Guelph Evening Mercury

THURSDAY EVEN'G, JUNE 18, 1874
Town and County News

Mrs. T. J. Day has sent us Bow Bells
and the Young Ladies' Journal for July.
Both contain the fashions, reading matter
&c. Copies at Day's bookstore.

BATTERY DRILL.—The Right Division
of the Wellington Field Battery will
meet this evening at the drill shed for
practice, preparatory to going into camp.

DOMINION DAY.—Mount Forest is stir-
ring up arrangements for the celebration of
the 1st of July. A committee to raise
funds has been very successful, and the
Foresters expect to have a big time.

IMPROVEMENTS IN HARRISTON.—A by-
law for borrowing \$1,000 to open streets
in the village of Harriston, leading to
the station of the Toronto, Grey & Bruce
Railway, was carried by a majority of
fifteen on Wednesday.

ACCEPTABLE GIFT.—The Mount Forest
Division Sons of Temperance have been
the recipients of some very appropriate
gift. Dr. Yeoman contributed two hand-
some pictures and Mr. John Morrison
presented a valuable chandelier. The
division is flourishing.

We have received from Mr. John
Anderson Bow Bells and the Young
Ladies' Journal for July. They are filled
with illustrations, fashions &c. Mr.
Anderson desires us to say that after this
month he will sell Bow Bells for 17 cents
each.

PALMERSTON NOTES.—Mr. James Kan-
ton left here for Manitoba on Tuesday,
the 9th. A meeting was held in the Com-
mercial Hotel on Wednesday ev'g,
10th, for the purpose of making arrange-
ments to celebrate Dominion Day. A
Committee was appointed and a subscrip-
tion list opened. A large amount has
already been subscribed.

LACROSSE MATCH.—The Guelph La-
crosse Club have arranged to go to
Brampton on Saturday, 20th inst., to
play a match with the Excelsior Club of
that place, who at present hold the
championship for the portion of the
Dominion west of Toronto. We trust
the Guelphites will bring a good account
of themselves. Dear boys, try and win
the championship from your opponents.

MIDLAND COUNTIES' ASSOCIATION.—The
Baptist churches in the counties of Wel-
lington, Waterloo, Peel, Halton, Went-
worth and Perth, meet in convention at
Hillsburg to-day (Thursday). The ses-
sion will close after the services on Sat-
urday next. The convention promises to
be very interesting, and a large number
of delegates from the Guelph church
have arranged to be present.

FALSE REPORT.—Mr. Theodore Fen-
wick requests us to give an unqualified
contradiction to the report which has got
abroad that a tenant in one of his houses
had got small-pox. The story is utterly
untrue, and seems to have originated
from the fact that there was measles in
the house. We are happy to say that
there is not a case of small-pox in
Guelph.

THE LECTURE THIS EVENING.—The
Wesleyan Methodist church will doubtless
be filled this evening on the occasion of
Rev. George Rodgers' lecture on the Jewish
Tabernacle. The subject is of sufficient
interest to attract all classes, both old
and young, and we are assured that Mr.
Rodgers' hands it will receive ample
justice. The Young Men's Christian
Association are to be commended for
providing this treat.

A MODEL JURY.—The virtues of the
Grand Jury which sat at Whitley last
week on the cases before the County
Court deserve emulation. The mem-
bers were not content with the orthodox
visit to the goal, the meagre cross-ques-
tioning of the goaler, the hasty interroga-
tion of the cells and soup kitchen, and
the stereotyped remarks about "clean-
liness" and "excellent management,"
&c. Not a bit of it! They had read in
the papers about goal-breaking, and de-
termined to cheat the newspapers if pos-
sible, out of any more sensations. They
went to the goal yard and found a weak
spot in the wall, and one of the number
volunteered to show how it would be in
the case of a prisoner anxious for re-
lease. Here is what they handily re-
marked about it in the presentment—
"The Grand Jury would not for a mo-
ment be understood as indicating that
they were experts in goal-breaking, but
they do submit that one of their number
readily made his way two-thirds of the
distance to the top of the wall, at this
point indicated, and could as readily
and as easily have scaled the wall had he
been disposed."

The subject of patients in the Toronto
small-pox hospital being allowed to com-
municate with the outside public, causes
much alarm in the immediate locality of
the institution, and a movement is on
foot to secure a change of site. It is as-
serted that the law does not provide for
the restraint of patients, hence the
medical attendants cannot enforce whole-
some regulations.

The new Judges of the Court of Appeal
were sworn in on Wednesday before Chief
Justice Draper. The profession was
largely represented.

The St. Joseph's Hospital Pic-Nic.

To the Editor of the Guelph Mercury.
Dear Sir,—In your yesterday's issue,
I saw a letter addressed to me by a certain
Mr. W. S. Ball. I am not in the habit
of noticing letters directed to me by
means of the public press, nor would I
have noticed this last letter, were it not
that I deem it advisable to say a few
words on the subject.

As to the horse races, I was very much
pleased to see that the gentlemen of the
Pic-nic Committee have, of their own
accord, withdrawn them from their pro-
gramme of amusements; not because
horse races, considered in themselves, are
immoral, but I myself deem them un-
becoming. A horse race from which
every betting is positively excluded is, I
should say, not more objectionable than
a young girl's foot race at Gow's bush.

It is no doubt to be regretted that now-
a-days people must be enticed to contribute
for charitable purposes by means of Pic-
nics, Bazaars, &c. Yet no one can assert
that these amusements, considered in
themselves, are immoral. They may be
liable to abuse, as even the holiest things
are, sometimes, and when used for charita-
ble purposes these abuses are carefully
guarded against by Protestants as well as
by Catholics. We Catholics do not
sanction socials in our churches, yet we
never dream of condemning our Protest-
ant fellow-subjects for having re-
course to them.

I am,
Yours very truly,
JOSEPH LOVANCEK, P. P.
Guelph, June 18th, 1874.

A Question about the Police Court.
To the Editor of the Mercury—
Sir,—Can you tell me why it is that
my information against Dr. Herod for
furious driving on Sunday last was not
taken by the Police Magistrate when I
went to give it on Monday, after Dr.
Herod's information against me for
obstructing the road had been taken by
him?

Yours, &c.,
ALEX. FERGUSON.
Guelph, June 18, 1874.
[We are unable to answer Mr. Fergu-
son's question, and consider that the
Police Magistrate himself is the only
person who can do it.—ED. MERCURY.]

BASE BALL.
THE COMING TOURNAMENTS.
A meeting of the Maple Leaf Club,
was held on Wednesday evening at the
Royal Hotel. Arrangements were made
for play in several tournaments during
July. The first nine of the Champions
will play with the Silver Creek Club at
the St. Joseph's Hospital picnic on the 24th
inst. It is probable that the same team
will go to Brantford on the 29th inst., to
take part in the tournament there be-
tween Canadian and American Clubs.

On Dominion Day the match of the
season will be played with the Red
Stockings of Boston, after which the
American club will leave for England.

The Champions will start on the 2nd
July for the International Tournament
at Waterdown, N. Y., and will play
there on Friday and Saturday, 3rd and
4th July.

On the return trip the Maple Leaf
will stop at several towns in Canada and
play with the local clubs. The follow-
ing is the order in which the games will
be played:—Kingston 7th July, Cobourg
8th, Newcastle 9th, Bowmanville 10th,
and Toronto on Saturday the 11th, re-
turning home in the evening.

Guelph Masonic Lodge.
At the regular meeting of this Lodge,
held last night, the following officers
were elected for the ensuing year:—
W. Bro. A. C. Chadwick, W. M.
" E. Harvey, S. W.
" J. H. Moore, J. W.
" Chas. Davidson, Chaplain.
" H. Walker, Treasurer.
" W. J. Paterson, Secretary.
" Geo. Smith, Tyler.

Preville Correspondence.
We have had an abundance of warm
showers lately, and the spring crops look
well. The fall wheat is good all through
this section, in fact, during a trip I took
last week from Toronto west by Hamil-
ton, Caledonia and Hagersville to South
Norwich, nowhere did I see such uni-
formly good crops as we have in the
County of Gray. We have had no frost
here to do any injury, and as the soil is
good we look forward to abundant crops
and plenty of hay.

A short time ago, as two of Mr. Me-
Kay's sons were running logs down the
Saugen river, an otter seized one of
them by the knee, tore his clothes, and
inflicted quite an ugly-looking flesh
wound. The otter exhibited great
strength in the water, and only for the
assistance of the brother of the injured
man it is believed the consequence would
have been fatal. The men succeeded in
killing the animal, which measured about
6 ft. A strange freak for an otter.

Business continues good and is increas-
ing. A few buildings are going up this
season, as usual, for Preville has a
steady yearly growth which keeps it in
advance of other villages which grow by
fits and starts.

The Temperance divisions of Mark-
dale, Eugenia and Flesherton are to meet
here to celebrate the 1st of July. They
expect to have a great day at Moss Lake.
We trust the day will be fine.

NEW BUILDINGS.—The County Council
of Perth intend to erect a two-story
building in the Court House grounds,
suitable for the County offices. The
upper story will consist of a handsome
and commodious Council Chamber. The
size of the proposed building will be 30
x 40. A new registry office is also to be
built in St. Mary's.

French troops repelled them. Twelve of
the insurgents were killed and a number
injured.

ported in Durban.

The Times' Paris correspondent tele-
graphs that the Committee of Thirty
commenced the discussion of the Consti-
tutional Bills and deferred it to Monday.
In the Assembly the debate opened on
the organic municipal law. The Govern-
ment announced it was determined to
insist on its right to nominate Mayors.
An energetic opposition is certain.

Paris, June 17.—Copies of the New
York Herald containing the letter written
by Trenchard on his arrival in New
York have been seized, on account of the
attacks on President MacMahon.

Paris, June 18.—In the fight at Algiers
37 Moorish insurgents were killed. The
loss of the French troops was 6 killed
and 10 wounded.

Calcutta, June 17.—The prospects for
the future crops are improved by the
copious rains now falling throughout the
country. Three hundred thousand per-
sons are still being fed by the Govern-
ment.

Rome, June 17.—Many deputations
waited on the Pope yesterday and to-day,
and presented their congratulations on
the occasion of the anniversary of his
accession, which was observed at the
Vatican with the usual ceremonies.

Boston, June 17.—Edward Dickinson,
a member of the Massachusetts Assem-
bly, died at the Tremont House last
night of apoplexy.

Springfield, Ill., June 17.—The Republi-
can State Convention met to-day and
adopted the platform which declares
against the immediate contraction of
legal tender currency, in favour of free
banking, and in favour of the earliest
practicable return to specie payment, and
the gradual withdrawal of greenbacks as
the volume of the National Bank cur-
rency is increased.

Milwaukee, June 18.—The Episcopal
Convention yesterday nominated Rev.
John Henry Hobart Brown, Rector of the
Episcopal Church at Colesburg, N. Y., as
Bishop of this Diocese.

At the evening session of the Episco-
pal Convention, yesterday, Dr. C. R.
Welles, of Minnesota, was unanimously
elected Bishop.

Port Jervis, N. Y., June 18.—Martin
Yetter, brakeman, fell through a coal
car last night near this place. The body
was dragged nearly a mile under the
cars. He was found horribly mangled
and dead.

Worcester, Mass., June 18.—The upper
section of Taintor's mill in this city was
destroyed by fire last night. Damage
\$50,000.

Encounter with a Wild Cat.
On Friday morning, 4th inst., while a
young man named Jas. McInosh, resi-
dent of the township of Amabel, Bruce
County, was returning home from Mr.
Geo. Forsley's, where business had de-
tained him till two in the morning, he
was suddenly confronted by a wild cat
while crossing an outlet of a small lake.
He seemed to think death certain,
whether he remained on the bridge and
gave battle to puss or jumped into the
outlet. Having no time for contemplation
he preferred the latter, and accordingly
jumped into the water. It not being as
deep as he had anticipated, he was able
to bottom it, but was unable to rescue
himself by wading to either shore,
owing to the marshy banks. The unfor-
tunate youth had to remain in that un-
comfortable position, gazing with melan-
choly eyes at his antagonist, for three
long and wearisome hours, when he was
fortunately rescued by a farmer named
James White, who had started at an
early hour with horses and wagon for
town. The cat hearing the noise took
fright and started for the woods. The
young man is so badly injured by the
fright and by being so long exposed to
the cold water, that his recovery is very
uncertain. After the alarm was given
two celebrated sportsmen started in pur-
suit of the animal, which they soon over-
took and shot. This is the first time
such animals have been known to inter-
fere with the country.

Encouraging news comes from all
parts of the country near Ottawa as to
the fine appearance of the crops. The
hay crop will exceed in yield anything
that has been produced for years in the
Ottawa district. Contrary expectation
the fall wheat has survived the bleak
and cold spring, and will be a heavy
crop. The spring grain and root crops,
which were all got in during the dry
weather, are already very promising.

Great distress prevails, and still greater
is imminent, in the Saginaw district.
The farmers are driven to use their seed
corn for food, and cattle are dying in all
directions for want of pasturage. Num-
bers of young persons are leaving the
district.

The Vote on the Extension By-Law.

DEATH OF MR. J. STURDY.—Our Erin
correspondent sends the following:—We
regret to have to record the death of
Mr. Johnston Speirs, which took place
on the 14th inst., after a short illness of
four days. Mr. Speirs has been a resi-
dent farmer in the township of Erin for
about forty years, and was at the time
of his death 76 years of age. He had
acquired through industry and economy
considerable property to leave to his
widow and nine children, all being young,
and the children of his second wife. He
was a member of the Canada Presbyterian
Church, Erin village, for twenty-three
years. He was characterized by his
meek and inoffensive disposition, and
highly exemplary in all his dealings with
his fellowmen. The community loss a
good resident and neighbor, and the
widow and children a faithful husband
and kind father.

MONTREAL SYNOD.—This Synod seems
determined to put down all ritualistic
practices, and doctrines held by some in
the Church of England contrary to those
contained in the Bible. At the meeting
on Tuesday, notices of motion were given
with respect to the motion in favor of
strict temperance, and for the appoint-
ment of committees to petition the Provincial
Synod to revise the prayer book, so as to
prevent any appeal to it in proof of the
doctrine of the real presence, and other
practices contrary to the spirit and
articles of the Church of England, and to
prepare an address to the Archbishop of
Canterbury, expressive of the strong
disapprobation of this diocese at the
action of certain Churches of England
glory in praying for the appointment of
a duly qualified confessor, and the auth-
orization of grave novelties alien foreign
to the Christianity and Protestantism
of the Church of England. The latter
notice was received with loud applause.

FARMERY IN A NEW FORM.—The English
papers which report the recent trials of
convicted crofters, reveal some
strange facts. They show that gentle-
men whose parks are well stocked with
game secure the support of the poorer
sport-loving classes by allowing them the
privilege of killing off the rabbits on the
grounds. In one borough where the
poachers had formed a strong society, a
candidate approached one of the officers
and requested his vote. The reply was
characteristic. "Yes, Mr. A., said the
man. "I'll give you my vote; you are
a good man and keep hares and rabbit on
your estate, and I can get my living out
of you. As for B. (meaning the other
candidate) I'll not vote for him; he's
only got ten acres of land and never a
hare or a rabbit on it; I'll not vote for
that. This form of bribery is on a par with
that adopted by an English politician not
long ago, who avowed to Mr. Disraeli
that he had caught the meales several
times through kissing the babies of elec-
tors. Still the same principle runs
through all these systems, and no doubt
they will be abolished in course of time.

Departmental Spies.

The Ottawa Free Press has a short article on the spy system as practised by some of the employees in the public departments at Ottawa. There has been a suspicion for some time past that some of these employees—friends of the late Government—proved false to the trust reposed in them, and revealed matters of which they were cognizant, or which may have come to their knowledge in the discharge of their duty. The Free Press says:—

"In some noted cases, suspicion is converted into more than moral certainty. The two-faced duplicity and cunning of the most unprincipled spy cannot govern circumstances which sometimes, by some accidental departure from ordinary routine or procedure, point unerringly at the men who seal their employer's secrets and betray them to their opponents.

During a long period of years, in which power was steadily in the hands of one party, the departments of the public service were filled up to a very large extent with officials naturally favoring the political party to whom they owed their appointments. When a change of Government came there were but too courses open to honorable men holding these appointments,—either to abandon politics as being incompatible with their positions, or if they preferred to still take the side of active partizanship, to resign their positions and follow their leaders into the "cold shades." Most of the civil servants doubtless chose the former course as the wiser part; but we regret to say that there were, and are, some holding delicate positions of trust and responsibility, where important matters must necessarily be committed to their honor who have no scruple to remain in order that they may act the infamous part of "spies" upon their new masters. From the accession to power of the present Government to this day, these Judases have pursued their nefarious work unimpeded, although in some instances not unknown; and we think it is but due to justice, and to honest and honorable men in the public employ who may be made the victims of unjust suspicion by the conduct of unworthy associates, that every spy convicted of betraying the confidence of the Government, shall be summarily expelled with all the disgrace and ignominy becoming to creatures so contemptible.

We hope the Government will follow the advice of the Free Press, and discharge such dishonourable employees—whenever they are found guilty of betraying confidence—at a moment's notice.

The population of Chicago has increased, according to the new directory, 75,000 in the past year.

The County Council of Middlesex has passed a resolution to abolish the tolls on the County roads on the 1st of January. Following the good example of the County of Wellington in this matter, they will wonder—as we now do—why they tolerated the nuisance so long.

THE ALLEGED PERJURY CASE.—A report came from New-York some days ago that Mr. Wm. McDougall, M. P. for Three Rivers, had been put under arrest in Binghamton, Mass., for alleged perjury in connection with some case about lumber, in which two Americans, who had been speculating in Canada, were concerned. It seems that there was no real foundation for the charge, for Mr. McDougall himself informs the editor of the Montreal Witness that it was made on Saturday and dropped the next day without further action.

The Bank of Hamilton, recently established, appears to be in a flourishing condition. At the end of the first year there was a balance to the credit of the Bank of \$5,000, after payment of dividends. At the end of the second year, after the payment of two four per cent. half-yearly dividends, the balance left over to the Bank's credit was \$12,000. Though no special efforts have been made to extend the operations of the Bank, yet two agencies have been opened—in Listowel and Port Elgin—and its business has grown with satisfactory steadiness.

Insurance companies have cause of rejoicing, but no more than all honest men, at the conviction and prompt sentence of the physician who buried nineteen bricks in a coffin marked Louisa Germs, and thereupon undertook to collect a policy on the life of Louisa Germs for \$10,000. Fraudulent funerals will hardly vex insurance officers again, at least till Dr. Uing's eighteen months' sentence has been served out.

OPPOSED TO RECIPROCIITY.—The only prominent American who has announced his opposition to reciprocity is Mr. Israel Hatch, whose views on commercial questions have always attracted public attention. It was mainly through his representations that the former Treaty was allowed to lapse at the termination of the ten years. He published a letter the other day on the subject, in which he affirms that the west does not want to use the Canadian canals, that Vanderbilt's four-tracked steel railway—the New York Central—will when completed be able alone to move the surplus products of the west, not to speak of the Erie Canal, which is being considerably enlarged. Holding such views, he argues that Canada has no sufficient compensation to offer for the advantages sought to be obtained. Indeed, he regards the canals of Canada as so many methods of injuring the States; and so they might be held to be if New York and Buffalo comprised the whole of it.

LAW FEES.—Mr James Hough, Deputy Clerk of the Crown, has called our attention to the following clause in Sec. 90 of the Act passed last session, called the Administration of Justice Act, in reference to law fees:—From and after the first of July next no fees or charges shall be payable for the benefit of the Crown upon any proceedings had in any County or Division Court, and so much of any Act or Acts as imposed any such fees is hereby repealed.

The Polar and Tropical Worlds.
 The following are two opinions of pastors well known to the readers of the Mercury in regard to the "Polar and Tropical Worlds" published by Mr. J. W. Lyon, of Guelph.

I have had an opportunity of examining the Polar and Tropical Worlds somewhat carefully, and I have no hesitation in endorsing all the testimonials I have seen in favor of this book. In addition I beg to say that having several books in my possession treating on some of the subjects referred to, I find that the substance of these books is found in this one. Every family will find this book a very valuable addition to their library and should not be without it.

Nonsensical Law.

A singular case of proving too much has occurred in the Montreal Centre Election case. One of the grounds of the protest was that the election was void because the voters' list, not having been made up according to law, was not the one entitled to have been used at the election. This appears to have been proved, and the natural result one would have thought would have been the voiding of the election. But another and singular result followed. The names of the petitioners themselves were on the voters' list that was proved illegal, and the court held that as they were not on any legal list of voters, and as a petitioner must be a duly qualified voter, they therefore, not being duly qualified voters, had no right to petition against the return. As they were the only ones who had petitioned, it was held that there was no legal petition at all, and so the case was dismissed. The result of this singular decision—which we are bound to assume to be a true interpretation of the law—is, that while an irregularly constructed voters' list does not give the persons on it the right to petition against an election, it gives them the right to elect a member of Parliament. Mr. Ryan can hold a seat given him on the basis of an illegal list, but his seat cannot be petitioned against on that basis, because they who prove all the votes to have been illegal, prove their own illegal also, and thereby lose the right of protest. That may be law, but it is "awful" nonsense.—Hamilton Times.

The six battalions in Niagara district will go into camp on the 23rd inst. The brigade comprises about 2,500 men.

At a meeting at Ottawa of the stockholders of the Church of England Ladies' School, it was decided, in view of the success which had attended it during the past year, to maintain the institution.

As the schooner America was entering lock 2, Welland canal, on Tuesday morning, the towline broke, and the attached "cleet" recoiled with such force upon one of the crew that it broke the frontal bone of the skull and knocked out a quantity of brain. He died shortly afterwards. One of the horses suddenly released by the breaking of the line, fell into the canal and was drowned.

REMOVAL.

G. B. FRASER

Has removed directly opposite his old stand, where he has opened with a brand new stock at much lower prices than could be bought earlier in the season.

G. B. Fraser is too modest to advertise that he is selling much cheaper than those who make a great blow. Still facts are stubborn chieftains, and a discerning public pronounce Fraser's to be the cheap store to deal in.

G. B. Fraser gives his old friends a cordial invitation, and invites all who wish to save money to call and see his new stock.

DR. WHEELER'S ELIXIR OF PHOSPHATES AND CALCIUM.-After having used your Compound Elixir of Phosphates and Calcium for over two years in my daily practice, I must give it my unqualified approval. During a practice of over twenty years, I have used many different medicinal compounds, made to fulfil the same therapeutic indications as your Elixir, but none of them proved with me as valuable as yours. To the medical profession and the public, I would especially recommend it as the best remedy with which I am acquainted for the successful treatment of the large and constantly increasing class of cases of over-worked and nerve-exhausted women. Yours truly,
N. WATKINS BUEL, M.D.
