raffle a basket of delicious home-made candy. All the proceeds to be given to the British Red Cross. It is hoped that all will contribute their bit toward making "Our Day" a complete success.

DOMINION THEATRE

"The Law of the Land," probably the best known of all of George Broadhurst's plays, is to appear at the Dominion Monday and Tuesday, with Mme. Petrova as star. "The Law of the Land" is one of the most gripping dramas ever filmed. Director Tourneur found it necessary to inject much of what is called "comedy relief" and this has been most cleverly done. In particular is T. Vivian as the butler a leavening influence. Another amusing character is the Inspector's brand new son who shouts into the telephone what his father fondly believes to be a message—strictly in code. The theme has been worked out with more than ordinary care and ends in a stirring climax that will not be easily forgotten. Don't miss "The Law of the Land" at the Dominion Theatre.

The imports at the port of Ladysmith have greatly increased during the past year. In the year 1914-15. the imports were $4,191.44; 1915-16 $2,181.82; 1916-17, $4,057.48. For the seven months of this year, $5,032.87. The exports for 1915-16, (chiefly coal) were $321,063; 1916-17, $457.325. The shipping foreign and coastbound has also greatly increased.

Mrs. J. E. T. Powers and Mrs. W. W. Lewis returned last evening from Vancouver, from attending a meeting of the Provincial Chapter, I. O. D. E.

Hon. Charles Stewart, to succeed Premier Sifton, of Alberta. He has been Minister of Public Works and represents Sedgewick Riding.

WAS AWARDED MILITARY MEDAL

Sergt. John McMillan of Nanaimo, Awarded Medal for Gallantry at Hill 70.

Sergeant John McMillan, son of Mr. and Mrs. J. McMillan of this city, has been awarded the Military Medal for gallantry at Hill 70, on August 15th, and has been confirmed in his rank of sergeant.

Writing to his parents in Nanaimo Sergt. McMillan reports himself feeling fit and mentions having lately met a number of local boys, including Harry McKinney, Eddie Neave, and H. Hackwood.

Sergt. McMillan, who is with the First B. C. Company of the 7th Battalion, before enlistment was employed by the J. B. Hodgins Co., local druggists, and the honor he has won will be learned with considerable gratification by his many friends in Nanaimo.

BERLIN ADMITS A RETIREMENT

Berlin, Nov. 3.—The completion of the German withdrawal from Chemin des Dames plateau at the Aisne front was announced by the War Office today. The movement, which was effected on Thursday night, had not been detected by the French up to midday on Friday, it is declared.

LIBERALS DID NOT NOMINATE

Convention at Duncan Yesterday Appointed Committee of Seven to Meet Conservatives and Win-the-War League.

Liberals representing all sections of the Nanaimo Federal Riding met in convention yesterday at Duncan and discussed matters in connection with the pending Dominion elections. The convention was originally called to nominate a candidate in the Liberal interests but decided to forego such action at present and in the meantime endeavor to come to an agreement with the Conservatives, Win-the-War League and Labor men of the district in the selection of a candidate in support of the Union Government. The meeting appointed a committee of seven to meet similar committees of the other parties above named on Thursday next when if at all possible, an agreement will be reached as to the Unionist candidate in this district.

Private Ben Calvin, who went overseas with the 103rd Battalion, sends acknowledgement of the receipt of a parcel from the I. O. D. E., for which he expresses his thanks Pte. Calvin wrote from England, but stated by the time his letter reached Nanaimo he would be in the trenches.

Mr. George Reifel and bride (nee Miss Alma Barnes), are over from Vancouver visiting relatives and friends.

The regular meeting of Bastion Chapter, I. O. D. E., will be held on Monday afternoon at 3 o'clock.

GERMAN PATROL CRAFT DESTROYED

German Auxiliary Cruiser Raider and Ten Armed Patrol Craft Were Sunk by British Destroyers off Danish Coast.

London, Nov. 3.—A German auxiliary cruiser armed with six-inch guns and ten armed patrol craft were sunk by British naval vessels in The Cattegat, an arm of the North Sea between Denmark and Sweden, the Admiralty announced today. Sixty-four Germans were rescued by the British and made prisoners. No British losses were reported.

The text of the report, which was issued after a brief preliminary announcement, follows:

"Further reports from our forces operating in The Cattegat have been received. We destroyed a German auxiliary cruiser armed with six-inch guns, and we destroyed ten armed patrol craft. Sixty-four prisoners have been resuced by our forces. No British losses have been reported.

"Further details will be published on the return of our forces to their base."

Copenhagen, Nov. 3.—Capt. Lauterbach, who commanded the German auxiliary cruiser Marie, in a statement to the National Tidende, said his vessel was armed with four guns and carried a crew of ninety. She was suddenly attacked in The Cattegat and shells fell with such rapidity that his men were virtually unable to work the guns and after a few shots the vessel was a mass of flames. The British destroyers then ceased firing and rescued about thirty men. The captain, who was wounded, and fifteen men succeeded in entering a lifeboat and were picked up by a Danish steamer. The rest of the crew were killed during the fighting.

London, Nov. 3.—It is understood the Marie was accompanying a number of patrol boats including the Crocodile, which also sank after an explosion.

COLLIDED IN A THICK FOG

San Francisco, Cal., Nov. 3.—The steamship Beaver, outbound for Astoria, Oregon, with approximately 100 passengers, collided with the Norwegian motor boat Bayrd on San Francisco Bay tonight in a thick fog. None of the passengers of the Beaver were injured, said the ship's officers. The Beaver's steering gear was damaged and the Bayrd's bow was smashed in by the collision.

ROYAL TOMB LOOTED

Honolulu, Nov. 3.—The tomb of King Lunalilo has been broken open and his silver crown and other emblems have been stolen, the police discovered here today. The casket which remained undisturbed, contained the princess feather cloak of the monarch. The detectives at work on the case say they are without clews, although suspicion points to certain Filipinos. King Lunalilo was the predecessor of the late King Kalakaua. He died in 1874.

SLANDER CASE AT EDMONTON

Edmonton, Nov. 3.—In the slander case of ex-Alderman Joseph A. Clarke against Rev. G. R. Stewart, pastor of Robertson Presbyterian Church, the jury, after seven hours deliberation brought in a verdict of $1 and costs. The case has been in progress for the past two days. The words on which the jury found the defendant guilty were: "I know men this morning, in the city, who occupy places of prominence that ought to occupy cells in the penitentiary."

PRO-GERMAN WAS TARRED IN STATES

Lansing, Mich., Nov. 3.—After being given a mock trial at which he was accused of pro-Germanism. William Saire, 56 years old, a well-known citizen here, was tarred and feathered last night by a group of men clad in white robes.

AMERICAN AVIATOR IS MAKING A NAME

Paris, Nov. 3.—Lieut. Raoul Lufbery, a member of the American flying squadron, has brought down his fifteenth German aeroplane. This makes Lufbery's official count 12, the bringing down of three machines he accounted for not having been reported by the official observer.

PREPARING FOR EARLY RETREAT

Germans Are Systematically Dismantling and Destroying Workshops in Belgium, Suggestive of Early Retirement.

London, Nov. 3.—A report from Field Marshal Haig from Headquarters today, says:

"We took prisoners a few Germans last night in a patrol encounter west of La Bassee and hostile artillery showed great activity during the night east of Ypres."

London, Nov. 3.—According to information received from Belgian sources, the Germans are systematically dismantling and destroying factories and workshops throughout Belgium.

In the Liege district the blast furnaces have been taken down and the machinery and materials sent to Germany. At Ougree preparations have been made to pull down three blast furnaces and seven rolling mills have been removed. The same story comes from many other places.

It is suggested that the Germans are preparing for an early retreat in Belgium similar to that which took place in France last spring.

"ROBINSON CRUSOE" AT DOMINION THURSDAY

The first scene of F. Stuart-Whyte's new super-musical extravaganza 'Robinson Crusoe," is laid in Davy Jones' Locker, twenty thousand leagues beneath the sea. Here the merry mermaidens gather to exchange the latest gossip and all the hidden romance of ocean depths — mountains valleys and plains, strange fishes never captured by man, fields of priceless coral, ocean meadows where only the cannibal sharks roam around, dangerous reefs with century old wrecks—all these are shown or suggested in this wonderful panorama.

Mr. Hamilton Earle will appear in this scene as Davy Jones, a role which no other singer, with the exception of Eugene Cowles, could do ample justice to.

There are eleven scenes throughout the piece presenting a swiftly moving spectacle of lights and colors.

Miss Zara Clinton, who plays the name part, will sing her latest song hit, "Fritz, Can't You Hear Me Calling," an English Tommy's serenade; also the Allies' favorite trench song "Take Me Back to Blighty." Another number which she effectively leads is the great patriotic song "Made in Our Empire, in which the chorus is dressed to represent various articles which are made in the Empire since the war.

Harry Hoyland will sing "The Coster's 'Oneymoon." John V. Barrett-Lennard's most amusing number is called "Silly Ass." Victor Dyer, as Mother Crusoe will give the laughable drinking song "I've Had a Glass of Ginger Wine." Miss Madge Locke will offer "My Little Dutch Doll" and "The Prehistoric Rag," a terrific novelty number. Miss Anne Lochead will be heard in "The Star of Love," "Love, Come From Your Hiding Place," and a duet with Mr. Earle, entitled "Harbour Lights." There are thirty musical numbers in all, ranging from the sublime to the laughable, and a dozen sensational dance numbers.

"Robinson Crusoe" comes to the Dominion Theatre on Thursday, Nov. 8, for one performance only. Reserved seat sale starts tomorrow at Van Houten's drug store. Get in line early is our advice.

KAISER COMMANDS GERMANS TO REJOICE

Amsterdam, Nov. 3.—A Berlin dispatch says that Emperor William has telegraphed to General von Buelow commanding the troops on the Italian front, congratulations for his success against Italy, saying: "Our faithless former ally has experienced what Germany's strength and Germany's wrath can accomplish. With me, the Fatherland thanks its incomparable sons. Forward with God."

Copenhagen, Nov. 3.—An official dispatch from Berlin says the Kaiser has ordered the hoisting of flags and the firing of salutes in Prussia and Alsace-Lorraine in celebration of the victories won against the Italians.

Rev. D. A. McRae, of Cloverdale, was nominated as the Liberal candidate for the coming Dominion election for the riding of New Westminster by the Liberals at a convention in that city Friday night. He was named as candidate on the second ballot, over Frank Russell, Burnaby, and Ald. J. B. Jardine, New Westminster, four others having withdrawn.

HUNDREDS OF AERIAL COMBATS

Fifty Enemy Airplanes Fell Inside Their Own Lines; the Greater Part of Them Being Completely Destroyed by the French Aviators.

Paris, Nov. 3.—The official communication issued by the War Office tonight reads:

"On the Aisne front our troops are organizing the new ground conquered from the Oise Canal to Corbeny. Today lively actions were fought in different sectors of Chemin des Dames. Two enemy surprise attacks on small posts south of Anizy were unsuccessful.

"During the course of the battle of Malmaison, our aviators, with great audacity, attacked the enemy troops with their machine guns, bombarded stations and points of concentration. They fought 611 aerial engagements. Sixteen German aeroplanes were brought down and three captive balloons set on fire. In addition, fifty enemy airplanes fell inside their own lines, a greater part of them being completely destroyed.

"In the Champagne we carried out a surprise attack against a small enemy fort west of Butte du Mesnil, and brought back prisoners.

"On the right bank of the Meuse the artillery struggle has taken on the character of great intensity on the front of Chaume Wood, Bezonvaux. Cannonade on the rest of the front was intermittent.

With the French Armies in France Nov. 3.—The foreshadowed retreat of the Germans at Chemin des Dames took place yesterday, when immediate after effects of the recent French victory involved a German retirement along a fifteen mile front. The superhuman efforts of the Germans to hold this rampart at a cost of immense losses, were thus annulled. The best elements of the German Crown Prince's armies lost the greater part of their effectives and were compelled to go to the rear to reconstruct their diminished ranks. Those Germans left along the crest of Chemin des Dames had been compelled to suffer daily and nightly an incessant enfilading fire from the French guns emplaced in positions wrested from the Prussian guards during the battle of Malmaison. It was impossible for the Germans to keep their front line supplied with ammunition or food, carriers of which were obliged to pass through a tornado of shells and machine gun bullets while crossing the valley of the Ailette where their every movement could be observed. The position became untenable and the retreat followed."

ENFORCING PROHIBITION

Prohibition Commissioner Findlay has issued a statement showing the result of the actions taken during the first month of the operation of the new prohibitory measure against those charged with violations of the Act. There were 46 charges in which 44 convictions were secured, and fines aggregating $3,300 having been imposed. The record was as follows:

Victoria—Nine cases, six convictions, with fines of $50 each, one at $100, one dismissed and one seizure.

Vancouver—Nine cases, nine convictions with fines amounting to $650

New Westminster—Three cases, one conviction with fine of $1,000, one at $50 and one with jail sentence of six months.

North Vancouver—Two cases and convictions, with fines of $50 each.

South Vancouver—One case and conviction, with fine of $50.

Prince Rupert—Two cases and convictions, with fines of $50 each.

Nanaimo—Four cases and convictions, with fines of $50 each.

Kamloops—One case and conviction, with fine of $50.

Nelson—Five cases and convictions with fines of $50 each.

Kerrisdale—Two cases and convictions with fines of $50 each.

Alert Bay—One case and conviction, with six months.

Chase—One case and conviction, with fine of $50.

Chilliwack—One case and conviction, with fine of $50.

Golden—One case and conviction, with fine of $50.

Ladner—Four cases and convictions, with fines of $50 each.

Spokane and eastern investors have taken a three year lease on the Silver Cup on Bear Creek, about 10 miles from Kaslo. The average assays from this property run 40 per cent. in lead, and 20 ounces in silver.

KERENSKY'S STATEMENT

Except for its regretable manner and tone there is nothing surprising in the statement given out by Premier Kerensky. He has maintained an unaccountable silence for several weeks, but seeing that no military developments followed his visit to the troops at the front, it was obvious that for the present Russia could no longer be counted on as an active ally in the war. The men who hailed Kerensky as the Lloyd George of Russia will have to revise their opinions. His one real performance since he took over the direction of Russian affairs was the defeat of the Kornijoff movement, and his success in that may very well turn out to be the greatest disaster Russia has suffered. Kerensky's record is one of big words and no action. His task has proven too great for him, and he has weakly yielded to the forces of anarchism while in his speeches defying them.

It is not a true presentation of the Russian position to say that the country is war-worn and needs a rest. Russia has been reduced to military impotence because of the want of proper leadership. No one would seek to belittle in any way [illegible] services in the war, and Kerensky's childish references to the British fleet may be ignored. The point is that the sacrifices and services of the Russians did not help the cause of the allies as they should have done for two reasons. The first was the treachery of men like Sturmer, and the second the inopportune activities of men like Kerensky. No man in Russia is more responsible for the wreck of discipline in the Russian armies than Kerensky. Not only did his crazy interferences with military regulations begin the disintegration of the armies but he has never had the strength nor courage since to correct his mistake. It is true his marvelous oratory started the armies going, but it utterly failed to prevent them from coming back. The result is blind chaos throughout the province and absolute military impotence.

We do not think that any real complaint can be made of the support that has been given Russia by Britain and her allies. It is Russia's great misfortune that she has not produced a man capable of directing her steps in republicanism. It may be that the failure of her armies to maintain the fight will be a still greater disaster to Russia than a misfortune to the allies. So far as the allied countries are concerned her participation in the war has been discounted for several months now. A vigorous offensive in the summer of this year by the Russia armies would have united the factions with which the country is now rent, and gone a long way towards the securing an end to the war. With the cessation of all activity on the fighting front there will be all the more danger of a civil outbreak in Russia itself. Anything may happen in a country torn by so many warring political factions, eaten by treachery and overrun by enemy agents, and it is almost hoping against hope that Kerensky will ever be able to master the situation.

AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-TIVES" — The Wonderful Fruit Medicine — will Protect You

Autointoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, *the Kidneys and Skin are overworked*, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes Indigestion, Loss of Appetite and Disturbed Stomach. It may produce Headaches and Sleeplessness. *It may irritate the Kidneys* and bring on Pain in the Back, Rheumatism, Gout, and Rheumatic Pains. It is the chief cause of Eczema — and *keeps the whole system unhealthy* by the constant absorption into the blood of this refuse matter.

"Fruit-a-tives" will always cure Autointoxication or self-poisoning — as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.

REGULATING GENEROSITY

A plan whereby the generous gifts of people interested in providing extra comforts for the patients in the Military Convalescent Homes will not be showered upon one institution while another fares like a step child has now been put into action in District 1, 2, and 3 with the appointment of Mrs. Arthur Van Koughnet as Honorary Superintendent of comforts for Military Hospitals in those districts.

An office base been fitted up at 71 King Street, Toronto, by the voluntary workers, who comprise a staff and their friends. Organizations which wish to assist in making the convalescent Tommies happy during their stay in the hospitals have only to consult this office to find just what is most wanted, andd where.

The workers are in close touch with every hospital and home, and a very efficient index system makes it possible for them to put their fingers immediately upon the needy spots. Much wasteful duplication is thus done away with and generosity goes much farther.

UNIVERSITY MEN IN ARMY

London, Nov. 3.—United States Ambassador Walter Hines Page inaugurated the session of the Edinburgh philosophical institute with an address on the educational system.

The Earl of Roseberry, former Prime Minister presided.

Mr. Page said that there would be more University men in the great new American army than ever before went to battle for any country.

Lord Roseberry in thanking the Ambassador for his address, said that the sacrifices would not be too dearly bought if they realized a heartfelt alliance between Great Britain and the United States.

The Military Service Act, 1917

CANADA

Privileges and Penalties For Class One Men, Employers, Parents

For Class One Men

If your examination by a Medical Board has placed you in Medical Category B, C, or E, attend the nearest Post Office, attach Medical Certificate to claim for exemption and your present responsibility under the Military Service Act ends.

If placed in Medical Category A, and you feel justified in asking for exemption on financial, business, or domestic grounds, you have the right to claim exemption before a tribunal. It is not necessary or desirable to report for Service or to make claim for exemption in person. Simply go to nearest Post Office, fill in the form provided, leaving it with the Postmaster for free transmission to Registrar.

For Employers of Class One Men

The employer may make claims for exemption of Class One Men in his employ on the forms obtainable at the nearest Post Office.

In their enthusiasm to serve Canada there will be a number of men in Class One who will desire to report for service, but who will better serve the national interest by continuing their present occupations. It is the duty and privilege of employers to claim exemption in such cases.

For Parents

Where domestic reasons exist for the exemption of a Class One man, application may be made by parents or a near relation for the exemption of such man.

N.B.—Care should be exercised to prevent more than one claim for exemption being made in respect of any one man. When the claim is made on industrial grounds it is best made by the employer.

Penalties Provided

Failure on the part of a Class One man to report for service or apply for exemption on or before November 10th—a term of imprisonment not exceeding five years with hard labor; also claim to exemption is forfeited.

Attempt to bribe any member of an exemption tribunal, medical board or military representative—a term of imprisonment not exceeding five years and not less than one year.

Employer reducing wage, or altering conditions of employment by virtue of making claim for employee's exemption—fine not exceeding one thousand dollars, nor less than one hundred dollars, or imprisonment not to exceed six months.

Any person urging a man in Class One not to observe the requirements of the Military Service Act—imprisonment for term not less than one year nor more than five years.

Issued by The Military Service Council.

GREAT DEMAND FOR ORTHOPAEDIC SHOES

Returned Soldier Will Engage in Special Branch of Shoemaking

The making of orthopaedic shoes has become a business of volume as well as importance since the war, and many soldiers who have returned unable to follow their previous trades will be trained in this skilled branch of shoemaking in the Military Hospitals Commission's vocational training classes.

Fitting shoes to feet which are not mates and making them appear so is an art, and the number of men demanding such attention will be larger than shoemakers ever dreamed of before the war. Many wounds which men sustain cause foot difficulties which require special shoes if the men are to be comfortable, and to fit these feet with suitable shoes will be the business of a large number of returned soldiers.

A Missouri farmer, according to the St. Louis Lumberman went to the general store keeper an old-time friend to buy a buggy It was priced at $90, and the farmer said his father, twenty years ago, bought one just like it for $60. The merchant looked up the record of sale, and found that the father had turned in 300 bushels of corn for that buggy. He told the son to deliver to him 300 bushels of corn, and he would give him:— A $90 buggy, $75 wagon, $20 suit of clothes, $20 dress $5 baby dress, $5 crib, $3 worth of candy, $10 worth of sugar $10 worth of tea, $100 worth of gasoline, $15 worth of lubricating oil. The total figure, $353, is the present value of 300 bushels of corn. The farmer concluded to pay cash for the buggy.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

HUNS FOLLOW ALL EVENTS IN CANADA

A newspaper found on a German prisoner who was taken by the Canadians on the Western front recently shows how close a watch the Huns keep on Canadian affairs. The paper contained a news despatch, purporting to come from Ottawa, which told of the passing of the Military Service Act, just two days after the Act was passed by Parliament here.

The little discovery is regarded here as proof of the importance Germany places upon the military benefit to the Allies which will flow from the adoption by Canada of the Military Service Act. Experience has proved that Germany is a close observer of enemy countries and that every sign of strengthening or weakening is noted with the keenest interest by the Huns.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior.

New November Records *On Sale Now*

Maria Barrientos Sings Coloratura Gem

Voci di Primavera. (Voices of Spring.) Strauss. 49171, 12-inch, **$3.00**

How the heart of Strauss would swell with joy could he hear Maria Barrientos—the most sensational of all the Metropolitan coloratura sopranos—trill her bird-like way through his immortal Spring Song! More marvelous than the singing of a bird because it comes from a human throat, her voice surpasses the crystal purity of the flute. At the close is a wonderful climax—Barrientos and the flute in wonderful interplay.

Stracciari in Brilliant Soldier Farewell Song

Faust. (Gounod.) **Dio Possente** (Even Bravest Heart). 49214, 12-inch, **$1.50**

Fifty years backward Stracciari turns the opera scores to find a song of warrior bold that gives his vigorous baritone voice full range and dramatic scope. The farewell song of the soldier Valentine as he goes to war seems as though it were expressly written for these present days. "Even bravest heart may swell in the moment of farewell"—Stracciari, leading baritone of the Chicago Opera, enriches these poignantly touching lines with grandeur and magnificence.

Popular Songs, New Dances—and Others

The November list of Columbia Records—which you can hear at any Columbia dealer's now—is one of the best-balanced lists ever offered by the Columbia Graphophone Company. It includes twenty song hits. MANY MATTERS BEFORE COUNCIL

Aldermen Loathe to Accept the Resignation of City Night-Watchman Hart — Reports Submitted by Several Committees Were Adopted.

The City Council met in regular session last evening the full board being present, His Worship Mayor McKenzie presiding.

A communication was received from Mr. William Hart, tendering his resignation as city nightwatchman, the same to take effect on November 11th.

Ald. Coburn expressed regret that Mr. Hart should have decided to send in his resignation.

In moving the resignation be accepted and the consideration of a successor taken up for discussion at the next meeting, Ald. Forrester stated he was sorry to see Mr. Hart resign for he considered him one of the best men on the force. He was on duty long hours and cost the city the least of any member of the force. He was under the impression Mr. Hart was discontented owing to the recent allotment of police uniforms, but as he gave no reason for his action the Council could do nothing but accept his resignation.

Ald. Sharp seconded the motion.

Ald. Coburn remarked he would like to see the matter held over for a week. Evidently Mr. Hart had a grievance which the speaker thought could be remedied, and as Mr. Hart was a good man he would not like to lose him.

Mayor McKenzie remarked that Mr. Hart had not mentioned having any grievance and the Council could only act on what it had before it.

Ald. Coburn moved the resignation lay on the table for one week and a committee appointed to look into the matter and report back to the Council.

Ald. Forrester stated his willingness to withdraw his motion in favor of Ald. Coburn's suggestion.

[illegible] opinion there were too many men on the police force in Nanaimo at the present.

His Worshp could not agree with Ald. Sharp and pointed out there were only three men on the force which with 24 hours in the day left only one man on duty at one time.

Ald. Coburn's motion was adopted and the Mayor appointed Ald. Coburn, Morton and Sharp a committee to interview Mr. Hart in the matter.

A communication was received from the National Bond Corporation Ltd., of Vancouver, stating it was in receipt of information to the effect that the city intended floating some $6,000 worth of bonds for building purposes, and offering to float the same at 88.52 flat.

On motion of Ald. Coburn, seconded by Ald. Morton the communication was received and filed and the City Clerk instructed to inform the applicants that the Council had no bonds for sale at the present time.

A communication from the same company asking the Council to invest sinking funds through its agency in the Victory Loan, was received and filed for future reference, on motion of Ald. Coburn, seconded by Ald. Forrester.

A communication was received from the secretary of the Vancouver Proportional Representation Society asking the Council to fall in line with the movement of proportional representation.

In moving the communication be received and filed, Ald. Forrester remarked Proportional Representation was the ideal way of elections, but there was not time to inaugurate the system in the next Municipal elections.

A communicaton was received from Solicitor McDiarmid, of the U. B. C. M., as follows:

Sirs,—At the last meeting of the Union of B. C. Municipalities the attention of the Convention was drawn to the effect of section 3 of chapter 71 of the Statutes of 1913, whereby for the first time the Provincial Government took authority to assess and tax real and personal property belonging to the municipality, lying outside of the limits of the municipality. The resolution as passed by the Convention was to the effect that the Government should be approached to suspend the operation of this tax until the conclusion of the war, on the ground that the matters mainly affected are electric light and power plants of various municipalities which, owing to the absence of so many residents at the front, were not making any money, but on the contrary creating large deficits.

I would be glad if you would send to me at as very early a date as possible, full particulars of the situation as it affects your municipality, because the President of the Union has ordered me to take the matter up before the Provincial Board of Taxation Commissioners, who will meet now at a very early date, and I would like to have all the facts and figures so as to be able to intelligently present the case before the Board.

I have the honor to be, Sirs,
Your Obedient Servant,
F. A. McDIARMID,
Solicitor, U. B. C. M.

Ald. Harding remarked the question affected the city's pipe line and water works system and moved the request of the solicitor be complied with, the motion being seconded by Ald. Morton and adopted.

Fire Chief Parkin reported two fires during the month of October.

The Fire Wardens recommended the purchase of one hand operated siren, one rubber tire and 50 feet of one-inch hose, at a total cost of $193.25, the recommendation of the Committee being adopted on motion of Ald. Harding, seconded by Ald. Forrester.

The Sewerage Committee reported as follows:

We, your Sewerage Committee to whom was referred the communication from Mr. Charmas beg to report that the lot in question can be sewered as he has sufficient fall to connect from any part of lot D to sewer on Kennedy street. We therefore, recommend that Mr. Charman be informed that the Council cannot entertain any refund in view of the above mentioned facts.

On motion of Ald. Morton, seconded by Ald. Forrester the report was received and recommendation adopted.

Ald. Morton informed the Council the Sewer Committee had not yet secured the necessary information and was not in a position to report on the petition of Gillespie Street residents in reference to the Sewerage Frontal Tax.

On motion of Ald. Harding the Athletic Club Property Committee was empowered to secure the services of a plumber to inspect the heating apparatus in the club building and report as to the cost of repairing the same, and also a piano tuner to report as to the value of the piano formerly owned by the club.

Meeting then adjourned.

COLD BLOODED ACT OF HUNS

Germans Killed All They Could When They Attacked Convoy Recently in The North Sea.

London, Nov. 5—Via Reuter's Ottawa Agency—An appalling story of the cold-blooded massacre by the Germans of the crews of the British North Sea convoy is told by the Norwegian newspapers. The Tidenstegn says that the German cruisers "were observed at 6 o'clock, when there was more light, they suddenly began shooting and the convoy began to sink, although it fought to the end. The German cruisers, after signalling the vessels to stop, advanced on each side of the convoy, which they swept with all their guns at a range of less than 200 yards.

"German destroyers came up and helped to spread death and destruction on the defencless ships, shells falling thick and fast. The Germans were not content to sink the ships, but shelled the lifeboats, and every living thing coming in their way was mercilessly slaughtered. The survivors owed their lives to the high seas which were running, making the boats a difficult mark.

"In the midst of the massacre another British destroyer came up and immediately attacked, but was soon sunk in the unequal struggle. The German flotilla then cruised backward and forward along the sinking steamships, pouring a fresh and terrible rain of shells at a range of 100 yards.

'One shell went through the Swedish ship Wirndar, exploding in a lifeboat on the other side and killing all its occupants, 14 men and three women. The other lifeboat rowed back to rescue the captain and two waitresses from the wreck. A shell struck this boat and killed five of its occupants, only the mate escaping by swimming.

"The Wirndar was now a mass of flames. The two girls jumped into the sea and apparently were drowned. The captain wes saved by clinging to the wreckage. As the two women were sinking a British ship hoisted the white flag. The answer of the Germans was a shot which killed them both.

"Twelve men of another ship had just got into a lifeboat when a shell killed them all."

CONTINUES DRIVE ON ITALIANS

Austro-German Forces are Proving a Serious Menace Along the Tagliamento River — Enemy Lines Raided in the West—Turks Suffer Defeat.

London, Nov. 5.—Austro-German forces operating against the Italians along the Tagliamento river from the region of the Carnic Alps southward to the Adriatic Sea are proving a serious menace.

Invaders of Venetia have driven their way across the river at Pinzano and are proceeding westward, while to the north on the Italian left wing, intensive operations are being carried out by the Teutonic Allies, the manoeuvres having the objective of cutting off the entire right wing of Gen. Cadorna's army.

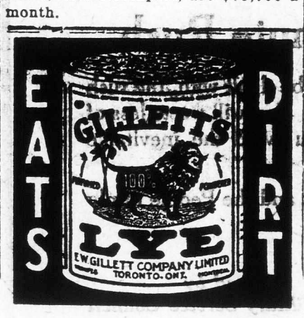
The Berlin War Office's announcement of fording of the river, says 6,000 Italians were made prisoners, and additional guns taken. The Italian official communication merely says the enemy succeeded in bringing some of its forces to the right bank of the stream. There is no indication as yet as to whether it is the intention of Cadorna to maintain the Tagliamento lines, but it is not improbable his stand here is temporary while positions of greater strength are being prepared in the rear.

Both Rome and Berlin War Offices are silent as to the movement begun by the enemy in the Trentino region last Saturday, which was believed at the time indicated that the Germans and Austro-Hungarians would attempt to push southward along the western banks of Lake Garda through Broscia and out upon the plains between Milan and Verona. In the first attempt to break the Italian front in this region the Teutonic Allies were repulsed.

British and French troops in Flanders continue to carry out raiding operations successfully against the Germans and bombard heavily the enemy positions at various points, while the Germans are replying actively in the sector between Houthoist Wood and Comines-Ypres canal. Bombardments also predominated on the southern part of the front in France.

Two additional defeats of Ottoman forces on the southern Palestine front by British and by the Russians in the region of the Black Sea coast, north of Beersheba. The British are pressing on toward Gaza. The Russians have driven the Turks from the first line trenches in the Black Sea region and have advanced at some places to the third line. A large quantity of booty was captured.

PLEASANT TUESDAY EVENING.



At the request of many of our members this meeting will again be held each Tuesday evening at the Baptist Church, 8 p.m. Tonight will be a social gathering when words of welcome will be given by Mrs. West the president. Solos by Mrs. Grayshon, Mrs. Greenshields and Miss Ethel Nicholson. Accompanist, Miss Freida Hughes. Refreshments will be served. Members and friends invited.

DOMINION THEATRE

The wonderful emotional actress Petrova is at her very best in "The Law of the Land," and gives a rarely equally portrayal in the role of the neglected and maltreated wife. Her support is of the very best and the production is well worth seeing. The Drew Comedy is fully up to the standard of the popular couple, and the war views are timely and interesting.

The Emerald, at Sheep Creek has put in a flume to obtain more power for its mine and mill.

The net earnings of the Electric Point, near Northport, are $75,000 a month.

This is the man upon whose shoulders the Canadian people have placed the responsibility of raising money for the war and for the government of the country. Not only has he to do these things but he is also making it possible for Canada to obtain plenty of war orders by raising the capital necessary to enable Canadians to sell on credit to the Allies. At first he borrowed abroad, then in the United States. Now, since these sources are closed, he floats Canadian war loans. The fourth—the Victory Loan—opens for subscription Monday.

SITUATION GRAVE ITALIAN FRONT

German Forces Have Crossed the Tagliamento River and Menace Left Wing of Italian Army.

London, Nov. 5.—Italy's situation appears increasingly grave today with the announcement from Rome that the Tagliamento River, west of which General Cadorna had established his new line after the great retreat from the Isonzo, has been crossed by the Austro-German invaders.

The crossing of the river apparently has not yet been in sufficient force to compel General Cadorna to decide upon abandonment of the Tagliamento line, but the Teutonic commander undoubtedly will make the most of the opening he has forced to debouch against the Italian positions north and south of the point where he has gained a footing on the west bank of the stream.

That this process already is under way is indicated by the fact that Rome tells of increasing Austro-German pressure against the Italian left wing, where the crossing was effected.

The spot selected by the enemy for the attempt—near Pinzano, about 40 miles from the mouth of the river and about 17 miles northwest of Udine—is a point where the marshy ground encountered farther to the south begins to disappear, the banks rising perceptibly and the river narrowing down.

If General Cadorna decides to abandon the Tagliamento line, his next natural stand for the defence of Venice will be at the Levinza, from 10 to 15 miles farther west, or finally at the Piave, some 10 miles further in that direction.

Meanwhile, as the opposing armies are struggling for the temporary mastery of the field, the Entente leaders, including the British and French Premiers and military advisers, are in council in Rome to deal with the situation, which admittedly is recognized as grave, coupled, as the powerful attack from the east is, with a threat of flanking movement by the Austro-German forces southward in the Trentino, to the west of the present battlefront.

OPERATIC SOCIETY WAS INSTITUTED LAST NIGHT

The Nanaimo Oporatic Society was instituted last evening at a meeting which was attended by a large number of local talent, and a meeting for the purpose of completing the organization will be held on Tuesday evening next at which new members will be made welcome. The Society decided to hold a Flannel Dance on Nov. 20th, particulars of which will be announced later.

SCHOOL BOARD MET YESTERDAY

The Board of School Trustees met yesterday afternoon and besides transacting routine business completed arrangements for the entertainment of the delegates to the annual convention of School Trustees of B. C. which will hold its opening session here on Wednesday. Through the kindness of Mr. Bowen and Mr. Hunt of the Western Fuel Company the visitors will be given the opportunity of visiting the top and underground workings of the local mines and should the weather be propitious the Biological Station at Departure Bay will be also be visited.

The Trustees also decided to decorate the Council chambers for the occasion, and elected Mrs. Skinner and Trustees, Shaw and Hodgson, delegates. All the meetings will be open to the public and anyone interested is invited to attend.

The meeting passed for payment accounts contracted during the month of October and decided to purchase a set of mining books for the instruction of the Night School class in mining.

Principal Hughe's salary in connection with the night school classes was raised to $4. a night and the salaries of Mr. McGuckie and Mrs. Brown were left in the hands of the Finance Committee for adjustment.

TELLS HOW TO ASK EXEMPTION FOR EMPLOYEES

Procedure for employers who want to claim exemption for necessary employees from military service was outlined last night by Mr. A. C. Burdick, registrar for Victoria under the Military Service Act. Mr. Burdick, from his office in the Central Building, gave out the statement to dispel many misapprehensions that exist in connection with the claims.

"What is actually required of employers is for them to go to any postmaster and explain that they desire a stated number of forms of claim for exemption," said Mr. Burdick. "They will be required to sign a receipt for these forms, all of which are serially numbered. They then take them from the post office, fill out one for each man concerned and return both the used and unused forms to the post office, whence the former will be transmitted to the office of the registrar for registration.

"Having done this employers have nothing further to do till they receive notices from the registrar's office stating the date on which hearing of the various claims will take place before a stated tribunal. On receiving such notice, employers will then get into communication with the tribunal, setting forth reasons in support of the claims for exempton they have made.

"I wish to make it plain that these reasons are to be communicated to the tribunals and one to the registrar and these reasons will be set forth along lines laid down in a print ed from which will be sent from the registrar's office to the employers."

ROBINSON CRUSOE HERE ON THURSDAY

To give something bigger, better, and altogether more worthy each year is the policy outlined by F. Stuart-Whyte, and judging from advance indications his forthcoming production of the super-extravaganza-pantomime "Robinson Crusoe," his offering for this season will establish a criterion which will be hard to emulate.

The new offering will be divided into two parts and eleven swiftly moving scenes and requires enough scenery and properties to fill two large baggage cars. The costuming will be a delight to the eye and the tuneful melodies interspersed throughout the action will prove pleasing to the ear, thus all the scenes, including your sense of humor, will be gratified.

Miss Zara Clinton, the star of "Alladin And his Wonderful Lamp" will be seen in the name part, supported by a cast and chorus of forty people, all of them chosen for their individual abilities in pantomime and musical comedy work. This cast and chorus will be augmented by the introduction of several vaudeville features, including the Jean Van Vlissingen Dancers, big time headliners of the principal circuits of Europe and America.

"Robinson Crusoe" will be the offering at the Dominion Theatre for one day only, Thursday, Nov. 8th. Seat sale now on at Van Houten's. Book your seats early and avoid disappointment.

SATURDAY NEXT THE LAST DAY

Class "A" Men Must Register—Selection Without Injustice is the Definite Duty of Tribunals.

Mr. J. B. Sunderland, Assistant Registrar for the Province of British Columbia under the "Military Service Act," is in Nanaimo today, conferring with the members of the Local Tribunals regarding their work which will commence in a few days.

Mr. Sunderland stated to our representative that the "Provincial Registrars and Local Tribunals each received instructions from Ottawa as to the manner in which their duties are to be performed, and while the Local Tribunals exercise their authority with complete independence so far as concerns the finding of individual cases, they may, notwithstanding, refer to Ottawa for advice and instructions on general questions of difficulty, or they may communicate with the Registrar for British Columbia, Mr. R. S. Lennie, Vancouver, B.C., if the difficulty is one connected with the modus operandi of office routine. In the machinery for applying and enforcing the Military Service Act, 1917, there are ample safe guards against favoritism or injustice."

"The first call is for men between the ages of 20 and 34, who are unmarried or who are Widowers without children, and all belonging to this Class must register at their local Post Office on or before Saturday next, the 10th instant. No doubt there are many eligible young men in British Columbia today who should not have waited until compelled to serve, and these men will be weighed in the balance after Saturday next. That day will be a crucial one for many, but they have received ample notice through the Press and otherwise of the day of reckoning. Arrangements have been made, and notified to the public, whereby these reports and applications should be submitted through their Local Post Office.

"Up to date it cannot be said that the response is satisfactory, but a great deal may be accomplished before Saturday next. In the meantime a word to the wise is perhaps sufficient. It is advisable that each man affected by the call should make up his mind as to whether he will report for service or apply for exemption. No possible advantage either in obtaining exemption or as to the time for entering upon active service will be gained by delay. It is difficult to arrive at any excuse for the men who neglect to register under the military Service Act. There is assurance of consideration for those in difficult circumstances. There is absolute certainty of escape for adequate reasons, and failure therefore to respond to Canada's appeal will imply want of patriotism and the risk of subsequent compulsion.

"The Government cannot, and will not be partial towards individuals or classes. Rich and poor are on a common level, equal in citizenship, and from all equal service and sacrifice are required.

"A very serious obligation rests on Employers in conection with this Act, and it is very doubtful at present if Employers are fully aware of how they should co-operate with the Government, the Tribunals and their Employees. With the Government there should be only one object in view, and that is a spirit of patriotism and a sense of public duty to encourage those eligible in their service to enroll.

"With the Tribunals, employers should see that they do not demand exemption for employees of Military age and physical fitness, even if it means considerable inconvenience to their business.

"As regards how an Employer should support a claim for exemption for an Employee, the following course is recommended. He should prepare a memorandum showing the reasons why it is in the national interest that men in certain occupations should not in the national interest be withdrawn for Military Service, and submit his evidence to the Local Tribunals.

"Employers of labour who have many men working at a considerable distance from a Post Office, should obtain from the Postmaster there the necessary number of forms required—take them to his Camp, his mine, farm or other place where the men may be employed—have them signed and returned at once intact to the Postmaster, who will tear off the receipts and hand them to the Employer, or his duly appointed Agent.

"One thing also I would like to mention is that several large Employers of labor in the Province are preparing a schedule of their Employees for whom they wish to claim exemption, intending to have this signed and certified by their Company, and submitted to the Tribunals. This is not fulfilling the Act. A separate claim for exemption must be obtained for each man, and signed by the Employer.

"Every Employer should co-operate heartily and unselfishly with the Tribunals, so as to avoid unnecessary delay in registering. A selective draft tests the patriotism of all classes. An Employer who denounces men who have not signed up, and yet seeks to hold men in his employ, who, he claims, are essential to his business, is as deaf to the appeal from the Trenches as he who would evade the call to the colors."

"It is suggested that Employers should not practice intimidation or coercion, but only that they should require their Emplayees to register and discourage doubtful requests for relief from the Act."

"In British Columbia particularly we are courting the sincere and loyal co-operation of large Employers of labor.

"So far Nanaimo and District have registered exceptionally well.

"The question of additional Medical Boards, whether travelling or permanent for the West Coast, is altogether in the hands of the Military authorities. So far as Mr. Lennie's office is concerned, he has no jurisdiction beyond the whole-hearted co-operation he is willing to give at all times for the smooth working of the Act. In the hope that additional Boards may be constituted at a later date, we are holding back some notices to attend for medical examination where the applicant for exemption has an unusually long trip before him."

QUARTER MILLION FOR NANAIMO

Campaign Inaugurated Last Night Having for its Object the Raising of $250,000 in This City Toward Canada's Victory Loan.

At a largely attended meeting of representative citizens held last night in the Council Chambers, Nanaimo's Victory Loan Campaign was organized, and the phrase "A Quarter of a Million" adopted as the slogan in this city.

The Victory Loan drive will commence on Monday next and everybody from the lowest to the highest in the city is expected to contribute his or her mite to raise a quarter of a million dollars in Nanaimo to help swell the grand total og $150,000,000 which Finance Minister White is floating to maintain Canada's fighting forces in the gigantic struggle against the military domination of Prussia.

Every effort is being exerted to make the Victory Loan an unqualified success. Last night's meeting was presided over by Mr. John M. Rudd, who has been appointed chairman for the district, with Mr. J. C. Dakin publicity agent, and T. B. Booth secretary. A committee consisting of Messrs. Mayor McKenzie, Ald. Coburn, R. R. Hindmarch, John F. Doyle and Nicholas Wrght was appointed to select canvassers for subscriptions to the loan and to work in conjunction with the officers of the district in the management of the local campaign.

Mr. Rudd informed the meeting he had been asked by the Hon. Minister of Finance and Mr. Fell, chairman of Canada's Victory Loan Committee to call a meeting of representative men of the city with the object of bringing to a successful issue Canada's Victory Loan which will be issued on Monday next, the main object of the meeting being to get together and interest those workers who could assist in the placing of bonds, which would be issued from $50 up, redeemable in 5, 10 and 20 years.

Mr Dakin informed the meeting that arrangements has been completed to give the Victory Loan Drive all the publicity possible and every inducement is to be made to have the wage-earners subscribe in a greater degree than ever before known.

Convassers for subscriptions are to be allowed one half of one per cent and the meeting discussed the possibility of securing a sufficient number of convassers in Nanaimo to devote all their time to the work so that the whole city could be thoroughly canvassed during the three weeks the "Drive" will be maintained. The alternative proposal was to enlist a large number of voluntary canvassers, and after a lengthy discussion the question was finally referred to the Committee as above named, which will meet on Wednesday afternoon at 4 oclock, in the Board of Trade Rooms, and complete all details in connection with the local campaign.

LAURIER'S MANIFESTO

After weeks of careful thought, and, we suppose, endless consultation with his followers, Laurier has published his manifesto. The best that can be said for it is that it is clever. It shows all his well known political sagacity, but it is based on no higher ground that party opportunism. All the disgruntled or disaffected elements in the Dominion will find something in it to catch their support, but we doubt if it will affect or injure in any way the unionist movement.

Laurier dismisses that programme issued by Premier Borden in the name of the coalition government as consisting of stale commonplace, and a rehash of former platforms. His criticism is not honest, and his record in the last parliament further weakens any criticisms he has to make. He has never sought to combat the sectionalism of Quebec, nor done anything to secure the unity of the country in this grave national crisis. If he is sincere now, then he has acquiesced in the mistakes of the last administration in order that he might make political capital of them in an election.

So far as this part of his manifesto is concerned it is occupied with the party shibboleths which the bulk of the electorate is willing to sink in view of the great crisis now before the nation. The one issue before the country is the war and the obligations it entails. First and foremost is the question of compulsory military service, and here at last we have an explicit statement from Sir Wilfrid himself. "As to the present Military Service Act," he says, "my policy will be not to proceed further with its provisions until the people have an opportunity to pronounce upon it by way of referendum. I pledge myself to forthwith submit the act to the people, and with my followers to carry out the wishes of the majority of the nation as thus expressed."

This is a clear-cut statement, the meaning of which cannot be mistaken. Sir Wilfrid, if he is returned, will not go so far as to repeal the Act. On the other hand he will not enforce it. All proceedings under the Act would be stayed until a referendum of the people had been taken. Personally, he is against the principle of compulsory service, and in the event of a referendum being taken he would take the stump against the Act. Meanwhile the drafts already enrolled would be kept in Canada, and the enforcement of the Act indefinitely postponed. Before putting through Parliament the Referendum Act, he would also take steps to repeal the War Franchise Act, and further action in this vital matter of reinforcements would be held up for no one knows how long. So far as the great majority of the electors who will support Laurer are concerned, and particularly the people of Quebec, they would be best suited if no further action were taken. After reading this manifesto no Canadian who wants to see the Dominion "carry on" in the war can vote for Laurier.

REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market—because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is *all medicine*—100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed.

The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, blood-poisoning, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

Working As Laborer Before War; He Becomes Translator Now.

The vocational training director at the Ogden Military Convalescent Hospital has discovered a Russian scholar among his students a great Slav with the culture of the ages stored in his mind, but lost to his adopted country because he knew no English.

The big fellow passed for a laborer, merely a man who could wield a pick with the force of a Viking, and before the war worked as a miner. In the army his battalion mates suspected that there was more behind the keen eyes than they knew, but a strange language hung between them.

In the hospital he has learned English and with a few months more training he will be placed as a translator with a brilliant future before him when business opens after the war. He is not only a student of all the old world literature, and the highest type of Russian, but speaks in all the languages and dialects of Central Europe and the Balkans.

He had been in Canada but a short time before the war broke out.

WEAR THOSE SHOES THAT TORTURED YOU

Cincinnati authority tells how to dry up a corn so it lifts out.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

Notice is hereby given that no one will be allowed on the Caledonian Grounds without a written permit from the owners. Any one found on the grounds will be prosecuted for trespassing.

REPORT NEW STRIKE IN GALENA BASIN

A strike of silver lead has been made on the Victoria group, situated in the Galena Basin, on Babine Mountain, by P. J. Higgins and his son, who have been at work on the property for several months. Their operations were confined to driving a cross-cut tunnel, and in doing this they cut the lead at a depth of 50 feet after having driven 135 feet. The lead shows fine ore and concentrates across the hanging wall. By extending the drift another 150 feet the depth of the vein, it is anticipated, will be 150 feet. A trial shipment of the ore, 12 tons, was taken out by transportation with considerable difficulty and was sent to the Trail smelter.

Work is to be vigorously prosecuted at the Bernier and Nelson group of gold claims in Camborne. A stamp mill and air compressor will be installed.

The Military *Service Act, 1917*

DON'T DELAY!

Do It TODAY

THE MILITARY SERVICE ACT is passed; the Proclamation issued October 13th. It is now the bounden duty of every man in Class One to report for service or claim exemption. This includes all bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

What To Do

Go to your Post Office and ask for the form for reporting for service or for claiming exemption. The form contains clear instructions for filling in. Do this not later than NOVEMBER 10th.

Beware of the Last Minute Rush

With so many thousands of reports and claims to be dealt with, the rush of Class One Men will grow heavier day by day. You will waste less of your time and serve your own best interests if you avoid the inevitable rush on the last days.

The law is being enforced with the Government and the People firmly behind it. Obey the law. Do it today.

THE MEN'S FORUM MET ON SUNDAY

The opening meeting of the Men's Forum, which was held Sunday afternoon in the Oddfellows' Hall, was very well attended, the number present far exceding the hopes of even the most sanguine of the promoters of the movement.

The Rev. Frank Hardy delivered the opening address, taking for his subject "The Boys of Nanaimo" and dealing with it in a manner which met with very general approval. He emphasized the necessity for providing a cheerier and better environment for the youth of the city especially in their home life, if the boys were to grow into good, clean-living citizens. A lively discussion on the several points raised, ensued, and much new light from many standpoints was thrown upon the subject. During the meeting Mr. A. C. Forman was heard to advantage in a vocal solo.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED.

When bilious, headachy, sick for sour stomach, bad breath, bad colds.

Get a 10-Cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and fell all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

FAREWELL PRESENTATION TO NURSE WALKER

The Executive of Bastion Chapter I. O. D. E., met at the home of Mrs. King, Milton street on Sunday and presented Nurse Miss Walker, who is leaving for overseas service, with a Clinical thermometer and the following address:

Nanaimo, B.C., Nov. 4, 1917.

Dear Miss Walker:

We, your friends, and fellow members of the Bastion Chapter, Daughters of the Empire, Nanaimo, while regretting your removal from our midst, congratulate you upon attaining your desire in being commissioned for overseas service.

We sincerely hope that you will have health and strength to undergo the strenuous work which lies before you, and that when this dreadful time of trouble is over, you will be spared to return to us.

We ask you to accept this small token of our regard, and hope that your outward journey may be accomplished without risk or injury to yourself and those with you.

We are, on behalf of the Bastion Chapter,

Yours very sincerely,

LILIAN MARTINDALE, Regent.

H. E. SPENCER, Secy.

Are you doing your full share in winning the war?

BETWEEN you and your conscience the answer to that question must be made. No one but you can answer it.

Every day you see the men who have done their share—you see the empty sleeve, the tucked up trouser leg—and the cheery smile.

In quiet sanitarium and hospital are those whom the furies of bursting shells and hellish drum fire, and the wearing hardships in miry trenches have shattered in nerve and broken in body.

These men have sacrificed.

AND more than thirty thousand Canadian soldiers sleep beneath wooden crosses in France.

What have those men fought and sacrificed and died for?

Have their sacrifices been worth while?

Are you—we—worth their sacrifices?

What are you—each of us—doing to prove our worth?

What kind of support are we giving to the ideals these men have bled and died for?

Ask yourself those questions—it is you who must answer them. In the years to come, it will be your conscience that will tell you whether or not you failed in your duty in the greatest crisis in human history;

—whether or not you neglected the most sacred demand humanity and your God have made upon you.

The liberty that Canada's men have fought for; the freedom they have died for, is a gift to you, to each of us.

The country—this Canada of ours—in defense of which those men have given all, suffered all and died, is yours and the heritage of your children.

Are you doing your duty by this country, the ideals of which have been made precious beyond price by the blood and the lives of Canada's men?

WE cannot all go into the trenches. But there is a share, a duty, that each one, every one of us must do in winning the war.

Each individual Canadian must save and pay, work and lend to his last ounce of strength and his last penny before he can truthfully say: "In this at least I have done my share."

ON November 12 Canada's Victory Bonds will be offered for sale as the means of raising more money with which to fight and win the war.

Canada does not say "give the money."

She asks her people to save and stint and sacrifice so that they will have the money to lend and so help to fight and to win the war.

Canada makes a plain business proposition to her people —she will repay the loan with good interest.

Buying Victory Bonds to the limit of his or her ability is the service every Canadian can now render to Canada.

Canada's Victory Bonds are the means provided by which you can do your present share in winning the war.

They will be on sale November 12. Get ready to buy them.

Lemons Do Whiten! Try This on Face, Neck, Arms, Hands

The lemon juice massage indulged in once or twice each day means a little time and trouble, girls, but what of the splendid results? A skin bleached beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin eloquent of nature's purity and hands white, soft and full of charm.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When massaged daily into the face, neck, arms and hands it should naturally help to whiten, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Brief Mention

Mr. and Mrs. William Hart, Wallace Street, are today celebrating the twentieth anniversary of their wedding.

$30 a minute is what it costs the British Red Cross to carry on its work. Remember this and help out Nov. 8th. "Our Day."

Among the passengers from Vancouver last evening on the S. S. Princess Patricia were, M. T. C. Westwood, E. M. Yarwood, Mrs. Lawrence, Mrs. Jolley, Miss McMillan and Mrs. Jervis Newberry.

Mrs. Ida Clarke, Pine Street, was officially informed yesterday that her son, Private Charles Clarke had been admitted to No. 7 Convalescent Depot, Boulogne, on Oct. 3rd, gassed, caused by the explosion of a shell. Pte. Clarke has been overseas over a year and a half, and has been twice wounded in action. Originally with the 67th, he transferred to the 102nd, and later to No. 3 Tunnelling Company.

Call and have afternoon tea and take a chance on the candy and ten raffles. Gibson Block. "Our Day."

The secretary of the Board of Trade is in receipt of a number of copies of Government circulars No. 1 and No. 3, referring to claims for exemption under the Military Service Act, and of particular interest to employers. These may be obtained by those desiring them on application to Mr. Thos. Booth.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY.

A Small Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single tract of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle or scraggy, just moisten a cloth with Danderine and carefully draw it through the hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

Will You Accept This FREE OFFER?

If you will permit us to occupy a corner of your living room with Thomas A. Edison's great invention (which he calls his Diamond Amberola), we will repay you many times over by giving you the most delightful musical treat you ever experienced in your home. Without obligating you in any way whatever, we will send to your home some of the world's greatest singers, instrumentalists and musical organizations of various kinds. All we ask of you in return is that you listen to the world's finest music through the medium of

EDISON'S NEW Diamond Amberola

We want to put you in a position where you can decide to your complete satisfaction that the entertainment, education and instruction your entire family would receive from this almost human instrument are worth many times what the Amberola would cost you.

Do not hesitate one moment for fear that you will be under any obligation or that you will be embarrassed in any way, because we have taken particular pains to have no strings and no red tape of any kind tied to this offer. You simply request a free trial of the Amberola and a choice selection of Blue Amberol Records. You play them to your heart's content in your own home for three days, and if, at the end of that time, you decide you want to keep them you may pay cash or we will arrange terms. If you do not care to keep the Amberola and records, simply request us to bring them back to our store. That's all. Will you come to our store for full particulars of our FREE trial offer or shall we mail them to your home?

SCHOOL CHILDREN'S FEET MUST BE KEPT DRY
—BUY BOOTS THAT ARE RELIABLE

The problem of keeping school children's feet dry and warm during the cold, wet days is one that faces all parents. It is one that faces the boot merchant as well. But in a big store like Spencer's—where thousands of boys and girls get shod every year—it is a problem easily solved. Our huge turn-over makes it necessary for us to buy early, and in large quantities. Our stock embraces a very wide range of makes and styles, each in its class chosen for some special feature that we believe will fit in with the wishes and needs of our customers. Whatever style of boot your child needs, you will find it here, and in a thoroughly reliable make, too—Boots that will give utmost satisfaction in wear; fit perfectly and comfortably. Details of a few that we recommend follow:

ITALIAN ARMY IS IN RETREAT

Entire Line of the Tagliamento River Given up by General Cadorna, Who is Retiring to Shorter Lines of Defences

London, Nov. 6.—In a great arc of more than 160 miles in length the Italian armies are falling back upon and through the plains of Venetia to new and shorter lines of defenses. From the Fella Valley to the head of the Tagliamento river has been given up by Gen. Cadorna while from virtually the border of Trentine northeastward and eastward through Domenitos and Carnic Alps to Fella the northern army is carrying out a retrograde movement southward through mountainous country toward the plains. The Germans and Austro-Hungarians everywhere are following up the Italians in their retreat, but with the Italians offering resistance in rear-guard actions along the entire front. Meanwhile, the British forces in Belgium have won another notable victory over the Germans in the region of Ypres, having captured in one of their intrepid dashes after a rain of shells of all calibres the town of Passchendaele, for which much bitter fighting has taken place recently.

The new advance of the British has thrown the apex of their salient in dangerous proximity to Roulers, the fall of which would cut Germany's communication from her submarine bases at Ostend and Zeebrugge with the south. The Canadians, who bore the brunt of the operations extended their line 800 yards beyond Passchendaele. Numerous German prisoners were taken.

The decision of the Italians to evacuate the Tagliamento line was taken after the enemy had intensified his pressure along the upper reaches of the river in the highlands, and pushed his forces across the stream in the center and to the south. This movement compelled the simultaneous withdrawal along the northern front from the Fella Valley to Colbricon.

Apparently the main Austro-German forces are not in close contact with the retreating Tagliamento army for the German official report says the retreat is indicated by conflagrations over the route of retirement. The morale of the Italians is declared to be splendid.

The possibility now seems to be that General Cadorna in falling back has the double purpose of shortening his battle front from approximately 160 miles to slightly more than 60 miles along the Piave river east of Venice and northeasterly to the Trentino boundary and giving the British and French reinforcements opportunity to arrive in sufficient numbers to check the invaders. Operations on other fronts are of a minor character.

Mrs. Powers, delegate to the Provincial I. O. D. E. meeting held in Vancouver last week, presented a very interetsing report to the meeting held Monday.

Billycandles for use in the trenches made by a committee of the Bastion Chapter, are on sale at Spencer's and Randle Bros. stores. Price 4 for 10 cents. Orders may be left at either of these stores or with Mrs. A. Randle, convener.

As a small token of their appreciation of the untiring efforts of all who took part in the Country Girl performance the Daughters of the Empire will serve refreshments at St. Paul's Institute tonight after the rehearsal.

The Daughters of the Empire are arranging to have a Christmas Fair in the early part of December. The features of this fair will be published later.

Proceeds from the Country Girl amounted to $1215.30. The total expenses including the Amusement Tax ($108.50, were $603.02. The amount cleared was $612.28.

The chapter has applied for the refund of the Amusement Tax.

RETURNED HOME FROM OVERSEAS

Privates P. L. Smith and Evan Thomas Were Welcomed Home Yesterday from Battlefields of Europe

Nanaimo turned out in force last evening to welcome two returned soldiers home from doing their bit on the battlefields of Europe. Privates P. L. Smith and Evan Thomas have both seen active service and both have been incapacitated for further duty during the present conflict.

Pte. Evan Thomas who is well-known in Extension and Nanaimo, enlisted with the No. 4 Tunnelling Company and took part in the big mining operations which worked such havoc with the Germans at Messines. Exposure and shock undermined his rugged constitution and caused his being invalided home.

Pte. Purvis L. Smith, is a native son of Nanaimo, and exceptionally well known to many of its residents. He enlisted with the 72nd Highlanders and left Nanaimo in Sept. 1915, being for a time stationed with the Brigade staff in England. He entered the trenches in July 1916, and went through the campaigns at Ypres Kemmel, Somme and Vimy, it being at the last named battle in April, 1917, where he was wounded by shrapnel in the shoulder and arm, and by a piece of shell in the head, which necessitated the removal of a small piece out of the back of the skull. He was for six months in hospital at Edmonton, England and has not yet fully recovered from the effects of his wounds. Purvis speaks in the highest praise of the treatment received in English hospitals, and says the Canadian Red Cross unit is give every care to the Canadian wounded. Upon arrival in Canada the returned wounded were given a warm reception all along the line, especially at Halifax, and were also well treated aboard ship crossing the Atlantic, the skipper of which was Capt. Donald, well known in these waters.

OFFICER TELLS HOW MIKE CAVENCY DIED

Mrs. Pallister is in receipt of the following letter from Lieut. Stuart describing the death of Corp. Mike Cavency. Lieut. Stuart speaks in the highest terms of the late Cavency, and the many friends of the the latter will read with deep feelings of pleasure of his devotion to duty, unselfishness and unflinching courage.

The letter follows:—

Dear Madam:—

Corporal Mike Caveney was killed instantaneously on September 28th. I understand that you and your family were among his friends and his brother, who was with the 13th, D. L. I. has asked me to pen you a line or two.

The Corporal was attached to my section for many months and I had occasion to keep his work under careful observation. I have seen him at war under ground and in the trenches when enemy attacks meant that our united strength was required to strengthen the Infantry. I have recollections clear indeed, of him on parties that had to go through shelling, and I can truthfully say that his actions, at all times, were those of a real man who thought of the righteous cause of human-kind at the expense of his personal security. He seemed not to think of himself—it was always the men that he became C. O's, constitutes the most important factor in an army today and I am pleased to refer to his memory as that of the highest class of British soldier on whom the issues of the whole war has depended. The Corporal died that he may save others. The shelling was heavy at — on the date mentioned and he collected all the Infantry fellows together and saw that they took protection in the tunnel at —. Mike and another chap were the last to enter and just then a heavy shell fell close to the entrance. Both were killed by concussion. The late Corporal, no doubt left many friends in your part of the Island, and I hope that they will learn of the unselfish manner in which he died.

Yours truly,

W. H. Stuart, . .

MEN OF QUEBEC RUSH TO REGISTER

Ottawa, Nov. 6.—Class one men in Quebec are rushing to register. In both reports for service and claims for exemption Montreal leads. Reports for service in Montreal numbered 125, being one ahead of Toronto for the day. But the most surprising returns perhaps those from Quebec city. Hitherto the city has held back in registrations whether for service or claims for exemptions. The last few days have brought a remarkable change. On Saturday Quebec City and district registrations jumped to 1990, all being claims for exemptions. Yesterday Quebec jumped still further ahead with 3756 claims for exemption and 14 reports for service. With the exception of Montreal, Quebec was the leader of the Dominion. Quebec has however, still the lowest percentage total reports for service although the percentage of total registrations gives it a more favorable position.

AWARDED THE VICTORIA CROSS

Hamilton Ont., Nov. 6—Word was received here today that Trooper Harry Brown, of the C. M. R., has been awarded the Victoria Cross, but Brown did not live to wear it. When his unit was cut off by an intense barrage and communications broken, Brown and a companion volunteered to carry an important message back to headquarters. The other man was killed before he went 20 yards. Brown was struck with a piece of shell and his arm shattered, but he gamely struggled on until he delivered the message. He died within a few hours after his arrival at headquarters.

CANDIDATE FOR NANAIMO RIDING

If Victoria Nominates Conservative Unionist, Nanaimo Conservatives Will Support Liberal Unionist. . .

Conservatives representative of all sections of the Nanaimo Federal Riding met at Duncan yesterday to discuss matters in connection with the pending Dominion elections. Senator A. E. Planta presided, among those in attendance being Hon. G.H. Barnard and W. J. Bowser, M. P. P., the Nanaimo delegates being Messrs. William Bennett, E. G. Cavalsky and L. C. Young.

The meeting decided after a full discussion that in the event of Victoria City nominating a Conservative Unionist, the Conservatives of this district would support the nomination of a Liberal Unionist in the Nanaimo Riding.

The meeting also appointed a committee to attend the conference called by the Win-the-War League at Duncan on Thursday when the several political elements of the Riding will consider the question of agreeing upon a candidate in support of the Unionist Government.

The regular monthly meeting of I. O. D. E., Light Infantry Chapter, will be held in Richard's Hall, Wednesday, at 3:30 p.m. Members please attend. 10-2t.

PASSED BEYOND PASSCHENDAELE

Brilliant Success Won by Canadian Troops Against Germans—Victors Have Reached the High Ground Towards —Village of Mosselmarkt.

British Front in Belgium. Nov. 6.—The Canadians in to-day's drive against the German lines have advanced about eight hundred yards beyond the centre of Passchendaele. A number of prisoners already have reached the cages.

London, Nov. 6.—The town of Passchendaele lying northwest of Ypres, has been captured by British forces, according to an official communication issued tonight.

British Front in Belgium, Nov. 6.—By Associated Press—The village of Passchendaele was attacked by the British early today. The attack began at dawn by the Canadians has not only taken some of the attacking force beyond Passchendale out on the ridge to the north but on the Meetcheele spur, a little to the northwest has been carried them along the high ground towards the village of Mosselmarkt, where a battle is being waged. The ground on these elevations was in fairly good condition and satisfactory progress was reported along the narrow but vital front involved. Meanwhile the British to the south again moved against Poldenhoel Chateau where the conflict was sunguinary. Field Marshal Von Hindenburg recently issued the order that Passchendaele must be held at all hazards and that if it wore lost it must be retaken irrespective of the cost, so to-days battle bids fair to be sanguinary.

The Canadians started from a line only 400 yards from the heart of ruined Passchendaele. Their progress was rapid despite immediate salvos of heavy quick firers. German field artillery concentrated east of Passchendaele shelled the Canadian field artillery heavily as the attack began, but its fire had diminished greatly by 7:30 o'clock through counter battery work. Many airplanes were over the German front and notwithstanding poor visibility observers reported large concentration of German infantry in shell hole defenses between Paschendaele and Moorelads. The Germans also had pulled out their old troops and put in fresh divisions along the line.

AMERICAN PATROL BOAT SUNK

Washington, Nov. 6.—The American patrol boat Alcedo was torpedoed and sunk by a German submarine in the war zone early Monday morning and one officer and twenty enlisted men are missing. The Alcedo, a converted yacht, carried a crew of seven officers and 85 men.

The Alcedo is the first American war vessel to go down in the war. The destroyer Cassin on patrol duty was torpedoed recently, but she made port safely with the loss of only one man. No details of the engagements were given in the brief dispatch announcing the yacht's loss.

BANDIT VILLA ATTACKED TRAIN

Juarez, Nov. 6.—With blood-stained floors and shattered windows coaches crowded with frightened Mexican men, women and children, who were shivering, half-naked, in bullet broken seats, a Mexican Central passenger train which was attacked by Villa at Armenderiz station Sunday, arrived here tonight. One hundred and twenty-five soldiers and passengers were killed on the train.

Mr. R. M. Plumpton, Kennedy street, was tendered a surprise party last evening on the occasion of the anniversary of his birthday. Some forty persons were in attendance, the lady members of the party being attired in masquerade costume. There were Charlie Chaplins, Jack Tars, Soldiers and several presented a splendid appearance attired in gents' full evening dress. A most pleasant evening was spent.

Members from the I. O. D. E. and Red Cross will call at your door on Thursday with an "Our Day" Tag.

THE CONSCRIPTION OF ALL ALIENS

Minister of Justice Replies To Nanaimo Lily Orange Lodge on Question of Vital Interest To Canada.

Lady Orange Lily Lodge of Nanaimo is in receipt of a reply from the Deputy Minister of Justice at Ottawa to its communication re. the conscription of foreigners in Canada.

The correspondence between the Lodge and Ottawa reads as follows, and is self explanatory:—

Nanaimo, B. C.

Oct. 20, 1917.

The Honorable the Minister of Just ice Ottawa.

Dear sir:

At a largely attended meeting of the Lady Orange Lily Lodge, No. 109 and friends it was unanimously decided to write you as follows. Is the Foreigner to be conscripted, if not, why not?

A large number of the Foreigners have not responded to their country's call who are fighting on the side of the Allies; these men with Germans, Austrians, etc., are filling the places of our boys who have gone overseas, and Mothers look with alarm and apprehension on the future of their daughters under such conditions.

Needless to say we are in favor of conscription.

Trusting you will favor us with an early reply.

Respectfully yours.

Mrs. Susan E. Naylor.

Nanaimo, B. C.

Madam,

Your letter of the 20th. instant addressed to the Honorable the Minister of Justice, has been referred by him to the Military Service Council and I am directed by the Council to reply thereto.

The Council appreciates and sympathizes with your point of view with regard to the question of unnaturalzied alien male residents of Canada, but you will readily understand that this question involves international considerations of some complexity.

I may state for your information that so far as concerns unnaturalized

PRIVATE THOMAS COLLIER IS DANGEROUSLY WOUNDED

Mr. George Collier, Kennedy St., was officially informed yesterday that his son, Private Thomas Collier of the Mounted Rifles was dangerously ill at 17 Casualty Clearing Station, with gunshot wound in the abdomen, received on Nov. 3rd. Private Collier went overseas with the 143rd. Battalion and in May last was transferred to the Mounted Rifles. He is a native son of Nanaimo and has a host of friends here who will wish for him a speedy recovery.

At Chilliwack, J. A. Evans, received $11,000 for the turnips that he raised on 40 acres.

GREAT TRIUMPH FOR THE ALLIES

Possession of Passchendaele Ridge Gives Allied Force a Firm Footing on a Series of Great Spurs Extending for Miles.

Canadian Headquarters in France, Nov. 6.—The possession of Passchendaele, dominating Rouler and Roulers plain, gives the Allied forces a firm footing on a series of great spurs extending from Gheluvelt, on the south including Bellevue spur and Passchendaele ridge, running northeast for miles.

Its capture marks a great triumph in the long struggle to secure this higher ground. The Allies now have the advantage of position in the salient and have relegated the enemy to the lower level, dominated by our guns.

Knowing too well the vital necessity of maintaining the Passchendaele position secure, Von Hindenburg after the successful Canadian advance on Bellevue Spur and the capture of the great farm and Meetscheele, issued a special army order commanding that Passchendaele should be held at all costs and if lost must be retaken. For days the enemy has been rushing up guns and new formations of troops to insure his hold on the position. His efforts proved unavailing. The enemy's best troops have given ground before our forces who have moved steadily toward their objective since the beginning of the Passchendaele operations on Oct. 25.

At six o'clock this morning our guns opened a tremendous barrage fire, and two minutes later men from Manitoba Saskatchewan, Alberta and Western and Eastern Ontario were out of their shell holes and temporary mud wall trenches in an advance which by 7:30 o'clock had carried them beyond their objectives.

It was an artillery and machine gun battle. For an hour and a half our guns were never silent.

Protected by a splendid barrage, our infantry moved slowly forward, while our counter batteries dominated the enemy's guns and swept his assembled artillery positions with their fire. Our forces on the right, plunging toward Passchendaele, have advanced well beyond the ruined village, overcoming fortified enemy shell holes and concrete strong points in advance and capturing numerous machine gun positions which threatened our attacks from the Passchendaele Sonnebeke road to the village itself.

To the left our infantry met with desperate opposition seventy-five yards in front of Meetcheele where an enemy stronghold formed the key to their whole left position, as Meetcheele did to ours. Mosselmarkt was the scene of another determined resistance.

Dr. A. D. Morgan of Alberni, who has joined up with the Canadian Army Medical Service, and who had expected to report for duty early in November, will not be leaving the district until probably the latter part of December.

THE VICTORY LOAN

Preparations are under way locally for the Victory Loan Campaign which will open on Monday. The committee in charge of the canvas have set a quarter of a million dollars as their goal. This at first sight will appear a high figure, but if Nanaimo lines up with the other communities in the Dominion it will be reached. Canada is at war, and to carry on the government must have money. There are many ways open to the government to raise war funds, but it has chosen to appeal to the patriotism and spirit of sacrifice of the Canadian people. And it should be realised at the very beginning that it is to all the people it is appealing, trusting that every man and woman will subscribe to this loan according to his or her ability. In order to secure the co-operation of all, the loan is being issued in bonds of fifty dollars denomination, and seeing that the bond is not to be paid for all in cash there are very few persons in Canada who cannot take one or more bonds. It has been computed in the United States that in one of the recent loans floated in that country, by far the greater part of it was subscribed for out of the current wages of the working class. There is no reason why the same thing should not be done in Canada. Subscription to this Victory Loan is a patriotic service, and every subscriber is helping to win the war. More than that no safer investment could be put before the Canadian people. The interest is higher than is paid by the banks, and the whole country is security for the loan. Full particulars of the Victory Loan are now appearing in the press, and, with a properly organised campaign, we believe the goal of the committee will be reached.

THE ISSUE

With the publication of Sir Wilfrid Laurier's manifesto, the people of Canada have a clear issue before them in the coming election. The issue is compulsory military service versus voluntary recruiting, which means again seeing the war through or quitting. Sir Wilfrid says that if he is elected he will take a referendum of the people on the question of military service. The fact is that if he were elected there would be no necessity to do anything of the kind. If the Union government, which takes its stand upon compulsory military service, is defeated, then the country will have declared against this principle, and that will end the question, and incidentally Canada's participation in the war. Every voter in the coming election is voting either to continue the war or to quit. If Sir Wilfrid was elected he would be justified in issuing another manifesto along the lines of Kerensky's statement, announcing to the world that Canada was war-worn and could do no more. Only by the adoption of compulsory servce can the Dominion fulfill its obligations, and keep faith with the men who are fighting its battles in Flanders. The gravity of the military situation for the allies, with Russia out of the war and Italy pressed beyond its strength, calls for every unit exerting all its power and bringing out all its reserve resources. The need of reinforcements for the Canadian army is more than ever urgent, and the call for increased national effort and sacrifice is more than ever imperative. Laurier is the only alternative to Union government and whatever the motives behind this policy, it means that Canada will line up with Russia as a quitter. Looked at from any point of view the election of Laurier means eternal disgrace for the Dominion, the repudiation of all its solemn obligations, and a breach of faith with the heroes who have laid down their lives, and those who are still fighting, in the great struggle for human freedom.

FELT LIKE A NEW PERSON

After Taking Only One Box Of "Fruit-a-tives"

EAST SHIP HARBOUR, N. S.

"It is with great pleasure that I write to tell you of the *wonderful benefits* I have received from taking "Fruit-a-tives". For years, I was a dreadful sufferer from *Constipation and Headaches*, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried "Fruit-a-tives" and the effect was splendid. After taking one box, I feel like a new person, to have relief from those sickening Headaches".

BIJOU THEATRE

"A Scarlet Oath" which heads the bill at the Bijou for today and tomorrow is a powerful five act photoplay featuring the popular stage beauty and artiste Gail Kane in the leading role. Dividing honors with this feature will be the comedian Billy West in a two reel comedy scream, which is heralded as one of the greatest laugh producers ever filmed. Billy West is considered Chaplain's only rival and by many called fully Charlie's equal as a funmaker.

In order that the stage may be properly prepared for the large amount of scenery used by the Robinson Crusoe company, there will be no pictures shown in the Dominion today.

It is reported that the Anaconda Copper Company has, since its organization up to December 31, 1917, paid out in dividends a total of $135,967,486.

ROBINSON CRUSOE AT THE DOMINION

One of the most popular songs in F. Stuart-Whyte's new super-musical extravaganza, "Robinson Crusoe," is "Love, Come From Your Hiding Place", sung by Miss Anne Lochead. This song has proved the most successful since "Queen of the Earth" in England and is destined to become an immense favorite in Canada and the States.

Other musical numbers destined to delight local auditors, are "Fritz, Can't You Hear Me Calling,"—an English Tommies's serenade of hate, "Take Me Back to Blighty"—the Allies new trench song, "Made in Our Empire"—a thrilling patriotic number, all sung by Miss Zara Clinton. "The Coster's 'Oneymoon", "Silly Ass "I've Had A Glass of Ginger Wine", three terrific comedy hits, "My Little Dutch Doll"—a delightful costume number and "The Prehistoric Rag"—a real novelty. Among the more classical congs may be mentioned "The Star of Love" and "Harbour Lights". There are thirty musical numbers in all and a dozen brilliant dancing events.

"Robinson Crusoe" comes to the Dominion Theatre on Thursday only Nov. 8th. Book seats early.

DARING HIGHWAYMAN GOT AWAY WITH LOOT

Denver, Col., Nov. 6.—While hundreds of shoppers were passing, an unmasked man today entered the loan office of M. Cooper, forced him to open a safe, took jewels valued at $4,000, marched Cooper across a crowded sidewalk into a motor car driven by a confederate, and drove off with Cooper and the loot. Cooper was taken to a remote section of the city where he was thrown from the car.

GERMANS KILLED THEIR PRISONERS

Washington, Nov. 6. The fact that Germans soldiers themselves appealed to Ambassador Gerard as "the representative of a Christion state" to protest against atrocities and butcheries in which their commanders forced them to take part will be disclosed in a forthcoming pamphlet by the committee of public information entitled "German War Practices."

One Germans soldier, conscience-striken with the massacre of Russian prisoners, implored the Ambassador to protest, and signed his letter "A German Soldier and Christian."

Another, who through the Ambassador addressed his appeal to the American Government, the butchery of prisoners, signed his letter "A soldied and a man who is no barbian.

This was the protest of a German soldier, an eyewitness of the slaughter of Russion soldiers in the Masurian lakes and swamps.

"It was frightful, heartrending as those masses of human beings were driven to destruction. Above the terrible thunder of the cannon could be heard the heartrending cries of the Russian: 'Oh Prussians! Oh, Prussians!" There was no mercy—our captain had ordered—the whole lot must die, so rapid fire.

"As I have further heard, men and one officer on our side went mad from those heartrending cries. But most of my comrades and officers joked as the unarmed and helpless Russians shrieked for mercy while they were being suffocated in the swamps and shot down: The order was:

"'Close up and at it harder.' For days afterwards those heartrending yells followed me, and I dare not think of them. No more ethics. There are no human beings any more, but only beasts. Down with militarism."

This was the experience of a Prussian soldier, at present wounded:

"Berlin. Oct. 29, 1914.—If you are a truth-loving man please receive these lines from a Prussian soldier."

This was the testimony of another German soldier on the East front:

"Russian Poland December 19, 1914.

"In the name of Christianity I send you these words:

"My conscience forces me as a Christian soldier to inform you on these lines:

"Wounded Russians are killed with the bayonet, according to orders. And Russians who have surrenderd are often shot down in masses according to orders in spite of their heartrending prayer.

"In the hope that you, as the representative of a Christian state, will protest against this, I sign myself 'A German Soldier and Christian.'

"I would give my name and regiment; but these words could get me court-martialed for divulging military secrets."

This letter was from a soldier on the Western front:

"To the American Government. "Washington, U. S. A.

"Englishmen who have surrendered are shot down in small groups but the French one is more considerate. I ask whether men let themselves be taken prisoner in order to be disarmed and shot down afterwards? Is longer a secret among the people; one hears everywhere that few prisoners are taken, they are shot down in small groups. They say:

"'We don't want any unnecessary mouths to feed.' Where there is no one to enter complaint there is no judge. Is there no power in the world which can put an end to these murders and rescue the victims? Where is Christanity? Where is right? Might is right."

WOMEN KNOW MORE THAN THE SCIENTIFIC MEN

PACIFIC MILK is the cheapest milk there is to be used in cooking. It's been proved.

First scientists tested it. You know how they do things. They proved it to be unusually rich and absolutely pure.

Scientific cooks took it in hand and tried it in their ways and sent in the results in glowing but scientific terms. They proved that if measured correctly and everything else weighed it was very inexpensive as compared with fresh milk or with all the other samples submitted.

But it remained for our young lady "investigator" to find out that women themselves had put all the scientific demonstrations in the shade as far as knowing how to use it in cooking so as to make good cakes and things for very little money.

Have you tried PACIFIC MILK in your cooking?

THE CONSCRIPTION OF ALL ALIENS

(Continued from Page One)

aliens who are the subjects of allied nations, diplomatic correspondence with Allied governments is now in gress, looking in the direction of reciprocal arrangements for the enlistment in each country of unnaturalized aliens of friendly origin, and it is hoped that these arrangements may ultimately be made.

So far as concerns unnaturalized aliens who are subjects of enemy nationalities, as far as the Council can see, there appear to be only three alternatives:

1. To segregate these men in internment camps which cap only be maintained at great expense to the country and with the attendant loss to the community of labor power.

2. To place these men at forced labor, with the consequent direct and indirect reaction upon the labor marmet.

3. Or, to allow these men to work under ordinary conditions.

This question has received a great deal of anxious consideration from the Council and if any other course which is practicable can be suggested, the Council would be very pleased to hear of it.

I have the honor to be, Madam,

Your obedient servant,
E. L. Newcombe,
Deputy Minister of Justice.

Notice is hereby given that no one will be allowed on the Caledonian Grounds without a written permit from the owners. Any one found on the grounds will be prosecuted for trespassing.

My Best Friend

Is a mother who has once used Chamberlain's Cough Remedy, for she makes a point of telling other mothers about it, and they pass the news around. This has made Chamberlain's Cough Remedy a household favorite through the world.

Just ask some mother who has used it what she thinks of Chamberlain's Cough Remedy—She will tell you that it enables her to get her children through the winter without serious illness from coughs, colds or croup.

"Granny" Chamberlain

Chamberlain's Cough Remedy

She will tell you that it is as thoroughly reliable for the youngest child as for the oldest members of the family. You can give it to the baby, the children going to school, or take it yourself, always with the same result—a quick relief.

The Investment Value of Canada's Victory Bonds

THE purchase of Victory Bonds means a distinct benefit to the buyer.

To obtain the money with which to buy bonds may involve much self-denial and even some sacrifice.

But there is nothing but benefit to you in buying Victory Bonds because your money is loaned on the very highest security, and it earns a high rate of interest.

LET us work it out like this:—

Suppose you carried a hundred dollar bill in your pocket-book for fourteen years, what would you have at the end of that time? Just one hundred dollars, and no more.

Suppose on the other hand you invested one hundred dollars in Canada's Victory Bonds, what would it mean to you, merely in money, at the end of fourteen years?

It would mean that your hundred dollars would be just about doubled—because every six months you would receive a sum of interest-money, which in fourteen years, if saved and compounded, at ordinary bank interest, would equal the original cost of the bond, and you would also have the bond, worth a hundred dollars.

That is the mere dollars and cents meaning to you of one hundred dollars invested in Victory Bonds.

And there are no Dominion taxes on this issue Victory Bonds, nor will there be any.

* * *

AND then suppose you have right now, a little nest egg of say $500, and you put it all into Victory Bonds,

—and suppose as the years go by you accumulate another little nest egg,

—and you begin to think that with the money you put into Victory Bonds in 1917, and the new nest egg, say in 1922, you could have bought a home or gone into business or bought more land;

—you will be glad your money is invested in Victory Bonds,

—because it is not "locked up" and for these reasons:

—it is the highest class of security, saleable at any time in any market.

—you can borrow practically the full value of the bond on the security of the bond alone, and the interest earned by the bond will be about equal to the interest charged for the loan.

Because that bond has behind it the faithful promise of Canada to repay the principal with interest—a promise backed by all Canada's wealth in natural resources and other assets; supported by the moral and legal obligation of the people of Canada, and buttressed by the national honor of Canada.

Victory Bonds are a liquid Asset

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad; stomach sour look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

SCHOOL CHILDREN'S FEET MUST BE KEPT DRY —BUY BOOTS THAT ARE RELIABLE

The problem of keeping school children's feet dry and warm during the cold, wet days is one that faces all parents. It is one that faces the boot merchant as well. But in a big store like Spencer's—where thousands of boys and girls get shod every year—it is a problem easily solved. Our huge turn-over makes it necessary for us to buy early, and in large quantities. Our stock embraces a very wide range of makes and styles, each in its class chosen for some special feature that we believe will fit in with the wishes and needs of our customers. Whatever style of boot your child needs, you will find it here, and in a thoroughly reliable make, too—Boots that will give utmost satisfaction in wear; fit perfectly and comfortably. Details of a few that we recommend follow:

Girls' Gun Metal Calf Boots, sizes 8 to 10 1-2, pair ... $3.00
Girls' box calf, cloth top boots, 8 to 10 1-2, pair $2.85

Child's box calf lace boots, 4 to 7 1-2 ..... $2.50
Child's calf boots, black cloth tops, 5 to 7 1-2, pair ... $2.00

BOYS' SUITS

We are showing just such boys' clothes as your boy wants and we can satisfy you, too, in the matter of material and durability. We have a broad stock and a large one—probably the largest in the city. Every suit in this stock has been well bought, by which we mean we have used all the factors of our disposal, the chief one of which is **quantity buying for cash,** to get the best possible value and we think we will have no difficulty in proving to you that we can assure you a saving of one to three—perhaps five—dollars in some cases if you buy your boy's suit at Spencer's. Prices ..... $5.75 to $15.00

NEW STOCK OF CARPETS

We now have a complete range of Carpet Squares in all sizes. Included in this lot are Velvets, Wiltons, Brussels, and Tapestry. This is the finest lot of Squares we have shown for some time.

VOLUME XVII. NANAIMO, VANCOUVER ISLAND, BRITISH COLUMBIA, THURSDAY, NOV. 8, 1917. NUMBER 212.

SCHOOL TRUSTEE CONVENTION IS IN SESSION HERE

The Fourteenth Annual Convention of the British Columbia School Trustees Association opened a three-day session in Nanaimo yesterday morning under the chairmanship of President J. W. Berry, of Langley, there being some thirty-two delegates in attendance.

His Worship Mayor McKenzie, in welcoming the delegates to the city, made an able and interesting address, remarking on the importance of the work entrusted to School Trustee Boards and the honor done Nanaimo by the Association in naming this city the place of meeting for this year's convention, which, His Worship felt sure, would be fruitful of much good.

Mr. Jno Shaw issued a general invitation to all delegates, if time would permit, to make a trip down a coal mine or if they preferred it to the Biological Station at Departure Bay. Arrangements had been made for such delegates as desired to make either of these trips and he could assure them that they would find much to interest them.

At the request of Trustee Perry, of North Vancouver, who is compelled to leave for his home today to attend to his duties on an Exemption Tribunal, the convention advanced its order of business and first dealt with Resolution No. 29, viz.: "That the course of study for High Schools be spread over a period of four years, instead of being confined to three years as at present.

Mr. Perry supported the resolution, and Mrs. Skinner expressed the desire to see far more education in English, French and Latin imparted to the pupils in the public schools so that the strain would not be so great when the pupils advanced into the High Schools.

Useless Subjects Taught.

Mr. Hodgson, of Nanaimo, could see no material benefit to be derived from an extension of the High School [illegible] Mrs. Gilley, of New Westminster, favored the resolution for the reason that the steady, sure if somewhat slow learners eventually produced the best type of men and women. Mr. De Long, High School Inspector, stated the question was one which was receiving very serious consideration at the hands of the Educational Department, and as it was a big question it could not be decided off hand. Mrs. Irene Moody, of Vancouver, upheld the suggestion of an extension of the course for all students taking an academic course, while the technical courses should, she thought, remain as at present. Mr. Robertson, of Chilliwack, could not see his way clear to endorse the resolution, a similar stand being taken by Mr. Harewood, of Vernon. President Berry believed the time opportune for a reduction in the number of the subjects taught in the High Schools rather than for an extension of the course, so that only those things might be taught which would be really useful in life. Mr. Hammersmarck, of North Vancouver believed the teaching of practical subjects of every day life was of far more importance than instruction in French and Latin, and the President remarked that he could not see why either a doctor or a lawyer required to use Latin or French. If they came down to earth and used common or garden English he for one would be far better satisfied.

Continuing the discussion Mr. Jno Shaw advocated the entire elimination of entrance examinations, claiming that pupils should be automatically moved up in both the public and High Schools as they became fit for promotion. All schools should, he believed, be conducted in one complete cycle.

Mr. Wade thought that a happy medium between the two suggested courses might be found and suggested that the matter be left in abeyance until today's session. Mrs. Moody seconding, this course was agreed to.

The afternoon's proceedings were marked by a severe criticism by President J. W. Berry of Langley, of the attitude of the provincial government and the Education Department toward the Association. After thanking the Association for electing him president, Mr. Berry referred to the refusal of the government to vote the small sum of $200 for the purpose of having the proceedings of last year's convention printed and distributed among the various School Boards of the Province. The attitude of the government in this matter and other recommendations submitted to it by the Association had led the speaker to wonder if the existence of the association was justified. Instead of co-operating with the association in the interests of education in the province the department at Victoria almost entirely ignored the association he declared, and even when the convention was held at Victoria, not a single member of the department could find the time to attend, and it was only on the last day of the convention that the Hon. Dr. Ross found the time to drop in for a few minutes. The speaker did not know why the department should take the stand it did but the fact of the matter was that the association was being shabbily treated by men who have been appointed the servants of the people of the province. Continuing in his remarks, Mr. Berry informed the convention he had instructed the secretary to invite the minister of education and the superintendent of education to attend the present convention. The minister had not even replied to the invitation and Mr. Robinson had stated if he could not find the time to attend he would send one of his inspectors.

Representations from the association were always received with courtesy, continued Mr. Berry, and delegations were given a pleasant interview but that was all, and if recognition could not be got from the department he felt the Association had better quit. He had accompanied delegations from the Association to the department and had always come away from the interview feeling that a wet blanket had been thrown on the recommendations made. Such treatment gave but little incentive for carrying on the work of education, and the sooner such a condition of affairs was changed the better it would be for the cause of education in the province, even though the Association did at times adopt what to the minds of the heads of the department appeared to be foolish resolutions.

On motion of Mr. Stuart Wade, of New Westminster, the convention expressed itself in hearty accord with the sentiments expressed by the president, and instructed the executive to take all steps necessary to impress upon the department the necessity of providing funds for the printing and distribution of the reports containing the proceedings of conventions held by the Association.

Secretary R. J. Hogg reported on resolutions adopted by last year's

CONFIDENT OF FINAL VICTORY

Bonar Law Declares Great Britain Can Look to the Future Not Only With Hope, but With Absolute Confidence.

Manchester, Nov. 7.—The British Chancellor of the Exchequer, Bonar Law, at a Great War Aims meeting here tonight declared that Great Britain could look to the future not only with hope, but with absolute confidence. He said Great Britain's overseas force is more than three million, adding "a mightier force never existed."

Great Britain had trebled airplane engine production since Oct. 1916, and "as for the submarine campaign" continued the Chancellor, "I can say with certainty that it is not going to bring us to our knees."

Referring to the Italian situation the Chancellor said: "We are watching with the deepest anxiety what is happening in Italy, did with deep anxiety, but not without hope."

He believed the Italian army would be able to stop the German advance until aid had come from Great Britain and France.

KERENSKY WILL CRUSH REVOLT

Commander on Northern Front Will March on Petrograd if Necessary to Quell Rebellion.

Petrograd, Nov. 7—Numerous precautions have been taken by Premier Kerensky to thwart the threatening outbreak of Bolsheviks and soldiers guarding government buildings have been replaced by men from officers' training schools. Small guards have been placed at embassies. The women's battalion is drawn up in the square in front of the winter palace. The commander on the northern front has informed the Premier his troops are ready to come to Petrograd to quell the rebellion if necessary.

At a meeting of the general committee of the Win-the-War League last evening, Ald. Coburn and H. N. Freeman were appointed delegates to attend the conference of Liberal and Conservative delegates at Duncan today.

TEUTONS PLAN TO CRUSH ITALY

Rome Declares Germany and Austria Have Staked Everything on Their Attempt to Put Italy Out of the War.

London, Nov. 7.—The Italian armies are continuing to retreat westward over the Venetian plain in the Tagliamento river district and southward from Dolomites and Carnic Alps region toward the plain. The retreat is declared by the Italian War Office to be an orderly one with rear-guards on both fighting fronts holding back the enemy and with airplanes also playing an important part in harrassing the invaders, destroying bridges that have been built over the Tagliamento river and by bombing troops trying to cross the stream.

Although the Berlin official communication asserts that the Germans have reached the Livensa River on the Venetian plain along which it has been expected General Cadorna would fight a retiring action, it is believed this is only in the center, and that the greater portion of Gen. von Beulow's forces is still negotiating the passage of the Tagliamento, orworking its way westward over the flat country. There has been no indication where the line the Italians retreating from the hills southward has reached, nor is there any information concerning where Gen. Cadorna, rainforced by British and French troops, will make a stand, but the belief still prevails that the Piave River will be chosen. That aid by the Allies is required and in no unstinted measure, has been asserted in semi-official quarters in Rome. The Teutons are declared to have staked everything on their attempt to crush Italy, and the Allies must rush assistance with the utmost speed if Cadorna is to check the enemy.

Of great significance in the Italian situation and that of the Allies generally is the announced arrival in a British port of the American representatives to the inter-Allied conference, which is to discuss and lay plans for successfully carrying on the war. Col. E. M. House, long known as President Wilson's confidential adviser, heads the mission.

On none of the other fronts have there been engagements of great importance. The Canadians are holding their gains of Tuesday before Passchendaele without the Germans offering any serious interference. On the greater portion of the remainder of the western front there has been only small encounters in which the French obtained an advantage over the Germans.

Gaza, on the Mediterranean coast in Palestine, has been captured by the British, and a column operating north of Beersheba has made an additional advance of eleven miles.

Ottawa, Nov. 7.—Dr. Adfred Thompson, ex-member for the Yukon has been nominated by the Unionists for the Yukon, in the coming Dominion election.

BIG DECREASE IN SUB VICTIMS

Losses of British Merchant Ships Last Week Was the Smallest Since Unrestricted Submarine Warfare Began.

London, Nov. 7.—A marked decrease in British merchant ships sunk during the last week is noted in the Admiralty report tonight. Only eight vessels over 1600 tons were sunk by mins or submarine and four vessels under that tonnage. No fishing vessels were sunk.

The sinking of British merchant ships recorded in the last Admiralty report are the smallest since unrestricted submarine warfare began. They probably are the smallest in tonnage also, for, while in the week ending Sept. 16, only eight vessels of 1600 tons or over were sunk, twenty vessels under that tonnage were destroyed. The next best record in point of numbers was in the week ending Sept. 20, when thirteen vessels were sunk, eleven large and two small.

Weekly Summary: Arrivals 2384; Sailing, 2379.

British merchant vessels over 1600 tons sunk by mine or submarine including two previously, eight; under 1600 tons, including one previously, four.

Fishing vessels sunk, none.

British merchant vessels unsuccessfully attacked, including five previously, six.

BREWSTER MAY BE NOMINEE

In the Event of Premier Being Nominated in Victoria a Conservative Unionist May be Named in Nanaimo.

Victoria, Nov. 7.—Present indications are that Premier Brewster's name will be the only one submitted to the Victoria convention on Wednesday next, as all interests are expressing approval of his unstability as the Union candidate.

Advices received from Ottawa are to the effect his strong stand on the question of Union Government since returning from his visit east have again led to the discussion of his inclusion in the Cabinet and the matter is now engaging the attention of Sir Robert Borden and his ministers at the Capital.

The desirability of creating a separate portfolio of fisheries, to which Premier Brewster would be appointed, is the proposal under consideration, according to authentic advices reaching here, and it is anticipated that a decision will be reached within the next few days.

In the event of Premier Brewster being nominated in this constituency and if the Burrell-Calder arrangement is adhered to a Conservative Unionist will be nominated in the Nanaimo constituency.

ENTERTAINED BY BASTION CHAPTER

The Bastion Chapter, I. O. D. E. entertained the performers of The Country Girl to supper at St. Paul's Institute last evening. Mrs. Martindale, in a few well chosen words expressed the gratitude of the Chapter to Mrs. Peto. Mr. Reynolds and everyone who helped to make the production such an unqualified success. Mr. Fred. Spencer very ably responded and then made a presentation of a framed picture of all the members of the Cast in costume, to Mrs. Peto and Mrs. Drysdale on behalf of the members and presented a similar picture to Mr. Reynolds and paid a tribute to his able leadership. Mrs. Peto and Mr. Reynolds made suitable responses and Mrs. Peto on behalf of the Cast thanked Mr. Spencer for all his willing help, the orchestra also receiving special thanks.

It has been decided to repeat The Country Girl at the Dominion Theatre on Wednesday next.

ST. ANDREWS BAZAAR ON SATURDAY NEXT

Everything is in readiness for the grand Bazaar under the auspices of St. Andrews church to be held in the Gibson Block Saturday afternoon and evening and needless to say the store which it is to occupy will be filled with stalls displaying beautiful articles of different kinds which will appeal to the one who wishes to distribute unique and original Christmast gifts.

There will be the usual fancy work stall which will offer beautiful camisole tops and lingerie of different kinds as well as centerpieces and doilies etc, in crochet and embroidery. Also a special stall of handkerchiefs and aprons of every imaginable variety and so moderately priced that anyone interested in this booth will do well to pay an early visit.

Special attention is directed to the home made candy booth where an abundance will be offered and knowing how the boys in the trenches welcome a supply of this toothesome delicacy, one would do well to include some of the different kinds in the box for overseas.

The home baking stall will display a splendid variety of cakes, pastry and home made bread also many kinds of canned fruit. Very special notice is directed to a booth which will handle bags alone and will show one hundred very stunning bags suitable for different occasions which will make very acceptable gifts. The wise will arrive early to enjoy the full benefit of the variety. Afternoon tea will be served commencing at three o'clock and a very cordial invitation is extended to everyone, for one does not have to be a Presbyterian to enjoy this grand bazaar.

CANUCKS HOLD ENEMY GROUND

Order of Von Hindenburg that Passchendaele Be Re-taken Has Not Borne Fruit—Canadian Troops Are Well Dug In in New Positions.

London, via Reuters, Nov. 7—Reuters correspondent at British Headquarters in France, says:

"The order attributed to von Hindenburg that if Passchendaele was taken it must be re-taken, has not borne fruit. By nightfall the Canadians were reported well dug in around the half-moon of captured ground, and well supplied with machine guns.

"The principal feature of the fighting is the enemy's refusal to allow our men to come to close quarters. Their resistance consisted mainly of lang range machine gun fire which, owing to unfavorable weather conditions was not very effective.

"Our walking wounded agree that the Huns did more running in this battle than usual. We command very wide observation over the plains of Belgium."

CHOOSING CANDIDATES

The Conservatives of the Nanaimo riding at their convention in Duncan on Tuesday decided that they would support a Liberal-Unionist candidate in the coming election provided that a Conservative-Unionist candidate was chosen for Victoria. The Colonist in yesterday's issue takes objection to this provision, declaring that is does not believe in the principle of a saw-off. For ourselves we do not see that it matters very much how an agreement is reached so long as unity is the result, and support for the unionist government is secured. It would be better, no doubt, if the electors of any riding exercised their unrestricted right to chose a suitable candidate without any regard to what was being done in a neighboring constituency. Theoretically, this is the only right and proper principle of selection, but if it were exercised in the peculiar national conditions of today, the result would inevitably be to defeat the end the bulk of the electors wish to achieve. Political beliefs and convictions, if they have not gone by the board under pressure of the present national emergency, have at least been temporarily subordinated to other ends and issues. The greatest need of Canada is union government, and in the recognition of this need, party boundary lines have been wiped out. Life-long political enemies have accepted positions in the same cabinet in the belief that in no other way could they give the same service to the country. It is just as essential to the efficiency of the government so formed, that the followers of these men in the House of Commons should be adjusted as equitably as possible. If both parties ran unionist candidates, as they have a perfect right to do, without consultation or any general agreement, the most probable result would be the defeat of the union government. As a matter of fact the union government could never have been formed except upon a general agreement as to the representation of the two parties in the election. There was bound to be difficulties in working out this agreement, and, in cases, the infringement of recognized principles and practices, but the main thing at present is to avoid any action that will imperil the return of union candidates. It is not an unreasonable attitude on the part of the Conservatives of this riding that if they give way here the Liberals of Victoria should meet them in the same way. It offers a working basis for agreement, the object of which is to secure the return of union candidates in both ridings, and as such should prove generally acceptable.

convention at Vernon and informed the meeting as to what action had been taken thereon by the department which in the majority of instances was nil.

Resolutions were adopted in favor of the introduction of a uniform system of writing books to correspond with the method advocated by the Department; that steps be taken to amend the present law and have the date for the holding of the annual meetings of Rural schools changed from July to some time in the winter, and that the Government be urged to revise the School Act, whereby the trustees may be paid in full the amount of annual vote in quarterly instalments regardless as to whether taxes have been paid or not. The meeting also unanimously adopted a resolution stating that as some doubt existed as to the legality of School Trustees receiving expenses for attending Trustee conventions an amendment be asked from the provincial government having this question placed on the statutes so that the matter may be definitely settled.

The convention held a session last evening and adjourned at 10 o'clock to meet this morning after adopting resolutions protesting against the withdrawal of financial assistance by the government at a time when money is being spent for many other things that are of less importance than the work of the Association thus hampering and making ineffective the good work being done by the association in the cause of education and that the association make no apology for asking the goverament to provide for half the cost of the printing involved in the work of the association and that strong representations be made to the Minister of Education in this connection. The convention also went on record in favor of school hours being continuous throughout the year from 9 a. m. to 3:30 p.m. and urged upon the various school boards of the province the need of care in the employment of teachers who make a practise of voiding a contract made with a school board if a better contract offers before the school term actually begins thus doingan adjustice to the board by which they are at the time employed.

WINCARNIS offers you the quickest, the surest, and the safest way to the new health you need when you are

Weak, Anaemic, Nervous, Run-down

WINCARNIS offers you new health! Think what this means to you. Instead of that out-of-sorts, nervous, run-down feeling, you can revel in the enjoyment of new and buoyant health. You feel well—eat well—work well—sleep well—and rise in the morning refreshed and vigorous, and feel your whole body pulsating with new life.

That is the new health Wincarnis offers you. Because Wincarnis is a Tonic, a Restorative, a Blood-maker and a Nerve Food—all in one. This four-fold power, acting upon the system at one time, enables Wincarnis to give new strength, new rich blood, new nerve force, and new vitality. And because Wincarnis does this, it is recommended by over 10,000 Doctors.

If you are weak, Wincarnis will give you new strength. If you are Anæmic, Wincarnis will give you new rich red blood. If you are nervous, Wincarnis will give you new nerve force. If you are run-down, Wincarnis will give you new vitality.

Knowing that, surely you will not continue to suffer needlessly. Remember, you begin to get well from the first day you commence to take Wincarnis. And each succeeding day you derive more strength, more rich blood, more nerve force, and more vitality, until soon your whole system becomes surcharged with a feeling of new life.

When you can stop taking Wincarnis.

But you can still enjoy the new health Wincarnis has given you.

Wincarnis is not a luxury, but a positive necessity to all who are Weak, Anæmic, Nervous, Run-down—to all enfeebled by old age—to martyrs to Indigestion—to all Invalids—and to all who are depressed and "out-of-sorts."

Don't suffer needlessly. Take advantage of the new health Wincarnis offers you. But be sure you get Wincarnis—don't trust substitutes.

Women of Canada, Make Your Money Fight for Your Boys

CANADA'S women have been foremost in all good works in the war. In thousands of mother hearts are the wounds of the greatest sacrifice the war has demanded of our people. Their spirit of self-denial, their patience in suffering, have inspired Canada's men to greater and still greater effort.

Canada's Victory Bonds give you mothers, and wives, you sweethearts and sisters of Canada's boys in the trenches the opportunity to fight shoulder to shoulder with them in France.

You can fight with your money when you put it into Victory Bonds just as truly as though you stood beside your boy with a rifle in hand.

So you women of Canada have an interest second to no other in the success of the Victory Loan.

—because it means support for your fighting men, the support that is absolutely necessary to win Victory.

Women of Canada, you will grasp this opportunity to fight along with the men of Canada.

Buy Victory Bonds with your savings. Urge your friends to buy. Use your organizations to influence everybody in your community to make Canada's Victory Loan a real weapon for Victory in the war.

★ ★ ★

And as an investment a woman's savings can be put into no safer security, drawing a good rate of interest, than Victory Bonds.

Canada's Victory Loan Campaign will begin Next Monday, November 12

ROBINSON CRUSOE IS HERE TONIGHT

To go or not to go. That is not the question; but never the less the answer is TO GO. Everybody who is anybody and who had the forethought to secure their seats well in advance will be at the Dominion tonight to see F. Stuart-Whyte's big new musical show "Robinson Crusoe."

An unusual amount of interest in this production has been evidenced among local theatre-goers. Stuart-Whyte's policy has always been, to give something a little bigger and better each year, and, judging from advance reports, he has reached the pinnacle and set a standard which he himself will find difficult to eclipse.

For this season he has assembled a cast and chorus and provided a scenic production that has taken months of time and a small fortune to gather together. The costumes alone have required infinite care and attention to detail not to mention expense and represent the best work of modistes and costumers in Europe and America.

Miss Zara Clinton, who plays Crusoe, and therefore is compelled to wear abbreviated trousers and goat skins, says she is envious of the humblest chorus girl when she sees her transformed into a divinity by the simple process of donning one of the gowns which she wears in the show. Really, Miss Clinton need not worry her pretty head, for there are many, among them ourselves, who vastly prefer the tight and buckskin, whatever that means.

At all events it is going to be a wonderful show and all of us who can get there will be there to show F. Stuart-Whyte and his gilt-edged bunch of talent that we really appreciate their efforts to give us a good time.

PRIVATE GEORGE JACK DIED OF WOUNDS

Private George Jack, Mounted Rifles, son of Mr. and Mrs. Adam Jack formerly of Nanaimo, now residing in Vancouver, has died of wounds received in action.

On Sunday last the bereaved parents received information from Ottawa that their son had been admitted to No. 44 Casualty Clearing station on October 27th, with gunshot wound in the right thigh and leg, and on Monday they were informed of his death which occurred on October 29th.

REVOLUTIONISTS ARE IN CONTROL

Maximalists Overthrow Government of Kerensky and Secure Control of Petrograd—Russia May be Torn by Civil War.

Petrograd, Nov. 8.—Government forces holding the winter palace were compelled to capitulate early this morning under fire of the cruiser Aurora, and the cannon of the St. [illegible] fortress across the Neva River. At 2 o'clock this morning the Woman's Battalion, which had been defending the Winter Palace, surrendered. Workmen's and Soldiers' Delegates are in complete control of the city.

London, Nov. 8.—Opinion is expressed in Russian circles in London that M. Kerensky, who early was advised of the intentions of Nikolai Lenine to grasp power removed the seat of government to Moscow and from there will endeavor to unite the moderates against the Maximalists and also to rally to his support Cossacks and such others who have not already gone over to the Exeremists.

Petrograd, Nov. 8.—Premier Kerensky was reported last night at Luga, 55 miles southwest of Petrograd.

Late yesterday evening after government forces had been driven into the Winter Palace, the palace was besieged and lively fighting of machine guns and rifles begun. The cruiser Aurora which was moored at Nicolai bridge, moved up within range firing shrapnel. Meanwhile the guns of St. Peter and St. Paul fortress opened fire. The palace stood out under the glare of searchlights of the cruiser and offered a good target for the guns. The defenders held out four hours, replying as best they could with machine guns and rifles. There was spasmodic fire in other parts of the city, but Workmen's and Soldiers' troops took every means to protect citizens, who were ordered to their quarters. The bridges of the Nevsky Prospect, which early in the afternoon were in the hands of the government forces were captured and held during the night by Workmen's and Soldiers' troops. The battle at the Palace, which began shortly after 6 o'clock, was a spectacular one. Armed cars of revolutionaries, swinging into action in front of the Palace gates, while flashes from the Neva were followed by the explosion of shells from the guns of the Aurora.

LOCAL TRIBUNALS ARE IN SESSION

Nanaimo's Exemption Tribunals Are Now Ready to Deal with Class One Men Under Military Service Act.

Nanaimo's two Exemption Tribunals commenced their sittings yesterday in the City Council Chambers, and for the two days remaining of voluntary registration will devote their time, according to the stipulations of the act, in hearing applicants who appear in person to prefer their claims for exemption. This is the [illegible] It applies to all claiming exemption who do not wish to appear at the postoffice registration counter.

R. S. Lennie, the provincial registrar, has made the following statement:

The military service act does nothing more than provide the machinery by which the people of Canada can provide the men necessary to maintain at their proper strength the military forces of Canada has sent to take part in the war, and thus preserve the national faith and honor.

Twenty-six hundred men sitting in thirteen tribunals will be called upon simultaneously to deal with individual cases and the results of their labors will be the measure of Canada's resolve to perform its national duty.

Applications for exemption may be made either by the man himself or on his behalf by his employer or any person associated with him in business or a near relative.

No counsel, advocate or solicitor will be heard upon any application unless he be an applicant, but a military representative, but not more than one at the same time may appear as a party to each application heard by a local tribunal.

The tribunals have all necessary power to preserve law and order and are a separate civil institution entirely apart from the registrar who merely assigns their work, records their decisions and thereafter issues exemption certificates and finally makes the draft as required by the military authorities, and otherwise administers the act in the province.

All Class One men who have not already reported through the postoffice should not fail to do so before Saturday, the 10th. Those who desire to claim exemption should also fill out their form at the postoffice.

During the next two days of the sittings of the exemption tribunals, the form of claim for exemption can also be filled in before and left with one of the two tribunals, but the hearing of such claims will not take place until the registrar notifies the applicant except in special cases and for urgent reasons. This is to allow the members of the tribunals to confer together and become acquainted and familiar with their duties which will be in full swing on Monday, the 12th of November.

Eremption claimants should follow the instructions received from the registrar so that confusion will be avoided. The claimant should remember that the claim he signed and delivered to the postmaster is a record of the registrar's office merely. He has something more to do now. He should now give the evidence in support of his claim either verbally or in writing, addressed to the tribunals to which his case has been assigned: "Eremption Tribunal No. —, City Hall, Nanaimo.

Ottawa, Nov. 8.—The Evening Journal today says that the suggestion that the Prime Minister would contest Ottawa against Sir Wilfrid Laurier is not credited in Government circles and, in fact, has not been seriously considered.

Hon. President—Hon. J. D. Maclean Minister of Education.

President—Jno. Shaw, Nanaimo.

1st Vice.-Pres.—W. R. Hayhurst, Spallumicheen.

2nd. Vice-Pres.—Mrs. Irene Moody, Vancouver.

Sec.-Treas.—R. J. Hogg, Peachland.

Executive—J. Harwood, Vernon; A. G. Perry, North Vancouver; Mrs. Ross, Nelson; G. Stevens, South Vancouver.

The convention had a busy day yesterday, holding sessions in the morning, afternoon and evening. At the morning session a lengthy discussion took place on a resolution in favor of the Association recommending to the Education Department that the necessary steps be taken to provide that pupils of the Entrance Class be promoted to the High School on their proficiency shown during the year, instead of having to sit at a special written examination as at present, the resolution being defeated by a vote of 19 to 16.

The Hon. J. D. Maclean, Minister of Education, was present at the afternoon session and made a spirited reply to the criticism levelled at the Department of Education at Wednesday's session of the convention by the President, Mr. J. W. Berry. The Minister denied the charges made by the president in regards the treatment given the Association and stated the Department was always ready to consider recommendations of the Association but could not be blamed if such recommendations were not enacted into legislation, such authority resting in the hands of the Legislature. In conclusion the Minister of Education stated the Association was doing a good work and he wished it every success.

During the course of the afternoon session Mrs. Moody of Vancouver delivered an able address on "A Three-Year Technical Course for High School Girls" which received much favorable criticism, and a number of resolutions were discussed and adopted, one of which was that representations be made to the Minister of Education advocating that the School Law be amended so as to appropriate to School Trustees a sum not to exceed $50 each per annum. Resolutions were rejected calling for a reduction in the number of subjects taught in the High School, that the time for the Entrance examination be extended to five days to reduce the strain on candidates, and that the government be asked to alter Section 3 of the Public School Act so as to allow simple Bible reading on non-sectarian principles to be part of the curriculum of the public schools.

The evening session was a lengthy one, and was taken up with further discussion of resolutions, election of officers, presentation of the secretary-treasurer's report, an address by Dr. Drysdale, of this city, on "The Medical Inspection of Pupils," and a short address by Mr. John M. Rudd on Canada's Victory Loan. The report of the secretary treasurer showed total receipts during the year of $820.25, and an exppenditure of $497.74, the amount of cash on hand after the payment of outstanding accounts and the cost of the convention being $121.50.

Mr. Rudd, chairman of the Victory Loan Campaign in this district made a fervent appeal to the delegates to do all in their power to make Canada's Victory Loan a success. He stated the reasons for the floating of the loan and remarked that during the fifty years prior to the war Britain had advanced to Canada the sum of $2,500,000,000, which had been the foundation of Canada's progress and development, and that now Britain was asking for credit, and the $15,000,000 the citizens of the Dominion were now asked to advance would all be spent in Canada for the purchase of munitions and war supplies. Prior to the war, Mr. Rudd stated the unfavorable balance against Canada as between exports and imports was $100,000,000 a year whereas during the five months of the present year there was a favorable balance of two hundred million dollars. There was a side to the loan, declared the speaker, that was often lost sight of and that was the spirit of thrift and saving it would instill into the life of the nation which in the past had been living on the future forgetting in the days of prosperity the inevitable days of adversity, and if the nation could be induced in invest in the loan thus practising thrift and saving, a good service would have been done. There was no better security than that offered by the Victory Loan, he declared and he urged the delegates to the convention, when they returned home to do all they possibly could to assist in making Canada's Victory Loan a gigantic success.

The efforts of the local Red Cross and Daughters of Empire yesterday netted the sum of $[illegible] for "Our Day," and when complete returns are in from district points will probably be materially increased. The total was made up as follows: Tag, $675.46; vaudeville at Ladysmith, $90, and proceeds of raffles, $104.95. The winners of the raffles were Miss Dora Robinson, candy; Mrs. H. G. Smith, flowers, and Mr. Bevan, tea.

Owing to the School Trustees convention being in session, the stores of the city open owing to pay day, and other public functions, the annual meeting of the Nanaimo Branch of the Patriotic Fund was not held last evening, but will be held on Monday evening next at 8:30.

ITALIAN ARMY STILL RETREATING

Rome Announces That Larger Units of the Italian Army Are Falling Back to Line of Defense Without Molestation.

London, Nov. 8.—There has been no cessation in the retreat of the Italians across the Venetian plains toward the line of defense on which it is proposed to face the invaders. Larger units of Italians are falling back without molestation, according to Rome, but considerable fighting has taken place in the hills of Vittorio, and at other points north.

The Berlin War Office says that on the middle Tagliamento river, Italian troops who were still standing out against the invaders were captured. A general and 1700 additional Italian troops are reported to have been captured, bringing the total number of prisoners since the retreat from the Isonzo began to more than 250,000, according to Berlin. It is asserted also that in excess of 2,300 guns have fallen into the hands of the Teutonic Allies. Along the line in France and Belgium only artillery duels and raiding operations by the French and British forces are taking place.

Additional ground has been gained by the British troops against the Turks in Palestine and along the Tigris river.

NOT GOING TO STATES

London Nov. 8.—A report printed yesterday morning that Major Sir Arthur H. Lee, director-general of food production, would shortly go to the United States to confer with Herbert C. Hoover and other American officials with reference to food supplies brought a denial of its truth from Sir Arthur, 'Neither I nor any other office of the food department is contemplating going to the United States," the director-general told the Associated Press.

NOMINATE FOR NANAIMO RIDING

Conference at Duncan Yesterday Decided to Nominate Union Candidate Thursday Next—Premier Will be Asked to Endorse Nominee of Convention.

"We pledge ourselves and the parties we are here to represent to meet in joint convention for the nomination of a Union candidate and to support the choice of such convention and will request the Premier to endorse such nominee as the government candidate."

The above resolution was unaimously carried at a round table conference held in Duncan yesterday afternoon between the Win the War League, Conservative and Liberal associations of Nanaimo Federal Riding and a representative of Labour. Seven delegates of each body were present at the invitation of the Win the War league, one of their number, Ald. John W. Coburn, Nanaimo, acting as chairman and Hugh Savage, Duncan, also a leaguer, as secretary. The invitation from the League had been extended to the two large parties only, but on resolution, the labour delegate Mr. Matthew Armstrong, Northfield, was welcomed to the conference.

The nomination convention is to be held at the Oddfellows' Hall, Duncan, on Thursday next, 11.30 a.m. Equal representation of 25 delegates each is given to the Win the War League, the Conservative and Liberal Federal riding associations and by special resolutions, invitations were extended to the War Veterans' association; to organized labor and to the United Farmers of B.C., in the riding to send three delegates each to the nomination convention.

The war veterans are invited to send one delegate each from Nanaimo, Esquimalt and Resthaven. Organized labour is to be represented by one delegate from Nanaimo, one from Esquimalt and one from Ladysmith. The farmers are to send one delegate from Cowichan, one from Saanich and one from the Islands.

The basis of representation for the Win the War, Conservative and Liberal bodies of the riding is to be apportioned thus:—Saanich 6, Nanaimo 6, Esquimalt 5, Newcastle 3, Islands, 2. Total 25.

Delegates present were:—Win the War League: W.C. Sampson and A. Carmichael, Oak Bay; T.H. Slater and John Jardine, Esquimalt; Ald. John W. Coburn and H.N. Freeman, Nanaimo; Hugh Savage, Duncan. Conservative: Hon. Senator Planta and Wm. Bennett, Nanaimo; I.E. Lowe, Ladysmith; P.W. Anketell Jones, Chemainus; C.H. Dickie, Duncan; Joseph Nicholson, Saanich, R.H. Pooley, M.L.A., Esquimalt. Liberals: F.A. Pauline, M.L.A., Saanich; M.B. Jackson, M.L.A., Islands; H.G. Helgesen, Metchosin; Dr. G.B. Brown, Nanaimo; W.T. Fraser, Ladysmith; P. Cambell, Duncan. Labour, M. Armstrong, Northfield.

FATHER DALY WAS GIVEN THREE MONTHS

Liverpool, Nov. 8.—Father Michael Daly, who has been two years in the United States and who arrived here recently from New York has been sentenced to three months imprisonment for having a code, by which the communication of naval and military information was possible.

Father Daly said the code had been given him in the States by Father Murphy, who was interested in the Sinn Fein movement.

HERBERT E. PECK PASSED AWAY

The death occurred last evening, after a somewhat lengthy illness of Herbert E. Peck, proprietor of the Pink 'Un Hotel, situated on the Brechin Road.

The deceased was a native of Nanaimo, aged 51 years, and had spent all his life in the city. When in his prime "Bert" was an athlete of more than local renown, and besides holding the provincial sprinting championship at 100 yards, was a member of the famous Nanaimo Hose [illegible] pionship for several seasons.

Having spent all his life in Nanaimo but few men were more widely known in the district than Bert Peck. He is survived by his mother, Mrs. T. E. Peck, Cavan street; two brothers, Claude and Sidney, and two sons, Thomas, at present in hospital in England, and Herbert, who is now on his way home on furlough.

The remains now lie at McAdie's undertaking parlors pending the completion of funeral arrangements.

LOCAL FARMERS ENTER PROTEST

There was a good attendance of the Nanaimo Local of the United Farmers of B. C., in the Agricultural Hall yesterday afternoon. A full discussion took place as to the injustice of the Government imposing a Surtax of 100 per cent. on the farmer, and it was resolved that every effort should be made to have the system of taxation made equitable.

The meeting also went on record as opposed to any interference from the City Council or others as to the market price of potatoes as the cost of same has only advanced 15 per ment. since the war, while all other products, such as flour, sugar and grain have risen about 100 per cent.

AUSTRALIA MAY VOTE CONSCRIPTION

Melbourne, Nov. 8.—(Via Reuters) Newspapers warmly applaud the Governments decision to take another referendum on conscription, but deplore the delay involved. Newspapers declare that the Government should stake its existence and life of parliament on the success of the appeal. It is stated that the soldiers at the front will again have a vote. The official Labor Party, which opposed the last referendum is not able to fight strongly against the coming referendum owing to lack of funds.

Over 20,000,000 pounds, has been subscribed to the Liberty Loan.

BIG LOSS OF FOREST WEALTH

Ottawa, Nov. 8.—That twenty-two times as much timber has been destroyed by fire in British Columbia than has been cut by lumbermen is the conclusion reached by officials of the commission of sonservation who has been inquiring into fire losses in the various provinces. The destroyed timber is equivalent almost to twice the amount of saw lumber now standing in the province and to nearly as much saw lumber as is now standing in the forests of all Canada.

ORDERS ARREST OF KERENSKY

Sweeping Manifesto has Been Issued from Petrograd by Revolutionists, Who Overthrew Government of Russia Led by M. Kerensky.

Petrograd, Nov. 8.—The official news organ of the Maximalists has made public the following statement:

"The Congress of Council of Workmen's and Soldiers' delegates of all Russia which convened [illegible] issued this morning the three following proclamations:

"To all provincial Councils of Workmen and Soldiers and Peasants delegates. All powers lies in the Workmen's and Soldiers' delegates. Government commissaries are relieved of their functions. The presidents of the Workmen's and Soldiers' delegates are to communicate direct with the Revolutionary Government. All members of the Agricultural Committees who have been arrested are to be set at liberty immediately, and the commissioners who arrested them are in turn to be arrested."

The second proclamation reads as follows:

"The death penalty re-established at the front by Premier Kerensky is abolished and complete freedom for political propaganda has been established at the front. All revolutionary soldiers and officers who have been arrested for complicity in so-called political crimes are to be set at liberty immediately.

Third proclamation says:

"Former Ministers Konovaloff, Kishkin, Terestchenko, Malyantovitch, Nikitin and others have been arrested by the revolutionary committee.

"M. Kerensky has taken flight and all military bodies have been empowered to take all possible measures to arrest Kerensky and bring him back to Petrograd.

"All complicity with Kerensky will be dealt with as high treason."

Nikolai Lenine was introduced by Trotzky as an "old, old comrade, whom we welcome back."

Lenine said: "Now we have a revolution. Peasants and workmen control the government. This is only a preliminary step toward a similar revolution everywhere."

London, Nov. 8.—A Reuter dispatch from Petrograd says delegates from the Baltic and Black Sea fleets declared in favor of the Workmen's and Soldiers' Council.

According to the same correspondent, the first, third, and fourteenth Cossack regiments informed Kerensky that they were prepared wholeheartedly to support the government provided no compromise was entered into.

PASTE THIS ON YOUR MIRROR.

If your boy goes to the Front:

He has twenty-nine chances of coming home to one chance of being killed.

He has ninety-eight chances of recovering from a wound to two chances of dying.

He has only one chance in 500 of losing a limb.

He will live five years longer because of physical training.

He is freer from disease in the army than in civil life.

He has better medical care at the front than at home.

In other wars from ten to fifteen men died from disease to one from bullets.

In this war one man dies from disease to every ten from bullets.

This war is less wasteful of life than any other in history.

Only 10 per cent. of all Canadians disabled for further service have been physically unable to engage in their former occupations.

If your boy is one of the 10 per cent. the government will re-educate him in another vocation at which he can earn a living.

THE HIGH SCHOOL COURSE

The convention of school trustees now in session in Nanaimo found an interesting subject for discussion in the proposal to lengthen the High School term from three to four years. There is, however, small hope of any general agreement on this question. In the first place there is a sharp diversion of opinion as to the precise function the High School fulfils in the Canadian educational system. Then again there is no earthly chance of agreement as to what the students should be taught, and what they should not. Some of the trustees would lessen the strain and the length of the term by eliminating from the curriculum such subjects as Latin and French. They can see no use in pupils spending time in learning such subjects as these. There are just as many educationalists who would regard a high school course as woefully incomplete and entirely unsatisfactory unless it included these subjects. Who, then, is going to decide? It would not do to overlook the utilitarian side of education, although even here it is not easy to find a common line of agreement. There is a certain point to which the general education of every boy and girl must be carried, if education, as is has been broadly defined, is the art of forming men. Neither a boy nor a girl is anything the worse for the possession of a little knowledge outside the particular profession or business he or she is preparing for. There are any number of subjects, which, from a utilitarian standpoint, have no more value than French or Latin. The boy or the girl who has mastered French has always a source of infinite pleasure and instruction open to him in after life, and, with Quebec a solid French settlement, speaking the French tongue, there is a strong additonal reason for teaching French in the Canadian high schools. It may not perhaps be possible to say the same for Latin. There is not one out of twenty men whose painful acquaintance with the Latin tongue continues once they have settled down to the serious business of life. But the same thing occurs with mensuration, with algebra, with Euclid and with the higher branches of arithmetic, and there is this difference. That whereas the average man is quite content to forget some of the sciences he was compelled to learn at school, he always finds his acquaintance with Latin a great help in mastering his own language. The trustees have opened a discussion which it will take more than one convention to end.

RUSSIA.

So far as Petrograd is concerned Kerensky is out of office and presumably a fugitive from the Maximalists, or Anarchists, who have brought about his downfall. Whether these extremists who have seized power, and announced a government, can exercise any authority outside of the capital remains to be seen. All that can be said is that the new masters are carying off things with a high hand, and the most likely result from this new development is civil war. It has been obvious for months past that Kerensky was unequal to the task of leading the country out of the chaos of the revolution. Brave in words, he has shown himself incapable of strong action, and has weakly given way to pressure when stern measures were necessary. His cardinal mistake was made when he refused to join hands with Korniloff when the latter attempted to put down the Soldiers' and Workmen's Councils, and restore discipline in the army. There are now only two apparent alternatives before Russia. The first is for the Maximalists to play into the hands of Germany, and the second is civil war. Either way Russia is likely to suffer more for her revolution than she did from the crushing tyranny of the Romanoffs.

Claiming it has solved the steel problem and that they are no longer dependent on other countries for construction materials, the Asano Shipbuilding Company intends to become the biggest shipbuilding plant in Japan within the next six months, according to word brought from the Orient by the Nippon Yusen Kaisha liners Sunday.

A large United States meat packing company is going to locate in St. Boniface, Winnipeg, and erect a $4,000,000 plant. The proposed site, east of the Union Stock Yards, covers an area of 205 acres and was purchased nearly ten years ago by an English syndicate from Hon. Robert Rogers for $800,000. The firm is thought to be Armour & Co., of Chicago.

WILHELM'S PRIDE IS NOW U. S. TROOPSHIP

Thanks to Wilhelm, Uncle Sam now has in his possession a transport capable of carrying over 10,000 men and all equipment. The Vaterland up to a few months ago, was the "last thing" in ships, a veritable floating palace, but is now transformed into the largest troop transport in the world. As if undersea warfare was forseen it is U-boat proof, gun platforms for numerous rapidfire guns were craftily built into her, her speed is unbeatable. She has watertight compartments, which make her unsinkable; if struck squarely by several torpedoes she would still keep afloat. As American engineers have gone ahead remodelling her, they have come across surprise after surprise; what they had intended to do had already been done; the discoveries in themselves have heightened suspicion that the Vaterland was built especially to carry a small army probably to surprise Uncle Sam if things had gone Wilhelm's way.

WAR VETERAN SAYS:

"I have served in the British Army for 14 years, in South Africa India and France. In my occupation of shoeing-smith I have met with a great many accidents, for which I have used various remedies, but never have I used anything that can begin to compare with Zam-Buk. As a healer and preventive of blood-poisoning Zam-Buk is in a class by itself. Every soldier should carry a box of it in his pocket."

The above is an extract from a letter received from S. McIllwraith, of the 2nd Argyll and Sutherland Highlanders.

For the many injuries incidental to a soldier's life Zam-Buk is certainly invaluable. Nothing so quickly ends pain in a cut, a burn or a sprain, and for chapped hands, cold sores, chilblains and blistered feet it cannot be equalled. All dealers, or Zam-Buk Co., Toronto. 50c. box. 3 for $1.25.

SIGNS OF DISTRESS IN CONSTANTINOPLE

Amsterdam, Nov. 8.—The Colonge Gazette's Constantinople correspondent says an order has been issued there fixing three meatless days each week.

The correspondent adds that a shortage in fuel is necessitating the cutting down of forests around the city; also that the depreciation in paper money and the resultant inflation of prices is causing alarm.

UNION GOVERNMENT CAMPAIGN

Ottawa, Nov. 8.—Definite plans for the opening of the campaign on behalf of the Union Government have not been made. It was stated at the Premier's office today that it was unlikely he would be able to leave for Halifax before the early part of next week, where Sir Robert and Hon. A. K. Maclean will speak. The campaign will not be on in earnest until after nomination day.

MAXIMALISTS ACTIVE

Petrograd, Nov. 7.—An armed naval detachments under orders of Maximalists has occupied the offices of the official Petrograd Telegraph agency.

WINTER FILLS M. H. C. NIGHT SCHOOL CLASSES

Alberta Men Show Great Interest in Civil Service Courses and Are Successful.

Edmonton, Alta. Nov. 8.—With the coming of winter and the long evenings, the night school held in the Vocational Training Branch of the Edmonton Military Convalescent hospital is filling up with ambitious returned men who are not able to attend in the daytime.

Special inerest is shown in the classes preparatory for civil service examinations, and in September, when the preliminary tests for the service were held, four night school men passed and are now studying for the qualifying examinations.

The courses offered in the night school follow the same lines as those for the day students. Commercial subjects are popular, and many are brushing up their general education in preparation for the return to civil life, so as to qualify for better positions in the business world.

"The men are learning" explained one of the instructors, "that dollars and sentment do not mix, and they are making the most of the advantages which the Government is offering them to improve themselves."

VIRGINIA IS DEMOCRATIC

Richmond, Va., Nov. 8.—The Democratic State ticket received the usual majority in today's election. Westmorland Davis rolled up a majority of 30,000 for Governor over Thomas J. Muncy, Republican.

Washington, Nov. 7.—Word has been received here that the Austrian government has forbidden the introduction of all Swiss newspapers into Austria, even including those published in the German language, and preventing the sending to foreign countries of Austrian papers, except those published in Vienna under control of the military authorities.

WETS CLAIM LEAD

Cincinnati, Nov. 7.—The wet and dry fight in Ohio see-sawed here today and through the disclosure of a mistake alleged to have been made in tabulation anti-prohibition forces claimed a lead tonight by a majority of approximate 17000 votes. 246 precincts are yet to be heard from.

ALL CHILDREN LOVE SYRUP OF FIGS FOR LIVER AND BOWELS.

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother! If coated it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Notice is hereby given that no one will be allowed on the Caledonian Grounds without a written permit from the owners. Any one found on the grounds will be prosecuted for trespassing.

Buying Victory Bonds is Sound Patriotism and Good Business

THE PURPOSE of Canada's Victory Bond issue, the fourth of Canada's war loans, is two-fold:—

First, to maintain and support the Canadian army;

Second, to enable Great Britain to purchase in Canada those supplies which she must have to carry on the war and to provide food for the civilian population at home.

Canada has in both those purposes an irresistibly impelling interest. Canada's patriotism demands that our soldiers lack nothing in food, clothing, guns or service, to win the war.

And, Canada's own self-interest demands that production shall increase, that commercial activity shall continue, that wages shall be maintained.

What is more—Canada's self-interest in this case is also a patriotic duty—for we must maintain conditions of material well-being in Canada in order to sustain a maximum of war effort.

Great Britain's market offers a sure welcome to the products of Canada's fields, mines, fisheries and factories.

But Great Britain must have credit to buy these products.

So in order to provide the necessary credit the Minister of Finance borrows from the people of Canada, by means of Victory Bonds, the proceeds of which will be used to establish that credit.

You, and each of us—up to the greatest sum in our ability to invest; up to the point where it hurts; must all buy Victory Bonds.

ROBINSON CRUSOE WAS A SPLENDID ATTRACTION

Mr. F. Stuart-Whyte has scored with all his productions in Nanaimo, and his pantomime of Alladin last year was far and away one of the best things of the kind ever seen here. "Robinson Crusoe," as staged last night, was from any point of view a great improvement on Aladdin. It may be safely said that a better staged or better dressed show has never been seen in Nanaimo. The scenic effects were only equalled by the elaborate dressing, while the performance was equally as strong musically as in comedy. There was also some excellent symbolic dancing, and with popular principals and a well trained chorus the show was a pronounced success. There was a well-filled house, and it was a well-satisfied audience that left the theatre.

DOMINION THEATRE

An unusally strong show is slated for the Dominion for to-day and to-morrow. There are two features, the one "On The Level, features Fannie Ward. It is a sensational five act photo-play, of equal rank and interest is the uproariously funny 2-act comedy "The Butcher Boy," with Fatty Arbuckle in the lead. If you miss this programme, you will regret it.

"Crime and Punishment", the five act photoplay which heads the bill at the Bijou to-day is from the powerful Russian story by Doctoieffsky of the same name. The eminent English actor Derwent Hall Caine, has the leading role. With this is offered two acts of the exciting serial "Patria" featuring Mrs. Vernon Castle, and a sparkling one reel comedy.

RUSSIAN REVOLT ONLY TEMPORARY

German Official Circles While Favoring Revolutionists Believe Russian Popular Opinion will Re-act in Favor of Kerensky.

Paris, Nov. 9.—"Those who thought the Russian revolution had been finished made a mistake," said M. Maklakoff, the Russian Ambassador to France in an interview which appears in the Petit Parisien. "Alas, now the blood of our people again flows in the streets of Petrograd.

"But however sad may be the advent to power of the Maximalists it can only be a momentary success: In my opinion it is the supreme effort of the Maximalists. This desperate attempt, this daring, can be only the signal for their downfall and the organization of the revolution in a national and patriotic sense which is bound to assure victory against the enemies within and without.

"Russia as a whole is about to rally around a national Government and form for it a rampant of flesh and blood. A radical surgical operation was necessary perhaps after the misunderstanding caused by Gen. Korniloff's move in order to secure the salvation of immortal Russia."

London, Nov. 9.—A dispatch from Petrograd says members of the Petrograd Municipal Council and Peasant delegates to the Workmen's and Soldiers' Congress, together with Maximalists have decided not to acknowledge the authority of the Bolsheviki, and will appeal to the notions regarding the coup d'etat.

London, Nov. 9.—A dispatch from Amsterdam says: "German official circles view the Russian development as temporary outbursts, which are bound to react in favor of Kerensky. There is general satisfaction that the present Russian leaders will refuse to continue the war. It is believed in Berlin that Germany will await developments and offer Russia a separate peace on easy terms should the followers of Nikolai Lenine retain power."

Petrograd, Nov. 9.— The revolutionary committee supported by the military garrison has taken over all government offices in Moscow, according to a telegram received by David R. Francis, American Ambassador, from American Consul General in Moscow. The dispatch from the Consul-General was dated Thurs day, and added that conditions in the city were quiet.

WRECK OF 1874 WILL BE SALVAGED FOR COAL

In a venture made profitable by war prices for copper and coal, William Benjamin, diving expert of Seattle, is salving the remnants of the old barque Union, which foundered in San Juan Island waters forty-three years ago while bound from Nanaimo to San Francisco.

Benjamin's records are said to set a new record on the Pacific. As far as is known, the Union wreck is the most ancient to figure in salving operations on this coast. For the past five years Benjamin has been casting about in an endeavor to locate the old vessel, and now that he has found it the actual salvage operations will be proceeded with rapidly.

ARRESTS WILL START MONDAY

Ottawa Official Makes Important Announcement Regarding Those Who Are Not Registered.

Up to last night 340 Class One men had registered with Postmaster Horne under the provisions of the Military Service Act and out of the number 332 applied for exemption.

The two local Exemption Tribunals were in session yesterday and will be sitting today in the Council Chamber to receive the applications of those seeking exemption. The Boards wish it made known that it is a waste of time for any applicant to appear before them unless such applicant has appeared before the Medical Board and secured his medical certificate, for an applicant for exemption may be before the Board for an hour answering questions and his claim refused to be found later physically unfit for service by the medical examiner. It is necessary, therefore that the first thing for a man in Class One to do is to visit the Medical Board in the Royal Bank building.

Today is the last day given in which to register and those who by tonight have not obeyed the call will in all probability find themselves in the clutches of the law. That no time is to be lost in rounding up delinquents is evidenced by the following dispatch from Winnipeg:

Winnipeg, Nov. 9.—"Arrests will start Monday, possibly Sunday," said George U. Stiff of the department of justice at Ottawa, "of all those who have not registered under the Military service act, for registration ends Saturday night, and after that a man has no possible way in which to get his name on the list. We expect the work will start Sunday of compiling the lists of those who are known not to have registered. We have several hundred reports now being investigated," said Mr. Stiff, who has arrived to be chief adviser on each individual case.

No need to bake today. Visit St. Andrew's Bazaar, Gibson Block.

BRITISH TROOPS ON ITALIAN LINE

Word Comes From Italian Military Zone That British and French Units Are Moving Toward Fighting Line.

Italian Military Zone, Nov. 8, via Rome and London, Nov. 9.—Both British and French troops are going toard the front.

The French and British representatives who came to Italy had a conference of two hours today with King Victor Emmanuel. The military measures called for by the present situation were discussed in active and cordial collaboration. On leaving the King the party visited French and British troops going toward the front.

In the party were the British Prime Minister, Rt Hon. David Lloyd George; the French Premier, Paul Painleve; the Italian Premier, Vittorio Orlando; General Sir William Robertson, Chief of the Imperial Army Staff; Major-General Wilson, Sub-Chief of the British General Staff; Lieut.-Gen. Jan C. Smuts, the South African statesman and former commander of the British forces in the East African war theatre; the Italian foreign minister, Baron Sonnino; the French Minister of Missions Abroad, Henry Franklin Bouillon; General Foch, Chief of Staff of the French War Ministry, and their staffs.

Italian Army Headquarters, Nov. 8. via Rome and London, Nov. 9.—(By the Associated Press)—The conference of British, French and Italian representatives has resulted in the creation of a permanent Inter-Allied Military Committee. New leadership for the Italian army has been provided.

General Cadorna, who has been in supreme command of the Italian army since the beginning of the war, has been given a place on the new committee.

New heads of the Italian army have been named. General Diaz has been appointed first in command, with General Badogliox second, and General Grandine third. General Foch, Chief of Staff of the French War Ministry, and Gen. Wilson, Sub-Chief of the British Staff, will serve on the Inter-Allied Committee with General Cadorna.

APPEAL TRIBUNALS ARE ANNOUNCED

A. S. Lennie, provincial registrar, states that he had done everything he could do to place before the eligibles the gravity of their positions if they do not register under the military service act, and that though he will os continue until November 10, when voluntary registration stops, he fears some of the lax young men will be caught napping and will be handled by the authorities other than in the manner of procedure under voluntary registration.

He also wishes to impress on employers the necessity for filling out exemption claims for such of their employees whom they believe should be left in employment instead of being taken into military service.

The registration in British Columbia to November 7, totals 11,486 of which 2,514 are service enrollments, and 8,972 are exemption claims.

Mr. Lennie also announces that the Honorable James Alexander Macdonald, chief justice of the court of appeal of the province of British Columbia, being the court of last resort in the province, has established appeal tribunals and assigned the following judges to the respective appeal tribunals:

Appeal Tribunal No. 1—The Hon. Aulay Morrison of the Supreme Court of British Columbia.

Appeal Tribunal No. 2—The Hon. William Henry Pope Clement of the Supreme Court of British Columbia.

Appeal Tribunal No. 3—The Hon. Denis Murphy, of the Supreme Court of British Columbia.

Appeal Tribunal No. 4.—The Hon. Francis Brooke Gregory, of the Supreme Court of British Columbia.

Appeal Tribunal No. 5—The Hon. William Alexander Macdonald, of the Supreme Court of British Columbia.

Appeal Tribunal No. 6—His Honor Frederick McBain Young, County Court of Atlin.

Appeal Tribunal No. 7—His Honor Peter Secord Lampman, County Court of Victoria.

Appeal Tribunal No. 8—His Honor John Robert Brown, County Court of Yale.

Appeal Tribunal No. 10—His Honor Charles Howard Barker, County Court of Nanaimo.

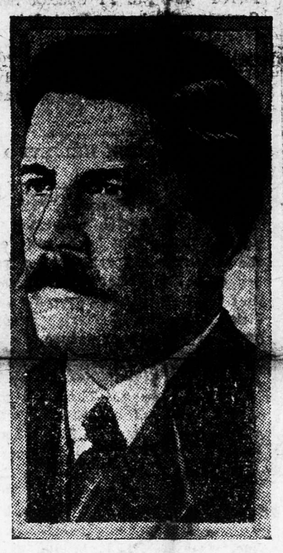
Appeal Tribunal No. 11—His Honor John Donald Swanson, County Court of Yale.

Appeal Tribunal No. 12—His Honor George Herbert Thompson, County Court of East Kootneay.

Appeal Tribunal No. 13—His Honor Herbert Ewan Arden Robertson, County Court of Cariboo.

ARMISTIC IS ASKED FOR

Petrograd, Nov. 9.—"We plan to offer an immediate armistice of three months during which elected representatives from all nations and not diplomats are to settle questions of peace," said Nikolai Lenine, Maximalist leader in a speech before the Workmen's and Soldiers' Congress today.



"We offer these terms,' M. Lenine added, "but we are willing to consider any proposals for peace no matter from which side. We offer a just peace but will not accept unjust terms."

ALL AGENCIES UNITED FOR WAR

Member of the British Mission Tells American Manufacturers How Great Britain Has Treated the Labor Problem in Connection with War.

New York, Nov. 9.—A member of the special mission to the United States from the British Ministry of Munitions at a conference here today with manufacturers in oil, leather and rubber trades, told how Great Britain had treated the labor problem since the outbreak of the war. The conference today is the first of a series in this city with employers and employes in all lines of industry.

Sir Stephenson Kent, head of the mission, admitted that Great Britain blundered at the beginning of the war in sending so many skilled workers to the front. The Employers' Associations and Trades Unions then agreed to the Munitions Act. The unions agreed to abandon all restrictive operations for the period of the war so that the employers can make use of any kind of labor in any kind of employment. Women and unskilled workers, under its provisions may take the place of skilled craftsmen to facilitate work. and wages are fixed definitely. It was made illegal to strike or demand an increase in pay during the war and all labor disputes must be presented to the Minister of Munitions. It was made unlawful for one employer to entice laborers from another through promise of higher pay. This prevented shifting and unsettled conditions in the labor markets and profits of employers were definitely fixed. It was explained that if guns were the need of the moment then skilled labor was sent to arsenals and ordnance factories. If ships were the chief need, these same men went to the shipyards.

More than 200,000 skilled men are made up of munitions volunteers he explained, and they travel from plant to plant, and accept the wages of the district. An army of 1,000,000 women is also engaged in the work.

The Straits Fish Company, with headquarters at Nanaimo, has been incorporated with a capitalization of $40,000.

AWAITING OFFICIAL NEWS FROM RUSSIA

Washington., Nov. 9.—Both the State Department and the Russian Embassy today were without any official advice of any character whatever on affairs in Petrograd. The State Department's last dispatch from Ambassador Francis was sent from the Russian capital last Tuesday. The Embassy's last dispatch was sent from the Russian capital last Monday. In the absence of official advices, officials of the Embassy and Department continued to withold coment.

HUNS REALIZE SUB'S FAILURE

Copenhagen, Nov. 9.— Captain Persius, naval expert of The Berliner Tageblatt, notes a growing impatience among the Germans with the results of the submarine campaign registered in a swelling flood of letters demanding an answer to the question: "When shall we have England beaten?" He throws cold water on the optimists and warns them against accepting as reliable figures of destroyed tonnage, including those apparently German and other statistical material.

Captain Persius says that with the 1917 harvest and her imports of grain, food problems can scarcely become a motive for the next 6 months at least to make Great Britain inclined to conclude peace. He holds that the submarine question for the British will be not "Can we continue the war?" but "Will it pay."

Amsterdam, Nov. 9.—Frederick van Payer, a Progressive leader, has been designated as German Vice-Chancellor, according to a semi-official telegram received here from Berlin. It adds that the appointment of Friedberg, leader of the National Liberals, as Vice-President of the Prussian State Ministry is considered probable.

POLISH LEGION GAINS STRENGTH

Washington, Nov. 9.—Ignace Jan Paderewski is developing qualities as a military man that may give him greater fame than his music in the opinion of officials of the War Department, with whom he conferred again today concerning the Polish legion for war upon Germany.

The legion formally approved by the government, is now encamped on the Canadian side of Niagara Falls to the number of six thousand well-armed and equipped men.

Paderewski is anxious to secure for his legion some of the highly trained and experienced Polish officers who have been serving with the Russian army.

TURKISH ARMY IS IN RETREAT

Entire Turkish Army in Palestine is in Full Retreat Before Victorious British Under Allenby.

London, Nov. 9.—The entire Turkish army in Palestine is retreating towards the north. British aeroplanes are following up the retiring Turks and bombing them.

Forty Turkish guns were captured says an official report announcing the Ottoman retreat issued here today.

British and French naval forces are co-operating against the Turkish communications along the Mediterranean.

The announcement says:

"General Allenby reports that on his right the enemy is retiring on Hebron and that our troops hampering his retreat capturing prisoners and a transport. Our mounted rifles advancing through Jemaneh and Huj 13 miles and 9 miles, respectively, east of Gaza, reached the south bank of the Wadi-Hesu, 11 miles north of the old Turkish front, establishing contact with our forces advancing from Gaza. These latter captured the northern bank of the Wadi-Hesu and Herbieh, reaching the railway, and turning the position prepared by the enemy on the river.

"The Turkish coastal railhead at Beit-Hanun also has been captured and the enemy is being pursued in the direction of the Wadi-Hesu.

"The whole Turkish army is in retreat toward the north. More than 40 guns have been captured.

"The Royal Navy, assisted by the French Navy, has actively co-operated throughout the operations by bombarding enemy communications near the coast and affording other valuable assistance. Our aeroplanes are bombing the retreating Turks."

BIG DRIVE TO START MONDAY

Nanaimo Committee Wants Volunteers to Assist in Selling Bonds in Connection with Canada's Victory Loan.

Monday, November 12th will witness the inauguration of the Dominion wide campaign to raise Canada's Victory Loan of $150,000,000. In every city and district of the Dominion organizations have been effected with the object of securing subscriptions to the Loan full details of which have been given to the public through the columns of the press during the past few weeks.

The Nanaimo Committee has adopted the slogan "A Quarter Million for Nanaimo," which means that every effort will be made to get Nanaimoites to subscribe $250,000 toward the Victory Loan.

At a meeting of the local committee held last evening it was decided that a systematic canvas of the city be made by a corps of volunteers salesmen and up to the present the committee has the names of twenty men who are ready to devote some of their time toward the sale of bonds. The salesman is allowed by the government a commission of one-half of one per cent on the bonds he sells, which commission is not paid by the purchaser of the bond, but by the government out of the proceeds of the loan. The local salesmen are giving their services gratis and all monies they receive from the government in the way of commissions are to be donated to the Nanaimo branch of the Patriotic Fund.

As stated above local salesmen number twenty up to the present time, but the more salesmen are at work the less there will be for each one to do and the sooner the district will be thoroughly canvassed. Volunteers will therefore be welcomed, and anyone in the city who is willing to assist in this necessary and patriotic work is invited to attend a meeting in the Board of Trade room on Sunday afternoon at 3 o'clock, when final arrangements will be completed for the inauguration of the campaign on Monday.

DAYS EVENTS ON ALL WAR FRONTS

Revolutionists Continue to Hold the Russian Capital—Italian Armies Continue to Retreat—Artillery Duels on the Western Front.

London, Nov. 9. The revolutionary element under Lenine continues to hold the Russian capital, but the attitude of the Russian soldiers on the various fronts regarding the assumption of power is still unknown.

The Italian armies continue to retreat across the Venetian plains toward the Piave river where it is expected a stand will be made, aided by British and French reinforcements under a newly formed military command, which is to work in conjunction with a permanent inter-Allied conference of military officers. General Cadorna has been relieved from the supreme command and given a post on the inter-Allied conference, other members of which will be the noted French General Foch, and General Wilson, sub-Chief of the British General Staff. General Diaz has been placed in chief command of the Italian armies.

Reports from Russia still remain meagre but those that are drifting through indicate that Lenine and his followers, including the Congress of Workmen's and Soldiers' delegates are desirous of a cessation of hostilities for three months in order that efforts may be concentrated upon bringing about peace.

With telegraph lines in the hands of the Bolsheviki faction it is natural to presume communications from Petrograd lean toward Lenine and his faction but advices at hand from official and semi-official Russian quarters in Europe and the United States appear to lession the gravity of the situation, and indicate that order will be brought out of the chaos at no distant date.

Contradictory rumors continue to circulate as to the whereabouts of Kernersky, it have been reported that he was under arrest and being taken back to Petrograd for trial by court-martial and also that he was continuing his journey toward the front in an endeavor to strengthen the morale of the troops and put down the revolt. Various members of Kerensky's cabinet are still incarcerated in the fortresses of St. Paul and St. Peter in Petrograd, and it is reported that General Korniloff, former commander in chief of the Russian forces, who has been under arrest for some time, has also been taken thither for trial in connection with the previous revolt. Meanwhile it is stated Petrograd has returned to normal. Casualties during street fighting Tuesday and Wednesday were small.

Activity on the front in France and Belgium has been confined to reciprocal bombardments and raiding operations.

In Palestine British forces gained a notable victory over the Turks, who are in retreat along the entire front with the British and French war vessels harrassing them from the Mediterranean and airmen are bombing the fleeing columns. More than forty guns have been taken from the enemy.

VICTORIA POLITICS

The union movement on the Island received something of a setback when the Liberal Association of Victoria reverted to a straight party attitude for the coming election. There is just a probability, however, that the decision may be reconsidered. In the first place there was a strong unionist element in the meeting, and there may have been some engineering, which will doubtless be uncovered. Then, again, if the Association persists in adhering to this decision, it will have to be prepared for a serious split in its membership. Men who have come out openly in favor of unionism during the war cannot possibly support a Laurier candidate now that the Liberal chieftain has definitely stated his position in regard to military service. It is no use an association tacking on to a resolution supporting Laurier a proviso favoring conscription of men, money, and resources. Laurier will not be bound by any such resolutions, and under the circumstances today a vote for Laurier is a vote for Canada to get out of the war. This is so well understood that it is difficult to understand any association indulging in such claptrap as to couple support of Laurier with the vigorous prosecution of the war. No association ordinarily will persist in a suicidal course, and we trust that saner ideas will prevail in the Liberal Association of Victoria. Vancouver has played the game, as we believe Nanaimo will do, and it is up to Victoria to fall in line.

THE RUSSIAN SITUATION

Lenine is still in the saddle at Petrograd, and it is reported that Kerensky has been captured. There is, however, no reliance to be placed on the news coming from Petrograd, since all the telegraphic and news offices are in the hands of Lenine and his followers. Knowing so little of what has taken place, it is impossible to make any forecast of what may yet take place. Petrograd is not Russia. It was the seat of the Russian government, and the home of all the wild revolutionaries which the crushing tyranny of the Romanoffs produced. Naturally also, it was the centre of the German agents and all the spies and agitators in the pay of Germany. Outside of Petrograd Lenine and his gang had not much of a following except in some of the bigger industrial communities. Just how far the new Russian master can carry his authority with the great mass of the Russian peasantry, and command the support of the Russian soldiers has yet to be seen. It was not the extremists who have now seized the reins of power who brought about the first revolution. It was the moderate men, loyal to their country and mindful of the nation's obligations, who, disgusted with the treachery of the government of the day, and the complicity of the Czar, made possible the revolution. The big chiefs of the army, including the Grand Duke Nicholas, were all with them, and supported the deposition of the Czar. These leaders, military and political, must have all a following, and a considerable influence with the Russian people, and they have all to be heard from. If Lenine can remain in power and win the support of the people, then the Entente powers have a serious problem before them. For, if Lenine concludes a peace with Germany, Russia can hardly be reckoned as a neutral. Indeed, Lenine would be a bigger traitor than the Czar, for, if he gets his way, he will hand over the new-born democracy of Russia to the tender mercies of the Kaiser and Prussian bayonets.

BIJOU THEATRE

Derwent Hall Caine the eminent English actor and son of Hall Caine is appearing at the Bijou today in a powerful drama from the Russian entitled "Crime and Punishment". It is a superb production and splendidly acted. With this is shown another episode of the exciting serial "Patria" with Mrs. Vernon Castle and a very amusing comedy.

YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

NEWLY-FORMED UNIT HAS MANY DUTIES

Formation of a district casualty unit to attend to various details of military work in British Columbia, has been announced in orders issued yesterday by Major-General R. G. E. Leckie, the G. O. C.

The unit will be known as No. 11 Casualty unit, and will have its headquarters at Vancouver. The district casualty officer, Lieut. W. H. M. Rogerson, C.M.S.C., will be command ing officer. The details of the new unit are set forth as follows:

"The unit will be treated as an accounting unit for cases in which it is necessary to draw clothing and equipment.

"N. C. O.'s and men on strength of unit will be attached to No. XI Special Service Company for rations and quarters.

"The following casualties will be transferred to District Casualty Unit for administrative purposes, discipline, pay, clothing, etc.

"All troops left in the district when their units proceed overseas other than those for treatment with M. H. C. C. units, or for transfer to other units.

"All soldiers returned from overseas while pending final disposal, other than those requiring treatment with the M. H. C. C.

"All soldiers absent without leave less than twenty-one days, when their units leave the district.

"All deserters on being apprehended and on being released from civil or military custody."

The orders add that this arrangement will enable non-effectives, who at the present time are being transferred to No. 11 Special Service Company, to be segregated in this special unit, thus leaving the Special Service Company composed of effectives only, who are actually required for guards and other light duties.

HELFFERICH RELIEVED

Amsterdam, Nov. 9.—It is officially announced from Berlin that Dr. Karl Helfferich requested Emperor William that he be relieved of the vice-Chancellorship as a member of the Prussian Ministery, and that the Emperor acquiesced on condition that Dr. Helfferich accepted office of some other nature.

NEARING 300,000 MARK

Ottawa, Nov. 9.—The total registration under the Military Service Act is approaching the 300,000 mark according to figures issued from the officers of the Military Service Council today. Up to and including Thursday 286,991 men had registered and of these 18,753 had reported for service, while 254,153 claimed exemption.

Lovely White Skin!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

By all means, girls, prepare a lemon lotion to keep your skin flexible and young looking. You will soon realze that true loveliness does not mean the powdery-look or waxen colorlessness of some hot-house flower, but is typified by the velvety softness of your skin, your peach-like complexion and rosy-white hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and hidden beauty of any skin. It is simply marvelous to smoothen rough, red hands.

Children Like It

It is not an easy matter to get a medicine that children like, or to force them to take one they don't like. Most mothers know that a cough medicine, while palatable, should contain no drug injurious to the child. The great popularity of

Chamberlain's Cough Remedy

is explained by the fact that it contains no opium or narcotic of any kind, and at the same time is so pleasant and agreeable to the taste that children like it. For this reason it is a favorite with the mothers of young children.

A CHANGE IN CANADIAN LIFE

The coming into operation of the Military Service Act made an important, if temporary, change in Canadian life. It placed a large section of the public under the necessity of getting in touch with the authorities before November 10 next.

The British subject in Canada who is between the ages of 20 and 34 inclusive, a widower without children or who was unmarried on July 6, 1917, must go to a post office and report for service or claim exemption on forms provided there before November 10. Otherwise, he will be severely punished as an offender under the law.

Satisfactory preparations some known and some unannounced, have been made to make sure that every man in the first class responds, whether early in honor or later in disgrace.

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL THICK, GLOSSY, WAVY

Try this! All dandruff disappears and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil in a few minutes you will oe amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, and invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

BIG LINER LAUNCHED AT DUTHIE SHIPYARDS

The steamship Hallbjorg, second 8,800-ton liner to be launched at the Duthie yards in Seattle during the past two months, slid down the ways Tuesday, and is now being fitted out for the offshore trade.

The Hallbjorg was originally contracted for by the shipping firm of Peter Kleppe, of Bergen, Norway. The United States shipping board, however, stepped in while the vessel was under construction, and it is to fly the Stars and Stripes. The Hallbjorg is a steel vessel 432.9 feet in length, and will be capable of carrying a cargo of 7,500 tons deadweight.

It is just possible that the United States will release the Hallbjorg to the Norweigian interests. In that event Capt. M. Warholm, who came out from Bergen to take command, will become master of the vessel.

What Will Canada's Answer Be?

MONDAY next, Canada's Victory Loan campaign will begin.

In the next three weeks the eyes of the world will be on Canada. Great Britain, the United States, all the other Allies—our own boys in France—all, are expectantly waiting for the answer this young giant among the nations will give to the call of his kin for help and support.

That answer will be no more, no less than the response of each individual Canadian—you and each one of us—to the call to buy Victory Bonds.

SHALL it be said that Canada spares not her sons from the sacrifice of battle, yet withholds her dollars to give them victory?

Rather will it be said that Canada once again, for the fourth time in three years, cheerfully puts up her millions upon millions for the cause of freedom, righteousness and justice,

—that the Canadian hand to the plow of Victory holds steadfast and firm.

★ ★ ★

CANADA'S answer must be,

—that Canada is in deadly earnest when she says "the last man and the last dollar."

That is the answer Canada will give our boys in the trenches, our kinsmen in Britain and our Allies everywhere.

That is the answer we will give to the Huns who thought and said that Canada would desert the Empire before she would fight or pay.

Let us Canadians proclaim to a watching world by a record-breaking purchase of Victory Bonds, that Canada can and will see the war fought to a victorious finish.

Let us by an irresistible flood of dollars declare that:

—our boys in France are to be supplied with everything needful to win the war,

—their kinfolk at home are to be cared for and sustained while they are fighting for us in France,

—production in Canada shall not cease till the last needed bushel of grain, the last quarter of beef has been raised and shipped, the last gun, machine and shell have been made and sent to support our fighting forces.

DOMINION THEATRE

At the Dominion Theatre today, Fannie Ward, the popular exponent of "Young Thinking" as she calls it, will appear in "On the level," in which she gives a remarkably vivid portrayal of the life of a girl, from barefooted shepherdess days, through scenes that are intense in their reality in western dance halls and ranches, to a mature womanhood of wealth and luxury. The transition from one epoch in the life of the woman she was picturing, to another was very difficult and for a less experienced actress than Miss. Ward would have been well nigh impossible In the first part of the picture, Miss Ward is fourteen, and looks it-in the last part near forty-and looks it.!

With this great feature is also shown the funniest comedy you heve seen in many moons. It is "The Butcher Bay," with Fatty Arbuckle and if you've got a single laugh in your system, this picture will find it. Go and see it, it is a screen.

TROOPS UNDER HAIG MADE GAP IN TEUTON LINE

Success Gained by British Forces North and Northwest of Passchendaele—Latest Gains Has Greatly Widened Dangerous Salient in the Enemy Line.

London, Nov. 10.—In Flanders troops under Field-Marshal Haig's command north and northwest of Passchendaele this morning and at points pushed forward half a mile in the early fighting. The assault was on a limited front of about 1 1-2 miles.

A report from the Commander-in-Chief said:

'At sunrise this morning our troops attacked German positions northwest and north of Passchendaele. The first reports indicate that good progress was made. The weather is stormy, with heavy rain and high wind."

British Front in Belgium, Nov. 10. —(By The Associated Press.)—The British troops which attacked this morning in the Passchendaele area were reported at an early hour to have batled their way forward as much as 800 yards at some points.

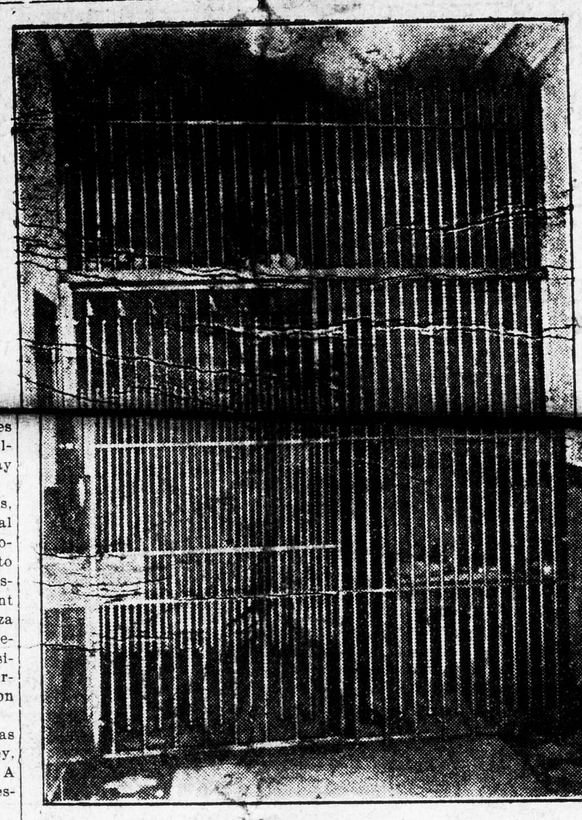
Today's operations were carried out on a front of 2,500 yards for limited objectives, which had been virtually all gained by 10 o'clock.

British Front in Belgium, Nov. 10. —Today's attack was begun at 6 05 o'clock in a rain which had been falling nearly all night. The ground along the crest of the ridge was in comparatively good condition for the advance, but to the westward in the valley of Paddebeek, it was exceedingly marshy.

Despite vile going on lower ground the troops here appear to have kept up with the progress of the more fortunate men on the higher ground. As early as 7:30 o'clock they were battling at a fortified farm, 500 yards beyond the starting point and shortly afterwards were reported some distance beyond this place.

German artillery put down a heavy barrage all along the front involved as the attack was begun. The British also encountered heavy machine gun fire from numerous strong positions. If the British remain in the position they reached this morning, it will mean the salient about Passchendaele and Goeberg has been greatly widened and therefore made more satisfactory.

ITALIAN FORCES ON NEW LINE



Retreating Armies Under New Leader Are In New Positions Ready to Offer Stubborn Resistance to the Teutonic Forces.

Italian Headquarters, Nov. 10.—(By Associated Press).—British batteries have taken up their positions along their line prepared to give their support to the heroic services heretofore chiefly borne by the Italian rear-guards in the effort to stay the Austro-German advance.

London, Nov. 10.—Italy's armies, under the new commander, General Diaz, are in their new positions, probably along the Piave river, ready to offer stouter resistance to the Austro-German invaders. It is apparent the momentary halt on the Livenza river was only for the purpose of delaying the enemy as much as possible until the bulk of the Italian forces could establish themselves on the new defence line.

Rome, Nov. 10.—The enemy has been checked in the Ledro Valley, the War Office here announces. A hostile thrust at Brocon, in the Tesino Basin, also has been checked.

From Susegana to the sea the Italian rearguards, disengaging themselves from the enemy, crossed the Piave river, blowing up the bridges.

This is the entrance to Canada's trousers pocket—the place where millions of dollars' worth of gold and sechrities are kept. It lies in a quiet part of the "East Block" in Ottawa guarded day and night by Dominion policemen. This is where your dollars, which you will lend Canada in return for a Victory Bond, will be kept until required by the Finance Minister.

BRITISH BATTERIES IN PLACE ON NEW ITALIAN LINE

Believed Austro-German Advance Will be Checked Along the Line of the Piave River—Opposing Armies Are Lined Up Along a Thirty Mile Front.

London, Nov. 10.—The eagerly awaited aid for the Italians' hard pressed troops on the Piave line has reached the battlefront in the form of British batteries, according to a dispatch from the Italian headquarters. These batteries are expected to give support in staying the Austro-German advance, which task heretofore has been borne chiefly by infantry actions of the Italian rear-guards.

With the opposing armies lined up along the thirty mile stretch of the Piave river in its lower course and in fighting touch with each other on a wide front stretching westward through the hills to the north on the Venetian plain a real test of strength seems in prospect for the first time since the Italian armies in north-eastern Italy began their retreat from the Isonzo. Hitherto the main force of the Austro-Germans thrust into Italy in this campaign has been from the northeast. With their left standing along the east bank of the lower Piave, however, the Teutonic armies apparently have now begun to exert their chief pressure with their right wing from the north along a line bending sharply west from Asiago, 30 miles from the Adriatic on the Piave

The Austro-Hungarian forces Berlin announced on Saturday, are pressing forward in the Sugana valley as well as in upper Piave. The Trentino region virtually begins at Sugana. Thus, there is being developed in this district a predicted flanking attack on the Italian left, which has been recognized as probably the most serious threat to the Italian line which the Teutonic command could bring to bear. Upon the successful resistance to this drive from the north depends the stability of the whole Italian front to the east as well as the continued possession of Venice and what remains of the northeastern neck of Italy. Just what line the Italian command has chosen for resistance to the flanking operation is not apparent, but if it ran north of Asiago twenty miles west of Suzganal it is apparent that the invading armies already have gained a decided advantage for Berlin reports the capture of Asiago after hard fighting in the streets.

It is nearly twelve miles from Asiago to the Venetian plains the Austro-German objective with the route running through hilly country, lending itself admirably to defense, as was shown in the Austrian offensive in 1916, when the enemy was halted in the Asiago region.

In Flanders, the British have won another decided success [illegible] the salient in the Passchendaele region. Attacking early Saturday on a 2,500 yard front they pushed forward along the ridge and in marshy district to the northwest to a maximum depth of about a half-mile capturing many strongly fortified positions in brilliant style.

The British forces in Palestine are continuing their northward march, following the retreating Turks. They have now advanced nearly twenty miles in the coast region since their capture of Gaza and have nearly attained the lattitude of Jerusalem. That city is more than forty miles inland, however, and the interior British column, moving from Beersheba apparently has made less rapid progress than the coastal forces. The British have taken more than seventy guns and inflicted estimated casualties of ten thousand on the Turks, exclusive of prisoners.

Germany shows signs of continuing her aggressive moves in northern Russian waters. Following on advices that German troops had landed on Aland Islands off the Gulf of Bothnia, between Finland and Sweden, came reports from Stockholm that German forces had entered Helsingfors, the capital of Finland. This move is considered as having both political and military objects the former in taking advantage of Finnish discontent and the desire for independence from Russia, and the latter in the threat that is presented of interference with communications with Russia from the west through Finland and Sweden.

Advices from Petrograd under current date were lacking during the day on Saturday, and thus no additional light was thrown on the situation created there by the Bolsheviki seizure of power. Dispatches filed on Friday reported the formation of a cabinet with Nikolai Lenine as Premier and Leon Trotzky as Foreign Minister. There were no further developments regarding the whereabouts of Premier Kerensky or General Korniloff who, on Friday, were reported to have escaped.

I have engaged the services of Dr. Arthur Piercy, F.S.M.C., the well-known Vancouver eye specialist, to take charge of my optical parlors. Free consultation and advice given every Thursday between the hours of 9 a.m. and 3 p.m. All work is absolutey guaranteed. Make your appointment early. E. W. Harding, the Jeweler. 15-3t.

ARTILLERY ACTIVE ON THE AISNE

Paris Nov. 10.—The official announcement of the War Office tonight reads as follows:

"Artillery fighting was active in the region of the Oise-Aisne canal. On the right bank of the Meuse there were spirited infantry engagements in the morning in the region of Chaume Wood, a continuation of the fightting reported yesterday.

"After several counter attacks our troops completely re-established the positions. The cannonade was intermittent on the rest of the front."

ARE LOYAL TO KERENSKY

Cossack Division from Finland is Marching on Capital — Petrograd Garrison Wavering in Allegiance.

London, Nov. 10—Premier Kerensky arrived at Luga 85 miles southwest of Petrograd last Wednesday, and the garrison there attested its loyalty to his Provisional Government, according to a Petrograd dispatch on Saturday to the Weekly Dispatch. Saturday morning he reached Gutchina, thirty miles south west of Petrograd, where the same thing happened. The newspaper's advice adds that troops loyal to the Provisional Government are known to be near Petrograd and a division of Cossacks are known to be marching from Finland. This news was given out at Smolny Institute, headquarters of the Workmen's and Soldiers' Congress. The garrison at Petrograd, which two days ago was solid for the Extremists, now is said again to be wavering in its allegiance.

Mr. and Mrs. Robert Bell of Ladysmith, formerly of Nanaimo, will celebrate their Golden Wedding Monday. On November 12th, 1867, Robert Bell, of Dearham, and Eleanor Thompson, of Cleator Moor, were united in marriage at Whitehaven, Cumberland, by special license. Fifteen years later they moved to Pennsylvania, and in 1891 came to British Columbia. For a number of years Mr. and Mrs. Bell have had charge of the janitor work at the Ladysmith post office. Their many friends will congratulate them on the occasion of their Golden Wedding.

CITY'S VICTORY LOAN CAMPAIGN

The Victory Loan campaign will be inaugurated on Monday when Canada starts out to float a loan of $150,000,000 in order to maintain and equip its fighting forces on the battlefields of Europe.

Nanaimo has set out to raise a quarter of a million dollars, and there is every indication that the local campaign will be a success. A systematic canvass is to be made of the city by a corps of volunteer salesmen under Capt. George Beattie, some twenty persons having volunteered to assist in this work, and a meeting to complete the plans for the big drive will be held in the Board of Trade rooms in the City Hall this (Sunday) afternoon at 3 o'clock. More volunteers are needed in order that the canvass be complete and rapid, and any person who can spare a little time to canvassing during the next three weeks is urgently requested to attend the meeting this afternoon.

The program for the opening week of the Loan Drive is an extensive one in every sense of the word. The blast of whistles from every plant and steamer, and the peel of bells throughout the city will open the drive on Monday morning at 9 o'clock.

On Monday evening a big parade and torchlight procession will be held starting at the post office and traversing the business section of the city. The procession will include bands of music, a contingent of returned invalided soldiers Red Cross workers in their distinctive costumes, and a company of volunteer workers from among the school children of the city who have offered to distribute broadcast the mass of literature which will be available from time to time for distribution. The children will all be provided with sashes bearing the words "Victory Loan," and their work will undoubtedly prove to be a most useful adjunct to the efforts of the salesmen, besides being an outstanding feature of the parade.

A feature of the parade will be a German gun captured from the Huns in one of the memorable charges made by Canadians at Ypres, and in order that the line of procession be unhampered the committee respectfully requests auto drivers to assist as far as possible keeping the streets clear of all obstructions.

Arriving at Bate's Square at the foot of Albert street, the official indicator of Nanaimo's progress in the campaign will be erected in a conspicuous position. This indicator is going to be something quite new in the way of indicators, and it is anticipated that it will prove one of the centres of attraction for Nanaimo citizens during the next few days. A local cartoonist is hard at work upon it now, and when finally completed and erected it is certain to provide interested comment. At a stated hour every evening, the stated progress will be recorded thereon so that all may know just how rapidly the quarter of a million aimed at is being subscribed. The indicator having been finally installed, a short and definite announsement as to the terms of the loan will be made, and the canvassers will at once proceed to get busy.

All outlying sections of the Island, including Ladysmith, Parksville, Comox, Cumberland, Courtenay and Alberni have their eyes centred on Nanaimo, and the success attendng the drive here will have a big effect elsewhere.

A meeting of the Silver Cornet Band will be held in the band-room Sunday at 3 p.m. Full attendance requested. Business of importance.

By order, Secretary.

WHOLESALE FIRM TO OPEN HERE

Malkin, Pearson Co. Ltd., Will Open Wholesale Grocery Store in Nanaimo This Week.

For many years now progressive business men in Nanaimo have sought to induce the bigger wholesale houses of [illegible] to establish branches here. The advantages of having wholesale houses located here are obvious enough. In the first place they would give added importance and a higher rating to the city as a trading centre. Next they would help to secure from the railway and transportation companies recognition of the city as a terminal centre. Then they would eliminate the local freight charges from Victoria and Vancouver, a considerable item in the year's business of local merchants.

The wholesale houses, however, did not yield readily to persuasion. The trading field did not impress them, and of course they were getting the local business anyway. The case has remained in this condition for many years, local business men asking and the wholesalers refusing. Now a change is to take piece. In the Free Press block, in the old G. S. Pearson store the wholesale house of Malkin-Pearson Co. Ltd., will open this week.

The new house is not a branch of Malkin's. It is an independent house but it has a connection with and has the backing of Malkin's, one of the strongest jobbing houses in the Dominion. The junior partner is Mr. G. S. Pearson, one of the best known and most successful of Nanaimo's business men. His previous experience and thorough knowledge of local conditions will be a valuable asset to the new company, and will go far to ensure the success of the new venture. The opening of the new firm marks another forward step in the business history of the city.

TRIBUTE PAID TO AMERICAN SLAIN

With the American Army in France Nov. 10.—The first three American soldiers killed in the trenches in France today are sleeping in French soil, honored by the American army and the people and army of France. Their final interment took place yesterday. As the minute guns went off the French Officer commanding the division in this section paid tribute to the fallen Americans. In conclusion the French officer said:

"In the name of the division, in the name of the French army, in the name of France, I bid farewell to Private Enright, Private Gresham and Private Hay, of the American army.

"Of their own free will they had left a prosperous and happy country to come over here. They knew war was continuing in Europe, they knew that the forces fighting for honor, love of justice and civilization were still checked by the long forces serving the powers of brutal domination, oppression and barbarity. They knew that efforts were still necessary. They wished to give up their generous hearts, and they have not forgotten old historical memories, while others forgot more recent ones.

"They ignored nothing of the circumstances and nothing had been concealed from them—neither the length and hardships of war nor the violence of battle, nor the dreadfulness of new weapons, nor the perfidy of the foe. Nothing stopped them. They accepted the hard, strenuous life; they crossed the ocean at great peril; they took their places on the front by our side and they have fallen facing the foe in a hard and desperate hand-to-hand fight. Honor to them. Their families, friends and fellow citzens will be proud when they learn of their deaths.

"Men! These graves, the first to be dug in our national soil and only a short distance from the enemy, are as a mark of the mighty land we and our allies firmly cling to in the common task, confirming the will of the people and the army of the United States to fight with us to a finish, ready to sacrifice as long as is necessary until final victory for the most notable of couses, that of the liberty of nations, the weak as well as the mighty. Thus the deaths of these humble soldiers appear to us with extraordinary grandeur.

"We will therefore ask that the mortal remains of these young men be left here, left with us forever. We inscribe on the tombs, 'Here lies the first soldiers of the republic of the United States to fall on the soil of France for liberty and justice." The passer-by will stop and uncover their heads. Travelers and men of heart will go out of their way to come here to pay their respective tributes.

"Private Enright! Private Gresham! Private Hay! In the name of France I thank you. God receive your souls. Farewell."

PRINCE JOHN RAN ASHORE

Victoria, Nov. 10.—During a heavy gale this evening the Grand Trunk Pacific steamer Prince John ran ashore at Alliford Bay, Queen Charlotte Island, near Queen Charlotte City. The latest reports say the passengers are being taken off. No particulars are known here of the extent of the wreck.

The Prince John was bound from Prince Rupert to Queen Charlotte City, when she ran into heavy weather. Captain Davies is in command of the vessel.

The B. C. Salvage Co. is holding the steamer Salvor in readiness to go to the scene if assistance is required.

ITALIAN ARMY IS RE-FORMED

Italian Headquarters, Nov. 10. — Reformation of the Italian army along an established position is progressing in good order and there has been no material change in the situation for a day or two.

An agreement for a Central Military Council for the entire Western front, for the first time has recognized and incorporated the Italian as part of the western front, thus terminating the Italian front as a separate entity. It also established reciprocal control, in which not only the French and British have a voice in the Italian campaign, but Italy has a voice in the French and British campaign.

FOR OR AGAINST

The government has announced that all men eligible for service under Class A of the Military Service Bill who have failed to register are liable to arrest. This was to be expected, for it is the only way in which the measure can be enforced. At the same time it makes it all the harder to understand why the government should allow men and publications who are opposing the act, and by that very act encouraging men to refuse to register, to go free and unmolested. There should at least be the same treatment for all. The Province a few days ago drew attention to the activities of Bourrassa, who on the platform and in his Journal, "Le Devoir" has been both disloyal and seditious in his attitude towards Canada's participation in the war. The Province may be right in its assumption that the government has been guided by expediency, and has allowed Bourrassa a free hand because his influence is negligible and more harm might have resulted from arresting him and closing up Le Devoir.

With the enforcement of the Military Service Act the question is taken out of the realms of expediency. It is now a question of justice and of fairness to the men who are being called upon to serve. We have much nearer home the case of the Federationist, a weekly newspaper which is alleged to be published in the interests of the laboring classes. It is bitterly opposed to Canada taking part in the war, and recently the United States closed the mails to it. Without attempting to describe or discuss its policy, it may be said that Lenine would find it just to his taste, and it would be a great comfort to the Kaiser. Inasmuch as Canada is at war it is against Canada, and he who is not with his country in a fight is against it.

It is difficult to get the point of view of this particular type of Socialism. In ordinary times the capitalistic system may be open to criticism, and the Socialistic theory of government may deserve consideration. But all the evils in the world do not flow from capital, and no one man in his senses would argue that the present war is the work of capitalists. One individual cannot talk reason to another if the other individual will not listen to reason. In the same way no nation can govern itself without regard to the policy and conditions of another nation. Without the assistance of Great Britain, France would have shared the fate of Belgium, and Russia would have been now a part of Germany. If the bulk of the men of the British Empire had shared the views expressed by the various Trades and Labor Councils on the coast, then the Kaiser would have realised his dreams of world dominion, and we would have become a part of the Prussian military machine. It is only because the majority of the fighting men of the British Empire are fighting the might of the Kaiser that these so-called Socialists can continue to air their theories without interference. If they had been in Germany they would have been made to serve in any capacity the state demanded. It is a question of Canada or Germany in this war and Canadians should be for Canada. If they are for Germany then they should be dealt with as the case demands.

HOW TO BUY VICTORY BONDS

"What they are and how to buy them," is the title of a new bulletin issued by the government regarding the great Canadian Victory Loan. It states in part:

The proceeds of this loan will be used for war purposes only and will be spent wholly in Canada.

The amounts of the bonds range from $50 to $100,000 whatever their face value calls for. These bonds are sold at "par," that is, their face value—100 cents on the dollar.

People can buy bonds by filling out an application blank and handling it to the Victory Loan canvasser when he calls or send it to Victory Loan headquarters.

Application for bonds can be made at any time from the 12th of November, 1917, to the close of business on the 1st of December, 1917.

Fifty dollars is the smallest amount that the government will accept in return for a bond. Coupon bonds are issued in the following fixed denominations: $50, $100, $500, $1000 registered bonds are issued in fixed denominations of $1000, $5000, $10,000 and $100,000.

The full price of bonds need not be paid on application; only 10 per cent of the amount you want to buy is required when application is made. The remainder must be paid in instalments as follows: 10 per cent on January 2, 1918; 20 per cent on February 1, 1918; 20 per cent on March 1, 1918; 20 per cent on April 1, 1918, and 20 per cent on May 1, 1918.

People cannot buy a bond on the installment plan by paying for it weekly or monthly. The department of finance will not accept payments in this manner, but many banks and a great many employers will sell you a bond and allow you to pay for it in partial payments.

"When I hand to the Victory Loan canvasser with my application my cheque dated Dec. 1, 1917, for 10 per cent of the amount applied for, what do I receive?" is a question asked.

The answer is:

'You will receive within a few days an official provisional receipt for this 10 per cent payment."

On or about May 15, 1918, the permanent engraved coupon bonds or registered certificates (whichever investors may have applied for) will be ready and they will be notified to present their interim certificate for exchange at their bank. They will then be in possession of the final definite security.

LETTERS FROM THE WAR

Most letters received in England from the trenches, are letters not to be read once but many times—letters that to be fully appreciated must be "read between the lines."

The Canadian soldiers are in the habit of writing letters to their families and friends, and carrying their letters with them to be forwarded in the event they "go over the top" and never return. An obscure captain of a Scotch Canadian Company was found dead at Vimy Ridge last April, with this letter addressed to his father in Ottawa, which was to be sent in the event of his death.

My Dear Father—I am writing one of these "In Case" letters for the third time and of course I hope you will never have to read it. If you are reading it now, you will know that your youngest son "went under" as proud as Punch in he most glorious day in his life.

Dad you can't imagine the wonderful feeling; a man thinks something like this: Well if I am going to die, this is worth it a thousand times.

I don't want any of you dear people to be sorry for me, although of course you will in a way. You will miss me but you will be proud of me. So much for that. I want tothank you from the bottom of my heart for all your loving kindness to me. The war has done wonders to me, and makes me realize lots of things I would not have done otherwise.

This is but a fine example of the letters written by soldiers. It shows what the war is doing for the young men who participate in it.

When our boys arrive at the front the letters will begin to come back containing that marvellous sentence: "Dad, you can't imagine the wonderful feeling."

BREAKS A BAD COLD IN A JIFFY! TRY IT

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

IS DOUBTFUL

Amsterdam, Nov. 10.—The Frankfurter Zeitung, a copy of which has been received here, is skeptical about the value to Germany of Lenine's revolution in Russia.

"We want to conclude a peace with Russia," says the newspaper, "containing a guarantee of durability, but that is only possible if the negotiations can be carried out with a Government which really represents the country and is also able to speak with some authority to Russia's allies."

BIJOU THEATRE

In the Fox super de luxe production "The Price of Silence," you have William Farnum at his very best. Thrill after thrill, suspense on suspense, and interest building into a high keyed climax, makes "The Price of Silence" an unusual photo-play, and probably the best film in which this most popular of actors has ever appeared. It is a Fox de luxe production, which means that in addition to a great cast it has wonderful photography and superb stage settings. With this will be shown a new Fox comedy featuring Billie Ritchie, and entitled "The House of Scandals." It is a sure-fire laugh-getter.

Will Coarser Food Harm Complexion

Not if it is Well Digested. Take a Stuart's Dyspepsia Tablet After Meals and Prevent Heartburn, Gas, Sour Risings, and Heaviness.

Skipping from dainty food to the rougher variety will surprise the stomach in many cases. Coarser food will not hurt anyone if the digestion is good, but most stomachs will need help. Stuart's Dyspepsia Tablets after meals will digest the food, clear the stomach and prevent dyspepsia, bad breath, gastritis, catarrh of the stomach, pains in bowels, nervousness, heartburn, belching, bloating, etc.

These are the causes of muddy, blotchy complexions in most cases. No face creams can do any good. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, correct the faults of the stomach to restore the complexion to its natural beauty.

HOW GERMANY ADDS TO RANKS OF ARMY

Copenhagen, Nov. 10.—The German military authorities continue the practise of putting into the army persons living in Germany who lost their original citizenship without acquiring German nationality. A new order says that former nationals of foreign states will not be employed with the front line troops but must serve in the armies of occupation or elsewhere behind the front. This applies to German-Americans who returned to Germany to live after being naturalized in the United States. The children of such parents are liable to service in the trenches in case they have not completed the necessary steps to obtain American citizenship.

REPAIRS TO LORNE WILL BE MADE AT VANCOUVER

In tow of the steamer Prince Albert the tug Lorne has arrived at Vancouver from Seattle and will go to the Wallace Shipyards for repairs. The Lorne was recently purchased by the G. T. P. and will be used to tow barges between the Queen Charlotte Islands and Prince Rupert. Since she was wrecked on San Juan Island about three years ago the Lorne has been lying at Eagle Harbor. In her day she was the most famous deep-sea tug on this part of the coast, her career extending over twenty-five years.

HEROES ARE REINFORCED

Montreal, Nov. 11.—News of the safe arrival in England of the 258th French-Canadian Battalion, under Lt. Col. Hon. P. E. Blondin, has been received with much satisfaction here. The 258th Battaliono will reinforce the gallant 22nd Battalion, now in the trenches under the command of Lt. Col. T. L. Tremblay.

The 22nd Battalion has a most enviable record as a fighting unit, gained at Courcelette, Lens, Ypres and Vimy Ridge. Everybody has heard how, at Courcelette, it had 17 out of 21 officers and over half the rank and file on the casualty lists when the battle ended, after carrying out a most successful operation with great dash.

News that the heroes of the 22nd Battalion will be enabled to obtain rest and recreation through the coming of their comrades from home is received here with keen satisfaction.

A FRENCH HOSPITAL BOMBED BY GERMANS

Paris, Nov. 10.—The War Office here reported this afternoon.

"The hospital at Zuydcoote (Department of the Nord), was attacked last night by German aviators who threw down incendiary bombs. Seven persons belonging to the hospital staff were killed and nine were wounded.

DOMINION THEATRE

Jane Cowl who is classed by the critics and newspaper men generally as the most beautiful actress on the stage, will make her debut in Nanaimo tomorrow in the six-act Goldwyn special "The Spreading Dawn." This is the film version of Basil King's remarkable story of the same title which appeared in The Saturday Evening Post.

With this great feature will be shown Charlie Chaplin's latest two-reel comedy "The Adventurer."

This is a new film and concededly one of the best things he has ever shown. For this great programme the general admission will be 25c., with matinee admission for children 15c. Performances at 2.30, 7 and 9 p. m.

ABANDON PRETENCE OF NO ANNEXATION

Copenhagen, Nov. 10.—The Lokal Anzeiger of Berlin, organ of the annexationists and great business interests of Germany, publishes a report that during the conferences which were held recently between German and Austrian representatives in Berlin, the decision was reached to abandon entirely the pretence of a non-annexationist policy for peace, and to go over the policy of uniting Poland with Austria-Hungary and Courland and Lithuania with Germany.

This report has been neither confirmed nor denied in authoritative circles. The wish of those whom The Lokal Anzeiger represents may perhaps be father to the thought, but on the other hand it may be recalled that Vienna newspapers printed similar reports a week ago without evoking a denial. Other Berlin newspapers discuss these statements as entirely possible.

The Socialist organ Vorwaerts lodges a decisive protest against the idea, which it says is a flat negation of Germany's reply to the Pope and of the Reichstag peace resolution.

DANISH KING VISITED BY THE SWEDISH KING

Copenhagen, Nov. 10.—King Gustave, of Sweden, is making a private visit to the King of Denmark. King Christian, at a dinner to the King of Sweden, said that King Gustave's visit confirmed their continued concord and co-operation, and that happy results would be obtained for the two nations. In reply King Gustave declared that all efforts toward concord and co-operation always would have his loyal support.

PHOTOGRAPHS WANTED OF OFFICERS AND MEN

The officer in charge of Canadian War Records has asked us to make known that it is desired to compile a complete history in photograph of the Canadians' share in the war, in the same way that all other belligerent countries are compiling similar records.

It is particularly desired to obtain photographs of all officers, N.C.O.'s and men who have served or are now serving in the Overseas Military Forces of Canada, and it is requested that an appeal should be made to this end through these columns.

All officers and other ranks serving overseas may find it difficult to send in their photographs, and their relatives are therefore especially appealed to, to send in their photographs for them.

By preference the photographs should be unmounted and printed on bromide paper, in order to ensure permanence. Each photograph should be accompanied by a concise record, not exceeding two or three hundred words, of the subject's military career, including date of enlistment, promotions, distinctions and so on, as this will greatly assist in obtaining a full and accurate record of all concerned.

In addition it is desired to collect all photographs dealing with the mobilization training, and departure of troops, together with pictures illustrating reviews, sports, presentations etc. Any photograph of this nature is regarded as a document of historical importance, and it is hoped that the possessors of all such photographs will deem it their duty to send either originals or copies, which will be ultimately placed in the permanent public archives of the Dominion.

All photographs, which will be acknowledged, shouldd ddddddddd acknowledged, should be addressed to the officer in command Canadian war Records, 14 Clifford St., Bond St., London, W. I. England.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant relief! Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach—which portion of the food did the damage — do you? Well, don't bother. If your stomach is in revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eeat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your fool is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

U-BOAT DID NOT GET THIS VESSEL

An Atlantic Port of the United States, Nov. 10.—A shot from a 6-inch gun manned by naval gunners saved an American passenger steamship from attack by a German submarine on a voyage from England which ended here today. The submarine was sighted awash a mile off the port quarter on November 1. The gun crew's shot landed so close that the U-boat instantly submerged. The submarine, the ship's officers believe had sunk a merchantman a short time earlier.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

You Can Improve Your Own Telephone Service

Leading telephone engineers have made the following statements

When speaking into a telephone the best results are obtained with the lips very close to the transmitter—just so that they do not touch it. Removing the lips from the transmitter has the same effect as lengthening the line in use as follows:—

One inch lengthens the line 57 miles.
two inches lengthens the line 128 miles.
Three inches lengthens the line 179 miles.
Four inches lengthens the line 218 miles.

Co-operation by subscribers is earnestly requested in everything which will give to them BETTER AND MORE EFFICIENT TELEPHONE SERVICE.

Any who may be interested or who wish to take part are cordially invited to be present.

A very pretty wedding was solemnized last Wednesday at the home of the bride's parents, Mr. and Mrs. Martin, Ladysmith, when their daughter, Ella, was united in marriage to Mr. Thomas Glover, the Rev. Thomas Barlow officiating. The bride's sister, Miss Margaret Martin, acted as bridesmaid while the groom was supported by Mr. Thomas Quayle.

Wilfrid A. Greene, a graduate of Duncan high school, after serving at the front with the 31st Battalion as signaller, being at Courcelette and Vimy Ridge, was taken into brigade headquarters and has now received a commission in the Royal Flying Corps. He is attending the officers' training school in London preparatory to taking up his work. He was one of the first captains of the Cowichan Valley Cadet Corps. He is a son of Lieut. Seymour Greene.

While attempting to cross the Thames river at Ingersoll on a fallen tree which served as a footbridge little five-year-old Irene Ryan, the daughter of Thomas Ryan, an Ingersoll soldier now in France, was drowned.

BUYING A DIAMOND

It's not an every day business transaction, hence more than ordinary care should be exercised in buying as so very few people other than experts know the value of precious stones.

The only logical, sensible thing then to do is to seek a jewelry house which has an established reputation of knowing its business and is jealous of its good name.

We sell Diamonds "On Honor"—we can't say more with due modesty except to add our prices are fairly based upon the actual value of each stone.

Our $25.00 to $30.00 Diamond Rings are good examples of Harding's values.

OUT TO SELL VICTORY BONDS

Nanaimo's Campaign to Contribute a Quarter Million of Bonds to Canada's Victory Loan Was Inaugurated Yesterday.

Nanaimo's campaign to sell $250,000 worth of bonds in connection with Canada's Victory Loan, was announced to the public yesterday morning by the ringing of bells and the screeching of whistles, and last evening by a street parade and short patriotic speeches by Rev. Dr. Unsworth and Mr. John M. Rudd, the latter after explaining the main features of the Victory Loan reading a telegram received from Mr. William Farrell, chairman for B. C., as follows:

Chairman, Canada's Victory Loan, Nanaimo. B. C.

From the bloody ridges of Flanders the sons of Canada have thrust the foe. They have fought, they have conquered, they have died, that you and I may dwell in peace and security under the banner of civilization, which bears the watchwords liberty, justice, and co-operation. Is there any man, woman or child in Canada today who is not thrilled by the glorious deeds of our fellow citizens who cheerfully sacrifices everything to the commonweal of the world? They are building the great commonwealth of civilization and cementing the stones of that building with their blood. Shall we fail in supplying them with the stones. Every Victory Bond means one more step towards the peace we all desire. Will any of you in Nanaimo hesitate to make some sacrifice to advance that step. It is impossible that you should wish to go back—yet if Canada fails to support her sons with money we must step back. Canada asks for you to extend her your credit, your personal guarantee that you desire peace, prosperity and victory. Let us all go forward united in every endeavor to victory. Nanaimo has the opportunity to prove that men can forget the past in their determination to build the future.

William Farrell.

A corps of volunteer canvassers will commence work today in earnest in an endeavor to sell every adult in Nanaimo at least one bond. The committee has opened an headquarters office next to Thorneycroft's jewelry store, at which every canvasser is asked to report this morning and receive final instructions.

The district has been divded into eight sections for the purpose of the campaign the districts and the names of the canvassers therein being as follows:

District No. 1. East side of Nicol street to city limits—James Young, E. G. Cavalsky, A. Coombs, A. Honeymoon, Lamont Ross.

District No. 2, West side of Nicol street to east side of Albert street—M. W. Garman, J. H. Bailey, T. W. Martindale, M. Bate, Jr., J. L. Ward, W. R. Griffiths

NANAIMO BOYS IN CASUALTIES

Native Son of Nanaimo Made the Supreme Sacrifice, and Eight Others Wounded or Gassed.

Nanaimo has been hard hit by reason of recent operations on the western front, latest casualty reports to hand containing the names of one Nanaimo boy died of wounds and eight wounded or gassed.

Private Lawrence Randle.

The lad who has been called upon to make the supreme sacrifice is Private Lawrence Randle, son of Mr. and Mrs. Arthur Randle, Commercial Street, who, according to a telegram received by his bereaved parents, died of wounds on Oct. 30th, in the Third Australian Casualty Clearing Station.

Pte. Randle had been previously wounded on July 27th last but this did not long keep him out of the trenches for he was back in the firing line within a few weeks. Originally enlisting in the 231st Battalion, Private Randle left here on April 1st of last year, but was later transferred to the 74th Battalion, when the 231st was broken up to provide reinforcements for older battalions.

Born in this city, Lawrence Oliver Randle would not have attained the age of 22 until next February. He was educated here and after leaving school found employment in the local post office where his ability was quickly recognized, and in which service he undoubtedly had a bright future before him.

Private George Coombs

Mr. and Mrs. Alex. Coombs, Nicol street, were officially informed on Sunday that their son Pte. George Coombs, of the Royal Army Medical Corps, had been admitted to hospital, gassed. The information did not state how serious was the condition of the young soldier.

Private Ed. Millburn

Mr. and Mrs. W. Millburn, Westmount, received word from Ottawa on Sunday that their son Pte. Ed. Millburn had been admitted to hospital, suffering with contusion of the leg. Pte. Millburn went overseas with the 103rd and later transferred to the 53rd Battalion.

Private F. C. Morgan.

Private Frank Cyril Morgan, son of Mr. and Mrs. Thos. Morgan of 75 Nicol Street, was reported in a telegram received by his mother on Saturday to have been admitted to the Third Field Ambulance depot on Nov. 1st, suffering from the effects of gas poisoning. Yesterday morning a second telegram was received by Mrs. Morgan announcing that her son had been removed to the 20th General Hospital at Camiers and was seriously ill. Private Morgan left here with the 102nd Battalion.

Private Harold Hackwood

Private Harold Hackwood, son of Mr. and Mrs. James Hackwood, of Nicol street is reported officially to have been wounded. Private Hackwood, prior to his enlistment in the 231st Battalion with which regiment he went overseas, was a valued member of the City Hall staff, having been employed there in various capacities, more latterly as assistant to the city engineer, for upwards of seven years.

Private A. L. Johns.

Mrs. D. Johns of Milton street has been informed that her son Private Arthur Lyle Johns who went overseas with the 231st Battalion, but later transferred to the 72nd Battalion, has been admitted to hospital, suffering from a gunshot wound in the hand.

Private Leonard Haslam.

Mrs. C. Haslam of South Wellington, has learned that her son Private Leonard Haslam, who enlisted in the 88th Battalion, but transferred to the C. M. R., and was later drafted into the 42nd Battalion, has been admitted into the 11th Field Ambulance Hospital, suffering from a gunshot wound in the back. Private Haslam has been just four months in France.

Sergt. Arthur Good

Mrs. W. E. Webb has been informed that her grandson, Sergt. Arthur Good, who went overseas with the 72nd Battalion, and has served with them continuously, had been admitted to the 11th Field Ambulance Hospital on October 30th, suffering from a gunshot wound in the shoulder.

Private Leonard Russell

Mr. George Ramsell, Victoria road, received word yesterday that his son Pte. Leonard Ramsell, had been admitted to the 3rd Field Ambulance hospital, October 31st, with gunshot wound and fractured arm.

Pte. Herbert Thorne.

Word was received in the city yesterday to the effect that Pte. Herbert Thorne, eldest son of Mr. and Mrs. Edward Thorne, formerly of this city, but now at Calgary, is officially reported wounded.

At the Bacon Export Trade Probe, Toronto City Hall. Left to right: W. N. Tilley, K. C., counsel for the Davies and Matthews—Blackwell Companies; H. Gagniew, of Saturday Night, a journalistic prosecutor; C. S. Blackwell; E. C. Fox, Davies' General Manager; Sir J. Flavelle, Davies' President.

GOVR. GENERAL COMING HERE

His Excellency the Duke of Devonshire Will Pay Brief Visit to Nanaimo on Saturday, Nov. 24th—Council is Preparing a Reception.

The City Council at last night's meeting was in receipt of a communication from the Provincial Private Secretary containing the information that His Excellency, the Duke of Devonshire, Governor-General of Canada would pay a visit to Nanaimo on Saturday, Nov. 24th, arriving in the city at 4 p.m., and the Council appointed Ald. Forrester, Morton and Ferguson a committee to prepare an address and arrange a reception for the distinguished visitor.

The Council adopted a recommendation of the Athletic Club House Committee that the sum of $100 be expended on repairs to the roof of the building.

The Finance Committee submitted a statement showing receipts and expenditures for nine months, ending Sept. 30th, showing receipts of $58,568.42, and expenditures totalling $70,086.71. In moving the adoption of the report Ald. Coburn pointed out that during October civic taxes were received and the committee expected to show a surplus in its next report.

The Sewerage Committee to whom was referred the petition of Gillespie street property owners for exemption from the sewer frontage tax, reported they had investigated the matter and found that no damage was done to the properties in question, and that various parcels of land throughout the city were in a similar position, and therefore would recommend that the parties be notified that the Council could not entertain the matter for relief from sewer taxation on the grounds that the sewerage passed through their property.

Ald. Morton moved, seconded by Ald. Forrester that the report of the committee be received and recommendation adopted.

Ald. Ferguson and Ald. Sharp considered the Committee had not gone fully into the question, and Ald. Sharp moved in amendment, seconded by Ald. Harding the matter be referred back to the Committee for further investigation and report. The amendment carried on the deciding vote of the Mayor.

The special committee appointed to interview Mr. William Hart relative to his resignation, reported it had interviewed Mr. Hart, and had found he had a grievance in that he had not received the same treatment as other members of the police force in the matter of new uniforms, and recommended the Purchasing Agent be instructed to have the order for Mr. Hart's clothing placed at once.

The recommendation of the committee was adopted on motion of Ald. Coburn.

The Finance Committee presented the Warrant Book for the month of October carrying accounts totalling $9,470, the principal items of expenditure being as follows: Public Works $632.05; Water Works $737,74; City Offices $608.27; Police Dept., $473.45; Schools, $2,981.50; Fire Dept. $432.15; Cemetery $72.50 City Council, $125; Street Lighting $523; Hospital $150; City Pound, $78.50; Interest $246.97; Athletic Club $2,444.43; Sewer Flushing, $119.10; Refund Liquor Licenses, $1,325.00.

CARD OF THANKS

Mrs. H. E. Peck and family wish to tender their most grateful thanks to all who have in so many ways shown their sympathy with them in their recent sad bereavement.

EXEMPTION CLAIMS NOT ALLOWED

Fifty applications for exemptions by men in Class One under the terms of the Mlitary Service Act were considered yesterday by the two Nanaimo tribunals. Tribunal No. 36 dealt with 28 applications, of which number 7 were reported for service, 7 were given temporary exemption and 14 deferred for medical examination. Tribunal No. 37 heard 22 claims, of which number 10 were ordered to report for service, 4 given temporary exemption, and 8 deferred for medical examination.

GERMAN MORALE AT LOW EBB

Canadian Army Headquarters in France, Nov. 12.—Increasing disorganization among enemy forces is indicated in statements made by captured prisoners, while the decline in the morale of officers is unquestioned. One officer states that when we attacked on Saturday, all other officers in his battalion ran back to shelter, some three hundred yards behind the front line, leaving warrant officers, non-commissioned officers and men to carry on the fighting. In another instance no fewer than eleven officers were captured in one dug-out. With such conduct, growing discontent is reported among the rank and file and statements of prisoners lead to the conclusion that the whole fabric of German arms is held together by little more than iron discipline.

BRITISH VICTORY GROWS BIGGER

British Headquarters in Egypt, via Reutters, Nov. 12.—Each day adds to the magnitude and importance of our success on this front. Each hour adds to the toll of our captures, while our pursuit already has carried us nearly thirty miles to the north of Gaza. Indeed, reports have been received showing confusion and almost panic exists many miles in the rear of the present Turkish positions.

YEARS WORK OF PATRIOTIC FUND

Annual Meeting of Nanaimo Branch Was Held Last Night—Financial Statement Submitted and Officers Elected—Was Successful Year.

The annual meeting of the Nanaimo Branch of the Canadian Patriotic Fund, was held last night in the Council Chambers, Senator Planta, chairman of the Fund, presiding.

The financial statement for the past twelve months showed total local receipts of $31,363.19, and an expenditure of $34,627.35, the committee calling upon the Central Fund to make up the amount required for local relief.

The report submitted by Mr. J.M. Rudd, Hon. Secretary Treasurer, read as follows:

The subscriptions for the year from Ocober 1st, 1916, to Sept. 30th 1917, amounted to $31,363.19, this with the balance of $1,384.26 carried forward from the previous year enabled us to remit $32,000 to the Central Fund.

We received from the Central Fund $34,850 during the year, being $2,850 more than we remitted.

Expenses for the year were for stationery $17.25, and rent of Opera House $25, a total of $42.25.

1,702 grants were paid during the year, averaging $20.15. For the year the average number of families to which grants were made is 142 per month and the average number of children to each family is 2.7.

At our last annual meeting I estimated that it would require $34,800 for our year's work, the actual amount needed was $34,585.10.

With the Conscription Act coming into force it is likely our expenditure in the coming year will be increased, and though only unmarried men will be called many will leave dependents who are entitled to assistance from this fund. The total receipts from B. C. since the fund started amount to $2,348,457.97 and the disbursements were $3,242,752,44, the Central Fund thus supplied our shortage of $894,294.47.

On September 30th last, 6902 adults and 11,648 children, a total of 18,550 individuals benefited from the fund in B. C.

The administration cost for the whole of Canada was 6-10 of 1 per cent, and for B. C., 3-10 of 1 per cent. for 32 months, or 1-7 of 1 per cent. per annum.

Senator Planta declined nomination for re-election as President, and the election of officers resulted as follows:

President, Mayor McKenzie.
Vice.-Pres., Jno. Shaw.
Hon. Sec.-Treas., J. M. Rudd.

Last year's general committee was reelected and the vacancies caused by members leaving the city were filled by the appointment of J. N. Addison, Mrs. Gillespie, Mrs. M. H. Thomas and Mrs. McMillan.

Messrs. J. C. McGregor, Ald. Coburn and J. C. Dakin, and Mrs. Martindale, Mrs. (Dr.) Brown, and Miss Gibson were appointed a committee, together with the executive to draft the several sub-committees.

The thanks of the meeting were extended to the ladies for their faithful services during the year; to Mr. Hinton for his gratitous services in auditing the accounts; to the retiring president, Senator Planta and to Mr. Rudd for his valuable services during the year.

CONSERVATIVES ATTENTION

A meeting of Nanaimo Conservatives will be held in the Foresters' Hall, Tuesday, Nov. 13th, at 8 p.m., for the purpose of electing delegates to attend the nominating convention to be held at Duncan on Thursday, Nov. 15th.

WILL NOT STRIKE DURING WAR

South Wales Miners Votes Three to One Against a Strike Until the War is Won.

London, Nov. 12.—An important section of British labor has given its decision in favor of continuing the war until victory is attained. The South Wales mining area, sometimes called the storm centre of British industry, has been balloting for several days past on the question whether to strike if the government proceeds with the scheme for "combing out" men of military age for service in the army. By a majority of three to one the miners have decided against a strike.

The polls of a few individual pits have not yet been returned but nearly 120,000 votes from a score of districts have been tabulated and these give a majority against a strike.

Outstanding districts cannot alter the result.

FAREWELLP ARTY AT SOUTH WELLINGTON

A Social and Dance was held in the Old Alexandra Hall, South Wellington, on Saturday, Nov. 10th., under the auspices of the St. John Ambulance Association. Mr. J. C. McGregor occupied the chair. It was the practice in the past to hold a social in the middle of the term, but it was thought that the holding of a social at the beginning of the term would have a tendency to create an interest in the work. The following contributed to the programme:

Mrs. D. W. Richards, Mrs. Robert Mains, Mrs. John McKellar, Mrs. C. Bowlsby, Mrs. Parrott, Miss Johnstone, Mr. Dan Caldwell and Mrs. Polkinghorne.

At the termination of the evening one of the late members of the class was tendered an ovation on the eve of his departure for the front. Sergeant John Harrison, the recipient of the ovation, previous to his joining the C. A. M. C., was a member of the South Wellington Ambulance Class for three years previous to his enlistment. The chairman made a few brief complimentary remarks to which Sergt. Harrison responded.

ROYALISTS AND REBELS CLASH

Stockholm, Nov. 12.—A bloody encounter has taken place near Gatchina between soldiers from the front headed by Premier Kerensky and Bolsheviki forces from Petrograd, according to advices which have reached Ira Nelson Morris, the American Minister, from reliable sources. The result of the battle is not announced.

HOLDING LINE AGAINST HUNS

Enemy Attempt to Pierce the Northern Italian Front and Encircle the Left Wing of Italian Army Has Failed.

London, Nov. 12.—The Italians and Austro-German armies are in battle array along the Piave River from the hilly region in the north to the Adriatic sea the Italians on the western side and the enemy along the eastern bank. The main [illegible] the Austro-Germans and Germans has taken the place of the advanced guard which has been scattered along the stream for several days and already throughout the entire region guns of both sides are engaged in duels. The Italians are stoutly holding the line along the Piave and also in the region running westward through the hilly country from the vicinity of Feltre to Sette Conuni. Several attempts by the enemy to pierce the northern front and encircle the Italians left wing have failed. The Berlin official communication asserts that on the upper reaches of the Piave River line, 10,000 Italians have been cut off and forced to surrender and also that the Teutonic allies have been cut off and pressed southward from Belluno and now standing before the town of Feltre, which is on the west bank of the Piave. It is considered possible that the enemy may make an attempt to press southward from this region along the valley and railroad.

The situation in Russia is still obscure. No direct dispatches have been recieved from the capital since Sundey evening when it was reported that there had been considerable street fighting in various parts of the city in which military cadets, follows of Prenier Kerensky were worsted by Bolsheviki troops at several points Fighting was begun by the cadets owing to reports that Kerensky, with a large body of men was close to the capital. The Prenier and his followers, however, had not put in an appearance up to Sundey night.

On the battlefronts in France and Belguim comparative calm prevails except for the usual artillery and raiding operations

In Palestine the Turks, who have been pushed back on numerous sectors by the British forces under General Allenby, now are preparing defensive positions twenty miles southwest of Jerusalem near Hebron. The British however, are using their mounted troops and have made progress toward Eltrine. Scottish infantry also has attacked the enemy's right flank successfully and captured a number of machine guns.

Gas masks are being worn by American troops in the trenches in France as the result of the Germans using gas shells against them, and both the Americans and Germans are using considerable quantities of shrapnel against opposing positions.

OUT TO SELL VICTORY BONDS

Nanaimo's Campaign to Contribute a Quarter Million of Bonds to Canada's Victory Loan Was Inaugurated Yesterday.

Nanaimo's campaign to sell $250,000 worth of bonds in connection with Canada's Victory Loan, was announced to the public yesterday [illegible] the screeching of whistles, and last evening by a street parade and short patriotic speeches by Rev. Dr. Unsworth and Mr. John M. Rudd, the latter after explaining the main features of the Victory Loan reading a telegram received from Mr. William Farrell, chairman for B. C., as follows:

Chairman, Canada's Victory Loan, Nanaimo. B. C.

From the bloody ridges of Flanders the sons of Canada have thrust the foe. They have fought, they have conquered, they have died, that you and I may dwell in peace and security under the banner of civilization, which bears the watchwords liberty, justice, and co-operation. Is there any man, woman or child in Canada today who is not thrilled by the glorious deeds of our fellow citizens who cheerfully sacrifices everything to the commonweal of the world? They are building the great commonwealth of civilization and cementing the stones of that building with their blood. Shall we fail in supplying them with the stones. Every Victory Bond means one more step towards the peace we all desire. Will any of you in Nanaimo hesitate to make some sacrifice to advance that step. It is impossible that you should wish to go back—yet if Canada fails to support her sons with money we must step back. Canada asks for you to extend her your credit, your personal guarantee that you desire peace, prosperity and victory. Let us all go forward united in every endeavor to victory. Nanaimo has the opportunity to prove that men can forget the past in their determination to build the future.

William Farrell.

A corps of volunteer canvassers will commence work today in earnest in an endeavor to sell every adult in Nanaimo at least one bond. The committee has opened an headquarters office next to Thorneycroft's jewelry store, at which every canvasser is asked to report this morning and receive final instructions.

The district has been divded into eight sections for the purpose of the campaign the districts and the names of the canvassers therein being as follows:

EXEMPTION CLAIMS NOT ALLOWED

Fifty applications for exemptions by men in Class One under the terms of the Military Service Act were considered yesterday by the two Nanaimo tribunals. Tribunal No. 36 dealt with 28 applications, of which number 7 were reported for service, 7 were given temporary exemption and 14 deferred for medical examination. Tribunal No. 37 heard 22 claims, of which number 10 were ordered to report for service, 4 given temporary exemption, and 8 deferred for medical examination.

GERMAN MORALE AT LOW EBB

Canadian Army Headquarters in France, Nov. 12.—Increasing disorganization among enemy forces is indicated in statements made by captured prisoners, while the decline in the morale of officers is unquestioned. One officer states that when we attacked on Saturday, all other officers in his battalion ran back to shelter, some three hundred yards behind the front line, leaving warrant officers, non-commissioned officers and men to carry on the fighting. In another instance no fewer than eleven officers were captured in one dug-out. With such conduct, growing discontent is reported among the rank and file and statements of prisoners lead to the conclusion that the whole fabric of German arms is held together by little more than iron discipline.

BRITISH VICTORY GROWS BIGGER

British Headquarters in Egypt, via Reutters, Nov. 12.—Each day adds to the magnitude and importance of our success on this front. Each hour adds to the toll of our captures, while our pursuit already has carried us nearly thirty miles to the north of Gaza. Indeed, reports have been received showing confusion and almost panic exists many miles in the rear of the present Turkish positions.

YEARS WORK OF PATRIOTIC FUND

Annual Meeting of Nanaimo Branch Was Held Last Night—Financial Statement Submitted and Officers Elected—Was Successful Year.

The annual meeting of the Nanaimo Branch of the Canadian Patriotic Fund, was held last night in the Council Chambers, Senator Planta, chairman of the Fund, presiding.

The financial statement for the past twelve months showed total local receipts of $31,363.19, and an expenditure of $34,627.35, the committee calling upon the Central Fund to make up the amount required for local relief.

The report submitted by Mr. J.M. Rudd, Hon. Secretary Treasurer, read as follows:

The subscriptions for the year from Ocober 1st, 1916, to Sept. 30th 1917, amounted to $31,363.19, this with the balance of $1,384.26 carried forward from the previous year enabled us to remit $32,000 to the Central Fund.

We received from the Central Fund $34,850 during the year, being $2,850 more than we remitted.

Expenses for the year were for stationery $17.25, and rent of Opera House $25, a total of $42.25.

1,702 grants were paid during the year, averaging $20.25. For the year the average number of families to which grants were made is 142 per month and the average number of children to each family is 2.7.

At our last annual meeting I estimated that it would require $34,800 for our year's work, the actual amount needed was $34,585.10.

With the Conscription Act coming into force it is likely our expenditure in the coming year will be increased, and though only unmarried men will be called many will leave dependents who are entitled to assistance from this fund. The total receipts from B. C. since the fund started amount to $2,348,457.97 and the disbursements were $3,242,752.-44, the Central Fund thus supplied our shortage of $894,294.47.

On September 30th last, 6902 adults and 11,648 children, a total of 18,550 individuals benefited from the fund in B. C.

The administration cost for the whole of Canada was 6-10 of 1 per cent, and for B. C., 3-10 of 1 per cent. for 32 months, or 1-7 of 1 per cent. per annum.

Senator Planta declined nomination for re-election as President, and the election of officers resulted as follows:

President, Mayor McKenzie.
Vice.-Pres., Jno. Shaw.
Hon. Sec.-Treas., J. M. Rudd.

Last year's general committee was reelected and the vacancies caused by members leaving the city were filled by the appointment of J. N. Addison, Mrs. Gillespie, Mrs. M. H. Thomas and Mrs. McMillan.

Messrs. J. C. McGregor, Ald. Coburn and J. C. Dakin, and Mrs. Martindale, Mrs. (Dr.) Brown, and Miss Gibson were appointed a committee, together with the executive to draft the several sub-committees.

The thanks of the meeting were extended to the ladies for their faithful services during the year; to Mr. Hinton for his gratitous services in auditing the accounts; to the retiring president, Senator Planta and to Mr. Rudd for his valuable services during the year.

CONSERVATIVES ATTENTION

A meeting of Nanaimo Conservatives will be held in the Foresters' Hall, Tuesday, Nov. 13th, at 8 p.m., for the purpose of electing delegates to attend the nominating convention to be held at Duncan on Thursday, Nov. 15th.

WILL NOT STRIKE DURING WAR

South Wales Miners Votes Three to One Against a Strike Until the War is Won.

London, Nov. 12.—An important section of British labor has given its decision in favor of continuing the war until victory is attained. The South Wales mining area, sometimes called the storm centre of British industry, has been balloting for several days past on the question whether to strike if the government proceeds with the scheme for "combing out" men of military age for service in the army. By a majority of three to one the miners have decided against a strike.

The polls of a few individual pits have not yet been returned but nearly 120,000 votes from a score of districts have been tabulated and these give a majority against a strike.

Outstanding districts cannot alter the result.

FAREWELLP ARTY AT SOUTH WELLINGTON

A Social and Dance was held in the Old Alexandra Hall, South Wellington, on Saturday, Nov. 10th., under the auspices of the St. John Ambulance Association. Mr. J. C. McGregor occupied the chair. It was the practice in the past to hold a social in the middle of the term, but it was thought that the holding of a social at the beginning of the term would have a tendency to create an interest in the work. The following contributed to the programme:

Mrs. D. W. Richards, Mrs. Robert Mains, Mrs. John McKellar, Mrs. C. Bowlsby, Mrs. Parrott, Miss Johnstone, Mr. Dan Caldwell and Mrs. Polkinghorne.

At the termination of the evening one of the late members of the class was tendered an ovation on the eve of his departure for the front. Sergeant John Harrison, the recipient of the ovation, previous to his joining the C. A. M. C., was a member of the South Wellington Ambulance Class for three years previous to his enlistment. The chairman made a few brief complimentary remarks to which Sergt. Harrison responded.

ROYALISTS AND REBELS CLASH

Stockholm, Nov. 12.—A bloody encounter has taken place near Gatchina between soldiers from the front headed by Premier Kerensky and Bolsheviki forces from Petrograd, according to advices which have reached Ira Nelson Morris, the American Minister, from reliable sources. The result of the battle is not announced.

HOLDING LINE AGAINST HUNS

Enemy Attempt to Pierce the Northern Italian Front and Encircle the Left Wing of Italian Army Has Failed.

London, Nov. 12.—The Italians and Austro-German armies are in battle array along the Piave River from the hilly region in the north to the Adriatic sea the Italians on the western side and the enemy along the eastern bank. The main [illegible] Germans has taken the place of the advanced guard which has been scattered along the stream for several days and already throughout the entire region guns of both sides are engaged in duels. The Italians are stoutly holding the line along the Piave and also in the region running westward through the hilly country from the vicinity of Feltre to Sette Conuni. Several attempts by the enemy to pierce the northern front and encircle the Italians left wing have failed. The Berlin official communication asserts that on the upper reaches of the Piave River line, 10,000 Italians have been cut off and forced to surrender and also that the Teutonic allies have been cut off and pressed southward from Belluno and now standing before the town of Feltre, which is on the west bank of the Piave. It is considered possible that the enemy may make an attempt to press southward from this region along the valley and railroad.

The situation in Russia is still obscure. No direct dispatches have been recieved from the capital since Sundey evening when it was reported that there had been considerable street fighting in various parts of the city in which military cadets, follows of Prenier Kerensky were worsted by Bolsheviki troops at several points Fighting was begun by the cadets owing to reports that Kerensky, with a large body of men was close to the capital. The Prenier and his followers, however, had not put in an appearance up to Sundey night.

On the battlefronts in France and Belguim comparative calm prevails except for the usual artillery and raiding operations

In Palestine the Turks, who have been pushed back on numerous sectors by the British forces under General Allenby, now are preparing defensive positions twenty miles southwest of Jerusalem near Hebron. The British however, are using their mounted troops and have made progress toward Eltrine. Scottish infantry also has attacked the enemy's right flank successfully and captured a number of machine guns.

Gas masks are being worn by American troops in the trenches in France as the result of the Germans using gas shells against them, and both the Americans and Germans are using considerable quantities of shrapnel against opposing positions.

THE SUPREME SACRIFICE

Another brave Nanaimo boy in the person of Lawrence Oliver Randle, has made the supreme sacrifice in the great fight for liberty and humanity. The deceased was literally a boy, just having turned twenty years of age when he enlisted. But though a boy in years, he was inspired by a man's spirit, and died a hero's death. Of a bright and cheerful disposition, the soul of good nature, his death will be deeply regretted by the hosts of friends he had in town, while the sympathy of the whole community will go out to his sorrowing parents in their bereavement. When time has dulled the keen edge of their grief, the knowledge that their boy had measured up full man size, and died in the great fight for mankind, will bring its own consolation.

THE VICTORY LOAN

The initial drive in the local campaign for the Victory Loan opened in the most auspicious manner yesterday. The number of people on the streets last night for the opening parade was proof of the interest that has been aroused, and the one thing to do now is to push the canvass as vigorously as possible. The loan committee has set a high figure as their goal, but it is not too high for Nanaimo. The city has never failed to respond to the many patriotic calls that have been made upon it, and in this the biggest appeal which has has been made it will surely rise to the occasion . The loan offers to all a means of patriotic service, and is at the same time a fine and sound investment. The way has been made as easy as possibe for the small investors, and it is the duty of every one who can possible to it to take a bond and help to secure victory in this great war.

THE DIFFERENCE

Sir Wilfrid Laurier was accorded a triumphal entry into Quebec the otther day. Sevigny, one of the two French-Canadiains who remained with Borden, was unable to get a hearing in his own constituency. He was refused a hearing because he would not sign a card pledging him to oppose the Military Service Act if elected. Sir Wilfrid is billed to speak outside of Quebec and he will be given a hearing. The rowdies of Dorchester might have thought of this, for we are living in a day of reprisals.

NO REDUCTION IN RAILWAY RATES

Ottawa, Nov. 12.—The railway board today handed out a judgment refusing the request of the Winnipeg, Calgary, Regina and Saskatoon boards of trade and the Canadian Manufacturers, Association that certain all-rail traffic rates between Eastern and Western Canada recently inaugurated by the railways should be suspended. The boards finds that "the rates may be permitted to continue."

The postion taken by the railway companies in reply to the demands of the boards of trade and the manufacturers' association was that the increases were concerned with a water competitive situation. It was set out by the railways that as the all-rail rates had been reduced from a higher basis to a lower basis because of water competition the companies were within their rights, under the Railway Act, in increasing the rates when the water competition was less active.

The postion taken by the boards of trade was that the increases proposed should be justified both from a cost and from a necessary basis. To the plea that a water competitive condition created a special set of circumstances the boards of trade in general rejoin that the said conditions as to justification arose here as in regard to rates where water competition was not pleaded.

The judgment concludes: "The board has laid down the position that rates reduced to meet water competition may be brought up more closely to the normal level when the water competition becomes less effective."

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try this! Your nair gets wavy glossy and abundant at once.

To be possessed of a head of heavy beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lott of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshen, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use,, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine, and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

OFFICIAL PROSPECTUS

The Proceeds of this Loan will be used for War purposes only, and will be spent wholly in Canada

The MINISTER OF FINANCE offers for Public Subscription

Canada's Victory Loan

Issue of

$150,000,000. 5½% Gold Bonds

Bearing interest from December 1st, 1917, and offered in three maturities, the choice of which is optional with the subscriber, as follows:

5 year Bonds due December 1st, 1922
10 year Bonds due December 1st, 1927
20 year Bonds due December 1st, 1937

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is $150,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of $150,000,000.

Principal and Interest payable in Gold

Denominations; $50, $100, $500 and $1,000

Subscriptions must be in sums of $50 or multiples thereof.

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Interest payable, without charge, half-yearly, June 1st and December 1st, at any branch in Canada of any Chartered Bank.

Bearer or Registered Bonds

Bonds may be registered as to principal or as to principal and interest.

Scrip certificates, non-negotiable, or payable to bearer, in accordance with the choice of the applicant for registered or bearer bonds, will be issued after allotment in exchange for provisional receipts. When these scrip certificates have been paid in full, and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer, or registered as to principal, or for fully registered bonds when prepared, without coupons, in accordance with the application.

Delivery of interim certificates and of definitive bonds will be made through the Chartered Banks.

Bearer bonds with coupons will be issued in denominations of $50., $100., $500., and $1,000. and may be registered as to principal only. Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of $1,000, $5,000 or any authorized multiple of $5,000.

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds of the denomination of $1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons, at any time, on application to the Minister of Finance.

Surrender of Bonds

Holders of Dominion of Canada Debenture Stock, due October 1st, 1919, and of bonds of the three preceding Dominion of Canada War Loan Issues, have the privilege of surrendering their bonds in part payment for subscriptions to bonds of this issue, under the following conditions:—

Debenture Stock, due October 1st, 1919, at Par and Accrued Interest.
War Loan Bonds, due December 1st, 1925, at 97½ and Accrued Interest.

(The above will be accepted in part payment for bonds of any of the three maturities of this Issue.)

War Loan Bonds, due October 1st, 1931, at 97½ and Accrued Interest.
War Loan Bonds, due March 1st, 1937, at 96 and Accrued Interest.

(These will be accepted in part payment for bonds of the 1937 maturity ONLY of this Issue.)

Bonds of the various maturities of this issue will, in the event of future issues of like maturity, or longer, made by the Government, other than issues made abroad, be accepted at par and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

Issue Price Par

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

Payment to be made as follows:

10% on December 1st, 1917 — 20% on March 1st, 1918
10% on January 2nd, 1918 — 20% on April 1st, 1918
20% on February 1st, 1918 — 20% on May 1st, 1918

A full half year's interest will be paid on 1st June, 1918

The Bonds therefore give a net yield to the investor of about:

5.61% on the 20 year Bonds
5.68% on the 10 year Bonds
5.81% on the 5 year Bonds

All payments are to be made to a Chartered Bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions accompanied by a deposit of 10% of the amount subscribed, must be forwarded through the medium of a Chartered Bank. Any branch in Canada of any Chartered Bank will forward subscriptions and issue provisional receipts.

In case of partial allotments the surplus deposit will be applied toward payment of the amount due on the January instalment.

Subscriptions may be paid in full on January 2nd, 1918, or on any instalment due date thereafter under discount at the rate of 5½% per annum. Under this provision payments of the balance of subscriptions may be made as follows:

If paid on January 2nd, 1918, at the rate of 89.10795 per $100.
If paid on February 1st, 1918, at the rate of 79.46959 per $100.
If paid on March 1st, 1918, at the rate of 59.72274 per $100.
If paid on April 1st, 1918, at the rate of 39.90959 per $100.

Forms of application may be obtained from any branch in Canada of any Chartered Bank, or from any Victory Loan Committee, or member thereof.

The books of the Loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of this issue on the Montreal and Toronto Stock Exchanges.

Subscription Lists will close on or before December 1st, 1917.

WORSTED IN BATTLE OFF CAPE BEALE

After a great battle with a gale off Cape Beale, on the Vancouver Island coast the American four-masted lumber schooner Mary E. Foster, inbound from the Hawaiian Islands, was picked up by the steam schooner Daisy Freeman, which located the Foster stripped of sail. In battling with the storm the Foster lost two sets of sails. The Foster sailed from Honolulu on October 18, bound for Puget Sound. All went well until she neared the coast, when a terrific gale overtook the sailing vessel, lashing her with tremendous fury.

First one set of sails was blown away by the force of the hurricane. Capt. G. H. Johnson succeeded in getting another set hoisted, and continued his battle with the elements. Then the second set went, unable to withstand the furious onslaught. While the Foster was fighting the gale the steam schooner Daisy Freeman, outbound from Everett for San Pedro with a full cargo of lumber, passed out of Cape Flattery. Her master sighted the Foster riding the waves under bare poles.

The course of the steamer was altered and within a short time lines were put aboard the schooner and she was taken in tow for Port Townsend. The Foster is a vessel of 839 tons.

Victoria, B.C., Nov. 12.—With a view to securing an interpretation of the clauses of the new Prohibition Act relating to the delivery from warehouses in this province to consumers here, a deputation of the business men will shortly wait upon the attorney-general. In Ontario provision is made for such deliveries.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rat of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

NO TRICK TO LIFT A CORN RIGHT OUT

Says There Is No Excuse for Cutting Corns and Inviting Lockjaw.

Sore corns, hard corns, soft cerns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every eern or callous without pain or soreness or the danger of infection.

This simple drug, while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.

Juice of Lemons! How to Make Skin White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it? Get three ounces of orchard white at any pharmacy, and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.

A typographical error in the Victoria Day financial statement published in Sunday's issue made it appear the sum of $119.79 was expended in connection with supplies and expenses in connection with the field sports, whereas the figures should have read $109.79. PILES

Nothing known to science is better for this painful ailment than Zam-Buk. It reduces inflammation, stops bleeding, ends the agony. Easily applied and cleanly. Why go on suffering? Why not try it? Read the following cures.

Mrs. C. Hanson, Poplar, B.C., says: "I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this remedy completely cured me, and there has been no return of the trouble."

Mr. W. J. Donovan, of New Edinburgh, Ont., writes: "For two years I suffered with bleeding piles. The pain was most intense. I tried one after another of the so-called remedies, but without effect. At last I decided to try Zam-Buk. This gave quick relief from the dull, gnawing pain, and perseverance with Zam-Buk cured me. The cure has been permanent."

ZAM-BUK ALSO CURES ECZEMA, BLOOD POISON, ULCERS, COLD SORES, CHAPPED HANDS, SCALP SORES, CUTS, BURNS, BRUISES, SCALDS and all SKIN INJURIES and DISEASES. All druggists and stores, or Zam-Buk Co., Toronto, post free for price. Refuse harmful substitutes and preparations advanced as "just as good."

REPORTS FROM RUSSIA CONFLICT

Maximalists Claim Forces of Kerensky Were Defeated in Battle—Another Report Is That Kerensky Was Victor.

London, Nov. 13.—The extremist party which gained control of the Petrograd government last week claims in an official statement sent out by wireless from Petrograd to have inflicted a complete defeat on the forces of Premier Kerensky and General Korniloff, advancing on Petrograd.

The Kerensky forces are said to be retiring. The Premier apparently is still with them. Measures are being taken for his capture, the Bolsheviki communique declares.

London, Nov. 13.—The complete defeat of Premier Kerensky and Gen. Korniloff is announced in a Russian communication received here by wireless. After bitter fighting near Tsarskoe-Selo, the revolutionary army completely defeated the counter-revolutionary forces of M. Kerensky and Gen. Korniloff yesterday, says the announcement. The Soldiers' and Workmen's Deputies are said to have ordered that all measures necessary be taken for the capture of Kerensky, who is retiring.

London, Nov. 13—A dispatch from the Copenhagen correspondent of the Exchange Telegraph Company says that travelers arriving in Haparanda Seden, from Russia, confirm the report that Premier Kerensky has gained a complete victory over the Bolsheviki. It is said that the Premier, General Kaledines and Gen. Korniloff have formed a triumvirate in Petrograd, where all troops now side with M. Kerensky.

It is reported that Nikolai Lenine has been captured.

BUT HALF ELIGIBLE MEN HAVE REGISTERED

Vancouver, Nov. 13.—Out of an estimated total of 37,000 Class One men in British Columbia there have been but little more than half that number of military service forms filed out according to a statement made by R. S. Lennie, Registrar for British Columbia.

ENEMY ATTACKS WERE REPULSED

Rome, Nov. 13.—Attacks by the Teutonic Allies along the Asiago plateau front have been repulsed by the Italians according to the official communication today.

The communication adds that the enemy, with the aid of larger boats crossed the river at Zenson and established a bridgehead, but that they were repulsed by the Italians toward the river bank.

WILL ABIDE BY FINDINGS OF BOARD

Montreal, Que., Nov. 13.—On being notified by the Canadian government of the findings of the Conciliation Board appointed at the request of maintenance of waymen to arbitrate on a demand for an increase of wages from the Canadian Pacific Railway, the C. P. R. has replied that it will as in duty bound, abide by these findings of the Board, under which increases are recommended amounting to a total cost of over one million dollars additional wages per annum, although it was considered unfair to ask the company to pay higher wages than are being paid for similar work on other Canadian and American railways.

BRITISH STIRRED BY LLOYD GEORGE

Section of London Press Endorses Premier's Speech at Paris, While Others Offers Criticism.

New York, Nov. 13.—An Associated Press dispatch from London this morning says:

"The speech made yesterday by Mr. Lloyd George in Paris has made a stir in the local press, where his references to the Allies' 'incredible blunder' and other matters are printed under sensational headlines. Comment on the speech is mixed with criticism of the new Allied War Council as announced here by Chancellor Bonar Law. Some of the newspapers endorse the speech in the main or are non-committal. Others criticize adversely the new military plan and accuse the Prime Minister of wishing to take over the strategic direction of the Allied armies. Rumors in the Sunday newspapers of the impending retirement of Field Marshal Haig and General Robertson, Chief of the General Staff, caused commentators to insinuate that the reports were set afloat intentionally by semi-official hints.

"The Morning Post connects the new plan with the rumors and says that both the nation and the army are alarmed over it. It adds: 'A political council advised by a military committee is to direct the strategy of the Allies army. The blood of the nation will run cold at the idea. No more fatal and no more disastrous arrangement could be conceived. Mr. Lloyd George from his speech in Paris, appears to think that this complicated project will achieve strategic unity. It seems to us that it will achieve strategic paralysis.'

"The Times says that the Prime Minister let himself go and thereby opened the flood gates to a torrent of expert criticism. It continues: 'His views of strategy often are superficial, unsound and incompatible with practical conditions, but they are courageous and obviously sincere and it is far better that they be stated frankly than to lead out through subterranean channels."

FRENCH COMMITTEE WILL HEAR BRIAND

Paris, Nov. 13.—The Foreign Office Committee of the Senate yesterday asked Foreign Minister Barthou to communicate to it a letter from former Premier Briand to him concerning a peace offer and which later brought about the fall of M. Ribot, M. Barthou declined to submit the letter on the ground that he could not communicate the letter without accompanying it with other papers which he had no right to divulge. The Committee then decided to hear M. Briand and M. Barthou on the subject before Thursday when the interpellation of Senator Pere on the reasons why M. Ribot resigned comes up for discussion.

DELEGATES TO JOINT CONVENTION

A meeting of the Nanaimo branch of the Win-the-War League was held last night for the purpose of appointing delegates to attend the Convention at Duncan on Thursday at which it is hoped a Unionists candidate will be nominated to contest the Nanaimo riding in the Federal election. Convention will be attended by 25 Liberal delegates from the various Liberal associations in the constituences, 25 Conservative delegates, 25 Win-the-War League delegates, three labor delegates and three delegates from the Farmer's Institute. The local branch of the league at its meeting last night appointed six delegates with three alternates for Nanaimo, and three delegates with three alternates for Newcastle District, the delegates being as follows:—

Messrs. F. Jepson, Ed. Marshall, R.R. Hindmarch, Ald. J.W. Coburn, H.N. Freeman, Thos. Cunningham, J.C. McGregor, N. Wright, and F. Fielding.

Alternates—Messrs. J. Bailey, J. C. Dakin, O. J. Dobeson, E. Bowlsby, and E. Mitchell.

Local Conservatives also met last night and elected delegates to attend the convention as follows: Senator Planta, F. S. Cunliffe Wm. Bennett, James Pender, L. C. Young and E.G. Cavalsky; Alternatives, Messrs. F. A. Busby, T. Kitchin and J. Freethy.

At a meeting of the Nanaimo Liberal Association last evening the following delegates were named to attend the convention, viz.: Messrs. S. Woodcock, E. C. Gibson Dr. Brown, Chas. Callow and A. Mather.

"PITLAMPERS" WILL GET THE LIMIT

For "pitlamping" deer in Wellington District, Clarence Ballance of East Wellington, was fined $50 and costs yesterday by Magistrate Potts. In fining the accused and confiscating his gun and lamp, Mr. Potts expressed the hope that this sentence would act as a deterrent to others, and issued a warning that the next person brought before him on a similar charge would probably find himself sentenced to a gaol term in addition to a very heavy fine.

ADVOCATE VISITING NURSE IN NANAIMO

The Social Service Council of this city met last evening, the principal discussion centering on the question of securing a visiting nurse for Nanaimo, and a committee was appointed to present the matter to the citizens in the near future. The necessity of having a fully qualified nurse at hand, who could be called in occasionally, or at stated periods, to assist in the care of the sick at home was recognized, as at present many cases are kept in the hospital for a week or more after they could be sent home if a nurse could be secured for a short time each day. Doubtless many cases, not considered serious enough to send to the hospital would be greatly benefited by a little professional care.

The Victorian Order of Nurses was founded to provide such assistance for a small fee per visit, or free, if the patient be unable to pay. The organization and methods of the work of the Order seem to meet the requirements here, and it was decided to try and secure a representative for Nanaimo.

ITALIAN AMBASSADOR TO FRANCE RECEIVED

Paris, Nov. 13.—President Poincare yesterday received the new Italian Ambassador to France, Count Bonin-Longare. The President referred to the invasion of Italian territory over which he had travelled recently with the King of Italy, and added: "Yes, as was said by King Victor Emmanuel in his noble proclamation, any weakness today would be treason. Treason also would be all internal discord and treason would be all discord between the Allies."

MANITOBA MODERATOR

Winnipeg, Nov. 13.—Rev. Samuel Polson, of Winnipeg, was elected Moderator of the Presbyterian Church in Manitoba at its opening session in Knox Church last night.

The Countess Markievicz, the Sinn Fein chieftainess, as she is marching in the Clare demonstrations, looking to revolution. Sentenced to death after the Dublin Riots in 1916, she has been reprieved.

PETROGRAD IS TERROR STRICKEN

Revolutionary Socialists Are Sweeping Through Russian Capital Like Robber Bands, Committing All Sorts of Crimes and Excesses.

Copenhagen, Nov. 13.—A dispatch to the Berlingske Tidende says that the situation in the Russian capital is terrible. Virtually all administration has ceased and the authorities having given up all attempts to continue work. Bolshevik soldiers and sailors were sweeping through the city like robber bands, committing all sorts of crimes and excesses. Food was exceedingly scarce, and prces were so high it was impossible to pay. Nearly the entire population is awaiting the arrival of Kerensky's troops to be relieved of terrorism.

London, Nov. 13.—The Russian Charge d'Affaires made the following announcement this evening.

"The Russian Embassy and all Russian officials in London wish it known that they do not recognize the authority of the band of traitors who have temporarily gained the upper hand in the capital and call themselves the Russian government.

SOLDIERS ASK FOR INSURANCE

Washington, Nov. 13.—More than 45,000 soldiers and sailors have applied for Government life insurance aggregating nearly $400,000,000 the Treasury's War Risk Insurance Bureau announced tonight. The average amount sought is between $8,000 and $9,000, indicating that the most of the men are applying for the maximum policies of $10,000.

CELEBRATED FIFTY EIGHTH ANNIVERSARY

The fifty-eighth anniversary of the Wallace Street Methodist Church, was celebrated with appropriate services on Sunday and with the customary supper and concert Monday evening. Mrs. E. B. Irving, president of the Ladies' Aid of the church, made a most gracious hostess and had an able staff of assistants. A splendid concert followed the supper a novel feature being a double quartette of delightfully blended voices, including as soprano Mrs. Fields and Miss B. Cavalasky, contralto, Mrs. L. Jones and Miss L. Morton, tenor, Mr. Evan Jones and Mr. J. Fee, bass, Mr. J. Hughes, and Mr. Geo. Pearson. They sang most tuneful harmonies, "Sweet and Low" "The Soldiers' Farewell," "Annie Laurie" and "Flow Gently, Sweet Afton," and were heard witth marked appreciation. Mrs. Grayshon sang with great sympathy and sweetness "Goodbye Summer" "My Ain Folk," and responded to a second encore, with "There's a Land." Mrs. Jones' rich contralto was heard to good advantage in two new songs "At Dawning" and "When the Dew is falling." Mr. Evan Jones sang Bobbie Burns' grows old, "My Mary." Mr. Muir's rare tenor made "Nattinata" a most pleasing number, his encore being a very pretty song of his own composing. "Brown Eyes or Blue?"

Rev. Frank Hardy presided and with him on the platform were Mrs, F.G. West, Rev. F.G. West, Rev. Dr. Unsworth, Rev. Peter R. Kelly and Rev. James C. Switzer, the anniversary preacher, whose genial personality and strong preaching made large contribution to the success of the occasion. The visiting clergymen brought kindly greetings and succeeded most happily in making entertaining presentation of brief messages of fraternity and inspiration.

Of current debts to the amount of $465, for which the church trustees asked provision by anniversary subscription, $417 has been realized, with some families still to be heard from. This response in view of the cost of living and the multiplying of good causes is greatly encouraging, and will enable this historic church to continue to maintain its worthy traditions of friendship and of service.

CONFERENCE ON PILOT MATTERS

Representatives From Four Cities Will Meet in Nanaimo Next Tuesday to Discuss Matters in Connection with Pilotage.

Representatives of the Boards of Trade and Pilot Boards of Nanaimo, Victoria, Vancouver and New Westminster, will meet in Nanaimo on Tuesday night next at 8 o'clock for the purpose of discussing matters in connection with the proposed change in the system of the Pilotage Authorities of the coast districts, whereby the several districts are to be consolidated and the Minister of Marine made the Pilotage Authority.

The naming of next Tuesday for the meeting was decided upon by the members of the local Board of Trade at a meeting held last night, the secretary being instructed to notify the Boards of Trade and Pilot Boards of the other cities to have delegates at the conference. The organizations above referred to have already stated their willingness to send delegates to the conference whenever the date of said conference had been set.

VOTE OF SYMPATHY FOR MR. AND MRS. RANDLE

At the meeting of the local branch of the Win-the-War League last night the following resolution of sympathy with Mr. and Mrs. A. Randle in the death of their son on active service was passed:-

Whereas the Nanaimo branch of the Win-the War League has learned with the deepest sorrow and regret of the death on the battlefields of France of the soldier son of two of our members, Mr. and Mrs. A. J. Randle. Therefore be it resolved that this branch of the Win-the-War League extend to Mr. and Mrs. A.J. Randle the most heartfelt sympathy in their deep loss and earnest hope is the knowledge that their son died on the field of honor in the Empire's cause may in s me measure assuage their grief.

VICTORY LOAN DRIVE MOVING

Twenty Thousand Mark Passed in Nanaimo's Big Drive to Raise a Quarter Million for Victory Loan.

Nanaimo's Victory Loan Campaign is now in full swing and during the next sixteen days a corps of salesmen will make a house to house canvass in an endeavor to make Nanaimo's slogan "A Quarter Million Dollars," a reality.

The indicator at Bate's Square, at the intersection of Wallace and Commercial streets last night showed the $20,000 mark had been passed and from now on the committee anticipate the indicator will move rapidly in the direction of the goal.

The indicator, which is attracting considerable attention, consists of a four foot dial with a movable arrow which is moved around the dial as subscriptions flow in. Suspended from the dial are two pendulums on one of which hangs a large receptacle marked with $ signs and representing the treasury of Canada. On the other pendulum is suspended the Kaiser holding in one hand a revolver and in the other a knife dripping with the blood of his victim while his feet rest on the fallen bodies of a mother and her two babes. As the subscriptions flow in the treasury becomes heavier and gradually lowers its position while the figure of the Kaiser is correspondingly elevated away from his victims and nearer the top of the gibbet. The design speaks volumes and conveys an excellent reason why every patriotic citizen should buy a Victory Bond.

The sales yesterday were practically all for small denominations and gives evidence of the general nature in which the loan is being received by the public. The several district captains were all busy yesterday lining up their men and mapping out the campaign which will no doubt succeed in signing up many applications for bonds which will be expended by the government in purchasing supplies in Canada for the Canadian forces at the front.

Mr. John M. Rudd, chairman of the campaign, has the honor of purchasing the first bond in this district which he purchased at headquarters on the opening day. Canvassers report meeting with a favorable reception and upon every hand there is a feeling of whole hearted support of the loan.

The committee has some twenty-five salesmen at work but this number is insufficient to thoroughly canvass the city without entailing considerable labor upon those engaged in the work. The more salesmen at work the sooner will the task be completed and Capt. George Beattie is anxious to enroll more volunteers to assist his willing corps in the task they have undertaken. Volunteers who can spare any time at all to the work will be welcome.

GOLDEN WEDDING

Mr. and Mrs. Robert Bell of Ladysmith, celebrated their golden weddiny Monday and received the congratulations of their many friends in Ladysmith and Nanaimo. The aged couple were the recipients of many presents, including a china tea set from the ladies of the Altar Society of the Catholic Church. The same society sent Mr. Bell a box of cigars and a pipe, with which he may console his declining years. Mr. and Mrs. Bell are enjoying the best of health and their many friends hope that they will live to enjoy many more anniversaries of their wedding. Mr. Bell is 78 years of age, and his respected wife is now 71.

TEUTONS HELD BY ITALIANS

German and Austrian Forces Have Met With Severe Reversals on the Asiago Plateau—Enemy Lost Heavily in Vigorous Attacks.

London, Nov. 3.—The Italians apparently are holding the Teutonic allies fast along the greater part of the front from Lake Garda, south of the Trentino region to the Adriatic Sea. Small gains have been reported for the Teutons on the northern front and at one point along the southern reaches of the Piave river.

On the Asiago Plateau the enemy has met with several severe reversals, the Italians repelling vigorous attacks with serious losses. Near Canove to the west of Asiago the forces of General Diaz were able to liberate the Italians, who had been captured by the Austro-German army in an attempted flanking operation before the Italian line was stiffened last week.

The Germans report the capture of the town of Fonzaso and the fortified position of Mont Langara.

On the southern Piave, between Monte San Donia and Zenson some 23 miles northeast of Venice, enemy forces crossed the stream and established a bridgehead on the west side of the Piave. The Italians, however, immediately turned upon the invaders and forced them back toward the bank of the river.

Realizng the close proximity of the enemy to Venice, preparations are being made to protect the ancient city and its historical buildings from shells of the guns of the invaders. Sand bags have been piled high around the palace of the Doges and Campanile. Doubtless most of the numerous works of arts have been removed to places of security.

Out of the maze of contradictory statements regarding the situation in Russia, the salient fact seems to stand out that the Bolsheviki forces still are in control of Petrograd. A wireless dispatch received in London announces the complete defeat of the Kerensky forces and Gen. Korniloff.

Dispatches from Denmark assert that advices received there are to the effect that the Bilsheviki soldiers and sailors in Petrograd are committing all kinds of excesses and that the populace is terror stricken.

Except on the Austro-Italia front there have been no military operations of importance.

TURKISH OFFICERS MUCH DEPRESSED

London, Nov. 13.—Reuter's correspondent on the Palestine front, telegraphing Sunday said:

"Although some of the captured Turkish officers show a sullen spirit, the majority of them are very depressed and say that all hope is gone. They are deeply incensed against Enver Pasha, the Turkish minister of war, who, they say, sold their country to Germany.

TURK LOSSES HEAVY IN MEN AND GUNS

London, Nov. 13.—"The Turkish losses since the beginning of the month are estimated at 12,000. It is impossible as yet to estimate the booty taken in the recent fighting, as every day sees fresh discoveries of dumps of stores, materials and munitions," says the Reuter correspondent on the Palestine front in a dispatch dated Sunday.

DEMOCRATIC OR NOT?

One of the objections to the Military Service Bill is that it is not democratic. The objection was first of all elaborated by Sir Wilfrid Laurier, and it is being repeated by Liberals throughout the country. The phrase was thrown at Premier Brewster when he was addressing a meeting of Liberal irreconcilables at Victoria the other night. Seeing that with these particular objectors it was a case of objecting anyway, the Premier did not stop to combat the statement. Still it might be as well to examine this objection and see what there is in it.

Compulsory service is held to be undemocratic principally because it takes away the liberty of the subject. Half the laws on the statute books do the same thing. Individuals in forming a society agree to certain principles by which their lives and activities shall be directed. They have rights and privileges in common, and the nature of these rights and privileges are determined as far as possible by common agreement. In a democracy it follows that there must be equal suffrage, and that the majority must rule.

Occasions arise when in sudden and unlooked for emergencies the government of the day, which has been elected by popular vote, must make a decision as to which it cannot consult the electorate. Such an occasion arose when Germany forced a war in Europe. The Canadian government then decided that the Dominion was involved, and that it must participate in the struggle. There is no denying that the government's decision had the support and endorsation of the great majority of the Canadian people. There were some elements opposed to it. Now when the crucial test of Canada's strength is being reached these elements, if they are not formidable, are more clamorous. They are to be found in the French-Canadian population, in the Socialists who recognise only the red flag of anarchism, and in the men of German and Austrian descent whose sympathies are with Germany and against Canada. But the fact remains that the great majority of English speaking Canadians were behind the government in entering the war in August, 1914, and the only issue before the country now is to go through with the war, or quit.

Any mistakes the government may have made in carrying on the war in no way affect this issue. It was never urged against the government's decision to enter the war that it was undemocratic. And now it is a question of "carrying on." One of the means of "carrying on" is compulsory service. Without compulsion the country cannot "carry on." What are the Liberal democrats going to do about it? The first duty of a democratic state is to take whatever steps are necessary to protect the democracy, which is the people, composing the state. So far from compulsory service being undemocratic, we have argued since the very beginning of the war that it was the only system which accorded with the principes of democracy. The obligations of maintaining a democracy fall upon all alike, and all should be made to serve alike as the interests of the state demand in any emergency as it arises. There is nothing democratic in Germany's war machine, no more than in its government. If the democracies now fighting Germany with all their available resources had refused to submit to compulsory service because it was undemocratic, then there would have been an end of democracies and democratic government. What other democracies have done to continue the great struggle for humanity and civilization surely can be done by the democracy of Canada.

Don't Say— "Call Again."

Yesterday an army of men started out to sell Victory Bonds.

For the next three weeks theirs will be a colossal task.

From Cape Breton to the Yukon, they will try to call at every city home, every farm home, and every office, factory, and business institution to ask people to buy Victory Bonds.

Conceive, if you can, the magnitude of their work; the hard labour it involves, and the high necessity for it.

Then, realizing all these things, do your utmost to make their task easier.

Decide now to buy.
Decide the amount you will buy.
Be ready to sign your application when the salesman calls.

You should and will buy Victory Bonds, but, don't—please don't—ask the salesman to call again.

The worker's time is limited. He has hundreds of calls to make; and although there is an army of workers, each one has a large field to cover.

Don't say you're going to hold your application for someone else, because each worker is limited to his own district.

The salesman will not accept money. The application blank includes a form of cheque, payable to the Minister of Finance, which you can draw upon your bank; or, if you have not a bank account, there is a form of undertaking which you can use.

Be Ready— Don't Say, "Call Again."

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

NOTICE TO CONTRACTORS

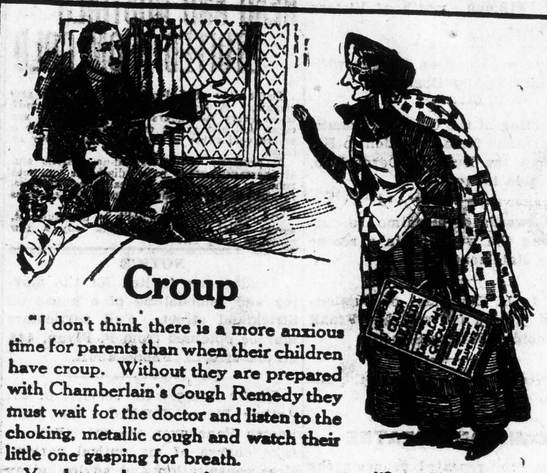
South Wellington School

Second Call.

Sealed Tenders, superscribed "Tender for South Wellington School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 27th day of November, 1917, for the erection and completion of a four-room school at South Wellington, in the Newcastle Electoral District, B. C.

Plans, specifications, contract, and forms of tender may be seen on and after the 8th day of November, 1917, at the office of J. Mahony, Government Agent, Court-house, Vancouver B.C.; S. McB. Smith, Government Agent, Court-house, Nanaimo, B.C.; J. E. Parrott, Esq., Secretary of the School Board, South Wellington, B. C.; or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one set of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10) which will be refunded on their return in good order.



Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

Croup

"I don't think there is a more anxious time for parents than when their children have croup. Without they are prepared with Chamberlain's Cough Remedy they must wait for the doctor and listen to the choking, metallic cough and watch their little one gasping for breath.

You know the great danger of croup is the formation of a false membrane in the larynx, and until this is expelled relief cannot be obtained, and the spasmodic choking continues. Give Chamberlain's Cough Remedy in frequent doses. It will loosen this membrane and cause the child to expel it by vomiting.

"Granny" Chamberlain

Chamberlain's Cough Remedy

is an absolutely safe and certain remedy for croup, and if given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack."

Yours for Health.—Granny Chamberlain

EXPECT INCREASE IN GRAIN SHIPMENTS

Winnipeg, Nov. 13.—An increase of over fifty per cent. in the already huge quantity of grain being carried by the Canadian railways from Winnipeg to the head of the Lakes is expected in local railway circles. In response to representations made by the government the railways are to make special efforts to place a maximum amount of grain at the lake elevators before navigation closes in December. One of the companies has turned over a large number of box cars to another company which was short of this type of equipment so that all three transcontinentals will now be able to handle the special service required in the coming weeks. It is expected that in place of the usual million bushels a day schedule there will now be at least one and a half million bushels of grain moved between Winnipeg and Fort William and Port Arthur. This means an addition of at least three hundred and twelve cars or nine trains a day each way including the empties. Should milling companies raise objection on the grounds that the wheat will leave the west so rapidly as to jeopardize the supply for the flour trade, their objection will probably be dealt with at Ottawa.

C. P. R. WILL SUBSCRIBE FIVE MILLION DOLLARS

Winnipeg, Man., Nov. 13.—Speaking at the opening meeting of the Victory Loan campaign at Montreal tonight, Lord Shaughnessy announced that the Canadian Pacific, although it had already loaned the British and Canadian governments in connection with the war cash and securities to the value of nearly seventy million dollars, the company would be glad to subscribe five million dollars to the Victory Loan, with the Rider that if the Canadian people subscribed three hundred million dollars instead of the hundred and fifty million dollars requested, the Canadian Pacific would raise its subscription from five to ten million dollars.

A CHILD HATES OIL CALOMEL, FILLS FOR LIVER AND BOWELS.

Give 'California Syrup of Figs" if cross, sick, feverish, constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how ou fought against them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millons of mothers keep this harmless "furit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion in Manitoba Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years renewal for a further term of 21 years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal subdivisions of section, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworb returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only.

For full information, application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

ITALIANS AWAIT ARRIVAL OF BRITISH REINFORCEMENTS

Security of The Piave Line and of Historic Venice Rests Upon Shoulders of Italian Troops Until British and French Forces Can Reach the Scene of Operations.

London, Nov. 14.—Germany's submarine war is waning as the result of the stringent measures that have been taken to combat it by the British and American naval forces. Last week only six British merchantmen were sunk and only one was a craft exceeding 1600 tons.

While the Italians continue to hold tenaciously to most of the new line along the Piave river from the Adriatic Sea to the region of Feltre and through the northern hills westward from Feltre to Lake Garda, they have again been compelled to give ground in both sectors to the Teutonic Allies.

Upon the shoulders of the Italians alone for several days must rest the security of the Piave line and of historic Venice, for information has been vouchsafed by Major General Maurice, chief director of military operations at the British War Office that it will be some days yet before the British and French fighting forces can be placed in the field to reinforce the Italians.

Meanwhile the army is striving energetically to force passages of the Piave at various points and has been successful in crossing the stream at Grizolera some twenty miles northeast of Venice. Here, however, the Teutons are being held by defending forces from further gains.

To the north around Zenson, where the stream was negotiated by the Austro-Germans on Tuesday, fighting is still in progress with the Italians holding the upper hand, but not yet having been able to drive the invaders to the eastern bank of the stream. Further north attempts to gain a foothold on the western bank of the Piave, between Querro and Fenere was repulsed with heavy casualties. In the hilly region from Tezzo on the Trentino front eastward to Feltre, a distance of about 12 miles, the Italians have fallen back before the enemy who also have gained additional vantage points on the Asiago plateau and Sette Comuni. On the western bank of Lake Garda, the Austro-Germans attempted to push forward southward but were held by the Italians.

On the western front in France and Belgium, the situation remains normal with only heavy bombardments and minor infantry operations in progress on various sectors.

The British drive against the Turks along the Tigris river and in Palestine continues successful. The Ottoman forces have withdrawn their line from thirty to fifty miles north of Tekrit, placing them virtually 100 miles northwest of Bagdad on the Tigris. In Palestine the Turks have been forced back an additional seven miles. It is reported that they have lost half their effectives in men killed, wounded or made prisoners since operations began.

BIG DECREASE IN SUB VICTIMS

Only One British Vessel of Over 1600 Tons Was Sunk by the Enemy During Past Week—Six Small Craft Are Lost.

London, Nov. 14.—Only one British merchant vessel of more than 1600 tons was sunk by mine or submarine this week, according to the weekly statement of shipping losses issued this evening. This is the lowest number since Germany began her submarine campaign.

Five vessels of less than 1600 tons and one fishing boat were sunk during the week.

Rome, Nov. 14.—Only one small sailing vessel of Italian nationality was lost during the week which ended Nov. 11 it was officially announced today, as the result of the operations of hostile submarines.

The internal situation in Russia still remains obscure. Although dispatches sent by a Finnish telegram bureau, assert Premier Kerensky is again in control in Petrograd, other reports are to the effect that he has set his government in Moscow and that fighting still continues in the capital. No advices have been forthcoming from Provsional Government sources.

IMPPOVEMENTS AT EXTENSION MINE

Canadian Collieries is Installing Mine Wash House Which Will Add to Comfort of Employees.

Mr. L. C. Young, a well known local contractor, is engaged in the construction of a large wash house for the Canadian Collieries Company at Extension, which, when completed and installed will prove a great comfort and convenience to the men employed in and about the Extension Mine.

The Wash House which is being erected in the vicinity of the Company's office, is divided into three sections, one for the managers and overmen, a second for firebosses and shot-lighters, and the third for the use of the employees in general. A large wash room in the center of the building is equipped with numerous wash basins and shower baths and is fitted with four rows of lockers for the safe-keeping of the men's civilian clothing while they are at work.

The building is to be supplied with hot and cold water in abundance at any hour of the day or night. It is to be steam-heated with the result that when the men don their working clothes they will be warm, dry and comfortable.

Two janitors are to be employed about the premises whose duty it will be to safeguard all clothing and to see that both washroom and lockers are kept in a clean and sanitary condition. When in operation the Wash House will prove a boon to the miners, the majority of whom, residing in Ladysmith, have, up to the present, been compelled to wear wet clothing for a considerable period after the completion of their day's work.

The company is also installing by degrees the general use of two-candle power electric head lights throughout its mines. A number of these lights are already in use and it is the intention to have them the only kind of light in use in the mine. They are but half the weight of the carbide lamp and give a better illumination.

HALIFAX GREETS PREMIER BORDEN

Five Thousand Persons Heard Sir Robert Borden Deliver a Speech Which Marked the Opening of the Political Campaign in Maritime Provinces

Halifax, Nov. 14.—In a speech in which he contended that the coming election was a test of what Canada thought of the war and the necessity for troops of the Dominion remaining in it and which was being watched by Germany, Sir Robert Borden inaugurated his tour of the Maritime provinces at a great meeting in Market Hall this evening.

Sir Robert announced that he considered the immediate enforcement of the Military Service Act the only method by which the imperatively necessary reinforcements for the Canadian troops in France could be supplied, and he contended that the referendum proposal of Sir Wilfrid Laurier, if carried out would delay the arrival of support for a year, something that would be hailed by the German high command with great joy, and not a little mirth.

Discussing the Union Government Sir Robert mentioned that in his effort to give representation to all elements of the population that he strove to maintain national endeavor in the war, he had offered cabinet postions to three Liberal French-Canadians, who had declined it.

The Premier was given a warm reception, between four and five thousand people attending the meeting, including many women.

THE SITUATION IN RUSSIA

Reported That Kerensky is Once More in Control in Petrograd—Kaledines and Korniloff Assisting.

London, Nov. 14.—The arrival of Premier Kerensky in Petrograd, accompanied by troops, is reported by the Russian legation at Stockholm, according to an Exchange Telegraph dispatch from Copenhagen. W. Kerensky is said to have defeated the Bolsheviki.

Stockholm Nov. 14—Premier Kerensky has entered Petrograd according to a dispatch received from the correspondent of the Swidish news agency at Haparanda on the Russian border.

The majority of Maximalist troops have joined the Premier, the correspondent adds.

London, Nov. 14.—The Finnish Telegram Bureau says the whole of Russia except a small part of Petrograd is now in the hands of the Provisional government.

Premier Kerensky is now in Petrograd and has taken virtually the entire city the announcement says.

According to these advices which were received in a cablegram filed at Stockholm at 4 o'clock yesterday afternoon Premier Kerensky defeated the Bolsheviki at Tsarskoe-Selo. The Cossacks are reported to have destroyed the Red Guard. The telegraph lines are now in M. Kerenky's hands, the Bureau reports.

The Bureau says Moscow is the headquarters of the Provisonal Government and that Premier Kerensky has issued orders from Moscow which have appeared in the Petrograd as well as the Helsingfors newspapers, which have headlines announcing that the Bolsheviki are nearing their downfall. General Kaledines, the Cossack leader, is said to be dictator of Southern Russia. The orders of the Provisional government are signed by Premier Kerensky, General Kaledines and General Korniloff.

Traveling men arriving from Petrograd, the Bureau reports, say that when they left the capital there was fighting in the streets between the Bolsheviki and the populace. The Petrograd garrison was reported to be deserting the Bolsheviki and the Allied Embassies were said to have got in touch with Premier Kerensky.

400 APPEALS FROM ONTARIO TRIBUNALS

Tronto, Nov. 14.—Nearly 400 notices of appeal from decisions of exemption tribunals already have been lodged with the Ontario Registrar and approximately half of these are being made at the instance of the military representatives on behalf of the army.

DRASTIC ACTION IS FORECASTED

President Wilson Threatens Government Operation of Railroads if Employees Go Out on Strike.

Washington, Nov. 14.—Aroused by the plans of the railwaymen's brotherhoods to demand wage increases, President Wilson has set the machinery of the Federal Government in motion to avert if possible the threat of a paralysis of the country's transportation systems. At a conference with the heads of the "Big Four" brotherhoods at the White House on November 22, President Wilson will appeal to the labor leaders to defer any strike until after the country has passed through the period where its transportation systems are so vital to the conduct of the war.

With the announcement of this conference, it was disclosed that President Wilson, while entertaining every hope for a complete agreement, does not intend to permit the country's transportation systems to be tied up by a strike at this critical time in the nation's history, even if it becomes necessary for the government to operate the roads.

"THE COUNTRY GIRL" PLEASED GOOD HOUSE

"The Country Girl" which was presented last night by local amateur performers under the auspices of the Daughters of the Empire, drew a good house despite the fact of it being the third presentation of the play within as many weeks. It was a most satisfied audience which attended the performance at the Dominion, every member of the cast carrying out his or her part in a finished manner.

The people of Petrograd, the travelers said, were tearing down the Bolsheviki proclamations and hooting the leaders on the streets.

NEARING THE $40.000 MARK

Up to 3 o'clock yesterday afternoon the residents of Nanaimo had purchased Victory Loan Bonds to the amount of $36,500, which is one-seventh of the figure aimed at by the committee to make good its slogan of a "Quarter Million for Nanaimo."

The committee is confident of a successful campaign and if concentrated effort and individual sacrifice count for anything success is assured for every member of the committee is working hard, both early and late, doing missionary work among the citizens and in the majority of instances being successful in making the sale of a Victory Bond.

LOCAL EXEMPTION TRIBUNALS BUSY

The two local Exemption Tribunals had, up to last night, disposed of upwards of 125 claims for exemption. At yesterday's sitting fifteen claims were heard, of which number four were disallowed, five were given temporary exemption, 3 discharged as medically unfit, and three adjourned for medical examination.

The names of those who are to appear before the Tribunals today are as follows:

Tribunal No. 36.—Messrs. A. Rose J. C. Bowen, H. Cooper, T. Barrett, J. E. Bowen, W. A. Kerr, J. B. Freer, P. L. Masi, D. John, A. Eals, H. Melzer, T. Hough, W. Hughes, R. Cox, H. McKane, H. W. R. McAdie, C. R. Gowland, W. Lindsay, T. Lindsay, J. Ruckledge, T. Waring, S. G. Zboyovsky.

Tribunal No. 37.—R. A. Hutton, J. P. Boyce, J. Cunningham, C. G. Quennell, A. L. Smith, H. Stockand, R. Scales, W. White, P. F. Brennan, J. McArthur, J. Stockand, W. Streithorst, R. Rawlinson, J. CHARACTER SKETCH MUCH ENJOYED

The humorous character sketch entitled "The Young Village Doctor," which was given last night under the auspices of the Wallace St. Epworth League, was a great success, the room being packed to its capacity.

Throughout the whole evening the audience showed its hearty appreciation of the splendid presentation The sketch opened with the widow Mrs. Crane, (Miss Lavina Morton), conversing with Mrs. Frost (Mrs. G. Scott), and lamenting the fact that she is obliged to rent her parlor to the new doctor for his office. Jane, (Miss A. Bennett) the widow's daughter, warns her mother not to converse too freely with the doctor on their family affairs. In the second act the doctor (Mr. C. Wright), is ready to receive callers, the first to arrive being Solomon Wiseacre (Mr. Jos. Hughes), who delighted the audience when he showed, in a humorous way, his fear of the charge which might be made. The next to call were two ladies representing the literary club, Miss Penelope Knowing, (Mrs. C. Wright), and Miss Belinda Clinger (Miss Mabel Murray), who caused much amusement as they affectionately welcomed the new doctor to the village.

The young lawyer, Mr. Brief (Mr. J. Murray) next welcomes the doctor, and later in the sketch it develops that he and the doctor are rivals for the hand of Jane. The next to call are Mrs. Grabbe (Mrs. J. Hughes), and Mr. Grabbe (Mr. W. R. Manson), the former being a sick woman and the latter a stingy farmer. The poor widow, Mrs. Ware (Miss N. Allen) and her little girl (Chrissie Jarvie), next call, and even though they are unable to pay the doctor, he readily gives his services freely. Mr. Lovejoy (Mr. J. Fee), next calls on the doctor on a delicate matter, being unable to make a choice between two lady friends. He is properly advised and hurries to carry it into effect. Mrs. Groan (a mysterious character), next enters and pours out a tale of all her woes and ailments, but refuses the doctor's advice of a low diet. The sketch includes an accident to the doctor, when Jane at last discloses her love for the doctor. In the last act Jane and the doctor have been married, and a reception is being held in their honor and at which a splendid program is rendered.

There are solos, recitations, choruses and speeches, and all combined makes the entertainment most enjoyable.

THE KREMLIN CAPTURED

Copenhagen, Nov. 14.—Gen. Korniloff's troops have taken the Kremlin, the famous fortress at Moscow, after severe fighting, says the Berlingake Tidende's correspondent at Petrograd.

CADORNA YIELDS TO PRESSURE

Paris, Nov. 14.—According to the correspondent of the Temps on the Italian frontier, it is now stated that Gen. Cadorna, who was said to have declined to represent Italy on the Inter-Allied Military Committee, has yielded to pressure and consented to act as the Italian representative.

PTE. FRANK MORGAN IS REPORTED BETTER

Mrs. Morgan yesterday received a telegram from Ottawa conveying the pleasing information that her son, Pte. Frank Cyril Morgan, who is in the 20th General Hospital at Camiers, suffering from gas poisoning, is reported to be no longer seriously ill.

FRENCH PRESIDENT CONSULTS LEADERS

Paris, Nov. 14—The Painleve Cabinet was defeated by a direct vote in the Chamber of Deputies yesterday and later resigned. This is the first time such an action has been taken since the beginning of the war, as up to the present it has been a point of honor with many Deputies not to vote against the Government, but to express criticism by abstaining from recording their votes.

Strong dissatisfaction with the Government's handling of the Bolo Pasha affair is believed to be the motive which changed the passive discontent to active opposition. The two other outstanding things thought to have had a part in the downfall of the Painleve Cabinet were the Premier's statement exonerating M. Malvy, the former Minister of the Interior, and the fiasco attending the prosecution of L'Action Francaise, edited by Leon Daudet, the accuser of M. Malvy. The ministerial crisis comes on the eve of the inter-Allied Conference here and every effort will be made to settle it satisfactorily.

HAD DECIDED HE WOULD NOT FIGHT

Ottawa, Nov. 14.—Harold Morris, aged 31, who was an employee of the Lands Patent Branch of the Interior Department, is the first resident of the capital to be charged with unlawful desertion under the Military Service Act. He appeared in the police court this morning in a non-penitent mood. Before he had a chance to plead Detective Joliat asked for his remand for a week in order that the Minister of Justice may be consulted. The police authorities want to ascertain whether Morris can ameliorate his predicament by registering for service.

When arrested last night Morris vehemently declared that the Government had no right to decide whether he should or should not become a soldier.

"I am not available for the army" he said, "because I have decided in my own mind that I will not fight."

CANNOT SEND MEN TO EUROPE

Tokio, Nov. 14.—General Oshima, the Japanese Minister of War, has informed Japanese newspapers that the dispatch of troops to Europe is an absolute impossibility owing to the tremendous cost and the lack of tonnage.

Baron Takahashi, former Minister of Finance, and one of the leaders of the Seiyukai party, in a lengthy article in the newspapers declares the Japanese army is deficient in ordnance and airplane equipment.

GOVERNMENT TO SHARE PROFITS

Government Plans to Establish Effective Control Over all Packing Houses in Canada.

Ottawa, Nov. 14.—Official announcement was made yesterday afternoon of the Government's plan to establish effective control over all Packing houses in Canada, a step which Sir Robert Borden announced would be taken soon after the organization of the present Union Government.

The action taken provides for control of the profits of the packers and provides for the appropriation by the Government of all profits in excess of 15 per cent. One-half of all profits in excess of 7 per cent. and up to 15 per cent. will be taken by the Government.

The official announcement follows:

"In carrying out the policy of the Union Government as announced by the Prime Minister soon after its formation, it has been decided to establish effective control over all packing houses in Canada.

"The control of profits shall be as follows:

"(1) No packer shall be entitled to a profit of more than 2 per cent of his total annual turnover, that is, his total sales during any one year.

"(2) If the 2 per cent. annual turnover exceeds 7 per cent on the actual capital invested in the business, the profits shall be further restricted, as follows:

"(a) Up to 7 per cent on capital the packer may retain the profits.

"(b) If the profits exceed 7 per cent and do not exceed 15 per cent, one half of the profits in excess of 7 per cent shall belong to the packer and one-half to the Government.

"(c) All profits in excess of 15 per cent shall belong to the Government.

"Suitable regulation shall be made to ensure the carrying out of this policy."

The foregoing is in fulfillment of a plan which has been in course of preparation for some time and was announced at Winnipeg on October 22.

OUR SOLDIERS FIGHT FOR YOU—VICTORY BONDS FIGHT FOR THEM

"One Meatless Meal a Day" is a good food slogan for war time, or any time—better make it two meatless meals a day—it would mean health and strength for the nation. But be sure and get the right substitute for meat in a digestible form. **Shredded Wheat Biscuit** is the ideal substitute for meat. It is 100 per cent. whole wheat prepared in a digestible form. Two or three of these little loaves of baked whole wheat make a nourishing, satisfying meal at a cost of only a few cents. Delicious with milk or cream or fruits of any kind.

THE CONVENTION

Today at Duncan choice of a candidate will be made to contest the Nanaimo riding in the Federal election. It is hoped that as a result of the convention a man will be selected who, by his support of the union government, will be agreeable to the two political associations in the constituency. If the two parties, as represented by their delegates at this convention, can agree on a candidate who will pledge himself to support the union government, and do everything in his power to help carry through the programme already published by Premier Borden, after full consultation with the members of his cabinet, then the Win-the-War League will work in co-operation with the two political associations for the return of such candidate.
