## NO PATENT. NO PAY. PATENTS

obtained for mechanical devices, medical or other compounds, ornamental designs, trade-marks and labels. Caveats, Assignments, Infringements, and all matters relating to Patents, promptly attended to. We make preliminary examinations and furnish opinions as to patentability, free of charge and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for Obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. During the past five years we have obtained nearly three thousand Patents for American and Foreign Inventors, and can give satisfactory references in almost every country in the Union.

**Spheroidal Spectacles**  
AND  
**EYE GLASSES**  
ARE the best for the preservation of the sight, and took the medal at the Centennial Exhibition.  
The lenses are made of the best material, uniform in density, and of high refractive power, their perfect polish and spheroidal shape adapt them to ease and improve the sight of the wearer. The eye being the most delicate organ great care should be exercised in selecting spectacles. It is not enough that the glass be of the right focus, but the lenses must be perfectly centered and in many cases perfect relief is only given by having each eye fitted separately. To effect this the lenses are made interchangeable, and having an Ocularometer to measure the sight, a perfect fit is guaranteed.  
Call and examine before purchasing any other kind.  
A full stock in Steel, Rubber, and Gold Frames and prices to suit all pockets.

THE TRI-WEEKLY STAR. PUBLISHED Tuesday, Thursday and Saturday evenings from the Office, corner of Queen and Regent Streets.

The Evening Star.

J. E. COLLINS, Editor. FREDERICTON, MARCH 6, 1880.

Suppose some of those people who have been reading the STAR for nearly two years without paying for it were to bring us a load of wood!

THERE is nothing so important in a public man, especially if he be the leader of a party, as backbone.

HOW ST. JOHN WILL "COME OUT."

VERY shortly after the meeting of the House Mr. Elder, one of the St. John members, will move a resolution something like the following:

"Whereas the city of St. John is the seat of intelligence, enterprise, wealth and population of this Province; (the N. P. and the Telegraph to the contrary notwithstanding); and

Whereas the largest portion of public business transacted by any other city or town in the province, is transacted in St. John.

And Whereas the growing spirit of the age and country now recognize all or nearly all the Darwinian theories, among others the survival of the fittest, the greatest good of the greatest number.

And Whereas, the people of St. John do zealously favor these principles,

Be it therefore Resolved that after this session the seat of government be established and do remain in St. John."

And immediately on handing the resolution to the Clerk, Mr. Elder, like that "fallen angel," will make a speech, pleasing to the ear, if revolting to the understanding, sustaining the resolution.

Mr. Frazier, who, on this occasion, will appear sorrowful, will follow Mr. Elder and show cause why the resolution should not carry.

He will move an amendment to it. Mr. Willis will follow Mr. Elder, and Mr. Blair will likely follow Mr. Willis. Mr. Blair's speech, we have no doubt, will be an able one; and it will be a fitting occasion for him to exonerate himself from the charge of complicity with Mr. Killan in originating the ridiculous howl.

There is no one that would feel more satisfied than we to know that the rumor was the basest kind of a falsehood. A general discussion will likely follow between the opposite sides, during which time the political principles—if any—upon which the Government grows fat and the Opposition withers will be lost sight of.

When the debate is ended Mr. Speaker will take the amendment, while Hon. members from St. John, fearful for the sake of their air castle will look anxious. On the amendment, which will negative Mr. Elder's resolution, being put, the result will stand pretty nearly as follows:

Table with columns: YEAS, NAYS. Lists names of members such as Blair, Thompson, Colter, Covert, Butler, Woods, Beveridge, Theriault, Ryan, McManus, Gillespie, Kenny, Davidon, Hutchison, Johnson, Black, White, Leigh, Vail, Lyndott, Hill, Turner, Cottrell.

Not a bad list at all! We have not counted in the eight members of the Government; Fraser, Wedderburn, Adams, Landry, Hannington, Perley, Marshall, Crawford or Mr. Speaker; our reasons for doing so must be, we think, very obvious.

There are several ways this question, quick grown and unstable as the mushroom, might be settled. The way we have outlined above may be counted as the best because by it the St. John breeze-brevis will get such a take down as will we hope do them good.

harmony of the party. If Mr. Wedderburn, for example, notwithstanding his attachment to the Fredericton side of the question, should feel himself obliged to vote for St. John, why let him do so. If Mr. Marshall might anticipate political annihilation at the next election by voting Fredericton, no one, no matter how well he loves his province, could blame him for voting on the side where his bread and butter is.

There is another way of getting over the difficulty, and that is by Mr. Elder forsaking the position he has taken and accepting a compromise. On his agreeing to withdraw his resolution the Government might consent to a Bill which would give the option to the Equity Judge of holding his sitting where most convenient to the clamorous fraternity, whether in St. John or in Fredericton.

There is yet another way the question might be disposed of and that is by repairing the ruins. We should prefer seeing the new building go on: yet if a majority of the House think the province too impoverished to do otherwise, we should most cheerfully defer to their wishes. But if there is any choice, if such ground be taken, how low must be the hopes of the St. John agitators who ask for a change that will entail an immediate cost of half a million at the least—a cost that would swamp the province for the lifetime of the members who would vote for such an iniquitous proposal.

TO CORRESPONDENTS.

A correspondent writes:—"Why on earth don't you give those creatures on the Reporter another lash?"

To which our reply is, We have not time: other and more weighty matters are engrossing our attention. Now let us ask our correspondent, if he would turn aside from a deer hunt to put his foot on a miserable worm? a poor article that does no harm, that must live that has a right to its little life-feeling, to its jealously, and its regrets just the same as ourselves, and that may be crushed at any moment? When the contest through which the STAR, as Fredericton's only newspaper, will have come triumphantly, is ended, then we may put our foot on any of those creeping things that would try to be harmful.

An attack on the editor of the Fredericton Reporter is the very worst case of cruelty to animals. It is like cudgelling a dumb brute, that can't open his mouth to say that you "hurt his feelings." We have already whenever the public good demanded it, been sufficiently cruel to poor Fred. When he came out for Mayor, in the quietest possible way we planted our foot on him—and crushed him. Every time he comes out, if we happen to be in Fredericton, we shall put our foot on him, and crush him just in the same way. Ah, no, we have no malice against poor Fred. We shall not "lash" him—he is too small game just now. Poor Fred!

Fred is jealous of the STAR's success. Its progress and its influence are hate, fat to his little bosom. Less than two years ago it sprang up a feeble thing, that might be expected to perish any moment. Then Fred laughed at it. Now it is firmly seated as Fred's own hatred of it: its brilliancy reveals Fred's dullness and stupidity.

Fred hates it! Yes. For who would toil from morn till night with a scythe made in the mediæval ages, and not envy his neighbor with a mowing machine? Who wears wooden shoes and does not envy him who puts on prunella? Where is the negro that is not jealous of the Caucasian white skin? Where is the monkey that envies the man? Where is the inferior being that would not envy his betters for those qualities which the small minded and the ignorant hate, but which the large hearted and the intellectual admire! Fred edits, or, with the help of his brother, a respectable old lady, and five or six others, helps to edit a weekly newspaper. This publication, which in the days of Caxton, would be called a newspaper, is 35 years old: it is a weekly yet. It is just as progressive, and hardly that, in 1880 as it was in 1845. As a relic of what newspapers used to be before the time of Railways, Steam or Chubbucks we respect it—that's all.

If Fred had not his rents—and it is the Shylocks and the little-hearted people that have money stowed away in every old rookery—his Reporter would be "cinder than a door nail" in one month. If it depended on Fred's practice at the bar it wouldn't live a week. The STAR—if it is not disrespectful to our revered paper to mention it in the connexion—has fought on its own ground, and won where it stood. We leave others to judge of its patronage and its influence to-day. It is natural for small minds to hate anything superior to themselves: and we may say if the STAR was not hated and maligned it would not be worth living. Worthless concerns are never envied. Who has ever seen an ape, and envied its expressionless mug, or its silly leer? We envy not the "Reporter."

There is cause, we repeat, for Fred hating us. First we have magnified

his smallness, and we have placed our foot upon him. Secondly, "Base envy withers at another's joy. And hates that excellence it cannot reach." Poor Fred!

HOW THE PROVINCIAL PRESS LOOK AT THE REMOVAL.

Those papers of the Provincial Press that favor St. John, either have a personal interest in it, or contend that in the event of the change "St. John should come down handsomely." But you cannot get wool in a goat's house, no more than you can get St. John in its bankrupt state now "to come down handsomely."

The following summary affords the gist of the remarks we find in our exchanges:

ST. CROIX COURIER. That St. John is a good location; but that if selected, it should come down handsomely.

MONCTON TIMES. That it would be injudicious to move the seat of government. That the expense would be too great; and that the departmental buildings here should be remodelled, and made to suit all purposes.

BAY PILOT. This paper is on the fence: it would not doubt favor Fredericton but that it is afraid of the St. John papers to do so. It expresses no opinion.

LE MONITEUR ACADIEEN. Favors Fredericton strongly in French, and this assertion we can maintain in the face of the St. John press, whether it is true or not. It says exempli gratia: "Mais nous est avis qu'à l'heure actuelle nos finances ne permettent pas un gouvernement d'entreprendre le déménagement des Chambres et des Bureaux Publics, et Frédéricton a toutes les chances de rester ce qu'elle est, depuis bientôt un siècle, la capitale du Nouveau-Brunswick."

Let the Sun "chew" over this statement, and tell us what he can make out of it.

ST. ANDREWS STANDARD. Does not favor St. John, on the grounds of economy. It says that the "expense of removal and the extra cost for the erection of public buildings such as Government House, Departmental Offices and new Legislative Buildings, would involve an expenditure of \$200,000."

Let the Standard double these figures, they add \$100,000 to the sum and it will be nearer the mark.

SACKVILLE TRANSCRIPT. This is a very illiterate newspaper, is published in an out of the way village, and could not be expected to know anything of the merits of the question. It favors St. John in a kind of incoherent way, though the other day it howled about "provincial expenses."

CHIGNECO POST. Warmly advocates Fredericton, and says: "We can't help thinking St. John is trying to take the advantage of the misfortune of Fredericton to press for a removal of the seat of government, and St. John thus to benefit by her injury."

It certainly would be a calamity of the Legislature now to change the seat of government to St. John, expend hundreds of thousands of dollars in the purchasing suitable sites for and erecting all the various establishments required by the government, then for a union of the Maritime Provinces to come, and the expenditure thrown away.

ADVANCE AND ADVOCATE. Both of these weekly papers from the drift of what they have written seem to favor St. John.

FARMER AND REPORTER. These are weekly papers published in Fredericton, and they write their very best in favor of Fredericton.

SENTINEL. This paper strongly favors Fredericton, as any paper should that has not its eyes shut to the interests of the Province, or open only to its own interests. Leaving out the St. John and Fredericton papers which are directly interested we have the following summary:

FOR ST. JOHN. Sackville Transcript, Advance and Advocate, [cat and dog] FOR FREDERICTON. Moncton Times, Le Moniteur Acadicien, St. Andrews Standard, Sentinel, St. John Globe.

NEUTRAL. St. Croix Courier, Bay Pilot, Freeman. We may say that these papers marked neutral really favor Fredericton, but believing that the affair will end like a squall of wind they do not trouble their heads about it.

It is noteworthy that the Globe, a St. John paper, opposes the project with all its might; and that the Freeman, another St. John paper, is neutral on the question. It is also worthy of note that neither the Globe nor the Freeman ever is carried away by the sensations that keep the Sun, News and Telegraph eternally in hot water. St. John has a poor case; her own most reliable papers are arrayed against her; and the great majority of the provincial press favors Fredericton.

A DELUSION AND A SNARE. This official record of the expenditures on Government House for the last six fiscal years shows that the average expenditure was above \$5,000 a year.—Telegraph.

Well, suppose it was, is it any argument in favor of St. John? Can a Government House be sustained at less

expense in St. John than in Fredericton? Can it be sustained there at twice the expense? CAN IT BE SUSTAINED THERE AT THREE THE EXPENSE? Does the Telegraph in making its statement and putting it forward as an item, in the argument favoring removal, make any allowance for the sanity of its readers? The Government House is a very fine building; indeed we have been told it is second to none in the provinces. But no building on this side of the grave will stand the rack of the elements, and the wear by the inmates. Does the Telegraph's own building ever need repairs? [We know they do.] Or do they ever get them? At any rate, if the expenditure of \$5000 a year on the Government House was such an extravagance, why did we not hear something of it through the Telegraph before this hour of the day? The Editor of the Telegraph is a prominent member of the Legislature, and should have exposed the extravagance which he says began in 1873, several years ago. The Telegraph's sudden conversion to economy is too transparent. The House will see through it, and the country will "take the measure" of it.

THE "STAR" AND ITS EMPLOYEES "PRAYED FOR" BY MR. CHUBBUCK!!!

Four or five nights ago at a "converts" meeting Mr. Chubbuck, the Evangelist, requested the prayers of the brethren for the editor of the STAR. Last evening he read from a slip of paper a request for the prayers of ministers and congregation "for the employees of a city newspaper that is an enemy to religion." Brother McLeod prayed; but so far as we can see the prayers have had no effect. Our "devil" is just as quarrelsome as ever, and there is no more brotherly love or religion among the "hands" than ever there was.

As for ourselves, we think things have come to a deplorable pass that we cannot, in a public journal, set our face against vulgar ranting without being publicly prayed for in return. Abuse would be a merciful kind of a rebuff, but to be prayed for and to run the risk some day of being "converted" into a Reporter editor, is something that, ridiculous as it may seem to most people, is quite alarming to us. There is unfortunately no law to prevent these people from praying for a person if they feel malicious enough to do so: if there was we should take care to protect ourselves from Mr. Chubbuck and Brother McLeod.

WHAT THE HOUSE HAS TO CONSIDER.

The House has to choose between expending \$500,000 to please St. John alone; OR

Expending \$50,000 and doing justice to Fredericton and the Province. It has to choose between plunging the Province irretrievably in debt; AND

Curtailling the expenses which overburden our people with taxation. The House must remember that it is the men who will not receive a farthing's benefit by the change proposed that pay the taxes of the province; AND THAT

They are here to represent these people and not to move like automatons at the beck or howl of St. John. They have to choose between expending \$500,000 and 50,000.

They have to choose between having the annual expenses remain as they are AND

having them increased by \$50,000 per annum.

A PITIFUL CASE.

A few days ago an unfortunate girl named Catherine McDonald, from Carleton St. John, took a dose of oil of cedar, fell almost immediately into convulsions and died within a few minutes. A young man named Wallace Edgett had been keeping company with the unfortunate girl, and suspicion attaching to him, he was arrested. Testimony on the trial by the Coroner's Court exonerated Edgett and he was set free. The post mortem revealed that the unfortunate girl was encephalic.

It pained us to see that the Telegraph and the News published an account of the post mortem to an indelicate, indeed we might say to an indecent length. We hope few read the reports, and we most sincerely hope that the responsible eye in both the offices referred to did not see the copy before it went into the printer's hands. We are glad the Sun seemed to remember what was due to its readers.

RIDICULOUS.

When the troops were withdrawn from Fredericton, many in that city predicted that the grass would grow in her streets and that the city was practically ruined. But these dismal forebodings were never realized. The removal was a blessing and not a curse, for Fredericton has been greatly improved by the change.

This is, of course, from the Sun. It is so exactly the reverse of the truth, that it is ridiculous. When the soldiers were here there was annually spent in Fredericton in good British gold and silver a sum equal to \$150,000. And to say that the taking away of such an annual expenditure from our city "was a blessing" is to argue just as the selfish one-eyed St. John press has argued on this matter from the first. The statement is too absurd to waste further words upon it.

"TELL US, FOR DOUBTLESS THOU CANST."

The STAR and other newspapers outside of Fredericton have put the cost of changing the seat of government at half a million of dollars. The Telegraph says the figures are extravagant. Now we should like to ask the Telegraph in all the honesty it can command, and with all the courage it can muster, to tell us what it thinks the cost of removal would be.

**CONSUMPTION  
 CAN BE CURED**

IS A FACT ATTESTED BY THE HIGHEST MEDICAL  
 AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of **Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda** will accomplish this result. This preparation has all the virtues of these valuable  
 specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we  
 make the unqualified statement that **Scott's Emulsion** is being used with better results  
 and endorsed and prescribed by more physicians in Consumption—and other wasting  
 diseases, leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anemia, General Debility and the  
 Wasting Disorders of Children, than any other remedy known to medical science. The rapidity  
 with which patients improve on this food medicine diet, is truly marvellous.

**See What Physicians and the People Say About It.**

Messrs. SCOTT & BOWNE: 66 West Thirty-sixth Street, New York, September 2, 1876.  
 GENTS—I have frequently prescribed **Scott's Emulsion of Cod Liver Oil** with **Hypophosphites** during  
 the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, reliable and  
 efficacious. C. C. LOCKWOOD, M. D.

Messrs. SCOTT & BOWNE:—Gentlemen,—Within the last year I have used in my own family, and in my  
 private practice prescribed very extensively **Scott's Emulsion of Cod Liver Oil** with **Hypophosphites** and  
 found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate  
 stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.  
 Oct. 19, 1879. Yours respectfully, A. H. SEXTON, M. D., Baltimore.

Messrs. SCOTT & BOWNE:—Gentlemen,—Within the last two months I have fairly tried **Scott's Emulsion**  
 of **Cod Liver Oil** with **Hypophosphites**, and I candidly declare that it is the finest preparation of the kind  
 that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider  
 it our most reliable agent, in a perfectly agreeable and elegant form.  
 December 10th, 1878. Yours truly, J. SIMONAUD, M. D., New Orleans, La.

Messrs. SCOTT & BOWNE:—Gentlemen,—In September, 1877, my health began to fail and my physician  
 pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve,  
 and early in the winter I began to lose blood and rapidly grew worse. In May last I was taken on a violent  
 bleeding which brought me to my bed and my life was in danger for many weeks; violent cough, spitting  
 night and morning cough, night sweats and short breath, and a return of the spinal trouble. My physician  
 stopped the bleeding and then ordered **Scott's Emulsion of Cod Liver Oil** and **Lime**; and I used various preparations, but they did  
 me no good. I lost all hope of life and was an object of pity to all my friends. Last September I purchased a  
 bottle of your **Emulsion of Cod Liver Oil** and **Lime**; and I used it with the following results: Coughs subsiding,  
 night sweats stopped, appetite returned, pains in spine disappeared, strength  
 returning, and my weight increased from 115 to 140 pounds in sixteen weeks. I have taken no other medicine  
 since commencing with your **Emulsion** and shall continue its use until I am perfectly well. I frequently meet  
 some friend on the street who asks, "What cured you?" and I answer, "**Scott's Emulsion of Cod Liver Oil**  
 and **Lime**." I have not spoken about it for 15 months, and he is getting better. I get a hint a month  
 and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a  
 year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and  
 shall do all I can to make known your valuable medicine.  
 January 20th, 1879. Very truly yours H. F. SLOCUM, Lowell, Mass.

Messrs. SCOTT & BOWNE:—Gentlemen,—I got a bottle of your **Emulsion** and at that time I was so prostrated that no one  
 who saw me thought I could live longer than a few weeks at most. I could retain nothing on my stomach and  
 was literally starving. I commenced the use of the **Emulsion** in small doses; it was the first thing that would  
 stay on my stomach; I soon gradually increased the dose; and from that hour I commenced  
 mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other  
 parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.  
 For sale by all Druggists at 25.00 per bottle. R. W. HAMILTON, M. D.
