

ESTABLISHED 1859

ST. CATHARINES, ONTARIO MONDAY, APRIL 28.

PRICE—TWO CENTS.

Revised League Covenant Safeguards the Monroe Doctrine

RESULT OF THE REFERENDUM NOT GIVEN OUT

Present Liquor Licenses in Province of Quebec Expires on Thursday and a Tie-up May Result.

Montreal, April 28.—A situation without precedent has arisen in regard to licenses in Montreal. Present licenses expire for all liquor and beer purposes on May 1st. There is no proclamation yet from Quebec as to whether or not the referendum of April 10 was in favor of beer and wines. Of course, the results are well known, and that the vote was in favor of beer and wine, but until Mr. Geoffrin, Clerk of the Crown in Chancery, has so proclaimed in the Quebec Official Gazette there is no official knowledge of the result.

If it should happen that the proclamation from Quebec does not come in time to allow of the Montreal license commission granting the beer and wine licenses by May 1st, there will be a tie-up in affairs here. If licenses are not to be granted by May 1st, it simply means that no beer and wine can be sold on May 1st and thereafter except on toleration.

BABY GIRL DROWNED

Body of Unknown Infant Found Floating in the Old Canal Near the Riondon Paper Mills on Sunday. Considerable excitement was caused on Sunday morning about 10:30 o'clock near the Riondon Paper Mill, at Merriton, when a full grown baby girl was found by one of the workmen of the mill floating on the water.

THE WEATHER

Toronto, Ont., April 28.—An area of high pressure is centred off Atlantic coast and another covers Manitoba and Northern Ontario, while a shallow trough off low extends from the south west states across the Great Lakes. Except in Ontario where showers have occurred, the weather has been fair in Canada and Newfoundland.

PERSONALS

The many friends of Mrs. A. E. Beswick, 31 Carleton St., will regret to hear that she has been removed to the General and Marine Hospital to undergo a second operation. Miss Jean Malcolmson arrived in city yesterday morning from overseas, where she has been doing V.A.D. work in St. Thomas Hospital, London England. Miss Malcolmson, who is a daughter of Capt. and Mrs. Malcolmson, Bellevue Terrace, sailed on the Corsican, and will be heartily welcomed home especially by the younger people of the city.

GERMAN DELEGATES HAVE SPECIAL TRAIN

Berlin, April 28.—German delegates to the peace conference will travel to Versailles on the three special trains, the first leaving Berlin on Sunday and the last on Monday. It is expected that the peace terms will be handed to the German representatives on Tuesday evening. The Tageblatt says it is assured in well-informed circles that the Italo-American incident will not interfere with negotiations in Versailles.

ODDFELLOWS COMMEMORATE ANNIVERSARY

Attend Divine Service at S. A. Citadel on the Occasion of 100th. Mile Stone of Progress. The combined lodges, Empire No. 87 and Union No. 16, I.O.O.F., attended divine service in the Salvation Army Citadel, Geneva street yesterday afternoon in commemoration of the one hundredth anniversary of "Oddfellowship."

Members of both lodges to the number of nearly three hundred, assembled at the lodge rooms, Queen street and paraded by way of St. Paul and Geneva streets to the Citadel, the members presenting a fine appearance with their bright regalia. The parade which was led by the Salvation Army band was headed by Marshal J. Albert Fay and on arrival at the Citadel the members quickly found seats.

MISS ANNIE LEARY PASSED AWAY SUNDAY

Papal Countess who was Noted for her Philanthropy was Much Beloved by Thousands of People—Title Conferred on her by Pope Leo XIII. in 1901. New York, April 28.—Miss Annie Leary, Papal countess, widely known for her philanthropy among the Italians, is dead at her home on Fifth Avenue. The pope conferred countess Leary's title upon her because of her wide charities, which included donations of altars to many churches here and abroad. She also built several churches and brought to this country an order of priests and one of sisters to carry on her work.

MERRITTON

The Union Choral Society will journey to St. Davids to put on a programme in the Town Hall at the place on Tuesday night under the auspices of the Presbyterian Church. Rev. James Amiesley leaves tonight for Woodstock where he will attend a synod meeting of the Hamilton Presbytery.

NEW GUN PERFECTED BY THE BRITISH

London, April 28.—A British field gun, which was tested to some extent during the closing stages of the war, has now been perfected to such a degree that it is the best of its kind in the world. It is claimed that the new gun will fire the 18 1/2 pound shell in the ordinary quick-firer a greater distance and with more rapidity than has ever been attained with a field gun before. The range increase is said to be more than 3,000 yards over the old field gun, and the new weapon can discharge 28 rounds a minute. That the foreign population of Canada are not a law-abiding class is evidenced by the fact that statistics show they are responsible for 95 per cent. of the infractions of the O. T. A., and over 60 per cent of the fatal quarrels which have occurred during the past four years. One of the Presbyterian churches in Hamilton maintains a class for the secular education of Chinese, which is progressive.

MISS ANNIE LEARY, BRIDE OF ROS WELL MILLER—Andrew Carnegie gave away his daughter Margaret. After the wedding breakfast Mr. and Mrs. Miller started on their honeymoon. In three or four months they will return and make their home in Princeton, where Mr. Miller will resume his course in civil engineering. He left college in 1916 to drive an automobile in France.

WILL CO-OPERATE

When asked this morning what action the local branch of the G.W.V.A. will take over the resolution passed by the Trades and Labor Council to appoint a committee to work in harmony with the Veterans on all questions of common interest, secretary L. P. Cunningham stated that he felt sure that the local branch will be willing to co-operate with the Trades Council on the solution of any problem that may confront either body. The question will come before the general meeting of the association on Wednesday night.

NO BLOODSHED OR NOISE NOW NECESSARY

Everything can be done Peacefully and the Working Class put in Power States Metal Trades Union Vice-President. There was a large attendance last night at the forum in the Griffin Theatre. The speaker of the evening was Mr. J. McDonald, Vice-President of the Metal Trades Union, Toronto, and he gave a forceful address, which was much appreciated, and the Workers' Educational League are to be complimented on the class of speakers they are bringing to the city. Mr. Peter Grant, who presided, stated that anyone who disagreed with the opinions of the speakers could have a careful, courteous hearing. The subject was "Labor Progress and Human Nature." Mr. McDonald intimated that in referring to those that labor he wanted to make it clearly understood he meant all useful members of society, the brain worker at the man who re-d the pick and shovel or did any other kind of work. By progress he meant, is society as a whole any better to-day than in the time gone past? Are we any healthier, happier or more contented? I have not come to St. Catharines, he said, to preach class hatred. I am not telling you to hate the employing class. Finally, continued Mr. McDonald, "I was an employer of labor I would be a member of the Manufacturers' Association and do exactly what they do. The people must recognize the fact that, roughly, society is divided in two classes, the producers and the non-producers."

SAM GOMPERS IS BADLY HURT IN AUTO SMASH

New York, April 28.—Samuel Gompers, president of the American Federation of Labor, was seriously injured here yesterday afternoon when a taxicab in which he was riding was struck by a Broadway surface car and hurled twenty feet to the curb. Surgeons reported after an examination that two of Mr. Gompers' ribs had been fractured, his right hip sprained and that he had suffered severe body contusions. Despite the advanced age of the labor leader, who stated that there was no likelihood of the injuries proving fatal. Mr. Gompers has been busy virtually every minute since his return from the peace conference, where he served as chairman of the commission on international labor legislation. He had just started out from his hotel for an hour's relaxation when the accident occurred. As the taxicab crossed the Broadway car tracks at 31st street, it was struck by a northbound car. Pedestrians who witnessed the crash rushed to the wrecked machine and extricated Mr. Gompers, who was found to be unconscious. One side of the cab was completely crushed in and the wreckage had pinned him against the other side of the machine.

POLICE NEWS

After three citizens had uncomplainingly paid the statutory fines for breaking the automobile by-laws, the entire time of the court was occupied until noon in hearing a case of non-support entered by a Mrs. Rutley, of Merritt, against her husband, from whom she has separated. It appeared from the evidence that she is the mother of four children, and according to her evidence, she had a dog's life with her husband, and declared she would drown herself in the canal before she would accept his offer to return to live with him. The statements of the husband, which his wife several times said were lies, put a different complexion upon the affair, as he showed that during his service on the canal guard his earnings were spent on his house and family. He also said he had evidence that her conduct in keeping very late hours and associations with strange men was not matronly, yet he was willing distinctly refused, telling the magistrate there was no law to compel a woman to live with a man if she didn't want to. So the case was dismissed. A small boy who was caught stealing newspapers from a book store was warned and let go, with a threat of being sent to Mimico hanging over him.

ADDITIONAL LOCALS

Sunday was an ideal spring day with the mercury above 60 degrees, and many of those owning autos took spins through the surrounding country. For the first time this season butterflies were noticed taking their spring outing, but such will hardly affect the price of butter.

Touching reference was made by the Rev. Mr. Howitt at the morning service in St. Thomas Church yesterday to the splendid services rendered the Empire by the Canadian troops at the Battle of St. Julien on April 24th, 1915. The sermon was much appreciated by the large congregation present.

Prof. Hewitt, of Hamilton, and his famous choir, will give a concert at Welland Avenue Methodist Church on Thursday evening next.

Manager Odium, of the Grand, reported at noon to-day that there was a big demand for seats for the engagement of the Boston English Opera Company on Wednesday. As Flotow's beautiful opera "Martha," will be the offering, it should prove the musical treat of the season.

The weather sharps in Toronto state that only twice during the past 60 years has the weather been so cold as during the past April.

Local members of the Ontario branch of the Dominion Alliance have been notified that the annual convention will be held in Massey Hall, Toronto, on May 29th and 31st.

A chimney on fire in the residence of Mr. Nicholson, the father of the triplets on Vine street, brought the firemen out for a run yesterday afternoon.

A large number of vessels arrived at Port Dalhousie on Sunday, many of them bound with grain for Montreal.

The Executive Committee of the G.W.V.A. will meet at the Club House to-night when several important questions will come up for consideration.

To-night will be ladies night at the Y.M.C.A., when the Business Boys' Club will act as hosts to the fair sex and also of the business boys of Niagara-on-the-Lake. The affair will take the form of a social evening and music will be provided by the Collegiate orchestra.

The St. Catharines and District Ministerial Association held a business meeting at the Y.M.C.A. this morning.

Adjutant Urquhart of the Salvation Army announced this morning that a national Self Denial week will be observed throughout Canada commencing May 17th. St. Catharines will be asked to raise \$800 and as the bulk of the money this year will go to the famine stricken people of India there should be a ready response to the appeal for funds.

The general meeting of the local branch of the G.W.V.A. will be held on Wednesday night and a lively time is expected as several important questions will come before the comrades for discussion.

The Housing Committee at Niagara Falls, Ont., announce their readiness to attend to applicants desiring to build in that city.

During the past week the price of hops has advanced four cents per lb. It surely looks as if this advance will never stop.

Potato experts advise the planting of potatoes as early as possible in May.

The many friends of Mr. and Mrs. Harry Masters will regret to learn of the death of their infant twin daughter, Patricia, aged one month and nine days, which took place yesterday afternoon at the family home, Margery Avenue, Orchard Park.

The firemen had a run shortly after ten o'clock this morning to Church and Niagara streets where a blaze from an overheated gas stove pipe did about \$25 damages to the home of Mr. Smett.

**DIFFICULTIES IN SETTLING**

Although it was scarcely expected that differences of such an acute character would develop as have arisen over the disposition of Fiume, it is not a surprise that the settlement of the war should be accomplished by controversy. So important in connection with future activities and relations are some of the points, strips of country, etc., that the jealousy of one nation toward the supposed advantages of another is inevitable.

Italy, during the conflict recently closed, became a powerful factor in the war and her defeat of Austria undoubtedly hastened the decision of the German generals to throw up their hands. At the same time Italy should not want the world to think the struggle merely for territorial gain.

In the London pact she may have been promised what is now demanded, but on the other hand the entry of the United States into the fight introduces a new and significant factor. The latter was not a party to any such treaty and President Wilson takes a strong position when he maintains he should not now sign for

something guaranteed under an agreement to which the United States was not a party, and which in result would be against the freedom and rights of small peoples who want to reach the seaboard through Fiume. In view of all the dispute an old saying may well be paraphrased into "Peace hath its troubles no less than war."

**A NATION'S HERITAGE**

Students who are able to comprehend and understand the sources of national strength and spirit in this and other countries recognize that up till 1914 Canada was not as rich in art, literature and historic incident as many of the older nations whose centuries of tradition, lore and accomplishment gave them a wealth of sentiment. Loyalty and patriotism are not dependent upon ages of history but every generation does add something to the genius of a race.

Prior to the recent European struggle the people of this country were almost entirely devoted to domestic pursuits. Military and naval incidents were of secondary moment to them, for their thoughts and hopes were centred largely on the development of natural resources, improvement of transportation facilities, enlargement of business expansion of trade and advancement of educational facilities.

From this condition to a plunge into the greatest war ever waged was a rapid and startling transition and yet men who sprang into uniform in the autumn of 1914 were in April of 1915 fighting successfully against the highly perfected German military organization which had been created through years of effort and training.

So valiantly indeed did our countrymen from office shop and farm stand against the withering fire of the enemy that we have today, as a people, the rich heritage of Ypres and St. Julien. The fourth anniversary of these engagements was observed last week but no oratory delivered on the memory of these events could express all the glory of the battles. They were engagements in which new pages of history were written, pages that compare with the best that is written of the achievements of the Anglo-Saxon race, pages that will ever tell of heroism and doggedness unsurpassed in modern times.

**LOSS FROM FIRE**

A campaign throughout the province is being promoted by the Fire Chiefs Association to have a week beginning May 3 recognized as fire prevention and clean up week. The one regret is that the period could not be made to accomplish infinitely more than it will accomplish.

Few people realize the seriousness of the loss in Canada from fire. It is estimated to be \$3 per capita. Quite as small a number, no doubt, ever stop to think that this could be materially reduced if yards, stores, public places, etc., were kept cleared from rubbish, old papers, refuse, etc., of an inflammable nature.

 The Grand, April 30.

**TO THE EDITOR PUBLISHING THE ASSESSMENTS.**

To the Editor:  
 Sir.—Why is it the city does not publish a booklet with all the assessments of the city. It formerly did this and these reports were very useful. It seems to me this is one thing the Council should have done annually. Now you have to go to the assessor's office if you want to get any information, and sometimes he is away on his work and you have to go without. I would like to see a report put out every year. Yours,  
 TAXPAYER.

A writer in the Globe referring to the occupancy of the Rhine, by the British troops makes the following statements:

The most significant features of the Post are the advertisements of German merchants appealing for British patronage. Heinrich Schmidt, for instance, announces that for a consideration he is prepared to clean uniforms promptly—the uniforms of the soldiers against whom Heinrich probably joined in enacting "The Hymn of Hate" in palmer days for Germany. A wholesale merchant established fifteen years in Cologne and "having a good connection in Rhineland and the West of Germany wishes to represent first-class English and French textile manufacturers." Another textile agent of old standing "wishes to enter into correspondence with first-class English houses for the purpose of undertaking their representation."

A dozen German firms advertise picture postal cards and views of Cologne. Clothiers, leather dealers, photographers, jewelers, music dealers, druggists, and other storekeepers commend their wares to Tommy Atkins. The theatres and opera houses are fully represented. Performances of "Martha," "Carmen," "Lohengrin," "The Barber of Seville," "The Merry Wives of Windsor," and other operas are given nightly by German companies, and British soldiers are specially invited. This motto of "business as usual" in such circumstances must be repulsive to every mind but a German one. Can one imagine this happening in any English-speaking country?

**Public Notice**

**ATHLETIC SPORTS.**

Notice is hereby given that all Athletic Clubs desiring the use of the Lacrosse Grounds for games for 1919 must apply by letter addressed to the Chairman of the Park Committee, in care of the City Clerk, on or before Wednesday, April 30th.

The Committee will meet in the Council Chambers on Wednesday evening, April 30th, at 8 o'clock, for arranging and allotting dates. Any Club desiring the use of the grounds are requested to have representatives present.

J. ALBERT PAY,  
 City Clerk.

**FARM WATER SYSTEMS**

**A Summary of Best Available Types for Stables.**

When Pastures Fall the Milk Flow Decreases Unless Soiling Crops Have Been Provided—Corn Silage Will Also Greatly Increase Milk Yield in Hot Summer.

(Contributed by Ontario Department of Agriculture, Toronto.)

In a day's visit among the farmers of Ontario in almost every county you would run across quite a number of stables equipped with some form or other of water system for supplying the farm stock more or less automatically with water each day. With few exceptions every new barn built now is provided with a water system. Among the available systems are the following, which, in this short article, can receive only a very brief description:

Of these probably the most common is that consisting of a water supply tank in the hay or straw loft above the stable, from which the water runs by gravity into a regulating tank on the stable floor, which supplies the individual drinking basins with water automatically. The tank is usually built of concrete and the size depends upon the kind of power used for pumping; if windmill be used then the tank needs to be large enough for three or four days' supply as the wind does not blow every day. Under these conditions a tank 10 x 4 x 4 feet, or its equivalent would be required for 30 head of stock. Sometimes the concrete tank is built just outside the stable wall and underground enough to protect it again frost, or in one corner of the stable, elevated enough off the floor to feed the regulating tank by gravity. In case pumping is done by gasoline engine and a smaller tank is sufficient, a metal one is suspended from ceiling of stable. In every case an overflow is necessary. Many provide means for collecting the rain water off the barn and running it into the storage tank so that in wet weather very little pumping is required, especially where a large tank is used. Another method of filling the storage tank is by the hydraulic ram installed at the spring. Still another is by means of a one-inch pipe leading from a spring or other source at an elevation at least as high as the storage tank. Sometimes where hydraulic ram or gravity system is in use the storage tank is dispensed with, the water, in the case of the former, running through the drinking basins or trough at the time and escaping to a good outlet or drain, in the latter the water is piped directly to the regulating tank which in turn supplies the basins or troughs automatically. Again the water is pumped directly to tank in the attic of the house, and the overflow from it supplies the stable with water. And since the advent of the compression water system we find a few cases where it is used to supply the stables as well as the house, the installation being proportionately larger than it would be for the house alone. Probably no one system, however, can be absolutely recommended as best for every case as the circumstances pertaining to the source of supply, amount of water used, position and elevation of the farm buildings, etc., always have to be carefully considered in planning the ideal water system for the farm house or stable.—R. R. Graham, B.S.A., O. A. College, Guelph.

Quebec, April 24.—The Quebec ship laborers (dockworkers) have come to terms with the shipping companies regarding the scale of wages to be paid in the Quebec harbor this season. It has been agreed that the nine-hour day will prevail in the port work, and that the pay will be 67½ cents per hour. All overtime will be paid time and one-half.

**INDIGESTION AND CONSTIPATION**

Quickly Relieved By "Fruit-a-lives"

ROMON, P. Q.  
 "I suffered for many years with terrible indigestion and constipation. A neighbor advised me to try 'Fruit-a-lives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-lives'."

I consider that I owe my life to 'Fruit-a-lives' and I want to say to those who suffer from Indigestion, Constipation or Headaches—try 'Fruit-a-lives' and you will get well!"

Look for the name "California" and accept no other "Fig Syrup."—Beware!

**Human Electricity**

The brain corresponds to the electric dynamo from which mental impulses or the human electrical current is constantly being propelled to every tissue cell in man the distribution of nerves to all organs and tissues have their origin in the brain, if there is a normal flow of mental current expressed in function this is health.

If one or more of the bones in the spinal column is subluxated or forced out of normal position by some concussion of external forces either by a blow, fall or strain, pressure on the nerve emitting at this displacement will shut off the life force thus causing disease.

Come and have a talk; let us explain. Consultation and spinal analysis free.

Scene from "The Rosary" coming to the Grand Opera House, Thursday night, May 1st.

MERRITTON

Crowded out from Saturday's Issue. The angel of death has again visited Merritton, this time removing Mura Catharine, the little daughter of Oscar and Mary Hager, Chestnut Street, after an illness of one week, in the 7th year of her age. The little girl was in the best of spirits up until a short time ago when she was attacked with whooping cough, and although every care was given and kind attention shown, pneumonia developed and she passed peacefully away on Friday night about about 11 o'clock. She was a valuable member of St. Andrew's Sunday School where she was always in attendance. The funeral will take place on Monday afternoon to Victoria Lawn Cemetery, Mr. and Mrs. Hager are receiving the heartfelt sympathy of the community in their sad hour of trouble.

Rev. Mr. Annesley appeared before a special meeting of Council last night, requesting that they take action in forwarding a resolution favoring the continuance of Prohibition to the Senate and House of Commons of the Dominion of Canada.

Mr. Annesley stated that under provincial prohibition people had been better clad and fed and merchants were unanimous in their opinion that conditions ever yway were better, and urged that the council take the lead in this most vital matter which affects the lives of many citizens. The Council will deal with the matter at the next regular meeting.

Mrs. James Clark, Merritt Street, left this morning for Fenwick, where she was called owing to the illness of her mother, Mrs. Edmund Bradley, Mrs. Bradley is well known in Merritton, having resided here for a lengthy period, and her many friends have heard of her illness with extreme regret.

Quite an inconvenience was caused last night about 6 o'clock at the Pole and Shaft Co's Plant when a wire blew down on the local line of the N. S. & T. Railway. The passengers coming from work had to transfer at this point on each trip, reaching their homes about one hour later than usual.

Rev. James Annesley of St. Andrew's Church will exchange pulpits with Rev. Mr. Dickson, of St. David's, on Sunday morning.

Mrs. Frank Niles of the Base Hospital, Toronto, is quite ill at the home of his parents, Mr. and Mrs. Mantford Niles, Merritt Street. His many friends hope for a speedy recovery.

The C. T. C. slogan for Canadian men and women is: "Buy Made-in-Canada Goods."

The Canadian Trade Commission believes that buying Canadian-made goods at home, together with more exporting, will solve the war debt problem.

TIME TABLE CHANGES GRAND TRUNK RAILWAY SYSTEM

Important changes in the Passenger train schedule on the Grand Trunk Railway System will be made, effective Sunday, May 4th, 1919. These changes will include morning and evening service between Hamilton and Niagara Falls.

On same date Grand Trunk Railway System will inaugurate Toronto-Hamilton-New York service; through sleeping cars and coaches, via Lehigh Valley R. R. leaving St. Catharines 7.50 p.m. daily, arriving New York City Pennsylvania Station. Leaving New York 6.17 p.m. daily, arriving St. Catharines 7.35 a.m. Particulars now in the hands of Ticket Agents. a 26/28/30/m 2

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of Bay-apple leaves and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Iron-ic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery. For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

WINDSOR, ONT.—"Dr. Pierce's Golden Medical Discovery and his 'Pleasant Pellets' are wonderful medicines for home use. I used to suffer with weak lungs, smothering spells and sick-headaches, but since I have taken the above mentioned medicines these conditions have left me. Such medicines as Dr. Pierce's are worthy of praise and I am very glad to add my testimonial to the thousands of others."—Mrs. ELEAN HARRING, 11 Erie Street, West.

NEWS BRIEFS

Father Richard Northgraves, considered the oldest R. C. clergyman in Canada, died recently in London, Ont., at the advanced age of 85 years. He was a native of Ottawa, of English descent. Besides his numerous literary qualities his able work on "The Mistakes of Modern Infidels," which attracted much attention, he was for ten years editor of The Catholic Record, his contributions always showing marked ability.

The Dominion Government is going to improve and enlarge the harbor of Port Stanley on Lake Erie, at a cost of about \$150,000.

Mr. Frank Moore, of Buffalo, N. Y., is spending the week-end the guest of his sisters and father, Vine Street.

Private William Carl, who has been overseas for a lengthy period, arrived home on Friday morning. He was met at the Grand Trunk station by a large number of friends and relatives who gave him a hearty welcome.

A lecture will be given in the Methodist church on Wednesday night next by Rev. W. E. Hassard, B.A., B.D., District Secretary of the Canadian Bible Society.

A CHILD HATES OIL. CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" if cross, sick, feverish, constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

The Canadian national debt in 1914 totalled \$46 a head. It is now over \$270. Increased trade only, says the C. T. C., can help us to carry the new burden.

TENDERS FOR CLOTHING FOR FIRE DEPARTMENT

Sealed tenders for Uniforms for the Fire Dept. will be received by the undersigned up to 5 o'clock p.m. April 30th, 1919. Tenders to state price of Coat, Pants and Vests separate. Samples of cloth to be submitted with Tenders including Buttons.

J. ALBERT PAY, City Clerk.

of Port Stanley on Lake Erie, at a cost of about \$150,000.

A despatch from London, England, states that about two million men and women are out of employment in England.

It is estimated that during the enforcement of the British food blockade on Germany about 800,000 people there died from actual starvation.

A member in Ottawa has suggested that owing to the onerous duties imposed upon King George in conferring titles and other honors upon Canadians, this Dominion should make an addition to his present salary.

Imports in the last analysis can only be aided for by exports. The Dominion war debt has grown so that an increased export trade is imperative, according to the advisors of the Canadian Trade Commission.

As women make 90 per cent. of the purchases for the homes, their action in this is the most important single factor in righting our adverse balance with the United States. "Buy Canadian goods and products" is the recommendation of the C. T. C.

The Canadian Commission, while asking Canadian women to favor Canadian-made goods, is doing all it can to get manufacturers to improve the quality of Canadian-made goods.

C. T. C. (Canadian Trade Commission) is becoming a household word in reality. It appeals to women to buy only Canadian goods where possible.

A quickening of interest among manufacturers in the possibilities of export trade is reported by the Canadian Trade Commission.

A short preparatory course on foreign trade for business men and students has been suggested to every Dominion University by the Canadian Trade Commission.

WOMAN SUFFERED 12 YEARS

Finally Made Well by Taking Lydia E. Pinkham's Vegetable Compound.

Emmitsburg, Md.—"I suffered for twelve or fifteen years, and was treated by a physician, but got little relief. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound in my newspaper, so I bought it, and it did me more good than all the doctor's medicine. I am a farmer's wife and do my housework all the time, and I am better now than I have been for years. I am never without Lydia E. Pinkham's Vegetable Compound in the house and have recommended it to several of my friends. You are perfectly welcome to publish my letter for the good it may do other women."—Mrs. ETTIE WARE, Emmitsburg, Md.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Warren's experience, and try this famous food and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

VALUABLE GEMS STOLEN FROM A BAG Bridgeburg, April 26.—A Dittick, a resident of Buffalo, came to Bridgeburg yesterday and laid complaint with railway officials here regarding the theft of a quantity of jewelry from a jewel case, part of the contents of a bag personal effects forwarded from Seattle, Wash. to Bridgeburg, via Vancouver, B. C. and Toronto.

When Dittick opened his bag here he found that the jewel case had been opened and several stones were gone. A thorough search of his clothing failed to bring to light the missing stones. He valued the jewels at \$450.

Railway officials are investigating but believe there is little chance of finding the missing gems after their cross-continent journey.

Do You Want An Auto Free? (VOTING CONTEST) The Griffin Opera House. Bought From the Wells Garage, Local Agents, 1019 Chevrolet, Fully Equipped Car Will Be Given Away May 24, 1919 By the Management of The Griffin Opera House. A government survey of the country lying between Cochrane and the tidal waters of James Bay will begin during the month of May, preparatory to the extension of the Tamiskaming and Northern Ontario to Hudson Bay.

The license probe is nearing an end at Toronto. The Royal Commission should conclude its hearings this early week.

## PIN THIS UPON WIFE'S DRESSER

Warns women against cutting corns and says they lift right out.

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezezone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezezone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is gummy but it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

## Public Health Notice

Notice is hereby given to all property owners, householders and others, that all putrid and decaying animal or vegetable matter, ashes or other garbage, must be removed from all cellars, buildings, outbuildings and yards, on or before the 15th day of May in each year.

The Sanitary Inspector of the Board of Health is authorized to proceed against any person failing to comply with these requirements.

NOTICE—All members of the Burns Society are requested to attend a special meeting in Standard Hall, Monday evening, April 28th. Business important. J. W. Robertson, Sec.

A meeting of the Board of Works and the management of the N. S. & T. Ry., was held last week when problems in connection with the paving of Ontario Street were discussed.

The Lawn Bowlers of this city are looking forward with a good deal of interest to the completion of their new club house at the southern end of Ontario Street bridge. When completed, the building and green will become an attractive spot for the many devotees of the twirling bowl.

As the weather yesterday was very fine the proposed open air service in the Park to commemorate the Fourth Anniversary of the famous Battles of Ypres and St. Julien might well have been held yesterday. The blizzard of Friday, however, led the Council to the opinion that the event should be cancelled.

The Board of Trade endorses the suggestion made by letter by the Dominion Association of Fire Chiefs that commencing May 5th a week of cleaning up to be observed so as to assist in the prevention of fires. A proclamation will probably be issued by the Mayor in keeping with the request. The fire loss of Canada has reached over \$3.00 per capita which is a serious situation.

Ven. Archdeacon Perry preached last night in St. Barnabas Church.

## CURE YOUR COLD WITHOUT MEDICINE

Just Breathe "Catarrhonzoné" Its Balsamic Vapor Does the Rest.

It's a tiny germ that sets up the irritation that makes colds so disagreeable. Colds die quick yif Catarrhonzoné is used, simply because the vapor of Catarrhonzoné instantly destroys the germ that keeps the cold alive.

Every breath you draw through the inhaler fills the whole breathing apparatus with pure piney essences that stops colds at their very beginning. You experience a pleasant sensation of relief at once. Soreness, congestion and irritation leave the nose and throat, the head is cleared, and every trace of cold or catarrh is cured. Catarrhonzoné is so sure, so pleasant, such a safe remedy for winter ills that you can't afford to do without it. Get the dollar outfit, it lasts two months and is guaranteed to cure small size 50c; trial size 25c; all dealers or The Catarrhonzoné Co., Kingston Canada.

Invest Victory Bond interest in War Savings Stamps.

The first of May is the time when labor troubles are generally uncovered if there are any but though that date is just about here there seems to be no prospect of any serious controversies.

Nearly all the summer cottages at Port Dalhousie are already rented. There has been an unusually large demand for them.

Choice out flowers, potted plants and floral designs, at all times, at Walker's, Florist, 104 St. Paul street Phone 763. a 17

The sound of the low whistles of vessels as they pass through the locks of the canal is again becoming familiar. It is indeed suggestive of spring and summer.

Considerable building has started in the city. Despite the high cost of materials and labor it looks as though the trade would be fairly active during the season.

The Arts and Crafts Club of this city will hold a meeting in the Lower School at Ridley College tomorrow night. Rev. Dr. Miller and Miss McKinnon will give short addresses.

In order to get funds to help Rev. Mr. Gibson, who is a missionary among the Indians in the Mackenzie River District, get a lantern for use among the people where he labors, a concert is being given tomorrow night in Christ Church, Western Hill.

With Easter holidays over the boys and girls are wending their way again back to school.

Motor car owners took advantage of the fine weather yesterday and were dodging about the streets in every direction.

Owing to many complaints of pedestrians who use the high level bridge, the police are exercising a more vigilant eye over those who exceed the speed limit in motor cars. When the water lies on the bridge after rains citizens claim they are sometimes bespattered with mud and slush.

The Council of the Toronto Board of Trade, has asked permission from the Government at Ottawa to allow the manufacture and importation of oleo margarine in Canada. The request in a democratic country like Canada, savors very much of mendacity, and it is very doubtful if at the present time any government would peril its existence by a refusal of the request.

Put War Bond interest into War Savings Stamps and keep saving.

**A NEW BLOOD-FOOD HAS BEEN DISCOVERED THAT WORKS WONDERS SAID TO PUT NEW LIFE INTO PEOPLE THAT ARE RUN-DOWN.**

For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made strong and well.

Already a small army of ailing people has proved the merit of taking after each meal with a sip or two of water, two chocolate-coated Ferrozone Tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh-building the treatment is.

Just think of it—Ferrozone uplifts the entire nervous system, removes the blood, makes it rich and red—gives the sort of aid that's needed in throwing off weakness and languor.

Tens of thousands enjoy the advantages of renewed health through Ferrozone—if you'll only use it, you'll surely grow strong too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure.

For those who sleep poorly and have nervous apprehensions, Ferrozone is a boon; it is a specialist in such cases.

Where there is paleness, poor appetite and languor, Ferrozone makes the patient feel like new in a few days.

In tiredness, nerve exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results.

Let Ferrozone build you up, let it win you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers. 50c per box or six boxes for \$2.50. Remember the name Ferrozone.

## INSTRUMENTAL STUDENTS SHOULD EXERCISE THEIR MENTAL FACULTIES

It must be admitted that one reason why music study has not been looked upon with sufficient seriousness has been its lack of thoroughness. If the study had been grounded on a firm foundation, as firm as the study of mathematics, for instance, it would have doubtless received recognition sooner. It has too long been looked upon in the light of a serious study. It is high time such a conception of music study should come to a stop. It is high time pupils of the piano should be taught along educational lines, just as pupils of mathematics or any other serious subject are taught. Instrumental pupils should be made to think, to use their mental powers, to concentrate, to specialize. On no other basis should piano pupils be taught. There is a great wave sweeping the country in favor of community singing and for the uplifting sentiment in the songs of the people.

This is splendid and just as it should be; it surely has the support and approval of every thoughtful mind. But singing pleasing and inspiring songs, together should not be mistaken for knowledge and control of the piano and its literature—or of the violin or organ. That is a matter requiring serious study and thinking. The study of the piano should be so systematized that the pupil can accomplish something definite and know he is doing so.

Buy War Savings Stamps.

Brig.-Gen. Eric McCuaig of Montreal who was tendered a civic luncheon at Toronto on Friday last is well known in St. Catharines. He is related here.

Toronto, April 26th—The area of low pressure has moved northward from Maine to northern Quebec, while the high pressure has moved southward from Manitoba to the Upper Mississippi Valley. The weather has been fine and moderately warm in the western provinces and cold with snow in Ontario and Quebec.

The University of Toronto has offered the degree of LL.D. to Lt.-General Sir Arthur Currie.

LCCAL COUNCIL OF WOMEN HOLD FINE MEETING

Mrs. A. H. Malcolmson Elected President for Ensuing Year—Interesting Addresses Delivered on Various Subjects.

The first annual meeting of the St. Catharines Local Council of Women held Thursday in the Library Hall, proved to be a most interesting one to which the address of Dr. Curry on "Health Problems" was a great addition. He spoke of several objectives in his work here towards which he is striving—such as the establishment of pure milk stations, the portions of the city, the great necessity for reducing the avoidable infant mortality rate, the employment of a Public Health Nurse, etc.

In all this he was assured of the sympathy and help of those present. The President read a telegram just then received from Mrs. Thomas, Secretary of Lincoln Women's Institutes, regretting that having missed her train, she was unable to speak of "Medical Inspection in Schools," a subject on which she addressed the Educational Convention in Toronto during the week.

Mrs. Brown President of the Niagara-on-the-Lake Institute, however, spoke briefly on the same topic.

The annual report amongst other matters referred to the bringing forward last spring of a motion to promote the establishment of "Supervised Playgrounds" in the city, and the Council heard with pleasure that before long, these will be in operation.

Helped Materially The action of the Local Council in January, in bringing Dr. Helen MacMurely of Toronto here to speak on "Child Welfare" and later the Rev. Peter Bryce, has helped very much in arousing public interest in what is one of the most important phases of "Reconstruction," the conservation of child life. A strong committee of the Council has been appointed for this.

The formation of a small committee for bringing speakers for women to the city, resulted later on in the establishment of a Women's Canadian Club with an ever-increasing membership at present nearly 500.

Election of Officers Election of officers resulted as follows:— Honorary President—Mrs. R. W. Leonard, Mrs. W. Hamilton Merritt. President—Mrs. A. H. Malcolmson. 1st Vice-President—Mrs. H. G. Williams.

2nd Vice-President—Mrs. Wilson Taylor.

Recording Secretary—Mrs. R. F. Robinson.

Corresponding Secretary—Miss Stevens.

Treasurer—Miss McSloy.

Mesdames Thomas of Beamsville.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turn Gray Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for Wyeth's Sage and Sulphur Compound. You will get a large bottle of this old time recipe improved by the addition of other ingredients at very little cost. Everybody uses this preparation now because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning the gray has disappeared and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.

Ingersoll, C. Taylor, A. Butler, H. G. Williams, Carr-Harris, Crombie, Whitten, Lindsay and Bennett and Misses L. Thompson and McKinnon were nominated as local convener's of the different Standing Committees of the National Council.

Reports A splendid report from the Soldiers' Comfort Committee, in affiliation with the Local Council, was heard with great pleasure and will be published later.

The question of continuing the sale and manufacture of Oleomargarine in Canada, resulted in a spirited discussion, the outcome of which was that a request will be sent to our member and also to Sir Thomas White asking, that while present high prices of butter prevail, the permission to manufacture and sell "Margarine" in Canada be continued.

This concerted action is being taken by many women's organizations throughout Canada.

The young orators of the Collegiate Institute will exercise their oratorical powers to the full tomorrow night when the annual competition for the Merritt medal will be held. Members of the internal management committee have been asked to act as judges. The contest is always an interesting event among the students and those who are related to the speakers.

NEW USE FOR AVIATION SHEDS

AFTER many years of waiting a covered skating rink has been secured for the Gentlemen Cadets at the Royal Military College at Kingston, and the acquisition of this building will give a great impetus to our national game—"hockey." Hitherto the Royal Military College hockey teams have had to get along the best they could, using the open ice on the lake and occasionally the city rink at Kingston. These limitations interfered materially with the quality of the game. On the demobilization of the Royal Air Force in Canada and the abandonment of the aviation camps at different points some suitable buildings, originally designed for and used as flight sheds (or aeroplane hangars) became available, and through the kindness of Sir Joseph Flavelle, Bart., Chairman of the Imperial Munitions Board, under whose direction these aviation camps were originally established, two of the flight sheds, each 120 feet long by 68 feet wide, were secured to form the basis of the new covered skating rink. The many friends of the Royal Military College were not slow in taking advantage of this opportunity in coming forward to assist in carrying out the idea. The Canadian National Railways, through the courtesy of Mr. D. B. Hanna, its president, and the Grand Trunk Railway System, through the courtesy of its president, Mr. Howard G. Kelley, have undertaken to free-freight the material of the sheds from Camp Mohawk to the point nearest to the Royal Military College, to Kingston. Sir Herbert S. Holt, who is deeply in everything that makes for the welfare of the Royal Military College, has generously financed the undertaking, and a contract for the removal and reerection of the flight sheds above referred to, has been let to the Kingston Construction Company, who now have the work in hand. The Minister of Militia and Defence has approved of a site within the college grounds on which the covered rink will be erected. Mr. E. L. Wanklyn, General Executive Assistant of the Canadian Pacific, who is also deeply interested in the welfare of the college, has taken charge of all the work in connection with the carrying out of the scheme. The rink, when completed, will be substantially as shown in the above illustration. The main building will be 240 feet by 68 feet wide, and the height from the underside of the roof trusses to the ice level will be 18 feet. Commodious dressing and locker rooms, 25 feet square, will be provided at one end, over which a gallery for spectators, capable of seating 200 persons, will be provided. The main sheet of ice will be 215 feet by 68 feet wide and this will, in the opinion of well known hockey experts (Messrs. "Riley" Horn and Col. Walter Maughan) make a most satisfactory hockey rink. The building will be well lighted by windows all round and with electric lights for the evenings. The outside will be neatly finished in cement rough-cast and present a generally attractive appearance. The originators of this project have received many congratulations from a host of friends interested in the Royal Military College.

Air Mixing Necessary at Gas Burner Tip

Forecasts—Moderate winds, occasional showers. Tuesday, fair and cool.

The combustible constituents of natural gas are made up of combinations of the elements carbon and hydrogen. When natural gas is burned so as to secure perfect combustion only carbon dioxide and water vapor are formed; that is, the carbon of the gas unites with the oxygen of the air forming carbon dioxide, and the hydrogen of the gas unites with the oxygen of the air forming water vapor. The water vapor, of course, will condense when cooled. This water vapor does not come from the gas, but is created and formed by the chemical action of the hydrogen in the gas and the oxygen in the air.

Each cubic foot of natural gas burned requires approximately 9 1/2 cubic feet of air, forming 10 1/2 cubic feet of combustion products, which are made up of 2 cubic feet of steam, 1 cubic foot of carbon dioxide and 7 1/2 cubic feet of nitrogen, all thoroughly diffused through each other.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

# RITCHIE WILL GET \$10,000 FOR 8 ROUNDS

Lucky Ex-Champion Will Battle Benny Leonard at Newark Tonight Lost Belt to Freddy Welch in 1914.

Willie Ritchie, lightweight, is a very lucky ex-champion. Some ring fans think he was lucky as a champion and even as a championship aspirant, for he won the title from Ad Wolgast on a foul, and during the almost two years he was champion he didn't do anything out of the ordinary.

But right now luck seems to be with him stronger than ever. Willie is in hard training in New York for an eight-round bout he is scheduled to box with Champion Benny Leonard at Newark tonight. For this bout he will receive something like \$10,000, quite a sum for an ex-champ and a man who has done very little in boxing three years past.

And on top of that he has the opportunity to show up a champion before a great crowd, get a match with Jack Britton, welterweight king, and re-establish himself generally in the sport spotlight.

Willie can hardly lay claim to the lightweight title again even if he does knock Leonard out, and that last is a considerable undertaking, for Willie is entering the ring at 142 pounds, nine pounds above the light weight figure.

But even at that Leonard is little better. He's heavy, too. Seems that champions don't bother as much over a few pounds of flesh as some of our leading ladies do.

Ritchie probably is a legitimate welterweight, and he is still clever, but whether he can get back to the lightweight limit is a question debatable.

But Willie's ambitions are not along that line so much. If he can just trim Leonard and then get a crack at the welterweight title he'll be satisfied.

He's confident of that. Moreover, he's confident he can in turn trim Jack Britton and then retire with the honor of having held two titles in his ring career.

Willie may do that very thing, for luck still travels with him. Opportunity always has crossed his path. It was as a substitute for another boxer that he first got a crack at Ad Wolgast in a four-round affair on the Coast. He showed well and won the fight to a dangerous margin. He won that on a foul in Daly City California, November 28, 1912.

The only misfortune he ever suffered was when Referee Eugene Corri, in London, July 7, 1914, awarded Freddy Welsh the lightweight title after twenty rounds of milling in which many fans were unable to distinguish any advantage.

## DISSENTIONS AND ASCENSIONS IN RANKS OF JOURNALITES

"Bull Durham" Thompson and Manager Crowley at Loggerheads.

WANTS A RATHSKALLER, TOO.

"Slug" Graham Thinks This Would be Right in Line.

One of the saddest occurrences in the history of St. Catharines sporting circles took place Saturday afternoon at the regular daily meet of the Journal Baseball Club, when Manager "Judge" Crowley had one of the best members of the team, in the person of "Bull Durham" Thompson, on the mat, on the serious charge of handing out information to the members of the enemy camp. It is said that "Bull" has been in the habit lately of propping himself up against a certain "two-per-cent" bar, with the result that after getting on the outside of two or three mugs of fresh buttermilk, he tells everything he knows, and a whole lot he does not know about the pastime called "baseball". Manager Crowley's chief objection appears to be that one evening last week "Bull" took a number of the Standard Crew into his confidence, and handed out to one of the scribes of the Queen Street bunch about as fine a line of that stuff the Yanks call "Dust" as ever was got out of the system of any ball player. The "Judge" hinted at a heavy fine as a reward for "Bull's" grave error, and at the mention of this, the one-time robust slugger asked:

"Combiem?"

Thereupon, the "Judge" thinking "Bull" was calling him names, immediately sentenced him to three hours up against the bars at the Falls, or to get out of town immediately.

"Bull" took his medicine quite willingly, but Manager Crowley would not listen to him when he tried to explain that "Combiem" was the French translation for "how much?" "Bull" took the next car for the Falls.

"Slug" Graham wished to know if it would not be possible to have a "rathskaller," in connection with the club, and one of the members wanted to know why he did not bring one back with him from Germany, said member being ruled out of order by Manager Crowley. The Manager stated however, that he had no objections providing a license could be secured. Someone spoke up and suggested a buttermilk stand, but was reminded that "Bull" Durham Thompson already had a monopoly on that. However, "Slug's" suggestion appears to be a good one and says he can't see why they should take away the liberty of the boys while they were fighting to make people free.

Perhaps it will be of interest to many

DID MORAN PULL A BONE?—Here's Jake Daubert, who is playing first for the Cincinnati Reds.

Manager Moran kept Jake on his pay roll with preference to Walter Holke, whom he obtained from the Giants. Experts think that Daubert has seen his best days, and that Moran has made a mistake.

fans to know that "Ascension" Macsporran has taken seriously to poetry. This was not discovered until a few days ago when one of the boys heard Mac spinning off a lingo to himself. This is what, as well as we can remember, Mac was rhyming:

annunua rro aaaa anaoooc Pey a  
A little kiss, a little smile,  
A hand-clasp every little while,  
A little whisper in the ear,  
That no one else can overhear,  
A scribbled note, a little date,  
To meet you when the hour is late,  
A little squeezing in the chair,  
I'll be glad when I am there.

Since this sudden turn of affairs the "Judge" has been worrying a great deal about his pitching staff, as he is well aware the havoc poetry of such a sentimental nature may work with a dependable slab artist. To add to this it is feared the turkish bath treatment which is being used to get "Marrietta" Vankeuren into condition, has proved a failure so far. He says he must get another man for the mound, "out suite" if we are to make a showing in the forthcoming series with the Standard clan.

To add to Manager Crowley's troubles, while the discussion over Macsporran's failings was at its height, someone dropped a six-point cap "D" on "Luffy" Lunin's sore corn, and this is what he said: D...L...X...Y...Z... Needless to say the faces of the lady members of the conference turned a deep crimson, the "devil" turned white, the air turned blue, and the rest of the members of the club turned to go, while "Luffy" turned up his mutilated toe.

## IN NATIONAL LEAGUE HORNSBY'S RECORD

Rogers Hornsby started his professional career in the spring of 1914. In the fall of 1915 he was with St. Louis in the National League. In 1916 he was one of the leading fence-busters, considered the phenom of the season and batted .313. How was he discovered? His purchase price was \$570. Two years after his purchase the owner of the Cubs offered \$50,000 for his release. This is an interesting story. He weighed 140 pounds when he joined the St. Louis club, was considered too light for big league timber and to take on weight he lived on a Texas farm and a diet of eggs and milk during an entire winter. He changed from a choppy swinger to a long stride. Hornsby's career will appear next Sunday.

## FOOTBALL

The local management are still busy team building, and were fortunate in having W. Patterson attach his name to the necessary document on Saturday. "Billy" previous to going overseas in 1915, was captain of the locals, and his brilliant display was a revelation to Soccer followers in the district. He never once played on the losing side, and envious eyes were cast on him from many quarters.

All signed players are requested to be out for practice on the lacrosse grounds on Wednesday night at 6.30. George Williams, who arrived home on Friday night, was a welcome visitor at the lacrosse grounds on Saturday, and was delighted to be with the boys again.

Frank Sturch turned down a splendid offer to play for Chelsea in the English league, and prefers coming back to Canada.

H.R.H. the Prince of Wales has just been elected a member of the famous English Jockey Club and is to add racing to his other amusements. The young Prince, who has the charm and manner of his grandfather, the late King Edward, is enormously popular in England since the war.

Canada should at once "get after" the big stream of American tourists who, according to the information received by the Canadian Trade Commission at Ottawa, will this year be unable to go to Europe, Mexico or South America, and who do not want to go to their own West.

## THE TURF

Your correspondent was unable to locate W. P. Fraser, secretary of the Ontario Jockey Club, on Saturday, and no definite announcement can be made as to whether the King's Plate race will be held this spring as usual. A well-posted local gentleman informed The Journal that it is almost sure that the classic event will be held. It is the oldest race on the continent, and horses are well advanced for the race.

The Ottawa announcement that the ban on betting would not be raised this spring came as somewhat of a surprise. The local owners and track officials expected word that would allow the spring meets being held, and the adverse ruling found the jockey clubs unprepared. The informant believes that a meeting is to be held shortly and an announcement about the King's Plate should be given out this week.

Ed. F. Geers, maybe you'd know him better by the name of Pop, has changed his system after all these years, 48 of them, as king of the reinsmen. Pop's change of form probably will make him unrecognizable in the harness field this year unless you read this story through and then keep it fresh in your memory during the months to come. For, be it known, Pop has thrown away the famous cigar and is biting the amber bit of a French briar. He changed on his sixty-eighth birthday which came in January. No explanation goes with the change, either. Maybe it is because the revenue tax kept adding up and the price of a good weed is about what one every day pipe would sell for. The big black cigars helped make both Pop Geers and Barney Oldfield famous. Of course, they just helped. Fame couldn't repulse either Pop or Barney for they just naturally would monopolize the limelight most of the time. For Pop's a little older, but he's still in the game though minus his cigar and when the 1919 harness season rolls around you'll find him coping ribbons as usual. On his Memphis winter track Pop is training a string of trotters and pacers which he will bring out this year on the northern tracks. He's going out this summer for his forty-eighth year and his rivals will carry the same respect for him as they carried in the past. He's the grand old man of the track and probably has more years to his credit than any present-day sportsman of prominence in any sport—W. A. Heartt in the Star Weekly.

## LACROSSE NEWS

At a meeting of the executive of the Ottawa Lacrosse Club held in the Russell House, President George Booth and Messrs. George Donaldson and William Gladish were appointed delegates to represent Ottawa at tomorrow's meeting of the National Lacrosse Union, which is to be held in the National Clubhouse. President Booth and his conferees were, of course, given a free hand in the affairs, but it is understood that the Ottawa club will be found favorable to the return of the Cornwall Club and to the admittance of the Caughnawaga Indians, which would round out a first-class six-club circuit. In the event of the clubs deciding to play a double schedule it is likely that the Ottawas will request some concessions from the Montreal organizations, which would give a lot in traveling expenses. The prospects were reviewed as exceptionally bright but pending the annual meeting of the N.L.U. Saturday and the reaching of some decision in connection with the composition of the league, nothing further could be done, though it is understood that arrangements are being made to have the N.L.U. champions get down to work at Lansdowne Park just as soon as the weather and ground conditions permit. There will be another meeting of the Ottawas club next week to receive a report from the delegates to the N.L.U. annual and to appoint the different committees. President Booth occupied the chair and nearly all the executive members were present.

## REFUSED TO TAKE A GOOD OLD BEATING

Harry Sketcher Laid Down in Front Round and Halifax Fans Almost Start a Riot.

Hallifax, April 28.—The quitting of Harry Sketcher, advertised as one of England's best light-heavyweights, in a scheduled fifteen-round boxing bout Friday night with Roddie Macdonald, of Glace Bay, nearly caused a riot in the vicinity of the theatre after it was over, and a squad of policemen was called out to keep order. Macdonald, who is the middle-weight champion of the Maritime Provinces, was handing out a severe beating to the Englishman, who quit in the middle of the first round, and refused to continue the bout. This caused the fans to hoot and hiss and several free-for-all fights took place in the centre of the theatre. The theatre was packed to the doors and many expected a great bout, but the manner in which it ended will probably kill boxing in this city, which was flourishing.

MacDonald was in great form and was out to score a knockout, which would have undoubtedly followed had Sketcher not quit.

After being out of the game four Continued on Page 7.

Additional Sport on Page 7.

LACROSSE NEWS

Continued from Page 6.

years a lacrosse meeting was held at Collingwood Saturday night, when a town league was organized. Three teams were found available from which a junior O.A.L.A. team can be picked.

At a well attended meeting of Woodbridge lacrosse fans an intermediate job was organized for the coming season with the following officers: Hon. President, Capt. Tom C. Wallace, M.P.; hon. vice-president, Ed. Smith; patrons, J. E. Harris, J. J. Watson, Wm. Wood, Dr. P. D. McLean, D. Norton, F. A. Baggs, F. Elliott, H. Smith, J. Cook, F. Cousins, T. Cole, J. G. Hallett, and J. L. Elliott; president, W. S. Belfry; vice-president, C. L. Wallace; sec-treas., J. V. Mounsey; business manager, H. Hubill; captain, E. G. (Toad) Farr.

FOOTBALL

Wentland were unable to take the field on Saturday owing to their equipment not having arrived. The Merrittion players had a practice. Several of the players in fine form, and all express themselves fit and ready for the opening game next Saturday against the G.W.V.A. There is a possible chance of the town band being present to give selections of music.

The Merrittion team and officials, on the invitation of Manager Odium, will take in the show on Friday evening at the Grand Opera House.

Manager Odium is a Soccer fan and starts off by offering a handsome trophy for competition. Part of the fair grounds under his management at Port Dalhousie is being reserved for a Soccer field, and many interesting games will be played there this season.

Seven of the Merrittion team have been over in France, and another will likely be signed this week.

DR. ARTHUR B. COBB Dentistry.

When Dr. Cobb's Dentistry is spoken of you hear words of praise. Money cannot buy this public endorsement—only merit can win it.

We have won favor with people by serving them skilled Dentistry at honestly regulated prices.

We have their good will by living up to our promise of painless treatment and kind, courteous attention. So—when you hear us commended by people who have received Dental treatments from us—you will understand that it is the direct result of the great satisfaction of our services.

If good reliable Dentistry is your desire, you are assured of it at our offices—at costs that are, indeed, a comfort to your purse.

TUBER DISEASE DANGER

Blackleg Decreases Potato Yield Thousands of Bushels.

Raising Pork Is a Profitable Side-line on the Dairy Farm—Expert Advises One Brood Sow for Each Ten Cows on Average Farm.

BLACKLEG of potatoes is a disease that has been causing heavy losses to potato growers in many districts during the past few years. As the name of the disease implies, there is a blackening of the lower parts of stems of the potato plant affected.

The disease is usually first noticed in the young growing crop when the plants are from four inches to a foot high. In looking over a field in which the disease is present, it will be seen that the tops of certain plants have lost their bright dark green appearance, having faded to a more or less dirty yellowish or brownish color. These tops will be somewhat limp and drooping, and in some cases where the disease is well advanced will have dropped right over.

By carefully removing the soil from around an affected plant the blackening and soft rotting can usually be traced to the seed tuber. As a rule in such cases the seed tuber will be found to be in a soft, rotten, slimy condition, the soil immediately beneath it being in a wet, puddled condition due to the wetness of the soft-rotted seed tuber. In such cases the disease in the plant has developed from an affected seed tuber and passed up the young growing stems, causing them to discolor and rot and eventually to fall over dead or dying.

It is tubers from such affected plants which are mostly responsible for carrying the disease over from season to season and spreading it from district to district. Such tubers, if used for seed purposes, will give a considerable percentage of blackleg-affected plants. Consequently, the greatest care should be taken in the selection of seed tubers. If any indication of rot, either wet or dry, is found on a tuber, or any brown discoloration of the potato tissue when cut into, it should be discarded and not used for seed purposes.

Though spraying with Bordeaux mixture will help to control fungus diseases, such as late and early blight of potatoes, it is of no use in controlling blackleg. Blackleg is a bacterial disease that gets into the plant either from an affected seed tuber or from the soil. It works from below upward and by the time it gets much above the ground it will usually have killed the plant. Consequently, spraying the tops of potatoes will not prevent the disease.

To prevent the disease developing, plant only sound, healthy, well-selected seed and do not plant on land that has produced blackleg plants the previous season.—Prof. D. H. Jones, O. A. College, Guelph.

How Many Pigs to a Cow?

Pigs and cows work very well together as the hog is one of the most economical meat producers on the farm, and does especially well on dairy by-products—skim milk, buttermilk and whey.

The number of pigs per cow will depend on the kind of dairying the farmer is engaged in. If selling milk for direct consumption, for the milk condenser, or for the powder milk factory, there is no by-product, hence it is doubtful if hogs, under these conditions, will pay at all, especially with an uncertain market.

Whey, from the cheese factory, will not support so many pigs per cow as will skim milk and buttermilk from the farm dairy, or creamery.

On the average, we recommend one brood sow for each ten cows supplying milk to a cheese factory, and one sow for five or six cows where cream or butter is sold from the farm. If a sow reared 10 or 12 pigs each year, this would work out at from one to two pigs per cow on a dairying farm. There are times when a much greater number than this would be on the farm, as the pigs would be in various stages of maturity. The farmer and successful pig-raiser aims to keep up a regular procession of pigs from the sow to the bacon factory. This plan tends to stabilize markets, prevents the glut which frequently demoralizes the bacon business and causes farmers to stay in the hog game, instead of playing "in and out" which is not good for any business.—Prof. H. H. Dean, O. A. College, Guelph.

The anniversary services at Knox Church will be held next Sunday, when Col. Rev. Wm. Beattie, D.D., C.M.G., will preach.

### THE WEEK IN THE LEGISLATURE

(Special To The Journal.)

Toronto, April 28.—The Legislature prorogued on Thursday last with a short and somewhat sombre ceremony. There was a bare quorum of members present, and a few ladies in street attire. The Lieutenant-Governor was attended by a guard of honor of military officers, but he himself wore civilian clothes. The bills passed by the House were read by the assistant clerk and His Honor assented to their becoming law in His Majesty's name. He then read a formal address reviewing the work of the session and commending the members for their efforts.

His Honor's speech mentioned particularly the passing of the housing act, educational legislation, the granting of seats to women, the temperance act amendments and referendum, the creation of a Ministry of Labor, amendments to the Workmen's Compensation Act, the Mining and other acts. The list of bills assented to was a lengthy one.

**ACT IS UNSUITED.**

Toronto has found the Housing Act unsuited to its present needs and the Prime Minister has promised to validate by legislation any scheme which the city may decide to embark upon to solve its own peculiar problems. Liberals have not sought to embarrass the Government in connection with its temperance proposals, their attitude apparently being that the Government must shoulder responsibility for its own legislation as the Liberals undertook to do upon their "abolish the bar" platform in 1914.

The granting of the right to women to become members of the Assembly has been advocated from the Opposition benches from the day the Government adopted the Liberal platform of "enfranchising the women, and this

measure went through with particular harmony. Another matter Liberals feel they may congratulate themselves upon is that at last the Government has seen fit to follow the urgings of the Opposition since 1914 to create a Department of Labor presided over by a responsible minister, whose chief concern will be to study and promote legislative and administrative action for the betterment of the conditions of the workers of the Province. The Government temporized by first creating a Trades and Labor branch under the Department of Public Works, with a superintendent at its head, then by announcing in the Speech from the Throne this year that this gentleman would be made a Deputy Minister, and finally by adopting the Liberal attitude that the labor unrest industrially and shortage agriculturally called for distinct and separate consideration by a minister unhampered by other important duties.

**AIDED GOVERNMENT.**

The Opposition during the past session has lived up to the traditions of that particular end of our constitution, by constructively aiding the Government to pass progressive laws instead of indulging in obstruction. The present workmen's compensation legislation was initiated in the House by William Proudfoot, the present leader of the Opposition, in 1910, based on the principles of the British Act modified to meet Canadian conditions. As a result of the Liberal agitation the Government appointed a commission to investigate the matter, but it was not until after continued pressure from the Opposition that the Act was passed in 1914. The provision made this session for the payment of full medical aid to industrial workers was a Liberal plank in the election of 1914.

### SKINFLINT ROUTED BY BEAUTY AND WIT

New Dalton Picture Story of "Hard Boiled" Clever.

Corinne Melrose, beautiful and accomplished, but unfortunate enough to be stranded in a small town, when her show goes on the rocks, put her beauty and wit to a good account recently, when she succeeded in entangling Deacon Simpson so that he was forced to act like a white man in regard to his mortgage on the little home of Ann Tiny Colvin.

This incident forms the central idea of the story of Dorothy Dalton's new Paramount picture, "Hard Boiled," which will be seen at the Griffin Opera House to-day. This picture was directed by Victor L. Scherling, under the supervision of Thomas H. Ince.

Miss Dalton, as the prima donna, does some of the finest acting of her career. She is ably supported by a fine cast including "Smiling Billy" Mason as the leading man.

The country town types are well presented and the manner in which the clever girl outwits the shrewd and rascally old deacon will prove highly edifying to the public.

### THOROLD

Much sympathy is being extended to Mr. and Mrs. Danzig, Albert Street, in the death of their little son, Peter, who passed away at the General and Marine Hospital, St. Catharines, on Sunday afternoon following a brief illness from pneumonia. The little lad was six years old.

Private George Price, son of Mr. and Mrs. Price, St. David's street, returned home last night after serving overseas for a lengthy period, during which time he was badly wounded and returned with one of his legs amputated. His many friends are glad to see him back and are certainly giving him hearty welcome.

Mr. and Mrs. Stuart, West Street, are spending a pleasant visit with relatives in Hamilton.

Word of the death of Mr. James Lawson, Collector of Customs, at Bridgeburg, was received in town on Saturday, and heard with deep regret. Previous to moving to Bridgeburg, the late Mr. Lawson, was for many years a resident of Thorold, and was an uncle of Batten Brothers, Front Street.

The residence of Mr. Thomas Small is being much improved by decorators, which when completed will present a neat appearance.

The services in the Methodist church were well attended on Sunday, Rev. R. S. E. Large preaching both morning and evening. The music by the choir was much enjoyed, a quartette in the evening being rendered by Maud Simmons, Laura E. A. Whitten and John Read.

Mr. Thomas Arnold, who has been for a lengthy period, cutter at the Rich-

Virility, the breeziness of the West, the qualities of manhood that inspire admiration, are the strongest traits of William S. Hart, whose latest Arctcraft picture, "Bred of Men," will be shown at the Griffin Opera House to-day and Saturday.

During his screen career, Mr. Hart has depicted Western types of every description—bad men, punchers, woodsmen, ranchers, etc. His remarkably forceful personality imparts a realism to his acting that lifts it out of the commonplace and renders it distinctly superior and convincing.

His new picture offers great opportunities for the famous star, for the role he portrays is that of a positive daredevil among cowpunchers, a man who is afraid of nothing. He is involved innocently in a great wrong which he rights, finally after some strenuous work. Seena Owen is his leading woman.

The annual congregational meeting of Welland Avenue Methodist Church was held last evening when the lecture room, was filled comfortably.

The financial campaign for the new Sunday school and the "men" was launched at the meeting which was very enthusiastic and unanimous as regards the plan outlined to raise the funds necessary. During the evening \$500 was pledged annually for the next ten years, which was considered very satisfactory. This will be followed up by a personal canvass of every member of the congregation.

After the business of the evening was concluded a short programme was rendered by Miss Reid, Miss Dawdy and the Male Quartette after which the men dispersed light refreshments.

### Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Who's to be Queen of the May? At least five hundred merry maids of St. Kitts would win the honor in any other town, but alas, here only one can be chosen. "Fair in sooth is the maiden" who will wear the coveted wreath home next Thursday night, but which of the five hundred will she be?

When Will Shakespeare was a lad, the dawn of May Day in Stratford-on-Avon saw troops of young people garlanded with flowers and vines, entering the town from the forest of Arden, whence they had garnered the trophies of spring, with song and laughter, quip and jest, they passed in gay procession down old Henley street to some chosen meadow by the gentle Avon where, beneath the friendly spire of Trinity, they began the all-day revel by planting the May Pole, the greatest of their forest spoils, then with dance and merriment every youth and maiden, and all who in age still kept their youth, made this "the happiest time of all the glad New Year."

ings, butcher shop, has resigned his position there and on Saturday opened a store of his own on Claremont Street. The building has been thoroughly modernized and re-decorated and at present presents a very neat appearance. Mr. Arnold has many friends in town who wish him every success in his new business.

Mr. Frank Moore, of Buffalo, N. Y., spent the week end the guest of his father and sister, on Vine Street.

The pupils of the Mountain Mission Sunday School went in a body to St. John's Church on Sunday afternoon and enjoyed the service which was conducted by Rev. Canon Piper and Mr. Bonis. The children were in charge of Mr. Keightley.

What is that to him that reaps not harvest of his youthful joys, Though the deep heart of existence beat forever like a boy's?"

Times change, but May Day has still its ancient charm and youth will not be denied.

St. Catharines will have its festival, not on the village green as dawn but on the big old Armories floor, when daylight saving is finished and the candles are lit—an hour of song and story, then three golden hours of music and dancing. This is the spring festival of the industries, the bowling teams, the volley-ball smashers, the billiard champions, their backers and partisans, and the ladies fair.

A jury of twelve good men and true—experts, on yes, every one of them experts, will select from the dancers the most perfect in feature, form and footing, to be Queen of the May. Who will be Queen?

"Call me early, mother dear."

### SAILED ON OLYMPIC
